

## Summoner 1341

### Chapter 1341 Unable to Abandon (1)

Mental strength surged out slowly. Yun Feng walked to the bushes with a slightly gloomy look in her black eyes. She took a deep breath and suddenly pushed the bushes to the sides with her hand. A beam of light shot out from inside. Yun Feng narrowed her eyes slightly and heard an old voice with a smile. "You're here."

Yun Feng raised her brows and had already stepped into the bushes. She knew this voice. It couldn't be better to meet him in the Foggy Forest. Perhaps he was the only one who could give her an answer. In a flat empty land, a small house stood. A figure was sitting comfortably on a wide chair. He raised his face that was full of the vicissitudes of life and chuckled at Yun Feng with warm light in his wise eyes. Yun Feng walked forward. "Sir, you seem to have already expected me to come here."

The old man, who was sunbathing on the spacious chair, smiled with a deep voice. He tapped the back of the chair gently with his finger and said with a smile, "What do you want to ask this time?"

Yun Feng narrowed her eyes. The old man in front of her exuded a temperament that made people feel close to him, but there was also a faint pressure. His face was kind and even his eyes were extremely kind. However, Yun Feng had a feeling that she couldn't get close to him easily.

!!

"Nana, nana!" Meatball on her shoulder suddenly jumped up and looked at the old man with an extremely ferocious face. It had already bared its sharp teeth. Even though Yun Feng didn't know what Meatball was saying, she knew that it was extremely angry.

"Haha, why are you angry? I let you sleep for a while back then for your own good." The old man looked at Meatball with a smile and said. Meatball's little head suddenly shook a few times. "Nana, Nana! Nana, Nana!"

"Oh? Really?" The old man raised his brows and glanced at Meatball. Seeing the interaction between the two of them, Yun Feng suddenly understood something. "Sir, do you understand what Meatball is saying?"

The old man was stunned. "Meatball? Is that the name you gave it?"

Meatball suddenly turned its little head to the side and snorted with its little nose. The old man shook his head and sighed. "This name suits your current appearance. Kid, you still don't understand what it's saying?"

What the old man said stumped Yun Feng. It seemed that Yun Feng should have understood what it was saying a long time ago. "No, I still don't understand what Meatball said."

A glint of darkness flashed through the old man's eyes. "I see... It seems that it's different from what I expected after all..."

"Nana!" Meatball bared its sharp teeth again unhappily. The old man chuckled. "Alright, alright. I won't interfere with your business anymore."

Meatball finally grunted in satisfaction after hearing this and the cute look on its little face returned. Yun Feng frowned suspiciously. "Sir, what exactly were you talking about just then?"

The old man laughed. "It's good that you don't know. You'll know sooner or later. You've reached the level of a God now. You're much faster than I thought. I was right about you."

Yun Feng tilted her head and glanced at Meatball. Meatball blinked its big eyes innocently. Yun Feng sighed helplessly. If she didn't understand, so be it. This old man also said that she would understand one day. Yun Feng straightened her face. "Sir, I indeed had some doubts when I came this time. I hope you can give me an answer."

The old man nodded in the chair and crossed his bark-like fingers. "Speak."

Yun Feng took out the object that contained the aura of a God. The old man frowned slightly. Yun Feng handed the object to the old man. The old man took it and his black eyes glittered. "This aura..."

"Sir, have you seen the owner of this aura?" Yun Feng said quickly. The old man stared at it for a long time and slowly said, "This aura came to the Foggy Forest before... If I remember correctly, he entered with a member of the Yun family."

With the Yun family?! Yun Feng was stunned. So, the owner of this aura was an old friend of the Yun family? She entered the Foggy Forest with the Yun family, which meant... he was an old friend of the Yun family on the East Continent!

"Thank you for your guidance, sir." Yun Feng already had a rough idea in her mind. The old man returned the thing to Yun Feng and looked at her deeply. "Kid, are you wearing a soul fragment on your neck?"

Yun Feng was stunned. He could even see through this at a glance? "It's my brother Yun Qi's remnant soul."

The old man suddenly became serious. "The remnant soul... They're really targeting the ancient families..."

"Do you mean that all of this is related to some people?" Yun Feng looked gloomy. The old man was silent for a long time. "Kid, the last time I saw you, you asked me about the mysterious organization. I said it's not time for you to know. And now, it's time for you to know."

Yun Feng's breath tightened. Even though the beast inside her body knew about it, it was even general information. However, if this old man in front of her knew about it, it would definitely be more detailed! The old man looked serious and had a different expression from before. "Kid, I don't know when this group of people appeared on this continent. They were wearing the same black robe with a unique pattern on it. They acted weirdly and their methods were cruel. Ever since they appeared, all kinds of things have happened on this continent."

"What they do isn't on the surface. Their goal is families with special bloodlines among humans. As time passes, their goal isn't just humans, but also extends to the world of Magic Beasts."

"They also collect the bloodlines of Magic Beasts?"

The old man nodded. "Ah Jin appeared last time because of them, and they didn't catch him. They have an inexplicable ability to control the dark elements. It's a mystery where they got this ability."

The mysterious organization wasn't just limited to the human world anymore. Compared to the bloodline among humans, the unique bloodline of Magic Beasts might be more tempting, but the Magic Beasts were so powerful. Those people were already strong enough to attack the Magic Beasts! Thinking of the Grade-6 God powerhouse who appeared last time, Yun Feng immediately felt a lot of pressure.

"They have the same code name, Blood Souls."

Blood Souls... Yun Feng's face darkened. Their style of doing things could be seen from the name. The old man looked at Yun Feng deeply. "Blood Souls are very interested in the Yun family."

Chapter 1342 Unable to Abandon (2)

Yun Feng became anxious. "They took the soul of my ancestor, Yun Lan, away."

The old man sighed. "Is that so... No wonder you hate that organization so much, kid. However, I have to remind you that facing the Blood Souls with your current strength is undoubtedly like hitting a stone with an egg."

Yun Feng clenched her fists. "I know."

The old man nodded gently. "When you can face the Blood Souls, don't forget those people who can help you. You must have made a lot of unique friends along the way."

Faces flashed through her mind. Yun Feng nodded. The old man chuckled. "That's for the best. For now, you shouldn't fight the Blood Souls head-on. Avoid them if you can."

"Thank you for your reminder, sir." Yun Feng already had a clear definition of that mysterious organization in her mind. She wouldn't feel confused anymore. Blood Souls... One day, she would take back the ancestor's soul with her own hands!

"Their style of doing things is secretive and the place where they gather is also very confidential. According to my investigation, one of their strongholds is somewhere in the Endless Ocean."

The Endless Ocean! Yun Feng's pupils shrank. The stronghold of the Blood Souls was somewhere in the Endless Ocean... Were they also very concerned about the secret of the Endless Ocean? Somewhere in the Endless Ocean... The enthusiasm in Yun Feng's heart suddenly burnt. She would definitely return to the Endless Ocean. By then, she would definitely dig out this stronghold and destroy it completely!

"Considering how much they value the Yun family, it's impossible for them to place your ancestor's soul in the stronghold." After the old man said that, Yun Feng nodded. "It's fine. Even if it's their headquarters, I'll visit them in person one day!"

The old man chuckled with a glint in the depths of his black eyes. "Kid, there's one more thing."

"Please go ahead, sir."

"Something happened to the griffins right now. They've been looking for a four-winged griffin that left the group."

Yun Feng's breath couldn't help but tighten and she immediately became vigilant. "Sir, what do you mean?"

The old man chuckled. "I owe the griffins a favor. They need something from me, so I certainly have to return the favor."

Yun Feng's face darkened. "I won't hand over my partner! Don't even think about it!"

Meatball on Yun Feng's shoulder gritted its teeth and roared. The old man was still smiling warmly. "Kid, it's not up to you." A beam of light suddenly jumped out of the old man's hand. Yun Feng's wind-element Ring of Contract couldn't help but fly out of Yun Feng's space and straight into the old man's hand.

"Lan Yi!" Yun Feng immediately rushed forward after seeing that, but the old man chuckled and waved his hand. An inexplicable barrier appeared out of thin air in front of Yun Feng! "Lan Yi!" Yun Feng's fist hit the barrier fiercely and Meatball on her shoulder suddenly rushed forward, but its little body was bounced back firmly!

"Your power is only one percent of what it used to be right now. You can't break my blockade." The old man chuckled at Meatball. Meatball gritted its teeth and roared, causing the fur all over its body to stand on end. At this moment, two strong men slowly walked out from behind the old man. A pair of huge wings appeared on their backs! They were members of the griffin race!

"Damn it!" Yun Feng looked at the barrier in front of her eyes. Why did things turn out like this? "Lan Yi!" Yun Feng called out to Lan Yi in her mind, but their telepathic communication had already been cut off. It was that old man! He cut it off!

"Xiao Feng! Brother Lan Yi is going to be taken away by them!" Yaoyao shouted anxiously. "Bird man! Say something!" Little Fire's irritable and anxious voice also roared. In the end, Er Lei roared very unhappily, "Yun Feng, let me out! I'll strike those bastards to death with lightning!"

Yun Feng understood that the old man in front of her was hiding himself well. His identity was obviously not simple. That space blockade could offset Meatball's collision. This was the first time! If even Meatball couldn't break the space blockade, how could she...

The two griffins walked over with a gloomy expression and glanced at Yun Feng with a sharp gaze. "Human, I don't know how you got him, but he has to return to the griffins and accept the punishment of the griffins!"

"That's impossible!" Yun Feng suddenly roared. The light in the old man's hand suddenly enveloped Yun Feng's green Ring of Contract. Yun Feng only felt that something important was about to leave her! "Crack!" A clear voice sounded in Yun Feng's mind. It was the sound of the contract breaking. The contract between her and Lan Yi was forcibly broken!

"Xiao Feng, no!" Yaoyao was already crying. Little Fire and Er Lei were also stunned. "How is that possible? The contract was forcibly broken!"

"Luckily, it's an equality contract. If it were a master-servant contract, I wouldn't have been able to do anything." The old man smiled casually. The Ring of Contract in his hand shattered and a beam of green light also jumped out abruptly. Lan Yi's slender body appeared and he looked at Yun Feng with his blue

eyes. The expressions of the two griffins changed when they saw Lan Yi. Lan Yi said coldly, "I'll go with you."

The expressions of the two members of the Griffin Clan tightened and they didn't take a step forward. A four-winged Griffin had a supreme status among the griffins. If it weren't for the engraving on his cheeks, Lan Yi would be a respected existence among the griffins!

"Lan Yi!" Yun Feng shouted. Lan Yi's blue eyes glittered. "Don't come to me." Four wings suddenly appeared behind him, but one of them was thick green. The two griffins couldn't help but exclaim, "Your wings..."

Lan Yi said coldly, "Let's go."

The two members of the griffin clan were both silent. Lan Yi spread his wings and flew into the sky without looking back. The two members of the griffin clan followed closely behind. The three figures soon disappeared. Seeing that the three of them had already gone far, the old man waved his hand gently and the barrier in front of Yun Feng had already disappeared.

Yun Feng stood there with a cold face. Even if she wanted to chase after them, she wouldn't be able to. The speed of the griffins was astonishing. The two people who came here to take Lan Yi away were also extraordinary. "Nana!" Meatball pounced forward with a ferocious look, but Yun Feng caught it in time. At this moment, Yun Feng looked extremely calm.

"Kid, your attitude has indeed changed." The old man said with a smile. Meatball stuck its little head out of Yun Feng's hand and roared at the old man furiously, while Yun Feng smiled lightly. "Sir, what's your real intention?"

Chapter 1343 Unable to Abandon (3)

The old man chuckled. "The griffins are in the Eyrice, but the griffins aren't the only species in the Eyrice. The griffins don't like humans getting close. The Eyrice is in the area between the Shengyao Empire and the Ovey Empire on the East Continent. Whether you can find it or not depends on your ability."

Yun Feng raised her brows. The old man smiled lightly. "Kid, you'll need the help of the griffins. This is an opportunity."

Yun Feng became anxious. "Sir, who exactly are you?"

The old man smiled happily after hearing this. He extended his withered finger and pointed at Meatball on Yun Feng's shoulder. "He'll certainly tell you who I am."

"Nana, nana!" Meatball roared furiously. Yun Feng frowned. She didn't understand what Meatball was talking about at all. The old man looked at Meatball's extremely angry expression and became a bit delighted. "As I said, griffins aren't the only group in the Eyrice. You must be extremely careful after you enter."

Yun Feng was silent for a while and finally thanked him. She held Meatball in her arms and left quickly without looking back. She had to find the Eyrice as quickly as possible! Yun Feng ran all the way out of the Foggy Forest, but Meatball still looked upset. "Meatball, who is he?" Yun Feng asked. Meatball immediately said, "Nana, nana, nana!"

“Little Fire, do you understand what Meatball said?” Yun Feng sent a telepathic message. Little Fire’s helpless voice came. “Master, I don’t understand what it’s talking about at all.”

Meatball rolled its big eyes a few times and called Little Fire a few more times, but it still couldn’t understand. In the end, Yun Feng gave up. Just as the old man said, she would know who Meatball was the day she understood him!

“Xiao Feng, what about Brother Lan Yi?” Yaoyao’s worried voice sounded. “Master will definitely find that bird man!” Little Fire roared. At this moment, Er Lei said, “Yun Feng, that old man also said that the Eyrie is very dangerous and doesn’t welcome humans! He’s a traitor of the griffin race. He’ll cause trouble for you sooner or later. He should know this himself. It’s a good thing that you canceled your contract with him.”

“That’s not it! Brother Lan Yi doesn’t want to leave Xiao Feng!” Yaoyao’s sobbing voice came. Er Lei’s frustrated voice sounded. “I’m just talking about the facts. That bastard is indeed not bad, but he’ll cause trouble for Yun Feng. Yun Feng can contract with more powerful Magic Beasts with her current strength.”

“Idiot! You came later. You don’t know what the bird man and our master went through at all!”

“I did come later, but I know I won’t cause trouble for Yun Feng!”

“Brother Lan Yi won’t cause trouble for Xiao Feng. Brother Lan Yi has always been the calmest one...”

“I’m talking about his identity as a traitor!”

“Alright, stop talking!” Yun Feng roared, and the three contracted Magic Beasts immediately fell silent.

“Er Lei, I know you’re telling the truth. Lan Yi’s identity as a traitor will indeed cause me trouble. It’s indeed a good thing to cancel the contract with him. However!” Yun Feng took a deep breath and looked ahead with determination and scorching light flashing in her black eyes. “I, Yun Feng, won’t abandon any of my friends, especially you, who can live and die with me!”

“Xiao Feng...”

“Master...”

Little Fire and Yaoyao were touched in their minds. Er Lei cursed in a low voice in frustration, “I knew you would say that. I’ll take what I said just then for nothing.”

Yun Feng smiled lightly. “I’m not a rational person. Sometimes, I do things purely based on my feelings. I, Yun Feng, am just an ordinary person, a body of flesh and blood! I can become powerful because there are people in my heart that I want to protect desperately! You protected me, so I have to protect you too! You won’t abandon me, and I won’t abandon you!”

“Master, you’re right! We’ll get that bird man back right now!” Little Fire roared excitedly. “Right! We’ll get Brother Lan Yi back!”

“What I said is for nothing. I don’t care what you do!”

“Nana!” Meatball shouted loudly. Yun Feng laughed loudly. “Alright! We’ll take Lan Yi back! I contracted him once, so I can certainly contract him a second time!” What the old man said just then flashed

through Yun Feng's mind. Hot blood surged in her heart. This time, she wouldn't just fight for Lan Yi, but also the griffins!

After the Ovey Empire and the Shengyao Empire divided up the territory of the Cashya Empire, the area of the two countries expanded a lot. The border between the two countries also changed. The Cashya Empire was in the middle of Ovey and Shengyao. After it was divided, the border between Shengyao and Ovey appeared on the original territory of the Cashya Empire. The border was usually formed by mountains, which were mostly barren lands. A barren mountain range of the Cashya Empire was the border area. However, it had become a place where people came and went recently.

It was said that someone found griffin footprints here.

Yun Feng didn't need to ask at all. The news was spreading everywhere in Ovey and Shengyao. Yun Feng put on the Thousand Shadows Mask. Everyone on the East Continent knew her, so she certainly couldn't show her true face. And Meatball. Yun Feng originally wanted it to return to the bracelet space for a while, but Meatball was extremely unwilling to cooperate this time. Yun Feng had no choice but to use a spatial blockade to encircle Meatball. Meatball finally compromised.

The Thousand Shadows Mask turned Yun Feng's originally outstanding face into an extremely ordinary face with some freckles. This face was brand new. The power of the Thousand Shadows Mask was that a new face would appear every time she put it on. It would definitely not be the same.

Meatball stayed on Yun Feng's shoulder quietly. The space blockade prevented others from seeing it at all and they could not hear any sound Meatball made, unless there was a powerhouse who was as strong as Yun Feng. When Yun Feng came to the place where the news spread, she was surprised to find that a lot of people had already come.

Many people had already arrived at the foot of the barren mountain range. There were a few tents. Yun Feng glanced over with her black eyes and found that the royal family of Ovey and Shengyao had sent people here. There were also a lot of tamers and summoners. They were the two young people sent by Ovey and Shengyao at the Summoners' Convention. A few years had passed and they had already grown up back then. Their strength had made a further breakthrough, but they had only reached the Commander Level.

#### Chapter 1344 Unable to Abandon (4)

Yun Feng left the area where the crowd was gathered and chose a very remote place. As soon as she sat down, she clearly felt a few obscure auras pouncing on her one after another. Yun Feng frowned slightly. It seemed that these ordinary people weren't the only ones who were attracted this time. There were even some powerhouses here. Among them... were people at the Lord Level!

Yun Feng wasn't surprised that a Lord-Level powerhouse appeared on the East Continent. The warriors on the East Continent were extremely strong. Their strength had increased after so many years. These auras should belong to those people in seclusion, or how would the royal family let them go?

Yun Feng suppressed her aura to the Lord Level and let the few auras examine her one by one. These few obscure auras immediately retracted after coming into contact with Yun Feng's Lord Level aura and never tested her again. Yun Feng stood high and could see everything at the foot of the mountain. She

would know what was going on at the foot of the mountain immediately. Yun Feng also knew that those people who were hiding certainly had the same thought as her.

Griffins were a race with a special bloodline among the eagles. They were known for their speed and were the first choice mounts for tamers. They were also Magic Beasts that summoners liked and they were the type that could be sold at a high price on the market. Griffins rarely appeared and it was truly difficult for them to find traces of them, so they certainly couldn't miss this opportunity.

Yun Feng observed carefully for a day. Nobody here knew the exact entrance of the Eyrie. They only knew that there were traces of griffins here. People who came here also searched hard, but they didn't find any clues at all in this barren mountain range.

Yun Feng looked at the barren mountain range in front of her and saw nothing as far as the eye could see. This was only the foot of the mountain. Perhaps there was another world deep in the mountain range. Yun Feng immediately decided to set off deeper into the barren mountain range. Once she moved, the few hidden Lord Level experts immediately took action. They followed Yun Feng into the barren mountain range. Those people guarding the foot of the mountain range were certainly unwilling to give up. They all sent out elite teams to enter the barren mountain range in front of them.

Yun Feng went all the way into the mountain range. The deeper she went, the more suspicious she was in her mind. Was there really an Eyrie in this mountain range? Since the old man said that it was here, it was certainly true. However, the Eyrie would definitely not be discovered easily. Just like the Dragon Valley, some special method was needed to open the passage.

Yun Feng turned around slightly. The few Lord Level experts behind her were indeed a bit annoying. While Yun Feng was thinking, she suddenly found that the few Lord Level experts behind her had already changed their direction! Yun Feng frowned. They followed her and certainly thought she knew something. Now that they changed their direction, it meant... that they had discovered something!

Did they notice a lone griffin? Thinking of this, Yun Feng's heart tightened. It would be great if the griffins owed her a favor! Yun Feng quickly turned around and chased after those few Lords. Her aura also rose slowly. Those Lords basically couldn't notice her at all!

"Tut-tut, I didn't expect to meet a lone griffin here. We're indeed lucky." A greedy voice came from ahead. Yun Feng's body suddenly flashed and she had already arrived nearby. She could see the scene in front of her at a glance. It was indeed a lone griffin. Even though his strength had already reached the Commander Level, he wasn't a threat at all in front of these Lords.

"Don't come over..." The slightly skinny body stepped back in panic. He stared at the few greedy humans in front of him cautiously with a young face. His blue eyes were full of fear and his steps were also extremely panicked.

"Even though it's at the Commander Level, it's fine as long as it's a griffin... Such a mount is quite good!" The few Lord Level warriors stuck out their tongues and licked their lips greedily. The Commander Level griffin in front of them was a treasure in their eyes, but there was only one. They had a tacit understanding about ownership. Naturally, whoever had the strength would get it!

The griffin, which had turned into a young man while meeting the greedy gazes in front of him, bit his lips. A beam of green light suddenly appeared, and then the griffin's original body appeared. Yun Feng

looked at this griffin from afar. It wasn't small, but it wasn't as big as Lan Yi's original body. The griffin flapped its white wings fiercely and was about to rush into the sky!

"Oh no, it's running!" The few Lord Level experts immediately attacked when they saw that. Their Lord Level fighting energy rushed into the sky one after another. No matter how fast a Commander Level griffin flew, it couldn't be faster than a Lord Level attack! The figure that had just flown into the sky suddenly fell with spots of blood!

"It's impossible for him to escape!" A few Lord Level experts immediately rushed forward. A glint of sorrow flashed through the eyes of the griffin that fell from the sky. The few Lord Level attacks had already severely injured him. He couldn't fly even if he wanted to! He could only be tamed by humans!

The few Lords were focused on the griffin in front of them and didn't expect a figure to come from the sky at all. A powerful and fierce aura suddenly came. The few Lords turned around slightly and saw a slender figure flashing over. Their pupils shrank!

The aura was like a heavy punch that smashed into the chests of these few Lords. In an instant, the lives of the few Lords were taken away and they all died!

The few Lord Level bodies fell from the sky fiercely, causing a lot of dust when they hit the ground. Their expressions all froze on the distortion in the end. The griffin, which was severely injured, also fell from the sky and fell on the ground in a sorry state. Looking at the few people on the ground who were instantly taken away, it was a bit surprised. Then, it keenly noticed an aura approaching. The griffin suddenly raised its head and saw an extremely ordinary human walking over.

There was self-mockery in its eyes. That was just another greedy but powerful person. It couldn't get rid of such a fate after all... Yun Feng looked at the griffin on the ground with a gloomy face and knew that it thought she was the same type as these people. She chuckled and squatted down.

Yun Feng's hand slowly approached. The griffin's body suddenly shivered. It stepped back a bit nervously as Yun Feng covered its wound with a faint smile with her hand without hesitation. Faint water elements flowed out and covered the wound. The griffin widened its eyes in shock and looked at Yun Feng. She was healing its wound! Then, the griffin laughed at itself. She probably didn't want her mount to be injured at all, or it would affect her image. She was so confident to treat it because she knew that it couldn't escape from her at all.

#### Chapter 1345 Unable to Abandon (5)

Yun Feng observed the griffin's expression secretly and chuckled in her mind. Did he know that his thoughts were written on his face? This griffin was truly innocent. The human and the beast remained silent. Yun Feng's water element healed his wound in a very short time. After treating the wound, Yun Feng retracted her hand, stood up and said indifferently, "Since you've already recovered, go back quickly."

The griffin on the ground was stunned. He was truly shocked this time. This human let him go? Yun Feng wanted to laugh when she saw his dumbfounded expression. She turned around and her body flashed, disappearing. The griffin on the ground stood up from the ground and stretched his wings to examine his body again. His injuries had all recovered! The griffin flapped his wings abruptly and his body had already flown to the sky. After circling in the sky for a while, he swooped down and a beam of green

light enveloped the griffin's body. The griffin's body became that of a handsome young man and landed on the ground.

He didn't want to owe humans a favor!

The handsome young man gritted his teeth and followed Yun Feng in the same direction. It had already been two days. Yun Feng had been searching this mountain range carefully for two days, but she still didn't have any clue about the location of the Eyrie. Yun Feng didn't expect the young griffin she saved back then to take her to the Eyrie. Yun Feng, who was moving forward, suddenly stopped and looked back with her black eyes. A keen aura also stopped and dodged to the side. Yun Feng's black eyes darkened. This aura had already been following her for a while. It didn't have any hostility towards her, but what exactly did it want from her?

She flipped her hand quietly and a ball of bright fire appeared in Yun Feng's palm. She turned her body sideways and a ball of fire directly rushed out! "Argh!" An exclamation sounded. Then, a figure rushed out in a sorry state. "You're really ruthless! I was almost burnt to death by you!"

Yun Feng looked at the handsome young man in front of her. "It's you? You haven't gone back yet?"

The young man was stunned. Yun Feng raised her brows. "Why are you following me?"

"W-Who said I'm following you? I'm... I'm going the same way as you!"

"The same way?" Yun Feng raised her brows again. The young man's fair face suddenly turned a bit red and he looked at Yun Feng with his clear blue eyes. "I... I don't want to owe anyone a favor!"

Yun Feng chuckled and continued walking forward without saying anything. The handsome young man followed her indifferently after being discovered. "Hey, human! What are you looking for? I'll help you find it!"

Yun Feng ignored the noisy griffin behind her. Even though Yun Feng was as old as him on the surface, Yun Feng's current strength was enough for her to call him a junior. The handsome young man couldn't help but feel a bit frustrated when he saw Yun Feng ignore him. "Human, I'm talking to you. I can help you! I don't want to owe you a favor!"

Yun Feng originally thought that he would leave after following her for a while, but she didn't expect him to be so persistent. He seemed to be thinking that he would continue following her until the end if she didn't say anything. Yun Feng stopped and turned around. "You don't want to owe me a favor?"

The handsome young man nodded. "That's right."

Yun Feng's black eyes glittered. "If you want to return the favor, tell me where the entrance to the Eyrie is."

The handsome young man suddenly became vigilant. "You want to go to the Eyrie? Why are you going there?"

Yun Feng raised her brows. "You don't need to know that. You just need to tell me the entrance to the Eyrie."

The handsome young man sneered. "Don't even think about it. I won't tell you!"

Yun Feng smiled lightly. "If that's the case, don't follow me."

The handsome young man was stunned. Yun Feng had already ignored him and walked forward. The handsome young man gritted his teeth and suddenly shouted, "I really don't want to owe you a favor!"

Yun Feng shook her head helplessly. After walking for a long time, the young man still followed behind Yun Feng persistently. "Human! Why exactly are you going to the Eyrie?" Yun Feng didn't want to answer him at first, but this young man seemed to be addicted to asking. He seemed to know that Yun Feng wasn't the kind of person who would kill others recklessly with her strength. He was much bolder.

In the end, Yun Feng couldn't stand it anymore. She turned around and found that the young man had a mischievous smile. Yun Feng's eyes turned cold. "I certainly have my own business when I go to the Eyrie."

"If you tell me why you're going to the Eyrie, I can tell you the entrance of the Eyrie. Even if you're a supreme powerhouse, you won't be able to find the Eyrie at all if you keep searching." The young man raised the corners of his mouth mischievously, as if he really wasn't afraid of Yun Feng.

Yun Feng raised her brows. What the young man said was true. She had searched for so many days and still hadn't found the entrance of the Eyrie. Apparently, the Eyrie was the same as the Dragon Valley. Perhaps only people inside the Eyrie could open it. "I'm going to the Eyrie to find a friend."

"A friend?" The young man frowned. "How can humans be friends with Magic Beasts?"

Yun Feng smiled lightly. "Believe it or not, I'm indeed going to find a friend."

The young man sneered. "If he's your friend, tell me his name."

Yun Feng's red lips curled up slightly. "My friend's name is Lan Yi."

The young man's pupils shrank fiercely. "Lan Yi? You're..."

Yun Feng raised her brows. "It seems that you know me?"

The young man's facial features were a bit distorted as he stared at Yun Feng with his blue eyes. "You were Uncle Yi's master?"

Uncle Yi? Yun Feng pondered this title. It seemed that this little griffin had an unusual connection with Lan Yi. The handsome young man sized Yun Feng up for a long time and seemed to have made up his mind in the end. Suddenly, a beam of green light appeared and the griffin's original body appeared again. "Come up!"

Yun Feng raised her brows. The young man roared, "Come up! I'll take you to the Eyrie!"

"No need. Just lead the way in the front and I'll follow behind." Yun Feng said indifferently, but the young man sneered in disdain. "If you don't sit on my back, you can forget about entering the Eyrie for the rest of your life."

Yun Feng raised her brows and glanced at it. She jumped onto the griffin's back without hesitation and found that the muscles all over the griffin's body seemed to be tightened in an instant. Yun Feng chuckled secretly. The griffin's wings shook abruptly and its body had already left the ground. After a

few more tremors, it had already jumped into the sky. Yun Feng stood on the back of this griffin that was obviously flying a bit unsteadily because of nervousness and said with a low laugh, "Lan Yi flies much more steadily than you do."

"This is the first time I've let a human climb on my back!" A furious roar came. The griffin's body swayed a few more times. Yun Feng didn't say anything else. She looked at the sky that was getting higher and higher with her black eyes. Her altitude was still rising. Yun Feng looked at the clouds around her. It turned out the Eyrie wasn't on the ground, but in the sky!

Chapter 1346 Unable to Abandon (6)

"Sit tight!"

Yun Feng looked ahead with her black eyes and only saw light hidden behind a floating cloud. As the griffin sped up, Yun Feng keenly felt the change of space. The Eyrie, they were here!

After the space shook, Yun Feng saw a completely different world in her eyes. There were endless mountains in her sight, as if the horizontal line on the ground had already connected to the sky. There were countless thick clouds between the rolling mountains and many mountains were shrouded in thick fog. At a glance, she seemed to be in a paradise, but it was less comfortable and more spacious and lofty.

She didn't expect the Eyrie in the sky to be such a magnificent scene. Yun Feng stood on the back of the griffin and looked at everything in front of her eyes with her black eyes. It seemed surreal.

!!

"Restrain your aura. There are different races in the Eyrie and they're not very friendly to humans. I don't want to cause any trouble along the way!" The young griffin turned around slightly and glanced at Yun Feng with his sharp eyes. Yun Feng chuckled softly. "I've certainly considered this. Don't worry."

The young griffin was a bit embarrassed after hearing that. Yun Feng sat down. The back of the griffin wasn't as wide as Lan Yi's. The flight that wasn't very stable to begin with shook violently again because of Yun Feng's change of movement. The smile at the corners of Yun Feng's mouth became deeper. The young griffin grunted softly as his wings flapped quickly and forcefully and he suddenly sped up. It was obvious that he didn't want another storm on the way back to the clan.

Meatball had never been free on Yun Feng's shoulder. After arriving at the griffin clan, Yun Feng unsealed the space. Meatball wiggled its chubby little body happily and took a deep breath before exhaling again, looking very cute. Yun Feng chuckled softly and touched its soft face with her finger. Meatball looked around with its big black eyes, as if it was very interested.

Yun Feng remained absolutely quiet along the way and she carefully restrained her aura and suppressed it. The deeper she went into the Eyrie, the more Yun Feng felt an inexplicable pressure. There were many different races living in the Eyrie and powerful auras also appeared faintly. There were Magic Beasts that were stronger than Yun Feng here and there were definitely a lot of them. Once Yun Feng was discovered here, the consequences would be unimaginable. The young Griffin increased his speed and Yun Feng became even more careful. Even Meatball didn't make a sound and was very quiet.

“The griffin clan is up ahead. Hide your aura well.” The young griffin said as his body suddenly dived. Yun Feng nodded and suppressed her aura to the greatest extent. The young griffin’s body suddenly dived into a cave. His body was only half a meter away from the ground as he slid forward. After passing through the darkness in the cave, a beam of light suddenly pierced Yun Feng’s eyes! The young griffin also jumped up!

Yun Feng narrowed her eyes. After adapting to the strong light, she finally saw everything in front of her eyes. There were huge bushes that reached into the sky and many huge vines hanging from the trees, as dense as a tropical rain forest. She raised her black eyes and saw countless houses that looked like nests on the dense bushes. Some were big and some were small. And deep in the bushes should be the core members of the griffins.

The young griffin walked on the edge carefully with Yun Feng. Yun Feng could see the griffins flying through the dense bushes from time to time. The young griffin was very nervous. The muscles all over his body were tight and his body rose and fell in the towering giant tree, as if he was avoiding something carefully. The route he flew on was also remote. After flying so carefully, the body of the young griffin suddenly rose. Yun Feng saw a nest building not far above her head. The young griffin landed carefully and Yun Feng also jumped down.

“Go in quickly!” A beam of green light appeared. The young griffin appeared and pushed Yun Feng in quickly with both hands. Then, he covered the outside of the nest with the vines carefully and was a bit relieved. Yun Feng stood in the nest and looked around with her black eyes. The space in the nest was very small, but it could accommodate two people.

“This is your home?” Yun Feng asked. The young griffin guarded the door carefully for a while. After confirming that it was safe, he turned around and walked in. “It’s my nest. Don’t use the words of humans here.”

Yun Feng raised her brows and Meatball on her shoulder grunted. The young man finally saw Meatball on Yun Feng’s shoulder and couldn’t help narrowing his blue eyes. “The one on your shoulder better not make any big noise here. Even though this is the outermost area, griffins have astonishing hearing.”

Meatball suddenly showed its sharp teeth and grinned ferociously at the young griffin. However, the young griffin seemed to be raising the corners of his mouth and didn’t care at all. He sat on the ground. “Stay here first. I’ll help you think of a way to meet Uncle Yi.”

Yun Feng also sat down. “You seem close to Lan Yi. What’s your relationship with him?”

The young griffin looked at Yun Feng. “I won’t tell you anything about the griffins. You’re only here for Uncle Yi. You don’t need to know anything else. Don’t even think about interfering with the griffins’ business.”

Yun Feng raised her brows. This little griffin was quite hostile to her. It seemed that it could bring her here entirely for Lan Yi. As a traitor, Lan Yi would probably have a hard time if he was brought back to the griffin race, or this little griffin wouldn’t have taken the risk to bring her into the Eyrie, the territory of the griffin race. As a four-winged griffin, Lan Yi had a noble status among the griffins. This little griffin called Lan Yi Uncle Yi so affectionately. His bloodline had never been low. If she was right, this little

griffin shouldn't have appeared in such a border area. There must be something unspeakable inside the griffin race.

Yun Feng raised the corners of her mouth. She didn't want to care about the griffins' business. She only came here for Lan Yi. She didn't want to interfere with anything else.

Suddenly, a cry resounded in the sky. The blue eyes of the young griffin glittered as he quickly walked to the entrance of the nest and stuck his head out carefully. The loud eagle cries came one after another, like a horn. After the five consecutive sounds, Yun Feng clearly heard the sound of the wings of the griffins flapping and flying around, as if all the griffins were moving.

Chapter 1347 Swearing to Clear His Name of Betrayal (1)

"This is the order from the king to gather all the clansmen. I'll go there first. Stay here obediently and don't go out!" The young griffin stared at Yun Feng with his blue eyes, fearing that she would run around. Yun Feng chuckled softly. "Got it. It wasn't easy for me to come here. I certainly won't go out easily."

The young griffin was startled. Then, he pursed his lips and pushed aside the bushes outside the nest with one hand, sticking his entire body out. Then, a pair of wings appeared on his back. After the flapping sound of the wings, the young man's body had already left this place.

Meatball turned its little head to the side indifferently and snorted a few times. Yun Feng smiled helplessly. The sound of griffins flapping their wings came from outside from time to time. It seemed that something big must have happened among the griffins, or they wouldn't have gathered the entire clan. Did this have something to do with Lan Yi? Thinking of this, Yun Feng's black eyes couldn't help but darken.

"Nana!" Meatball cried softly as its little body nuzzled Yun Feng's cheek. Yun Feng came back to herself. At this moment, an unfamiliar deep voice suddenly came from outside the nest. There were two of them! Yun Feng held her breath and clenched her fist. The space immediately sealed her entire body. At the same time, the bushes outside the nest were also lifted by a spear in an instant!

Yun Feng sat there and looked at the two griffin clansmen who stuck their heads in with her black eyes. Judging from their clothes and the weapons they casually held, they should be patrolmen. As expected, the two griffin clansmen stuck their heads in and put down the bushes after taking a look, but they didn't go far.

"I can't believe we caught that traitor this time."

"I thought that traitor had already disappeared after so many years, but he was still brought back!"

Yun Feng's black eyes glittered. They were talking about Lan Yi? Was the gathering this time really related to Lan Yi?

"The king must be glad that the traitor was caught."

"He committed such a serious crime back then. The king should have killed him right away. I didn't expect him to escape."

“The king won’t miss the opportunity this time. The gathering this time is to let that traitor die in front of all his clansmen!”

Yun Feng’s heart raced. Lan Yi was going to be killed in front of all the griffins? Meatball’s black eyes glittered too. It scratched Yun Feng’s shoulder gently with its little claws. The two people outside said a few more words, as if they had finished the inspection. They were going back to the scene and didn’t want to miss the fun of killing the traitor. Yun Feng waited patiently for a while. After confirming that the two of them were far away, she punched the ground where she was sitting fiercely. The nest suddenly shook a few times.

“Nana, Fengfeng, na.” Meatball looked at Yun Feng very worriedly. Yun Feng sneered as she stood up and lifted the bushes. In a flash, she stood in the sky outside and looked at the depths of the huge bushes with layers of anger surging in her black eyes!

Even though she had promised that the griffin wouldn’t go out, she couldn’t wait anymore right now! Her appearance would definitely cause an uproar, but it didn’t matter! The most important thing was that Lan Yi was fine! “I won’t let anything happen to you!” Yun Feng clenched her fists fiercely and her body had already disappeared like the wind, turning into a shadow as she rushed into the depths of the bushes!

The towering bushes formed a huge shade. The end of the bushes couldn’t be seen, as if they had already reached into the clouds. Yun Feng moved forward quickly and paid close attention to the surrounding scenery. After passing through an especially dense bushes in front of her, Yun Feng’s eyes widened. There was a hall that was very similar to humans’ on a flat empty land. This must be where the core members of the griffins were located. All the members of the griffins had already gathered on that square at this moment and the young man who was completely restrained by chains and had dark blue patterns on one side of his cheek was Lan Yi!

Yun Feng immediately used the space blockade to approach carefully. She had already keenly felt that the few people sitting in front of Lan Yi were extraordinary, especially those sitting in the middle. Even if Yun Feng was a God-Level powerhouse, she would be discovered if she got any closer. By then, not only would she not be able to save Lan Yi, but she would also cause unnecessary trouble. By then, it would be even more impossible for her to take Lan Yi away.

Yun Feng wanted to take Lan Yi away openly and gain the favor of the griffins at the same time, but this was extremely difficult for Yun Feng right now. Things had already developed far faster than she expected! The king of the griffins was so anxious to deal with Lan Yi!

Yun Feng carefully hid in a hidden corner, at the edge of a distance that couldn’t be discovered. Now wasn’t the time for her to attack. She had to wait and see. The young griffin, who brought Yun Feng into the nest, stood at the back. He didn’t look good and looked anxious and uneasy. He looked around, as if he didn’t expect that Lan Yi would be executed this time! If something really happened to Uncle Yi this time, it would be meaningless for him to bring that human in! The young man looked around nervously. How could he leave this place safely and go back to tell that human?

While the young griffin was worried, he didn’t know that Yun Feng had already snuck here. She was in a corner not far behind him, paying close attention to everything in front of her eyes.

Lan Yi was restrained by the iron chains, but didn't look panicked at all. He was solemn and calm. Yun Feng couldn't help but feel proud when she saw this. This was Lan Yi, such a calm Lan Yi! Lan Yi looked at all the griffin clansmen in front of him coldly with his blue eyes. At this moment, the man sitting in the middle behind him stood up. His body was elegant and handsome, but there was a hint of viciousness in his eyes, especially when he looked at Lan Yi.

The man stood up and all the griffins lowered their heads piously. Yun Feng knew that this should be the king of the griffins. His strength had reached the level of a God, surpassing hers! The few older people sitting around him were all at the level of a God!

The Griffin King slowly walked to Lan Yi and stared at him with the same blue eyes. The corners of his mouth slowly curled up and viciousness flashed deep in his eyes, as if he had been waiting for this moment for a long time. Lan Yi also smiled coldly in return.

"You hid yourself really well, but didn't you fall into my hands in the end?"

The corners of Lan Yi's mouth curled up coldly. "You know very well how you got to this position. I'm still your nightmare, aren't I?"

Chapter 1348 Swearing to Clear His Name of Betrayal (2)

The Griffin King's expression was completely cold. His eyes glittered as he turned around and said loudly, "Today, the traitor that the Griffins have been looking for for years has finally been caught. The humiliation of the Griffins will be completely washed away today!"

The griffins all raised their heads and agreed with him loudly. The Griffin King chuckled. "It was my fault that he escaped last time. This time, I'm going to kill him with my own hands. The griffins can't have any stain!"

"Kill! Kill! Don't leave any stains!" The griffins all shouted excitedly. The young griffin's face was slightly pale. What should he do right now? If he didn't do anything, Uncle Yi would really be killed on the spot!

Hearing the shouts of the griffins, Lan Yi's smile became even colder. The corners of the Griffin King's mouth curled up in satisfaction as he slowly turned around. "Don't even think about escaping this time! I'm going to finish you off with my own hands this time!" After saying that, a beam of green light suddenly surrounded his hands. After the green light disappeared, a pair of sharp eagle claws appeared!

Light flashed at the tip of the eagle claw. The Griffin King's claw was going to pierce into Lan Yi's chest and dig out his heart!

Lan Yi sneered and looked into the distance with his black eyes. A glint of darkness flashed in his blue eyes and he suddenly felt an extremely familiar fluctuation next to him. Lan Yi turned around in surprise and stared at a certain spot with his blue eyes. That familiar aura fluctuation... Could it be... No, how was that possible?

The Griffin King's claw had already landed and was about to pierce through the skin on Lan Yi's chest. The young griffin couldn't help but stand up. Before he did anything, a fierce aura suddenly appeared! "If you want to touch him, go through me first!" A beautiful voice cut through the sky. The Griffin King's eagle eyes shrank fiercely. Human!

A figure descended with a powerful God aura. Yun Feng's mental strength turned into a whip with a cold face and lashed at the Griffin King's eagle claw fiercely. The Griffin King retreated slightly. Yun Feng flashed in front of Lan Yi and waved her hand, breaking all the chains on Lan Yi's body!

"Human, it's a human!" The griffins were confused. All the griffins looked at the human who suddenly appeared in shock. The few elders of the griffins immediately got up. The Griffin King stood there and sized Yun Feng up carefully with his eagle eyes, not doing anything reckless.

"Master, you..." Lan Yi was so shocked that he couldn't say anything. He just looked at Yun Feng in front of him dumbfoundedly. How did she come here? How exactly did she get into the Eyrie? What exactly... Yun Feng stood in front of Lan Yi and looked at the few God-Level experts of the griffin race in front of her with her black eyes, as well as the Griffin King standing behind her. Both parties didn't do anything and were a bit afraid of each other.

The young griffin heaved a sigh of relief when he saw Yun Feng and he also sat down. Thank goodness, thank goodness... Uncle Yi's master came...

"Human, how exactly did you enter the nest and sneak into the griffin clan?" The few elders of the griffin clan all looked vicious. A human had sneaked in here silently. If she didn't show up voluntarily, they wouldn't be able to detect her at all. What exactly was the purpose of this human?

Yun Feng sneered. "I'm only here for my friend Lan Yi. Nothing else."

"I'll give you a chance. Leave the territory of the griffins quickly! Otherwise, don't blame us for being rude!" The few elders of the griffins all shouted loudly. Yun Feng laughed loudly! "I won't leave without my friend!"

"If that's the case, I'll take your life!" The few griffin elders looked vicious. The four God-Level powerhouses had already attacked Yun Feng together!

"Master, be careful!" Lan Yi grabbed Yun Feng's wrist and led her to avoid one of the attacks. Yun Feng smiled lightly. "Even though we've uncontracted, our tacit understanding is still there."

Lan Yi's face couldn't help but darken. "Didn't I tell you not to come find me back then? Master, you..."

Yun Feng burst into laughter. "As I said, I'm here for my friend. I'm leaving with my friend!"

Lan Yi's blue eyes glittered fiercely as an unknown feeling flowed from the bottom of his heart. The Griffin King looked at Yun Feng and Lan Yi and smiled viciously. "Elders, you don't have to show mercy. Kill them!"

The attacks of the four God Level experts immediately became much faster and fiercer. Griffins were known for their speed. The attacks of the four God Level experts were like gusts of wind. Even if they could dodge one of them, they might not be able to dodge two of them! The wings on Lan Yi's back spread out and he carried Yun Feng to dodge with difficulty. Yun Feng looked up and saw the blood stains on the wings. Her pupils shrank abruptly!

"They tortured you?"

Lan Yi sneered. "This is nothing."

“Human, give me your life!” The four elders locked Lan Yi and Yun Feng in four directions. Yun Feng smiled coldly and pushed away Lan Yi’s protection. “You want my life? Let’s see if you have the ability!” She flipped her hand and three Rings of Contract appeared! Three dazzling lights appeared in front of all the griffin clansmen. All the contracted Magic Beasts of the fire, water and lightning elements appeared!

“A summoner!” The four elders all shouted loudly when they saw this. The pupils of the Griffin King also shrank. This human was a summoner!

“A summoner, she’s a summoner!” The griffin clansmen were shocked and retreated one after another. The young griffin standing behind couldn’t help but feel a bit dumbfounded when he saw the scene in front of his eyes. That human was a multi-element summoner. She was so powerful!

“Brother Lan Yi!” Yaoyao appeared and immediately smiled happily when she saw that Lan Yi was safe. Little Fire burst into laughter when it saw Lan Yi’s appearance. “Bird man, I knew you would be fine!” Seeing Lan Yi’s bloodstained wings, Er Lei snorted and didn’t say anything. Lan Yi smiled lightly and touched Yaoyao’s little head. “Sorry for worrying you.”

“As members of the same clan, you’re still arguing with each other. The griffins are just so-so,” said Er Lei in disdain as he looked at the four elders in the four corners. “Did you do it?”

The four elders all held their breath. Yaoyao and Little Fire were also enraged after hearing that. “Damn it, I’ll roast all of you today!”

The eyes of the Griffin King glittered. The situation had changed drastically. A summoner with three contracted Magic Beasts was quite powerful! However, he couldn’t let go of the opportunity to kill Lan Yi! “Kill all humans who trespass on the Griffins’ territory!” The Griffin King immediately roared. The four elders didn’t hesitate anymore. Four attacks came from all directions, targeting everyone in the middle!

### Chapter 1349 Swearing to Clear His Name of Betrayal (3)

Yun Feng sneered. Little Fire, Yaoyao and Er Lei each released powerful magic elements and fought back!

“Boom!” An earth-shattering sound sounded. The other members of the griffin all dodged. The huge elemental energy shock wave spread out fiercely and directly knocked down the bushes on the outermost level!

“Boom—” The sound of the huge bush falling made the hearts of the griffin clansmen tremble fiercely. What a powerful force! And it was the aftermath!

In the dust, the Griffin King suddenly descended from the sky and slashed the dust with his sharp claws. How dare this human cause trouble here? He must dig out her heart! Yun Feng was indeed the one who fought the Griffin King after cutting through the dust, but she was smiling coldly!

!!

“I’ve been waiting for you.” Yun Feng raised her red lips as an elemental ball of three colors spun in her hand! The three elements jumping on it were roaring faintly and the terrifying pressure from the fused elements made the pupils of the Griffin King shrink! Wings immediately appeared on its back and shook hard. The Griffin King wanted to escape quickly!

With coldness at the corners of her mouth, Yun Feng quickly pushed the elemental ball in her hand. When the Griffin King quickly retreated, what appeared in front of his eyes was the brightness of fused elements. Yun Feng raised her red lips and said “explode” gently. The fused elements suddenly exploded in the sky!

“Your Majesty!” The four elders all shouted loudly when they saw this. Ignoring the terrifying aftermath of the fused energy, they rushed in without caring about their safety. Yun Feng looked at the Griffin King with her black eyes. She couldn’t possibly kill the Griffin King. As expected, a black shadow rose to the sky. It was the Griffin King in a sorry state!

Yun Feng looked up. The Griffin King was stronger than her. Her fusion of three elements would only hurt him a bit, but he should know that she wasn’t easy to bully.

The Griffin King fell from the sky in a sorry state. A few feathers had already fallen from the sky slowly and there were many tiny wounds on his body and face. The Griffin King looked at Yun Feng with glittering eyes with viciousness flashing through them.

Yun Feng asked the other three contracted Magic Beasts not to act rashly. This was the territory of the griffins. Even though they had the upper hand for a while, she would be the one who would suffer if they really fought. She couldn’t fight with the entire griffin clan alone! Yun Feng knew that she should stop.

“I didn’t mean to offend the griffins. I’m only here as a friend. I don’t have any other intention,” said Yun Feng loudly. If she really had other purposes, Yun Feng would’ve made a move secretly with her strength. The Griffin King and the elders certainly knew that nobody would get an advantage if they fought head-on. Seeing that Yun Feng was giving in, the tense atmosphere finally eased.

“Human, is your so-called friend the traitor?” The Griffin King said with an extremely dignified voice. Yun Feng nodded. “Indeed. I’m here for Lan Yi.”

“You want to take this traitor away? Let me tell you clearly, that’s impossible!” The Griffin King said angrily, but Yun Feng smiled lightly. “Traitor. What exactly did Lan Yi do to deserve the title of traitor?”

“This is the griffin clan’s business. Humans aren’t allowed to interfere!” The four elders said unhappily. Yun Feng was still smiling indifferently. “As I said, Lan Yi is my friend. My friend’s business is my business!”

“Yun Feng, Yun...” The Griffin King and the four elders were all startled. This human was a member of the Yun family? “Your Majesty, did our ancestor say that if we meet a member of the Yun family, we...” The four elders all looked at the Griffin King. The Griffin King frowned and looked at Yun Feng. He didn’t expect this human to be a member of the Yun family. Was Lan Yi going to escape this time?

“There’s no harm in telling you. He killed my brother with his own hands. That’s his crime!”

Killing their own kind? Yun Feng sneered in her mind. She didn’t believe that Lan Yi would do such a thing at all. After such a long time of interaction, if she still didn’t understand the personality of her contracted Magic Beasts, she would really let down Lan Yi!

"If that's the case, there should be a witness back then. Who saw Lan Yi kill his own kind with their own eyes?" Yun Feng's question made Lan Yi's eyes glitter. The griffins also stirred slightly. Yun Feng glanced down with her black eyes. "Can that witness back then step up?"

The Griffins looked at each other. The Griffin King said coldly, "When my brother died miserably, Lan Yi was with him and was covered in blood! There was no one else at the scene except him. Isn't that enough to explain everything?"

"Griffin King, don't you know that there's a way to frame someone? I don't know the situation at that time, but I know that seeing is believing! Once a traitor is charged with the crime of killing his own kind, it'll be a mark on him in his entire life. Since the crime of killing his own kind is so big, isn't it too reckless of the Griffin King to brand him as a traitor so easily?"

The Griffin King looked fierce. "Yun Feng, it's not your place to tell me what to do in the Griffin Clan!"

"I'm not telling you what to do. Whether it's humans or Magic Beasts, fairness is what matters! Doesn't it seem questionable about what happened back then? You accused him so easily. You're not just sloppy, are you, Griffin King?"

The four elders all frowned. "There were indeed some doubts about this back then. We dealt with the matter in a hurry."

"That's right. If it weren't for the king's order, we wouldn't have come to such a conclusion so easily."

The Griffin King was enraged when he heard the conversation between the four elders, but he couldn't say anything. "However, it's been so long. It'll be a bit difficult to investigate further." The four elders said. Fierceness flashed through the Griffin King's eyes. Yun Feng turned this matter around with her tongue!

Even though the king of the griffins had a supreme status, the four elders couldn't be ignored. The two parties could be said to be balanced. Yun Feng smiled lightly. "Since it's related to Lan Yi, I certainly have to help. The mark of the traitor doesn't belong to him."

"However, this is a matter of our clan. You, a human being, shouldn't interfere..." The four elders all disagreed with this. Little Fire snorted on the side. "Master doesn't want anything from the Griffins at all. If it weren't for this bird man, Master wouldn't have come here at all!"

Chapter 1350 Swearing to Clear His Name of Betrayal (4)

"That's right, that's right!" Yaoyao nodded hard on the side. They bullied Brother Lan Yi like this. Damn it!

The four elders couldn't help but look embarrassed. If Yun Feng, who was at the God Level, really liked something, she could have attacked. However, as they said, she indeed didn't have any other thoughts other than Lan Yi. This time, it looked like the griffins were thinking too much.

"We can't let humans interfere with the internal affairs of the clan!" The Griffin King couldn't bear it anymore and roared. The four elders also frowned tightly. At this moment, a figure stood up. "I agree!" The four elders and the Griffin King all looked over. The Griffin King was stunned. It was this kid!

The young griffin stood straight and looked at the four elders and the Griffin King with his blue eyes. "I agree to let her interfere with my father's business. I don't think anyone is more qualified to decide this matter than me!"

!!

"You..." The Griffin King gritted his teeth in anger. The four elders remained silent. Yun Feng raised her brows. This young man had such an identity? Lan Yi glanced at the young man and sighed softly with too much helplessness.

"Since he's already said so, we have no reason to stop her." The four elders finally said. The Griffin King suddenly narrowed his eyes. The young griffin stood there straight, looking very nervous. The four elders looked at Yun Feng. "Human, you must know your limits among the Griffins."

Yun Feng smiled lightly. The four elders turned around and faced the Griffin King. "Your Majesty, if this matter isn't resolved easily, there will definitely be chaos in the clan."

The Griffin King looked at the reaction of the Griffins. What Yun Feng said just then had already made the Griffins suspicious. In the end, the Griffin King gritted his teeth and said, "If this human goes overboard in this matter, I won't hold back!" After saying that coldly, a pair of huge wings suddenly appeared on the Griffin King's back. He spread his wings and flew high, disappearing instantly!

The four elders all sighed softly and looked at Yun Feng deeply. "This has always been a stain in the griffin clan. As a four-winged griffin, it's even more unforgivable for Lan Yi to do such a thing. Back then, we..." The four elders glanced at the tattoo on Lan Yi's cheek and sighed.

"I'm not in the mood to care about the internal affairs of the Griffins. Don't worry. This matter concerns Lan Yi. After clearing Lan Yi's name, I'll certainly leave."

The four elders were startled and they all smiled wryly. "Lan Yi is carrying the mark of a traitor right now. He can't walk around the clan casually. He must be watched."

"We'll follow the rules of the Griffins, but..." Yun Feng's black eyes suddenly darkened. "If Lan Yi is hurt again, I can't promise what I'll do." The four elders smiled wryly again. Lan Yi retracted the wings on his back and walked forward. "These injuries weren't caused by the four elders. They're all from the Griffin King."

Yun Feng's black eyes darkened. Lan Yi looked at Yun Feng. "Master, you..."

Yun Feng smiled. "I believe in you. I'll wash away the mark of the traitor for you. We'll walk out of here fair and square!"

Lan Yi's blue eyes glittered and his thin lips curled up slowly. A smile appeared on his handsome face. His choice back then was indeed right. He was lucky to have chosen her. "Uncle Yi, I know you didn't do that." The young griffin walked over and looked at Lan Yi with clear blue eyes. Lan Yi smiled in relief. The young griffin clenched his fists. "We'll definitely find the real culprit back then and clear Uncle Yi's name!"

The four elders left with Lan Yi and all the members of the griffin clan also retreated, but they all glanced at Yun Feng with lingering fear. With the approval of the four elders, Yun Feng finally didn't have to hide

anymore. In the simple nest of the young griffin, Yun Feng looked at the young man in front of her with a smile in her eyes. The young man was very embarrassed by her gaze. "What are you looking at?"

"You have such an identity. Why do you live in such a remote place?"

The young man frowned. "I asked for it myself."

Yun Feng raised her brows. It turned out that this young man wasn't naive. He had seen through some things and knew that staying away would make him truly safe. "What exactly happened back then? I need you to tell me everything."

The young man nodded solemnly and began to talk about some events that happened in the Griffins a long time ago that shocked the entire clan. As a four-winged Griffin, Lan Yi had a high status in the Griffins, but he wasn't of the royal bloodline. However, he had a good relationship with one of the royal bloodlines. Two princes were born of the royal bloodline of the Griffins. Lan Yi and the second prince had a good relationship. As time passed, the second prince gave birth to a descendant, but the first prince was still alone. When the former King of the Griffins was on his deathbed, he was supposed to pass the crown down to the first prince, but considering the problem of the continuation of the bloodline, he temporarily changed the crown to the second prince. The second prince became the new King of the Griffins. However, after a few days, the new King of the Griffins died and Lan Yi was the only Griffin that appeared at that time. He was charged with the crime of murder.

After hearing that, Yun Feng only felt that there was something very fishy. The current Griffin King was extremely against Lan Yi. Was it because of the anger of the death of his brother or something else? He couldn't wait for Lan Yi to be executed sooner. Why did he have to do it himself this time?

"What do you think?" Yun Feng looked at the young griffin. The young griffin bit his lips and said, "Uncle Yi wouldn't do such a thing. I've seen the friendship between Uncle Yi and my father. They were sworn friends! Uncle Yi would never do anything to hurt my father! On the other hand... Even though the current king is my father's brother, I've seen his eyes that look like he wants my father dead!"

"So, you think the current king did it, but he pushed the blame to Lan Yi?"

The young griffin nodded fiercely. "After Father died, he quickly rose to power and quickly made a declaration of this matter. When our clansmen lost their minds, he took advantage of the opportunity!"

Yun Feng was silent. It seemed that all the Griffin King's motives would be explained. "If that's the case, I'm afraid this matter doesn't just involve the internal affairs of the griffin race."

The young man shrank fiercely. "You mean there were other races involved in this matter back then?"

"We can't be sure yet, but we can be sure that the current Griffin King wants Lan Yi dead. If I didn't stop him this time, he would have already got what he wanted." Brutality flashed on Yun Feng's face. "It's good that he didn't do anything wrong. Otherwise..."
