Chapter 332: Super shock

"The captain is careful!" The two prawn screamed.

Meng Sanyi in the rush, followed by feeling the shock of his back, something slammed into him.

"Huh!"

He hammered it out and directly broke the sky to the broken.

"Good hard weapon." Meng Sanxin said in a dark voice, turned and continued to rush toward Ye Xuan.

"Boom!"

He hammered down and squatted on the floor, making the whole floor tremble, but Ye Xuan had already escaped.

"The eight wild winds kill, the sky breaks!"

Ye Xuan once again controlled eight sharp blades to form a sharp cone and drilled toward the back of Meng San.

Meng San's body trembled and said: "Kid, my defense is not worse than the iron-backed turtle. Your attack is nothing but me, let's go back."

"It didn't take long before I started playing. Can you talk nonsense?" Ye Xuan's cold voice sounded.

"Well, since you want to die, then I will send you a ride!" Meng San turned indignantly and once again broke through the sky and rushed toward Ye Xuan.

On strength, Ye Xuan is definitely not his opponent. But than speed, Ye Xuan is nearly 30% faster than him.

This battle is actually a unilateral assault. However, this Meng San's defense is indeed powerful. Ye Xuan's several days of breaking through can not break his carapace.

"It seems that only this method can be used!"

Ye Xuan said to himself, anyway, his Dan Yuan is almost infinite.

If this Meng San's shell defense is one hundred, Ye Xuan thinks that as long as he can hit a hundred to ninety-nine, then he will continue to do it.

It's been half a minute since the battle.

In half a minute, Ye Xuan rushed west and Meng San could not catch him. The shell of Meng San is also a faint crack.

"Hey!"

A crisp sound spread, and everyone in the face changed.

Ye Xuan gratifiedly revealed a smile and finally broke the defense.

Meng Jia's back shell broken, and then fight, Meng San will certainly die in his hands.

"How is it possible that this human kid has broken the captain's carapace?"

"I must have got it wrong."

The two prawns can't believe it.

Even Meng San is the same. He feels that Ye Xuan is very common every attack. He only shocks every time, and he has no feeling.

But what he didn't know was that Ye Xuan attacked the same position every time, so he could break his defense.

Meng San was shocked to go backwards and said: "I admit, you human beings are very strong. If you force me to cross me, I can't catch you. However, your two companions, I am afraid it will not work. ?"

Ye Xuan also stopped the attack. He quietly looked at Meng San. Indeed, if the three of them forcibly break through, the Song Dynasty and the Song ruling will definitely be stopped.

"But I have broken your defense. If you fight again, you will die in my hands. At that time, I will not pass?" Ye Xuan squinted.

"Yes, if I continue to fight, I may die in your hands."

Meng San can't be nodded, and said: "But you have thought about it, I am just a small captain. I only have one dragon. On top of me, there is also the captain of the two dragons, in the captain. Above, there are commanders and generals. The only way to go to the **** rock continent has been blocked by the king of my family. Do you think that the chances of passing you are several?"

This sentence is also to drop Ye Xuan.

Captain, captain, commander, general, above the general, there is also a king of the Hailong family, this strength has at least five dragons. If he is hard-nosed, it is absolutely impossible to pass, and he is even said to have ruled with the Song Dynasty and Song.

"It seems that I can only upgrade a little more strength and then go to it." Ye Xuan heart secretly.

"Do you think about it? If you think about it, just go back." Meng San said faintly, to be honest, he is still afraid of death.

Ye Xuan stood there quietly, thinking.

"Ye Xuan, what should I do?" Song Chong went to him and said.

The plan could not keep up with the changes. In the years after Ye Chong left, the deep sea palace was occupied by the seas, and the road must be blocked.

When flying on a flying mount to the **** rocky continent, it is more dangerous to pass through the rioting sea of stars that may be degraded by the mighty gods.

"It's hard to kill, you can only kill some holy beasts in front of you. After the breakthrough, you will die hard?" Ye Xuan was hesitating.

His Dan Yuan is also reaching its limit. When he devours ten different beasts, he can break through to the dilemma.

However, it is only the power of one dragon. It may be possible to deal with the captain of the Hailong family, but the commander is not necessarily, let alone the king.

Moreover, the Hailong family do not know how many masters, hard cockroaches are definitely nine deaths.

"What do you think about this kid, the captain will spare you a life, you have to cherish it."

"That is, quickly retreat, we still need to collect deep sea cyanobacteria."

The fat and thin prawns are yelling with a sharp voice.

"It seems that we can only retreat first. In any case, there are two or three dragons in the middle, and the three of us are still too dangerous."

Ye Xuan's heart has already made a decision.

"It seems that you figured it out, let's go." Meng San looked at Ye Xuandao.

However, just when his voice fell.

"Booming!"

Suddenly there was a loud bang, and the entire deep sea palace began to tremble.

"What happened?"

Ye Xuan three people are very surprised.

However, Meng Sansan understands why this is.

"Not good, the whale predecessors are angry again, steady!"

Meng Sanda shouted, the whole body was shrunk into the carapace, the other two prawn scared to death, hurriedly lost the rifle in his hand, and seized Meng San's big pliers.

Ye Xuan three people are also eclipsed, hurriedly gathered together, and when Ye Xuan turned his head and saw it, he saw a strong shock instantly.

"Hey!"

The three men immediately suffered this shock, and Ye Xuan's feet were stunned, and his heart was roaring: "What is the situation, a strong impact, Laozi's nose must be smashed!"

The Song Dynasty and the Song ruling were also one side, grabbing his arm.

As for the Meng San and the two prawns, it has already been shocked and disappeared.

The impact has arrived for a second, Ye Xuan is holding on to death, and one hand is holding the hand of the Song Dynasty, and must not let go.

Two seconds!

Three seconds!

The giant impact has been the last three seconds, but the more terrible is still behind.

"boom!"

A stronger shock hit, instantly disintegrating the power of Ye Xuan, and flew out the three.

"not good!"

Ye Xuan's face changed, and this sudden strong impact actually shattered the three of them.
