Chapter 382: Yin Feng Yu Wang

"really!"

Ye Xuan's heart sank, it seems that the alliance of the three parties has also been completely eliminated, including Xie Yu of Xie's family.

"You do this, the purpose is to absorb their bodies?" Ye Xuan eyes stunned.

"Yes, what I want is the human body!"

The mysterious man nodded and said: "When I found it, its life is coming to an end, and I just got the inheritance of the treasure tree of the millennium, so I used human body to cultivate it into a tree. Devil, feed on human blood."

Baoshuzong inheritance!

Ye Xuan's eyes glimpsed, this guy really has a connection with Bao Shuzong.

"That colorful fruit..." Ye Xuan murmured.

"It has lived for a thousand years. It is a miracle to survive to this day. I want to bear fruit?"

The mysterious man sneered, and paused, said: "However, if it absorbs enough human blood, it can still bear a fruit. Originally, I just wanted to kill these people, but unexpectedly it happened. Kid, now I will give you a chance, as long as you surrender to me, then the second fruit of the tree demon, I will give you, how?"

Surrender?

Ye Xuan snorted, let him surrender to a person, do not think about it.

However, he is paying attention to another key point in the story.

The second fruit!

This means that the first fruit is to be mysterious.

He guessed in his heart, how strong is the strength of this mysterious person?

"In this case, why don't you do it yourself?" Ye Xuan blinked.

"I just have the power of the 50 dragons, so I can only lead them in, and the magical hands do not hide, as if the victory is in sight."

"What is the power of the Fifty Dragons?" Ye Xuan blinked. He did not expect that the realm of this mysterious man would be higher than the power of his four dragons.

He estimated that even if he did not use the Beastmaster violent, he could kill the mysterious person.

Of course, this is only the case when the tree magic does not intervene.

"Kid, I know what you think in your heart, you can't kill me, because here, not only the tree magic..."

The mysterious man said, suddenly shouted: "Come out!"

what?

His behavior, let Ye Xuan heart tremble, it is difficult, mysterious people and other helpers?

At this time, the magic tree suddenly violently twisted, and then broke a hole from the trunk.

When Ye Xuan saw a figure coming out of the inside of the magic tree, it was shocked.

The yin wind!

This smog is not the same as what he has seen before, not only the whole body is the fascinating purple, but also higher and larger.

"It is the yin dynasty king who coexists with the tree demon. Its strength has reached the power of sixty-five dragons. If you have it, you can't escape it." The mysterious man said proudly.

It is he who cultivated the colorful treasure tree into a tree demon, and this gale wind smashed the king and grew up by the tree, so he can command the yin and wind king in disguise.

"Then you want me to surrender, should it be to collect human corpses for you? If so, why don't you let it go?" Ye Xuan asked strangely.

"No, the gloomy king and the tree demon coexist, can't leave too far." The mysterious man shook his head.

"Is it....."

Ye Xuan's eyes whispered, "Why wouldn't I surrender if I didn't?"

The mysterious man sneered: "I have a hundred ways to keep you alive. I like to shoot people who think they are capable. You have to remember that this is my place."

"How about that? Is it because you think that the tree demons and the sinister winds can pose a threat to me?" Ye Xuan's mouth rose slightly.

The mysterious man learned how he looked and asked: "Is it because you think that you can compete with the yin and the wind?"

"Ha ha....."

Ye Xuan just smiled coldly, and suddenly he flew ten dragons outside his body shape.

The power of forty-six dragons!

Then, in the face of the mysterious man, he used the Beastmaster violent!

Forty-six dragons, instantly become sixty dragons!

"what?"

The mysterious man was shocked, and Ye Xuan actually increased the power of the 14 dragons. How is this possible?

However, this does not mean that Ye Xuan can compete with the Yinfeng Yuwang. After all, the Yinfeng Yuwang is the holy beast of the sixty-five dragons.

However, what he did not know is that Ye Xuan still has a 20% movement speed bonus.

If he does not use body martial arts, his speed is more than that of the seventy dragons.

If you add 70% of the life of the law, this sinister wind is absolutely unable to keep up with him.

"call out!"

Ye Xuan did not intend to talk nonsense. After the violent violence of the Beastmaster, he rushed straight out.

The gloomy screaming of the king screamed and greeted him. And the tree demon, also twisting the branches, attacked Ye Xuan.

"Hey!"

Ye Xuan sacrificed the dragon sword, and a sword smashed on the armor of the smoldering king.

"The defense is strong!"

His brow wrinkled.

This smoldering king has also undergone a change. The strength is much stronger than the sacred beast of the sixty-five dragons. I am afraid that it has reached the sixty-seven eight dragons, so its defense is very strong.

"call out!"

After the Yinfeng Yuwang was close to Ye Xuan, he also began to attack with the double scorpion. Its attack speed was very fast. If Ye Xuan had a moving speed bonus, I am afraid it is difficult to escape.

At the same time, the tree magic also uses those branches to attack Ye Xuan. This tree has several branches and is very tough and extremely difficult to cut.

In the face of this double attack, Ye Xuan also felt a bit of pressure.

Although his strength reached 60 dragons at this time, the infuriating spirit is still in the realm of the force of the forty-six dragons. It is not so easy to break these branches and break the crust of the gale.

Moreover, the resilience of this tree demon is extremely strong. Even if it is cut off, it will grow up again, and there is a ghostly king on the side, so he changed the battle plan.

The thief first smashed the king!

The king here refers to the mysterious person, and the second refers to the tree magic.

The mysterious man got the inheritance of Baoshuzong. There must be a lot of good things in the Qiankun ring. If he can get the ring, he may be able to break through again.

The tree devil is too difficult, if you kill it first, it is also a good choice.

Anyway, the yin dynasty is to stay in the final kill.

"call out!"

Ye Xuan suddenly broke out and rushed toward the tree.

The mysterious face changed greatly. He didn't think that Ye Xuan had such strength. It was really a mistake.

Fortunately, there are tree demons and yin dynasty kings blocking, otherwise Ye Xuan must have ran to his front, and then a sword smashed his head.

"Damn, give it to me!"

The mysterious man roared.

The next moment, the tree trunk of the tree devil broke open again, and then a gray wind king came out of it.

"what?"

Ye Xuan was shocked, this yin wind smashed the king, there are actually two!
