

Summoner 821

Chapter 821: Secret in the Sea (1)

As Yun Feng's contracted Magic Beast, Little Fire could certainly sense Yun Feng's situation. When Yun Feng was severely injured, Little Fire was enraged and roared for Yun Feng to let it out, but Yun Feng didn't. Little Fire was already suppressed at the bottom of the Endless Sea, so it was useless even if she let it out. Yun Feng let Little Fire roar and locked it in the contract space.

"I'm afraid Brother Fire will tear off a piece of Cang Ran's flesh no matter what the moment he comes out." Lan Yi smiled helplessly. Yun Feng nodded and looked at Lan Yi's back. Yun Feng always felt a bit guilty when he broke a wing for her. Lan Yi noticed Yun Feng's mentality and smiled leisurely. "It's just a broken wing. It doesn't affect my strength. Master, as your contracted Magic Beast, this is what I should do. There's no need for this."

Yun Feng calmed herself down and nodded at Lan Yi. She was just glad that her Magic Beast was so loyal to her. This loyalty was an inseparable bond between her and the Magic Beast. Looking at the empty area on the first floor of the Dragon Palace, Yun Feng thought carefully for a moment. She had already got the Spirit Gathering Grass. The time limit of the Fusion Fluid was about three years. It had already been three years, but the Fusion Fluid might not be ready yet. There were still two years to go until the five years she agreed with Yao Guang on, and the Summoners' Convention would be held in two years. In other words, she still had one year at this moment. After one year, the Fusion Fluid should be completed and Mu Canghai would be resurrected. Then, she would have to prepare for the Summoners' Convention.

Thinking of the Ten Thousand Beast Mountain Range that lay across the East Continent and the last time she crossed the sky, Yun Feng smiled wryly. She had to go back to the Yun family on the East Continent to get the Fusion Fluid, and the Summoners' Convention would be held on the West Continent. This time, she had to cross the Ten Thousand Beast Mountain Range twice. Last time, someone helped her suppress the commotion. Now, she would more or less encounter some trouble. Yun Feng already had a plan in her mind.

She told Qu Lanyi and Lan Yi her plan. Both of them agreed. "We've just reached the peak of the Monarch Level. We still need to consolidate our strength. Crossing the Ten Thousand Beast Mountain Range will definitely be troublesome, so we can make some preparations."

"Very good. Then we'll stay here for another year. After one year, we'll set off."

She still had to stay in the Dragon Palace for another year to consolidate her strength, but Yun Feng had something else she wanted to do, which was to improve her pharmaceutical level. Her master had deep attainments in the field of pharmaceuticals. As his successor, Yun Feng didn't want to let him down. Besides, her master had left her quite a precious pharmaceutical wealth. It would be a pity if she didn't use it.

At the moment, Yun Feng's pharmaceutical level was at the advanced three-star level. She hoped that she could reach the master level in a year. Yun Feng didn't know if she could do it. If she entered the peak of the Monarch Level, she should be able to help in the aspect of pharmaceuticals. Unlike other

pharmacists, ordinary pharmaceuticals and cultivation were separated, but for Yun Feng, pharmaceuticals and cultivation complemented each other.

Yun Feng entered the second level and found a place to focus on studying the formula her master left for her. Xia Qing was focused on practicing on the tenth level and Yun Feng didn't disturb her. She hoped that this disciple could achieve something in the shortest time possible and there was no need to interrupt her practice. She had already taken out her master's formula and herbs, so there was no need for her to go to the tenth level.

Yun Feng originally planned to let Qu Lanyi enter the tenth level too. The elemental density there was suitable for cultivation, but Qu Lanyi declined and Yun Feng didn't force him. Yun Feng planned to stay here for another year. Lan Yi automatically entered the Ring of Contract. The Dragon Palace was an absolutely safe place. Yun Feng wouldn't be in any danger, so Lan Yi certainly wouldn't be worried.

Qu Lanyi was on the first level, and Yaoyao was also on the first level. When Yun Feng was making medicine, only Meatball was with her. Yaoyao's vigilance became much stronger. Qu Lanyi spent a long time making Yaoyao less hostile to him and return to her original attitude. Thinking that she wouldn't see Yun Feng for a year, Qu Lanyi felt unwilling. In the end, he could only close his eyes and cultivate. It was just a year. It would be over in a blink.

On the second level, Yun Feng carefully studied the formulas left by her master and chose the ones at the lowest Master Level. Then, she took out the herbs she needed one by one. A raging fire rose from her palm and shone on Yun Feng. Meatball on her shoulder also stared at the fire with its big eyes. Yun Feng raised her hand and threw a large number of herbs in, taking a deep breath.

"Can I reach the master level in a year?" Yun Feng whispered. Meatball then said softly, "Nana."

.....

Yun Feng put on a smile. "Alright, I got it." She looked at the fire in front of her with her clear black eyes. The fire flashed on Yun Feng's face. She slowly closed her black eyes and so did Meatball. That mysterious connection was established again. She would definitely succeed in the Master Level!

A year passed quickly. The Dragon Palace was peaceful. Yun Feng had been practicing hard to make potions and consolidating her strength at the same time. Qu Lanyi and Yaoyao were on the first level. Yaoyao had also learned to cultivate on her own. Qu Lanyi had consolidated her strength at the peak of the Monarch Level a lot in the past year.

Something happened to the merfolk in the Endless Sea during this year. Yun Feng's bounty order was still there, and it had obviously become an empty order. After all, there was no need to look for someone they couldn't find in three years. However, Cang Lin of the White Fin still hadn't given up. However, the merfolk soon faced the provocation of the other sea races. He couldn't split himself up, so he could only give up the idea of searching for Yun Feng for the time being and send his trusted aide to carry out the order, while he changed his target.

Si Wen had already been on the throne for three years. Facing the provocations of the other members of the Sea Clan, he, who was swift and decisive, showed the attitude that a king should have. The strength of the elites of the White Fin and the Red Fin dropped a bit due to the loss of two generals. The death of Zi Leng and Cang Yu was a blow. It would take a long time to nurture two more such talents. Zi

Leng's body still hadn't been found until now. In the end, Zi Xuan also gave up. The body was probably gone after three years.

The area where Yun Feng disappeared was still sealed tight. There was a secret sealed there. The merfolk had been searching for the secret for thousands of years, but to no avail. Because Yun Feng broke in, she caused a huge search. While searching for Yun Feng, they also searched for that secret again. Of course, none of them found anything. Si Wen gave up for the time being. When the matter of the foreign Sea Clan was resolved, he planned to explore it carefully. If he could discover that secret, it would be beneficial for the merfolk.

Chapter 822: Secret in the Sea (2)

Yao Guang disappeared again after he showed up in front of Yun Feng last time. A year passed quietly. Yao Guang didn't fall asleep, but observed Yun Feng secretly. He found that she didn't seem to be in a hurry at all. She already had a plan in her mind. The little girl had already got the Spirit Gathering Grass, so it shouldn't be difficult for her to gather the Fusion Fluid.

"Yao Guang, it seems that you're going to lose your bet with this girl." The old voice came slowly from somewhere in the Dragon Palace. Yao Guang grunted as his body that was wrapped in a black robe suddenly rose into the sky. He raised his head and roared in a certain direction in frustration, "Old man, it's still too early to say that!"

"Oh? This girl is obviously quite talented in making medicines. Even though it's very difficult to succeed in making the Fusion Fluid, there's nothing impossible for this girl, right?"

"Humph! How can it be so easy to succeed with the Fusion Fluid? If that girl really succeeds by chance..." Yao Guang lowered his voice as viciousness flashed through his gray eyes.

"Are you going to..."

"I've been trapped here for a long time! It wasn't easy for me to get a chance to regain my freedom. How can I let this girl have her way?" Yao Guang's hoarse and unpleasant voice carried a hint of hatred as he heaved a long sigh.

"Why? It wasn't this girl who trapped you here back then. Must you retaliate against her?"

"No matter who it is! She's that old guy's disciple and also the heir of the Dragon Palace! Of course, I'm looking for her!"

The old voice sighed again and Yao Guang snorted in disdain. "Old man, it seems that you've lost your temper after so many years."

"Maybe, after getting away from those conflicts, I don't mind staying here. At least I can have some peace."

"It's already a kind of humiliation for us to be trapped here with our identities! If it weren't for..." Yao Guang gritted his teeth as waves of killing intent surged in his gray eyes. The old voice sighed again. "Yao Guang, let alone everything else, have you still not seen it through after the thousands of years we've been here? The masters of the Dragon Palace have changed generation after generation. The outside world has already changed a lot. What can you do even if you go out?"

Yao Guang remained silent with a cold face. The old voice continued, "I hated the humiliation too, but after such a long time, the outside world has nothing to do with us anymore. The power of the new generation will replace that of the older generation sooner or later. That's an unchanging truth. Besides, what has this girl done after she inherited the Dragon Palace? Don't tell me that she doesn't know she's qualified to command you."

Yao Guang glanced at a corner coldly and didn't say anything. "Didn't you save her time and time again? You approve of her from the bottom of your heart."

.....

"Nonsense!" Yao Guang suddenly turned around with resentment and awkwardness on his face. "I only saved her because I didn't want her to die. I still have to rely on her to get out! If she dies just like that, the next successor might be someone even worse!"

"Look, didn't you admit it yourself? This girl is the one you're most satisfied with so far."

"Old man, shut up!" Yao Guang's black robe fluttered even though there was no wind. An invisible force twisted the space. The old man said with a smile, "Just be honest. You won't lose anything."

"I don't want you to talk too much!" said Yao Guang angrily. He wasn't really infuriated, but rather, he was angry because he had been forced to open his mind. The old voice chuckled. "When have humans seen your original form? Even those who are related to you have never seen you. Why did you let that girl see you?"

Yao Guang didn't say anything else. He grunted again, and his black robe flashed and disappeared, leaving only a few words, "None of your business."

The old voice chuckled and replied, "You're just unwilling to admit."

A year passed in a hurry. Qu Lanyi suddenly opened his black eyes and slowly retracted the light elements around his body. His terrifying temperament became stronger. The redness in the depths of his black eyes faded and became pure black again.

Yaoyao moved her fins and leaned over. Qu Lanyi touched Yaoyao's head. Yaoyao looked at Qu Lanyi. "Xiao Feng, you're still not back?" After a year, Yaoyao had already been able to say a complete sentence successfully. It wasn't just one word. However, a long sentence was still very difficult for her.

Qu Lanyi's expression stiffened. He had been with this kid for a year. He didn't expect that the first thing she would ask would be Yun Feng. That was truly... but he was also thinking about Yun Feng.

"She should be back anytime." Qu Lanyi smiled at Yaoyao. As soon as he said that, a slender figure had already appeared. The aura around her also changed slightly. Her little face was a bit pale, but it was full of smiles.

"Xiao Feng!" Yaoyao immediately hugged Yun Feng happily when she saw her. Yun Feng immediately spread her arms and hugged Yaoyao, who was pouncing on her. Meatball on her shoulder grunted a few times a bit unhappily and pretended that it didn't see her in the end.

"How was it? Did you make a breakthrough?" Qu Lanyi walked over and held Yun Feng's hand calmly. Warm light elements slowly seeped into her body. Yun Feng smiled. He was too worried about her. How could mental strength be consumed like this?

She held Qu Lanyi's hand and put on a smile on her pale face. "Don't worry. I'm fine. I didn't waste this year. I'm already able to make master-level potions."

Joy flashed through Qu Lanyi's face. She had risen to the master level in just one year. Would the elders of the Pharmacists' Union be shocked if they heard that? The master-level potions Yun Feng mentioned were no longer a problem for her. It meant that she could deal with the formulas of one-star to three-star formulas, even though the three-star formulas consumed a lot of mental strength.

Meatball raised its head and shouted proudly. Yun Feng touched Meatball with her finger with a smile. "Of course, you'll have to contribute."

"Then, the Fusion Fluid..." Qu Lanyi asked. If Yun Feng could make the Fusion Fluid, it wouldn't be a problem for her to resurrect Mu Canghai, and Yun Feng would certainly win the deal with Yao Guang! Ever since Qu Lanyi saw Yao Guang, he had been vigilant against him. The people living in the Dragon Palace made Qu Lanyi completely uncertain. He couldn't figure them out at all. If he escaped from the control of the Dragon Palace, it would be bad for Yun Feng. Then, it would be troublesome.

Chapter 823: Secret in the Sea (3)

Yun Feng shook her head. "The Fusion Fluid is at the grandmaster level. I still can't reach that level right now."

Qu Lanyi nodded. She had reached the Master Level in one year. If Yun Feng could reach the Grandmaster Level just as quickly, it would be too shocking. Besides, luck and talent weren't everything on the path of potions. Hard work was indispensable.

"Your expertise in medicine has improved and your strength has been consolidated. It seems that we can leave." Qu Lanyi said with a smile. Yun Feng nodded. A year had already passed. It was time for them to leave the Dragon Palace.

Yun Feng was about to close her eyes, but Qu Lanyi stopped her. "Even though three years have passed, we can't be sure. Call Lan Yi out."

Yun Feng thought for a moment and felt that it made sense. She immediately called Lan Yi out. A beam of green light flashed out of Yun Feng's green Ring of Contract. Yun Feng casually put the Ring of Contract back. She was a summoner who didn't like to wear the Ring of Contract.

"Lan Yi, we're going out," said Yun Feng. Lan Yi nodded. He originally wanted Yaoyao to stay in the Dragon Palace, but Yaoyao obviously rejected him. Considering that the strength of the three of them had increased again, if anything happened, Yaoyao would be safe. Yun Feng let Yaoyao stay with her.

She slowly closed her black eyes as a ball of light enveloped everyone. Then, the light disappeared from the spot and the few of them completely disappeared from the Dragon Palace. In the depths of the Endless Sea, in the darkness, the dragon-shaped jade pendant that had already merged with the other sceneries on the ground suddenly emitted a dazzling light. Then, the dazzling light flashed from the dragon-shaped jade pendant, illuminating the depths of the darkness. A few figures suddenly appeared

in the light. The dragon-shaped jade pendant slowly floated from the ground and landed on a tender hand as the light gradually disappeared.

Yun Feng held the dragon-shaped jade pendant in the center of her hand tightly. When she opened her eyes, what greeted her wasn't the familiar scene from before, but a bottomless darkness. Yaoyao carried Yun Feng into her arms and her fishtail patted uneasily. Meatball cried softly on Yun Feng's shoulder, but its soft call echoed for a long time.

Yun Feng frowned and flipped her hand. A ball of bright fire appeared in her palm, and she saw Qu Lanyi and Lan Yi's confused faces clearly. "The dragon-shaped jade pendant has moved. We must be in an unknown place right now." Yun Feng looked at the area illuminated by the fire. They were standing on a cold ground with a lot of gravel and soil. There were clear sounds when they stepped on it.

Lan Yi raised his hand and a strong wind blew, blowing away the layer of roaring stones and soil on the ground. Even though only a small part of them was blown away, Yun Feng could see clearly that there was a cold black giant stone under the gravel and soil. The ground they were standing on was also made of this black stone.

The fireball in Yun Feng's hand expanded slightly. Yun Feng raised her hand and looked above her head. This space was huge and there was also a wall above her head. It was just an arch. They were standing at the end of a road and there was no way out.

Yun Feng's face darkened. "It seems that we have no choice but to move forward."

Qu Lanyi nodded. "Indeed. We can't go out recklessly, or we'll cause a collapse or alarm something."

.....

Lan Yi protected Yun Feng carefully. This space was strangely quiet. It was too quiet, as if there was no other life except them. Yun Feng stroked Yaoyao comfortingly with her hand, and Yaoyao finally calmed down slightly. Meatball's big eyes glittered in the darkness. Suddenly, its little body jumped out. Yun Feng exclaimed and stopped when Meatball was calling her. "Nana, nanana!"

Yun Feng followed the voice and walked over. She raised the fireball in her hand and looked. Meatball was standing on a round object at this moment, and something was extending out of it. Meatball cried again. Yun Feng seemed to understand what it meant. She put the fireball in her hand on the thing that was extending out. The fire element spread quickly along that thing and jumped out like a fire snake!

"Whoosh, whoosh, whoosh!" A bright fire snake spread quickly along the trajectory and the raging fire also lit up this dark and endless space. Yun Feng, Qu Lanyi and Lan Yi finally saw where they were clearly. Yun Feng glanced at a certain spot in the middle and her pupils shrank tightly!

A red fire illuminated this area. This was a wide hall, but some broken walls were very desolate. The ground was full of gravel and mud. There was a circle of fire in the middle of the hall. There was a round bulge in the middle of the wall. Yun Feng's fire element surrounded the entire hall with this and lit up. Apart from some stone pillars and some pedestals, the one in the middle was the most shocking!

Yun Feng stood there in shock. Qu Lanyi and Lan Yi also followed Yun Feng's gaze. When the two of them saw the center clearly, they had the same expression as Yun Feng! Meatball sat back on Yun Feng's

shoulder and glanced at the center with its big eyes. It circled a few times and looked at Yaoyao in Yun Feng's arms.

"Nana!" Meatball cried out. Yaoyao stuck her head out suspiciously, not understanding what Meatball was talking about. However, Yun Feng came back to herself and looked at Yaoyao with her black eyes as an inexplicable emotion rolled in her heart. "Yaoyao..." Hearing Yun Feng's call, Yaoyao stuck her body out and put her little arms around Yun Feng's neck, looking at her with her blue eyes.

Yun Feng slowly touched Yaoyao's ear fin with her hand and walked over step by step. Qu Lanyi and Lan Yi stood there and looked at Yun Feng quietly. The shock in their minds wasn't less than Yun Feng's. Yun Feng walked forward with Yaoyao in her arms. Yaoyao's eyes were full of doubts. When Yun Feng walked to the middle, she stopped and took Yaoyao out of her arms with a gentle glint in her black eyes.

"Yaoyao, look back." Yun Feng coaxed softly. Yaoyao turned around obediently. When she saw the scene behind her, the pupils in her blue eyes suddenly turned into vertical lines!

Yaoyao's fishtail swayed a few times. Yun Feng gently let go of her and let her lean forward. She watched Yaoyao's body slowly move up and watched her face slowly stop there. Directly opposite Yaoyao was a completely black stone statue. The stone statue was lifelike. Its upper body was human and there was a pair of fins on its arms, while its lower body was a dragon tail! The dragon scales engraved on the black stone statue seemed to be glittering. The face of the stone statue was what attracted Yun Feng the most! It was almost exactly the same as Yaoyao's!

Chapter 824: Explode (1)

Yaoyao stopped in front of the face of the stone statue at this moment. The stone statue was huge and its upper body was raised high. That face carried a hint of charm and evilness. Even though it was very different from Yaoyao's temperament, its facial features were exactly the same as Yaoyao's! The arms on the upper body were crossed in front of its chest and its slender waist was protruding. The dragon tails on the lower body were intertwined and there was a pair of dragon feet on it. The shiny black scales made this stone statue look like it was alive if one didn't look carefully!

Yaoyao looked at the stone statue that looked exactly like her and was a bit at a loss. This was also the feeling in Yun Feng's mind. Where was this place? Who was this stone statue? Why did Yaoyao have the same face as hers?

"Xiao Feng!" Yaoyao looked around. In the end, her fishtail flashed and she jumped back into Yun Feng's arms. Her pupils became round again. "Xiao Feng, who is she? Why... is she so similar to me?"

Yun Feng didn't say anything. She caressed Yaoyao's head with her hand. This was the answer she wanted to know. Qu Lanyi and Lan Yi both walked over and sized up the stone statue in front of them. "Considering this shape, it should be some kind of ancient creature."

"Ancient..." Yun Feng looked at Qu Lanyi in surprise. Qu Lanyi frowned and pondered for a few seconds, then said, "I've seen some weird pictures at home. They're all illustrations of ancient Magic Beasts. Even though I've never seen the one in front of me, it's similar."

"Your family... has such things?" Lan Yi looked at Qu Lanyi in surprise. Yun Feng was also surprised. Qu Lanyi smiled wryly. "How would I know that my family has these things? My family is small, but we have some strange things."

"Master, he's right. This is indeed an ancient race." Lan Yi glanced at Qu Lanyi a few times and said, "Some powerful races in the ancient times all have obvious signs and are a bit similar to each other. For example, among the Dragons, only the bloodline of the Golden Dragons is the purest, and the ones with signs like a dragon's tail should be some kind of ancient ancestor of the Sea Clan."

"This upper body is so similar to that of the merfolk. She should be the ancient ancestor of the merfolk," said Yun Feng in a deep voice, but Lan Yi shook his head. "I don't think so. There are many branches of some ancient races. The merfolk are probably just one of them. However, according to their form, the merfolk must have inherited the surface of their bodies."

It was just like how several branches of a family were descendants of one person. In the end, each branch might evolve into an independent group. However, in the end, there was only one ancestor for the few groups and there was only one person at the beginning of the bloodline after all.

"Who is she?" Yun Feng whispered softly. She suddenly remembered the Magic Beast Illustration that her master left behind. Perhaps she could find it from there! Yun Feng immediately took it out and flipped through it, but even someone as powerful as her master didn't have any records. Right, it was very difficult to go deep into the Endless Sea. Even her master couldn't possibly come to such a place. Besides, Yun Feng and the others only came here by accident.

"There's no record of it." After examining it carefully, Yun Feng put away the index and was a bit disappointed. Qu Lanyi, on the other hand, sized up the stone statue in front of her carefully. "There must be a meaning behind the establishment of the stone statue here. This place is so hidden. Perhaps there's something hidden here."

There must be some secrets in this place, but Yun Feng didn't care. She only cared about why this stone statue had the same face as Yaoyao! Yaoyao must have some connection with this stone statue. Was this good or bad for Yaoyao?

"Master!" Lan Yi's eyes glittered. He flashed to the place where the tail of the stone statue was wrapped. "Master, there's something here!" Lan Yi said as he reached for it. Yun Feng immediately became cold. "Lan Yi, get back!"

.....

Lan Yi's body reacted faster than his brain. His body was immediately pushed away under Yun Feng's order. At the same time, an unbelievable change happened to the stone statue! The body that was originally made of stone emitted an astonishing aura. Lan Yi quickly retreated to a safe distance and felt scared in his mind!

The tail of the stone statue moved slowly, as if life had been injected into the stone statue just then! The upper body of the stone statue moved stiffly a few times. Lan Yi returned to Yun Feng's side and the three of them immediately prepared to deal with any unexpected situation!

"Are you the Zhina Bloodline from the Sea Clan?"

A voice with vicissitudes of life and an ancient aura echoed in this empty area. The stone statue stiffened a few times and didn't do anything else. Yun Feng was silent for a few seconds. The Zhina Bloodline of the Sea Clan? The merfolk should be a branch of the Zhina Bloodline Sea Clan.

Yaoyao couldn't help but feel curious when she saw the stone statue speak. She moved her little body and wanted to leave Yun Feng's arms. Yun Feng was a bit worried and didn't let go. Qu Lanyi shook her head at Yun Feng. "It seems that there should be a remnant soul on this stone statue. According to the time, this remnant soul is immortal. This ancient race is indeed powerful! She won't hurt Yaoyao."

Yun Feng nodded and finally let Yaoyao go carefully. Yaoyao jumped and swam to the stone statue again. She asked that cold face, "Who are you? Why are we the same?"

The stone statue didn't answer Yaoyao's question. That ancient voice sounded again. "If you have the Zhina Bloodline of the Sea Clan, prove it. Otherwise, whoever trespasses here will die!"

Yun Feng's face immediately turned cold. Without thinking, she rushed forward to bring Yaoyao back. Qu Lanyi immediately pulled Yun Feng back. "The Sea Clan doesn't allow humans to trespass the Endless Sea. You can't rush up like this."

"Got it." Yun Feng suppressed the excitement in her heart and stared at Yaoyao with her black eyes. Yaoyao seemed to have sensed something. She extended her hand and the light blue fins on her arm kept moving gently. When Yaoyao's hand touched the cheek of the stone statue, a deep crack appeared on Yaoyao's palm and blood slowly flowed from the wound to the stone statue.

"Using blood as a medium to verify the bloodline of future generations..." Yun Feng felt the same way when she saw this scene. She remembered that when Ao Jin opened the door of the Dragons back then, it was the same. Only Ao Jin could open that door. The Golden Dragon's blood was the certification!

Yaoyao wasn't afraid at all when she saw her blood flowing out. She just waited quietly. Suddenly, Yaoyao's pupils turned into vertical lines again, as if something had happened. Yaoyao's entire body was suddenly surrounded by a blue light, and the powerful pressure emitted by this blue light made Yun Feng feel suffocated!

Chapter 825: Explode (2)

The blue light only lasted for a while. Yaoyao's hair rose high in the blue light. After the light enveloping Yaoyao's body disappeared, Yaoyao's entire body had already grown completely. That beautiful fish tail was already in the shape of a human being and her upper body was also the body of a mature girl. At this moment, Yaoyao had reached the mature stage!

"Yaoyao?" Yun Feng looked at Yaoyao, who had changed so much, and couldn't believe it. What exactly did that blue light contain? Yaoyao had undergone such a shocking change! Yaoyao's body had already completely matured, and that face was more and more similar to the temperament of the stone statue in front of her eyes. The only difference between the two of them was their tails.

"Accept my inheritance." The old voice sounded again, but it was obviously weaker than before and didn't have the pressure like before. Yun Feng's intuition told her that it was related to the so-called inheritance. It seemed that Yaoyao had inherited all of such an inheritance. Being able to inherit the

ancient power was naturally beneficial and harmless! Even though it was just a remnant soul, it was still very powerful!

The dragon tail that was originally wrapped around slowly came over and lifted what Lan Yi saw just then. Then, the dragon tail stopped there and didn't move anymore. That ancient aura completely disappeared. Yaoyao slowly opened her eyes and turned around to look at Yun Feng, as if she didn't notice her change at this moment. Yaoyao jumped into Yun Feng's arms like before.

Yun Feng caught Yaoyao in a hurry with her hands and feet and blushed a bit. After all, Yaoyao's current body was no different from that of a mature girl. In the past, she was still in her infancy when she held Yaoyao and she didn't think it was inappropriate. However, it was different now. Yaoyao was almost as tall as Yun Feng when she was in her mature stage. Her entire tail could wrap around half of Yun Feng's body.

Yaoyao raised her arm and put it around Yun Feng's neck, snuggling into Yun Feng's arms like before. She even rubbed her face against Yun Feng constantly, which made Yun Feng feel very embarrassed. Her fish tail wrapped around half of Yun Feng's body and the girl in her arms was almost the same as her. Yun Feng blushed completely when she saw how intimate they were.

"Yaoyao, can you come down first?" Yun Feng said in embarrassment. Yaoyao raised her head and looked at Yun Feng in confusion. Even though her facial features were still cute, her expression was already filled with mature charm. "Xiao Feng, you don't like me anymore?"

Qu Lanyi and Lan Yi couldn't help but laugh on the side, which made Yun Feng even more embarrassed. Although Yaoyao was in a mature form at this moment, her mind obviously couldn't keep up with the development of her body.

"No, I like Yaoyao," said Yun Feng awkwardly. It felt... really awkward to say that to a mature Yaoyao! Hearing Yun Feng say yes, Yaoyao rubbed against her again happily. "I like Xiao Feng too. I like Xiao Feng the most." Yaoyao's happy and sincere words made Qu Lanyi and Lan Yi turn around and stop looking at them. Yun Feng touched Yaoyao's head and really didn't know what to do.

Right at this moment, Yaoyao's body suddenly emitted the same blue light as before. Yun Feng clearly saw Yaoyao's body in the blue light quickly shrink back and she returned to her infant form again. Yaoyao nestled in Yun Feng's arms with a happy look. The length of her fish tail had almost doubled from before.

"It seems that such an ancient power isn't easy to control." Qu Lanyi turned around and looked at Yaoyao in Yun Feng's arms. He touched her head. "When Yaoyao learns how to control it, she'll be a fierce general."

Yun Feng smiled proudly. This fortuitous encounter brought endless benefits to Yaoyao. It was also thanks to her escape this time that she came here by accident. That was why Yaoyao had such an opportunity. She glanced at the thing that the dragon tail was holding. A huge white jade pendant was lying there quietly. Yun Feng walked forward and held the jade pendant with both hands, looking at it carefully.

"This is... a map?" Qu Lanyi also walked over and looked at the lines engraved on the jade pendant with his black eyes. Yun Feng's black eyes glittered. "It's indeed a map. It's just a piece of the entire map."

.....

The white jade pendant was the size of a hand. The lines on it were clear, but they were deliberately cut off halfway. It was obviously a fragment. There must be other fragments. Yun Feng looked at the jade pendant carefully and saw a tiny word on the back of the jade pendant: Zhina.

"It seems that this belongs to Zhina of the Sea Clan." Yun Feng whispered and saw something from it. There was indeed a secret in the Endless Sea, an ancient secret. She wondered if the Sea Clan living in the Endless Sea knew about it.

Yun Feng then put away the jade pendant. Since she happened to see this jade pendant, it proved that she was destined to have it. There was certainly no reason for her to give it away. Besides, the Red Fin and the White Fin of the merfolk were so rude to her. She might as well keep such a secret for herself. It was a happy thing for Si Wen that Yaoyao inherited the ancient power. Yun Feng felt that she didn't owe the merfolk anything, so she accepted it as a matter of course.

"Why? Do you want to dig up this secret?" Qu Lanyi smiled when he saw what Yun Feng did. He certainly agreed to put the jade pendant in her pocket. Yun Feng put on a smile. "We can dig it up after we finish what we need to do."

Qu Lanyi chuckled. "But for now, how can we get out?"

Yun Feng looked around the empty and desolate hall as the corners of her mouth slowly curled up. "Get out. Of course we have to get out like this!" After saying that, she suddenly jumped up and came to the top of the hall. Seeing this scene, Qu Lanyi and Lan Yi both smiled helplessly. They already knew how to get out in their minds.

Yun Feng slowly clenched her fists. For most summoners and mages, their physiques had always been a weakness that couldn't be exposed. However, what made Yun Feng different was that her physical fitness was already very different from that of others after the strengthening of the Array of Life!

Yun Feng slowly raised her fist. She was a bit excited in her mind. Her physical strength hadn't been as useful in battles as before, but she could still withstand attacks at critical moments. Otherwise, if Cang Lin hit her, Yun Feng might lose her life. It was precisely because of her overly strong body that she was only severely injured.

After entering the peak of the Monarch Level, Yun Feng's horizons were also broadened a lot. The limits of her physical fitness also advanced layer by layer as her strength broke through. Even though the power that seeped into the black jade pendant she always wore around her neck became less and less, the nourishment was still there slowly. Yun Feng knew the power of the magic attacks in her mind, but she really wanted to try the power of this body again. She had entered the peak of the Monarch Level and was only one step away from the Lord Level. How strong was she exactly?

Chapter 826: Explode (3)

The cells in her body suddenly became active and the muscles all over her body exerted strength quietly. All the force was gathered on her fist. There was a smile at the corners of Yun Feng's eyes and she also swung her hand fiercely at the roof of the hall!

“Crack! Crack!” Tiny sounds came from the top of the hall under Yun Feng’s heavy punch. Fine cracks immediately appeared and covered the top of the hall. Yun Feng narrowed her black eyes slightly as the heavy punch in her hand smashed down fiercely again!

The cracks became more and more obvious as Yun Feng exerted her strength. They extended from the top of the hall to the entire wall. Yun Feng laughed and swung her fist fiercely again. A crisp sound came from the center of the top of the hall and then collapsed!

Under the heavy punch, the roof of the hall was shattered just like that!

Qu Lanyi, Yaoyao and Lan Yi quickly dodged to the side. All of them were a bit helpless. Yun Feng was truly capable of destroying the roof of the hall with her fist. However, Yun Feng had already obtained the secret of the mysterious hall, so it didn’t matter how well it was preserved.

The roof of the palace collapsed. Yun Feng dodged slightly and saw the scene outside through the gap. She looked tense. It turned out that the palace was buried deep somewhere. There were still rocks outside the palace!

Qu Lanyi and Lan Yi both came close and saw the situation outside clearly. “This palace is probably in an unknown corner. There are layers of rocks outside. If we want to get out... we must have extremely destructive power that can break through this heavy rock layer.”

“Master, I’ll transform into my original form!” Lan Yi immediately said after hearing that, but Yun Feng shook her head. “Your original form has the advantage in speed, but in terms of strength, Little Fire might be more suitable than you. However, his strength will also be restricted at the bottom of the Endless Sea. I’m the only one who can do this.”

“Master?” Lan Yi looked at Yun Feng in surprise. Yun Feng chuckled. Qu Lanyi already understood. “Fengfeng, are you thinking of using that move?”

Yun Feng raised her brows. “Do you want to try?”

Qu Lanyi smiled wryly. “I’m a light-element mage. I’m useless in terms of strength. However...” Qu Lanyi looked at Yun Feng solemnly. “Don’t overdo it. Although your mental strength is strong, you still need to control it.”

Yun Feng smiled. “Don’t worry. I know.”

Lan Yi finally understood at this moment and knew what Yun Feng was going to do. A hint of surprise flashed through his eyes. Meatball on Yun Feng’s shoulder cried proudly, as if it was very proud of what Yun Feng would do next. Qu Lanyi stepped back slightly with Yaoyao in his arms and Lan Yi also stepped aside.

.....

“Control yourself.” Qu Lanyi reminded her again worriedly. Yun Feng shook her head with a smile. She flipped her hands and two elements jumped on them! In terms of destructive power, which one could compare to the explosion of the fusion of elements?

Yun Feng suddenly clasped her hands. The fire element and the wind element were fused tightly by Yun Feng. These two elements were much easier to use than the others. In just a breath, a green and red

elemental ball appeared in Yun Feng's hand. Yun Feng waved her hand abruptly and the elemental ball with suppressed power floated to the hole Yun Feng blew open.

"Explode!"

Her red lips opened gently and a suppressed energy was suddenly released. Red and green light intertwined and danced!

"Boom..." A loud noise came and the entire hall shook fiercely! The moment the fusion of elements burst out, Yun Feng shouted, "Let's go!" Qu Lanyi held Yaoyao and flew up with Lan Yi. He only saw the glittering light in front of his eyes and the back of the girl who was leading the way. Her black hair fluttered in all directions under the impact!

The chaotic stones were knocked away by the power. The explosive force of the fusion of the two elements exploded for a long time. Yun Feng led the way in the front and flew up at an extremely high speed for a long time. However, there seemed to be a boundless distance ahead of her, and the destructive power of the fusion of elements hadn't been completely cleared! Seeing that there were still rock layers blocking the way above her head, the corners of Yun Feng's mouth curled up. She suddenly clasped her hands and the fusion of elements began to open the way again!

Somewhere deep in the Endless Sea, explosions and loud noises kept coming along the way. Some large and some small rocks kept falling, and an opening was created from the bottom to the top of the extremely thick rocks, constantly moving up!

"Explode! Explode! Explode!"

A series of soft shouts sounded constantly, sounding unusually cool in the waves of extremely explosive sounds. Qu Lanyi followed behind Yun Feng with Yaoyao and Lan Yi in his arms. Along the way, he heard the endless explosions. Rocks kept flying over, but they were blocked one by one.

Qu Lanyi and Lan Yi both looked helpless. Should they leave in such an earth-shattering way? Yaoyao, who was in Qu Lanyi's arms, widened her eyes and looked at Yun Feng in front of her with admiration and yearning. Seeing Yaoyao's expression, Qu Lanyi couldn't help but have a headache. Even though Yun Feng was very calm and wasn't impulsive, she was invincible when she was ruthless. There was a kind of passion buried in Yun Feng's heart. For example, right now, the series of explosions made her even more excited. Qu Lanyi couldn't help but think with a headache. Once Yaoyao learned this from Yun Feng and the ancient power in her body was controlled, wouldn't she be the second King of Destruction?

Meatball stood on Yun Feng's shoulder and its body had already stood straight for safety. As Yun Feng shouted continuously, Meatball cried out excitedly. Yun Feng seemed to be affected by Meatball's emotions. The enthusiasm in her body surged again and she threw out another element fusion. After a loud explosion, the girl's slender body jumped up and rushed into the sky from the ground!

"Hahahaha, hahahahahaha!" After Yun Feng rushed out, she flew into the sky and let out a hearty laugh. Accompanied by this laughter, a roar also suddenly sounded, shaking the entire seabed!

Si Wen, who was in the capital of the merfolk, was startled by the tremor and heard Yun Feng's joyful laughter. He couldn't help but feel shocked in his mind. That was that human! She should have left the

Endless Sea a long time ago. Why was she in the Endless Sea right now? Si Wen's body immediately flashed and he rushed towards Yun Feng quickly!

After Qu Lanyi and Lan Yi rushed out, they finally saw clearly that the forest where Yun Feng fell was not far away. They looked at each other and immediately flashed, turning into beams of light that flashed across the sky of the underwater world, like the brightest shooting star!

Chapter 827: Explode (4)

Yun Feng laughed heartily. Her laughter spread throughout the territory of the merfolk and then suddenly disappeared! Not long after Yun Feng and the others disappeared, a few figures sped over from different directions! Si Wen arrived first. When he saw the destructive black hole on the ground clearly, he slowly narrowed his dark blue eyes.

"That human is indeed alive! She was indeed hiding here!" Cang Lin rushed over while panting. Looking at the deep hole Yun Feng created when she escaped, he said furiously. He only hated himself for coming too late. If he had come here earlier, he wouldn't have let that human escape!

"Really..." Zi Xuan looked at the huge hole on the ground and didn't know what to say. The hole was so big and deep that Zi Xuan couldn't imagine where Yun Feng came from. A human could hide underground for three years? That was too unbelievable!

"The bounty is still here. Uncle Cang Lin, don't worry," said Si Wen indifferently. He was also surprised that Yun Feng had stayed in the Endless Sea for three years. He was even more surprised that he didn't find her! How exactly did she do it? How did she hide from him, Zi Xuan and Cang Lin for three years?

Cang Lin wanted to say something else, but he shut his mouth angrily in the end. Brutality flashed through his eyes. He had been frustrated during the three years. It was precisely because he knew that Yun Feng was alive and still in the Endless Sea and he couldn't find her that he almost went crazy. However, even though he didn't catch Yun Feng this time, he knew that Yun Feng would definitely leave the Endless Sea for the human continent this time. This would make things easier.

Zi Xuan looked at the extremely deep black hole on the ground and clicked his tongue. "How exactly did that human open the path... Your Majesty, why don't we go down and investigate?"

Si Wen looked at the deep, bottomless hole and nodded. The three of them flashed and entered the hole Yun Feng made. There was no telling how the core members of the merfolk would react when they saw the empty hall.

A few bright beams of light flashed across the sky above the Endless Ocean like shooting stars, flashing quickly in the sky above the merfolk's territory, leaving a long trace and the clear and bright laughter of a girl! This laughter spread out, making the merfolk's territory restless and crazy!

"It's that human!" The hunting order of the merfolk had always existed. All the merfolk in the merfolk territory thought that Yun Feng had already left the Endless Sea. They had never thought that she would still be in the Endless Sea three years later!

"Chase!" The scattered guards and patrol soldiers of the merfolk all swarmed up and chased after the few bright beams of light in the sky. They all looked shocked. Where exactly did this human come from?

The bounty order of the merfolk didn't mention Yun Feng's name, because after a series of things happened, Si Wen found that he didn't know Yun Feng's name at all. He only heard Yaoyao call that human Xiao Feng occasionally. Si Wen didn't mention it. The bounty order only described Yun Feng's appearance, but Yun Feng made such a huge commotion, so the possibility of her not being discovered was very low.

The few beams of light flashed quickly and went straight to the edge of the Endless Sea. Although the merfolk were a distance away from the Endless Sea, they weren't in the depths of the Endless Sea. It could be said that they were in the outermost area of the Endless Sea. A large number of merfolk soldiers chased them from all directions and finally gathered together, forming a rather huge commotion.

The few beams of light shot straight ahead. The mass of people chased after her relentlessly. They couldn't catch up with her. After all, Yun Feng's current level was at the peak of the Monarch Level! It was impossible for these soldiers to catch up with her!

.....

One was running and the other was chasing. Yun Feng looked back slightly at the large group of black shadows behind her and smiled in disdain. Qu Lanyi also snorted coldly. "Should we slow down and tease them?"

Yaoyao didn't say anything in Yun Feng's arms, but her big eyes were full of dissatisfaction and resentment as she looked at the merfolk behind her. Yun Feng was the most important person in Yaoyao's heart! Yun Feng chuckled. "There's no need to waste time on them. If you want to chase after them, just let them!" Her body flashed forward again and she instantly flashed a few hundred meters away. Qu Lanyi and Lan Yi also smiled. Indeed, if she wanted to chase after them, she should!

Yun Feng and the others rushed ahead without any distractions, but the merfolk chasing them behind were miserable. Some soldiers couldn't help but stop while panting. "What kind of speed is that? It's too fast!"

"We can't keep up at all!"

The soldiers behind him immediately shouted when they saw someone stop. "Why are you stopping? Hurry up and chase after her! It's the emperor's order. We must catch the humans and bring them back!"

The soldiers, who had stopped panting, looked at each other and saw the sorrow in their hearts. They could only brace themselves and chase after them again. It was already difficult to catch up with them, let alone catching them back! Only Elder Zi Xuan and Elder Cang Lin could do it. Otherwise, they wouldn't be able to do anything!

Such a huge chase crossed the merfolk's territory. Yun Feng rushed out in a straight line and the large group of people behind pressed over like a black mass, scaring many residents in the merfolk's territory. They thought something big had happened. When they found out that such a large group of people was chasing that human, the residents in the merfolk's territory all sighed in their minds. This human was really something. They couldn't even catch her despite having such a large group of people!

After almost a month of chasing, Yun Feng didn't stop at all and her speed had always been at that level. However, the main group of merfolk couldn't take it anymore. One group stopped and another group followed. Yun Feng was at that horizon that could be seen from afar. She was right in front of them, but she was getting further and further away.

Such a huge chase made the merfolk panic. The patrolling soldiers all joined the pursuit. And the three sneaky humans Yun Feng met when she first entered the Endless Sea came to the Endless Sea again three years later. The three brothers were heartbroken for a long time when Yun Feng looted the formula of the Transformation Potion three years ago. After lying low for three years, they finally produced three bottles of Transformation Potion and quickly came in without fearing death to take some treasures.

The three of them slowly approached along the same route as before, but to their surprise, there were no patrolling soldiers anymore! When they came here in the past, even though it was the border area of the merfolk, they could still see traces of patrolling soldiers. This time, there wasn't a single one! This made these three people, who had been acting carefully, become bold.

Chapter 828: How Could Everything Be Smooth (1)

"That's weird. Did something happen to the merfolk again?"

"Is there an internal conflict? Or an attack by an outsider? If so, we'll have a lot of things to pick up!" One of them smiled lewdly. However, this smile didn't last long when the ground suddenly shook slightly.

"What's going on?" The three of them were shocked. Their bodies, which had already turned into merfolk, flailed randomly. The tremor on the ground even shook the underwater world!

"Something big has happened!" Someone concluded with a gloomy face. Then, he seemed to feel something and immediately shouted, "Brothers, dodge! Hide!"

The three of them wiggled their tails and clumsily hid behind the giant rocks. Luckily, this was the border. Otherwise, there wouldn't be so many giant rocks for them to hide behind. After hiding, the three of them didn't dare to make a sound. 'Search } on google' The memory of being chased by other sea races three years ago when they thought they were merfolk was still fresh in their minds. If it weren't for that little girl, the three of them would probably have...

Suddenly, they thought of Yun Feng from three years ago. The three brothers couldn't help but look at each other. That little girl had probably died in a corner of the Endless Sea a long time ago. No matter how strong she was, a human wandering in the Endless Sea and even going deep inside was purely looking for death. It was just a shame about the Transformation Potion Formula!

One of them raised his head by chance and saw a few flashes above his head. The light was extremely dazzling and he couldn't help but feel shocked. "There are shooting stars in the sea?"

"What nonsense are you talking about?"

"No, look up!"

The other two immediately raised their heads and looked at the top of their heads at the same time...

“Damn! There’s really a shooting star! I saw it. There’s more than one!”

“Are you f*cking stupid? This is the bottom of the sea! How can there be a shooting star!”

“It doesn’t look like a shooting star... Why do I feel like it’s a person...” One of them mumbled. Then, a girl’s hearty laughter came from the sky. The bodies of the three of them shook at the same time! This voice...

.....

The tremor on the ground became stronger and closer. The three of them immediately came back to themselves. The tremor seemed to be coming towards them! The three of them widened their eyes! Oh no! Did they have to repeat what they did three years ago? The three of them didn’t care anymore. Their bodies flashed and they wanted to run away. However, as soon as they showed their heads, a mass ran away not far away from them!

The three of them were all dumbfounded. Their three heads were exposed outside the giant rock, and they stared at it with their cow-like eyes in shock. No wonder they didn’t see the patrolling soldiers. They were all here! But oh my god, why were there so many merfolk soldiers together?

“Catch up with that human!”

“Chase her!”

The merfolk’s large group of pursuers rolled over with a rumble. Their bodies instantly looked like a group of horses stepping on them. Dust and gravel flew everywhere. A few of them hit the heads of the three people who were dumbfounded. The three of them watched the large group leave quickly and finally heaved a sigh of relief.

“It’s that little girl! God! She is still alive!”

The person who spoke was immediately punched in the head fiercely. The person who was beaten shouted, “Why did you hit me?” The other two people looked at him with a twisted expression. Thinking of three years ago, they suddenly felt so scared!

“We were right to give her the Transformation Potion and the formula!” Sweat had already appeared on one of their faces. The person who was beaten just then asked why in confusion and was punched again.

“Damn it! Can you be more stupid? She’s been unscathed in the Endless Sea for three years and even laughs while a group of merfolk laugh are chasing her. What kind of person is she? Even those so-called powerhouses are just so-so! If we had known her name back then...” The person who spoke immediately shivered. Name? Even if they knew the name of such a powerhouse, how would they have the courage to make friends with her?

Finally, a month later, Yun Feng saw the boundary between the Endless Sea and the human world. The dense pure black barrier was there. As long as Yun Feng crossed that boundary, she would be out of the Endless Sea! Yun Feng suddenly stopped in front of the pure black barrier. Looking at Yaoyao in her arms, Yaoyao raised her little face and put her arms around Yun Feng’s neck. “I’m not leaving!” This determined sentence made Yun Feng smile in her eyes. She touched Yaoyao’s head with her hand. “Alright, I’m not leaving.”

The few of them stopped in front of the black border. The panting merfolk behind them arrived a few days later. They were all exhausted. The few people in the lead panted like bulls and looked at Yun Feng with a flushed face. They didn't forget to raise their weapons and said threateningly, "Human... Human! You... You... You can't get away! Be good, be good... Surrender!" Qu Lanyi couldn't help but smile when he heard that.

The person who spoke also realized that he was embarrassed. He bent his back and panted heavily, not saying anything else. He cursed fiercely in his mind, "Damn it, it's so difficult to chase her. How can I take her down?"

Yun Feng smiled at the exhausted merfolk and said, "Tell Si Wen that I'm taking Yaoyao away."

The merfolk were all shocked after hearing that! Wasn't the person in her arms the King's child? What a bold human! She took the King's child away just like that and dared to say this so openly!

"Human... Human! You... You... How dare you!" The merfolk in the lead finally recovered his aura and shouted furiously. Yun Feng's black eyes turned cold. "You alone won't be able to stop me. Goodbye!" After saying that, she flashed past the black barrier. The merfolk all shouted and immediately swarmed over. However, they couldn't be faster than Yun Feng and the others. In the blink of an eye, they had all disappeared into the black barrier!

The merfolk all stopped in front of the black barrier. They gritted their teeth as they looked at the barrier, but there was nothing they could do. The Sea Clan of the Endless Sea couldn't leave the Endless Sea easily, unless something erased their special aura. This was a strict rule!

"Let's go back!" The merman in the lead said fiercely. He was so angry that he almost gritted his teeth to pieces. He had been chased for so long and was fooled by this human!

Yun Feng and the others crossed the black barrier and could be considered to have stepped out of the area of the Endless Sea. Yaoyao didn't have any lingering thoughts at all. The attitude of the merfolk towards Yun Feng completely disappointed her. Even as a member of the merfolk, Yaoyao didn't have any good impression of the merfolk, except for Si Wen, of course.

Chapter 829: How Could Everything Be Smooth (2)

As the new king of the merfolk, Si Wen should be quick and ruthless when it came to Yun Feng's problem. However, he had helped Yun Feng several times. Even though he was in the dark, it was obvious that he wasn't blinded. He was grateful for Yun Feng's care for Yaoyao. Among the merfolk, Si Wen was the only one who could make Yun Feng look at him in a different light. She could have released her human aura and messed things up fiercely before she left, but Yun Feng dispelled the thought. Wasn't this undoubtedly causing trouble for Si Wen? Yaoyao left the Endless Sea with her and she owed it to Si Wen.

The few of them broke out of the sea. Some bright water drops flew around under the sunlight with spots of light. Some fish living in the sea jumped out of the sea in shock. After they rushed out of the sea, they flew into the sky, creating a tiny rainbow.

Yun Feng took a few deep breaths. The human air made her feel at ease. The warm sunlight hit her face and made her feel very comfortable. Ever since Yaoyao left the sea, her body had automatically

transformed into a human being. The little girl leaned her body in Yun Feng's arms and smiled sweetly at Yun Feng.

"It's time to go back. The Fusion Fluid should be made." Yun Feng whispered. Back then, the director of the Pharmaceutical Institute promised Yun Feng that he would give it to her in about three years. Yun Feng gave him another year, so the Fusion Fluid should be fine. If there were no accidents, it should have already been made. She told the director of the Pharmaceutical Institute to send the Fusion Fluid to the Yun family on the East Continent if he succeeded. It should have already been sent there.

The few of them didn't stop at all and directly rushed towards the Ten Thousand Beast Mountain Range, drawing another bright line in the sky. The kid on the ground, who was looking up at the sky, pointed at the sky excitedly. "Look! There's a shooting star in broad daylight!"

The old man next to him knocked the kid hard. "What shooting star? Don't you want to become a powerhouse? That's the shadow of a powerhouse in the sky!"

The child immediately looked at the bright line that had already disappeared in the sky with glittering stars in his eyes and excitement surged in his heart. If he became such a powerhouse, he could fly across the sky very handsomely!

Yun Feng rushed all the way. She was even faster when she reached the peak of the Monarch Level. Crossing the West Continent was a few days shorter than when she came. After another month, Yun Feng and the others finally arrived at the Ten Thousand Beast Mountain Range without stopping. On the way, Yun Feng finally let Little Fire out. Naturally, it was upset when it first came out. After all, Yun Feng didn't let it come out after it roared for a long time in the Endless Sea. Little Fire showed its dissatisfaction and followed Yun Feng obediently.

Now, the five of them had finally arrived at the Ten Thousand Beast Mountain Range. After crossing this mountain range, they would reach the East Continent! It had already been three months since they came out of the Endless Sea. There was only nine months until the five-year deadline of Yao Guang. Yun Feng only hoped that she could get the Fusion Fluid successfully. However, the Ten Thousand Beast Mountain Range was a checkpoint that was stuck here.

"Let's go." Yun Feng stood in the sky. The aura of the peak of the Monarch Level didn't suppress her at all and spread out fiercely. Little Fire and Lan Yi didn't hide their auras at all, and neither did Qu Lanyi. With four people at the peak of the Monarch Level traveling together, most rational people or Magic Beasts would take a detour, but it was hard to say about the guys living in the Ten Thousand Beast Mountain Range.

The four of them were surrounded by the powerful pressure of the peak of the Monarch Level. They entered the sky above the Ten Thousand Beast Mountain Range. As soon as they stepped in, they were like a stone thrown into a deep pool, causing a thousand waves!

"Roar..." Furious roars came abruptly and a brutal and ferocious aura came right at them. The Ten Thousand Beast Mountain Range was stirred because of Yun Feng's arrival! Little Fire roared furiously and Lan Yi also let out a loud eagle cry, but it couldn't suppress these Magic Beasts that were ready to move and were about to appear from the depths at all!

Somewhere deep in the Ten Thousand Beast Mountain Range, the middle-aged man with a face full of vicissitudes of life was stunned when he detected Yun Feng's aura. Then, the sudden movement of the Ten Thousand Beast Mountain Range made his entire body tense! His body immediately darted out and he raised his head. The roar of a wild beast tore through the air and spread throughout the Ten Thousand Beast Mountain Range!

.....

Yun Feng narrowed her eyes when she heard the roar. She felt that the restless aura was suppressed a little, but only a little. "Let's go!" Someone shouted! Yun Feng whispered to a certain direction, "Thank you!" The few of them immediately flashed and moved forward quickly.

The middle-aged man stood there and wiped the sweat on his face hard. "That human has reached that level. It's only been three years. This speed is too..."

A chuckle came from behind him. The middle-aged man immediately turned around nervously and lowered his head respectfully at the old man who appeared out of nowhere. "Sir." The sweat on his face couldn't help but drop. He only felt worried in his mind. With Sir here, those Magic Beasts couldn't hold back anymore. If that little girl crossed a few more times, the Ten Thousand Beast Mountain Range might riot! Which human dared to cross it once, twice, many times?

There was a faint smile on the old man's face as his clear and wise eyes glittered. "Thank you. This girl has indeed caused trouble."

The middle-aged man jumped again. "It's what I should do, sir!" A few drops of sweat fell from his cheeks again.

The old man chuckled and sat on a bamboo chair. The bamboo chair shook slightly a few times and the old man slowly closed his eyes. Seeing the old man's expression, the middle-aged man immediately left silently. He only hoped that Yun Feng wouldn't cross again in his mind.

The old man narrowed his eyes casually. Sunlight shone through the tree. From afar, he looked like an ordinary old man sunbathing. However, the black shadow on the old man's body had a different outline. The body of the black shadow was unusually huge. Just looking at the shadow gave people a sense of pressure. The old man kept a smile at the corners of his mouth. As the bamboo chair swayed, he whispered softly, "The peak of the Monarch Level... This girl didn't let me down. Ah Jin, maybe the next time you see her, we won't know who will win."

With someone's help, Yun Feng crossed the Ten Thousand Beast Mountain Range relatively smoothly. There were still a few fearless Magic Beasts that came out to provoke her, but they were all dealt with by Little Fire and Lan Yi. Those low-level Magic Beasts all hid in their shells and didn't even have the courage to stick their heads out. After a few small fights, Yun Feng finally stepped on the land of the East Continent.

Chapter 830: How Could Everything Be Smooth (3)

They left in the blink of an eye. It had been three years since she left this place. Yun Feng didn't think too much about the emotions in her heart. She went straight to Mu City! If her guess was right, her sullen

father should still be there, and the director of the Pharmaceutical Institute should also send the Fusion Fluid here!

Qu Lanyi, Little Fire and Lan Yi didn't say anything. They could all understand Yun Feng's anxiety. She had already got the Spirit Gathering Grass. As long as she had the Fusion Fluid, Yun Feng would be able to revive Mu Canghai! This was the promise she made back then. The person she couldn't protect back then would come back to life!

"It'll go well," said Qu Lanyi softly. Yun Feng nodded. The few of them went straight to Mu City without saying a word. With Yun Feng's speed, they arrived in Mu City quietly in less than half a month. The Mu family, which she hadn't seen for three years, was right in front of her. The few of them landed in a house in a remote corner of the Mu family silently. Yun Feng thought nobody would know that she was back. After all, she had reached the peak of the Monarch Level. Other people couldn't detect her aura in Mu City, but it was obvious that they were wrong.

At this moment, it was time for an afternoon nap. Mu Xiaojin was about to coax the three-year-old Little Qingchen to sleep. The little guy slept for an hour or two every day, but Yun Qingchen couldn't fall asleep no matter what she said today. His little body tossed and turned uneasily on the bed. No matter how Mu Xiaojin coaxed him, it was useless. When Mu Xiaojin was at her wit's end, Little Qingchen suddenly got up from the bed and was about to jump off, scaring Mu Xiaojin.

"Aunt! Aunt..." Yun Qingchen shouted as he struggled to get off the bed. Mu Xiaojin didn't understand what he was shouting at first. When Mu Xiaojin held him down and he couldn't jump off the bed, his big eyes were full of tears. He shouted at his mother anxiously, "Aunt! I want aunt!"

Mu Xiaojin was slightly stunned for a while. When she saw the anxiety in her son's eyes, she suddenly understood something! It was strange. Yun Qingchen seemed to have a special feeling for Yun Feng and his feelings for Yun Feng were also very unique. If Little Qingchen had to choose the person he liked the most, he might have to hesitate between Mu Xiaojin and Yun Feng for a while.

Mu Xiaojin immediately picked up her son, who was in a hurry to get off the bed. Little Qingchen was quite heavy even at the age of three. It was fine to hold him in her arms when he was young, but Yun Sheng usually carried the three-year-old Little Qingchen. It was obviously difficult for Mu Xiaojin to carry him. She gritted her teeth and picked her son up. Mu Xiaojin then rushed out of the room. At this moment, Yun Sheng came over. Seeing that Mu Xiaojin was rushing out with her son in her arms, he quickly rushed over.

"Xiaojin, what happened?"

Yun Sheng immediately took Little Qingchen from Mu Xiaojin's arms. Mu Xiaojin was immediately relieved, while Little Qingchen, who was in Yun Sheng's arms, twisted his body and looked around. He pointed in a direction with his chubby little finger. "Father! Auntie! Auntie!"

Yun Sheng was stunned. Mu Xiaojin quickly pulled Yun Sheng, who was obviously still in shock, to the place where Little Qingchen was pointing. Little Qingchen pointed in that direction, and Yun Sheng finally realized what was going on. He held Mu Xiaojin with one hand and held his son firmly with the other.

"Feng is back?" Yun Sheng's voice was a bit shaky. Three years, these three years weren't ordinary three years. The Yun family tried to contact Yun Feng through the Sound Transmission Jade, but it was useless. After all, who would have thought that Yun Feng would be in the Endless Sea?

"Xiao Feng must be back." Mu Xiaojin's voice was also shaking. It took a long time for her to see Yun Feng every time. She couldn't suppress her excitement every time they met. Little Qingchen kept instructing her in her arms. When Yun Sheng and Mu Xiaojin finally reached a remote corner of the Mu house under Little Qingchen's command, Yun Feng had just landed from the sky.

"Brother? Xiaojin?" Yun Feng looked at the family of three who came out of the corner as soon as she landed. She was indescribably surprised in her mind. Was this the relationship of blood? They noticed her when she came so quietly?

.....

"Aunt!" Little Qingchen, who was in Yun Sheng's arms, shouted loudly and twisted his body, trying to jump down from Yun Sheng's arms. Yun Sheng quickly put down his son with excitement on his face. Little Qingchen then ran towards Yun Feng.

Yun Feng immediately let go of Yaoyao in her arms and opened her arms to welcome Yun Qingchen's little body. His soft little body jumped into Yun Feng's arms with warmth. Yun Qingchen looked at Yun Feng with his bright black eyes and said to Yun Feng very seriously, "Aunt, I'm not crying!"

A part of Yun Feng's heart suddenly softened and a warmth surged in her arms. Qu Lanyi picked Yaoyao up and retreated quietly with Little Fire and Lan Yi. Yun Feng picked Yun Qingchen up and squeezed his little face. "As expected of a man of the Yun family. You're ambitious!"

Little Qingchen raised his little face proudly and made Yun Feng laugh with a natural expression, while Mu Xiaojin watched this scene quietly. As the leader of the Mu family, Mu Xiaojin had been doing things more and more swiftly in recent years. Her weak attitude back then had never appeared in front of outsiders again. She rarely even had such an expression in front of the Yun family. However, in front of Yun Feng, Mu Xiaojin only felt like she had returned to that time and her eyes couldn't help but turn red again.

"Feng, it's great that you're back," said Yun Sheng in a low voice. Yun Feng looked at her brother, who seemed more mature and reliable after three years. His strength was also growing steadily. Yun Feng smiled sweetly at Yun Sheng and turned around to look at Mu Xiaojin. "Xiaojin, do you remember what I said to you before I left?"

Mu Xiaojin's eyes widened. Yun Sheng couldn't help but look at Yun Feng too. "Feng, you're saying that Mu Canghai's resurrection..."

Yun Feng nodded. "I've already found someone who can resurrect Mu Canghai. All that's left is the Fusion Fluid. The director of the Pharmaceutical Institute promised me that he would be able to make it in about three years. According to the time, the Fusion Fluid should have been sent to the Yun family."

Mu Xiaojin and Yun Sheng immediately looked a bit weird. Both of them looked at Yun Feng in confusion. Yun Feng's heart suddenly sank. Mu Xiaojin looked at Yun Feng and slowly shook her head. "Xiao Feng, what fusion fluid? Nobody sent such a thing here."

Yun Feng's eyes suddenly glittered. She should know that things wouldn't go smoothly at all!

Yun Sheng and Mu Xiaojin both had the same thought when they saw Yun Feng's expression. "The Melted Fluid? If you need it, Feng, and someone on the East Continent has it, the Yun family will do anything to get it!" Yun Sheng said to Yun Feng, but Yun Feng shook her head. How would it be so easy to get the Melted Fluid? Naturally, this treasure made Yun Feng feel that things were a bit tricky.
