

## Super IDG 831

Chapter 831: Everything is ready but missing the critical element!

Among these ten experts, six of them were at the Martial Highness Realm, and the other four were at the Martial King Realm!

Everyone was famous in the Elephant Kingdom and was an overlord!

Now that these people were gathered together, it was still quite terrifying!

The four Martial King Realm experts were respectively...

Flowing Cloud Sword King Diels, Shadow Breaking Saber King Pillard, Mountain Splitting Palm King Karloff, and Hurricane Leg King Meñique!

The six Martial Highness Realm experts were respectively!

Prissy the Bloody Hand Fist Master, Mittel the Lord of the East Island, Anya the Soul Hunter Evil King, Draya the Venerable of Hundred Poisons, Akkalon the White-Haired Dragon, and Regons the Desperate Azure Tiger!

At this moment.

Pato and the ten experts were quietly waiting for the other four Martial Alliances to arrive.

After waiting for half an hour.

Diels frowned and said, "Alliance Master, why haven't the Martial Alliance, Country Asan's Martial Alliance, Country Southpeace's Martial Alliance, and Country Banana's Martial Alliance arrived yet? Don't tell me they don't dare to come?"

Pillard said proudly, "Even if they don't come, we alone are enough to kill Kunlun and Yang Luo!"

"That's right. As long as Xiang Kunlun and the others dare to come, we'll definitely bury them here!"

"We must kill them this time to wash away the humiliation of our Martial Alliance in Country Elephant!"

"How dare they kill people from the Martial Alliance of our Country Elephant? They have to pay with their blood!"

The others roared as well. They were aggressive and filled with fighting spirit.

Pato raised his hand and said, "Everyone, you are all experts of our Country Elephant's Martial Alliance. Your strength is naturally unquestionable!"

However, Xiang Kunlun, Yang Luo, Xu Ying, Bujie, and Prajna are also very powerful!

Back then, they could sweep through our thirteen martial arts schools with just five people. They even fought their way to our Martial Alliance headquarters and killed so many people!

Therefore, everyone should not underestimate their enemy!

It would probably be very difficult for us to kill those five guys alone!

That's why I wanted to join forces with the other four Martial Alliances to kill those five guys!"

Priscilla chuckled and said, "Alliance Master, you're too cautious. I don't believe that those five guys can be very strong!"

Karloff also grinned hideously, "If they dare to come, I'll kill them with one palm strike!"

The others also looked disdainful, feeling that Pato was too careful.

Pato sighed and said, "If you had seen the battle that night with your own eyes, you wouldn't think that way.

"In short, to be safe, we have to join forces with the other four Martial Alliances."

Right at this moment...

Rumble rumble rumble!

The entire island and the distant sea shook violently!

"What happened?!"

"Could it be an earthquake and tsunami?!"

"Look in the distance, someone seems to be coming!"

Everyone by the sea exclaimed and looked into the distance.

Huge waves rose from the sea in the distance, as if they had transformed into a city wall of water. It was extremely spectacular!

Four luxury yachts broke through the water wall and drove over from afar!

There were eleven people standing on each yacht!

Everyone's bodies shone with all kinds of dazzling lights!

The four people in the lead were the alliance leaders of Country Noodle, Country Asan, Country Annan, and Country Banana!

Three-headed Giant Python Sha Kun, Wind Fire Lion King Henik, Eight-Armed Divine Ape Hathaway, and Victorious Boxing King Gautier!

The 40 people standing behind the four of them were clearly not ordinary people!

The pressure and aura that erupted from their bodies were incomparably terrifying, causing earthquakes and tsunamis to form!

"Hahaha, Brother Pato, we're here!"

"Brother Pato, sorry to keep you waiting!"

"Everyone, show Alliance Master Pato a few moves!"

"Let Alliance Master Pato see your strength!"

Sha Kun, Henik, Hathaway, and Gautier shouted.

The 40 people standing behind the four of them took a step forward and used their ultimate moves!

The people with weapons in their hands waved their weapons!

Those who did not hold weapons swung their fists and extended their claws!

Boom! Boom! Boom!

A series of explosions erupted on the sea, as if missiles had exploded!

Thicker waves soared into the sky, as if they wanted to connect the sky and the sea!

Abyssal vortexes were formed on the surface of the sea and cracks were split open!

The fish in the sea were also blasted out, and some sharks were even killed!

After a while...

Countless fish corpses floated on the sea, and blood dyed the sea red!

Looking at the scenes in the distance!

Pato and the others' eyes were filled with shock!

"Looks like the martial artists of the four Martial Alliances are also very impressive!"

"These Martial Warriors should be experts of the four Martial Alliances. Their strength is indeed shocking!"

"It's an honor to be able to fight with these experts!"

Pato and the others exclaimed in admiration.

Not long after...

The four yachts approached the beach.

After parking the yacht...

Sha Kun, Henik, Hathaway, and Gautier led everyone to the beach and walked towards Pato and the others.

Pato chuckled and said, "Thank you, brothers, for joining me!"

Sha Kun waved his hand and said, "Brother Pato, since we've already agreed to deal with Xiang Kunlun and the others together, we naturally can't go back on our word!"

"That's right!"

Henik nodded and said, "Besides, the three experts of our Country Asan and the Martial Alliance have all died in the hands of the five guys from Xiang Kunlun. We have to take revenge!"

Hathaway pointed behind him and said loudly, "Brother Pato, we've chosen the top experts of our four Martial Alliances this time!"

The lowest cultivation level is at the early-stage Martial Highness Realm, and the highest has reached the perfected Martial King Realm!"

Gautier said, "Including me, Sha Kun, Henik, and Hathaway, there are more than twenty Martial King Realm experts in our four Martial Alliances!"

There are as many as 24 Martial Highness Realm experts!

Brother Pato, what about you guys?"

Pato replied, "Now, I've finally stepped into the Martial King Realm!"

In addition to the four Martial King Realm experts of our Elephant Country's Martial Alliance, there are already five Martial King Realm experts!

Meanwhile, there are six Martial Highness Realm experts!"

Henik laughed and said excitedly, "In that case, we have twenty-five Martial King Realm experts and thirty Martial Highness Realm experts this time!"

Even if those five fellows from Xiang Kunlun are extremely powerful, they will definitely not be able to leave Gaman Island alive!"

Pato's face was also filled with excitement as he said, "There's an old saying in Country Hua that goes, 'To be prepared but lacking the critical element'!"

Now, we're just waiting for the five people from Xiang Kunlun's side to arrive!"

Sha Kun narrowed his eyes and said, "I'm just afraid that those five guys won't dare to come!"

Pato sneered, "Since Xiang Kunlun has already accepted the challenge, he will definitely come!"

If he does not come, he would lose the face of Country Hua's Martial Alliance and his face!

As long as he doesn't come, we'll publicize this matter and make Country Hua's Martial Alliance the laughing stock of the martial arts world!"

"Alright, let's do that!"

"As long as Xiang Kunlun and the others dare to come, we'll kill them in one go!"

“If they don’t come, let them lose all their face!”

Everyone shouted one after another, feeling that victory was already in their grasp and that they had control over this battle.

At this moment.

Sha Kun sensed his surroundings and said in confusion, “Did you notice that the spiritual energy on this island is quite abundant?”

Pato said, “When we came just now, we realized that the spiritual energy here is indeed more abundant than in many places. It’s very suitable for cultivation.”

Henik smiled and said, “In that case, let’s cultivate and wait here so that we can fight the five people of Xiang Kunlun!”

“Alright!”

Everyone replied in unison and walked towards the mountain on the island.

Chapter 832: Decisive Battle on Gaman Island!

It was past seven in the evening.

In China.

Qiongzhou.

Deer City Airport.

Yang Luo, Xu Ying, Bujie, and Prajna walked out of the exit.

Seeing the four of them come out...

“Brother Yang, Brother Xu, Brother Bujie, Sister Prajna, you’re finally back!”

Xiang Kunlun, who was already waiting in the hall, greeted them with a smile.

Behind him was a middle-aged man in a white Tang suit.

Although this middle-aged man was not tall, he was burly. His temples were bulging, and his hands were covered in calluses. It was obvious that he was not an ordinary person.

Yang Luo smiled and said, “Brother Xiang, sorry to keep you waiting.”

“It’s alright.”

Xiang Kunlun waved his hand and introduced the middle-aged man behind him, “This is the Alliance Master of the Martial Alliance in Deer City, Wan Zhipeng.”

Then, he introduced Yang Luo, Xu Ying, Bujie, and Prajna.

Wan Zhipeng stretched out his hand and sighed, “As expected, the student surpasses the master!

Everyone has such cultivation and strength at such a young age. You can even become brothers with our Chief. How impressive!”

Yang Luo smiled and said, "It's amazing that Alliance Master Wan can lead the Martial Alliance in Deer City!"

"This is nothing."

Wan Zhipeng smiled and waved his hand. Then, he said, "Everyone, I've already booked a private room. Let's go straight to dinner!"

"Alright!"

Yang Luo and the other three nodded.

Then, Yang Luo and the others walked out of the hall and got into the MPV to leave the airport.

Twenty minutes later, the car arrived at a high-end Chinese restaurant in the city.

They walked into the cafeteria and were led to a top-notch private room by the attendant.

After the dishes were served, everyone drank and chatted.

Xiang Kunlun asked, "Old Wan, is the yacht ready?"

"Alliance Chief, it's ready. It's parked at the port of the West Island."

Wan Zhipeng replied and asked, "By the way, Alliance Chief, are you going to sea after dinner with Brother Yang and the others?"

Xiang Kunlun took a sip of wine and nodded, "That's right!"

Wan Zhipeng asked again, "Alliance Chief, why are you and Brother Yang going out to sea?"

Xiang Kunlun and Yang Luo looked at each other and laughed.

Wan Zhipeng was a little stunned. He didn't know what the two of them were laughing about.

Xiang Kunlun patted Wan Zhipeng's shoulder and said, "Old Wan, you don't have to interfere in this matter."

"Alright."

Wan Zhipeng nodded and did not ask further.

After dinner.

Wan Zhipeng sent Xiang Kunlun, Yang Luo, and the others to the port of the West Island.

A medium-sized luxury yacht was docked at the port.

There was someone in charge of driving the boat.

After boarding the yacht...

After a while, Xiang Kunlun waved his huge hand.

"Let's go!"

With this order!

The yacht started up, broke through the waves, and headed for Gaman Island.

At this moment.

Gaman Island.

It was late at night.

The crescent moon hung high in the sky, scattering a cold light.

Fifty-five figures were sitting cross-legged on a mountain in the center of the island. They were Pato and the other members of the five Martial Alliances.

At this moment.

The people from the five Martial Alliances were cultivating. Their bodies flickered with various lights that illuminated the night sky.

Time continued to flow.

After an unknown period of time...

Pato, Sha Kun, Henik, Hathaway, and Gautier woke up from their cultivation one after another.

They looked up at the sky and frowned.

Pato said angrily, "Damn it, we've been waiting for a day, but I didn't expect those five guys to still not be here!"

Sha Kun said with a cold expression, "Looks like Xiang Kunlun doesn't dare to come!"

Henik mused, "Are they too scared to come because they know that we've gathered fifty experts?"

Hathaway stroked his chin and said, "That's possible."

Gautier sighed and said, "Unfortunately, we were fully prepared this time. But those guys actually didn't take the bait."

Henik said, "Why don't we just kill our way to Country Hua? I'd like to see if the five guys from Xiang Kunlun still dare to accept the challenge!"

"Brother Henik, don't be rash!"

Pato raised his hand and said, "Country Hua is their territory after all. If we run to their territory, we will undoubtedly be in danger!"

Sha Kun said, "Brother Pato is right. It's best for us to lure them out!"

Henik asked impatiently, "Then what do we do now? Do we continue to wait here?"

Pato looked at the time and said, "It's almost eleven o'clock. Let's wait another hour.

If Xiang Kunlun and the others don't come at midnight, we'll retreat."

"Alright, let's wait another hour!"

Henik gnashed his teeth and said, "As long as Xiang Kunlun and the others come, I'll definitely tear them into pieces to vent my hatred!"

"Ahhh!"

Pato, Sha Kun, Hathaway, and Gautier nodded as well, their eyes filled with cold killing intent.

Seconds ticked by.

Soon, another half an hour passed.

At this moment...

Whoosh! Whoosh!

A sound came from the distant sea, and it was getting louder and louder!

Pato, Sha Kun, Henik, Hathaway, and Gautier immediately woke up!

The five of them stood up one after another and looked into the distance. They saw a yacht approaching from afar!

Five figures stood on the deck of the yacht!

They were Xiang Kunlun, Yang Luo, Xu Ying, Bujie, and Prajna!

Pato was overjoyed and shouted, "They're here. The five guys are here!"

Henik grinned hideously, "Interesting. I didn't expect them to really dare to come!"

Sha Kun narrowed his eyes and said, "It's good that they're here. If they don't come, how can we kill them?"

At this moment, the other fifty martial artists who were cultivating woke up and stood up to look at the distant sea.

Pato shouted, "Everyone, Xiang Kunlun's group is here. Prepare for battle!"

"Yes!!!"

Everyone responded in unison. Their voices were shocking and their battle intent was high.

After waiting for another ten minutes....

The yacht was getting closer and closer to Gaman Island.

The figures and faces of Xiang Kunlun, Yang Luo, and the others were even clearer.

Pato said loudly, "Xiang Kunlun, not only did you dare to accept our challenge, but you also dared to come to the appointment. You're quite bold!"

However, our five Martial Alliances have gathered 50 experts today. You will only die!"

"Kill Xiang Kunlun and defeat the Country Hua's Martial Alliance!"

Henik roared.

"Kill Xiang Kunlun and defeat the Country Hua's Martial Alliance!"

The others also raised their arms and shouted, their killing intent soaring.

On the yacht.

"Hahaha..."

Hearing the roars of Pato and the others, Xiang Kunlun threw his head back and laughed. He was unrestrained and domineering!

“You clowns dare to clamor and say you want to kill me? You even dare to say that you want to dampen my Country Hua’s Martial Alliance’s spirit!

It’s simply a fool’s dream!”

Right after he finished his sentence...

Xiang Kunlun raised his right hand and threw a punch!

And in that instant!

A huge fist of black and golden flames blasted out like a meteorite!

Boom! Boom! Boom!

As the huge fist of black and golden flames swept across the sea, shocking waves immediately exploded on the sea!

A large amount of seawater was instantly evaporated, raising white fog!

After this huge black and golden fist swept across the sea, it directly exploded rows of trees and blasted towards one of the mountains!

Fear appeared on the faces of Pato and the others!

Chapter 833: Killed with a Single Strike!

“Quickly dodge!”

“Retreat!”

Pato and the others exclaimed and jumped up to dodge to the side!

The next second!

Boom! Boom!

Rumble!

The sound of collision and explosions shook the area!

One mountain after another was instantly shattered by the single punch!

Countless rocks and dust soared into the sky. It was an incomparably spectacular sight!

Just as the rocks and dust dissipated!

Pato and the others were dumbfounded!

A wide passageway was formed in the forest in front of them, and countless trees had been felled!

The mountain had also shattered, turning into five big pieces of rubble!

A huge fist mark was blasted out on the mountain behind it!

Moreover, under this punch, four Martial Highness Realm experts had already been killed!

These four Martial Highness Realm experts turned into pools of blood and mud that splattered on the rubble. It was a tragic sight!

“Gallier, Bardlow, Latum, Perton!”

Pato and the others shouted in shock, their eyes filled with fear and anger.

One punch!

Xiang Kunlun had actually killed four of their Martial Highness Realm experts with a single punch!

If they had not dodged in time, more people would have been killed!

Xiang Kunlun was actually so strong?

Just as Pato and the others were stunned!

“Sword, come!”

A powerful voice came from the sea.

Pato and the others hurriedly turned around!

What they caught sight of was a golden sword flying out of Yang Luo’s storage ring with a whoosh and being firmly grabbed by him!

The shape of this sword was very domineering. The dragon head was the handle, and the dragon body was the blade. There was a golden dragon pattern engraved on the blade!

It was the Dragon Emperor Sword!

This was also the second time he had used the Dragon Emperor Sword after obtaining it!

Yang Luo slowly raised the Dragon Emperor Sword in his hand and said in a booming voice, "Those who offend the Martial Alliance of Country Hua will be killed with a single strike!"

Right after he finished his sentence...

Yang Luo slashed out with all his might!

Swoosh!

With a slash, a golden sword beam lit up the night sky, and golden sword qi soared into the sky!

The vast and majestic sword qi seemed to have transformed into a huge golden sword phantom that slashed out angrily!

The sea in front of him was split open by a sword, revealing a wide gully!

The ravine continued to spread towards the island!

The beach, the forest, and the river were all cut off!

As the shocking sword slashed over...

“Get out of the way! Get out of the way!”

“Retreat! Retreat quickly!”

Pato and the others were so frightened that they roared loudly. They hurriedly flew up and continued to dodge to the side!

At that very moment...

Boom! Boom! Boom!

A series of earth-shattering explosions resounded!

A total of six mountains were cut apart by a sword, as if an abyss had been slashed out!

Moreover, even if Pato and the others reacted, one Martial King Realm expert and three Martial Highness Realm experts were still killed by a single strike!

“How is this possible... A Martial King Realm expert... three Martial Highness Realm experts were actually killed by a single strike?!”

“Why is this kid also so strong?!”

“Not only is this kid’s strength extraordinary, but the sword in his hand is also extraordinary!”

“These two damned bastards actually killed eight of our experts the moment they arrived!”

“Damn it! Damn it!”

Pato and the others roared. The anger in their hearts completely erupted, and their eyes were bloodshot.

The battle had yet to begin!

But eight experts on their side had been killed!

This was simply a humiliation!

This was unacceptable to them!

Pato roared, “We must kill them! Kill them!!!”

“Kill, kill, kill!”

Everyone roared in unison. They were furious and wished they could tear Yang Luo and Xiang Kunlun into pieces!

Very quickly...

Yang Luo and the five people from Xiang Kunlun’s yacht finally approached the seaside.

After the yacht docked....

Yang Luo and the five people from Xiang Kunlun jumped down and walked towards the mountains where Pato and the others were.

Although there were only five of them, each of them had a majestic aura and erupted with powerful battle intent.

Clang, clang, clang!

The five of them approached the mountain step by step. Every step they took caused the entire island to tremble and the ground to shake!

Seeing Yang Luo and the others approach, Pato and the others actually felt a sense of fear!

It was as if they were not facing five people, but five peerless war gods, peerless killing gods!

However, at the thought that there were still so many people on their side, they felt confident and suppressed the fear in their hearts!

Pato gritted his teeth and waved his hand!

“Kill!”

“Kill them!”

Sha Kun, Henik, Hathaway, and Gautier also waved their hands and gave the order!

As the order was issued!

Everyone jumped down from the mountain and charged towards Yang Luo and Xiang Kunlun’s group!

“Hahaha, good timing. I want to fight to my heart’s content tonight!”

Bujie laughed excitedly. With the Dragon-Mark Buddhist Staff in hand, he charged forward!

Xu Ying held the Dragon Sparrow Saber and Prajna charged forward with the Sun Moon Divine Staff!

Meanwhile, Yang Luo and Xiang Kunlun walked forward as if they were taking a stroll in a courtyard.

After all, they had also discovered just now that although there were many people in the five Martial Alliances, the strongest was only at the perfected Martial King Realm. There were no Martial Emperor Realm experts.

This posed no threat to them at all.

Therefore, they planned to let Bujie, Xu Ying, and Prajna have some practice.

In any case, with them around, Bujie, Xu Ying, and Prajna would not be in danger.

Right at this moment...

Eight Martial Highness Realm experts surrounded Bujie!

Bujie sneered and said, "Do you think you can kill me with numbers?"

During this period of time, I've experienced countless battles of various sizes!

When have I not fought against a crowd alone? Why would I be afraid of you?"

"Kill this arrogant monk!"

"Cut this bald donkey into pieces!"

The eight Martial Highness Realm experts roared and attacked Bujie at the same time!

As they approached...

Four Martial Highness Realm experts waved the weapons in their hands and attacked!

The saber, spear, axe, and hammer tore through the sky, emitting a dazzling light that wanted to cut Bujie into pieces!

The other four Martial Highness Realm experts punched, slapped, extended their claws, and swept their legs. They erupted with powerful true qi and attacked the various fatal parts of Bujie's body!

"Petty tricks!"

Bujie's entire body trembled as he let out a loud roar!

"Golden Bell Shield!"

And in that instant!

A dazzling golden light appeared on Bujie's body, as if it had condensed into a golden bell that enveloped him!

Clang!

Boom! Boom!

The attacks of the eight Martial Highness Realm experts ruthlessly struck the golden bell, causing a deafening collision sound to resound!

However, no matter how ferocious the attacks of these eight Martial Highness Realm experts were, they could not break Bujie's defense at all!

"That's it?"

Bujie laughed mockingly, and then suddenly stomped on the ground!

"Get lost, all of you!"

With a roar!

Bang!

The golden bell that enveloped him instantly exploded, turning into True Qi that surged in all directions like a landslide!

“Ahhhh...”

The eight Martial Highness Realm experts let out a miserable cry and were sent flying!

Some of them even vomited blood from the impact!

Chapter 834: Who's Next?

After sending these eight Martial Highness Realm experts flying...

Bujie's figure moved as he executed the Greater Teleportation Movement Technique and chased after two of the Martial Highness Realm experts!

In the next instant...

He caught up to the two of them and swung the Dragon-Mark Buddhist Staff in his hand!

These two Martial Highness Realm experts had yet to stabilize their bodies when they saw Bujie's staff strike over. They nearly jumped out of their skins!

The two of them quickly raised the weapons in their hands to block!

Clang! Clang!

Accompanied by a crisp sounds of collision!

The two of them were sent flying again!

As they were sent flying, the weapons in their hands broke!

Bujie did not stop at all. He continued to chase after them and swung the Dragon-Mark Buddhist Staff fiercely at the two of them!

Their pupils constricted as they hurriedly condensed their True Qi barriers to defend!

And in that instant!

Bang!

The True Qi barrier that the two of them had condensed was like a bubble that was instantly shattered!

After shattering the True Qi barrier, the Dragon-Mark Buddhist Staff smashed into their chests!

“Ugh!”

“Ahh!!”

The two of them let out painful cries and were sent flying, slamming into a huge mountain!

The mountain shook violently from the impact, and cracks appeared along its surface!

The two of them fell heavily to the ground. The bones in their chests shattered and blood surged from their mouths. Their bodies twitched a few times before they stopped breathing!

After killing these two Martial Highness Realm experts!

The other six Martial Highness Realm experts rushed over from behind and used many killing moves to attack Bujie!

Bujie, on the other hand, had long been aware of their actions. He suddenly turned around and swung his staff!

Rumble!

Rumble!

The impact and explosions that shook the island exploded one after another!

Under Bujie's staff, the attacks of the six people were all defeated and sent flying at the same time!

Although Bujie was also forced back a few steps, he quickly stabilized his body!

"Come on, keep going!"

He roared and charged forward with the Dragon-Mark Buddhist Staff in hand!

At this moment.

In a forest not far away.

“This woman is only at the perfected Martial Scholar Realm. Her cultivation is the weakest. Kill her first!”

“Alright, then kill her first before dealing with the other four fellows!”

The five Martial Highness Realm experts roared and charged at Prajna together!

Prajna’s eyes were cold as she shouted, “If you want to kill me, let’s see if you have the ability!”

As she spoke, she waved the Sun and Moon Divine Staff in her hand!

The ice and flames transformed into two torrents that surged towards the five Martial Highness Realm experts!

The five Martial Highness Realm experts attacked at the same time!

Rumble!

A terrifyingly loud crack resounded through the night sky!

All kinds of light and energy interweaved and washed in all directions!

Rows of trees were instantly broken and collapsed!

These five Martial Highness Realm experts originally thought that it would be easy to kill Prajna!

However, under this confrontation, they were directly sent flying!

Although Prajna's cultivation was only at the perfected Martial Scholar Realm...

However, in the continuous battles, her combat strength was much stronger than ordinary perfected Martial Scholar Realm experts!

In addition, she had a divine artifact with her, so her combat strength was even stronger!

Just as these five people were sent flying!

Prajna let out a delicate shout!

“Wind and Fire Kunais — Wind and Fire Soaring Dragon!”

In the blink of an eye!

Two kunais whizzed out from her spatial necklace, turning into a wind dragon and a fire dragon that collided against her enemies!

Rumble!

The five of them had just stabilized their bodies when they were sent flying again!

When the five of them were sent flying again!

Prajna waved her hand again!

“Six Paths Shuriken!”

Swoosh!

The sound of air being torn apart resounded!

The Six Path Shuriken whistled out. After cutting through more than ten trees, it directly cut open the chests of two Martial Highness Realm experts!

“Ahhh...”

The two Martial Highness Realm experts let out painful screams and fell to the ground. Soon, they stopped breathing!

The remaining three Martial Highness Realm experts trembled in fear and hurriedly retreated a distance!

“Although this woman’s cultivation level is not too high, her combat strength is very impressive!”

“Isn’t that so? Moreover, the weapons in her hands are also very powerful!”

“Let’s join forces to kill this woman and snatch all the weapons in her hands!”

The three of them gritted their teeth and roared before continuing to charge at Prajna!

Moreover, two more Martial Highness Realm experts rushed over and joined the battle!

Prajna was not afraid at all and continued to fight!

At this moment.

On the other side...

On a huge mountain.

Xu Ying stood proudly at the center of the mountaintop. There were also eight Martial Highness Realm experts eyeing him covetously!

However, in the intense battle just now, these eight Martial Highness Realm experts were all injured to varying degrees!

Their chests were also slashed open and blood flowed!

On the other hand, Xu Ying was completely unscathed!

Xu Ying slowly raised the Dragon Sparrow Saber in his hand and said coldly, "All of you, attack together!"

"I don't believe that this kid can withstand the combined attack of the eight of us!"

"Attack together! We must kill him!"

The eight of them roared and charged towards Xu Ying!

The moment the eight of them charged over!

Xu Ying moved and shouted out coldly!

"Shadowless Instant Kill!"

Huff!

Xu Ying seemed to have turned into a platinum bolt of lightning and flashed past the eight of them!

By the time Xu Ying stabilized his body!

Thump, thump, thump...

Three of them fell heavily to the ground. The weapons in their hands were cut, and their throats were slit!

Blood gushed out of their throats and their bodies twitched non-stop. Soon, they stopped breathing!

“How... how is this possible?!”

“This kid’s saber technique is too terrifying. He actually killed three people in an instant?!”

The remaining five people looked at Xu Ying’s back in a daze, fear rising in their hearts.

Holding the Dragon Sparrow Saber, Xu Ying turned around and strode towards the five of them!

With every step he took, the hearts of the five people skipped a beat, and their fear increased.

“Damn it, let’s fight it out with him!”

“Let’s go all out!”

“Kill!”

The five of them suppressed the fear in their hearts and continued to attack Xu Ying!

At this moment.

On a mountain in the distance.

Pato, Sha Kun, Henik, Hathaway, and Gautier, who were watching the battle, were extremely gloomy when they saw this scene.

They originally thought that only Yang Luo and Xiang Kunlun were experts.

However, they did not expect Bujie, Xu Ying, and Prajna to be so powerful.

Just as the five of them were in a daze!

Bang!

A loud bang came from a valley in the distance!

The entire ground shook!

The surrounding mountains shook as well!

Pato and the others looked up and could not help but gasp!

They saw that a gully more than a hundred meters long had been split open in the distant valley!

The two Martial King Realm experts were split into two and fell to the ground!

Yang Luo stood in the valley with a cold expression. He raised the sword in his hand and said in a trembling voice, "Who's next?"

Chapter 835: All Efforts Are Useless!

The seven Martial King Realm experts standing in the distance looked at Yang Luo in fear, their bodies trembling uncontrollably.

Just now, they had joined forces with two other Martial King Realm experts to attack Yang Luo, but they were no match for him at all and were forced to retreat repeatedly.

Just now, they joined forces to launch another fierce attack, but they were destroyed by Yang Luo's sword instead!

An early-stage Martial King Realm expert and a mid-stage Martial King Realm expert were killed by Yang Luo with a single strike!

As for the seven of them, even if they dodged, they were still injured by the sword qi and bled profusely!

Yang Luo looked up at the seven of them and sneered, "Didn't you want to kill me? Continue. What are you waiting for?"

"Everyone, don't hold back. Use your strongest strength and kill him!"

"I don't believe that this kid can really kill all of us!"

The seven Martial King Realm experts roared and mobilized the True Qi in their bodies to the limit. They erupted with their strongest combat strength and charged towards Yang Luo!

It was also when the battle here began!

Rumble!

A loud explosion came from a huge mountain in the distance!

A huge mountain collapsed from Xiang Kunlun's punch and turned into ruins!

Countless rocks and dust instantly soared into the sky!

And in the ruins, two badly mangled corpses were buried!

These two corpses were also two Martial King Realm experts!

After killing these two Martial King Realm experts!

Xiang Kunlun stepped on a few huge rocks in the air and landed steadily on a huge mountain!

On a huge mountain not far from him stood eight people!

These eight people were all Martial King Realm experts!

At this moment...

The eight of them were covered in blood and were trembling in fear. Their faces had turned pale.

They originally thought that the ten of them could kill Xiang Kunlun together.

However, to their surprise, even before ten minutes had passed...

They had only lost two Martial King Realm experts, and they had also suffered considerable injuries.

Xiang Kunlun looked at the eight of them coldly and said loudly, "Didn't you want to kill me? You even said that you wanted to dampen the spirit of Country Hua's Martial Alliance?"

Now, you guys can continue!”

The eight of them gritted their teeth, but they did not dare to attack rashly.

Xiang Kunlun sneered, “You dare to claim that you want to kill me with this little ability?

Who gave you the courage? Who gave you the guts?”

“Xiang Kunlun, don’t be arrogant. We’ll kill you tonight even if we have to risk our lives!”

One of the Martial King Realm experts roared angrily and leaped out, charging towards Xiang Kunlun!

The other seven Martial King Realm experts also charged towards Xiang Kunlun!

Xiang Kunlun did not hesitate at all and charged forward to fight these seven Martial King Realm experts!

On the mountaintop in the distance.

Seeing that four more Martial King Realm experts had been killed, Pato was so angry that his chest heaved!

He said fiercely, "Everyone, we can't wait any longer. We have to help!"

"Alright!"

The other four nodded heavily.

Pato said, "Brother Sha Kun, Brother Hathaway, and I will deal with Xiang Kunlun!"

"Brother Henik, Brother Gautier, deal with that kid!"

Then, the five of them split up!

Pato, Sha Kun, and Hathaway charged towards Xiang Kunlun!

Henik and Gautier, on the other hand, charged at Yang Luo!

At this moment...

In the valley.

The seven Martial King Realm experts had already approached Yang Luo and attacked at the same time!

“Azure Tiger Divine Fist!”

“Flying Demonic Claw!”

“Soaring Serpent Chaotic Saber Art!”

...

Seven attacks attacked at the same time. The dazzling light and True Qi intertwined and surged towards Yang Luo like an avalanche!

The moment the seven attacks arrived!

Yang Luo flipped his wrist and slashed out!

“Emperor Dragon Sword Technique!”

“Cut!!”

“ROAR...”

With a swing of his sword, a loud dragon roar resounded in the valley and shook the surroundings!

Sword light illuminated the night sky, and sword qi shot into the nine heavens!

A golden dragon roared as it shot out!

In the blink of an eye!

Boom! Boom!

Rumble!

A series of earth-shattering collisions and explosions resounded through the sky!

Boundless light and energy erupted, washing in all directions!

Mountains collapsed, turning into rocks and dust that filled the sky!

This sword strike was too domineering. Even if the seven Martial King Realm experts joined forces, they still could not withstand it and were sent flying!

Moreover, after sending the seven people flying, the power of this sword did not decrease much and continued to slash outwards at them!

“Get out of the way! Get out of the way!”

Someone shouted in fear.

The seven of them were so frightened that they went crazy and dodged one after another.

However, three of them were a step slower and were slashed into two by the sword!

Rumble rumble rumble!

The ground shook, and the mountains and rivers shook!

Another 100-meter-long ravine was split open on the ground, and two mountains were even split open!

Although the remaining four Martial King Realm experts dodged this sword, their bodies were still cut in some way!

But just as Yang Luo was about to kill the other four Martial King Realm experts in one go...

Two roars came from the sky!

“Wind Fire Lion King Fist!”

“Mountain-Crushing Killing Fist!”

Henik and Gautier had already arrived and punched Yang Luo at the same time!

A huge green-red fist that burned with flames and swept up a violent wind smashed down!

There was even a huge lion illusion that pounced down!

The other fist emitted a black-gray light and crushed down like a huge mountain!

Facing the huge fists of the two of them!

Yang Luo did not panic at all. He raised the Dragon Emperor Sword in his hand and slashed into the sky!

Swoosh!

The sword slashed out, and a dazzling golden sword light tore through the sky. The sword qi rushed into the galaxy, as if it wanted to cut the sky apart!

A golden dragon roared and charged into the sky!

The other four Martial King Realm experts also rushed up and attacked Yang Luo!

Four attacks attacked from four directions, determined to kill Yang Luo!

“It’s better if you attack together. Then I’ll kill all of you at once!”

A cold smile flashed across Yang Luo’s lips. His entire body trembled as he shouted!

“Burning Eight Desolates!”

“Thunderous Nine Heavens!”

Golden True Fire and Yang Lightning instantly erupted from his body and surged in all directions!

An even more terrifying explosion exploded in this area, resounding through the island and shaking the sea!

“Ahhhh...”

Henik, Gautier, and the others screamed and flew in all directions, falling dozens of meters away!

Puff! Puff! Puff!

When they fell to the ground, everyone spat out a mouthful of blood and their faces turned pale!

In particular, Henik and Gautier, who were resisting Yang Luo's attack, had two deep wounds on their chests!

"Don't continue fighting. Retreat, retreat quickly!"

"This kid is too terrifying. He must have a Martial Emperor Realm cultivation!"

This cultivation and strength are not something we can deal with at all. Hurry up and escape!"

Henik and Gautier shouted hoarsely, their fighting spirit completely crushed.

In the face of absolute strength, any schemes and plots are useless.

They hurriedly got up and fled into the distance.

The other four Martial King Realm experts also got up and fled with them.

Chapter 836: There's No Medicine For Regret in this World!

Yang Luo watched as Henik, Gautier, and the others fled in a hurry.

He snapped coldly, "Since you're here, don't leave!"

Before his voice could fade...

Swoosh!

Yang Luo directly swung his sword!

And in that instant!

Countless golden flying swords condensed and shot at Henik, Gautier, and the others like a dense rain of swords!

Although these swords were only condensed from sword qi and were not real swords, the power they erupted with was still extremely terrifying!

Also, the flying swords were so fast that they caught up with Henik and Gautier almost in the blink of an eye!

There was no way to escape!

Henik roared, "Counterattack! Counterattack!"

As he spoke, Henik activated the True Qi in his body to the maximum and punched crazily against the rain of swords!

Gautier and the others also mobilized all the True Qi in their bodies and launched a fierce attack!

Rumble!

The six attacks collided crazily with the sword rain that shot over, emitting muffled thunder. It was as if steel was colliding and it was soul-stirring!

A large number of flying swords exploded in the sky, turning into a large rain of light that scattered!

However, the attacks of Henik, Gautier, and the others also exploded one after another!

"Don't stop. Continue attacking. Continue!"

Henik roared.

No one dared to stop at all. They continued to attack fiercely, trying to shatter all the flying swords!

The collision and explosion continued to explode and spread far away!

Although they had barely blocked these flying swords by relying on the continuous fierce attacks...

However, their bodies were also continuously cut by the sword qi that erupted. Their flesh flipped outwards, and it was very tragic!

“You can still block?”

Yang Luo smiled coldly and said, “Forget it, I won’t play with you anymore. I’ll take your lives with one last move!”

Before his voice could fade...

Yang Luo threw the Dragon Emperor Sword in his hand into the sky!

Swoosh!

The Dragon Emperor Sword whistled out and soared into the sky, breaking through the clouds!

Right on the heels of that...

Swoosh!

The Dragon Emperor Sword changed its direction and stabbed at Henik, Gautier, and the others below!

When the Dragon Emperor Sword stabbed down, the golden light emitted and the sword qi that spread out enveloped a huge sword phantom!

“ROAR...”

A golden dragon phantom flew out and roared!

“Quickly defend!”

Henik shouted in shock and simply condensed a solid spiritual shield to resist!

Gautier and the others also condensed True Qi barriers to block!

At that very moment...

Boom! Boom!

The Dragon Emperor Sword and the phantom of the golden dragon collided heavily against the spiritual shield that Henik and the others had condensed!

Crack! Crack!

After only one collision, the spiritual shield that Henik and the others had condensed cracked instantly!

“What?!”

“How is this possible?!”

“No... I don't want to die!”

“Run, run!”

Henik and the other four exclaimed in extreme fear!

They wanted to escape, but they could not escape at all!

The next second!

Rumble!

The Dragon Emperor Sword and the phantom of the golden dragon completely broke the spiritual energy shield of Henik and the others and smashed down!

The ground within a radius of 10,000 meters shook violently, and mountains shook violently!

A dazzling light and fierce and violent energy erupted and washed in all directions!

The remaining mountains around the valley were completely destroyed, turning into countless rocks that rushed into the sky!

After a while...

It was not until the light, energy, rocks, and dust completely dissipated that everything finally returned to calm.

What greeted their eyes was a huge pit that was gorged out on the mountaintop.

The Dragon Emperor Sword was firmly planted in the huge pit and emitted a bedazzling golden light!

As for Henik, Gautier, and the other three, their bodies had already become badly mangled and they fell around, completely dead!

Yang Luo did not look at the six of them anymore. Instead, he raised his right hand!

Swoosh!

The Dragon Emperor Sword flew out of the huge pit and returned, landing steadily in his hand!

He looked at the battlefield where Xu Ying, Bujie, and Prajna were. Only when he realized that the battle was about to end did he feel relieved.

Then, he turned to look at the battlefield where Xiang Kunlun was and realized that the battle in Xiang Kunlun was about to end.

At this moment.

On a mountain in the distance.

Xiang Kunlun was like a heavenly monument as he stood upright on the mountain. His sharp eyes stared at Pato, Sha Kun, Hathaway, and the two Martial King Realm experts on the opposite mountain.

As for the other Martial King Realm experts, they had all been killed by Xiang Kunlun.

Sha Kun said in fear, "Brother Pato, what should we do? We're not this guy's match at all!"

Hathaway gritted his teeth and said, "Henik is dead, and so is Gautier. Our people are almost all dead!"

"Alliance Master, why don't we escape!"

"That's right. Stop fighting and run!"

The other two Martial King Realm experts spoke one after another.

Pato clenched his fists tightly and said fiercely, "Do you think you can escape?"

Henik and the others tried to escape just now, but what happened?

Now, other than fighting to the death with this guy, there's no other way!"

Sha Kun broke down and said, "If we had known that these guys were so terrifying, we wouldn't have challenged them!"

Pato and the others were also in despair.

They really did not expect Xiang Kunlun, Yang Luo, and the others to be so powerful!

They brought 55 experts!

25 Martial King Realm experts!

30 Martial Highness Realm experts!

However, he still could not kill these five fellows!

On the contrary, their people were almost all dead!

They were already regretting it now, really regretting it!

Unfortunately, there was no medicine for regret in this world!

They had no other choice but to risk their lives!

Xiang Kunlun said indifferently, "Have you finished your last words?"

After saying that, hurry up and attack!"

"At most, I'll die with this guy!"

"Let's fight it out with him. Kill him!"

Pato, Sha Kun, and Hathaway roared as they mobilized the True Qi in their bodies to the limit and charged towards Xiang Kunlun!

When they rushed to the edge of the mountaintop!

Pato and the other three suddenly stepped down and rushed into the sky. Then, they launched their strongest attack on Xiang Kunlun!

Five attacks blasted out, causing the mountains below to tremble!

Xiang Kunlun did not hesitate at all and soared into the sky. He raised his hands and struck out nine times in a row!

“Nine Stage Hell Suppression Palm!”

In the next instant...

Nine huge palms of black and golden flames condensed into form and crashed towards Pato and the others like nine mountains!

There was even a huge black-golden-flamed Kun Peng that charged out!

Boom! Boom!

The sound of mountains collapsing and the ground fissuring sounded in the sky when their attacks made contact, as if mountains were slammed together. It was terrifying!

However, the impact lasted less than a few seconds!

Rumble!

An earth-shattering explosion exploded in the sky!

All kinds of light and True Qi gathered together and surged in all directions like tidal waves!

The mountains below could no longer withstand it and completely collapsed!

Pato and the others could not withstand the nine palm strikes from Xiang Kunlun at all. Their attacks were all destroyed!

“Ahhhh...”

Accompanied by a series of miserable cries,

Pato and the others were sent flying and fell heavily into the ruins below, shaking up a large number of rocks and dust.

“Glug glug...”

Blood kept gushing out of their mouths. They widened their eyes in fear as they took their last breaths...

Chapter 837: Intimidating the Criminals!

Just as Xiang Kunlun killed Pato and the others!

Xu Ying, Bujie, and Prajna had also killed all the remaining Martial Highness Realm experts!

At this point!

The 25 Martial King Realm experts of the Country Elephant, Country Noodle, Country Asan, Country Southpeace, and Country Banana were all killed!

Pato, Sha Kun, Henik, Hathaway, and Gautier, the leaders of the five Martial Alliances, had also died in this battle!

Yang Luo, Xu Ying, Bujie, and Prajna arrived at the mountain where Xiang Kunlun was.

“Did anyone slip through the net?”

Xiang Kunlun asked.

“None.”

Yang Luo shook his head and said, “All 55 of them have been killed.”

“That’s good.”

Xiang Kunlun nodded.

Bujie curled his lips and said, “It’s a pity that these guys are too weak and give us a good enough fight!”

Xu Ying commented, “If you have the ability, go and kill a Martial King Realm expert. What’s the big deal about killing a few Martial Highness Realm experts?”

Bujie patted his chest and said, “When my cultivation improves further, I’ll kill a few Martial King Realm experts for you to see!”

Just as Xu Ying was about to speak...

Suddenly...

The sound of waves came from afar!

Yang Luo and the others looked up and saw yachts sailing over from afar.

There were many people standing on the yacht. Judging from their appearance and clothes, they were from the five Martial Alliances.

Yang Luo said indifferently, "These guys should be Pato's helpers."

Xiang Kunlun sneered, "They're all dead. What's the use of having help?"

Not long after...

The yachts approached the island.

However, when they saw the scene on the island, everyone trembled in fear.

"Dead... The Alliance Master and the others are dead!"

"How is this possible... 25 Martial King Realm experts... 30 Martial Highness Realm experts... are actually dead?!"

"Could it be that the Alliance Master and the others were all killed by those five fellows?!"

Everyone on the yacht looked at Yang Luo and the others at the top of the mountain in a daze, their eyes filled with fear and disbelief.

Yang Luo looked at those people coldly and swung his sword!

In the blink of an eye!

Countless flying swords condensed into form and shot towards the people on the yacht!

A golden dragon phantom roared and charged forward!

Xiang Kunlun also slapped out!

A huge black-golden flame palm pushed towards those people!

A black-golden-flamed Kun Peng also charged forward!

In the next instant...

Rumble!

The sound of explosions exploded on the sea!

Flames soared into the sky and thick smoke billowed!

Seven yachts were destroyed on the spot!

The people on the seven yachts were either blasted into minced meat or turned into sieves by the flying swords. They were completely dead!

Corpses floated on the surface of the sea, shocking everyone!

“Run, run!”

“These guys are devils. Going to the island is tempting fate!”

“We can’t avenge the Alliance Master and the others at all. Let’s go, let’s go!”

The people on the remaining yachts shouted in fear. They did not dare to stay here any longer. They turned the yacht around and fled into the distance.

Yang Luo and the five people from Xiang Kunlun did not attack again.

After all, even the 55 top experts of the five Martial Alliances had been killed. As for these trash, there was no need to kill them.

Moreover, they needed these guys to send a message back so that they could completely intimidate the five Martial Alliances.

Bujie laughed happily and said, "These guys are not very capable, but they run quite quickly."

"Brother Yang, now that the battle is over, are we going back?"

Prajna asked Yang Luo.

"Wait."

Yang Luo raised his hand and said in confusion, "Don't you feel that the spiritual energy on this island seems to be more abundant than when we came?"

"Indeed it is."

Xiang Kunlun nodded and said, "I felt it just now, but I'm not sure why."

Xu Ying, Bujie, and Prajna were also very puzzled.

Yang Luo sensed his surroundings and pointed at a ruin in the distance, "The source of the spiritual energy seems to be there.

Let's go and take a look."

As he spoke, Yang Luo's figure moved. He leaped over the mountains and headed for the ruins.

Xiang Kunlun, Xu Ying, Bujie, and Prajna hurriedly followed.

As expected...

The closer they got to the ruins, the more they felt the abundance of spiritual qi.

When they got closer....

Yang Luo stood on a mountaintop and looked down. He was immediately shocked!

"There are actually so many spirit stones!"

There were lots of white stones scattered in the ruins, which were spirit stones.

Xiang Kunlun said, "It seems that these spirit stones should have been hidden in this mountain previously.

"Just now, this mountain was destroyed by us, so the spirit stones appeared."

Xu Ying sighed. "I didn't expect this island to have so many spirit stones. It's really not simple."

Yang Luo was very excited.

He had already used up all the spirit stones he had obtained from Country Noodle's Getault Mountain.

However, he did not expect to find so many spirit stones on this island.

It was just in time to be replenished.

Yang Luo took a deep breath and said, "Hurry up and clean up these gravels. Let's see how many spirit stones there are here."

Xiang Kunlun, Xu Ying, Bujie, and Prajna nodded.

Then, Yang Luo and the others began to clean up the rubble in the ruins.

After the useless gravel was cleaned up...

There were more than a thousand spirit stones in total.

Moreover, there was a pool of spiritual spring in the middle of these spirit stones.

Yang Luo was pleasantly surprised and said, "Brother Xiang, Xu Ying, Bujie, Prajna, let's not leave for the time being. How about we stay here to cultivate for a few days?"

"That's a good idea!"

"We can use this spiritual spring and spirit stones to break through our cultivation realms!"

"If I can break through this time, that would be great!"

"I must break through and become stronger!"

Xiang Kunlun and the other three expressed their agreement.

In the following period of time...

Yang Luo used the existing spirit stones to set up a spirit gathering array around the spirit spring.

Then, Yang Luo and the others sat cross-legged in the Spirit Gathering Array and began to cultivate.

...

Time passed quickly.

In the blink of an eye, three days passed.

The battle on Gaman Island had also spread throughout the martial arts world of Elephant Country, Country Noodle, Country Asan, Country Southpeace, and Country Banana!

Even the martial arts world of many other countries in the southeast region knew about this!

For a moment, the Martial Alliance of the southeast region stirred up a huge commotion, causing a huge earthquake!

“Has everyone heard? In the battle at Gaman Island, the five alliance masters died in battle. The fifty experts of the five Martial Alliances also died in battle!”

“Of course I heard. It’s said that 25 Martial King Realm experts and 30 Martial Highness Realm experts died. It’s really too terrifying!”

“Moreover, only five people killed the fifty-five experts of the five Martial Alliances. Those five people seem to be from the Martial Alliance of Country Hua!”

“Five people killed fifty-five people from the five Martial Alliances. It’s unbelievable. It’s a pity that I didn’t witness that shocking battle!”

“Don’t provoke the Martial Alliance of Country Hua easily in the future!”

Everyone in the martial arts world was discussing this matter.

And the battle at Gaman Island had completely stunned them!

No one dared to provoke the Martial Alliance of Country Hua anymore!

Chapter 838: Gathering of the Eight Great Sects!

Three days later, early in the morning.

Jiangnan province.

Car City.

Wudang Mountain.

The number one sect in the ancient martial arts world, the Wudang Sect, was located here.

However, what the people of the secular world saw was only the outer Wudang Sect, not the real Wudang Sect.

The real Wudang Sect was situated deep in the mountains. The people of the secular world were prohibited from entering and were isolated from the world.

At an area hundred miles away from Wudang Mountain...

Mountains rose and fell here. They were majestic and imposing.

Ancient halls and pavilions sat on the 49 main peaks, and they were surrounded by clouds and mist, causing them to seem like a paradise.

On the first main peak, Heavenly Pillar Peak, there stood a magnificent palace called the Taiji Hall, which was also the main hall of Wudang Sect.

In front of the main hall was a huge plaza. There were pillars erected around the plaza. They were carved with dragons and phoenixes. In the center was a huge Taiji Yin-Yang fish pattern that appeared mysterious and unfathomable.

At this moment.

The Taiji Hall was filled with people.

A dignified middle-aged man in a white eight trigrams Daoist robe was sitting in the main seat.

This middle-aged man was the current Sect Master of Wudang Sect, Li Daochen.

Other than Li Daochen...

Master Kongji of the Shaolin Temple, Xiao Ruoshui of the Emei Sect, Gu Xiuyuan of the Kunlun Sect, Duan Fuhu of the Huashan Sect, Yue Qingfeng of the Kongtong Sect, Meng Tianchuan of the Sky Mountain Sect, and Miao Tianhong of the Witch God Sect were all present.

Furthermore, many Protectors and elders of the eight major sects were present.

Originally, there were nine top sects in the ancient martial arts world, but now that the Myriad Swords Gate had been destroyed, there were only eight left.

Currently, there were ten people standing in the middle of the hall.

Seven of them were the sect masters of the Overflowing Moon Sect, Divine Dragon Sect, Primal Chaos Sect, Giant Sword Sect, Dragon Conqueror Pavilion, Burning Flame Sect, and Wind Thunder Sect. They were Chen Ying, Zhao Longteng, Luo Qianchuan, Wang Pingsheng, Zhang Long, Li Yanhui, and Ma Xiaofeng.

The other three were Qi Yutang, Li Wushuang, and Wang Mufeng.

Not long ago, the eight sects sent people to capture them.

Li Daochen glanced at the sect masters of the eight major sects and asked loudly, "Fellow sect masters, now that we've brought them here, how do you think we should deal with them?"

Gu Xiuyuan said, "Brother Li, all these years, the Myriad Swords Gate has been bullying the weak and doing all sorts of evil, causing resentment.

Now that they've been destroyed, it's retribution. You can't blame anyone else."

Miao Tianhong raised his hand and said, "Brother Gu, you're wrong!

No matter what, the Myriad Swords Gate was one of the top sects in the ancient martial arts world!

It should also be up to the various top sects to decide. It's not up to Qi Yutang and the others to interfere!

Moreover, now that the Myriad Swords Gate had been destroyed, it has caused the entire ancient martial arts world to be in turmoil and conflict!

Qi Yutang and the others should be responsible for this matter to the end!"

“Brother Miao is right!”

Duan Fuhu continued, “Qi Yutang and the others wantonly stirred up chaos in the ancient martial arts world. This is unforgivable!”

This time, they destroyed the Myriad Swords Gate. If we don’t punish them severely...

What if they attack other sects next time? Won’t our ancient martial arts world never have a day of peace?”

“Brother Duan makes sense!”

Yue Qingfeng nodded and said, “Qi Yutang and the others have gone too far. If we don’t deal with them seriously, other sects will definitely imitate them in the future!”

“Our sects should stabilize the situation in the ancient martial arts world, not make it chaotic!”

Li Daochen turned to look at Master Kongji and Xiao Ruoshui and asked, “Master Kongji, Sect Master Xiao, how do you think we should deal with this?”

“Amitabha...”

Master Kongji put his palms together and said calmly, “I think this matter should be dealt with seriously. We can’t let the ancient martial arts world continue to be in chaos.”

Xiao Ruoshui also nodded and said, “Since Qi Yutang and the others have done something, they should be punished. We can’t break the rules of the ancient martial arts world.”

Li Daochen nodded gently, then looked at Qi Yutang and the others and asked, “Do you have anything to say?”

Facing such a group of big bosses from the ancient martial arts world, it would be a lie to say that Qi Yutang and the others were not afraid.

However, after following Yang Luo for so long, they had become much bolder. At least when facing these big bosses from the ancient martial arts world, their legs wouldn't go weak from fear.

Qi Yutang took a deep breath and said in a trembling voice, "Sect Masters, we don't think we did anything wrong!"

It was the Myriad Swords Gate who bullied the Overflowing Moon Sect and the other seven sects first. Moreover, they had sent people to the secular world to kill people repeatedly!

The ones who really broke the rules are the Myriad Swords Gate, not us!

In our opinion, the Myriad Swords Gate is a tumor in the ancient martial arts world. It should have been removed long ago!"

Li Wushuang said loudly, "If this Myriad Swords Gate is not eliminated, the ancient martial arts world will not be at peace for a day!"

Wang Mufeng also stood up and said, "We were indeed the ones who destroyed the Myriad Swords Gate, but Sect Masters, you can rest assured!"

"We will not casually attack other sects, nor will we disturb the ancient martial arts world!"

"You b\*stard!"

Miao Tianhong shouted angrily, "You guys have committed such a huge crime!"

How dare you say that you didn't do anything wrong?"

How dare you say that you didn't break the rules?

This was simply unreasonable!

If we leave you guys alone, who knows what kind of disaster the ancient martial arts world will be in!"

Qi Yutang sneered and said, "Sect Master Miao, why are you speaking up for the Myriad Swords Gate like this? Could it be that you're feeling guilty?"

Could it be that you're afraid that Mr. Yang will attack your Witch God Sect next?"

"Qi Yutang, who do you think you are? How dare you talk to me like that!"

Miao Tianhong immediately flew into a rage and stood up.

The reason why he gathered the other seven great sects to deal with the destruction of the Myriad Swords Gate this time was indeed because he was afraid that Yang Luo would attack their Witch God Sect.

After all, he had sent someone to kill Yang Luo back then.

However, not only did the elders, Protectors, and disciples he sent not kill Yang Luo, but they were also killed by him.

This made him hate Yang Luo to the core.

He had originally planned to continue sending people to kill Yang Luo.

However, he learned that the Myriad Swords Gate had been destroyed by Yang Luo and the others.

This made him angry, shocked, yet afraid.

That was why he wanted to use the power of the other seven great sects to deal with Yang Luo and the others.

Qi Yutang mocked, "Why? Are you angry because I hit the nail on the head?"

Miao Tianhong said angrily, "Qi Yutang, are you courting death?"

Don't think that I won't dare to kill you just because you're an expert on the Heaven Roll!

In the eyes of top-notch sects like us, Heaven Roll experts are nothing!"

Qi Yutang did not back down either. With a whoosh, he pulled out his sword and said in a loud voice, "If you want to kill me, you can try!"

Li Wushuang, Wang Mufeng, Chen Ying, and the others also took a step forward. They raised the weapons in their hands and erupted with pressure and aura!

The three elders behind Miao Tianhong also took a step forward and erupted with an even more terrifying pressure and aura!

Rumble rumble rumble!

Waves of pressure and aura collided in the hall, immediately causing the entire hall to tremble gently!

Seeing this, Li Daochen's eyes turned cold as he said in a deep voice, "This is Wudang Sect. Are you guys going to make a big fuss here?"

## Chapter 839: Trial!

Hearing this...

Only then did Qi Yutang and the others disperse their pressure and aura.

Wudang Sect was still the number one sect in the ancient martial arts world. If they angered Wudang Sect, they would really be unable to bear the consequences.

Miao Tianhong cupped his hands at Li Daochen and said, "Brother Li, I suggest that we kill these guys on the spot as a warning to others!"

"These guys disrespected their superiors and actually dared to threaten Sect Master Miao. They should be executed!"

"As long as we kill these guys, we'll definitely be able to make an example out of them and pacify the chaos in the ancient martial arts world!"

Duan Fuhu and Meng Tianchuan, who had a good relationship with Miao Tianhong, also stood up and requested to kill Qi Yutang and the others.

"We can't kill them, we can't kill them!"

Elder Luo Jingchen from Wudang hurriedly ran out.

"If you kill them, you'll get into big trouble!"

The Kunlun Elder, Feng Datong, also ran out.

A hint of nervousness appeared on their faces.

Miao Tianhong frowned and said, "Elder Luo, Elder Feng, may I ask why we can't kill them?"

Duan Fuhu also said coldly, "These guys are just three so-called experts on the Heaven Roll and the sect masters of seven small sects. Why can't we kill them?"

The other sect masters, elders, and Protectors also looked at the two of them with puzzled expressions.

After all, in their eyes, Qi Yutang and the others were nothing.

Even if they really killed Qi Yutang and the others, so what?

Luo Jingchen hurriedly said, "They're Yang Luo's friends. If you really kill them, Yang Luo won't let the matter rest!"

Feng Datong nodded repeatedly and said, "That's right. Yang Luo is a person who values relationships and righteousness. He definitely won't allow anyone to hurt his friends!

If you really kill Qi Yutang and the others, Yang Luo will probably turn our various sects upside down!

It's fine if your Witch God Sect, Huashan Sect, and Sky Mountain Sect want to have a death wish, but don't implicate our Kunlun Sect!"

They had participated in the operation to destroy the Eighth Hong Tower and the various ninja sects with Yang Luo, so they knew Yang Luo's character very well.

Moreover, they also knew how strong Yang Luo was.

Otherwise, the powerful Divine Ninja would not have died at Yang Luo's hands.

Miao Tianhong mocked, "Elder Luo, Elder Feng, you are the dignified elders of Wudang Sect and Kunlun!

Now, you're actually afraid of a brat from the secular world. It's really the biggest joke in the world!"

Luo Jingchen said unhappily, "Sect Master Miao, you haven't seen Yang Luo's strength. Once you do, I guarantee that you will take back what you said now!"

Feng Datong echoed, "Sect Master Miao, if you really anger Yang Luo, your Witch God Sect will end up like the Myriad Swords Gate!"

Miao Tianhong said coldly, "So what if Yang Luo really has some strength?"

With so many sect masters, elders, and Protectors here, why should we be afraid of this brat?

Could it be that the two of you think that us sect masters and elders are inferior to that kid?"

These words undoubtedly pulled in all the sect masters and elders present.

Indeed...

After hearing Miao Tianhong's words...

All the sect masters and elders present frowned, their expressions displeased.

Duan Fuhu mocked, "Elder Luo, Elder Feng, didn't you say that that kid values friendship and loyalty?"

But why did that kid abandon Qi Yutang and run away without even finding him?"

Meng Tianchuan sneered, "I think that kid has an undeserved reputation!

The reason why he could destroy the Myriad Swords Gate was completely because of the Martial Alliance's Chief, Xiang Kunlun!"

"Bullshit!"

Qi Yutang immediately exploded in anger, "How can Mr. Yang be as unbearable as you make him out to be!

Mr. Yang must be busy with something, that's why you can't find him!"

Li Wushuang also exclaimed, "We witnessed Brother Yang's strength with our own eyes. He's not inferior to Alliance Master Xiang at all!

Moreover, the person who killed the three strongest elders of the Myriad Swords Gate was Brother Yang!

Everyone who participated in the destruction of the Myriad Swords Gate knows about this!"

Miao Tianhong smiled sinisterly and said, "Since that kid is so powerful, let him come. Let's see if he dares to come!

If he rushes over, he would be considered bold!

If he doesn't dare to come, it means that he's guilty and afraid!"

Upon hearing this, Qi Yutang and the others fell silent.

If Yang Luo really came, who knew how these guys would deal with him.

This time, the eight sects had gathered to judge them.

With Yang Luo's personality, he would definitely not give in. He would definitely turn the world upside down.

It was precisely because of this that they did not contact Yang Luo.

After all, no matter how strong Yang Luo was, he could not withstand the crusade of the eight major sects.

Miao Tianhong seemed to have seen through Qi Yutang and the others' thoughts.

He sneered in his heart and swept his gaze across everyone present. He said loudly, "Everyone, I suggest that Yang Luo and Xiang Kunlun come over and accept our trial!

As for whether to execute these guys, it would depend on Yang Luo and Xiang Kunlun's attitude!

If Yang Luo and Xiang Kunlun's attitude towards admitting their mistakes is good, we can consider punishing them lightly!

What do you all think?"

"I agree with Brother Miao's suggestion!"

"I agree too!"

Duan Fuhu and Meng Tianchuan were the first to express their stance.

Li Daochen, Master Kongji, Xiao Ruoshui, Gu Xiuyuan, and Yue Qingfeng did not immediately express their stance.

Master Kongji pondered for a moment and said, "I agree to let Yang Luo and Xiang Kunlun come over and see how they apologize before making plans."

Not long ago, Yang Luo went to their Shaolin Temple and caused a scene. He even injured many people from their Shaolin Temple, which made him very unhappy.

If he could take this opportunity to let Yang Luo suffer some punishment, he could vent his anger.

Xiao Ruoshui said, "Since even Master Kongji said so, let's do it."

Gu Xiuyuan and Yue Qingfeng also nodded.

"Alright, since everyone agrees, let's do it!"

Li Daochen nodded and looked at Qi Yutang and the others, "Qi Yutang, you should have Yang Luo and Xiang Kunlun's contact details, right?"

Please contact them and ask them to come to Wudang."

Qi Yutang and the others did not speak or make any calls.

Li Daochen frowned and said, "They can't escape this matter. They have to face it."

At this moment, Luo Jingchen walked out and said, "Daochen, I have Yang Luo's contact information. Let me contact him."

Li Daochen nodded and said, "Then I'll have to trouble Elder Luo."

Luo Jingchen didn't say anything else and hurriedly left the hall.

Feng Datong hurriedly followed.

Soon, the two of them walked out of the hall and arrived at the square.

"Brother Luo, are we really going to let Mr. Yang come over?"

Feng Datong asked.

Luo Jingchen sighed and said, "There's no choice. Mr. Yang has caused too much trouble this time. He has to face this matter eventually.

However, with us around, we can put in a good word for Mr. Yang in front of everyone. Perhaps we can exempt Mr. Yang from punishment."

Feng Datong said, "Let's contact Mr. Yang first and see what he has to say."

...

At the same time...

Southeast region.

Gaman Island.

After three days of cultivation, Xu Ying and Bujie finally stepped into the late-stage Martial Highness Realm.

Prajna had finally stepped into the early-stage Martial Highness Realm.

After the three of them broke through, they woke up from their cultivation one after another.

Bujie stretched his back and said with a smile, "I didn't expect my cultivation to achieve another breakthrough. Awesome!"

Chapter 840: Heading to Wudang Sect!

Xu Ying said helplessly, "It's a pity that I've only stepped into the late-stage Martial Highness Realm. If only I could step into the Martial King Realm."

Prajna said with a bitter expression, "Brother Bujie, Brother Xu, you've all stepped into the late-stage Martial Highness Realm, but I've just stepped into the Martial Highness Realm. It's really infuriating to compare myself to others."

Bujie laughed and said, "Sister Prajna, there's no hurry.

You just started late. I believe you will definitely catch up to us later."

Xu Ying nodded, "That's right. Work hard. You can ask us if there's anything you don't understand."

"Ok!"

Prajna nodded and turned to look at Yang Luo and Xiang Kunlun, "I wonder if Brother Yang and Brother Xiang can break through this time."

"It should be difficult."

Bujie shook his head and said, "The further you go, the harder it is to increase your cultivation.

Although the spiritual qi here is very abundant, it can't allow them to break through."

Xu Ying nodded and said, "At Brother Yang and Brother Xiang's level, it's indeed very difficult to continue breaking through.

"This not only requires hard work, but also comprehension and opportunities."

As soon as he finished speaking...

Yang Luo and Xiang Kunlun also woke up from their cultivation.

"Brother Yang, Brother Xiang, have you broken through?"

Seeing this expression, Prajna asked.

Yang Luo and Xiang Kunlun shook their heads.

Prajna smiled sweetly and said, "Brother Yang, Brother Xiang, it's fine.

"Your cultivation levels are already very high. You can take it slow in the future. You will definitely break through."

Yang Luo shrugged and said, "Actually, Brother Xiang and I also know that it will definitely be very difficult to break through this time, so we're already mentally prepared.

"However, if we can let you achieve a breakthrough this time, our cultivation goal will be achieved."

He had long known that his cultivation could not break through this time. He just wanted to try.

After all, although the spiritual energy here was abundant, it was not the best place to cultivate.

If he wanted to continue breaking through, he had to find a better cultivation place or experience a life and death battle.

Xiang Kunlun also nodded and said, "It's no good to be too hasty about Cultivation. It depends on the opportunities later on."

Yang Luo stood up and looked at the spiritual spring not far away.

They had already absorbed the spiritual energy of the spiritual spring and turned it into a pool of clear spring water.

Moreover, they had also absorbed the spiritual qi of the surrounding spirit stones and turned them into ordinary stones.

However, fortunately, there were still a few hundred spirit stones of spiritual qi left.

Yang Luo said, "Brother Xiang, let's split these spirit stones equally. Take the spirit stones and leave this place."

"That won't be necessary."

Xiang Kunlun waved his hand and said, "Keep them all. These spirit stones can only be of greater use in your hands.

When the Heavenly Luo Sect is established, we will definitely use spirit stones."

"Good point."

Yang Luo nodded and said, "Alright, I'll accept it.

"When I gather better things in the future, I'll give them to you, Brother Xiang."

"No problem!"

Xiang Kunlun smiled and responded.

Then, Yang Luo put the remaining hundreds of spirit stones into his storage ring.

Just as Yang Luo and the others were about to leave...

Suddenly, a call was made to Yang Luo's phone.

Yang Luo took out his phone and was stunned.

"Brother Yang, who called?"

Bujie asked curiously.

Yang Luo said, "It's Elder Luo Jingchen."

"Hmm?"

Bujie looked puzzled, "Why did that old man call?"

"I'm not sure."

Yang Luo pursed his lips and answered the call.

As soon as the call went through...

Luo Jingchen's laughter could be heard.

"Haha, Mr. Yang, long time no see. How have you been?"

Yang Luo said, "It's been so-so recently. How has Elder Luo been recently?"

Luo Jingchen smiled and said, "Nothing much. Other than cultivating, I cultivate all day long."

Yang Luo said, "Elder Luo, you didn't call me just to catch up, right?"

Luo Jingchen sighed and said, "Mr. Yang, you caused too much commotion by destroying the Myriad Swords Gate this time.

"Now, the seven major sects of Shaolin Temple, Emei Sect, Kunlun Sect, Huashan Sect, Kongtong Sect, Sky Mountain Sect, and Witch God Sect have gathered in Wudang Sect and said that they want to put you through a trial..."

Yang Luo said in amusement, "Are these sects bored? They actually want to judge me?"

I destroyed the Myriad Swords Gate. What has it got to do with them?"

"That's true, but now that the Myriad Swords Gate has been destroyed, the entire ancient martial arts world is in chaos and unrest. There are endless disputes everywhere.

The various top sects led by our Wudang Sect have a responsibility to stabilize the ancient martial arts world.

Now that the ancient martial arts world is in chaos, the major sects naturally have to step forward to take charge of the situation.”

Luo Jingchen replied and continued, “Now, Qi Yutang, Li Wushuang, Wang Mufeng, Chen Ying, and the other sect masters of the seven major sects have been captured and are undergoing trial...”

“What?!”

Yang Luo’s expression turned cold, “You said that Old Qi and the others were captured and sent to Wudang?!”

Did anything happen to them?!”

Luo Jingchen hurriedly said, “Mr. Yang, don’t be agitated. Qi Yutang and the others are fine!”

Hearing this, Yang Luo heaved a sigh of relief, but the worry in his eyes did not dissipate.

He said in a low voice, “So, what do those guys want?”

Luo Jingchen said, “Now, the sect masters of the various sects want you and Xiang Kunlun to come to Wudang Sect.

Therefore, Mr. Yang, you have no choice but to come this time.”

Yang Luo said, “Brother Xiang is with me now. We’ll come over now.”

Luo Jingchen reminded him, “Mr. Yang, the various sect masters also said that if you and Xiang Kunlun have a good attitude, we might be able to deal with you lightly, so...”

Yang Luo said coldly, “Brother Xiang and I’s attitude depends on their attitude towards us!

Also, you have to ensure the safety of Old Qi and the others!

If anything happens to them...

I don't care about your sects!

I won't let any of them off!"

With that, Yang Luo hung up.

"Brother Yang, what did that old man say?"

Bujie hurriedly asked.

Yang Luo did not hide anything and told everyone what Luo Jingchen had said just now.

After hearing Yang Luo's words...

Bujie was instantly enraged, "Damn it, why are these few sects trying to do? They actually dare to say that they want to judge us!

Brother Yang, don't waste your breath on them. Just kill your way to Wudang Sect!"

Xu Ying gripped the saber in his hand tightly and said in a low voice, "If they want to judge us, it depends on whether they have the ability!"

Xiang Kunlun frowned and said, "No matter what, let's go to Wudang Sect to take a look at the situation first."

“Yes!”

Yang Luo and the other three nodded.

Then, Yang Luo and the others quickly boarded the yacht and left Gaman Island...

At the same time...

Wudang.

On the square of the Taiji Hall.

Luo Jingchen and Feng Datong looked at each other with bitter expressions.

Feng Datong gulped and said, “Brother Luo, I keep feeling that Wudang Sect won’t be peaceful today.”

Luo Jingchen said helplessly, “I have the same premonition. With Mr. Yang’s temper, I don’t know what will happen here.”

Feng Datong said, “However, fortunately, we didn’t let Miao Tianhong and the others touch Qi Yutang and the others.

Otherwise, this matter will really not be resolved peacefully.”

“Let’s go to the main hall quickly. We have to ensure the safety of Qi Yutang and the others no matter what!”

As he spoke, Luo Jingchen hurriedly ran towards the main hall.

Feng Datong followed.
