Chapter 151 Qingtong Arrives

"Ah! I'll kill you all! I'm going to kill you all!"

Su Yu was struggling frantically.

Her cultivation was restrained, and she couldn't exert any strength at all at the moment.

Her hands scratched and clawed at the iron chains, instantly becoming bloody!

"Haha!" Watching Su Yu's painful state, the housekeeper laughed arrogantly.

"Keep screaming! Wait until we get to the Cheng Family, there'll be even more for you to suffer about! Haha!"

Right at that moment, a cold voice rang out.

"Is that so? Sadly, you won't have the chance to take her back."

As the voice echoed, a ghostly figure suddenly appeared before them, having closed the distance in an instant!

"Who?! Who are you?"

The sudden sound startled the Cheng Family's housekeeper, who called out at once.

He stepped back swiftly, his gaze vigilant and fixed on the direction from which the figure had appeared, his expression utterly guarded.

From the stranger's words, it seemed they were here for Su Yu!

Behind him, a group of guards all stood up as well, quickly closing in around him.

Elder Liu, who had been resting with his eyes closed, also opened his eyes.

"You are not worthy of knowing who I am."

The figure of Luo Qingtong slowly materialized next to the cage.

Looking at Su Yu, locked in the cage like a dog, Luo Qingtong's expression suddenly turned cold.

"All you need to know is that I am here to take your lives!"

How dare they treat someone by her side like this!

These people from the Cheng Family are seeking death!

"Master!"

Seeing Luo Qingtong appear, warmth flooded Su Yu's cold, desperate heart.

She had not expected Luo Qingtong to come to rescue her personally!

When she was snatched from her mansion by the Cheng Family, she had already felt hopeless.

And upon learning the truth about the extermination of the Su Family, her despair deepened!

The Cheng Family was a first-rate aristocratic family in Xuri Country!

If the Su Family were still standing, they could have contended with them, but now...

A twinge of extreme pain tinted Su Yu's eyes.

"Master, don't worry about me! Go quickly! There are..." warriors from the Martial King Realm here!

Before Su Yu could finish her sentence, the housekeeper from the Cheng Family had already turned his malevolent gaze towards Luo Qingtong.

"Haha! So this is a case of deep master-servant affection! You must be that Evil Doctor who bought Su Yu, even chasing her here! Perfect, we'll capture you too! Come back with us and work like dogs and horses for our Cheng Family!"

Though the housekeeper didn't believe Luo Qingtong had any real abilities, dismissing her as a charlatan fortunate enough to make a name for herself in the Black Domain Suburb of Dongli Country!

But if it could make Su Yu suffer, he was more than willing to do so!

That way, he was sure to greatly please the young master's brother, and the rewards would be lavish!

Indeed, hearing his words, Su Yu bit her lip hard, urgently saying to Luo Qingtong, "Master, go quickly! Don't worry about me! This is a grudge between the Su and Cheng Families! It has nothing to do with you!"

Having granted her freedom and a new life was already enough from her master!

She couldn't bring more trouble upon her master!

"Hmph! Want to leave? Too late!" The housekeeper said this with a sneer, raising his hand, "Capture her for me!"

Luo Qingtong narrowed her eyes at the housekeeper, and as those guards rushed forward, she raised her hand and made a gesture.

"Surround them all, let none escape!"

Today, she would wreak a great slaughter!

"Shuushuushuushuu!"

In the moment Luo Qingtong's voice rose, the figures of the several Military Marquis Level warriors who had come with her also revealed themselves.

Chapter 152 Too Much Nonsense!

"Haha! You dare to flaunt your strength before the Cheng Family with just a few at Military Marquis Level?"

The housekeeper sneered inwardly at the several Martial Marquis Realm powerhouses who appeared behind Luo Qingtong, and burst into loud laughter.

"Typical country bumpkins from a backwater place like Dongli Country! Thinking that just because you have a few Martial Marquis Realm powerhouses with you, you can do something to us?"

"Let me tell you, in our Xuri Country, Martial Marquis Realm powerhouses are merely slightly more elite guards! These Military Marquis Level slaves of yours were beaten by us until they were in a complete mess before! If it weren't for being in the territory of Black Domain Suburb, do you think they could have left in one piece?"

"I didn't expect you to actually bring them to besiege us! Hahaha!"

The housekeeper laughed unrestrainedly.

"Young Master Su Yu!" he said mockingly, "Is this your master? Doesn't seem too smart, huh!"

"Don't you dare insult master!"

Su Yu's eyes turned blood-red with desperation as he struggled against the chains on the cage.

If it weren't for him, master wouldn't have to face such humiliation!

"Master! Run! Go!"

Luo Qingtong did not look at her but focused her gaze on the housekeeper who was laughing uproariously.

"You talk too much."

She lowered her head, and the next second, her figure suddenly soared up!

"Hmph! Courting death!"

Watching Luo Qingtong charging at him, the housekeeper's expression suddenly became stern, and his aura exploded, revealing an unmistakable Military Marquis Level presence.

And it was even the strength of the sixth stage within the middle tier of Military Marquis!

He met Luo Qingtong head-on.

"I was originally planning to amuse myself with you! Since you're seeking death, then I'll grant it to you!" he sneered.

"Leave this Evil Doctor to me! Everyone else, surround and kill those Military Marquis Level slaves!" he ordered in a deep voice.

However, before he could finish his words, in a flash, Luo Qingtong, who should have been hundreds of meters away in front of him, suddenly appeared before him, with Death Blade slashing fiercely.

In an instant, blood splattered!

The housekeeper's throat was slit open!

"I told you, you talk too much!"

Under Luo Qingtong's Pupil Skill, every move of the housekeeper was under the surveillance of her Pupil Vision!

The housekeeper thought she had appeared in front of him instantaneously, but in reality, Luo Qingtong had already foreseen his next move through Pupil Skill and was deliberately waiting for him there!

It was as if the housekeeper had run into the light of Death Blade wielded by Luo Qingtong himself!

"You..." The housekeeper covered his slit throat, looking at Luo Qingtong with eyes filled with utmost shock.

Thud, he fell to the ground, looking up at the sky!

Swift murder in a single move!

From start to finish, the battle between Luo Qingtong and this housekeeper didn't even last ten breaths!

Everyone was stunned.

The guards rushing towards the War Slaves instantly froze!

The housekeeper just died like that?!

Although his strength wasn't the highest among them, it wasn't low either!

A Sixth Realm of Martial Marquis powerhouse, just like that, had his throat cut by a sword strike?!

They were shaken to the core.

Although it was clear to everyone that Luo Qingtong managed to do this through a surprise attack,

Even with the element of surprise, one must possess the corresponding strength!

The strength visibly emanating from her wasn't even at the Great Martial General Realm!

A Great General surpassing ranks to kill someone in the Martial Marquis Realm is already considered a genius that appears once in a century!

Yet Luo Qingtong blatantly surpassed two entire Realm boundaries to kill her enemy, and with a single strike to boot!

This... this is simply demonic!

Chapter 153 Her Peak!

Whoosh!

As they stood shocked and stunned, Luo Qingtong's figure once again soared.

Having elevated her strength to that of a Ninth Rank Martial General, she displayed her power to its fullest extent!

It can be said that Luo Qingtong's movements are a perfect representation of the pinnacle of strength at this stage!

Even geniuses of the same cultivation level paled in power control precision compared to her!

Nor could they match her in the magnitude of power unleashed!

If a genius at the Ninth Rank Martial General level could exert two hundred percent of their strength, then Luo Qingtong's power display had no limits!

Where the strongest power of this stage of strength could reach, there Luo Qingtong's Realm of strength resided!

The reason for this effect was that, under her Pupil Skill, she had an absolute understanding of the power throughout her body!

When one fully comprehends their own strength, moves with their heart's intent, and can freely manipulate every bit of power within them, the disparity between the major Realms becomes much less significant!

To put it simply, if a high school student can solve a problem using high school theorems and formulas, a middle school student with a sufficiently developed mind could arrive at the same solution using middle school theorems and formulas!

In such a case, what gap remains between the two?

It's even possible that the middle school student's final solution is more perfect!

Who would you say is more formidable?

Below the Martial King Realm, unless a cultivator has reached the state of Innate Unity and can resonate with the Heaven and Earth Power, melding strength harmoniously and endlessly, in front of Luo Qingtong, they're no different from a sieve full of holes!

Full of flaws everywhere!

As long as she can find those flaws and strike swiftly before the opponent manages to cover them up in time!

Then even a strong warrior of the Martial Marquis Realm would be no match for her!

The biggest issue for Luo Qingtong was simply whether her strength was enough to break through the opponent's defense!

And the strength of a Ninth Rank Martial General, combined with the cutting ability of Death Blade... just happens to be able to break through the power defenses of the Martial Marquis Realm!

For her to kill these men was as easy as chopping melons and vegetables!

Only the strong warriors of the Peak Martial Marquis Realm could barely withstand her attacks!

But even they could only barely hold on!

Luo Qingtong's gaze was icy as she stared at the Guard Commander of the Peak Martial Marquis Realm in front of her!

This person was the strongest among the guards serving by the housekeeper's side!

The strength of the Peak Martial Marquis Realm allowed him to withstand every one of her attacks!

Each time, it was by a hair's breadth that Death Blade could break through his defense and claim his life!

But it was just that hair's breadth that prevented Luo Qingtong from breaking through his defense!

"Haha! You can't do anything to me!"

The Guard Commander of the Peak Martial Marquis Realm also began to panic at first.

Luo Qingtong was too fast; almost in an instant, all of the guards around him had fallen!

The words spoken by that housekeeper had become a complete joke!

What about ambushing and killing the Martial Marquis Realm slaves?

They hadn't even gotten close to those slaves yet, and they were nearly wiped out by the Evil Doctor alone!

Finally, the Guard Commander realized why Luo Qingtong had the audacity to pursue them with only a few Martial Marquis Realm slaves in tow!

It turns out she had the confidence all along!

Fortunately, it seemed that she couldn't overcome him!

This gave the Guard Commander infinite hope.

He laughed heartily and rushed towards Luo Qingtong!

As for those Martial Marquis Realm slaves, he didn't take them seriously at all!

Controlled by the Slave Mark, their strength couldn't be fully exerted!

He could wipe them all out single-handedly!

However, just as he thought this...

Chapter 154 The Power of the Life and Death Yin Yang Sword!

Swish!

Luo Qingtong's body soared again.

The Death Blade in her hand suddenly transformed, turning into the milky white state of the Life Blade!

A slash came down!

The defense of the Peak Martial Marquis Realm, which was originally impenetrable, under this cut of the Life Blade, suddenly had some power absorbed by the Life Blade!

At the same time, the defensive power around the Peak Martial Marquis Realm also stagnated!

Now is the time!

A flash of light from the Pupil Vision in Luo Qingtong's eyes!

Under the dark red 3D Pupil Vision, the vulnerabilities inside the body of the Peak Martial Marquis Realm powerhouse were instantly revealed!

This vulnerability is breachable!

"Boom!"

The Life and Death Yin Yang Sword in Luo Qingtong's hand instantly transformed again!

Under the absorbing state of the Life Blade, the strength of the Peak Martial Marquis Realm opponent weakened slightly!

While Luo Qingtong's strength rose slightly!

With this new imbalance, instantly, the tip of Luo Qingtong's Death Blade Sword pierced through the opponent's defense and thrust directly towards the heart!

"Bang!"

The sword tip penetrated through the front chest, and then out the back!

Luo Qingtong revealed a smile similar to a Bloodthirsty Demon Flower on her lips, twisting the longsword in her hand!

With a "boom", the Peak Martial Marquis Realm powerhouse didn't even have time to react, and his heart was abruptly turned into a mass of fragments!

"Bang!"

Luo Qingtong lifted her foot, and kicked his corpse to the side.

A few Martial Marquis Realm slaves nearby were all stunned.

Especially the Peak Martial Marquis Realm slave powerhouse, who had wanted to help when he saw Luo Qingtong unable to break through the defense of the Peak Martial Marquis Realm Guard Commander.

But before he could rush over, Luo Qingtong had already killed the Peak Martial Marquis Realm Guard Commander with a direct strike!

Is the Master really that powerful?!

Seeing the terrifying way the Guard Commander died, the expression of the Peak Martial Marquis Realm War Slave also froze.

He shrank his neck, and inexplicably felt a wave of chill rising, secretly glad that he never had thoughts of fleeing when the Slave Mark was removed!

Otherwise, his fate would probably not be much better than that of the Guard Commander!

The strength of the Evil Doctor Master is too strong!

Indeed... the aura she emits isn't even at the Great Martial General Realm!

It's really horrifying!

If Luo Qingtong were also a star of the Martial Marquis Realm, this Peak Martial Marquis Realm War Slave wouldn't be so scared.

But Luo Qingtong... she isn't even at the Great Martial General Realm!

Where can one find such a terrifying Military General Realm figure?!

Is this even human?

While the other War Slaves at the Martial Marquis Realm were shocked by their master's frightening prowess, Elder Liu, who had been observing the Cheng Family being exterminated from the sidelines, felt a surge of ecstasy within!

"Great sword!"

He greedily eyed the Liangyi Sword in Luo Qingtong's hands!

Unaware of Luo Qingtong's Pupil Skill card-up-the-sleeve, he attributed Luo Qingtong's impressive feats to the enhancement provided by the Life and Death Yin Yang Sword!

The sword that allows one at the Military General Realm to kill enemies two major realms higher!

What kind of Divine Weapon is this sword?

If he obtained it, wouldn't his strength greatly increase?

By then, not to mention the Cheng Family, he could freely dominate across various empires!

Those aristocratic families of the Holy Dynasty, wouldn't they treat him as an honored guest?!

Thinking of this, he laughed heartily: "This is truly Heaven's favor! That Evil Doctor, right? Such a Divine Weapon is not something you can possess! Put down the sword in your hand! I will spare your life! Allow you to be my servant! Otherwise—death!"

Chapter 155 Facing the Martial King

"Fancy the sword in my hand? Old Dog, I'm afraid you might yearn for it, but you'll die before you can take it!"

Luo Qingtong flicked the blood off her blade with a raise of her hand, angling the longsword slightly towards the ground.

With that motion, her sword tip was directed at Elder Liu in front of her!

"If you've got the guts, come and take it!"

That disdainful posture and provocative attitude instantly caused veins to bulge on Elder Liu's forehead with sheer rage!

"What did you say?! Courting death!"

As he spoke, his figure burst towards Luo Qingtong in a flash.

"I kindly offered you a way out, but you refused! Now go to hell!"

Elder Liu's voice was furious, and his hands, like eagle claws, viciously reached for Luo Qingtong.

At the same time, he unleashed the unique strength that only a Martial King Realm powerhouse could possess.

The surrounding nature's spiritual energy stirred tumultuously in response to his explosive energy!

In the Martial King Realm, it's about Innate Unity! The power within the body acts upon will, even capable of drawing upon Heaven and Earth Power, creating momentum!

If Elder Liu's initial claw attack was at fifty percent power, then with this borrowed force, his Attack Power surged instantly, reaching a full one hundred percent!

This is an advantage exclusive to Martial King powerhouses!

Upon reaching the Martial King Realm, the energy within their body can be externalized, adding another layer of Attack Power to their offense!

"Boom!"

With Elder Liu's claw strike, a huge sonic boom seemed to resound through the air!

The sheer force of the attack was enough to tear through the air, causing a sonic explosion!

"Master!"

Su Yu had just been released from the iron cage by other Martial Artists, and as he looked up, he witnessed the scene and, without a second thought, rushed towards Luo Qingtong.

The expressions of several other Martial Marquis Level powerhouses also drastically changed.

They hadn't expected that the team sent by the Cheng Family would include a Martial King Realm powerhouses!

This was the caliber of a being who could establish a country!

Even in an Upper-class Country like Xuri Country, such figures are revered, venerated as absolute powerhouses!

How could such a formidable presence be part of the team sent to capture Su Yu?

Only a Family Head or someone of a higher status would have the authority to command Martial King Realm powerhouses like him!

Even if the opponent was merely a novice in the Martial King Realm, it would still be the case!

However, only Su Yu knew that Elder Liu was coincidentally encountered by the team from the Cheng Family Faction dispatched to capture him!

It's all because of me!

If it weren't for me, my master wouldn't have encountered them, nor would she have been targeted!

"Master! Run! We'll hold him off! You head back to Black Domain City!"

Su Yu reached Luo Qingtong's side and raised his hand, intending to use his body to block the attack.

Upon hearing this, the other Military Marquis Level War Slaves quickly reacted.

In front of a Martial King Realm powerhouse, they were utterly powerless to retaliate, so they might as well fight to their deaths to let their master escape!

With the master's identity and status in Black Domain City, she will surely be able to avenge them!

"Master, run fast!"

They too charged forward, forming a human wall in front of Luo Qingtong in an instant!

"Haha! Run? None of you will escape!"

In Elder Liu's hand, a radiant light burst forth, launching a ferocious attack towards Luo Qingtong and the others!

Energy externalized! Detached body attack!

Seeing the terrifying incoming attack, Su Yu and the others didn't hesitate to rush forth!

But at that moment, a gentle force suddenly swept them aside!

A dazzling streak of black light, in that split second, streaked out from behind them!

"Bang!"

Chapter 156 Sword Light Against Sword Light!

A loud blast.

The streak of black light that had flown from behind them collided directly with the External Force released by Elder Liu.

Under the forceful crash, the surrounding air burst apart in an instant.

Enormous gales exploded outwards.

Shockwaves surged in every direction, bombarding the surroundings!

Su Yu and the Military Marquis Level War Slaves were blown away by the violent force, their figures twisting and tumbling, nearly falling to the ground.

"Master?!"

Su Yu turned back, wanting to see who had saved them, and upon doing so, he saw Luo Qingtong standing behind them with the Death Blade.

Apart from her, there was no one else!

Could the attack just now have been released by the Master?

Su Yu and the group of powerful War Slaves stared in shock.

That was an attack that only someone from the Martial King Realm could unleash!

How did the Master do it?

Their gazes inevitably focused on the Death Blade in Luo Qingtong's hand.

This sword... it's that powerful?!

Indeed, the attack just now was launched by Luo Qingtong with the Death Blade!

Ever since she obtained the Life and Death Yin Yang Sword, Luo Qingtong had been able to exert Sword Qi attacks through the Death Blade that were normally exclusive to the Martial King Realm!

However, at that time, the power within her was not yet sufficient! She could barely release one attack.

But now it's different!

"Old Dog, with your meager strength, you're too audacious to covet my sword!"

Seeing Su Yu and the others nearly killed, Luo Qingtong's gaze turned icy cold as she swept her hand forth.

"Swoosh!"

The piercing black light burst out from the Death Blade like the gleam of a reaper's scythe, fiercely slashing towards Elder Liu in front.

The latter was now eyeing the Life and Death Yin Yang Sword with a wolf-like greed.

"Hahaha! Wonderful! What a magnificent sword it is!"

Elder Liu's heart was filled with indescribable ecstasy at this moment!

The surprise this sword had given him was immense!

The fact that it allowed Luo Qingtong to slay Martial Marquis Level experts was already surprising enough for him!

And yet it could even allow a Military General Realm fighter to directly release Sword Qi attacks, confronting a Martial King Realm expert like himself!

Excellent!

It was too excellent!

This peerless treasure! It was destined to be his!

"Haha! Initially, I thought of leaving you alive to torment you! Now I've changed my mind! All of you must die! Anyone who has seen this sword! Must die!"

Such an exceptional sword! It must be carefully concealed! No one must be allowed to know of it!

Previously allowing the Cheng Family to be wiped out by that Evil Doctor was obviously the right decision!

"Haha!"

He laughed loudly, and with a boom, his aura burst out, and a fiery red longsword instantly appeared in his hands.

"Let me show you what real Martial King Realm strength is! It's not something that can be matched by Sword Qi just because you wield a sword!"

While speaking, with a flick of his wrist, a sword light several meters long shot out from the longsword, rushing towards Luo Qingtong!

"Master! Watch out!"

Su Yu and the others watched with hearts clenched tight.

Although the Master could unleash Sword Qi only possessed by the Martial King Realm, after all, she wasn't truly in the Martial King Realm!

Could she withstand this move?

Just as their hearts twisted with tension, the two sword lights collided in the air!

"Boom!"

Luo Qingtong's sword light was shattered astonishingly!

Seeing Elder Liu's attack was about to sweep through unhindered, Su Yu and the others could not help but cry out in alarm.

But at that moment—

Chapter 157 True Strength!

"Bang!" Elder Liu's attack surprisingly shattered in mid-air!

"How... how is this possible?!"

Elder Liu, who was about to burst into laughter, froze instantly.

How could this be possible?!

His all-out strike couldn't even deal with the attack launched by the Evil Doctor, who hasn't even reached the Great Martial General Realm?!

How could this be possible?!

No matter how powerful that black longsword is, the wielder needs the strength to use it!

Someone at the Great Martial General Realm can't possibly unleash the full power of that longsword!

Elder Liu was confident he would cut down his opponent with his sword light!

It was unexpected that the opponent's attack was broken through!

But his own sword light attack, was it also neutralized?!

Elder Liu's heart was filled with disbelief, yet only Luo Qingtong knew how she had done it.

Even the strongest attacks have weak points!

The opponent's attack was strong!

But through her Pupil Skill, she had already gained insight into the weakest point in that sword light! As she swung her sword, she already rushed ahead along that trajectory, striking at that weak spot! Nullifying the opponent's attack power!

"No! I don't believe it!"

Elder Liu's face turned to anger, and he charged forward with his sword!

The fiery red sword light surged!

He didn't believe it! With just a sword, the opponent could fully resist his own attack!

If one attack doesn't work, then two!

He didn't believe the opponent could block them all!

"Boom!"

The figures of the two clashed rapidly.

Su Yu and the others, overturned by the terrifying aftershocks of the attacks, had expressions of utter shock.

If they thought Luo Qingtong was lucky in blocking Elder Liu's first attack, this time it was completely shocking.

Just as Elder Liu thought, no matter how powerful the sword in the master's hand was, without the corresponding strength, it's impossible to contend against someone in the Martial King Realm!

Had their master not used her full strength when killing those cultivators of the Martial Marquis Realm before?!

While Su Yu and the others were shocked, Elder Liu grew increasingly frightened as the battle ensued!

Horrible!

Too horrible!

What kind of monster was his opponent?!

Elder Liu could clearly feel that the sword light emitted by Luo Qingtong through the Death Blade was not as powerful as his own attack!

But every time, the opponent could nullify his attack!

Bringing his attack power down to almost the same level as hers!

Each of his attacks seemed to hit her sword light directly! And when her sword light shattered, his attack was also neutralized!

Once or twice could be a coincidence!

But every single time!?

Could it be... the opponent could actually perceive his attacks?!

Thinking of this, Elder Liu's heart was filled with horror.

At this moment, he no longer underestimated Luo Qingtong, and a chill emerged from the bottom of his heart!

A cultivator at the Military General Realm, even holding a Divine Sword, shouldn't be able to fight to this extent against him!

Yet the opponent had not only done it but was also seemingly suppressing him!

Elder Liu felt that as time passed, his pattern of strikes and the circulation of his Energy seemed to be increasingly perceived by the opponent!

If this continued, he might actually be slain here!

No! This can't go on!

With that thought, Elder Liu suddenly clenched his teeth!

"Boom!"

He flipped his wrist.

In an instant, the longsword in his hand suddenly flared up with a series of intense and scorching glows!

With that swing, like a giant fireball, it rushed towards Luo Qingtong!

"Fiery Flame Slash!"

Chapter 158 Master, Be Careful

King-level Technique: Fiery Flame Slash!

After Elder Liu advanced to the Martial King Realm, this was his strongest deadly move, and he launched it at Luo Qingtong!

"Die! Haha!"

The air carried a piercing, suffocating scent, faintly emitting the smell of high-temperature scorching.

Luo Qingtong watched the rapidly approaching attack, her gaze slightly chilly!

The intensity of this attack had already surpassed what she could fend off!

Luo Qingtong's eyes hardened, and she was about to switch Death Blade to Life Blade!

Just at that moment, the power within her body suddenly stalled, having been completely depleted!

Luo Qingtong's expression harshened, and the blood-red glow in her eyes flashed violently, almost instantly finding the best route to dodge.

However, before she could move, a figure next to her suddenly lunged forward, positioning themselves in front of her.

"Master!"

Su Yu had been watching the battle between Luo Qingtong and Elder Liu unblinkingly.

Although Luo Qingtong demonstrated great strength, Elder Liu was in the Martial King Realm!

No one knows the outcome until the very last moment!

Thus, as soon as there was a problem on Luo Qingtong's side, even before others noticed, she immediately dived forward without a second thought.

She couldn't let anything happen to her master!

Even if it meant throwing away her own life, she couldn't let her master be harmed!

With that belief, Su Yu managed to throw herself onto Luo Qingtong before the latter could even move.

"Master!" She raised her hand to push Luo Qingtong out!

Luo Qingtong's pupils contracted slightly.

She hadn't expected Su Yu to throw herself over without any regard!

Anyone could see that the move from Elder Liu was meant to kill!

Su Yu diving over was essentially stepping in to take the deadly hit for her!

This fool!

"Bang!"

The moment Luo Qingtong moved, grabbing Su Yu's hand, she violently darted to the side!

However, what she calculated with her Pupil Skill was only the safest dodging spot for herself, not including Su Yu!

While this pull did allow Su Yu to avoid that fatal Fiery Flame Slash, the violent remnant force and scorching air from it still severely injured Su Yu!

Seeing the young girl who had thrown herself onto her, with her back charred and flesh blurred, Luo Qingtong instantly became furious.

"Old Dog! You're courting death!"

The blood-red glow in Luo Qingtong's eyes was like a storm brewing.

Those eyes, fiercely glowing, paired with her vacant, pitch-black gaze, made her resemble a dark goddess emerging from the depths of Hell.

Seeing Elder Liu raising his hand for another attack that came bombing towards her, the blood glow in her eyes turned even more piercing, instantly summoning Little Fragrant Pig.

The latter didn't even know what was happening!

Looking up, it saw a fierce, scorching light rushing towards it, instantly screaming in fear, raising its four little hooves preparing to run out!

Luo Qingtong raised a hand to hold it in place.

"Block him! At least for ten breaths! Otherwise, you'll never leave the Demon Suppressing Tower for the rest of your life!"

Her voice was ice-cold, and before Little Fragrant Pig could even react, it was thrown out!

"Ahhh! Ahhh! You can't do this to me! Why don't you call out that little white to block it! This is discriminatory treatment!"

Little Fragrant Pig screamed all the way as it flew towards the Fiery Flame Slash!

Meanwhile, Luo Qingtong fiercely grasped the Thousand-Year Soul Summoning Wood Tree Heart she took out in her hand!

The power that she had previously channeled into it was now continuously flowing into her body, enhancing her aura!

Chapter 159 Qingtong Shows Her Power

"Ahhh!"

Little Fragrant Pig flew towards Elder Liu's attack with a face full of agony.

Just when everyone thought it would be sliced in half by the attack, after half a day of shouting and failing to attract Luo Qingtong to take it back, Little Fragrant Pig finally shut its mouth!

"Forget it, that woman isn't falling for it! Dammit!"

It stomped its four tiny hooves fiercely and instantly righted itself mid-air.

Then, to the surprise of everyone with their eyes wide open, Little Fragrant Pig opened its mouth wide!

"Boom!"

A beam of light, as sharp as sword light, shot out from its mouth and, with a bang, collided with the attack launched by Elder Liu!

Rumbling thunder!

The two beams of light exploded on contact!

The violent residual energy burst open, and Little Fragrant Pig's energy instantly dwindled significantly.

This strike had depleted much of its strength.

The next second, it transformed into a pink bolt of lightning and charged towards Elder Liu!

— Luo Qingtong had told it to hold off for at least ten breaths of time!

"What?! What the hell is this thing?!"

Seeing his attack blocked by a mysterious pink mini pig that came out of nowhere, Elder Liu was briefly stunned, then unleashed another attack!

This time, before the attack could even reach it, Little Fragrant Pig had already dashed away!

Its four tiny hooves nimbly moved through the air, turning into streaks of pink lightning, continuously sprinting around Elder Liu, preventing him from having the chance to disturb Luo Qingtong as she recovered her energy!

Given its understanding of that woman, once she recovered her strength, Elder Liu would probably meet his end the next second!

"Damn it! I'll strangle you, you bastard! It's all your fault! It cost me a lot of energy, Lord Pig! Do you think it's easy for me to regain a bit of strength?! If it weren't for the seal, I'd blow you away with a single breath! Dammit!"

As Little Fragrant Pig muttered to itself in its heart, it kept dragging Elder Liu around in circles!

"Rumbling thunder!"

Elder Liu's attacks came one after another, but he couldn't touch even a bit of Little Fragrant Pig's skin!

Even if some stray energy from the attacks did hit it, it seemed as though it didn't harm Little Fragrant Pig at all!

From the beginning to the end, Little Fragrant Pig's speed never slowed down!

What in the world is this thing?!

Just as Elder Liu was shocked in his heart, with a bang, Luo Qingtong on the other side finally gathered enough strength.

Her figure flickered as she rose, the bloody light in her eyes flickering. Behind the sinister Rashamon Mask, her red lips slightly moved.

"Move aside!"

The icy voice came through, and without any hesitation, Little Fragrant Pig kicked off and ran to a place so far away it was like another world!

Mom, I'm so tired!

Why did this woman provoke this?! She actually provoked a Martial King Realm adversary!

What is she planning to do with this opponent now?

Inside a Martial King Realm cultivator, the energy circulates seamlessly, almost flawlessly!

Even if there is a flaw, it isn't something Luo Qingtong within the Military General Realm could break through!

Peak Martial Marquis Luo Qingtong wielding the Life and Death Yin Yang Sword with the Life and Death Blade effect could still struggle to kill!

But what about this Martial King Realm?

Little Fragrant Pig was curious in its heart, and as it ran off, it didn't forget to turn its head to look back.

With that look, its small mung bean eyes instantly widened in shock!

My goodness!

How did this woman do it?

Little Fragrant Pig watched Luo Qingtong ahead with astonishment.

The Death Blade in the girl's hand was horizontal, with a series of fiery red lights dancing upon it.

The hot and intense light, set against the pure black, lusterless blade, was reminiscent of a ghastly fire from the depths of Purgatory, both stunning and terrifying!

This... this is...

Chapter 160 Supreme Pupil Technique, Perfect Reproduction!

Isn't that the attack just released by Elder Liu?!

What's it called again?

"Fiery, Flame, Slash!"

Just when Little Fragrant Pig was shocked, Luo Qingtong let out a cold low shout.

"Swish!"

A fiery red light burst forth from the Death Blade Sword in Luo Qingtong's hand, instantly, with terrifying speed and killing intent.

The light carried scorching high temperatures, sweeping up layer upon layer of heat waves in the air, and bombed toward the shocked Elder Liu, who was already dumbstruck!

The power and intensity of that attack was unimaginably stronger than the Fiery Flame Slash Elder Liu had previously executed!

If the Fiery Flame Slash Elder Liu used before had a proficiency of fifty, then Luo Qingtong's was one hundred percent!

A perfect reproduction!

Another ability of Luo Qingtong's Pupil Skill!

As long as she had seen a Cultivation Technique or martial arts move and had enough strength, she could perfectly replicate it!

This move, Fiery Flame Slash, whether in technique or power, had reached the perfect peak of this King-level Technique! It was as if it had been directly copied from the ancient manuscripts!

Every movement was executed to ultimate precision!

Little Fragrant Pig's eyes were so shocked they nearly popped out!

Oh my god, what kind of freakish master did I end up with!

This woman...can this woman get any more monstrous?!

Under Little Fragrant Pig's shocked gaze, the Fiery Flame Slash rapidly slashed toward Elder Liu!

Under the pressure of the scorching sensation, the latter quickly recovered his senses.

"Impossible! This can't be possible! How can you execute my unique secret technique! It must be fake! A blinding technique! Yes, that's it!"

Elder Liu's heart was filled with extreme panic and fear, he shouted loudly, hurriedly waving his hand and also executed a Fiery Flame Slash at the same time!

However, compared to Luo Qingtong's perfectly executed Fiery Flame Slash, his looked like child's play!

"Boom," Luo Qingtong's Fiery Flame Slash quickly broke through his, directly splitting him in two starting from the center of his forehead!

"Thud, thud!"

Two dull sounds, Elder Liu's body heavily fell to the ground, split in two!

His eyes were wide open, unable to believe that he would die under his own unique killer move!

And such a tragic death at that!

"Boom!"

After cleaving Elder Liu in half, Luo Qingtong's attack still did not lessen in force, directly carving a huge, bottomless crack on the ground!

The might of a King-level Technique was indeed so!

"Bang!" Little Fragrant Pig fell on its butt. Staring at Luo Qingtong's attack, its eyes glazed over.

"Oh my god!"

This woman...is just too terrifying, isn't she?

Just with one look, she managed to learn someone else's unique killer move! And the attack she launched was many times more powerful than Elder Liu's!

Oh my heavens!

Is she even human?

And completely left to the side, the several Martial Marquis Realm War Slaves who came along without even getting a chance to showcase themselves were incessantly gasping!

Their master was simply...too strong!

Looking at Elder Liu's dismembered corpse, the hearts of the slave warriors thundered, their reverence and admiration for Luo Qingtong was like that toward a Divine being!

A Military General Realm able to kill someone in the Martial King Realm!

In this world, there probably isn't anyone else whose talent could match their master!

Military General Realm is already this frightening! How strong will our master become once her strength further progresses in the future?!
