Chapter 61: Notice Of Critical Illness

After Shen Yun left, the private room fell silent.

Su Qingmei sat there in a daze, the rims of her eyes red.

Pa!

Yang Luo suddenly slapped the table and said angrily, "What is this farce!"

As he spoke, he turned to look at Su Qingmei and comforted her, "President Su, it's alright. There's no need to affect your mood for such a person.

When our new product goes on the market, we'll slap their faces hard.

At that time, even if they beg to cooperate with us, we won't cooperate with them."

Su Qingmei turned to look at Yang Luo and choked, "Yang Luo, can our company really be revived? Can we really see a brand new future?"

"Yes, we definitely can!"

Yang Luo nodded heavily and said, "Alright, Qingmei, don't be sad. Let's not think too much now. Let's hurry up and develop a new product."

"Yes!"

Su Qingmei sniffed and placed the gift box in her bag. She stood up and said, "Yang Luo, let's go back to the company."

"Alright."

Yang Luo nodded and left the cafe with Su Qingmei.

At the same time...

At the Jiang City Central Hospital.

Outside the operating theater.

A square-faced middle-aged man with a medium build and short hair paced back and forth outside the door with an anxious expression.

This middle-aged man was Ren Penghui, the top figure of the Industry and Commerce Department.

The person accompanying him was the director of the city center hospital, Tang Dexin.

Tang Dexin was also very anxious at this moment.

Not long ago, Ren Pinghui's daughter had a serious car accident on her way home from school and was sent to the hospital.

As the director of the hospital in the city center, he rushed over after knowing about this and arranged for the doctor to operate on Ren Pinghui's daughter.

However, half an hour had passed, and there was still no news from the operating theater, so he was very anxious.

Ren Pinghui was also his friend. If anything happened to his daughter, he really could not give an answer to Ren Pinghui.

But there was nothing he could do now except wait.

“Old Tang, my daughter will be fine, right?”

Ren Pinghui looked at Tang Dexin with a hopeful expression.

Tang Dexin could only comfort him, “Old Ren, don’t worry.

“I’ve already sent the best doctor in our hospital to save Little Meng. She will definitely be safe.”

Ren Pinghui hissed, “Nothing must happen to Little Meng. I only have this one daughter.”

Tang Dexin could only reassure him, “It’s alright, it’s definitely all turn out well!”

“Penghui, what happened to Little Meng!”

At this moment, a figure hurriedly ran over from afar. It was Shen Yun.

Ren Pinghui choked as he explained, “Little Meng got into a car accident on her way home from school. She’s being resuscitated in the operating theater...”

Upon hearing this news, Shen Yun’s body swayed violently and she almost fell to the ground.

Ren Pinghui quickly went forward to support Shen Yun and said, “Xiao Yun, Old Tang said that Little Meng will be fine.”

Shen Yun was agitated. She punched Ren Pinghui’s chest fiercely and cried, “How did Little Meng get into a car accident? How did this happen...”

Ren Pinghui felt as though his heart was being torn out as well as he exclaimed, “Little Yun, calm down!”

“Calm down? How can I calm down!

Little Meng is only eight years old...”

Shen Yun grabbed her hair and broke down. Tears streamed down her face.

Seeing his wife cry, tears welled up in Ren Pinghui’s eyes.

Tang Dexin stood at the side and did not know how to persuade her. He could only sigh deeply.

At this moment, the door of the operating theater opened.

An attending doctor walked out.

“Is the patient’s family here?”

“Yes, yes!”

Ren Pinghui and Shen Yun hurriedly ran over.

Tang Dexin also followed and hurriedly said, "Doctor Zhang, tell me, how's the situation?"

"Tell me, how's my daughter?"

Shen Yun also asked loudly.

"That's right, tell me quickly!"

Ren Pinghui also said anxiously.

Doctor Zhang looked at Ren Pinghui and said, "Director Ren, your daughter's condition is not good now. It's very likely that her life is in danger. Please be mentally prepared."

As he spoke, he took out a notice of critical illness and a pen. He handed it to

Ren Pinghui and said, "Director Ren, please sign this."

"Notice of critical illness?!"

Seeing the form in Doctor Zhang's hand, Shen Yun screamed and collapsed to the ground.

Ren Pinghui was also stunned. His entire body was trembling, and he did not take the notice that was offered to him for a long time.

Tang Dexin frowned and said, "Doctor Zhang, is the situation really that serious?"

Doctor Zhang nodded and said, "Yes, Director Tang. I'm afraid the situation will be even more serious than we imagined.

After all, the patient was too young. There were many comminuted fractures on her body, and her organs were severely damaged.

"As such..."

"Stop talking, stop talking!"

Shen Yun stood up as if she had gone crazy. She grabbed Doctor Zhang's hand and said, "Doctor, please save my daughter. As long as you can save my daughter, I don't mind how much money you want!"

"Ma'am, this isn't about money."

Doctor Zhang sighed and said, "Hurry up and sign it. Sign it now and perform the surgery quickly. Your daughter might still have a chance of survival."

Tang Dexin urged Ren Pinghui, "Old Ren, sign it."

Trembling, Ren Pinghui took the notice and pen and signed his name.

Doctor Zhang took back the notice of critical illness and walked into the operating theater, closing the door.

"Old Tang... Can my daughter survive?"

Ren Pinghui's eyes were filled with tears as he asked in a trembling voice.

Tang Dexin didn't answer and just sighed deeply.

Now that even the critical illness notice had been issued, it meant that the situation was very serious. The probability of the patient surviving was probably less than 30%.

Seeing that Tang Dexin was silent, Ren Pinghui could not hold back the tears in his eyes anymore.

Shen Yun sat on the ground and cried uncontrollably, "Little Meng, don't die. If you die, how can Mommy live..."

Tang Dexin was silent for a moment before saying, "Old Ren, I suddenly thought of someone. Perhaps he can cure Little Meng..."

"Who, who can cure Little Meng?!"

Ren Pinghui stared at Tang Dexin with excitement in his eyes.

Shen Yun also stopped crying and looked at Tang Dexin.

Tang Dexin said, "The doctor I'm talking about is a Chinese doctor..."

"Chinese doctor?"

Ren Pinghui was stunned, "Can Chinese medicine do surgery?"

Shen Yun also frowned and said, "Although Chinese medicine can treat some illnesses, it is useless in such a large scale surgery!"

Tang Dexin said, "Please listen to me. The Chinese doctor I'm talking about is very powerful. His medical skills are very impressive. He's a true Divine Doctor.

Not long ago, Old Master Su was bedridden and on the verge of death. He had been treated by that Divine Doctor.

Moreover, even Divine Doctor Huang Tai'an praised that Divine Doctor's medical skills are extraordinary. He even begged to acknowledge that Divine Doctor as his master."

The Divine Doctor he was talking about was Yang Luo.

Hearing Tang Dexin's words, Ren Penghui and Shen Yun were stunned..

Chapter 62: Call Her Over to Apologize!

Huang Tai'an's name was well-known. He was the number one Divine Doctor in Jiang City and had cured countless patients.

Since even Divine Doctor Huang said that the Divine Doctor's medical skills were superb, perhaps that Divine Doctor was really very powerful.

After all, they had also heard that Old Master Su had been cured by the mysterious Divine Doctor.

Tang Dexin continued, "Although I'm not sure if that Divine Doctor can cure Little Meng, as long as there's hope, we have to give it a try, right?"

Ren Pinghui hurriedly said, "Old Tang, where is that Divine Doctor now? I'll go invite him!"

“I’ll call that Divine Doctor first and ask where he is.”

After saying that, Tang Dexin took out his phone and made a call.

After the call, Tang Dexin said, “Old Ren, that Divine Doctor said that he’s at Hua Mei Biomedical now!”

“Really?”

Ren Pinghui’s face lit up. “Old Tang, accompany me. Let’s go and invite that Divine Doctor together!”

“Alright!”

Tang Dexin nodded in agreement.

“Little Yun, wait here. We’ll be back soon.”

Ren Pinghui instructed Shen Yun and left in a hurry with Tang Dexin.

However, Shen Yun was puzzled.

Hua Mei Biomedical?

Why was that Divine Doctor at Hua Mei Biomedical?

After all, she had just met the President of Hua Mei Biomedical, Su Qingmei, not long ago.

At this moment...

Inside Hua Mei Biomedical.

In the President’s office.

Seeing that Yang Luo had hung up, Su Qingmei asked in confusion, “Yang Luo, who called you just now?”

Yang Luo said, “It’s Director Tang from the city center hospital. He wants to ask me to treat a patient.”

“Oh...”

Su Qingmei nodded and said, “Yang Luo, Director Tang has always wanted to invite you to be a doctor at the city center hospital. He even said that he wanted you to be the vice director. Are you really not tempted at all?”

Yang Luo shook his head and said, “Although I’m a doctor, I can’t stand the rules of the hospital. So, if you want me to go to the hospital to work as a doctor, forget it.”

“You’re truly an anomaly.”

Su Qingmei shook her head helplessly and asked, “By the way, is Director Tang coming over to invite you?”

“Yeah.”

Yang Luo nodded.

Su Qingmei said, "Since Director Tang has come to invite you, you should help him.

"After all, when my grandfather was hospitalized, Director Tang also helped us a lot."

Yang Luo shrugged and said, "That guy's not bad. I'll help him if I can."

After waiting for about 20 minutes.

Knock, knock, knock.

There came a series of urgent knocks on the door.

Hearing it, Su Qingmei replied, "Please come in."

The door was pushed open, and Tang Dexin and Ren Pinghui rushed in.

As soon as he entered, Tang Dexin rushed towards Yang Luo and panted, "Divine Doctor Yang, please assist us!"

Yang Luo sat on the sofa and took a sip of tea. He calmly spoke out, "Tell me, what happened?"

"This is the director of the Jiang City Industry and Commerce Department."

Tang Dexin introduced Ren Pinghui and said, "Not long ago, his daughter was in a serious car accident and is now in the hospital for emergency treatment.

However, he had already received a notice of critical illness. His daughter's condition was very dangerous now, and it was very likely that she can't be saved.

Therefore, we would like Divine Doctor Yang to extend your assistance."

Ren Pinghui sized up Yang Luo and felt that he was really too young.

If Tang Dexin hadn't patted his chest and promised that Yang Luo's medical skills were superb, he definitely would not have believed him.

"Director Ren, your daughter was in a car accident. Are you alright?"

Su Qingmei also walked over.

Ren Pinghui sighed and said, "My daughter's situation is very dangerous now.

Otherwise, I wouldn't have invited Divine Doctor Yang."

"President Su, do you know this person?"

Yang Luo glanced at Ren Pinghui.

As for this guy's identity, he did not take it seriously.

"Yes, I do."

Su Qingmei nodded and said, "Director Ren is President Shen's husband."

Hearing this, Yang Luo's expression instantly turned cold.

He looked up at Tang Dexin and said, "President Tang, if it's anyone else, I'm willing to treat them. But you want me to treat this person's daughter. I'm not willing."

"Huh?!"

Tang Dexin was stunned, "Divine Doctor Yang, why?!"

Ren Pinghui was also puzzled. He frowned and said, "Divine Doctor Yang, I don't think I've offended you, right?"

Yang Luo said, "You didn't offend me, but your wife offended President Su, so I'm unwilling."

Ren Pinghui asked, "Divine Doctor Yang, what exactly is going on?"

Yang Luo did not hide anything and told Ren Pinghui what had happened at the Blue Bridge Cafe not long ago.

After hearing Yang Luo's words, Ren Pinghui bowed to Yang Luo and said, "Divine Doctor Yang, my wife has indeed gone overboard. I apologize to you on her behalf!"

Yang Luo said coldly, "You're you. Your wife is your wife. What's the point of apologizing?"

Also, even if you want to apologize, you should apologize to President Su, not me."

Su Qingmei said, "Yang Luo, this is a matter of life and death. Don't mind these things. Hurry up and go to the hospital!"

Although she was very happy that Yang Luo stood up for her, she could tell the severity of the matter. She did not want Yang Luo to delay the rescue because of this matter.

Tang Dexin also said, "That's right, Mr. Yang. Hurry up and go to the hospital with me. Old Ren's daughter is still waiting for your treatment!"

"I'll get President Shen to apologize to President Su later!"

Although he also felt that Shen Yun had gone overboard, now was not the time to be calculative.

Yang Luo was completely unmoved. He merely said, "What does his daughter's life have to do with me?"

If you want me to make a move, fine. I'll get that woman to apologize to President Su immediately!

Otherwise, don't even think about asking me for help!"

Yang Luo had always been a person who distinguished between gratitude and grudges.

If people respected him, he would respect them tenfold.

However, Shen Yun had really angered him today.

That woman was too arrogant and rude.

Tang Dexin turned to look at Ren Pinghui, "Old Ren, this..."

Ren Pinghui took a deep breath and said, "I'll call Little Yun over now!"

As he spoke, Ren Pinghui took out his phone and called Shen Yun.

Not long after.

Shen Yun hurried in, "Penghui, what's wrong? Why do you have to ask me to come over?"

Ren Pinghui said in a deep voice, "Xiao Yun, did you offend President Su and Divine Doctor Yang?"

"Divine Doctor Yang?"

Shen Yun was stunned, "Which Divine Doctor Yang?"

"President Shen, he's Divine Doctor Yang."

Tang Dexin pointed at Yang Luo.

"Huh?!"

Shen Yun's expression froze, "Isn't he President Su's assistant? How did he become a doctor now?"

Yang Luo sneered in response, "Who said that assistants can't be doctors?"

Shen Yun frowned and looked at Tang Dexin, "Director Tang, are you mistaken?"

Tang Dexin shook his head and said, "There's no mistake. He's the Divine Doctor who cured Old Master Su!"

Shen Yun commented, "Director Tang, I still don't think this kid is reliable. Let's go and invite Divine Doctor Huang."

Ren Penghui also felt that Yang Luo was unreliable, but he didn't say it directly. Instead, he said, "Old Tang, please call Divine Doctor Huang and ask him if there's any way.."

Chapter 63: Death Announced!

11 Okay, I'll make the call now."

Tang Dcxin nodded and called Huang Tai'an.

The phone rang for a while before it was picked up. Tang Dcxin put it on speaker.

"Director Tang, what's the matter?"

Huang Tai'an's voice sounded.

Tang Dexin said, ' Divine Doctor Huang, I have a patient here who wants you to treat him."

Huang Tai'an said, "Oh? What patient? Tell me about the illness.'1

Tang Dcxin didn't hesitate and told Huang Tai'an about Little Meng's situation truthfully.

After hearing Tang Dexin's words, Huang Tai'an pondered for a moment and said, "Dean Tang, if I make a move, I might be able to save that little girl's life.

However, it's probably impossible for me to completely cure her.

Moreover, even if she survived, that little girl would probably be bedridden for life in the future.

However, if my master, Yang Luo, makes a move, he should have a high chance of completely curing that little girl.”

In an instant...

The office fell silent.

Ren Pinghui and Shen Yun looked at their cell phones in a daze before turning to look at Yang Luo.

They did not believe Yang Luo just now, but now that they heard Huang Tai'an say it with their own ears, they had no choice but to believe him.

Huang Tai'an was the number one Divine Doctor in Jiang City. He naturally wouldn't spout nonsense.

“Dean Tang, I'm studying the acupuncture technique my master taught me. I won't talk to you anymore. Go and invite my master.*1

With that, Huang Tai'an hung up.

Ren Pinghui also came back to his senses.

Now, he could only ask this young man to take action!

He shouted at Shen Yun, “Xiao Yun, ever since you became the president of the Heroes Chamber of Commerce, you've become more and more arrogant and rude. There are many times when even I can't stand it anymore!

I knew that something would happen one day!

Divine Doctor Yang had also said just now that if you don't apologize to

President Su, he wouldn't lift a finger to save Little Meng'

What are you waiting for? Apologize to President Su!”

Shen Yun's body trembled, and she no longer had the arrogance and rudeness from before.

She hurriedly bowed to Su Qingmei, “President Su, I apologize for my arrogance and rudeness today. I'm sorry!

Please persuade Divine Doctor Yang to help save my daughter!”

Su Qingmei sighed and said to Yang Luo, “Yang Luo, help President Shen, President Shen knows has reflected on herself.”

“Alright, President Su, for your sake, I'll help them.”

Yang Luo put down his teacup and stood up. He said to Tang Dexin and the others, “What are you waiting for? Let's go!”

“Alright, alright, alright. Divine Doctor Yang, please!”

Tang Dexin made an inviting gesture.

Soon, Yang Luo left the company with Tang Dexin and the others and went straight to the hospital in the city center.

The car sped all the way and arrived at the hospital in less than 20 minutes this time.

After arriving at the hospital, Yang Luo and the others hurriedly took the elevator to the third floor and walked towards the operating theater.

When Yang Luo and the others rushed to the operating theater, the door of the operating theater happened to open.

Doctor Zhang walked out.

“Doctor Zhang, how’s the situation?”

Tang Dexin immediately asked.

“Doctor Zhang, is my daughter alright?”

Ren Pinghui also asked.

Doctor Zhang sighed. He looked at Ren Pinghui and Shen Yun and said, “I’m sorry. Your daughter’s heartbeat has stopped. She no longer has any vital signs...¹¹

“No... Impossible... This is impossible!”

“You’re lying to me, right... How could my daughter die... No... No!fl

Ren Pinghui and Shen Yun shook their heads vigorously and completely broke down. Tears streamed down their faces.

However, Yang Luo frowned and walked straight to the operating theater.

“Hey, hey, who are you? Unrelated personnel can’t enter the operating theater!”

Doctor Zhang hurriedly went forward to stop him.

Tang Dcxin immediately interrupted, “Doctor Zhang, he’s Divine Doctor Yang who cured Old Master Su. Let Divine Doctor Yang go in and take a look’¹¹

“Oh my god! He’s that Divine Doctor?!”

Doctor Zhang was shocked, “Why is he so young?!”¹¹

Previously, when Yang Luo cured Old Master Su, he was not present, but instead at the hospitals in other provinces and cities to further his study, so he did not know Yang Luo.

Doctor Zhang commented, “But he’s already dead. Even the Divine Doctor can’t save him!”

Yang Luo said, “This is just your judgment, not mine.”

“Let’s go in and let Divine Doctor Yang take a look!”

Tang Dcxin said and followed Yang Luo into the operating theater.

Doctor Zhang followed him in.

The door of the operating theater closed again.

“Pcnghui... Can our daughter still live?”

Shen Yun asked with a trembling voice.

Ren Pinghui gritted his teeth and said, “Divine Doctor Yang is Divine Doctor Huang’s master. With Divine Doctor Yang around, there might be hope...”

Although he said that, he no longer had any hope in his heart.

After all, the doctor had already declared his daughter dead.

After Yang Luo entered the operating theater, he saw a little girl covered in blood lying on the operating table. She was no longer breathing.

Moreover, according to the various instruments, the little girl no longer had any vital signs.

“Director Tang, who is this kid? What is he doing in the operating theater?”

The doctors who did not know Yang Luo asked in surprise.

“Divine Doctor Yang, why are you here?”

Unfortunately, this child is already dead. It’s useless even if you come.”

A doctor who knew Yang Luo said.

Yang Luo walked forward and checked the little girl’s pulse. He immediately said, “She’s not dead yet!”

“What?! He’s not dead?! How is that possible?!”*

“That’s right. This child’s heart has stopped. How could she not be dead?!”

The doctors present exclaimed one after another, clearly not believing it.

Yang Luo did not say anything else. He took out a box of silver needles and placed it on the table. Then, he waved his right hand.

Swish! Swish! Swish! Swish!

Nine silver needles of different lengths and thicknesses flew out of the box. Then, one after another, they flickered with a dazzling silver light and pierced into the acupuncture points on the little girl’s body!

Buzz buzz buzz!

The nine silver needles pierced into nine acupuncture points at the same time and trembled gently!

Therefore, because the little girl’s current situation was very critical, Yang Luo used the Nine Needles of Heavenly Dao at once!

Moreover, as the silver needles pierced through, the little girl’s body actually stopped bleeding!

Seeing this scene, all the doctors present were stunned!

Just nine silver needles were enough to stop the bleeding!

Of course, the doctors present only saw the surface.

Yang Luo stabbed nine silver needles not only to stop the bleeding, but also to repair the little girl's damaged organs.

However, in order to speed up the treatment, Yang Luo mobilized the True Qi in his body. He stretched out his hands and placed them on the little girl's chest, continuously injecting True Qi.

As True Qi flowed in continuously, the little girl's organs began to repair at an accelerated speed.

And in less than half an hour...

Beep!

Suddenly, the equipment in the operating theater rang!

This clear voice entered the ears of all the doctors!

They all looked at the electrocardiogram and were instantly dumbfounded..

They stood there like wooden stakes!

Chapter 64: Medical Miracle!

The ECG, which was originally in a straight line, started to leap once again!

Furthermore, the heart rate also began to rise continuously!

10!

20!

30!

Until the heart rate reached the level of a normal person!

“How is this possible... This child's heart is beating again?!”

A doctor could not suppress the excitement in his heart and exclaimed.

The other doctors also opened their mouths wide and were speechless for a long time!

Tang Dexin clenched his fists excitedly!

Indeed, inviting Divine Doctor Yang over was the wisest choice!

The dead could actually be revived!

Yang Luo ignored everyone. His eyes flickered with a faint golden light as he swept across the little girl's body like a laser radar!

Through her skin, he could clearly see every broken meridian and every bone in the little girl's body!

Therefore, he directly used another ultimate technique of the Immortal Doctor Classics, the Tendon Changing Bone Forging Hand, and began to piece together the little girl's broken meridians and bones!

As he circulated his True Qi, a dazzling golden light flickered in the palms of Yang Luo's hands!

This scene left everyone in shock.

Could this young man be a deity in disguise?

However, they were very puzzled and did not know what Yang Luo was doing.

However, when they saw Yang Luo's focused expression, they did not dare to disturb him. Instead, they quietly watched the scene in front of them.

Seconds ticked by.

Soon, another half an hour passed.

“Phew...”

Yang Luo let out a long sigh and wiped the sweat off his forehead. “Alright, she's finally saved!”

As soon as he finished speaking.

The little girl who was lying unconscious on the operating table actually opened her eyes!

However, the little girl was still a little stunned and did not know what was going on.

“What?! She's awake! This child is actually awake!”

“Oh my god, she's alive. This child is really alive!”

“A miraculous resurrection... Divine Doctor... A true Divine Doctor!”

The doctors shouted in surprise. They were so excited that their eyes turned red.

Having witnessed it once, Tang Dexin suppressed his excitement and hurriedly said, “Hurry up and check the child's body!”

A few doctors hurriedly checked the little girl's body.

A few minutes later...

“Director, this child's physical index has returned to normal!”

“Not only that, but this child's broken meridians, damaged organs, and bones have also been repaired!”

“Amazing, this is really amazing. Traditional Chinese medicine can actually perform surgery!”

A few doctors exclaimed and looked at Yang Luo with shock and reverence.

They had never seen a Chinese medicine doctor with such extraordinary medical skills!

Not to mention Chinese medicine, even Western medicine could not compare!

Which doctor could save a dead person in such a short period of time?

Other than this young man in front of him, probably no one else could do it!

“Miracle!”

Tang Dexin patted Yang Luo’s shoulder excitedly, “Divine Doctor Yang, you’ve created a miracle in the history of medicine!”

However, Yang Luo’s expression was calm, as if he had done something extremely ordinary.

He put away the silver needles and turned to walk out of the operating theater.

Seeing his actions, Tang Dexin hurriedly followed.

At this moment...

Outside the operating theater.

Ren Pinghui and Shen Yun were waiting anxiously.

Although they were not confident and felt that their daughter could not be saved, they still held onto a trace of hope.

They were hoping that a miracle would happen.

At this moment, the door of the operating theater was pushed open.

Yang Luo and Tang Dexin walked out one after another.

“Old Tang, Divine Doctor Yang, how’s my daughter?”

Ren Pinghui and Shen Yun hurriedly ran over.

Their hands were clenched tightly, and their faces were filled with anxiety and uneasiness.

However, Tang Dexin deliberately kept her in suspense and pretended to drag his words out, “This...”

Seeing Tang Dexin’s expression, the two of them trembled and their hearts sank to the bottom.

Ren Pinghui hissed, “Old Tang, just say it. We’re already mentally prepared...”

Shen Yun also choked and said, “Director Tang, my daughter, she...”

“Is alive.”

Before Shen Yun could finish speaking, Tang Dexin spat out two words.

“She’s alive... I knew it...”

Shen Yun muttered sadly, but she quickly reacted and looked at Tang Dexin in disbelief, “Director Tang, what did you just say?! You said that my daughter is alive?!”

Ren Pinghui also stared at Tang Dexin, his lips trembling, “Old Tang, are you joking?”

Tang Dexin laughed out loud, “Old Ren, how could I joke about this!

I’m telling the truth. Little Meng was really saved by Divine Doctor Yang!”

“Re-really?!”

Ren Pinghui and Shen Yun stared at Tang Dexin in disbelief.

“Of course it’s true!”

Tang Dexin nodded and said, “To be honest, if I didn’t see it with my own eyes, I wouldn’t have believed it either!

However, the truth was that Divine Doctor Yang had really saved Little Meng and healed all her injuries!

In other words, after Little Meng is discharged from the hospital, she can still live life like a normal person!”

Before he could finish speaking...

The door of the operating theater opened again.

A few doctors pushed the bed out.

The person lying on the bed was precisely Ren Meng.

“Little Meng!”

Ren Pinghui and Shen Yun hurriedly ran over.

Ren Meng opened her big eyes and said, “Daddy, Mommy, I had a long, long dream just now. Little Meng thought I would never see Daddy and Mommy again...”

“Little Meng... Boohoo...”

Ren Pinghui and Shen Yun hugged Ren Meng tightly and cried bitterly.

Seeing this scene, Tang Dexin and the other doctors couldn’t help but tear up.

Soon, Ren Pinghui pulled Shen Yun over and knelt in front of Yang Luo!

“Divine Doctor Yang, thank you for saving my daughter. I will remember your kindness!

From now on, your matters are my matters!”

“Divine Doctor Yang, thank you for saving my daughter!

Divine Doctor Yang, I really know my mistake. I shouldn’t have been so arrogant. I shouldn’t have been rude to you and President Su. I won’t do it again!

I’m sorry, I’m really sorry!”

Yang Luo sighed softly and reached out to help Ren Pinghui and Shen Yun up. He said, “Mr. Ren, President Shen, there’s no need to keep thanking me.

Little Meng is so cute. I naturally can’t let anything happen to her.”

“Little Meng, quickly thank Big Brother!”

Ren Pinghui said to Ren Meng.

Ren Meng smiled sweetly and thanked him, “Thank you, Big Brother!”

Yang Luo smiled and patted the little girl’s head, “No need to thank me. Little Meng is so obedient.”

Then, the doctor pushed Ren Meng away to be warded.

Ren Pinghui and Shen Yun did not follow her.

Instead, Shen Yun took out a bank card from her bag and handed it to Yang Luo, “Divine Doctor Yang, there’s ten million yuan in this card. The password is six sixes.

Although it’s not much money, it’s a token of our appreciation. I hope you can accept it.

“Besides, you need not worry about the business aspect. I’ll definitely help President Su talk to the bosses of the Chamber of Commerce and ask them to try their best not to cancel their cooperation with Hua Mei Biomedical..”

Chapter 65: Come With Us!

“Yes, yes, yes. Divine Doctor Yang, quickly, accept it. Don’t decline!”

Ren Pinghui took the bank card from Shen Yun and stuffed it into Yang Luo’s hand.

“Alright, I’ll accept it then.”

Yang Luo smiled and nodded before putting away his bank card.

“Divine Doctor Yang, have you considered what I told you last time?”

At this moment, Tang Dexin walked over.

“What is it regarding?”

Yang Luo was stunned and could not process what the other party meant.

Tang Dexin rubbed his hands and said with a smile, “It’s about coming to our hospital to be the deputy director...”

“Well...”

Yang Luo looked helpless and said, “President Tang, let’s forget about this matter. I really don’t want to be a doctor in the hospital...”

Tang Dexin was still indignant and said, “Divine Doctor Yang, why don’t we do this? You don’t have to come to our hospital to work. You just have to hold the position of the honorary deputy director. Your annual salary is ten million. What do you think?”

“Then what do I need to do?”

Yang Luo asked in curiosity.

Tang Dexin said, "If our hospital encounters trouble in the future, you just have to help."

Ren Pinghui persuaded, "Divine Doctor Yang, on account of Old Tang's sincerity, please agree."

Yang Luo thought for a moment. Since he only needed to hold a position and not work, he could just provide help occasionally when needed.

Thinking of this, Yang Luo nodded and said, "Alright, I agree."

"Thank you, Divine Doctor Yang!"

Tang Dexin was extremely gratified and hurriedly said, "Divine Doctor Yang, I'll draft the contract in two days. When the time comes, I'll personally deliver it to you!"

"Sure."

Yang Luo nodded.

Ren Pinghui said, "Divine Doctor Yang, I wanted to treat you to a meal to show my gratitude, but Little Meng has just recovered, so we have to stay and accompany her. I'm really sorry."

Yang Luo said, "Go accompany Little Meng. There are plenty of opportunities to eat."

"Thank you for your understanding, Divine Doctor Yang!"

Ren Pinghui nodded.

After that, Yang Luo chatted with Tang Dexin and Ren Pinghui for a while before leaving the hospital.

When he walked out of the hospital, he saw that the sky had completely darkened.

At this moment, Su Qingmei called.

Yang Luo picked up the call.

"Yang Luo, how's the situation?"

As soon as the call was picked up, Su Qingmei's voice sounded.

"Don't worry, I've completely cured that little girl."

Yang Luo replied and said, "By the way, President Shen said that she will help you talk to the bosses of the Heroes Chamber of Commerce as much as possible and ask them not to terminate their contract with Hua Mei Biomedical."

"That's good."

Su Qingmei heaved a sigh of relief and said, "Yang Luo, you've helped me a lot again. Thank you."

"You're my fiancée. Shouldn't I help you? There's no need to thank me."

Yang Luo smiled faintly and asked, "By the way, are you still in the company?"

"Yes, but I'm preparing to go home. You should go straight home too."

"Alright!"

Yang Luo responded and hung up.

After putting away his cell phone, Yang Luo hailed a taxi and went straight to Imperial River Court.

After leaving the hospital and passing through a few main streets, the car drove to a relatively crowded street.

However, just as the car reached the corner of the intersection!

Suddenly!

A black Land Rover rushed out from the corner and blocked the way!

Swoosh!

The taxi driver was shocked and hurriedly stepped on the brakes. The car slid for more than ten meters before stopping!

Moreover, three black Land Rovers drove over from behind and stopped behind the taxi!

A total of four Land Rovers had surrounded the taxi!

“What happened?!”

What’s going on?!”

The taxi driver was stunned and did not understand what was going on.

Yang Luo also narrowed his eyes slightly.

It seemed that the people in the car were coming for him.

However, he did not know if it was an enemy or a friend.

Soon, the doors of the four Land Rovers opened.

Eight slim young women in black ladies’ suits with ponytails got out of the car and walked toward the taxi.

These eight women had cold eyes and exuded a murderous aura. Clearly, they were not ordinary people.

Seeing these women’s gazes, the taxi driver trembled and broke out in cold sweat. “What’s wrong with these women? Why do they look like they want to kill me? I’ve always been honest and obedient. I don’t think I’ve offended anyone, right?”

Yang Luo said, “Brother, this has nothing to do with you. They’re here for me.”

“Huh?!”

The taxi driver was stunned. “When did you offend these women? Brother, I advise you to call the police quickly!”

“There’s no need. Anyway, you don’t have to be afraid. This has nothing to do with you.”

Yang Luo replied, took out his phone, paid the fare, and got out of the car.

Seeing Yang Luo get out of the car, the eight women immediately walked over.

One of the leading women sized up Yang Luo and asked coldly, “Are you Yang Luo?”

“That’s right!”

Yang Luo nodded and said with a smile, “May I ask why you’re looking for me so late at night? Could it be that you want to talk to me about life?”

Seeing Yang Luo’s frivolous gaze, the eight women frowned slightly. They wanted to flare up, but they endured it.

After all, the president had instructed him to invite this kid over.

The leading woman said, “Mr. Yang, our president wants to talk to you. Please come with us.”

“President?”

Yang Luo looked puzzled, “Who’s your president?”

The leading woman replied coldly, “West Wind Chamber of Commerce, Zhong Lingyun.”

“Oh... So it’s the president of the West Wind Chamber of Commerce.”

Yang Luo nodded in realization and said, “What does your president want to talk to me about?

Could it be that he had also set up an ambush, treacherous plot, like Jiang Tianlong and wants to kill me?”

“If that’s really the case, forget it. I’m not interested in playing with your president.”

The leading woman said, “Mr. Yang isn’t even afraid of Master Long. Why would he be afraid of meeting our president?

Besides, if the president really wants to kill you, why did he ask us to invite you?”

Yang Luo raised his eyebrows and suddenly asked, “Is your president beautiful?”

Hearing this question, the leader was stunned.

The other seven women also looked puzzled, not knowing what Yang Luo meant by asking this question.

The leader said patiently, “Of course our president is very beautiful.”

“In that case, I’ll go with you.”

Yang Luo nodded and said with a smile, “Rather than meeting those burly fellows, it’s not bad to meet your beautiful president.”

The real reason why he agreed was that he wanted to meet the president of the West Wind Chamber of Commerce and ask her when he could get King Zhennan to see him.

“Please!”

The woman in the lead gestured for him to enter.

Soon, Yang Luo got into the car and left with the eight women.

It was not until the four Land Rovers left that the taxi driver heaved a sigh of relief and muttered, "Who are these women? They really scared me to death..."

Chapter 66: Bamboo Green!

The car drove slowly on the road.

Meanwhile, Yang Luo sat in the backseat and closed his eyes to take a nap.

The leader of the group, who was sitting in the front passenger seat, looked at Yang Luo with surprise in her eyes.

Wasn't this kid too calm?

If it were an ordinary person, they would definitely be extremely nervous after knowing that they were going to see the president. How could they be so calm?

No wonder Master Long said that he had to get rid of this kid.

This kid was so young, but he already had the strength to defeat Master Long. His composure was really not simple.

If they didn't get rid of this kid, he might really become a threat to the four major chambers of commerce in Jiang City.

The journey was silent. The car drove for nearly an hour before they finally arrived at the entrance of a clubhouse in the Western District.

This clubhouse was luxuriously decorated and was called the "Starry Night Clubhouse".

The attendants inside were all women, and all of them were wearing high-cut cheongsams. Their legs were slender, straight, and fair. They were very pleasing to the eye.

After getting out of the car, Yang Luo followed the leader woman into the clubhouse, and the other seven women followed behind.

Along the way, everyone who entered and left the clubhouse looked over, as if they were very curious about Yang Luo.

After all, Yang Luo's face was very unfamiliar. They had never seen him before.

After passing through a long corridor, they arrived at a spacious and bright hall.

On both sides of the hall stood more than 20 cold-looking women in black women's suits.

At the front of the hall, two doors were tightly shut.

The leading woman walked to the door and said respectfully, "President, Mr. Yang is here!"

"Let him in."

A pleasant voice came from inside.

"Mr. Yang, please!"

The woman in the lead gestured for him to enter and pushed open a door.

After Yang Luo walked in, the door was closed tight.

As soon as he entered, Yang Luo saw a swimming pool that occupied a large area.

A young woman in a black bikini was swimming in the pool.

Amidst the splashing water, one could see the woman's smooth and fair skin and gentle figure.

Moreover, Yang Luo could also sense that this woman was a Martial Warrior with a mid-stage Connate Realm cultivation.

Yang Luo narrowed his eyes slightly. It seemed that this woman should be the president of the West Wind Chamber of Commerce, Zhong Lingyun.

Soon, Zhong Lingyun swam to the shore and left the swimming pool. She strode towards Yang Luo with her long snow-white legs.

Walking in front of Yang Luo, the woman took off her swimming cap. Her long black hair scattered down and she put on a bathrobe.

Yang Luo also saw the woman's appearance clearly. The woman had an oval face. Although her facial features were not especially exquisite, they were also very good-looking. She could be considered a beauty.

In particular, there was a heroic and murderous aura in the woman's eyes. Clearly, it was not something ordinary women could compare to.

Therefore, this woman was the president of the West Wind Chamber of Commerce, Zhong Lingyun, nicknamed "Bamboo Green".

(TL Note: Bamboo Green is the name given to *Trimeresurus albolabris*, a type of poisonous snake.)

"You're Yang Luo?"

Zhong Lingyun sized up Yang Luo with curiosity in her eyes.

"I'm Yang Luo."

Yang Luo nodded.

"Mr. Yang, you look even younger than in the photo."

Zhong Lingyun narrowed her eyes and said, "I didn't expect you to have such strength at such a young age. To think you can actually defeat the five Heavenly Kings of the Eastern Alliance and Jiang Tianlong at your age. You're really not simple."

Hence, before inviting Yang Luo here, she had already investigated his identity.

However, she could only find out about Yang Luo's situation after coming to Jiang City. As for what Yang Luo had done in the past and his family background, she could not find out anything.

Hence, this made her even more curious about Yang Luo.

Yang Luo said indifferently, "The five Heavenly Kings and Jiang Tianlong of the Eastern Alliance are nothing to me."

“Hehe...”

Zhong Lingyun chuckled and raised her hand, “Mr. Yang, please sit.”

As she spoke, she sat on the recliner beside her and lit a lady’s cigarette.

Yang Luo also sat down.

Zhong Lingyun exhaled a mouthful of smoke and said, “Mr. Yang, you should know who I am, right?”

Yang Lou smiled, “The president of the West Wind Chamber of Commerce, Zhong Lingyun.”

“That’s right.”

Zhong Lingyun nodded and asked, “Then do you know why I invited you here?”

Yang Luo shrugged and said, “Is it to kill me?”

Zhong Lingyun shook her head and said, “Jiang Tianlong has already told me and the other two presidents what you did at the Dragon Bay Manor previously.

He wants to join forces with us to eliminate you.

However, I want to give you a chance, Mr. Yang.”

“Chance?”

Yang Luo raised his eyebrows. “What chance?”

Zhong Lingyun said, “The opportunity to join our West Wind Chamber of Commerce.”

“Join your West Wind Chamber of Commerce?”

Yang Luo was stunned. He clearly did not expect this woman to still want to rope him in.

“That’s right.”

Zhong Lingyun nodded and said, “I admire your courage and strength, Mr. Yang, so I want to invite you to join our West Wind Chamber of Commerce.

If you’re willing, I can save your life.

For my sake, Jiang Tianlong and the others won’t make things difficult for you anymore.”

Yang Luo shook his head and said, “Forget it then. I’ve never thought of being someone’s underling.”

“Mr. Yang, don’t be in a hurry to refuse.”

Zhong Lingyun picked up a walkie-talkie on the table and said, “Come in.”

A few minutes later...

The door was pushed open.

A woman in a black suit led five women in bikinis over.

The five women had different skin colors. There were Asians, whites, and hispanics.

Moreover, each of these five women was very beautiful and had hot figures.

Yang Luo looked puzzled at the sight, "President Zhong, what do you mean by this?"

Zhong Lingyun simply smiled and said, "Mr. Yang, as long as you're willing to join our West Wind Chamber of Commerce, these five women are yours."

Yang Luo was speechless.

She actually wanted to try and use a woman to seduce her?

No matter how beautiful these five women were, they were far inferior to Su Qingmei, Su Wanqiu, and Qin Yimo.

Yang Luo shook his head and said, "I'm sorry, President Zhong. I'm not interested in these five women."

"Really?"

Zhong Lingyun smiled and picked up the walkie-talkie again.

Soon, four women in black suits walked in with four large black leather boxes.

After arriving in front of Zhong Lingyun, the four women in black suits opened four black leather boxes.

There were stacks of green US dollars inside that were exceptionally eye-catching.

The five hot women stared fixedly at the leather box, unable to look away.

Zhong Lingyun pointed at the four leather boxes and said, "Mr. Yang, as long as you're willing to join our West Wind Chamber of Commerce, this money is yours as well."

Yang Luo shook his head again, "I'm not interested in these things."

Zhong Lingyun frowned this time, before picking up the walkie-talkie again.

Soon, another woman in a black suit walked in with a black leather box.

After walking up to Zhong Lingyun, the woman in the black suit opened the black leather box..

Chapter 67: Useless!

In the box were a set of keys to the villa and several car keys. There were Lamborghinis, Ferraris, Land Rovers, Mercedes-Benzs, and BMWs.

Zhong Lingyun pointed at the leather box and the five women and said, "Mr. Yang, as long as you join our West Wind Chamber of Commerce, these cars, houses, and beauties will be yours!"

As far as she was concerned, no man could refuse a house, a car, or a beauty.

However, Yang Luo still shook his head and said, "President Zhong, although you know how to conduct yourself better than Jiang Tianlong...

However, I'm sorry, I really have no intention of joining any Chamber of Commerce."

“Mr. Yang, are you sure you don’t want to reconsider?”

Zhong Lingyun was still a little indignant.

Although the four Chambers of Commerce were all working for King Zhennan, there was still competition between them.

After knowing that Yang Luo was powerful, the first thing she thought of was to rope him in.

As long as Yang Luo agreed to join the West Wind Chamber of Commerce, she would obtain a capable general.

“There’s no need to think about it.”

Yang Luo shook his head.

Hearing Yang Luo’s reply, a hint of anger appeared on Zhong Lingyun’s face.

She had already shown enough sincerity, but she did not expect this kid to still refuse.

This made her feel as though he was not respecting her.

She stared at Yang Luo coldly and said, “If you reject me today, you’ll die the next time our four Chambers of Commerce join forces to deal with you!”

Yang Luo’s expression also turned cold.

He met Zhong Lingyun’s gaze and said in a low voice, “Are you threatening me?”

Zhong Lingyun stubbed out her cigarette and said, “I’m not threatening you. I’m just telling the truth.

You offended Jiang Tianlong and injured many people in the Eastern Alliance. This is already a capital offense.

Moreover, you even said arrogantly that you wanted King Zhennan to submit to you. This is basically adding oil into fire!

“Now, only our West Wind Chamber of Commerce can protect you. Even the Su family can’t protect you.”

Hearing this, Yang Luo immediately smiled.

“What are you smiling at?”

Zhong Lingyun frowned.

Yang Luo stopped smiling and stared at Zhong Lingyun. He said in a steely voice, “President Zhong, let me tell you. I’ve never been afraid of your four Chambers of Commerce, and I’ve never thought of letting others protect me!

“That’s because I don’t need it at all!”

Zhong Lingyun said in a low voice, “Mr. Yang, I know you’re quite skilled.

However, as the saying goes, two fists cannot defeat four hands.

“Our four Chambers of Commerce have sent out all their experts. Do you think you still have any hope of survival?”

“The four Chambers of Commerce have joined forces? All their experts?”

Yang Luo narrowed his eyes and smiled, “In my eyes, these so-called experts under your four Chambers of Commerce are all useless!”

As soon as these words were spoken...

The women in black suits present were instantly furious!

Arrogant!

This kid was too arrogant. He actually said that all the experts of the four major chambers of commerce were useless. This was simply unbearable!

Zhong Lingyun was so infuriated that her chest heaved up and down, and a wisp of killing intent appeared in her eyes!

Yang Luo ignored their anger and stood up, “President Zhong, it’s getting late. I won’t chat with you anymore.

“I advise you not to provoke me again. Hurry up and get King Zhennan to see me. That’s the best solution.”

With that, Yang Luo prepared to leave.

However, Yang Luo had just taken a few steps when Zhong Lingyun’s voice sounded from behind.

“Kid, do you think you can come and go as you please?”

As she spoke, Zhong Lingyun waved her hand, “Attack!”

With this order!

The six women in black suits present moved at the same time and rushed towards Yang Luo!

Moreover, more than ten women in black suits rushed in!

Half of these women in black suits were Martial Warriors with extraordinary strength!

Even if the remaining half were not Martial Warriors, they were all martial artists!

Yang Luo sighed and shook his head, “I really don’t want to hit a woman, but why are you forcing me?”

Right after he finished his sentence!

Immediately, four women in black suits rushed up and punched at Yang Luo at the same time, attacking the fatal parts of his body!

These four women in black suits cooperated very well. They could attack or retreat. Ordinary people might not be able to withstand them at all!

Unfortunately, they met Yang Luo!

The moment the four women in black suits attacked...

Yang Luo did not dodge or move to avoid them. He tilted his body slightly, causing the attacks of the four of them to miss!

Then, he stretched out his hands and grabbed the wrists of the two women in black suits in the air. Then, he exerted strength in his arms and swung them violently!

Bang! Bang! Bang!

With a series of collision sounds, the four women in black suits flew out like sandbags and fell into the pool at the same time!

Just as the four women in black suits fell into the pool, the remaining women in black suits had already rushed over and attacked Yang Luo!

The fist force whistled, the palm force was like the wind, and the leg force tore through the air!

Strong winds swept out!

Yang Luo's figure flashed and turned into an afterimage. He flashed through the crowd like a ghost!

He turned his hands into palms and kept slapping out!

With every palm strike, several women in black suits were sent flying!

This scene left the women in black suits in shock!

They realized that in front of Yang Luo, they had no way to retaliate at all!

Moreover, no matter how ferocious their attacks were, they could not touch Yang Luo at all!

In less than a few seconds.

More than 20 women in black suits were sent flying by Yang Luo and fell into the pool!

Right at this moment!

Zhong Lingyun's figure moved and she rushed towards Yang Luo as well.

She flipped her wrist, and a snake-shaped dagger with a green glow appeared in her hand. It really looked like a Bamboo Green Snake from afar!

And as she approached Yang Luo!

Zhong Lingyun waved her right hand and stabbed the dagger in her hand at Yang Luo's throat!

However, just as the dagger was about 20 centimeters away from Yang Luo's throat, it suddenly stopped!

Yang Luo had casually raised his right hand and used his index and middle fingers to clamp the dagger, preventing it from moving forward any further.

After clamping the dagger, Yang Luo exerted strength in his right hand!

Swoosh!

Zhong Lingyun felt a sharp pain in her wrist and the dagger in her hand flew out of her hand. With a thud, it was nailed to a wall far away!

Her pupils constricted and she immediately changed her move. She clenched her left hand into a fist and punched towards Yang Luo's chest!

“How suited to your namesake. You're really vicious!”

Yang Luo teased her. Then, he raised his right hand and grabbed Zhong Lingyun's wrist, preventing her from breaking free!

“D*mn it!”

Zhong Lingyun shouted and exerted strength from her waist and abdomen. Her long, straight, and fair legs instantly streaked across the sky and kicked towards Yang Luo's waist!

“Too slow!”

Yang Luo said indifferently. Then, he raised his left hand and grabbed Zhong Lingyun's right ankle!

Then, Yang Luo took a step forward and moved into Zhong Lingyun's space!

As Zhong Lingyun was only wearing a bathrobe on the outside and a bikini on the inside, Yang Luo could clearly feel the softness of the woman's body!

“Let go of me!”

Zhong Lingyun blushed and roared..

Chapter 68: Late Foundation Establishment Realm!

“Get going!”

Yang Luo did not let go of Zhong Lingyun. Instead, he exerted strength in his arms and threw her towards the swimming pool in the distance!

“ARRGHH!!”

Zhong Lingyun screamed and fell heavily into the pool with a plop!

Water splashed everywhere, and Zhong Lingyun involuntarily swallowed a few mouths of water!

Yang Luo clapped his hands and teased, “President Zhong, your figure is really good. As expected of someone who practices martial arts.

Alright, I won't play with you anymore. Bye.”

With that, Yang Luo strode out.

“Bastard, I'll definitely kill you!”

Zhong Lingyun screamed at Yang Luo.

Yang Luo waved his hand without looking back and said, “Hurry up and call

King Zhennan to see me. You guys can't beat me!”

“Stop that guy!”

“We must kill him!”

The other women in black suits roared and were about to chase after him.

“Wait!”

Zhong Lingyun hurriedly called out to everyone.

“President, what’s wrong?”

“Are we going to let that kid go?”

The women in black suits spoke one after another.

Zhong Lingyun let out a long breath and said, “You’re not that kid’s match at all.

If you chase after him now and anger him, I’m afraid none of you will survive.”

“We can’t just let it go like this. This kid is too arrogant!”

A woman in a black suit said hatefully.

“Naturally, I won’t let it go just like that.”

Zhong Lingyun gritted her teeth and said, “If we want to kill this kid, we have to join forces with the other three Chambers of Commerce.”

“Yes!”

All the women in black suits nodded heavily.

As long as the four Chambers of Commerce issued a killing order at the same time, no matter how strong this kid was, he would only die!

It was around midnight.

Imperial River Court Villa No. 8.

After confirming that Su Qingmei, Qin Yimo, and Wu Yue were asleep, Yang Luo quietly came to the courtyard.

Now that he had gathered all the herbs, he planned to refine the Spirit Gathering Pill tonight and break through to the next realm.

After walking to the courtyard, Yang Luo sat down cross-legged and took out a rusty bronze cauldron the size of a basketball from his storage ring.

This small cauldron was given to him by that old fart.

However, when he was learning alchemy from that old fart, because this small cauldron had exploded thousands of times, it was already broken beyond repair. Its body was covered in cracks.

He wondered if this tiny cauldron could last until he finished refining the Spirit Gathering Pill.

Forget it. Whether he could give it a try or not, he would think about it later.

Thinking of this, Yang Luo gently threw the small cauldron in his hand and shot out a stream of True Qi to support the small cauldron, making it float in midair.

Then, Yang Luo crushed all the herbs he had gathered and threw them into the small cauldron.

After throwing the herbs into the small cauldron, Yang Luo waved his right hand.

The dewdrops on the flowers and trees in the courtyard gathered and seemed to transform into a clear spring that flowed into the small cauldron.

Because there was no spiritual spring in the vicinity, Yang Luo planned to replace it with dew.

Dew was also known as rootless water. It was very suitable for brewing medicine and refining pills.

After the cauldron was half filled with dew, Yang Luo set up an array formation in the courtyard to soundproof it.

Then, he raised his hands at the same time and continuously mobilized the True Qi in his body, turning it into golden true fire. He began to burn the small cauldron and refine the Spirit Gathering Pill.

As the flames continued to increase, the temperature in the entire courtyard began to gradually rise.

This was also the reason why Yang Luo came to the courtyard to refine pills. If he refined pills at home, it would be very easy to burn down the house.

Time continued to flow.

It lasted till two or three in the morning.

Suddenly!

Bam!

The small cauldron that was originally floating in the air suddenly exploded, turning into a large number of fragments that flew in all directions!

“F*ck! The furnace exploded again?!”

Could it have failed?!”

The corners of Yang Luo’s mouth twitched as he quickly retracted his True Qi flames.

However, just as the small cauldron exploded, a few black and uneven medicinal pills fell.

Yang Luo hurriedly picked it up and counted. There were a total of eight Spirit Gathering Pills.

Although their appearance not look good, it was a real Spirit Gathering Pill.

“Phew...”

Yang Luo heaved a sigh of relief and muttered, “I’ve finally succeeded in refining it. Unfortunately, the small cauldron can’t be used anymore.”

It seemed that he had to find a new pill cauldron. Otherwise, he would not be able to refine other pills in the future.

Then, Yang Luo put away the small cauldron fragments scattered everywhere and sat cross-legged once again. He took a medicinal pill and began to cultivate.

The pill melted in his mouth and the medicinal effects spread to Yang Luo's internal organs, eight extraordinary meridians, and limbs.

Yang Luo immediately felt his entire body burning as abundant spiritual energy flowed through his body.

Moreover, the spiritual energy between heaven and earth also gathered from all directions and surged into Yang Luo's body continuously.

A faint golden dragon phantom coiled around his body, illuminating the entire courtyard and dyeing it golden.

After an unknown period of time, a muffled bang sounded in Yang Luo's dantian.

The golden dragon phantom that coiled around his body also became slightly more solid.

Yang Luo suddenly opened his eyes, and a hint of joy appeared on his face.

He had finally broken through!

His cultivation level had advanced from the mid-Foundation Establishment Stage to the late-Foundation Establishment Stage.

He wanted to see if he could take this opportunity to step into the great circle of Foundation Establishment.

Thinking of this, Yang Luo took another pill and began to cultivate.

The night passed, and dawn arrived in the blink of an eye.

It was not until the sun shone down that Yang Luo slowly opened his eyes.

A helpless expression appeared on Yang Luo's face.

After his cultivation reached the late-stage Foundation Establishment realm, he could no longer break through.

Even if he took the Spirit Gathering Pill, it would not work.

It seemed that it was still too difficult for him to break through two small realms in a row.

Yang Luo shook his head, then got up and walked into the villa to start making breakfast.

After breakfast was ready, Su Qingmei, Qin Yimo, and Wu Yue came downstairs.

During breakfast, Su Qingmei said, "Hey, there seemed to be movement in the courtyard last night. Did you guys hear it?"

As there had been a lot of work at the company recently, she had some insomnia, so she slept late last night.

When Yang Luo entered the courtyard, she did hear a little movement, but she didn't hear anything after that.

"No."

Qin Yimo and Wu Yue shook their heads.

Yang Luo laughed and said, "Maybe it's the commotion caused by the wild cat."

"Possibly."

Su Qingmei nodded and did not think too much about it.

After breakfast, Yang Luo helped Qin Yimo perform acupuncture again before driving Su Qingmei to the company.

However, on the way to the company, someone called Su Qingmei's phone.

After answering the call, Su Qingmei's expression darkened.

"Qingmei, what's wrong?"

Yang Luo asked in confusion..

Chapter 69: Almost Bankrupt!

Su Qingmei rubbed her eyebrows and said, "Xu Yan called just now and said that Baolin Medicinal Herbs Company suddenly called to say that they wanted to cancel their cooperation with us. They even said that they would no longer provide our company with medicinal herbs in the future.

"We've been cooperating with Baolin Medicinal Herbs Company for several years. We've always been mutually beneficial and have a good relationship.

However, I did not expect Baolin Medicinal Herbs Company to be so ruthless this time. They did not even give us any time to prepare.

Now that our company is intensifying the development of new products, we can't do without medicinal herbs.

Once the supply is stopped, the development of new products will definitely be delayed. Moreover, it will cause a lot of trouble for the subsequent product production."

Yang Luo asked, "Is this Baolin Medicinal Herbs Company from the Heroes Chamber of Commerce?"

"That's right."

Su Qingmei nodded and said, "I knew President Cai from the Heroes Chamber of Commerce."

"That's strange."

Yang Luo frowned and said, "Didn't President Shen say that she would help us persuade the bosses of those companies?"

Su Qingmei said, "While President Shen is willing to help persuade, and many bosses will show her some face...

... This doesn't mean that all the bosses will listen to President Shen. Moreover, President Shen has no right to interfere with the decisions of those bosses."

Yang Luo said, "Since this Baolin Medicinal Herb Company wants to cut ties with us, can't we just find another medicinal herb company?"

Su Qingmei said, "That's true, but the key is that no medicinal herb company is willing to cooperate with us anymore.

Because in their opinion, our company no longer has any future.

"Of course, even if a medicinal herb company is willing to cooperate with us, we have to spend time negotiating. This will waste a lot of time."

Yang Luo asked, "Then what should we do now?"

Su Qingmei thought for a moment and said, "Let's go to Baolin Medicinal Herb Company directly to talk to President Cai now."

"Fine."

Yang Luo nodded and turned on the navigation system, heading straight for the Baolin Medicinal Herbs Company.

Not long after, the car arrived at a 30-story office building in the city center called Huitong Building.

After parking the car, Yang Luo followed Su Qingmei towards the Huitong Building.

"How strong is this Baolin Medicinal Herbs Company?"

Yang Luo asked in curiosity.

"The Baolin Medicinal Herbs Company is very powerful in Jiang City. It's considered one of the largest medicinal herbs companies in Jiang City. It works with many pharmaceutical companies and hospitals."

Su Qingmei replied and added, "Of course, in the beginning, the scale of the Baolin Medicinal Herbs Company was not big.

"The reason why the Baolin Medicinal Herbs Company can become stronger is all thanks to Director Tang's help."

"Director Tang?"

Yang Luo was stunned, "Which Director Tang?"

Su Qingmei said, "Of course it's Director Tang Dexin from the Central Hospital.

The President of the Baolin Medicinal Herbs Company is Cai Donglai. His sister is Director Tang's wife.

“It’s precisely because of this that Cai Donglai relied on Director Tang’s connections and resources to allow the Baolin Medicinal Herbs Company to develop rapidly.”

“I see.”

Yang Luo nodded in realization and said, “In that case, I’ll call Director Tang.

As long as Director Tang is willing to speak up for us, I believe Cai Donglai won’t dare to cancel the cooperation with our company.”

Su Qingmei said, “But if we ask Director Tang for help, I’ll owe him a favor. I don’t like to owe others a favor because it’s really difficult to return a favor.”

Yang Luo smiled and said, “You don’t have to return Director Tang’s favor. I’ll return it.”

Su Qingmei pursed her lips and said, “Let’s talk to Cai Donglai first. If it really doesn’t work, we’ll get Director Tang to help.”

“Alright.”

Yang Luo nodded.

After entering the Huitong Building, Su Qingmei spoke to the front desk.

Soon, Cai Donglai’s assistant came down.

Under the lead of the female assistant, Yang Luo and Su Qingmei took the elevator all the way to the 25th floor and arrived at the door of the President’s office.

The female assistant knocked on the door and said, “President Cai, President Su is here.”

“Invite President Su in.”

A slightly hoarse male voice came from inside.

He pushed open the door and walked in. He saw a middle-aged man in a white shirt with a big belly and a bald head sitting at his desk, reading documents.

This middle-aged man was the President of the Baolin Medicinal Herbs Company, Cai Donglai.

“I didn’t expect President Su to come. Sorry for not coming out to welcome you.”

Cai Donglai put down the document and greeted them with a smile.

Su Qingmei also smiled and said, “President Cai is a busy person. If it weren’t for an urgent matter, I wouldn’t have disturbed you.”

“Hey, I’m just busy with random matters, nothing too important.”

Cai Donglai chuckled, then looked at Yang Luo and asked, “This is?”

Su Qingmei replied, “He’s my assistant, Yang Luo.”

“Oh…”

Cai Donglai nodded and raised his hand. "President Su, Assistant Yang, please sit."

As he spoke, Cai Donglai even asked his assistant to pour two cups of tea.

After pouring the tea, the female assistant left the office.

Cai Donglai sat on the sofa with his legs crossed. He lit a cigarette and asked, "May I know why President Su is looking for me?"

Su Qingmei went straight to the point. "President Cai, I won't beat around the bush with you. I just want to ask you, why did you suddenly cancel your cooperation with our company?"

"Oh, you're talking about this."

Cai Donglai flicked the cigarette ash and said, "President Su, to be honest, I've considered this decision for many days.

There was no choice. There were more and more companies working with our Baolin Medicinal Herbs Company now, so our demand for medicinal herbs was almost unable to keep up.

"That's why we want to cancel our cooperation with some companies to relieve the pressure."

"Then why did you choose us?"

Su Qingmei frowned. "President Cai, we've been working together for three years and have never had any disputes.

But why did you say that you would terminate the cooperation with us just like that? Why didn't you even talk to us about it."

"Well..."

Cai Donglai exhaled a long puff of smoke and put on a difficult expression.

Su Qingmei said, "President Cai, please tell me the truth."

"Sure."

Cai Donglai stubbed out his cigarette and said, "Since President Su wants to hear the truth, I'll tell you the truth.

Right now, Hua Mei Biomedical is getting worse by the day. There was no hope at all. It's only a matter of time before the company will go under.

"If we continue to cooperate with you, once your company goes bankrupt, it will affect our company greatly.

"So, in order to minimize the risk, I can only do this. President Su, please understand."

Hearing Cai Donglai's words, Su Qingmei's expression turned even uglier.

She frowned and said, "President Cai, aren't you going a little too far?"

“Our company is still fine now. How can it go bankrupt?”

Cai Donglai stubbed out his cigarette and said, “Yes, your company is still fine now, but how long can you last under the suppression of Ding Sheng Biomedical?”

Chapter 70: A Call!

Su Qing said firmly, “President Cai, please believe me. In less than half a month, our company will be revived!”

“Oh?”

Cai Donglai narrowed his eyes and smiled. “What right do you have to say that?”

Su Qingmei said, “Now that our company is seizing the time to develop a new product, I’m confident that as long as the new product goes on the market, our company will definitely be able to regain the market!

“At that time, the sales of our products will definitely be very popular. At that time, our demand for medicinal herbs will also be greater!

As long as President Cai continues to cooperate with our company, you will definitely earn a lot in the future!”

Cai Donglai shook his head and said, “President Su, there’s no need to say these meaningless words.

If your Hua Mei Biomedical could really compete with Ding Sheng Biomedical, you wouldn’t be in such a miserable state, right?

“Which medicinal herb company do you think dares to cooperate with you now?”

Su Qingmei said, “President Cai, please believe me. Half a month is enough!”

“I think I’ll pass.”

Cai Donglai waved his hand and said, “President Su, I still have something on, so I won’t keep you.”

Obviously, Cai Donglai was already impatient and directly ordered her to leave.

Su Qingmei’s expression turned cold, “President Cai, we have a contract first. Even if we want to terminate the cooperation, we have to be given three months as a buffer.

Now, you suddenly proposed to cancel the cooperation. You have to pay the penalty for breaching the contract.”

Cai Donglai sneered and said, “The penalty for breach of contract is nothing. I can give it to you now.

How much was it again? It seemed to be ten million yuan, right?

I'll transfer it to you now."

As he spoke, Cai Donglai prepared to call the finance department to transfer the money.

In the past two days, President Jiang of Ding Sheng Biomedical had already told him that as long as he broke off his cooperation with Hua Mei Biomedical, Ding Sheng Biomedical would give up another 10% of its profits to his company.

Therefore, the 10 million yuan penalty was really nothing to him.

Seeing that Cai Donglai was determined to terminate the cooperation, Su Qingmei immediately panicked.

"President Cai, even if you don't give President Su face, you have to give your brother-in-law face, right?"

Yang Luo, who had been silent all this while, suddenly spoke out calmly.

Seeing that the negotiation had failed, Yang Luo could only use Tang Dexin as a chip.

"My brother-in-law?"

Cai Donglai frowned when he heard those words, "Are you very familiar with my brother-in-law?"

Yang Luo nodded and said, "Of course. Your brother-in-law has asked me to do a lot of things. We're friends. We can't be more familiar."

"What a joke!"

Cai Donglai laughed mockingly, "My brother-in-law is the director of the largest hospital in Jiang City. Why would he need your help?"

Who do you think you are?

You're just a small assistant. How dare you say that you're very familiar with my brother-in-law?"

Yang Luo smiled faintly and said, "Since you don't believe me, then let me give your brother-in-law a call."

Cai Donglai immediately laughed and said, "Go ahead, go ahead and call now!"

"If my brother-in-law really has a good relationship with you, I can consider not canceling the collaboration with your company!"

He did not believe that a small assistant could know his brother-in-law.

Yang Luo smiled faintly and said, "You said it yourself."

"I mean what I said!"

Cai Donglai sneered and said, "Hurry up and stop wasting time!"

Yang Luo didn't say anything else and called Tang Dexin directly.

The phone rang for a while before it was picked up.

Yang Luo turned on the speaker.

“Divine Doctor Yang, I’m sorry. I was in a meeting. Why are you looking for me, Sir?”

Tang Dcxin’s voice was very respectful.

Hearing Tang Dexin’s voice, Cai Donglai hurriedly sat up straight and looked at Yang Luo in surprise.

He did not expect Yang Luo to really know his brother-in-law!

Moreover, his brother-in-law seemed to be very respectful to this kid. In order to answer the call, he did not even care about the meeting and even addressed him as “Sir”!

Yang Luo went straight to the point, “Director Tang, I have something to trouble you with today.”

Tang Dexin smiled and said, “Divine Doctor Yang, what trouble? Your matter is my matter. As long as I can do it, I will definitely do it.”

“Director Tang, it’s like this...”

Yang Luo did not hesitate and told Tang Dexin what had just happened.

After hearing Yang Luo’s words, Tang Dexin was instantly angry, “Divine Doctor Yang, get that bastard Cai Donglai to answer the phone!”

Cai Donglai was so frightened that he broke out in cold sweat. He hurriedly called out, “Brother-in-law, I’m here!”

Tang Dexin immediately raged, “You bastard, don’t think that you can be arrogant just because your company has grown big!

How dare you look down on Divine Doctor Yang and President Su?

If it weren’t for my help, would you have gotten to where you are now?

It’s your honor to work with Divine Doctor Yang and Hua Mei Biomedical!

“In short, I don’t care what reason you have, you’re not allowed to terminate your cooperation with Hua Mei Biomedical!”

It was too late for him to curry favor with Yang Luo, so he naturally wouldn’t allow Cai Donglai to ruin his relationship with Yang Luo.

“Why?”

Cai Donglai was very puzzled.

“There’s no reason. Just do as I say!”

Tang Dexin replied angrily. Then, his tone took a 180 degree change as he said, “Divine Doctor Yang, if this guy dares to put on airs in front of you again, tell me. I’ll definitely slaughter him!”

“Sure.”

Yang Luo nodded and said, “Director Tang, then continue the meeting. I won’t disturb you anymore.”

“It’s fine, it’s fine.”

Tang Dexin laughed over the phone and continued, “Oh, right, Divine Doctor Yang, I’ve already drafted the contract. When do you think I’ll send it to you?” Yang Luo said, “I’ll call you when I have time.”

“Alright!”

Tang Dexin responded.

Then, Yang Luo and Tang Dexin chatted for a while more before hanging up.

After hanging up, Yang Luo looked at Cai Donglai with a faint smile and said, “President Cai, didn’t you just say that as long as I have a good relationship with your brother-in-law, you would consider not canceling the collaboration with our company? Now, look at this...”

Cai Donglai’s face blossomed into a radiant smile as he said, “Assistant Yang, since you know my brother-in-law, you should have said so earlier. This way, we wouldn’t have been so unhappy just now.”

Yang Luo smirked, “I just don’t want to trouble Director Tang.”

Cai Donglai laughed, “Since my brother-in-law has said so, our Baolin Medicinal Herbs Company’s cooperation with Hua Mei Biomedical will continue.”

Hearing Cai Donglai’s words, Su Qingmei was stunned.

It was settled just like that?

She looked at Yang Luo with a complicated expression.

Although this guy had not been in Jiang City for long, he did not expect him to already have his own connections and resources.

He had solved a problem that she could do nothing about with a phone call.

Yang Luo said, “President Cai, don’t worry. In less than half a month, you’ll know that what President Su said just now is true.

“Continuing to work with Hua Mei Biomedical is the wisest choice. In the future, your company will earn much more money than before.”

“Uhh...”

Cai Donglai could only laugh dryly, “I hope so.”

The reason why he did not cancel the collaboration with Hua Mei Biomedical was entirely because of his brother-in-law.

After all, everything he had now was thanks to his brother-in-law’s help.

As for what Yang Luo said, he naturally did not believe it..
