

C25

"Pfft!"

With a punch, a aming st shadow appeared and Dong Hu spat out blood.

"Motherf * cker, I didn't kill you last time, but now you're still courting death!"

"Then go to hell!"

Lu Zixuan said coldly.

The Raging Fire and Sun Chasing Fist smashed out once again.

"Sizzle sizzle!"

The st shadow appeared.

But this time, a layer of dark ame jumped about on top of the st shadow.

Profound and Extreme Fire!

Lu Zixuan had actually used the Profound and Extreme Fire!

"How dare you!"

"Stop!"

The st shadow howled.

It enveloped Dong Hu thoroughly.

The hook nose guy shouted, with his eyes wide open.

"Save me!"

Dong Hu was shaken, and anxiously shouted.

He called to the hook nose guy for help.

"Of course I dare!"

Boom!

Lu Zixuan said in disdain as the st shadow ruthlessly smashed onto Dong Hu's body.

With a boom, Dong Hu turned into blood fog and scattered.

"Ah!"

"I will kill you!"

Dong Hu's death had caused the hook nose guy to go crazy.

Dong Hu was Dong Hao's little brother, someone Dong Hao had requested him to protect speci cally.

Now, Dong Hu was dead.

Then, how would he explain himself when he returned?

"Earth Defense!"

The hook nose guy rushed over, and a layer of Sword-light landed.

"The strength of a Martial Warrior at the Fifth Rank?"

"Rage Killing, Sword Qi Storm!"

The Earth Defense cracked and shattered.

Lu Zixuan frowned.

He anxiously activated the Rage Killing.

"Watch him from the surroundings. Don't let him get away!"

"Kid, prepare to die!"

"I'm going to kill you!"

The hook nose guy angrily shouted, causing Zhang Yue and the others to surround him.

His long sword pierced over, along with many incomparably beams of sharp Sword-light that crisscrossed freely.

"Sword Qi Storm, Dark Poisonous Fog!"

Lu Zixuan used his trump cards one by one.

"No, I have to escape."

"This guy is too strong, once the effect of Rage Killing dissipates, I de nitely won't be able to escape death!"

The Sword Qi Storm was rampant, and the dark poisonous fog wandered around.

However, the injuries on Lu Zixuan's body continued to worsen.

A Martial Warrior at the Second Rank, compared with one at the Fifth Rank...

The difference was too great!

"Kid, you can't escape!"

The hook nose guy roared ferociously and kept on getting closer.

"Damn it, let's go all out!"

Lu Zixuan clenched his teeth, and shouted out in a low voice.

After which, he rushed towards the Blazing Flame Monolith.

"If I don't die, I'll kill all of you!"

After the Phantom Step, several afterimages were left behind.

In the next moment, Lu Zixuan arrived in front of the Blazing Flame Monolith, and disappeared in the deep hole.

"You're courting death!"

"You dared to intrude into the Earth Vein without the strength of Martial Master Stage?"

"Even if the Earth Vein has been calm lately and hasn't erupted yet, you won't be able to withstand it!"

The hook nose guy watched as Lu Zixuan charged into the deep hole.

He sneered and stopped.

"Damn it, he took the Profound Fire Ball!"

"We're nished, we're nished!"

However ...

When he turned around to look at Dong Hu's corpse, he let out a furious roar.

"Senior brother, we ..."

Zhang Yue and the others were trembling in fear.

Dong Hu's death caused them to feel feared as well.

"The Profound Fire Ball is Senior Brother Dong's treasure, we must not lose it!"

"With the Profound Fire Ball, that kid might be alright!"

"Let's wait for him to come out and kill him!"

The hook nose guy clenched his teeth.

His face appeared erce, and the veins on it were pulsating visibly.

"Yes sir!"

Under the hook nose guy's cold gaze, Zhang Yue and the others didn't dare to say a single word.

"Motherf * cker, it's too hot!"

The deep hole connected to the Earth Vein.

When Lu Zixuan landed here, the surrounding temperature was unbearable for him.

He activated the Earth Defense at full strength, and wrapped himself with the Profound and Extreme Fire.

"This ball that the guy just took out is de nitely not simple!"

"Who knows, it might help me resist the ames and the heat here!"

Lu Zixuan ipped his palm and took out a ery-red ball.

"Buzz buzz!"

When the Genuine Qi entered, the ery-red ball hummed.

"It really is possible!"

"Motherf * cker, just you wait!"

"Wait for me to go out and kill you all!"

The ery-red ball turned into a curtain of light, enveloping him.

In an instant, the surrounding heat and ames were isolated.

Lu Zixuan clenched his teeth, took out several Small Revitalizing Pellets and swallowed them.

"Hiss, hiss ~"

Under the effect of the Small Revitalizing Pellets, the injuries on his body was healing rapidly.

The weakness brought about by using the Rage Killing slowly disappeared as well.

"There's a Demonic Beast?!"

Suddenly, a hissing sound came over, causing Lu Zixuan to suddenly open his eyes.

"Haha, there's a Demonic Beast!"

"Kill!"

"Raise my strength and kill my way out!"

Lu Zixuan, who was still thinking about how to raise his strength, suddenly felt a shock when he saw the Demonic Beast.

As long as he could kill a Demonic Beast, his strength could be increased!

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Fire Snake. You have obtained 80 points of Exchange Value and 50 points of Genuine Qi!"

"Let me keep on searching for the Demonic Beast!"

With the ery-red ball, he started to look for the Demonic Beasts here.

The deep hole was connected to the Earth Vein.

The underground passages extended in all directions like a maze.

There existed many Demonic Beasts here.

"Ding!"

"Ding!"

Lu Zixuan killed the Demonic Beasts one after another in the passage.

Following the massacre, his Genuine Qi Points and Exchange Value were also crazily levelling up.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Mysterious Flaming Python. You have obtained 200 points of Exchange Value and 100 points of Genuine Qi!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Earth Flaming Lizard. You have obtained the Beast Fire at the Third Grade of Human Level. Do you want to fuse it with the Profound and Extreme Fire? The fusion requires 300 points of Exchange Value. "

"Beast re?"

"Fuse!"

Hearing system beep, Lu Zixuan chose to fuse them without hesitation.

"Ding!"

"Congratulations to host 'Lu Zixuan' for successfully fusing the Profound and Extreme Fire with the Beast Fire!"

"There actually exists the Beast Fire here!"

"Look, keep looking!"

"By fusing with the Beast Fire, the Profound and Extreme Fire can be levelled up."

With the Profound Fire Ball, this place had become a treasure place for Lu Zixuan to increase his level.

After the Profound and Extreme Fire had been levelled up, he was full of energy, holding his long blade and continued to ght.

Just like in his previous life, running dungeons endlessly.

"Ding!"

"Ding!"

The system kept ringing.

Lu Zixuan's strength was increasing crazily.

The Profound and Extreme Fire was also growing with the fusion.

"Ding!"

"Congratulations to host 'Lu Zixuan' for levelling up to become a Martial Warrior at the Third Rank!"

There were a lot of Demonic Beasts here, so Lu Zixuan had a breakthrough after ve restless days.

And his Exchange Value had also reached a terrifying level of near one hundred and fty thousand!

"Let me go deeper for more killing."

"As long as I become a Martial Warrior at the Fourth Rank, I can ght my way out!"

"Then I will crush all of them!"

After the breakthrough, he didn't leave immediately.

Instead, he charged towards the depths of the Earth Vein.

"Dang!" Clang! "Dang!"

"What is that sound?"

Inside the Earth Vein, Lu Zixuan was still looking for Demonic Beasts.

Suddenly, a clanging sound came from afar, startling Lu Zixuan.

"Could it be that there are other people here?"

He frowned and said to himself.

"Let me go take a look, it might be some powerful Demonic Beast!"

After a moment of silence, he slowly approached the source of the voice.
