

Supreme 261

Chapter 261 Got You!

"That's right. Since that's the case, then start from somewhere else! You won't be reluctant to do so, right?"

The person narrowed his eyes as he looked at Luo Xinning.

"Don't forget the nurturing you received from the Empress and the Seventh Princess! Once you enter the Tianyu Branch, what will you lack? Don't sabotage yourself!"

"I know." A cold sneer rose in Luo Xinning's heart.

If it were before, she would certainly have been reluctant to give up the Luo Family, but now, she wished nothing more than for the Luo Family to be utterly destroyed!

That way, Luo Qingtong would lose her support!

By then, what would she use to compete with her!

As for the Luo Family... after destroying it, she would simply establish a new Luo Family!

A Luo Family that belonged solely to her, Luo Xinning, unique and unparalleled!

Luo Xinning lifted her head, "I will make both the Empress and the Seventh Princess satisfied."

"Good." The person from the Tianyu Royal Family left contentedly.

After his departure, Luo Xinning, with a glint of coldness in her eyes, summoned a maid.

"Go to the Luo Family and call for my father."

.....

Outside Fenglin City, a red figure streaked through the road like lightning.

Luo Qingtong hurried along with Little Fragrant Pig.

It didn't take long before she spotted the tracking marks the War Slaves had left on the road for her.

Following those marks, Luo Qingtong swiftly made her way into Jiuyu Mountain.

The Spiritual Ship was immense; surely, the War Slaves had parked it within Jiuyu Mountain.

Luo Qingtong had to find them and regroup first to ask about the situation in Fenglin City and with the Luo Family.

Meanwhile, she could also take back the Spiritual Ship.

After all, such a conspicuous target, always out in the open, was not ideal.

Luo Qingtong didn't want to draw too much attention from others.

Previously, she had no choice, but now, with the defective ring Little Fragrant Pig gave her, she could naturally take the Flying Boat back.

"Master."

As soon as Luo Qingtong entered Jiuyu Mountain, a War Slave immediately came to greet her.

Luo Qingtong looked at the Peak Martial Marquis Realm War Slave who had emerged from the dense forest at the entrance connecting Jiuyu Mountain to the outskirts of Fenglin City, with a slight raise of her eyebrows.

"Have you been waiting here all along?"

Her pupils were hollow, the faint glimmer of blood within them flickering.

"Yes. I was afraid of missing Master's return, so I deliberately waited here. Master, I have urgent news to report." While speaking, the Peak Martial Marquis Realm War Slave approached Luo Qingtong.

"Oh, is that so?" Luo Qingtong's gaze settled on him.

Through her Pupil Skill, she clearly saw that something was wrong inside his body!

Interesting.

A slight smile tugged at the corners of Luo Qingtong's mouth.

She scrutinized this "Peak Martial Marquis Realm War Slave," noting that his disguise was nearly flawless without the use of Pupil Skill.

From his aura to his appearance and even his stature, there was not a single flaw!

Luo Qingtong had never seen such a level of disguise before! It was more sophisticated than any disguise she had encountered!

If it weren't for her Pupil Skill, she would have been truly deceived by him.

"Let's talk back at the base! Where are the others?" Pretending to have noticed nothing, Luo Qingtong let him come closer.

"The others are inside the mountain range. Master, let me take you there!"

The Peak Martial Marquis Realm powerhouse said, drawing closer and closer to Luo Qingtong.

When he was about three meters from the young girl, swish swish swish!

A surge of force, like silk threads, suddenly burst forth from his body and attacked Luo Qingtong.

Looking at those silk thread powers that were crystal clear under her Pupil Skill, Luo Qingtong raised her eyebrow and stood her ground, motionless.

"Haha! Caught you!"

As those silk threads pierced through Luo Qingtong, controlling all the vital points around her body, that "Peak Martial Marquis Realm War Slave" suddenly burst into laughter, transforming into the shriveled dwarf old man.

Chapter 262 Pointing a Way Out

"Haha! I never expected that the one refining the Medicine Liquid would be such a young and lovely girl! Very good, very good!"

The wizened old dwarf gazed upon Luo Qingtong's stunningly beautiful face, snickering with a lecherous chuckle.

"Just wait until you've concocted the Medicine Liquid I desire, and I'll make sure you'll wish for death from too much pleasure! Haha!"

The old man's laughter was tainted with lasciviousness, mingled with an ominous chill.

His gaze towards Luo Qingtong was filled with ill intent.

Luo Qingtong watched, with bloodlust flickering in her eyes like the harsh gleam of a blade, sweeping by brimming with murderous aura, yet she made no move.

"Swoosh swoosh swoosh!"

The old man's figure darted about, a multitude of Silk thread power fluttering and pulling Luo Qingtong's form forward.

Luo Qingtong felt the tension of those Silk thread powers inside her body, dragging her forward without resistance, allowing herself to be pulled ahead.

By her side, there were several other figures just like her, all of them dead bodies.

Following the old man's movements, they darted outward.

These Corpse Puppets were used by the wizened dwarf to prevent Luo Qingtong from escaping.

But he hadn't expected the other party to be so unguarded that she was captured without any of them being put to use!

.....

"Master!"

In the dim cavern, seeing Luo Qingtong pushed in, the cluster of War Slave powerhouses were all startled and called out urgently.

"Hehe! I've said it, no matter who your master is, I could capture her and bring her back!"

The voice of the withered dwarf elder echoed throughout the cave.

"However, I never expected that the one capable of preparing this Medicine Liquid would be such a pretty little lady! Hehe!"

"Little lady, if you concoct the Medicine Liquid that can restore my meridian strength for me, I'll spare your life and the lives of your subordinates, and take you as my one-hundred-and-thirty-eighth concubine! You won't need to worry about your life anymore, how about that?"

The voice of the wizened dwarf was salacious, his gaze upon Luo Qingtong lecherous.

If it weren't for him still wanting Luo Qingtong to prepare the Medicine Liquid, he probably wouldn't have been able to restrain himself from laying his hands on her already!

The young girl's face was delicate and lovely as a flower, stunningly attractive, just standing there like a divine statue of a jade maiden, beautifully and spiritually vibrant to the extreme, indeed irresistible.

Luo Qingtong remained silent.

After waiting a while, the wizened old dwarf became infuriated with embarrassment.

"Hmph! Think it over carefully for yourself! I'll come for an answer tomorrow! If I'm not satisfied, don't blame me for being cruel!"

"Hmph! I have plenty of ways to make you submit!"

With that, he left with a look that glinted with malevolence.

"Master!"

The group of War Slave powerhouses looked at the girl standing before them with worried expressions.

"It's alright." Luo Qingtong's voice was faint.

In her Pupil Vision, the Silk thread power running through her body's channels were all clear, easy to remove.

However, the strength of that elder was the most challenging to deal with.

The Soul King powerhouse, also here for her Medicine Liquid.

Luo Qingtong thought about how to rid herself of this threat permanently.

Just then, a voice arose from the corner of the cave.

"Humph! You, girl, seem to have quite the nerve. All fine and dandy even now? Let me give you a piece of sincere advice! Regardless of whether you can cure that Yin Puppet Old Monster's injuries, do not treat him! If you do, you'll suffer a fate most wretched and grim!"

"That's right, don't think we're just trying to scare you! The Yin Puppet Old Monster is treacherous and ruthlessly cruel, taking great pleasure in the brutal violation of young girls! All of his over one hundred concubines have turned into Bai Gu! If you agree, you'll be the next corpse!"

Chapter 263 A Group of Trapped Martial King Realm Experts

"Alas! There's no need to frighten the young girl! What difference does it make if she agrees or not? That Yin Puppet Old Monster's methods are ruthless and venomous. He has countless ways to torment her, and in the end, isn't it still a dead end? Not to mention her, even we can't escape!"

As this voice rang out, the several other voices halted at once.

Then, a chorus of sighs followed.

"Alas! It's all down to fate! Had we not been seriously injured by the Jie Tian Divine Beast, we would not have been captured by that Yin Puppet Old Monster! Who could have anticipated his treachery, that he would suddenly turn on us!"

"Indeed! Alas! Our trip to Jiuyu Mountain this time has truly been a loss! We got nothing and ended up being trapped!"

"Who could have thought! That there would actually be a Jie Tian Divine Beast in the remnants of the Immortal Sect!"

Their conversation immediately captured Luo Qingtong's attention.

Through her Pupil Skill, she could clearly see that there was a group of people hiding in the corner of the cave.

These people were disheveled and looked utterly miserable.

But unbelievably, the weakest among them was still at the Lower-grade Martial King Realm!

Two were even at the Peak Martial King Realm!

However, they were all gravely injured, and not only that, their bodies were penetrated by silk thread power, leaving them completely powerless to resist.

Luo Qingtong blinked as she observed them.

Could these people be the ones who charged into Jiuyu Mountain during the appearance of the Slaughter Immortal Palace, hoping for good fortune, only to be badly injured by the Jie Tian Divine Beast?

Luo Qingtong remembered that when the Jie Tian Divine Beast appeared, it had pursued her for a long time!

And afterwards, there had been a fierce battle with that man.

Perhaps these people were caught in the crossfire during that tumult!

They were quite unlucky indeed!

How formidable is the Jie Tian Divine Beast!

Apart from that man, anyone else merely brushed by its attacks would die!

It's already preferable that they are merely injured, but to top it off, they were taken advantage of by that Yin Puppet Old Monster.

Luo Qingtong felt deeply frustrated on their behalf.

However, this had nothing to do with Luo Qingtong. She was pondering how to deal with the Yin Puppet Old Monster.

From their conversation, Luo Qingtong gathered that this Yin Puppet Old Monster was an Upper-class Soul King Realm powerhouse!

Soul Kings were naturally stronger than Martial Kings of the same level!

Especially since the Yin Puppet Old Monster also possessed a special Soul Seal, making him even more formidable than a typical Peak Martial King Realm powerhouse.

His strength was comparable to that of those who have just stepped into the Emperor Realm!

After these people were injured by the aftermath of the attacks from the Jie Tian Divine Beast and Ye Qianming, they encountered the severely wounded Yin Puppet Old Monster and were subsequently subdued by him!

Though the power of the Yin Puppet Old Monster's silk thread couldn't control them as completely as it could lower-level Martial Practitioners, it still sealed their strength!

The group was kept as a reserve force and food supply for the Yin Puppet Old Monster.

Every once in a while, one of them would be killed to maintain the Yin Puppet Old Monster's own strength!

Out of dozens of people, now only about a dozen were left!

Upon hearing this, Luo Qingtong's eyes slightly narrowed.

An Upper-class Soul King Realm powerhouse...

This is indeed a bit troublesome.

If failing to kill with one hit, the opponent would surely react immediately. He would then use the silk thread power to control the Corpse Puppets to attack, which would inevitably trap Luo Qingtong in a siege!

Furthermore, the Soul King's own strength was not to be underestimated!

No wonder on the Zhenyan Continent, the status and position of Soul Masters were much higher than that of Martial Artists!

The fighting power simply wasn't on the same level.

Amongst peers, a Soul Master who has activated a Soul Seal is much more powerful than a Martial Artist!

Luo Qingtong furrowed her brows in thought, slowly forming an idea in her mind.

Just at this moment, the voice of a War Slave powerfully rang out.

"Master, when the Yin Puppet Old Monster comes again, we will detonate ourselves simultaneously. You must quickly escape at that time!"

Chapter 264 Who's Daydreaming?

Luo Qingtong looked up upon hearing this, and saw a group of war slave powerhouses looking at her.

"Master, we've been controlled by the enemy; there's definitely no escaping now! It's all because of us that you were captured. When we self-detonate, you should hurry and leave. With your strength, you will surely be able to escape."

The hearts of these war slave powerhouses were filled with immense guilt.

If they had not been careless, allowing the Yin Puppet Old Monster to discover the medicine liquid their master had given them, they wouldn't have been caught by the enemy, nor would they have implicated their master!

Now that the great mistake had been made, they had no chances of survival anyway!

They might as well exert all their efforts to help their master escape!

The group believed that if the Yin Puppet Old Monster hadn't masqueraded as them, their master would not have been deceived and captured!

Especially the peak Martial Marquis amongst them, who felt exceptionally guilty, was looking at Luo Qingtong with an indescribably resolute gaze.

This proposal was his idea originally; he was ready to self-detonate alone, but unexpectedly, the others agreed as well, turning it into their collective action.

Luo Qingtong looked at them, and before she could speak, the voices of those at the Martial King Realm started to rise.

"Hah, still so loyal and protective of your master. Don't daydream! That soul seal power is not ordinary; once it seals inside the human body, it is impossible to make any volitional moves! Wanting to self-detonate is simply out of the question!"

"That's right. You low-level martial practitioners just lack experience! If self-detonation was possible, we would have done it long ago! Why wait here for death? Save your energy! Don't... what?!"

The voices of these Martial King Realm powerhouses had not yet settled when suddenly they raised their tones.

Their eyes widened in shock at the direction of Luo Qingtong.

They saw the young girl casually dusting off her robe and straightening it out, her empty, pitch-black pupils indifferently gazing at them.

"Oh... Daydreaming, is it?"

"You?!"

A group of Martial King Realm powerhouses stared at Luo Qingtong in shocked bewilderment, completely unable to comprehend the situation.

How could this girl, evidently of the Great General Realm's strength, have achieved this? Could it be that the Yin Puppet Old Monster did not use Soul Power to control her when he brought her in?

That must be it! Otherwise...

Just as they were thinking this, they saw Luo Qingtong walk in front of the war slave powerhouses and start to pat them one by one.

"Smack! Smack! Smack!"

Wherever she touched, their bodies violently shook, and the silk thread power that had been piercing through their bodies was instantly shaken out.

Without anyone controlling the soul seal power, Luo Qingtong easily dispersed it with her pats, leaving no trace of power remaining within the bodies of the war slaves.

Instantly, they regained control of their own bodies.

"We can move now!"

Moving their limbs and feeling their control return, the war slaves were unspeakably overjoyed and looked at Luo Qingtong with even more shock and reverence.

Indeed, their master was not any ordinary person!

They had thought they were facing certain death, yet their master resolved the situation with seemingly no effort!

Seeing their master's ease, could it be that she was captured on purpose?

Was it to rescue them?

The war slaves were deeply moved.

"Master, let's quickly leave this place!"

The war slaves who had been relieved of the control urged.

"Alright."

A faint blood light flickered in Luo Qingtong's eyes.

With a mere glance of her Pupil Vision, she glanced over those Martial King Realm powerhouses, who had become completely stupefied in a corner of the cave, and then she turned around, ready to leave.

At this moment, those Martial King Realm powerhouses came to their senses!

Chapter 265 Help Me, Little Friend!

"Hold on! Young friend! Wait a moment!"

They hurriedly called out to Luo Qingtong.

These warriors from the Martial King Realm had already been astonished by Luo Qingtong's actions.

The Yin Puppet Old Monster's Soul Seal Ability is not something just anyone can break.

With the strength of an Upper-class Soul King, completely forcing out his soul mark power from the body would require at least a Peak Soul King or someone from the Martial Emperor Realm!

Otherwise, one simply can't perceive the location of those soul mark powers within the body!

Yet, Luo Qingtong did it effortlessly!

And she is just a young girl at the Great General Realm!

The group of Martial King Realm warriors couldn't bother thinking about how Luo Qingtong managed to do this anymore!

All they knew was that Luo Qingtong could help them escape from the control of the Yin Puppet Old Monster! No need to be lambs waiting for slaughter in his hands anymore!

This matter was more important than anything else!

As for how the young girl managed to do it...

Well, didn't the Yin Puppet Old Monster say she was an Alchemist?

She could even refine medicine liquid to repair meridians and strength.

Although they thought initially that the Yin Puppet Old Monster was just desperately seeking help and randomly picked a little girl,

now that they recognized Luo Qingtong's abilities, they believed it!

This girl must be a highly skilled Alchemist! Perhaps she used some special method to clear away those puppet silk threads!

In any case, as long as those soul seal powers are removed, it's fine!

Heaven knows, they were nearly driven mad being trapped here!

"Young friend, saving a life is more virtuous than building a seven-level pagoda! We are also enemies of the Yin Puppet Old Monster. As the saying goes, the enemy of my enemy is my friend! Please save us! Once we escape, we will definitely reward you!"

"Yes! Young friend! Since you can eliminate that old monster's puppetry techniques, why not help us all and eliminate it! That old monster is outside, if you just run out, he will surely discover and chase you! With us there, it'll be easier to deal with him!"

A group of people were earnestly trying to persuade Luo Qingtong.

Meanwhile, ever since they called out to Luo Qingtong, a smile began to form at the corners of her lips.

She was just waiting for these people to call out to her!

"Oh, save you?" She turned around, suppressing the smile at the corners of her lips, her dark, unfathomable eyes looked in their direction.

"What, to get rid of one Yin Puppet Old Monster only to attract a bunch more?"

She said meaningfully, sweeping her gaze across them.

Clearly, her eyes couldn't see, but everyone felt as if her gaze had passed over them.

"Your strength isn't inferior to that Yin Puppet Old Monster, how do I know that after dealing with him, you won't turn around and deal with me?"

Luo Qingtong humphed.

"I can escape from the Yin Puppet Old Monster's control and his grasp, so why should I save you? What if I end up rescuing a bunch of ingrates and bring trouble on myself?"

"This..."

A group of people were suddenly at a loss for words due to Luo Qingtong's questioning.

Indeed!

This young girl had no need to save them at all!

She has already eliminated those silk thread powers and could easily escape as long as she's careful not to catch the Yin Puppet Old Monster's attention!

There's simply no need to rescue them!

On the contrary, rescuing them could lead to future problems!

But these people were counting on Luo Qingtong to save them!

Otherwise, once the Yin Puppet Old Monster reacts and sees that they've escaped, he won't take his anger out on them, which would be strange!

Thinking this, the group became anxious!

Just then, the voice of Luo Qingtong leisurely sounded.

"However, it's not that I couldn't possibly save you..."

Chapter 266 Her Terms

"Young friend, do tell!"

Upon hearing there was a way, a group of people immediately hastened to say.

"Exactly! As long as it's within our power, we absolutely agree!"

"Yes, indeed!"

The group of people hurriedly nodded in agreement.

Originally thinking that Luo Qingtong was unwilling to save them, the group was at a loss for words, unsure how to convince Luo Qingtong.

After all, they also did not know how to make Luo Qingtong believe that they would not turn against her afterward.

Now seeing that there was a sign of agreement from her, naturally, they did not care whether it was right or wrong and immediately agreed!

After all, no matter what the condition, it was better than losing their lives.

But when Luo Qingtong's voice sounded, they were all dumbfounded.

"Oh. Is that what you say? As long as you can achieve it, you agree to any condition?" Luo Qingtong looked at them, her lips curling up into a smile.

"Since that's the case, then swear an oath to Heaven and Earth and acknowledge me as your master!"

The young girl looked at them with a jovial laughter, her smile three parts charming and seven parts roguish.

"If I become your master, your life and death will naturally not be ignored by me! And as for my secrets, you will also not leak them!"

"This is the only way I will accept! It is also the only way I can be sure that you pose no danger to me! The choice is yours to make!"

By the time Luo Qingtong finished speaking, the smile on her lips was unchanged, but her voice had turned increasingly cold.

"Those who acknowledge me as master, live! Those who persist in folly, die!"

Luo Qingtong would only save two kinds of people: one kind was those she wished to save, and the other kind was those she considered her own people!

And since these trapped Martial King Realm powerhouses were not the first kind, they could only be the second kind!

"You! This is impossible!"

A group of Martial King Realm powerhouses had never imagined that Luo Qingtong would make such a demand!

A little girl at the Great Martial General Realm actually wanted to make a group of Martial King Realm powerhouses her servants?

This was indeed laughable!

"You're really going too far! We will not agree!"

A group of Martial King Realm powerhouses were too proud, how could they possibly bear to submit to a girl of the Great Martial General Realm?!

This was absolutely impossible!

Instantly, someone vehemently objected.

"Oh. In that case, just wait here for death! Let's go." Seeing that they did not agree, Luo Qingtong was indifferent internally.

Although she had awaited these people to stop her, she would never let anyone see her true thoughts.

What was being contested now was who could not remain calm.

What she sought was an opportunity to kill the Yin Puppet Old Monster, whereas these people sought the chance to live!

They would surely submit.

Luo Qingtong paid them no heed and directly led a group of War Slave powerhouses towards the exit.

The latter group was very quiet.

Even upon hearing Luo Qingtong propose such a condition to take these Martial King Realm powerhouses as her servants, no exclamation of surprise was heard.

In their eyes, for Luo Qingtong to take these people as her servants was indeed a massive opportunity for them!

These people did not know the fierceness of their master!

Otherwise, they would be crying and kneeling to beg the master to take them in as servants!

Is the Martial King Realm very formidable?

That's only because the master has not fully grown up yet!

Back in the Military General Realm, the master had already killed someone who had just stepped into the King Realm!

What are these people in comparison?

They're only taking themselves too seriously!

A group of War Slave powerhouses sneered at them with a glance and followed Luo Qingtong, ready to turn around and leave.

One step, two steps, three steps...

Just as Luo Qingtong and her group of War Slave powerhouses were about to step out of the cave entrance, someone from among the Martial King Realm powerhouses could not restrain themselves any longer.

Chapter 267 Defy and Die!

"Young friend! Wait! Young friend!"

A Middle Martial King Realm powerhouse called out to Luo Qingtong.

The next second, he gritted his teeth and said, "I agree!"

"Damn! Madman! Calling you a madman, and you actually went mad? Why agree to her? A yellow-haired girl at the Great Martial General Realm, it's uncertain whether she can escape the pursuit of the Yin Puppet Old Monster! She definitely needs us! And you actually agreed to her!"

Among the group of Martial King Realm, someone abruptly started cursing.

"You know nothing! What if she really does manage to escape?"

The Middle Martial King Realm powerhouse cursed back, "I'm not like you guys, worrying about this and that, I'm all alone and act independently! If she can save me and I acknowledge her as my master, what does it matter? Being alive is more important than anything!"

This Middle Martial King Realm powerhouse was very stubborn.

He had no family burdens, nor any forces behind him, so acknowledging Luo Qingtong as master was not an issue; what's it matter to have another person to serve? It's better than losing one's life!

His words immediately stirred some people's hearts.

Especially since Luo Qingtong had already subdued the madman, and there was no lack of Martial King Realm powerhouses by her side, if they really just left like this! They would truly be doomed!

Compared to life, nothing else really matters!

Isn't it just the loss of freedom?

Suddenly, after this Middle Martial King Realm powerhouse agreed, several other independent and unaffiliated Martial King Realm powerhouses also agreed.

Their agreements instantly made the remaining people restless.

Especially the two Peak Martial King Realm powerhouses, seeing that half of the people had agreed, one of the Peak Martial King Realm's faces turned ugly, and eventually, he also agreed.

Thus, only one Peak Martial King Realm and four other Upper-class Martial King Realm powerhouses had not agreed.

They looked at Luo Qingtong and the group of Martial King Realm powerhouses who had already sworn oaths to serve her, with great disdain on their faces.

Just then, Luo Qingtong approached them.

The five thought Luo Qingtong wanted to persuade them and immediately snorted disdainfully, closing their eyes.

However, the next second, a 'swoosh' sound as the longsword pierced flesh!

The Peak Martial King Realm powerhouse instantly opened his eyes, staring wide-eyed at Luo Qingtong.

"You..." He tried to say something but was pushed away by Luo Qingtong.

"Bang!"

His body fell to the ground, dead with eyes wide open!

This Peak Martial King Realm powerhouse had never thought that Luo Qingtong would dare to kill him!

He had the soul mark power of the Yin Puppet Old Monster in his body, handling like Luo Qingtong did silently was one thing, but killing him would definitely attract the attention of the Yin Puppet Old Monster.

Yet Luo Qingtong killed him without hesitation!

Did she no longer want to escape?

The other four Upper-class Martial King Realm powerhouses were caught off-guard as well.

After Luo Qingtong flicked the blood off her Life and Death Yin Yang Sword, she didn't even spare them another glance.

"Kill!"

"Yes!"

The other Martial King Realm powerhouses hadn't even reacted when a group of War Slave powerhouses rushed forward, immediately killing those four Upper-class Martial King Realm powerhouses who were frantically trying to beg for mercy!

The masters' commands required no reasons!

Meanwhile, those Martial King Realm powerhouses who were still subdued and had acknowledged Luo Qingtong as master began to panic inside.

"Master, killing them like this, the Yin Puppet Old Monster will sense it!"

Chapter 268 Reversal of Hunter and Prey

"He must sense it."

Luo Qingtong's voice was indifferent.

From the beginning, she never intended to flee.

The reason she had to leave was simply to put on a show for these Martial King Realm powerhouses!

Otherwise, how could they feel uneasy and acknowledge her as their master?

Luo Qingtong needed to borrow their strength to kill the Yin Puppet Old Monster, but she also had to prevent their betrayal, naturally controlling them was essential!

As for those five who refused to submit...

They've reached this point and still won't submit; they must have other plans in mind.

Such as, after they leave, startling the Yin Puppet Old Monster, selling out their own people to him, then siding with him to pursue and capture them!

How could Luo Qingtong possibly give them a chance to betray her?

These people are thinking far too simplistically!

Do they really believe that her only goal is to escape?

The Yin Puppet Old Monster has seen her true face and covets her Medicine Liquid and person; how could she possibly ignore such a significant threat?

Of course, she must annihilate it!

From the start, these trapped Martial King Realm powerhouses got it all wrong!

"What?"

A group of Martial King Realm powerhouses, upon hearing this, were immediately dumbfounded.

Wasn't the master's idea to escape?

A Great General Realm, she actually intentionally lured the Yin Puppet Old Monster here; could it be she also wants to kill him?

Just as everyone was thinking this, they saw Luo Qingtong take out several bottles of Medicine Liquid and hand them to the War Slave powerhouses beside her.

"Feed it to them! When the time comes, follow my command and attack the Yin Puppet Old Monster."

Is this for real?!

The master truly intends to take action against the Yin Puppet Old Monster?!

That's an Upper-class Soul King Realm powerhouse!

Even though his meridians are damaged and his strength has diminished, if he bursts forth with all he's got, he remains immensely powerful!

With his unique Soul Seal and puppet manipulation abilities, contending with a group of them is absolutely no problem!

Even if all of them recover their full strength, they might not be able to successfully capture him!

Moreover, the master hasn't yet removed the control of those Soul Seals from them!

"Master, what on earth are you trying to do?"

The presence of the Yin Puppet Old Monster rapidly approaching, the trapped Martial King Realm powerhouses nearly cried.

They acknowledged Luo Qingtong as their master in hopes of survival!

However, with Luo Qingtong playing it this way, they were terrified!

"What's there to fear? I won't let you die."

Luo Qingtong took out the Thousand-Year-Old Soul Summoning Tree Heart; with a few swift motions, the soul power of the five Martial King Realm powerhouses, which had just died and was about to dissipate, was absorbed. Amidst the silent screams, it entered the Thousand-Year-Old Soul Summoning Tree Heart.

Feeling the strength transformed from the Thousand-Year-Old Soul Summoning Wood Tree Heart after absorbing the soul power of the five, Luo Qingtong raised her eyebrows slightly.

"Not bad."

This bit of strength was enough for her to use a move that surpassed her previous one when she killed the Lower-grade Martial King Realm Assassin!

But this was not enough!

The Yin Puppet Old Monster's strength was comparable to a regular Martial Emperor; even with damaged meridians, he was not easy to deal with.

Luo Qingtong still needed these Martial King Realm powerhouses to help seize the Array and create an opportunity.

"Swish swish swish!"

Luo Qingtong swiftly moved, and in just a moment, she had set up an Array inside the cave.

Having done all this, she looked up and signaled the War Slave powerhouses to stand still and not move.

She, too, pretended to be controlled and stood there.

The group of Martial King Realm powerhouses watched with trembling hearts.

Not for any other reason, but for the sake of the realism of the act, Luo Qingtong had not removed the Puppet Silk Threads inside their bodies.

Once the Yin Puppet Old Monster arrives, wouldn't he be able to control them in an instant?

Master, what on earth are you trying to do?!

Chapter 269 Hunt, Upper-class Soul King!

A group of Martial King Realm masters were inwardly shouting, while passively recovering their strength with bitter faces.

The Medicine Liquid provided by Luo Qingtong was top-notch; it almost immediately began restoring their internal strength as soon as it touched their lips.

Like the Yin Puppet Old Monster, these individuals had their meridians somewhat damaged by the attacks of the Jie Tian Divine Beast.

But under the treatment of Luo Qingtong's Medicine Liquid, these injuries to their meridians were healing rapidly.

Some who had once used Forbidden Techniques also saw the backlash within their bodies slowly disappearing.

They were incredibly shocked in their hearts, not expecting Luo Qingtong's Alchemy Ability to be so formidable!

But no matter how formidable her Alchemy Ability was, it couldn't be turned into combat power!

Moreover, Luo Qingtong was just a young girl who had recently entered the Great Martial General Realm. How would she cope with the Yin Puppet Old Monster?

Their very lives and fortunes were all tied to Luo Qingtong!

If she died, they would have to die with her!

Just as these thoughts were crossing their minds, the Yin Puppet Old Monster, who had sensed something was amiss, rapidly appeared in the cave.

"What's going on?!"

Upon suddenly discovering the corpses of the five Martial King Realm warriors, the Yin Puppet Old Monster's face turned grim.

His first move was to check the bodies of the other Martial King Realm masters. When he saw that the Puppet Silk Threads around them were still intact, he suddenly breathed a sigh of relief.

It was good that these people had not escaped his control.

At this time, he hadn't paid any attention to Luo Qingtong and the others.

After all, a bunch of Martial Marquis Realm warriors, plus a little beauty of the Great Martial General Realm – even if they all attacked together, he could easily kill them!

There was no need to be concerned!

However, just as his guard was lowered in that instant—

"Whoosh!"

Luo Qingtong, who had been standing there motionless, suddenly raised her hand.

Before the Martial King Realm masters could react, they felt the Silk Thread Power that permeated through their bodies suddenly pulled by someone. With a swift motion, they regained control of their bodies!

The power within them erupted at once.

"Strike now!"

Luo Qingtong's voice was cold.

Right at the moment when she had set the Array, she had already pulled all the Puppet Silk Threads within these Martial King Realm masters into her hands.

Now, with a sudden pull, all of them regained their strength and body control power at the same time!

This was much better than releasing their control in advance and raising suspicions and defenses in the Yin Puppet Old Monster!

"Swoosh swoosh swoosh!"

Having broken free from control, the group of Martial King Realm masters quickly reacted, immediately rushing towards the Yin Puppet Old Monster in the center of the cave!

"You!"

The Yin Puppet Old Monster's face was a mix of shock and rage.

He had never expected these Martial King Realm masters to break free from his Puppet Silk Thread control in an instant!

Watching these Martial King Realm warriors charging at him, the Silk Thread Power around his body danced wildly, as he tried to reseal them!

At the same time, his thoughts raced as he immediately ordered the Corpse Puppets outside to rush in.

However—

"Boom!"

Within the cave, a glow of Array light suddenly lit up!

In an instant, those Corpse Puppets following the order to rush in were blocked outside!

Then, the clear and cold voice of Luo Qingtong echoed.

"Front four in the left team, back eight in the right team, eight steps forward with a left flash for the center team..."

Luo Qingtong spoke with extreme speed, and the Martial King Realm masters were initially slow to respond.

Then, realizing with a start that Luo Qingtong was instructing their steps, they promptly began to do as she instructed.

"Swoosh swoosh swoosh!"

With their movements, something miraculous happened!

Chapter 270 Hunt, Upper-class Soul King Realm (Part 2)

Those silk thread powers all fell into empty space!

Following Luo Qingtong's voice, those Upper-class Martial King powerhouses actually easily avoided the silk thread powers shot out by the Yin Puppet Old Monster!

It was as though with their steps, they appeared in a different space altogether!

Those silk thread powers clearly passed through the location they were in, yet they themselves were completely unaffected!

"Illusion Space!"

Seeing this scene, the Yin Puppet Old Monster suddenly cried out.

He seemed to have some knowledge about Arrays too, grasping the situation immediately.

Luo Qingtong had used an Array to form another independent space within this cave!

This space changes according to the Array!

Apart from Luo Qingtong, the Array Setter, no one else, unless their Array skills surpass hers, could see through the location of this space!

It was even less possible to control and damage the people inside through these spaces!

But what the Yin Puppet Old Monster couldn't figure out was how Luo Qingtong could see through his silk thread powers!

After all, a relatively independent space represents that both parties do not touch each other!

He couldn't hurt those Upper-class Martial King powerhouses, and likewise, they couldn't harm him!

Thus, if those Upper-class Martial King powerhouses wanted to deal with him, they would necessarily need to come out from that space!

How did Luo Qingtong manage to have them enter the space in time when he was darting his silk thread powers around?

The Yin Puppet Old Monster couldn't figure it out at all!

At this moment, he probably couldn't imagine that Luo Qingtong could completely see through the silk thread powers diffusing around him, could he?

Therefore, when he attacked, Luo Qingtong could timely warn the Upper-class Martial King powerhouses to enter the space opened by the Array!

"Rumble!"

With Luo Qingtong's assistance, these Upper-class Martial King powerhouses instantly became like a tiger growing wings.

After this experience, they realized that Luo Qingtong could not only unravel the Yin Puppet Old Monster's Soul Seal control on them but could also see through his Soul Seal attacks!

With this, what else would they need to fear?

Their previous fear of the Yin Puppet Old Monster was merely because his puppet silk threads were terrifying, catching them off guard and controlled in an instant!

It's worth noting that even if their strengths were comparable, they wouldn't be controlled by the Yin Puppet Old Monster like the low-level Martial Practitioners, turning into puppets under his soul mark power.

But that moment of losing control of their bodies could also cost them the initiative in battle, thereby giving the Yin Puppet Old Monster the upper hand!

Now that he has completely lost this powerful move, this Upper-class Soul King Realm Yin Puppet Old Monster is no different from a normal Upper-class Martial King Realm!

Moreover, his body's meridians were injured! He couldn't exhibit his full strength!

"Haha! Yin Puppet Old Monster, you also have today!"

A group of people had suffered a lot in the hands of the Yin Puppet Old Monster!

At this moment, seeing that the opponent had completely lost his previous momentum, everyone instantly burst with the will to fight, bombarding the Yin Puppet Old Monster with attacks!

Instantly, he was left flustered and in a sorry state!

All his arrogance reduced to dust!

"You! You, this damn woman! It's all your trickery!"

At this time, even the dumb Yin Puppet Old Monster realized it!

Everything was because of Luo Qingtong!

This woman, if not killed, he would likely die here!

After all, his Corpse Puppets couldn't enter, and those silk thread powers couldn't control these Upper-class Martial King powerhouses!

Thinking this, he endured the attacks of a group of Upper-class Martial King powerhouses and charged towards Luo Qingtong.

"Go to hell!"
