Chapter 173: Victory!

"Grandma, a bear, you are a ungrateful dog thing, Cang Longjin, give me death!"

"boom!"

One punch and one palm hit together.

Two different energy collisions instantly provoked a thousand layers of air waves. The two guards of the true Yuan dynasty did not react, and they were shaken back.

Then, they saw that Tang Tian, the prince of the Tang Dynasty, flew out.

How can this be?

But this is the truth!

Fang Caixuan's performance is not the lower-level martial arts, but the temporary martial arts, Cang Longjin.

Although Tang Tian used the Shangpin-level martial arts, but Ye Xuan had a pair of Chinese-style sericulture silkworms, and his strength, flying more than Tang Tianyu.

"His Royal Highness!"

After the strangeness of the two real-world peaks, they quickly swept out and rushed toward Tang Tian.

As for Ye Xuan, he also took a few steps back from his left arm. Although he was flying people, the other party used the palm of his hand, and the gas was directly infiltrated into his left arm.

At the moment, he spent a lot of swallowing points, exchanged a healing medicine and swallowed it.

"Mom, this hate, Laozi wrote down!"

Ye Xuan, regardless of the other party, did not go in, he was at the gate of the stone tower.

He felt that the Great Zhou Dynasty should not be so fast to the fifth tower of the Datang Dynasty, so he wanted to continue and get some help.

From the time he joined the battle to the present, he has only killed more than 40 people, and only got more than 40 pieces of Qiang Kun.

At this time, Tang Tian was also killed with the help of two guards.

"Which party are you?" Tang Tian asked loudly, his left hand was shaking.

"Da Tang Dynasty!"

Ye Xuan only returned four words. He also knew that Tang Tianfang was suspicious of him, so he shot him.

"Then why are you blocking the door?" shouted one by the side of Tang Tian.

"Then ask your master, why did you attack me?"

Ye Xuan's eyes glanced, if it wasn't for Tang Tian's sudden attack, I'm afraid this battle is coming to an end.

Tang Tian also couldn't figure out which side of Ye Xuan was. He continued to ask: "How can you let it go?"

Fang Caixuan's punch was also to fight him. If Ye Xuan suddenly turned his back to the Great Zhou Dynasty, he would at least be worthy of the genius of two hundred Great Zhou Dynasty.

While he has been killing for so long, he has used a Shangpin-level martial arts, so there is not much left in the body. If you use the Shangpin-level martial arts again, I am afraid that the retreat will be resumed.

"Fifty 乾 戒 戒." Ye Xuan opened the conditions.

"it is good!"

Tang Tian promised to start madly killing people. He also knows that Ye Xuan is for the sake of victory, not victory.

No matter which party Ye Xuan is, as long as it is for profit, then everything is easy to say.

Fifty people are not very difficult for Tang Tian.

At this time, the battle has been going on for a long time. The two hundred and fifty people on the ground have already been killed. As long as they kill some more, the rest will be estimated to flee.

Soon, the goal of 50 people was reached, and Ye Xuan took advantage of this opportunity and killed more than 30.

"Give you!"

Tang Tian three people gathered together and then lost to Ye Xuan.

Ye Xuan caught up and went straight in one direction, giving them a way out.

"I am going up, you guard the door!"

When Tang Tian saw it, he immediately shouted at the two guards.

"Yes!"

Ye Xuan gave them a glance, and his heart snorted. Now he is running in the direction that Tang Tianyi started.

Tang Tian is not short of money, so killing people does not accept the Qiang Kun ring, but there are many bodies there.

"No, Tang Tian has already rushed up!"

"What to do, we have to lose!"

"What can I do, run, lose at least life, even Huang is not bad."

At this time, there were only a few dozen people left on the ground, and suddenly they were scattered.

"Is it finally running? Hey, leave me!"

At the foot of Ye Xuan, suddenly, he took out the chasing star.

"shoot with great precision!"

"shoot with great precision!"

"shoot with great precision!"

Although his left hand was injured, he took the healing medicine of more than 100,000 swallowing points and recovered.

Those geniuses who have run away are also killed by Ye Xuan.

As for the rest, Ye Xuan is lazy to chase, and it is important to clean up the battlefield.

He quickly cleaned up and did not count, just dumped things directly into the space.

"Nine million swallowed points?"

When Ye Xuan saw the score of the skyrocketing in the body, it was also shocked. Not only that, but the real element in his body was also inflated a lot. He already felt the flaw and was almost a little.

He didn't think again, and quickly swept under the stone tower.

"stop."

The guards of the two real-world peaks saw Ye Xuan want to go in, and immediately blocked the shot.

"Get out of my way!"

The two guards were easily beaten by Ye Xuan. If they were not seen in Tang Tian's face, they were already dead.

Ye Xuan rushed into the stone tower, and it was not a problem. Tang Tian still did not take away the Qiankun ring.

"Haha, it's cheaper for me, I will accept it!"

Ye Xuan's heart music opened his words and began to collect the Qiang Kun ring again.

Five... ten... fifteen... twenty...

The two guards also rushed in, but their speed has not yet been taken by Ye Xuan while charging the speed of the tower.

Just when Ye Xuan received thirty, there was a loud noise in the sky.

"The Great Stone Dynasty, the fifth lesson, the tower stone was destroyed, and the Datang Dynasty won!"

When I heard this voice, everyone stopped.

ended?

"Yay!"

The geniuses of the Datang Dynasty suddenly screamed a few times in the sky and finally ended, and they also won.

However, Ye Xuan was too lazy to manage, and he still had a lot of Qiang Kun to not accept it.

When he took away the last person's Qiang Kun, he finally came to the top of the tower. At this time, there is already a person at the top of the tower. It is Tang Tian who consumes a lot of mysterious and physical strength and looks pale and powerless.

Tang Tian looked at Ye Xuan, who was rushing up. He was also alert and asked: "Which party are you?"

Wen Yan, Ye Xuan said coldly: "And you."

"Are you sure?" Tang Tian glanced.

"It's over now, lie to you useful?" Ye Xuan continued to swear.

Just as the words fell, the old voice was heard again in the sky.

"The war of the dynasty is over, everyone can't take another shot, and the offender is disqualified!"

There were still people fighting, and now they have to be shot.

They don't know if there will be a messenger in Lingxiao who is riding in Ling Xiao Dapeng looking in the air.

"If you are really a member of the Tang Dynasty, I am willing to apologize for the behavior of the genius!"

Tang Tian is also a person who can afford to put it down, and immediately is holding a fist.
