

Summoner 391

Chapter 391: Disaster (4)

Before the players of the Cashya Empire could explain, there were another ten flashes, which made everybody change their expression. When the light faded, the royal members of the Ovey Empire and the Shengyao Empire became gloomy too. Seeing that, Kai almost couldn't hold back his delight.

"What happened? Why did you come out?" asked the royal members of the Ovey Empire and the Shengyao Empire in disbelief. Muqing and Xiaoxiao were too strong to be defeated. What happened exactly?

Muqing and Xiaoxiao quickly explained the situation. Everybody changed their expression again, especially Zheng Ran and Bi Xing. There were another few flashes on the Forsaken Maze's exit. Kai frowned, but accepted what might happen. Since an accident happened, it was not unusual for the contestants to quit.

"Feng!" Yun Sheng looked for Yun Feng the moment he came out, and so did Murong Yuntian and Ze Ran. Qu Lanyi glanced around quickly, and became gloomy when she didn't see Yun Feng.

Yun Sheng didn't see Yun Feng, and immediately became pale. Kasa didn't see Yun Feng either, but she put on a smile. Kai walked to them. He was surprised that everybody was here except Yun Feng.

"Where's Yun Feng?" asked Kai. Kasa smiled, "In the maze, of course. Uncle Kai, the Karan Empire will surely win!"

"I'll search for Feng!" Yun Sheng immediately turned around, with craziness on his face. Murong Yuntian immediately held him back. "You won't be able to help." Yun Sheng waved his arm quickly. "Let go of me! I need to find Feng!"

Murong Yuntian pursed his lips, and slashed Yun Sheng's nape, making him fall unconscious. Kasa looked at him in disgust, and Kai stood in silence. Having learned of the accident in the maze, Kai knew how serious it was. He was silent for a moment after learning that Yun Feng didn't come out. Then he said, "Yun Feng should be capable of protecting herself. We must trust her."

Both Murong Yuntian and Ze Ran were solemn. Qu Lanyi, on the other hand, raised her brows and glanced at Kasa and Kai. She turned around and said, "I'll head back. Fengfeng will be fine. I believe in her." After saying that, Qu Lanyi vanished. Because the contest wasn't over and Yun Feng didn't come out, it was impossible to tell the result. The Cashya Empire didn't want to end the contest either. Maybe they blamed Yun Feng for Carson's death.

Everybody was still waiting. At the same time, a person emerged in the sky above the Forsaken Maze and floated, declaring furiously, "I will kill whoever hurts her!"

There was only one week to go until the end of the international contest. Another week had passed since the accident in the Forsaken Maze. Everybody had been anxious during the week, but for different reasons.

All the empires except Karan were observing the situation nervously. They were all thinking the same. As long as Yun Feng didn't come out, Shengyao and Ovey would have as many survivors as Karan did. In

such a case, the three empires would all be qualified to explore the relics. Cashya was apparently the most unfortunate one. It had lost Carson, and its summoner's assistance didn't really help. The Cashya Empire had truly suffered a huge loss.

Besides, the contest had been held in their territory, and the Forsaken Maze was their idea. They didn't expect themselves to suffer the biggest loss. They would've gone home in embarrassment if the contest were already over.

Ovey and Shengyao simply wished that Yun Feng would stay there. They didn't think she could possibly survive such a disaster. They were simply enjoying the show. If they were truly lucky, they might win the qualification of exploration in the end.

On Karan's side, everybody had been gloomy and depressed. Yun Sheng, in particular, had contacted his father with the Sound Transmission Jade and informed him of the situation. After hearing everything, Yun Jing didn't say anything, but Yun Sheng could feel his father's grief and fury. Was the child of the Yun family doomed to leave them?

"Let's trust Feng. She'll be fine," said Yun Jing after a long time of silence. Yun Sheng nodded, trying to hold back his misery. He cut the call and walked to the exit of the Forsaken Maze, where he stood for a long time.

"Yun Sheng, my young friend," said a man in a low voice. Yun Sheng turned around and saw Mr. Zheng Ran. He managed a smile, barely. "Mr. Zheng Ran." Zheng Ran stood next to Yun Sheng and observed the Forsaken Maze not far away. He heaved a sigh.

"Yun Feng is the only kid that I've ever thought highly of over these years. She's a genius. When she grows up, she will astonish everyone," said Zheng Ran with affirmation and admiration. It was hard for him not to praise such a junior.

Yun Sheng smiled. "Feng will be very happy to hear your compliment, Mr. Zheng Ran."

Zheng Ran put on a smile. "She's too mature to be flattered by my admiration. She's very calm and reliable. I would've asked her to stay in the Mercenary Union, but it was a waste of her talent."

Yun Sheng didn't say anything. His dear sister had always been the best! How many young people could compare to her?

"She's very capable. I'm sure she'll be fine," said Zheng Ran. He then turned around and patted Yun Sheng's shoulder. "If anything happens to the Yun family, feel free to come to the Mercenary Union. We will offer help if necessary."

Yun Sheng was stunned. Everybody knew that the Mercenary Union was never involved with the families within the empires. It had always been independent. Yet, the deputy president of the Mercenary Union's branch in the Karan Empire offered to give the Yun family a hand, which was rather surprising.

Chapter 392: You Are Too Unworthy To Know My Name (1)

“Mr. Zheng Ran...” Yun Sheng mumbled. Zheng Ran smiled and turned around. “Naturally, we cannot violate the rules. However, the Mercenary Union will help and protect the Yun family wherever the rules allow.”

Zheng Ran left after saying that. It was obvious that the Yun family would be exiled again as a public enemy if it lost Yun Feng. Zheng Ran’s promise was truly important for the Yun family.

After Zheng Ran left, Murong Yuntian and Ze Ran came to Yun Sheng and stood on his sides. Ze Ran gazed at the Forsaken Maze, and felt like breaking into it, but he knew that there was nothing he could do even if he did. He was too weak! Thinking about that, Ze Ran was caught by the feeling of helplessness. Was he still no good? He had worked hard for so long, yet he was still unable to protect her!

Murong Yuntian was silent and grave. He was never in a good mood over the past days, as that stupid Kasa had been rambling to him all the time. He would’ve slapped her away if he had lost all his rationality.

“Don’t worry. Nothing will happen to Yun Feng,” said Murong Yuntian. Then, all three men were quiet. That was the only thing they could say to each other during these days. Yun Feng would be fine! They comforted themselves every moment and every day. How could anything happen to Yun Feng, who was formidable? However, when they remembered the gargantuan creature and the irresistible pressure when they escaped, they felt that their self-comfort was too pale and unconvincing.

“Yuntian, what are you doing here?” Hearing the voice, all the three men couldn’t help but frown. Kasa, the stupidest of the Karan Royal Family, was undoubtedly the happiest person in these days.

Murong Yuntian didn’t even bother to look back at her. Kasa, however, shamelessly walked close and reached for Murong Yuntian’s arm. Murong Yuntian jumped back and asked coldly, “Anything I can help you with?”

Seeing how rejective Murong Yuntian was, Kasa became solemn too. “There’s one week to go. In another week, we will leave Cashya.”

“But Yun Feng is still in there!” roared Ze Ran in disbelief. How could they abandon Yun Feng?

“Why are you yelling? Everybody knows she’s in there! But so what? Whether she comes out or not, the Karan Empire doesn’t need her anymore. However, for the minor contribution she made to the contest, Karan will reward the Yun family accordingly.” Kasa glanced at Yun Sheng, as if she were doing charity.

Ze Ran was already so infuriated that he gnashed his teeth and clenched his fists. He was a student of the Karan Empire’s School of God of War. He had been taught to pledge his loyalty to Karan since the moment he entered the school. That was what he did. Karan was his homeland. What else could he be loyal to? However, he was disappointed again and again at this moment. Was that really the honorable royal family that he thought would protect its people?

“Did the prince tell you that, or is it your own idea?” asked Murong Yuntian coldly. Kasa snorted delightedly, “Naturally, it’s Uncle Kai’s intention too. Yun Feng has died a worthy death. Everybody should die for the royal family.” After saying that, Kasa turned around and walked away. She had planned to talk to Murong Yuntian about their engagement, but then she realized that he must be into

Yun Feng. In that case, she might as well go straight to the Murong family. She didn't think the Murong family would dare to turn her down. Thinking about that, Kasa was even more delighted and walked back with a smile.

"What a shameless and unscrupulous bastard!" roared Ze Ran furiously. His respect for the Karan Royal Family fell apart like broken glass. He had no more fondness for it at all.

"I misjudged too," said Murong Yuntian sullenly. His face was filled with scary gloom. Yun Sheng had been silent the whole time. He raised his head and smiled at Ze Ran and Murong Yuntian in the end.

"You'd better not get involved with the Yun family. With your strength, your future is nothing but promising. There's a grudge between the Yun family and the Karan Royal Family. Don't ruin your prospect for the Yun family. We appreciate your kindness."

"What are you talking about?" Ze Ran quickly said. "Does such a royal family deserve anyone's loyalty? It abandons anyone who is no longer valuable. Such a royal family makes me feel cold."

"If you want to go, just go. I'll just wait for her to come out," said Murong Yuntian casually. He stared at the Forsaken Maze with hope and stubbornness. He would wait until she came out safely!

"You..." Yun Sheng glanced at Murong Yuntian curiously. Murong Yuntian simply smiled and didn't say anything. Ze Ran nodded too. "So will I. I won't leave until Yun Feng comes out in one piece!"

Yun Sheng was stunned again, and glanced at Ze Ran. He shook his head helplessly. His dear sister did have a lot of pursuers... Feng, your brother is waiting for you. You must come back safely!

Another week passed. The international contest was already over. Yun Feng, who had been stuck in the Forsaken Maze, never showed up, not even in the last moment. When Zheng Ran announced that the contest was over, many people were finally relieved. Apart from the Cashya Empire, the other three empires all ranked top for having five survivors. That was a rather dramatic result. The royal members of the three empires were all delighted. After all, it was the first time that three countries had won the qualification to explore the relics.

Ovey's and Shengyao's representatives returned happily. Karan didn't expect this result, but was not entirely dissatisfied. Just like Kasa said, the Karan Royal Family intended to go back without caring about Yun Feng's safety.

Chapter 393: You Are Too Unworthy To Know My Name (2)

"Let's get prepared to leave," said Kai. Everybody was delightedly preparing to go home. The people who were eliminated earliest were happy too. The emperor would surely award them when they got back.

"I'm not going back. I'll stay," said Yun Sheng in a low voice. Kai raised his brows and thought for a moment. "If you want to stay, just stay." Yun Feng's status was unknown, and Karan had gotten what it needed, so Yun Feng was no longer valuable. As for the Yun family... Kai chuckled inwardly. The Yun family would surely suffer. How could his brother let go of such a family?

What Yun Sheng said was within Kai's expectation. "I'll stay too," said Ze Ran. Kai slightly frowned. Ze Ran seemed to be nothing remarkable. If he wanted to stay, so be it. There wouldn't be any loss. Kai nodded. At this moment, Murong Yuntian stepped up. "I'll stay too."

Kai finally raised his head. Hearing that, Kasa became pale. "No! You have to go back with me!"

Murong Yuntian frowned and glanced at Kasa. "Princess Kasa, who are you to tell me what to do?"

Kasa blushed, and looked at Kai for help. She had told Kai that she wanted to marry Murong Yuntian, and Kai supported her. Seeing that, Kai said to Murong Yuntian solemnly, "Yuntian, you should come back with us. Don't bother what other people do. Your identity is different from theirs."

Kai was actually quite blunt, and anyone with the slightest wisdom could understand him. Murong Yuntian was certainly not stupid, but he didn't catch the subtle implication. "Thank you for your concern, prince. But I've made my decision."

"You..." Seeing how stubborn Murong Yuntian was, Kai was rather angry. Seeing that, Kasa quickly said, "Never mind. Just let him stay here." There was no way that Yun Feng could survive such a monster anyway! As for her marriage with Murong Yuntian, it didn't require his permission at all. As soon as her name entered the Murong family tree, his objection would be useless!

The Karan Empire left Yun Sheng, Murong Yuntian and Ze Ran. The Cashya Empire didn't allow them to stay at first. After all, this was the Cashya Empire's forbidden land, but Zheng Ran stayed and endorsed them. Yun Sheng was even more grateful to Zheng Ran.

On the second day after all the teams left, the three young men were waiting as usual. All of a sudden, a panicking pressure came from a certain direction in the sky. Zheng Ran narrowed his eyes and looked in that direction. "What's going on?"

There was an opening in the clouds that had been occupying the sky, letting in a dazzling ray of light, which made everybody narrow their eyes. When they opened their eyes again, they saw that the dazzling ray of light entered the Forsaken Maze and disappeared.

"What's that?" Ze Ran's eyes widened. What was it that just entered the Forsaken Maze?

Zheng Ran, on the other hand, frowned. He remembered the pressure and the dazzling golden light. Suddenly, an idea occurred to him. Could it be...

The golden light dashed into the Forsaken Maze and stopped somewhere. After it dispersed, a handsome young man was revealed. He glared at the walls of the maze that blocked him with appalling fury in his golden pupils.

"Girl, where are you?" Ao Jin roared at the loudest of his voice, which echoed again and again, spreading to every corner of the Forsaken Maze. In another corner of the maze, a person who was rushing suddenly stopped and narrowed their eyes. Who was the master of the voice? Girl... Was he looking for her too?

They rushed quickly inside the Forsaken Maze. Due to the constant changes in the Forsaken Maze, although they had been moving forward, they experienced a lot of zigzagging. Although they were approaching the enormous square where Yun Feng was at, they couldn't reach there in one day.

Deep inside the enormous square in the Forsaken Maze, a slim girl was lying on the ground, as if she was already exhausted. Her clothes had been drenched in sweat, and she could not move again. The creature that was shrouded in the heavy fog stared at Yun Feng with golden eyes, and a cold and ancient voice echoed. "Are you still struggling?"

The girl who had been lying still suddenly jerked. The golden pupils contracted in disbelief, and the cold voice sounded surprised too. "Are you... still able to move?"

"Hehe. As long as I don't give up, I can always rise again!" announced a stubborn voice. She supported herself with her slim arm and got back to her feet. Her face was covered in sweat and blackened by dust. She seemed quite overpowered. Even her breath was unstable. She shivered when she stood up. For two weeks, she had been fighting this creature. Although she knew she didn't have any chance of winning, she didn't plan to wait to die! After fighting with her best for two weeks, this unknown creature seemed to have developed an interest in her, and was not in a rush to kill her, as if it was testing her endurance. They had confronted each other for two weeks.

After two weeks of consecutive battles, Yun Feng's mental strength was already exhausted even though she was a genius. In the last few days, she had been fighting purely with physical strength. Her Commander Level strength couldn't cause any damage to that creature. She knew that her struggle was futile, but she was unwilling to give up just like that!

The black jade pendant on her neck emitted warm air currents, reinvigorating her exhausted body again. She smiled in her heart. Without the black jade pendant, she couldn't have survived so long. At this moment, her recovery ability was as good as that of a Magic Beast.

Chapter 394: You Are Too Unworthy To Know My Name (3)

"You are a human being. If you don't carry the unique aura of human beings, I would've thought that you're one of my kind," said the ancient voice. It was a compliment for Yun Feng. After all, no human could've been restored so fast.

"Thank you for your compliment then!" Yun Feng curled her lips with glittering eyes. Her body that was exhausted a moment earlier suddenly unleashed pure strength. There was sweat and persistence on her face!

"I've not fallen yet! Take this one!" Yun Feng roared and stomped on the wall behind her. Like a cannonball, she threw herself towards the heavy fog. She didn't really suffer any loss during the days of physical combat. Although she failed to hurt the creature, she had figured something out!

She punched heavily and brutally, and heard the noises with a bigger and bigger smile. She had touched the creature's body in the fog. Although she couldn't tell what it was, she detected a heavy and hard shell on the surface of the creature. She had been hitting the shell for days. Her Commander Level physical strength failed to hurt the creature at all. She knew that the creature's shell was its biggest reliance.

The shell also indicated something else: no matter how strong the creature was, it definitely had weaknesses that weren't protected by the shell!

Yun Feng punched fast and ferociously. Her attacks seemed to be in vain, but she was actually only running tests! When her fists finally approached the edge, Yun Feng put on a bigger smile. Finally, she found a weakness!

Yun Feng raised her arm high. There was nothing but coldness in the golden pupils, as if it was ready to laugh at her and confident that Yun Feng couldn't hurt it. However, when Yun Feng's fists smashed again, the heavy fog was suddenly twisted!

"You dared to hurt me!" a furious roar burst out. The heavy fog moved abruptly, as if the body that was shrouded in it was struggling hard. "Swoosh..." Yun Feng heard something flying in the air. Then, her body was slapped in the middle. She felt excruciating pain on her abdomen, and her body was flung away! She fell from the sky like a kite whose string had been cut off. Looking down at the angry golden pupils, Yun Feng smiled at them proudly.

She could die without regret. At least, that creature had finally suffered... Hehe, how could Yun Feng just stand the humiliation? Whoever bullied her must be ready to pay a price!

"Prepare to die!" There was fury mixed in the ancient voice. A horrifying aura rose from the fog down below. Yun Feng slowly closed her eyes. Her physical pain had been cured by the black jade pendant, but she didn't have the strength to dodge anymore. She knew she couldn't survive this one.

"Nana!" Yun Feng suddenly heard Meatball's voice. Meatball suddenly nuzzled against Yun Feng's cheeks and rolled its eyes quickly. It ran back and forth on Yun Feng's shoulder. "Nana! Nana!" Meatball scratched Yun Feng's cheeks. Yun Feng opened her eyes and saw Meatball. She smiled, "Meatball, you're out."

Meatball was rather angry, as if it didn't want Yun Feng to talk to it like that in such an emergency. It laid its furry tail on Yun Feng's arm, and the horrifying aura down below had already been aimed at Yun Feng. Meatball leaped off and slid in another direction, dragging Yun Feng by her arm. She was taken away just like that!

"Boom..." A ferocious blast erupted from down below. Yun Feng saw an exceptionally bright pillar of light darting from the heavy fog, and she had dodged it thanks to Meatball's pulling. If she were hit, she probably would've been obliterated!

"Fengfeng, I was truly worried for you." A low and gentle voice sounded next to Yun Feng's ear. Yun Feng raised her head, only to see Qu Lanyi's beautiful face by her side. The next second, Qu Lanyi had held her in her arms. Meatball seemed to be relieved too, and breathed heavily on Yun Feng's shoulder.

"You..." Yun Feng looked at Qu Lanyi, who had appeared out of nowhere, puzzled. Hadn't she already left? Why was she here? Why? A lot of questions popped up in her head. Qu Lanyi smiled at Yun Feng and held her tightly.

Qu Lanyi laid her hand on Yun Feng's chest in an intimate position. Yun Feng had no time to bother about that, as Qu Lanyi was healing her exhausted body with the light element. The warm currents that flowed into her body made her feel comfortable.

“Who are you?” Seeing that its attack was dodged, the ancient voice echoed again. Qu Lanyi landed slowly with Yun Feng in her arms. She said with coldness all over her eyes, “Old fart, you’re too unworthy to know my name.”

Yun Feng glanced at Qu Lanyi in surprise. “It’s already beyond the Commander Level. You’re no match for it. Also, are you an idiot? Why did you come in?”

Qu Lanyi chuckled and slowly laid Yun Feng on the ground. “For you, Fengfeng, of course. I couldn’t have just left you alone. You’re finally concerned for me now. Haha.”

Yun Feng was not in the mood of playing with Qu Lanyi. She truly didn’t know why that woman had come back. Even if she considered her a friend, she needn’t have done so much, right? Yun Feng was going to say something else, when Qu Lanyi said, “If I were you and you were me, what would you have done? Would you have abandoned me?”

Yun Feng couldn’t say anything. Qu Lanyi smiled and threw Yun Feng a kiss, before she turned around. Yun Feng looked at her back, and somehow felt relieved. Although that woman was just as slim as her, she was so high and lofty at this moment, like a tall tree that could block all the storm for her.

Chapter 395: You Are Too Unworthy To Know My Name (4)

“All trespassers shall die!” The ancient voice echoed again, and its power significantly expanded. Qu Lanyi, however, turned into a streak of light that darted towards it. Yun Feng’s eyes widened when she saw that. “Idiot, do you want to get killed? Come back!”

Qu Lanyi didn’t decelerate at all, and instead moved towards the target even faster. The streak of light dashed into the heavy fog and disappeared. The creature that had been hiding in the heavy fog saw a pair of bloody eyes before it launched any attack. The coldness and thirst for blood in the eyes completely stiffened it.

“Who are you?”

Wickedness and aggression flashed in the bloody eyes. Then, a most beautiful face appeared in front of the golden eyes. “As I said, you’re too unworthy to know my name.”

The golden pupils looked at the bloody eyes. The distant, ancient voice came to a sudden halt, because the aggression from the bloody eyes had prevented it from moving. It had been tied up by a web of aura.

How was it possible? How could it have been suppressed with its strength? Who was this person?

“You...” The ancient voice echoed again, but before it finished, a fair hand had extended to it. Despair burst out of the bloody eyes. “Old fart, if you dare to hurt her, I’ll kill you!”

The hand turned around, and dazzling light flashed. The golden pupils suddenly narrowed, and the creature’s body that was shrouded in the fog was wriggling crazily, trying to dodge.

“Hahaha. You want to run? You’re in my hand. Where can you possibly run to?”

“Don’t be too outrageous!” Fury flashed in the golden pupils. This ancient creature was about to burst into an outrage because its dignity had been insulted and the pressure was too strong. It didn’t know

who the person was, but it had never been suppressed like this. After the initial fury, its golden pupils glittered again.

"This land is under my protection. She is the trespasser here. It's not my fault. How can you be so unjust?" said the ancient creature in a softer tone, knowing that it couldn't fight this person head-on. The bloody eyes were narrowed. This creature must've existed for so long for a good reason. Besides, as the guardian of this place, it probably knew a lot about this place. Qu Lanyi thought for a moment, and realized that it was still useful. However, she couldn't let it walk away so easily after hurting Fengfeng!

"Ohhhh..." A furious roar, mixed in an air current, suddenly burst out of the heavy fog. At this moment, Yun Feng, who had been worried, became anxious. "Qu Lanyi! Qu Lanyi!"

Hearing Yun Feng's call from the fog, Qu Lanyi curled her lips and withdrew her hand. Steam was popping up from part of her hand. She had just ripped a piece of the ancient creature's shell from its body, leaving a bloody wound on it.

"This is your lesson." Qu Lanyi smiled. Her bloody eyes turned black. She turned around and dashed out of the heavy fog. The gargantuan creature that was shrouded in the fog trembled hard. Its scale had been ripped off so easily... Was that person really so strong? How could such a person have appeared here? Remembering how much Qu Lanyi cared about Yun Feng, the creature felt lucky that it didn't kill that human, otherwise it probably would've been killed.

When the slim girl flashed out of the heavy fog, Yun Feng hurriedly ran to her and pulled Qu Lanyi to her, before she looked at her up and down. "Are you crazy? Are you alright?"

Qu Lanyi didn't say anything. She simply smiled with her lips pursed. After confirming that she was fine, Yun Feng was greatly relieved. Then, she was puzzled. "Did that guy not attack you? What happened?"

Qu Lanyi was about to talk, when they heard a vague call from the distant. "Girl! Where are you?"

Qu Lanyi furrowed her brows sullenly. Yun Feng, however, pricked her eyes in disbelief with glittering eyes. "Uncle... Uncle Flirtatious!"

"Who's Uncle Flirtatious?" Qu Lanyi couldn't help but ask when she heard the name. Yun Feng listened attentively and replied, "An old friend."

Hearing that, Qu Lanyi mumbled, "An old friend..." After confirming that it was indeed Ao Jin's voice, Yun Feng called out, "Uncle Flirtatious, I'm here!"

There was a moment of silence. Then, the wall next to Yun Feng suddenly exploded! Both Yun Feng and Qu Lanyi were dumbfounded. Even the wounded creature was shocked too. Who had just come here? How did he shatter the wall?

After the wall collapsed, Yun Feng saw the handsome face that hadn't changed in years. After Ao Jin came, he fixed his golden eyes on Yun Feng immediately. Although she looked different from before, he was still able to recognize her!

"Girl, you're fine!" Ao Jin rushed to her like a tornado. Both Yun Feng and Qu Lanyi were amazed at his speed. Without any preparation, Yun Feng had been pulled into his arms and heaved like a kid. When Ao Jin held her wrist with both hands and lifted her, Yun Feng immediately blushed.

“Release me!”

“Release her!”

Two furious voices sounded at the same time. Stunned, Ao Jin looked at Yun Feng’s reddened face, and couldn’t move his eyes elsewhere. He was still holding Yun Feng with both hands.

“Drop the frivolity! Put me down!” said Yun Feng, blushing. It was truly embarrassing that she had been lifted like a kid!

Ao Jin was still a handsome young man as he always had been. Although Yun Feng roared several times, Ao Jin didn’t do anything. Qu Lanyi raised her hand and darted a streak of glittering light to Ao Jin’s hand, only to cause no damage!

Qu Lanyi’s eyes widened. She carefully observed the man who was still clinging to Yun Feng. That was not a human!

Chapter 396: Disappearance of the Forsaken Maze (1)

When Ao Jin was attacked, killing intent flashed in his golden eyes. Before he could counterattack, he detected another killing aura. He narrowed his eyes, only to find that Meatball had opened its mouth and its teeth were glittering. Ao Jin trembled. That little creature could ignore his physical defense, and would cause blood if it bit! He instantly put Yun Feng down on the ground, and looked at Qu Lanyi.

“Who are you? And... what’s that?” Ao Jin narrowed his eyes and asked Qu Lanyi, glancing at the heavy fog. He was stunned for a moment when he saw the golden pupils in the fog. Golden eyes... Were they the symbol of the Golden Dragons? Could it be...

“She’s a friend, who risked her life to come to my rescue,” said Yun Feng quickly. She stood next to Qu Lanyi and said, “He is Ao Jin. He’s my... friend.” Yun Feng didn’t reveal Ao Jin’s identity as a Golden Dragon. However, Qu Lanyi put on a smile. “The Golden Dragons deserve their fame! Your scales are the hardest defense.”

Yun Feng was dazed for a moment. Had Qu Lanyi seen through Ao Jin’s identity? Or was Ao Jin exposed? No, that was not the case. So, Qu Lanyi seemed to know a lot of things. It wasn’t easy to recognize Ao Jin’s identity so quickly.

Meatball nuzzled against Yun Feng’s cheeks. Its fur made Yun Feng feel itchy. She gently stroked Meatball, and Meatball looked at Qu Lanyi curiously with its big black eyes.

“You’ve seen through my identity?” Ao Jin raised his brows, with his golden hair glimmering. “Where are you from?”

Qu Lanyi smiled. “I came from a remote place that’s not worth mentioning. On the other hand, Fengfeng is a good friend to a Golden Dragon. She’s truly lucky.”

Yun Feng put on an awkward smile. There was a history between her and the dragons. She was only close to Ao Jin. She didn’t forget Yan Yu and Xiao Ling, who tried to kill her in the Dragon Palace.

“Girl, there’s something else I need to ask you. However, another thing needs to be figured out first.” Ao Jin looked at Yun Feng, and Yun Feng nodded. She suddenly realized that both Ao Jin and this ancient

creature had golden pupils. Was this ancient creature related to the dragons? Yun Feng couldn't see the actual size of the creature, so she couldn't tell what it was.

Ao Jin immediately soared and stood in the sky, confronting the heavy fog. Seeing how easily Ao Jin was floating in the sky, Yun Feng clicked her tongue. Ao Jin was extremely gifted. As a precious Golden Dragon, he had been cultivating and making progress fast. After only a couple of years, he had already surpassed the Commander Level, and was probably already in the Monarch Level.

Last time Yun Feng met him, he was already in the Commander Level. After these years, he had made progress again, and was still stronger than her. However, it didn't occur to Yun Feng that she had risen to the final stage of the Commander Level from level 7 in only three years. She was actually even more gifted.

Qu Lanyi pulled Yun Feng back. Both of them simply watched. Ever since Ao Jin showed up, this unknown creature seemed to have become a lot more obedient, and didn't make any sound.

Ao Jin stared at the creature's golden pupils and coldly declared, "Why do you carry the Golden Dragons' golden pupils? Reveal yourself, or I'll beat you up!"

Ao Jin's furious voice echoed in the space. Yun Feng was dazed for a moment. Was that creature not a Golden Dragon? Qu Lanyi said softly, "The Golden Dragons are the noblest of dragons and extremely rare. They're all kings of the dragons. Also, the Golden Dragons do not have many offspring. When the old Golden Dragons die, they'll be buried in the Dragon Valley. All dragons will relentlessly attack whoever steals the bodies. The Golden Dragons are the pride and honor of dragons. If that creature is a Golden Dragon, then it's fine. If it's not, then..."

Yun Feng understood. It was indeed worth questioning if a creature that was not a Golden Dragon carried the Golden Dragons' pupils. That creature must've stolen the noble bloodline of the Golden Dragons, or even just gouged out the Golden Dragons' eyes. No wonder Ao Jin is so angry.

If the creature revealed itself not to be a Golden Dragon, Ao Jin would surely go on a killing spree...

The ancient creature didn't make any sound. It didn't seem to be trying to resist either. It was very obedient. There was no telling whether it was because of the heavy wound, or because Ao Jin was here. In front of Yun Feng, the heavy fog that shrouded the creature dispersed, and it gradually revealed its true self on the enormous square.

After the heavy fog dispersed and the ancient creature revealed itself, all three of them were dumbfounded. Yun Feng blinked his eyes, Qu Lanyi was shocked, and Ao Jin's eyes were widened too. The creature was none other than a real dragon!

It showed up in front of the three people with a dragon's body identical to any other dragons'. However, its scales were all black and gray. None of its scales were pure. It looked like the most inferior product.

Ao Jin looked up at the dragon whose scales had mixed colors. It was quite enormous, and occupied most of the space in the square. It had obviously lived for a long time. Ao Jin looked at its golden pupils, unable to say anything. It was a dragon, with the most inferior bloodline, yet it carried the pupils of the Golden Dragons!

"You..." Ao Jin was so shocked that he couldn't say anything. What was going on? Was it a Golden Dragon? If not, why did it have the Golden Dragons' pupils?

"Are you the current young master of the dragons?" asked the creature. Ao Jin nodded, and narrowed his golden pupils. "Are you a hybrid dragon or a Golden Dragon?"

Chapter 397: Disappearance of the Forsaken Maze (2)

"Can't you see?" The ancient voice sounded helpless and sorrowful. Ao Jin looked, and saw that a scale had been ripped off from the dragon's chin, where blood was flowing out. Ao Jin trembled. That was... golden blood! How was it possible? How could a Golden Dragon have such an appearance?

"Another scandal of the dragons?" said Qu Lanyi in a low voice with obvious mockery. Yun Feng looked at her. The dragons were truly wicked and horrible. Anyone that was abnormal would surely be cast out, such as the dragon here.

"I'm a Golden Dragon, yet I was exiled here and not allowed to get out. That's the dragons' decision for me." Pain flashed in the eyes of the Golden Dragon which appeared like a hybrid dragon.

Ao Jin held his breath. He never knew that the dragons would banish one of their own kind.

"I swore that I would leave this place someday and get everything back from the dragons!" Killing intent surged from the golden pupils like a tide. Ao Jin was still in shock, but the Golden Dragon had already released a bloodthirsty aura.

Yun Feng understood everything. "Uncle Flirtatious, dodge!" The exiled Golden Dragon definitely hated the dragons and wanted to retaliate. Besides, the young master of the dragons was right here!

"All dragons are cunning and unreliable," said Qu Lanyi in a low voice. She held Yun Feng and carried her to jump. Seeing that Qu Lanyi was about to leave through the broken wall, Yun Feng shouted, "We can't go! Uncle Flirtatious is still back there!"

Qu Lanyi whispered to Yun Feng, "That's the dragons' business. We have nothing to do with it!"

Yun Feng struggled hard, but Qu Lanyi wouldn't let go. Having no choice, Yun Feng said, "Meatball!" Hearing its name on her shoulder, Meatball leaped and bit Qu Lanyi's arm hard!

"Ouch!" Qu Lanyi felt the pain and loosened her arm. Yun Feng seized the opportunity to run back. "Sorry! Although this seems to be the dragons' internal business, Uncle Flirtatious has nothing to do with it! It's not his responsibility!"

Yun Feng rushed towards Ao Jin, who had already come back to himself. The Golden Dragon that was craving revenge had launched a fierce attack that was multiple times more powerful than before!

Was that the real power of a Golden Dragon? Yun Feng examined the aftermath of the attack. Ao Jin keenly jumped aside and dodged the attack. He slightly frowned. It seemed that he had a problem.

"Fengfeng, I truly don't know what I should do about you..." Qu Lanyi looked at the wound on her arm caused by Meatball's bite. She covered it with her glimmering hand, and the wound was gone. She flashed back and stood by Yun Feng's side, pulling her away.

“Why are you back? You’re not going out?” Yun Feng looked back at Qu Lanyi, and pushed her anxiously. Qu Lanyi chuckled and hugged her from the rear. She laid her head on Yun Feng’s shoulder that was not occupied by Meatball, and watched the battle.

“If you’re not leaving, I certainly cannot leave either. Since I decided to help you, I’d certainly make sure that you’re fine. That old creature is a Golden Dragon, and so is Ao Jin. However, that creature is much older than Ao Jin. Ao Jin cannot defeat it.”

Yun Feng felt uncomfortable to be hugged by Qu Lanyi from the rear. However, there was no time to consider that. “Then what should we do? Does Uncle Flirtatious not stand any chance of winning?”

Qu Lanyi chuckled. “He certainly does. Although that old creature is a Golden Dragon, its bloodline isn’t pure, as indicated from its scales. It’s not as good at defense as Ao Jin. Another difference is that the old creature is in its true form, which increases his strength in every aspect, and Ao Jin is in the form of a human being, which restricts his strength. In order to win, he has to transform into his original form first. If they both fight as dragons, Fengfeng, this place will be destroyed, and we won’t be able to get out.”

Yun Feng became anxious. It would be impossible to get out... That’s true. One Golden Dragon was already massive enough. If Uncle Flirtatious turned into another one, the two Golden Dragons could easily destroy this Forsaken Maze. Then it would be impossible for them to get out!

“Girl, don’t bother with me! Go out!” Ao Jin tried to dodge the Golden Dragon’s attack, only narrowly. He looked at Yun Feng and shouted anxiously, “Don’t bother me!”

Yun Feng almost shed tears. Uncle Flirtatious was the only dragon that she liked, and the only dragon that protected her wholeheartedly. He was so innocent and straightforward. He had never abandoned her. How could she leave him behind?

Yun Feng bit her lips. Qu Lanyi chuckled behind her and said loudly, “Ao Jin, just transform! Fengfeng is under my protection. She’ll be fine.” A beautiful smile spread on Qu Lanyi’s face. Then, such overwhelming mental strength spread out that even Yun Feng felt suppressed.

“Qu Lanyi, you...” Yun Feng looked back at her in surprise. Qu Lanyi put on a charming smile. Her mental strength had covered the space they were in. She then clenched her fists, locking down the space.

Seeing that, Ao Jin laughed aloud. “Hahaha. In that case, I’m going to enjoy this fight!” Dazzling golden light burst out. Then, Yun Feng saw a Golden Dragon that was exceptionally huge! Its golden scales were reflecting such brilliance that they could hardly keep their eyes open!

A dragon roar echoed throughout the sky, as if it was going to cut apart the clouds that had been lingering in the sky. Seeing Ao Jin’s original form, envy and jealousy flashed in the ancient Golden Dragon’s eyes! It was a Golden Dragon too, and deserved to have such a body! It was so angry!

Chapter 398: Disappearance of the Forsaken Maze (3)

Furious dragon roars echoed. Ferocity flashed in Ao Jin’s golden pupils, and he unleashed his killing intent. He roared and charged at the target!

The people at the exit of the Forsaken Maze suddenly heard the roars. Yun Sheng, Murong Yuntian and Ze Ran were all shocked. What happened in the Forsaken Maze? What was all the noises about?!

Zheng Ran, on the other hand, was frowning. In the end, he said in a low voice, "It's dragon roars... Are there dragons living in the Forsaken Maze?"

Hearing that, all three of them became pale. Yun Sheng couldn't hold himself any longer, and rushed into the maze, only to be pulled back by Zheng Ran. "Do you want to get yourself killed? Calm down! If anything happens to you, what can the Yun family do?"

Zheng Ran's roar made Yun Sheng pick up some of his rationality. He stood with bloodshot eyes, his body shivering. Feng, Feng...

"I'll go." Murong Yuntian stepped up. Naturally, Ze Ran would rather not stay behind either. Zheng Ran roared furiously, "What can you do in there except getting yourselves killed?"

All the three young men fell silent. Zheng Ran furrowed his brows. Remembering the golden light he saw, he thought for a moment. "It seems that something happened in the Forsaken Maze that involves dragons. I don't think Yun Feng..."

"Even if I'm gone, my father is still alive. He can have more children..." Yun Sheng gritted his teeth and was about to rush into the maze. Murong Yuntian and Ze Ran were also silently prepared to break in. Zheng Ran stopped in front of them furiously, and beat all of them back.

"What are you doing? Nothing will happen to her! Stay here!" Zheng Ran looked at Yun Sheng who was obviously insane. "All of you will stay here. Nobody is going anywhere! I'll go!"

"Mr. Zheng Ran!" Yun Sheng suddenly raised his head and looked at the senior, who had done too many things for the Yun family. He needn't have done that at all, need he? Zheng Ran smiled and patted Yun Sheng's shoulder solemnly. "She is one of the few kids that I think highly of. If she dies in there, wouldn't it be such a shame?"

Zheng Ran was still wearing a smile. Yun Sheng stood there, and felt that his heart was warm. Zheng Ran turned around and was about to enter the Forsaken Maze, when an earthquake took place and the entire maze trembled. Zheng Ran became anxious. Then, the exit in front of his eyes suddenly vanished!

"Back off!" Zheng Ran roared and moved back quickly, leading the three young men to retreat. Yun Sheng was pulled back against his wish. The Forsaken Maze that had been on the ground suddenly collapsed. It seemed that the ground had cracked, and the Forsaken Maze had sunken in the blink of an eye!

"Feng..." Yun Sheng roared, with veins protruding on his necks. However, no matter how many times he roared, all that he could hear was the rustling wind and the noises of collapse.

Inside the Forsaken Maze, the two Golden Dragons were fighting and colliding fiercely. They had completely deformed the enormous square in the Forsaken Maze. Thanks to the protection of Qu Lanyi's spatial barriers, Yun Feng wasn't hurt at all. Her mental strength was recovering in her spiritual space. The ancestor who lived in her spiritual space was greatly relieved.

The dragon echoes sounded one after another. The ancient Golden Dragon's hatred that had been repressed for a long time burst out, and it attacked more and more fiercely. Ao Jin didn't give in either. His body collided with his opponent's again and again, causing rocks to fly and walls to fall. Looking at the rocks that were flying randomly, Yun Feng knew that the Forsaken Maze would be completely ruined.

Ao Jin suddenly roared, and spouted a dazzling pillar of light towards the ancient Golden Dragon. The ancient Golden Dragon's scales weren't as hard as a real Golden Dragon's, so it was immediately heavily wounded.

Seeing the rising killing intent in its golden pupils, Qu Lanyi whispered, "That old thing knows that it's dying. It seems that it will try to make us die with it."

After Qu Lanyi said that, she put her arms around Yun Feng's waist without letting her reply. "Fengfeng, you must hold on to me and never let go, alright?"

Before Yun Feng figured out what was going on, she had detected that the whole space was changing rapidly. Qu Lanyi became solemn. Instantly, the spatial barriers were broken, and the ancient voice sounded again. "You're all going to die with me! Hahahahaha!"

Wild laughter burst out. Ao Jin roared furiously, and slapped his own body on the ancient Golden Dragon's. "I'm going to cripple you!" roared Ao Jin, but everything happened too fast. In the blink of an eye, the enormous square had collapsed, as if it was swallowed by an invisible mouth. In the golden light, Ao Jin transformed into a human again, and was absorbed into the hole while he cursed. The same happened to Qu Lanyi and Yun Feng. Yun Feng saw nothing but boundless darkness! She didn't know where the darkness led.

The boundless space seemed to be stretching. Yun Feng couldn't see anything except darkness. She didn't know where she was, but she felt that she had been falling the entire time. Qu Lanyi was still holding her forcefully. Her warm body was stuck to Yun Feng's back. Ao Jin's golden hair was glittering not far away. The three of them were still together. The horrifying attraction force had been dragging them down. They seemed to be entering an abyss.

Yun Feng kept her mouth shut. What was at the end of the bottomless darkness? The dragon that caused them to fall had been slapped away by Ao Jin. It was nowhere to be seen.

There was light in the distance. Yun Feng was intrigued. As she moved, she realized that the source of the attraction force was the light. They were not doomed! Qu Lanyi and Ao Jin both saw the light, and felt relieved too. They didn't reject the attraction force. They were naturally attracted to the light, and soon swallowed by it. In the end, the light suddenly vanished, and the space was back to complete darkness.

Chapter 399: Accident (1)

Adjusting herself to the dazzling light, Yun Feng slightly opened his eyes, and found herself standing on solid ground. She saw an enormous cave. Water was dropping from the top of the cave, and the air was cold and damp too. They all checked the environment, and saw a path on the other end of the cave that led to somewhere unknown.

"Let's go. We have to find a way out." Yun Feng frowned and walked in. She was quite anxious. The Forsaken Maze had been ruined. Her brother definitely thought that something happened to her. When Yun Feng had an accident last time, the Yun family almost couldn't make it, but fortunately, her soul resurrected her. This time, although she was still alive, who would think that she wasn't killed in the collapsed maze? The news would definitely devastate her brother and father. More importantly, how would the Karan Empire treat the Yun family without her?

Thinking about that, Yun Feng became so anxious that she walked a lot faster. Qu Lanyi followed her and grabbed her. Her cold hands slightly soothed Yun Feng's anxiety.

"Don't worry. The Yun family will be fine. Even if the Karan Empire wants to eradicate the Yun family, it has to take a lot of factors into consideration and cannot attack recklessly. Besides, they have more important things to do, don't they?" Qu Lanyi's soft words finally eased Yun Feng. Indeed. The Karan Empire had something more important to do, which was to explore the relics of the gods! The Karan Empire needed to make a lot of preparations for the exploration, because three empires would explore it together and the competition would be fierce.

Even though the Karan Empire intended to deal with the Yun family, it didn't have the time to do that. The Yun family was safe, at least for now! Yun Feng became a lot more relaxed. She had thought of informing her family of her situation, but the Sound Transmission Jade was not working in this unknown cave.

Ao Jin was walking on Yun Feng's other side. He had been staring at Yun Feng and observing her expressions. He never withdrew her gaze from Yun Feng's face.

"Ao Jin, why are you staring at Fengfeng?" asked Qu Lanyi with a cold smile.

"Girl, after I come back to the dragon clan, I'll surely kill those two bastards," cursed Ao Jin, without replying to Qu Lanyi's question. When he saw Yun Feng, he realized that Yan Yu and Xiao Ling had lied to him! Instead of claiming that they didn't know Yun Feng's condition, both of them swore that Yun Feng died in there, which frustrated Ao Jin for a long time. He even left the dragons' home. However, it never occurred to him that the two people were lying to him!

Yun Feng was fine, which delighted Ao Jin. It seemed that his empty heart had been filled up again. After these years, the girl was completely different from when they first met. He could never see enough of her.

Hearing what Ao Jin said, Yun Feng knew that he was referring to Yan Yu and Xiao Ling. Earlier, those two people were certainly not friendly to her. Now that Ao Jin had seen her, their lie had already fallen through. They wouldn't end well after Ao Jin came back to the dragons. She didn't need to say anything else.

Yun Feng smiled. Her charm immediately stunned Ao Jin. Seeing that Ao Jin was stunned, Qu Lanyi looked awful and held Yun Feng's hand more tightly. Yun Feng turned her head around. "What's up?"

Qu Lanyi chuckled and didn't say anything. She simply held Yun Feng's hand even more tightly. The three of them walked forward in a weird atmosphere. The road was long and damp. They were sweating hard after walking for only a brief while. They continued moving. When they approached the end of the road, they found a rather spacious field, and another cave where the air was fresher. There were

unknown flowers and grasses growing on the ground. The moment Yun Feng and Qu Lanyi came, they captured the abundant elemental aura that just couldn't be ignored.

Both of them looked in the same direction. A lot of unknown plants were growing there. In the middle of the plants, a white grass was growing. It looked like a glimmering piece of jade. Few people would've noticed it if it wasn't releasing a powerful elemental aura.

Yun Feng and Qu Lanyi looked at each other. Both of them knew that the grass was quite advanced. The ancestor's voice suddenly came from her head. "Kid, that's the Divine Essence Grass that appears once in ten thousand years! It can improve a mage's level without restraint! Kid, go get it!"

The ancestor sounded quite excited. The Divine Essence Grass could improve a mage's level without restraint. Yun Feng was already in the final of the Commander Level, so the Divine Essence Grass might raise her to the Monarch Level!

Yun Feng's eyes were filled with passion too, but she didn't do anything. After all, Qu Lanyi was with her, and she might need the grass too. Yun Feng didn't want to compete with her... Qu Lanyi chuckled. "Fengfeng, I don't need that."

Yun Feng was stunned, and looked at Qu Lanyi in surprise. Did she not know what it was? Or was she giving it away even though she knew what it was? Qu Lanyi put on a sweet smile at Yun Feng, without any greed for the item in her eyes. Yun Feng thought for a moment. Whether or not Qu Lanyi knew what it was, she decided to accept her kindness.

Yun Feng stepped forward and was about to pick the Divine Essence Grass, when voices came from the other side of the cave loud and clear.

"It wasn't easy to lure that thing away. Hurry up! I was really a fool to accept the task to come here with you!"

"Haha, stop whining. You're truly lucky to be appreciated by the summoner of the Cashya Empire!"

Chapter 400: Accident (2)

"Guys, enough kidding. Please stay here on guard. I'll be back very soon."

Yun Feng and her companions heard the conversation loud and clear in the cave. Yun Feng and Qu Lanyi glanced at each other, and knew what was on their mind. The summoner of the Cashya Empire? He must've been weakened because of what he did for the international contest, or he wouldn't have needed the Divine Essence Grass.

Looking at the glittering grass, Yun Feng put on a mischievous smile. Summoner of the Cashya Empire, you surely won't have this Divine Essence Grass! Yun Feng quickly extended her hand and picked the Divine Essence Grass. The moment she did that, she heard a furious roar in the distance!

The summoner of the Cashya Empire who was going to fetch the Divine Essence Grass rushed forward with widened eyes. After he entered the cave, he saw Yun Feng and her companions. With a closer look, he found that Yun Feng was holding the Divine Essence Grass he needed!

He narrowed his eyes. "Put down the Divine Essence Grass. It doesn't belong to you!"

Yun Feng was holding the Divine Essence Grass. She could feel the powerful energy from it just by holding it in her hand. She had planned to put it in her bracelet, but her ancestor warned her that the Divine Essence Grass would lose its energy quickly if she did that. It had to be preserved in special magic jars, or swallowed as quickly as possible!

“Carl, what’s going on? You’ve returned so quickly?” A roar came from outside, and two men rushed in anxiously. Both of them were stunned when they saw Yun Feng and other strangers.

“They stole the Divine Essence Grass,” said Carl, the only summoner of the Cashya Empire, who was actually much older than he looked. The other two men were immediately enraged. “Little girl, that grass is ours!”

Yun Feng laughed. Stole? Weren’t they planning to steal it too? Ao Jin roared furiously, “You’re obviously thieves too, yet you’re shameless enough to accuse us?”

“Hooooo...” Furious roars came from the distance, and drew closer and closer. Both of the warriors became anxious and unleashed their fighting energy. Yun Feng frowned. Both of them were stronger than her!

Ao Jin and Qu Lanyi became anxious too, as the two warriors were stronger than they expected. The two warriors showed their weapons and said, “We’ll deal with them. You take back the grass. Then we’ll leave!”

Carl nodded. Both warriors charged at Qu Lanyi and Ao Jin! Ao Jin roared and fought back, and so did Qu Lanyi. Yun Feng quickly made the decision. It was impossible to go forward, as something seemed to be approaching. She had to run back!

“Girl, run!” roared Ao Jin. The two warriors fought Qu Lanyi and Ao Jin, and couldn’t win! Both of them were shocked. How could those two brats be evenly matched with them?

Yun Feng flashed. Enhancing herself with wind elements, she flashed into the narrow long path she came from. Carl chuckled and chased after her. Both of them entered the path. Then, a furious roar echoed in the cave, and a creature had dashed in. It didn’t bother to look at the four people who were fighting, and simply flashed into the narrow long path. Qu Lanyi and Ao Jin turned back and both looked awful. Oh no!

Yun Feng was running on the narrow long path, with the furious roars closely behind her. She was quite solemn, knowing that the creature must be the Divine Essence Beast that grew with the Divine Essence Grass. Otherwise, it couldn’t have detected that the Divine Essence Grass was picked so keenly.

Yun Feng ran forward desperately, and the creature behind her chased her relentlessly. To her surprise, it was not just the Divine Essence Beast, but also Carl, the summoner of the Cashya Empire, that was chasing her.

Carl followed Yun Feng closely. Very soon, he detected the powerful vibe behind him. He looked back and saw the Divine Essence Beast. He couldn’t help initiating a spatial barrier. That Divine Essence Beast was as strong as the Monarch Level. Carl wasn’t sure if it would notice him. To his relief, the Divine Essence Beast simply ignored him and went after Yun Feng.

Carl was relaxed and delighted. It seemed that the Divine Essence Beast's fury was only directed to the person who held the Divine Essence Grass. Carl laughed at the thought of that. Not bad. He could take advantage of them.

With a smile, Carl followed them. He decided to let the Divine Essence Beast fight the girl, who couldn't be easy to deal with. After they were both weakened, he could finish both of them off.

Yun Feng rushed forward crazily, and soon came to the cave where the light had taken them to. There was nowhere else she could go. It was a dead end! "Hooooo..." A furious roar arose. Yun Feng keenly jumped aside. There was a claw that smashed where she just stood, causing a dent on the ground.

Yun Feng regained her balance and observed the creature in front of her eyes. The Divine Essence Beast looked a lot like the Divine Essence Grass. Both of them were white and glimmering. The Divine Essence Beast was just an associated beast, and didn't have any emotion or intelligence. It was born to protect the Divine Essence Grass. At this moment, it was gazing at Yun Feng with bloodshot eyes. Carl had arrived and was hiding in a corner, ready to enjoy the show.

Yun Feng's eyes darkened. There was no telling what would happen if she swallowed the Divine Essence Grass. To improve a mage's level, it definitely contained a great amount of energy, so she might explode because of the overflowing energy. A lot of preparations must be done before taking the Divine Essence Grass. It would be very dangerous if Yun Feng were to swallow it just like that.

She might be able to fight a Monarch Level beast, and she wouldn't necessarily lose! Making up her mind, Yun Feng took out two Rings of Contract. Seeing that from the corner, Carl became gloomy. That girl was a summoner? And a double-element one?
