Chapter 1601: Three Punches!

However, just as the hundreds of tornadoes were destroyed!

Hu!

Hu!

Hu!

Hu!

Another tornado swept up in the distance, and the number increased from a few hundred to tens of thousands!

Tens of thousands of tornadoes crushed over crazily, as if they wanted to drown Yang Luo and the others!

No one dared to hold back and hurriedly attacked!

“Holy shit!” The corners of Bujie’s mouth twitched, “You’re going all out right from the start?!” “In the past, when I came in alone to train, the difficulty was not so high at all!” Yi Hengyu replied.

Then, he suddenly thought of something and exclaimed, “I understand now.

The current difficulty of the Beiming Han Domain is adjusted according to Brother Yang’s strength!

Since Brother Yang is so strong, the difficulty will naturally be higher!" Bujie shouted, "Brother Yang, you're a scammer!" "Brother Yang, you're too much!" "Brother Yang, how can we withstand such difficulty!" "Isn't that so?"

The difficulty is already so high at the beginning.

It's simply unimaginable how difficult it will be later on!" Ning Jianfeng, Qin Zhanhuang, and the others also screamed.

Yang Luo said unhappily, "You were the ones who wanted to follow me in.

Now, you can't take it anymore and blame me?

If you really can't take it, get out quickly!" "We just came in.

If we go out now, it will be so embarrassing!" "That's right.

No matter what, we have to hold on for a few more days!" "Brother Yang, I'll go out when you go out!" Everyone spoke up one after another, not wanting to go out now.

Yang Luo said, "Since you don't want to go out, cut the crap and quickly counterattack!" "Yes!" Everyone responded in unison.

Those with weapons took out their weapons and began to counterattack.

Dong, dong, dong Boom, boom, boom The sound of clashing and explosions resounded non-stop!

A large amount of light, energy, and ice spread out in all directions!

After an unknown period of time The tens of thousands of tornadoes were all destroyed!

“Is it over?”

“We should be able to rest for a while, right?” Bujie exhaled and asked.

But right at this moment Rumble rumble rumble!

The ground within a radius of thousands of meters suddenly shook violently!

Crack!

Crack!

As the ground shook, the thick ice began to crack!

Dense cracks spread in all directions like a spider web!

“Roar” A sound that sounded like a ferocious beast’s roar came from the ground!

Yang Luo’s expression changed and he shouted, “Everyone, quickly evacuate this place!” As he spoke, he tapped the ground with his feet and soared into the sky!

Tantai Puti and Yi Yuheng also flew into the sky!

Mo Qingkuang, Bujie, and the others quickly ran into the distance!

Big White also moved its thick legs and sprinted into the distance!

The moment everyone retreated!

Rumble The icy ground within a radius of thousands of meters completely collapsed, turning into a huge pit!

This huge pit was constantly huge, and it was unknown how many meters deep it was.

It was like an abyss!

“Ah!

Ah!

Ah” Prajna, Qiao Yarou, Bai Chuxia, Qiu Xuyao, and Yu Haodong exclaimed.

As they could not retreat in time, they fell.

“Be careful!” Yang Luo shouted and took out a rope Dharma artifact from his storage ring before throwing it out.

During this period of time, he had gathered quite a number of Dharma artifacts.

There were all kinds of strange Dharma artifacts.

Swoosh!

The rope whistled out and instantly wrapped around Bai Chuxia and the others!

Then, Yang Luo suddenly exerted strength in his right hand and pulled the five of them up, sending them flying to the distant ground!

“Thank you, Brother Yang!” After Bai Chuxia and the others landed on the ground, they hurriedly thanked him.

“We’re all friends.

There’s no need to thank me.” Yang Luo shook his head and put away the rope.

Just after the ground collapsed!

Dozens of ice snakes that were hundreds of meters long and as thick as the waists of three adults rushed out!

The dozen or so ice snakes were incomparably huge and were condensed from ice.

They shone with a dazzling ice-blue light!

“F*ck me!” Bujie was stunned, “What the hell is this?!” “Roar, roar, roar” The dozen or so ice snakes let out roars and opened their bloody mouths to attack Yang Luo and the others!

“Everyone, be careful.

Destroy them!” Yang Luo said in a trembling voice.

Then, his figure moved and he rushed towards one of the huge ice snakes!

The others also rushed towards the remaining giant ice snakes and launched a fierce attack!

“Explode for me!” Yang Luo let out a roar and descended rapidly like a golden meteor.

He threw a punch at an ice snake below!

This punch was incomparably ferocious.

The fist flickered with a dazzling golden light and smashed down like a meteor!

In the blink of an eye!

DONG!

This punch landed heavily on the head of the Giant Ice Snake, emitting a muffled bang!

However, the head of the huge ice snake was incomparably firm.

It endured the punch forcefully and only had a few cracks on its head!

“It’s quite hard.

Again!” Yang Luo narrowed his eyes and threw another punch!

“ROAR!” The giant ice snake let out a roar and spat out an icy flood!

However, Yang Luo did not dodge or retreat.

He threw a straight punch!

Boom!

Boom!

This icy flood was directly blasted apart by a single punch!

The next second!

DONG!

His fist smashed into the head of the giant ice snake again!

The giant ice snake's head began to crack continuously, but it was still not shattered!

"I'll finish you off with one last punch!" Yang Luo shouted and threw a third punch!

The power of this punch was even more ferocious and violent.

It could easily shatter even a huge mountain!

In a flash!

DONG!

The third punch landed heavily on the head of the huge ice snake!

In an instant!

Countless cracks spread from its head to its body.

Then, with a bang, it turned into a pile of ice rocks!

"Brother Yang is still the best.

He blew up a huge ice snake with three punches!" "We have to work harder and shatter them!" Ning Jianfeng, Qin Zhanhuang, and the others spoke up one after another, launching even more ferocious attacks!

After Yang Luo shattered an ice giant snake, he rushed towards the other ice giant snakes and helped everyone attack!

"Vermillion Bird Burning Heaven Sword!" "Annihilate!" Tantai Puti gripped the Vermilion Bird Sword tightly with both hands and mobilized a monstrous fire.

She slashed more than ten times at a huge ice snake!

The huge ice snake finally could not withstand it and was completely shattered as well!

Chapter 1602: Finding the True Self!

"Xuanming Heaven-Slaying Spear!" Yi Hengyu gripped a spear with both hands and swept it crazily at a huge ice snake below!

After dozens of consecutive shots, the huge ice snake was shattered!

Then, Tantai Puti and Yi Yuheng also rushed towards the other giant ice snakes!

At this moment.

In the distant land.

Big White's body was tightly entangled by a giant ice snake, as if it was about to strangle Big White to death.

After entangling Big White, the giant ice snake opened its bloody mouth and bit at Big White.

“ROAR!” Big White raised its head to the sky and let out a deafening roar.

Then, it grabbed the neck of the huge ice snake with both hands and suddenly exerted strength in its arms, pulling it off its body!

Then, it suddenly raised the huge ice snake again and again and smashed it crazily towards the ground!

Dang, dang, dang!

The ground cracked and collapsed continuously!

After smashing it more than ten times in a row, the huge ice snake was forcefully shattered!

“Shriek!” The Hundred Cry Bird was also fighting a huge ice snake in the sky in the distance.

It kept dodging the fierce attacks of the Giant Ice Snake.

At the same time, it flapped its wings and shot out scarlet flames that burned the Giant Ice Snake.

After burning for more than ten times, the huge ice snake was burned to pieces.

After a while Mo Qingkuang, Xu Ying, Bujie, Lin Wenxuan, and the others also destroyed the remaining few giant ice snakes.

In just this battle, several people were injured.

Yang Luo asked, “How are everyone’s injuries?” “It’s just a superficial wound.

I'm fine!" "Brother Yang, don't worry.

We can still continue fighting!" Everyone spoke up one after another, their gazes firm.

Perhaps they had not adapted to it when they first entered.

But now, they had already fully adapted to this environment.

However, just as these giant ice snakes were defeated Rumble rumble rumble!

The world shook violently!

It was as if the entire Deep North Frost Domain was shaking!

Bujie wiped his cold sweat and said, "F*ck, they really don't give anyone any time to catch their breath!" The others also had solemn expressions.

They had also cleared many mystic realms, but the difficulty was not that high.

The cold air in the entire Deep North Frost Domain began to surge crazily and gather here.

Under everyone's watchful eyes.

Giant ice beasts several meters tall condensed into form.

Some stood on the ground, while others had ice wings and flew in the air.

Furthermore, other than these huge ice beasts, there were also ice giants that were several meters tall.

They were wearing armor and holding weapons in their hands.

They stood up like armored soldiers.

The number of these Frost Beasts and Frost Armored Soldiers kept increasing, like an army of thousands.

At this moment, this world seemed to have revealed an ancient Immortal World battlefield.

The golden spears and iron horses shone majestically.

A few minutes later Clang clang clang These ice beasts and ice armored soldiers charged towards Yang Luo and the others!

The ground within a radius of who knew how many miles rumbled under his feet!

The giant ice beasts in the sky flapped their wings and flew over!

“What the f*ck!

What are you waiting for?

Run!” Bujie shouted and turned to run.

Everyone was also frightened and turned to run.

Even if it was a trial, they could not forcefully meet everything head on.

Otherwise, they would not have lasted for more than a few days.

Yang Luo, Tantai Puti, and Yi Yunhe also turned around and flew into the distance.

For a moment Yang Luo and the others fled in front while thousands of troops chased after them.

Moreover, as they chased, the number of ice beasts and ice armored soldiers increased.

It was simply overwhelming.

They did not know how far they had fled.

But something even more shocking happened to Yang Luo and the others.

There were already tens of thousands of ice beasts and ice armored soldiers waiting in front of him.

When they saw Yang Luo and the others running over, These ice beasts and ice armored soldiers moved and charged over.

Yang Luo said in a serious voice, "We can't escape.

Let's fight!" "That's right!" Tantai Puti nodded and said, "Otherwise, no matter where we run to, these guys will chase us!" Yi Hengyu also said, "There's no way to avoid the trials in the Deep North Frost Domain.

You can either pass through one trial after another or leave this place!" "Since we can't hide, let's fight!" "Destroy all of them!" Bujie and the others roared.

Then, everyone spread out and attacked these Frost Beasts and Frost Armored Soldiers!

A bloody battle immediately erupted!

However, these Frost Beasts and Frost Armors were not real after all!

Therefore, under the joint efforts of Yang Luo and the others, these ice beasts and ice armored soldiers were destroyed wave after wave!

However, halfway through the fight!

Something shocking happened to Yang Luo and the others!

Giant creatures that were a hundred meters tall stood around them!

No matter how many people Yang Luo and the others had, there would be as many behemoths as there were!

Furthermore, although these behemoths were condensed from ice, they looked exactly the same as Yang Luo and the others.

Even the weapons in their hands were the same!

A huge ice-cold Big White stood not far away!

A huge Ice Hundred Cry Bird circled in the sky not far away!

Yang Luo and the others were dumbfounded!

“What’s going on?” Bujie’s face was in a daze, “They actually condensed an ice body identical to ours?!” Mo Qingkuang said, “Not only that, the aura emitted by these ice bodies is similar to ours.

They’re completely imitated us!” “Interesting.” Xu Ying narrowed his eyes, his fighting spirit rising.

Ning Jianfeng clicked his tongue, "The Black Tortoise Ancestor who created this small world is simply heaven-defying!" Yang Luo was also shocked.

He had trained in the Supreme Mystic Realm and the Qilin Mystic Realm before, but he had never encountered such a situation.

Just as they were talking!

These behemoths charged towards Yang Luo and the others!

Yang Luo said loudly, "Brothers, this trial should be to let us find our true selves!

Let us recognize the direct strengths and weaknesses!

Only by recognizing the direct advantages and disadvantages and improving them can we improve faster!

Therefore, let's fight to our hearts' content!" "Fight!!" Everyone responded loudly.

Under Yang Luo's lead, everyone directly attacked their ice bodies

Chapter 1603: Who Are You?

In the blink of an eye, a week had passed.

In this week, Yang Luo and the others fought everywhere in the Deep North Frost Domain and passed many difficult trials.

At this moment.

In the Deep North Frost Domain.

On a vast icy land.

Tantai Puti, Yi Hengyu, Mo Qingkuang, Xu Ying, Bujie, Lin Wenxuan, and the others sat on the ground, panting heavily.

They were already covered in wounds, their clothes were tattered, and there was blood everywhere.

Even Yang Luo's body was covered in wounds, and his clothes were dyed red with blood.

However, after experiencing many trials, Everyone's cultivation and strength had increased.

Prajna had finally stepped into the early-stage Martial God Realm.

Xu Ying and Bujie had stepped into the late-stage Martial God Realm.

Lin Wenxuan had stepped into the late-stage Dao Convergence realm.

Mo Qingkuang and Big White had reached the perfected Dao Convergence realm.

Some of the others had broken through, while others had not.

Tantai Puti and Yi Yuheng were still in the early-stage Earth Immortal Realm and had not broken through.

After all, it was very difficult to break through a small realm after reaching the Earth Immortal realm.

Yang Luo did not break through either, but he felt that his cultivation was only one step away from breaking through to the late-stage Earth Immortal realm.

Bujie smacked his lips and said, "To be able to achieve a breakthrough in my cultivation, it's not in vain for me to escape death!" Yang Luo looked at Mo Qingkuang and said with a smile, "Brother Mo, you've already stepped into the perfected Dao Convergence realm.

If you go any further, you'll step into the Earth Immortal realm!" Mo Qingkuang nodded and said, "If I want to step into the Earth Immortal realm, I have to transcend the Earth Immortal Tribulation!

However, I'm already prepared!" "Brother Mo, you will definitely succeed in transcending the tribulation and become an Earthly Immortal!" Yang Luo encouraged him before turning to Big White, "Big White, you're just a little short.

Good luck!" "Roar!" Big White thumped its chest in excitement.

Yang Luo looked at the others and said, "Brothers, you have to work hard too.

You must advance to become stronger!" "Yes!" Everyone nodded in agreement.

Yang Luo looked at the injuries on everyone's bodies and said, "Brothers, your injuries are a little serious.

Hurry up and go out to recuperate." Tantai Puti asked, "Big Brother Yang, what about you?" Yang Luo said, "I'll stay for a while longer." Tantai Puti pouted and said, "Brother Yang, if you don't go out, then I won't go out either!" "We're not going out either!" "That's right, Brother Yang.

We'll continue the trial with you!" Everyone chimed in.

Yang Luo said seriously, "The subsequent trials will only be even more difficult.

All of you have suffered serious injuries, so you definitely won't be able to withstand it!

Therefore, listen to me and get out quickly!" Mo Qingkuang said, "Listen to Brother Yang and go out.

Brother Yang is different from us.

He can still withstand it.

If we continue to stay here, we will only implicate Brother Yang." Hearing Mo Qingkuang's words, everyone agreed.

After all, they really could not take it anymore.

Then, Yang Luo took out the Black Tortoise Jade Talisman and contacted Yi Hanshan.

Very quickly A beam of light shot down from the sky and condensed into a teleportation array.

Yang Luo said, "Everyone, hurry up and leave!" Tantai Puti pursed her lips and said, "Brother Yang, be careful.

Don't force yourself!" "That's right.

If you can't take it, come out quickly!" "Brother Yang, I know you're very awesome, but you can't act recklessly!" Everyone also reminded Yang Luo.

Yang Luo nodded and said, "Don't worry, I know what to do!" Then, everyone walked into the teleportation array.

After a while As the light beam dissipated, everyone disappeared from the Deep North Frost Domain.

After everyone left.

Yang Luo held the Dragon Emperor Sword in his hand and looked around.

He maintained a high level of vigilance and was prepared to continue the trial.

He did not know what other trials awaited him.

However, in order to step into the late-stage Earth Immortal realm this time, he had to continue the trial.

However, at this moment Rumble rumble rumble!

The entire Deep North Frost Domain shook as if it had caused a super earthquake!

It was as if the world was about to be flipped upside down!

Moreover, the energy of the entire Deep North Frost Domain gathered from all directions!

Waves of energy surged over like a wave!

“Is it coming?” Yang Luo’s eyes widened as he gripped the Dragon Emperor Sword tightly and prepared himself.

After a while The surging energy turned into a human-shaped illusion.

The illusion was more than 1.9 meters tall and shone with nine-colored light.

It was wearing a long robe and its beard and hair fluttered.

Its figure was majestic and gave off a powerful pressure.

At this moment.

This humanoid illusion stood quietly in the sky not far away and looked at Yang Luo with a calm expression.

However, the eyes of this humanoid illusion seemed to be able to see through the endless river of time, making Yang Luo feel a trace of fear.

“Who are you?” Yang Luo asked in a deep voice as if he was facing a great enemy.

However, the human-shaped illusion’s expression did not change at all, nor did it speak.

Yang Luo shook his head.

This was just an illusion, so it naturally could not speak.

However, whose illusion was this?

Why did he feel afraid of an illusion?

Just as Yang Luo was thinking, Suddenly The humanoid illusion raised its right hand and transformed into a thousand-foot-long nine-colored palm that pressed down on Yang Luo!

Rumble rumble rumble!

A palm pressed down, causing heaven and earth to tremble.

It was incomparably terrifying!

“Is this trial to fight you?” Yang Luo’s fighting spirit was boiling, “Very good, let’s fight!” As he spoke, Yang Luo soared into the sky and slashed out again!

Swoosh!

A huge golden sword tore through the sky and slashed fiercely at the nine-colored palm!

In an instant!

Rumble!

The golden sword and the nine-colored palm collided heavily, emitting muffled thunder!

The energy that surged out even destroyed the ice mountains in the distance!

“Alright!” Yang Luo let out a muffled groan as he was sent flying!

As for the humanoid illusion, it did not take even half a step back!

However, just as Yang Luo was sent flying!

The humanoid illusion took a step forward and transformed into a nine-colored shadow that instantly caught up to Yang Luo!

The humanoid illusion raised its palm again and slapped down at Yang Luo!

Yang Luo’s expression changed drastically.

Before he could stabilize his body, he waved the sword in his hand and faced the attack!

At that very moment Clang!

Clang!

The sword and palm collided, emitting rumbling thunder!

Yang Luo could not withstand it at all and fell from the sky with a palm strike.

With a bang, he landed on the ground!

A huge pit was smashed into the ice-covered ground

Chapter 1604: Ten Days!

So powerful!

Yang Luo was shocked!

Who the hell was this?

Why was just an illusion so powerful?

Just as Yang Luo was in a daze!

The humanoid illusion in the sky waved its hand!

A nine-colored seal instantly condensed into form and pressed down like a thousand-foot-long nine-colored mountain!

Yang Luo hurriedly got up and quickly formed seals!

“Battle Sage Seal!” The seven huge seals quickly condensed into form and collided!

Boom!

Boom!

The seven-sided seal and the nine-colored seal collided heavily with a shocking might!

However, it was only a single collision!

The seven-sided seal that Yang Luo had condensed shattered!

The nine-colored seal continued to press down!

“F*ck!

So fierce?” Yang Luo screamed and hurriedly retreated!

The moment he retreated!

Rumble The nine-colored seal smashed down heavily, directly creating a thousand-foot-wide pit in the ground!

As Yang Luo retreated, he suddenly swung his sword!

Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless golden flying swords shot out and headed straight for the humanoid illusion!

However, the humanoid illusion only trembled!

A nine-colored light barrier instantly condensed and enveloped him!

The nine-colored barrier was engraved with ancient patterns and mysterious runes!

It was like the patterns on the ancient divine beast, the Black Tortoise!

Ding, ding, ding!

Countless flying swords exploded on the nine-colored light barrier, emitting crisp collision sounds!

Flames shot out in all directions, and energy surged.

It was incomparably dazzling!

However, no matter how ferocious the flying swords' attacks were, they were all blocked!

Yang Luo directly soared into the sky and his entire body trembled!

“Sea of Purgatory Fire!” Fierce and violent golden flames erupted from his body, transforming into a sea of flames that surged forward!

Boom!

Boom!

The sea of fire crazily washed over the nine-colored barrier, but it was still unable to destroy it!

Moreover, it had only been covered the area for a few minutes!

But suddenly, cold air spread from the humanoid illusion’s body, directly freezing and extinguishing the flames!

Then, Yang Luo used other killing moves, but he was still unable to destroy the shield!

Yang Luo was shocked!

Could this illusion be an elder of the Black Tortoise Family?

Was it an illusion of a Heavenly Immortal realm elder?

Was even the illusion of a Heavenly Immortal realm elder so powerful?

If it was not a Heavenly Immortal elder, then who could it be?

Just as Yang Luo was puzzled about its identity The human-shaped illusion stepped down from the sky!

Rumble rumble rumble!

Heaven and earth trembled!

An illusion of a nine-colored Black Tortoise that was thousands of feet tall stood up, giving off an ancient vibe!

“Roar” The nine-colored Black Tortoise illusion let out a roar and charged towards Yang Luo!

Yang Luo did not dare to be careless and immediately trembled!

“Nine Heavens, Dragon’s Fury!” “Roar, roar, roar!” Nine huge golden dragon phantoms roared and collided with the nine-colored Xuanwu illusion!

In an instant!

Boom!

Boom!

The nine golden dragon phantoms collided fiercely with the nine-colored Xuanwu illusion, shaking the world!

In less than a few seconds!

Rumble!

The nine golden dragon phantoms directly shattered and exploded, turning into golden light that filled the sky and splashed out!

“This!” Yang Luo was dumbfounded.

Even if he was seriously injured now, it was not to the extent that he could not even defeat an illusion, right?

At this moment.

After shattering the golden dragon phantom, the nine-colored Black Tortoise illusion continued to charge at Yang Luo!

“Sky Burning Explosion!” “Flaming Sun Flame Pillar!” “Annihilation Fire Lotus!” “Heavenly Fire Burns the World!” Yang Luo unleashed many killer moves!

The huge golden fireball collided!

Nine huge golden pillars of fire and a huge golden fire lotus smashed down!

Fierce flames poured down like the river of stars!

However, the nine-colored Black Tortoise illusion only shook in response!

Boom!

Boom!

Boom!

Nine-colored ice floods rushed out of its body and directly defeated all the attacks Yang Luo launched!

The nine-colored Black Tortoise illusion then knocked away the flames and continued to charge at Yang Luo!

In the blink of an eye!

Bang!

It collided heavily with Yang Luo's body!

"Urghh" Yang Luo let out a painful cry and was sent flying again.

He fell from the sky and smashed into an ice mountain, buried by a large number of ice rocks!

Under this collision!

A trace of blood flowed from the corner of Yang Luo's mouth, and his injuries became even more serious!

However, not only did this not make Yang Luo retreat, but it also made Yang Luo's fighting spirit rise!

Dong!

Only a loud sound was heard.

All the ice rocks were shattered into pieces!

Yang Luo stood proudly on the ground.

Golden light surged from his body as he said in a trembling voice, "Very good.

The stronger you are, the more helpful it will be to my cultivation and strength!

Come on, let's continue fighting!" Accompanied by an explosive roar!

He suddenly stomped on the ground, causing an area to collapse.

He soared into the sky again and attacked the humanoid illusion!

The humanoid illusion took a step forward and led the nine-colored Black Tortoise illusion to attack Yang Luo!

An earth-shattering battle began. Time passed quickly.

Unknowingly, another three days passed.

Early in the morning Outside the Deep North Frost Domain.

Yi Hanshan and the others were waiting outside.

Mo Hongtu frowned and said, "That's strange.

It's been ten days.

Why hasn't Little Luo come out yet?" "Could Little Luo have encountered some danger?" A hint of worry appeared in Lin Jingchen's eyes.

Everyone frowned and were very worried about Yang Luo's safety.

Yi Hanshan frowned and said, "There's indeed something wrong.

Little Luo has been there for a long time.

You have to know that the last time I went in, I only stayed for eight days before I couldn't take it anymore." "Could it be that something really happened to Brother Yang?" Prajna's face turned pale as she asked in a trembling voice.

Tantai Puti bit his lower lip and said, "We all know Brother Yang's strength.

Nothing will happen to him!" Mo Hongtu was still a little worried and suggested, "Why don't we go in and take a look?" Yi Hanshan nodded and said, "Alright, let's go in and take a look!" "Wait!" The Fourth Elder of the Black Tortoise Family, Yi Jiuyun, raised his hand and said, "Little Luo is not simple.

Since he didn't contact us, it means that he can still withstand it and is in the midst of the trial.

If we went in now, we might disturb him.

So, let's wait a little longer.

If Little Luo hasn't come out by night, it won't be too late for us to go in and look for him." Yi Hanshan thought for a moment and said, "Alright, let's wait a little longer!" Everyone nodded and could only continue to wait.

Chapter 1605: Black Tortoise Blood Essence!

At this moment.

In the Deep North Frost Domain.

In a vast area.

“Huff huff” Yang Luo used the Dragon Emperor Sword to prop himself up again.

There was not a single part of his body that was intact.

Blood dyed his body red.

With him as the center.

The ice-covered ground cracked and collapsed everywhere, and there were holes everywhere.

The ice mountains in the distance collapsed and turned into ruins.

In the sky opposite him.

The humanoid illusion stood there quietly.

Its body had already cracked, but it did not dissipate.

In the past three days.

Yang Luo had been fighting with this humanoid illusion the entire time.

During this period, he had also taken many healing and nourishing pills.

However, no matter what, he was unable to defeat this humanoid illusion.

It was already not easy for him to last until now.

He really did not know who this humanoid illusion was and why it was so powerful.

Yang Luo took a deep breath and hissed, "Come on, continue!" He decided that if he still could not defeat this humanoid illusion, he would quickly get out.

But at this point The humanoid illusion slowly raised its finger and pointed at Yang Luo.

Yang Luo was shocked.

He thought that the humanoid illusion was going to continue attacking and was about to counterattack!

But in the next second!

A drop of blood flew out from his fingertip and instantly entered the space between his eyebrows!

After that.

The human-shaped illusion's body dissipated and transformed into a vast and powerful energy that fused into the world of the Deep North Frost Domain!

"It's over?" Yang Luo asked blankly.

Did he pass the trial?

Also, what was that drop of blood just now?

Would anything happen if this blood bead entered his body?

Just as Yang Luo was puzzled about its identity Suddenly He felt an explosive energy surge out of his body!

This energy was like a landslide and tsunami, crazily washing through his internal organs, eight extraordinary meridians, and limbs, causing him endless pain!

“Urghh” He let out a muffled groan and fell to the ground.

The energy was still crazily washing over his body, and it was becoming stronger and stronger!

He felt like his body was about to explode!

Pop, pop, pop The skin and muscles on his body began to tear inch by inch, and his meridians broke one by one!

Blood spurted out, dyeing the icy ground red!

“Arghhhh!” Yang Luo let out a miserable scream and curled up his body.

He was trembling in pain!

What was this situation?

What was going on?

Could it be caused by the blood bead that had just entered his body?

Why did a drop of blood have such powerful energy?

“Ahhh” Yang Luo screamed again and rolled on the ground in pain.

One had to know that he had experienced countless battles along the way and had experienced countless blood and fire tempering.

His body's endurance had long exceeded that of ordinary people.

However, this pain made him feel as if he was enduring 18 layers of hellish torture, making him unable to endure it at all.

His eyes were already bloodshot, and the veins on his forehead were bulging and even ruptured.

Blood blurred his face and dyed every strand of his hair red.

Yang Luo immediately felt a sense of despair!

Would he really explode and die here?

However, at this moment "Eh" A surprised voice sounded in his mind.

This voice was Long Xinghe's.

Long Xinghe asked curiously, "Kid, where did you get this Black Tortoise blood essence?" "Black Tortoise Blood Essence?" Yang Luo replied painfully in his heart, "Senior Xinghe What Black Tortoise blood essence What are you talking about?" Ever since he entered the Kunlun Ruins, he had not heard Long Xinghe speak.

If Long Xinghe did not call him, it would not be convenient for him to enter the Divine Sense Space to disturb him.

However, he did not expect Long Xinghe to speak to him this time.

Long Xinghe said, "The drop of blood that entered your body just now is the blood essence of the ancient divine beast, the Black Tortoise!"

In the past, this Black Tortoise blood essence was naturally nothing to me!

But now, this Black Tortoise Blood Essence is good for me!

The energy contained in it can help me repair my primordial spirit.

Although it can't be completely repaired, it can still be repaired a little!

Moreover, this energy can also open a small portion of the second bronze dragon coffin!" "Really?!" Yang Luo was pleasantly surprised, "Then what are you waiting for?"

Hurry up and absorb it.

I can't take it anymore!

"Ahhh" Just as he finished speaking, he let out an extremely painful scream again.

"Hahaha" Long Xinghe seemed to be in a good mood as he laughed heartily and said, "Kid, don't be anxious.

I'm here.

How can I let you die?

This Black Tortoise Blood Essence is very precious.

I can absorb a portion, but you should absorb a portion too.

As long as you can refine the energy of this portion of blood essence, your body will be strengthened from the inside out again.

It can also help you break through the shackles and increase your cultivation to another level.

You can even obtain some of the Black Tortoise's innate divine powers." "Alright!" Yang Luo replied in his heart and forced himself to sit down.

Enduring the pain in his body, he began to circulate his cultivation technique and tried to refine the Black Tortoise Blood Essence.

After a while He could clearly feel a portion of the energy dissipating from his body and surging into his divine sense space.

This made him feel better, and the pain in his body lessened.

However, the remaining part of the energy was still extremely terrifying and continued to wash over his body.

He gritted his teeth and accelerated the circulation of his cultivation technique, beginning to refine the energy of the Black Tortoise Blood Essence.

Time continued to flow.

He had finally refined a portion of the energy.

He felt the pain in his body lessen again.

Very good!

Continue!

Yang Luo shouted in his heart and continued to refine the energy of the Black Tortoise blood essence.

After an unknown period of time A mysterious ice-blue pattern appeared on Yang Luo's body.

These patterns circulated on his body and began to repair his body at a visible speed.

The torn skin, muscles, and meridians on his body began to heal, and his damaged internal organs also began to heal.

Until the moment his body was completely repaired!

Hong A low rumble sounded from his dantian!

The vigorous blood essence and energy surged in his body like a mighty river!

Rumble rumble rumble!

Waves of powerful, vast, and majestic pressure and aura spread out from his body, causing the world to tremble and the surroundings to shake!

Dong!

A golden beam of light shot up from his body and pierced through the sky!

His cultivation had officially stepped into the late-stage Earth Immortal Realm!

Chapter 1606: Out of Seclusion!

Rumble rumble rumble!

At this moment The entire Deep North Frost Domain shook violently!

The ground cracked and icebergs collapsed.

It was simply as if the world was destroyed!

The ground where Yang Luo was completely collapsed, turning into a huge abyss pit!

As for Yang Luo, he sat cross-legged in the sky without moving.

His body flickered with a dazzling golden light, like a statue!

The golden beams of light that soared into the sky from his body were endless, as if they could pierce through the sky!

Yang Luo continued to refine the energy of the Black Tortoise's blood essence and completely entered a state of self-absorption, not being disturbed by the outside world.

At this moment.

Outside the Deep North Frost Domain.

The sky was gradually turning dark.

Yi Hanshan and the others were originally anxiously waiting for Yang Luo to come out.

But at this point Rumble rumble rumble!

The entire array platform suddenly shook violently!

Even the surrounding mountains shook!

“F*ck me!” Bujie was so frightened that he hurriedly retreated a distance and exclaimed, “What’s the situation now?”

“Why is the array platform suddenly shaking?!” The others present also retreated one after another and looked at this scene in surprise.

Mo Qingkuang asked in confusion, “Could it be caused by Brother Yang?” The corners of Tantai Puti’s mouth twitched as he said, “What exactly did Brother Yang do inside?”

“Why is even the outside affected?” Ning Jianfeng clicked his tongue and said, “As expected of Brother Yang.”

“It’s just a trial, but he caused such a huge commotion!” However, Yi Hanshan, Yi Jiuyun, and the other members of the Xuanwu family were shocked.

“Brother Yi, do you know what’s going on?” Mo Hongtu asked Yi Hanshan.

Yi Hanshan took a deep breath and said, “Once, three elders of our Black Tortoise family went in to train when they were at the Earth Immortal Realm, causing such a huge commotion.”

“And now, these three elders have already stepped into the Heavenly Immortal realm.” “That’s right.” Yi Jiuyun nodded and said, “This will only happen after passing an extremely difficult trial.” Lin Jingchen said in surprise, “In other words, Little Luo has passed the difficult trial and has the potential to step into the Heavenly Immortal realm?” “You could say that.” Yi Jiuyun nodded.

“Hiss” Mo Hongtu, Lin Jingchen, and the others could not help but gasp.

After all, they all knew that it was simply impossible for a cultivator to step into the Heavenly Immortal Realm.

Countless people could not step into the Heavenly Immortal Realm in their entire lives.

To step into the Heavenly Immortal Realm, one needed extremely high talent, comprehension, potential, diligence, opportunities, and a deep understanding of the Great Dao of Heaven and Earth.

This was also the reason why there were many Earth Immortals and True Immortals in the entire Kunlun Ruins and even the Penglai Immortal Island, but there were very few Heaven Immortals.

Now, the Deep North Frost Domain was saying that Yang Luo had the potential to step into the Heavenly Immortal realm.

This was enough to shock everyone present.

Mo Hongtu sighed in admiration and said, "Little Luo is indeed a one in a million genius.

I'm looking forward to how far he can go in the future!" Lin Jingchen and the others were also filled with anticipation.

Tantai Puti asked Yi Hanshan, "Uncle Yi, why hasn't Brother Yang come out yet?" Yi Hanshan said, "It should be soon." Everyone nodded and continued to wait.

At this moment.

In the Deep North Frost Domain.

Yang Luo sat cross-legged in the sky and continued to refine the energy of the Black Tortoise's blood essence.

The world was still trembling and could not calm down for a long time.

After an unknown period of time Only then was the energy of the Black Tortoise blood essence completely refined by Yang Luo.

“ROAR!” He suddenly opened his eyes and raised his head to let out a roar!

Rumble!

The icy ground continued to collapse, and the ice mountains in the distance exploded one after another!

The huge pit below continued to expand to tens of thousands of meters before stopping!

“Phew” Yang Luo let out a long breath, stood up, and stood in the air.

He clenched his fists and felt that his body contained an even more terrifying power.

His essence, qi, and spirit had also recovered to their peak.

He did not expect to gain so much from this trial in the Deep North Frost Domain.

Not only had he obtained the Black Tortoise Blood Essence, but his cultivation had also broken through, and his body had been strengthened again.

Furthermore, he had also obtained some of the Black Tortoise’s innate divine powers.

However, who was that humanoid illusion?

Why did he give me the Black Tortoise Blood Essence?

It was better to go out and ask Uncle Yi and the others.

Yang Luo put away the Dragon Emperor Sword and asked in his heart, "Senior Xinghe, how are you?"
"Kid, don't worry.

I'm fine.

Don't worry." Long Xinghe replied, "I have to refine the energy of the Black Tortoise blood essence during this period of time.

By the way, it would be even better if you could obtain the blood essence of other ancient divine beasts.

This will help my Essence Soul recover and also help the opening of the bronze dragon coffin."
"Understood!" Yang Luo replied, "I'll try to collect the blood essence of ancient divine beasts!" It seemed that he had to take a trip to the Vermillion Bird Family's Desolate South Fire Territory.

He did not know if he could obtain the Vermillion Bird blood essence.

He looked around and said, "It's time to go out." As he spoke, he took out the Black Tortoise Jade Talisman and contacted Yi Hanshan Outside the Deep North Frost Domain.

It was late at night.

Yi Hanshan and the others were still waiting for Yang Luo to come out.

At this moment.

Yi Hanshan felt the communication jade talisman vibrate.

He quickly took it out.

“Uncle Yi, I’ve finished the trial!” Yang Luo’s voice sounded.

Hearing Yang Luo’s voice, everyone heaved a sigh of relief.

Yi Hanshan said, “Alright, I’ll send you out now!” As he spoke, he mobilized his True Qi and activated the teleportation array.

After a while Dong!

A nine-colored beam of light shot into the sky from the array platform, illuminating the valley and the night sky!

When the beam dissipated.

Yang Luo appeared on the array platform.

Everyone looked at Yang Luo, who was on the array platform, in a daze.

They were shocked.

Yang Luo’s body was already blood-red and covered in scabs.

It was unimaginable what kind of cruel trial Yang Luo had experienced to become like this.

“Little Luo!” “Brother Yang!” “Brother Yang!” Everyone was stunned for a moment before they shouted and jumped onto the array platform.

“Little Luo, are you alright?” “Brother Yang, why are you so seriously injured?” Everyone’s faces were filled with worry as they asked.

Yang Luo smiled and waved his hand, “Don’t worry, everyone.

I’m fine.” Yi Hanshan said in confusion, “That’s strange.

Little Luo, you’re covered in blood.

But why can’t I see any wounds?!”

Chapter 1607: Natural Mystical Power!

The others present were also puzzled.

Indeed, although Yang Luo was covered in blood, there were no wounds on his body.

Yang Luo said, “During the trial, I was indeed severely injured.

However, I’ve completely recovered now.

Furthermore, my cultivation has finally broken through.” “Really?!” Tantai Puti was shocked, “Brother Yang, your cultivation has broken through?!” “What the f**k!” Bujie gulped, “Doesn’t that mean that Brother Yang has already stepped into the late-stage Earth Immortal realm?!” “That’s right.” Yang Luo nodded in response.

Ning Jianfeng sighed, “Brother Yang, you’re still the best.

You actually stepped into the late-stage Earth Immortal realm!” Qin Zhanhuang also said in admiration, “Now that Brother Yang is not far from becoming a true immortal, we really can’t compare!” Mo Qingkuang and the others were also in awe.

Yi Hanshan asked, "Little Luo, tell us quickly.

What kind of trial did you experience in the three days after Puti and the others came out?" Everyone looked at Yang Luo curiously.

Yang Luo did not hide anything and told everyone about the battle with the humanoid illusion in the past three days and how he had obtained the Black Tortoise blood essence.

After hearing Yang Luo's story Everyone was dumbfounded.

In particular, Tantai Puti, Bujie, and the others did not expect that Yang Luo would actually experience a tragic battle after they left the Deep North Frost Domain.

Yang Luo asked Yi Hanshan, "Uncle Yi, do you know who that humanoid illusion is?"

I feel that he seems to be proficient in all the cultivation techniques and immortal techniques of the Black Tortoise Family." Yi Hanshan took a few deep breaths and said, "Little Luo, the person you're fighting is the patriarch who founded our Black Tortoise Family.

Before the patriarch ascended to the upper world, he established the Deep North Frost Domain and left an illusion inside.

To be precise, it was an incarnation of his.

Only the incarnation of the patriarch will appear to those he acknowledges." "So that illusion is the Black Tortoise Ancestor?!" Yang Luo was stunned.

However, if this Black Tortoise Ancestor was already so powerful with just an incarnation, how strong was he himself?

No doubt about it.

This Black Tortoise Ancestor was definitely an ancient mighty figure.

The current him could only look up to it.

“That illusion is indeed the incarnation of the patriarch.” Yi Hanshan nodded and said, “A few elders of our Black Tortoise Family once went through the trial of the patriarch.

The current patriarch and elders had also inherited many cultivation techniques and immortal techniques from the ancestor.

“However, I didn’t expect the ancestor to actually pass down a drop of Black Tortoise Blood Essence to you.

It’s really unbelievable.” Yi Jiuyun sighed, “Looks like the ancestor approves of you.

It can be considered your fate with the ancestor to be able to inherit the Black Tortoise’s blood essence.” Mo Hongtu said, “By the way, Little Luo, didn’t you obtain the intrinsic divine power of the Black Tortoise?

Can you show it to us?” “I only know three divine powers now.

I still need to study and cultivate the rest.” Yang Luo replied and mobilized the True Qi in his body.

His entire body trembled!

“True God Black Tortoise Transformation!” In an instant!

An illusion of a thousand feet tall blue-gold Black Tortoise stood up and appeared above Yang Luo!

The Black Tortoise illusion stood in the sky.

Its body flickered with a dazzling light, revealing an ancient aura.

It was majestic and domineering!

“Oh my god, Brother Yang, you’ve become a turtle too?!” Tantai Puti’s beautiful eyes widened as she exclaimed.

Hearing Tantai Puti’s words, Yi Hanshan and the other members of the Black Tortoise family frowned.

Although the Black Tortoise was indeed a divine beast that was a combination of a turtle and a snake, it still felt a little uncomfortable coming from this girl’s mouth.

Tantai Puti chuckled and said, “Aiya, Uncle Yi, elders, I was just joking.

Sorry, sorry!” Yi Hanshan and the others shook their heads in amusement.

Bujie said in a daze, “Brother Yang, you’re awesome.

In the past, you only had dragons.

Now, you even have a Black Tortoise?” “Brother Yang is simply too handsome!” “When the golden dragon and the black tortoise come out at the same time, who can compete with them?!” Ning Jianfeng, Qin Zhanhuang, and the others laughed happily, their eyes filled with envy.

Then, Yang Luo dissipated the Black Tortoise illusion and his entire body trembled again!

“Xuanming Divine Power!” In the blink of an eye!

A thick and huge blue-gold ice barrier condensed on Yang Luo's body!

The ice shield was engraved with ancient patterns and runes that were mysterious!

Yi Hanshan smiled and said, "Little Luo, this Black Tortoise True God Transformation has powerful offensive power!"

On the other hand, the Xuanming Divine Power boasts a powerful defense!

This attack and defense will be of great help to you when facing the enemy!" Yang Luo nodded and dispersed the ice barrier.

Then, he mobilized the Xuanming power in his body and stomped down, shouting!

"Xuanming Ancient Scripture!" "Ten Thousand Miles of Ice!" At that very moment Waves of bone-chilling coldness surged out of his body and swept in all directions!

Clack, clack, clack With Yang Luo as the center, blue-gold colored ice spread crazily, freezing the sky and ground inch by inch!

Yi Jiuyun was shocked.

He suddenly stepped down and condensed a huge ice shield that enveloped everyone!

Only then did everyone block the invasion of the ice!

In less than a few seconds!

The entire array platform, the entire valley, and even the surrounding mountains were frozen like ice sculptures, shocking everyone present!

Mo Hongtu exclaimed, "The cultivation techniques and immortal techniques that Little Luo has mastered are already powerful enough!

And now, Little Luo has controlled some of the Black Tortoise's intrinsic divine powers.

His strength will increase again!" Yi Hanshan said, "Moreover, Little Luo didn't imitate it.

Instead, he integrated his own comprehension!

That's why the divine powers he uses are even more powerful!" Yi Jiuyun stroked his beard and smiled, "Perhaps these divine arts of our Black Tortoise Family will flourish in Little Luo's hands!" Yi Hanshan and the elders of the Black Tortoise Family also nodded, their eyes filled with gratification.

Then, Yang Luo waved his hand and dispersed the ice.

Only then did the entire valley return to normal.

Mo Qingkuang cupped his hands and said, "Brother Yang, congratulations on breaking through and obtaining the Black Tortoise's blood essence and the Black Tortoise's intrinsic divine power!" "Congratulations, Brother Yang!" Ning Jianfeng and the others also congratulated him.

Yang Luo smiled and said, "Brothers, let's work hard together and advance towards becoming stronger!" "Alright!" Mo Qingkuang and the others nodded heavily.

Chapter 1608: Ambition!

Late at night.

The sky was filled with stars and the crescent moon hung high in the sky.

North Continent.

Myriad Demon Valley's territory.

137 mountains towered into the clouds, looking majestic.

Black-purple palaces and pavilions sat on the mountains, engraved with demon god totems.

There were many demon beasts, magical beasts, and ferocious beasts in the valley, and they let out roars.

There were many disciples of the Myriad Demon Valley guarding and patrolling the mountain.

At this moment.

The main hall of the Myriad Demon Valley was filled with people.

The Myriad Demon Valley's Valley Master, Tuoba Ye, sat in the main seat.

Some elders of the Myriad Demon Valley sat on both sides.

Other than the people from the Myriad Demon Valley The Sky Demon Cult's Saint Tu Wanxian, the Evil King Sect's Sect Master Ye Canghai, and several elders of the two sects were present as well.

The elders from Holocaust Sect, Flood Dragon Gate, Ghost King Palace, Poison King Palace, Demon Flame Sect, and Thousand Illusion Sect had also arrived.

At this moment.

Everyone's expressions were extremely gloomy, and their eyes were filled with endless anger.

The battle between the Qilin family and the Black Tortoise family ten days ago had caused them to suffer heavy losses.

In the battle between the Qilin family, the Sky Demon Cult and the Diablo Sect had lost over ten thousand disciples, seven Earthly Immortal elders, and one True Immortal elder.

During the battle of the Black Tortoise Family, more than thirty thousand disciples from the seven great sects led by the Myriad Demon Valley, eleven Earth Immortal Realm elders, and two True Immortal Realm elders died.

Tu Wanxian gritted his teeth and said, "Brother Ye and I thought that we could take this opportunity to destroy the Qilin family!

But I didn't expect to end up in such a tragic defeat!" With that, he coughed heavily.

Although his injuries had recovered a little after ten days of recuperation, they were not completely healed.

Ye Canghai also said ruthlessly, "That's right.

In the past, these Ten Great Divine Beast Clans have always been fighting openly and covertly.

I didn't expect that they would actually unite this time!

It would have been fine if it was just these divine beast families helping.

What was even more unexpected was that even the Supreme Sect had come to help!

This has completely disrupted our plans!" Tu Wanxian looked at Tuoba Ye and said, "Brother Tuoba, we wanted to help you ten days ago, but we were really powerless!" "Brother Tu, I'm not blaming you!"

Tuoba Ye shook his head and said ruthlessly, "What I hate are the Black Tortoise Clan, the Qilin Clan, and the other divine beast clans, as well as the Supreme Sect!

If we can't destroy these guys, how can our Myriad Demon Valley establish ourselves in the Kunlun Ruins?!" "That's right!" Ye Canghai suddenly slammed the table and said angrily, "These 11 divine beast clans and the Supreme Sect have to be destroyed!

And that kid called Yang Luo had to be killed too!

This kid severely injured me.

I have an irreconcilable feud with him!" "We must destroy them all!" "This blood feud must be avenged!" "Revenge!

Revenge!

Revenge!" The people from the other sects also roared.

"Everyone, calm down!" Tu Wanxian raised his hand and said in a low voice, "Now, these 11 divine beast families and the Supreme Sect are already mixed together!

And that little b*tch Tantai Puti, she also has the Vermillion Bird Family behind her!

The Vermillion Bird Family and the Black Tortoise Family have a deep relationship.

If we touched the Black Tortoise Family, the Vermillion Bird Family would definitely help!

They're too powerful now.

It's probably very difficult to destroy them with just our strength!" Tuoba Ye frowned and said, "Brother Tu is right.

With our current strength, we might not be able to destroy them!

Moreover, now that we've suffered heavy losses and everyone's vitality has been greatly damaged, it's even more difficult to take revenge!

Therefore, we have to consider this matter at length!" The people from the other sects gritted their teeth and were very unwilling.

However, it was indeed as Tuoba Ye and Tu Wanxian had said.

With their current strength, they would not be able to take revenge.

Ye Canghai narrowed his eyes and said, "Since we can't destroy them, why can't we seek help?" Tuoba Ye looked at Ye Canghai and asked, "Brother Ye, what do you mean?" Ye Canghai said sinisterly, "We can completely rope in the help of those like-minded sects in the East Continent, South Continent, West Continent, and Central Continent!

For example, the Nine Nether Sect, the Yin Fiend Palace, and the Heavenly Corpse Sect in the East Continent!

The South Continent's Blood Flame Sect, Demon Transformation Hall, and Eternal Night Valley!

The Soul Devouring Hall, the Blood Demon Sect, and the Five Poison Sect of the West Continent!

Luosha Gate, Purgatory Pavilion, and Vast Darkness Hall in the Central Continent!

These are all top sects from all continents.

They are ostracized by the world like us!

If we can form an alliance with them, who in the entire Kunlun Ruins can be our match?" When the various sects present heard the names of these sects, they could not help but gasp.

After all, the sects that Ye Canghai mentioned were powerful and had quite a few elites.

They were no weaker than the Myriad Demon Valley, the Sky Demon Cult, and the Diablo Sect.

Tuoba Ye muttered, "Brother Ye, your idea is naturally good.

However, if we don't give them enough benefits, how can those sects help us?" Tu Wanxian also nodded and said, "Those guys are all masters to not commit oneself until success is certain.

It's very difficult to ask them for help." Ye Canghai said with a cold gaze, "Didn't they want benefits?

Then give them benefits!

How's the entire Kunlun Ruins?" "The entire Kunlun Ruins?

What do you mean?" Tuoba Ye was even more puzzled.

Ye Canghai's expression was deranged as he smiled evilly, "What I mean is that we can completely form an alliance with them and control the entire Kunlun Ruins!

At that time, we'll destroy anyone who dares to resist!

Those who are willing to submit can stay!

As long as the plan succeeds, the cultivation resources of the entire Kunlun Ruins will belong to us!

Isn't this benefit enough?" Hearing Ye Canghai's words Tuoba Ye, Tu Wanxian, and the others were all in a daze.

They clearly did not expect Ye Canghai to be so ambitious.

After all, they had always wanted to control the North Continent.

However, he did not expect Ye Canghai to want to control the entire Kunlun Ruins.

However, it had to be said that this plan was indeed quite tempting.

If they could succeed, they would be able to completely rule the Kunlun Ruins.

Ye Canghai glanced at everyone present and asked, "What do you think of this plan?" Tuoba Ye narrowed his eyes and said, "This plan is indeed not bad, but I'm afraid it won't be easy to convince those sects to implement this plan with us!" Ye Canghai smiled and said, "When the time comes, we can find time to invite these sect masters to discuss this matter!"

If he wanted to do this, he definitely had to plot well!

However, I believe that they will definitely agree in the end!"

Chapter 1609: Immortal Furnace Mountain!

"Alright, let's do that!" Tu Wanxian was extremely excited, "It's meaningless for us to keep fighting.

Why don't we settle it once and for all!" "Then let's do it!" Tuoba Ye's eyes shone brightly as he said, "When the time comes, as long as we can form an alliance with those sects!"

"Even if we face top sects like the Supreme Sect and top divine beast families like the Black Tortoise Family, we're not afraid at all.

It's easy for us to destroy them!" "Alright, alright.

As long as our 15 top-notch sects form an alliance and rope in other sects and families, we won't have to worry about not succeeding!" "As long as it succeeds, we can change the history of the Kunlun Ruins!" "Success or death!" Everyone present was excited.

"Alright, everyone, this plan is only a preliminary idea.

As for whether we can succeed, we still have to plan carefully." Tu Wanxian waved his hand.

Then, he suddenly thought of something and said, "By the way, everyone, do you know what day it will be in half a month?" "In half a month?" Tuoba Ye looked puzzled, "What event is it?" The others were also puzzled.

Ye Canghai said, "Brother Tu, stop talking in riddles.

Tell me quickly, what day is it in half a month?" Tu Wanxian smiled and said, "The Immortal Furnace Mountain will open its furnace in half a month!" "What?!

The Immortal Furnace Mountain is going to open its furnace?!" "Oh my god, time passed so quickly?

Another ten years have passed?!" "Looking at the time, it seems like we're indeed about to open the furnace on Immortal Furnace Mountain!" "I wonder what kind of treasure will be born in Immortal Furnace Mountain this time!" Everyone exclaimed and reacted.

Tuoba Ye clenched his fists and said, "We must get the treasure that was born in Immortal Furnace Mountain this time!" Tu Wanxian nodded and said, "Then let's prepare well.

We'll go to the Immortal Furnace Mountain in half a month!" "Alright!" They all nodded in unison.

The next morning.

Black Tortoise Family.

In the main hall square.

18 ancient boats stopped in the sky.

Everyone was ready to leave.

Yi Hanshan looked at everyone and said, "Brother Mo, Brother Lin, are you guys leaving already?"

"Aren't you going to stay for a few more days?" Mo Hongtu smiled and said, "Brother Yi, we've been out for more than ten days.

There are many things to deal with in the sect.

"We have to go back." Lin Jingchen smiled and said, "Brother Yi, let's meet again when we have time." Ning Shenghong chuckled and said, "Brother Yi, let's drink and chat happily when the time comes!" Yi Hanshan nodded and said, "Alright, since everyone has something to do, I won't hold you back." As he spoke, Yi Hanshan turned to look at Yang Luo and asked, "Little Luo, what about you?"

"Do you want to stay here for a few more days?" Yang Luo shook his head and said, "Uncle Yi, I have to make a trip to the Southern Continent's Vermillion Bird Family with Puti.

"I won't stay any longer." Yi Hanshan asked curiously, "Why are you going to the Vermillion Bird Family?" Yang Luo replied, "I want to go to the Vermillion Bird Family's Desolate South Fire Territory to train and see if I can continue to increase my cultivation and strength." Yi Hanshan was caught between laughter and tears, "Little Luo, you're already at the late-stage Earth Immortal Realm.

"Do you still have to work so hard?" Yang Luo sighed and said, "Uncle Yi, after seeing so many experts, my cultivation level is nothing.

I want to continue becoming stronger so that I can have the strength to protect myself and the people around me.” “Ambitious!” Yi Hanshan’s eyes were filled with admiration, “In that case, I won’t keep you!” There was a pause.

Yi Hanshan continued, “By the way, everyone, do you know that the Immortal Furnace Mountain will open its furnace in half a month?” “Of course I do.” Mo Hongtu nodded and said, “I’m afraid many sects and clans, as well as rogue cultivators, know about this.” Yang Luo asked curiously, “Uncle Yi, Uncle Mo, what are you talking about?”

What is Immortal Furnace Mountain?” Tantai Puti explained, “Big Brother Yang, it’s like this.

There is a magical place in our South Continent.

Everyone calls it the Immortal Furnace Mountain.

Although the Immortal Furnace Mountain is termed a mountain, it actually looks like a naturally formed cauldron.

Every ten years, Immortal Furnace Mountain would give birth to some natural treasures.

In the past, Immortal Furnace Mountain had given birth to top-grade magical artifacts and weapons.

It had also given birth to immortal-grade medicinal herbs that could refine immortal pills.

There were even a few peerless immortal pills that could revive the dead and help True Immortals break through to the Heavenly Immortal Realm.” “Holy shit!” Bujie said in surprise, “There’s such a magical place in the Kunlun Ruins?!” Yang Luo, Xu Ying, and Prajna were also shocked.

“That’s right.” Tantai Puti nodded and said, “Our Vermillion Bird Family has also obtained many good things from the Immortal Furnace Mountain.

Of course, the Black Tortoise Clan, the Azure Dragon Clan, the White Tiger Clan, and some large sects and families have also obtained some good things from there too." Yang Luo asked in confusion, "How can a mountain give birth to these things?" Yi Hanshan said, "This Immortal Furnace Mountain gathers the spiritual energy of heaven and earth, all kinds of herbs and minerals in the mountain, and then refines them with mountain flames.

That's why these things were born.

This Immortal Furnace Mountain might have been formed naturally, or it might have been created by an ancient mighty figure who had once established the Kunlun Ruins.

In short, everyone has different opinions about the secrets of the Immortal Furnace Mountain." "I see." Yang Luo nodded in realization and continued, "By the way, where is the Immortal Furnace Mountain?" "It's in our South Continent." Tantai Puti replied and continued, "I reckon that in a few days, many sects, families, and independent cultivators will rush to our South Continent.

"At that time, our South Continent will definitely be very lively." Yang Luo said expectantly, "Then I have to go take a look." Lin Jingchen smiled and said, "Little Luo, then let's go to the Immortal Furnace Mountain together and wait for it to open." "Alright!" Yang Luo nodded in response.

Ning Jianfeng said to Ning Shenghong, "Father, we can meet in the South Continent in half a month anyway.

I plan to follow Brother Yang to the Southern Wilderness Fire Region to train." Qin Zhanhuang also said to Qin Daoxuan, "Father, you can go back first.

I plan to follow Brother Yang to train." "Father, me too!" "Elder, I want to follow Brother Yang too!" Mu Wushang, Bai Chuxia, and the others all spoke up.

"This!" Ning Shenghong looked at Yang Luo and asked, "Little Luo, are you willing for them to follow you?" He saw Ning Jianfeng and the others looking at him eagerly.

Left with no choice, Yang Luo nodded helplessly, "Alright, let them follow me for the next half a month."

Chapter 1610: Returning Early!

“Haha, that’s great!” “Thank you, Brother Yang!” Ning Jianfeng and the others immediately cheered.

Yi Hanshan said to Yi Yuheng, “Yuheng, you should follow Little Luo too.

If you follow Little Luo, you should be able to learn a lot.” “Yes, Father!” Yi Hengyu nodded happily.

Lin Jingchen also said, “Zhuoyu, Yanfeng, Yaoyao, you guys should follow Little Luo too!” “Alright!” Lin Zhuoyu, Lin Yanfeng, and Lin Qingyao were very happy.

They were already familiar with Yang Luo.

Moreover, they could learn a lot by following Yang Luo, so they were naturally willing to follow him.

After that, everyone chatted for a while.

The Luwu Clan, the Kui Ox Clan, and the Qingqiu Clan went to the West Continent together.

The Soaring Serpent Clan, Baize Clan, and Gouchen Clan went to the East Continent together.

The members of the Qilin family also left on the ancient boat.

Because the Phoenix Clan, the Bi Fang Clan, and the Roc Clan were all in the South Continent.

Moreover, to go to the South Continent, he had to pass through the Central Continent.

As for Yang Luo and the others, they left the Black Tortoise family with the Supreme Sect, the Phoenix family, the Bi Fang family, and the Roc family.

On the way Yang Luo and the others sat on the deck of the ancient boat and chatted.

Bujie asked Tantai Puti, "Sister Puti, is the trial in the Desolate South Fire Territory dangerous?"

How is it compared to the Deep North Frost Domain?" Yang Luo and the others looked at Tantai Puti.

Tantai Puti said, "The Desolate South Fire Territory is very dangerous.

The difficulty is not inferior to the Deep North Frost Domain at all.

Since you're going there to train, I advise you to be mentally prepared." Bujie smiled happily and said, "With Brother Yang around, it's fine!" Ning Jianfeng grinned and said, "Brother Yang has already stepped into the late-stage Earth Immortal realm.

His strength is even stronger than before!

"Even if we really encounter danger at that time, Brother Yang will take care of it!" "That's right, that's right!" Qin Zhanhuang nodded repeatedly, "With Brother Yang around, we don't have to be afraid of anything!" Mu Wushang and the others nodded repeatedly.

After two major battles and the trial in the Deep North Frost Domain, they had long treated Yang Luo as their backbone.

Yang Luo was caught between laughter and tears, "Everyone, don't mock me.

I don't have such great ability!

In any case, no matter what danger we encounter, as long as we work together, we will definitely be able to overcome all difficulties!" "Alright!" Everyone nodded heavily.

After that, everyone drank tea, ate snacks, and chatted.

Yang Luo looked at Ning Jianfeng and the others in front of him and sighed.

He originally thought that it would be very difficult for him to integrate into this place after coming to the Kunlun Ruins.

However, he did not expect that after he came, he would make more and more friends.

With so many friends backing him up, he had unlimited strength.

No matter what dangers and challenges he encountered in the future, he was not afraid.

Thinking of this He got up and walked to the bow of the ship, looking up at the distant sky.

He wondered how Qingmei and Big Brother Xiang were doing.

He wondered how well Old Qi and the others had managed the Heavenly Luo Sect.

Also, the Dark Convention was probably about to begin.

He had to rush back before the Dark Conference began.

“Brother Yang, what are you thinking about?” Tantai Puti walked over with his hands behind his back and tilted his head to look at Yang Luo.

Mo Qingkuang, Xu Ying, Bujie, Prajna, and Lin Wenxuan also walked over.

Yang Luo thought for a moment and said, “I’m preparing to pass the trial in the Desolate South Fire Territory and see the Immortal Furnace Mountain open its furnace before returning to the secular

world.” “Ah?” Tantai Puti was stunned, “Are you going back to the secular world so soon?!” Bujie also asked doubtfully, “Brother Yang, are you going back so soon?” Yang Luo nodded and said, “Bujie, have you forgotten that we still have many things to do in the secular world?” Xu Ying narrowed his eyes and said, “There are indeed things to do.

We haven’t led the Holy Imperial Court back to the top of the Dark World.” “That’s right.” Bujie’s gaze also turned cold, “There’s also the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace.

We should settle our scores with them.” Tantai Puti naturally knew what Yang Luo and the others were talking about.

After all, Yang Luo had told her that night.

However, she was still very sad.

She did not know when they would meet again after this separation.

Tears welled up in her eyes, “Brother Yang, can you stay a little longer?

I can’t bear to leave you” Yang Luo smiled gently and said, “Aiya, silly girl, don’t be sad.

When the time comes, you can follow me to the secular world.

Didn’t we agree on this?” “That’s right!” Bujie also chuckled and said, “Sister {uti, I promised you that I would bring you to the secular world to live a good life!” Tantai Puti sniffed and said, “I also want to go to the secular world with you.

However, once I return to the family this time, my father will not let me run around.

As for going to the secular world, Father will definitely not agree.” Bujie chuckled and said, “That’s easy.

You can just sneak out again when the time comes.” “Ugh” Tantai Bodhi pouted and thought for a moment before saying, “Alright, I’ll give it a try then.” “Brother Yang, Sister Puti, what are you guys talking about?”

Come over and chat with us!” At this moment, Bai Chuxia shouted at Yang Luo and the others.

“Yeah, hurry up and come over.

Let’s play a game!” Ning Jianfeng also shouted.

“Alright, we’ll be right there.” Yang Luo smiled and agreed.

Then, he said to Tantai Puti, “Puti, don’t tell Jianfeng and the others about this.

I’m afraid it will affect their mood.” “Got it!” Tantai Puti glared at Yang Luo, “You bad fellow, aren’t you afraid of affecting my mood?” Yang Luo laughed and said, “With our relationship, is there a need to fuss about this?” Tantai Puti stared intently at Yang Luo and asked, “Then what do you think our relationship is?” Hearing this, Mo Qingkuang, Xu Ying and the rest quickly left.

“Urghh” Yang Luo smacked his lips and said, “We’re good brothers!” “Brother, my ass!” Tantai Puti was so angry that she kicked Yang Luo’s butt.

“Hey!” Yang Luo let out a strange cry as his body flew out and dropped in front of Ning Jianfeng and the others.

“Pfft Hahaha” Everyone laughed.
