Chapter 1641: Five Needles to Settle the Universe!

“Alright!” Tantai Zhengyang nodded and said, “Then I’ll bring you there now!” Just as everyone stood up “Patriarch, something bad has happened!” A clansman rushed in.

“What happened?” Tantai Zhengyang asked in confusion.

The clansman replied, “Just now, something went wrong with Elder Fang’s cultivation.

He’s not in a good state now!” Tantai Zhengyang frowned and raised his hand, “Let’s go and take a look!” Then, everyone left the hall and rode an ancient boat to a pavilion at the back of the mountain.

There were many people gathered at the door.

In the hall on the first floor, a few old doctors were examining an old man.

The old man’s face was red, and there was blood at the corner of his mouth.

His clothes were also dyed red with blood, and he was in a very bad state.

This old man was an elder of the Vermillion Bird Family called Fan Siyu.

“How’s Elder Fang?” Tantai Zhengyang asked a doctor.

The doctor replied, “Something went wrong when Elder Fang was cultivating, causing the fire poison to attack his heart.

If it’s not treated in time, the fire poison will invade Elder Fang’s internal organs.

At that time, it will really be dangerous” Tantai Zhengyang said anxiously, “Then what are we waiting for?”

Hurry up and treat him!” The doctor said helplessly, “Family Head, we can only try our best to stabilize the fire poison in Elder Fang’s body.

We can’t completely cure Elder Fang!” “That’s right, Patriarch.

We still have to go to the Medical Dao Sect to invite an immortal doctor to treat Elder Fang!” Another doctor also said.

Tantai Zhengyang took a deep breath and instructed his clansmen, “What are you waiting for?”

Hurry up and invite them!” “Alright Alright!” The few clansmen nodded repeatedly and prepared to leave.

“Wait!” At this moment, Yang Luo suddenly called out to the few clansmen.

“Little Luo, what’s wrong?” Tantai Zhengyang asked in confusion.

Yang Luo said, “Uncle Tantai, I should be able to treat Elder Fang’s problem!” “You can cure it?!” Tantai Zhengyang was shocked.

At the side, Lu Zhou said, “That’s right.

This kid is an immortal doctor.

Even Elder Sun and the others from the Immortal Medical Sect admire him so much!

Perhaps I can let this kid give it a try!” “Elder Lu, the fire poison in Elder Fang’s body is very domineering.

You can't test it blindly!" "That's right.

This kid is so young.

How good can his medical skills be?" The few doctors clearly did not believe in Yang Luo's medical skills.

Hearing the words of the doctors Tantai Zhengyang and the others also fell silent.

That's right.

After all, they had only heard that Yang Luo's medical skills were very powerful and had never seen it with their own eyes.

Mo Qingkuang cupped his hands and said, "Everyone, my Brother Yang's medical skills are really amazing!

Not long ago, my Brother Yang was the one who cured the three elders of our Supreme Sect!

If even Brother Yang can't treat Elder Fang, I'm afraid no one in the entire Kunlun Ruins can!" Just as Mo Qingkuang was speaking "Pfft" Fan Siyu clutched his chest and spat out another mouthful of blood.

"Arghhhh!" His face turned even redder, and he looked like he was in pain.

Tantai Puti hurriedly said, "Father, what are you waiting for?"

Hurry up and let Brother Yang treat him!" Seeing that Tantai Zhengyang and the others were still hesitating, Yang Luo waved his right hand!

Swoosh!

A golden needle flew out of his storage ring and accurately pierced an acupuncture point on Fan Siyu's chest!

"Kid, what are you doing?!" "Who told you to perform acupuncture randomly!" A few doctors shouted angrily.

Tantai Zhengyang and the others were also very angry.

They had yet to agree, but this kid had already begun to perform acupuncture.

Wasn't this messing around?

In less than a few seconds!

Fan Siyu heaved a sigh of relief and said, "Kid, your needle saved my life.

I feel much better!" Hearing this Tantai Zhengyang and the others, as well as a few doctors, were shocked!

"Oh my god, just one needle eased Elder Fang's pain.

Is this kid really an immortal doctor?!" "Looks like this kid has some ability!" The few doctors looked at Yang Luo with less contempt in their eyes.

Tantai Puti snorted and said, "I told you that Brother Yang's medical skills are amazing, but you didn't believe me!" At this moment.

Fan Siyu stood up with difficulty and bowed to Yang Luo, "Immortal Doctor, please save my life!" Yang Luo hurriedly went forward to help Fan Siyu up and said, "Elder Fan, sit down first.

Since I've made a move, I'll naturally save you!" "Good, good, good!" Fan Siyu nodded repeatedly and sat down.

Yang Luo reached out to take Fan Siyu's pulse.

A few minutes later Yang Luo let go.

"Little Luo, how's Elder Fang?" Tantai Zhengyang hurriedly asked.

Yang Luo said, "The reason why Elder Fang's fire poison attacked his heart is because it's related to the cultivation technique he cultivates.

"However, fortunately, we discovered it in time.

As long as the fire poison is dispelled, it won't be difficult to treat Elder Fang." "Really?!" Tantai Zhengyang was overjoyed, "Little Luo, please hurry up and attack!

"As long as you can cure Elder Fang, my Vermillion Bird Family will definitely reward you heavily!" Yang Luo nodded and did not say anything else.

Instead, he took out golden needles and mobilized the True Qi and Xuanming power in his body to perform acupuncture on Fan Siyu.

The Xuanming Power was the coldest power in the world, and it could counter fire poison.

If he did not obtain the Xuanming power, it would take quite some time to treat Fan Siyu.

But now that he possessed the Xuanming power, the time could be shortened by several times.

After the five needles landed!

Yang Luo retracted his hand.

Buzz buzz buzz!

The five golden needles trembled gently!

Waves of golden True Qi and Xuanming power intertwined and flowed into Fan Siyu's body continuously!

"Could this be the number one on the Divine Needle List, the Nine Needles of Heavenly Dao?!"
"Heavens, it's really the Nine Needles of Heavenly Dao!" "I didn't expect this kid to know such heaven-defying acupuncture!" "This kid knows such acupuncture techniques."

It shouldn't be difficult to cure Elder Fang!" A few doctors also saw the acupuncture technique that Yang Luo used.

All of them were shocked and admired Yang Luo.

After the time for an incense stick to burn The five golden needles stopped trembling.

Yang Luo retracted the golden needle and said, "Alright, Elder Fang should be fine!" "That's it?" Tantai Zhengyang asked in surprise.

Right after he finished his sentence Hot steam came out of Fan Siyu's body!

As the steam rose, Fan Siyu's face and skin finally returned to normal.

It was no longer as red as before!

“Phew” Fan Siyu let out a long breath, stood up, and bowed deeply to Yang Luo, “Five needles to determine the universe.

Fan Siyu greets the immortal doctor!”

Chapter 1642: Desolate South Fire Territory!

In an instant Other than Mo Qingkuang and the others who knew that Yang Luo’s medical skills were powerful!

Everyone else was dumbfounded!

Just five needles!

In just an incense stick of time!

Fan Siyu was cured!

Such medical skills were simply heaven-defying!

Tantai Zhengyang was still in disbelief.

He asked, “Elder Fang, have you really recovered?” Fan Siyu smiled and said, “Don’t worry, I know my body very well.

I’ve completely recovered!” As he spoke, he cupped his hands at Yang Luo, “Immortal Doctor, thank you for saving me.

I’m extremely grateful!” “Thank you, Little Luo!” Tantai Zhengyang and the others also thanked him repeatedly.

“Little Immortal Doctor, we were blind just now.

We didn’t know that the expert was right in front of us.

Please understand!” “Your medical skills have already reached the peak.

We’re ashamed of our inferiority!” The few doctors were completely convinced.

Tantai Puti was extremely happy.

Her beautiful eyes lit up as she looked at Yang Luo.

The more outstanding Yang Luo was, the happier she was.

As long as Yang Luo obtained the recognition of her family Then, there would be no obstruction when she got together with Yang Luo in the future.

After all, she knew very well that her father looked down on ordinary people.

Yang Luo shook his head and said, “Everyone, you don’t have to be so polite.

Puti and I are friends.

Treating Elder Fang is nothing!” Tantai Zhengyang waved his hand and said, “That’s a separate matter.

Even if you’re her friend, you still have to thank him heavily!” As he spoke, he took out a storage bag and handed it to Yang Luo.

“Little Luo, there are many spirit stones, medicinal pills, medicinal herbs, and a few Dharma artifacts in this storage bag.

Please accept them!” Yao Xinzhu also smiled gently and said, “Little Luo, don’t refuse.

Take it!” “This Alright.” Yang Luo nodded and put away the storage bag.

“Immortal Doctor, this is a token of my gratitude.

Please accept it!” Fan Siyu also took out a storage bag and handed it to Yang Luo.

Yang Luo did not argue and accepted it directly.

Tantai Zhengyang smiled and said, “Little Luo, let’s go.

I’ll bring you to the Desolate South Fire Territory now!” “Alright!” Yang Luo and the others responded.

Then, Yang Luo and the others walked out.

Tantai Zhengyang deliberately slowed down and pulled Tantai Puti back.

He asked, “Puti, is Little Luo interested in someone?” “Ah?” Tantai Puti was stunned.

She was unable to react in time.

Tantai Zhengyang smiled and said, “I think this kid is not bad.

You can consider dating him.” “Father, what what are you talking about!” Tantai Puti immediately blushed.

Tantai Zhengyang laughed and said, "Girl, do you think I can't tell what you're thinking about Little Luo?" Tantai Puti opened his mouth, but no words came out.

Tantai Zhengyang gently patted Tantai Puti's shoulder and said, "Girl, if you really like Little Luo, then grasp it well.

I support you." "Ok!" Tantai Puti nodded heavily.

After leaving the place.

Yang Luo and the others sat on the ancient boat and continued to fly deeper into the back mountain.

Ten minutes later.

Everyone arrived at a valley.

Tantai Zhengyang said, "This is the entrance to the Desolate South Fire Territory!" Yang Luo looked down and realized that the entrance to the Desolate South Fire Territory was similar to the entrance to the Black Tortoise Family's Deep North Frost Domain.

Seven mountains stood around the valley, and ancient Vermillion Bird totems were carved on the mountain walls.

A huge array platform was built in the center of the valley.

There were seven constellation patterns engraved on the array platform.

They were the Well Constellation, Ghost Constellation, Willow Constellation, Star Constellation, Extended Net Constellation, Wings Constellation, and Chariot Constellation.

Other than the constellation patterns, there were also mysterious formation patterns and runes engraved on it.

Around the array platform stood seven Vermillion Bird statues in various forms.

Soon, Yang Luo and the others landed at the bottom of the valley.

Tantai Zhengyang said, "Little Luo, the intensity of our Vermillion Bird Family's Desolate South Fire Territory's trial is not inferior to the Deep North Frost Domain at all!

Of course, both are the same in that you can adjust the difficulty on your own!

Therefore, you have to be careful when you enter the trial.

You can't be careless and don't force yourself!

If you can't take it anymore, quickly use the Vermillion Bird Jade Talisman to contact me!

We will activate the teleportation array and send you out!" As he spoke, he handed Yang Luo a Vermillion Bird Jade Talisman.

"Yes!" Yang Luo and the others nodded in agreement.

Tantai Zhengyang said, "Alright, then ascend the array platform.

I'll send you in now!" Yang Luo and the others all ascended the array platform.

Tantai Zhengyang mobilized the True Qi in his body and injected it into the array platform!

In less than a minute Rumble rumble rumble!

The entire array platform shook violently!

As the array platform shook, the surrounding mountains also shook!

Boom!

Boom!

Boom!

Seven beams of light that flickered with various colors soared into the sky from the seven Vermillion Bird statues and pierced through the sky!

After a while Dong!

A seven-colored beam of light also rushed out from the center of the array platform and enveloped Yang Luo and the others!

Yang Luo clenched his fists and said in his heart, "This will be my last trial in the Kunlun Ruins.

It must end well!" Soon, Yang Luo and the others disappeared from the array platform!

When the beams of light finally dissipated.

The array platform and the mountain also stopped shaking.

Tantai Zhengyang placed his hands behind his back and sighed, "Little Luo has such cultivation at such a young age.

Furthermore, his brilliant medical skills and alchemy skills are really too outstanding!

I wonder when my Vermillion Bird Family will be able to give birth to such a genius!" Tantai Wangchen smiled faintly and said, "Zhenyang, Puti is not bad either!

She was the first junior to awaken her bloodline power among the younger generation of our Vermillion Bird Family!

As long as she works hard, her future will be limitless!" Tantai Zhengyang shook his head and said, "But in the end, she can't compare to Little Luo!" Yao Xinzhu teased, "Zhengyang, since you admire Little Luo so much, why don't you recruit this child to be our Vermillion Bird Family's son-in-law?" "Hmm, that's a good idea!" Fan Siyu continued with a smile.

Tantai Zhengyang laughed and said, "I want to, but it depends on whether Little Luo can stay with Puti until the end!" Tantai Wangchen smiled and said, "Let the two children get along by themselves.

As elders, it's better for us not to interfere!" Tantai Zhengyang nodded and said, "These little fellows will enter the Desolate South Fire Territory to train together this time, especially with the five Earth Immortals, Little Luo, Puti, Longyue, Wushuang, and Yuheng.

I really don't know how high the trial in the Desolate South Fire Territory will go!" Tantai Wangchen smiled and said, "Then let's wait and see how long these little fellows can last!" Everyone nodded in anticipation

Chapter 1643: Cruel Trial!

At this moment.

In the Desolate South Fire Territory.

Yang Luo and the others stood on a piece of land.

Other than Tantai Puti, Yang Luo and the others were already stunned by the scene in front of them.

As far as the eye could see, the entire world was dark red, and there was no end to it.

Huge volcanoes stood between heaven and earth, spewing lava wantonly.

Lava rolled between the mountains and rivers, turning into rivers and lakes, dividing the ground into pieces.

Fire clouds rolled in the sky and flames burned, captivating one's soul.

The temperature of the entire world was extremely high, and even space was distorted.

The heat waves surged, and everyone felt as if they were in a furnace.

Yang Luo, Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Hengyu could still withstand it.

However, Mo Qingkuang and the others, who were below the Earth Immortal Realm, were already having trouble trying to resist.

Their skin was roasted until it was red, and their sweat evaporated after a while.

No one dared to take it head-on anymore and directly circulated their cultivation to resist.

Bujie gulped and said, "Oh my god, this Desolate South Fire Territory and Deep North Frost Domain are completely two extremes!"

"Deep North Frost Domain is extremely cold, but this place is extremely hot!" Ji Longyue sighed and said, "I've always heard how terrifying the Desolate South Fire Territory is."

Now that I've seen it today, it's really an eye-opener!" Baili Wushuang nodded as well, "This world created by the Vermilion Bird Ancestor is no weaker than the Eight Legions Lightning Region created by our forefather!" Just as Bujie and the others were talking, Rumble rumble rumble!

The space where everyone was suddenly shook!

Yang Luo's expression changed as he exclaimed, "Brothers, the trial has begun.

Get ready!" "Alright!" Tantai Puti and the others replied in unison.

The next second!

Whoosh!

Whoosh!

The flames in the sky churned and turned into long rivers of flames that washed towards Yang Luo and the others!

"Be careful!" Yang Luo let out a loud shout and immediately condensed a huge condensed blue-gold ice barrier that enveloped everyone!

Ji Longyue and the others also condensed True Qi barriers to resist the invasion of the river of flames!

Boom, boom, boom The long rivers of flames crazily attacked the ice barrier and layers of True Qi barriers, emitting waves of loud bangs!

Large amounts of flames shot out, engulfing the world!

Under the joint resistance of Yang Luo and the others, they barely managed to withstand the impact of the river of flames!

However, at this moment!

The lava from the volcanoes in the distance and the lava flowing between the volcanoes soared into the sky!

It turned into a torrent that washed towards Yang Luo and the others from all directions!

The flames and lava that filled the sky seemed to completely drown Yang Luo and the others.

It was extremely terrifying!

Boom!

Boom!

Boom!

Under the impact of the flames and lava!

The True Qi barrier that everyone had condensed collapsed and exploded one after another!

“Ah!

Ah!

Ah” It was even to the extent that Prajna, Bai Chuxia, Qiao Yarou, Lin Qingyao, and the others with lower cultivation levels were burned by the flames and lava and let out painful cries.

Yang Luo gritted his teeth and shouted, "Everyone, gather your defenses and rush out!" "Alright!" Everyone nodded and agreed.

They condensed a defensive barrier and rushed out!

As everyone rushed out, they attacked fiercely and dispersed the flames and lava!

Yang Luo, Tantai Puti, Ji Longyue, Baili Wushuang, and Yi Hengyu all soared into the sky and launched a fierce attack!

The Hundred Cry Bird flew into the sky and flapped its wings, sending out waves of fire to resist the invasion of flames and lava!

"Roar" On the other hand, Big White had already strengthened its body and condensed a True Qi barrier.

As it ran, it punched out!

More and more flames and lava surged over!

At this moment, Yang Luo stepped down from the sky and let out a roar!

"Ten Thousand Miles of Ice!" In an instant!

Clack, clack, clack Accompanied by a series of frozen sounds!

The flames that poured down from the sky froze the lava that surged over!

Everyone took this opportunity to break out of the encirclement!

However, the flames and lava in the Desolate South Fire Territory were clearly not ordinary.

They contained the power of the Vermilion Bird Divine Flame!

That was why it was only frozen for a while!

Then, the flames and lava melted the ice and continued to wash towards Yang Luo and the others!

Yang Luo shouted, "Brothers, quickly evacuate this place!" No one dared to stop here and continued charging forward!

But right at this moment Rumble rumble rumble!

The land masses collapsed one after another.

Terrifying lava surged like a mountain flood bursting a dam.

Seawater surged towards Yang Luo and the others!

Furthermore, the fire clouds in the sky surged even more violently, continuously sending down flames that turned into a sea of fire that washed towards Yang Luo and the others!

What shocked everyone even more was!

The speed at which the lava surged was too fast.

It was about to catch up to them!

“Dragon Emperor Sword Technique!” “Vermillion Bird Sword Technique!” “Azure Dragon Halberd!” “White Tiger God Destroying Saber!” “Xuanming Heaven-Slaying Spear!” Yang Luo, Tantai Puti, and the others stood in the sky and kept waving the weapons in their hands, attacking the surging lava!

Rumble!

Accompanied by a series of shocking explosions!

The surging lava was destroyed on a large scale!

However, the lava would quickly gather again and continue to surge over!

Yang Luo immediately waved his hand and erupted again with his Xuanming power!

“Dark Ice Shield!” In an instant!

Rather than calling it a shield, it was more like an ice wall that was a thousand feet tall and hundreds of feet thick!

Rumble The lava current crazily washed over the ice city wall, erupting with muffled thunder!

After blocking the lava torrent, Yang Luo continued to charge forward with everyone!

Rumble!

Before Yang Luo and the others could escape far, the ice wall had already collapsed and melted!

The lava surged towards Yang Luo and the others majestically, even drowning the shorter volcanoes!

However, the ice wall that Yang Luo had condensed blocked for a while, and everyone managed to escape from the dangerous area!

The corners of Ning Jianfeng's mouth twitched, "Oh my god, the trial has only just begun, but it's already so cruel?!" Bujie took a deep breath and said, "We've managed to hold on for seven days in the Deep North Frost Domain.

We can't possibly not be able to hold on for seven days here, right?"

Chapter 1644: Number One on the Genius List!

But right at this moment Long, long, long Volcanoes hundreds or even thousands of meters tall rose from the ground and flew over from all directions, pressing down on Yang Luo and the others!

"F*ck me!" Bujie cried out in shock, "The mountain is flying?!" "It's simply amazing!" Ning Jianfeng also howled.

"What are you waiting for?"

Hurry up and counterattack!" Yang Luo shouted and waved the Dragon Emperor Sword in his hand, slashing at the volcanoes!

Everyone mobilized their True Qi and attacked the volcanoes!

Boom, boom, boom The approaching volcanoes were destroyed and exploded one after another!

The lava in the volcano exploded and splattered everywhere!

The rocks fell into the lava below and instantly melted!

It was also when Yang Luo attacked those volcanoes!

In the fire cloud in the sky, flames gathered crazily, directly condensing into huge fire giants of a hundred meters!

There were more than a hundred of them!

The lava below also gathered from all directions and condensed into Lava Giants.

There were still more than a hundred of them!

These Flame Giants and Lava Giants seemed to have a mind of their own as they surrounded Yang Luo and the others!

“Brothers, let’s fight!” Yang Luo roared and charged at the Flame Giants and Lava Giants with the Dragon Emperor Sword in hand!

“Brothers, let’s go!” Baili Wushuang also roared and rushed out with the Tiger Essence Saber in his hand!

The others did not stop at all.

They rushed forward with weapons in their hands or bare hands!

“ROAR!” Big White roared as it charged forward and punched one of the lava giants!

With a loud bang, a Lava Giant was instantly blown up.

Lava exploded and splattered everywhere!

Yang Luo used all his strength to slash out angrily!

Swoosh!

A huge golden sword tore through the sea of clouds and instantly split the dozen or so Flame Giants and Lava Giants into two!

Everyone's attacks were also very ferocious, destroying the Flame Giants and Lava Giants that were charging over!

After an unknown period of time These Flame Giants and Lava Giants were all destroyed!

However, before Yang Luo and the others could catch their breath!

Rumble rumble rumble!

The entire Desolate South Fire Territory shook again!

Flames and lava containing the power of the Vermilion Bird Divine Flame gathered crazily from all directions!

Under everyone's watchful eyes Flame beasts and lava beasts condensed into form!

Among these condensed beasts, there were actually dragons, qilins, phoenixes, flying snakes, Gouchen, Dapeng, Kui, and other ancient divine beasts!

This scene stunned everyone present!

However, Yang Luo was not afraid at all.

He shouted, "Brothers, continue, let's fight!" "Fight!!" Everyone responded in unison, their fighting spirit high.

Then, under Yang Luo's lead, everyone rushed towards these fire and lava beasts!

Now, everyone only had one goal in their hearts, and that was to pass all the trials and advance to become stronger!

Time passed quickly in the trial.

In the blink of an eye, eight days passed.

The day of the Immortal Furnace Mountain's furnace opening was getting closer and closer.

On all continents, various sects, families, and many loose cultivators all rushed to the South Continent.

Everyone settled down in various cities in the South Continent and waited for the Immortal Furnace Mountain to open its furnace.

There were even many people who had already rushed to Immortal Furnace Mountain to wait nearby.

At this moment.

Vermillion Bird City.

In an inn.

The inn was already filled with people.

"The Immortal Furnace Mountain is about to open its furnace.

I wonder what kind of treasure will be born this time!" "Sigh, once a treasure is born, there will definitely be many people fighting for it.

We definitely won't be able to snatch it!" "Isn't that so?

Who can compete with those large families and sects?!" "Even if you can't snatch it, you can go and broaden your horizons!" "Moreover, it's said that when Immortal Furnace Mountain opens the furnace, the immortal qi emitted from it is also very beneficial to cultivators!" Everyone was discussing the matter of Immortal Furnace Mountain opening the furnace.

Of course, other than some people talking about Immortal Furnace Mountain opening the furnace, There were also people talking about what had happened in Fire Phoenix City a few days ago.

"Everyone, have you heard about what happened in Fire Phoenix City eight days ago?" "I've heard of it.

Eight days ago, the number one prodigy of the Azure Dragon Family, Ji Longyue, and the number one prodigy of the White Tiger Family, Baili Wushuang, went to look for that peerless prodigy, Yang Luo, who had recently appeared out of nowhere and fought him!" "I heard about this too.

It's said that even if Ji Longyue and Baili Wushuang joined forces, they were not Yang Luo's match and were easily defeated by him!" "Later, the Third Young Master of the White Tiger Family, Baili Shaofeng, brought a late-stage Earth Immortal and a perfected Earth Immortal elder to take revenge on Yang Luo.

They were also defeated and severely injured!" "Who exactly is that kid called Yang Luo?

He's simply unbelievably strong.

He can even defeat late-stage and perfected Earth Immortal experts.

Could it be that he's a True Immortal?" "No matter what, this kid called Yang Luo can now be considered the undisputed number one prodigy of the Kunlun Ruins!" Everyone discussed spiritedly and became even more curious about Yang Luo.

At a large table not far away.

Mo Hongtu, Yi Hanshan, Lin Jingchen, Ning Shenghong, and the others sat there and chatted.

In the past few days, they had also rushed to the South Continent one after another.

After all, the Immortal Furnace Mountain only opened its furnace once every ten years.

They naturally did not want to miss this opportunity.

Mo Hongtu was caught between laughter and tears as he said, "Little Luo really can't be at peace no matter where he goes.

He came to the South Continent and did such a huge thing!

Defeating the two prodigies, Ji Longyue and Baili Wushuang, and also defeating the two elders of the White Tiger Clan.

"I'm really impressed by this kid!" Yi Hanshan sighed in admiration, "Looks like this kid will definitely be number one on the Kunlun Ruins' Genius Rankings!

"How good would it be if this kid was a descendant of my Black Tortoise Family!" Ning Shenghong was still very unwilling.

He said, "Sigh, why can't this kid be my godson?" Qin Daoxuan said in amusement, "Brother Ning, are you obsessed?

"Why do you always want Little Luo to be your godson?" Ning Shenghong spread his hands and said, "Who asked our Soaring Serpent Family to not be able to produce such a young genius?"

As the head of the family, I can't help but worry!" "Hahaha" Everyone laughed.

Lin Jingchen smiled and said, "I wonder if Little Luo and the others have entered the Desolate South Fire Territory to train." Mo Hongtu said, "They should have already gone in for the trial, but it's unclear if they've come out." Yi Hanshan suggested, "Why don't we go to the Vermillion Bird Family to take a look?" Mo Hongtu waved his hand and said, "Brother Yi, it's not good for so many of us to disturb them.

Let's forget it.

In any case, Little Luo and the others will also go to the Immortal Furnace Mountain when the time comes.

We'll be able to meet then." "Alright." Yi Hanshan nodded.

Chapter 1645: The Trial Is Over?

On the evening of the eighth day.

Vermillion Bird Family.

At the back of the mountain.

Outside the Desolate South Fire Territory.

Tantai Zhengyang and the others were sitting cross-legged in the valley, waiting for Yang Luo and the others to come out.

"What's going on?"

Eight days have passed.

Why haven't Little Luo and the others come out yet?" Fan Siyu asked in confusion.

Lu Zhan frowned and said, "Did something happen to these little fellows?" Tantai Wangchen smiled and said, "Brother Fan, Brother Lu, don't worry.

If these little fellows really can't take it, they will definitely contact us!

Since they haven't contacted them yet, it means that they're still in the trial.

We just have to wait!" Tantai Zhengyang nodded and said, "Let's wait a little longer.

They should be coming out soon." At this moment.

In the Desolate South Fire Territory.

In the sky above a lava sea.

Five figures were fighting a Lava Vermillion Bird that was thousands of feet tall.

These five figures were Yang Luo, Tantai Puti, Ji Longyue, Baili Wushuang, and Yi Hengyu.

Boom!

Boom!

Rumble!

A series of terrifying collisions and explosions resounded continuously, causing the sky and the lava sea to tremble!

Waves of lava also rose from the lava sea.

It was extremely spectacular!

On a piece of land by the lava sea.

Mo Qingkuang, Xu Ying, Bujie, and the others were sitting there paralyzed, recuperating while watching the battle.

After eight days of cruel trials, everyone was already severely injured.

Their bodies were covered in wounds and blood.

However, after passing one trial after another, Everyone's cultivation and strength had also increased.

Prajna had finally stepped into the middle-stage Martial God Realm.

Xu Ying and Bujie had stepped into the perfected Martial God Realm.

They were only a step away from stepping into the Martial Saint Realm, which was the Dao Convergence Realm.

Although Mo Qingkuang and Big White were still at the perfected Dao Convergence realm, they were already infinitely close to becoming Earth Immortals.

Mo Qingkuang and Big White also felt that it wouldn't be long before they would undergo the Earth Immortal Tribulation.

Although Lin Wenxuan was still at the late-stage Dao Convergence realm, his bloodline had vaguely awakened a little.

Therefore, he was not far from reaching the perfected Dao Convergence realm.

And right at this moment “Urghh” “Ah!” Two cries of pain came from the sky in the distance!

Tantai Puti and Yi Yuanheng flew over like cannonballs and fell to the ground by the shore!

“Puti!” “Brother Yi!” Everyone hurriedly got up and helped Tantai Puti and Yi Hengyu up.

“Puti, Brother Yi, are you alright?” Mo Qingkuang hurriedly asked.

Tantai Puti waved her hand and said, “I’m fine.

I just suffered some injuries.” “I’m fine too.” Yi Hengyu shook his head.

Mo Qingkuang said, “Then don’t go over.

Leave it to Brother Yang and the others.

Hurry up and recover!” “Ok!” The two of them nodded and sat down cross-legged.

They consumed medicinal pills and began to recover.

In the sky above the lava sea in the distance.

Yang Luo, Ji Longyue, and Baili Wushuang were fighting this huge Lava Vermillion Bird.

This Lava Vermilion Bird was like a true ancient divine beast, Vermilion Bird, and its battle was very ferocious.

Yang Luo and the other two had activated their Dharma Idols previously, but their Dharma Idols had been destroyed.

But at this moment!

“Cosmic Form!” Yang Luo, Ji Longyue, and Baili Wushuang roared again!

The three Dharma Idols rose above the three of them again!

“Fight!” Yang Luo and the other two led their Dharma Idols and rushed towards the huge Lava Vermillion Bird!

The Lava Vermilion Bird suddenly flapped its wings!

Whoosh!

Whoosh!

Torrential flames and lava surged towards Yang Luo and the other two!

Yang Luo and the other two waved their weapons at the same time as their Dharma Idols and slashed out heavily!

Rumble!

The surging flames and lava were destroyed in large quantities, turning into sparks and lava that splattered everywhere!

But right at this moment The Lava Vermilion Bird flapped its wings again, raising flames and lava that filled the sky as it charged towards Yang Luo and the other two!

“Be careful!” Yang Luo reminded in surprise.

In an instant!

Rumble!

Accompanied by a series of thunderous collisions!

Yang Luo and the other two were sent flying together with their Dharma Idols!

Moreover, on the way back!

Ji Longyue and Baili Wushuang spat out a mouthful of blood and fell to the shore in the distance!

Their Dharma Idols also dissipated in the sky!

They had fought fiercely for so long.

It was already not easy for them to last until now!

After Yang Luo was sent flying a hundred meters away, he quickly stabilized himself!

Although he had also suffered serious injuries, it did not affect his combat strength!

“Come on, keep going!” He let out a roar and led his Dharma Idol to continue charging forward!

Seeing Yang Luo charging over!

The Lava Vermilion Bird suddenly flapped its wings!

Whoosh!

Whoosh!

The lava sea below surged violently, raising huge lava waves that washed towards Yang Luo from all directions!

Yang Luo’s body trembled and the power of the Mysterious Underworld erupted again!

A bone-piercing coldness filled the world!

Clack, clack, clack Accompanied by a series of frozen sounds!

The lava waves were all frozen, as if they had turned into huge ice pillars that fell into the lava sea below and melted instantly!

Seeing this, the Lava Vermilion Bird flapped its wings again!

The flames in the sky and the lava in the lava sea transformed into countless weapons that shot towards Yang Luo!

Yang Luo did not hesitate and swung his sword!

Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless golden flying swords condensed and shot out!

Boom!

Boom!

Boom!

The flying sword collided with the fire and lava weapons crazily, emitting a series of earth-shattering explosions!

After blocking this wave of fierce attacks!

With the Dragon Emperor Sword in hand, Yang Luo knocked away the flames and lava tides and rushed towards the Lava Vermillion Bird!

In the following period of time!

Yang Luo and the Lava Vermilion Bird engaged in a shocking battle, causing the world to tremble, mountains to collapse, and the ground to crack.

Lava surged!

The battle lasted for half an hour!

Rumble!

An earth-shattering explosion came from the sky in the distance!

A huge ball of energy spread out and instantly enveloped the entire lava sea!

On the shore, Tantai Puti and the others could no longer see Yang Luo's figure clearly!

After an unknown period of time Only then did the light and energy completely dissipate.

The fire clouds above the lava sea had all been blown away.

An abyssal vortex with a diameter of a thousand meters was blasted out of the lava sea below.

Yang Luo, on the other hand, held the Dragon Emperor Sword and stood quietly in the sky.

His skin and flesh were lacerated everywhere, and blood could not stop flowing.

As for the Lava Vermilion Bird, it had already exploded into lava and fallen into the lava sea.

"Good job, Brother Yang!" "Brother Yang, well done!" "We should be considered to have passed this trial!" Everyone waved their fists and cheered.

Yang Luo stood in the sky and frowned slightly.

Was it really true that the trial had ended?

Chapter 1646: Vermillion Bird Blood Essence!

One had to know that he had fought the incarnation of the Black Tortoise Ancestor during the Northern Frost Domain's trial.

But why was there no incarnation of the Vermillion Bird Ancestor in the Southern Desolate Fire Domain?

Didn't that mean that he wouldn't be able to obtain the Vermillion Bird's blood essence?

It seemed that it was not so easy to obtain the blood essence of an ancient divine beast!

Just as Yang Luo was feeling puzzled, A golden-red light flickered under the lava vortex.

Moreover, he felt powerful energy spreading out from the place where the golden light flickered.

"Eh" Yang Luo looked down, "What's that?" Just as Yang Luo was in a daze The lava vortex below began to slowly heal.

Yang Luo did not hesitate anymore.

He quickly condensed a True Qi barrier and an ice barrier, turning into a stream of light that swooped down!

With a muffled bang, he crashed into the sea of lava!

"F*ck!" Bujie's expression changed, "Brother Yang, what are you doing?"

"Why did you run into the lava sea?!" Mo Qingkuang asked in confusion, "Could it be that Brother Yang discovered something?" Everyone was also shocked and puzzled.

They did not know what Yang Luo was doing in the lava sea.

At this moment.

Yang Luo rushed into the lava sea and dived down as quickly as possible.

The viscous lava corroded the dual defense he had condensed, as if it wanted to melt Yang Luo.

Even with the double barrier, Yang Luo still felt a burning sensation.

He dived hundreds of meters in one go.

Yang Luo finally caught sight of the glowing object.

A golden-red light barrier enveloped a drop of golden-red blood.

The blood bead was like a ball of golden-red flames burning.

The closer he got, the more he could sense the powerful energy contained in the Blood Drop Pearl.

Yang Luo was delighted!

Could this be the Vermillion Bird's blood essence?!

At this moment.

“What a powerful Vermillion Bird bloodline power!

Kid, what's going on?" Long Xinghe's voice suddenly sounded in his mind.

Hearing Long Xinghe's voice, Only then did Yang Luo confirm that this Blood Drop Pearl was the blood essence of the true ancient divine beast, the Vermillion Bird!

Hence, Yang Luo said in his heart, "Senior Xinghe, I've found the Vermillion Bird blood essence!" "Really?!" Long Xinghe was overjoyed, "Hahaha, good, good job, kid!

That way, my Essence Spirit can continue to be repaired!

The second bronze dragon coffin can also be opened by two-thirds!

Furthermore, your body can undergo another transformation and obtain the Vermillion Bird's intrinsic divine power!" "Ok!" Yang Luo was also very happy.

However, before he could rejoice!

Rumble!

The first defense he had condensed completely collapsed and exploded!

Right on the heels of that, the True Qi barrier he had condensed also began to crack!

Not good!

He had to get out quickly!

With his current body's toughness, ordinary lava was nothing to him.

However, the lava in the Southern Wilderness Fire Domain contained the power of the Vermilion Bird Divine Flame.

Its temperature was even higher and more domineering.

Even with his current physique, he probably could not last long, let alone the fact that he was already quite injured.

With this thought in mind Yang Luo stretched out his right hand and grabbed the golden light barrier.

Then, he rushed up at his fastest speed.

After a while Dong!

A loud bang sounded from the lava sea, and the lava scattered like waves!

Yang Luo rushed out from inside!

“He’s out, Brother Yang is out!” “Brother Yang, why did you suddenly run into the lava sea?” “Yeah, where did you go?” Everyone waved at Yang Luo and asked.

Yang Luo flew over and landed on the shore.

He raised his right palm and said, “I went to the lava sea to get this!” Everyone’s gazes gathered on Yang Luo’s palm.

Mo Qingkuang asked curiously, “What is this?”

“Why does it look like a drop of blood or a ball of flames?” Ji Longyue said in shock, “What a powerful Vermillion Bird bloodline power.”

What exactly is this Blood Drop Pearl?" Tantai Puti looked at Yang Luo in a daze and asked, "Brother Yang This Could this be the Vermillion Bird's blood essence?!" "That's right." Yang Luo nodded in response.

As soon as these words were spoken!

This left behind a scene where everyone stood with their mouths agape!

"Holy shit!" Bujie was dumbfounded, "This Vermillion Bird's blood essence is actually hidden in this lava sea?!" Prajna said happily, "Brother Yang, it's great that you obtained the Black Tortoise blood essence and now the Vermillion Bird blood essence!" Ji Longyue asked in a daze, "Could this be the blood essence of the real ancient divine beast, the Vermillion Bird?!" "That's right." Yang Luo nodded in response.

Ji Longyue said in admiration, "Brother Yang, I didn't expect you to be able to obtain the Vermillion Bird's blood essence.

Your luck is simply heaven-defying." Baili Wushuang and the others were also filled with admiration.

After all, they did not notice the situation in the lava sea.

Tantai Puti was also very happy and hurriedly said, "Brother Yang, what are you waiting for?

Hurry up and absorb the Vermillion Bird's blood essence!

In that case, you will become even stronger!" Yang Luo teased, "Puti, don't you want it too?" Tantai Puti shook his head and said, "Aiya, I've already awakened the power of the Vermillion Bird bloodline anyway.

It doesn't matter if I have the Vermillion Bird blood essence or not.

And you need it more.” Hearing Tantai Puti’s words Yang Luo’s heart warmed.

He could also feel that the girl had been thinking for him along the way.

He naturally remembered the girl’s feelings.

Yang Luo nodded and said, “Then I’ll start absorbing the Vermillion Bird blood essence now.

Do the rest of you wish to stay here or go out?

Tantai Puti said, “Let’s go together.

Coincidentally, I also feel that my cultivation is about to break through.

I can try to break through here.” Yi Hengyu also said, “I also feel that my cultivation is about to break through.

Let’s see if I can take this opportunity to break through to the next realm.” Everyone nodded, indicating that they wanted to stay.

“Alright!” Yang Luo nodded and said, “Then let’s go out together after I absorb the Vermillion Bird’s blood essence!” “Alright!” Everyone immediately chorused out.

After that, everyone spread out and began to heal and cultivate.

Yang Luo avoided everyone and sat cross-legged in an empty space in the distance.

The energy of the Vermillion Bird’s blood essence was too strong.

He was worried that it would hurt everyone.

Chapter 1647: Fusion of Flames!

After sitting down cross-legged Yang Luo took a deep breath and said in his heart, "Senior Xinghe, I'm ready!" Long Xinghe said loudly, "Alright, let's begin!" "Yes!" Yang Luo responded.

Then, he exerted strength in his right hand and crushed the light barrier!

The moment the light barrier shattered!

Yang Luo directly absorbed the Blood Drop Pearl!

In less than a few seconds!

Hong The Vermillion Bird's blood essence directly erupted in Yang Luo's body, turning into waves of energy that surged towards Yang Luo's internal organs, eight extraordinary meridians, and limbs!

The energy of the Vermillion Bird blood essence was clearly not inferior to the energy of the Black Tortoise blood essence.

It was domineering and unreasonable!

If the Black Tortoise blood essence was a ball of eternal ice, then the Vermillion Bird blood essence was an inextinguishable flame!

"Arghhhh!" Yang Luo let out a painful scream.

He felt as if his body was burning!

His face turned ferocious, and his skin instantly turned red.

His meridians swelled!

Moreover, as the energy washed over him, Yang Luo's skin was directly torn apart, and his meridians broke one by one.

Blood instantly dyed his clothes red!

Rumble rumble rumble!

As the energy was too strong, it caused the world where Yang Luo was to tremble violently!

The ground began to tear apart, and lava waves surged in the distant lava sea!

Tantai Puti and the others, who were recuperating and cultivating in the distance, were dumbfounded!

Bujie said in shock, "Oh my god, is this Vermillion Bird blood essence so domineering?"

Even with Brother Yang's physique, he can't withstand it?!" Mo Qingkuang sighed and said, "I can't imagine what kind of painful torture Brother Yang endured when he absorbed the energy of the Black Tortoise blood essence previously!" Ji Longyue said in admiration, "No wonder Brother Yang is so much stronger than us.

The suffering he endured is not something ordinary people can withstand!" Everyone nodded in admiration of Yang Luo.

Just as Yang Luo was crazily absorbing the energy of the Vermillion Bird blood essence, Long Xinghe, who was in the spiritual sense space, also began to absorb it.

As Long Xinghe began to absorb the overwhelming energy, Yang Luo felt a little better.

However, the energy of the Vermillion Bird's blood essence was still very domineering.

It continued to wash over Yang Luo's body, as if it wanted to burn him to ashes.

Ordinary people naturally could not withstand such pain.

However, Yang Luo endured it.

He circulated his cultivation technique to accelerate the absorption of the Vermillion Bird's blood essence and tried to fuse the Vermilion Bird Divine Flame with his Pure Yang Primordial Fire.

The two flames were both extremely Yang flames.

If they could fuse, their power would be even stronger.

However, these two flames were incompatible with each other and began to resist in Yang Luo's body.

Boom, boom, boom The two flames collided fiercely, as if they wanted to destroy each other.

"Fuse!" Yang Luo roared in his heart.

While absorbing the energy of the Vermillion Bird's blood essence, he continued to try to fuse the two flames!

However, every time the two flames approached, the flames that burst out would cause serious damage to Yang Luo's body.

Yang Luo's body was damaged inside and out time and time again, but it was repaired again and again.

Blood dyed his clothes and skin red again and again.

Time continued to flow.

After countless attempts, The two flames finally fused together.

Yang Luo was delighted!

It seemed that it could still be done!

Then let's continue!

Yang Luo struck while the iron was hot and continued to fuse the two flames!

In the following period of time Yang Luo closed his eyes and completely entered a state of selflessness.

Nothing around him could affect him.

After an unknown period of time Mo Qingkuang and the others had already recovered a little and were waking up one after another.

And right at this moment Dong!

A golden-red flame shot up from Tantai Puti's body and broke through a large fire cloud in the sky!

Waves of powerful pressure and aura surged out of Tantai Puti's body and swept in all directions!

The sky, the ground, the volcano, and the sea of lava all shook violently!

"Did Sister Puti break through?" Bujie asked in shock.

"I think so." Lin Wenxuan nodded.

Bujie shook his head and said, "It's good to have the power of the bloodline.

It's so simple to break through in cultivation!" Mo Qingkuang smiled and said, "Puti's talent and comprehension were originally very high.

Otherwise, she wouldn't have been conferred the title of number one prodigy of the Vermillion Bird Family!" After a while The flames that soared into the sky from Tantai Puti's body gradually dissipated.

Everything in the surroundings stopped trembling.

Tantai Puti also opened her eyes.

Two balls of flames burned in her pupils before it dissipated in the blink of an eye.

Ji Longyue smiled and said, "Puti, congratulations on successfully stepping into the intermediate-stage Earth Immortal Realm!" "Congratulations!" Baili Wushuang also cupped his hands and said, "Looks like I have to continue working hard.

Otherwise, I'll be surpassed by you!" Prajna smiled and said, "Sister Puti, congratulations!" Tantai Puti smiled and nodded.

Then, she looked at Yang Luo in the distance, "I wonder if Brother Yang can completely absorb the energy of the Vermillion Bird's blood essence." Mo Qingkuang smiled and said, "Puti, don't worry.

Brother Yang will definitely be able to successfully absorb it and become stronger!" Everyone chatted as they waited.

Another two hours passed.

Dong!

An ice-blue beam of ice shot into the sky from Yi Yuheng's body!

Rumble rumble rumble!

The world shook again!

Waves of terrifying cold air spread out from Yi Yuheng's body and spread in all directions!

The ground was frozen on a large scale, as if it was covered in a thick layer of ice!

"Brother Yi has broken through too?!" Bujie asked in shock again.

"Yes, Brother Yi has also broken through!" Ji Longyue nodded.

Ten minutes later.

The ice melted and everything returned to calm.

"Phew" Yi Hengyu let out a long breath and slowly opened his eyes.

Baili Wushuang laughed and said, "Brother Yi, congratulations on successfully stepping into the mid-stage Earth Immortal realm!" Ji Longyue also smiled and said, "You're not bad, kid.

You've caught up to us!" Yi Hengyu scratched his head and said, "This is all thanks to Brother Yang guiding me through the trial and giving me many pointers on cultivation.

Otherwise, it wouldn't have been easy for me to break through." As he spoke, he looked at Tantai Puti and asked, "Puti, you've also broken through?" "Yes!" Tantai Puti nodded and said, "I'm just a little earlier than you!" Yi Hengyu looked up at Yang Luo and said, "Only Brother Yang is left now.

I wonder if Brother Yang can achieve another breakthrough!"

Chapter 1648: Perfected Earth Immortal Realm!

Ning Jianfeng grinned and said, "With Brother Yang's talent and comprehension, coupled with the fact that Brother Yang has obtained the Vermillion Bird blood essence, it won't be difficult for him to break through to the Perfected Earth Immortal Realm!" "That's not necessarily true." Ji Longyue shook his head and said, "After all, after stepping into the Earth Immortal Realm, it's very difficult to advance even by a small realm.

Especially the process of stepping into the perfected Earth Immortal Realm at the late Earth Immortal Realm.

That's even more difficult." Baili Wushuang took over and said, "Brother Ji is right.

After all, once you step into the Perfected Earth Immortal Realm, you have a chance to step into the True Immortal Realm!

After stepping into the true Immortal Realm, one would be a true Immortal!

However, the hurdle between an Earth Immortal and a True Immortal has blocked countless cultivators!" Tantai Puti said, "With Brother Yang's strength, if he can step into the Perfect Earthly Immortal Realm, I'm afraid he can even fight against early-stage True Immortals!" Mo Qingkuang smiled faintly and said, "Then let's see if Brother Yang can step into the perfected Earth Immortal realm!" Everyone nodded and waited quietly.

In the blink of an eye, another day passed.

On the morning of the ninth day.

Outside the Southern Wilderness.

“It’s already the ninth day.

Why haven’t Little Luo and the others come out yet?” Tantai Zhengyang frowned, “Did something really happen to them?” Fan Siyu said worriedly, “Should we go in and take a look?”

Little Luo is my savior.

Nothing can happen to him!” Tantai Wangchen pondered and said, “If Little Luo and the others really can’t take it anymore, they will definitely contact us.

Since there was no contact, it meant that they could still withstand it.

Therefore, let’s wait a little longer.” Tantai Zhengyang nodded and said, “Alright, let’s wait a little longer!

If Little Luo and the others still don’t come out by noon, we have to go in and take a look.” Everyone nodded.

At this moment.

In the Desolate South Fire Territory.

In the empty space at the edge of the lava sea.

Mo Qingkuang and the others stared intently at Yang Luo in the distance with anxious expressions.

After all, Yang Luo had been sitting there without moving for such a long time.

It looked like he had passed away.

Bujie asked, "Brother Yang, why aren't you moving?"

"Don't tell me you're dead?" "F*ck you!" Xu Ying glared at him, "Even if you die, Brother Yang won't die!" "That's right!" Prajna also waved her fist.

Bujie chuckled and said, "I'm just joking, don't take it seriously!" Everyone rolled their eyes at the same time.

This guy's mouth was like a door that didn't have a gate to filter anything.

He dared to say anything.

However, at this moment Dong!

A golden-red flame shot up from Yang Luo's body and dispersed a large sea of clouds in the sky!

Flames spewed out of his body and washed in all directions!

The flame was extremely hot and powerful, as if it wanted to burn everything in its surroundings!

Rumble rumble rumble!

With Yang Luo as the center, the sky, the ground, the volcano, and the lava sea all shook violently!

Everyone felt as if the entire Desolate South Fire Territory was shaking!

Tantai Puti and the others stood up one after another and stared intently at Yang Luo!

They had all condensed a True Qi barrier to block it, so they were not affected by the flames!

After a while Rumble!

The ground where Yang Luo was was completely torn apart and collapsed!

The distant volcanoes also exploded one after another!

Giant waves surged in the lava sea!

But even as the ground collapsed, Yang Luo's body floated in the air.

Flames burned on his body, and a terrifying pressure and aura spread out!

Like an ancient fire god, it was shocking!

"Brother Yang, have you broken through?" Bujie clenched his fists and asked.

Ji Longyue said, "I think he has broken through, but it doesn't feel like it at the same time." Baili Wushuang frowned and said, "I'm not too sure either." Ning Jianfeng said in shock, "Oh my god, Brother Yang caused such a huge commotion.

How could it be that he didn't break through?" At this moment, no one knew that the commotion in the Desolate South Fire Territory had also spread outside.

The array platform and the mountain outside shook crazily.

"What happened?!" Tantai Zhengyang exclaimed, "Aren't Little Luo and the others training inside?"

Why did they cause such a huge commotion?!" Tantai Wangchen stroked his beard and smiled, "It's been a long time since such a big commotion has happened in the Desolate South Fire Territory.

It seems that these little fellows are not simple!" Fan Siyu smiled and said, "They should be coming out soon!" At this moment.

In the Desolate South Fire Territory.

Rumble Rumble Waves of rumbling explosions resounded endlessly like thunder from the nine heavens, shaking everyone's eardrums to the point of buzzing!

In the air, all the fire clouds within a radius of tens of thousands of meters were dispersed!

The ground within a radius of tens of thousands of meters also collapsed!

The lava in the lava sea was shaken into the sky and could not fall for a long time!

Tantai Puti, Mo Qingkuang, and the others resisted the impact of the energy and flames as they retreated repeatedly to avoid being accidentally injured!

At this moment.

"ROAR!" Accompanied by a dragon roar!

An illusion of a golden dragon that was thousands of feet tall soared into the sky from Yang Luo's body and soared into the nine heavens!

A few seconds later.

“Roar!” An illusion of a blue-gold Xuanwu that was thousands of feet tall also stood up.

It had the sky above its head and stepped on the void!

A few more seconds passed.

“Shriek!” An illusion of a Vermillion Bird that was thousands of feet tall and burning with golden-red flames condensed into form and flapped its wings to fly high!

Bujie said in a daze, “Golden Dragon, Black Tortoise, Vermillion Bird Oh my god, Brother Yang is going to defy the heavens!” Ning Jianfeng also said in shock, “As expected of Brother Yang.

He’s really too domineering and powerful!” Tantai Puti smiled and said, “It seems that Brother Yang has completely absorbed the Vermillion Bird’s blood essence!” The others were also extremely shocked and could not recover for a long time.

After an unknown period of time Only then did the golden dragon, black tortoise, and vermilion bird above Yang Luo slowly dissipate.

The tremors in the entire Desolate South Fire Territory gradually stopped as well.

The golden-red flames that soared into the sky from Yang Luo’s body gradually dissipated.

“Phew” Yang Luo let out a long breath before opening his eyes and standing up.

His eyes flickered with blazing golden-red flames, like a torch that was soul-stirring.

Then, he turned into a stream of light and flew in front of Mo Qingkuang and the others.

“Brother Yang, has your cultivation broken through?” “Brother Yang, have you completely absorbed the energy of the Vermillion Bird blood essence?” Everyone asked.

Yang Luo smiled faintly and said, "I've already completely absorbed the energy of the Vermillion Bird's blood essence!

My cultivation has also stepped into the Perfected Earth Immortal Realm!"

Chapter 1649: All Good Things Must Come to an End!

"F*ck!

Really?!" Bujie's face was filled with shock and excitement.

"Oh my god, Brother Yang, you've really stepped into the Perfected Earth Immortal Realm?!" Ning Jianfeng was also stunned.

The others present were also dumbfounded and extremely shocked.

Yang Luo nodded and said, "I did break through.

It's all thanks to the energy of the Vermillion Bird's blood essence that I was able to successfully step into the perfected Earth Immortal realm!

Otherwise, it would probably be very difficult for me to break through in a short period of time!" He had originally planned to leave the Kunlun Ruins after stepping into the True Immortal realm.

However, it was obvious that he did not have that much time.

Moreover, it was definitely not so easy to step into the True Immortal Realm.

It was already very good that he could step into the perfected Earth Immortal Realm.

Cultivation could not be rushed.

If the foundation was not stable, the future would definitely be like a pavilion in the air that could collapse at any time.

Tantai Puti was overjoyed, "Brother Yang, now that you've stepped into the Perfected Earth Immortal Realm, you have a chance of breaking through to the True Immortal Realm!" Ji Longyue sighed and said, "Brother Yang, it seems that we have to work harder to catch up to you!" Baili Wushuang also said helplessly, "Brother Yang, you can already beat us up when you were a realm higher than us!

Now that you're two minor realms higher than us, we're probably not your match at all!

Just as Brother Bujie said, you're really too abnormal!" Yang Luo laughed and said, "Brothers, you have to work hard too.

You have to become stronger!" "By the way, Brother Yang, what did you mean by leaving the Kunlun Ruins just now?" Ning Jianfeng suddenly asked.

At this moment, Qin Zhanhuang and the others also reacted and looked at Yang Luo.

Just now, Yang Luo did mention that he had left the Kunlun Ruins.

Yang Luo did not hide it anymore.

Instead, he nodded and said, "After I see the Immortal Furnace Mountain open its furnace, I'll leave the Kunlun Ruins." "Ah?" Ning Jianfeng frowned and said, "Brother Yang, are you leaving so soon?!" Qin Zhanhuang also said, "Brother Yang, we're still waiting for you to continue bringing us to the Nine Heavens Dragon Field and the Eight Legions Lightning Region to train.

Why are you leaving so quickly?" "Brother Yang, don't leave.

I can't bear to leave you!" Bai Chuxia hugged Yang Luo's arm and tears flowed out.

Qiao Yarou also wiped her tears.

Mu Wushang, Gu Pengfei, and the others also felt very uncomfortable.

During this period of time, they had already formed a deep friendship with Yang Luo.

However, they did not expect to part so soon.

Tantai Puti's eyes were also red as tears welled up in her eyes.

Although she already knew about this, she still felt very uncomfortable when Yang Luo brought it up now.

Ji Longyue said, "Brother Yang, can't you stay in the Kunlun Ruins for a while longer?" Baili Wushuang also persuaded, "That's right, Brother Yang, why don't you stay for a while longer!

I was still planning to get you to give me some pointers!" Everyone also persuaded Yang Luo to stay for a while longer.

Yang Luo sighed and said, "Brothers, I can't bear to part with you either, but all good things must come to an end.

Moreover, there were still many things waiting for me to deal with in the secular world.

I can only leave.

Everyone, don't be sad.

I'll come to the Kunlun Ruins again in the future.

After all, I still have something to ask you for help with.” Ji Longyue patted his chest and said, “Brother Yang, we’re brothers.

No matter what help you need, just tell us!” “That’s right!” Baili Wushuang also said, “Even if we have to climb a mountain of blades or go through a sea of fire, we won’t hesitate!” Ning Jianfeng, Qin Zhanhuang, and the others nodded repeatedly.

Yang Luo cupped his hands and said, “Brothers, it’s my greatest honor to know you.

Thank you!” Bujie also said, “Brothers, if you have time in the future, you can also look for us in the secular world!

When the time comes, we’ll bring you to the secular world to eat, drink, and have fun!” “Alright!” Ji Longyue laughed and said, “If there’s a chance, I’ll definitely go!” “So will we!” Baili Wushuang and the others also smiled and added.

Yang Luo nodded and said, “Let’s go.

It’s time to go out!” “Alright!” Everyone nodded.

Then, Yang Luo took out the Vermilion Bird Jade Talisman and contacted Tantai Zhengyang.

After a while A seven-colored beam of light shot down from the sky and condensed into a teleportation array.

Yang Luo and the others stepped into the teleportation array.

After a while, everyone disappeared from the Southern Wilderness Fire Domain.

At this moment.

Outside the Southern Wilderness.

It was already late at night.

The array platform had already been activated and was flickering with seven-colored light.

Tantai Zhengyang and the others were also waiting for Yang Luo and the others to come out.

After a short wait Yang Luo and the others appeared on the array platform.

“Little Luo!” “Haha, you’re finally out!” “You guys haven’t come out for so many days.

We were really worried to death!” Tantai Zhengyang and the others hurriedly went up to welcome him.

Yang Luo smiled and said, “Uncle Tantai, I’ve made you worry.” “It’s good that you can come out safely!” Tantai Zhengyang smiled and looked at Tantai Puti.

He said in surprise, “Puti, you’ve stepped into the intermediate Earth Immortal Realm?!” Tantai Wangchen said, “This kid Yuheng has also stepped into the intermediate Earth Immortal Realm!” Fan Siyu chuckled and said, “Other than Puti and Yuheng, the other little fellows have also made a breakthrough!” “Haha, good, good!” Tantai Zhengyang laughed heartily and said, “Looks like you guys have gained a lot from your trial in the Southern Desolate Fire Region!” Tantai Puti asked with a smile, “Father, do you think Brother Yang has broken through?” Tantai Zhengyang shook his head and said, “Little Luo is wearing a Spirit Treasure Jade that hides his aura and cultivation.

I can’t tell.

Moreover, Little Luo has already stepped into the late-stage Earth Immortal Realm.

Like me, it won't be so easy for him to break through to the perfected Earth Immortal Realm." Fan Siyu chuckled and said, "Zhengyang, if Little Luo steps into the perfected Earth Immortal Realm, his cultivation will surpass yours!" Tantai Wangchen smiled gently and said, "Puti, stop leaving us hanging.

Hurry up and tell us if Little Luo has broken through." Tantai Puti smiled and said, "Everyone, listen carefully.

Brother Yang has already stepped into the Perfected Earth Immortal Realm!" "What?!" "He really broke through?!" "Oh my god, is this real?!" Tantai Zhengyang and the others were shocked at the same time.

They looked at Yang Luo skeptically.

Yang Luo nodded and said, "My cultivation level has indeed stepped into the perfected Earth Immortal Realm." "Hiss" Everyone could not help but gasp.

They found it unbelievable.

Chapter 1650: Vermillion Bird Treasure Technique!

Before Yang Luo entered the Desolate South Fire Territory, he was only at the late-stage Earth Immortal Realm!

However, no one expected him to step into the perfected Earth Immortal Realm after coming out!

This growth speed was really shocking!

Tantai Zhengyang took a deep breath and said, "Little Luo, didn't you say that you broke through to the late-stage Earth Immortal Realm not long ago?

You actually broke through again?!" Fan Siyu, Lu Zhou, and the others were also shocked.

Tantai Puti smiled and said, "Father, elders, that's because Brother Yang obtained the Vermillion Bird blood essence in the Desolate South Fire Territory!"

Now, Brother Yang has already absorbed the energy of the Vermillion Bird's blood essence, so his cultivation has also achieved a breakthrough!" "Vermillion Bird Blood Essence?!" Tantai Zhengyang and the others were shocked again.

"That's right." Yang Luo nodded and said, "I did obtain the Vermillion Bird blood essence in the Desolate South Fire Territory and refined and absorbed it." Tantai Zhengyang said, "A long time ago, there was a rumor in our Vermillion Bird Family that the first ancestor who founded our Vermillion Bird Family established the Desolate South Fire Territory and left behind the Vermillion Bird blood essence.

"It's just that over the years, many of our clansmen have entered the Southern Wilderness Fire Domain to train, but they haven't found the Vermillion Bird blood essence.

That's why I always thought that it was just a rumor.

I didn't expect it to be true." Tantai Wangchen sighed and said, "Looks like Little Luo and the ancestor are fated for him to obtain the Vermillion Bird blood essence!" Lu Zhou said, "It's said that if you obtain the Vermillion Bird blood essence, you can master many of our Vermillion Bird Family's natal divine powers.

I wonder if it's true." Yang Luo replied, "Elder Lu, the Vermillion Bird's blood essence does contain some of the Vermillion Bird's intrinsic divine powers.

I've also grasped some of them.

Some of them I can use now, but some I can't use yet." "Is that so?" Lu Zhou said with interest, "Little Luo, show us a few moves!" "Alright!" Yang Luo nodded and his entire body trembled!

"Vermillion Bird Treasure Technique!" "Vermillion Bird Descends!" Dong!

A golden-red flame soared into the sky from Yang Luo's body, illuminating the valley and the night sky!

“Shriek!” An illusion of a Vermillion Bird that was thousands of feet tall and burning with golden-red flames condensed.

It let out a cry and spread its wings to fly high!

Tantai Zhengyang exclaimed, “Little Luo has really grasped the Vermillion Bird Descends move of the Vermillion Bird Treasure Technique!” Tantai Wangchen asked in confusion, “Little Luo, why do I feel that this flame seems to have a higher temperature than the original Vermillion Bird Divine Flame and is more powerful?” Yang Luo explained, “Elder Tantai, this is because I fused the Vermillion Bird Divine Flame with my original fire attribute power, the Pure Yang True Fire!” “What?!”

Fusion of flames?!” Tantai Wangchen said in shock, “Little Luo, you have to know that this Vermillion Bird Divine Flame is very domineering and can’t fuse with any other flames.

I didn’t expect you to actually do it!” Lu Zhou sighed and said, “Only this kid dares to think and try!” Then, Yang Luo dissipated the Vermillion Bird illusion and his entire body trembled!

“Inextinguishable Flame Dipper!” In an instant!

A huge golden-red fire barrier enveloped Yang Luo!

“It’s actually the Inextinguishable Flame Dipper?!” Fan Siyu exclaimed in surprise.

Yi Hengyu said, “Compared to our Black Tortoise Clan’s Xuanming Divine Fortress, this Inextinguishable Flame Dipper’s defense is not much weaker.” After that, Yang Luo dispersed the fire barrier and waved his hand!

“Meteor Shower!” In the blink of an eye!

Countless golden-red flames condensed in the sky and descended like a meteor shower!

Just as the golden-red fireballs that filled the sky descended!

The mountain-protecting formation was instantly activated, condensing a huge golden-red light barrier that enveloped the valley and mountains!

Boom!

Boom!

Boom!

The fireballs that filled the sky descended and collided crazily with the golden-red barrier, erupting with shocking explosions!

A large amount of flames splashed out like fireworks, dazzling and eye-catching!

Until the fireball completely dissipated Only then did Yang Luo dissipate his aura and say, "Uncle Tantai, elders, I've only grasped three moves of the Vermillion Bird Treasure Technique.

The other moves have to continue to be studied and pondered." Tantai Zhengyang said, "Little Luo, it's already not bad that you can grasp three moves in such a short period of time." Tantai Wangchen smiled and said, "Little Luo, congratulations on stepping into the perfected Earth Immortal Realm and having the qualifications to advance to the True Immortal Realm!

Congratulations on obtaining the Vermillion Bird's blood essence as well!" Yang Luo cupped his hands and said, "Thank you for giving me this trial opportunity.

Otherwise, I wouldn't have gained so much!" Tantai Zhengyang and the others smiled in relief and looked at Yang Luo with admiration.

Yang Luo asked, "By the way, Uncle Tantai, when will the Immortal Furnace Mountain open?" Tantai Zhengyang said, "Now, we can confirm that the Immortal Furnace Mountain will open its furnace in three days!

When the time comes, let's go take a look together!" "Alright!" Yang Luo nodded in agreement.

Baili Wushuang put his arm around Yang Luo's shoulder and said, "Brother Yang, since there are still three days, let's have a good gathering during these three days!

Also, Brother Yang, you have to give me some pointers!" Ji Longyue also smiled and said, "Brother Yang, don't forget to guide me as well!" Ning Jianfeng, Qin Zhanhuang, Mu Wushang, and the others also looked at Yang Luo in unison.

Yang Luo said in amusement, "Don't worry, I'll guide all of you.

If there's anything you don't understand, feel free to ask me." In his opinion, his improvement and strength were nothing.

He hoped that everyone around him could also improve and become stronger.

"Brother Yang, thank you!" "Brother Yang is the best!" Everyone raised their hands and cheered.

Looking at everyone's smiling faces, Yang Luo sighed with emotion.

Unknowingly, he had already made so many like-minded friends.

He really hoped that time would pass slower, slower. However, time passed quickly like water.

In the blink of an eye, three days passed.

In these three days.

Yang Luo had a good gathering with Ji Longyue and the others.

He shopped, drank, and shopped in ancient cities.

He drank tea and discussed the Dao in the mountains and rivers.

Yang Luo also took the time to guide Ji Longyue and the others.

Of course, he also carefully studied the natal divine powers of the Black Tortoise and the Vermillion Bird.

On the morning of the fourth day.

A golden-red ancient boat that was a hundred meters long was parked in the sky above the Heavenly Fire Peak's square.

Yang Luo and the others walked out of the hall.
