Chapter 1331: Mr.

Yang, Please!

After this news was spread, The higher-ups and employees of Hua Mei Biomedical saw a glimmer of hope.

The higher-ups and employees who could persist until now naturally had deep feelings for Hua Mei Biomedical.

Unless it was absolutely necessary, they naturally did not want to leave Hua Mei Biomedical.

The families and companies that were on good terms with Hua Mei Biomedical were very excited when they found out that Yang Luo had started to fight back.

After all, Yang Luo was their backbone and the last hope in their hearts!

In the past, Yang Luo had created miracles one after another.

He was a god-like figure!

Now, Yang Luo had started to fight back and was about to return.

This was undoubtedly a boost to their confidence!

Everyone was filled with fighting spirit again.

They were prepared to grit their teeth and persevere, launching a counterattack!

To countless ordinary people, this night was just the most ordinary night!

However, for the domestic and foreign upper-class society, it was a tumultuous night!

It was midnight.

Meanwhile in Hua Mei Biomedical's CEO office Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai dealt with the company's problems while waiting for Yang Luo to return.

But at this moment Su Qingmei and the others' phones rang almost at the same time.

The four of them quickly picked up the call.

After the call.

The expressions of the four of them darkened again.

"D\*mn it!" Li Sihai gritted his teeth and said, "I didn't expect that in less than a few hours, those clans led by the Cao family and the Nie family would suppress us even more!" Cai Donglai said with a dejected expression, "The power of the royal family is indeed too great.

Without Mr.

Yang's help, we wouldn't have been able to withstand it at all!" Shen Yun sighed and said, "I reckon that it won't be long before our Hua Mei Biomedical, as well as the families and companies that are on good terms with us, will be in chaos again!" Su Qingmei maintained her composure and said, "It's fine.

When Yang Luo comes back, everything will get better!" "Yes!" Shen Yun and the other two nodded heavily.

They could only place their hopes on Yang Luo.

1 a.m.

sharp.

Yang Luo, Xu Ying, Bujie, Prajna, and Lin Wenxuan finally arrived at Jiang City Airport.

The moment he stepped into the airport lobby.

Yang Luo's expression was extremely cold, and there seemed to be dark clouds surging in his eyes.

Even with the air conditioner on in the airport lobby, the passengers suddenly felt as if the temperature in the lobby had dropped to zero degrees, making them tremble.

Yang Luo muttered, "I'm finally back.

It's time to settle the score with the Cao family and the Nie family!" Bujie said coldly, "This time, we must destroy these two great clans!" "Let's go!" Yang Luo waved his hand and hurried out of the airport with Bujie and the other three.

It was only after Yang Luo left that the passengers in the hall felt the chill dissipate and the temperature return to normal.

After Yang Luo and the others walked out of the airport, they took a car straight to Hua Mei Biomedical.

Half an hour later.

When Yang Luo and the others arrived at Hua Mei Biomedical, they were stunned.

The entire Hua Mei Biomedical could only be described as “chaotic”.

The lobby was packed.

People kept coming in and out, people making phone calls, people arguing.

Bujie clicked his tongue and said, “Oh my god, if I didn’t know better, I would have thought that I’ve arrived at a market!” Xu Ying shook her head and said, “Looks like this crisis is much more terrifying than last time!” Lin Wenxuan said, “In this secular world, the royal family is not something any family can compare to!” Yang Luo did not say anything.

Instead, he led the four of them into the hall.

When Yang Luo entered, Everyone in the hall turned to look.

“Mr.

Yang?!” “Mr.

Yang is back.

It’s Mr.

Yang!” “Good, that’s great.

With Mr.

Yang back, there’s hope for our Hua Mei Biomedical!” “Mr.

Yang, please save Hua Mei Biomedical and dampen the spirits of the Cao and Nie families!” Hua Mei Biomedical’s employees’ eyes turned red as they choked.

The business owners who knew Yang Luo also looked at him respectfully.

They all knew that this young man in front of them was a legend in Jiang City, a legend in Country Hua!

It seemed that no matter how big the matter was, it was nothing in the eyes of this young man!

Yang Luo took a deep breath and said loudly, “Thank you for accompanying Hua Mei Biomedical until now!

I promise you that Hua Mei Biomedical will definitely survive this crisis and usher in a new future!

Also, I won’t let go of any family that dares to suppress our Hua Mei Biomedical!” “Mr.

Yang, please!” Everyone present bowed deeply to Yang Luo.

Yang Luo nodded and took the elevator with Xu Ying and the others.

Soon, Yang Luo and the others arrived at the door of the President’s office.

Yang Luo knocked on the door.

“Please come in.” Su Qingmei’s voice sounded.

Yang Luo pushed open the door and walked in.

The moment they saw Yang Luo!

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai were stunned at the same time.

A few seconds later.

“Yang Luo!” Su Qingmei rushed over and threw herself into Yang Luo’s arms, crying uncontrollably.

All the pressure and grievances she had accumulated over the past few days were released at this moment.

In front of Yang Luo, she was no longer that calm, cold, and arrogant female President.

She was just a little woman who had been bullied.

Yang Luo’s heart ached and his eyes turned red.

He could not imagine what kind of torture the woman had experienced these few days to make her so tired, so aggrieved, and so sad.

Even when she faced the Huangfu family, the Qiao family, and the Xu family, the woman had never been like this.

He hugged Su Qingmei tightly and said in a hoarse voice, “I’m sorry, I came back late!

I will make those who bullied you pay the price!” “Sister Su, it’s been hard on you.” Prajna’s eyes were also red as she walked up and hugged Su Qingmei.

Shen Yun secretly wiped her tears.

Yang Luo looked up at Shen Yun, Li Sihai, and Cai Donglai and thanked them, "Sister Shen, Brother Li, Brother Cai, thank you for accompanying Qingmei until now!" Hearing this Li Sihai and Cai Donglai could not hold it in anymore.

The two men also started crying.

Shen Yun choked and said, "Mr.

Yang, it's good that you're back.

It's good that you're back!" Yang Luo nodded and invited everyone to sit down.

Su Qingmei poured a glass of water for Yang Luo, Xu Ying, and the others before sitting beside Yang Luo.

Yang Luo took a sip of water and asked, "What's the situation now?" Su Qingmei and the other three immediately told Yang Luo about the current situation of Hua Mei Biomedical.

After hearing what the four of them said, Yang Luo's expression became even colder as he said in a low voice, "It seems that the 20 families led by the Cao family and the Nie family want to completely annex our Hua Mei Biomedical and those families and companies that are on good terms with us." Su Qingmei said, "I think the ultimate goal of the Cao family and the Nie family is you!

And our Hua Mei Biomedical, as well as those families and companies that are on good terms with us, are just their spoils of war!" "I naturally know that they're here for me!" Yang Luo's eyes were cold, "I originally didn't care about the Cao family and the Nie family anymore!

Since they insist on making me their enemy now, I can only destroy them!" "What?!

Mr.

Yang, you want to destroy the Cao family and the Nie family?!" Li Sihai's expression changed drastically.

“The Cao family and the Nie family are royal families.

Can the two top families in Country Hua really be destroyed?!” Shen Yun and Cai Donglai’s faces were also filled with disbelief.

Their idea was that Yang Luo could resolve the crisis of Hua Mei Biomedical and let Hua Mei Biomedical continue to operate.

It was enough to reduce their losses.

As for exterminating the Cao family and the Nie family, they didn’t even think about it.

Yang Luo’s expression was cold, “So what if they’re the largest family in Country Hua?

Even if I have to give it my all, I will destroy them!” Su Qingmei suddenly thought of something and asked, “By the way, Yang Luo, did you invite the various royal families, families, and corporations overseas to suppress the Cao and Nie families?” “Yes!” Yang Luo nodded, “Before I came back, I called my friends overseas and asked them to help deal with the Cao and Nie families!” Shen Yun said, “A few hours ago, because the Cao family, the Nie family, and other families had to divert their attention to resist the royal families, families, and corporations overseas, the suppression on us weakened a lot!

However, not long ago, they seemed to have recovered and increased their suppression on us!”

Chapter 1332: The Game Begins!

Yang Luo narrowed his eyes and said, “Looks like the Cao family and the Nie family should have quite a bit of power overseas.

I really underestimated them.” After all, it took him more than ten hours to fly from the Holy Imperial Court to Jiang City.

If it was an ordinary family, they would have long been unable to withstand it.

For example, the Huangfu family, the Qiao family, and the Xu family had surrendered in less than a night.

On the other hand, the Cao family and the Nie family could withstand the suppression of the royal families, families, and corporations like the Dibai royal family, the Country Windmill royal family, and the Laurel Corporation.

They could also deal with Hua Mei Biomedical.

This was enough to show that the power of the Cao family and the Nie family was quite terrifying.

“Yang Luo, what should we do next?” Su Qingmei asked.

Shen Yun, Li Sihai, and Cai Donglai also looked at Yang Luo.

Now, Yang Luo was their backbone.

They listened to Yang Luo’s arrangements.

Just as Yang Luo was about to speak His cell phone rang.

He picked up his phone and saw that it was an unknown number.

Who called?

He was very puzzled and picked up the call.

As soon as the call went through An old voice sounded.

“You’re Yang Luo?” Yang Luo frowned and said, “I’m Yang Luo.

Who are you?” “Kid, I’m the head of the Cao family, Cao Huben.” The other party’s teasing voice sounded.

Hearing the other party’s answer, The coldness and killing intent in Yang Luo’s eyes exploded at the same time.

He turned on the speakerphone and placed the phone on the table.

He said in a low voice, “Cao Huben, you’re really good!” Hearing Yang Luo’s words The expressions of Su Qingmei and the others, who were sitting at the side, changed drastically, their eyes filled with shock.

Cao Huben!

They didn’t expect the call to be from the head of the Cao family, Cao Huben!

Cao Huben chuckled, “Same to you.

Your methods aren’t bad either.” Yang Luo said, “So, did you call me to show off?” “You can think of it that way.” Cao Huben replied, “Kid, I really didn’t expect you to accumulate such powerful connections and power at such a young age.

No family, business, or individual has ever been able to withstand the suppression of our Cao family for more than five days.

As for you, it’s already a miracle that you can survive until now under the suppression of our Cao family, the Nie family, and the other eighteen families.” “Kid, how long do you think you can last?

In terms of domestic authority, you can’t compete with us at all!

Although your authority and connections overseas is indeed very strong and can contend with us now!

However, this is not the only overseas connection we have!

As long as we mobilize all the connections overseas, can you defeat us?" At this moment, an old voice came from the other end of the phone.

"And who are you?" Yang Luo asked coldly.

"I'm the Patriarch of the Nie family, Nie Baoshan!" The other party said loudly.

The master of the Nie family, Nie Baoshan!

Hearing the other party's answer, Su Qingmei and the others' expressions changed drastically again.

The heads of the two royal families were actually talking to Yang Luo at the same time!

Yang Luo chuckled and said, "Do you really think that this is all the authority I have?" "Of course!" Cao Huben sneered, "If you have any other abilities or methods, use them!

Since you haven't used it yet, it means that you've already played all your cards, right?" Nie Baoshan also said mockingly, "Kid, don't be mysterious.

During this period of time, we've already investigated your situation very clearly!

We can't be clearer about the authority you have at home and abroad!

If we don't investigate you thoroughly, we naturally won't touch you easily!

Since we've started to attack you, it means that we're already fully prepared!" Cao Huben also said fiercely, "Kid, it's time to settle the grudge between you and our Cao family!

Although I really want to kill you now, killing you now is too easy for you!

I want you to have nothing and die in despair and collapse!" "Is that so?" Yang Luo said with a smile, "Then I'll continue playing with you!

Coincidentally, I don't want to kill you two old fellows so quickly!

I also want to see you die in despair and collapse!

Listen up, I won't let go of either of your two families or those families and corporations that are on good terms with you!" Hearing Yang Luo's words "Hahaha" Cao Huben and Nie Baoshan laughed at the same time, as if they had heard the funniest joke in the world.

Moreover, the laughter of others came from the other end of the phone.

"Kid, then give it a try.

Let's see how you make us die in despair and collapse!" "Kid, listen carefully.

The final winner of this battle will definitely be us, not you!" Cao Huben and Nie Baoshan both said ruthlessly.

However, Yang Luo didn't want to listen to these two old fellows bicker anymore and hung up.

After the call ended Shen Yun hurriedly asked, "Mr.

Yang, this battle is already a battle to the death!

Do you really have any more trump cards?" Li Sihai and Cai Donglai looked at Yang Luo worriedly.

"Of course I do." Yang Luo nodded, "Since I said that I wanted to destroy the Cao family and the Nie family, I naturally have to keep my word." "This!" Shen Yun, Li Sihai, and Cai Donglai looked at each other in shock.

Even now, Yang Luo still had a trump card?

However, Su Qingmei, Xu Ying, and the others did not find it strange.

After all, Yang Luo had not used the power of the Dark World until now.

"Alright, the game has begun!" Yang Luo smiled faintly before taking out his cell phone and calling the King of Creation.

Under normal circumstances, he didn't want to use the connections of the Dark World.

After all, once he used it, many people would know this trump card of his.

But now, in order to completely destroy the Cao and the Nie families, he had no choice but to use it.

Soon, the call was picked up.

"Brother Yang, what's the matter?" King of Creation's voice sounded.

Yang Luo said, "King of Creation, I need to borrow the power of the Holy Imperial Court to help me!" King of Creation smiled and said, "Brother Yang, you're the Divine Emperor.

You can mobilize the power of the Holy Imperial Court at any time!” Yang Luo nodded and asked, “How many royal families, large families, and international companies are on good terms with our Holy Imperial Court now?” Although he already had a comprehensive understanding of the Holy Imperial Court, he did not know much about these things.

King of Creation replied, “Currently, there are five royal families that are on good terms with our Holy Imperial Court.

There are ten large families and 36 international companies!

There were even more royal families, large families, and international corporations that had once been on good terms with the Holy Imperial Court!

However, as our Holy Imperial Court weakened, some royal families, large families, and international companies have already left us and joined the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace!” “I see.” Yang Luo nodded in realization and said, “King of Creation, please immediately inform these royal families, families, and companies to mobilize all their strength to suppress the Cao and Nie families of Country Hua’s royal family!

Also, don’t let go of any family or company that is on good terms with them!” “Yes!” King of Creation agreed immediately.

After the call with the King of Creation, Yang Luo then called Violet’s third senior sister, Evil Butcher from the God-Slaughtering Temple, King Alves from the Kingdom of Magic, Augustus from the Blood Clan, Hopkins from the Demon Dragon Clan, and other organizations that were on good terms with him.

When they found out that Yang Luo needed help, all the organizations agreed to help.

After making the calls, Yang Luo placed his phone on the table and said, “In the next period of time, let’s quietly wait for developments!

I want to see if the Cao family and the Nie family can still withstand it!” At this moment.

Holy Imperial Court Headquarters.

In the hall of the palace.

“Brother, why is Brother Yang calling?” King of Destruction asked.

Sacred Prison King and the others also looked at the King of Creation.

After all, Yang Luo had just left not long ago and already called.

Something must have happened.

“Brother Yang wants to borrow the power of our Holy Imperial Court to help him” King of Creation then told everyone what Yang Luo had told him,

Chapter 1333: Storm Arrives!

After hearing King of Creation’s words King of Destruction smiled and said, “Brother Yang can finally be considered a member of the Holy Imperial Court.

You have to know that he never used the power of the Holy Imperial Court in the past!” Heavenly Sirius chuckled, “This means that Brother Yang really treats us as brothers!” Sacred Prison King and the others also smiled.

They were very happy that Yang Luo could use the power of the Holy Imperial Court to ask for their help.

A cold glint flickered in the Goddess of Fate’s beautiful eyes as she said coldly, “Leave this to me.

Whoever dares to bully Yang Luo, no matter who it is, I’ll kill them!” King of Creation nodded and said, “Alright, Natasha, I’ll leave this to you!” Heavenly Sirius gave a thumbs up.

“As expected of our Ice Queen.

She’s indeed domineering!” King of Destruction joked, “Natasha, it would be unreasonable if you didn’t end up with Brother Yang!” Goddess of Fate only glanced coldly at the Heavenly Sirius and the others, and everyone immediately shut up.

Then, without any hesitation, the Goddess of Fate took out her phone and made calls.

After making one call after another.

The five royal families, ten families, and thirty-six international corporations that were on good terms with the Holy Imperial Court took action one after another!

At the same time when the Holy Imperial Court took action!

Violet, the God Slaying Temple, the Kingdom of Magic, the Blood Race, the Demon Dragon Race, and all the organizations that were on good terms with Yang Luo began to take action!

Everyone contacted the royal family, families, and companies that were on good terms with their organizations to help Yang Luo suppress the Cao family and the Nie family, as well as other families and companies that were on good terms with the two families!

At the same time Country Oxford.

Lun City.

Near the suburbs, there was a magnificent manor called the Waddesden Manor.

This manor was the top and most luxurious manor in Country Oxford.

The people living in this manor was from the Rothschild family, the number one family in Country Oxford.

Of course, the Rothschild family had properties all over the world.

This was just one of their residences.

At this moment.

It was evening in Oxford.

In the luxurious restaurant.

A portion of the Rothschild family's direct descendants were having a family meeting while eating dinner.

Sitting in the main seat was the current head of the Rothschild family, Wunderoan.

His three sons, Igor, Edward and Mercks, and his two daughters, Miffel and Jennifer, were present.

In addition to his children, his Madam and three of his younger brothers were also present.

At this moment, everyone was reporting to Wunderoan about the family business they had been in charge of during this period of time.

After hearing the report Wunderoan nodded in satisfaction and said, "Everyone's results have been good during this period of time, but you still have to continue working hard!" "Yes!" Edward and the others nodded in agreement.

At this moment.

A call went through to Wunderoan's cell phone.

Wunderoan picked up his phone and looked at it.

Then, he quickly answered the call.

After the call His second brother, Victor, asked, "Big Brother, who called?" Wunderoan replied, "It's a call from the Blood Clan's Patriarch, Mr.

Augustus." "Oh?" His third brother, Edmund, asked curiously, "Big brother, why did Mr.

Augustus call you?" Wunderoan said, "Mr.

Augustus said that he wants to ask me for a favor.

He wants me to use our family's power to deal with the Cao family and the Nie family of Country Hua!" "Hmm?" Victor asked in confusion, "Could it be that Mr.

Augustus has a grudge with the Cao and Nie families of Country Hua?" "No." Wunderoan shook his head and said, "Mr.

Augustus said that he wants to help a benefactor of his from Country Hua!

"His benefactor's name is Yang Luo.

He has declared war with the Cao family and the Nie family!" "Yang Luo?!" Anthony's expression changed and he exclaimed.

Wunderoan asked, "Anthony, do you know this person called Yang Luo?" "Yes, of course I do!" Cold sweat broke out on Anthony's forehead as he told her about his grudge with Yang Luo at a western restaurant in Country Oxford not long ago.

"Oh" Wunderoan nodded in realization, "Since this kid can become the benefactor of the Blood Race, it seems that he's not simple!" Victor also added, "Big Brother, I know a little about this Yang Luo." Wunderoan raised a hand, "Tell me about it." Victor continued, "This Country Hua kid called Yang Luo has recently been in the limelight in the entire Dark World and made a name for himself!

Many organizations in the Underworld are on good terms with him and listen to his orders!" Edmund also added, "It's said that not long ago, this kid caused a huge commotion in Country Oxford and destroyed Buckingham Palace.

He stole more than a thousand treasures and destroyed the Dark Judgement Team!" "Hiss" Wunderoan could not help but gasp, "This kid is so terrifying?!" Anthony, Victor, and Edmund nodded in unison.

Anthony suggested, "Brother, I think Mr.

Yang's future is limitless.

We should be on good terms with him!

And this is a great opportunity!" He had long wanted to be on good terms with Yang Luo, but he had never had the chance.

However, he did not expect the opportunity to come so quickly.

Wunderoan thought for a while and nodded, "Anthony is right.

It would be best if we can be friends with such a person!" As he spoke, Wunderoan immediately gave the order, "Everyone, start moving now.

Use all the strength of our family to help Mr.

Yang!" "Yes!" Everyone responded in unison.

Then, Wunderoan and the others took out their cell phones and made calls. For a moment, all the royal families, families, and corporations around the world moved when they heard the news.

They launched numerous blitzkriegs and began to crazily suppress the Cao family and the Nie family, as well as the family heads and corporations who were on good terms with the two families!

An even more terrifying storm struck again!

At around two in the morning.

In Country Hua.

The capital.

Cao Family Manor.

Cao Huben, Nie Baoshan, and the others drank tea and chatted while waiting for things to develop.

"Didn't this kid say that he wanted to destroy all our families and businesses?"

"Why hasn't there been any movement after so long?" "As expected, the thunder is loud but the rain is small."

This kid is just scaring us.

How can he have any trump cards left?" "I can almost imagine that soon, this kid will surrender, compromise, and beg us for mercy!" The family heads present spoke one after another, their faces filled with confidence.

Cao Huben took a sip of tea and said proudly, "The reason why my Cao family has been able to stand tall for so many years is because of our absolute strength!

It's undoubtedly a fantasy for a brat to take down our Cao family!" "As one of the top families in Country Hua, my Nie family is not to be trifled with!

Anyone who dares to go against our Nie Family is undoubtedly courting death!" Nie Baoshan also said arrogantly.

However, at this moment Cao Huben's eldest son, Cao Yanzhong, received a few calls.

After the call.

His entire body trembled as he looked at Cao Huben in panic, "Father, something happened.

Something big happened!" "Why are you panicking?

What could have happened?" Cao Huben didn't mind, "Tell me, what happened?" Cao Huben exclaimed, "Just now, many overseas forces launched an all-round suppression on all the companies under our Cao family!

Moreover, the other party's methods are very terrifying.

They're almost here to destroy our Cao family!

In just over an hour, the other party stopped the operations of 248 subsidiaries in 12 types of enterprises such as venture capital, technology software, high-end hotels, commercial real estate, chain restaurants, and so on!

According to the current statistics, our losses have already exceeded 50 billion!” Cao Huben’s hand trembled, and a hint of shock appeared in his eyes!

In just over an hour, their losses had exceeded 50 billion?

What sort of joke was this?

Chapter 1334: Shocking Reversal!

But Cao Huben tried his best to remain calm.

After all, such a loss was still within control.

He asked in a low voice, “Is this true?” Cao Yanzhong nodded and said, “Father, it’s true.

The people in charge of various companies are asking what happened!” Cao Huben frowned, “What’s going on?

Why are there still people suppressing us overseas?” Just as he spoke.

Everyone’s cell phones rang almost at the same time.

Everyone quickly picked up the call.

After the call.

Everyone’s faces turned pale and they broke out in cold sweat.

Their bodies could not help but tremble.

He saw the expressions on everyone's faces.

Cao Huben and Nie Baoshan frowned, as if they had realized that something was wrong.

"Tell me, what happened?" Cao Huben asked.

His second son, Cao Feipeng, said in a panic, "Father, just now, the heads of 15 overseas companies called and said that they wanted to cancel their cooperation with us!

They even said that from now on, they will never cooperate with us again!" His third son, Cao Xingbiao, also said in fear, "Father, our 326 overseas branches were suppressed at the same time!

Now, these 326 branches had all stopped operating.

The various people in charge were facing investigations from many overseas organizations!

Just based on the statistics now, our losses overseas have already exceeded 80 billion!" "What?!" No matter how calm Cao Huben was, he couldn't remain calm at this moment.

He stood up.

50 billion domestically and 80 billion overseas!

In more than an hour, their Cao family's loss had exceeded 100 billion?

No matter how rich the Cao family was, they could not withstand such a loss!

He held onto his walking stick and gritted his teeth as he roared, "What exactly is going on?"

What exactly is going on?!

Who's targeting us?!

Who is it?!" "Father, our Nie family's situation isn't any better than the Cao family's!" At this moment, Nie Baoshan's eldest son, Nie Zhenming, said nervously.

"Something happened to our Nie family too?" Nie Baoshan asked.

"That's right, something happened, something big happened!" Nie Zhenming nodded and hurriedly said, "Just now, 224 branches of our Nie family's new energy, insurance finance, biomedical, logistics, and other ten types of companies were simultaneously suppressed by many overseas forces!

Conservatively speaking, the losses have already exceeded 40 billion!" His daughter, Nie Yufeng, also said, "Father, our 316 branches overseas have also been suppressed!

All the branches had been closed down, and all the higher-ups had been arrested for investigation!

What's more, all the companies overseas that are cooperating with us have canceled their cooperation with us!

Our losses have already exceeded 50 billion!" "This, this, this How did this happen?!" Nie Baoshan could not sit still anymore and stood up.

Their Nie Family's losses were also close to 100 billion!

"Elder Cao, Elder Nie, our Wang family's losses have already exceeded 10 billion!" "All the companies under our Wu family have also been suppressed and lost more than 20 billion yuan!" "All of our Li family's companies, both domestically and overseas, are facing a collapse.

Our losses exceed 30 billion!" "In just an hour, we've lost so much money.

If this continues, I can't imagine what the outcome will be!" All the family heads present also spoke up one after another, their expressions very anxious and uneasy.

These days, they had been in control of the overall situation.

Under their suppression, Hua Mei Biomedical was on the verge of collapse.

The families that were on good terms with Hua Mei Biomedical were destroyed one by one, and many companies went bankrupt.

But why did the situation undergo a shocking reversal in just an hour?

"Damn it!

Damn it!

Damn it!" Cao Huben gritted his teeth, "How many forces are dealing with us to suppress all our families at the same time?!" Nie Baoshan clenched his fists tightly, his expression uncertain, "Could it be Yang Luo?" "That's impossible!" Cao Huben didn't believe it at all, "We've already investigated that kid's connections and power!

He has already played all his cards.

It's impossible for him to mobilize such terrifying authority to deal with us!" "Then who's dealing with us?" Nie Baoshan really could not understand who had such power to shake so many families at once.

Cao Huben was burning with anxiety as he shouted at the people present, "Hurry up and investigate!

You must investigate thoroughly!

We also have to temporarily put off the suppression of Hua Mei Biomedical and quickly resolve the current crisis to recover our losses!" "Yes!" Everyone nodded in agreement and quickly made phone calls.

While sending people to investigate, they also began to resolve the current crisis.

At the same time Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

Shen Yun, Li Sihai, and Cai Donglai were nervous and uneasy.

From time to time, they would look at the time and their cell phones.

Even Su Qingmei, who knew that Yang Luo was powerful, felt a little uneasy.

After all, they were not fighting the Huangfu family, the Qiao family, and the Xu family, but the real behemoths, the Cao family and the Nie family.

However, only Yang Luo looked very relaxed and was making tea.

Xu Ying, Bujie, Prajna, and Lin Wenxuan were also very calm.

After all, Yang Luo was the stabilizing force.

As long as Yang Luo was around, all problems would no longer be a problem.

When Su Qingmei saw Yang Luo's heartless expression, she was both angry and amused.

“You’re still in the mood to drink tea at this time?” She was caught between laughter and tears.

Shen Yun, Li Sihai, and Cai Donglai also looked helpless.

In such a dangerous situation, Yang Luo was probably the only one who could remain calm.

Yang Luo smiled and said, “The sky hasn’t collapsed yet.

Why are you panicking?

Cao Huben and Nie Baoshan should be the ones panicking now.

Come, come, come, let’s drink tea.

Right, I just ordered supper.

Everyone, eat something later to fill your stomachs.

We can’t fight with those cunning old things on an empty stomach, right?” He was not worried at all.

Before he used the power of the Dark World, he could already fight Cao Huben and Nie Baoshan to a draw.

And now, he had already mobilized the power of the Dark World.

How could those guys still withstand it?

Not to mention two families, even some small and medium-sized countries could not withstand the pressure of the Dark World!

As he spoke, Yang Luo handed cups of tea to everyone.

He also picked up a cup of tea and drank it happily.

Su Qingmei took a sip of tea and asked, "What do you mean by Cao Huben and Nie Baoshan panicking?" Shen Yun, Li Sihai, and Cai Donglai also looked at Yang Luo.

Yang Luo smiled faintly and said, "Just wait.

Good news will come soon." Good news?

Su Qingmei and the other three looked at each other.

For the past few days, they had only received bad news one after another.

The only good news was that not long ago, the major clans led by the Cao family and the Nie family had temporarily stopped suppressing them.

Not long after.

Su Qingmei and the other three received a call.

After the call.

Su Qingmei and the other three looked at Yang Luo in a daze, their eyes filled with shock, confusion, and joy.

Yang Luo took a sip of tea and said, "Tell me, what's the situation now?" Su Qingmei took a deep breath and said, "Just now, I received news that the suppression on us by the Cao and Nie families has greatly weakened!" Shen Yun said excitedly, "There's news that those guys are in big trouble now!

Many of their companies in Country Hua had stopped operating, and their losses are increasing at a terrifying trend of tens of billions per hour!

"Now, they're completely in chaos.

They can't spare any time to deal with us!" Cai Donglai also said happily, "It's said that many of their overseas branches have also suffered a terrifying suppression.

The losses are already immeasurable!

Those bastards are probably in a tizzy by now!"

Chapter 1335: Endless Bad News!

After hearing Su Qingmei and the others' words Yang Luo's expression was still very calm and even a little dissatisfied.

Su Qingmei asked curiously, "Yang Luo, what's with your expression?"

Now that good news is coming one after another, why are you still unhappy?" Li Sihai also said in admiration, "That's right, Mr.

Yang.

You're really too amazing.

Only you can force the two royal families to this extent!” “I’m not unhappy.” Yang Luo shook his head and said, “I just feel that it’s still a little slow.

At this rate, when will they be destroyed?” As soon as these words were spoken Su Qingmei and the other three were stunned.

Now, those guys led by the Cao Family and the Nie Family lost more than tens of billions per hour, but Yang Luo actually found it slow?

Oh my god, they felt like they were going crazy!

Bujie clicked his tongue and said, “In terms of pretense, none of us here is Brother Yang’s match!” Everyone present nodded.

Xu Ying and Prajna were used to it and were very calm.

However, the corners of Lin Wenxuan’s mouth twitched.

He looked at Yang Luo and said, “Brother Yang, you’re not fighting an ordinary family now.

You’re fighting the top royal family in Country Hua, and there are two of them!

It’s already quite terrifying that you can force the Cao family, the Nie family, and other families to this extent in such a short period of time!” Yang Luo shook his head and said, “This is nothing.

Like I said, what I want is for all the businesses under the Cao and Nie families to collapse and be completely destroyed!” Hearing Yang Luo’s words Su Qingmei and the others gasped and couldn’t help but tremble.

Yang Luo really planned to completely destroy the royal Cao family and the Nie family!

Previously, they were still a little skeptical of Yang Luo's words.

But now, they believed him.

If this continued, the businesses of the major families led by the Cao family and the Nie family would probably really collapse, and these families would really be destroyed.

Knock, knock, knock.

At this moment, there was a knock on the door.

"Please come in." Su Qingmei agreed.

The door was pushed open.

Xu Yan walked in with a few bags.

"Yo, supper is here!" Yang Luo quickly stood up and took the bag from Xu Yan.

He said to Xu Yan, "Little Yan, tell everyone that the company's crisis will be resolved soon.

Let everyone persevere a little longer!

After the company survives this crisis, everyone's salaries will be increased and there will be bonuses!" It was already very rare for those employees to be able to accompany the company until now.

"Alright, Brother Yang!" Xu Yan nodded happily and left the office.

After Yang Luo closed the door, he said, "Come, come, come.

Let's have supper!" Previously, everyone had been in a tense state and did not feel hungry.

Now that everyone had relaxed, they indeed felt hungry.

In the following period of time Yang Luo and the others chatted as they ate supper, and the atmosphere became much more relaxed and happy.

Yang Luo took a bite of the skewers and suddenly thought of something.

He said, "By the way, Qingmei, tabulate the numbers.

When Hua Mei Biomedical encountered a crisis this time, which families and companies helped us?

Those who can help us at such a critical moment are our friends.

Even if it's the families and businesses that pulled out halfway, we have to give them something in return.

As for the families and companies that have accompanied us until now, there's no need to mention them.

After the Cao, Nie, and other families are destroyed, their businesses would need to be taken over by someone.

We can take over a portion of it.

Let these families and companies take over the rest." There was a pause.

Yang Luo continued, "Of course, we have to help the families and businesses that were destroyed in this battle to rebuild.

They have done a lot for us.

We can't forget this favor." Hearing Yang Luo's words, Shen Yun, Li Sihai, and Cai Donglai were also filled with emotions.

This was also the reason why they respected Yang Luo so much.

What they admired was not only Yang Luo's strength and energy, but also his character.

Yang Luo was ruthless to his enemies, but he was very good to his friends.

This was also the reason why Yang Luo had so many people helping him when he was in trouble.

"Of course I know that.

Our Hua Mei Biomedical has never mistreated our friends." Su Qingmei replied before saying speechlessly, "Yang Luo, this battle hasn't ended yet, but you're already thinking about the future.

Isn't it a little too early?" "That's right.

Before the battle ends, the situation can change at any time.

The Cao and the Nie families will definitely put everything on the line." Shen Yun added.

Yang Luo sneered and said, "It's only a matter of time before the Cao and Nie families are destroyed.

As for putting everything on the line and giving it their all, they have to have something to put on the line." Time continued to flow.

In the following period of time.

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai would receive calls from time to time.

However, the calls they received from this moment on were all good news.

This also filled everyone with confidence and fighting spirit.

The four of them also kept making calls to get the various branches of Hua Mei Biomedical, online and offline stores, and various factories to start operating again.

As long as the company started operating, it could reduce losses.

Unknowingly, It was already past six in the morning.

The sky outside had already lit up.

Yang Luo looked at Su Qingmei and the others and said, "Qingmei, Sister Shen, Brother Li, Brother Cai, go and rest.

Leave the rest to me and Xu Ying." Su Qingmei shook her head and said, "It's fine.

I can still take it." Li Sihai also said with a smile, "Now that good news comes one after another, I don't feel tired at all!" "That's right!" Cai Donglai also took over, "This is the critical stage of our battle with the Cao family and the Nie family.

I can't sleep!" Yang Luo thought for a moment and took out a few Qi replenishing pills from his storage ring.

He handed them to Su Qingmei and the others and said, "Then take these pills and your essence, energy, and spirit can recover a little." "Alright!" Su Qingmei and the others nodded, took the pill, and swallowed it.

After consuming the medicinal pill, Li Sihai smiled and said, "Mr.

Yang is indeed the Divine Doctor.

This pill is simply a divine medicine.

After I ate it, the fatigue in my body was instantly swept away!

Even if we fight for a few more days, I'll be fine!" "Hahaha" Hearing Li Sihai's words, Yang Luo and the others laughed.

However, just as the atmosphere on Yang Luo's side was joyous, The atmosphere on Cao Huben, Nie Baoshan, and the others' side was extremely oppressive.

Everyone present was no longer as high-spirited as before.

All of them were exhausted, and their eyes were bloodshot.

That night, bad news kept coming.

Cao Yanzhong looked at Cao Huben and said in a hoarse voice, "Father, our Cao family has lost more than 500 billion in just one night!" Cao Feipeng also said with a look of grief, "Many of the companies under our Cao family have already gone bankrupt!

Those people in charge overseas have been arrested.

There's still no news until now!" Nie Zhenming looked at Nie Baoshan and said in a trembling voice, "Father Our Nie family's losses have also reached 500 billion!" Nie Yufeng also cried, "Father, if this continues, our Nie family won't be able to withstand it at all!" "Elder Cao, Elder Nie, our Wang family's losses have already reached 60 billion.

We really can't hold on anymore!" "Our Wu family's losses have also reached 70 billion yuan.

Half of our companies have gone bankrupt!" "Old Wang, Old Wu, you guys are still alright.

Our Li family's losses have already reached 100 billion, alright?" The family heads present were all heartbroken, feeling as if their flesh was being cut.

Although the weakest family present had tens of billions of assets, they could not withstand such a loss.

After all, they were far inferior to the Cao family and the Nie family.

Hearing everyone's words Cao Huben and Nie Baoshan's eyebrows twitched, and the veins on their foreheads bulged.

Their faces were extremely gloomy.

"Haven't you found out who's dealing with us?!" Cao Huben stomped his walking stick a few times and roared like a crazy tiger.

Nie Baoshan also stomped his walking stick a few times and said fiercely, "Who exactly has such extraordinary energy!" At this moment, Cao Huben and Nie Baoshan's children received a few calls.

After the call Cao Yanzhong's face turned pale.

He gulped and said, "Father I've investigated"

## Chapter 1336: We're Finished!

"Speak, who is it!" Cao Huben roared.

"Yang Luo" Cao Yanzhong spat out two words with difficulty.

"Bullshit!" Cao Huben didn't believe it at all.

He hissed, "If this kid has such powerful authority, why didn't he use it before?" Nie Baoshan was also skeptical, "Yanzhong, is this true?" "It's true, it's true!" Cao Yanzhong nodded and gritted his teeth, "I've also found out the forces overseas that are dealing with us!

There are a total of 25 royal families in the world now, and almost half of them are dealing with us!

Even the Rothschild family, the Morgan family, the Hilton family, the Rockefeller family, and many other ancient families that have hundreds of years of history are taking action!

"As for the top 500 companies in the world, more than 100 of them have also taken action!" "Crazy!

This is simply crazy!" Cao Huben's face was filled with shock, "So many royal families, families, and corporations are actually targeting us at the same time.

Isn't this crazy?" Cao Feipeng said with difficulty, "Father, I heard that these royal families, families, and companies are all working for Yang Luo!

It's said that there are many royal families, families, and companies where Yang Luo didn't directly ask them for help, but someone helped Yang Luo pass a message to them and asked them to help him!"

"How is this possible?"

This kid actually has such a powerful background and authority overseas?!" Nie Baoshan shook his head vigorously, unable to believe this fact.

Nie Zhenming said bitterly, "Father, those royal families, families, and companies have all spoken.

As long as Yang Luo doesn't speak, their suppression won't stop!" However, the bad news did not stop there.

At this moment, everyone's cell phone rang again.

Everyone trembled.

They felt that the ringtone was like a demonic sound that was urging them to die.

However, everyone still picked up the call.

After the call Everyone's expressions were even uglier than mourning.

Cao Yanzhong looked at Cao Huben and hissed, "Father, it's over.

We're finished!" Cao Huben roared, "Our family is still here, and our domestic and foreign connections and resources are still here.

How can it be over?!" Cao Yanzhong gulped and said, "Father, the families and companies in the country that are helping us say that they can't take it anymore.

More than half of them have already withdrawn!" Cao Huben clenched his fists tightly and roared, "Retreat!

Let them retreat!

When we win later, those guys can forget about obtaining any benefits!

Moreover, we still have the help of some of the royal family, families, and corporations overseas.

"We don't need them!" However, before he could finish his sentence Cao Feipeng said, "Father, the various royal families, families, and businesses that are on good terms with us have all withdrawn one after another!

They said that the people we offended this time are too powerful and terrifying.

"They don't want to tempt fate with us!" Nie Zhenming also said to Nie Baoshan, "Father, the royal family, families, and businesses that are on good terms with our Nie family have also withdrawn one after another!

They don't want to be implicated.

"They are telling us to take care of ourselves!" "What?!" Cao Huben and Nie Baoshan exclaimed at the same time.

The two of them felt the world spin.

Their bodies swayed and they fell from the chairs.

"Father!" "Elder Cao!" "Elder Nie!" Everyone shouted in shock.

Cao Feipeng, Nie Zhenming, and the others hurriedly rushed forward and helped the two of them up.

Cao Huben and Nie Baoshan sat on the chairs and panted heavily, their faces filled with fear and anger.

They originally wanted to rely on their overseas authority to salvage the situation.

However, they did not expect the royal family, families, and businesses that were on good terms with them to withdraw.

“Father, what should we do now?” Cao Yanzhong asked sadly.

Cao Feipeng said, “Yang Luo has completely suppressed us and made us lose all our backing!” Nie Zhenming also said bitterly, “Uncle Cao, Father, we lost this competition!” Cao Huben said ruthlessly, “We did lose in terms of business!

However, in terms of martial arts, we won’t lose!

With the help of the two immortal sects, why should we be afraid of Yang Luo?!

As long as we kill that kid, we can recover our losses!” Cao Xingbiao frowned and said, “Father, even if we can kill Yang Luo, I’m afraid we can only salvage the losses in the country!

As for the losses overseas, I’m afraid it’ll be very difficult for us to recover!” Nie Baoshan said with a gloomy expression, “Elder Cao, Xingbiao is right!

The royal families, families, and corporations overseas are now crazily annexing our businesses overseas!

At that time, it will be difficult to make them spit it out again!” Hearing their words, Cao Huben calmed down.

Indeed, domestic losses could be salvaged.

However, it was indeed difficult to recover the losses overseas.

Letting them fight against so many royal families, families, and companies overseas was simply throwing an egg at a rock.

Thinking of this Cao Huben said in a low voice, “Everyone, what we have to do now is to try our best to recover the losses at home and abroad!” “So how do we get it back?” Someone asked.

Cao Huben said, "Contact Yang Luo and reach a settlement with him!" "What?!

Settlement?!" "That kid has brought us such a huge loss.

Are we going to let him off just like that?!" "We can't let that kid off.

He has to die!" All the family heads present roared.

Nie Baoshan also looked at Cao Huben in confusion, "Elder Cao, you said that Yang Luo must die.

Why are you thinking of reconciling now?" "Everyone, let me finish." Cao Huben raised his hand, "I'm just saying that we should reconcile with Yang Luo on this business war.

This is just a smokescreen.

As long as we can reach a settlement, we can try to recover the losses abroad.

This kid would definitely be smug after winning such a battle.

We will propose a settlement and promise to compensate him for his losses.

He will definitely agree.

After all, his losses in the country were also very serious now.

Reconciliation is also beneficial to him.

After settling this kid, we'll ask the experts of the two immortal sects to kill Yang Luo in one go." Huangfu Zhenxiong said, "Elder Cao, that kid Yang Luo is sinister and cunning.

I'm afraid he won't agree to reconcile easily and won't fall for it easily." Qiao Bolin added, "That's right.

Back then, our three families personally went to Jiang City to reconcile with him at all costs, but he didn't agree." Cao Huben said coldly, "No matter what, we have to give it a try.

If we continue fighting, our losses will be too great.

We can't afford to waste time at all." Everyone sighed and nodded.

They had no better solution now.

Then, Cao Huben picked up his phone and called Yang Luo again. At this moment.

Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai had just gotten another call.

After the call, the four of them were overjoyed.

Li Sihai said excitedly, "Mr.

Yang, there's news.

In just one night, the Cao family and the Nie family have already lost 500 billion!

The losses of the other families added up to hundreds of billions!" Cai Donglai also said excitedly, "The families and businesses that are on good terms with the Cao family, the Nie family, and other families in the country have all withdrawn one after another.

They don't dare to fight with us anymore!" Shen Yun also smiled and said, "Other than domestically, the royal families, families, and businesses that are on good terms with the Cao family and the Nie family have also withdrawn!" Yang Luo nodded in satisfaction.

It seemed that the efficiency of his brothers had increased.

Not bad, not bad.

How long could the Cao Family and the Nie Family withstand the double blow from both domestic and foreign forces?

However, at this moment A call was made to Yang Luo's phone.

Yang Luo picked up his phone and took a look.

It was an unknown number.

However, Yang Luo had already memorized this number.

It was Cao Huben's phone number.

Yang Luo chuckled, "Everyone, that old thing Cao Huben called again.

What do you think he wants to say now?" "Is this old man still trying to show off?" Li Sihai asked.

"They're probably begging us for mercy!" Cai Donglai also added.

"Let's hear what this old man has to say." Yang Luo narrowed his eyes and picked up the call.

He turned on the speakerphone.

As soon as the call went through "Kid, you won" Cao Huben's old and tired voice sounded.

Chapter 1337: Never Settle!

Yang Luo pretended to be confused, "Cao Huben, what are you talking about?"

What do you mean I won?" Cao Huben seemed to want to flare up, but he held it in.

He said in a low voice, "Kid, I really didn't expect you to have such powerful authority overseas.

All these years, you're the only one who can force us to this extent and make us suffer such heavy losses" "So, what are you trying to say?" Yang Luo asked calmly.

Cao Huben said, "Kid, you and we have suffered heavy losses.

If we continue to fight, our losses will be immeasurable if we continue.

So, let's end our fight here.

We are willing to reconcile with you and promise you that we will never touch you again." "Kid, as long as you're willing to reconcile, we'll compensate you for the losses we caused." At this moment, Nie Baoshan's voice sounded.

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai were instantly stunned.

They never expected that the Cao family and the Nie family would actually lower their heads to them and compromise.

They even wanted to reconcile with them and compensate for their losses.

The Cao family and the Nie family, who had always been high up in the air and incomparably arrogant, actually lowered their heads one day.

It was really unbelievable.

Yang Luo smiled faintly and said, "You want to reconcile?" "That's right." Cao Huben replied, "As long as you're willing to reconcile, you can raise any conditions." "Any conditions?"

"It's really tempting" Yang Luo replied, "If you want to reconcile, sure.

However, you have to transfer all the businesses of the Cao family and the Nie family to me immediately.

"I'll agree to it." Cao Huben said in a low voice, "Kid, we sincerely want to reconcile with you.

"Isn't it a little too much for you to raise this condition?" "Kid, don't go too far.

"I advise you to stop while you're ahead!" Nie Baoshan also said forcefully.

"Going too far?" Yang Luo's eyes turned cold, "Who the f\*ck is going too far?"

"I didn't provoke you, but you insisted on provoking me!"

How dare you say that I'm going too far now?

Where do you get the face to say such things?" Bujie also directly scolded, "The elderly who don't die early are indeed thieves.

You are a group of cunning old thieves and old beasts!

To think you still want to settle things like this, f\*ck you and your second uncle!" Hearing Yang Luo's words and Bujie's scoldings Cao Huben and Nie Baoshan were furious.

Their heavy pantings could be heard over the phone.

Yang Luo said in a low voice, "Cao Huben, Nie Baoshan, if you want to reconcile, no way!

Since I said that I wanted to destroy your Cao family, the Nie family, and the families and businesses that are on good terms with you, I naturally have to keep my word!

Of course, this is only the beginning.

Wash your necks and wait.

In a few days, I'll kill my way to the capital and take your dog lives!" Cao Huben also said ruthlessly, "Little bastard, you want to destroy our family and take our lives?"

Dream on!

Do you really think you've won?

Do you really think you're in control?

Just you wait, you won't be arrogant for long!" Yang Luo didn't listen to this old fellow's nonsense and hung up.

Shen Yun asked in a daze, "Mr.

Yang, are we really not reconciling?" "No reconciliation whatsoever!" Yang Luo shook his head.

Then, he picked up his phone and made phone calls one after another, asking his brothers to increase the suppression and completely destroy the major families and companies led by the Cao family and the Nie family!

This battle became more and more intense!

It caused turmoil in the domestic and foreign business world!

At this moment.

The capital.

There was a Chinese-styled manor on the outskirts of the city.

It looked low-key, simple, yet grand.

This was the manor where Yi Jiuzhou lived.

At this moment, Yi Jiuzhou had gotten up early and was eating breakfast in the dining room.

But at this point An old man in a gray Chinese tunic suit hurried in.

It was the Dragon General, Lin Aocang.

Seeing Lin Aocang enter, Yi Jiuzhou chuckled, "Elder Lin, you're here.

Have you eaten?

"Do you want to eat together?" Lin Aocang sat down and sighed, "Mr.

Yi, how can I be in the mood to eat breakfast now?

Over the past few days, the major families led by the Cao family and the Nie family have been fighting fiercely with Yang Luo.

Now, our domestic economy has been affected and is in turmoil." "Oh, you're talking about this." Yi Jiuzhou smiled and said, "I already know about this." "You already know?" Lin Aocang was stunned.

"That's right." Yi Jiuzhou nodded.

Lin Aocang asked in confusion, "Since you know, why didn't you interfere?" Yi Jiuzhou said, "Although our country's economy is a little unstable now, it's still within control.

There's no need to interfere." Lin Aocang asked, "Then are we just going to watch and not care?" "It's not like we are not planning to care." Yi Jiuzhou narrowed his eyes and said, "Now that Little Luo has completely suppressed the Cao family and the Nie family, they can't hurt Yang Luo, so we don't have to care.

Since they were the ones who started this conflict, they would bear the consequences themselves.

Of course, if Yang Luo is in any danger in the future, it won't be too late for us to interfere." "This!" Lin Aocang was caught between laughter and tears, "Mr.

Yi, you're so protective of that kid.

What if that kid turns our country upside down?" Yi Jiuzhou smiled and said, "Elder Lin, you've known Little Luo for so long.

Don't you know his temper well?

Little Luo would never easily cause trouble.

This time, he was forced too hard by the Cao and Nie families, so he used counterattacked fiercely.

Moreover, Little Luo has done so much for our country.

He's our State Warrior.

If we don't protect him, are we going to protect Cao Huben and Nie Baoshan?" There was a pause.

Yi Jiuzhou continued, "Over the years, these two old fellows have indulged their children in being arrogant and domineering.

They have done many things that are out of line.

Now that we have Little Luo to help us teach them a lesson, why not?" Lin Aocang shook his head and said, "Since Mr.

Yi doesn't care, I won't care either!" As he spoke, Lin Aocang picked up the breakfast on the table and started eating.

Seeing this, Yi Jiuzhou immediately laughed out loud.

However, just as this smokeless battle became more and more intense Another real battle had already begun.

At this moment.

Peng City.

Silken Manor.

The hall was filled with people.

Dongfang Ruoshui, who was wearing a black slim-fit dress, was sitting on the sofa.

She appeared elegant with a beautiful face.

There were twelve men and women sitting on the sofa in front of her.

These twelve people were the twelve Battle Kings under her.

These days, she had been helping Hua Mei Biomedical fight against the Cao and Nie families.

Now that the Cao and Nie families had been suppressed, she was free to deal with her own matters.

At this moment.

The twelve Battle Kings were reporting the situation to Dongfang Ruoshui.

“Black Phoenix” Yun Feng reported, “South Suppressing King, Nie Changkong has already brought people down south!

“Now, the people of the South Suppressing King have already started fighting with our people in the ten major cities of Dragon City, Yong City, New City, Phoenix City, Crane City, Wan City, Shen City, Fu City, Pearl City, and Huai City at the north and south borders!” “Living King of Hell” Yan Tao said in a low voice, “South Suppressing King, Nie Changkong wants to take advantage of the northern and southern commercial war to unify the north and south!” “The Nie family is really ambitious.

Not only do they want to annex Hua Mei Biomedical, but they also want to annex us!” “Mountain Moving Tiger,” Chu Wanshan replied coldly.

“Nie Changkong has long wanted to annex us and unify the north and south.

He has been plotting all these years!

However, the traps he set up were either broken by Mr.

Yang or by us.

It was useless!” “Overturning River Dragon,” Ling Zhan said disdainfully.

Dongfang Ruoshui narrowed her eyes and said, “Although I already expected this battle, I didn’t expect it to come faster than I thought!

Forget it.

Since this guy has already started a huge battle, I’ll fight him to the end!”

Chapter 1338: It’s Time to End It!

At this moment.

She quickly answered the call.

After the call She hurriedly said, "South Suppressing King, just now, the chambers of commerce of the various cities in the south have also started fighting!" "What's going on?" South Suppressing King frowned and asked.

Yun Feng said, "It's said that the presidents of those chambers of commerce have long joined Nie Changkong!"

Now that Nie Changkong is starting a war with us, those guys can't wait to jump out!" "F\*ck, they're all traitors!" "Did those guys think that Nie Changkong would definitely win?" "The final winner of this battle will definitely be us.

Those guys will regret their choice!" The various Battle Kings were furious.

The battle had just begun, but traitors had already appeared.

This made them very angry.

Dongfang Ruoshui said in a solemn voice, "Everyone, don't be affected by those traitors.

Everyone must buck up and fight this battle well!" As she spoke, she immediately ordered, "Yunfeng, Ling Zhan, Yan Tao, Chu Wanshan The ten of you hurry to the ten cities at the north-south border to provide support!

"Li Longfei, Shang Wei, the two of you immediately bring people to destroy those traitors!" "Yes!" Yun Feng and the others replied in unison and left.

After Yun Feng and the others left Dongfang Ruoshui got up and walked out of the hall.

She looked at the distant sky and muttered, "Nie Changkong, is it you or me who can unify the north and south?"

"Let's wait and see!" Time passed quickly.

Another three days passed.

In these three days.

Yang Luo's battle with the Cao family, the Nie family, and other large families was gradually coming to an end.

The battle between Dongfang Ruoshui and Nie Changkong instead intensified.

On the evening of the fourth day.

The capital.

Cao Family Manor.

The atmosphere in the hall was extremely oppressive.

Everyone was like frosted eggplants, all of them withered.

Cao Huben and Nie Baoshan, who were already old, seemed to have aged a few years.

Cao Yanzhong looked at Cao Huben with reddened eyes, "Father, we lost.

We've lost completely!

All the industries under our Cao family, both domestic and foreign, have collapsed.

All the companies went bankrupt and closed down!

Especially those companies overseas, they had already been annexed by those royal families, top tier families, and companies!

Our losses are immeasurable!" Cao Feipeng said with heartache, "Father, more than half of the families and businesses that are on good terms with us have withdrawn, and half of them have been destroyed!" Nie Zhenming also looked at Nie Baoshan and hissed, "Father, all the industries under our Nie family have collapsed, and all the companies have closed down!

Those families and companies that are on good terms with us have either retreated or been destroyed!

We've lost this battle.

We've lost completely!" "Elder Cao, Elder Nie, our Wang family has completely collapsed.

We don't have the ability to fight Yang Luo anymore!" "Our Wu family has already ceased to exist in name!" "If we can't turn the tables, our Li family will no longer exist!" "Our Zheng family is the same" All the family heads present wailed and cried bitterly.

Yang Luo used the powerful domestic and foreign forces to suppress them in all aspects, crushing their confidence and causing them to completely collapse.

As for Huangfu Zhenxiong, Qiao Bailin, and Xu Yanfeng, they slumped into their chairs.

They never expected Yang Luo's energy to be so powerful that it was unbelievable.

The royal family, the Cao Family, and the Nie Family had joined hands with so many families and companies and even utilise foreign forces, but they were actually unable to defeat Yang Luo.

Instead, they were defeated.

How terrifying was Yang Luo!

Hearing everyone's words Cao Huben and Nie Baoshan were also heartbroken, their eyes red.

The two of them took a while to recover.

Cao Huben roared angrily, "Yang Luo, you forced my Cao family to this extent.

I want your life!" "Yang Luo, you asked for this.

I'm going to tear you into pieces!" Nie Baoshan also roared angrily.

Their voices echoed in the hall, causing everyone's eardrums to buzz.

Cao Yanzhong looked at Cao Huben and Nie Baoshan and said excitedly, "Father, Uncle Nie, are we finally going to invite those people?" The others also looked at Cao Huben and Nie Baoshan.

The reason why they had lasted until now was entirely because the Cao Family and the Nie Family still had their ultimate trump cards.

That was the Heaven Expanse Sect and the Purple Cloud Sect.

"Of course!" Cao Huben nodded and said fiercely, "Even if I have to give it my all, I have to kill Yang Luo!" "This kid must die!" Nie Baoshan also roared.

"Good, good.

As long as the two immortal sects attack, this kid will definitely die!" "As long as this kid dies, we can turn the tables!" "We haven't lost, we haven't lost!" All the family heads present were excited.

Hope rose in their hearts again.

Then, Cao Huben and Nie Baoshan took out their phones and made two calls At the same time Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

"Mr.

Yang, the major families and companies led by the Cao family and the Nie family are completely finished!" Li Sihai said excitedly.

Cai Donglai also said, "All the businesses under the Cao and Nie families have collapsed, and all the companies have closed down!" "Very good!" Yang Luo nodded and said, "Then I'll leave the rest to you guys.

I have to get down to business!" "Business with opening offices, with IttatgWawasan Li Sihai looked puzzled,.

"What business?

Haven't the Cao family, the Nie family, and the other families been destroyed?

"In the future, we just need to take over the businesses under these families." Su Qingmei, Shen Yun, and Cai Donglai were also puzzled.

A cold glint flickered in Yang Luo's eyes.

.I said that I want to completely destroy all the families led by the Cao family and the Nie family!

“Now that this dispute has come to an end, it's time for me to go to the capital to wrap it up!”

“Wrapped up?”

Wjat wjat kpa; \Su Qingmei asked.

“Just in here to take their lives, of course!” Yang Luo simply replied – “What?!” Su Qingmei's face turned pale.

“Are you going to kill those families?!” Shen Yun, Li Sihai, and Cai Donglai's faces turned pale.

Oh my god!

They did not expect that Yang Luo meant to end the matter!

“That's right!” Yang Luo nodded and said, “We have to get rid of the roots!

If we leave these guys behind, they will bring us endless trouble in the future!

“Moreover, these guys also want to kill me.

I'm already in a situation where I won't rest until I die!” “This!” Su Qingmei took a deep breath and said, “Yang Luo, if you kill those families, will there be any chaos?” Shen Yun also said, “That's right, Mr.

Yang.

Those families led by the Cao family and the Nie family are far from what the Jiang family and the Song family in Jiang City could compare to!

Back then, when you killed the members of the Jiang family and the Song family, you could rely on your powerful background to suppress this matter!

However, if you kill the members of the Cao family and the Nie family, it will probably be very difficult to suppress them!

After all, the Cao family and the Nie family are royal families!" Yang Luo stood up and looked at the night sky outside the window.

He said coldly, "So what if they're from a family in the capital?"

So what if the Cao family and the Nie family were royal families?"

Since they dare to provoke me, they should pay a heavy price!" "That's right, those old fellows must die.

Brother Yang, I support you in doing so!" Bujie stood up.

"The sins of the heavens can be forgiven, but the sins of oneself are not!" Xu Ying, Prajna, and Lin Wenxuan stood up as well.

Seeing that Su Qingmei and the other three were still talking, Yang Luo raised his hand and said, "Don't worry.

No matter what happens, I'll bear the responsibility!" As he spoke, Yang Luo waved his hand, "Xu Ying, Bujie, Prajna, Brother Lin, let's go!" "Let's go!" Xu Ying and the other three also shouted.

However, just as Yang Luo and the others were about to leave Suddenly, a call was made to Yang Luo's phone.

## Chapter 1339: Eldest Senior Sister Is in Danger!

Yang Luo took out his phone and saw that it was an unknown number.

Weird?

Who was calling this time?

Puzzled, Yang Luo answered the call.

However, as soon as the call went through, An anxious voice sounded.

“Mr.

Yang, please save the South Suppressing King!” “You’re Miss Yun?!” Yang Luo was stunned for a moment before reacting.

The person who called was one of the twelve Battle Kings, “Black Phoenix” Yun Feng.

“Yes, I’m Yun Feng!” Yun Feng quickly replied.

“What’s wrong with my senior sister?” Yang Luo hurriedly asked.

Yun Feng replied, “Mr.

Yang, while you were fighting with the Cao family and the Nie family, Nie Changkong went south and started a huge battle with us!

Now, Nie Changkong has already led his men to kill their way to Silken Manor!” “What?!” Yang Luo’s expression changed drastically.

Could this be a backup plan left behind by the Cao and Nie families?

Yang Luo hurriedly asked, "How's my eldest senior sister now?" Yun Feng said, "We're blocking the attacks of Nie Changkong and the others, but there are too many of them!

Now that the South Suppressing King is already injured, I'm worried that she won't be able to hold on for long!" "Nie Changkong!!!" Yang Luo's eyes immediately turned bloodshot as he said fiercely, "You came knocking on my door before I could look for you!

Very good, I'll completely destroy you this time!!!" He tried his best to maintain his composure and said, "Miss Yun, I'll rush over immediately.

Please protect my eldest senior sister.

Please!" With that, Yang Luo hung up.

"Yang Luo, did something happen to Sister Dongfang?" Su Qingmei hurriedly asked.

"That's right." Yang Luo nodded and said, "Nie Changkong brought people south and started a huge battle with Eldest Senior Sister!

Now, this dog had already killed his way to where Eldest Senior Sister lived!

I'm on my way to help!

I'll leave the rest to you!" Su Qingmei said worriedly, "Yang Luo, please save Sister Dongfang!

I'll get Little Yan to send you to the airport and take a private plane to Peng City!" "Yes!" Yang Luo nodded heavily and hurriedly left the company with Xu Ying, Bujie, Prajna, and Lin Wenxuan.

Xu Yan drove a MPV and drove Yang Luo and the others straight to the airport.

“Brother Yang, where are you rushing to now?” Xu Yan asked curiously.

Yang Luo replied, “We’re going to Peng City to do something.” “Oh” Xu Yan nodded and did not ask further.

Instead, she thanked him, “Brother Yang, thank you for helping President Su and everyone survive this crisis.

If it weren’t for you, Brother Yang, our Hua Mei Biomedical wouldn’t have been able to survive this calamity at all.

I’m afraid it would have long been divided up by the Cao and Nie families.” Until now, she still felt like she was dreaming.

After all, she also thought that Hua Mei Biomedical would not be able to survive this calamity.

However, she did not expect Hua Mei Biomedical to not only survive this calamity, but also defeat the major families led by the Cao family and the Nie family.

And this was all thanks to the man in front of her.

It seemed that no matter how big the matter was, it was nothing in this man’s eyes.

“Xiao Yan, the reason why Hua Mei Biomedical can survive this crisis is not because of me alone, but because of everyone’s joint efforts!” Yang Luo replied and said to Xu Yan, “Xiao Yan, when I’m not around, please take care of Qingmei!” “Yes!” Xu Yan nodded.

Then, Yang Luo took out his phone and called Qi Yutang, Li Wushuang, Wang Mufeng, Hou Qinglie, Lei Tianhong, Di Yun, and Yu Tong, asking them to rush to Peng City’s Jinxiu Manor to support Dongfang Ruoshui.

Other than calling Qi Yutang and the others, Yang Luo also called the sect masters of Wudang, Shaolin, Emei, and other sects who were on good terms with him and asked them to bring people to help as soon as possible.

He knew Nie Changkong quite well.

This guy was sinister, cunning, and extremely shrewd.

He had ruined this guy's plans many times in the past, but this guy could still endure until now.

It was already not something ordinary people could do.

Since this guy chose to bring people south and start an all-out war with Eldest Senior Sister, it was enough to show that he was fully prepared.

Therefore, he had to get more people to help Eldest Senior Sister.

It just so happened that this time, he could completely end things with Nie Changkong.

The car arrived at Jiang City Airport not long after.

After Yang Luo greeted Xu Yan, he brought Xu Ying and the other three into the airport.

They boarded Hua Mei Biomedical's private plane and flew to Peng City.

Just as Yang Luo and the others were rushing to Peng City The major sects in the ancient martial arts world that were on good terms with Yang Luo also rushed to Peng City after hearing the news It was past nine in the evening.

Peng City.

Silken Manor.

The entire Silken Manor was brightly lit, and there were people inside and outside.

The number of people had already exceeded tens of thousands.

A huge battle was taking place here.

Roars, shouts, and screams rose and fell.

There were corpses everywhere, blood everywhere, and sorrow everywhere.

It was very tragic.

On this night, Nie Changkong had led more than 30,000 people to kill their way here, surrounding the entire Silken Manor.

Half of these thirty thousand people were his subordinates, and half of them were from the various large sects that were on good terms with the Nie Family.

There were also hundreds of cultivators from the Heaven Expanse Sect and the Purple Cloud Sect from the Penglai Immortal Island.

Although there were thousands of people guarding Jinxiu Manor, Dongfang Ruoshui had also called over 10,000 people to support them.

However, in terms of numbers and overall strength, they were still inferior to the people Nie Changkong had brought.

Therefore, after this battle lasted for a few hours, Dongfang Ruoshui's side had already begun to retreat step by step.

At this moment.

On a square in front of Silken Manor.

Dongfang Ruoshui was fighting fiercely with Nie Changkong and the others with the twelve Battle Kings.

The sky above the square was filled with saber lights and sword shadows.

True Qi surged, and it was extremely dazzling.

Rumble!

Accompanied by a shocking explosion!

"Ah!" Dongfang Ruoshui let out a painful cry and was sent flying again!

Dongfang Ruoshui was sent flying 20 to 30 meters away before she could barely stabilize herself!

Dongfang Ruoshui, who had a graceful figure and a beautiful face, stood in the distance with the Sun and Moon Twin Blades in her hands.

Her body was covered in blood, and her clothes were dyed red!

On the other side, Nie Changkong and the others were looking at Dongfang Ruoshui mockingly.

Therefore, other than Nie Changkong, there were six middle-aged men in retro long robes and holding swords.

These six middle-aged men were the Protectors sent by the Heaven Expanse Sect and the Purple Cloud Sect to help Nie Changkong.

The three Protectors of the Heaven Expanse Sect were called Chen Yanze, Wang Shifeng, and Li Qianjun.

The three Protectors of the Purple Cloud Sect were called Lu Huaining, Xue Feihan, and Wei Shaoxuan.

Nie Changkong looked at Dongfang Ruoshui with a smile and said, "Ruoshui, more than half of the major chambers of commerce in the south have already submitted to me!

In this battle, not only are the ten sects of the ancient martial arts world helping me, but there are also the two immortal sects of Penglai Immortal Island helping me.

Do you think you still have a chance of winning?" Dongfang Ruoshui stared coldly at Nie Changkong and exclaimed, "Nie Changkong, even if I have no chance of winning this battle, I will fight you to the death!" Indeed, she did not expect Nie Changkong to invite the immortal cultivators of the Penglai Immortal Island to help.

If Nie Changkong had only invited the ancient martial arts practitioners from the ancient martial arts world to help, then she still had a chance of winning this battle.

But now, even the Immortal Sect was involved.

This made her feel unprecedented pressure.

"Fight to the death?" Nie Changkong sighed softly, "Ruoshui, why are you doing this?"

As long as you become my woman and make your people submit to me, there's no need to fight this battle." "Be your woman?"

Submit to you?" Dongfang Ruoshui laughed mockingly, "Even if I die, I won't be your woman!

Even if my men die in battle, I won't submit to you!" Nie Changkong's eyes were cold as he said, "Ruoshui, are you sure you want to continue fighting with me?" "If you want to fight, let's fight.

Cut the crap!" Dongfang Ruoshui shouted coldly and raised the Sun and Moon Sabers that were dripping with blood in her hand.

"In that case, don't blame me!" Killing intent exploded in Nie Changkong's eyes as he shouted at his men, "Everyone, don't hold back.

Kill all those who resist as soon as possible!" "Yes!" Everyone responded loudly and attacked Dongfang Ruoshui's people even more crazily!

Chapter 1340: I'll Die with Him!

Then, Nie Changkong said respectfully to Chen Yanze and the other six Protectors, "Protectors, just make this woman lose her mobility.

Don't take her life!" Chen Yanze smiled and said, "I didn't expect Mr.

Nie to be so infatuated.

Alright, in any case, the elders want us to cooperate with you fully.

We'll do whatever you say." Lu Huaining said indifferently, "In any case, this woman is no threat to us.

It doesn't matter if we kill her or not." Nie Changkong cupped his fists and said, "Thank you, everyone!" Just as Nie Changkong and the others were talking!

Dongfang Ruoshui's figure moved and turned into a stream of light that charged towards Nie Changkong and the others!

And the moment they got close Dongfang Ruoshui directly jumped up and waved the Sun and Moon Blades in her hand, slashing at Nie Changkong and the others!

“Sun and Moon Dual Blade Technique!” Swish!

Swish!

The two sabers slashed out at the same time, tearing through the night sky!

The flames and ice surged, turning into a long river of flames and ice that surged towards Nie Changkong and the others!

“Woman, you're already injured to this extent, yet you still dare to take the initiative to attack us.

You're really overestimating yourself!” Chen Yanze sneered and waved the sword in his hand to meet the attack!

“Heaven-deriving Sword Technique!” Swoosh!

A silver-white sword light slashed out.

Sword qi wreaked havoc and True Qi surged!

Rumble!

The surging river of flames and ice were instantly destroyed by the sword!

Dongfang Ruoshui was sent flying again!

Just as Dongfang Ruoshui was sent flying!

Nie Changkong took a step forward and threw a punch!

“Heavenly Lightning Divine Fist!” A purple lightning fist tore through the air and blasted towards Dongfang Ruoshui with terrifying lightning energy!

Dongfang Ruoshui was shocked and quickly raised her dual sabers to block!

Clang!

Clang!

Although Dongfang Ruoshui had blocked this punch, she was still sent flying!

Wang Shifeng and the others also charged forward and attacked Dongfang Ruoshui fiercely!

“Wild Wave Saber Technique!” “Life Stealing Divine Spear!” “Heavenly Net Divine Axe!” “Purple Cloud Divine Palm!” “Nine Heavens Divine Fist!” The sabers and spears tore through the air, and the axe split the sky.

Fists and palms flew as they attacked Dongfang Ruoshui!

Dongfang Ruoshui twisted her waist and abdomen.

After stabilizing her body, she kept waving the Sun and Moon Sabers in her hand to meet the attack!

Clang!

Clang!

Clang!

Boom!

Boom!

Boom!

The sound of collision and explosions resounded endlessly, resounding through the night sky!

All kinds of True Qi and energy intertwined and spread in all directions like a surging wave!

The steel bars and cement on the ground were sent flying into the sky before being shattered into pieces!

Dongfang Ruoshui could not withstand the attacks of so many people at all and was forced to retreat repeatedly!

The wounds on her body continued to increase as blood splattered!

“Ruoshui, aren’t you going to admit defeat?”

“Do you want me to cripple you?” Nie Changkong roared and walked towards Dongfang Ruoshui.

Chen Yanze and the others also walked towards Dongfang Ruoshui.

The six of them had mocking smiles on their faces.

They were immortal cultivators from the Penglai Immortal Island.

These martial artists from the secular world were like ants in their eyes.

If the Cao and Nie families hadn't begged them for help, they wouldn't have bothered to get involved.

Dongfang Ruoshui panted heavily.

She gritted her teeth and said, "I said that I would never admit defeat even if I died!

Don't even think about making me your woman.

In the end, I'll choose to end my own life!" "Why?" Nie Changkong stared at Dongfang Ruoshui with a ferocious expression and roared, "I've liked you for so many years.

Why aren't you willing to agree to me?

I'm a descendant of the Nie family.

Soon, I'll unify the north and south.

In the future, the entire Nie family will be mine!

As for Yang Luo, what's so good about that kid?

Can he compare to me?" Dongfang Ruoshui hissed, "Little Luo is a thousand times better than you, ten thousand times better.

You can't compare to him in any way!

If not for the Nie Family, would you have your current achievements and unified the north and south by yourself?

Without the Nie Family, you're nothing!" "Damn it!

Damn it!!" Nie Changkong's eyes were red as he roared, "I'll tell you the truth!

"This time, my Nie Family and the Cao Family joined forces to make that bastard Yang Luo lose everything and kill him in despair and collapse!

That bastard Yang Luo won't be able to live for long!

No matter how strong he is, he can't be a match for the Protectors and elders of the two immortal sects.

He's definitely dead!" Dongfang Ruoshui said resolutely, "If Little Luo really dies, I will die with him!"  
"Why?!"

Why?!!" Nie Changkong roared angrily and said ruthlessly, "Good, very good!

I'll cripple you first and let you watch that beast die in front of you!

You want to die with him?

Stop dreaming!" As he spoke, his body moved and directly rushed towards Dongfang Ruoshui!

Chen Yanze and the others also moved and rushed towards Dongfang Ruoshui!

Dongfang Ruoshui was fearless.

She endured the pain on her body and fought!

An intense battle erupted again!

Clang!

Clang!

Clang!

Boom!

Boom!

Boom!

The sounds of collision and explosions were endless!

Beams of light soared into the sky, and True Qi surged in all directions like waves!

The ground in the square cracked and collapsed continuously.

Rocks flew and dust billowed.

It was a spectacular and terrifying sight!

Dongfang Ruoshui was sent flying again and again, and the injuries on her body became more and more serious!

Her face began to turn pale and she had almost exhausted all her Qi and energy!

After being sent flying for the seventh time!

Dongfang Ruoshui fell heavily to the ground and spat out a mouthful of blood.

She could not even get up!

“Hurry up and help!” Yun Feng, who was fighting fiercely in the distance, broke out of the encirclement and charged towards Nie Changkong and the others with injuries!

She had promised Yang Luo to protect Dongfang Ruoshui!

Even if she had to risk his life, she had to do it!

At the very least, she had to hold on until Yang Luo arrived!

Just as Yun Feng charged towards Nie Changkong and the others!

Ling Zhan, Yan Tao, Chu Wanshan, Li Longfei, and Shang Wei, the five Battle Monarchs, also broke out of the encirclement and charged towards Nie Changkong and the others!

Dongfang Ruoshui was their king, their backbone!

As long as Dongfang Ruoshui was still around, they had not lost!

In order to protect Dongfang Ruoshui, they did not hesitate to fight to the death!

Although Yun Feng and the other three were considered very strong existences among ordinary people, However, in the eyes of Nie Changkong, Chen Yanze, and the other six cultivators who were at the Martial King Realm, this bit of strength was not enough!

It had only been a few minutes since the battle started!

“Uhhh” Yun Feng let out a scream and flew out.

With a bang, she fell beside Dongfang Ruoshui!

The injuries on her body became even more serious as blood gushed out of her mouth!

“Yun Feng!” Dongfang Ruoshui screamed.

Her eyes were red and her heart ached.

Yun Feng gritted her teeth and said, “South Suppressing King, don’t be sad.

I’ve already contacted Mr.

Yang.

Mr.

Yang is on his way!

As long as Mr.

Yang arrives, we will definitely be able to turn the situation around!” “Little Luo” Dongfang Ruoshui muttered as tears welled up in her eyes.

She had also thought of contacting Yang Luo for help.

However, she knew that Yang Luo was also very busy now and was helping Su Qingmei deal with the Cao family and the Nie family.

However, at this critical moment, she could only rely on Yang Luo.

In fact, there were also many ancient martial arts sects that she was on good terms with.

She had also asked those sects for help.

However, when those sects learned that they were going to fight against the Cao family, the Nie family, and the Immortal sects, they expressed their unwillingness to help.

It was precisely because of this that it was difficult for her to resist Nie Changkong.

At this moment.

“Ahhh” Ling Zhan and Yan Tao could not take it anymore.

They flew over and fell to the ground.

Both of them spat out a mouthful of blood.

Moreover, a few minutes after Ling Zhan and Yan Tao flew over!

“Ah!

Ah!

Ah” Chu Wanshan, Li Longfei, and Shang Wei also let out miserable cries as they flew over from afar, vomiting blood.

“Ling Zhan, Yan Tao” Dongfang Ruoshui choked with sobs.

Her heart felt like it was being twisted by a knife.

“Hahaha” Nie Changkong threw his head back and laughed wildly.

He said sinisterly, “Yun Feng, Ling Zhan You guys are quite protective of your master.

However, can you guys contend with us?”
