Chapter 691 Be Our Young Lady (4)

Yun Feng nodded. "Of course. Ovey isn't the only trouble for the Red Maple Mercenary Team. However..." Yun Feng suddenly stopped. Zhao Yan was about to stop too, but Qu Lanyi pulled him and kept walking. Muqing knew that Yun Feng had something to say, so he stopped too. He looked at Yun Feng with a smile on his face, only to find that Yun Feng's eyes were quite cold. Muqing's face couldn't help but darken too.

"Tell the Ovey Royal Family that Ovey is responsible for your own secretive business. It has nothing to do with me. However, if you want to do anything to the Red Maple Mercenary Team or the Yun family, you have to consider it carefully. You've learned your lesson."

What Yun Feng said made Muqing's face completely dark. A gloomy light flashed through his black eyes. Yun Feng chuckled and turned around to walk forward. Muqing suddenly said, "Are you so confident that you can protect everything without making any mistake?"

Yun Feng turned around with a smile at the corners of her mouth. "For the people that I must protect, I can become the person in this world who never gives up. Can you do that?"

Muqing's face twitched hard. Yun Feng smiled in disdain. "I'm not arrogant enough to think that I can protect everything. There's only so much I want to protect. So, if anyone dares to touch them, I won't let you go easily!"

Muqing stood there and looked at Yun Feng's back as she slowly walked forward. In the end, he lowered his head helplessly and sighed with self-mockery. "I really can't do anything. Who would dare to do anything when she's so ruthlessly protective?" Muqing caressed his forehead with his hand. "Why was she born in the Yun family? Why was she... born in the Yun family?"

None of this was Yun Feng's choice. Perhaps it was destined from the beginning that she would come to this world in Yun Feng's place and change this world for Yun Feng!

After leaving Ovey, Yun Feng didn't return to Feng Yun, but continued to go to Shengyao and Cashya. With Ovey as the precedent, Shengyao and Cashya easily gave in. Of course, Yun Feng's deterrence also played a huge role. Shengyao and Cashya didn't want to waste too much time. Yun Feng's Monarch Level momentum had been exuded all the way. These two branches of the Mercenary Union probably knew how to judge the situation.

Under Yun Feng's dominance, the branches of the Mercenary Union of the three empires all agreed to the idea of sharing the missions. In this way, the four branches, which originally didn't interfere with each other and were in an absolutely isolated state, would slowly connect with each other and merge with each other, starting from Yun Feng as an opportunity. The power of the Mercenary Union on the East Continent would become stronger and more stable, and the royal families of the four empires would naturally be more fearful and more obedient.

The three empires all agreed with Yun Feng's suggestion. After dealing with Cashya and Shengyao, Yun Feng immediately returned to the Fengyun Empire and Ge Yuan. She returned to the Mercenary Union, which she hadn't visited in a long time. She didn't know who leaked the news. When Yun Feng arrived at

the entrance of the Mercenary Union, she was already a bit stunned by the crowd that had been waiting for her. Zheng Ran stood at the front and smiled helplessly. Yun Feng only informed him. Zhao Yan was probably the one who leaked the news.

"I'm just... reporting to my father and Uncle Wang that you're safe." Zhao Yan chuckled and scratched his head awkwardly. He had indeed only told his father, Zhao Mingqi, and Wang Ming. Zhao Mingqi was naturally happy and his face flushed. Wang Ming shouted happily, "My Lady is coming back!" It didn't matter if he shouted loudly. All the mercenaries in the Red Maple Mercenary Team at that time heard it clearly. Wang Ming regretted it after shouting, but all the mercenaries rushed over.

"Captain! You said Young Lady is coming back?"

"When will she come back?"

"When is the Young Lady coming back?"

Wang Ming smiled awkwardly. He knew that he was so happy that he forgot himself. His Young Lady was probably going to do something secretly this time. The mercenaries who knew Yun Feng's whereabouts didn't spread the news, but he said everything he knew just then. "Well, well..." Wang Ming was surrounded by the mercenaries. Looking at their excited eyes, Wang Ming really couldn't say anything. Zhao Mingqi coughed and told them when Yun Feng would come back. After the mercenaries of the Red Maple Mercenary Team confirmed that Yun Feng was really coming back, they immediately became thrilled!

"Our Lady is coming back! Hooray!"

"I'm going to see my Lady again! I wonder what level her strength has risen to!"

"She must be very strong. She's the Young Lady of the Red Maple Mercenary Team!"

The headquarters of the Red Maple Mercenary Team was a sea of joy. Zhao Mingqi and Wang Ming couldn't help but smile in relief when they heard the cheers of the mercenaries. They had been looking forward to Yun Feng's return for a long time. They didn't know what their Young Lady had become after such a long time.

However, unexpectedly, the news that Yun Feng was coming back spread in the Red Maple Mercenary Team and also in the Mercenary Union. All the mercenaries in the Mercenary Union were excited. The mercenaries of the Red Maple Mercenary Team had always been proud of Yun Feng, and the mercenaries of the Fengyun Empire were also proud of Yun Feng! The mercenaries of other mercenary groups would even tease her, "Red Maple, don't be so petty! Yun Feng is the Young Lady of the Fengyun Mercenary Union."

The mercenaries of the Red Maple Mercenary Team certainly had to argue with them. Yun Feng had already taken root in the minds of all the mercenaries in the Mercenary Union of the Fengyun Mercenary Team. After learning that Yun Feng was coming back, all the mercenaries in Ge Yuan went out to welcome her, creating such a huge commotion that the commoners of Ge Yuan were quite shocked.

Yun Feng smiled at Zheng Ran, and Zheng Ran also nodded with relief. Yun Feng glanced at the people in front of her. Naturally, there were many familiar faces. Three of the four leaders of the five-star groups were standing here, and the other one was Zhao Mingqi.

“Why... are they all out?” Zhao Yan looked at the densely packed people in front of him and was tongue-tied. He originally thought that all the mercenaries of the Red Maple Mercenary Team would be mobilized, but he didn’t expect the mercenaries of the other mercenary groups to also join in the fun!

Qu Lanyi looked at the vast scene in front of him and couldn’t help but chuckle. Yaoyao was standing next to Qu Lanyi quietly at this moment, staring at everyone with vigilance in her eyes. Meatball sat on Yun Feng’s shoulder and yawned lazily.

“They had to welcome you. I couldn’t stop them.” Zheng Ran smiled rather helplessly. Yun Feng shook her head and said to the mercenaries in a clear voice, “Thank you for your warm welcome, but we have something to talk about. Please go back.”

Chapter 692 What Can I Do For You? (1)

None of the mercenaries moved. They just stared at Yun Feng. Yun Feng raised the corners of her mouth and looked at Zhao Mingqi. “Uncle Zhao, I’ll go back to the Red Maple headquarters later.” Zhao Mingqi nodded excitedly. The three group leaders standing next to him wanted to say something, but Yun Feng only smiled and looked away. The three leaders looked embarrassed. Zhao Mingqi said, “If you don’t mind, please come to the Red Maple headquarters.”

The three group leaders could only chuckle and follow Zhao Mingqi back. The mercenaries of the Red Maple Mercenary Team also immediately walked to the headquarters obediently after hearing that. They were all happy as long as they could see her later. The other mercenaries certainly didn’t have such a privilege, so they could only take this opportunity to have a good look.

Yun Feng and Mr. Zheng Ran walked inside. Zhao Yan had already gone back to the Red Maple Mercenary Team with his father. Qu Lanyi thought about it and followed them with Yaoyao. Meatball didn’t leave Yun Feng no matter what. It sat on Yun Feng’s shoulder and bared its teeth at Qu Lanyi in an unfriendly manner.

In the end, Meatball went to the headquarters of the Mercenary Union with Yun Feng and Zheng Ran. The mercenaries were all on the way. Seeing Yun Feng and Zheng Ran coming together, they quickly made way and watched the two of them walk over. Even though Yun Feng had seen a lot of big scenes, she was still a bit uncomfortable with such enthusiastic gazes. Zheng Ran had been smiling all the time and hadn’t changed at all. Under all the concerned gaze, the two of them finally entered the headquarters building. When they came to Zheng Ran’s room, Yun Feng finally heaved a sigh of relief.

ary

“They’re too enthusiastic. When they heard that you were coming back, they rushed to meet you.” Zheng Ran sat down and sized Yun Feng up with admiration in his eyes. After not seeing her for a while, this kid’s strength had improved tremendously again.

“I know. I’m grateful.” Yun Feng smiled gently. “Mr. Zheng Ran, your strength has improved again. Congratulations.”

Zheng Ran burst into laughter. His eyes were like slits, and he looked extremely friendly. "My old bones can't keep up with the young people. I've already learned a little about what you did in Ovey. Tell me in detail."

Yun Feng nodded and explained her thoughts to Zheng Ran one by one. Zheng Ran listened with a serious expression. The two of them discussed for a long time. Meatball sat on Yun Feng's shoulder in boredom and looked around with its little head. It yawned countless times in boredom. Halfway through, Yun Feng flicked Meatball's head with her finger. Meatball twisted its body unhappily and moved its butt forward.

"You rat." Yun Feng saw Meatball's movement from the corner of her eyes and couldn't help but smile helplessly. After spending some time, Zheng Ran finally understood Yun Feng's intention. He pondered silently for a while. Yun Feng's idea was very strange and could be said to be quite bold.

"I agree, but the higher-ups..." Zheng Ran whispered. Yun Feng chuckled. "I believe the senior management of the Mercenary Union won't object. This will benefit the Mercenary Union no matter what."

Zheng Ran finally nodded. "You're right. I certainly won't object to things that are beneficial and harmless. I agree."

Yun Feng nodded. "Since Mr. Zheng Ran agrees to this matter, the branches of the Mercenary Union of the four empires have reached an agreement. I'll have to trouble you for the rest." Yun Feng was just an ordinary mercenary after all. She wouldn't be able to help with the implementation of the matter. She would have to trouble Mr. Zheng Ran.

"Don't worry. Leave this matter to me. Right, you don't know about your father's condition, right?"

Yun Feng's heart immediately tightened when she heard her father! "My father? What's wrong?"

Zheng Ran chuckled when he saw Yun Feng's anxious look. "Kid, if it's bad news, why would I only tell you now?"

Yun Feng was relieved. That was true. If anything happened to her father, her brother would inform her immediately! If it wasn't a bad thing, what else could it be? Did something happen to her sullen father?

Zheng Ran suddenly chuckled. "Your father is the most popular single man on the East Continent right now."

Yun Feng was stunned. The most popular single man? Her black-faced father? Considering the rise of the Yun family, her black-faced father was indeed a golden bachelor. The Yun family had an unquestionable position and Yun Feng helped them with everything she had. However... who dared to be Yun Feng's... stepmother?

And Zheng Ran seemed to have a deeper meaning when he said that. Yun Feng was a bit anxious. It seemed that something happened to the Yun family that she didn't know in the past year!

"Alright, I'll take care of the Mercenary Union. You should go home and take a look." Zheng Ran said with a smile on his face. Yun Feng immediately nodded and left. When she opened the door, Yun Feng had a weird feeling in her mind. What exactly happened to the Yun family?

After returning to the headquarters of the Red Maple Mercenary Team, Yun Feng only told Zhao Mingqi in a hurry and was about to leave. Although he was surprised, Zhao Mingqi didn't ask anything. The mercenaries of the Red Maple Mercenary Team thought that Yun Feng would stay for a while. They were extremely disappointed when they learned that Yun Feng was about to leave. Yun Feng could only smile helplessly. Knowing that Yun Feng was about to leave, Zhao Yan couldn't help but ask worriedly, "What exactly happened?"

Yun Feng glanced at Zhao Yan with a weird expression. "My father, Yun Jing... is the most popular single man on the East Continent?"

Zhao Yan was stunned. Then, he looked at his father. Zhao Mingqi smiled awkwardly. "I thought you knew..."

Yun Feng pulled a long face. Qu Lanyi suddenly burst into laughter. Yun Feng glared at him, and Qu Lanyi finally managed to hold back his smile. Yun Feng told Zhao Mingqi that she would come back in a few days and discuss something very important with him. Zhao Mingqi nodded. Yun Feng came quickly and then left in a hurry, which made the mercenaries of the Mercenary Union sigh, and made certain people who came too late regret.

"What? She's gone!" The members of the De family and the Shang family, who just rushed here, shouted while panting. The only answer they got was that Yun Feng had left. She must have returned to Chunfeng Town. The members of the two families felt that their heads were about to explode.

"I told you we should wait in Chunfeng Town!"

"Cut the crap. Let's go!"

The members of the two families left Ge Yuan in a hurry and chased after Yun Feng like a gust of wind. Yun Feng was indeed going to Chunfeng Town. That was what she thought at first, but after contacting Yun Sheng and Mu Xiaojin, she learned that her sullen father was already in Mu City. Mu Xiaojin's birth date was less than half a month away, so her sullen father would certainly go there in person. Yun Feng asked her brother Yun Jing about her sullen father in detail, and Yun Sheng suddenly smiled awkwardly.

Chapter 693 What Can I Do For You?(2)

"Feng, you'll know when you're here... Mu City is about to explode because of our father."

Yun Feng was stunned. What Yun Sheng said next shocked her even more. "Father is indeed different from before..."

After ending the communication with Yun Sheng, Yun Feng immediately turned to Mu City. Two figures flashed across the sky of the Fengyun Empire like shooting stars. Qu Lanyi joked, "I didn't expect someone to be so lucky when he's old."

Yun Feng frowned. "I didn't expect that... my sullen father would be so popular."

"Shouldn't he be popular? You must know that a lot of people want to connect with the Yun family. If they can marry into the Yun family, it will be a great thing!"

Yun Feng smiled coldly as she looked ahead with coldness in her black eyes. "None of them is genuine."

Qu Lanyi frowned slightly. He wrapped his warm hand around Yun Feng's finger and held it tightly in his palm. "I am genuine..."

wa

Yun Feng didn't say anything. The two of them flew quickly in the sky and arrived in the sky above Mu City in just half a day. Looking at the noisy and lively city below, Yun Feng turned around slightly and gave Qu Lanyi a faint smile. "I certainly know your feelings."

Warmth appeared in Qu Lanyi's eyes. He suddenly pulled Yun Feng closer to him. "Do you know your feelings?"

Yun Feng blushed. She pushed Qu Lanyi's body away and rushed forward in embarrassment. Her casual remark made Qu Lanyi smile. "Of course."

When Yun Feng arrived in the sky above Mu City, she already knew that the city was much more lively than before. Mu City could now be considered a first-class city. Because of the Mu family, because Mu Xiaojin, who married into the Yun family, this city became so important that it had to develop rapidly.

When they arrived in the sky above the Mu family, the Mu family was still extremely crowded. Yun Feng landed quietly in a hidden corner outside the Mu family's yard. Qu Lanyi followed her and pulled Yaoyao over. He whispered to Yun Feng, "Go and take a look."

Yun Feng nodded. Meatball jumped onto Yaoyao at this moment and yawned lazily, looking very sleepy. Yun Feng walked towards the gate of the Mu family casually. Qu Lanyi jumped into the yard of the Mu family with Yaoyao and Meatball.

As soon as she walked out of this remote corner, Yun Feng heard a clamor that soared to the sky. Some people were gathered outside the gate of the Mu family. Yun Feng looked carefully and saw that most of them were middle-aged women. They were shouting, "The second daughter of the Wang family is not bad. I'm here to propose a marriage for the Master of the Yun family!"

"The girl from the Li family isn't bad either. Their family background is quite similar..."

"The third daughter of the Sun family..."

In just a short time, more than ten families' last names had popped out of these women's mouths. They were all here to propose a marriage. It seemed that her sullen father was indeed popular. Yun Feng walked towards the door when a voice suddenly sounded. "Make way, make way!"

Yun Feng turned around curiously and saw that the people around the door of the Mu family had been pushed to the sides brutally. The few men pushed these women to the side, and these women were naturally unhappy. "Why are you pushing us?"

"How dare you push someone in front of the Mu family?"

The women shouted and the few men who pushed her shouted with a sullen expression, "Get the f*ck out of the way! Don't block the way!"

Yun Feng stepped aside slightly and looked over with her black eyes. A woman slowly walked over from the path that had been cleared temporarily. The clothes on her body were made of good fabric and her facial features were gorgeous. Coupled with good makeup, she looked even more beautiful. The woman's body was elegant and she showed a kind of mature charm. There was a kind of elegance and pride in the woman's expression. Her steps were slow and stylish. The girl next to her was also similar. Although her facial features were still young, she already had some of this woman's charm.

The two of them should be mother and daughter. Yun Feng's eyes darkened. Did the woman want to marry into the Yun family? And she even had a daughter?

The women who were still cursing just then gradually fell silent. This woman's beauty and pride made them all shut up. Thinking that such a woman also wanted to marry into the Yun family, these matchmakers knew that other girls didn't have a chance anymore and could only quietly leave. Those middle-aged women turned around and left. That noble woman had a smile at the corners of her mouth. Yun Feng saw clearly that there was disdain in that smile.

"Madam Helian?" The guard of the Mu family couldn't help but feel a bit surprised when he saw the woman who came. The woman smiled lightly. "I'm here to visit."

The guard immediately opened the door and let them in. Yun Feng was even more confused. Helian? What kind of family was this? Was it a family that had risen recently? Very soon, a whisper on the side answered all Yun Feng's doubts. "Why is the wife of the Helian family here?" "Yeah, doesn't she have a husband? Why did she come to the Yun family?"

"I think she's proposing marriage for the child of the Helian family... Don't you see that little girl next to her?"

"Are you dumb? Yun Feng is the only Young Lady left in the Yun family. If you want to propose marriage, you should bring a man here!"

"You're the one who's dumb. Isn't Yun Sheng a man? Who said he can't marry again after marrying someone? Even if she's to become a concubine, she'll still be a member of the Yun family!"

"Huh? You're right. But who doesn't know the relationship between Yun Sheng and Master Mu? They're so intimate! Would he marry a concubine?"

"You don't know that. Men... I don't know! Besides, the Helian family..."

"What's the background of the Helian family?" A question came. The person who spoke didn't notice it and replied, "Isn't the Helian family the rising family of the Fengyun Continent recently? I heard that they're comparable to the De family of the Shang family. You don't even know this..." The person who spoke turned around and found that there was no one next to him. The others also looked at each other in bewilderment. A figure quickly disappeared into the space silently. Yun Feng sealed the space around her and entered the Mu family. She wanted to see what Madam Helian was up to!

Lady Helian brought her daughter to the main hall of the Mu house. Mu Xiaojin had always been a thrifty person, so the house was also simple. The main hall was a bit shabby compared to other

mansions. Lady Helian only glanced at it without saying anything while the girl next to her grunted in disdain. "What kind of poor place is this? It's not even a tenth of our house..."

Chapter 694 What Can I Do For You? (3)

"Xiao Fu, don't talk nonsense." Lady Helian said softly, but her tone wasn't harsh. She obviously thought that it was true. The girl snorted again in disdain and didn't say anything

After a while, a servant came out. Seeing that it was a servant, Lady Helian couldn't help but look cold. The young girl couldn't help but shout, "What does the Mu family mean? My mother came here in person, but your master didn't come out to meet her!"

"Xiao Fu, don't be rude!" Lady Helian scolded softly again. Then, she said, "I understand that the lady of the house is pregnant right now. But we're here to talk about something. If it's inconvenient for her to come, why don't you ask Yun Sheng to come out?"

The servant looked like he was in a difficult position. Lady Helian's face darkened. "Why? Is the Helian family so unworthy? I came here in person, but nobody is going to receive me?"

"No, of course not..." The servant quickly explained. "How can we not welcome you when you're here, Madam Helian? How can we not know how to treat our guests?" Yun Feng's voice came from the side and she walked out slowly. The servant trembled hard when he saw Yun Feng. He was about to call out to her when Yun Feng waved her hand. "You may leave. Leave this place to me."

The servant held his breath and looked at Yun Feng in a daze. Yun Feng glanced at the servant, who suddenly realized something. He immediately nodded. "Yes, yes, yes!" He couldn't help but walk out. His heart was pounding nonstop. There was only one thought flashing in his mind: She's back. The Young Lady of the Yun family, Yun Feng, is back!

Seeing how respectful her servant was just then, Lady Helian didn't say anything and observed Yun Feng carefully. Yun Feng sat down gracefully and let her size her up. Lady Helian frowned slightly. "You're..."

Yun Feng smiled slightly. "Madam Helian, you can tell me if you have anything to say. Now that the lady of the house is pregnant, Yun Sheng certainly can't leave her alone. I'll definitely relay your words to the two of them word for word. If you have anything to say, just say it."

Madam Helian pondered for a while. The girl next to her kept sizing Yun Feng up with a hint of disdain in her eyes. Yun Feng didn't care and just sat there quietly. Finally, Lady Helian said, "I'm here to discuss something. In fact, I'm not here for the Mu family, but for Yun Sheng."

Yun Feng remained calm. "Oh? Why are you looking for Yun Sheng?"

Lady Helian smiled. "Everyone knows the status of the Yun family right now. The powerhouses of the major families also want to establish a relationship with the Yun family. The Helian family is no exception. Compared to those small families, the Helian family believes that it has a status that can match the Yun family." When she said this, Lady Helian couldn't help but look proud. Yun Feng smiled lightly. "You're right, Lady Helian."

"The Helian family is on par with the Shang family and the De family. My daughter, Helian Fu, certainly deserves the Yun family. Even though Yun Sheng and the Mu family are married, it's normal for a man to have multiple wives."

"Do you mean... you want Miss Helian to be a concubine?" Yun Feng raised her brows and Helian Fu blushed. "I'm not going to be a concubine! If anyone is going to be a concubine, it will be Mu Xiaojin!"

Yun Feng's face suddenly darkened. Lady Helian said, "With the Helian family's current status and reputation, they're one of the top in the Fengyun Empire. Even though the Mu family has made some achievements with the Yun family's help, they still can't compare to the Helian family in the end. Xiao Fu is the daughter of the Helian family. It's indeed unfair to be a concubine."

"What do you think, Madam Helian?" Yun Feng continued to ask. Madam Helian adjusted her posture slightly. "It's fine if the lady of the house doesn't want to be a concubine. Xiao Fu won't mind either. Both of them can be first wives."

Yun Feng sneered in her mind. "Why are you so sure that Yun Sheng will marry Miss Helian?"

Madam Helian's expression froze. "Well... The status and reputation of the Helian family will bring benefits to the Yun family, right? With the Helian family's help, the Yun family will be like a tiger with wings. Wouldn't it be a pity if he doesn't want such a good thing? Besides, Xiao Fu is a beautiful woman. How can he not be interested in her?"

Yun Feng chuckled. "Madam Helian, you're so confident. If the Yun family wants to expand its power, how much help can the Helian family, which has just risen, provide? Rather than building a relationship with the Helian family, it's better for us to find the Shang family and the De family. Don't you agree, Madam Helian?"

Lady Helian's face turned red. Helian Fu, who was next to her, blushed. "You're just a messenger! Why are you so talkative? The Yun family has the final say in the Yun family's business. Who do you think you are?"

Yun Feng lowered her head and chuckled. At this moment, a figure had already rushed in from the side. When he saw Yun Feng sitting there, his handsome face was full of excitement and his eyes revealed endless joy. Yun Feng looked at the young man who rushed in with a smile. It had been more than a year and her brother hadn't changed at all.

Yun Sheng ignored Madam Helian and Helian Fu. There was only Yun Feng in his eyes. His sister, his precious sister, was back!

"Yun Sheng?" Lady Helian was startled to see Yun Sheng, who suddenly rushed in. Seeing Yun Sheng, Helian Fu blushed and was about to greet him, when the mother and daughter saw Yun Sheng suddenly rush over and hug the aggressive girl who was sitting there just then, hugging her fiercely!

Madam Helian's eyes darkened. "I see... Hm! I thought it was someone else. It turns out that a concubine jumped out in dissatisfaction."

Helian Fu immediately looked at Yun Feng after hearing that. Yun Sheng held his precious sister in his arms and was indescribably happy until he heard that. His handsome face darkened abruptly. "What did

you say?” Yun Sheng turned around and looked at Lady Helian coldly. Lady Helian sneered. “Am I wrong? There’s no reason for you not to marry Xiao Fu this time.”

Madam Helian raised her eyes and looked at Yun Feng mockingly. “As a concubine, you should know your place. Don’t jump out and become a clown to embarrass yourself! Don’t think that you’re a member of the Yun family just because you married into the Yun family. You should see your own worth!”

Yun Sheng was greatly enraged when he heard that. Yun Feng, however, burst into laughter and pushed Yun Sheng’s warm arms away. The corners of her mouth curled up with deep sarcasm. “Lady Helian, you’re right. The Yun family should make our own decisions. As for the outsiders, you should keep your mouth shut. You should know that the mouth is often the cause of trouble.”

Chapter 695: What Can I Do For You? (4)

“You...” Lady Helian was at a loss for words. Helian Fu scolded loudly, “When I marry into the Yun family, I’ll definitely kick you out! Just wait!”

Yun Sheng’s eyes darkened. “Marry into the Yun family? Kick me out?”

Yun Feng smiled playfully. “Alright, I’ll wait for you to kick me out. Don’t you agree, brother?”

Helian Fu was about to curse furiously when she suddenly stopped. Madam Helian’s face suddenly turned from red to white. Her hand that was holding the table suddenly slipped and the teacup on the table fell to the ground with a crisp sound. Big brother? Could she be...

“Feng, stop fooling around.” Yun Sheng smiled helplessly and looked at Yun Feng dotingly. Helian Fu pointed at Yun Feng and roared in a suppressed voice, “You’re... Yun Feng!”

Yun Feng put on a mischievous smile. “Miss Helian, what can I do for you?”

Lady Helian quickly fixed her facial features that were about to be distorted and showed an extremely friendly smile to Yun Feng. “So, you’re the Young Lady of the Yun family, Yun Feng. I’ve heard a lot about you. You look truly extraordinary today!”

Yun Feng glanced at Lady Helian. Yun Sheng looked gloomy on the side. “What did you mean by marrying into the Yun family and kicking her out? What did you mean?”

Helian Fu’s face flushed. She really wanted to bite her tongue off. She had spoken too quickly. It was impossible for her to take back what she said now. Besides, her words were directed at Yun Feng, the powerful figure of the Yun family! Helian Fu thought furiously. Wouldn’t it be better if she revealed her identity earlier? Why did she have to pretend in front of them for so long? Was it fun to tease them?

“Haha, those were Xiao Fu’s angry words, weren’t they?” Lady Helian turned around and looked at Helian Fu. Helian Fu lowered her head with a slightly red face and secretly looked at Yun Sheng. Yun Feng saw Helian Fu’s gaze from the side. It turned out that Helian Fu was interested in her brother. The Helian family couldn’t wait to send someone in.

Thinking of Mu Xiaojin, who was pregnant, Yun Feng believed that her brother wouldn’t marry another woman. Mu Xiaojin loved her brother wholeheartedly, so her brother certainly couldn’t let her down. The Helian family’s plan was destined to fail!

"Brother Yun, those were just words spoken in a moment of anger." Helian Fu said softly. She was like a completely different person from her fiery personality just then.

"I don't seem to know you very well. Please call me Yun Sheng," said Yun Sheng with a cold face. At this moment, Yun Feng was 100% sure that her brother didn't have any intention at all. Helian Fu could be considered pretty. If her brother really had such thoughts, he would have already approached her.

"I..." Helian Fu was a bit embarrassed by Yun Feng's cold rejection. Lady Helian interrupted with a smile on the side. "Yun Sheng, the Helian family and the Yun family aren't outsiders. I should call you big brother. Why do you have to treat me like an outsider?"

Yun Sheng let Yun Feng go and the brother and sister sat at the head of the table. Yun Sheng had been wearing a cold face the whole time and anger kept rising in his heart. All the women from the families wanted to marry into the Yun family. They had been harassing Yun Jing these days. He didn't expect that he, Yun Sheng, couldn't avoid them either!

"Madam Helian, please don't say that. The Yun family considers everyone else an outsider." Yun Sheng choked back what Madam Helian said. Madam Helian also felt a bit embarrassed. How should she propose the marriage now?

"Yun Sheng, it's normal for a man to have a few women. You're a dragon among men and you're the Young Master of the Yun family. You only have one wife. Isn't that a bit too shabby?" Madam Helian said indifferently with a sincere tone. "If you put it nicely, you're loyal, but if you don't, you're useless."

Yun Sheng raised his eyebrows slightly and his temples throbbed a few times. Yun Feng sat on the side with a smile in her eyes. Seeing that Yun Sheng didn't refute her, Lady Helian thought that there was a plan. "The Yun family is also a first-class family. Your father is still alone at the moment. You should at least advise him. It's best to have more children. After all, the Yun family..."

"How about you change your surname to Yun?" Yun Feng said casually. Lady Helian's expression changed a few times and she didn't know what to say. Helian Fu roared rather angrily on the side, "Yun Feng, don't insult us!"

"Xiao Fu!" Madam Helian scolded in a low voice as she met Yun Feng's black eyes. "What are you talking about, Miss Yun? How can the Madam of the Helian family change her surname to Yun? It's better if you don't joke with me."

Yun Feng burst into laughter. "Brother, I thought that Madam Helian was here to promote herself. It seems that's not the case."

Madam Helian sat there in embarrassment. She felt that everything she said was wrong. Seeing that her mother was insulted like this, Helian Fu shouted furiously, "I came here today to talk about my business. Why do you always talk about my mother?"

"Oh, so it's about you. Do you want to marry my father?" Yun Feng said casually. Both Madam Helian and Helian Fu were a bit angry. She knew she was here for Yun Sheng, but she pretended that she didn't know!

"Are you kidding me?" Yun Sheng roared furiously. Even if his father wanted to remarry, he couldn't marry someone who was as young as his sister. His father wasn't so stupid!

"No, no!" Helian Fu said anxiously. Her face was slightly red, but she was also reserved. Lady Helian knew that Yun Feng was trying to mess with them. Her face immediately darkened. "Since Miss Yun has misunderstood, I'll tell you why I'm here! I'm here today for my daughter, Helian Fu and you, Yun Sheng."

Yun Sheng was stunned. Yun Feng curled her lips. "Brother, she can't wait to be your concubine."

Mrs Helian blushed and ignored what Yun Feng said. "The Helian family's background is comparable to the Yun family's. Xiao Fu is worthy of you in every aspect. Besides, the Helian family is more capable than the Mu family. Xiao Fu is a good match for you."

"So, the Yun family has to thank the Helian family for proposing the marriage?" What Yun Feng said shocked Madam Helian. The Helian family was actually the one who wanted this marriage. Madam Helian didn't want to wag her tail and beg the Yun family like a dog, so she spoke condescendingly. But she seemed to have overdone it.

"That's not what I meant. The Helian family..." Lady Helian knew that she was in the wrong. Helian Fu couldn't help but say, "Brother Yun, I like you! I want to marry you!"

Chapter 696: Golden Dragon Blood (1)

Such a passionate confession from a girl was indeed very exciting, but Yun Sheng didn't look good at all. "Miss Helian, my wife is the only woman I'll love in this life and I'll never marry a second woman." Yun Sheng declined tactfully, hoping that Helian Fu would back off, but Helian Fu wouldn't give up just like that.

"Brother Yun, I'll make you fall in love with me!"

"Miss Helian! There are so many women in the world who like my brother. Are they all going to marry him? If that's the case, you'll already be ranked in the hundreds." Yun Feng stood up and looked at the mother and daughter of the Helian family fiercely. "If you don't understand what my brother means, I don't think more explanations are necessary."

"Miss Yun, we're discussing your brother's matter. As a sister, it's best that you don't interrupt," said Madam Helian in a low voice. Yun Sheng chuckled. "Madam Helian, don't you know that I'm the one who's in charge of everything in the Yun family? Of course, I'm also involved."

"Are you saying that you'll marry her as long as Miss Yun agrees?" Madam Helian raised her brows and asked. Yun Sheng looked serious. "Of course, I'll do whatever Feng says."

Yun Feng smiled at her brother warmly. Yun Sheng caressed Yun Feng's head with his big hand, while Lady Helian chuckled. "Sorry for disturbing you today. I'll take my leave first." After saying that, she pulled Helian Fu and left. Yun Feng watched the two of them leave. She only thought that the mother and daughter would still haunt her. However, they didn't have the courage to force her in. Even if they did, Yun Feng would throw the girl out!

Yun Feng suddenly thought of something and turned around. "Brother, did something happen to father..."

Yun Sheng burst into laughter when he saw Yun Feng's anxious look. "Don't worry, Feng. Father is fine. It's just that... there's indeed something going on. You should go take a look." Yun Sheng pointed inside. Yun Feng nodded. Then, she thought of something and put on a mysterious smile at the corners of her mouth. "Brother, come with us. I have good news for you and father. I've brought an important person."

"Important person?" asked Yun Sheng in confusion. Yun Feng held his hand with a smile. "Right, important person. I've finally found the person you and father have always wanted to meet."

Yun Sheng was delighted to hear that. Yun Feng smiled and didn't say anything else. The brother and sister walked to the study of the Mu family together. Yun Feng stood at the door of the study and gently pushed the door open with both of her hands. A creaking sound came from the door. Yun Sheng smiled gently on the side and whispered inside, "Father."

At this moment, Yun Feng suddenly stopped moving forward. Yun Sheng held Yun Feng's hand with a smile and walked in with her. "Why didn't you come to me instead of Xiaojin?" A strong and powerful voice came. Yun Feng was stunned. It was her father's voice, but...

Yun Sheng walked inside with Yun Feng. Yun Feng immediately saw the man sitting behind the desk. He had the same tall body and the same serious face, but...

"Father!" Yun Feng called out in shock as she looked at Yun Jing in front of her. Hearing this call, Yun Jing trembled slightly and his pupils shrank when he saw the girl who appeared in front of him. "Feng?"

Yun Feng strode to Yun Jing's side and looked at him again and again with her black eyes. The man in front of her was indeed her black-faced father. Indeed! He had serious facial features and a tense expression. However, his face, which seemed to have been worn out, became much younger. The wrinkles at the corners of his eyes and forehead all disappeared mysteriously. Yun Jing in front of her eyes was more than ten years younger! Yun Feng used her mental strength to examine him and was shocked to find that her father's strength had already risen to the mid-stage of the Commander Level! What exactly happened to her black-faced father in just a year? He had changed so much!

Yun Sheng walked over and patted Yun Feng's shoulder with his hand. "Feng, I'm also surprised that our father has changed, but... it's still good, isn't it?"

Yun Feng didn't say anything. Her brows suddenly furrowed tightly as her mental strength suddenly invaded the body of the tanned father. Yun Jing suppressed the excitement in his heart and looked at his daughter who suddenly came back. He just sat there and let Yun Feng test him. After Yun Feng's mental strength circulated around, she vaguely knew what happened to her father.

"The blood of a Golden Dragon," mumbled Yun Feng as she withdrew her mental strength slowly. Yun Feng had detected a trace of dragon energy in Yun Jing's body during the exploration just then. This trace of dragon energy belonged to Ao Jin!

"Feng, you're talking about the Golden Dragon?" Yun Sheng looked at Yun Feng in shock. Yun Jing was also quite surprised. Yun Feng nodded. "Do you remember that person called Ao Jin?"

"Of course! He helped the Yun family with that kid back then. He's the Yun family's benefactor!"

Yun Feng sighed. "Ao Jin... isn't human. He's one of the Dragons, or rather, the Young Master of the Dragons. Without his blood, you wouldn't have been able to fully recover despite Qu Lanyi's help."

"Dragons!" Yun Sheng exclaimed. When did his precious sister know a dragon? And a Golden Dragon!

"No wonder my body has undergone a qualitative change over the past year and my strength has also improved by leaps and bounds. So, it's all because of the Golden Dragon's blood?" Yun Jing said calmly on the side. Yun Feng nodded. "There's even a trace of dragon energy in my father's body. It should be the result of the complete fusion of the Golden Dragon's blood."

"I see..." Yun Sheng was a bit shocked in his mind. Dragons didn't have much interaction with humans at all, and the Dragons were rumored to hate humans deeply. He really didn't expect that Ao Jin was a member of the Dragons, and the Young Master of the Golden Dragons! His sister's luck was indeed extraordinary. It should be said that nobody had thought of it at all!

"Then, regarding Young Master of the Dragons, how did you meet him... Is it possible..." There was a lot of concern in Yun Jing's words. Yun Feng smiled. "Don't worry, father. It's true that the Dragons don't like humans, but Ao Jin... is an exception. How I met him is a story from a long time ago."

"I wonder whether or not the Golden Dragon's blood in my body will bring any trouble to the Yun family or you," said Yun Jing with a frown. Yun Jing was originally around 40 years old and he looked like a man in his thirties right now. However, he had a mature temperament and the appearance and genes of the Yun family were quite good. It was no wonder that he became so attractive to the ladies.

Chapter 697: Golden Dragon Blood (2)

"It'll be fine if the Dragons don't know." Yun Feng comforted him with a smile. Nobody else knew about the Golden Dragon's blood in her father's body except her, Yun Sheng, and Qu Lanyi. The Dragons wouldn't know either. There would surely be nothing wrong. Thinking of a certain someone who had been staying in the Dragon Palace, Yun Feng swept away her worries and smiled mysteriously at her father.

"Father, I brought back an important person today."

Yun Jing raised his eyebrows. Yun Sheng looked at Yun Feng with anticipation. Yun Feng chuckled. With a thought, someone who had been staying in the Dragon Palace was dragged out of the Dragon Palace by a beam of light and landed in front of Yun Jing and Yun Sheng. When Yun Luo Chen came out, he was a bit dizzy. When he saw Yun Feng's face clearly, he couldn't help but complain in a low voice, "I thought you wouldn't remember me until a while later..."

The faint light dispersed. Yun Sheng and Yun Jing also saw the young man who appeared in front of them clearly. For no reason, even though this was the first time they met, and they didn't know him at all, there was an inexplicable feeling of intimacy in their hearts, just like when Yun Feng met Yun Luo Chen back then.

"This is..." asked Yun Sheng in a low voice. Yun Luo Chen finally noticed that there were two other men besides Yun Feng. He was a bit shocked. Then, he turned his head and looked at Yun Feng. "Is... Is this..."

Yun Feng chuckled. "Are you still not introducing yourself?"

Yun Luo Chen suddenly became nervous. He had come to the East Continent and met with the Yun family of the East Continent! Was this a historic moment?

"My... My name is Yun Luochen! I'm from the Yun family of Jushui Town on the West Continent!" A loud self-introduction made Yun Luochen straighten his back. His body was a bit stiff and he stood very straight. Both Yun Sheng and Yun Jing could see that Yun Luochen was nervous. Both of them were shocked at first, because there was really a branch of the Yun family on the West Continent, and a member of the branch had been found and brought back!

Yun Jing and Yun Sheng looked at Yun Luochen in relief and didn't say anything for a while. Yun Luochen just stood there stiffly. When he found that nobody was talking, he couldn't help but feel a bit anxious. "Did... did I say something wrong?"

Yun Feng almost couldn't hold back her laughter. Yun Luochen was too nervous! Yun Sheng suddenly laughed and patted Yun Luochen's shoulder. "Yun Luochen, what a great name!"

Yun Luochen almost fell from the patting. He chuckled and Yun Jing nodded. "This is the East Continent. The Yun family is located in Chunfeng Town, but we came here for something."

Yun Jing always had a serious face. Even if he was happy in his mind, he wouldn't show it easily. When Yun Luochen saw Yun Jing, he immediately thought of his father. He couldn't help but straighten his body and nod obediently. Yun Feng smiled secretly in her mind when she saw him. She also felt the same when she saw Yun Luochen's father. If her sullen father went to the West Continent right now, the two heads of the Yun family would look like real brothers from the outside.

"You came just in time for the Yun family's big event." Yun Sheng smiled and patted Yun Luochen's shoulder again. Yun Luochen was enlightened. "A baby is going to be born!"

Yun Sheng burst into laughter. He wasn't unfamiliar with Yun Luochen at all. "Let's go. I'll take you to see your sister-in-law!" Yun Sheng dragged Yun Luochen out. "Father, let this kid talk to you later."

Yun Jing nodded. Yun Sheng had already walked out with Yun Luochen who was surprised. Yun Jing walked over at this moment and touched Yun Feng's head with his hand. A warm feeling came from his heart. "Feng, you've worked hard."

Yun Feng didn't say anything. She just stood there quietly and felt her father's warm hand as usual. "Father, it's not hard. It's really not hard at all." Everything on the West Continent was nothing in Yun Feng's mind. As long as she could find the branch of the Yun family, make her father and brother happy, and let them know that the Yun family still had a bloodline on the West Continent, that was enough!

"Go and see Xiaojin. That kid has been thinking about you." Yun Jing sighed slightly and suppressed the excitement in his heart. Yun Feng nodded and turned around to hug Yun Jing with her arms. Yun Jing's body stiffened and his hand slowly held the girl's black hair. Yun Feng held her father's arms and took a deep breath. "Father, I'm back."

Yun Jing nodded with a smile on his handsome face. Yun Feng let go of her father. "I'm going to see Xiaojin. I'll ask Yun Luochen to tell you about the West Continent later." Yun Jing nodded. Yun Feng had already pushed the door open and walked out. Yun Jing sighed softly. "The Yun family is so lucky to have such a son and daughter. God has been kind to the Yun family."

Yun Sheng took Yun Luochen to visit Mu Xiaojin, his sister-in-law. Yun Feng rushed all the way to Mu Xiaojin's room. She was extremely excited in her mind. She appeared in front of Mu Xiaojin's door at an extremely fast speed and had already heard the pleasant conversation inside.

"Sister... Sister-in-law... hello." Yun Luochen stammered, which made Mu Xiaojin chuckle. Yun Sheng smiled too. "You've been released." It was Qu Lanyi's teasing voice. Yun Feng pushed the door open with a smile. Everybody in the room looked at her, and Yun Feng immediately saw Mu Xiaojin, who was leaning against the bed with a protruding belly.

"Xiao Feng..." Mu Xiaojin cried the moment she saw Yun Feng. Tears flowed down her already plump cheeks as she stared at Yun Feng with her big eyes without blinking. How long had it been since they last met? It seemed like a very, very long time...

Yun Sheng wiped Mu Xiaojin's tears in a hurry. Yun Feng smiled and came to him. Mu Xiaojin held Yun Feng's hand tightly. Yun Feng quickly sat next to Mu Xiaojin. Yun Sheng stepped aside quietly, and Qu Lanyi took Yun Luochen out of the room.

"Let go of me!" Yun Luochen twisted his neck. Qu Lanyi looked at him in disdain and immediately let go of him when he walked out of the door. Yun Sheng also walked out with a smile and closed the door.

"Why is my sister-in-law crying?" Yun Luochen was a bit worried about Mu Xiaojin. Yun Sheng smiled. "It's alright. Pregnant women get emotional easily. Let them talk."

Yaoyao and Meatball had been following them. Seeing that Mu Xiaojin was so reliant on Yun Feng, Yaoyao was a bit angry. Qu Lanyi picked Yaoyao up and put her on her knees, patting her little head. Yun Sheng frowned and looked at Yaoyao. "Kid, this can't be..."

Chapter 698: Golden Dragon Blood (3)

Qu Lanyi looked at Yun Sheng provocatively. "It's exactly what you think, Big Brother."

Yun Sheng's expression changed abruptly! However, he couldn't say anything. Yun Luochen was puzzled. "What are you talking about?"

The few of them sat down outside. Yun Sheng certainly had a lot to catch up with Qu Lanyi. Yun Luochen, on the other hand, was both nervous and expectant. Perhaps because of the bloodline in his body, he didn't feel unfamiliar here at all, as if this was his home. Yun Luochen looked around the Mu family's mansion. "The Mu family that you're in should be a third-rank family, right?"

Yun Sheng was stunned and didn't quite understand. Yun Luochen looked at Yun Sheng expectantly. "Brother! Is the Yun family a first-rank family?"

"You think this is the West Continent? There are no ranks on the East Continent," replied Qu Lanyi coldly. Yun Luochen frowned. "Is that so... What's the position of the Yun family on the East Continent? What's their ranking?"

Yun Sheng chuckled on the side. Qu Lanyi raised her eyebrows. "The Yun family's position on the East Continent is like the three halls on the West Continent. Do you understand?"

Yun Luochen widened his eyes! The family was equivalent to the three palaces of the Western Continent! They were the most powerful people! People who could summon the wind and storm! Yun

Sheng said with a smile, "Although I don't know the background of these three halls, the Yun family doesn't have a very high status. We're just a normal family."

Qu Lanyi raised her brows. "Brother, why are you so humble? If it's really a normal family, there wouldn't be so many people who want to marry into the Yun family."

Yun Sheng's face darkened when he heard this. Qu Lanyi chuckled. "Brother, you're still attractive to the ladies even though you're already married."

"Kid, you stole my sister. I haven't settled the score with you yet!" Yun Sheng roared, which made the two girls in the room laugh. Mu Xiaojin chuckled. Yun Feng slowly covered Mu Xiaojin with her mental strength and observed the unborn child in her belly. Hearing what the people outside said, they both chuckled.

"Qu Lanyi is still the same. I knew he wouldn't stop pestering Xiao Feng." Mu Xiaojin's face became round. Yun Sheng had been feeding her delicious food during the pregnancy, so she had gained weight.

"Ignore him. This baby has grown quite well." Yun Feng looked at Mu Xiaojin's round belly with a smile and gently covered it with her hand. "Xiaojin, thank you for your hard work. It must've been hard to carry her for ten months."

Mu Xiaojin shook her head and her big eyes were full of happiness. "It wasn't hard at all. Brother Yun has taken good care of me... I'm very happy to be able to continue the bloodline of the Yun family!"

Yun Feng nodded. Thinking that Mu Canghai's matter still hadn't made any progress, she felt a bit guilty. "There's still not much progress regarding Mu Canghai..."

"Xiao Feng! Don't blame yourself. You don't have to force yourself. Really!" Mu Xiaojin held Yun Feng's warm hand tightly. Yun Feng nodded with a smile. She would definitely solve Mu Canghai's problem. She would definitely find the President of the Magic Union! She would definitely resurrect Mu Canghai!

"Right, Yun Luochen is from the Yun family of the West Continent. Father and Brother Yun must be very happy! We're not the only ones in the Yun family. It's great that there's someone else!" Mu Xiaojin completely regarded herself as a member of the Yun family, which made Yun Feng deeply gratified. It was a blessing for the Yun family that her brother could marry such a girl!

"Well, there are still a lot of things about the Yun family. I can't tell you right now, but the Yun family isn't a simple family."

Mu Xiaojin nodded with a smile and looked at her belly with affection in her eyes. "Xiao Feng, what should we name this kid? I've discussed with Father and Brother Yun for a long time and we've decided to listen to you."

Yun Feng was startled. She wanted to hear her opinion? "How can that work? You should be the ones making the decision!"

Mu Xiaojin, however, shook her head and smiled mischievously. "Xiao Feng, if you give her your name, she'll be your personal disciple! Don't even think about getting rid of her!"

Yun Feng burst into laughter. "This kid is the descendant of the Yun family. I'll certainly try to give this kid the best! I came back with a welcome gift this time. But the kid won't be able to see it." Yun Feng

flipped her wrist and a bottle of medicine appeared. It was the body-tempering medicine Yun Feng got for helping Yan Ming.

"This is..." Even though Mu Xiaojin didn't know what it was, she knew that it must be something expensive. Yun Feng chuckled. "This is my gift to this kid. It's also a token of my appreciation."

Mu Xiaojin's eyes were full of tears again. Yun Feng smiled helplessly. "It's not a big deal." The body-tempering medicine was said to be not a big deal by Yun Feng so casually. She had put in a lot of effort for it back then.

"It's not a big deal." Mu Xiaojin choked. "Don't think I don't know..."

Yun Feng wiped away Mu Xiaojin's tears, but she had another thought in her mind. The visit of the Helian family suggested her family's popularity. It seemed that this place might not be peaceful on the day Xiaojin gave birth.

Yun Feng stayed with Mu Xiaojin. They hadn't seen each other for a long time, so they certainly had a lot to talk about. Hearing the laughter that came from inside the house, Yun Sheng, who was sitting outside, looked relieved. Mu Xiaojin had been in a bad mood since she got pregnant. It was common for her to be sentimental. Mu Xiaojin's laughter came from time to time. This was the happiest moment Yun Sheng had seen Mu Xiaojin during this period of time. His sister was right to come back.

"Let's go. Tell us all about the West Continent." Yun Sheng patted Yun Luo Chen's shoulder with his big hand. Yun Luo Chen immediately nodded and followed Yun Sheng to Yun Jing's study. Qu Lanyi was still sitting there. Yun Sheng couldn't help but feel curious. "Kid, you're not coming?"

Qu Lanyi raised her brows. "I don't want to hear that. I know everything I need to know."

Yun Sheng had thought that Qu Lanyi would be humble, but instead of being humble, she was more arrogant. Did he know everything he needed to know? What a joke! Yun Sheng snorted coldly and ignored Qu Lanyi. Yun Luo Chen followed Yun Sheng, who was striding forward, and was a bit confused. What a weird relationship...

Chapter 699: Attack (1)

In Yun Jing's study, Yun Luo Chen talked about the situation of the Yun family on the West Continent and gave a clear summary of the basic situation on the West Continent. Even though Yun Luo Chen was only fifteen years old, he was quite logical when he talked. He explained a lot of things clearly and easily. Yun Sheng and Yun Jing soon learned about the completely different situation on the West Continent and the East Continent.

"So the West Continent is divided into three halls. It's indeed very different." Yun Sheng thought about the branches on the West Continent. The areas in the three halls were also different. It seemed that the situation on the West Continent was much more complicated than that on the East Continent.

"The Yun family in Jushui Town and the Yun family in Chunfeng Town are very similar," said Yun Jing in a deep voice. Yun Luo Chen was very surprised. "Very similar? How is that possible?"

Yun Sheng smiled and told Yun Luo Chen everything that happened in Chunfeng Town in the past. Yun Luo Chen was extremely shocked after hearing that. He originally thought that the Yun family of the East

Continent had been in its current position since the beginning, but it turned out that Yun Feng had been raising it bit by bit!

"The Yun family of Jushui Town only advanced to the third rank because of Yun Feng," mumbled Yun Luochen. Yun Sheng and Yun Jing certainly understood in their minds that Yun Feng had taken on the burden of the family on the West Continent again. Yun Sheng felt sorry for his sister, but he also knew that it was impossible for her to let go of this burden. Yun Feng had a strong sense of belonging and recognition towards the family.

"I'm ashamed to say that I didn't help Feng much," said Yun Sheng, blaming himself. Yun Luochen didn't say anything. After all, he and Yun Feng were at a similar age. However, Yun Feng had been through a lot. As the son of the Master of the Yun family in Jushui Town, he didn't take any responsibility for the Yun family. Thinking of this, Yun Luochen couldn't help but feel discouraged.

"It doesn't matter. Take your time. One day, you'll become the pillar of the Yun family." Yun Sheng caressed Yun Luochen's head with his hand. Yun Luochen nodded and the gloominess in his heart was slightly swept away. Right, he couldn't do anything right now. He could only help the Yun family by constantly improving himself! He couldn't let Yun Feng take everything by herself. His surname was also Yun!

"I'm very glad that you came to the East Continent this time. From what you said, Brother Tianfan should know the existence of the Yun family on the East Continent," said Yun Jing. Yun Luochen nodded. "If it weren't for Yun Feng, my father wouldn't have said anything. It was then that I realized how impressive the Yun family was!"

There was a smile on Yun Jing's usually serious face and his fierce eyes were much gentler. "If there's a chance, you should meet Brother Tianfan. Luo Chen, I'm older than your father. Just call me uncle."

What Yun Jing said almost made Yun Luochen choke. Looking at Yun Jing who seemed around thirty years old, Yun Luochen couldn't call him uncle no matter what. He looked at Yun Sheng awkwardly and Yun Sheng chuckled. "You're right to call him uncle. For some reason, my father looks younger than he should be."

Yun Luochen swallowed and finally called his uncle timidly. Yun Jing nodded. Yun Jing and Yun Tianfan were the same. Both of them looked serious and didn't seem to have many smiles. Yun Luochen secretly made comparisons in his mind. His father and uncle's personality and expression were truly the same. Nobody would doubt that they were family.

After talking about the Yun family of the West Continent, Yun Jing had some things to deal with. When Yun Sheng came out with Yun Luochen, Yun Luochen was suddenly relieved. His relaxed look amused Yun Sheng. He touched Yun Luochen's head again. "Why? Are you so nervous?"

Yun Luochen smiled. "Brother, to be honest, Uncle and my father are really like... Talking to uncle is just like talking to my father. I was very nervous."

Yun Sheng burst into laughter. "We're indeed family. Do you have any siblings, Luochen?"

"I'm the only child my father has. However, there are still a few children of my uncle and third uncle at home. I really envy my brother for having such an outstanding sister."

Yun Sheng smiled and suddenly looked a bit lonely. "Yes, there should've been one more. It would've been perfect if there was one more..."

"Brother? What did you say?"

Yun Sheng's expression changed and there was more or less some pain in his eyes. Even though such a long time had passed, it still hurt when he thought about it. "I originally had a brother."

"Oh? Really? Then... where's he? Why haven't I seen him?"

Yun Sheng was silent for a while and then heaved a sigh. "He's... dead."

Yun Luochen was shocked. Yun Sheng chuckled. "It's all in the past. Let's not talk about it. Come, let's go see your sister-in-law." Yun Sheng was delighted when he talked about Mu Xiaojin. The sad atmosphere just then was gone. Yun Luochen nodded and followed Yun Sheng, but he was a bit upset.

Even though the Yun family of the West Continent had been living a tough life, the family was intact. His mother had only passed away because of illness. The Yun family of the East Continent, on the other hand, was persecuted and destroyed. They carried more burdens than the Yun family of the West Continent.

No wonder she valued kinship so much. No wonder she protected her loved ones so much... Yun Luochen thought of Yun Feng's warm expression when she talked about the Yun family and her loved ones. Was it because she lost some of them that she knew to cherish the living ones more?

Mu Xiaojin was about to give birth in half a month. During this half month, she had been most delighted. Mu Xiaojin seemed to be smiling with Yun Feng by her side, which made Yun Sheng feel gratified and jealous at the same time. After all, his sister made his wife so happy, but he didn't have such an ability. Yun Sheng was quite helpless.

"Brother Yun, Xiao Feng has already thought of the name of her child." On this day, the few of them gathered around Mu Xiaojin. The closer the day of childbirth was, the more nervous they were. Yun Feng almost stayed close to her, fearing that the child would come to this world early and catch them off guard.

Yun Sheng sat on one side of the bed and held Mu Xiaojin's body carefully in his arms as a cushion. Mu Xiaojin smiled at Yun Sheng. Yun Sheng scratched Mu Xiaojin's nose affectionately. "I told you to call me by my name or husband."

Mu Xiaojin stuck out her tongue. She liked to call him Brother Yun, which might be a bad habit she couldn't change.

"Feng, what's the name you have thought of?" Yun Sheng looked at Yun Feng. Yun Feng chuckled. She had been racking her brains for this name these few days, but she finally thought of one that wasn't bad. "Yun Qingchen."

Chapter 700: Attack (2)

Qu Lanyi, who was sitting on the side, raised his brows slightly with a smile at the corners of his mouth. Yaoyao glanced at Qu Lanyi. Meatball yawned on Yun Feng's shoulder in boredom. Yun Sheng savored the name carefully and finally nodded. "Great name, the hope of new life."

Mu Xiaojin nodded with tears in her eyes. Yun Sheng wiped her tears away helplessly. "Why are you crying again?"

Mu Xiaojin sniffed in embarrassment. Ever since she got pregnant, she had been extremely sentimental. It was easy for her to feel sad and it was normal for her to cry. Yun Feng chuckled. "Xiaojin, this child is the continuation of the Yun family's bloodline. I'll make him grow healthily. He'll be the new hope of the Yun family!"

Mu Xiaojin nodded. Yun Sheng caressed Mu Xiaojin's belly gently and felt the little life inside that was eager to come out. This child gave everyone in the Yun family hope. Before this child was born, it had already carried a lot of expectations!

Yun Qingchen... Yun Sheng mumbled the name in his mind and felt Mu Xiaojin's belly move slightly. Yun Sheng smiled. Did they really have telepathy? It seemed that his child also liked the name given by his aunt.

"Young Master, Young Lady!" A servant's voice came from outside the door, interrupting the harmonious atmosphere. Yun Feng asked her brother to stay here and she pushed the door open by herself. The servant was standing outside. Seeing Yun Feng come out, he immediately bowed respectfully. "Young Lady!"

"What's wrong?"

"My Lady, the Mu family has guests. I heard that they're from the two families. They're waiting in the front hall. Master has already gone there."

Yun Feng waved her hand and asked the servant to leave. Then, she pushed the door open and walked in. "Feng, is someone visiting again?" Yun Sheng put Mu Xiaojin on the bed carefully. Yun Feng nodded. "Brother, just stay here. I should be the one they're looking for."

Yun Sheng pondered for a while and nodded in agreement. Yun Luochen naturally stayed here too. It was better not to let too many people know about Yun Luochen's appearance. Qu Lanyi's eyes darkened and he followed Yun Feng out. "Why are you here?" Yun Feng was a bit confused when she saw Qu Lanyi come out.

Qu Lanyi chuckled and suddenly leaned close to Yun Feng. He lowered his head and whispered in her ear, "I just wanted to say that your name sounds really nice."

The corners of Yun Feng's mouth curled up. Qu Lanyi's lips landed on the corners of hers gently. Yun Feng's face suddenly turned red. Qu Lanyi suddenly straightened her body and put some distance between them. His black eyes were full of charm. "Fengfeng, you will name our children in the future."

Yun Feng glared at Qu Lanyi and scolded him with a red face before she turned around and left. Qu Lanyi chuckled and walked back to the house. Yun Luochen looked at Qu Lanyi curiously. "What's your relationship with Yun Feng?"

Yun Sheng immediately said, "Nothing!"

Mu Xiaojin was amused. Qu Lanyi sat there casually, while Yaoyao sat next to him quietly. Meatball knew that Yun Feng had something to do, so it also stayed. It sat there and shook its body, looking very bored. "Brother, the more you try to hide, the more obvious it is."

Yun Sheng could only say "you". In the end, he fixed his gaze on Yaoyao. "Who exactly is this little girl? Why aren't Little Fire and Lan Yi here?"

Qu Lanyi raised his brows and sensed that Yaoyao's mood was turning bad. "Brother, you shouldn't ask too much about this kid. As for those two, they were left in the Yun family of the West Continent."

Yun Sheng knew that he shouldn't ask anymore. Yaoyao stood up slowly, looking awful. Qu Lanyi had keenly noticed that her ears were about to turn into transparent fins! Qu Lanyi was shocked. "Yaoyao, what's wrong?"

Yaoyao looked at Qu Lanyi with her big blue eyes and her pupils gradually turned into black vertical lines. "Water." She opened her mouth slightly and only said one word. Mu Xiaojin quickly said, "There's a kettle over there. Get some water for this kid."

Yun Luochen immediately wanted to pour water for Yaoyao, but Qu Lanyi knew what she needed! "Brother, are you a water-element mage?" Qu Lanyi looked at Yun Sheng, who nodded. "Then, I'll borrow your water element!" Yun Sheng was completely dumbfounded, but Qu Lanyi didn't seem to be joking. Yun Sheng immediately released the water element, but Yaoyao roared in disgust. Qu Lanyi immediately knew that Yaoyao only allowed Yun Feng's water element to approach her!

Qu Lanyi picked up Yaoyao and dashed out without another word. Meatball also flashed and chased after them. Yun Sheng and Mu Xiaojin were a bit puzzled. Yun Luochen seemed to have seen something as he sat aside. "Brother, Sister-in-law... Did you see... that little girl's ears?"

"Ears?" asked Mu Xiaojin. Yun Luochen swallowed. He couldn't believe that the little girl next to Yun Feng wasn't a human being!

"Her ears... turned into fins!" said Yun Luochen, which surprised both Yun Sheng and Mu Xiaojin. Yun Sheng suddenly thought of something and his heart tightened. Could that little girl be...

Yun Feng, who had just arrived at the entrance of the front hall, noticed Qu Lanyi's arrival. She turned around and saw Yaoyao in his arms. Yun Feng's expression immediately changed. She quickly held Yaoyao in her arms and the water element immediately enveloped her body. Yaoyao sighed comfortably and nestled in Yun Feng's arms. Her fin-like ears turned back into human beings again. Yun Feng frowned slightly. Qu Lanyi asked thoughtfully, "How is she?"

Yun Feng looked at Yaoyao, who had closed her eyes slightly. Her body didn't change at all. Recently, she rarely showed her original form as a sea demon, but she was still of the merman bloodline after all. She couldn't live without the water element on land. Every time Yun Feng soaked her in the water element, Yaoyao's strength would increase inexplicably.

“Her strength has increased again.” Yun Feng’s water element slowly flowed around Yaoyao’s body as she felt the level of Yaoyao’s strength in her arms. Level 9. Her breakthroughs were astonishingly fast!

“The merfolk are indeed interesting.” Qu Lanyi said with doubts in his mind. The mysterious merfolk at the bottom of the Endless Ocean had never been seen on the continent. If it weren’t for Yaoyao, they wouldn’t have known that mermaids could level up so quickly! Judging from this, how many terrifying experts were there at the bottom of the Endless Ocean?
