

## Summoner 641

### Chapter 641 Unique (3)

Although the Yun family's house in Chunfeng Town wasn't big, it was at least several times better than this place. After hearing the overall situation of the Yun family in Jushui Town, what Yun Feng desperately wanted to know next was the population of the Yun family in Jushui Town, and whether or not, apart from Yun Luochen, they had other young descendants. After all, a family had to reproduce and grow stronger. The bloodline was the foundation! Without a good bloodline, the Yun family in Jushui Town wouldn't be able to last long even if Yun Feng raised it to a certain height.

The Yun family in Jushui Town had a better demography than the Yun family in Chunfeng Town. There were a total of fifteen people. The head of the family, Yun Tianfan, had only one son, Yun Luochen. Yun Luochen's mother passed away very early like Yun Feng's mother, and Yun Tianfan didn't marry again.

The other dozen or so people were all from the side branches of the Yun family. Yun Tianfan wasn't the only son. He had two brothers, and these two brothers also had their own families and children. The two brothers were average in strength, but they also did their best for the Yun family and had always been anxious for the Yun family, hoping that the Yun family would get better. These two brothers each had a wife. Yun Feng didn't meet these people. There were four people in Yun Luochen's generation, and Yun Luochen was the oldest. He had three cousins. They were all the children of his two uncles, and their talents were ordinary.

Among the fifteen people, only Yun Tianfan's three brothers and the four children in Yun Luochen's generation had the blood of the Yun family in their veins. Among the others, there were two people who were married into the family, and some loyal servants who still worked for the Yun family on account of their past for many years. After learning about the current situation of the Yun family in Jushui Town, Yun Feng didn't say anything. She only asked to meet the other children. She wanted to confirm their talent. If they were truly talented, she would do anything to nurture them! Yun Tianfan more or less knew what Yun Feng meant, and there was excitement and gratitude in his eyes. The Yun family had been down and out for so many years, and he thought that this was their fate. How would they be able to make a comeback? Now that they were running out of money, they really couldn't imagine the future. Even if they had such a great ambition in their minds, they could only see it as a tantalizing dream that couldn't come true. However, Yun Feng appeared, and the Yun family of Jushui Town was destined to rise from mundaneness.

At Yun Tianfan's command, the few children of Yun Luochen's generation all came. Of course, there were also a few other members of the Yun family. Yun Tianfan's two brothers were a bit confused, especially when they saw Yun Feng, a stranger, appear in their house. They were even puzzled. "This is..." asked a rather good-looking woman in confusion. Yun Feng didn't answer, but glanced at the three children standing in front of her. The two boys weren't afraid of strangers, and they didn't seem shy when they saw Yun Feng. The little girl seemed a bit shy and had been hiding behind, looking at Yun Feng timidly with her eyes. Yun Feng felt a bit regretful after her initial observation.

The Yun family of Jushui Town was more unfortunate than the Yun family of Chunfeng Town. Apart from her, the Yun family of Chunfeng Town had another mage, Yun Sheng. Logically speaking, the people on the West Continent shouldn't be affected by their bloodlines. However, the three kids in front of her

were too ordinary and didn't have any outstanding qualities at all. Yun Luochen was actually the most talented one.

Yun Feng heaved a helpless sigh in her mind. It seemed that Yun Luochen had to carry the burden of the Yun family alone. Even though she was a member of the Yun family and she wouldn't leave the Yun family on this side alone, the future development of the Yun family in Jushui Town depended on their own hard work. Any external help was just a small part that contributed to success. The result would be determined by one's own hard work.

After observing carefully, Yun Feng turned around and looked at Yun Tianfan. "Uncle Tianfan, what I said might be a bit blunt, but I must say that their talents are far from my standard. Even Yun Luochen is the same."

The other members of the Yun family were a bit upset. Yun Tianfan's two brothers immediately looked sullen. "You're quite bold! It's not up to you, an outsider, to determine the quality of the children of the Yun family!" Yun Feng didn't get angry after hearing that. She just sat there with a smile. Yun Luochen was anxious to explain, but Yun Tianfan raised his brows. "She's not an outsider."

Yun Tianfan didn't announce Yun Feng's identity, which made Yun Feng very surprised. However, Yun Feng soon understood why Yun Tianfan didn't announce it in front of everyone. Another woman who had been silent all this time spoke at this moment. "We don't need outsiders to see the Yun family's potential. We all know it very well." Yun Feng couldn't help but glance over. Even if she wasn't a member of the Yun family's bloodline, she was still a daughter-in-law of the Yun family. It was a bit too much to mock your family like this.

"Shut up!" One of Yun Tianfan's brothers roared. The woman snorted in disdain and didn't say anything else. Yun Tianfan's eyebrows suddenly jumped. "Big brother, third brother, come in with me." Yun Tianfan walked into the inner room. The two brothers were a bit surprised, but they followed him. There were only Yun Feng and the four children of Yun Luochen's generation left in the room, as well as two beautiful women. One of them looked inside with a bit of worry, while the other was the one who spoke disdainfully. She leaned back in her chair and mumbled with dissatisfaction, 'I must've been blind to marry into the Yun family."

This murmur was neither loud nor soft and it happened to spread to everyone's ears. Yun Feng's expression turned cold when she heard it. The other three kids of the younger age didn't understand, but Yun Luochen did. He sat there with an awful expression. Even though she could see that he was angry in his heart, he still stayed silent with the respect that he should have for a senior.

"Sister! How can you say such a thing?" Another woman complained disapprovingly as she glanced at Yun Feng. "Why? Should I not say it out loud? The Yun family is already in such dire straits! If he hadn't shamelessly wanted to marry me back then, I really wouldn't have accepted! No woman would marry into the Yun family!"

The other woman tried her best to stop this woman from continuing, but this woman seemed to be enjoying herself. She also seemed to want to vent all the grievances in her heart because Yun Feng was here!

“How dare they talk about potential when they are an unranked family? Which one of them has any potential? Look at the Shi family, look at the Li family! Isn’t either of them better than these people?” The woman glanced at the four young children of the Yun family with disdain in her eyes, even including her own children.

#### **Chapter 642 Unique (4)**

Yun Feng sat there with a calm expression, but her temples had already jumped a few times. She really didn’t expect the Yun family to take in such a woman. Yun Tianfan was right not to say anything. Once such a person learned of her true strength, she would truly be impossible to be shaken off. This woman was completely a snobbish person.

“You think the Yun family isn’t good enough for you, don’t you?” Yun Feng asked indifferently with a very calm tone. The woman snorted in disdain. “Even though I’m also a commoner, I should be better than these people of the Yun family! If it weren’t for that year...”

“If you don’t think you’re good enough, just leave.” Yun Feng said again. The woman was stunned. The other woman, who had a good personality, was a bit upset at this moment. “Little girl, this is the Yun family’s business. It’s not up to you to decide!”

Yun Feng pursed her lips lightly. Yun Luochen said in a low voice, “Third Aunt, just let her go. She’s been calling her husband a loser all these years. If the Yun family embarrasses you, you can just leave!”

“Luochen! How can you talk to your aunt like that?” The woman scolded softly. The woman who was criticized by Yun Luochen seemed to be suddenly energized. “Great! How dare a kid talk to me like that? The Yun family can only talk glibly! You can only rely on your face to make friends! Yun Luochen, tell me, how good are you? Ah! Do you really think the Young Lady of the Shi family is interested in you? Don’t flatter yourself! If you don’t have this face, the Yun family won’t even look at you when you lick your shoes!”

Yun Feng suddenly stood up and a fierce aura burst out of her body. The woman who was still talking nonsense just then suddenly shut her mouth. Everyone at the scene looked at Yun Feng. Yun Feng stood there with a smile that was almost nonexistent on her face as she stared at the woman who still had dissatisfaction on her face.

“You’re right and you hit the nail on the head.” What Yun Feng said eased the expression on the woman’s face. “Little girl, if you plan to be with this useless Yun Luochen, I suggest you don’t jump into this fire pit. I’ve been here before!”

Yun Feng chuckled. “Yes, I remember what you said very clearly. Don’t worry. I’ll do everything I can to help you get out of this fire

pit.’

The woman was a bit puzzled and felt that what Yun Feng said was a bit weird. At this moment, the three brothers came out. The two men, who were almost middle-aged, looked a bit weird, as if they were suppressing something. Especially when they glanced at Yun Feng, the two men looked even more excited.

Yun Tianfan said a few more words and asked the others to leave. Yun Feng's purpose was to see if there were any promising young children. Since there weren't any, there was no need for her to stay here anymore. Yun Tianfan frowned and glanced at the woman who said something outrageous just then with a gloomy face. After these people left, Yun Tianfan said in a low voice, "The situation of the Yun family is a bit complicated right now. Some people must be taken care of." Yun Feng nodded. "Uncle Tianfan, even though I said that their potentials aren't good, it doesn't mean that the Yun family doesn't have a chance to rise. Their potentials can be changed."

Yun Tianfan smiled knowingly. "I know that. You can change your potential by force, but you need a lot of unique things. The Yun family can't afford them at all."

Geniuses couldn't be created, but talented people could. A person with mediocre talent could improve by leaps and bounds under all kinds of high-intensity changes, provided that they spent a lot of money and energy. The Yun family obviously couldn't afford that. The financial situation of the Yun family could be seen from the yard they were living in.

"To be honest, I asked Luo Chen to court Shi Caihua because I had no choice. The Yun family must rely on external help to develop!"

Yun Feng smiled. "Uncle Tianfan, the Yun family doesn't need anyone else right now! Is there a Trading Center in Jushui Town?"

"Yes, but why are you going there?"

Yun Feng stood up and smiled rather mysteriously. "Of course, to arm the future of the Yun family."

Yun Tianfan knew that Yun Feng might want to spend money to buy things to help these kids improve their potentials, but wouldn't that be too much of a waste of money? Anything related to changing their potentials was worth a lot of money! Besides, how much money did this young kid have? She was wearing extremely ordinary clothes. Even though she was a summoner, it was still a difficult task to change their mediocre potentials. She couldn't give up halfway. The amount of money she had to spend would be astronomical!

Yun Tianfan was right to be worried. However, money was no problem for Yun Feng. There were a lot of ores of all kinds of quality and Magic Beast Crystals that weren't very useful for Yun Feng anymore. At Yun Feng's level, crystal weapons weren't something she wanted anymore. These crystals weren't useful at all. They were quite a lot of money! Of course, even though Yun Feng was rich and didn't care about spending money, it didn't mean that the four children of the Yun family could all be changed. Yun Luo Chen was her best choice. He had the best potential and personality among the four children. Besides, Yun Luo Chen was very ambitious. He would be used to relying on external help. He would still walk forward on his own. Yun Feng didn't want to create a person who relied on external forces and couldn't achieve anything. She only wanted to open a window for him so that he could create a world! Yun Feng had high hopes for Yun Luo Chen.

After walking out of the door of the Yun family, Yun Feng hadn't gone far yet when Qu Lanyi and Yan Che, who had been waiting there, walked over. Yaoyao let go of Qu Lanyi's hand and held Yun Feng tightly. Even though Yun Feng hadn't been gone for long, it still made Yaoyao feel a bit uneasy.

"Are all the houses of the Yun family so lousy?" Yan Che said casually. Yun Feng couldn't be bothered to talk to him. Yan Che chuckled and glanced at the small town. "You guys chat first. I'll go shopping." After saying that, he had already disappeared.

"How did it go?" asked Qu Lanyi softly as she walked with Yun Feng. Yun Feng nodded and looked into the distance. "They're indeed the Yun family. We'll be busy in the coming days." Yun Feng raised the corners of her mouth gently. Qu Lanyi was rather upset.

## **Chapter 643 Unique (5)**

"If they're the Yun family, they're so incapable?"

Yun Feng briefly explained the situation of the Yun family in Jushui Town, as well as her purpose of going to the Trading Center. Qu Lanyi listened quietly and reached out to pull Yun Feng's wrist gently. "What's wrong?" Yun Feng asked softly. Qu Lanyi raised his beautiful brows and stared at Yun Feng's face with his beautiful black eyes. "Have you forgotten which type of mage I am?"

Yun Feng smiled. "Of course I know. I know what you mean." Yun Feng held Qu Lanyi's hand. Qu Lanyi smiled and held Yun Feng's hand. "I know that you may have a way to change Yun Luo Chen's potentials. You can improve him to a higher level, or even make him a genius." Qu Lanyi didn't say anything. He listened quietly. "But that's not what Yun Luo Chen needs. What I'm going to do next is to help him change his potentials, but not everything. What I need to do is to push him forward, not drag him forward." Yun Feng's black eyes were deep and profound as she gazed ahead.

"People have to learn to move forward humbly. Only by lowering your head can you see what kind of path you're walking on and know if you're taking every step right. I want to create a wise man with a strong soul, not a boorish man with only strength."

Qu Lanyi chuckled. "So, you're going to push the Yun family to a new height?"

Yun Feng's confident smile appeared again. That was her usual confidence and belief! Qu Lanyi burst into laughter and held Yun Feng's hand tighter. "It's hard for any family to not have ambitions when they have you." Then, Qu Lanyi whispered thoughtfully, "Even if they have ambitions, they might fail."

Even though the function of the Trading Center was similar to that of the Auction House, there was a huge difference. The Trading Center was open to more people, but it sold all common goods and didn't have anything precious. Of course, rare treasures could also be mixed in, so many people still wandered in the Trading Center and searched for satisfactory items among the piles of things. Usually, people who came to the Trading Center would return satisfied. Compared to the Auction House, the Trading Center offered more choices, unless the Auction House happened to have the exact thing that one needed.

Although Jushui Town wasn't a big place, there were two third-rank families here. There were also an Auction House and a Trading Center, but they weren't very large. Yun Feng led Yaoyao and Qu Lanyi to the door of the Trading Center. The Trading Center wasn't very big, but there were quite a lot of people. When the three of them stepped inside, they were greeted by a wave of hot air.

A notification board was placed right in front of the entrance of the Trading Center. Anyone who came in would be able to see it. It indicated the distribution of the Trading Center and the location of the

stalls. Yun Feng looked around briefly. The Trading Center was usually divided into three parts: the weapon area, the pharmaceutical area, and the other goods area. There were quite a lot of stalls in the three areas, and a lot of people stopped there. Yun Feng thought for a moment and decided to go to the weapon area to take a look. There were not only all kinds of weapons in the weapon area. If she was lucky, she might be able to see martial techniques.

Yun Feng wanted to find suitable martial arts for Yun Luochen. Even though she had a weapon and a martial technique, they were both at the Monarch Level. Even if she gave them to Yun Luochen, he wouldn't be able to make the best use of it and other people might rob him of it. Yun Feng didn't take them out. At this stage, Yun Luochen still needed things that were suitable for himself. When he grew strong enough to protect himself, Yun Feng would certainly give them to him. When she came to the weapon area, there were more than ten stalls here. Each stall had different types of weapons, including magic wands and all kinds of weapons used by warriors. Yun Feng wasn't in a hurry to open her mouth. Instead, she briefly looked through the dozen stalls. The quality of the weapons in the stalls could only be considered average. Only a few of them were slightly better. After all, it was very difficult to pick a good weapon in such a place.

Yun Feng didn't stick to her high standards. Weapons would be renewed sooner or later. As he grew stronger, he couldn't possibly only use one weapon. Besides, this was only the most basic weapon. Yun Luochen would replace it very soon. Yun Feng walked to a stall. In comparison, a longsword in this stall attracted Yun Feng's attention. This longsword wasn't of good quality. It could only be said to be slightly outstanding in comparison.

"Ma'am, is there anything you like?" The seller was a smiling middle-aged man with a slightly fat body and a short height. His eyes were almost narrowed into a line when he smiled, looking much more amiable.

Yun Feng didn't bat an eyelid. The more honest the boss looked, the more likely he would trick his customer. There were more than a dozen weapons on this stand. The longsword that Yun Feng had her eyes on was in an inconspicuous spot. She picked up a random weapon. "How much is this?"

The boss narrowed his eyes. "You really have good taste, customer!" The boss started talking nonstop, describing how good the weapon was and how hard he worked to get it. He praised Yun Feng for having good taste, and then said a much higher price.

"5,000 gold coins. That's a great bargain." The boss said with a smile. His face was also very honest. Yun Feng chuckled. 5,000 gold coins? Even though she didn't lack money, she couldn't just let people take advantage of her like this! She didn't know the price of things on the West Continent. 5,000 gold coins could buy a few mid-level ores on the East Continent! Only a fool would exchange a few mid-level ores for such a crappy weapon. Yun Feng put down the weapon in her hand and casually picked up another one to examine it carefully. Qu Lanyi, on the other hand, had been holding back his laughter the whole time. He thought that the boss would start another round of bombardment. The boss said the same thing as before, except that he added something else and changed the descriptions for the weapon. Yun Feng listened quietly and maintained the expression that she really wanted to buy it. The boss believed her and actively exaggerated the truth to lure Yun Feng into buying the weapon.

Just like that, Yun Feng picked seven or eight weapons in a row. The boss was so thirsty that his mouth was dry. Yun Feng didn't seem to be done yet. The boss couldn't take it anymore. "Dear customer, are you buying or not? I've been talking for a long time!" Yun Feng smiled and looked at the weapons casually. "Of course I have to pick carefully. These weapons of yours are all rare. I certainly have to scrutinize them one by one."

#### **Chapter 644 The Name She Was Proud of (1)**

The boss's facial features were slightly twisted. He could only laugh dryly. "Alright, alright. I won't lie to you. For any of the weapons you picked just then, 500 gold coins." The difference was ten times. The price was too low. Yun Feng smiled and picked up the longsword that she liked first. The boss's expression changed when he saw that. "I'm not selling this for 500 gold coins!" The boss wasn't stupid. He knew that this was the best weapon in his stock, so he certainly couldn't sell it at this price.

"You are a businessman. Integrity is the most important thing when doing business." Yun Feng played with the longsword with a smile and looked at the boss with an inexplicable pressure in her eyes. "You sold me a piece of junk for five thousand. I think if other people know about this, you can forget about doing business in the future." When the boss heard this, a layer of cold sweat couldn't help but appear on his forehead. When he sold things, he naturally had to take advantage of the customers. This boss thought that Yun Feng didn't know anything about goods and looked young, so he naturally thought that it would be a waste if he didn't take advantage of her, but he didn't expect that not only did he fail to take advantage of her, he had now become the person who was taken advantage of!

Under Yun Feng's sharp pressure, the boss finally sold the longsword to Yun Feng for five hundred gold coins. Yun Feng didn't care how much the money was. However, the boss's random offers and thinking that she was an idiot made Yun Feng a bit dissatisfied. People who schemed against Yun Feng were the ones who suffered in the end.

The boss was regretful, but there was nothing he could do. If the news of his outrageous offers spread, he would really have no business to do. After the deal was closed, Yun Feng finally realized that she didn't have any gold coins on her. There were a lot of ores, but not a single gold coin!

"You do have the money, don't you?" The boss glanced at Yun Feng suspiciously. Qu Lanyi almost burst into laughter. Yun Feng, the powerful person on the East Continent and the famous figure in the Bright Moon Hall on the West Continent, didn't even have a single gold coin! She was truly a "pauper"!

"Can I pay with ores?" Yun Feng asked in a low voice. She hadn't used gold coins for a long time. After all, on the way here, she usually had to trade with ores. She had already forgotten about gold coins.

The boss was stunned and looked at Yun Feng suspiciously. His eyes were clearly saying, "Do you really have ores?" Yun Feng raised the corners of her mouth. The boss pointed forward. There was an exchange area there where ores and gold coins could be exchanged. Perhaps the prices on the West Continent were a bit different.

Yun Feng nodded. "I'll take this sword. I still need to buy other things. I'll take it later." The boss didn't say anything, and he obviously didn't believe Yun Feng. Yun Feng was helpless. She casually took out a mid-level ore and threw it to the boss. The boss's eyes almost popped out when he held it in his hand!

"Just consider it as a deposit. Got it?"

The boss kept nodding. This mid-level ore was worth a lot of money. It looked even more expensive than this sword! The boss knew that he had made a fortune this time! Yun Feng then went to the exchange place and only gave away mid-level and low-level ores. One mid-level ore was for a thousand gold coins. Such an exchange rate was slightly lower than that on the East Continent. It seemed that the West Continent had more ores than the East Continent.

Mid-level ores were already useless to Yun Feng. It was impossible for her to exchange all of them even if she wanted to. After all, Yun Feng had a lot of mid-level ores. She only exchanged ten ores for ten thousand gold coins. These gold coins were enough for Yun Feng to spend. After exchanging the ores, Yun Feng directly entered the potion area. She wanted to come and see if there were any potions that could improve Yun Luochen's potentials.

Potions had a special function in this world. The healing function of potions gradually declined and was even replaced by magic gradually. Light elements and water elements could be used for healing, especially light elements. Although potions also had the healing function, people who hadn't suffered fatal injuries couldn't think of using potions to heal themselves anymore. Even though the healing function of the potions had declined, another function became more prominent and received people's attention, which was strengthening. Magic elements had healing effects, but only light elements had strengthening effects, and light elements were rare. There were only a handful of light element mages. As the potions became more powerful, the pharmacists tried their best to push the strengthening effects of the potions to the peak. All kinds of strengthening potions appeared.

Yun Feng had come into contact with the strengthening effects of potions during the battle. Both Kasa and Ouyang Hongyu had taken strengthening potions. Their strengths had improved tremendously in a short period of time and even broke the limit of their levels! Even though it was only for a short period of time, it was still astonishingly powerful!

There were many types of strengthening potions. Some were temporary and some were permanent, like the body-tempering solution Yun Feng got. Of course, there were even more types. Yun Feng came to the potion area to find a medicine that could permanently strengthen someone. Its quality didn't need to be very good and the effect didn't need to be very strong either. Even if it could only improve the target slightly, it would be good enough. Yun Feng only wanted to give Yun Luochen a push. He had to rely on himself for everything else.

After walking around for a while, Yun Feng was a bit disappointed. There were indeed potions, but they were all unimportant ones. Most of them were healing potions. After all, potions that were linked to one's potential were precious items even if they were ordinary. There were more than twenty stalls in the potion area. Yun Feng had already walked through more than a dozen of them. The potions she saw were mostly the same. Perhaps there weren't any here... Yun Feng sighed helplessly. When she walked to the last stall, Yun Feng was a bit surprised.

There were only three bottles of potions on the stand and they looked unique. Compared to the dozen bottles in the other stalls, they were pitifully few. The stall owner also sat aside indifferently, as if it didn't matter to him if anyone bought them.

Yun Feng walked over and looked at the three bottles of potions. The stall owner raised his eyes and didn't even bother to greet her anymore. This made Yun Feng suddenly remember that Ling Xiaoyun was like this at the Masang School of Magic's trade fair. He liked to ignore her.

"What kind of potion is this?" Yun Feng glanced at the three bottles of potions. There were no labels on them. Usually, the seller would put a label on the front of the potions so that the buyer could see it clearly. The stall owner yawned lazily. "I'll tell you if you give me a satisfactory price."

Yun Feng and Qu Lanyi were both stunned. This was the first time they had seen such a thing! They had to offer a price first before they knew what they were buying. Wouldn't only fools accept such a deal? Yun Feng chuckled. "You have your rules and I have mine. I don't do random business."

## **Chapter 645 The Name She Was Proud of (2)**

The stall owner's eyelids moved. He glanced at Yun Feng and pointed at the three bottles of potions. "Low-level Bone Remodeling Potion. You should know its use. It can increase your cultivation speed."

Yun Feng didn't seem excited on the surface, but her heart brightened. Low-level Bone Remodeling Medicine! Even though it was low-level and its effect of increasing one's cultivation speed was average, this was what Yun Feng needed. For Yun Luochen right now, he needed such a push. It didn't need to be too big, but it must give him a boost!

"Do you want to buy it? If you want to buy it, just name your price," said the stall owner lazily as he leaned to the side casually and let Yun Feng offer the price herself. Yun Feng put on a smile. This person was really good at doing business.

"Sure, but don't treat me like a fool."

The stall owner chuckled. "Anyone who can afford this will have to pay some extra price. If I'm satisfied with your price, I won't charge too much. We're both smart people."

"Eight thousand gold coins." After Yun Feng said that, the eyes of the stall owner brightened. "That's a good price. It seems that you know your stuff. I'll sell you for eight thousand per bottle. Those are all that I have!"

"Eight thousand gold coins for all these three bottles." What Yun Feng said made the stall owner freeze. Yun Feng looked at the stall owner with a smile. The stall owner laughed dryly. "Eight thousand gold coins for these three bottles? Are you kidding me?"

Yun Feng chuckled. "We're both smart people. You'll make a fortune even if you sell them for 8,000 gold coins. The low-level Bone Remodeling Potion can only be sold for 1,500 gold coins per bottle at most. It's just low-level, so its effects are only average. 8,000 gold coins per bottle. You're asking for too much."

The stall owner immediately became unwilling. "No! You can go."

Yun Feng wasn't in a hurry. "Are you sure you don't want to sell them? The three bottles of potions have been here for so long and nobody has asked about them. If I'm right, I'm your first customer, right?" The stall owner blushed. "It's none of your business! Someone who can afford them will certainly come!"

“Don’t blame me for giving you a blow. Those who need the Bone Remodeling Potion are naturally members of the big families, and such families usually don’t choose low-level ones. Normal people can’t afford the Bone Remodeling Potion. If you don’t sell it to me, you might not be able to sell it to anyone.”

The stall owner’s facial features were completely twisted. What Yun Feng said was absolutely right. He had already set up his stall for no less than a month! However, nobody cared about it! Yun Feng finally came to buy it after much difficulty, so he certainly couldn’t let her go. He originally thought this little girl was easy to deceive, but he didn’t expect her to be a smart person!

“No means no!” The stall owner gritted his teeth and said. He didn’t believe that Yun Feng wouldn’t buy it! She certainly needed this, or she wouldn’t have bargained with him here! Yun Feng smiled. It seemed that the stall owner was competing with her patience. Alright, no problem!

“If you’re not selling it, I’ll take my leave.” Yun Feng was quite straightforward. She didn’t look reluctant at all. She turned around and left without any hesitation. The stall owner couldn’t help but feel a chill in his heart when he saw that. Was he wrong?

Yun Feng strode forward. The stall owner was also silent, but when Yun Feng was about to leave the potion area, she suddenly heard a roar behind her. “It’s a deal!”

Yun Feng turned around with a smile and walked back. The stall owner looked like he had suffered a huge loss. “8,000 gold coins for three bottles. Pay up and take them!”

Yun Feng didn’t take out any money. She glanced at the stall owner. “My offer has changed. Four thousand gold coins.”

The stall owner was stunned, and his face turned pale. He only felt a burst of anger in his heart. This little girl was truly a person who didn’t blink when she was bargaining with people! She had turned it into 4,000 gold coins in an instant! Half of the money was gone! “1,500 for one bottle. You have to give me 4,500 no matter what! You want to buy three bottles with 4,000 gold coins?”

“If you had sold them just now, I would have paid eight thousand gold coins. But right now... They’re obviously worthless in my eyes. If you don’t sell them for four thousand gold coins, then forget it.” Yun Feng stood up and was about to leave. The stall owner gritted his teeth. He was screwed! This time, he was really screwed! He thought he could make a fortune, but he didn’t expect that he would pay for it. If he had known earlier, he would have sold it just then! Yun Feng might be his only customer. If she left, he might not be able to sell any of the three bottles. The stall owner gritted his teeth!

“Alright! Four thousand gold coins, take them! You won!” The stall owner took the bag of Yun Feng’s gold coins angrily and counted the amount inside before he handed the three bottles of potions to Yun Feng. Yun Feng put the potions away and stood up. “No one should be too greedy.”

In fact, Yun Feng was able to further lower the price, but she knew that it wasn’t easy for the stall owner. She only cut him five hundred gold coins to teach him a lesson. The stall owner took the gold coins and left in dissatisfaction. Yun Feng walked to the weapon area with a smile. Qu Lanyi chuckled. “You’re truly good at bargaining.”

“Of course not. I have my own life. I’ll certainly pay less if I can.”

Qu Lanyi leaned against Yun Feng and lowered his head slightly. "It seems that if you're in charge of housework in the future, other people won't be able to take advantage of you."

Yun Feng chuckled and tilted her head slightly. "I don't care about such things. Don't bother me."

Qu Lanyi smiled happily and said that he certainly wouldn't. Yun Feng didn't bother to talk to him and walked to the weapon area with Yaoyao. After walking into the area, she found that some of the vendors looked a bit weird, as if something had happened just then. Yun Feng didn't care about it. When she walked to the stall just then, she found that some of the weapons were gone.

When the boss saw Yun Feng coming over, he immediately went forward, lowered his head and bowed again. He even took out the mid-level ore Yun Feng left as a deposit just then and stuffed it into Yun Feng's hands. "Dear customer, I can't sell that longsword to you anymore. Someone took it away. I'm so sorry. I'll return the deposit to you. You can go to another stall to choose!" Yun Feng frowned suspiciously. "Someone took it away?" The boss chuckled awkwardly and pulled Yun Feng aside. He said in a low voice, "Someone from the Li family just came and took away some weapons of good quality. You know how powerful the Li family is in Jushui Town. They're the second in command! Besides, the Li family and the Shi family are both in charge of the Trading Center. If they need anything, they can take anything they want, and nobody will say anything. So, there's really nothing we can do."

### **Chapter 646 The Name She Was Proud of (3)**

After hearing this, Yun Feng finally understood. The Shi family and the Li family controlled this world alone in Jushui Town. Nobody cared about what they did at all. They were truly arrogant to a certain extent. The Trading Center was a fair and free trading place, but it had completely become the private territory of the Li family and the Shi family.

It wasn't a big deal for Yun Feng to lose a weapon of average quality, but it was a different story if the Li family was the one who looted the item. If the Yun family wanted to stand at a certain height on the West Continent, they would certainly have to lift their heads up in Jushui Town. And the Li family, the second most powerful family in Jushui Town, could be considered its primary enemy. If the Yun family wanted to rise, they certainly had to make some moves. First of all, they must not be looked down on in Jushui Town. What they had to do was to challenge the authorities of Jushui Town. Yun Feng didn't want to touch the Shi family for the time being. As for the Li family... They were unlucky. She had been worried that she wouldn't be able to find an excuse. Now, they had given her one.

After taking back the mid-level ore that was used as a deposit, Yun Feng turned around and walked out of the trading house. The boss commented on how good this little girl's temper was. The thing she wanted to buy was stolen and she was so calm. However, that was the Li family. This little girl probably didn't want to cause trouble.

Yun Feng walked out of the trading house and went straight to the Li family. If the boss knew what Yun Feng was thinking, he should have completely changed that thought in his mind. Yun Feng had a good temper? That wasn't just "good"!

"You want to deal with the Li family?" Qu Lanyi followed Yun Feng and asked casually. Yun Feng said, "If you want to climb up the ladder, you must drag the people on top down and place them under your feet. Even though it's cruel, it's inevitable." After saying that, they had already arrived at the entrance of

the Li family's house. The Li family's house was very large. After all, it was a third-rank family with an extraordinary status and reputation.

"Who are you?" Two powerful warriors walked in front of Yun Feng and shouted with a serious look. Yun Feng glanced at them. The two level-9 warriors were guarding the door. The armed forces of this third-rank family weren't weak at all.

"I'm just here to take something back."

The two warriors were both stunned. Take something back? "Go, go, go! What right do you have to let the Li family take your things? Don't make trouble for me!" The two warriors burst into laughter. Yun Feng's body flashed, and the two warriors saw that Yun Feng was going to break in. They suddenly held their weapons in front of Yun Feng. "How dare you break in! You're here to cause trouble!"

Yun Feng didn't lift her head or move her eyes. Invisible mental strength instantly surged out of her body and directly sent the two warriors flying, before they fell on the ground fiercely. The sound of the two warriors falling on the ground in a mess naturally alarmed the people inside. After a while, a dozen warriors came out. When they saw Yun Feng and the two people on the ground, they all took out their weapons.

"Little girl, the Li family isn't a place you can come and go as you please! Since you're still young, I won't punish you for this. Get out immediately!"

Yun Feng didn't say a word as she kept moving forward. The dozen warriors immediately changed their expressions when they saw this. One of the warriors swung the weapon in his hand and smashed it at Yun Feng. Yun Feng's body flashed and the weapon smashed heavily into the ground.

The other warriors immediately pounced on her in fury when they saw that. They roared furiously. Qu Lan was watching the drama with Yaoyao by his side. These small fries really couldn't do anything. As expected, Yun Feng still didn't move, but these warriors were all sent flying by an invisible force and fell on the ground. Yun Feng stood there, and the soldiers on the ground were a bit shocked and angry. They were also a bit vigilant in their minds. This little girl seemed to be quite strong!

The ruckus here became louder and louder. More warriors rushed over. They seemed to be the guards of the Li family, all of whom were at level 9. All the warriors surged forward, only to be repelled by invisible forces. How could these people understand Yun Feng's power at the Monarch Level? Yun Feng couldn't be bothered to attack at all. If she waved her hand, these people would be obliterated into smithereens.

"Young friend, what can I do for you?" A person who seemed to be in charge finally walked out. The commotion here had already caused a lot of attention, alerting the upper echelons of the Li family. The person who came out looked at the messy warriors on the ground and looked at Yun Feng carefully, more or less understanding something.

"I'm here to take something back." Yun Feng's cold words made this person a bit dumbfounded. She came here to ask for something and she made such a big fuss?

"I wonder what you left in the Li family. I'm the Chief Steward of the Li family. Why don't you tell me? I can help you find it."

Yun Feng looked at the person in front of her and raised her brows slightly. Before she could say anything, an unusually powerful voice sounded with an obvious pressure. The person had already rushed over before the voice arrived. It seemed that he wanted to give Yun Feng pressure. Yun Feng smiled from the bottom of her heart. The man was just at the Commander Level. He was overestimating himself.

“Who’s there?” Accompanied by this roar, the expressions of the warriors on the ground changed. It was obvious that the Commander Level pressure made them feel uncomfortable. That Chief Steward also stood there with a pale face and looked at the tall and sturdy man who walked out slowly.

“Master...”

This Commander Level pressure certainly wouldn’t affect Yun Feng. Qu Lanyi’s mental strength protected Yaoyao and the two of them weren’t affected at all. When the tall and sturdy man who walked out saw that Yun Feng wasn’t uncomfortable at all, he couldn’t hide his surprise and a fierce glint burst out of his eyes. “Are you here to cause trouble?” As the tall and sturdy man spoke, he continued to release his pressure. Yun Feng only found it funny and her expression turned cold. Her Monarch Level mental strength pressed towards the man fiercely, destroying his Commander Level pressure completely! “Of course, I’m here for a reason.” Yun Feng exuded a powerful Monarch Level pressure. The tall and sturdy man immediately turned pale. The warriors on the ground had already vomited blood. They obviously couldn’t take it anymore. The Chief Steward of the Li family also shivered and directly spat out blood. The head of the Li family was shocked!

“Yong friend, let’s talk nicely!” If this continued, his Li family’s guards would be gone!

Yun Feng retracted her aura abruptly. The Li family’s master finally heaved a sigh of relief. He was truly showing off in front of an expert just then! “Why did you come to the Li family, my young friend?” The Li family’s master’s tone changed quickly and he was very polite. After experiencing that terrifying pressure just then, the Li family’s master should know that he couldn’t afford to offend Yun Feng.

#### **Chapter 647 The Name She Was Proud of (4)**

“Father! What happened?” A slightly childish voice sounded as a person rushed out. When he saw Yun Feng, he said loudly, “It’s you?” Yun Feng looked up. It was the young man from that day. If she remembered correctly, his name should be Li Zhong.

“Zhong, do you know her?” A glint flashed through the eyes of the Li family’s master. Zhong knew someone with such strength? It seemed that the Li family could establish some friendship with her! “Humph! If it weren’t for this woman, I wouldn’t have lost Caihua’s Magic Beast! She’s the one who messed things up! Did she come here to cause trouble today?” Li Zhong’s words made the Li family’s master’s face darken. He wanted to slap this ignorant little bastard to shut him up immediately!

“Young friend, don’t feel offended... He’s just a kid.” The Li family’s leader smiled. Although he didn’t know Yun Feng’s name or her identity, based on what Yun Feng did just then, the Li family’s leader decided to please this young man! “Father, why are you so polite to her?” Li Zhong didn’t quite understand. The Li family’s master roared fiercely and asked Li Zhong to shut up. Li Zhong didn’t say anything, feeling wronged. He only looked at Yun Feng with hatred. Yun Feng smiled gently and didn’t say anything. She was here to cause trouble today.

“Big brother, Zhong is only a child. Why are you so fierce?” Another voice came. However, without the domineeringness of a man, it sounded a bit feminine. A man with a strong scholarly vibe walked out. His face was not bad, but there were traces of age on him. It could be seen that he wasn’t young anymore. “Second Uncle!” Li Zhong shouted. Yun Feng raised her brows. Second Uncle? He seemed to be the Li family’s master’s brother.

The man reached out his hand and touched the top of Li Zhong’s head. Another voice came from behind him. Then, a woman walked out. “That’s right. He’s just a kid. He can be forgiven for his mistakes.”

Yun Feng suddenly narrowed her eyes and looked at the woman who walked out casually. The woman in front of her had a flushed face and looked like she was lusty. The clothes she was wearing were very luxurious. After she walked out, the scholarly man put his arm around the woman’s waist lewdly. The woman smiled very unrestrainedly. When the woman saw Yun Feng, she was very surprised. “Why are you here?”

Although there was a smile at the corners of Yun Feng’s mouth, her eyes were already filled with coldness. Wasn’t this woman in front of her the wife of Uncle Tianfan’s brother, the woman who repeatedly slandered the Yun family? Very good, this woman had cheated on him blatantly and even reached out to the Li family!

“Do you know her?” asked the scholarly man. When the woman saw Yun Feng here, she didn’t panic. Instead, she was very generous. “Ah, she’s just a fool who wants to get related to the Yun family.”

The scholarly man burst into laughter. “She does? Kid, are you crazy?”.

Yun Tianfan only told his two brothers about Yun Feng’s identity. This woman certainly didn’t know who Yun Feng was, or she wouldn’t have such an ignorant expression. The Li family’s master couldn’t help but shout angrily, “Control yourself! You want the shoes that other people have worn? Can you be more manly?”

What he said made the woman blush. The scholarly man didn’t care. “Brother, what are you afraid of? So what if I take her out in front of the Yun family? What can they say? They can only be cowards, thousand-year-old turtles!”

“You’re the thousand-year-old turtle.” Yun Feng said in a low voice. The scholarly man’s expression changed abruptly. “What did you say?”

Yun Feng raised her head and said to the woman who didn’t know what shame was, “Don’t you have any shame at all?”

The woman was stunned. Then, she roared furiously, “What do you know? The Yun family is just a pile of mud! I regretted it the moment I was married! Why? Are you not allowing me to pursue what I want? If the Yun family can’t give what I want to me, someone else can! What’s wrong with me? Marrying into the Yun family was the biggest mistake of my life!” “Did you hear that? What’s so good about the Yun family? Yun Tianfan and those two brothers are just a bunch of fools! They don’t even know that their woman is being slept with by another man. Hahahaha!” The scholarly man laughed loudly and arrogantly. Qu Lanyi was a bit shocked to hear that. This woman was a wife of the Yun family?

"It seems that you have no remorse at all. Then, there's no need for me to ask you anything else," said Yun Feng in a low voice. The woman laughed arrogantly after hearing that. "I say, little girl, are you blind? You want to meddle in the Yun family's business as a member of the Yun family? You look pretty good too. It turns out that your head is full of straws! I gave you a clear direction, but you didn't go. You just jumped into a pit. How

sad!"

There were dozens of people present, and they all laughed in a low voice after hearing that. Yun Feng's face was extremely gloomy at this moment. The master of the Li family sensitively felt that something was wrong. "Are you f\*cking done? The Yun family must be blind if they want you. Don't think that you can enter the Li family just because you've hooked up with my brother! The Li family doesn't want someone else's woman!"

The woman blushed again. Qu Lanyi lowered her body and Yaoyao turned around to look at him. "It seems that Fengfeng is angry." Yaoyao nodded after hearing that. Yun Feng's cold fury had already been ignited from the bottom of her heart. She wouldn't allow anyone to insult or defile the Yun family!

"The Yun family was indeed blind to have someone like you." A cold voice came out of Yun Feng's mouth. The woman was already enraged by what he said. "What right do you have to talk about me? Who are you?"

"If you really want to do something about it, you should tell Yun Tianling that I've had sex with his woman more than once. Did he enjoy being cuckolded?"

Yun Feng glanced over with her black eyes. The expression of the man, who was still wearing a filthy and complacent expression just then, changed. His body had already been lifted slowly by an invisible force. Yun Feng didn't do anything, but everyone present knew clearly that she did it! It was done by this unusually young girl!

"Young friend, please show mercy! Why do you have to care about the matters of the Yun family? That's an unranked family. You don't have to do anything!" The Li family's leader immediately shouted. He looked at his brother, who was struggling in the air like a rooster whose neck had been stuck. That was an invisible force that he couldn't touch at all. He could only keep waving his arms and legs, with a terrified look on his face!

## **Chapter 648 The Name She Was Proud of (5)**

"You, let him go quickly!" The woman roared and gave Yun Feng an order! Yun Feng smiled coldly. Let him go? This man deserved to die!

"Argh..." A scream pierced the sky! The moment the woman said that, the man who was struggling with his life just then suddenly stopped moving. His entire body was being squeezed fiercely, like a soft object being grabbed in the middle by a big hand! The man's limbs were hanging down, and there were obviously no signs of life anymore. The bones in his body that were being squeezed tightly made cracking sounds. "Crack! Crack!"

WAT

VV

Everyone was shocked. They might not be able to accept that someone died so easily in such a short period of time! The Li family's leader widened his eyes and watched the man who stopped struggling in the air fall to the ground. The facial features on his face that were originally not bad all protruded out like the eyes of a goldfish at this moment. The woman next to him quickly looked away, fearing that she would vomit if she saw him again.

The Li family's leader was tense. Just then, his brother was killed just like that! He didn't even have a chance to resist! How could the Li family's leader not be enraged? However, he didn't dare to do anything and couldn't do anything, because the person who did it was Yun Feng! "If it weren't for you, he wouldn't have died." Yun Feng's gaze was as cold as an arrow. The woman's face turned extremely pale the next moment. "Y-You killed him. It wasn't... It wasn't me!"

The master of the Li family seemed to have found someone to blame. He couldn't do anything to Yun Feng, but that didn't mean he couldn't touch this woman! The master of the Li family's furious gaze made the woman frightened. What Yun Feng said undoubtedly blamed everything on her. Even if she had a few lives, it wouldn't be enough to compensate for it!

"It has nothing to do with me! You did it! It has nothing to do with me!" The woman shouted crazily, but nobody cared about that anymore. The Li family's leader didn't care who did it. He only cared about the excuse he could use!

"Tie her up! Let's go to the Yun family!" The leader of the Li family roared, but nobody dared to do anything. Yun Feng's momentum was still there. The tragic scene just then made these warriors a bit weak in the knees. Yun Feng slowly turned around. "The Li family has the face to go to the Yun family? The Yun family should be the one to settle this."

"Little friend, even though you're quite strong, you should know that this is a matter between the Li family and the Yun family! Don't think that you can interfere with family matters just because you're strong enough. Otherwise, you'll have trouble that you can't get rid of even if you're strong enough!" The Li family's master couldn't hold back his anger either. His brother had been killed, so he could only swallow his anger and find a scapegoat. After all, if it weren't for this woman from the Yun family, how would his brother have provoked this woman? He couldn't take revenge for killing his brother. Now, she didn't even want him to find a scapegoat! No matter how rational the Li family's master was, he couldn't hold back anymore.

"Everything is just her own doing. What does it have to do with the Yun family?" Yun Feng smiled coldly. The woman immediately roared after hearing that. "I'm a member of the Yun family. If I'm unlucky, the Yun family will suffer with me! Nobody will have a good life!"

Everyone present was a bit disgusted by this woman. How could there be such a shameless person in this world? She betrayed her man, betrayed her family, and even wanted to drag the Yun family down with her. She was just a mad dog after all!

"Who do you think you are? Why are you still alive? If it weren't for the Yun family, you would've been crushed by me!" What Yun Feng said made everyone gasp. The woman shivered. She didn't understand. She was confused. Who exactly was this girl? What did she have to do with the Yun family?

"No one is allowed to insult the Yun family. No one is allowed to defile the Yun family! If anyone dares to hurt the Yun family, I swear I'll let them pay a hundred times more!" The master of the Li family's face darkened. The woman's body was completely paralyzed on the ground as she roared like she was on the verge of collapse! "W-Who exactly are you?"

The girl's black hair fluttered. This name was her most precious thing. This surname was the pride of her life! "I'm Yun Feng!"

Many pairs of eyes glanced over with disbelief! Yun Feng! When did such a person appear in the Yun family? Why didn't they know? Why hadn't they seen her before? The master of the Li family stood there with a pale face. "If this little friend is from the Yun family, why didn't I know about her?"

"Hahaha! Yun Feng? Hahaha! When did the Yun family have someone like you? Don't tell me you're Yun Tianfan's daughter? How dare you talk to me like that?!" The woman burst into laughter after hearing that. There was a hint of disdain in her voice. The woman stood up from the ground awkwardly. It was obvious that she was still shivering.

"A bunch of frogs at the bottom of a well," mumbled Qu Lanyi on the side. Yaoyao clearly didn't understand what he said, but she also nodded in agreement. Qu Lanyi chuckled when he saw Yaoyao's action. He caressed Yaoyao's head with his big hand. "Good kid. What a good kid."

"I don't care if you're from the Yun family or not. You have to give me an explanation for the death of my brother!" The master of the Li family stood there with a pale face and muscles all over his body. His brother had died, yet he had to talk to Yun Feng nicely. Most importantly, Yun Feng's strength was what the master of the Li family feared the most. In this world, the strong could do anything they wanted!

Li Zhong had been hiding behind his father for a long time. He looked at his uncle, who had died instantly on the ground, with his eyes. His little heart couldn't help but tremble. Did he show disdain for her just then? Li Zhong only hoped that he could travel back in time. He wouldn't say that at all if he could.

"There will be an explanation, but the Li family must give the Yun family an explanation first." Yun Feng looked at the master of the Li family coldly. The master of the Li family immediately looked a lot worse.

"My brother is already dead. What explanation do you need from the Li family?"

"His death doesn't mean that this matter is over. How would the master of the Li family not know that this woman is cheating on her husband? I've seen everything that happened just then. If the Li family doesn't want a married woman fooling around, why would the master of the Li family allow this scum to stay here?"

The master of the Li family was rendered speechless by Yun Feng. He indeed didn't care about it, or she would've been kicked out a long time ago. The master of the Li family was more or less enjoying the drama and humiliating the Yun family, so he turned a blind eye to it. The Yun family had been made a cuckold by the Li family. The master of the Li family wanted to take this opportunity to strike them hard. After all, the unranked families were just for fun. He was very willing to play with them, but he didn't expect his brother to die so quickly!

## **Chapter 649 The Special Training Begins (1)**

The master of the Li family was more or less a bit guilty. After all, his brother's misbehavior had something to do with his lack of discipline. This woman had been hooking up with his brother for a long time. It had already lasted for half a year, so he naturally didn't care about it. At most, he would just scold his brother verbally. He originally wanted to make the Yun family a bigger cuckold, so that he could humiliate them more, but something unexpected happened.

"How would I not know what you're thinking? Master of the Li family, is the Yun family really so easy to bully? Hm?" Yun Feng raised her voice abruptly in the end. If she hadn't come to the West Continent, if she hadn't met Yun Luo Chen, the Yun family of Jushui Town would've been humiliated to the point of being deformed! The evil nature of these so-called big families was truly getting more and more twisted. Such thoughts made Yun Feng disgusted from the bottom of her heart!

"Young friend, what are you talking about? What kind of thoughts can I have..." The master of the Li family's tone was obviously weaker. He might be able to pretend in front of others, but under Yun Feng's pressure, it was hard for him to pretend!

"Tell me, what is the Li family planning to compensate for the Yun family?" Yun Feng's indifferent words once again cornered the master of the Li family. The master of the Li family was truly enraged. Now that his brother was dead, he couldn't take revenge at all, and he was also cornered by someone. Logically, it was the Li family's fault. Why was this matter so frustrating? The woman who had been yelling just then stood aside leisurely and sized Yun Feng up from head to toe. Although she wasn't sure where Yun Feng came from, it seemed that she would be fine now. At least, the Li family wouldn't dare to attack her. As for the Yun family, as long as she returned home and said that she had changed for the better, Yun Tianling loved her too much to do anything to her. Thinking of this, the woman seemed to feel more and more that she was fine.

"Master Li, let me clarify. It was your brother who seduced me. He used drugs to rape me!" What the woman said almost made the master of the Li family so angry that he almost had a brain hemorrhage. Yun Feng raised her brows. Could she be more shameless? How could she say such a thing?

The woman put her hands on her waist and put on a miserable look, as if she was about to cry. "Yun Feng, I'm not a fickle woman. Your uncle, Yun Tianling, knows that! I didn't know you were a member of the Yun family. What you said just then was indeed a bit too much, but you must stand up for me this time!"

Qu Lanyi was already speechless on the side. Although Yaoyao didn't really understand, disgust had already appeared in her eyes. She simply felt disgusted with this woman!

"The Li family has always been suppressing the Yun family. The Yun family, as an unranked family, didn't bother them at all, but they still wouldn't let go of the Yun family! You know that although I'm in my thirties, I'm still charming. The brother of the Li family's master was a lecherous person. After seeing me, he had evil intentions towards me. I had no choice! His brother used the Yun family to threaten me. How could I not listen to him? I only said those things just then because I had no choice. You must be clear about it!"

The master of the Li family's face had already turned completely red, and the veins on his neck bulged again and again. Yun Feng listened with a smile at the corners of her mouth. Seeing that Yun Feng was so quiet, the woman became even bolder. "I've been humiliated and used myself in exchange for the

peace of the Yun family. Now that that person is dead, I can finally be freed.” After saying that, she even wiped her tears. The master of the Li family couldn’t stand it anymore and roared, “Bitch! I want you to pay for my brother’s death with your life!”

The master of the Li family flashed and the woman immediately shouted in fear, “Yun Feng, your uncle will be sad if I die. Besides, I was doing this for the Yun family!”

The leader of the Li family shouted angrily. He didn’t care even if Yun Feng was here. This woman was too much! His outstretched hand was suddenly stopped by someone. Yun Feng’s hand seemed to be casually grabbing the wrist of the leader of the Li family. The ferocious beast-like momentum of the leader of the Li family was instantly stopped.

“She’s right. The Yun family will decide what to do with her. It’s not your place to do that!” Yun Feng pressed her finger down slightly. The Li family’s master immediately turned pale. Her slender fingers only seemed to be holding the Li family’s master’s wrist on the surface, but in fact, her powerful pressure had already invaded the Li family’s master’s body! “You... you’re too outrageous!” The Li family’s master was pale and his head was full of cold sweat. He stared at Yun Feng with his bloodshot eyes. So what if she was powerful? The taste of being smeared by someone made the Li family’s master furious!

“I’m a member of the Yun family. It’s not your place to tell me what to do!” The woman seemed to feel that it wasn’t enough, so she added fuel to the fire. Yun Feng glanced at her coldly. The woman only felt her throat tighten and couldn’t say another word!

Yun Feng suddenly let go of her hand, and the leader of the Li family immediately stepped back in panic. His face was still pale, and he looked at Yun Feng with fury burning in his eyes. “The Li family will take revenge for this humiliation!”

Yun Feng flipped her hand and the ice-blue water element quickly formed a thick chain, tying up the extremely disgusting woman. The woman desperately opened her mouth and wanted to shout, but her limbs were waving randomly. Her body was still tied up tightly by the chain, and the other end of the chain was held in Yun Feng’s hand. She pulled hard, and the woman’s face became ferocious. It seemed that she was in pain because of the chain. No one could hear her no matter how hard she yelled.

“Of course, the same goes for the Yun family.” Yun Feng suddenly rose to the sky with the chain in her hand. The woman looked terrified. She was obviously frightened by the height. Seeing that Yun Feng could fly, the Li family’s master couldn’t help but change his expression! Yun Feng chuckled and turned around to leave. Qu Lanyi waved his hand and blocked the space around him and Yaoyao, then flew after her. After Yun Feng left, the members of the Li family still hadn’t recovered. If it weren’t for the hideous corpse on the ground, nobody would have believed what happened today. Everything seemed to have been a dream. A girl suddenly broke in and a person died. Then, the Yun family and the Li family clashed!

The head of the Li family stood there and clenched his fists, gnashing his teeth. Li Zhong looked at his father in fear and didn’t dare to make a sound. The Chief Steward of the Li family finally spoke, but his voice was also shaking

## **Chapter 650 The Special Training Begins (2)**

“M-Master, w-what should we do?”

The Li family's leader's face suddenly darkened. “What should we do? I didn't expect the Yun family to have such a person. Where did she come from? Why didn't I know about her in the past?” The Li family's leader glanced at the dead body on the ground and snorted in disdain. “He died quite quickly. I don't have to worry about him any longer. Drag him away!” Under his command, two warriors immediately came up and dragged the appalling corpse away, so that it wouldn't be an eyesore to the master. At this moment, everyone's heart couldn't help but feel cold. That was the master's brother. They didn't expect the master to have such thoughts.

ca

“It's good that he's dead. He was a fool who couldn't accomplish anything and could only ruin everything! If it weren't for him, the Li family wouldn't have provoked such a person!” What the Li family's leader said was right. His brother was indeed a fool. He didn't contribute anything to the family at all and instead caused a lot of trouble. He originally thought that it was fine if he hooked up with a woman of the Yun family. After all, it was an unranked family. He never thought that he would cause such a huge trouble!

“Li Zhong!” The leader of the Li family roared furiously. Li Zhong immediately shivered. “Dad... Dad...”

The master of the Li family looked at Li Zhong with sharp eyes as his heart surged. “You're not allowed to go anywhere during this period of time. Stay at home and focus on your cultivation!”

Li Zhong was stunned. “What about Caihua...” If he didn't get close to Shi Caihua, wouldn't the Yun family beat him to her?

“Shi Caihua is nothing! Improve your level! If I'm not wrong, the Yun family will challenge the Li family soon.” What the Li family leader said made Li Zhong tense up. In the area of the Ancestral Forest Hall, only the first batch of third-rank families were chosen through competition. The other third-rank families had to fight for the qualification with their own ability! The unranked families could challenge the third-rank families at will. There was no need to report the challenge at all, as long as the challenge was announced in public. Once an unranked family defeated a third-rank family, the unranked family would replace the third-rank family. All the rights and benefits that the original third-rank family had would naturally be handed over to the winner of the challenge!

Compared to the changes in the third-rank families, the changes of first-rank and second-rank families were more standardized and strict. It should be said that the Ancestral Forest Hall didn't value the third-rank families. Whoever wanted to become one could become one as long as they had the strength. If they didn't, they would be out!

Once the Yun family challenged the Li family, the Li family had to accept it. No matter how powerful the Li family was, they would lose everything once they lost their status. Even if he married the woman of the Shi family now, it would be useless! So, he didn't need to care about his relationship with Shi Caihua at all right now! The leader of the Li family thought that the Yun family's attitude was probably the same. At such a sensitive moment, who would be busy pleasing the Young Lady of a third-rank family? The most important thing was to improve their strength and protect their family's honor!

There was an unwritten rule for the challenges of third-rank families. Challenging was fine, but the two parties to fight must be the younger generation of the two families. The competition of strength of the younger generation represented the potential of the family! So, the Li family's representative was naturally Li Zhong, and the Yun family's representative was naturally Yun Luochen! "Do whatever you can to improve yourself. Don't let me down!" said the Li family's master in a deep voice. Li Zhong was quite confident. "Dad, don't worry. Yun Luochen's potential isn't as good as mine. I'll cultivate faster than him in the same period of time. He won't be my match! Even if the Yun family has such a powerful person, it's impossible for her to let Yun Luochen climb three steps in a short time!"

The leader of the Li family nodded. "Alright, go practice now. Don't think about anything else! Yun Feng won't do anything. We don't have to worry about anything else."

Yun Feng indeed couldn't make a move easily. She wasn't acting alone right now. She was a member of the Yun family. Naturally, her every move represented the Yun family. Even though she had the ability to make the Li family, and even the Shi family, disappear from Jushui Town overnight, Yun Feng couldn't do that. If a family wanted to rise to power, it definitely couldn't rely on violence.

Yun Feng indeed had plans to let the Yun family replace the Li family in her mind. The first step she wanted to do to let the Yun family rise was to make the Yun family the boss in Jushui Town! But before that, she had more important things to deal with, including eliminating this cancerous tumor in her hands.

Se

In just a dozen seconds, Yun Feng had already dragged the woman back to the Yun family's house with chains in her hand. When she landed, the woman who was tied with chains also landed. Her body fell from the sky. Even though she didn't suffer any fatal wounds, she was still badly injured. The woman's face was full of pain and confusion. She wanted to shout, but couldn't make a sound.

The woman made a loud noise when she landed on the ground. The Yun family's house wasn't big to begin with, and such a commotion naturally attracted everyone's attention. Yun Feng stood there quietly and waited for everyone from the Yun family to come. The woman who was tied up by chains kept struggling on the ground like a caterpillar.

"Sister!" A scream was heard. A woman ran to her after seeing the woman who was tied up. "Let go of her. What are you doing?" This woman was Yun Tianfan's younger brother's wife. She had a kind personality and couldn't help but panic when she saw this woman.

Very soon, the few members of the Yun family came. Yun Luochen was also surprised to see the woman on the ground, but he didn't say anything. He only looked at Yun Feng deeply. This woman must have said something outrageous to make Yun Feng treat her like this.

Yun Tianfan and the other two brothers came. They were all shocked to see the woman on the ground!

"What's going on?" Yun Tianling didn't look good. After all, she was his wife. It didn't make sense for her to be brought back like this. Even though Yun Feng's identity was different, it was a bit too much to do this. "Did she say something?" Yun Tianfan asked. Yun Feng moved her hand and the Water Chains tightened. The woman's face immediately twisted, looking extremely scary! "What exactly do you want? Big brother, second brother! How can you allow her to do this? Even if my sister-in-law said something

wrong, you shouldn't treat her like this!" Yun Tianlin's wife looked like she couldn't bear to see this. When she looked at Yun Feng, she was a bit angry. "Little girl, why do you have to interfere with the Yun family's business? You're being even more outrageous!"
