Chapter 4911: Secret crystal

After a brief investigation, Ye Xuan extended to the power of the gods in the crystal of the phagocytic system, and the body face condensed by the self-consciousness also had a disappointing color that could not be opened. ... is quickly showing! No

Found!

Today's Ye Xuan, the power of God's knowledge is extremely terrible, but it is the second order of the real heaven and earth. Even so, Ye Xuan fully explored the time when there was a small half-column, but there was still no discovery.

It seems that this is a pure crystal, like the purest crystal, there is nothing inside, even the energy fluctuations are not captured, but in fact, it exudes an extremely secretive atmosphere. This

The breath can't come out of thin air, but inside and outside the crystal, it can't find any traces. This

Let Ye Xuan's heart sink, and the power of the second-order **** of heaven and earth can't find a little bit of a trace? How can this level of existence be the old guy of Emperor II can toss out? This

At the moment, Ye Xuan's heart was doubtful again, and he was suspicious of Emperor II.

However, although I can't find any traces of pearls for the time being, for Ye Xuan, it is not necessarily impossible to peel off the phagocytic system from the body.

Although he did not find any clues, one thing is certain, that is, this crystal is indeed a phagocytic system. To peel the system from its own body, it is a big deal to take this crystal out of the sea and throw it away. Going out is... I want to

Here, Ye Xuan is in a hurry! first

The layout of the former headless baby corpse made him feel a huge threat, and realized that the body's phagocytic system is very likely to be a time bomb, and the severity of it and the meaning of the headless baby corpse to Ye Xuan It is definitely different. no

Although the head corpse is also suspicious, its possibility of murdering Ye Xuan is not too great, and the phagocytic system is different. Its existence itself has a very strong purpose, which may cause damage to Ye Xuan. Sex, almost too big to be...

However, if you take this mysterious crystal out of the sea and throw it away from the ground, and then completely strip the phagocytic system from its own body, for Ye Xuan, the loss is heavy, but it is actually some People are moving. Take

The height that Ye Xuan has reached today, the other capabilities of the system, has almost no significant meaning. Everything that can be done by several system capabilities, Ye Xuan can do it on its own. where

Fearing that the system is redeeming the treasures in the store, Ye Xuan has also been somewhat invisible. Since he entered Hongkong's void, he has grown too fast, and he has received too many treasures, no matter quantity or level and quality. Almost horrible...only

One thing, Ye Xuan is really reluctant... that is the interstellar coordinate jumping ability attached to the system! which is

It is now that, in the state of the ninth change of the konjac, the ninth change of the blood vessels, Ye Xuan already possesses the second-order horror cultivation of the real heaven and earth. If you want to achieve the effect of the interstellar coordinate jumping ability, it is still far away. Impossible...example

As before, he escaped smoothly from the eyelids of the Qingtian Tiandao Qingyan, because of the activation of the inter-satellite coordinate jumping ability attached to the system.

The sky of the wilderness is the eighth heaven of the real heaven. After Ye Xuan's ability to use this ability to pull away, he still hasn't caught up. It's clear that he hasn't caught a little bit of it. only

With this, it is enough to prove the strength of this interstellar coordinate jump ability.

What's more, Ye Xuan is now more than one place in the voids of the three main stars in Hong Kong and the three major stars in the world, and the main shards of the ruins of the temple. This

These areas are far apart, even if there is a heavenly environment, it is impossible to arrive in an instant, but as long as it is the same void or between two adjacent voids, Ye Xuan can arbitrarily and instantaneously between the coordinate jump points of the pre-branded Contacts... this

An ability, even to the height and level of his present, is still very heart-felt, if it is so abandoned, it is really painful!

"However, from this point of view, the suspicious system of the phagocytic system is even stronger. This ability, even the true heaven and earth eighth-order torrents of the heavens and blue eyes may not be able to do, the phagocytic system that the emperor II made, by what So the ability to go against the sky?"

In the whispering whisper, Ye Xuan's mid-cold man flashed and made a decision in an instant: "But, temporarily leave this crystal in the sea, and watch it all the time..."

In the future, when my own cultivation is to enter the real heaven and earth, I will display the magical power of the konjac, and the strongest cultivation will surely reach the ninth-order great perfection of heaven and earth..."

"At that time, another exploration of the crystal will be carried out. If there is a result, it will depend on the result..."

"If there is still no result, then with the strength of repair at that time, the dependence on the interstellar coordinate jumping ability attached to the system must be even smaller. I dare not say that it is a dispensable thing, but even if it is abandoned, My influence will also be reduced to a minimum. By then, it will not be as painful and tangled as it is now..."

Thinking of this, Ye Xuan sighed with a sigh of relief, and he paused in the blue translucent crystals that knew the sea, and slowly fell into the sea of knowledge.

But this time, Ye Xuan wrapped a layer of gods on the surface of the crystal. So, even if he was freed from the ninth state of the konjac, he no longer had a real heavenly cultivation. But it is also possible to sense the presence of this crystal in the sea at any time and any place. This

In this case, this crystal will wait until Ye Xuan's close surveillance, even if its origin is so mysterious and amazing, I am afraid it is difficult to make any substantial damage to Ye Xuan.

With Ye Xuan's current cultivation as a level, even if the crystals change, the phagocytic system suddenly becomes difficult, and he can have a certain means to deal with it...

After the completion of the cut, Ye Xuan's self-consciousness withdrew from the sea, and after returning to the deity, the flesh opened his eyes for a moment. "

Rumble..."

Roar! "

"Isn't this an illusion? The old pig I actually felt the breath of the little bastard. Is this the rhythm that has finally returned? Niang Drip, this time I used to pour the old pigs..."

Almost in the next moment, in the secret room where the old pig was closed, there was a sudden thunderous sound of earth-shattering.

Immediately afterwards, there was a terrifying beast roaring in the air, and the madness of the old pigs was raging...

Obviously, the old pigs who have been retreating have finally regained their enthusiasm. At the first time, they sensed the breath of Ye Xuan. Under the heart, this made such a terrible arrogance.

However, this old goods is obviously somewhat smug, and has been called Ye Xuan boss, but now it has become a small bastard. Although it is because of the deep resentment, it is too disrespectful. Ye Xuan's nose is cold and his face is instantly Just pulled it down...

Chapter 4912: Brain circuit

On the side, in the secret room where the old pig was closed, suddenly there was a thunderous sound of thunderous sounds, and the old pigs who had been retreating all the time, finally woke up. and

In the first time, I felt the scent of Ye Xuan, and my heart was happy, this sent out such a terrible arrogance...

However, this old goods is obviously a bit smug, and has been called Ye Xuan boss, but now it has become a small bastard, Ye Xuan nose cold, and his face is immediately pulled down..."

Rumble..."

"call out....."

Almost in the next moment, the sound of rumble came, and the giant door built by the starry sky alloy slowly opened, and a mile was shot from it. The speed was too fast, and it was already in front of Ye Xuan's body. In addition, it stopped short.

Not old pigs and who can be? "

Xiao Wang Ba Gu is really you, do you finally know that you are back? Niang drop, this time the old pig, I can be pitted by you, oh yeah..."

To Ye Xuan, the old man's fine brilliance flashed, his face instantly showed anger, and the body's breath was more and more turbulent, giving people a feeling of anger and anger. only

Yes, when it comes to half, this old goods must have finally thought of sensing the beauty of Ye Xuan. This

It's not good to probe. Under the investigation, his face was suddenly frozen, and the words in his mouth were abruptly stopped. His eyes almost smashed out, his face was stunned, and he even subconsciously shrank his neck. language

The sound was also weakly octave, and it was a bit stammered: "This is... I am not an illusion of old pigs?"

Heaven and earth? Boss, did you actually enter the heavens? Could you even refine the 30th-level Tiandao Baodan? Oh, yeah..."

"It's no wonder that it has been delayed for ten years to come back. It must have been to refine the twenty-nine-level ridiculous treasure, and after breaking through to the ruin, continue to work hard, killing the ancient Supreme, and then going to the 30th level. Tiandao Baodan refining, I feel that I have come back to see the old pigs, our old buddy, and you rushed back..."

Boss, you have worked hard, old pig, I want to die you..."

In the end, this old goods was actually nowhere to open the four hoofs, and the volley flew directly, it was necessary to give Ye Xuan a bear hug, and the eyes were even more excited tears came out...

To be sure, this is because there are ninety-nine-level ridiculous treasures and thirty-level Tiandao Baodan, and they are so excited that they can't make their own! "

boom! ""

go away....."

Ye Xuan has no politeness at all. He pulls his face and walks straight to the past.

The buzzing sound came, the old and rounded body was instantly turned up on the ground for thousands of miles. This is clearly intentional. Please be pleased with Sapo... See

Ye Xuan did not pay attention to him, this old goods turned over, and the four hoofs flew in the air and suddenly ran over, obviously a **** pig, but this time the tail was awkward than the dog, a big The long nose is still sniffing around Ye Xuan, and I don't have a cold look. It's really like a dog. "

Don't sniff, I am as good as the second-order cultivation of today's Taoism. It is only realized in the state of the konjac. As for the true cultivation of its own strength, it is only the first step of the ancient and supreme. The 30th-level Tiandao Baodan, the materials are not uniform, which one to go? "turn

After a white eye, Ye Xuan finished, immediately waved his hand, and immediately there was a small jade bottle spurt away, directly in the hands of the old pig fine. This

Installed in a small bottle, it is a twenty-nine-level ridiculous Baodan. It has been three years since the old elite entered the ruins of the ancient ninth stage, and has tried to hit several bottlenecks in the big realm. Accumulation, after swallowing, at most three days, will be able to usher in the ruin of robbery, and thus enter the real wilderness supreme! except

In addition, Ye Xuan delivered a large number of giants, like a giant mountain-like chaotic medicine, the last time he refining a lot, and now there are still many.

The old pig essence is about to become a real ancient supreme. Although the nine-color magical medicine is still effective for him, but in Ye Xuan's view, there is a chaotic medicine, and naturally it is better to use this.

Such a large amount of chaotic medicine is the breakthrough of the old pig, and it is enough for him to use it for a period of time after he successfully enters the deserted supreme environment. At least, before the advancing into the ruins of the ancient ruins, it should not be Then I will open my mouth to Ye Xuan and ask for resources. "

Twenty-nine-level deserted Baodan? There are so many chaotic drugs? Oh, old pig, I love you..."

The small jade bottle that went to the lasing, and then explored the storage magic weapon containing the millions of chaotic drugs with the power of the gods, the eyes of the old pigs immediately appeared green light, a hoof Put it up, pouting and holding it to Ye Xuan Xiong... This

It is clearly the rhythm of the kiss, and the old guy's smugness is getting worse and worse. It's almost shameless to the point of no bottom line. "

boom! ”

"After being close to ten feet, Laozi can be a black hand..."

Thinking of his disgusting big pig's mouth, Ye Xuan's goose bumps came out, and his eyes were stunned and warned on the spot.

This foot has smashed the old pigs to thousands of miles away, but the old goods did not have a fart, and the rough skin was still rushing over, but did not dare to be close, but honestly in the ten Stopped outside and stopped. play

After a lot of trouble, Ye Xuan suddenly remembered something, and the stunned singer flashed, and the words suddenly came up: "Yes, your magic pig is now changing to the first few changes? You can't always be in the next three years. Trying to attack the abandonment on your own? It must be fruitless. If I were you, I would spend my time on the derivation of the magic pig..."

In the end, Ye Xuan hands spread a face, the face of helpless color: "Of course, you are a pig, there may be different choices, no way, after all, the brain circuit is different talent, I can understand!"

Roar! ”

"Hey..."

The old pig was angry at an instant, and roared up and said: "You are clearly turning around in the old pig. I am stupid, duel, must fight!"

"Is it a turn? Sorry, that is my mistake. In fact, I didn't want to turn. Then I changed the sentence. You are a pig. You are stupid. You have been wasting three years. Have you seen this become?" "Say

In the words, Ye Xuan rolled his eyes and directly picked up his wrist. Sensen sneered: "In addition, I just heard what you said about the duel, and it must be... Are you sure?"

I... I am talking about playing! "old

The pig sperm slammed down in an instant, shook his head and looked at Ye Xuan with a look of regret: "But I haven't completely wasted all these three years old pigs, at most half of it, the next year and a half are all pushing the devil. The pig has changed nine times..."

Nowadays, it has been deduced to the seventh change of the magic pig. If this is a successful breakthrough, it will officially enter the deserted state. Once the konjac is changed, it will be the second-order absurd, and after the seventh change, 𪛗 Isn't it immediately a complete relegation of the 9th order? "Say

In the end, the old guy was green, and excitedly screamed: "Oh..."

Chapter 4913: The rhythm of being fried at any time

"The seventh change?"

Ye Xuan stunned, his face showed a strange color: "I am also a step by step, you can also enter this realm immediately, plus the nine-change magical power has also reached the seventh change... .."

In this way, there is only two small steps between me and me. It seems that I have to refuel and go further. Otherwise, I would like to bully your old goods, I am afraid it will not be so easy in the future. "One

Listening to this, the old pig turned his eyes and gritted his teeth, but his face was full of smiles. He squinted and talked to Ye Xuan. "Hey, how can you bully the old pig? We are good. Brother..."

"boom!"

"Less come this set..."

Xuan also followed up with a white eye, no half polite, directly lifted the foot to fly the old goods, and have not forgotten it: "Remember, after the breakthrough, before going out of the secret room, do not

repair the strength to disperse Come out, I will cover you up again, and I should be able to avoid the air-conditioner of Hong Meng's void..."

Over the past ten years, the ridiculous geeks on both sides of the Milky Way have made shrinking tortoises, fearing that the old king will kill them. We will continue to refine the 30th-level Tiandao Baodan, but the raw materials will be five. Abandoning bloodlines..."

Your old goods are now breaking through to a despicable situation, and there will be a ruin and robbery. At that time, they will go to the right bank of the Galaxy to rob, hope to lead one or two ridiculous geeks out..."

"Yeah, you are still smart, you can think of it..."

As soon as I listened to the 30th-level Tiandao Baodan, the old pig's scorpion was brightened again, and then hesitated, the voice was still not falling, and the people had already rushed away, and directly rushed into the secret room of the previous retreat. "

Rumble..."

As the body shape of the old pig disappeared in the secret room, the door of the secret room made of starry sky alloy was also closed, and there was no sound coming out. The old pig essence should have swallowed the twenty-nine that was given to him. The level of deserted Baodan has now entered a state of retreat...

Ye Xuan did not leave, because if there was no accident, the retreat of the old pig fine would end in three days.

This time, the reason why he let the old pigs break through the time is not to let the air leak, so as not to bring their ruin on the spot, but to go to the left bank of the Galaxy, where they will rob.

The purpose is not only to attract one or two starry beasts, but another target is the virtual giant tortoise. This

Once, the headless baby corpse and the virtual giant turtle teamed up together and laid a big deal together. Although the pit was the green eyes of the wild, but Ye Xuan has been kept in the dark. Such as

Today, the Hongyan Tiandao Qingyan has successfully entered the Galaxy Star Field. It is a goal, and the Void Giant Turtle has also retired and escaped the pursuit of the Qingyan Heavenly Road.

The two of them were satisfied, but Ye Xuan's heart was depressed. Now, even their purpose is still completely unknown.

This is really a bad mood for him.

Of course, if you deliberately look for the empty giant tortoise that has long been crouched, it is completely unnecessary, but now, with the opportunity of squatting one or two wild and fierce beasts, you can lead the empty giant tortoise, Ye Xuan naturally Will not miss it. that

The goods also remember Ye Xuan's 30th-level Tiandao Baodan, who has been hunting the ridiculous star-studded beasts. Now I don't know how many pieces have been picked up, but it is certain that there are absolutely no five. Such as

In this case, the old pig sperm suddenly crossed its ruin on the right bank of the Milky Way. Once the dark giant crouching in the darkness sensed the breath, it must not be able to hold it, and it will appear in all likelihood.

Of course, this thing can't make the old pig know.

It's just a matter of attracting one or two curious veterans from a forbidden land on the right bank of the Milky Way. If you let him know that the giant turtle will come, and the goal is to hunt the desert, this is not guaranteed. What do you have to be scared of? Virtual

The empty giant tortoise is not a common ridiculous grotesque. The ninth-order grand perfect half-step meditation is already terrible. Plus, he has lived from the early days of the flood to the super-old blame of the world, even if it is old. The strongest of this level of pig essence, the impression that the hollow giant turtle is absolutely a legendary existence. One

Once he let him know that he was bait by Ye Xuan, not only to catch such a terrible existence, but also the purpose of the other party is to hunt himself, refine the blood of the old, to the temperament of the old pig, I am afraid on the spot And Ye Xuan's eyes...

Three days passed by. leaf

Xuan's speculation is not wrong. This time, the retreat time of the old pig is exactly three days.

"Booming..."

On the third day of the afternoon, Ye Xuan was meditating on the top of a huge peak in the top of the Longye Life Giants. The alloy door at the bottom of the chamber suddenly moved, and the sound of the earth-shattering bang came...

"Hey!"

The alloy giant door opened, and a masculine masculine shot came out in the open space in front of it. It was the old pig essence. this

Although he was embodied in this embodiment, his body shape has been reduced to only a stipulation. The dark body can be seen in a dark red color. This is clearly a force that suppresses the body and does not leak. Come out. "

Head, your movements can be a little faster, otherwise, the old pig, I can't guarantee when I will blow myself up..."

Head to Ye Xuan, this old-fashioned constipation color, depressed extremely: "You have not seen this body have become rounded? At least fat a big circle, dragging for a long time, but really want to bomb ..."

At the end of the day, the old pigs were inflated and the body was inflated, and the scalding sacs that were hot and shaved immediately, the leaves of Xu Xuan almost did not stop laughing.

However, this article is also true. Seeing him like this, it does not last long. "

call out! "

Thinking of this, Ye Xuan

At this time, Ye Xuan has also been freed from the ninth state of the konjac change, but the blood of the konjac is still activated. Therefore, he has repaired the body shape of the upper and lower body. For the breath, it is the second order of the ancient sage...

Moreover, even the second-order absurd cultivation has been deliberately converged by him, and has spurred the core of the mind that hangs in the brain to understand the sea. Take

The magical power of the devil, the magical power of the perfect shock, the body shape and breath are perfectly concealed. do

After all this, between Ye Xuan's thoughts, his long-lost figure disappeared instantly and appeared directly in the universe's void outside the source nest. Following

As soon as the figure was swaying, it immediately started to speed up and spurred toward the right bank of the Milky Way.

In this mysterious and dark Hong Kong void, Ye Xuan has only branded two inter-satellite coordinate jumping points, one is near the source nest star base camp, and the other is in the source nest star that gave birth to his strongest power. nearby.

The last indicator of the interplanetary coordinate jump point, he has not used it, so now rushing to the right bank of the Galaxy, can only cross the void like this...

Chapter 4914: Come back soon

Even if it only activates the **** magical power of the Taikoo konjac, it has not entered the ninth state of change. Today, Ye Xuan also has the second-order terrorist power of absurdity, and the speed is naturally very fast.

Just one day, he rushed to the right bank of the Milky Way, but he did not approach the vicinity of the left bank and the beasts of the beasts, because that was too obvious, but it was suspicion.

He stopped at the imaginary sky tens of billions of miles from the right bank of the Milky Way. After some searching, he determined the most suitable star field.

There are many abandoned stars in this area, which are the best places to set up. "

Oh..."

During the wave, the volley was shot out, and the old pig was released from the Shennong Ding by Ye Xuan. It was only a day away. The body shape was fat and the whole body was smashed into a purple color. Ye Xuan almost laughed and laughed, but the goods were straightforward.

I don't know if it is mad or embarrassing. "

OK, it is here, you can slowly diffuse the breath now, remember, don't be too fast, otherwise the fish is still not hooked, you will take the pat on the **** and leave..."

So I have to give a few words to the old pig, and Ye Xuan's body shape has disappeared directly into the distance. he

Entering the depths of an abandoned star, and with the perfect shock of the spiritual power secret method to perfectly conceal the body shape and atmosphere, the location of the old pig fine is more than 10 billion miles away. only

If necessary, he can come to the scene at any time...

"Hey..."

"boom!"

Rumble..."...

...old

The pig fined his hair and screamed at the sky, revealing the endless anger. In a moment, there was a thunderous sound of earth-shattering, and a lot of black robbers came. lift

Looking forward, a awning thick black cloud is gathering at a speed that is visible to the naked eye. If it is too low, there will be a region of hundreds of millions of miles round, all covered with black robbing. Cloud...this

At one moment, the old-fashioned atmosphere of the old pigs is exhausted, and it has been sensed by the power of the law of Hongmeng, and there will naturally be a thunder robbery. This is his ridiculous robbery!

"When I waited for the endless years, the old pig, my ruin, finally came down..."

Oh..."

Rumble..."

As the old pig's body is filled with a little breath, and under the roar of the head, the clouds in the void are gathering faster, and the blink of an eye has covered a billion miles.

This wave of horrible robbery clouds suddenly appeared, not to mention tens of billions of miles away, that is, it can be sensed in hundreds of billions of miles.

In the distance, the remains of the survivors on the right bank of the Milky Way and the forbidden land of the beasts are already in vain. A large number of high-level stars and forbidden high-level people have all walked out of the retreat, a look of suspicion...

Soon, among the stars and the forbidden land, a large number of figures rushed out of it and gathered around here.

The repair is at least equal to the ordinary immortality, but the strongest is only a few ancient powers. Since the Void Giant Turtle has hunted a few powerful beasts of the ruin level, the left bank of the Galaxy has a forbidden star field and a savage beast. The ridiculous geeks in the middle, all hiding, and simply do not dare to take the lead... short

Short meals, the abandoned stars are located in the sky around the 20 billion miles of the surrounding area, and gathered a large number of survivors and beasts from the right bank of the Milky Way. number

Too much, dense and overwhelming.

After all, this is a ridiculous thunder, even in this glory, it is not something that can be seen casually, witnessing a quasi-dignity robbery, the benefits of which are hard to say, as long as there is this strength, can be far away You will not be willing to miss such an opportunity to ensure that you are innocent.

Since the meal, the old pig essence has been releasing the breath and strength of the body slowly. Now, finally, some can't hold it. again

Coupled with the imaginary voids of 20 billion miles away, the densely populous and the beastly strong have already gathered. The news has spread out, and the movements are not too small. If there are absurd geeks coming, it is estimated to be fast. It is. miss you

Here, the old pig is looking forward to a long, stunned look: "Hey..."

Rumble..."

As if in response to the general, the vast robbery cloud shrouded in the top of the head, which shrouded a billion miles, also made an astonishing roar at this moment, and it continued to come.

After all, this is a ridiculous thunder, and the power is not the same, so the number of robbery clouds is so horrible, the power is extraordinary, and with the last scream of the old pig, the thick clouds gathered at high altitude, in an instant it has skyrocketed again..."

Rumble..."

Card!"

At this moment, the robber clouds gathered at the top of the head were densely dark and dark, and the enveloped void of the universe was close to 10 billion miles away. It was awkward, and immediately in the earth-shattering roar, the first time a purple gold lightning was lowered.This

The road robbery is too thick, enough to have a giant of nearly a million feet, to see its power, even if it is an ordinary star, it must be blown open!

Although it is still not comparable to the robbery of Ye Xuan's previous ruin, but it is not too different, at least 70% of its power.

In the distance around the void, there were a large number of survivors and fierce beasts from the forbidden star field and the forbidden land. They had been quietly crouching all the time, and now they are covered with a thick and dense area. The robbery was shocked and all were alarmed. No

I was hesitant, and immediately dispersed to the surroundings at the first time. After a full retreat of more than 10 billion miles, I stopped.

The power of robbery is too astounding, and the power is so powerful that only when they escape to such a distance can they feel a sense of security, and the fear of staying close will be met by the pool.

"Roar!"

For everything around me, the old pig essence was not in the heart, and I did not pay attention to it. At this moment, his entire mind has been attracted by the first wave of thunderstorms in the sky...

At the same time as the first roar, the whole body shape was also spurred toward the sky at this moment. Under the black flashes, the shape of the old pig was instantly covered by the overwhelming purple Leihai. Correct

At this point, Ye Xuan is not worried at all. The old goods are rough and rough, and they have entered the ruins of the ancient ninth stage of the ancient times. The foundation is profound, and it is absolutely impossible to resist these three waves of thunder. this

At the time, all the thoughts of Ye Xuan were placed in the void around them, paying close attention to other changes. His goal was only the wild animal and the most likely virtual giant turtle.

"call out!"

"Hey..."

At this time, three weak breaks suddenly sounded in three different directions from the far side. dense

Among the intimate strong people, there are three figures rushing out at this moment, the speed is reaching the extreme, going straight to the old pig.

Although they deliberately concealed the atmosphere, but Ye Xuan is also a deserted strong, or from their keenly caught a trace of absurdity...

Good guy, I didn't expect it all at once, but I came here...

Chapter 4915: Instant seconds

What makes Ye Xuan even more ridiculous is that the three ridiculous old monsters that suddenly appeared in the body all have a strong vicious animal atmosphere. That is to say, they are all starry beasts, but not old people.

This is really a surprise. If you can kill all these three evil beasts, you will be rewarded with three wild bloodstains in an instant.

This point, Ye Xuan is still very confident, because he has already felt that these three desolation are only second-order, third-order cultivation. Such as

Guo Ye Xuan enters the ninth change of the magical scorpion and the **** sacred magical power. Even if the body shape is still maintained at the height of the stipulations, he will give up the six-thousand-thousand-thousand-thousand-sized body, and the first-order blessing of the repairing force. You can have the second-order power of heaven and earth in an instant. sudden

Under the defense, the killing of these three initials is absurd, but it's like playing...

In fact, the absurdity of these three accidents is all starry beasts, this is also expected.

The starry beasts, each other's engulfing each other to enhance their own cultivation and blood, the old pig essence is also a desert, and now is robbing, before the completion of the robbery, he is quasi-disregard.

Quasi-reliance is not really a desolation, but the blood in the body is no different from the real absurdity, but the strength is different. Place

Therefore, these three savage beasts will suddenly shoot at this point in time. Once they successfully swallow up the old pigs, then it is tantamount to waiting for the existence of a lazy level, for their own The benefits are simply incalculable.

Looking back and squatting in the Dongfu, it takes time to refine it, and soon it will be able to break through again, and it is even possible to break through twice...

The temptation is too big, even if it is now on the right bank of the vast expanse of the Milky Way, the slutty of the giant tortoise is clouded, and after all, there is also a greedy grief that can't hold your heart.

And one came, actually three!

Of course, they are obviously prepared. They have previously concealed their breath to the extreme, and they are mixed in the overwhelming legacy of the survivors and the starry beasts.

Nowadays, it is only because of sudden shots, the body has a hint of breath, only to be locked by Ye Xuan. And

Even if these three guys ventured out, they didn't show their true feelings now. Their physiques were only kept at about a thousand feet. Compared with the starry beasts in the sky, they were even small and inconspicuous. very

Even the entire body shape of the entire mansion is shrouded in different colors of light. Once a blow fails, I am afraid that I will immediately take it away in the first time, so as not to attract unnecessary attention, stealing chickens will not become anti-corrosion. Put rice... leaves

Xuan originally did not intend to shoot now, because the virtual giant tortoise has not yet appeared, but the situation in front of it is so, in order to wait for the pharaoh who will not necessarily appear, in case the three **** essences that are about to be reached are in the fingers. It's too cost-effective to slip away. miss you

Here, Ye Xuan sighed a sigh, unwillingly turned a blind eye, and his body shape suddenly rushed out from the crouching abandoned star star nucleus.

At this moment, he has already turned the blood of the konjac into the ninth change. It was only the second-order cultivation of the ruthlessness. The momentary work has soared a big realm and reached the second level of the heavenly environment. Terror is incomparable. Do not

However, Ye Xuan's figure still remains as a starry sky, and a **** stick is in his hand. This kind of weapon, such a weapon, is already a fierce name on the right bank of this Galaxy. Match. Ren

Anyone who saw it would know that it was the fierce violent temper. Do not

However, although the **** magical power of the konjac has been transformed into the ninth change, the second-order horror cultivation of the heavenly state has been instantaneously.

But at this moment, Ye Xuan still maintains the magical secret of the perfect shock, trying to hide his body shape and conceal his breath. This is also to avoid being noticed by the ridiculous heaven and earth. When the anger comes, it will be a bad thing.

In addition, once the Void Giant Turtle senses this breath, even if it comes, most of them will turn around halfway, which is definitely not what Ye Xuan would like to see.

"call out....."

At this moment, as his figure rushed out from the previously abandoned ruined stars, the faint sound of the air broke through, and Ye Xuan's figure appeared behind a deserted beast.

This old guy doesn't know what form and blood, but it is indeed a starburst beast. At this moment, it is rushing to the purple Leihai, which is covered with old pigs. It feels like a hidden atmosphere behind him, and it makes him faint. The sense of crisis in the spirits of the gods, under the shock, its shape is instantly easy to stop in the void. and

And subconsciously, I'm going to look around..."

Rumble..."

"boom!"

Ye Xuanyuan's mid-cold mangling flashed, his body shape did not appear, and he was still hidden, even the breath was the same, but as a **** stick to attack the war treasure, he directly explored from the void, with a shocking bombardment. The sound of thunder and thunder is empty. ten

One of the points is not enough, and it falls on the top of this ridiculous beast.

There is no suspense in half a minute. With the huge explosion, the whole body shape of this ridiculous beast, Panda, will be turned into a red blood fog that spreads rapidly in the blink of an eye! "

call out! "With

The target figure exploded and turned into a **** fog. Ye Xuan also waved in the first time, and a incomparable invisible qi was rolled out of his body, covering a thousand miles. just

The **** fog that just spread out was swept away by him, and he was enrolled in the body, waiting for the bottom of the volcano in the central area of the Dingnai space after the war. This

Everything is long, but in fact it happens between suffocation.

Suddenly from the **** rod, the sky suddenly slammed into the air, and a stick of the wild animal was turned into a blood fog, and then Ye Xuan waved his hand, and the **** stick disappeared again. He quickly took it away, and he didn't even come back and forth...

In this short time, there have been such amazing changes, and all the people have never reacted..."

Roar! "

"Card..."

Come back, I am getting itchy old pig..."

Oh..."

Just at this time, the first wave of robbery dissipated, and the shape of the old pig was revealed, although it was a bit wolf, but it was not damaged. Yang

Under the first roar, the sky once again came to the sky to blow up. After the sound of the sound of the card, the second power of the more powerful robbery had already collapsed, and the eyes of the old pig were covered in a blink of an eye. The Thunder Sea is raging. and

At this time, the two ridiculous old monsters that rushed from the other two directions to the old pigs had already reached the edge of the Leihai Sea, less than 10 billion miles away. but

They clearly sensed the changes that occurred here, and while they were abruptly stopped, they also turned to look at them with trepidation. just

At this time, Ye Xuan also had an action, concealed his figure, and he converges on the breath. Only one tenth of the interest is not enough, and he has crossed the void distance of more than two billion miles. The side of the two heads of the old blame...

Chapter 4916: That killing **** is coming again.

"Booming..."

boom! "

With Ye Xuan quietly touching the past, his figure did not appear, still hidden, even the breath is the same, but as a **** stick to attack the war treasure, but directly from the void air ...

In the next moment, the thunderous sound of the thundering sounds, the **** sticks squat in the air, and the blink of an eye has fallen on the top of this ridiculous beast. according to

There is no suspense in the old days. With the huge explosion, the whole body shape of this ridiculous beast, Panda, is turned into a red blood fog that spreads rapidly in the blink of an eye!

"call out!"

This is the second goal. With its body shape exploding and turning into blood and fog, Ye Xuan also waved in the first time, and a huge invisible instinct was rolled out of his body...

Between the blink of an eye, the cloud is covered, and the **** fog that has just spread out is swept up by him and is in the body! Take

After the war, send it to the bottom of the volcano in the central area of Dingnai Space.

All this was too smooth, two moments before and after, two ridiculous old monsters have been smashed, the gods are gone, the blood and blood bursting out of the body are instantly taken away, the hair has not left one. This

It's definitely a spike, and it's two consecutive seconds! brain

The thoughts flashed through the sea, and the last ridiculously old and violent figure trembled, and took a sigh of relief, and then ignored the old pigs that were still roaring in the second wave of thunder. With a wave of hand, tearing a void in front of the figure...

Stepping into it, you want to step into it and escape! can

Unfortunately, everything is late...

"boom!"

"Hey..."

At the same instant, the empty sky on the right side of this ridiculous old monster, a **** stick suddenly stretched out without warning, and sighed with a roar of the void, one In an instant, he just turned his body shape into a **** fog...

The last goal was degraded. Ye Xuan also waved in the first time. A huge invisible instinct was rolled out of his body and enveloped a thousand miles. just

The **** fog that just spread out was swept away by him, and he was included in the body, waiting for the bottom of the volcano in the central area of the Dingnai space after the war, and condensed into a **** blood! to

Therefore, the three heads of the ridiculous beasts are all in full swing, and within a short period of three interest, they have been blasted out of the flesh, and even the blood and fog have been taken away, and the gods are gone, and Mao has not been able to leave one. Roots come...

Not to mention the countless survivors and beasts who are surrounded by the emptiness in the distance. In fact, all of this has even a feeling of dreams in Ye Xuan. This

Although the three old guys are only the initial desolation of the second and third worlds, but the absurdity is absurd, it is difficult to really kill, like Ye Xuan, three times in a row, all of them are instantly spiked, it is even more shocking. It is.

In the past, even if it was such a stealth, it was impossible to sneak up with a **** stick. Ye Xuan couldn't do it. Don't say that it's a spike, even a successful bombing is impossible.

But now, he is already the second-order horror of heaven and earth. The fighting power is far from being comparable in the emptiness of the ruins of the heavens and the earth, plus the horrible power of the **** bars, and the sudden sneak attack. Will have such a result.

"Roar!"

Card..."

"The last one? Come here..."

"Hey..."

Until then, the third wave of thunderbolt finally dissipated, and the old pig's body shape revealed that it was more embarrassing than before, but it still has no loss.

Once again, I screamed up and screamed at the sky. After the sound of the smashing, the third power of the violent robbery had already collapsed. In the blink of an eye, the old pig's body was covered. Turned into a vast Leihai, raging in the void...this

Everything, but before and after the number of interest, can be described between the electric light and the fire, the three ridiculous old monsters who suddenly shot, have been successively fallen, and the smoke is gone.

The countless survivors and the fierce beasts gathered in the periphery of the vacant two or three billion mile are only now fascinated and faintly aware of what. that

These are the weaker existences, only the mind is guessing, with their cultivation as the strength, even the cosmic lord or the master of the universe, did not understand the specific details, everything is too fast. but

Among the overwhelming countless survivors and beasts, there are obviously some cosmic supreme and even the ancient powers crouching, mixed in the crowd.

Their cultivation is stronger, their consciousness is more acute, and their perception is stronger. Although they do not understand everything, they basically capture the facts. Do not

Knowing it, the universe's supreme and ancient powers that know the truth are even more unbearable. Under the violent earthquake, the complexion has changed dramatically, and they have been chilling, and the screams suddenly sound like a tide...

"The ridiculous blame! The three figures that have suddenly appeared, are absolutely absurd blame..."

"Oh! It's too horrible, three powerful ancient sacred lords. In the time when the three interest rates were not available, they were killed by the same person. The blood fog that broke out in the flesh was completely removed, and half of the hairs were not left. under.....""

This kind of technique is familiar, will not be the legendary giant tortoise coming again? But... it doesn't feel like it, and he doesn't seem to be that strong! ""

Yes, it is possible to kill three ancient Supreme Supreme in an instant. This is by no means a ridiculous ninth-order perfection. It can't be so easy and freehand. The existence of the shot is probably the strongest of the heavens, at least The first step of the heavens..."

Heaven and earth? How is this possible? Ten years ago, he was only a great old man. With some mysterious anti-theft secrets, he could possess the strength of the ancient and supreme cultivation. If the current combat power has reached the heavenly state, it is not his own real cultivation. Has it actually entered a real abandonment? ”

"You guessed it? What is the speed of cultivation? In less than a decade, it has entered the real world from the first entry into the big power, and it is clearly an improvement of the whole realm..."

"Yes, it is him, it must be him. The **** stick is too familiar. It is known to the gray old man. I have seen it two or three times in the beginning. This time, it must be the fierce starburst. ape....."

"Is it? God, I have been quiet for nearly ten years. Is this killing come back? Just ten years ago, it was just hunting the power. Now, like the giant tortoise, he started hunting. Abandoned..."

.....shock

In the voice, countless powerful people in the sky in the distance are turning around, like a dog who is lost, fluttering and fleeing in the distance...

In all this, Ye Xuan did not pay attention to it. After the third evil beast was killed, the **** stick was once again hidden in the void. At this time, he still fully opened the spirit of perfect shock. The secret of power, not only the shape of the body, but also the second-order cultivation of the heavens as the strength, they are also as concealed as possible...

Chapter 4917: Where does Lao Wangba run?

"Roar!"

Hey! ”

"Hey..."

In the distance around the void, countless powerful people from the right bank of the Milky Way and the forbidden land of the starry sky are like a funeral dog.

They are all scared. pin

The starry sky that has disappeared for more than ten years is back, and once it appears, it is within a short period of three interest, and instantly kills three powerful ancient supremes. This is definitely the peak force that has reached heaven. The situation is obvious. This

The film is full of heaven and nature, but it is only a phoenix scale, and it has never appeared. I don't know where it is.

Suddenly there was a stalwart, and it was still a fierce name. All the way from the immortal king to the starry sky, they were not afraid to blame. Correct

In all of this, Ye Xuan did not pay attention to it. At this time, he still fully opened the magical spirit of the perfect shock. Not only the body shape is hidden, but even the second-order cultivation of the heaven and earth is as strong as possible. Holding...

If you don't know that he is here, and carefully explored in his lame, it will not be able to sense a trace.

The reason why Ye Xuan is to wait for the Void Giant Turtle to come, he always believes that such an opportunity, the old guy will not be willing to miss...

Ye Xuan is waiting, waiting for the appearance of the Void Giant Turtle.

However, even if the old guy does not appear today, for Ye Xuan, today's plan is perfect, it can be said that it is overfulfilled with the established goal.

Previously, he had only hoped to harvest two wild bloodstains today, but now he has killed three powerful wild beasts. he

There are three wild bloodstains in the hands. Now, with three more books, Ye Xuan's **** blood has reached six giants...but

This is still not enough, not enough. Moreover, in the perfect Danfang of the 30th-level Tiandao Baodan, a special material is needed to carry out the refining. Therefore, although the minimum requirements of the five rare bloodstains have been collected. However, but Ye Xuan still does not immediately refine the 30th-level Tiandao Baodan. and also

Can't refine, you have to continue collecting materials...

"Roar!"

"Card..."

Oh..." straight

At this time, the third wave of thunderbolt finally dissipated, and the old pig's body shape was revealed. This time, it was obviously more embarrassing. It seems that it was slightly hurt, but it is not serious, at least it does not affect the war. force. this

Inscribed, with the endless thunder sea dissipated by the third wave of hijackings, the endless robbery cloud that had been shrouded in the sky above the head of the sky disappeared completely in an instant.

After successfully passing this time of the ridiculous thunder, today's old pig essence is a true ancient supreme, the absurd atmosphere diffused from his body, strong to the extreme...

"Hey..."

"From this moment on, I am also a vulgar old pig..."

Oh..."

Under the turbulent mood, the old pig screamed and screamed, and issued two long-awaited long shackles.

As I said before, this product will be forgotten once it is proud, and this problem seems to be getting more and more serious. At this moment, as he successfully passed the ridiculous robbery, he entered the real world of absurdity in one fell swoop. Under the roar, the breath of the body instantly swayed to the extreme, as if to show off, even in the void of hundreds of billions of miles, I am afraid I can feel a little...

"boom!"

"Oh..."

Just at this time, the old pig's right side of the right side of the top of the sky, suddenly came a terrifying explosion of roaring sound. Virtual

The air was torn out without a warning, and there was a black crack. It was hundreds of millions of miles in length and terrible. It was like a giant mouth. From

In this black crack like a huge mouth, a blue-gray toe claw stretched out, like a giant pillar, with a horrible atmosphere of ruining the earth, facing the old pig who is roaring in the sky. Smashed the past...

At the same time, there is a powerful and powerful atmosphere that stretches out from this huge black crack. Just like the Nujiang River, it is only a moment of work, and the old pig's huge body is completely shrouded. With the lock...

This breath is no small feat, although it is not a real heaven, but it is stronger than any peak of the nine-order grand perfection.

It is infinitely close to the real heaven and earth. It is only one line apart. It is definitely the most powerful existence under the heavens and there is no rival. and

Moreover, the breath is old and dignified, revealing an inexplicable pressure of pressure... old

The shape of the pig essence was stiff, and the whole person was on the spot.

Although he is already a desert, but after all, he has just experienced a ridiculous thunder, not only has just entered this situation, but even the repair is still not stable. Such as

Today, he and the owner of this gray-toed claw are in the same big realm, but the two are walking at the two extremes. old

Pig essence can be said to be the weakest presence in the desert, and the owner of this gray-toed claw is absolutely the most powerful existence in the desert...

Therefore, the great disparity between the two is obvious, and it is a far cry from the world. It is no exaggeration! This

At the moment, with this horrible pressure to cover the whole body, the old pig's body trembled fiercely, and stood on the spot, stagnant there, the shock and the stun of the face, it was not Have time to dodge or turn around and flee...

And this giant claw suddenly protruding from the void, the speed is almost to the extreme, beyond lightning, although far away, but at this horrible speed, I am afraid that I can not use two interest, it will lie in the body of the old pig Up.

If this scene really occurs, the final result must be unquestionable.

In contrast to the strength of the gap between the two, the old pigs who have just passed the ridiculous robbery will die in an instant. on

At the same time that this form of God is extinct, the **** fog formed by the flesh of the body will be taken away by the other party, and then immediately withdraw from the distance... Because the owner of this gray-toed claw is the hollow giant turtle!

Ye Xuan and so on, this is the moment. thing

In fact, when the black crack appeared in the far side of the right side of the old pig, the whole heart of Ye Xuan had already hung in the eyes of the blind.

At the moment, as this blue-gray toe claw emerges from the void cracks, it slams into the old pigs, and has always been hidden in the darkness of Ye Xuan's chilling, and has already shot...

boom!"

At this moment, with Ye Xuan waving, the void crack suddenly burst, only a few hundred million miles, but at the moment, under the second-order terrorist power of Ye Xuantian, it was instantly torn to tens of billions of emptiness. The little half of the body was revealed. and

Moreover, there is an invisible terrorist force that, after wrapping his right forelimb, is pulling his entire body outward.

The empty giant turtle was caught off guard, and the body shape slammed into the crack, and it was cracked even more...

In this scene, the face of Ye Xuan's face was awkward, and when he was arrogant, he made another effort: "Pharaoh, this time Laozi sees where you are still running..."

Chapter 4918: Wild night fork is not dead

"Boom!" Giant

The sound came, and under the second-order terrorist power of Ye Xuantian, the moment was torn to tens of billions of miles, and the hollow giant turtle half of the body was revealed. One

After the invisible terrorist force wrapped his right forelimb, he was pulling the whole body outward, and the giant turtle was caught off guard. The body shape slammed into the crack and it was split even more..."

Lao Wang Ba, this time Laozi sees where you are still running..."

At this time, Ye Xuan's face was already stunned, and when he was arrogant, he made another effort..."

Card..."

"boom!"

The emptiness split into two halves, and the rips are terrible, but they still can't tolerate the huge horror of the giant tortoise. However, this force has no way to resist. In desperation, he can only quickly shrink his figure...

Therefore, in the thunderous roar, the virtual giant tortoise was finally dragged out by Ye Xuan. Although its size has been reduced as much as possible, it still looks like a star field, falling out of the cold, I do not know how many abandoned stars collapsed. , burst into powder.

"call out....."

Ye Xuan waved the first time, and the old pigs who were stupid in the void were included in Shennong Baoding. Otherwise, the goods might be seriously injured by the empty giant tortoise. this

Engraved, as the shape of the old turtle was forcibly pulled out by Ye Xuan, it just broke the emptiness of the horrible mouth, and it quickly began to close, and the blink of an eye returned to its original state. This

Li Hong is a void, and the power of the law is too strong. Even if it is a crack in the sky that the strong people of the heavens have torn open, the force will be recovered and the crack will soon be closed..."

Stinky boy, is this the trap you laid? "to

At this time, if the Void Giant Turtle still can't see the problem, then it is really strange: "The black-skinned old pig is actually your accomplice?"

Hey, you are nothing, the old turtle I don't know you in general, the black-skinned old pig, the old turtle, I have written it down for him, and the next time I meet again, I can't swallow it..."

The half-step of the church, from the early days of the flood, to the ancient existence of the world, today is calculated by Ye Xuan, in the trap, the hollow giant turtle is extremely depressed, after a cold scream, screaming at Ye Xuan's body shape The power that has been wrapped around his right forelimb is a little lax, and it slams into the front...

It is clearly guilty, and you want to slap the rhythm of the soles of your feet. original

Ben, he can tear away from the void directly, but in that case there will be some delay, and it must be locked again by Ye Xuan. Even if half of the body has penetrated into the void crack, it has to be Ye Xuan again. Give it out directly.

Therefore, the hollow giant turtle did not intend to take away the way of tearing the void, but turned and ran, at least had to escape a distance and then tear the void. Do not

However, he obviously forgot a point, that is, today's Ye Xuan has already possessed the second-order horror cultivation of the heavenly state under the ninth state of the konjac. and

The virtual giant tortoise can only be said to be infinitely close to the heavens, and it is weaker than Ye Xuan.

It is not as good as the strength, and the natural speed is not comparable. His body shape has just been thrown out hundreds of billions of miles away. Under the flower, Zhang Xuan, who has a high-pitched form, has already arrived at him. In front of me, I stopped the way directly..."

What do you want to do? Could it be that the wings are hard and I want to do something with the old turtle? If you are not worried about bringing in the sky, the old turtle, I am not going to pack you up today..."

The empty giant tortoise was extremely depressed, and a pair of turtle eyes smashed Ye Xuan a note, and when he turned around, he rushed to the other direction. "

call out....."

The faint sound of breaking the air rang, and the flower was again in front of him. The violent temper was just like the bones of the bones, and he followed it up and still stopped in front of him. This

It's clear that it's not the rhythm of not taking the oath..."

You know what I want to ask, this time, don't get the answer, never give up..."

Ye Xuan did not pay attention to him at all, and his body shape stopped in front of the empty giant tortoise, so he held his arms in the void, and did not shoot the empty giant turtle, but it was clear that today will not let you go. .

"You stinky boy, if it is really a dog skin plaster, how can you not lose it?"

The hollow giant turtle is extremely depressed, and the gas is straight, and the U-turn is heading in another direction: "Now is not letting you know, it is useless to entangle, the old turtle I will not say, you better go first Going, exempting, really brings the heavens and blue eyes to the..."

Don't chase it, otherwise the old turtle is not welcome. You are in this state, the old turtle is hitting you, but you really want to get mad, don't think the old turtle can't hit you..."

"Not to mention, your accomplices, the old turtle, I don't have no helper, you stupid boy will not want to see him..."

"call out....."

As soon as the voice fell, Ye Xuan's figure swayed, and the blink of an eye was once again in front of the skeleton of the Void Giant Turtle. He still did not shoot, just standing there with his arms, a pair of uncompromising Rhythm.....

Look at this posture, even if it is really to bring the green eyes of the wild, this time he will not easily close, and vowed to ask one. "

Roar! ""

You are dead-headed, the old turtle is angry..."

I was stopped by Ye Xuan several times, and it was absolutely impossible for the Void Giant Turtle to say no trouble. At this moment, see Ye Xuan's figure once again appearing in front, and his head is a roar: "Old man, this stinky oil If the salt does not enter, I can't help the old turtle. Give it to you. It's not good. Give him all of a sudden, and be honest next time..."

"Oh..."

"Hey..."

Just in the next moment, on the right side of the emptiness of Ye Xuan's figure, a clear and fierce cracking sound suddenly sounded, followed by a low humming sound.

At this moment, Ye Xuan's heartbeat was born, and a sense of inexplicable strong crisis suddenly shrouded the whole body, as if suddenly it was closely followed by a poisonous snake.

Under the slight change of his face, he almost turned his head and looked around. He saw the scene he saw, and he immediately let him sigh and sigh.

Outside the tens of billions of miles on the right side of the line of sight, the void really cracked a crack, only about a thousand feet, and in this newly cracked void crack, there is a figure standing upright.
people

Standing on the line, carrying the wings, the shape is very incomparable, not the ancient night fork and who can be? leaf

Although Xuan did not really see the ancient night fork, but in the inheritance of the bow of the sky bow, I saw the inheritance of the virtual shadow, exactly the same as before, even the breath is so. and

The cultivation from the body of the ancient night cherries is the same as that of the giant tortoise. It is also the ruthlessness of the ruins of the ancient ruins, that is, the half-step heavenly road, and it is infinitely close to the half-step heaven. more

What shocked Ye Xuan was that at this time, the ancient Yaksha stood there silently, but his right arm was raised high, and an energy giant bow appeared. Even his right hand was placed on the bowstring. The handle energy arrow appears... it is the bow of the sky!

Chapter 4919: Old pigs must see Xuan Sun

"Oh..."

Oh..."clear

The unclear cracking sound suddenly sounded, and then the low humming sound came, and Ye Xuan's heart was alert, and he subconsciously turned his head and looked for a cold breath. right

Beyond the tens of billions of miles away, the void did crack a crack. The ancient night fork stood there silently, but the right arm was raised high, and an energy giant bow appeared, even his right hand was on On the bowstring, an energy arrow appears... it is the bow of the sky!

At this time, the eyes of the ancient Yaksha are staring at Ye Xuan, Sen Han is ruthless, and there is no half-hearted feelings. The energy arrow on the bow of the bow of the sky is locked in the breath, and it is also Huang Xuan. ! Take

Ye Xuan's understanding of his cold character, if necessary, the ancient night fork will never hesitate, the first time will be shot...

At the moment, the reason why the other party is just a dangerous arrow is not blasted. The purpose is obviously just deterrence...

"Oh..."

OK, stinky boy, today you are not too busy, at least the old night fork forced to show up, this matter goes back and calculate, you can not mess with him, the old turtle let him three points, this goods are not What kind of feelings..."

Just as Ye Xuan was shocked and sluggish, there was a clear and unclear sound in the front of the void, and the hollow giant tortoise muttered in the mouth, while tearing a claw to tear open a void crack, the body shape was blinded into it, and disappeared.

"Oh..."

When Ye Xuan returned to the gods, the sound of the humming sound was also heard in the crack in the right side of the sky. The shape of the ancient Yaksha was quickly blurred, and the short-term one was not enough, but it disappeared. No breath left. Wait

When Ye Xuan returned to the world, the two men not only walked clean, but even the two void cracks were closed, and there was no trace at all...

At this time, in the far distance from the far side, a corner of the void suddenly came a faint tremble, and a familiar atmosphere faintly came, clearly that the green eyes were coming. "

Damn, I didn't check it for a while, let him run it..."

Xuan's face sank and snorted in the mouth, but he did not continue to stay here. Under the brain, the whole body was instantly turned into a mans, directly activating the interstellar coordinate jumping ability attached to the internal system, disappearing instantly.

...

"Hey!" micro

The weak sound of the air broke out, and Ye Xuan's figure appeared in the void, and the first time of the gods spread and opened, instantly covering the void of the surrounding tens of billions of miles, lasting for ten interest, after confirming that there was no abnormality, This is only to shoot out...

This time, when he activated the interstellar coordinate jumping ability attached to the internal system, the locked coordinate position of the interstellar coordinates is still the source nest star base camp. Therefore, the position where the figure appears at this moment is here. It

So be so cautious, on the one hand, it is a taboo on the green eyes of the wilderness, on the other hand, it is because the source nest star base camp is not far from the void, in case it is really chased by the wild sky, it reveals this place. , no doubt will be very troublesome.

Although today's source nest star base camp looks like a star, in fact, the roots of the thousands of miles of rock formations are the whole of the dragon sky starry giant plugs, and can always be like ordinary star-studded giant plugs generally go in the void, for a position Stationed.

But even then, Ye Xuan did not want to see it when it was not necessary.

After all, the previous source nest star has not been exposed, no one knows its existence. Such as

Even if it can transfer the location, it has at least exposed the existence. If the flooded road is clear-minded, it will take some time to find it, then it's not good...

Fortunately, the ability to jump in the interstellar coordinates attached to his system is obviously very extraordinary. This time, Ye Xuan still has no trace to follow, and the wild eye is not able to catch up.

Moreover, this time, although the Nether Giant tortoise slipped, he could not ask for any secret from his mouth, but at least he knew that the ancient night fork was still alive. And

The cultivation of strength has long been exhausted, and like the hollow giant tortoise, it is already infinitely close to the existence of a real heavenly environment...

Although the last moment was ridiculed by the ridiculous night fork, the scorpion bow was far from deterrence, and Ye Xuan was quite depressed, but he knew that the other party did not intend to actually shoot. complete

Actually, he is still the same strong camp of the headless baby corpse, so the depression will pass, but it is not too tangled.

After reading the thoughts, I thought of the three wild bloodstains of this unexpected harvest. Ye Xuan's mood gradually turned better, and the face was slowed down, even when the state of the ninth change of the konjac was lifted. but

Still maintaining the temperament of the starry sky, so the cultivation of strength in the body is the second order of the abyss...

"call out....."

After a faint sound broke, it was confirmed that there was no abnormality. Ye Xuan's figure swayed directly to the distant source nest star. After falling into the star land form, he entered the underground camp for the first time. internal. he

There is no rush to release the old pigs, because if there is no accident, since the entry into Shennong Ding, most of the goods have been firmly repaired. Do not

However, this time, the short-term return to Hongmeng's void has been completed, but Ye Xuan did not immediately leave, returning to the piece of the ruined land of Xusheng's forbidden land.

Because before leaving, there are still things to be confessed, all this, you have to wait until the old pig will be repaired to be stable, after the customs clearance. three

After the day, Ye Xuan waved, and the old pig's body was transformed into a mans. After three days of recovery and repairing, he is now refreshed and breathless, and his face has a touch. The triumphant color is being rendered, and everyone who sees it will subconsciously have a chest and spread the breath of the body. on

As if I was afraid that others would not know that he was a ridiculous old man. This

What loves you, so smug, and the image of a little absurd strongman is not seen, Ye Xuan is also drunk, straight-eyed..."

OK, you are now breaking through to the ancient and supreme, and defending the source nest star base camp, I can be more assured..."

After the guy was finished, Ye Xuan turned to look forward to it. The sneak sneaked in the middle of the sneak sneaked out: "However, the shards of the ruins of the ruins of the heavens and the earth are still not finished. I can't stay here for a long time, I must return..."

However, it will not take long for the end of the flood to be fully dying. At that time, all the ruined ruins of the ruins of the ruins will be merged into one. The sacred sacred eyes will be more powerful against the piece of the void after the bridge..."

By then, the various corps of the Templars should be able to migrate completely..."

"Who knows how long it will last? I don't have the patience of the old pigs, I have to wait, no matter, this time, you have to go, the old pigs will follow me in the past..."

When Ye Xuan finished, the old pig had turned his eyes on the spot and said: "Don't you say that you have found the starry porcupine? Maybe it is the mysterious grandson of the old pig, but this is the grandson and grandson." Of course, can't drag..."

Chapter 4920: Return to the temple

Grandparents and grandchildren meet? cold

Not to hear such words from the mouth of the old pig, Ye Xuan stunned on the spot.

Immediately afterwards, it was like a conditional reflection. In the mind, there was a touch of old pigs who saw the Taikoo Porcupine, a tear in which a nose screamed at the grandson, while the latter was green and the picture was forced to be mad on the spot. Come...

It is said that this scene really evokes Ye Xuan's interest. Just thinking about it can be a bit of a sigh of relief. If it happens, it will be more interesting if you see it with your own eyes.

At this point, with the old pig fine back to the magic hall, it is already worth the return ticket!

"Take you back, but when you can't accept it for a while, if you have a little emotion, you can be responsible for appeasement..."

Reluctantly smile, Ye Xuan turned to look at the old pig fine, deliberately put on a rather worried look, shaking his head and sighing: "Hey, to speak, the porcupine that the goods do not know whether it is because of childhood, the temper is not a bit Too good, I am afraid that he will collide with your grandfather and bring out your anger..."

"That's impossible....."

The old pig's fine forefoot rose, and the person stood up and directly shot the chest into a mountain sound: "It's a bad temper. That baby must be with the old pig. If so, how can the old pig know him?" What?"

How can grandfather's grandfather not understand the suffering of the baby? When you are too big, let him be a little bit. After a long time, I will definitely influence him with my family..."

"So just fine..."

The more he looks at this arrogant, can not be the same, Ye Xuan is more like to laugh, fear can not help but laugh at the moment, I am afraid that the old pig will be seen.

This goods are also fine!

Thinking of this, he simply stopped entangled in this matter, and when he turned, he mentioned the business: "However, if you leave, you have to assign another savage-level powerhouse to sit in the town, only by the beastly army. Respecting the ancient powers, I am still somewhat uneasy..."

There was no way in the past, but now it is different, and now the eyes of the ridiculous Tiandao seem to pay close attention to this piece of emptiness. When there is a wind and grass, it will come at the first time. This has been verified twice in succession..."

"Even even the barbaric night fork appeared here. It can be seen that the situation is different from the previous one. If the source nest base camp is not without the old man, then it is not appropriate..."

For this, the old pig naturally agrees, but he looks at Ye Xuan with a confused look. Although he knows that Ye Xuan has four half-step electronic avatars, he has not brought them.

The same is true of the seven sacred meditations that have already entered the ruined land. It is still in the magic hall of Xu Sheng. Place

So, at this moment, Ye Xuan suddenly said such a discourse, saying that he would like to change a lazy old man to sit here in this place. He is really confused. Because of the current source nest in the base camp, there are seven ancient people in the wild. Can be ridiculous, except Ye Xuan and him, really no one else..."

Don't worry, they will call them all the way back to the sea, and confess to them..."

The old pig is confused, and Ye Xuan has not said much. When he is in the middle of his mind, he will extend the power of the gods directly, and greet the confidants who have not yet closed their doors to the top of the life of the dragon. The cabins gathered.

Soon after the order was issued, the entrance to the top command post was followed by a spurt of glare. All of them were Ye Xuan's confidants, and they followed him for a long time, belonging to the earliest batch. its

In the middle of the Ming can see the sea, a knife, Cang Qingyu, as well as Naboshan, Ba Gu, Li Mo, Zuo Fengtai and other magic people.

Including the eight King Kong, Feitianyu, and the silver cockroaches are all there. In addition, the seven high-ranking and other high-ranking people of the Beast Army Corps have arrived.

Although the number is not many, only a hundred, and the number of high-rises under the imperial hall is much less than the number of high-level, but they are all the highest followers of Ye Xuan, absolute confidant.

After the arrival of the people, they didn't say much. The sights gathered on Ye Xuan's body. The face was quite depressed. It's obvious that Ye Xuan suddenly summoned them this time...

"call out!"

Oh..."

In the first place of the micro-finger, Ye Xuan waved a handful of awns and spurred toward the hearts of the people. This

Some of them are all treasures of storage, and they are loaded with purple gold medicine, nine color medicine and some chaotic medicine. when

However, the various grades of Baodan used to break through the bottlenecks of the big realm are also available. With the previous experience of the old pigs who have been wasting three years, this time, Ye Xuan gave the treasures of the more than 100 confidants. , has reached the 28th level of the power of Baodan, all levels are one.

In addition, even the twenty-ninth-level ridiculous Baodan, he has left twenty, by the sea to a unified custody, who first broke through the ancient ninth-order great consummation, who swallowed. Do not

However, Ye Xuan also made a confession. If the impact is in a state of ruin, even if it succeeds, it will definitely not be able to easily get out of the inner space of the life of the Dragon Field. Otherwise, if it is sensed by the external force of the emptiness of the law, there will be a shortage. The thunder and robbery came. inverted

It's not that they don't have confidence in them, and they are worried about the baptism of the absurd robbery. It's really that this piece of Hong Kong's void is not too flat. If it is stared at by other ruins, it's not good. Place

Therefore, the safest way is to stay in the inner space of the Longye Life Giants plug after the breakthrough. After Ye Xuan returns to the next time, after the guarantee, go out to robbery...

For his command, the sea and the knife and others naturally obey, and even if they all nod, the face looks serious. "

call out....."

In the next moment, Ye Xuan waved again, and Lei Diyin, who was hanging in the brain and knew the sea, was sacrificed by him, and turned into a masculine glare. The blink of an eye disappeared in the distance of the inner space of the top command cabin. In the depths of a rolling hill...

Some people have seen Lei Diyin, some have not seen it. Seeing that he suddenly has such a move at the moment, all of them are confused, and their faces are inconspicuous.

Obviously, I don't understand the purpose of Ye Xuan's move. "

It is Lei Diyin, and the Emperor-In-Rice in it is now a first-class ridiculous, and, because of the Thunder spirit of the Thunder, the real combat power is amazing, I am afraid that even the general third-order ridiculous, it may not be its Opponent..." See

All the people of the family looked around and looked confused. Ye Xuan smiled slightly and nodded. "When I was out of the old pig, I was sitting in the source nest base camp..."

"I have already explained clearly on the other side of it. You should not exist when you are on a normal day. The cultivation and cultivation, the closure will be closed, and the outside patrols will remain vigilant."

"If there is an accident, when appropriate, Lei Ling will take the shot... and add God's seal here, even if it is the mid-stage desolation of the fourth-order situation, I am afraid it is not enough, it is enough to be relieved!"
