

Supreme 251

Chapter 251 Stunning Sword Light

"Evil Doctor Ghost Eyes!"

Seeing the demonic young man coming out of the room, the intruders in the courtyard were all shocked.

They gazed in disbelief at the silver arrays enveloping the surroundings, fixing their eyes on Luo Qingtong.

"You are actually a Spirit Array Master?"

Damn it! Why was this not mentioned in the intelligence?

The status of a Spirit Array Master is as revered as that of an Alchemist!

Ordinary people struggle to master one, yet Luo Qingtong excels in medical skills and is also practicing as a Spirit Array Master?

And this array...

The leading powerhouse swept his gaze around the enclosing array, which seemed trap them like turtles in a jar, his eyes flickering with shock.

This array, flawless from inside out!

With his strength, he couldn't find a single weak point!

How strong exactly is the opponent's array mastery?

"Merely a trivial skill, not worth mentioning. But it's more than enough to deal with you lot."

Luo Qingtong flicked her robe sleeves, her eyes slighting the uninvited guests with a blood-red gleam.

With her array-setting abilities, none of these people would escape.

"Tell me, who sent you from the Supreme Assassin Pavilion to deal with me, and I will leave your bodies intact."

She said casually.

The appearance of the opponent, and the previous batch of assassins who attacked Ye Qianming, were identical, except their strength and the Blood Blade insignia on their chests.

Luo Qingtong narrowed her eyes slightly.

Someone actually hired people from the Supreme Assassin Pavilion to deal with her!

Interesting!

Luo Qingtong thought that her identity as Evil Doctor hadn't offended many, yet who would spend so much to hire from the Supreme Assassin Pavilion?

They really deemed her highly!

Especially since they even deployed an assassin from the Martial King Realm!

Seems like her opponent knows quite a lot about her!

"Boastful!"

Unable to see through the layout of the array, but by killing Luo Qingtong, the array would destroy itself!

Immediately, the leading Martial King Realm assassin gestured, and a group of people charged toward Luo Qingtong.

A Low Grade Martial King, eight Upper Grade Peak Martial Marquises.

Seeing such a lineup, Luo Qingtong narrowed her eyes.

"You stay here and watch."

Dropping Little Fragrant Pig to the ground, Luo Qingtong gave a brief instruction, and the next second, the Life and Death Yin Yang Sword was unleashed.

"Swoosh!"

The Death Blade transformed.

The pure black sword light in an instant slashed through the air, drawing a chillingly spectacular and demonically beautiful radiance.

Like the reaper's light from the dark night, fiercely striking out.

"Sword light!"

Seeing the fierce and ferocious sword light swept out from Luo Qingtong's hand, a line of assassins from the Supreme Assassin Pavilion widened their eyes.

Before they could react, a scream was heard, and in an instant, an Upper Grade Peak Martial Marquis was slain!

The sword light passed through the body, and Luo Qingtong moved swiftly like the wind, instantly enveloping the entire courtyard!

"Quick! Retreat!"

The leading Low Grade Martial King could only shout that much before the sounds of bodies falling thudded all around.

In just a few moments, all eight Upper Grade Peak Martial Marquises were cleansed!

In the vast courtyard, only the leading Low Grade Martial King assassin remained, his face in shocked and dumbfounded horror at the scene.

"You! You..."

His gaze in awe at the blood-clad youth standing with a sword, he found her terrifyingly beautiful in the red attire, like a demon enticing souls in purgatory.

"How did you do this?!"

Chapter 252 Take him on!

The opponent's strength is only at the Military General Realm! Yet, they can emit sword light exclusive to the Martial King Realm and easily slay those within the Marquis Realm!

How on earth did she manage that?

Even if the longsword she holds is extraordinary, how does her own strength support the emission of sword light?!

The strength of the Military General Realm is fundamentally insufficient to emit sword light!

This powerful individual in the Martial King Realm does not know that although Luo Qingtong's strength is within the Military General Realm, she has undergone Refining through the Life and Death Liangyi Sword and the Nine-layered Exquisite Tower. Her constitution has long reached the level exclusive to the Martial King Realm!

The power within her body is continuously flowing! Although her energy aura is of the quality found within the Military General Realm and slightly weaker, it is enough to support her in emitting sword light and slaying these strong individuals in the Marquis Realm!

"You don't need to know this. I'm giving you another chance. Who from the Supreme Assassin Pavilion hired you to kill me?"

Raising her hand to shake off the deep red bloodstains on Death Blade, Luo Qingtong holds the dark longsword in one hand, tilting her face slightly with the fierce Rashamon Mask simply looking at the strong individual in the Low Grade Martial King Realm.

"Hmph! Don't think you can really be a Martial King just because you have some tricks to emit sword light!"

This low grade Martial King Realm strong individual is seething inside.

After a brief shock, he quickly comes to his senses, realizing he was actually intimidated by someone in the Military General Realm!

This Evil Doctor Ghost Eyes truly has bizarre methods!

But if she thinks that she can frighten him this way, she is gravely mistaken!

Although shocked that Luo Qingtong easily slew eight strong individuals in the Marquis Realm who had accompanied him here.

There's indeed a vast difference between a Martial King and a Marquis!

These eight Marquis Realm were merely brought along to guard against Luo Qingtong, and their deaths mean little!

As long as the target's head is brought back, the mission is still a success.

Thinking this, the Low Grade Martial King Realm strong individual raises his hand and launches an attack towards Luo Qingtong.

Seeing him charging towards her, Luo Qingtong's eyes narrow slightly, and with a snap, her Death Blade instantly transforms into Life Blade.

"Boom! Boom! Boom!"

The two begin exchanging moves in the courtyard.

"Huh?! What is this woman up to?"

The Little Fragrant Pig, which had been lazily watching from the doorway of the room, suddenly stands up with wide eyes when it sees this scene.

It thought that Luo Qingtong would directly transform the Life and Death Liangyi Sword; with Life Blade absorbing and Death Blade reaping, along with the Fiery Flame Slash obtained from Elder Liu previously, she would quickly handle this low grade Martial King Realm assassin!

But why is this woman engaging in direct combat with the opponent?

She hasn't forgotten that she isn't really in the Martial King Realm, right?

Continuing this way, the power inside her body won't hold out!

After all, colliding sword lights is extremely draining.

A true Martial King Realm strong element has robust and endless flowing energy that can withstand continuous blasting!

But Luo Qingtong is only at the Military General Realm in cultivation; while her power also continuously flows, it still falls significantly short of the true Martial King Realm!

What is this woman up to now?

The Little Fragrant Pig feels urgent inside, recalling Ye Qianming's instructions to protect Luo Qingtong.

If this woman experiences any mishaps because of this situation.

Next time she meets that man, won't she be flayed and deboned?!

But this woman told it to watch and not interfere.

Really, what is this woman playing at? She better not play herself to death!

The Little Fragrant Pig is troubled, pacing back and forth on the floor with its four little hooves.

Just then, swish! A sudden change occurs in the battle within the courtyard!

Chapter 253 Perfect Promotion, Instant Kill!

"Bang!"

Luo Qingtong's sword light suddenly shattered!

"Haha! Evil Doctor Ghost Eyes! If you are not a true Martial King Realm, don't try to act tough! You are dead for sure! Give me your life!"

The Low Grade Martial King was overjoyed and hurriedly waved his weapon, attacking Luo Qingtong.

His attack was somewhat strange just now.

This Evil Doctor Ghost Eyes, without a trace of the appearance befitting a Military General Realm, actually exchanged sword light with sword light, clashing harshly with him for tens of moves!

If not for her power aura showing that she indeed was in the Military General Realm, he would have thought that she was a real Martial King Realm!

Such talent, truly demonic to the extreme!

But now, even if she's demonic, she's finished!

Haha!

Arrogant and conceited, she is courting her own death!

The Low Grade Martial King, heart pounding with shock and relief, unleashed his attack without mercy, determined to slay Luo Qingtong on the spot!

Such a demon-level genius is truly terrifying!

There is no intelligence on her strength in the archives, showing just how deeply she has concealed herself!

And that's not even the most terrifying part!

The terrifying thing is, such a demonic genius is both a Spirit Array Master and an Alchemist!

Neither of their strength ranks are weak!

This is simply horrifying!

"Hey! This woman, did she just capsize in the gutter?!"

Seeing that the Low Grade Martial King's attack was about to hit Luo Qingtong, Little Fragrant Pig felt a surge of unease, kicking its four hooves, preparing to rush over to help.

Just at that moment, the aura around Luo Qingtong suddenly changed!

"Boom!"

A surge of energy exploded around Luo Qingtong.

The aura of a Ninth-grade Martial General suddenly changed!

It turned into the aura of a Great General!

Just like a small stream suddenly becoming a river.

The surging energy within was much more majestic and fierce!

Promotion!

Great General Realm!

"Thank you for sparring with me!"

The smile beneath Luo Qingtong's Rashamon Ghost Mask was wild.

Her cultivation had already been on the verge of a breakthrough when she left that man, feeling like it was naturally taking its course!

This time, through the tempering from this Lower-grade Martial King assassin, she finally made a breakthrough in one fell swoop!

Perfect promotion! The energy aura solidified to the extreme!

"As a token of my gratitude, I offer you an painless journey to death! When you get to hell, don't thank me too much!"

Having said that, Luo Qingtong's arms swung horizontally.

Her energy aura, refilled by the recent promotion, was boiling.

The next second, the exclusive aura of the Great General Realm violently erupted!

"Heavenly Battle Technique: First Form—Heaven Stealing Creation!"

It was that powerful move Luo Qingtong had learned from Ye Qianming!

This time, without the man's energy power as support, Luo Qingtong clearly felt that the power of her move was much weaker!

But this 'weaker' was only relative to her previous feat of wiping out many Semi-Saint level powerhouses with a single sword strike!

The Heavenly Battle Technique she now unleashed, even if it only exhibited one-tenth of its previous power, was still not something the current Low Grade Martial King assassin could withstand!

When Luo Qingtong said she would send him on a journey to hell, he initially scoffed at it!

Even if she had suddenly advanced to the Great General Realm, he did not believe she could easily kill him, let alone directly send him to hell!

However, as he watched Luo Qingtong's move being executed, his eyes widened with disbelief.

Irresistible, unable to resist! What... what kind of rank is this technique?!

"Boom!"

The dark sword light flashed by, and in an instant, the Low Grade Martial King, with wide eyes, fell straight down without even a scream!

One-shot kill!

Chapter 254 Essential Tricks for Ambushing Others

"Phew! The move that man taught me is indeed formidable!"

It was Luo Qingtong's first time using her own strength to execute the move Ye Qianming taught her.

Indeed, the move that man used was not ordinary.

Not even knowing what level of skill it was, she barely managed to perform it, given her nascent strength as a new Great General and the special prowess of the Life and Death Liangyi Sword!

Moreover, a single strike eliminated an assassin at the Low-level Martial King Realm.

One must know that Luo Qingtong didn't have Ye Qianming's power within her this time!

Last time she killed Elder Liu, she needed Ye Qianming's power combined with the Fiery Flame Slash to succeed!

This time, however, she relied solely on her own strength to kill!

And this Lower-grade Martial King Realm assassin was even stronger than Elder Liu!

"Meeting that man this time really had a lot of benefits! It wasn't in vain that I almost got caught! Hah!" Luo Qingtong sighed lightly, sheathed the Life and Death Liangyi Sword in her hand, narrowed her eyes, and chuckled softly.

This killer move could totally serve as her ace in the hole.

Who would have thought that she, in the Great General Realm, could slay someone in the Martial King Realm?

Future ambushes using this would be incredibly effective!

"Hey! You woman, you can't just act without any warning! You almost scared me to death!" Little Fragrant Pig hopped onto her shoulder at this point.

It had indeed been scared half to death, thinking this woman had overdone it and capsized!

"You underestimate me too much." Luo Qingtong nonchalantly withdrew the array around them and then flicked its cute little nose.

"Do you think I'm like you?"

She had only sensed the slight possibility of advancement just now, so she took the opportunity to use the Low Grade Martial King Realm assassin to refine herself!

Clearly, the result was very satisfactory!

As Luo Qingtong wielded the Life Blade in her hand, clashing with the opponent, she absorbed and measured his power to integrate it into herself.

This time, the advancement was perfect, and her foundation was incredibly solid.

Even without utilizing Pupil Skill or that man's martial arts, Luo Qingtong could still sweep through her peers in the same realm.

"Supreme Assassin Pavilion..."

Turning over the bodies of these people, Luo Qingtong searched them thoroughly and only found a blank wooden token on the body of that Low-level Martial King Realm powerhouse.

Besides that, there was nothing to identify them by.

If it weren't for having seen the same uniform on a Semi-Saint Realm assassin who acted against her, and hearing that man claim they were from the Supreme Assassin Pavilion, Luo Qingtong might not even know that these assailants lurking in the dark were from the Supreme Assassin Pavilion.

The secrecy measures were well implemented.

Luo Qingtong disposed of these people's bodies and secretly speculated who could have hired the Supreme Assassin Pavilion to target her.

Fortunately, it was apparent that they were after her identity as the Evil Doctor, which spared the Luo Family any trouble.

After circling a few suspects in her mind, Luo Qingtong went back to her room to lock the door and sleep.

The next morning, the waiter who came to ask if Luo Qingtong wanted breakfast saw the courtyard, which looked as if a whirlwind had passed through, and was instantly thrown into disarray, hurrying to call for the innkeeper.

The latter rushed over and saw that his own backyard was almost split in two, only then realizing what Luo Qingtong meant by compensation the day before!

Good heavens!

Was that guest specialized in house demolition?!

This courtyard was demolished too thoroughly!

The innkeeper, who thought he had made a windfall off a naïve and wealthy customer, was now filled with tears of regret.

So, that guest was so generous because she wanted him to use the money to repair the house!

Thankfully, thankfully! That guest stayed at his private residence, not at his inn!

Otherwise, wouldn't he be at a massive loss?!

As the innkeeper was beating his chest in regret, Luo Qingtong was already on her way to Dongli Country.

Chapter 255 The Arrogant Bitch

Dongli Country, Fenglin City.

Luo Family.

"Grandfather, why must you be so obstinately ignorant?"

Inside the courtyard where Old Master Luo resided, Luo Xinning, dressed in a purplish-red Flowing Immortal Dress, drastically altered her usual gentle and graceful demeanor, appearing before Old Master Luo in a strong and proud stance.

"This Luo Family will sooner or later be mine." Luo Xinning wore a light-colored Veil on her face, discarding the mask she usually hid behind, her eyes blazing with ambition.

"Even if you refuse to acknowledge it, you can't change this fact!"

Her eyes twinkling with mirth as she gazed at the angrily flushing face of Old Master Luo, she slightly bowed and spun around with open arms in front of him.

"Do you see? Grandfather, I have reached the Military General Realm! And upon my first promotion, I entered the Fourth-grade Martial General Realm, directly stepping into the Intermediate Martial General Realm! What can Luo Qingtong have to compare with me?"

The smile on the corner of Luo Xinning's lips was disdainful.

"In terms of age, I am younger than she is. In terms of looks, I am not far behind her. In terms of cultivation, she has barely broken through to the Martial Master Realm after life-and-death training on Jiuyu Mountain! How can that be compared to my Fourth-grade Martial General Realm?"

"Grandfather, previously you wouldn't recognize my status in the Luo Family, you even thought that I stole from Luo Qingtong! But isn't this world always one where the strong prey upon the weak?"

"I am stronger than Luo Qingtong, why should I bow down to her?"

"You think I stole Luo Qingtong's things, but now I can tell you! Without that recommendation letter from Luo Qingtong, I would still be able to enter the Tianyu Branch on my own strength!"

"As for that Treasure Armor... Treasures have spirits, they belong to those with ability! Since I am more formidable than Luo Qingtong, of course that Treasure Armor should belong to me!"

Luo Xinning stated this with a proud lift of her head.

"That recommendation letter, I now disdain to accept it! However..." Luo Xinning sneered as she caressed her nails, "even if I don't use it, I won't give it to Luo Qingtong!"

"Isn't she just relying on her marriage arrangement with the Fifth Prince, that's why she's able to enjoy this privilege? I will let the whole world know, without the protection of the Tianyu Royal Family, Luo Qingtong is nothing!"

"Speaking of which, Grandfather, I have to thank you!" Luo Xinning said with a light laugh, "If not for your crazed protection of Luo Qingtong, causing the Tianyu Royal Family to cancel the marriage, bringing them disgrace, I would not have today's opportunity."

"All this strength, I owe it all to you, Grandfather! When the day comes that I trample Luo Qingtong underfoot, I certainly won't forget your deep affection and generosity towards me! Haha!"

"Have you said enough? If you have, then get out! I have no granddaughter like you!" Old Master Luo looked at the violet-dressed girl standing before him with icy eyes.

He never expected that Luo Xinning would dare to come back and appear before him.

Military General Realm strength...

He had no idea how much effort the people of the Tianyu Royal Family had invested to elevate her strength!

The Tianyu Royal Family really went to great lengths just to spite him and Luo Qing.

Old Master Luo's tiger-like eyes swept over the two guards beside Luo Xinning, whose strength was clearly not weak and who were more than ordinary people, suppressing the surging urge within to lash out himself, unceremoniously ordering her out.

He would not give those evidently malicious visitors a chance to strike.

However, Luo Xinning completely disregarded his words.

"Impossible. Grandfather, this time I return, I do not plan to leave! I am now the foremost among the younger generation of the Luo Family, everything of the Luo Family should be mine! Why should I leave? The one who should leave is Luo Qingtong!"

Chapter 256 Array-Fueled Face-Slapping

Luo Xinning sneered, "For her sake, you offended the Tianyu Royal Family, causing the Luo Family to be suppressed at every turn! All of this was caused by Luo Qingtong!"

"The one who should be expelled from the Luo Family is her!"

"Come forth!"

Luo Xinning waved her hand, "Go to the Luo Family Main Residence, and throw all of Luo Qingtong's belongings out! Burn them all with fire!"

A sneer crossed Luo Xinning's heart.

She had always remembered how Luo Qingtong had come back to establish her authority and threw the belongings of their Second branch of Luo Family out of the main residence and set them on fire!

Now, she intended to reclaim everything!

"How audacious! You dare!"

Old Master Luo roared angrily upon hearing this.

He was concerned about the Luo Family and did not want to give those people accompanying Luo Xinning a chance to strike, but he hadn't expected that she would be so aggressively pushing, now actually attempting to drive Luo Qingtong out of the Luo Family!

At that moment, Old Master Luo could no longer hold back!

He had finally seen through it!

Luo Xinning had come back specifically targeting the Luo Family!

Thinking of taking over his Luo Family?

Did Luo Xinning, that wild girl born from her pregnant mother who married into the Luo Family, even qualify?!

Old Master Luo, furious beyond measure, slammed the table and stood up, not saying another word, he struck directly!

"Bang!"

The two people beside Luo Xinning were just waiting for Old Master Luo to make a move!

The two of them stood out, one on each side, guarding Luo Xinning behind them, and releasing the aura of Peak Martial Marquis Realm, they clashed against Old Master Luo.

"Ha! A grand Marquis actually strikes against his own granddaughter. Old Master Luo, you've grown old, and you've grown confused! Leave the running of the Luo Family to the younger generation!"

One of them stepped back sharply, taunting with these words.

"Exactly. Grandfather, you are old! I think it's better to have someone else take over the Luo Family! Like... my father!"

Luo Xinning, who was on guard for Old Master Luo's move, suddenly dodged back the moment he acted.

Just as Old Master Luo thought, she had returned this time solely to provoke him!

She wanted to turn the Luo Family upside down!

After all, Old Master Luo had gone to the Tianyu Royal Family to call off an engagement, infuriating both the Tianyu Empress and the Seventh Princess!

Removing him from power in the Luo Family was just the first step!

The anger she had held for so many years also needed to be unleashed!

Luo Xinning sneered coldly.

However, just as her words resounded, boom!

The whole Luo Family Mansion suddenly trembled fiercely.

The next second, "Boom!"

In a thunderous sound like Heavenly Thunder igniting an underground fire, the two men guarding her and striking against Old Master Luo, suddenly, as if they were hit hard, flew backward with a crash.

Luo Xinning, caught unawares, had yet no time to react when she was suddenly knocked flying by the shape of the two men crashing into her.

All three of them flew backwards and with a crash, they directly knocked down a nearby courtyard wall!

Luo Xinning, covered in dirt and a mess, was pinned to the ground by the two Peak Martial Marquis Realm powerhouses, her chest nearly flattened, causing her tears to burst forth in pain!

The two Peak Martial Marquis Realm powerhouses atop her similarly spewed a mouthful of blood — clearly, they were not lightly injured!

Seeing this scene, Old Master Luo, originally furious, was taken aback.

And around the Luo Family, those who were initially preparing to strike secretly, instantly retracted their aura, and went back into hiding.

"It's an Array set up by the master,"

One of the War Slaves said sternly.

"Indeed, it seems the relationship between Old Master Luo and the master runs deep. We must protect this person well!"

"Yes,"

A group of people responded in a low voice.

Chapter 257 Furious to Death

In the courtyard, the two experts of the Martial Marquis Realm also came to their senses, clumsily helping each other to stand up, their expressions towards Old Master Luo filled with shock and uncertainty.

Unexpectedly, there was an Array within the Luo Family!

And its power was not weak!

Could it be that they had some fortuitous encounter, and met a Spirit Array Master?

It seemed they had to return first and make long-term plans!

Thinking this, a flicker flashed in their eyes as they exchanged glances, daring not to act rashly anymore. Supporting each other, they leaped away!

Of course, when they left, they did not forget to take Luo Xinning with them.

Otherwise, given her actions, it would be a wonder if Old Master Luo didn't kill her on the spot!

"Bang!"

Old Master Luo wanted to pursue them and leave Luo Xinning behind!

This woman, blinded by ambition, would stop at nothing, keeping her would only be a curse!

But the adversaries were two Peak Martial Marquis Realm experts. Joining forces, they forcefully took Luo Xinning away!

Old Master Luo was so angry that he split the stone table in front of him in two.

"Bring Second Luo to me!" he bellowed furiously.

Luo Xinning had done such a thing, he wanted to ask Second Luo if he knew about it!

Now that he knew, how would he handle it!

If he wanted that daughter, then he would act as if he had no such son!

Old Master Luo was raging.

On the other hand, Luo Xinning was in the utmost disarray.

Just a little bit, just a little more, and she would have been left behind by Old Master Luo in the Luo Family!

Seeing the killing intent on his face, how could Luo Xinning not know that if she were really left behind, there would be only one path left for her: death!

Why?! Why is fate so unfair?!

Why is everything good given to Luo Qingtong?!

Grandfather protects her, the Fifth Prince insists on marrying her! Even the Tianyu Empress can't touch her!

She had finally gotten a chance to turn things around, and there was actually a Spirit Array Master protecting the Luo Family!

Luo Xinning's heart seethed with hatred.

She had returned this time aiming for the position of heir to the Luo Family!

That's why she pressed Old Master Luo so hard at every step!

But who would have thought, within the Luo Family, there was actually an Array protecting it!

When did this happen?! Why didn't she know about it?!

Old Master Luo had actually been guarding against her all along!

And that Luo Qingtong, who used to say how much she cared for her!

The fact that there was an Array, that they knew a Spirit Array Master, they actually kept it a secret from her!

Luo Xinning was fuming.

"Luo Xinning! The Luo Family has an Array, and you didn't say a word!"

The two Peak Martial Marquis Realm experts were extremely displeased.

They had come on the orders of the Tianyu Royal Family to protect and assist Luo Xinning against Old Master Luo, yet they almost fell at the Luo Family because of her carelessness!

The moment Old Master Luo tried to hold them back, they dared not fight back!

Fearing that while enduring Old Master Luo's attack, they would also have to withstand the backlash of the Array's attack!

When had they ever been in such a plight? Instantly, their expressions while looking at Luo Xinning were terribly grim.

If it weren't for her being a member of the Luo Family, the most suitable one to use against Old Master Luo and Luo Qing, to give the Seventh Princess and the Empress a sense of vindication, why would they bother serving a little girl!

Even her strength at the Fourth-grade Martial General Realm was forcibly promoted by the Tianyu Royal Family using numerous rare Spiritual Medicines!

In such a scenario, Luo Xinning had failed to play her part!

Why should they keep her around then?

"I didn't know!" Luo Xinning gritted her teeth.

"Hmph! Keep that explanation for yourself when you report to the higher-ups!"

The two said as they left straight away, leaving Luo Xinning alone in the room seething with resentment.

And as those two left, a group of people immediately followed them.

Chapter 258: Extermination of the Peak Martial Marquis

"Who's there?"

The two of them had been followed the entire way, completely unaware of it.

It wasn't until they left Fenglin City and arrived at a secluded dense forest that they suddenly realized there was movement around them.

"The one who's here for your lives!"

The War Slaves following Luo Qingtong were trained by her to be exceptionally skilled in concealing their presence.

Only now, when there was nobody around, did they reveal themselves, their cold gazes fixed on the two opposite them.

These two individuals, Peak Martial Marquis Realm in strength, following Luo Xinning, would inevitably pose a threat to Old Master Luo in the future.

Therefore, after taking Luo Xinning away from the Luo Mansion, a group of people followed them.

Luo Xinning belonged to the Second branch of Luo Family. The group of War Slaves couldn't fathom the relationship between their master and the Luo Family, thus, they naturally didn't dare to act rashly.

But these two men, they had to be eliminated!

How dare they attempt to strike at Old Master Luo!

The group of War Slaves was ordered to protect Old Master Luo, and any potential threats to him had to be immediately eradicated!

Otherwise, how could they bear the responsibility if they failed their master's order?

Others might not know the capabilities of their master, but they certainly did!

"Boom!"

As soon as the group of War Slaves appeared, they immediately set out to kill the two Peak Martial Marquis Realm experts who were surrounded.

"Audacious! Who are you people? How dare you attack us! Do you not know that we are from the Tianyu Royal Family?"

It never occurred to the two men that in a Low-class Small Country like Dongli Country, there would be a group of Martial Marquis Realm experts ready to kill them!

What's going on here?

In a Low-class Small Country like Dongli, having even a few Martial Marquis Realm experts would be enough to be treasured and bestowed with high honors like being made marquis and ministers!

Yet, this group of people was clearly someone else's subordinates!

Watching the group of War Slaves attacking them, the two Peak Martial Marquis Realm experts from the Tianyu Royal Family were both shocked and enraged!

Especially after realizing that among their opponents was also a Peak Martial Marquis Realm expert, and their strength was not weak, their shock and anger intensified.

While dodging, they shouted furiously.

However, their words had no effect on the group of War Slaves.

"The Tianyu Royal Family?" The leading Peak Martial Marquis Realm War Slave sneered with contempt, "So what?"

With their master's demonically talented and medical skills, if they chose not to hide their powers, even the Holy Dynasty would treat them as an honored guest!

What's more, with the Bloody Battle Arena of Black Domain, what does the Tianyu Royal Family count for?

"You!"

The two Peak Martial Marquis Realm experts did not expect the opponent to regard the Tianyu Royal Family so lightly, immediately feeling a sense of ominous foreboding.

Seeing the formidable strength and skilled killing techniques of the group of War Slaves, who were merciless in their attacks, and seeming nothing like they would be from a minor place like Dongli Country, their hearts chilled even more.

"Swoosh!"

They desperately unleashed a strike and turned to run, only to be intercepted by the group of War Slaves.

"Want to leave? It's too late!"

The group of War Slaves, having shown themselves, naturally had the confidence to kill them here, instantly erupting with energy, executing Forbidden Techniques, and forcibly keeping them in this place!

"Bang bang!"

The bodies of the two Peak Martial Marquis Realm experts fell to the ground, and the strength of the group of War Slaves had also been nearly depleted.

They took out the Medicine Liquid given by Luo Qingtong to recover their internal strength while also mitigating the backlash from executing Forbidden Techniques, which far exceeded their own strength.

After completing all this, they turned to leave.

However, just then, a sinister, jeering laugh suddenly rang out.

Chapter 259 Puppet Master, Soul King Expert

"Haha, look what I've found? A bunch of little ants with a medicine liquid that can repair meridians and counteract the backlash of forbidden techniques! Gagaga! You all stay put! Tell me where that medicine liquid came from!"

During the talk, a shadow suddenly flashed out from the dark recesses of the dense forest.

"Who's there?!"

Suddenly hearing such a voice, the group of War Slaves all became highly vigilant.

The Peak Martial Marquis Realm expert suddenly made a gesture, ready to retreat immediately with the group of War Slaves.

However, the moment they moved.

Shua shua shua!

In the dense forest, countless figures flashed out.

At the same time, the bodies of the two Peak Martial Marquis Realm experts who had just been killed also stood up abruptly as if being pulled by something.

"Gagaga! The words you just said to them, I'll return them to you now! That is, it's too late to flee!"

This voice was indescribably chilling and eerie, set against the shadowy forest all around, causing shivers down one's spine just by listening to it.

As the voice spoke, those figures, together with the corpses of the two recently slain Peak Martial Marquis Realm experts, suddenly rushed towards them.

"Puppets!"

"The opponent is a Soul Master! And one with incredibly strong strength and mysterious Soul Seal Ability! Run! We can't get caught by the opponent!"

Seeing the movements of the two corpses of the Peak Martial Marquis Realm experts, and their stiff limbs and ashen faces, the well-informed group of War Slaves immediately realized what was happening.

The opponent was a Soul Master with a special Soul Seal! And an incredibly strong one at that!

Just by seeing him control the corpses of the two Peak Martial Marquis Realm experts with a wave of his hand, and the strength that he displayed, which was not inferior to theirs before their deaths, one could tell that this Soul Master's strength was absolutely above the Martial Marquis Realm!

"Run! We must inform the master of this matter!"

The opponents were after the medicine liquid given to them by their master, and with a sense of dread in their hearts, the War Slaves hurriedly planned to retreat.

However, they had only just begun their actions when suddenly, countless thread-like forces mixed into the attack of those figures and struck their bodies!

"Whoosh whoosh whoosh!"

In almost an instant, the bodies of the group of War Slaves stiffened up.

They wanted to dodge the attacks of the figures but couldn't avoid these threads!

"Gagaga! I've got them!"

From the shadows, a figure floated out like a ghost.

It was a dwarf-like old man, his wrinkled skin clinging to his body.

Around him, countless thread-like forces were floating.

It was these forces that immobilized the group of War Slaves, turning them into uncontrollable statues!

Soul King!

Feeling the overwhelming power emanating from the opponent, the War Slaves, unable to move or speak, were filled with horror.

"Hmph! You don't look like the type of people who could possess such precious medicine liquid, using it as if it were water to drink! Not treasuring it at all!"

"It seems that the person who bestowed this medicine liquid upon you must have a profound relationship with you! Gagaga! I will use you as puppets first, and then lure that person out!"

As the old man spoke, there suddenly came a crackling sound, his body's bones abruptly lengthened, and his appearance and aura changed as well, transforming into the appearance of the leading Peak Martial Marquis Realm War Slave.

He stood there, laughing heartily towards the sky, and then suddenly leaped away.

The group of powerful War Slaves, controlled by him, could only be forced to follow him as they left, their hearts filled with horror and anxiety.

Please don't fall for it, Master!

Chapter 260 It Must Be That Spirit Array Master!

"What? Those two Peak Martial Marquis Realm experts are dead?"

The next day, Luo Xinning, who had been waiting in vain for the return of the two Peak Martial Marquis Realm experts, didn't even dare to step out the door.

She gritted her teeth and contacted people from the Tianyu Imperial Family, wanting to question whether they planned to deal with the Luo Family and Luo Qingtong or not, but she was suddenly hit with such news, sending a shiver through her body.

Dead?

Those two Peak Martial Marquis Realm experts were actually dead?

They were both at the Peak Martial Marquis Realm, not just any Tom, Dick, or Harry!

Luo Xinning refused to believe it!

But the answer given by the envoy from the Tianyu Imperial Family was very certain!

They even wanted to question Luo Xinning about what had happened!

The Soul Lights of those two Peak Martial Marquis Realm experts had been extinguished almost simultaneously!

In the whole Dongli Country, who could possibly have the power to silently kill two Peak Martial Marquis Realm experts?

Members of the Dongli Royal Family might be capable, but they definitely wouldn't dare to do such a thing!

"I... I don't know!" Luo Xinning was asked into a frantic panic by the envoy dispatched by the Tianyu Imperial Family.

How could this be?

How is this possible?

Two Peak Martial Marquis Realm experts, to say they are dead just like that! And it had happened right after their visit to the Luo Family!

Wait a minute...

Luo Xinning's face suddenly stiffened.

The two Peak Martial Marquis Realm experts had indeed disappeared without a trace right after she had visited the Luo Family with them!

"When did they die?" she asked eagerly.

The envoy from the Tianyu Imperial Family, who had been communicating with her, gave her a time, and in an instant, Luo Xinning's body trembled uncontrollably.

"It must be that Spirit Array Master! It has to be her!" Luo Xinning cried out inwardly.

She had previously doubted whether such a Spirit Array Master even existed or if the Array had been accidentally acquired by the Luo Family.

But now, the deaths of those two Peak Martial Marquis Realm experts dismissed all her doubts.

What a coincidence!

No sooner had she and others gone to trouble the Luo Family than the two Peak Martial Marquis Realm experts were dead!

Clearly, someone was warning them behind the scenes not to mess with the Luo Family!

Spirit Array Master!

The Luo Family really had a Spirit Array Master protecting them!

Luo Xinning ground her teeth internally.

She also knew that she couldn't let the people from the Tianyu Imperial Family find out about this!

Otherwise, they might no longer act against the Luo Family and Luo Qingtong!

After all, acting on a whim against a Spirit Array Master was not worth the loss!

Moreover, the Fifth Prince was not planning to annul his engagement with Luo Qingtong!

If they knew that there was a Spirit Array Master supporting the Luo Family, the Tianyu Imperial Family would surely lay low and stop troubling the Luo Family!

How could that happen?

Luo Xinning was counting on the Tianyu Imperial Family to deal with Luo Qingtong and the Luo Family!

Otherwise, with all the things she had done, she would definitely be killed by Old Master Luo!

Thinking of this, Luo Xinning's face turned ugly.

Fortunately, the enrollment examination period for the Tianyu Branch was approaching!

As long as she could get through this period and enter the Tianyu Branch, we'll see who could still do anything to her!

Luo Qingtong, I will definitely not let you off easily!

Since the Luo Family has a Spirit Array Master protecting them, if I can't have the Luo Family, then I'll destroy it!

Luo Xinning's expression was sinister.

"I don't know what happened either, but this must be related to the Luo Family in some way; perhaps the Old Master is hiding some strength behind him," she said half-truthfully, "After all, Luo Qingtong's mother was even able to cure the Fifth Prince's Innate Cold Illness back in the day..."

Hearing this, the envoy from the Tianyu Imperial Family suddenly remembered the origins of the marriage contract between the Luo Family and the Tianyu Royal Family and nodded in agreement.
