

Super IDG 1391

Chapter 1391: Alliance Meeting!

The next morning.

Yang Luo and the others were having breakfast in the dining room.

Halfway through the meal.

Yang Luo said to Su Qingmei, "Qingmei, I'm going overseas in the next few days." "Where are you going now?!" Su Qingmei couldn't help but exclaim.

She was really scared now.

As long as Yang Luo said that he wanted to go out, nothing good would happen.

Xu Ying, Bujie, Prajna, and Lin Wenxuan also looked at Yang Luo in confusion.

Yang Luo smiled and said, "Qingmei, don't be nervous.

I only went overseas to find a place to cultivate.

Now that my brothers are working hard to improve themselves, I naturally have to work harder." "Really?" Su Qingmei narrowed her beautiful eyes at Yang Luo.

Yang Luo raised his hand and said, "I swear on the light bulb that I'm telling the truth.

If I'm lying, I'm willing to be struck by lightning!" "Stop, stop, stop!" Su Qingmei quickly stopped him, "Don't make such an oath.

What if it really comes true one day?

‘I’ll believe you!’ Yang Luo’s heart skipped a beat as well when he saw her actions.

Perhaps his oath would come true soon.

After all, he might have to undergo the Earth Immortal Lightning Tribulation soon.

He would definitely be struck by lightning.

Su Qingmei said, “Since you’re going to cultivate, don’t cause trouble everywhere.” “Don’t worry, I promise not to cause trouble.” Yang Luo replied and said to Xu Ying and the others, “Xu Ying, Bujie, Prajna, Brother Lin, come with me.” “Alright!” Xu Ying and the rest nodded in agreement.

After breakfast.

After Yang Luo sent Su Qingmei to the company, he took Xu Ying and the other three to the Jiang City airport.

After arriving at the airport, he waited for a while.

Yang Luo and the other three boarded a plane to Deer City in the south.

However, before getting on the plane, Yang Luo called the leader of the Hidden Dragon Pavilion’s branch in Deer City, Luo Zhenchuan, and asked him to make arrangements.

Only when the plane took off Bujie hurriedly asked, “Brother Yang, where are we going to cultivate this time?” Xu Ying, Prajna, and Lin Wenxuan also looked at Yang Luo curiously.

Yang Luo did not hide anything and told the four of them about the Nine Mystic Island.

After hearing Yang Luo's words, the four of them were dumbfounded.

They were all shocked.

"F*ck!

There's such a magical island in this world?!" Bujie could not help but exclaim.

Xu Ying said in shock, "An island has nine types of energy and can still rise and sink into the sea.

This is unbelievable." Lin Wenxuan wiped his chin and said, "I've heard of the Nine Mystic Island.

However, I didn't expect this island to be so strange.

Interesting." "Brother Yang, doesn't that mean that you can step into the Earth Immortal realm this time?!" Prajna was very excited.

"That's not necessarily true." Yang Luo shook his head and said, "It's not that easy to step into the Earth Immortal realm.

Moreover, I've just stepped into the perfected Dao Convergence realm not long ago.

It's unrealistic for me to step into the Earth Immortal realm so quickly.

However, since it is a cultivation place recommended by my master, it must be very extraordinary.

This cultivation might be quite beneficial to us." "Brother Yang, now that you mention it, I'm really looking forward to it!" "This time, we must continue to increase our cultivation and strength!" "All the best!" Xu Ying, Lin Wenxuan, and Prajna were all very excited and expectant.

When Yang Luo and the others arrived at Deer City, it was just past noon.

In the airport lobby.

The leader of the Hidden Dragon Pavilion's branch in Deer City, Luo Zhenchuan, and a few team members were already waiting.

Luo Zhenchuan was wearing a simple casual outfit.

His skin was dark, and he had a short hairstyle.

He looked very energetic.

He saw Yang Luo and the others coming out of the plane.

"Deputy Pavilion Master Yang!" Luo Zhenchuan and a few of his team members quickly came forward to welcome him.

"Team Leader Luo, everyone, sorry to keep you waiting!" Yang Luo shook hands with Luo Zhenchuan.

"Deputy Pavilion Master Yang, you're too polite.

We didn't wait long either." Luo Zhenchuan smiled and shook his head.

Everyone present felt honored.

As members of the Hidden Dragon Pavilion, they had all heard of Yang Luo's legendary deeds.

Just a few days ago, they already knew that Yang Luo had led people to destroy the Cao family, the Nie family, and the other 18 families.

This made them even more impressed.

“Is the yacht ready?” Yang Luo asked.

“It’s ready.

It’s docked at Deer City Harbor.” Luo Zhenchuan replied and said, “Deputy Pavilion Master Yang, I’ve already booked a restaurant.

Why don’t we go to Deer City Harbor after lunch?” “Alright!” Yang Luo nodded in agreement.

Then, everyone left the airport and took a car to a restaurant in the city center for lunch.

After dinner.

Luo Zhenchuan and the others drove Yang Luo and the others to Deer City harbor.

A medium-sized luxury yacht was docked there.

Luo Zhenchuan said, “Deputy Pavilion Master Yang, this yacht is fully equipped with rooms, living rooms, bathrooms, household appliances, and so on.

Moreover, we have also prepared enough fuel.” “Team Leader Luo, thank you!” Yang Luo thanked him.

Then, Yang Luo and the others boarded the yacht and drove towards the distant sea. At the same time, the Country Stars & Stripes.

Snow City.

In the main building.

Twelve well-dressed men and women sat in the spacious and bright meeting room.

There were middle-aged people and old people.

These people were the commanders of Country Stars & Stripes, Country Sakura, Country Oxford, Country Kimchi, Country Asan, Country Elephant, Country Noodle, and other countries.

It could be considered a meeting between the commanders of the twelve countries.

Sitting at the head of the table was Country Stars & Stripes' commander, Lawrence.

Lawrence glanced at everyone present and said loudly, "Everyone here has a grudge against Yang Luo and has suffered at his hands many times.

I gathered everyone today to discuss how to deal with Yang Luo." Ferrand said fiercely, "Mr.

Lawrence, not long ago, this kid caused a ruckus in our Country Oxford and barged into our Buckingham Palace to snatch more than a thousand treasures from us!

Moreover, this kid killed tens of thousands of us and completely destroyed the Dark Judgement Team that we spent many years building!

No matter what, no matter what method we use, we have to kill this kid!" Masahiro Ono gritted his teeth and said, "Mr.

Ferrand, Yang Luo only caused trouble in Country Oxford once, but he caused trouble in Country Sakura twice!

For the first time, this kid led people to destroy our Eighth Hong Tower and killed tens of thousands of us!

The second time, this kid killed thousands of our martial arts experts at our Mount Fuji and killed three Martial Emperor Realm experts and one Martial God Realm expert!

This kid has a blood feud with our Country Sakura.

I won't rest until he dies!" Park Son-won also cried and said, "Mr.

Ferrand, Mr.

Ono, this kid once caused a scene in our Country Kimchi!

This kid only brought three people and destroyed one of our martial arts sects, the Seven Arches Sect, and a medical sect, the Oriental Medicine Sect.

He also killed more than 10,000 people!

The Seven Arches Sect is one of the top sects in the martial arts world of Country Kimchi.

It has protected our country many times!

The Oriental Medicine Sect is the top medical sect in Country Kimchi.

Their ancient medical skills resound throughout the world!

However, it was because of this kid that our Country Kimchi's martial arts world suffered a serious setback.

There was also a gap now in our ancient medical skills!

I can't wait to cut this kid into a thousand pieces and burn his bones to ashes!" "Everyone, this kid brought people into our Country Asan's Spirit Vulture Mountain and killed many of our Buddhist experts!" "This kid has also destroyed our Country Noodle's Golden Ancient Sect.

There are countless casualties!" "Our Elephant Head God Temple was also destroyed by this kid!" The other commanders present also cried and complained.

All of them hated Yang Luo to the core.

Lawrence sighed and said, "I can completely understand everyone's feelings!

Back then, this kid destroyed our sand sea base built near Dibai!

"Moreover, later on, he even brought people to break into our Turks Base, snatched ten precious documents, and killed tens of thousands of our soldiers!

I hate this kid more than you do.

I can't wait to kill him now!

However, this kid is not ordinary.

It is too difficult to kill him!

This is also the reason why I gathered everyone for a discussion!"

Chapter 1392: Destroy Him, Kill Him!

Hearing Lawrence's words, Everyone present fell silent.

Indeed, it was as Lawrence had said.

Yang Luo was simply an anomaly.

This kid was still alive after offending so many countries.

More importantly, they had also surrounded and intercepted Yang Luo, but they had not succeeded.

This was also what annoyed them the most.

Lawrence said in a deep voice, "Everyone, our Country Stars & Stripes has discovered that not only is this kid powerful, but he also has many backers.

Not only is he the Deputy Pavilion Master of the Hidden Dragon Pavilion, but the masters of the Azure Dragon Pavilion, White Tiger Pavilion, Black Tortoise Pavilion, and Vermillion Bird Pavilion are also his friends.

In fact, even the Holy Imperial Court of the Dark World has a good relationship with him." Ferrand added, "Not only that, but the Magic Kingdom of the Dark World, the Blood Race, and the Demon Dragon race are also very close to this kid.

Back then, this kid was clearly at his wits' end in Country Oxford.

Unexpectedly, at the critical moment, the Kingdom of Magic, the Blood Race, and the Demon Dragon Race actually sent people to save this kid.

It's also because of this that this kid could successfully escape in the end." Masahiro Ono frowned and said, "This kid has a deep relationship with some of the top martial arts sects in China.

Even the Martial Alliance's Alliance Master, Xiang Kunlun, calls him brother.

As for the Underworld, other than the Holy Imperial Court, Violet, the God Slaying Temple, Hellfire, and other organizations also have a good relationship with him." Hearing the words of Lawrence, Ferrand, and Masahiro Ono The commanders of Country Asan, Elephant Country, and Country Noodle were all shocked.

"Oh my god, this kid is actually so powerful?!" "Ancient martial arts sects, Holy Imperial Court, Violet, God Slaying Temple, Azure Dragon Pavilion, Kingdom of Magic, Blood Race, Demon Dragon Race Oh my god, isn't this kid's connections too wide?" "It's more than just wide.

It's simply covering various fields.

It's too terrifying, too terrifying!" "Now I finally understand why this kid is so difficult to kill.

Touching him is simply akin to triggering an apocalypse!" The commanders of the various countries exclaimed, their faces filled with shock.

After all, their understanding of Yang Luo was really limited.

The commander of Country Asan, Admisa, gulped and said, "This kid has such terrifying authority.

Can we really kill him?" The other commanders also had fear on their faces.

It couldn't be helped.

The authority that Yang Luo wielded was enough to make any country in the world tremble in fear.

Lawrence raised his hand and said, "Everyone, there's no need to be afraid, no need to worry!

In terms of one-on-one combat, it might really be very difficult for us to kill him!

But now that the twelve countries have joined forces, there will definitely be a way to kill him!" "Mr.

Lawrence, do you have any good ideas?" Ferrand hurriedly asked.

"I didn't think of a good solution either." Lawrence shook his head and said, "However, apart from offending us, this kid has also offended the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace.

These three top organizations probably want to tear this kid into pieces like us.

Unfortunately, the Holy Light Church's Guardian Angel, the Chief Gods of the Heavenly Shrine, and the Demon King of the Hell Demon Palace cannot do anything to him now.

The Guardian Angels, Gods, and the Demon Kings had fought with this kid many times in the past, but they had never gained any benefits.

Moreover, a God of the Heavenly Shrine and a Demon King of the Hell Demon Palace had all died at the hands of this kid.

In addition, the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor, three experts on the World Divine Ranking, had been cultivating in seclusion.

It's precisely because of this that the three top organizations haven't taken action to deal with this kid recently." Ferrand nodded and said, "I know a little about this.

It's said that the three top organizations are brewing a huge plan to unify the entire Dark World!

However, the three Divine Ranking experts, the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor had yet to come out of seclusion, so they did not implement this plan yet!

If the three experts on the Divine Ranking make a move, this kid will definitely die!” Lawrence sighed and said, “We all know that as long as these three experts on the Divine Ranking make a move, this kid will definitely not survive!

However, the key is that we don’t know when the three experts on the Divine Ranking will attack!

If these three experts on the Divine Ranking attack after a year, two years, or three years, wouldn’t we have to wait for a year, two years, or three years?

At that time, this kid’s strength will probably be even stronger and the connections he accumulates will be even deeper.

It will be difficult to deal with him again!” “Good point.” Ferrand nodded and said sinisterly, “Therefore, we have to kill this kid before his wings are completely grown!” Masahiro Ono sighed and said, “If only our Country Sakura’s Sword Saint was willing to take action.

Our Sword Saint is also a famous expert on the Divine Ranking.

If he attacks, this kid will definitely die.” “That’s right, Mr.

Ono.

That Sword Saint from Country Sakura is very strong.

Didn’t you ask him to help?” Lawrence asked.

Masahiro Ono smiled bitterly and said, “I naturally invited the Sword Saint, but for some reason, he refused to help.” Lawrence shook his head and said, “Everyone, do you have any good ideas?” Park Son-won said sinisterly, “I think if we want to kill this kid, we have to wait for him to act alone.

It’s best if he’s overseas!

At that time, our twelve countries will send out all the various teams to attack this kid before his reinforcements arrive.

I don't believe that we can't kill him!" "Yes, this idea is feasible." Lawrence nodded and said, "However, according to the information, this kid has been in China recently and has no intention of leaving the country." However, at this moment His cell phone rang.

Lawrence picked up the phone and looked at it, then answered the call.

After the call.

Lawrence was overjoyed, "Everyone, good news, good news!" "What good news?!" "Mr.

Lawrence, tell us quickly!" The others asked one after another.

Lawrence suppressed his excitement and replied, "My men have already found out that this kid has gone overseas!

Moreover, this kid only brought four people this time.

They're on a yacht heading to the Pacific Ocean!" "Hahaha, good, good.

This kid only has four people by his side and no other helpers!

"Moreover, this kid even ran to the sea.

Isn't this giving us a chance to destroy him?" "That's right.

This kid ran to the sea.

As long as we catch him off guard, even if this kid asks for help, his reinforcements won't be able to arrive immediately!" "We were still worrying about how to deal with this kid.

We didn't expect this kid to take the initiative to create an opportunity for us!" The commanders present were overjoyed.

Lawrence narrowed his eyes and said excitedly, "Everyone, this is a once-in-a-lifetime opportunity.

It's the best opportunity for us to eliminate this kid!

I'll send out the special ability warriors, beast warriors, steel warriors, and the few king-level experts we've roped in!

Everyone, please don't hold back.

Send out all the experts you can send!

This time, we must destroy him and kill him in the Pacific Ocean!" "Yes!" Everyone responded in unison.

In the blink of an eye, another two days passed.

Yang Luo and the others relied on the radar and finally found the location Zhang Zhilin mentioned.

It was early morning.

The sun shone down, and the waves surged, sparkling.

All kinds of fish swam in the sea, and seagulls flew in the sky.

It was quiet and harmonious.

“Damn, what’s going on?”

“Why isn’t there anything here?” Bujie looked at the empty sea in the distance and was dumbfounded.

“What do you mean nothing?” At this moment, Prajna, who was driving the yacht, ran to the deck.

When Prajna was an assassin, not only did she learn the eight languages, but she also learned various skills, such as driving, flying a helicopter, driving a yacht, and so on.

“Ayy?” Prajna looked into the distance in a daze and asked, “Brother Yang, didn’t you say that the Nine Mystic Island is here?”

“Why is there nothing?” Yang Luo took out his phone and looked at the coordinates that Zhang Zhilin had sent him.

Then, he looked at the radar and could not help but frown.

Chapter 1393: Magical Nine Mystic Island!

“Strange, this should be the right place.” Yang Luo looked at the empty sea in the distance and was very puzzled.

Bujie laughed dryly and said, “Brother Yang, could it be that the old Celestial Master tricked you?” Pa!

Yang Luo slapped this fellow’s bald head and said unhappily, “The old Celestial Master is my master.

Do you think he will cheat me?” Bujie scratched his head and said, “But if the old Celestial Master didn’t trick you, why can’t you see the Nine Mystic Island?” “Could it be that we’re in the wrong place?” Prajna asked.

Yang Luo replied, "It should be here.

I didn't find the wrong place." Lin Wenxuan suddenly said, "Brother Yang, didn't the old Celestial Master tell you that this Nine Mystic Island is very strange?

It rises once every five years and sinks to the bottom of the sea a few months later?" Xu Ying also said, "Could it be that the Nine Mystic Island hasn't risen yet?" Yang Luo narrowed his eyes and said, "That's possible!" Bujie said, "But the key is that we don't know when the Nine Mystic Island will rise.

Are we going to wait here foolishly?" "Master said that the Nine Mystic Island will rise in the next few days.

However, I still have to call Master to ask." As he spoke, Yang Luo took out his phone and prepared to call Zhang Zhilin.

His phone had long been modified by the Holy Imperial Court's technical department.

No matter where he went in the world, there would be a signal.

But just as Yang Luo was about to make a call!

Suddenly!

Whoosh!

Whoosh!

The sea in front of him suddenly surged violently!

Right on the heels of that Rumble rumble rumble!

The sea within a radius of tens of thousands of meters shook violently!

At this moment A huge tsunami and earthquake seemed to have been triggered at this part of the ocean!

The entire yacht began to shake!

“Damn, what’s going on?!” Bujie was shocked.

The fish in the sea and the birds in the sky were also frightened and fled into the distance!

Yang Luo’s eyes turned stern as he exclaimed, “It’s very likely that the Nine Mystic Island is about to rise!

Prajna, quickly sail the ship and leave this place.

The further, the better!” “Yes!” Prajna responded and hurriedly ran to start the boat.

Soon, the yacht changed direction and sped into the distance.

Just as the yacht was driving into the distance The sea surged even more violently!

The tremors intensified!

A vast amount of energy surged into the sky, as if a city wall of the sea had been raised!

Due to the tremors, the sea fluctuated and surged magnificently!

It was only when Yang Luo and the others were completely far away from this sea area that they felt the tremors lessen and stopped the yacht.

Then, Yang Luo and the others stood on the deck and looked into the distance, waiting for a miracle to happen.

Bujie suppressed the excitement in his heart and said, "I've lived for more than 20 years, but I've never seen an island rise from the sea.

Today is an eye-opener!" Yang Luo, Xu Ying, Prajna, and Lin Wenxuan nodded in anticipation.

After all, they had never seen such a strange scene before.

At this moment.

The sea in the distance shook even more terrifyingly.

Whirlpools and abysses even appeared on the sea.

If an ordinary person took a boat here and could not escape in time, they would probably be instantly swallowed and buried in the sea.

Thousands of waves surged up as if they wanted to connect the sky and the sea.

"Oh my god, this scene is amazing.

We have to take a photo!" Bujie took out his cell phone and started taking photos of the scene in front of him.

Then, he started taking selfies again.

Prajna also took out her phone and took a few photos.

“Brother Yang, come, come, let’s take a photo together!” Bujie pulled Yang Luo and the others over, then made a peace sign and started taking photos.

Yang Luo was caught between laughter and tears.

This guy was really bold.

He was still in the mood to take photos at this time.

After waiting for about half an hour.

Under the gazes of Yang Luo and the others, a continent gradually rose and slowly floated out of the water.

“It’s coming, it’s coming, it’s rising!” Bujie jumped excitedly on the deck and shouted.

“Can you fucking lower your voice?”

Don’t act so shocked, alright?” Xu Ying frowned.

“What do you know!

I’m afraid countless people will never see such a spectacular scene in their lives, okay?” Bujie rolled his eyes at Xu Ying and shook his head, “That’s true.

A silly old man like you will probably only be interested in sabers and saber techniques.

It's useless even if I tell you." Xu Ying was so angry that his eyebrows were twitching.

He turned to Lin Wenxuan and said, "Brother Lin, do you want to beat him up?" Lin Wenxuan said, "I've wanted to beat him up for a long time." Xu Ying said, "How about we find a time to beat this guy up?" "Agreed!" Lin Wenxuan nodded.

"F*ck, Brother Xu, Brother Emptiness, are you both still human?" Bujie was so frightened that he hid behind Yang Luo and shouted, "Brother Yang, look, the two of them are ganging up to bully me!" "Alright, stop fooling around and watch carefully!" Yang Luo knocked on this guy's bald head, and this guy finally became a little more obedient.

The five of them stared into the distance, watching this continent rise.

However, it took a long time for this continent to rise.

Yang Luo and the others waited from dawn to dusk before this continent completely surfaced.

As far as the eye could see, this continent was a huge island.

The mountains on the island rose and fell, looking majestic.

"Is this the Nine Mystic Island?"

It appeared just like that?" Bujie said in a daze.

Yang Luo, Xu Ying, Prajna, and Lin Wenxuan were also in a daze.

No one knew what kind of miracle they had witnessed today.

Moreover, not long after the Nine Mystic Island surfaced, Suddenly!

Boom!

Boom!

Boom!

Nine huge beams of light shot up from the island!

Each beam of light was of a different color.

It was like a rainbow that broke through the clouds and connected the sky and the island!

The setting sun and the lone goose flew together.

Nine rays of light tore through the sky, like a paradise on earth.

It was unbelievably beautiful!

More importantly, when the nine beams of light shot into the sky!

The entire island emitted abundant spiritual qi, and the island glowed!

Not only that!

Even the spiritual qi between heaven and earth gathered towards the island like a wave, making the spiritual qi on the island extremely abundant!

Even though Yang Luo and the others were so far away, they still felt refreshed.

The pores on their bodies opened up and greedily absorbed the spiritual energy!

Bujie said in a daze, "Amazing, this Nine Mystic Island is simply amazing!" Yang Luo was also extremely shocked and said, "Let's go over!"

"If this Nine Mystic Island is really helpful for cultivation, we'll call Big Brother Xiang and the others over to cultivate later!" "Alright!" Bujie and the other three nodded in agreement.

Then, Prajna started the yacht and drove towards the Nine Mystic Island.

After a while The yacht docked, and Yang Luo and the others boarded the Nine Mystic Island.

They could see that there were still many fishes jumping on the island.

Clearly, they had been brought up from the bottom of the sea by the Nine Mystic Island.

However, just as Yang Luo and the others boarded the Nine Mystic Island, Rumble!

Thunder suddenly sounded from afar!

Yang Luo and the others looked in the direction of the voice.

Purple lightning actually surged from a mountain in the distance of the Nine Mystic Island.

It looked no different from real lightning!

Yang Luo waved his hand and said, "Let's go to the top of the mountain to take a look!" "Alright!" Bujie and the other three nodded in agreement.

A few minutes later Yang Luo and the others ascended to the peak of a tall mountain.

As far as the eye could see, the entire island came into view.

However, when Yang Luo and the others saw the scene on the island, they were completely shocked.

Everyone's eyes widened and their jaws dropped.

From their view, they could see that entire island was divided into nine pieces.

Each piece was surrounded by nine mountains, forming a valley.

There were a total of nine valleys.

Every valley contained an attribute.

It was either a violent wind, flames surging, cold air spreading, or lightning!

The nine valleys corresponded to metal, wood, water, fire, earth, wind, lightning, ice, and darkness!

"Is this really formed by nature?" Prajna gulped and asked in shock.

Chapter 1394: Swallowing Lightning!

Xu Ying sighed in admiration, "Perhaps it's really as the old Celestial Master said.

This Nine Mystic Island is very likely a cultivation venue created by an ancient powerhouse." Lin Wenxuan said, "It might have been formed from the ancient era.

After all, the various documents today show that there was a gap in Earth's civilization.

Perhaps there was really a cultivation civilization in the past.” Yang Luo glanced at the entire island and said, “Looking at the order of the mountains, I’m certain that a high-level Spirit Gathering Array has been set up on this island.

It’s also because of this that the spiritual energy on this island is so abundant.” “Brother Yang, is this Spirit Gathering Array more powerful than the Spirit Gathering Array you set up?” Prajna asked curiously.

“Of course.” Yang Luo nodded and said, “The stronger the immortal, the more powerful the Spirit Gathering Array set up.

I’m not an immortal yet, so the power of the Spirit Gathering Array I set up is naturally limited.” “I see.” Prajna nodded in realization.

Yang Luo took a deep breath and said, “Everyone, not only is this island rich in spiritual energy, but it also covers the nine attribute energies of the world.

This will definitely be very helpful to our cultivation.

Let’s not waste time.

Hurry up and choose a valley to start cultivating!” “Alright!” Everyone immediately chorused out.

“Then I’ll choose the lightning attribute to cultivate first!” Bujie shouted excitedly.

Then, he leaped up one mountain after another and headed straight for the Lightning Valley!

“Bujie, wait!” Yang Luo’s expression changed as he shouted in shock.

Bujie did not hear Yang Luo’s words at all.

He laughed loudly and jumped into the Lightning Valley.

The moment Bujie jumped into the Lightning Valley!

Rumble!

The purple lightning in the Lightning Valley began to become restless and crazily struck Bujie from all directions!

“Come on!

’ll block them all for you!” Bujie pressed his palms together and his entire body trembled as he let out a loud shout!

“Golden Bell Shield!” In an instant!

A golden True Qi barrier condensed and enveloped his body like a golden bell!

Boom!

Boom!

Boom!

The lightning was like a flood that had broken through a dam.

It carried endless lethality, destructive power, and killing intent as it slashed crazily at Bujie!

His shield only lasted for a few minutes!

Crack!

Crack!

The golden barrier that Bujie had condensed was split open!

“Holy shit!” Bujie immediately turned pale with fright, his entire being stunned!

With his current cultivation and strength, ordinary energies could not break through his defense at all!

Even if several missiles were fired at the same time, they could not break through his defense!

Unexpectedly, he had only blocked for a few minutes before his defense was broken!

Less than a minute later!

Dong!

The True Qi barrier that Bujie had condensed completely collapsed and exploded!

After the lightning split open his True Qi barrier, it ruthlessly struck his body!

“Holy sh*t!

Aiya!” Bujie let out a miserable cry and ran around in the Lightning Valley!

However, no matter where he fled, lightning would strike him!

It only lasted for less than ten minutes!

Bujie hurriedly rushed out of the Lightning Valley and ran towards Yang Luo and the other three.

After being struck by the lightning, Bujie's bald head, face, and body were charred black.

"Pfft" "Hahaha" Xu Ying, Prajna, and Lin Wenxuan burst out laughing.

Yang Luo was caught between laughter and tears.

"What are you laughing at?"

"If you have the ability, go in and try!" Bujie took a deep breath and was very unhappy.

Yang Luo shook his head and said, "Bujie, there's no lightning-element energy in your body.

Now that you rashly ran to the Lightning Valley to cultivate, you naturally could not withstand it.

"That's why I tried to warn you just now." Bujie wiped his cold sweat and said, "This Lightning Valley is simply not a place that ordinary people can stay in.

"If I stayed in there for a few more minutes, I'm afraid I'll lose my life." Yang Luo said, "Therefore, you have to choose the energy attribute valley that is compatible with your bodies to cultivate first.

After adapting, it would not be too late to cultivate in other valleys.

In short, this cultivation could be considered a challenge.

This will be very helpful to your cultivation.

Perhaps you can even control multiple attributes because of this.” “Brother Yang, we’ll do our best!” “This time, we have to achieve our own transcendence and breakthrough!” Bujie and the other three shouted.

“By the way, Brother Yang, doesn’t your body contain lightning attribute energy?

Can you go to the Lightning Valley to cultivate?” Prajna suddenly thought of something and asked.

“It should be possible.

I’ll try.” Yang Luo nodded and leaped over the mountains, heading straight for the Lightning Valley.

“Brother Yang, be careful!” Bujie reminded loudly.

Lin Wenxuan said, “Bujie, don’t worry about Brother Yang.

Nothing will happen.” Soon, Yang Luo arrived at the Lightning Valley.

Then, he jumped in.

This valley was very empty and occupied an area the size of a football field.

However, the ground was covered in lightning, and the surrounding nine mountains were also surrounded by lightning.

The moment Yang Luo landed on the ground!

Rumble!

The violent lightning surged towards Yang Luo from all directions like a river!

Yang Luo's body trembled as he directly activated a golden True Qi barrier to block!

Boom!

Boom!

Boom!

The lightning was incomparably ferocious as it surged towards Yang Luo crazily, erupting with loud explosions!

Yang Luo's entire body shook in response to the impact!

However, because Yang Luo's defense was especially strong, he could block this violent lightning!

Hence, Yang Luo sat down cross-legged, closed his eyes, and began to cultivate.

"See?"

"I told you not to worry about Brother Yang." Lin Wenxuan glanced at Bujie.

Bujie clicked his tongue and said, "This fellow is indeed a freak.

Not only did he withstand such a terrifying lightning, he even started cultivating directly!" But right at this moment Rumble!

The lightning that erupted from the Thunder Valley got even more terrifying!

If the lightning that washed towards Yang Luo just now was only a river, it was like a vast sea now!

Boom, boom, boom!

Every time it washed over, lightning would soar into the sky!

The corners of Bujie's mouth twitched, "Oh my god, so the power of lightning in this valley can actually increase?!" Xu Ying, Prajna, and Lin Wenxuan were also shocked.

They asked themselves if they could withstand such violent lightning.

After resisting for more than ten minutes, Yang Luo gradually adapted to the power of lightning and began to weaken his True Qi barrier.

When the True Qi barrier weakened, Xu Ying and the other three could see traces of lightning passing through the True Qi barrier and striking Yang Luo's body, making sizzling sounds.

"Strange, what is Brother Yang doing?"

Why did his defense suddenly weaken?

Could it be that Brother Yang can't withstand it either?" Bujie asked repeatedly.

"No!" Lin Wenxuan shook his head, "It's not that Brother Yang can't withstand it, but he deliberately weakened his defense!" "Heavens, Brother Yang actually absorbed this lightning power!" Prajna suddenly exclaimed.

Everyone stared at Yang Luo.

As expected The wisps of lightning power surged into Yang Luo's body as if he was absorbing spiritual energy, absorbing the lightning power.

Therefore, Yang Luo was currently absorbing the power of lightning.

While training his body, he was purifying the lightning attribute energy in his body to make it purer.

Yang Luo felt that it was too slow to use his body to absorb it, so he opened his mouth and began to accelerate the absorption of lightning.

“What the f*ck!

This guy is simply abnormal to the extreme.

He's actually swallowing and spitting lightning?!” Bujie's mouth was agape, he was shocked quite a bit.

Xu Ying, Prajna, and Lin Wenxuan were also shocked.

After a while Yang Luo completely dispersed his True Qi barrier and allowed the lightning to strike his body.

In just an instant!

Rumble!

Yang Luo's clothes were all gone!

“Ah!” Prajna screamed and blushed.

She hurriedly covered her eyes.

Bujie teased, "Alright, Prajna, stop pretending.

You're already Brother Yang's woman.

Why are you still so shy?" But right after he finished his sentence Prajna stepped on Bujie's foot!

"Hiss" Bujie sucked in a breath of cold air, "Women are indeed all tigresses!" Xu Ying and Lin Wenxuan only gave Bujie a look.

The look seemed to be saying: Serves you right!

After removing the True Qi barrier, At first, Yang Luo could not really endure.

His eyebrows twitched and the veins on his forehead bulged.

But gradually, he got used to it again.

In the following period of time Yang Luo spat out lightning and absorbed lightning.

From time to time, some lightning containing black impurities would be expelled.

The lightning attribute energy contained in his body had become purer over time

Chapter 1395: Crazy Cultivating!

Furthermore, Yang Luo's body was constantly injured and healed.

During this process, Yang Luo's body was also strengthened.

Yang Luo used this method to temper his physique.

Of course, he was also preparing to undergo the Earthly Immortal Tribulation later on.

Although this lightning power was far inferior to the power of heavenly lightning. However, it could at least let him get used to it in advance.

Meanwhile, the rest observed for another ten minutes.

Seeing that Yang Luo was not in danger, Xu Ying said, "Everyone, let's not just stand there.

Hurry up and start cultivating!" "Alright!" Prajna and the other two nodded.

Bujie said, "My body contains the metal attribute.

Then I'll go to the metal attribute valley to cultivate first!" "Then I'll go to the earth attribute valley to cultivate!" "I'm going to the Ice Attribute Valley!" "I'll go to the Wind Element Valley!" Lin Wenxuan, Prajna, and Xu Ying all made their choices.

Then, Xu Ying and the other three went to the Dark Gold Valley, Earth Valley, Frost Valley, and Storm Valley to cultivate.

After everyone arrived at the four valleys, they condensed a True Qi barrier and sat cross-legged.

They took the Spirit Gathering Pill and began to cultivate.

Time continued to flow.

Unknowingly, it was already late at night.

Night fell.

The crescent moon hung high in the sky, and the stars filled the sky.

A huge amount of water hit the shore of the island, making a crashing sound.

The nine valleys on the Nine Mystic Island emitted nine-colored light, illuminating the night sky of the island.

Especially in the five valleys where Yang Luo and the others were, the light was even more dazzling, and the energy surged even more violently, emitting loud bangs from time to time.

Less than an hour later.

Dong!

A lightning beam rushed out of the Lightning Valley and broke through the sea of clouds in the sky!

In the center of the valley.

“Phew” Yang Luo let out a long breath of turbid air and lightning that contained impurities.

He opened his eyes, and golden lightning flickered in his pupils.

It was mysterious and terrifying.

Then, he jumped out of the Lightning Valley and arrived at a huge mountain.

He immediately felt a chill run down his spine.

He looked at himself and shook his head in amusement.

Well, it turned out that his clothes had long been burnt off.

Initially, he wanted to change his clothes, but after thinking about it, he decided not to.

Next, he planned to go to the Inferno Valley to cultivate.

If he changed his clothes, they would definitely be burned again.

Because of his physique, he was born with dual attribute energy of thunder and fire.

It could be considered his origin attribute energy.

As for the metal, wood, water, and earth attribute energies, he had obtained them after cultivating the Primal Heavenly Art.

They were far inferior to the lightning and fire attribute energies he had.

Therefore, he planned to use this cultivation opportunity to purify the energy of the four elements, metal, wood, water, and earth, while breaking through to the Earth Immortal realm.

Thinking of this, he glanced at the five people who were cultivating in the Dark Gold Valley, the Earth Valley, the Frost Valley, and the Storm Valley.

After knowing that the five of them were not in danger, he was relieved.

“Brothers, all the best!

I too have to surpass myself and break through to become stronger!” Yang Luo muttered.

Then, his figure flashed and he jumped over a tall mountain, arriving at the high mountain where the Inferno Valley was.

Upon looking down.

The entire valley was like a furnace.

Flames surged inside, and the temperature was extremely high.

Even before he entered, Yang Luo already felt a burning sensation.

Yang Luo sighed in his heart.

It was impossible to imagine which ancient mighty figure had created this Nine Mystic Island.

Not only was it so mysterious, but it could also be maintained it for so many years without disappearing into the river of time.

He looked up at the starry sky and sighed.

Indeed, there was always someone better!

He was still too insignificant!

However, he was confident that he would eventually go from being weak to powerful!

At the thought of this, Yang Luo condensed a True Qi barrier and jumped straight into the Inferno Valley!

The moment he jumped into the valley!

The flames in the valley surged towards Yang Luo from all directions like a wave!

Boom, boom, boom!

The flame wave washed over Yang Luo's body fiercely and exploded into sparks!

Even with the True Qi barrier blocking it, Yang Luo still felt a burning sensation!

However, flames of this level could not cause any damage to Yang Luo!

Yang Luo got used to it and sat down cross-legged.

Not long after he sat down.

The flames in the valley became more and more ferocious and violent, washing over Yang Luo's body again and again.

After his body had completely adapted, Yang Luo weakened his True Qi barrier and began to absorb the power of the flames.

Twenty minutes later.

He directly dispersed the True Qi barrier and used the flames to forge his body.

He also began to purify the fire attribute energy in his body. Time passed quickly.

In the blink of an eye, five days passed.

In these five days Yang Luo and the others cultivated in the nine valleys on the Nine Mystic Island.

Because everyone had suffered a blow from the Battle of Peng City, everyone cultivated especially crazily.

They were simply cultivating to death.

However, while Xu Ying, Bujie, Prajna, and Lin Wenxuan could still withstand the attribute energy in some of the valleys and cultivate inside.

However, there were some valleys that they could not cultivate at all.

Yang Luo cultivated in every valley and finally sat cross-legged in the most difficult Darkness Valley to cultivate.

On the morning of the sixth day.

The sun had just risen, and the sunlight shone on the Nine Mystic Island and the sea.

Everything was thriving.

At this moment.

Boom boom boom boom!

Four beams of light rushed out of the Dark Gold Valley, the Green Wood Valley, the Water Spirit Valley, and the Earth Valley!

Four beams of light pierced through the sky and scattered the four seas of clouds in the sky!

The ones cultivating in the four valleys were Xu Ying, Bujie, Lin Wenxuan, and Prajna!

After five days of cultivation!

Xu Ying and the other three had already mastered four types of attribute energy!

Now, their cultivation levels had also broken through!

Xu Ying and Bujie's cultivation levels had broken through to the mid-stage Martial Emperor Realm!

Prajna's cultivation had broken through to the perfected Martial King Realm!

Meanwhile, Lin Wenxuan had stepped into the perfected Martial God Realm in one go!

However, the four of them did not stop there.

The True Qi in their bodies was still surging, as if they were showing signs of continuing to break through!

Another hour passed!

Boom!

Boom!

Boom!

Three beams of light shot out from Xu Ying, Bujie, and Prajna's Mystic Gold Valley, Green Wood Valley, and Earth Element Valley!

The three of them had also achieved a breakthrough in their cultivation!

But this time Xu Ying and Bujie had completely stepped into the late-stage Martial Emperor Realm!

Prajna had finally stepped into the early-stage Martial Emperor Realm!

After Xu Ying and the other two broke through for the second time, their auras stabilized.

Less than 20 minutes later.

The three of them heaved a sigh of relief and jumped out of the valley.

Bujie sized up Xu Ying and said in surprise, "Damn, you son of a b*tch broke through two levels in a row?" "Is that so strange?" Xu Ying rolled his eyes, "Even you can break through two realms in a row.

Why can't I?" Bujie held his chin and said, "That's not right.

This Buddhist's talent is clearly higher than yours.

How can you keep up with my rhythm?" Xu Ying couldn't be bothered with this fellow anymore.

Instead, he smiled at Prajna and said, "Prajna, congratulations.

You've broken through two realms in a row this time and finally stepped into the Martial Emperor Realm!" Bujie also grinned and said, "Sister Prajna, you're amazing!" Prajna was also very happy.

She said with a smile, "I didn't expect to break through two realms in a row this time!

This Nine Mystic Island is really too magical!" "It's amazing." Xu Ying nodded and said emotionally, "Not only did we break through two realms in a row, but we also managed to control four types of attribute energy.

This is unbelievable." Bujie looked up at Lin Wenxuan, who was in the Water Spirit Valley, and said, "Speaking of which, Brother Emptiness seemed to have broken through just now, right?

Why isn't there any movement now?" Just as they were talking.

Lin Wenxuan jumped out of the Water Spirit Valley and came before Xu Ying and the other two.

"Congratulations on breaking through two realms!" Lin Wenxuan cupped his hands and congratulated the three of them.

"Brother Emptiness, what realm have you broken through to?" Bujie asked.

Lin Wenxuan said, "Perfected Martial God Realm." Bujie said in shock, "Brother Emptiness, you're awesome.

You're only a step away from stepping into the Martial Saint Realm!" Lin Wenxuan sighed and said, "I originally thought that I could officially step into the Martial Saint Realm this time, but I didn't expect to still fail." Xu Ying consoled him, "Brother Lin, there's no hurry.

Take it slow.

It's only a matter of time before you step into the Martial Saint Realm." "Yes!" Lin Wenxuan nodded heavily, "I will definitely work harder!" "There's only Brother Yang left now.

I wonder how Brother Yang is doing.” Prajna looked up at the Darkness Valley0.

Black light flickered in the valley, and black aura filled the air.

It was like hell

Chapter 1396: Warning from the Heavens!

For the past few days, Xu Ying and the others had also tried to cultivate in the Darkness Valley.

However, all of them only stayed for a few minutes before running out.

This was because the dark attribute energy contained in this valley was too terrifying.

Not only could the energy in this valley destroy the cultivator’s body, but it could also affect the cultivator’s mind!

It was simply a double torture!

Because of this, Xu Ying and the other three couldn’t stay inside at all.

“Let’s go and take a look.” Xu Ying waved his hand and rushed towards the Darkness Valley.

Bujie, Prajna, and Lin Wenxuan followed.

Soon, Xu Ying and the others arrived at a huge mountain where the dark valley was.

Through the thick black fog, the four of them could barely see Yang Luo.

Yang Luo was sitting cross-legged in the middle of the valley with his eyes closed.

There were wounds all over his body that had long been dyed red with blood.

Although some of the injuries had already been repaired, many were still in the process of repair.

In the past five days, he had been wandering around the nine valleys and cultivating crazily.

His body had constantly recovered and injured again.

However, it was precisely because of this that his physique had become stronger.

Moreover, the power of the metal, wood, water, fire, earth, and lightning attributes in his body had become even purer.

In particular, the lightning and fire attribute power he was born with was purer than other attributes.

The purer the attribute power, the greater the power it could erupt with.

It was even to the extent that he had mastered the power of the wind and ice attributes.

Now, only the dark attribute power was not mastered yet.

Last night, he had entered the Darkness Valley and endured the impact of dark energy for seven to eight hours.

It was only now that he gradually adapted.

At this moment.

Boom, boom, boom!

The dark energy was like a landslide and tsunami, constantly washing over Yang Luo's body from all directions, emitting a rumbling explosion!

With every impact, blood splattered from Yang Luo's body!

After all, Yang Luo no longer used his True Qi barrier to block it.

He was completely using his body to withstand it!

It was even to the extent that Yang Luo's skin was absorbing the power of darkness, and his mouth and nose were also spitting out the power of darkness!

Fortunately, Yang Luo's body's self-healing ability was getting stronger and stronger, and the speed at which his body recovered was also much faster!

However, while Yang Luo was enduring the pain in his body, his mind was also impacted!

It was as if he had entered an illusion.

In the illusion, enemies he had defeated or not defeated appeared!

It was as if he was repeating the battles he had experienced over and over again!

Moreover, the scenes of collapse, pain, and despair that he had experienced time and time again appeared!

“Destroy!

Destroy them all!” Yang Luo was in an illusion.

With the Dragon Emperor Sword in hand, he swung it angrily one after another, letting out roars!

The scenes and illusions that appeared were all destroyed!

“Huff huff huff” He panted heavily.

Even though he knew that this was not a real battle, he still felt endless fatigue.

This was not physical exhaustion, but mental exhaustion.

Most importantly, he could not wake up at all.

It was as if he was trapped here.

At this moment.

The battles he had experienced and the enemies he had encountered appeared again.

Yang Luo’s expression was solemn!

Not again!

How many times had it been?

It seemed to be the seventh time, right?

How many more times did he have to go through?

Could it be that he would never wake up?

Just as Yang Luo was in a daze The illusions attacked him again!

Yang Luo gritted his teeth and counterattacked!

At this moment.

On the mountaintop in the distance.

Xu Ying and the other three also realized that something was wrong.

Although Yang Luo was still sitting motionless in the middle of the valley, However, his brows were tightly furrowed, and his face was covered in sweat.

Veins popped out one after another, and his expression was ferocious.

“What’s wrong with Brother Yang?”

He looks like he’s in pain.” Prajna asked worriedly.

“Brother Yang must have suffered a mental shock.” Xu Ying replied, “This Darkness Valley can not only train a cultivator’s body, but also their temperament.” “Brother Xu is right.” Lin Wenxuan nodded and said, “On the path of cultivation, not only do you have to cultivate your body, but you also have to cultivate your heart.

As long as his body and mind became stronger, his future cultivation path would be smoother and more open.

It was said that one would also encounter inner demons during the tribulation.

If one's temperament was not strong enough, they would not be able to successfully transcend the tribulation.

If Brother Yang can survive it, it will be easier for him to transcend the tribulation in the future." Bujie clenched his fists and gritted his teeth, "Brother Yang, you have to work hard!" "Brother Yang, you can do it!" Prajna also shouted.

Time continued to flow.

Another hour passed.

Yang Luo was still trapped in the mental world.

He had already experienced battles and encountered enemies nine times.

He had also defeated them nine times.

Now, he felt that his mental strength was extremely exhausted.

In fact, he had long known that the Darkness Valley could continuously temper his body and spirit.

However, if he still could not get out, his mind would probably collapse and he would become a vegetable.

He had to get rid of this illusion!

He had to get out!

Until the tenth appearance of those illusions.

Yang Luo simply stopped fighting and sat cross-legged.

He closed his eyes and recited the Tranquil Heart Technique silently.

“The coldness lasts for thousands of years.

All living things are especially quiet.

It’s good for one’s heart to be calm.

Look at my lone spirit.

When one’s mind and spirit are one, it’s best to follow each other.

There’s nothing between them, and they won’t be shocked by any changes” Gradually, Yang Luo’s aura and mind calmed down.

No matter what illusions appeared around him, he stood still and ignored them.

Nothing could affect him anymore.

His state of mind also became calm.

The roars, shouts, mockery, and all the other sounds in his ears gradually became softer.

At this moment.

Xu Ying and the others, who were standing on the mountain peak in the distance, also realized that Yang Luo's condition seemed to have changed.

Yang Luo's furrowed brows relaxed, and his bulging veins recovered.

His expression also returned to normal.

"What's going on?"

Could it be that Brother Yang is fine?" Bujie asked curiously.

Xu Ying nodded, "I think so." The four of them stared intently at Yang Luo.

After waiting for about half an hour.

Suddenly!

Dong!

A golden beam of light shot into the sky from Yang Luo's body, breaking through the layers of darkness and the sky!

"Phew" Yang Luo let out a long breath and slowly opened his eyes.

Two golden lights shot out from his eyes, breaking through the darkness in front of him and quickly disappearing into the air.

“Brother Yang, are you alright?” Prajna waved her hand and asked loudly.

Xu Ying, Bujie, and Lin Wenxuan also looked at Yang Luo.

Yang Luo shook his head and said, “Don’t worry, I’m fine!” Hearing Yang Luo’s answer, the four of them heaved a sigh of relief.

But just as Yang Luo stood up and was about to leave the valley Rumble!

A muffled thunder suddenly exploded above his head, like a bolt from the blue!

The thunder was deafening, scaring the birds in the sky and the fish around the island into fleeing in panic!

A dazzling bolt of lightning streaked across the sky, tearing a hole in the sky.

It was terrifying!

“F*ck!

What the hell?!

Brother Yang isn’t going to undergo the Earth Immortal Lightning Tribulation now, right?!” Bujie could not help but exclaim.

Xu Ying, Prajna, and Lin Wenxuan’s expressions changed drastically as well.

They were shocked and looked up at the sky.

Yang Luo’s heart skipped a beat as he looked up at the sky.

However, after a thunderclap sounded in the sky, there was no more sound.

The Earth Immortal Tribulation did not descend.

The torn wound slowly healed.

“Hmm?” Bujie had a puzzled look on his face, “What’s going on?”

“Why is it gone?” Xu Ying and the other two were also very puzzled, not understanding what was going on.

Yang Luo retracted his gaze and leaped from the valley to the top of the mountain where Xu Ying and the others were.

“Brother Yang, what happened just now?”

“Weren’t you going to undergo the Earth Immortal Tribulation?”

“Why did it disappear after a thunderclap?” Bujie hurriedly asked.

Yang Luo replied, “After five days of cultivation, I’m only half a step away from the Earth Immortal realm.”

It was precisely because of this that the heavens sent out a warning.

“I think it won’t be long before I have to transcend the tribulation.” Just a little more!

He was so close to transcending the tribulation!

He was already prepared and was waiting for the lightning tribulation to arrive!

Chapter 1397: Surrounded by the Sea!

“I see.” Bujie and the other three nodded in realization.

Yang Luo sized up the four of them and said with a smile, “It seems that all of you have improved quite a lot during this cultivation.

Xu Ying, Bujie, Prajna, you guys broke through two realms in a row.

Brother Lin has stepped into the perfected Martial God Realm.

Not bad, not bad.

We came to the right place.

Later on, you can also get the other brothers to cultivate here.” Bujie shook his head and said, “How can we compare to a freak like you?

You’re about to become an Earth Immortal.” “By the way, Brother Yang, how many attributes do you control now?

Lin Wenxuan asked curiously.

Yang Luo said, “Previously, I had the power of metal, wood, water, fire, earth, and lightning.

Now, I also control the power of wind, ice, and darkness.

However, the other seven attributes are not as strong as my origin's lightning and fire attribute power."
"Brother Yang, I'm convinced.

I'm completely convinced!

"The four of us could barely control the power of four attributes, but you are already controlling the power of nine attributes.

Impressive!" Lin Wenxuan cupped his hands.

Bujie shook his head and said, "Comparisons are odious!" "Uhhh" Prajna blushed and said awkwardly, "Brother Yang, I think it's better for you to put on your clothes first." Hearing this Yang Luo's face instantly turned red.

Only then did he realize that his clothes had long been struck into pieces by lightning during his cultivation.

Thus, in a flash, he turned into a golden light and jumped over mountains into the sea.

After washing his body in the sea, Yang Luo changed into a set of clothes.

When Yang Luo returned, Xu Ying and the other three felt that Yang Luo's temperament seemed to have changed.

He became more extraordinary and indifferent.

After Yang Luo really became an Earth Immortal, his aura would probably change again.

"Brother Yang, where are we going next?" Xu Ying asked.

Yang Luo said, "There should only be a few days left before our Heavenly Luo Sect holds the opening ceremony.

Let's hurry back to our country." "Alright!" The four of them nodded in agreement.

Then, Yang Luo took out his cell phone from his storage ring.

Xu Ying and the others also took out their cell phones from their storage bags.

However, just as Yang Luo and the others took out their phones, their phones rang at the same time.

The five of them quickly picked up their phones and looked at it.

Their expressions immediately changed.

This message was sent from the headquarters of the Holy Imperial Court.

The content of the message was very simple: Burial Island is under attack.

Members nearby, please rush to support!

Moreover, they had sent the exact coordinates of Burial Island!

And Burial Island was the headquarters of the Giant Whale Pirates led by the Sea Burial King!

All the cell phones of the Holy Imperial Court members had been modified and connected to the "Holy Heavenly Eye System".

As long as the members of the Holy Imperial Court were in trouble, they could send a distress signal to the headquarters.

The “Holy Heavenly Eye System” would send a distress signal to all members of the Holy Imperial Court.

As long as someone was near the members who were asking for help, they could rush over to help immediately.

Bujie said in surprise, “Damn!

The Sea Burial King’s headquarters was attacked?!” Yang Luo frowned and said, “Burial Island is in the Pacific Ocean.

We’re not too far from here!

Let’s go and help!” “Alright!” Xu Ying and the other three agreed.

Then, Yang Luo and the others boarded the yacht and sped up.

They left the Nine Mystic Island and rushed to Burial Island.

Yang Luo took out his phone and called the Sea Burial King a few times, but no one picked up.

“Brother Yang, did you not manage to contact the Sea Burial King?” Xu Ying asked.

“Nope.” Yang Luo’s expression darkened.

Now that he could not contact the Sea Burial King at all, the situation was probably very serious.

Bujie gritted his teeth and said, “Damn it, which bastard actually dared to touch my brother!” Lin Wenxuan said in a deep voice, “Now that the Dark World is in chaos, the various divine kings of our Holy Imperial Court might be attacked.

After all, the Holy Imperial Court has already weakened.

Other than the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace, The other organizations in the underworld are also eyeing us covetously.

They all want to take a bite.” “Brother Lin is right!” Yang Luo nodded.

Then, his eyes turned cold as he said, “However, even if our Holy Imperial Court weakens and is no longer the number one in the Underworld, it’s not something that just any organization can trample on!

If they want to take a bite, it depends on whether their teeth are good or not!” Bujie said viciously, “You have a death wish if you dare to touch us brothers!” However, just as Yang Luo and the others were about 100 nautical miles away on the yacht!

Yang Luo’s heart skipped a beat as he sensed many auras approaching!

Now, as his cultivation continued to increase, the range of his perception became greater and greater!

Yang Luo narrowed his eyes and said, “Brothers, I feel that someone is approaching us, and there are quite a number of them!” “Someone is approaching us?

There are quite a number of them?” “What’s going on?

Is this person a friend or foe?” Xu Ying and the other three were also shocked.

“I don’t know if they’re friend or foe.” Yang Luo shook his head.

“Let’s see the situation first.” But right after he finished his sentence Hu!

Hu!

Hu!

Hu!

A series of air-piercing sounds came from all directions!

Yang Luo and the others looked up at the sky!

All kinds of fighter jets flew over from all directions.

There were more than a hundred of them!

Whir, whir, whir As the more than a hundred fighter jets flew over, the sound of propellers came from behind!

More than 300 helicopters of various models flew over from all directions!

“Oh my god, what’s going on now?”

Why are there so many fighter jets and helicopters?!” Bujie was completely stunned.

Even Yang Luo, Xu Ying, Prajna, and Lin Wenxuan were shocked.

Lin Wenxuan pointed to the sky and said loudly, “Look, these helicopters and fighter jets are all spray-painted with flags of various countries!

Country Stars & Stripes, Country Oxford, Country Sakura, Country Kimchi, Country Asan, Country Noodle, Country Elephant There are actually twelve countries!” Xu Ying’s eyes were cold as he said,

“Brother Yang, all these 12 countries all have a grudge against us!” “That’s right.” Yang Luo nodded and narrowed his eyes, “It seems that the person who came is an enemy and not a friend.

They’ve been monitoring our whereabouts.

Otherwise, how would they know that we’re here?” “Are these dogs trying to deal with us?” Bujie’s gaze was fierce, “Do you really think that you can kill us with these fighter jets and helicopters?

I just made a breakthrough and was worried that there was no one to practice with!

Since they’re all here, don’t even think about returning alive!” “You’re surrounded.

Hurry up and surrender!

Hurry up and surrender!” “Criminal Yang Luo, you have offended twelve countries and killed tens of thousands of people.

You have committed a heinous crime that can’t be redeemed even if you die a hundred times!” “Evil thief Yang Luo, today, our 12-nation alliance will suppress you.

Surrender!” At this moment, shouts came from the sky.

“Surrender?

Surrender?” Bujie was instantly infuriated as he scolded, “I’ll tie up for your grandfather, restrain your mother!” As more than 100 fighter jets and 300 helicopters arrived in the sky, Whoosh!

Whoosh!

The surrounding sea surface also began to surge, stirring up waves!

Iron battleships leaped over the horizon and drove over from all directions!

There were also flags flying on these battleships.

They were the flags of Country Stars & Stripes and the other twelve countries!

Moreover, there were more than a hundred battleships.

It was as if a steel wall had been built on the sea, surrounding Yang Luo and the others!

The yacht that Yang Luo and the others were on was like a lonely boat in the sea that could be overturned at any moment!

These 100-odd battleships stopped 500 meters away from Yang Luo and the others!

The battleship was filled with people.

There were warriors from the twelve countries, many Espers, Martial Warriors, ninjas, mages, bounty hunters, assassins, mercenaries, and so on!

There were more than 100,000 people!

Even Yang Luo and the others, who had seen many big battles, were shocked at this moment!

Chapter 1398: Since ancient times!

At this moment.

One of the black Commander-in-Chiefs on one of the battleships held a loudspeaker and said in a loud voice, "Yang Luo, you're already surrounded by us.

Hurry up and surrender!" Another Caucasian Commander-in-Chief held a loudspeaker and said fiercely, "Kid, you've ruined Country Stars & Stripes' plans many times, destroyed our base, and killed tens of thousands of people!

"This time, our twelve-nation alliance has sent more than a hundred fighter jets, more than three hundred helicopters, more than a hundred battleships, and more than a hundred thousand people to kill you!

No matter how strong you are, you will definitely die!

I advise you to kill yourself so that we don't need to attack you!" "Heretic Yang Luo, you destroyed our Country Sakura's Eight Hong Pagodas and destroyed our ten great ninja sects.

Countless people have died in your hands.

Today, your death has arrived!" "Criminal Yang Luo, you destroyed Buckingham Palace in Country Oxford, stole more than a thousand treasures, killed tens of thousands of my soldiers, destroyed my Dark Judgement Team, and killed you a thousand times.

It's not too much to kill you ten thousand times!" "Despicable Yang Luo, you destroyed the Seven Arches Sect and the Oriental Medicine Sect in Country Kimchi and killed more than ten thousand people.

You won't be able to escape death today!" "B*stard Yang Luo, you barged into my Country Asan's Spirit Vulture Mountain and killed thousands of Buddhist monks and hundreds of experts.

If you don't die, the heavens won't tolerate it!" "Rebel Yang Luo, you destroyed the Golden Ancient Sect of Country Noodle and killed 7,000 people.

Today, I'll definitely make you pay with your blood!" Roars and shouts came from the battleships, listing all of Yang Luo's crimes!

Everyone stared at Yang Luo ruthlessly, wishing they could cut Yang Luo into a thousand pieces!

Actually, many people present had never seen Yang Luo before and did not know him very well!

However, before they set off, they were completely shocked and frightened when they learned of all the crimes Yang Luo had committed!

How terrifying was this kid to have committed so many crimes?

Every crime was enough to kill him hundreds of times!

However, the key was that this kid was still alive and well after committing so many crimes!

They finally understood why the commanders of the twelve countries hated this kid to the extreme!

After all, Yang Luo did not just kill people in these twelve countries.

He had also slapped the faces of these twelve countries and stepped on their dignity!

“Hehe Hahaha” Yang Luo looked up at the sky and laughed maniacally.

He swept his cold gaze over and mocked, “How afraid are you of me?”

To think that the twelve-nation alliance would cause such a huge commotion to kill me?

“I’m afraid very few people have been treated like me since ancient times, right?” “Kid, do you know your current situation?”

How can you still laugh?" At this moment, an old voice sounded.

Yang Luo cast his eye in the distance.

The person who spoke was an old man from Country Sakura!

The old man was wearing a black kimono.

He was tall and burly, and his long grayish-white hair was draped over his shoulders.

He held a demon saber that emitted a black light!

It was one of the ten Martial Saint Realm experts of Country Sakura, the Heaven Beheading Saber Saint Tokugawa Toshō!

"Tokugawa Toshō, so it's you, old man!" Yang Luo's eyes turned cold, "Back then, you injured me at Mount Fuji.

I've always remembered this grudge!

I didn't expect you to come looking for me instead of me!

Good, very good.

Since you're here, I can send you on your way!" "Hahaha" Tokugawa Toshō laughed out loud, "Kid, back then, you were beaten up by me until you couldn't fight back.

Now, you actually dare to say such words?

Send me on my way?

Do you think you can do it?" Where I can do it or not, you can try." Yang Luo's eyes were cold and murderous.

"Kid, don't be arrogant!

Today, Brother Tokugawa and I are here.

We will definitely take your life!" An old man wearing a gray kimono and holding a silver-gray spear stepped out.

He was tall and thin with long grayish-white hair tied behind his head.

"And who are you?" Yang Luo asked in a deep voice.

The old man said proudly, "I'm Oda Saburo, the Heaven Breaking Spear Saint of Country Sakura!" "Heaven Breaking Spear Saint?" Yang Luo sneered, "Your name sounds pretty famous But do you know that the more famous you are, the faster you die?" "Bastard!" Oda Saburo shouted angrily, "Kid, you're the only one who will die today!

And your friends will also die!" "Alright, alright." Yang Luo waved his hand, "There's no need to say these meaningless words.

Didn't you want to kill me?

Then come at me together." As he spoke, Yang Luo shouted, "Brothers, prepare for battle!" "Yes!" Xu Ying, Bujie, Prajna, and Lin Wenxuan replied in unison.

Then, the four of them took out their weapons from their storage bags.

"Fire!!!" The Commander-in-Chiefs of the twelve countries gave the order at the same time!

With this order!

Whir, whir, whir Bang!

Bang!

Bang!

On the battleships and planes in the sky, they fired at the same time!

Densely packed bullets and cannonballs shot over from all directions!

Yang Luo's entire body trembled as he directly activated a huge golden True Qi barrier!

It enveloped him, Xu Ying and the other three, as well as the entire yacht!

Ding, ding, ding!

Boom!

Boom!

Boom!

The dense rain of bullets struck the True Qi barrier fiercely, erupting with a series of rumbling explosions!

Flames shot in all directions, and thick smoke soared into the sky.

True Qi surged, dazzling and terrifying!

The surrounding sea was also blasted into waves!

No matter how fierce the firepower was, the True Qi barrier condensed by Yang Luo completely blocked this wave of bullets!

Seeing that Yang Luo easily blocked this rain of bullets!

Everyone present was shocked!

Although the commanders of the twelve countries had repeatedly emphasized how terrifying Yang Luo was before sending them here, telling them not to let their guard down!

However, after seeing it with their own eyes, they finally understood how terrifying Yang Luo was!

So many bullets and shells bombarded him at the same time, but they could not injure this kid at all!

“Continue firing!!!” The Commander-in-Chief of the twelve countries gritted his teeth and roared.

The firepower became even more ferocious and violent!

Bullets and shells shot towards Yang Luo and the others in an overwhelming manner!

Dong, dong, dong!

Boom!

Boom!

Boom!

Thunderous sounds of collision and explosions resounded non-stop!

Yang Luo's eyes turned cold as he shouted, "Xu Ying, Bujie, Prajna, Brother Lin, quickly break out of the encirclement!"

We still have to save the Sea Burial King.

"We can't waste time with them here!" As he spoke, Yang Luo activated his defense and charged in the direction of Tokugawa Tosho and Saburo Oda!

He did not know how long it would take him to break out of the encirclement!

He only hoped that other brothers could rush to Burial Island in time to help!

Xu Ying and the other three had also activated their defenses.

Each of them charged towards a direction!

"Stop these five guys!" "Keep firing!"

"Kill them!" "FIRE!FIRE!" All the Commander-in-Chiefs continued to give orders, wanting to stop Yang Luo and the others from approaching!

More bullets and shells bombarded Yang Luo and the others from all directions and above!

At this point, Yang Luo was already very angry!

Even if these bullets and shells could not hurt him, they were still very annoying!

Especially the helicopters and fighter jets in the sky.

They flew around and fired from time to time!

Yang Luo roared, "Shoot down all the planes in the sky!" "Yes!" Xu Ying and the other three replied in shock.

In the next second Dong!

A golden beam of light shot into the sky from Yang Luo's body!

The beam of light became more corporeal, dazzling, and terrifying!

Boom!

Boom!

Boom!

The few fighter jets and helicopters circling above him were directly destroyed.

They exploded in the sky and fell into the sea!

Xu Ying and the other three also unleashed their full combat strength.

Beams of light shot out from their bodies!

Many more fighter jets and helicopters were shot down and fell!

Thick smoke billowed and flames soared into the sky!

Everyone on the battleship was shocked!

After erupting with True Qi!

Yang Luo did not stop attacking!

He directly mobilized the attribute power in his body and shouted!

“Fire!” “Lightning, come!” “Wind!” “Ice, come!” In an instant!

Flames soared into the sky, lightning flickered, violent winds raged, and ice surged!

Boom!

Boom!

Boom!

Many more fighter jets and helicopters were shot down, emitting flames and smoke as they fell into the sea like dumplings!

In less than a few minutes!

The dozens of fighter jets and helicopters circling above Yang Luo had all been shot down!

“Get away from this guy!” “Attack from afar!” The people on the other fighter jets and helicopters shouted in fear and flew into the distance!

Chapter 1399: Dead or Alive!

“You still want to attack from afar?”

Die!” Yang Luo’s eyes were cold as he let out a furious roar!

“Dragon Emperor Sword!” Whoosh!

The Dragon Emperor Sword that flickered with a dazzling golden light flew out of his storage ring and rushed into the sky like a long rainbow!

Immediately, several fighter jets and helicopters were pierced and exploded in the sky!

The Dragon Emperor Sword continued to shoot towards the fighter jets and helicopters that had fled into the distance, transforming into countless golden flying swords that shot out at the same time!

Boom!

Boom!

Boom!

The fighter jets and helicopters that had fled far away were not spared either.

One by one, they exploded in the sky and were all shot down!

However, the battleships in front kept firing, wanting to kill Yang Luo on the sea!

Yang Luo braved the rain of bullets and rushed up.

When he was less than a hundred meters away, he shouted!

“Sword, come!” Swoosh!

The Dragon Emperor Sword flew over from the distant sky and was held tightly in Yang Luo’s hand!

Then, he stepped down and the sea rippled as his body soared into the sky!

“Destroy!” With this roar!

He gripped the Dragon Emperor Sword tightly with both hands and slashed forward angrily!

Swoosh!

A huge golden sword tore through the sky and emitted a dazzling sword light.

It erupted with monstrous sword qi and sword power and slashed out!

“Retreat!

Retreat quickly!” Tokugawa Toshō’s expression changed drastically.

He shouted in shock and hurriedly retreated!

“What are you waiting for?”

Retreat!” Oda Saburo also roared and retreated with them!

Many people on the battleship also woke up and retreated to other battleships!

However, there were also many people who could not react in time and could not retreat in time!

At that very moment Hong This sword had already slashed down heavily!

The three steel battleships that were parked vertically in the sea were cut into two in an instant as if they were tofu!

Squeak squeak squeak The steel battleship that had been split open split into two and gradually sank into the sea!

As for the thousands of people who could not escape in time on the battleship, they were all killed by this sword!

Whoosh!

Whoosh!

A 500-meter-long ravine was also split open in the sea, as if an abyss had appeared!

Xu Ying, Bujie, Prajna, and Lin Wenxuan also split open a battleship each!

They killed more than a thousand people on each battleship!

“Oh my god, these guys are not humans at all.

He's a monster, a devil!" "Especially this guy called Yang Luo.

He actually split open three battleships with a single strike and instantly killed more than a thousand people!" "Oh my god, can we really kill these guys?!" Most of the people who had never interacted with Yang Luo shouted in shock, their eyes filled with fear!

The Commander-in-Chiefs of the twelve countries were also frightened!

However, they were still confident!

There were more than 100,000 people on their side.

Other than warriors, there were also various ability users!

They did not believe that they could not kill these guys with so many people!

"All ability users, attack together and kill these five fellows!" "The Leader has ordered us to kill them at all costs, dead or alive!" The Commander-in-Chief of the twelve countries gave the order.

"Kill!" "Kill them!" Tens of thousands of aptitude users roared and jumped down from the battleship at the same time!

They used all kinds of abilities to float on the surface of the sea.

They rode the waves and rushed towards Yang Luo and the others!

"Hahaha" Bujie laughed excitedly, "You came at the right time.

This Buddha here will bring you to salvation!" As he spoke, Bujie held the Dragon-Mark Buddhist Staff and charged forward!

On the way up!

He opened his mouth and roared!

“Roar of the Lion!” “ROAR!” It was like a lion’s roar!

Golden sound waves spread out and swept towards the people who were charging over!

Many people’s eardrums were shattered and blood flowed non-stop!

Many people were sent flying and spat out blood, dying on the spot!

After letting out a roar!

Bujie’s body trembled as he roared again!

“Six Syllable Sanskrit Mantra!” “Om mani padme hum!” A golden Buddha phantom condensed on his body!

The golden Buddha pressed his palms together and chanted scriptures!

Golden ancient characters flew out one after another, killing everyone who rushed over!

Then, Bujie gripped the Dragon-Mark Buddhist Staff tightly with both hands and swung it continuously!

Bang!

Bang!

Bang!

Those who rushed over were all sent flying!

The bones and tendons of those who were sent flying were broken and their internal organs were shattered.

They spat out blood and died completely!

Even after killing a large number of ability users!

Bujie held the Dragon-Mark Buddhist Staff and still continued to rush forward!

“Ten kills in one step!” Xu Ying turned into a bolt of lightning and flashed through the crowd.

He kept swinging the blade in his hand!

Everywhere they went, many people were sent flying, and many people were directly killed!

This sea area was instantly dyed red with blood.

It was incomparably terrifying!

Just as Xu Ying killed hundreds of people!

Hundreds of people rushed over from all directions and surrounded Xu Ying!

Xu Ying’s expression was cold as he swung his saber angrily and shouted!

“Ten Thousand Feet Crossing the Sky!” In an instant!

Countless platinum long sabers condensed and shot out in all directions with Xu Ying as the center!

Puff!

Puff!

Puff!

Before the person who charged over could approach, his body was riddled with holes!

“Kid, I’m the Saber King of Country Elephant, a Martial Emperor Realm expert.

Go to hell!” A middle-aged man in strange clothes held a long saber and soared into the sky, slashing down at Xu Ying!

Swoosh!

The gray saber beam shone in all directions, and the saber beam soared into the sky, stirring up thousands of huge waves!

As he watched this guy slashing at him!

Xu Ying did not dodge or retreat.

He was fearless as he flipped his right hand and slashed out!

Swoosh!

Although he attacked later, the saber he swung was even faster, faster, and fiercer!

At that very moment Clang!

The two sabers collided with a crisp explosion!

True Qi surged and saber qi wreaked havoc, dazzling!

The next second!

Crack crack crack!

The long saber in the middle-aged man's hand was broken by Xu Ying!

"What?!" The middle-aged man's expression changed drastically, and his eyes almost popped out.

He did not expect his weapon to be broken by this kid in front of him!

Just as everyone was processing this information The saber in Xu Ying's hand came down on him!

"Don't even think about it!" The middle-aged man roared and condensed a True Qi barrier to block!

However, his attack could not stop the saber at all!

Psh!

Not only did this saber slash open his True Qi barrier, but it also slashed open his body!

By the time Xu Ying retracted his saber The middle-aged man's body was split into two and fell into the sea!

Xu Ying said coldly, "Saber King?"

That's all you amount to" As he spoke, Xu Ying turned into a stream of light and charged towards the others!

Although this expert from Country Elephant had a Martial Emperor Realm cultivation, he was only at the early-stage Martial Emperor Realm!

However, Xu Ying had already stepped into the late-stage Martial Emperor Realm.

It was a one-sided suppression!

"All of you, die!" A roar came from the sky in the distance!

At some time, Lin Wenxuan had leapt into the air.

His black hair and clothes fluttered as he stabbed at the hundreds of people below!

Swoosh!

As the spear stabbed down, black light flashed and spear qi wreaked havoc!

There was even an illusion of a black qilin roaring down.

It was terrifying and shocking!

“Counterattack!!!” The hundreds of people roared in unison and mobilized the True Qi and energy in their bodies to attack the sky!

At that moment Boom!

Boom!

Rumble!

The sound of collision and explosion that shook the sky and sea resounded!

The attack of hundreds of people was broken by this spear and knocked away by the roaring black qilin!

After breaking through the layers of attacks!

The long spear continued to stab down, and the black qilin also collided crazily!

“Quickly dodge!” Someone shouted in shock.

The hundreds of people looked terrified and wanted to retreat, but they were too late!

Rumble!

Accompanied by an explosion that shook the nine heavens!

The hundreds of people below were all dead!

Even a vortex had been pierced through the sea.

It was terrifying!

Hundreds of people in the distance originally wanted to kill their way over, but when they saw this scene, they were shocked!

When Lin Wenxuan landed on the sea, he swept the spear in his hand!

“Ahhhh” Before the hundreds of people could escape, they were sent flying by the spear and died!

Then, Lin Wenxuan held the Qilin Divine Spear that was dripping with blood and continued attacking the others!

“Fire Wave Burns the Sky!” “Ice Flood Breaking Sun!” In the distance, Prajna shouted and waved the Sun and Moon Divine Staff in her hand!

Waves of fire and ice surged into the sky at the same time.

It was extremely spectacular and killed the ability users who had jumped into the air!

Chapter 1400: He’s Not a God!

“Damn it!

Why is this little b*tch’s strength so terrifying?!” “Don’t hold back.

Attack together and kill this little b*tch!” Hundreds of ability users roared and surrounded Prajna from all directions!

However, Prajna was not afraid at all.

Her slim figure stood upright on the sea!

“Six Paths Shuriken!” Accompanied by a delicate shout!

Pew!

The Six Path Shuriken flew out from her storage bag and shot towards the ability users!

Puff!

Puff!

Puff!

The Six Paths Shuriken spun at high speed like a windmill, emitting a cold light as it sliced apart everyone who surrounded them!

After killing this large group of people!

Prajna controlled the Six Paths Shuriken and continued to aim it at the others!

Moreover, she had also taken out the second Dharma artifact of the Chiyuki family!

“Sealing Scroll!” An ancient scroll flew out of her spatial necklace and instantly unfolded!

Illusions of greater demons flew out of the scrolls one after another.

They bared their fangs and brandished their claws as they pounced at the surrounding people!

“Ahhhh” Accompanied by a series of tragic cries!

Those who surrounded them were all killed!

After killing everyone around her!

Prajna held the Sun and Moon Divine Staff and the six shuriken and sealing scroll above her head as she continued to kill the others!

Although Xu Ying, Bujie, Prajna, and Lin Wenxuan were very strong However, there were too many people sent by the twelve countries.

There would be another wave after killing them!

Therefore, no matter how strong the four of them were, it was difficult for them to break out of the encirclement in a short period of time!

The battle on the battlefield where the four of them were was very intense!

In the distant sea, the battle was even more intense!

Yang Luo stood upright on the sea like a javelin!

Thousands of people had already died around him!

Some of the corpses sank into the sea, while others floated on the surface!

This sea area had already been dyed blood red.

It was a shocking sight!

However, there were still more than 10,000 aptitude users surrounding Yang Luo, shocked and furious!

Yang Luo held the Dragon Emperor Sword in his hand and glanced at them coldly.

He said in a trembling voice, "Come on, continue!" "Kill this kid, we must kill him!" "As long as we kill this kid, the other four fellows are nothing to worry about!" More than 10,000 ability users moved at the same time and attacked Yang Luo wave after wave!

After approaching Yang Luo!

These ability users launched a fierce attack at the same time!

All kinds of True Qi, energy, and light interweaved together like a surging torrent, crushing towards Yang Luo!

"Nine Heavens, Dragon's Fury!" Yang Luo's entire body trembled as he let out an explosive roar!

"Roar, roar, roar!" Accompanied by a loud dragon roar!

Nine even larger and more condensed golden dragon phantoms roared and collided in all directions!

Rumble!

The heavy attacks were destroyed, emitting thunderous explosions!

"Ahhhh" There were even many people who let out miserable cries as their bodies exploded into pools of flesh!

Just one fierce attack had killed more than a thousand people!

One had to know that these people were all ability users.

They had all kinds of abilities, such as martial arts, superpowers, magic, ninjutsu, and so on.

They were not ordinary people!

They had high statuses in their respective countries and were respected by countless people!

But here, they were like ants!

“Damn it!

Damn it!

Continue attacking!” “There are so many of us.

There’s no need to be afraid of this kid!” “That’s right.

Even if we exhaust him, we can exhaust him to death!” The remaining people roared angrily and continued to attack Yang Luo!

Yang Luo’s eyes were cold and his expression was calm as he stepped down!

“Sea of Purgatory Fire!” Whoosh!

Whoosh!

Purer, fiercer, and more violent golden flames spewed out of his body like a sea of fire that swept in all directions!

The attacks launched by the ability users were all destroyed!

There were even many people who were engulfed by the sea of fire and burned into charred corpses!

A large amount of seawater evaporated, raising streams of water vapor!

This move burned more than a thousand ability users to death!

At this moment.

The remaining group were frightened and did not dare to go forward for a moment.

“Everyone, don’t be afraid.

This kid won’t be able to last long!” Tokugawa Tosho shouted.

Then, he held the demon blade and charged at Yang Luo!

“Brother Tokugawa is right.

After all, this kid is only a human, not a god.

His strength will eventually be exhausted!

As long as we hold on for a while longer, we will definitely be able to kill him!” Oda Saburo also shouted.

Then, he held his spear and charged forward!

Seeing that Tokugawa Tosho and Saburo Oda took the lead and charged forward!

The other aptitude users also suppressed the fear in their hearts and charged forward!

“Young brat, give me your life!” “Watch this Martial Saint Realm spear pierce through your chest!”
Tokugawa Tosho and Saburo Oda jumped into the sky at the same time and launched their strongest attacks at Yang Luo!

Therefore, Tokugawa Tosho and Saburo Oda were both Martial Saints of Country Sakura!

Tokugawa Tosho’s cultivation was at the middle-stage Martial Saint Realm, and Oda Saburo’s cultivation was at the early-stage Martial Saint Realm.

They were extremely powerful!

After all, once a Martial Warrior stepped into the perfected Martial Saint Realm, they also had a chance to step into the Earth Immortal Realm!

If it was in the past, Yang Luo might be afraid of Martial Saint Realm experts!

But now, he was not afraid at all!

As long as it was not a perfected Martial Saint Realm expert, he could kill them!

“Sky Demon Annihilation Blade!” Tokugawa Tosho held the demon knife tightly with both hands and slashed at Yang Luo with all his might!

Swoosh!

A huge black saber slashed down, causing the surrounding space to tremble!

A dazzling saber beam illuminated the sky, and a surging saber qi soared into the sky!

Black demonic flames filled the sky and burned towards Yang Luo!

“Heaven Breaking God-Slaying Spear!” Oda Saburo thrust out his spear!

Swoosh!

With a thrust of his spear, the spear aura was like a rainbow, wreaking havoc in the sky and the sea!

A huge silver-gray spear broke through everything and stabbed at Yang Luo’s chest!

Strong winds swept up and crushed towards Yang Luo!

Of course, just as Tokugawa Tosho and Saburo Oda attacked!

The ability users from other countries also launched a fierce attack!

The ninjas from Country Sakura used multiple ninjutsu!

Wind Escape, Fire Shield, Lightning Escape, Wood Escape, and so on!

Strong winds blew, flames surged, lightning flashed, and green vines wrapped around him!

The Buddhist experts of Country Asan and Elephant Country used many Buddhist ultimate techniques!

Buddhist palms and fists bombarded!

The Buddhist staffs swept out one after another!

Some Espers and Mages from Oxford also used various superpowers and magic!

The power and magic intertwined, and the attack that erupted was especially ferocious!

The half-beast soldiers of Country Stars & Stripes activated their half-human half-beast state and attacked angrily!

Many steel warriors in armor flew into the sky!

They raised their mechanical arms and shot laser rays, high-temperature rays, bullets, and shells at Yang Luo!

At this moment In the sky above where Yang Luo was, True Qi surged and energy surged.

It was magnificent, as if it had turned into a death zone!

Even an ordinary Martial Saint Realm expert would not be able to withstand the crazy attacks and explosions of so many ability users!

However, Yang Luo's expression was still calm and composed!

He flipped his right hand and swung his sword!

"Ten Thousand Swords Break Through the Sky!" Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless golden flying swords shot out in all directions with him as the center, destroying the layers of attacks!

Many aptitude users' bodies were turned into a hornet's nest.

They were deader than dead!

Yang Luo raised his left hand and mobilized the flames.

He condensed a golden fireball and threw it out!

"Sky Burning Explosion!" The golden fireball flew out and instantly expanded to a thousand feet before exploding!

Rumble!

The aptitude users who surrounded them were all blown away!

The ability users who were closer to the explosion were directly blasted into pools of blood and mud, not even their bones remained!

"Ahhh" Tokugawa Toshō and Saburo Oda also screamed as they were sent flying!

Their bodies were covered in blood from the explosion and they were quite injured!

This made them very surprised!

They were Martial Saints!

Why couldn't they even withstand two moves from this kid?

More importantly, even with so many ability users attacking together, even they could not withstand it!

Just as the two of them were stunned!

In a flash, Yang Luo had already caught up to Oda Saburo!

"Die!" He spat out a word indifferently and slashed horizontally!
