

Super D. S 1401

Chapter 1401: Longevity event

It is even more frightening to fall. She is only sixteen years old this year. This kind of age has reached the peak of Ninety.

This qualification, I am afraid I have been able to kill all the geniuses of the empty city!

Don't say fall, even Ye Xuan can kill!

"I, I will not go, I went to the young master, can't I take the first?" The falling space in the planting space shook his head.

Ye Xuan squatted.

Falling is the pinnacle of Nirvana, and even he is not sure of victory. The most important thing is the qualifications that fall, which may cause a huge sensation.

Already the niche of the Nirvana, as long as Ye Xuan breaks through, then she will follow the breakthrough.

Who is the teenager who is a long-lived strongman?

Even if it is the strongman of the reincarnation, I am afraid that I will smash the scalp and rob the apprentice.

Soon, the next day is coming.

The longevity event is a grand event that the Broken City will hold every year. Many people come to join in the fun.

The number that Ye Xuan got yesterday was 666, which proves that there are more than 600 people in front.

"Hey, a lot of strong people."

The old tree stood beside the falling body and whispered.

He also had a nine-fold peak in Nirvana, but because of Ye Xuan's sake, he did not break through.

As for Megatron, it was transformed into a green little fox, squatting on Ye Xuan's shoulder, a lazy look.

No one would have thought that this lovely green little fox turned out to be a long-lived level of combat power.

Soon, people came on and on, and even the host city of the city was also coming.

In addition to the main city of the city, there are two major sectarian sponsors, one is Xuantianmen and the other is Beifeng Mountain.

These three forces have long-lived three-strong strongmen sitting on the town, and their strength is not weak.

"The seventeen long-lived strongmen have six long-lived two-fold..."

Ye Xuan eyes a glimpse.

This long-lived event is really in vain. If you control all these long-lived powers, it is a huge fortune.

However, before he saved the Song Dynasty, he was so crazy. Now that the Song Dynasty has been rescued, he is not in a hurry.

Otherwise, he can directly inquire about the holder of the red blood fire and then forcibly take it away.

Soon, the longevity event is about to begin.

"No. 1 on the stage test!"

A middle-aged man came out. He was the head of the main city of the city, and the realm was a long-lived environment.

Then, a man jumped from the crowd to the ring.

Disciples of Broken City, Xuantianmen, and Beifengshan also participated, but they did not mean that they must test first. This number is a scattered person.

This test is very simple, or a special spar test, this spar can not only test the realm, but also test the age, and then get the score.

"Nie is eightfold, forty-three, seventy!"

Broken city masters loud channel.

Below is the second test.

"Nie is eightfold, forty years old, seventy-two points!"

The second is three years younger than the first, so it is two points higher.

"Nie is eightfold, forty-three years old, seventy-three points!"

The age of the 3rd and the 1st is the same as that of the Nirvana, but don't forget that Nirvana has eight points of strength and weakness. The realm of No. 3 is estimated to be the peak of Nirvana.

Test, one by one continues.

This test is very fast, and it is not necessary to test a person for five seconds.

Some of the people who tested above were scattered warriors, and some were affiliated families. The so-called scattered warrior is not joining any forces, the lone ranger.

Soon, there are 100 people who have finished testing.

Among the 100 people, the highest score is 50-year-old Nirvana, eighty-eight.

This scoring mechanism was jointly established by the three major forces. Others present did not know how to judge, but those who scored high scored it.

Next, the disciples of the three major forces began to appear one after another.

"Eight points!"

"Eight three points!"

"Eight fifteen points!"

In the blink of an eye, it is the person who overshadowed those tests before.

At present, 300 people have been tested. The highest score of 85 points is a young master of the city of the city, and the Nine Kingdoms of the Nine Kingdoms, forty-three years old.

These people are almost all expected to break through to the longevity before the age of 100.

However, it is inevitable that there will be accidents during the cultivation. Now it seems that there are so many geniuses, but it is probably less than one tenth.

"These people are good food..."

On the way to the test, I couldn't help but swear.

Of course, this sentence is said in a voice, otherwise she will definitely attract the attention of the people around.

Forty-three-year-old Nirvana is nine-fold, still serving?

"Oh, it's already good. If you are on the stage, it's estimated that you won't even get thirty..."

The tree is also a laughing voice. He has lived for hundreds of years. Now he is only a niche in Nirvana. Among these people is the slag.

at this time.

"Nie is nine times, thirty years old, ninety-two points!"

The sound fell into everyone's ears, and everyone was surprised.

Ninety-two points!

Finally, there is a ninety-two person!

Everyone focused on the white youth on the ring, and some people recognized it.

"It is the main door of Xuantianmen, Ye Tian!"

"It turned out to be him. I heard that he was the first talent of Xuantianmen!"

"I didn't expect him to participate. Isn't this a bully?"

"Hey, red blood is precious, how can the three forces be willing to give outsiders?"

The people around have discussed it.

"Cut, what kind of genius, the young master will definitely get a hundred percent when he goes up!"

Ye Xuan brows a pick, swearing: "Cough, I only have a nirvana, if you don't take a percentage, don't you live up to your expectations?"

"In any case, it is definitely higher than this first day, Master, I believe in you."

Falling down and smiling, holding up a small powder punch, that is full of trust in the big eyes.

Ye Xuan smiled and didn't speak.

The test is continuing.

The scores of the children of these three major forces are not low, they are all over 80, and a few are close to 90.

However, this is only the first round of points, and there are several rounds.

Soon, it is the turn of Ye Xuan.

"The sixth hundred and sixty-six!"

Shouted the city manager on the platform.

"This number is good, I don't know how many points can I have?"

Many people think so in their hearts.

Hearing this, Ye Xuan also had a slap in the foot and then jumped to the ring.

"Start testing!"

The Broken City Master will pass the test spar to Ye Xuan.

Ye Xuan put the palm of his hand on it. The next moment, the spar was shining, and the city manager took a look and was slightly surprised.

"Nie is eightfold, twenty-six years old, ninety... five points!"

The empty city manager shocked and shouted the results of Ye Xuan.

Chapter 1402: test

Ninety-five points!

This is three points higher than the main door of Xuantianmen, Ye Tian, and the highest score of this test.

"how is this possible?"

Everyone was shocked.

It's hard to be done. Is this young man on the stage a hidden genius of a certain power?

The broken city manager is a bit strange, and let Ye Xuan test it again, still the same result.

"how come?"

Ye Tian in the Xuantianmen camp was shocked, and he was proud of him. He had already won the first prize of this longevity event in his heart.

Now, even in the first round, there is a scorpion. What is going on?

"I remember that there is a 30-year-old Nirvana peak in the Tiantianmen. The score is 88 points. This young man is four years younger than him, and his breath is also the peak of Nirvana. The score is OK. That's right."

An old man from Beifeng Mountain said with a beard.

When the words came out, the people around them felt that there was some truth. After all, this test spar is the three major forces, and it is not allowed to do so.

"That is ninety-five points, the first round."

Said the empty city owner.

Ye Xuan, score ninety-five!

Ok, deal!

However, Ye Tian of Xuantianmen's heart was somewhat unconvinced in his heart. He remembered Ye Xuan in his heart and ignored it.

After all, this is only the first round of testing for the longevity event, followed by two rounds.

"Young Master, I will say that your score will be higher than him."

Seeing that Ye Xuan stepped down, the fall is also a voice.

"You are sure to go up a hundred percent."

Ye Xuan smiled and heard.

"I don't like being stared by so many people."

Shake his head and shake his head.

Just during the two people chatting, suddenly someone fell to their side, this is a middle-aged person, or a long-lived two.

"In the next Xuantian Gate, the main Ye Teng, do not know which Xiaodian is a child of the martial art?"
This middle-aged man holds a fist.

"No door, no pie!"

Ye Xuan is a bit strange, but he also knows why this Xuantianmen came.

"Oh?"

The owner of Xuantianmen is very surprised.

There is no door to send, that is, on behalf of Ye Xuan is to fight hard, this is to add points.

You must know that the son of Xuantianmen's son, Ye Tian, was born from a precious Tiancaidi treasure, and there are also various strong guides. It is difficult to think of the realm.

Those around the ears are also shocked.

It seems that Ye Xuan has a good place to go in the future. This Ye Teng is the master of Xuantianmen after all. If he can worship him, he will certainly be able to break through to the future.

"This little girl is..."

At this time, the master of Xuantianmen concentrated his eyes on the body.

"Don't look at me, I am already 130 years old."

The fall suddenly put on a vicissitudes of life.

"Oh....."

After the master of Xuantianmen heard it, he did not ask again.

Some people like young people, don't look at a young person, maybe the bones are hundreds of years old. Like the yin and yang ancestors, he looks like a young man, but he is already over eight hundred years old.

However, there are not many 'elders' in this area. This is a two-hundred-year history of the empty city. The other two sects are three or four hundred years old.

The master of Xuantianmen finally turned his attention to Ye Xuan and said: "I don't know if the little brother is willing to come under my door?"

As soon as this was said, there was an uproar around immediately.

really!

This Xuantian Gate Lord is coming to collect people!

Suddenly, there are countless envious eyes falling on Ye Xuan.

But no one expected that Ye Xuan did not immediately agree.

"I will talk about it after the end of the grand meeting." Ye Xuan replied casually.

Just kidding, let him join Xuantianmen, it is really an international joke!

If you let these people know how much time he spent breaking through Vientiane to the nirvana, his mouth will definitely be able to swallow an egg.

"After the longevity event?"

Xuantianmen did not think that the door was actually the answer.

He still wants to say that suddenly another person has swept over.

"Yemen Lord, then wait for the longevity event."

It is an old man who speaks. He is the head of the North Wind Mountain. It is also a long-lived double.

It seems that he also fell in love with Ye Xuan!

Not only that, but the city of the city was also cast a friendly eye.

The three major forces are interested in Ye Xuan!

"Oh, then wait until the end of the longevity event."

Ye Teng snorted and even flew back to Xuantianmen camp.

This scene has almost fallen into the ears of everyone.

It was only the first qualification assessment, and Ye Xuan was seen by the three major forces. It seems that Ye Xuan is a thriving.

Of course, some people have guessed Ye Xuan's intentions in his heart.

Now it's just the first assessment. There are still a few others. They guess that Ye Xuan may still break out. At that time, he will get more attention. After joining the forces, he will get a higher status.

Soon, everyone was tested, exactly seven hundred people.

Then, the next step is to eliminate the six hundred people who are ranked lower, leaving only one hundred.

In the first hundred, the scores are exactly above seventy, and there are a few bad luck of 70. They are excluded, they are between one hundred and one hundred and five.

"Hundreds have been listed, the rankings are as follows..."

The general manager of the Broken City began to read the rankings.

The first place is naturally Ye Xuan, who is 95 points, and the second is Ye Tian of Xuantianmen, ninety-two points. As for the third place, it falls to eighty-nine points.

"The second and third links are the content of the assessment by the city owner!"

The empty city manager took out a sign.

The content of the second and third links of each longevity event is different. The last time was the main entrance of Xuantianmen, and the last time it was taken by the north wind mountain, so this time it was the main city of the city.

The main city of the Broken City took two bamboo sticks out of the air.

"The second part, the illusion test."

"The third link, the attack test!"

Broke the city's general manager loudly, said: "Please ask 100 testers to come on stage!"

The test of the magical array is to arrange a magical array by the master to see who is breaking fast.

As for the attack test, there is no need to say more.

"Young master, come on."

Falling and smiling and talking.

Ye Xuan smiled and jumped to the top of the ring.

The test of the magical array is a commonplace for him. He has the insightful eye and can see everything.

When all the hundred people gathered in the ring, the city manager of the city also continued: "Please sit down on the spot. After the test begins, whoever breaks the illusion will stand up and break the ninety-nine points. Ninety-eight points, and so on."

Ye Xuan followed his meaning and sat down on the spot.

Then, Xuantianmen and Beifengshan each had a long-lived strongman who came out and both were masters of the tactics.

Chapter 1403: the first!

"It's the same, let's make a fish dragon show."

The elder of the North Wind Mountain said.

"no problem!"

At the moment, the two are beginning to arrange a fantasy array. In less than half a minute, it is arranged.

Once the fish dragon illusion, once caught in it, people will feel that they are a squid, only after crossing the dragon and the dragon, it is considered a success.

However, this is not something that ordinary people can succeed.

"Fantasy test, start!"

When the main voice of the city is broken, the two masters of the array are the illusion of the dragon.

Suddenly, the hundred testers in the field were caught in a illusion, even Ye Xuan.

At this time, Ye Xuan did not use the eye of insight. He saw that he was in the water and there were many fish swimming around.

He became a squid.

The hands, feet, and heads disappeared. Now he is a squid. Except for swimming, there is no other ability, and even the spiritual knowledge disappears.

This method is somewhat superb, and people really think that they are a squid, although they are sitting cross-legged on the ground and closing their eyes.

Although I really want to play this magic array, but in order not to make mistakes, Ye Xuan decided to use the eye of insight directly.

However, it is after the five interest.

Under the eyes of insight, all the illusions are broken.

After Ye Xuan counted a few times in his heart, he did not open his eyes and stood up directly from the ground.

Breaking the line, success!

This scene, but let everyone in the room see stunned.

At this time of the five-day interest, Ye Xuan actually broke the illusion?

How can this be?

You must know that Xuantianmen Ye Tian is still in the illusion, he is the realm of Nirvana.

"This is not a rumor of the law, the soul strength is more than Ye Tian!"

Many masters think this way.

Ye Xuan broke the five-point interest, then it is the score of 95 points, two rounds of ninety-five points, still ranked first.

This achievement seems to be the first time in the history of the longevity event.

The first round of the longevity event will not change. It is all test qualifications. There may be discrepancies in the second round, but there are also many tests in the second round.

However, the two rounds of work add up to one hundred and ninety, this is the first time!

The group of onlookers underneath their eyes widened, recalling the scene of Ye Xuan's rejection of Xuantianmen's master.

Sure enough, Ye Xuan has a card and will continue to explode.

The master of the Xuantian Gate also took the heart of the apprenticeship, but the same was true of the Broken City Master and the Beifeng Mountain Gate.

It seems that they are competing!

After another three-time period, Xuantianmen Ye Tian finally squid leaps to the Dragon Gate and successfully broke the illusion.

Score, ninety-two!

In the first round, he was also ninety-two points. Now it is still ninety-two points. Together, it is one hundred and eighty-four. It is six points lower than Ye Xuan.

"what?"

After Ye Tianqi opened his eyes and got up, he saw Ye Xuan's straight back.

He even lost to other people!

You must know that in order to get a high score, he specially invited the master of the battle to arrange the dragon illusion, and practiced it for a while.

The practice time is about one month, you can jump over the dragon gate within the eight-point, and break the magic array!

However, how could he think that Ye Xuan is even faster than him, this is impossible!

"Ninety-two points!"

The city manager of Broken Air took a look at Ye Tian and reported the score. He also said the score of Ye Xuan in a lip language.

"Ninety-five minutes?"

Ye Tian is shocked, and looking at Ye Xuan's back is also a bit of resentment.

In the first round, Ye Xuan grabbed his limelight.

In the second round, Ye Xuan grabbed his limelight.

Can this be forbearance?

"The third round is the attack power test. I am a niche in Nirvana, and this kid is only a niche in the world. When the gap is reached, I will pull back in time!"

Ye Tian thought in his heart.

He has the strength to fight with the long-lived strong, as long as the long-lived strong does not burn the life, then he can fight.

He does not believe that after the third round is still the second place!

Time passed a little, and soon, the second round was the test.

This fish dragon illusion is not very clever, and all of the 100 people have successfully broken the illusion, and the most time is the 30-year interest, which is 70.

The Broken City Master added the two results of the crowd and finally reported it again.

Every time I reported the name Ye Tian, Ye Tian's gaze became very resentful.

In Xuantianmen, he has always been the first, this time even mixed a second?

"The third round, attack test!"

After the empty city manager finished, he suddenly took out a huge turtle shell from the Qiankun ring.

"This is... the turtle shell of the mysterious giant tortoise?"

Someone recognized it.

"Crap, the second part of the previous year is not an attack test, it is tested with the turtle shell of this mysterious giant tortoise."

"This mysterious giant tortoise shell has undergone special refining. I heard that different strength attacks, the giant turtle shell will emit different colors, red orange yellow green blue blue purple gold, if it reaches gold, it can be in this turtle The shell left a trace."

From the mouth of the people around, Ye Xuan also heard the origin of this turtle shell.

The mysterious giant tortoise is said to be a long-lived level of the Heavenly Beast. The defensive power is amazing. Even if it is a strong second-born creature, it may not be able to kill the mysterious giant tortoise.

"Well, the score is judged by me. You only need to send out the strongest attack, starting with the hundredth!"

The city manager of the Broken Air said.

Then, the testers on the platform all retreated to the edge, while the broken city manager was standing on the other side, using the power of Vientiane to support the ten-meter-high mysterious giant tortoise shell.

"Xuanyang sword method!"

The 100-year-old sword suddenly burned up, and it was a glimpse of the turtle shell of the mysterious giant tortoise.

"Calling!"

The flame attack broke away and was accurately squatted on the turtle shell of the mysterious giant tortoise.

"Hey!"

The flame dissipated.

"Hey!"

The turtle shell of the mysterious giant tortoise blooms in a burst of light, it is blue!

The color is a bit deep, but it is not purple, so it should be between six and seventy.

The head of the city government took a look and announced: "Seventy-seven points!"

This hundredth, the first round and the second round scored more than 70 points, but this attack power test actually came to a score of 67 points, which is really unexpected.

There are only the top ten rewards, and the eleventh to the hundredth ones are not rewarded. However, some people just come to the forefront and mix their faces. The reward does not matter.

Then, the ninety-ninth place began testing.

"Seventy-two points!"

The head of the city government continued to announce.

The testers tested one by one, and Ye Xuan at the edge of the ring did not agree. These attacks were too weak for him.

Although he said that his realm is not the highest in the field, but his attack power, the people present are no one can match.

Chapter 1404: Not satisfied!

Let's not say that Megatron has already broken through to a long-lived environment. You can also have the blood of the sword god, the blood of the undead god, the blood of the real dragon, the explosion of killing, the burning of Tiandan, etc. Even if it is a long-lived strong The person can't be more aggressive than him, let alone the nirvana.

The testers test one by one, the test speed is very fast, and in a short while it is the top ten.

The top ten are the elites of the three major forces, and all of them are nine-fold.

"Eight seventy points!"

"Eight seventy points!"

"Eight eighteen points!"

.....

The third place is the owner of the city, but the age is three years older than Ye Tian, and the sword has a score of 90.

Then, next, it is the sky of Xuantianmen.

"Hey, look at me and pull the score back!"

Ye Tianxin was cold and sighed, then went out with a sword.

"Xuan Tianjian!"

"call out!"

A sword smashed away and hit the turtle shell of the mysterious giant tortoise.

"Hey!"

I only heard a crisp sound spread.

This blow actually shattered the turtle shell of the mysterious giant tortoise, and the color was dark gold.

"96 points!"

The city manager of the Broken Air City announced.

The attack power is 96 points, plus the previous one hundred and eighty-four points, then it is two hundred and eighty-five, more than the third place in the city.

At present, Ye Xuan is two ninety-five cents, that is, one hundred and ninety-nine. If he wants to continue to occupy the first place, then he must at least score 90.

However, the previous few Nirvana octopus, the highest is only eighty.

"Humph!"

Ye Tian snorted and smacked Ye Xuan intentionally or unintentionally. It seemed to say: waste, there is a kind of nine-tenth you try!

In the face of this stupid gaze, Ye Xuan directly chose to ignore.

Second, it is the second, still want to be the first?

I dare to challenge me, then I will let you be the second child!

"One out of the test!"

Shouted the city general manager shouted.

Ye Xuan went out, and the hand was the fifth-order Shangpin Tongtian's device.

Fang Cai, he has already calculated the degree of defense of this mysterious giant tortoise, he has the confidence to penetrate it.

However, the breakdown is not fun.

The strong people around, in fact, are not very optimistic about Ye Xuan, they only think that Ye Xuan is a plastic talent, but Ye Xuan is only a nirvana in the world, and wants to win Ye Tian in the attack test, it is difficult!

"If this kid can play 90% on the attack test, I will take it!"

"Oh, this is not necessarily, see how confident his expression is!"

"He is so handsome, I want to marry him!"

This is a beautiful passerby, but she has actually been left to charm, it is the care of the fall.

It was noisy under the stage.

At this time, the city manager of the empty city suddenly raised his hand and shouted: "Silence!"

The audience immediately quieted down.

"Hey..."

Ye Xuan suddenly smiled in the heart, and then directly shot.

"Fire Sword!"

"call out!"

A flame of swords broke away.

This trick is a high-level nirvana that he has just copied, which is exactly the nature of fire.

"Boom!"

The sword gas lingered on the turtle shell of the mysterious giant tortoise, only heard a crisp sound spread, and the turtle shell was shot out of the crack.

"Hey!"

At the same time, there is that dazzling golden light!

The whole audience was silent.

Hit the cracks and bloom golden light, this is at least ninety!

"Amount... ninety-one points!"

After the fault of the city manager, he announced that he had made a mistake.

Ninety-one points!

Ye Xuan's score!

Ninety-five, ninety-five, ninety-one, add up to two hundred and eighty-one points, just one point higher than Ye Tian of the second place!

one cent!

"Hey!"

After hearing this score, Ye Tian's throat suddenly filled with a bitter liquid, but he was forced to suppress it.

"No... this is impossible..." Ye Tianyi widened his eyes and couldn't believe it.

He is a nirvana, he lost, how is this possible?

Not only did he not expect it, but even the people around him.

Compared to everyone, I feel that Ye Xuan can play ninety, very few.

However, Ye Xuan is beyond the expectations of others, and has played the golden light.

After three rounds of testing, Ye Xuan ranked first!

Red blood is his!

"This child is a plastic talent, you must grab it!" Xuantianmen door main light flashing.

Ye Xuan's qualifications are still above Ye Tian. In the future, he will become the first strongest person in Xuantianmen.

However, the other two forces are also eyeing, and Xuantianmen know that the other party will never give in.

Then, look at Ye Xuan, after all, Xuantianmen is the first force to extend the olive branch to Ye Xuan.

"Okay, the test is finished, then..."

The Broken City Manager is preparing to announce the total score.

But at this moment, someone suddenly interrupted: "Wait!"

When the voice sounded, everyone's eyes fell on that person.

This person turned out to be Ye Tian!

"I think that only one shot can be counted as ninety!" Ye Tian suddenly said.

When the words came out, the people around them felt that Ye Tian could not afford to lose.

That golden light, almost everyone thinks it is ninety-one, and the city manager is also judged to be ninety-one.

Can't it be done, but also Ye Xuan to play again?

"This kid..."

There was some dissatisfaction in the heart of Xuantianmen, because Ye Tian was actually in the public, showing that he could not afford to lose. This was a loss of his face and the face of Xuan Tianmen.

However, he did not stop, after all, Ye Tian is his son, he also wants Ye Tian to win the first, because the first reward red blood fire is worth a lot.

Although Ye Xuan's qualifications are good, he has no door to send. Is it possible to join the Broken City or the Beifeng Mountain?

If the red blood fire falls into his hands, is it a loss?

"This....."

The city manager of the Broken City rushed to the city of the city, and he could not do this.

"If it is ninety, then his score is the same as you, it is two hundred and eighty. However, this is not that you say that ninety is ninety..."

The owner of the Broken City said, Ye Xuan turned to look at Ye Xuan, said: "Young people, how do you feel?"

"Since someone questions it, then I will test it again." Ye Xuan answered casually.

At ninety-one points, it was said to be ninety, and he was drunk.

So this time he decided to make two or three more points, so that Ye Tian would not have any objections.

"Attack power test, not much convincing, not as good as we fight, you won me, it is the first!"

Ye Tian was a little angry, so he said this kind of mindless words.

When the people around me heard it, they were also angry.

Lying in a large trough, this leaf is really shameless, Nirvana is actually going down to challenge the nirvana of the Nirvana, it is really shameful to lose home.

Chapter 1405: Spike!

At this point, the people in the Xuan Tianmen camp, their faces are a little red.

Master Tang Tianmen, the face can be thick enough to this point, it is also powerful.

The owner of the Broken City City resisted the smile and turned to ask Ye Xuan. "How do you feel?"

This battle is doomed to be unfair, but he feels that Ye Xuan is not such a simple item, so I have this question.

When almost everyone thought that Ye Xuan would not agree, Ye Xuan answered, and the answer was very casual.

"It doesn't matter, then fight."

Ye Xuan shrugged his shoulders.

what?

This answer shocked everyone.

Ye Xuan, even promised!

What kind of jokes, the other party is the first day of Xuantianmen, Nirvana is a realm!

In fact, when he spoke of the challenge of Ye Xuan, Ye Tian had already regretted it, but he did not expect Ye Xuan to agree.

"You are looking for a dead end!" Ye Tian shouted.

"Whoever died, not necessarily!"

Ye Xuan answered with confidence.

For such people, Ye Xuan is too lazy to use the eyes of the soul, it is not worth it.

The best way is to teach you a lesson and let him know what is high!

"Since you agree, come on, whoever wins, you can get the **** fire of the 84th in the fire list!"

The city owner said that the city was broken.

Hearing this, the testers around him also jumped out of the ring of interest, and even the empty city manager was the same, and then raised the protective array around the ring.

"What wins?"

At this time, Ye Xuan suddenly asked.

"While you take the shot, I will wait for it." The city owner said.

"it is good!"

Ye Xuan nodded, just holding the Chi Yanjian slowly to the other end.

The audience of the audience began to hold their breath.

Ye Xuan dared to take over the battle, indicating that there is still certain certainty, after all, the average person can not take the red blood fire as a bet.

If Ye Tian wins, this is reasonable.

If Ye Xuan wins, then it will be a big hit.

Ye Tian, who was carefully cultivated by Xuantianmen, even beaten Ye Xuan, who had worked **** his own, and still had his face alive in the world?

"This kid, don't know where to come for the courage, even dare to fight!"

Ye Tian's heart was very unhappy because he was turned down by Ye Xuan.

Can't bear it!

"let's start!"

When the city manager of the Broken Air City saw that the two were almost ready, they also shouted.

Fight, start!

A nirvana is nine-fold, and a nirvana is eightfold. Because of the advantages in the realm, this Ye Tian is somewhat 'great'.

"You are lower than me, I let you three strokes... No, five strokes!" Ye Tian said generously.

"I will let you ten strokes!"

Ye Xuan suddenly retorted a sentence.

what?

Ye Tian suspects that he has misunderstood, is this Ye Xuan too mad, and even let him ten strokes!

"Well, since you are looking for death yourself, you can't blame me!" Ye Tian's glimmer of light, mixed with a hint of killing.

Ye Xuan's qualifications have already surpassed him. If he enters Xuantianmen, then he will be completely overpowered. When will he remember him Ye Tian?

Moreover, in order not to let the other two forces get, he decided to kill Ye Xuan!

Ye Xuan, who has the blood of killing God, is very sensitive to killing. He has already noticed that Ye Tian has already murdered him.

For those who want to kill him, Ye Xuan can care about the background of the other party.

All, kill!

"Kid, die!"

Ye Tian broke out instantly, and the sword slammed toward Ye Xuan. This blow was the sword that he only attacked the turtle shell of the mysterious giant tortoise.

Everyone did not expect Ye Tian to make a big move from the beginning. In this way, it seems that he wants to kill Ye Xuan.

"This bastard!"

The owner of the Broken City suddenly sat down, and he did not expect that Ye Tian was so daring.

Not to mention that he and the North Wind Hill are optimistic about Ye Xuan, even the main door of Xuantian Gate, also want to accept Ye Xuan as a disciple.

However, Ye Tian's attack speed is extremely fast. Even if they are born in a long-lived environment, I am afraid that they will not be able to reach the ring.

"This beast..."

Xuantianmen's main heart is low and drink a sentence.

Ye Tian's attack power, he knows, this sword poses a threat to the long-lived strong, not to mention Ye Xuan's nirvana.

It seems that there must be a genius fallen!

Indeed, there will be a genius in the future, but it is definitely not Ye Xuan!

"Want to kill me, you are not qualified enough!"

Ye Xuan's flash of light flashed directly from the sword.

"The killings broke out!"

"Yanlong is unparalleled!"

Ye Tian, who is not able to cope with the company's habitat, does not need to use Zhenyan Long Wushuang.

A golden dragon, swept out, and hit the sword.

"call out!"

This sword mang, was instantly burned by the golden dragon of Ye Xuan. At the same time, the shocked Ye Tian was also engulfed by the golden dragon.

Ye Xuan's attack speed is even faster than Ye Tian!

"Heaven..."

Seeing the curtain of the main gate of this scene, Ye Teng, widened his eyes.

Not only that, but the people around you are the same.

Fang Cai's attack test, which scored 91 points, was tested by Ye Tian's attack power, but it was 95 points.

Now, Ye Xuan's attack easily defeats Ye Tian's attack. This means that Ye Xuan's attack is far more than ninety-five points, even reaching one hundred!

A hundred percent attack!

This is an attack that can penetrate the mysterious giant tortoise shell!

The district is a nirvana, can it be done?

impossible!

When everyone is surprised, the golden dragon has disappeared and disappeared, and Ye Tian's figure.

On the field, only Ye Xuan was left alone, as well as the Qiang Kun ring and weapons scattered on the ground.

This weapon is Ye Tian's!

"Hey, the host's killing value is improved!"

A system prompts to sound, on behalf of Ye Tian is really killed by Ye Xuan.

Under the gaze of everyone, Ye Xuan swiftly swept the past, and took up the shackles and weapons of the main gate of Xuantianmen.

"Oh, there are a lot of things."

Ye Xuan's mouth is slightly tilted.

He has become accustomed to killing geniuses.

Not to mention that Nirvana is a nine-fold, even if it is a strong man of longevity, if it does not burn the life, I am afraid it will not be able to stop the blow.

On the field, only Ye Xuan is left!

Everyone on the field was shocked.

Spike, there is a spike!

Ye Xuan, deserved first!

However, killing the younger gatekeeper of Xuantianmen, Ye Xuan still wants to live?

The master of Xuantianmen saw that his son had turned into ash, and his eyes were suddenly moist. He couldn't care for so much. After a sudden scream, he killed the ring.

"not good!"

Broken the city master and the head of the North Wind Mountain, his face changed greatly.

You must know that Xuantianmen's main Ye Teng is a long-lived duality. If he wants to kill Ye Xuan, it is easy.

However, at this time, the main leaf of the Xuantian Gate was already rushed to the ring, and they calculated their hands and could not catch up.

Chapter 1406: Besieged

"Ye Teng, his mercy!"

The city of the broken city hurriedly shouted.

Unfortunately, it is already late.

Ye Teng, already shot!

But before that, Ye Xuan took him one step at a time.

"I heard that the first prize is red blood fire is Xuantianmen took out?"

Ye Xuan's eyes slammed, and when Ye Teng killed the ring, he suddenly shot.

"The killings broke out!"

"The real fire dragon is unparalleled!"

This blow is even stronger than the one that kills Ye Tian, because Ye Xuan has already exchanged a Nirvana-rich eight-burning Tandan.

"Calling!"

This huge golden dragon is roaring out.

"Kid, I want you to die!"

The main leaf of Xuantianmen Gate is drunk, this time he is fully shot, there is no burning life to enhance the infuriating, because Ye Xuan is only the eighth realm of Nirvana.

Dealing with a junior, it's hard to say how hard it is to use it. How can it burn its life?

However, it is because of this that it caused a big loss in this confrontation.

"Booming!"

The huge golden dragon and the attack of the main gate of Xuantianmen hit the attack. After the two shocked for a while, Ye Xuan still had the upper hand.

The golden dragon slammed into the door of Xuantianmen, which shocked him.

His attack is not even comparable to Ye Xuan. How is this possible?

"Hey!"

The main door of Xuantianmen was bombarded, and the smash hit the defensive formation.

However, this is not over yet.

"call out!"

When the golden dragon collapsed, a golden sniper hit, and in a crisp sound, the left hand of Xuantianmen's door was smashed.

This left hand is wearing a ring.

A sense of pain spread to the brain of Xuantianmen, which proves that everything is real, not a fantasy.

He, the long-lived two strong, was actually cut off by a junior.

Is this really not a fantasy?

Everyone present was already shocked and couldn't speak, standing in the same place as a statue.

Fang Cai, Xuantianmen's main Ye Teng is also preparing to accept Ye Xuan as an apprentice, but now Ye Xuan has lost his arm, which is so big that it is difficult for everyone to accept.

When the main entrance of Xuantianmen came over, his broken arm was already in the hands of Ye Xuan, and the Qiankun Ring was taken off by Ye Xuan.

In this Qiankun ring, there is indeed a red blood fire, which is exactly what Ye Xuan needs.

"Hey, the host has swallowed red blood!"

"Hey, the host broke through to the nirvana!"

"Hey, the host completes a specific upgrade mission, rewarding the undead phoenix and the blood of the fire and reborn to advance!"

A series of three system prompts to sound.

Ye Xuan finally broke through to the nirvana of Nirvana. Then, he swallowed quickly and then broke through to the top of Nirvana.

Strength, skyrocketing several times up!

"Yes, the rebirth of the fire has been advanced, and the resilience is even stronger!"

Ye Xuan is very satisfied.

Now, the blood of the undead is shared with the three pets, and the three fires are promoted.

This red blood fire is the first prize of the longevity event, but he killed the second place Ye Tian, naturally the first place, so the red blood fire originally belonged to him.

As for the other things, it's just that he snatched it and still belongs to him.

At this time, the main leaf of the Xuantian Gate, Ye Teng, looked at Ye Xuan with a blank look.

After hitting it, it broke through?

Or to say, Ye Xuan was originally Nirvana?

"The atmosphere of the nine-fold peak of Nirvana, this kid actually suppressed the realm?"

Off the field, the head of the Broken City and the head of the Beifeng Mountain were all shocked, but when they thought about it, they felt unlikely.

The first round of the test of the longevity event is to test the realm and age. The test spar can't even be faked, let alone Ye Xuan.

Moreover, under the watchful eyes of so many powerful people, Ye Xuan could not hide the realm. Therefore, Ye Xuan is a breakthrough on the spot!

However, it is not so easy to break through the eight peaks of Nirvana, and it is not so easy, let alone rushed to the top of Nirvana in Nirvana.

"Is this kid still a person?"

Many people think so in their hearts.

"Yemen Lord, do you know why I refused?"

Ye Xuan said with a smile.

Fang Cai, Xuantianmen Gate wants to accept him as a disciple, Ye Xuan will wait for the longevity event to say, the people around think that Ye Xuan wants to break out, and then get higher attention.

It seems that this is not the case now!

In the eight-heavy realm of Nirvana, the two strong players who have injured the long-lived environment have now broken through to the top of the niche in Nirvana. It is hard to say whether Xuantianmen can defeat Ye Xuan.

Recruiting?

What a joke!

"who are you?"

Xuantianmen door the main low drink.

A person with such qualifications can't be without a door, so he guessed that Ye Xuan must be from a stronger force than Xuantianmen.

"You control me."

Ye Xuan was too lazy to talk nonsense with the other party. "That is the red blood fire is the first prize, I will accept it. As for the others, I will take your offense for you!"

When he finished, he turned and walked away.

"No matter who you are, dare to kill me, today you don't want to leave alive!"

Xuan Tianmen Gate is angry and angry.

This time, he is going to be real.

At the same time, the Xuantianmen camp also all came out with weapons, and the united front of Xuantianmen.

"If this is the case, then I will kill you this Xuantian Gate, and if you are bold, come up!"

Ye Xuan stepped in, and said coldly.

Immediately afterwards, the Xuantianmen camp immediately plucked four elders, including the master of the squad that had just laid out the dragon illusion.

The four long-lived ones are heavy, and one long-lived environment is twofold. Now, Ye Xuan is difficult to fly.

"The city owner..."

When the empty city manager saw this situation, he couldn't help but turn his head and look at the broken city.

Ye Xuan seems to have a big look. If he died in the city, what should he do if the forces behind Ye Xuan are killed?

"We wait and see what happens!"

The main city of the city was faint.

He feels that Ye Xuan is not so easy to die. Even if the opponent is a strong player with five realms higher than himself, Ye Xuan does not show a nervous appearance, obviously there is a card.

On the other hand, the north wind mountain gate saw the idea that the city owner did not take the shot, so he did not intend to shoot.

Now, this matter is that things don't hang high, they don't want to be reconciled.

"kill!"

In the low drink of the master of the Xuantian Gate, a few people on the ring came together.

At the same time, the main door of Xuantianmen was also eager to kill Ye Xuan.

However, what makes everyone surprised is that the four elders of Xuantianmen are not the leaves of Ye Xuan, but the master of Xuantianmen.

"Calling!"

The wind is coming.

The master of Xuantianmen was shocked. He did not expect the four elders to shoot him.

How can this be?

Chapter 1407: recognize!

"Hey!" "Hey!" "Hey!" "Hey!"

The owner of Xuantianmen was smashed by four people, and immediately squirted a blood and was seriously injured. Fortunately, he burned his life to resist, otherwise it is now a corpse.

He couldn't figure out why four of his own people shot him.

But now, there is no time to think about this issue, because Ye Xuan has already killed him.

"The eye of assassination!"

"Xuan Tianjian!"

"Oh!"

In a crisp sound, the head of Xuantianmen's door suddenly abandoned.

The first hit after the assassination of the eye, has a 30% increase in attack power, and this Xuan Tianjian is a long-lived supernatural power, the attack power is not weak, used for close-range assassination is very good.

"Hey, the host's killing value is improved!"

In the blink of an eye, the main door of Xuantianmen was degraded. When his body '噗通' fell to the ground, the rest did not react.

Some people are still immersed in the question of why the four elders of Xuantianmen will attack the doorkeeper.

The owner of the long-lived double Xuantianmen, is it so dead?

Although Ye Xuan does not lack training resources now, what he lacks is a different fire, but the double-lived killing value is still considerable.

Since the other party came to die, why not accept Ye Xuan?

Not only that, but even the lives of these four elders, Ye Xuan will receive!

"Oh!" "Oh!" "Oh!" "Oh!"

Four bursts of crisp sounds spread, and four heads were thrown up one after another.

What is even more amazing is that the four elders did not die from Ye Xuan's hand but committed suicide.

Then, their Qiang Kun ring fell into the hands of Ye Xuan, the good things in the ring, and instantly entered the swallowing space.

This time, Xuantianmen only came to the five long-lived powerhouses. However, now, all of them have fallen.

After seeing this scene, the people on the side of the Broken City and the Beifeng Mountain could not help but tremble. Their strength is similar to that of Xuantianmen. If this time they are replaced by them, I am afraid...

The small city owner who broke the empty city also subconsciously swallowed the swallow, which is the first time he feels the third place is quite good.

Just when the whole scene was silent, Ye Xuan suddenly turned his head and looked at the broken city owner, which made the main city of the Broken City chill.

"When the city owner is broken, I don't know where the turtle shell of this mysterious giant tortoise was made?"

Ye Xuan could not help but ask.

The turtle shell of the mysterious giant tortoise?

This problem fell into everyone's ears. They didn't understand why Ye Xuan was on such an occasion. This kind of question was asked at this time.

"This is the harvest I went to the Guiling Mountain before." The owner of the Broken City City replied truthfully: "The Guiling Mountain is in the northeast direction of the Broken City, where there are many mysterious giant tortoises."

"It turns out, thank you!"

Ye Xuan thanked him for holding the boxing, and then he jumped down the ring.

"Wow, you are too handsome."

Seeing Ye Xuan down, the landing is also waving a small powder punch, only then she is ready to rush to help, but, in the blink of an eye, Ye Xuan is to solve the problem.

"Go, let's go to Guiling Mountain!"

Ye Xuan said to the fall.

There are many mysterious giant turtles in Guiling Mountain. This is the goal of Ye Xuan.

After breaking through to the peak of the Nirvana of Nirvana, Ye Xuan knew the name of this last fire, and the turtle spirit fire.

This turtle spirit fire, ranked eighth in the fire list, generally born in the body of the turtle. So this time, he is going to Guiling Mountain to see if there is a turtle spirit fire in the body of the mysterious giant tortoise.

As long as you can get the turtle spirit fire, then he can successfully break through to the long habitat, not only that, the fall and the old tree can also break through.

Just got the red blood fire, there is news of the turtle spirit fire, Ye Xuan's luck is also considered good.

Under the gaze of everyone, Ye Xuan left the city with a drop, and the old tree left, and then went straight to the northeast.

At the same time, in the Xuantian Gate.

"Old ancestors, ancestors, not good!"

The management elder of a life jade ancestral hall rushed into a bamboo forest in the back hill of Xuantianmen.

"Elder Yuan, what is so rushed?"

A white old man came out with amazement.

"The door master, and the four life jade cards of the four elders, all broken!" The management elders of this life jade brand stunnedly reported.

"what?"

Hearing this, the white old man also widened his eyes.

The master of Xuantianmen is his grandson, how can he fall into the realm of the second habitation?

Not only that, but there are also four long-lived elders, the same.

"They took people to the Broken City and participated in the longevity event. How did they fall?"

The old man in white was shocked.

At this time, if Ye Xuan is here, he will definitely recognize the old man in white, that is, the strong man who almost took him down that day. At the same time, it is also the **** of Xuan Ming.

At the moment, the old man in white is quickly leaving Xuan Tianmen and heading for the empty city.

He felt that something happened in the Broken City.

It is possible that the main city of the Broken City and the North Wind Mountain joined forces to kill the people of Xuantianmen.

If this is the case, he must make the people of Broken City and Beifeng Mountain look good!

Half a day later, he arrived at the city government of Broken City.

"Severe weight, give me out!"

The old man in white stood above the city government and shouted aloud.

At the time of his arrival, there was an old man in the city's main house. He was a city owner on the broken city, that is, the section of the old man in white was heavy and the environment was long.

"The paragraph is heavy, you are so bold..."

The old man in white has just opened his mouth. If he hasn't finished it, he will be interrupted by this heavy.

"Ye Wen, you can see this floating shadow."

Duanzhong did not say anything, that is, lost a floating crystal in the past.

This is a floating shadow that was recorded half a day ago, from beginning to end!

Ye Wen took a look at the floating crystal in a strange way. He didn't understand that Duan gave him what to do. However, after seeing it, he understood.

"What is this kid?"

Ye Wen brows a pick.

He recognized it and he recognized Ye Xuan.

The man who killed his grandson Ye Tian and his grandson Ye Teng was the kid who committed suicide and turned into a fly ash on the same day.

At the same time, it is also the person who asks for the name of Xuan Ming!

Although Ye Xuan's face is not the same, but he casts Yanlong unparalleled.

it's him!

Xuan Ming Shuangyu said that Ye Xuan is very versatile, but also knows how to accommodate, but the only constant is that the dragon will be unparalleled. This Yanlong has no doubles, no one will be after the death of Mo Xueyi, so Ye Wen can be sure, this is Ye Xuan!

Unexpectedly, Ye Xuan actually ran into it and killed the people of Xuantianmen.

"Is it impossible to be revenge?"

Ye Wenxin couldn't help but think.

Chapter 1408: Guiling Mountain

However, Ye Wen absolutely did not expect that Ye Xuan did not know that he was the old master of Xuantianmen. It was an accident to kill Ye Tian and Ye Teng and the four elders of Xuantianmen.

This floating crystal, even Ye Xuan left to record, including Ye Xuan asked about the empty castle city of the mysterious giant turtle shell.

"Guiling Mountain?"

Ye Wen's eyes glimpsed, then he turned and left, and then entered the land of the Broken City.

Xuan Ming's eyes have told me that if there is a news of Ye Xuan, he will immediately inform the masters of the government.

.....

At this time, Ye Xuan was on his way to Guiling Mountain. About a day later, he finally arrived at the Guiling Mountain.

"I heard that there are many long-lived mysterious giant tortoises in the Guiling Mountains, but because the mysterious giant tortoises have amazing defense power, as long as they hide in the turtle shell, it is very difficult to kill, so no one comes..."

Ye Xuan thought in his heart.

He rarely goes to find the killing of the beasts, usually to kill, but this time there is no way, only hands-on.

If it is an ordinary person, I am afraid that it is not so easy to find the turtle spirit fire, but Ye Xuan has an insightful eye, but it is possible to see through the body of the mysterious giant tortoise, so it is not difficult to find it.

In addition, he has a few helpers, falling, old trees and Megatron who have broken through to the longevity level.

At the moment, they are plunging into the mountains of Kameiling. On the way, he can see a lot of mysterious giant tortoises, but they are almost all Nirvana.

However, Ye Xuan did not let go of these mysterious giant tortoises, all killed and then put into the planting space.

Under normal circumstances, the higher the realm of the mysterious giant tortoise, the greater the probability of the birth of the turtle spirit in the body, so Ye Xuan's main focus is on the long-lived mysterious giant tortoise.

"found it!"

In the first hour of Ye Xuan's entry into Guiling Mountain, he finally saw the first long-haul level of the mysterious giant tortoise. Although it is said that this mysterious giant tortoise does not have a turtle spirit in the body, it is also a fortune.

This mysterious giant tortoise is special. The tortoise shell can wrap all the flesh and blood parts into it. Once they are indented, they are in trouble.

With the eye of insight, Ye Xuan has grown out.

"The killings broke out!"

"Xuan Tianjian!"

"call out!"

A sword whistling past, instantly immersed in the head of the mysterious giant tortoise, and then through the whole body.

This blow has already smashed the organs in the body of the mysterious giant tortoise, including the heart.

Spike!

"Hey, the host's killing value is improved!"

When the system prompted the sound to come, Ye Xuan quickly swept past and collected his body. The body of the Tongtian beast is nothing. The most valuable thing is the beast, which is several times the value of the body.

However, it is at this time.

"Hey, the host's killing value is improved!"

Another system prompts to sound.

Ye Xuan did not kill any Tongtian beast, so this should be the fall of them.

The strength of the fall is not weak, and Megatron and the old tree are immortal, so Ye Xuan rest assured that they acted on their own.

Ye Xuan is also beginning to continue to deep into the Guiling Mountains.

There are so many mysterious giant tortoises here, there should be a 'king', this king is the most likely to be born of the turtle spirit.

Ye Xuan estimates that this mysterious giant tortoise is at least three long-lived.

after a little while.

"Young Master, come on, I met a long-lived big turtle."

The fall suddenly passed.

Upon hearing this, Ye Xuan quickly rushed over with the induction of his pet.

The long-lived double-minded mysterious giant tortoise, there may be turtles in the body.

No, he is thinking more.

This mysterious giant tortoise, Su Ri'an is a long-lived double, but there is no turtle in the body.

This mysterious giant tortoise has a body length of more than 30 meters, which is very huge, like a hill.

Ye Xuan came to the side of the falling side, and after watching it for a while, he decided to shoot.

"This mysterious giant tortoise will make a shock wave, and you must be careful, you must kill it before it shrinks into the turtle shell." Ye Xuan said to the fall.

"okay."

Nodded.

Then the two quickly swept out.

"The killings broke out!"

"The real fire dragon is unparalleled!"

Ye Xuan has already exchanged for the burning of Tiandan, raising his hand is the strongest attack.

Although the Ssangyong roar of the Shuanglongjian array is also good, but in the Yanlong Wushuang squadron into the real Yanlong Wushuang 斩, Ye Xuan is no longer used. First, the attack power is more than the true dragon, but also the separation, the combat power of the deity and the avatar must be weakened by 60%.

A huge golden dragon screamed out, and the mysterious giant tortoise discovered the danger and opened the blood basin directly.

"boom!"

An invisible gas swept out and hit the golden dragon.

Suddenly, the air waves rolled.

At the same time, the fall is also accelerated by the reincarnation of the nine flashes.

"The reincarnation is nine flashes, the first flash!"

"The cycle is nine flashes, the second flash!"

"The cycle is nine flashes, the third flash!"

"The cycle is nine flashes, the fourth flash!"

When the fourth flash was reached, the petite fall was already hit by the head of the mysterious giant tortoise.

Next, it is the fifth flash of the nine flashes.

"Oh!"

The mysterious giant tortoise did not respond, only heard a thunderous sound like a thunder, and the neck of the mysterious giant tortoise was almost cut off.

Fortunately, it has a large body and is not spiked, otherwise its entire head will fall to the ground.

"The power is not enough..."

Falling down is somewhat helpless.

The reincarnation is based on the edge generated by the movement to attack, but this mysterious giant tortoise relies on the defensive power, even if it does not shrink into the tortoise shell, its scale and flesh defense is not weak.

Although there is no successful beheading, it is enough.

The long-lived Megatron, which has been turned into a huge spike, fell from the sky.

"Oh!"

The huge spike formed by Megatron, pierced the wound caused by the falling side, and directly pierced the neck of the mysterious giant tortoise.

This time, even if the Xuan Ling Giant Turtle wants to shrink its head, it can't do it.

"Megatron, beautiful."

Ye Xuan praised it, immediately circumvented the head of the mysterious giant tortoise and attacked from the side.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon, directly from the side of the head of the mysterious giant turtle, although the mysterious giant turtle's scales defense is good, but can not withstand such a high temperature flame.

At that time, the scales of the mysterious giant tortoise were burned and burned, and the blood flowed into the river.

"Hey..."

The mysterious giant tortoise was attacked bitterly, opened his mouth and shouted, and even began to make a shock wave attack.

Unfortunately, its head was fixed and could not be rotated, so its attacks were all defeated without exception.

"Come back!"

Ye Xuan blinked and continued to attack.

He has the blood of the undead, and he can apply it at will.

Chapter 1409: Xuan Ling Giant Turtle King

"The killings broke out!"

"The real fire dragon is unparalleled!"

It was also a golden dragon, slamming on the head of the mysterious giant tortoise. This time, the entire head of the mysterious giant tortoise was burned nearly half.

The scales are strong, but the flesh and blood in the body are not strong enough. Once the scales are broken, the mysterious giant tortoise is not far from death.

At this time, the brain of this mysterious giant tortoise has been burned out.

"Hey, the host's killing value is improved!"

After a system prompts the sound, Ye Xuan quickly swept over and collected the body of the mysterious giant tortoise.

Although it has not broken through to the longevity, but with his realm, it is already a strong force that can kill the two habitats. It is nothing to kill a long-lived defensive type of heavenly beast.

What he is worried about is whether he can break the defense of the long-lived triple mysterious giant tortoise!

If you can't, then it's trouble!

However, at this time, suddenly there was a figure that came to the Guiling Mountain.

This is a man in black, holding a black sword in his hand. Don't look at him as a middle-aged man. In fact, his age is over a thousand years old.

This person is called a black life, but it is the killer in the land, and the long habitat is triple.

He had already retired, but recently there was a task that had shaken him, so he went out again.

This mission is to come to Guiling Mountain, under the leaves of Ye Xuan!

"There is a niche in a niche, and the reward is so rich. I have to catch this kid before other people..." The black fat said, it was plundering the Guiling Mountain.

Just right, there are some footprints at the intersection of Guiling Mountain. After he looked at it, he chased it.

This footprint is what Ye Xuan left, plus a lot of Tongtian beasts along the way, so this black life can easily catch up.

At this time, Ye Xuan did not know that there was a crisis, and he was still looking for the king of the mysterious giant tortoise.

Perhaps, it is because of the mysterious giant tortoise, the mysterious giant tortoise that he is looking for, actually jumped out.

"Don't be the mysterious giant tortoise, is the child of this mysterious giant turtle king?"

Ye Xuan looked at the mountain-like mysterious giant turtle king in front of him, his heart trembled.

The blood has reached the end of the longevity, the effect has been fully exerted, and his own child has fallen, and the mysterious giant tortoise in the vicinity is immediately aware.

This mysterious giant tortoise was originally in a deep sleep, but as the child died, it woke up directly.

It's just that the person who killed his child is nearby.

"Hey!"

This mysterious giant turtle king is also saying nothing, Zhang mouth is a shock wave against Ye Xuan.

"Shadow Step!"

Ye Xuan's figure flashed and instantly avoided this shock wave.

This shock wave has the power to destroy the earth, and I am afraid that it will be able to smash the blood rock continent into two halves. Even if Ye Xuan is bombarded, it will have to be broken.

This mysterious giant tortoise is a three-day-old beast of the long-lived nature. It is three levels higher than Ye Xuan, so Ye Xuan can't see it through the eyes of insight. Therefore, only by killing it, do you know if there is a turtle in the body.

"Megatron, Fall, Come on!"

Ye Xuan took a low drink and shot directly.

"The killings broke out!"

"The real fire dragon is unparalleled!"

"Return nine flashes!"

Before, they happened to have developed a set of tactics against the mysterious giant tortoise, which is to use this tactic to kill the son of this mysterious giant turtle king.

Now, this set of tactics is reproduced and used in this mysterious giant tortoise.

Just don't know if it works!

This mysterious giant tortoise is very angry, and does not even flash or hide, directly attacking Ye Xuan's attack.

"Boom!"

The huge golden dragon bombarded the head of the mysterious giant tortoise, and was actually blocked by the scales, without hurting it.

This time, Ye Xuan can be sure that there is a turtle in the body of this mysterious giant tortoise.

Even if it is a long-lived triple-minded giant tortoise, it is impossible to be unharmed in the face of Ye Xuan's full force.

Now this mysterious giant turtle has blocked the attack and proved that it has resistance to the flame, so there must be a different fire in its body, and it will not be the fire of the beast, but the fire of the turtle.

"Haha, I finally found it for me, seeing that I won't kill you!"

Ye Xuan laughed in three hearts.

Although it is said that Zhenyanlong Wushuang can't break his defense, he has other means.

"call out!"

Hidden in the real fire dragon's unbreakable smashing shackles, squatting on the scales of the mysterious giant turtle king, suddenly the decomposition ability is to play the effect, the mysterious giant turtle king's scales are broken down a few pieces.

Although the flame is useless, the decomposition effect is useful.

Unfortunately, the decomposition effect of this disillusioned eye cannot be integrated with supernatural powers. Otherwise, Ye Xuan's attack will be very powerful.

"The cycle is nine flashes, the fifth flash!"

The fall also attacked the wound, sharpening it and expanding the wound.

Not only that, Megatron also turned into a fine needle, directly invading the body of the mysterious giant turtle king.

"Hey..."

The mysterious giant tortoise screams, although its external defense is strong, but the body's defense power is not strong enough, and the long-lived Megatron is enough to destroy.

It seems that this battle is almost over!

Megatron can be changed into a mountain or a fine needle.

This mysterious giant tortoise is so large that it will not pay attention to this fine needle in the body.

After Megatron invaded its body, it suddenly enlarged, turning into a sea urchin and began to frantically.

Suddenly, the body of the mysterious giant tortoise is a thousand and a hundred holes, blood flowing into the river, presumably do not need to shoot, this mysterious giant turtle king will be killed by Megatron.

"Hey..."

The mysterious giant tortoise Wang Yangtian roared, his body trembled, but he couldn't help Megatron.

However, at this time, suddenly a strong breath, into the scope of Ye Xuan's perception.

"Long live three?"

Ye Xuan's brow was picked. I didn't expect to encounter a long-lived triple-strong man in Guiling Mountain.

This person, just passing by, or specifically for him?

Even if you pass by, see this dying, mysterious giant tortoise, I am afraid it will not leave like this?

"No matter who you are, if you dare to die, don't mind sending you on the road!"

Ye Xuan's eyes glimpsed, and at the same time he ordered the Megatron to bring out the turtle's fire.

Soon, this long-lived triple atmosphere is reflected in Ye Xuan's eyes.

The one who came is a middle-aged man in black.

"found it!"

After seeing Ye Xuan, the black eye is also a pick.

In the mission description, Ye Xuan has many means, and is also good at easy to accommodate. At the same time, there may be a convertible sword, a fox girl and so on.

These are enough to prove that Ye Xuan is his mission goal.

Chapter 1410: Turtle ground fire

"Oh? Mysterious Giant Turtle King?"

This black life brow suddenly picked, he did not expect that Ye Xuan could actually hurt the long-lived triple mysterious giant tortoise.

After all, the defense of this mysterious giant turtle king, he can only barely break open.

It seems that this kid is not that simple!

"You are the killer of the land?"

After seeing the arrival, Ye Xuan could not help but ask.

According to his previous experience, this person is a killer, because the murderousness on the other side is too strong.

"Yes, come and catch you!"

There is no hiding in the black life.

"If this is the case, then you still can't shoot?" Ye Xuan brows a pick.

The long habitat is triple, and he is three higher than him.

But don't forget, when he was eight in the niche, he did not seriously hurt the long-lived double-throwing Xuantianmen main Ye Teng?

Three realms, nothing!

On the other hand, if Ye Xuan breaks into the long-lived situation, this black life is under Ye Xuan's hand, I am afraid that there are no more than ten strokes, or even five strokes.

In order to be on the safe side, Ye Xuan still makes Megatron move faster.

The black life smashed the mysterious giant tortoise, and said: "I am a long-lived triple, and you are a niche in this nirvana, which is detrimental to the prestige. I will give you a chance to voluntarily follow me. I may be able to Let you be better..."

He was thinking, if Ye Xuan resisted, he took Ye Xuan's limbs off.

After all, the task only needs to be alive, and there is no indication that it cannot be disabled.

"Do not talk nonsense."

Ye Xuan was interrupted directly.

"Humph!"

Hearing this, he also snorted and said: "Since you don't know how to cherish, then I..."

His words, have not finished, Megatron is drilled from the body of the mysterious giant turtle king.

The fire was shining on the faces of the two.

This turtle spirit fires, ranked eighth in the fire list, shaped like a tortoise.

If it is not Megatron, there is no blood in the death of the Phoenix, otherwise it will have been melted by this turtle spirit.

After this turtle spirit fire appeared, this black life was shocked.

Unexpectedly, this mysterious giant turtle king's body actually has a turtle spirit fire, it is really big.

Not only can the task be completed, but also the body of a mysterious giant turtle king. The most important thing is that there is still a turtle spirit.

Great luck!

However, under the greedy gaze of this black life, Megatron sent the turtle spirit fire to Ye Xuan's hand.

I saw that Ye Xuan's mouth was slightly tilted and the turtle's fire was put away.

"I will give you another chance to take the initiative of the turtle spirit fire, I will bring you back to the land." Hei Ming said again.

The strong are arrogant, and it is a bit humiliating for him to start with a niche-class junior.

"I want this turtle to fire, take it for yourself!" Ye Xuan just said with a smile.

The heart of the mysterious giant turtle king was already smashed by Megatron. That is to say, it is already dead, and there is no threat to Ye Xuan.

Now, Ye Xuan has got a turtle spirit and can immediately break through to the longevity.

However, Ye Xuan just hides the turtle's fire in the phagocytic space and is not ready to swallow it.

In the eyes of the middle-aged man in black, he is only a nirvana, not afraid. If it suddenly breaks into the longevity, it will be different.

"Kid, I gave you two chances, but you don't cherish it. If that's the case, then I can only take your own identity and shoot at you!" The middle-aged man in black was flashing, and the speed broke out instantly.

As a killer, speed is very important, but because Ye Xuan's realm is too low, he does not need to attack.

However, he would never have thought that Ye Xuan had been waiting for him to shoot.

"Hey, the host has swallowed the turtle spirit!"

"Hey, the host has broken through to a long life!"

"Hey, the host has completed a specific upgrade mission, and the eye of the burst is lifted to the point of breaking the passive!"

These three system prompts, so Ye Xuan was shocked.

The eye of the shattered, actually raised to destroy the passive.

Before the eye of the ruin, the eye of glory has become a radiant and passive. When Ye Xuan needs to use it, just open the passive. Now, this shattered eye has turned into a passive and passive, which means that his future attacks have a destructive effect.

However, this is not over yet.

"Hey, Megatron breaks through, and is currently a long-lived two!"

"Hey, the breakthrough is broken, and the current is a long life!"

"Hey, the Demon Warrior breaks through, and it is a long-lived one!"

Before the three pets of Ye Xuan, due to his realm, he has been stuck in the nirvana. Later, Megatron broke a shackle and could be promoted to a long life.

Now, with Ye Xuan breaking into the long habitat, this cockroach is finally broken.

"You are dead!"

Ye Xuan's light flashed and suddenly shot.

"The killings broke out!"

"The real fire dragon is unparalleled!"

A huge golden dragon suddenly appeared, screaming away toward the middle-aged man in black.

After receiving the reward, Ye Xuan directly opened the passive and passive, and now his infuriating effect has a destructive effect. The effect of shattering is actually decomposition, which can decompose the body and decompose the infuriating.

This means that the power of Zhenyanlong Wushuang is even stronger.

Not only that, after breaking through to the long habitat, Ye Xuan's life is raised to a thousand years.

This blow, he burned the life of ten years, and strengthened the infuriating.

Coupled with the blood of the sword god, the blood of the undead, the burning of the heavens, the fire of the turtle, and so on, the power of this attack is extraordinary.

"what?"

The middle-aged man in black was surprised.

He felt the power of this golden dragon, very powerful, even if he was afraid he could not make it.

How is Ye Xuan mastered?

However, just as he was shocked, the Golden Dragon was already engulfed, and then a system prompts the sound.

"Hey, the host's killing value is improved!"

Spike!

This long-lived triple-black middle-aged man was killed by Ye Xuan!

Of course, this is also the middle-aged man in black who died on his own, and turned out to be careless.

In addition, Ye Xuan suddenly broke through to the longevity, but also exceeded his expectations, which led to this endgame.

"The trough, the power is strong, at least ten times before!"

Ye Xuan couldn't help but swallow.

The effect of shattering, coupled with the increase in the true life of the burning life, allowed the middle-aged man in black to die, and even the body did not stay.

Fortunately, when Ye Xuan was swallowed up by the middle-aged man in the black lacquered dragon, it was already wrapped up with the power of Vientiane, otherwise the 戒 戒 ring would be broken down.

"Wow, your young master has improved a lot."

The fall of the distance floated over and looked shocked.

"Of course."

Ye Xuan's mouth was slightly tilted, and he would take it down and instantly empty the things inside.
