Chapter 221: Returning to the Mercenary Union (1)

"Its target isn't Park City. Just wait and see." Ted said with a serious face. He had decided in his mind that he would report this to the Vice Principal after returning to Masang. If a Magic Beast really appeared, it was no joke.

There was another thing that gave Ted a headache. He had been in Park City for almost two weeks now and the registration would end in five days. He looked at the long list of registration carefully every day, looking for that name, but was still disappointed day by day.

"Kid, you wouldn't forget, would you..." Ted mumbled. Thinking about the little girl three years ago, Ted's heart abruptly became warm with excitement. He spoke highly of this kid in front of the Vice Principal, so the Vice Principal was very interested in her. If he lost her this time, with the Vice Principal's temper...

Ted shook his head in frustration. Just wait, there are still five days. The kid may not show up until the last day.

Lan Yi went past Park City rapidly with Yun Feng on his back and didn't know about the furor he caused at all, flying towards the east of Park City. After a while, Yun Feng saw the white plain below. The plain was vast and there were a lot of little black dots underneath.

"Lan Yi, find somewhere without anyone and stop." Yun Feng said as Lan Yi nodded and glanced around with his blue eyes. He immediately dived down. The place he chose wasn't anywhere else, but a place where a group of gregarious Magic Beasts lived. When Lan Yi got closer, these Magic Beasts all went into a panic and ran everywhere desperately. Their leader, a level-6 Magic Beast, was so scared that its liver and gall seemed to have torn.

"Whoosh, whoosh..." Lan Yi flapped his wings and landed steadily. The level-6 Magic Beast was hiding somewhere and only dared to peep carefully. The other Magic Beasts were also the same. They all hid in fear and dared not show up easily.

When Yun Feng hopped down from Lan Yi's back, the expressions of the Magic Beasts immediately changed. They even dared not look at her and only turned around, running away in panic.

Yun Feng felt that there seemed to be some movements underneath the sand nearby, but she didn't bother to care about it and she put Lan Yi back into the Ring of Contract. She looked at the place where she was and slightly identified the direction. Light green color appeared around her body and she flashed, vanishing from the air directly.

A breeze was caused wherever Yun Feng went past. Some Magic Beasts only felt the breeze blow next to them without being able to sense it in time. Their bodies moved and they had no idea what passed through them just then.

Yun Feng looked at the frightened Magic Beasts and found it hilarious. She slowly suppressed her momentum of the Commander Level and the Magic Beasts finally felt slightly more normal.

Yun Feng's body flashed on the Shiny Plains. There was no trace of her stepping on the soft white sand. She went all the way towards the place where the mercenary group was stationed as she put the badge of the Red Maple Mercenary Team, which she put away three years ago, on her chest.

The red maple leaf looked extremely bright, carrying a color and temperature that made people warm. Yun Feng focused on rushing there at a very high speed. After a while, she had already crossed one-third of the vast Shiny Plains.

Walking so swiftly made Yun Feng a bit tired. She immediately slowed down and started walking slowly on the Shiny Plains. As she walked, she suddenly felt someone getting closer behind her. That person seemed to want to approach her. Yun Feng's body swayed to the side agilely and avoided the hand of that person behind her.

Yun Feng immediately turned around and saw a dark-skinned, energetic young boy with a surprised expression on his face. When the boy saw Yun Feng's face, he couldn't help flushing. Even though the blush couldn't be seen clearly on his tanned skin, she could see that the boy was obviously shy.

"Um... Don't be afraid. I'm not a bad person..." The boy caressed his hair and chuckled. A gleam of light flashed through his white teeth. Yun Feng sized up the boy with her black eyes, then finally said, "It's alright."

She got up and walked forward after saying that, but the teenage boy yelled a bit anxiously, "Hey! Can you just wait a second? Well..."

Yun Feng stopped, then turned around and asked the young boy what he wanted softly. The boy touched the back of his neck in embarrassment. "Hehe, well, did you walk here too? Um... Do you... Do you have anything to eat? I... haven't eaten for two days and I'm starving..."

A smile flashed through Yun Feng's cold face. "If you're hungry, why don't you find something to eat yourself? Look, I don't have anything with me. Do I look like someone with food?"

What Yun Feng said made the boy smile in embarrassment. When he saw the badge on Yun Feng's chest, he suddenly shouted, "That's the badge of the Red Maple Mercenary Team! Haha, you're a member of the Red Maple Mercenary Team, aren't you?"

Yun Feng nodded as she gazed at the young boy's look of ecstasy. Was he a mercenary of the Red Maple Mercenary Team?

"That's great if you're from the Red Maple Mercenary Team! Everyone knows that the Red Maple Mercenary Team is righteous and moral. They help strangers as well! Miss, since you're a member of the Red Maple Mercenary Team, you certainly can't ignore me. Am I right?"

Yun Feng was suddenly startled. This boy had a pretty good eloquence. When did the Red Maple Mercenary Team become a nosy mercenary group? Why didn't she know?

"Hehe, if you're not saying anything, I'll take that as a yes! To be honest, I'm also here to join a mercenary group and the Red Maple Mercenary Team is my target. Hehe, I want to travel across the entire Shiny Plains and make myself a bit different."

Yun Feng shook her head speechlessly. Why was he doing this? He put a tall hat of flattery on her right now. How could she leave him here? By then, if this teenage boy said anything outside, there would be a blot on the reputation of the Red Maple Mercenary Team.

Thinking of this, Yun Feng looked deeply at the boy. The young boy's body was muscular and well-balanced. He looked like someone who trained all year round. Yun Feng detected him slightly and found that he had the strength of a level-5 warrior!

"How old are you?" Yun Feng asked softly as the boy chuckled and showed an especially bright smile. "Miss, I'm as old as you are!"

Chapter 222: Returning to the Mercenary Union (2)

Yun Feng's red lips curved up slightly. "I'm 12 this year. Are you 12 too?"

The boy widened his eyes in shock as he glanced all over Yun Feng's body and shouted in a weird tone, "That's impossible! You don't look like a 12-year-old girl! You look like you're 17!"

Yun Feng smiled. Oh, you're 17? Having the strength of a level-5 warrior at 17, he could also be considered an outstanding person. She wondered where this young boy came from. Why was he crossing the Shiny Plains alone? Seeing how messy he was, he should have fought with Magic Beasts. He was courageous, but lacked wisdom.

Such a person would also be helpful for the development of the Red Maple Mercenary Team after taking him in. Yun Feng pondered as she twisted her wrist and took out the food in her storage belt for the boy. The young boy looked at the food that appeared out of nowhere and glanced at Yun Feng in astonishment. "You... You have a storage container?"

Yun Feng's face became cold in an instant. "Why? Do you want one?"

The young boy shook his head right away and swiftly took the food in Yun Feng's hands, cramming the food down his throat. He looked obviously starving. "I... I didn't mean that... I'm just wondering." The boy gobbled the food up in his mouth and finally finished everything. He glanced at Yun Feng in embarrassment, while scratching the back of his neck with his hand.

"Well, do you have more... I'm still a bit hungry..."

Yun Feng smiled and took out something else for the young boy again. The boy chuckled, then quickly ate the food and finally took a breath of satisfaction. "Starvation is truly torturous..."

"You came out to gain experience and you didn't prepare everything." Yun Feng made a remark indifferently as the boy smiled in embarrassment and touched the back of his neck with his hand out of habit. "Well, I don't have money..."

Yun Feng was startled. He didn't have money? Right, the clothes the young boy was wearing weren't considered good, only ordinary clothes. They were a bit tattered now. Apart from that, his body was empty and he had nothing else. He came to join the Red Maple Mercenary Team and really didn't bring any belongings at all.

Yun Feng shook her head silently again. "If you've had enough, let's keep going." The boy chuckled and immediately agreed. He had no idea since when he had been going the same way as Yun Feng. The two

of them walked a few steps and a few black shadows appeared. The boy instantly became anxious when he saw them as he grabbed Yun Feng who was in front of him and quickly pulled her behind him, standing in front of Yun Feng himself.

Yun Feng didn't say anything and just looked at the five people who suddenly showed up silently. The five of them all looked like they had bad intentions and they were also wearing mercenary badges on their chests, which Yun Feng had never seen before.

"What do you want?" The young boy shouted clearly as the brightness on his handsome face instantly disappeared, looking very serious. The five people looked like they were fooling around and they glanced over the boy's body at Yun Feng behind him with evil intentions.

"Kid, our target is just this little girl. If you're smart enough, step aside!" One of them yelled viciously. The boy stood in front of Yun Feng firmly and didn't walk a step away at all. Instead, he shouted, "Are you from the Mercenary Union as well?"

The five of them all burst into laughter and showed the badge on their chests. "What do you think, kid? If you're interested, we can make an exception and accept you."

The young boy frowned and looked like he was thinking carefully. One of the five people immediately shouted after seeing that, "The Royal Mercenary Group is quite famous in the Mercenary Union!"

Yun Feng stood behind the boy and frowned. The Royal Mercenary Group? What was that? Perhaps it was another sleeper that rose in the last three years? However, looking at these five people, this sleeper didn't seem to be a good one either.

"Royal Mercenary Group... This name is quite interesting." The boy mumbled, "I've never heard of it... What level are you at?"

The five of them paused obviously and the expressions on their faces seemed to be a bit stiff. "What... What level? Don't ask about that. You'll definitely get benefits if you join us!"

The young boy shook his head. "No, I'm going to join the Red Maple Mercenary Team. Thank you for your kindness."

The five people all looked embarrassed when they heard what the boy said. "Bah! The Red Maple Mercenary Team again! Will people die if they don't join the Red Maple Mercenary Team? The Red Maple Mercenary Team has left other mercenary groups no way to survive these years. Everyone ran to them!"

"Kid, if you don't want to join us, we won't force you either. Move aside. Don't get in our way!"

Yun Feng stood behind the boy as what these people said landed in her ears. It turned out the development of the Red Maple Mercenary Team in these three years was so fierce. Did everyone who joined the Mercenary Union rush to the Red Maple Mercenary Team?

"Do you know which mercenary group she belongs to? She's from the Red Maple Mercenary Team. How dare you provoke her? Aren't you afraid that the Red Maple Mercenary Team will do something to you?" The boy shouted with a clear voice.

Yun Feng touched her forehead speechlessly behind him. The five of them already had grievances against the Red Maple Mercenary Team and he still took the initiative to clash against them. Fine, even if there were fifty more people here, it was the same to her.

“Hahahaha! The Red Maple Mercenary Team? That’s great. We should really deal with her then. Kid, I’ll count to three. Move aside quickly! Or we’ll deal with you too! One! ...”

Yun Feng suddenly took a step forward and pushed the young boy behind her. The boy immediately wanted to run in front of Yun Feng again after seeing that, but Yun Feng glared at him. “Stay right there!”

The young boy immediately stopped moving after hearing that and stood behind Yun Feng obediently. He had no idea why he was listening to her. He just wanted to obey her subconsciously.

“What do you want?” Yun Feng stepped up as the five people glanced over. When they saw the badge on Yun Feng’s chest, they all gritted their teeth secretly.

“Girl, hand over your storage container and we’ll spare you! If not, hm!”

After hearing that, Yun Feng found that they had always been hiding in the dark, or had been following the young boy, but the boy had no idea about it...

Chapter 223: Returning to the Mercenary Union (3)

“You want the storage container? Sure...” Yun Feng gave it a thought as the storage belt appeared in her hand. The eyes of the five people immediately brightened when they saw it.

“There’s only one storage container, but there are five of you. How are you going to divide it?” Yun Feng asked in confusion. The five people looked at each other immediately with a hint of vigilance in their eyes.

“Girl, don’t try to cast a bone between us. Hand it over. We’ll have our own way of dividing it!” One of the people glanced at Yun Feng with evil intentions. What he said was on point. The other four people also realized after hearing that. They exclaimed that Yun Feng was a vicious little girl. She wanted them to fight with each other!

Yun Feng shook her head as she waved her hand and the storage belt disappeared. The five people couldn’t help feeling anxious after seeing that. “Kill her directly! Take that belt!”

A glint of coldness flashed through Yun Feng’s black eyes, while a gorgeous smile appeared on her little face. She took a step forward as her mental strength surged out of her body abruptly, forming an invisible whip, lashing the four people fiercely!

It happened in a blink. Yun Feng didn’t do anything at all, but the five people felt fear suddenly rising from the bottom of their hearts. Perhaps it was a subconscious reaction, perhaps it was their instinct, the five of them felt that the girl in front of them was like a mountain that they couldn’t cross, a person whom they couldn’t provoke!

The hearts of the five people were immediately filled with fear and they wanted to retreat right away. However, while they were thinking they should give this up, it was already too late!

Four out of the five people lay on the ground silently and weren't doing anything to resist or struggle at all. They immediately stopped breathing!

In a blink, only one out of the five people was left. The remaining one turned extremely pale and had no idea what just happened. "You, you, you..." He wanted to say something with a tremor in his voice, but looking at Yun Feng's beautiful face, coldness surged in this man's heart.

"What happened?" The boy was stunned when he saw this scene in front of him and he couldn't help glancing over Yun Feng's body a few times. She didn't do anything. How did these four people die?

"How did they die? What happened?" Yun Feng was smiling at the bottom of her heart, but she put up an extremely innocent expression on her little face. She glanced at the young boy behind her, while the boy also looked at her in confusion.

"You, you, you..." The remaining person looked at the others, who lay on the ground without any power to fight back at all, and he still couldn't say anything after his lips trembled for a long time.

"What's going on? Are you bullying people again, Royal Mercenary Group? You don't remember anything at all!" Four muscular men came over and Yun Feng glanced at them. There was a shiny badge on the chests of all four men. That red maple leaf was so bright!

The young boy couldn't help but look excited when he saw that the few people who came were from the Red Maple Mercenary Team, while the last man of the Royal Mercenary Group turned even paler. In the end, he finally calmed himself. "Look carefully. Four of our brothers are now dead! And the Red Maple Mercenary Team did this!"

The four people who came all burst into laughter. "The Red Maple Mercenary Team did this? We have just arrived here. You're really good at slinging mud at people!"

"What slinging mud at people? It's her. It's her!" The remaining man seemed to have mustered up courage and he pointed at Yun Feng. His entire arm was shaking. The scene where the four people died in a blink just then would haunt him for the rest of his life!

The four mercenaries of the Red Maple Mercenary Team looked at Yun Feng at the same time and couldn't help feeling shocked when they saw that the badge she put on her chest indeed belonged to the Red Maple Mercenary Team. There were quite a lot of females in the Red Maple Mercenary Team, but why hadn't they seen such a beautiful one?

"She didn't do it. She didn't even move at all. I saw it with my own eyes!" The young boy stepped up and spoke for Yun Feng. Yun Feng smiled silently without making any noise. The four men all nodded when they heard that.

"Did you hear that? The little girl didn't do anything at all. If you're not slinging mud at people, what is it? Get out of here now!" The speaking warrior was already a bit furious. The remaining member of the Royal Mercenary Group gritted his teeth secretly as he looked at the dead bodies of his companions. "Just wait. Just wait!"

Watching that person run away in panic, the four mercenaries of the Red Maple Mercenary Team all burst into laughter. "We're waiting! Don't let us down! Hahahaha!"

When the farce ended, the four warriors looked at the four people on the ground, who couldn't close their eyes after they died, in disdain. They then turned around and gazed at Yun Feng and the young boy. "Are you alright? The Royal Mercenary Group always stops people who come to the Shiny Plains, so that they can rob them or force them to join their group. They're notoriously ruthless in the Mercenary Union."

The young boy shook his head and gazed at the badges on their chests with an envious look. "So, are you here to patrol?"

The four warriors laughed. "There have been a lot of conflicts between the mercenary groups in the Mercenary Union recently. The Red Maple Mercenary Team and four five-star mercenary groups have arranged some people to patrol the Shiny Plains, so as to reduce the losses when there are conflicts."

The young boy nodded constantly with admiration and yearning in his eyes. Yun Feng stood there quietly, but felt very proud. The Red Maple Mercenary Team could be on an equal footing with four five-star mercenary groups. This was undoubtedly a huge glory! The development of the Red Maple Mercenary Team in the last three years was indeed astonishing!

"This... little girl, are you the mercenary of the Red Maple Mercenary Team?" A warrior asked carefully. Yun Feng smiled and nodded. These four warriors were all at level 6 and had pretty good strength.

Thinking of the Red Maple Mercenary Team she first had contact with, there weren't even any level-5 warriors left after the brutal fight. However, after three years of development, there should already be level-6 warriors everywhere...

Yun Feng nodded and didn't say anything else. The four warriors glanced at Yun Feng again and kind of accepted her. "Where are you going? The Shiny Plains haven't been very safe lately. Why don't we give you a lift?"

Chapter 224: Returning to the Mercenary Union (4)

The four warriors thought the two of them were together, but Yun Feng smiled. "I'm going back to the Red Maple Mercenary Team and he's going to join a mercenary group."

"That's right! I want to join the Red Maple Mercenary Team too!" The young boy put a smile on his tanned face and showed his white teeth. The four warriors burst into laughter after hearing that. "Great! If you want to join the Red Maple Mercenary Team, it proves that you have quite a good taste!"

A warrior put his arm around the boy's shoulder. "Kid, what's your name?"

"Hehe, I'm Shuo Ye." A good-looking smile appeared on the boy's tanned face.

"Shuo Ye. Haha, kid, why do you want to join the Red Maple Mercenary Team?" A warrior held Shuo Ye's arm and walked forward. The few of them were also going towards the station of the mercenary groups. Shuo Ye chuckled. "Needless to say, I certainly admire the strength and style of the Red Maple Mercenary Team. They're different from the other mercenary groups!"

The few warriors were delighted after hearing that, but Yun Feng only sighed in her mind. This boy was truly honey-tongued...

“Not for our Young Lady?” A warrior made a joke to tease him, but Yun Feng’s expression became stiff. Shuo Ye asked curiously, “Which Young Lady?”

“Hm? You don’t know the Young Lady of the Red Maple Mercenary Team? That’s a legendary figure in the Mercenary Union!”

Shuo Ye touched the back of his neck again. “Well, I really don’t know!”

A trace of anger flashed through the faces of the warriors. Yun Feng was really a bit uncomfortable when she saw that. “If you want to join the Red Maple Mercenary Team, you first need to know that the Young Lady is the God of the Red Maple Mercenary Team!”

Yun Feng staggered. Luckily, nobody noticed that. The four warriors put all of their attention on Shuo Ye. It looked like they were going to give him an unforgettable ideological education, and it was even about her.

The few warriors spat as they talked on the way and Yun Feng felt dizzy when she listened to them. The warriors told Shuo Ye about what Yun Feng did three years ago one by one, as if they were enumerating their family valuables. After that, Shuo Ye’s gaze changed apparently.

“What do you think, kid? Do you want to meet our Young Lady to admire her?”

“Yes!” Shuo Ye immediately nodded with glitters in his black eyes. Yun Feng shook her head speechlessly. Meet her? Wasn’t she here already?

The few of them went all the way to the place where the mercenary groups were stationed. Yun Feng was more or less a bit uncomfortable. After all, the Young Lady these four muscular guys talked about was her. They were obviously looking forward to seeing her, and also felt sorry to tell Shuo Ye that their Young Lady hadn’t shown up for three years.

“Alright, we’re here!” The warriors shouted. Shuo Ye saw the tents in front of him, the logos on the tents and the mercenaries who kept walking in and out. His eyes glittered like stars again. When he was about to step inside, a warrior dragged him back.

“Kid, not everyone can enter this place. You’re not a mercenary yet. You can’t get in here. Somebody will take you to another passage. When you reach Ge Yuan and become a mercenary of the Red Maple Mercenary Team, we welcome you to come here!”

Shuo Ye blinked and finally nodded. A warrior then led him to another way. After going far, Shuo Ye suddenly remembered that he still hadn’t asked for the girl’s name... Haha, we’ll have a chance to meet again!

Watching Shuo Ye and that warrior go far away, Yun Feng subconsciously heaved a sigh. “Little girl, let’s go!” The three warriors smiled kindly at Yun Feng and Yun Feng also smiled back at them. The few of them then went inside. Passing through rows of tents, Yun Feng glanced over briefly. The Mercenary Union had also expanded in the last three years. The number of tents seemed to have increased a lot compared to three years ago.

After going through the three-star area, they arrived in the four-star area. The few warriors walked in the front, while Yun Feng followed them silently and didn't talk a lot. Finally, Yun Feng saw a vast place far away. There was an enormous tent with a red maple leaf on it!

Her heart suddenly pounded like crazy and the enthusiasm in her bones also surged slightly. Yun Feng looked at the tent. Would Uncle Wang still be here? How was Uncle Zhao and the others? Many thoughts jumped out one after another.

The few warriors walked into the tent with a smile and shouted loudly, "Captain Wang, we're back!"

Yun Feng's body shook slightly. Captain Wang was Uncle Wang?

"You're back!" A thick voice came. Yun Feng stepped inside slowly with a smile at the corners of her mouth. There were many mercenaries going in and out of the tent of the Red Maple Mercenary Team. When they saw Yun Feng, they were slightly startled, but didn't stay long and continued with what they were doing.

"Right, Captain Wang, we met a mercenary of the Red Maple Mercenary Team on the Shiny Plains today. She seemed to have just come back from outside." A warrior said. Yun Feng also saw Wang Ming, who was sitting there, busy doing something. The same smile was still at the corners of Yun Feng's mouth. She looked at Wang Ming, whom she hadn't seen for three years. His muscular body, his tough face and his bold personality truly didn't change at all.

Wang Ming looked up and glanced at the three warriors. He wanted to say something at first, but when he saw someone behind the three of them, he completely froze there and his hands also stopped moving abruptly. Wang Ming gazed at that beautiful face dumbfoundedly for a long time and kept putting it with that little face three years ago. Even though a lot had changed, the facial features, the demeanor, the smile... If it wasn't their Young Lady, who would it be?

"My Lady!" Wang Ming collected himself and yelled loudly. Everyone in the tent stopped what they were doing because of this shout and their eyes all looked around subconsciously. My Lady? Had their Young Lady, who had been gone for three years, returned? Where was she? Where was she?

"My Lady, you're back!" Wang Ming said as he immediately came over and pushed the three warriors standing in his way to the side. The three warriors finally realized something and they all looked at Yun Feng at the same time. The girl, who had been following them, turned out to be their Young Lady!

"Uncle Wang. It's been three years. How's everything?" Yun Feng gave a sweet smile as Wang Ming sized her up and down. "Everything's great. But you, my Lady, you really changed a lot. I almost couldn't recognize you!"

Chapter 225: Returning to the Mercenary Union (5)

Wang Ming stood in front of Yun Feng, looking very excited. Other people in the tent also looked at Yun Feng. The Young Lady of the Red Maple Mercenary Team! The Young Lady who was considered a legend in the Mercenary Union! It had been three years. She suddenly came back after three years!

The few mercenaries talked for a while secretly, then immediately opened the curtain and walked out, shouting outside, "People of the Red Maple Mercenary Team, listen up. Our Young Lady is back!"

This shout startled everyone. Wang Ming burst into laughter and said, "You brats!"

Yun Feng smiled in embarrassment. She should go to Ge Yuan earlier... When she was about to leave, she heard footsteps outside. The curtain of the tent of the Red Maple Mercenary Team was opened abruptly as a group of people flooded inside. They all widened their eyes. "My Lady? Where is she?"

Yun Feng stood there and looked at the extreme eagerness on these people's faces. She felt that the mercenaries of the Red Maple Mercenary Team were truly cute. She coughed gently. "I'm here."

Everyone who squeezed inside glanced over at the same time. "My Lady, you're back!"

"That's wonderful! I finally have the honor to meet my Lady!"

Some people yelled excitedly and worshipped Yun Feng like she was an idol. During the assessment three years ago, Yun Feng took down the Evil Wolf Mercenary Group by herself and pushed the Red Maple Mercenary Team to such a high peak. It was difficult for her not to become the object of worship of the Red Maple Mercenary Team!

"My Lady, you should go back to Ge Yuan. If Commander Zhao knows you're back, he'll definitely be delighted!" Wang Ming said with a smile and Yun Feng also nodded. However, the others were reluctant when they heard that.

"Captain Wang, my Lady has just come back. Why are you asking her to leave?"

"Right! We've just met my Lady. Let us look at her for a while longer!"

"Captain Wang, you're so mean!"

"Go, go, go! You brats! Do what you should do!" Wang Ming waved his big hand and yelled with a smile, looking at these mercenaries who kept complaining with an amused look. The mercenaries all pursed their lips and glanced at Yun Feng several more times reluctantly before they finally went out to do their work.

"My Lady, let me send you back!" Wang Ming said. Yun Feng nodded, while the others yelled again in dissatisfaction. "Captain, you still have things to do, right?"

"That's right! We can also send my Lady back! Captain, you should do what you need to do!"

"You became courageous. How dare you talk to me like that? I took my Lady to Ge Yuan last time. Shut up, all of you!" A hint of embarrassment flashed through Wang Ming's face and he shouted with a deep voice. The others were amused, but they didn't say anything else.

Yun Feng smiled, "Uncle Wang, let's go."

Wang Ming replied with a smile and walked out with Yun Feng. The two of them arrived in Ge Yuan at the highest speed. Along the way, Wang Ming told Yun Feng about the development of the Red Maple Mercenary Team in the last three years. Yun Feng smiled and nodded. As she expected, the Red Maple Mercenary Team became more fierce year by year!

Wang Ming didn't forget to ask Yun Feng about her situation. Yun Feng only gave a few simple replies. She didn't want Wang Ming to worry about her too much. The two of them soon came to the Mercenary

Union in Ge Yuan. The mercenaries guarding outside greeted Wang Ming when they saw him. "Captain Wang, you're back!"

Wang Ming answered in a great mood. "Yeah, our Young Lady has returned, so I certainly have to come here with her!" Wang Ming said as he went inside with Yun Feng. The two mercenary guards watched the two of them enter. When they looked back, they suddenly collected themselves.

"What did he just say? Their Young Lady? The Young Lady of the Red Maple Mercenary Team?"

Another mercenary flushed. He turned around and looked inside abruptly, but couldn't see the two of them anymore. "That Young Lady, who's known as the legend, is back?"

Yun Feng walked into the Mercenary Union with Wang Ming next to her. Returning to the Mercenary Union after three years, its scale seemed to be a bit larger than three years ago. As they walked past the three-star area, there seemed to be a lot more three-star mercenary groups as well and the number of people also increased a lot compared to three years ago.

Wang Ming explained to Yun Feng as they walked. "My Lady, the Mercenary Union recruited many new members in the last three years and a lot of mercenary groups rose. Hehe, the Red Maple Mercenary Team is the most outstanding one. Countless people want to join the Red Maple Mercenary Team because of you, my Lady!"

Yun Feng smiled. "I'm just a small part of the factors. The philosophy and spirit of the Red Maple Mercenary Team are the most attractive parts. These new members can rely on the Red Maple Mercenary Team because of me, and mostly because of the Red Maple Mercenary Team itself."

Wang Ming chuckled with pride. There were indeed too many differences between the Red Maple Mercenary Team three years ago and the Red Maple Mercenary Team three years later. Wang Ming was really glad that he met their Young Lady three years ago and could have such an experience with her. If not, how would the Red Maple Mercenary Team be so glorious today? They would have been squeezed out of the three-star mercenary groups.

Walking in the Mercenary Union, the two of them attracted the attention of many mercenaries. Everyone was certainly familiar with Wang Ming. All of them knew the few heavy hitters of the Red Maple Mercenary Team. However, who was the little girl next to him? Why didn't they know that there was such a beautiful girl in the Mercenary Union? And she was from the Red Maple Mercenary Team?

Some mercenaries were confused and they were all guessing Yun Feng's identity. Suddenly, an idea came to a mercenary's mind and he shouted, "Would she be... Would she be..."

The other mercenaries also became hotheads. "Would she be what? Tell us!"

"Would she be... that Young Lady?"

As soon as he said this, all the mercenaries were shocked. "Young Lady? That legendary Young Lady? It's impossible... She hasn't showed up for three years..."

"You can't be sure. Look, when have you seen Wang Ming look so cheerful in front of other people before? Other than the Young Lady of the Red Maple Mercenary Team, who else can she be?"

“Breaking news!” A mercenary ran in from outside panting. He was breathing very rapidly and he shouted as he ran. The other mercenaries also gathered around in curiosity. “What news?”

Chapter 226: Ripping Them Off Again (1)

“Definitely breaking news! The Young Lady of the Red Maple Mercenary Team is... is back!”

The other mercenaries all opened their mouths wide and their jaws almost dropped. Everyone looked at each other. The beauty who walked past them just then turned out to be the Young Lady of the Red Maple Mercenary Team? No wonder, no wonder...

All the mercenaries immediately ran in one direction leaving the person who delivered the news shocked. “Hey, guys, why are you running? Where are you going?”

The other mercenaries ran and shouted without looking back, “Are you nuts? Of course, we’re going to see the Young Lady of the Red Maple Mercenary Team!”

The mercenary, who delivered the news, was startled and then touched his head. “Hey, wait for me! Count me in!”

The news that Yun Feng had returned circulated around the Mercenary Union like a gust of wind. The two mercenaries guarding the entrance could be considered the best news spreader. Spreading from mouth to mouth, the Commanders of the four five-star groups of the Mercenary Union also received the news after a while. The four of them immediately gathered with different expressions on their faces.

“Yun Feng is back,” the Commander of the Waning Moon Group said with a cold face as the Commander of the Raging Fire Group also replied in a bad tone, “We should go to have a chat with her.”

Leng Siao and Tuoba Gang sat on the same side with a bad expression on their faces. Glitters flashed across the huge earrings worn on Tuoba Gang’s earlobes and he seemed to be overwhelmed. “Fuck, it’s been three years and we still haven’t even seen the shadows of the ultimate ores. Are we being tricked by her?”

Leng Siao frowned after hearing this, while the faces of the other two Commanders also darkened a little. In the last three years, these four Commanders of the five-star groups had been suffocating with anger and they had nowhere to vent it. They sent huge amounts of mid-level ores to the Red Maple Mercenary Team batch by batch, while hopefully constantly searching the mineral vein they got with four mid-level mineral veins, praying that they could find ultimate ores. However, after three years of days and nights of searching, there weren’t any ultimate ores at all, apart from low-level ores!

These four Commanders were patient at first. How would they be able to find ultimate ores whenever they wanted? Then, one year has passed, two years have passed, two and a half years have passed! Even the most patient person would smell something in this. The four Commanders of the five-star groups, who were ripped off three years ago, finally understood right now that they were probably tricked by Yun Feng!

The four Commanders of the five-star groups took two and a half years to realize this, but they couldn’t change anything. They could only swallow this dumb loss into their stomachs. What else could they do? They signed clearly on the agreement of the Mercenary Union. They still had to send mid-level ores away and they had already suffered the losses!

The four Commanders of the five-star groups had nowhere to vent the anger they had been repressing for six months. Would they have the courage to do anything to the Red Maple Mercenary Team? Of course not! Based on the current development, the Red Maple Mercenary Team was already on an equal footing with them, except for the difference between their levels! In the next assessment, one of the four five-star groups would definitely be dragged down by the Red Maple Mercenary Team!

They couldn't lay a hand on the Red Maple Mercenary Team easily and couldn't set them up secretly. With two mid-level mineral veins and the huge amount of mid-level ores sent by these four five-star groups, the overall strength of the Red Maple Mercenary Team had reached a certain level abruptly. There used to be very few level-9 masters in the Mercenary Union in the past, but now, they were everywhere. The four Commanders of the five-star groups could only widen their eyes and watch the rapid development of the Red Maple Mercenary Team. They couldn't suppress them even the slightest!

For the overall level of the Red Maple Mercenary Team right now, the lowest level they had was level 6! And the highest level had reached level 9! Besides, the number of level-9 powerhouses was no longer a single digit!

The Commanders of the four five-star groups were filled with pent-up anger, but they could only repress it. Thinking about being ripped off so harshly three years ago, they truly regretted it so much that their intestines turned green.

And now, Yun Feng was back. The culprit was back! They naturally had a target to vent their anger on now. If Yun Feng couldn't give them ultimate ores, they would have a reason to unite and suppress the Red Maple Mercenary Team, and they would also be able to get back the large number of ores they gave to the Red Maple Mercenary Team every time!

Leng Siaoase hadn't been talking and Tuoba Gang was apparently a bit enraged when he saw Leng Siaoase remain silent. "Leng Siaoase, why have you become dumb? Can you say something?"

Leng Siaoase looked worse. "Tuoba Gang, if you have the guts, rush over and argue with Yun Feng right now. I won't stop you at all."

Tuoba Gang widened his fierce eyes and stared at Leng Siaoase as he cursed him secretly, sitting back again. Leng Siaoase glanced at Tuoba Gang in disdain and finally said slowly.

"Three years ago, Yun Feng was still at level 6. Have you ever thought about how much her strength has improved three years later?"

As soon as he said this, the other three Commanders looked even paler again.

"How powerful can she get? Level 8 at most!" Tuoba Gang mumbled softly with a slightly indignant look. Rising two levels to level 8 in three years was already considered a genius speed in their understanding.

Leng Siaoase shook his head. "I guess her strength has already reached level 9. It's very likely to be the case."

Tuoba Gang spat on the ground. "Leng Siaoase, are you boosting other people's morale and destroying your own prestige right now?"

Leng Siaoze rolled his eyes at Tuoba Gang. "I'm still going to say the same thing. If you have any more nonsense to say, go to argue with her yourself. By then, you can do whatever you want, including attacking her!"

Tuoba Gang went silent again, but his face was full of anger and his heart felt suffocated! Level 9? If Yun Feng had really reached level 9, shouldn't people who hadn't improved a bit in these three years like them hit the wall to kill themselves in shame?

"If she has truly reached level 9, it'll be difficult to deal with. Even though it's possible to use strong means, it's still a bit knotty." The Commander of the Waning Moon Group pondered for a while and said. Leng Siaoze then shook his head with a smile. "No, we need to be the veritable weak in this matter. Yun Feng ripped us off harshly and we must make her pay the price!"

"Fucking get to the point!" Tuoba Gang shouted again, while Leng Siaoze's face darkened and ignored him. "We have to get Mr. Zheng Ran on our side. We must occupy the side of justice firmly and take the Red Maple Mercenary Team down fiercely through this opportunity, so he can't have the power to surpass us!"

Chapter 227: Ripping Them Off Again (2)

"Fuck, after talking nonsense for so long, only this is something a person would say!" Tuoba Gang burst into laughter. Thinking that Yun Feng would admit that she ripped them off three years ago in front of Mr. Zheng Ran, and thinking of the losses that the Red Maple Mercenary Team was going to suffer next, Tuoba Gang felt very comfortable in his mind!

"Commander Leng is smart. Let's go to find Mr. Zheng Ran," the Commander of the Raging Fire Group said with a smile. The few Commanders couldn't help but feel relieved. As long as they could make the Red Maple Mercenary Team unable to recover after collapsing, as long as they could destroy the agreement they signed three years ago, what does it matter if they had to be the weak for once?

The four Commanders of the five-star groups went to the place where Zheng Ran was in the Mercenary Union. Once they arrived, Zheng Ran walked out of the door and saw the four Commanders of the five-star groups. Zheng Ran smiled gently. "Great! Yun Feng has returned. Come with me to have a look."

The four Commanders of the five-star groups smiled reluctantly and followed behind Mr. Zheng Ran. "Leng Siaoze, what if Mr. Zheng Ran stands on Yun Feng's side? Aren't we embarrassing ourselves?"

Leng Siaoze looked at Zheng Ran's back and shook his head, replying softly, "I don't think so. If Mr. Zheng Ran isn't fair, the rules of the Mercenary Union will be broken. Once the rules are broken, he'll be in a lot of trouble in the future."

The other three Commanders were also slightly relieved after hearing that. They followed Zheng Ran and walked towards the four-star area.

Wang Ming took Yun Feng to the building where the Red Maple Mercenary Team was located. Looking at the building in front of her that was obviously a few times wider and many times taller than the previous one, Yun Feng nodded in satisfaction. Wang Ming chuckled as he opened the door and shouted inside, "Commander Zhao, come out quickly. Look who's back!"

Yun Feng walked inside behind Wang Ming. Many mercenaries were accepting their tasks or resting in the large main hall. Seeing Wang Ming come inside, they all greeted him passionately. Yun Feng sensed them slightly and found that the lowest level these mercenaries had was level 6!

The development of the Red Maple Mercenary Team in the last three years was truly great. There was a smile on Yun Feng's little face. After a while, she heard a voice that was undergoing voice mutation and was very hoarse. "Uncle Wang, why are you here?"

Wang Ming smiled. "Zhao Yan, where's Commander Zhao? Is he not in the union?"

Yun Feng saw a lanky young man walking down the stairs. Three years had passed and Zhao Yan seemed to have already grown much taller. He was one head taller than Yun Feng was and there were marks of maturity on that face that used to be slightly immature three years ago. He already looked like an adult at first glance.

Zhao Yan walked over. He didn't really want to talk during his voice change, so he nodded and pointed upstairs. Wang Ming understood him as he moved his body aside with a smile, showing Yun Feng who was standing behind him.

"Zhao Yan, look who's back!"

Zhao Yan looked over with his black eyes. When he saw the teenage girl in front of him, he couldn't help but feel startled and he glanced over her face back and forth a few times. His doubtful gaze gradually became clear. Zhao Yan's mouth gently opened and he wanted to say something, but his handsome face suddenly blushed the next second!

"My... My Lady..." Zhao Yan yelled with a hoarse voice as Yun Feng nodded. "Zhao Yan, you grew a lot taller in these three years."

Zhao Yan blushed and nodded. "I... I'll ask my father to come down..." The blush on Zhao Yan's face became redder. Yun Feng and Wang Ming found it a bit weird when they saw that. Zhao Yan went up the stairs in a few steps and some flustered footsteps sounded upstairs.

"What's wrong with this kid?" Wang Ming was very frustrated as he looked at Zhao Yan's flustered back. Yun Feng also smiled speechlessly and finally noticed that all the mercenaries in the main hall of the Red Maple Mercenary Team were gazing at her. Over a hundred pairs of eyes stared right at her. Yun Feng smiled.

"It turns out my Lady is back..." A mercenary murmured, which aroused the emotions of all the other mercenaries like the last straw. "Yoohoo! My Lady is back!"

The mercenaries in the main hall all shouted their heads off and the entire main hall was stirred. Wang Ming burst into laughter. He was delighted to see how thrilled these mercenaries with surging energy were, and Yun Feng also felt the excitement of these people in their shouts.

It turned out these people had been looking forward to seeing her return throughout these three years. The feeling of being longed for... was truly indescribably good!

"I've already heard the noises before I got here. How lively!" Someone pushed open the door of the Red Maple Mercenary Team gently as the cheering mercenaries immediately went into silence. Each of the

five people that came in carried a terrifying pressure. Yun Feng glanced at them and went up to greet them.

"Mr. Zheng Ran." Yun Feng greeted Zheng Ran with a smile, while ignoring the four Commanders of the five-star groups next to him. Even though she had no idea why the four of them would come here together, they definitely didn't come to see her. The development of the Red Maple Mercenary Team in these three years must have aroused the dissatisfaction of the four of them, or they wouldn't look so upset.

Zheng Ran looked at Yun Feng with a smile. Looking at this teenage girl who had become fully grown after three years, Zheng Ran detected her strength slightly and his eyes widened a little. Good Lord! He couldn't detect the little girl's strength anymore!

"How's your training in the last three years?" Zheng Ran asked with a smile. The mercenaries in the main hall of the Red Maple Mercenary Team all remained silent and sat there obediently. Among the five people that came in, one of them was the Vice President of the Mercenary Union, while the other four were the Commanders of the five-star groups. None of them could be offended. However, thinking that even the Vice President of the Mercenary Union came to see their Young Lady, the mercenaries of the Red Maple Mercenary Team immediately felt like they had gained face!

"Thank you for worrying about me, Mr. Zheng Ran. Everything's great." Yun Feng gave a general reply. She had quite a good impression of Zheng Ran. Before she left, Zheng Ran gave her the storage ring and things inside could be said to be Zheng Ran's private property, which was Zheng Ran's kindness for her. Of course, she couldn't rule out the possibility that he might want to rope her in as well, but there was more or less a bit of sincerity.

Zheng Ran nodded with a smile. At this moment, Tuoba Gang standing on the side was a bit impatient. He didn't have time to hear them greet one another endlessly!

Chapter 228: Ripping Them Off Again (3)

Tuoba Gang was about to speak so Leng Siaoze glanced at him as he said with a smile, "After being gone for three years, you have become quite impressive, Yun Feng."

Yun Feng smiled and finally gazed at Leng Siaoze. "Thank you for your compliment, Commander Leng."

Leng Siaoze smiled. The four of them didn't come to visit her, but wanted to settle the scores with her! "Since Mr. Zheng Ran is here, we also have something to talk to you about, Yun Feng."

There was a smile in Yun Feng's black eyes. She knew that they didn't come with good intentions, but she would roll with the punches! "Commander Leng, what do you want to talk to me about?"

"My Lady!" A shout came. Yun Feng turned around slightly and saw Zhao Mingqi rushing down the stairs quickly. When Zhao Mingqi saw Yun Feng, he ran over with an excited look and even forgot that Zheng Ran was on the side.

"My Lady, you're back." Zhao Mingqi said to Yun Feng with a slight tremor in his voice. When he saw the four Commanders, he smiled. "Commanders, why are you here?"

Tuoba Gang waved his big hand as a level-9 fighting energy flashed towards Zhao Mingqi abruptly. Zhao Mingqi became anxious and his strength as a level-8 warrior immediately burst out. The scene three years ago happened again!

Zheng Ran narrowed his eyes and stood aside, looking at Yun Feng with a smile. A glint of coldness flashed through Yun Feng's black eyes abruptly as she twisted her wrist gently. Her mental strength then blocked in front of Zhao Mingqi completely and destroyed Tuoba Gang's level-9 fighting energy silently. Zhao Mingqi wasn't injured at all!

The four Commanders couldn't help but feel shocked after seeing this scene, while Zheng Ran showed a smile at the corners of his mouth. Zhao Mingqi gazed at Yun Feng with a thrilled look. His Young Lady blocked an attack for him three years ago and it was still the same today three years later!

"Commander Tuoba, you made an attack in the territory of the Red Maple Mercenary Team. What exactly do you want? Are you dissatisfied with the Red Maple Mercenary Team? If you are, you can just tell us. Why do you have to use these tricks?" Yun Feng's face turned completely cold. She didn't have the strength to challenge him three years ago. However, three years later today, he could never hurt anyone of the Red Maple Mercenary Team in front of her!

Tuoba Gang's face flushed. He knew that his attack was completely resolved by Yun Feng and that he wouldn't be able to get any advantages from Yun Feng. He was even at a loss for words because of what Yun Feng said. He only stood there with a flushed face, unable to find a way out of the embarrassment.

"Yun Feng, Tuoba Gang just got anxious. He didn't hurt anyone, did he?" Leng Siaoase said as Yun Feng grunted coldly. Leng Siaoase was extremely thick-skinned. She didn't want to argue with them anymore.

"Commanders, just tell me what you want to talk to me about." Yun Feng said indifferently and the good-tempered look she had just then was already gone.

Leng Siaoase and the other Commanders looked upset when they thought about the anger they had been repressing for three years.

"If you want us to talk about it, then let's talk about it. Mr. Zheng Ran, please do us justice." Leng Siaoase bowed to Zheng Ran and Zheng Ran nodded with a smile. When Leng Siaoase saw that Zheng Ran agreed, he looked at Yun Feng coldly. "Three years ago, Yun Feng completely ripped us off."

Zhao Yan was enraged after hearing that. When he was about to speak, his father stopped him. Yun Feng pondered for a while when she heard what Leng Siaoase said. She finally understood what the four of them were talking about. "What do you mean by ripping you off? Did I force you? You did it voluntarily and you signed the agreement at the notary office of the Mercenary Union. If I remember correctly, you dragged me there, Commanders."

"That's because we fell into your trap!" The Commander of the Raging Fire Group shouted furiously and the Commander of the Waning Moon Group also said in rage, "Yun Feng, you know clearly in your mind that the mineral vein is just a low-level mineral vein. There are no ultimate ores at all!"

Yun Feng curled up her lips and smiled. "No? How would I know... You're the ones who insisted on having the mineral vein back then. I couldn't do anything about it."

Leng Siaoase smiled coldly. “Yun Feng, we’re not going to talk nonsense with you. The agreement three years ago will be invalidated. We won’t provide you with any mid-level ores anymore and we’ll give you back the low-level mineral vein!

The other members of the Red Maple Mercenary Team couldn’t help sweating after hearing that. Without the huge amount of mid-level ores, the Red Maple Mercenary Team would suffer great losses!

“Sure! You’re the ones who wanted that mineral vein at the beginning, and you’re also the ones who don’t want it anymore right now. If that’s the case, the agreement shall be voided!” This was out of the expectation of the four Commanders. They had never thought that Yun Feng would agree so quickly, so it caught them off guard instead!

“You...” Tuoba Gang was about to say something so Yun Feng looked at them. “Why? I’ve already agreed. Do you still want to say anything about me?”

Leng Siaoase frowned in doubt. What was going on? Why did he feel like he was being manipulated in the hands of others? Nobody knew if the mineral vein had ultimate ores or not. Yun Feng was the only person who knew about it! If she had ultimate ores, it would be enough to prove that the ultimate ores once appeared in that mineral vein! And now, after they canceled the agreement, Yun Feng didn’t have any expression at all on her face and she even looked very happy. Perhaps they were being fooled again?

Leng Siaoase frowned and pondered again and again in his mind. No matter how he thought about it, it was impossible for him to guess if this mineral vein was worth it or not.

“Mr. Zheng Ran, you heard her. The agreement will be voided. The Red Maple Mercenary Team has to return the four mid-level mineral veins they got from the four Commanders and the low-level mineral vein will be returned to the Red Maple Mercenary Team.”

“Wait!” Leng Siaoase shouted. Tuoba Gang then yelled furiously, “Leng Siaoase, what the f**k is wrong with you?”

Leng Siaoase rolled his eyes at Tuoba Gang. “Yun Feng, the suggestion I made just then was indeed a bit rash. What about we have a discussion?”

A hint of coldness flashed through Yun Feng’s little face. “A word spoken is past recalling. Commander Leng, as the Commander of a five-star group, it isn’t good to always change your mind.”

What Yun Feng said made Leng Siaoase’s entire face flush, but thinking of the ultimate mineral vein, Leng Siaoase was suddenly unwilling to give up.

“Fuck, I’m done playing with you. Our agreement with you is canceled!” Tuoba Gang said as Yun Feng nodded. “Commander Tuoba indeed has a distinguished bearing. Alright, our agreement is canceled. Your group doesn’t have to send us mid-level ores anymore.”

Chapter 229: Ripping Them Off Again (4)

The Commanders of the Raging Fire Group and the Waning Moon Group felt like there must be something when they saw Leng Siaoase’s expression at this moment so they also hesitated a little. Once

Tuoba Gang saw that, he immediately shouted, "What are you waiting for? Haven't we made a decision?"

The two Commanders chuckled. "We don't have your boldness, Tuoba Gang... Let us think about it..."

Seeing the attitude of the few of them, Yun Feng sneered in her mind. If you want to play, I'll play with you. I'll not call myself Yun Feng if I don't rip you off until your skin is torn!

"Commander Leng, what else do you want to say?" Yun Feng asked.

Leng Siaoze pondered for a while and finally said, "Yun Feng, please forgive me for the recklessness of what I said just now. We've been turning the low-level mineral vein upside down in the last three years and we've never even found a single ultimate ore, so we're a bit anxious."

Zhao Yan chuckled in his mind after hearing that, but he dared not show it on his face. Bullshit! That was just a low-level mineral vein. How would there be ultimate ores?

Yun Feng made a look of realization. "If that's the case, you should just give that mineral vein back to us, Commander Leng." Yun Feng smiled and said. "Didn't you say that you don't want it anymore? Then, give it back."

Hearing what Yun Feng said and seeing how anxiously she wanted to get it back, stubbornness rose in Leng Siaoze's heart. She wanted to get it back so anxiously. There must be something!

"Yun Feng, how can you say that? We only decided to sign an agreement with you because we heard that you got ultimate ores. You should be a bit more sincere, shouldn't you?"

After hearing this, Yun Feng curled up her lips and smiled. They just wanted to see the ultimate ores after all. Yun Feng hadn't even seen any ultimate ores before! However, it was different now. Ultimate ores were as common as cabbages for her!

"Commander Leng, I can't let you take the advantages yourself, can I? Why? If I show you an ultimate ore, then you'll continue occupying the mineral vein. So, is what you said just now bullshit?"

Leng Siaoze's face flushed. "Of course not. I just want to be sure..."

"To be sure? Before confirming it, you have to take some risk. Do you want this mineral vein or not?"

Yun Feng asked Leng Siaoze with a smile. Leng Siaoze was so enraged that he almost spurted out blood. She was obviously taking advantage of him! Whether he was keeping the mineral vein or not, he wouldn't be the one who got the benefits! Leng Siaoze truly regretted negotiating with Yun Feng. He didn't learn a lesson last time. Leng Siaoze scolded himself in his mind.

The other two Commanders also frowned and pondered. If they said yes and Yun Feng couldn't show them any ultimate ores, they would truly suffer huge losses. With Mr. Zheng Ran here, they couldn't change their minds either. If they said no and Yun Feng took out an ultimate ore, wouldn't they miss a great opportunity?

The Commanders of the Waning Moon Group and the Raging Fire Group said at the same time, "We'll choose whatever Commander Leng chooses." They would suffer losses together, and they wouldn't let any group take advantage by themselves!

Tuoba Gang was so enraged that his heart burnt as he watched on the side. Why couldn't he remain calm? Great. Things had developed to this point now. Even fools could see that this was a gamble. If they won, it would be a big win!

Hearing what the other two Commanders said, Leng Siaoze almost spurted out blood. They were all something! Yun Feng waited for a while patiently, while Zheng Ran stood next to her with a smile. All the mercenaries of the Red Maple Mercenary Team also held their breath, waiting for Leng Siaoze's reply. If he said no, the Red Maple Mercenary Team would truly suffer a huge loss!

"If Yun Feng said so, I don't want it anymore." Leng Siaoze suddenly curled up his lips and smiled as a glint of light flashed through his black eyes when he looked at Yun Feng. Yun Feng also smiled. Compared with her, Commander Leng seemed to be a bit worse in terms of calmness.

The mercenaries of the Red Maple Mercenary Team couldn't help but look disappointed when they heard Leng Siaoze's reply. They were doomed. The ores from the four mid-level mineral veins... were gone just like that!

The hearts of the Commanders of the Raging Fire Group and Waning Moon Group stopped when they heard Leng Siaoze's reply. Yun Feng then smiled and said, "Alright, Commander Leng, don't change your mind again."

Leng Siaoze nodded. "Certainly not."

A cunning fox-like smile suddenly flashed through Yun Feng's face and she twisted her wrist as a crystal clear ore appeared in her hand. It had no impurities at all and was covered with bright glitters! Once the ore appeared, everyone's breath became hot. An ultimate ore!

The eyes of the four Commanders were about to pop out. Fuck, that was an ultimate ore. That was truly an ultimate ore! Yun Feng smiled. "Commanders, do you see it?"

Yun Feng put the ultimate ore a bit closer to them. Leng Siaoze was so shocked that he felt like his liver and gall seemed to be torn. He lost this time. Damn, he lost miserably!

Yun Feng flipped her hand again and the ultimate ore disappeared from her palm, like a flower that blossomed for a very short period. Seeing the red eyes and the regretful looks of the four Commanders, Yun Feng waved. "Commanders, if there's nothing else, I'll see you out!"

"Wait! Yun Feng, let's have a discussion. Let's have a discussion!" Tuoba Gang suddenly shouted and gave a flattering smile. "The old agreement is canceled, but we can sign a new one!"

The Commanders of the Waning Moon Group and the Raging Fire Group both nodded constantly and were biting Leng Siaoze's head off in their minds. Leng Siaoze also stood there with a flushed face, feeling a bit embarrassed.

"Commander Tuoba, what do you mean?"

"I mean... we can make a new agreement. Don't you think? My condition will remain the same, a mid-level mineral vein in exchange for your mineral vein!"

"Me too, me too!" The other two Commanders both agreed. Yun Feng smiled and remained silent. Everyone in the Red Maple Mercenary Team wanted to burst into laughter in their minds, especially

Zhao Yan, Zhao Mingqi and Wang Ming. Their Young Lady ripped them off once. And now, it was the second time!

Leng Siaoase remained silent for a long time, but when he spoke, the condition he suggested surprised the others. "The Cold Star Group will offer you a high-level mineral vein in exchange for your mineral vein. Yun Feng, I'll never go back on my words this time!"

The other three Commanders opened their mouths wide. Fuck! A high-level mineral vein! Had Leng Siaoase gone mad?

Chapter 230: Ripping Them Off Again (5)

The smile at the corners of Yun Feng's mouth became deeper. "Of course! If Commander Leng is so sincere, I certainly have to show my sincerity as well. Then, I'll give this mineral vein to..."

"Wait! I want to exchange it with a high-level mineral vein as well!" Tuoba Gang shouted with a flushed face. The jaws of the Commanders of the Waning Moon Group and the Raging Fire Group dropped in shock. They could still offer a mid-level mineral vein, but a high-level mineral vein... Just forget about it. The two groups had only one high-level mineral vein each!

All the mercenaries of the Red Maple Mercenary Team were thrilled after hearing that. A deal of four mid-level mineral veins became high-level mineral veins. They would become rich. They would become rich!

Leng Siaoase and Tuoba Gang certainly knew that they would lose some benefits, their own benefits! All four five-star groups had high-level mineral veins. Leng Siaoase's Cold Star Group had two, Tuoba Gang's Fierce Tiger Group had two, while the Waning Moon Group and the Raging Fire Group had one each. Of course, Leng Siaoase had his own little plan when he suggested offering a high-level mineral vein. Then, the Waning Moon Group and the Raging Fire Group wouldn't be able to interfere. Since Yun Feng was about to show them an ultimate ore, it proved that there must be something in that mineral vein! Now that he was certain about it, he must get rid of as many people as he could!

The Commanders of the Waning Moon Group and the Raging Fire Group had the intention to get involved, but they couldn't do anything about it, so they were destined to be out in this competition. The two Commanders gritted their teeth secretly. What a Leng Siaoase! His brain really didn't just spin once or twice! If the Fierce Tiger Group didn't have two mineral veins, wouldn't he occupy this mineral vein by himself?

Leng Siaoase looked at Tuoba Gang. "Tuoba Gang, are you joining in the fun?"

Tuoba Gang burst into laughter. "Leng Siaoase, don't even think about having it to yourself!"

Yun Feng looked at the few people in front of her and smiled without restraint in her mind. Just argue. The more heated, the better!

"Yun Feng, what do you think?" Tuoba Gang smiled and asked Yun Feng. Yun Feng certainly nodded. Of course, she must accept things that were sent right to her.

"Commander Tuoba is also very sincere. I'll certainly count you in."

Hearing what Yun Feng said, Leng Siaoze immediately looked a bit upset. “Mr. Zheng Ran, please be our witness for this matter.”

Zheng Ran took out a few pieces of paper with a smile. Those were the agreements. “If you’ve made a decision, sign the agreement, just in case someone goes back on their word in the future.”

Leng Siaoze and Tuoba Gang immediately took the agreement and wrote that a high-level mineral vein of their mercenary group would be owned by the Red Maple Mercenary Team, and that they would send high-level ores to the Red Maple Mercenary Team every month. Yun Feng also signed her name on the agreements and transferred the mineral vein of the Red Maple Mercenary Team to these two groups. The deal was sealed. Zheng Ran took back the agreements as the Commanders of the Raging Fire Group and the Waning Moon Group gritted their teeth furiously and ran out of the door. Leng Siaoze and Tuoba Gang also didn’t stay long. It didn’t feel good to suffer losses. They must go back to think about whether they dug the wrong place before, or if they used the wrong technique.

The four Commanders of the five-star groups were gone, but Mr. Zheng Ran was still here. Yun Feng smiled at Zheng Ran gently. When she was about to say something, Zheng Ran waved his hand firmly. “It’s good to restrain their strength. It’s also less of a headache for me.”

Yun Feng smiled and the mercenaries in the main hall of the Red Maple Mercenary Team also gave a beaming smile on their faces one after another. Their Young Lady was truly a god! The Red Maple Mercenary Team was about to face heavy losses, but it was great now. They lost their mid-level ores, but got high-level ores instead!

“Kid, come and find me when you have time.” Zheng Ran said with a smile as Yun Feng nodded. Zheng Ran then also left the Red Maple Mercenary Team. As soon as Zheng Ran left, the mercenaries in the main hall of the Red Maple Mercenary Team let out sounds other than screaming.

“With my Lady here, the Red Maple Mercenary Team is invincible!”

“That’s right! With my Lady here, the Red Maple Mercenary Team will keep moving forward!”

Zhao Mingqi looked at the excited mercenaries again and also felt a bit emotional. As expected, with their Young Lady here, the Red Maple Mercenary Team could head off any disaster!

The few of them came to the second floor, while the mercenaries in the main hall were still discussing excitedly. Yun Feng briefly talked about her experience in the last three years in the house, but didn’t tell them too much about it. She told the three of them that she would be leaving right away after coming back this time. She still needed to participate in the magic exam of the Masang School of Magic.

Zhao Yan said with a hoarse voice after hearing that, “Why do you still have to go to Masang School of Magic? Is it not good here?”

Zhao Mingqi stared at his son and said to Yun Feng, “My Lady, just go. Mr. Zheng Ran won’t say anything either. You don’t have to worry about us.”

Wang Ming laughed. “My Lady is a mage. It’s right for her to go to Masang School of Magic. Xiao Yan, don’t be so awkward.”

Zhao Yan flushed and sat there embarrassedly. "What I said is true! Even if she's a mage, so what? My Lady will just waste her time if she goes there! Isn't it good for her to stay here with us?"

Zhao Mingqi and Wang Ming immediately went silent and Yun Feng smiled. "Zhao Yan, my brother is in Masang School of Magic. That's my closest family. I'll still be a mercenary of the Red Maple Mercenary Team after going to Masang School of Magic. This is something that will never change."

Zhao Yan suddenly looked up and gazed at Yun Feng with his black eyes. "I didn't mean that. What I'm trying to say is..." His voice stopped abruptly. Zhao Yan turned his head to the side and didn't say a word again.

Zhao Mingqi sighed softly. "My lady, you can go wherever you want. The Red Maple Mercenary Team has always got your back, always."

Yun Feng smiled and nodded. The Red Maple Mercenary Team got her back and she also got the Red Maple Mercenary Team's back! Whoever dared to harm the Red Maple Mercenary Team would have to go through her first!

"Alright, my Lady, go find Mr. Zheng Ran quickly." Zhao Mingqi said. Yun Feng nodded as she got up and left without saying anything. After seeing that Yun Feng was gone, Zhao Mingqi slowly walked to his son and patted his shoulder.

"Xiao Yan, my Lady is an eagle. The sky of the Red Maple Mercenary Team is too small after all."
