

Summoner 51

Chapter 51: Finally Here (1)

Listening to Ze Ran talking about some interesting things, Yun Feng felt a lot better. The two of them were now isolated by almost all the kids who had just been admitted. Nobody dared to get close to them and even seemed a bit strange when they looked at them, but Yun Feng didn't care at all, so neither did Ze Ran. They felt quite comfortable with being isolated.

"Yun Feng, let me tell you, everyone in our family has such a personality..." Ze Ran joked with Yun Feng with a smiley face. His smile was as warm as the sun, which made Yun Feng's heart feel warm. In this unfamiliar world, he was the first person who treated her so sincerely, apart from her father and brother.

"You should pay me a visit at my home someday. Hehe, I told my family that I became friends with you and they scolded me. Haha, I've never seen my father so nervous before!" Ze Ran smiled beamingly. The two deep dimples on his cheeks gave a little more brightness to this sunshine boy. Yun Feng nodded with her black eyes full of smiles.

"Really? You said yes! Oh yeah! That's wonderful! My father will definitely be thrilled!" Ze Ran immediately jumped up when he saw Yun Feng nod. The childish side of him was fully shown. After all, they were indeed kids right now. It was just that Yun Feng was a bit different.

"Who's Yun Feng? I'll give you three seconds. Come here quickly!" In the outer campus that was originally a bit quiet, a rude shout suddenly came. The arrogance in those words made all the kids in the outer campus look serious.

Yun Feng frowned slightly and looked over with her black eyes. She saw that the door that connected the inner campus and outer campus was kicked open rudely by someone. An ugly and ferocious boy walked in. Once he entered the outer campus, he started yelling. The person he was looking for was her.

Yun Feng stood there calmly and didn't say a word. Ze Ran stood in front of Yun Feng nervously, which made Yun Feng smile gently. Why did this boy stand in front of her no matter what happened?

The ugly and ferocious boy looked around with cold glitters in his eyes, sending the kids on the outer campus into silence. He was looking for Yun Feng, the new student who killed Wang Youcai on the first day of school!

"Fuck, where's Yun Feng?" The ferocious boy shouted loudly with an extremely impatient look. He grabbed a random student from the outer campus and said with a gruff voice and a hideous face, "Tell me, where's Yun Feng?"

The student of the outer campus, who was being grabbed, trembled. He couldn't answer the question because he was busy getting rid of the big hands holding onto his collar. However, no matter how hard he tried, he couldn't get away from the owner of these hands.

"Damn it! Tell me quickly!" The ferocious boy exerted himself and picked up the entire student with his hands! The students watching couldn't help but turn pale. Yun Feng's black eyes darkened. That ugly guy was a level-2 warrior.

"Alright, why are you so rude? We're just looking for someone. Put him down." A slow voice came from the inner campus. Then, a Young Master in luxurious clothes walked over. He was a bit handsome, but there was a hint of viciousness in his eyes. A few other people followed him here. When the students of the outer campus saw them, they all gasped!

"Hm! You got lucky! I'll spare you for Master Lin's sake!" The ugly and ferocious boy threw the student in his hands away. The student fell on the ground nearby messily and had already begun spitting out blood. How would these students in the outer campus possibly be able to withstand a casual throw by a level-2 warrior?

The ferocious boy looked at the student, who was spitting out blood, and a dark, evil smile appeared at the corners of his mouth. He turned around and nodded at the Young Master, bowing respectfully. He didn't look as arrogant as he did earlier at all.

Yun Feng stood nearby and stared at that Young Master in luxurious clothes firmly with her black eyes. Many memories, which were full of endless humiliation and sorrow, flashed through her mind!

"The Yun family? Yun Feng? Hahaha, you little loser. Do you think the Yun family is great? What's so impressive about having a summoner? Aren't you still being stepped on underneath my feet? Hm? Are you upset? If you're upset, get up!"

"It's the honor of the Yun family that you can die at my hands. Don't worry. I'll make it quick. I still have mercy!"

Those humiliating and arrogant words, that ferocious, grinning face, the vicious fists that hit this body and the evil intention of damaging the Qi meridians. Yun Feng took a deep breath to calm the fierce fire in her mind. She gently closed her eyes. When she opened them again, a glint of light flashed through!

Lin Meng, you're finally here?

Lin Meng stood there with the fierceness of a master. After all, he could smash plenty of these kids in front of his eyes with one hand, with his strength at the peak of level 3. He glanced around slowly and finally found someone behind a boy. Lin Meng's pupils shrank abruptly and shot out a hint of viciousness. She was indeed alive. She was truly lucky.

The few people who witnessed Lin Meng beat Yun Feng to death back then, also changed their expressions after seeing Yun Feng. They couldn't think of a reason why this person, who was already dead, came back to life again!

There was a sneer at the corners of Lin Meng's mouth. He slowly came over as the students of the outer campus made way for him, then surrounded them again out of curiosity. Lin Meng slowly walked over and raised his eyebrows at Yun Feng next to Ze Ran.

"You're alive. Members of the Yun family are indeed like cockroaches."

Ze Ran's face darkened and felt a little powerless. How would he be able to stop them with his strength? How was he supposed to protect Yun Feng?

While Ze Ran was frustrated, he felt that his body was pulled by someone gently. Ze Ran looked at the girl behind him in shock. At this moment, that gorgeous face was covered with a layer of coldness and even had a trace of viciousness!

Yun Feng pushed Ze Ran to the side. Looking at Lin Meng, who was a wolf in sheep's clothing, in front of her, the scene of Yun Feng's tragic death that day circled in her head. The unbridled sorrow and anger she had before she died also kept lingering in her mind!

"If you want me to die, you'll have to see if God allows it."

Lin Meng's eyes narrowed. His warrior power at the peak of level 3 gushed out fiercely. People standing behind him also stepped back slightly as they looked at Yun Feng with a teasing smile, as if she was someone who was about to die.

"You're quite courageous. How dare you kill someone from the Lin family?" Lin Meng narrowed his eyes and his voice also became a lot colder. Yun Feng only gave a faint smile.

Chapter 52: Finally Here (2)

"Whoever insults the Yun family and hurts people of the Yun family deserves to die!"

Lin Meng burst into laughter as he looked at Yun Feng a bit crazily with his black eyes filled with a strong disdain, as if he was looking at an ant. "Just you alone? You loser who has damaged Qi meridians?"

After hearing this, everyone gasped. They all looked at Yun Feng with a hint of shock in their eyes. Damaged Qi meridians? God... A person who had damaged Qi meridians beat Wang Youcai to death. How... was that possible?

Ze Ran was also stunned and couldn't accept the truth. He gazed at Yun Feng a bit anxiously. It turned out her Qi meridians were damaged. No wonder she didn't have a teacher. No wonder...

The smile at the corners of Yun Feng's mouth didn't disappear. She looked at Lin Meng with a glint of viciousness in her black eyes. "Lin Meng, do you have the guts to fight with me?"

Lin Meng froze, as if he was startled by what Yun Feng said. His mouth then slowly cracked open. The group of people behind him also couldn't restrain themselves and burst into laughter. How arrogant!

"Hahaha, you cracked me up! Haha! How dare a loser with damaged Qi meridians say something like that? Fight with you? Hahah!"

"Master Lin, if she wants to die so badly, just grant her wish. She can't wait to dig her own grave right now."

The group laughed loudly and the words they said were piercing, but Lin Meng felt delighted. He must kill Yun Feng. Even though he had no idea why she survived, he was very willing to grant her request since she wanted to die again!

Yun Feng stood there and glared at those laughing people coldly. Such a calm look made the laughing people a bit enraged. Being stared at by such eyes, they felt a little weird!

“Master Lin, kill her! You’re a loser, but you still want to fight. If you want to die, don’t regret it!”

“That’s right! Teach her a lesson!”

The group of people behind Lin Meng also made a clamor of voices. They shouted louder and louder, attracting students from the outer campus. Many students from the inner campus also rushed over after hearing the noises, including Mei Bing who had always been cold.

Once Mei Bing came out, everyone made way for him again, even with a slightly respectful look. Whether it was the students from the outer campus or the inner campus, they all dared not be impolite in front of the most powerful student in the Martial Arts Institute. Even those behind Lin Meng had no choice but to restrain themselves.

When Lin Meng saw Mei Bing, astonishment flashed through his heart. He had never thought that such an incident would attract Master Mei here.

“Mei Bing, are you here to join in the fun?” Lin Meng smiled at Mei Bing. Mei Bing didn’t even glance at him. He gazed at Yun Feng instead and nodded gently at her. Then, Mei Bing replied to Lin Meng.

“Why are you making such a fuss?”

Lin Meng’s eyebrows pulsed several times gently, but he didn’t have any signs of anger. And yet, the fire at the bottom of his heart had already risen. He used to be on an equal footing with Mei Bing in the past. However, ever since he reached level 4, there had been a step that couldn’t be crossed between the two of them. He must also yield in front of him!

“Nothing. I’m just accepting a duel.”

A duel? Mei Bing raised his eyebrows. He couldn’t help but look at Yun Feng. After seeing the indifferent look on Yun Feng’s face, he knew she was the one who started this duel. When the students from the inner campus heard that there was a duel, they were thrilled. And after they knew that someone requested to fight with Lin Meng, their jaws dropped one by one. Who? Who dared to request a duel with Lin Meng who was at the peak of level 3? Did that person have a death wish?

Ze Ran vigilantly glanced at Mei Bing who had just come out. The energy in him was much more powerful than that in Lin Meng. If this person was with Lin Meng... Thinking of this Ze Ran’s face turned pale again. He looked at Yun Feng. She didn’t have any emotional changes after Mei Bing came. Ze Ran was also relieved after knowing this, but then, the duel that was about to begin lifted Ze Ran’s heart up high once again.

“Alright then, I’ll be the judge of this duel.” Mei Bing said indifferently. Everyone was stunned. Yun Feng glanced over and saw Mei Bing smile gently. She didn’t say anything else. Lin Meng stood there with a slightly weird expression and finally chuckled.

“Fine, fine. It’s also my honor to have you, Mei Bing, as our judge.”

All the students watching around gasped. In the end, someone even cheered. Mei Bing, the most powerful student in the Martial Arts Institute was the judge of the duel. Besides, this was a duel between Lin Meng, who was at the peak of level 3 and was the second strongest person of the Martial

Arts Institute, and a newly-enrolled student! Such a battle made everyone feel unbelievable and also extremely excited!

Mei Bing stood there and said coldly, “Both parties accepted this duel voluntarily. If one of you dies or is injured, the other party will not take responsibility for it!”

Those who supported Lin Meng looked at Yun Feng in disdain. If Lin Meng didn’t send her to her grave this time, he wouldn’t be Lin Meng anymore! Besides, this was a fair duel. Even if she died, the Yun family couldn’t do anything!

“Master Lin, don’t show her mercy!”

“Right, do what you need to do!”

When Mei Bing heard them, his eyebrows moved slightly. He had seen Yun Feng’s strength, so he knew clearly that Yun Feng from the Yun family had a higher level than him! The result of this duel was very obvious. Lin Meng wouldn’t be able to escape death.

Mei Bing raised his hand and glanced at the two of them in the battlefield with his black eyes. He then dropped his hand, making a sound in the wind. “The battle begins!”

Lin Meng’s strength at the peak of level 3 immediately burst out. His entire body looked like a small mountain, giving people some kind of pressure.

“This time, I won’t let you live loser!”

Yun Feng stood opposite Lin Meng and didn’t release any fighting energy. She just stood there calmly, smiling coldly at Lin Meng. “I won’t let you live either.”

Lin Meng gently narrowed his black eyes as he gathered his fighting energy on his palm. Looking from afar, there seemed to be a faint halo around that palm. The students from the inner campus that were watching all gasped when they saw that. That was a combat technique!

Mei Bing couldn’t help but frown after seeing that. Lin Meng used a combat technique when he made his first attack. It seemed that he wanted to kill Yun Feng with a strike!

Apart from a strong body, a warrior was also powerful because of his combat techniques. Combat techniques could maximize the effects of the fighting energy and the use of combat techniques would greatly increase the power of the warrior as well, even allowing him to take the opponent’s life within one attack!

Chapter 53: Taste of His Own Medicine

Feeling the surging fighting energy in his palm, Lin Meng spread the corners of his mouth wide and showed a wicked smile. His legs moved forward swiftly and his steps were agile. In a blink, he had already gone a few meters forward. This speed was astonishing!

“Little loser, you won’t be able to escape this time. Cloud Piercing Palm!” As Lin Meng shouted, his hand was completely enveloped in fighting energy and he smacked straight towards Yun Feng’s Gate of Vitality!

Everyone watching the duel immediately held their breath. What a Cloud Piercing Palm! It blocked all of Yun Feng's ways out. If she couldn't dodge to avoid it at an even quicker speed, her head would only end up being smashed to pieces!

"Master Lin, kill her! Kill her!" Lin Meng's supporters, who were watching the battle, shouted. They seemed to be able to see Yun Feng being smashed and mutilated!

Lin Meng smiled deeper. He smacked his hand down on Yun Feng, who wasn't moving, with the sound of a gust of wind. Little loser, you must die today!

"Yun Feng!" Ze Ran's heart felt painful when he saw this and he couldn't help but yell loudly. Why didn't she dodge? If she didn't dodge, she would be killed!

Yun Feng, who was still standing there, only watched Lin Meng attack her. Her feet didn't even move a little. Anyone else, including Mei Bing, would have moved away skillfully. However, who was Yun Feng? What could Lin Meng, who was at the peak of level 3, possibly do to her?

The moment that Lin Meng got closer and was about to hit Yun Feng's Gate of Vitality with his hand, Yun Feng moved!

She rushed forward with her slim body at a creepy speed. She didn't retreat but advanced instead! This move sent everyone into silence. They looked at her in shock. What was she doing? Digging her own grave?

Lin Meng laughed madly in his mind. However, before he could laugh. "Bang!" He felt that his chest was being punched heavily by someone. The pain of a torn muscle made his facial features twist.

Yun Feng's fist punched firmly in Lin Meng's chest. That seemingly slender fist created a dent on the body of a warrior who was at the peak of level 3!

"Poof!" Blood gushed out of Lin Meng's throat, spurting on the ground. Lin Meng knelt on the floor messily as he covered his chest with his hand. He didn't have any power to stand up again because of the pain there. The location of his Qi meridians in his body also became a bit weird. A scorching sensation surged out from there.

Lin Meng was horrified. He immediately looked up, facing Yun Feng, who was expressionless at this moment, with his pale face. He said with shaking lips, "What... did you do to me?"

Yun Feng slowly put down her fist. A tiny plume of red elemental force disappeared quickly, so quick that nobody noticed. Seeing Lin Meng's pale face covered with cold sweat, Yun Feng slowly cracked a smile.

"How does it feel to have your Qi meridians damaged?"

"What... What!" Lin Meng's black eyes immediately widened to the extreme, as if they were about to jump out of his eye sockets. The vital energy and blood in his chest surged and he couldn't help but spurt out a big mouthful of blood again. Lin Meng tried to mobilize his fighting energy once again, but desperately found that the Qi meridians in his body had already been burnt by that weird heat!

Lin Meng's Qi meridians were damaged. All the money, energy and hope the Lin family put on Lin Meng, and even that recommendation spot at the Martial Arts Institute which he was bound to get, all vanished like soap bubbles!

"Yun Feng, you little bitch! How dare you..." Lin Meng glared at Yun Feng with blood at the corners of his mouth and resentment in his black eyes, as if he wanted to turn his gaze into a sharp sword, killing this little girl in front of him.

Yun Feng's faint smile remained at the corners of her mouth. Looking at Lin Meng kneeling on the ground at this moment, her eyes were full of coldness. He got a taste of his own medicine!

People watching around couldn't hear the conversation between the two of them, including Mei Bing. They only saw that Lin Meng directly knelt on the ground after being punched, vomiting blood. And yet, this was enough to make everyone gasp again. Even those who yelled and asked Lin Meng to kill Yun Feng earlier, went completely silent right now. They all looked extremely pale.

Lin Meng, Lin Meng who was at the peak of level 3, was knocked down on the ground by Yun Feng's punch. Then, how strong was Yun Feng? Had she reached level 4? She was a new student who had just been admitted this year. Level 4... What a genius! What a great talent! Even Mei Bing and Lin Meng couldn't compete with her at all!

Those watching the duel couldn't help but turn to Mei Bing, the most powerful student at the Martial Arts Institute. After seeing that he wasn't really surprised, they all felt their hearts shake. The top student of the Martial Arts Institute, Mei Bing, was indeed different. He could still remain calm even when such a shocking incident happened in front of him! However, the others had no idea that it was because Mei Bing had already seen how powerful Yun Feng was with his own eyes. That time, he was the same as these people. Stunned! Couldn't believe it!

Lin Meng was speechless as he knelt on the ground. Yun Feng also didn't say a word. The campus was in a strange silence. Mei Bing frowned. Up till this point, the result of the duel was already very obvious. Lin Meng was punched to the ground by Yun Feng. With such strength, who else would dare to say that Yun Feng was a loser?

At this moment, as long as Lin Meng surrendered, this duel would end. However, Lin Meng, who was kneeling on the ground, still hadn't said anything after a long time. Even if Yun Feng killed him, he couldn't blame anyone.

Lin Meng was completely torn right now. A breath of blood was stuck in his chest and couldn't be relieved. He couldn't accept that his Qi meridians were damaged at all and he couldn't even face all the senior members of the Lin family either!

Lin Meng hated Yun Feng, but he also blamed himself. Why did Yun Feng come back to life again after she died at his hands back then? Her Qi meridians were undoubtedly damaged by him. So why could she beat him up like this with a punch right now?

At this moment, he couldn't say anything about surrendering at all. Surrender? Who was he? If he surrendered now, where would the Lin family's face and his own face be? Not to mention doing so in front of Yun Feng. This little bitch, he should have slapped her a few times more back then to completely destroy her!

Lin Meng's vicious eyes glittered. Yun Feng only smiled coldly. He thought she would be done after damaging his Qi meridians? That wasn't enough!

While pondering in his mind, Lin Meng suddenly felt the coldness rising gradually from Yun Feng's body. His heart couldn't help but tighten. She really wanted to kill him! Lin Meng wasn't a fool. Under such a circumstance, he had to save himself, even if it meant that he would lose his face completely! Being alive was much better than anything else!

He abruptly opened his lips stained with blood. Before Lin Meng could say that he surrendered, he felt a piercing pain in his shoulder, which made him scream uncontrollably. "Argh!"

Chapter 54: Lin Meng, Go to Hell

Those watching the duel couldn't help but tremble. Such a shrill scream made them terrified, especially the new students who had watched Yun Feng fight with Wang Youcai with their own eyes. They even turned completely pale. They all knew that Lin Meng, the genius from the Lin family who was the second strongest student at the Martial Arts Institute, was about to end up like Wang Youcai.

"You want to surrender? You don't have a chance anymore," Yun Feng said as her black eyes darkened. She abruptly grabbed Lin Meng's jaw with her slender hand and narrowed her eyes. Then, a clear "crack" came. Lin Meng completely lost the ability to speak. His jawbone was completely crushed. His chin hung weakly and blood kept oozing out of his mouth, looking extremely messy.

Everyone was already stunned by how Lin Meng was looking right now. Was that still Lin Meng who was usually superior? Was that still Lin Meng, who was so domineering and arrogant that nobody in the Martial Arts Institute dared to discipline? How could that boy kneeling on the ground with blood all over his face, who had no power to fight back at all, be Lin Meng?!

Yun Feng looked at Lin Meng, who was kneeling on the ground with his facial features completely distorted, with coldness in her eyes. At this moment, he didn't seem as arrogant as he was when he came into the outer campus anymore. He had never thought that he would be embarrassed like this. And yet, this still wasn't enough. It wasn't enough to contain Yun Feng's anger for being killed once!

The slim figure that stood in front of Lin Meng for a long time finally moved again. Yun Feng used one hand to seize Lin Meng by his throat, lifting him up high off the ground. Lin Meng, who was one head taller than Yun Feng, was lifted up just like that. He had no power to fight back at all, like a slaughtered chicken.

"Ahem! Ahem!" Lin Meng's legs kept moving in the air and his hands also held onto Yun Feng's hand around his neck. He felt that his neck was being squeezed tightly and his trachea was about to be crushed as well.

The students watching the duel couldn't help but widen their eyes once again. They didn't understand what Lin Meng was doing. Even if he was knocked down on the ground, he shouldn't lose his power to punch his way out of a paper bag. Lin Meng was a warrior at the peak of level 3. He should be able to resist for a while no matter what!

Mei Bing also frowned after seeing that. He thought that Lin Meng's performance at this moment was indeed out of his expectation. With strength at the peak of level 3, he surprisingly had no ability to resist at all. Nobody would believe it if he told anyone!

However, other than Yun Feng and Lin Meng, nobody would know. The peak of level 3? That had become history. Lin Meng's Qi meridians had been damaged by Yun Feng. Even if Lin Meng fought with a new student who had just been admitted to the Martial Arts Institute right now, the other party would be able to kill him easily!

Deep humiliation flooded Lin Meng's heart. After his Qi meridians were damaged, he had undoubtedly become a useless person. He used to be the second most powerful student at the Martial Arts Institute. How domineering and how fierce was he? And this time, he fell down from such a high place. This fall was truly miserable, truly miserable!

"Yun... Feng... The Lin family won't let... you... go..." Lin Meng, who was taken by the throat, widened his blood red eyes and stared at Yun Feng fiercely, full of infinite curses.

The corners of Yun Feng's mouth curled up coldly. She smiled slightly at Lin Meng. "Great. I'll wait." After saying that, her slender wrist flipped abruptly. Lin Meng's body hit the ground hard once again. A few tiny cracks appeared on the ground. Yun Feng's body then dashed forward like the wind. She clenched her fist instantly with her slender hand and raised it high, pointing at Lin Meng who sunk into the ground slightly!

She said it before. Whoever hurt the Yun family would have to pay a hundred times back!

"Bang! Bang! Bang, bang, bang!" Ten consecutive deep sounds resounded in the silent air at this moment. Those were the sounds of a fist punching a body. Each punch hit the body hard and the sounds were piercing!

Those watching the duel were dumbfounded. Their breath completely paused for a few seconds. After that, they all panted loudly. When they looked at Lin Meng, who was sunk into the ground again, they saw that he was already lifeless. There was fear and despair all over his face, as if he was suffering great pain before he died.

Mei Bing's expression changed slightly. He couldn't help but look deeply at that indifferent girl on the battlefield. Lin Meng was dead. The dozen hard punches just then hit Lin Meng's body firmly. If he was right, all the bones in Lin Meng's body had already been shattered completely...

Ruthless! Merciless!

Mei Bing took a deep breath. Lin Meng's death would definitely anger the Lin family. She should have kept him alive no matter what... However, thinking of the Lin family's usual style of doing things, Mei Bing also understood. Even if Yun Feng kept Lin Meng alive, the Lin family wouldn't let her get away! However, seeing how fierce Yun Feng was, she would probably not be afraid at all even if the Lin family went after her. Glancing at Lin Meng, who was lying on the ground lifelessly, Mei Bing was also deeply fearful of Yun Feng. This girl wasn't someone he could keep up with. The members of the Yun family couldn't be offended.

Even though it wasn't necessary for him to announce the result of the duel anymore, he still had to follow the procedure. Mei Bing calmed his mind and yelled softly, "Yun Feng, wins!"

As Mei Bing shouted with a deep voice, the students watching all changed their expressions, as if they had collected themselves from the shock all of a sudden, but some of them were still looking startled with their eyes popped out. Their eyes couldn't move away from one place, Lin Meng, who died miserably on the ground, and Yun Feng, who had coldness all over her face and remained calm even after killing someone.

"Yun Feng! You killed Lin Meng! You... You..." A few people among Yun Feng's supporters had already turned pale. They had never thought Lin Meng would be killed. Lin Meng, who was at the peak of level 3, died just like that at the hands of someone who was supposed to be a loser. How crazy was that?

Anyone else would have thought about the consequences of killing Lin Meng. Everyone knew that Lin Meng was the very life of the Lin family. Whoever offended Lin Meng would offend the entire Lin family as well! No one in Chunfeng Town would be ignorant enough to provoke the entire Lin family, so no matter where Lin Meng was in town, he was like a little overlord. Other than the powerful Mei family and the Yun family, who were the Lin family's enemies, everyone in Chunfeng Town would respect Lin Meng for the sake of the Lin family.

And yet, who did Lin Meng offend? He laid a hand on the Yun family. If Yun Feng didn't kill him, she would feel awfully sorry for her last name. The Lin family occupied the Yun family's family business shamelessly and even tried to kill the members of the Yun family viciously. She would have to take revenge sooner or later, getting back their family business, every cent of it! She would also make those who hurt them pay for it with their lives. No one would be missed!

"Yea, I killed him. So what?" Yun Feng glanced over lightly. Her calm, indifferent gaze made the hearts of Lin Meng's supporters tighten and they felt pressure coming straight at them. Under Yun Feng's level-6 power, how could they not retreat?

Chapter 55: I Don't Want It, I'll Give It to You

Those people all turned pale and they dragged Lin Meng's dead body over as they trembled. Once they started pulling the body, they surprisingly found that Lin Meng died too miserably. His entire jaw was crushed and all his bones had fractured, making his entire body like a sponge!

"Yun Feng, the Lin family won't let you go. You killed Lin Meng. Just wait and see!" Lin Meng's supporters gritted their teeth at Yun Feng, but they could only make themselves feel better with their mouths. After all, she killed Lin Meng, who was at the peak of level 3, so easily. They weren't dumb enough to send themselves to die voluntarily.

Yun Feng smiled coldly and didn't care about what they said at all. Lin Meng was already dead. The duel between them was fair and square. So many people were here watching and Mei Bing was also the judge. If the Lin family truly wanted her dead, she wasn't scared. Did they think that the Yun family would be afraid when they came after them?

In the past, the Yun family might still weigh up the matter, but it was different now. Yun Feng would let the Lin family know that she would ask them to return everything they took from her with their own hands!

Lin Meng's gang moved Lin Meng's dead body away with shaking hands and their faces were pale. They already knew how enraged the Lin family would be when they learnt the news. Lin Meng was dead and the only hope the Lin family had was also gone, let alone the only spot of the Martial Arts Institute. The money the Lin family poured into Lin Meng in the past also went down the drain.

The Lin family wanted to kill Yun Feng. They just didn't expect Yun Feng to come back to life. And now Yun Feng killed Lin Meng. Unless a miracle, like the transmigration of his soul, happened again, even God wouldn't be able to change his fate. However, even if Lin Meng really had this great opportunity and was lucky enough to be alive, his Qi meridians were already damaged and the bones all over his body had been shattered.

Changes that the Lin family could never believe until they died were destined to happen from this moment.

Yun Feng watched Lin Meng's gang walk away coldly. She grunted in disdain, then turned around and was about to leave. Once she looked back, she saw that Ze Ran gave her a smile like the sun. Yun Feng couldn't help but ease her serious expression and smile slightly at Ze Ran. This smile gave her beautiful little face that was already alluring some more brightness. Who would believe that such a gorgeous little girl would be that cold, vicious person from earlier if they didn't see it with their own eyes?

Mei Bing saw the faint smile at the corner of Yun Feng's mouth and was slightly startled. Then, the smile disappeared silently, like a flower that blossomed for a very short period. Seeing that Yun Feng was about to leave, Mei Bing couldn't help but go forward and stop her.

"Yun Feng, wait."

Yun Feng was a little shocked. She turned around and glanced at Mei Bing. To be honest, she didn't like or hate Mei Bing. When Ze Ran saw Mei Bing, he couldn't help frowning slightly.

Mei Bing smiled lightly at Yun Feng, looking like a gentleman. However, Yun Feng was expressionless. Mei Bing felt a little embarrassed, but he immediately became serious. "If everything goes well, you should be able to get that spot of the Martial Arts Institute?"

Yun Feng was shocked after hearing that. The spot of the Martial Arts Institute? What was that? "What spot? I don't know anything about it."

"What? You don't know about it?" Ze Ran couldn't help yelling after hearing what she said. Yun Feng looked at Ze Ran in confusion and nodded. She truly had no idea about it. Mei Bing gazed at Yun Feng deeply and immediately said.

"The Martial Arts Institute has a spot every year. The student that gets this spot will be able to go to the Empire's School of the God of War and be trained to be a warrior there. Those who graduate from the school all go on a successful road. If you're admitted there, I believe that it won't be difficult for the Yun family to restore the glory they had in the past," Mei Bing said quite sincerely.

At first, he thought he would see a trace of excitement on Yun Feng's face. After all, that little boy next to her was already so thrilled that his face flushed. And yet, when Mei Bing looked at Yun Feng, her expression was still the same. Even her eyebrows didn't move at all.

Mei Bing's heart tightened. Wasn't she too indifferent? Or did she repress all her emotions at the bottom of her heart?

"Yun Feng, you must seize this opportunity! Then, the Yun family will be successful one day and the Lin family won't dare to bully the Yun family anymore!" Ze Ran grabbed Yun Feng's arm excitedly and said with a rapid tone. Yun Feng looked at him with an amused look. This was a matter of the Yun family. Why was he so emotional?

Yun Feng rolled her shoulders slightly and gently shook her head. She didn't want this spot. Even if they gave it to her, it was completely useless. Her Qi meridians were truly damaged. She couldn't become a warrior. Besides, to restore the glory they had? No, she wanted the Yun family to stand on an even higher place!

"I don't want it. If you want it, I'll give it to you." Yun Feng said to Ze Ran with a very casual tone. Her mindless words were taken seriously. Mei Bing's face instantly darkened, while Ze Ran's eyes popped out.

"Give... Give it to me? God... Yun Feng, you don't want it?" Ze Ran couldn't believe it. That was the only spot, a spot that the children of all families and civilians in Chunfeng Town fought for! The Empire's School of the God of War! Once she got into the School of the God of War, her future life would be bright and infinitely good! Such an opportunity lay in front of her and she... she... she didn't want it? If she didn't want it, that was fine, but she even wanted to give it away?

"Yun Feng, even though you're pretty strong, you should be a little more humble when you speak." Mei Bing looked cold and was very upset about what Yun Feng said just then. It was fine if she didn't want that spot, but it wouldn't be this little boy's turn no matter what!

Yun Feng glanced at Mei Bing. She thought he would be a bit different, but it turned out he was the same. So, she didn't bother to talk to him again. She turned around and was about to leave, as Mei Bing's voice came behind her.

"The Lin family won't just let you get away. The Yun family, look out for yourselves," Mei Bing said this out of kindness. He was just not that passionate. Yun Feng coldly curled up the corners of her mouth and straightened her spine. When her slim body lengthened, the shadow projected on the ground imperceptibly made people feel a bit like she was a tall mountain.

"You don't have to worry about it. I know who needs to be careful."

Mei Bing was slightly startled. To be honest, he hadn't really cared about anyone since he was little. And now, he finally cared about someone, but ironically the other party treated him coldly. After thinking about what Yun Feng said carefully, the anger in Mei Bing's mind also dissipated.

Looking at that slim figure that kept walking away, Mei Bing smiled speechlessly. Was he too nosy?

Chapter 56: Yun Feng, You Can't Touch (1)

In the past, the Lin family in Chunfeng Town was very lively. After all, even though Chunfeng Town wasn't dominated by any family, everyone knew how the Lin family did things. They would fawn over them whenever they could. It was always good to have a better relationship with the Lin family.

However, the Lin family didn't look as lively as usual. The huge mansion was unusually quiet, as if something was brewing silently, a bit gloomy and terribly quiet.

Even the servants, who were usually busy in the mansion of the Lin family, couldn't be seen right now. There was a silent, depressed atmosphere in the empty mansion. Meanwhile, in a chamber of the Lin family, a few middle-aged men were sitting with gloomy faces shrouded in a thundercloud right now. There was a kind of depression, a kind of grief, on their faces. In the main hall of the chamber, a lifeless dead body was lying on the ground. It was the body of Lin Meng who was beaten to death by Yun Feng.

"Brother! Yun Feng attacked and killed Xiao Meng! I must tear that little bastard to bits!" Lin Sen's eyes were bloodshot right now. His eyes were widened, as if they were jumping out of his eye sockets. He looked at his son who was still talking to him yesterday. Right now, he had already turned into a cold corpse, being moved back from the Martial Arts Institute miserably. His heart felt like it was being slashed open with a knife viciously. If the leader of the Lin family, Lin Quan, wasn't here, he would have already rushed to the Yun family and torn Yun Feng apart!

Lin Quan looked extremely awkward. He frowned and looked at Lin Meng's dead body, which had blood all over it, on the ground. When Lin Meng was brought inside just now, he was so shocked that he felt a little dizzy. That was the only hope of the Lin family. Lin Meng, who was at the peak of level 3, was beaten to death by someone!

Lin Quan was also furious at that time. He just wanted to slash the person who killed Lin Meng to pieces. However, when he heard that Yun Feng did it, his head rush was immediately relieved. Lin Quan was indeed the leader of the family. Lin Meng's death was a huge loss for the Lin family. When everyone else couldn't stay calm, he calmed Lin Sen and Lin Miao down and kept these two men, who were so enraged that their eyes were bloodshot, inside the house.

"Brother, what are you still thinking about? Just go to the Yun family. We can only vent the hatred in our minds after killing all the members of the Yun family!" Lin Miao shouted with a flushed face and panted like a cow. Seeing how miserably Lin Meng died, the anger in his mind burnt fiercely wave after wave!

Lin Quan frowned and sat in the main seat with an awkward look. His two brothers were already enraged. At this moment, he remained silent and his eyes only stared at Lin Meng's corpse, not looking away for a long time.

"Brother, say something! Are you scared of a kid? Even if that kid has great ability, so what? I don't believe that she can still live in Chunfeng Town without worrying about anything after angering the Lin family!"

"Yea, brother. Xiao Meng was our only hope, but he was beaten to death by Yun Feng just like that. We must vent our anger on her!"

"Brother, say something! You just have to say it and we'll immediately exterminate the Yun family. We'll not let any one of them go this time!"

Lin Sen and Lin Miao looked at Lin Quan, who was sitting in the main seat, with resentment on their faces. Seeing that he wasn't talking, they were a bit angry. If it wasn't that they had been brothers for so many years, the two of them would have exterminated the Yun family themselves!

Lin Quan frowned even tighter. His lips moved a bit and his eyes glanced at his two brothers, especially Lin Sen. Finally, he spoke with a slightly hoarse voice.

“Xiao Meng is dead and we must take revenge for him. That kid from the Yun family can’t be left alive!”

The two brothers immediately looked thrilled after hearing that. They couldn’t wait to rush to the Yun family and kill Yun Feng a thousand, ten thousand times, especially Lin Sen. A kind of heat surged out of his red eyes. He would tear Yun Feng to bits with his own hands, with his own hands!

“But...” Lin Quan continued mumbling, which made Lin Miao and Lin Sen a bit shocked. They looked at their brother in confusion. But? But what?

Lin Quan glanced over Lin Meng’s limp body on the ground again and a hint of anger flashed through quietly. “All the bones in Xiao Meng’s body are shattered and his Qi meridians are broken. If Yun Feng can make attacks like this, do you really think that her Qi meridians were damaged?”

Lin Sen and Lin Miao froze. They glanced at Lin Meng’s body again with a trace of astonishment in their eyes. They only focused on their hatred and truly forgot about this point. If she could kill Lin Meng, who was at the peak of level 3, then she should at least have the strength of level 4. It was true that Yun Feng killed Lin Meng. However, her Qi meridians were damaged. Judging from the current situation, how would that be possible?

The members of the Lin family had no idea that there were many things in this world that couldn’t be explained. Yun Feng was already an existence they couldn’t understand. Even though her Qi meridians were damaged, the power of her body was still no worse than that of the warriors of the same level and could even compete with those with a level higher!

“Perhaps...” Lin Sen widened his blood red eyes with several emotions, including doubt, shock and resentment, alternating back and forth. Lin Quan frowned and his eyelids dropped slightly, looking a bit exhausted.

“There was a mistake. Xiao Meng didn’t damage Yun Feng’s Qi meridians and she has already gone beyond level 4.”

After hearing what Lin Quan said, Lin Sen and Lin Miao immediately trembled. Beyond level 4! Lin Quan was only at the mid-level 4. That kid from the Yun family already had a higher level than they did?

Lin Sen gritted his teeth and a fishy smell came in his mouth. “I don’t care! Even if I have to pay a huge price to hire someone, I want that little bastard dead!”

Lin Miao’s body shook slightly. His scorching mind also cooled down a little. If Yun Feng was a little loser, they wouldn’t have anything to be scared of, even if her Qi meridians weren’t damaged, but now, it was different. Yun Feng’s strength had already gone beyond their imagination. She had the power of at least level 4. Being able to reach such a level at this age, she was indeed amazing!

“Brother, we can’t keep her alive. We definitely can’t keep her alive!” Lin Miao clenched his fists fiercely, making the blue veins burst on the back of his hands. Lin Quan nodded with a solemn look. He had also made some kind of a decision in his mind. Right now, it wasn’t simply about taking revenge for Lin Meng anymore. The Lin family would never let Yun Feng grow. They would certainly get rid of her at all costs!

"Master, we have a guest!" The butler of the Lin family stood outside of the door fearfully and yelled into the chamber with a slight tremor in his voice.

Chapter 57: Yun Feng, You Can't Touch (2)

After hearing that, Lin Quan couldn't help but look at his two brothers. Who would visit the Lin family this time?

"We're not seeing anyone! Tell anyone who wants to visit to come back later, no matter who it is!" Lin Quan yelled to the outside with a cold face. The butler immediately looked much worse. He turned his head to the side slightly and glanced at the old man standing next to him. He then gave a smile slowly and said again as his heart shook.

"Master, this guest is different..."

"Didn't you hear what I said clearly?" A gust of wind swept from inside the chamber. The strong wind carried the power of a mid-level 4 warrior and the door was instantly split in half. The butler turned pale as he saw that his body was about to be smashed by the broken door. The old man who kept smiling faintly next to him moved his hand slightly. An air current then flowed and blocked in front of the butler. The door that was about to hit the butler was pushed away by the air current, falling onto the ground.

"Master Lin, why are you so angry?" The old man said softly. He entered the door under the butler's fearful gaze, without waiting for Lin Quan's permission. He smiled gently at Lin Quan in the main seat. Lin Quan's pupils shrank abruptly and his body tightened. Lin Sen and Lin Miao also looked tense!

Lin Quan slowly stood up from his seat and cupped his hand in the other before his chest in front of the old man, looking a little complicated and forcing a bit of an awkward smile. Lin Meng's dead body entered Lin Quan's sight again and his face couldn't help but move slightly.

"Mr. Principal from the Martial Arts Institute, what brings you here? Are you here to give the Lin family an explanation?" Lin Quan looked up again with a hint of resentment hiding in his eyes. The old man glanced at Lin Meng on the ground, then slightly shook his head at Lin Quan and sighed, as if he was feeling sorry for them.

"Lin Meng and Yun Feng had a fair duel. When either of them dies, the other party will not take responsibility for it. So, how should I give you the explanation you talked about, Master Lin?"

Once the three brothers of the Lin family heard that, their faces couldn't help but become colder and they pondered a little in their minds. The old man saw the expressions of the three of them and his fierceness as a level-6 warrior poured out silently, making the faces of the three brothers of the Lin family pale.

"What do you mean, Mr. Principal?" Lin Quan gritted his teeth and was barely holding his body up. However, how would a level-4 warrior like him be able to resist the power of a level-6 warrior? Lin Sen and Lin Miao had already been overwhelmed and had knelt on one knee on the ground. Lin Quan hung on for a while, but then started panting in exhaustion and felt his knees weaken.

The old man looked at the three brothers of the Lin family from above. His sharp eyes were unusually clear and a silent deterrence surged out of him quietly, like a world that covered the three of them above their heads.

“I’m here to give the Lin family some advice. Yun Feng, you can’t touch.”

The faces of Lin Quan and his brothers kneeling on the ground twitched and spitefulness burst out of their eyes. Lin Quan frowned as he lifted his head and looked at the principal of the Martial Arts Institute in front of him. The anger in his mind couldn’t be repressed easily, it was like a raging wave.

“Mr. Principal, are you breaking the rules here? The Martial Arts Institute never interfered with the quarrels between families in Chunfeng Town. And now, you want to be involved as well?”

The principal’s eyebrows moved slightly. All the Martial Arts Institute in the Karan Empire had one rule. They couldn’t be involved in the quarrels between families in their towns. The purpose of setting this rule was to ensure the fairness and detachment of the Martial Arts Institute. After all, students who got the recommendation spot in the Martial Arts Institute would be directly admitted to the School of the God of War, which was the place where all the elites in the Karan Empire were. If the Martial Arts Institute colluded with a powerful family, the quality of the talent transferred to the School of the God of War wouldn’t be guaranteed. Besides, if the Martial Arts Institute was controlled by a family, the officials of the Karan Empire would also have to be careful.

Under this regulation, the Martial Arts Institute must abide strictly to the rule and stay out of any family quarrels. No family could threaten the Martial Arts Institute as well, because the Martial Arts Institute was directly under the School of the God of War. In the Karan Empire, no family would be foolish enough to challenge the authority of the School of the God of War directly. After all, the few old people guarding the School of the God of War were people that could shake those so-called large families by just moving their eyebrows.

The principal of the Martial Arts Institute in Chunfeng Town could come to the Lin family and give them such advice. Technically, it didn’t count as breaking the rule. However, he was just making use of the loophole of the rule. After all, what the principal said obviously favored Yun Feng. The principal had also thought about it. He couldn’t break the rule. Once he broke it, the Martial Arts Institute would directly be punished by the School of the God of War. So, he could only use the identity of the Martial Arts Institute to suppress the Lin family and make them behave. However, judging from the current situation, it seemed that the Lin family hated the Yun family to the bones. Even with the pressure from the Martial Arts Institute, the Lin family wouldn’t just put it behind them.

The principal looked at the ferocious eyes of Lin Quan and his brothers. It was better for him to comfort them a bit right now. If the Lin family truly gave its all and hired a master at a high price to deal with Yun Feng, that kid wouldn’t be able to resist a real master no matter how outstanding her talent was. In the principal’s mind, Yun Feng was a kid with extraordinary talent, but no actual experience in the field at all. And yet, this worry was unnecessary. Yun Feng did have experience in fighting with a Mutated Magic Beast. How would she be afraid of facing a few human masters?

“I’m very sorry about Lin Meng, but the duel between Lin Meng and Yun Feng was fair. Mei Bing was the judge.”

Once the principal finished talking, Lin Quan’s eyebrows suddenly pulsed. Lin Sen’s entire face darkened. Duel... Fair duel... How would they not know? Even if it was a duel, so what? Xiao Meng was dead! The only hope of the Lin family! How many years and how much energy and money did the Lin family have to spend to make another Lin Meng?!

Lin Quan gritted his teeth and stood up with difficulty. He said coldly to the principal of the Martial Arts Institute, "This is the Lin family's business. You don't have to worry about it, Mr. Principal. There has been a feud between the Lin family and the Yun family for a long time. Everything we do is about the quarrel between our families. If the Martial Arts Institute understands the rule, you may leave!"

After the principal heard that, he couldn't help but look upset. With his power of a level-6 warrior, he could knock these three of the Lin family away with one attack. The Lin family had never shown such an indifferent attitude towards the Martial Arts Institute. Lin Meng's death sent the Lin family into complete despair. Lin Meng was dead and the only recommendation spot of the Martial Arts Institute also turned into ashes for the Lin family. Since they had nothing left, they didn't have to humble themselves in front of the Martial Arts Institute.

There was a thought in the minds of Lin Quan and his brothers. Even if the Emperor was here, he wouldn't be able to stop them from exterminating the Yun family!

Chapter 58: The Lin Family's Plan

The principal looked at the three of them deeply and didn't say anything else before he turned around and left. This was all that the Martial Arts Institute could do for that kid. They couldn't interfere directly and it was impossible for them to suppress the Lin family from the side right now, but his advice was real. Even he couldn't detect the bottom line of Yun Feng's strength with his power of a level-6 warrior, so how would the Lin family be able to destroy her? The principal shook his head slightly. The Lin family would probably be going down.

After the principal of the Martial Arts Institute left, Lin Sen and Lin Miao, who were kneeling on the ground, stood up messily with a trace of blood at the corners of their lips. In order to not let their knees reach the ground earlier, they bit their tongues hard and kept holding on until now.

"Fuck that old man. We can't touch Yun Feng? I'm going to touch that bastard!" Lin Sen stared at the direction where the principal left with sullen eyes and said viciously. His bloodshot eyes looked a bit terrifying.

"That's right! We can't touch her? How would there be someone in Chunfeng Town that the Lin family can't touch?" Lin Miao was also enraged. The Lin family was obstinate and supercilious. In their eyes, there was truly no one in Chunfeng Town that they dared not touch. The Lin family could even touch that Mei family once they gritted their teeth!

"I never thought Yun Feng would be able to gain favor from the Martial Arts Institute though..." Lin Quan pondered carefully and said this. When Lin Sen heard him, his eyes turned even redder.

"Fuck the Martial Arts Institute! Brother, we must get rid of that bastard! If not, she'll be a disaster to the Lin family!"

A glint of viciousness flashed through Lin Quan's eyes. "Don't worry. We must eliminate her. No matter who it is, nobody can keep that bastard safe! The Martial Arts Institute can't interfere and the Mei family will definitely do nothing. The Yun family has only three members. Yun Jing is a level-5 warrior, Yun Sheng is a mage and there's Yun Feng. As long as we deal with it properly, the road for the Yun family will end right here."

After hearing this, Lin Sen and Lin Miao chuckled with a creepy look. "Brother, what should we do now?"

Lin Quan pondered for a while and had already got a plan in his mind. "This time, we'll do whatever it takes to completely exterminate the Yun family! Leave no one behind, not even their dead bodies! Lin Miao, take the remaining money to the black market and hire a few masters. The more the better. If that bastard could beat Xiao Meng to death, she must have at least level 4 power. You must hire masters that are at least level 5. If you can, it'll be better to hire ones at level 7..."

Lin Quan was meticulous. Hiring warriors of at least level 5 was a merciless move. The Lin family gave its all in order to ensure that Yun Feng died this time.

Lin Miao nodded. The viciousness in his mind became stronger. Money was something that the Lin family didn't lack. Now that Lin Meng was dead, the Lin family didn't have the energy and money to make another Lin Meng anymore. The huge amount of money they earned was useful now. The Lin family wouldn't stop if they couldn't exterminate the Yun family this time!

"Lin Sen, take care of Xiao Meng's funeral first, then send someone to keep an eye on the Yun family. Make sure we know the location of everyone in the Yun family all the time!"

Lin Sen nodded as he picked up Lin Meng's dead body on the ground with red eyes and walked outside shakily. "Brother, how should we arrange the employed masters?"

Lin Quan gave a vicious smile and a hint of evilness flashed through his eyes. "Divide them into two groups. This time, none of the members of the Yun family can run away. They dashed the hopes of the Lin family, so I'll eliminate the Yun family!"

After Lin Meng died in the duel with Yun Feng at the Martial Arts Institute, the news swept the entire Chunfeng Town like a gust of wind. Lin Meng's death made everyone in Chunfeng Town gasp.

The Mei family was certainly the same. When Mei Bing brought the news back, the senior members of the Mei family could only use stunned to describe their feelings. That girl from the Yun family, Yun Feng, directly killed Lin Meng once she attacked. How would the Lin family just let her get away with it?

Chunfeng Town seemed to be calm on the outside. However, everyone knew that undercurrents had gathered quietly, waiting for the right time to form a raging wave. If this happened in the past, it wouldn't be difficult to foresee the destiny of the Yun family, but it was different now. They had Yun Feng. Even if the Lin family hired some masters, it didn't mean that they could hurt anyone under Yun Feng's hands. And yet, if the Lin family truly employed the real masters, the fate of the Yun family would be in jeopardy.

Yun Jing certainly got the news about Lin Meng being killed by his daughter as well. After hearing about it, Yun Jing kept a straight face. Yun Feng just stood there in front of her father quietly, not saying anything. She knew that after she killed Lin Meng, the Lin family would retaliate like crazy. However, the Yun family couldn't be suppressed underneath the feet of the Lin family after all. The Lin family must pay for everything they took and everyone they killed, starting from Lin Meng!

A hint of stubbornness appeared on Yun Feng's little face. She, who caused the trouble, was certainly confident that she could deal with it. She would never let the Lin family hurt a hair of the Yun family

again. Thinking about what the Lin family might do, Yun Feng's heart was full of coldness. To spare no one? Then, the Lin family should also be prepared to have their names removed from Chunfeng Town!

Yun Jing remained silent and looked at his stubborn daughter who was standing next to him without saying a word. His heart was shaking slightly, not because Yun Feng caused a huge trouble by killing Lin Meng, but weren't his daughter's Qi meridians already damaged? How did she kill Lin Meng? For Yun Feng whose Qi meridians were broken, Lin Meng, who was at the peak of level 3, should be a fatal danger!

Yun Jing was worried and was repentant in his heart. If Yun Feng was injured again in this duel, what could he do? Endure the pain of losing his daughter again? Experience the kind of pain that tore his heart apart one more time?

Yun Jing's black eyes had already scanned over Yun Feng's body from top to bottom countless times, as if he still couldn't truly be certain that his daughter was standing there without any injuries, while Lin Meng who fought with her was already dead, no matter how many times he checked!

"Feng, do you know what you did wrong?" Yun Jing's shout made Yun Feng look up in shock. She looked at her poker-faced father as she felt wronged in her mind. Wrong? What did she do wrong?

"I didn't do anything wrong!" Yun Feng immediately tightened her slim body and replied word by word. She stared at her sullen father stubbornly with her black eyes. She didn't understand what exactly she did wrong after all!

Yun Jing looked at Yun Feng's black eyes which were full of stubbornness and obstinacy in the heart of hearts of the Yun family. He couldn't help but sigh deeply. He walked a few steps forward and sat on the chair with slight exhaustion.

"Feng, don't be so reckless next time."

Chapter 59: Be Honest About Her Strength

What Yun Jing said infused warmth into Yun Feng's aggrieved heart. The corners of her mouth curled up and she gave a sweet smile. She knew it. She knew that her poker-faced father wasn't worrying about the Lin family's trouble at all, but about her, her safety!

In the mind of her poker-faced father, there was nothing more important than his two children. If she and her brother were hurt, her sullen father would definitely fight back with his life! This was her father. This was the father who loved her so much!

Yun Jing's worries made Yun Feng feel a little ashamed. He was so anxious only because she wasn't honest with her father about her strength. However, at this moment, once the Lin family started their revenge, her poker-faced father would definitely send himself out to face them alone. So, at a time like this, it was time for her to tell him about her real strength!

She gave it a thought and the bracelet appeared immediately. The dark red Ring of Contract lying silently in the bracelet seemed to calm. In a blink, the Ring of Contract appeared in Yun Feng's hand. The six fire marks on the surface of the ring had a scorching temperature. The moment the Ring of Contract appeared, the air around her shook slightly.

“Father, I have something to tell you.”

Yun Jing was lowering his head right now, so he didn't see Yun Feng's moves and the Ring of Contract which was the symbol of a summoner at all. He was thinking in his mind about how he should deal with the series of problems that might arise next. The Lin family would definitely not let the Yun family get away this time. He must send Yun Feng away as quickly as possible, Yun Sheng as well. If the Lin family couldn't find Yun Feng, they would surely hurt Yun Sheng. It didn't matter what they did to him, but nothing could happen to his two children!

Hearing that Yun Feng had something to tell him, Yun Jing didn't care at all. He just replied casually, but was still thinking about how he could send Yun Feng out of Chunfeng Town without the Lin family noticing and how he could ensure that Yun Sheng could return safely and leave with Feng...

Yun Feng looked at the frowning and pondering look of her poker-faced father. She knew what he was thinking without guessing and she couldn't help but shake her head speechlessly. She wanted to give him a surprise originally, but it had inexplicably been diluted too much. She had already taken out the Ring of Contract and her sullen father didn't even see it.

“Little Fire, come out.”

Yun Feng put the Ring of Contract on her finger and the six fire marks on the body of the dark red ring immediately lit up. A beam of dark red light shot out of the surface of the ring, landing next to Yun Feng. It gradually expanded into a figure and an entirely dark red level-6 Magic Beast, a Mutated Fire Cloud Wolf, appeared in the end!

The moment Little Fire showed up, the temperature in the entire room instantly increased a lot and even started to distort slightly. Yun Feng felt the rising temperature, so she yelled at the unusually excited Little Fire next to her with a low voice, “Tone it down. Do you want to burn down my home?”

Yun Jing was already confused when Yun Feng asked Little Fire to come out. Who was Little Fire? When did their family have such a person? Before he looked up, he had already noticed the change of the air around him. The soaring temperature almost burnt his clothes. If his fighting energy of a level-5 warrior didn't surge out in time, Yun Jing would have been burnt by the fire.

The sudden change made Yun Jing look up in shock. However, what he couldn't even imagine was... Wasn't this entirely dark red Fire Cloud Wolf a Magic Beast? Why would a Magic Beast show up in his house? What... What was going on?

“Master, I've already been hiding for a long time. How boring!” Little Fire complained in discontent, which made Yun Feng feel a bit sorry. Since she concealed her identity as a summoner, Little Fire was also being hidden. She wouldn't let it out until it was the right time. Ever since Yun Feng was contracted with Little Fire, this was the first time it came out. So, it made sense that it felt aggrieved.

Yun Feng was probably the first summoner in the world who could make a Magic Beast aggrieved.

Yun Feng smiled embarrassedly. It was her fault after all. “Stop complaining. I don't mind sending you back inside.”

Once Little Fire heard it, it immediately stopped talking. It scratched the floor with its wolf claws in frustration and lowered its wolf head feeling wronged. Was it lucky or unlucky to have contracted such a genius master?

Yun Feng lowered her head to talk to Little Fire and didn't notice that her poker-faced father had already been frozen to a stone statue. There was only one phrase scurrying around Yun Jing's head, Magic Beast, Magic Beast, Magic Beast, Magic Beast...

His daughter in front of him was talking to a Magic Beast so naturally and that Magic Beast called Yun Feng its Master? Only one kind of person could make a Magic Beast call them Master, which was...

"Feng, you..." Yun Jing finally found his voice again. He stood up from the chair and stared at Little Fire firmly with his black eyes. There was a strong tremor in his voice. Was this real? Was everything real?

Yun Feng looked up and saw the excitement of her poker-faced father and the way he stared firmly at Little Fire. She knew that there must be raging waves in the heart of her sullen father right now. Yun Feng couldn't help becoming thrilled. She straightened her back and said with a clear and bright voice.

"Father, I lived up to the expectations of the Yun family. I'm a summoner!"

A summoner! Yun Feng's clear voice hit the bottom of Yun Jing's heart, making it shake violently. The fighting energy in his body also went into chaos because of such excitement. Yun Jing panted heavily and looked at the Magic Beast in front of him as he listened to what his daughter said. He wanted to properly digest the news that made him ecstatic!

How many years had it been? How many years had it been since that legendary summoner of the Yun family was born? A few centuries! Every generation of the Yun family dreamt of having the second summoner. This had been the dream and hope of the Yun family for hundreds of years!

The continuation from generation to generation, the disappointment from generation to generation, the hope from generation to generation, the persistence from generation to generation!

The determination in the bones of the Yun family passed down their hope that became weaker and weaker. Even after constant disappointment, even though there wasn't a second summoner anymore, this little fire of hope was still burning and was passed down continuously!

Yun Jing's eyes became slightly teary. The delightful news made this middle-aged man who had always been cold extremely thrilled. He couldn't repress the raging emotions in his heart anymore.

He had originally given up. He thought this generation couldn't fulfil the expectations of the Yun family throughout these several centuries again. And yet, he had never thought, he had never thought... A summoner, his daughter was a summoner!

Chapter 60: Ready (1)

The news was so sudden, so sudden that he wouldn't believe it was true if Little Fire wasn't standing right in front of him! Why would Yun Feng become a summoner? Why couldn't they detect it in the test last time? All these weren't important anymore!

Seeing the excitement on her father's face, Yun Feng said softly, "Father..." She understood the astonishment in her father's heart. As the leader of the Yun family, a heavy burden was put on her

father's shoulders. The hope of having a summoner was undoubtedly the heaviest one. A few centuries of anticipation weighed on her father's shoulders. So, how could he not be emotional at this moment?

"Great, great... I finally lived up to the expectations of the ancestors of the Yun family..." Yun Jing mumbled as the tears welling up in his eyes were forced back. Looking at this slim body in front of him, his daughter, Yun Feng, a strong sense of pride rose from the bottom of Yun Jing's heart!

Little Fire glanced at the emotional Yun Jing in slight confusion. In its eyes, Yun Feng's father, Yun Jing, was just a level-5 warrior, someone it could knock away with one slap. It was a bit not used to being stared at like this.

When Yun Feng saw that her father had already calmed down from the emotions at the beginning, she smiled gently. Her matter wasn't the priority right now. Her father also knew that the Yun family was facing a crisis at the moment. The Lin family wouldn't show any mercy at all this time. They wouldn't give up until they exterminated the Yun family.

"Father, ask brother to come home. The Lin family will definitely send someone to deal with him."

A hint of appreciation flashed through Yun Jing's black eyes. It was indeed pleasing to see that her daughter was thinking about whether her family was safe or not at such a moment.

"Feng, don't worry. I've already sent someone to deliver a message to Yun Sheng. He'll probably be on his way back tomorrow."

Yun Feng pondered silently. Tomorrow? With the Lin family's speed, they would certainly gather their men as quickly as possible. If her brother came back tomorrow, he would probably run into the Lin family. Then, her brother's safety...

"No, if he gets back tomorrow, he'll definitely run into the Lin family!" After pondering for a while, Yun Feng said calmly. Yun Jing couldn't help but frown after hearing her. Did he send out the message too late? He had already notified Yun Sheng at the fastest speed, but compared to the Lin family who was in a hurry to take revenge, they would be even faster.

"I'll go to pick up Sheng right now!" Yun Jing immediately made a decision, but Yun Feng shook her head and put up a comforting smile on her face. With her here, nobody could lay a hand on her father and brother!

"Father, the Lin family will surely hire some masters and these masters will be divided into two groups, one for you and me, and the other for brother. I'm the one who killed Lin Meng. The target of the Lin family is me and I'm the person they want dead the most! The group of people who come for me will probably be the main force. If I'm right, only a couple of them will be sent to attack brother. If you rush to meet with brother, the Lin family will definitely be prepared for it, or may even prepare more. By then, things will get a little knotty."

Yun Feng analyzed systematically. After hearing that, Yun Jing's impetuous heart also calmed down slightly. He couldn't help but see his daughter in a different light. When did this start? Feng could manage on her own and could analyze the situation calmly!

There were traces of admiration in Yun Jing's eyes. Yun Feng didn't think much. Under the current situation, she had to stop the biggest attack force and she couldn't let the Lin family notice anything strange. Since this was a game, she might as well be a player in the game.

"Sheng is just a level-2 mage. If he really runs into the people of the Lin family, I'm afraid..." Yun Jing's face darkened. Based on his understanding of the Lin family over the years, they would certainly hire many level-5 masters, or even some at level 6. He didn't have to worry about Feng at all now, but for Yun Sheng, it was still uncertain whether he could come home safely.

"Father, don't worry. I won't let anyone touch brother! We both can't go anywhere. So it's the only one who can." Yun Jing smiled as she caressed Little Fire's head. Yun Jing looked at Little Fire in shock. Even though it was the Magic Beast contracted with his daughter, he was still a little frightened, because this Fire Cloud Wolf seemed to be different...

When Little Fire heard Yun Feng mentioning it, it couldn't help but shake its head. It avoided Yun Feng's hand that was caressing its head, then looked up and stared at Yun Feng with its black wolf eyes. If it was right, its Master wanted it to...

Yun Feng glanced at Little Fire with a smile as she squeezed its fluffy ears. Little Fire was extremely obedient in front of Yun Feng. Even when she squeezed its ears, it still looked harmless and showed a kind of cuteness instead.

"You're right. That's it."

Once Yun Feng finished talking, Little Fire's black eyes couldn't help but widen. It looked at Yun Feng like it couldn't believe it. Its Master wanted it to be a bodyguard! As a Mutated Magic Beast, it had to go to be a bodyguard and the person it had to protect wasn't even Yun Feng, but a level-2 mage! This was a kind of humiliation. This was a complete insult to it!

Little Fire breathed heavily through its nostrils and a glint of anger flashed through its wolf eyes. Yun Jing immediately had his heart in his mouth after seeing this. He was worried that this Magic Beast would open its mouth and bite his daughter. And yet, Yun Jing seemed to have forgotten that Yun Feng was a summoner. Little Fire could only listen to her. Refuse to obey her? Don't even think about it.

Yun Feng shook her head at Little Fire. Fierceness burst out of her smiley black eyes, which made Little Fire tremble. "Are you going or not?"

As Little Fire looked into Yun Feng's eyes, the hair around its body stood slightly. In the end, it growled helplessly to show that it would obey her order. Yun Feng patted Little Fire's head with a smile. This move startled Yun Jing again. This middle-aged man still hadn't got used to the interaction between Yun Feng and Little Fire. He was always worried that Little Fire would do something to Yun Feng.

Yun Feng looked up and saw the anxious look of her poker-faced father. She couldn't help but feel warm in her heart. "Father, Little Fire will ensure brother's safety. It's a level-6 Magic Beast. No matter how many masters the Lin family hired, it can keep brother safe!"

Yun Jing was stunned again. Level 6! God... So, his daughter had already reached level 6! Another huge surprise smashed down. Yun Jing thought perhaps today was a special day. For him, this might be the most incredible day he had had in so many years.
