Chapter 458: Rebellion?

This is the first third step of refining that Ye Xuan saw after entering the nine secluded land.

Listening to this man's tone, the land of ghosts seems to be gathering masters, ready to make a big vote.

At this time, if Ye Xuan broke out, it would be able to fight this man, but he would like to see what the ghost land is doing, so he followed.

On the way, I also met a lot of people in the land of ghosts, but this time, he can no longer do it.

The gathering point of the Ghostlands, in a valley, when Ye Xuan followed the man to arrive, there are already dozens of people gathered here.

"Good guy, so many masters, which sect is going to attack?"

Ye Xuan was shocked.

He followed the man to the ground, and then the man turned and said: "How many grievances have you collected?"

"How many grievances are collected?" Ye Xuan was surprised again, but it was expression management, a calm appearance, so as not to be seen again.

Then, the people who came with Ye Xuan came out with a few hundred ghost beads.

Hundreds of ghost beads can absorb the grievances, the maximum number is 999, and the thousand ghost beads are nine thousand nine hundred ninety-nine.

Ye Xuan glanced at it and found that there was a man who took out a thousand ghost beads. How many people did he kill?

The probability of the birth of the spirit is not high, and the high level of resentment is less.

Ye Xuan quickly thought about it for a moment, and then took out a few hundred ghost beads.

"Well, it's all good."

The man took the hundred ghost beads and walked to the front of the crowd and handed it over to an old man.

"It seems that the old man is the leader, perhaps reached the fourth stage of refining." Ye Xuan heart secretly.

At the same time, he is also speculating that the Biyu faction may have been destroyed by this old man, that is, he does not know how to deal with so many grievances.

He waited here for a while, although he stood in the same place, but he was eavesdropping on the conversations of people around him.

However, he did not hear anything. He only knew that this time he was going to attack a force called the Gavel.

This scorpion sword school has a master of refining the fourth order, so it is necessary to gather so many people.

The land of ghosts relies on human tactics. Even if they only have one hundred people, if each person releases a hundred grievances, it will be more than 10,000. What's more, you can control hundreds of resentful spirits at the same time. Fourth order.

During this time, the masters of the Ghostlands continued to come.

The old man who saw the head came to see people coming almost, is the big voice: "Well, people come almost, everyone will act!"

Then he flew with a group of people.

Ye Xuan glanced.

Sure enough, this old man is the fourth order of refining, in addition to six third-order refining, the rest are second or first order of refining.

Ye Xuan mixed in the team, followed the old man to fly in one direction, they flew for about half a day, and finally arrived at the martial art school.

"Good, up!"

The old man is no nonsense, and he shouts directly.

At the same time, he also took out a thousand ghost beads, released two resurgence fourth-order grievances, and many resurgence first-order to refining third-order grievances.

The same is true of others.

At that time, there was a large group of grievances in the sky, the number has exceeded 5,000, and even reached seven or eight thousand.

This large group of grievances rushed toward the cellar swords, and the disciples of the cellars were scared to death.

"Quick, go and inform the Sovereign, the land of the Ghost is attacked!"

The whole school was smashed into a group.

Fortunately, there is a big mountain guardian in the cellar, but this can not resist how long.

Within five seconds, this big mountain guard was broken, and thousands of grievances attacked.

This sound is huge, and the masters of the cellar swordsmen have also come out. They have already heard about this news, so they have been prepared and immediately divided into two groups of people, one to resist the grievances, and one to the land of ghosts. Ten people rushed.

The party of the Ghosts was also prepared, and released a lot of grievances, trying to resist.

Ye Xuan, who is mixed in the crowd, just released a few resurgence first-order grievances, he is hiding strength.

After seeing the people of the Dijiajian School and the grievances, it was also a flash of light.

Now, it is time for him to shoot!

Beastmaster is violent!

"boom!"

A force came to the fore, and the power of the dragon in Ye Xuan suddenly rose to more than 1,300 dragons.

The speed of one thousand six hundred dragons broke out directly.

The land of ghosts relies on human tactics, and its own strength is very poor.

The explosion of Ye Xuan instantly killed the people around him, including two masters of refining third-order.

Realm, once again improved!

"what?"

The veteran of the fourth-order refining eyes widened his eyes, and he couldn't believe it. This team, he personally checked, was the person who cultivated the secret of the ghost.

But now, why kill yourself?

However, he did not have time to think about it, because Ye Xuan had already killed him.

"Do you think the old man didn't have a left hand?"

The thousand ghost beads in the left hand of the old man burst into a brilliance, and actually put a resentment fourth-order grievance out.

However, this is not useful.

Ye Xuan is as fast as lightning, directly crossing this grievance, leaving the first level of the old man.

In the meantime, hundreds of grievances have lost control.

Ye Xuan quickly retired the old man's Qiang Kun, and the realm was raised again, and then continued to kill.

Even the fourth-order master of refining was killed by him, not to mention other people. In less than five seconds, the person on the side of the ghost land was completely degraded.

And Ye Xuan, also made a breakthrough to the third stage of refining.

This realm is really fast.

After all, these people are blood-washed a lot of sects, the city's monks, and there are many things in the ring.

"Resentment, all come back!"

Ye Xuan used the infuriating to lift these hundred ghost beads and thousands of ghost beads. The next moment, these grievances of the attacking swordsmanship were suddenly turned around and then returned to these beads.

"This this....."

The people of the cellar swords were all smashed, and they did not break through even the grievances. Everyone in the land of the ghosts fell.

They couldn't understand why Ye Xuan, a camp of ghosts, suddenly shot everyone to kill.

"Hello, you are..."

The lords of the cellar swords are different.

Ye Xuan looked at the disciples and elders of the money-stricken swordsmen. "I am not a ghost land, but just mixed in."

This explanation can be understood by everyone.

"It turned out to be the master sent by the top. Thank you for your help. I thanked the Swordsman on the ground." The lord of the Dijia Shou School thanked him.

If Ye Xuan thought, it would definitely be able to send this sword to the blood, but this sword and the sword and his innocence, this is not in line with his principles.
