Chapter 351 Midnight Killing Intent (Part 1)

Dongli Country, Fenglin City.

Old Master Chu's face was filled with worry and apprehension.

He was thinking about what the King had said to them today, feeling extremely restless.

"Tonight, withdraw all the personnel responsible for guarding the four gates! No matter what kind of noises you hear, the Four Gates Defense Army must not make a move!"

"Also, each major aristocratic family must control their subordinates! Whatever happens in this city, it has nothing to do with you, understand?"

"No one is allowed to go out without permission!" The Eastern Fence King's expression was fierce.

This time, the Tianyu Empress deploying the Hu Mang Guards to eliminate the Luo Family was indeed a golden opportunity for him.

He would not allow anyone to interfere.

Among these aristocratic families, many had good relations with the Luo Family; this warning was to make them think twice, to not make a wrong move!

Otherwise, they shouldn't blame him for settling accounts after the fact!

If even the Luo Family could be taken down, would he fear pulling out a few more aristocratic families?

"Yes, by the King's command." The heads of the various aristocratic families were terrified by his words, unsure of what would happen tonight.

They all had a bad premonition.

And Old Master Chu, catching the Eastern Fence King's gaze lingering on him, felt his heart stirring with intense waves of shock.

If he wasn't wrong, tonight's events would most likely involve the Luo Family!

The King... was he planning to strike at the Luo Family?

Old Man Luo had toiled for half his life for Dongli Country, using the Luo Family's resources to support the nation's fortunes time and again. Moreover, the marital alliance between the Luo Family and the Tianyu Royal Family had deterred neighboring small countries from invading, achieving today's wealth and strength for Dongli Country.

Now the King, seeing the Luo Family in trouble, not only intended to kick them while they were down but also to completely annihilate them?

Wipe out the entire Luo Family?

But Luo Qingtong still had a matrimonial alliance with the Tianyu Royal Family!

As long as the alliance wasn't called off, how could the King have the audacity to lay a hand on the Luo Family given his character?

Suddenly, Old Master Chu thought of a possibility, and his face turned pale at once.

Could it be that the Tianyu Imperial Family personally took action?

Thinking this, Old Master Chu's heart sank.

If it were indeed so, the Luo Family was indeed doomed this time!

But... for the sake of face, the Tianyu Royal Family would undoubtedly move in secret, and they would need to find an excuse to cover it up!

Therefore, this time it could not possibly be an overt operation under the name of the Tianyu Royal Family.

If he wanted to help the Luo Family, there was still a chance.

As long as he... did not follow the King's orders!

But... is it worth it?

For the Luo Family, is it worth risking the entirety of the Chu Family?

Old Master Chu was burning with a deep-seated anxiety in his heart.

Pacing back and forth in the main hall, his mind flashed through various scenarios.

He had spent half his life in argument with Old Master Luo, but they both had immense respect for each other's character.

That Old Man Luo, despite their disagreements, he had heard people say that Old Man Luo admitted he was honest and upright, a true man who wasn't intimidated by the reputation of his Luo Family.

"Old Man Luo, this lifetime of yours is not worth it!" Old Master Chu, thinking to this point, couldn't help but have tears brimming in his eyes.

Both of them were wholeheartedly devoted to the country, yet... the Royal Family, they cared not for their sacrifices!

When the lips are gone, the teeth will be cold; Old Master Chu didn't know if after the elimination of the Luo Family, whether the Chu Family would be next!

With this thought, he gritted his teeth fiercely, summoning his son and said: "Send someone to watch the Luo Family, report back immediately at any sign of trouble."

"Yes, father." Although surprised, his son nevertheless accepted the order and left.

Watching the retreating figure of his son, Old Master Chu sighed deeply.

He hoped all this was just his misjudgment! Otherwise...

Chapter 352 Midnight Killing Intent (Part 2)

Midnight, at the hour of Zi.

The full moon hung high, clouds in the sky gathered and dispersed, sometimes converging, sometimes scattering, leaving the moonlight to be enclosed and cut into various shapes.

At this deep hour of the night, silence pervaded everywhere, and all was quiet.

"Clatter, clatter, clatter!"

Sudden dull hoofbeats sounded at Fenglin City's eastern gate.

But all the Defense Army seemed as if they hadn't heard anything.

The entire eastern gate was wide open, as Fei Ji led a troop of disguised Hu Mang Guards straight into the city.

"Tch." Seeing the surrounding area empty and no one coming out to investigate the dull sound of the hoofbeats in the streets, Fei Ji sneered softly.

This Eastern Fence King really can't wait to put the Luo Family to death! He has indeed arranged everything.

Good, he too wanted a quick battle to quickly finish and return.

"Move!"

After discerning the direction, Fei Ji waved his hand, leading his men directly towards where the Luo Family was located, and they dashed off.

Today is the day the Luo Family is doomed!

"Clang!"

Dark night, flash of blades, full moon, intent to kill!

At the same time, the Chu family, who had been keeping an eye on the surroundings of the Luo Family, took a sharp breath when they saw the Hu Mang Guards charging directly towards the Luo Family and hurried back to report.

"Dad, the Luo Family is really in trouble!" the eldest son of the Chu family hurriedly said.

Inside the main hall of the Chu family, Old Master Chu suddenly stood up.

"Quick! Gather our men! Let's head to the Luo Family! Beat drums and gongs along the way, wake everyone up!"

If it truly was the Tianyu Imperial Family making a move, then even if the Chu family took action, it would be in vain.

But if they could wake up the whole city, the Tianyu Imperial Family, not wanting to earn a bad reputation, would necessarily have to retreat.

This way, they could also save the Luo Family.

However, just as the Chu family's men were gathering, a clamor arose outside the door.

Sixth Prince Cheng, with a gloomy face, led the Imperial Guard to surround the entire Chu family.

"The night deepens and dew begins to settle, where does Duke Dingguo think he is going?"

Hmph! This old man, always known to be restless!

He had previously helped the Luo Family, and sure enough, he was intending to ruin their situation again!

Little does he know, they have already been watching him.

The words spoken by the King were both a command and a warning.

Unexpectedly, he really made a move!

This old Undead, does he want to follow in the Luo Family's footsteps?

Sixth Prince Cheng's eyes were filled with chilling darkness.

"The night is already deep; Duke Dingguo should stay at home. At the time of midnight, all sorts of ghosts roam; better not to carelessly bump into something, that wouldn't be good!"

His words were both vicious and profoundly meaningful, what didn't Old Master Chu understand?

The Tianyu Imperial Family really made their move.

And the King, had always been wary that he would help the Luo Family, and had long had people stationed around the Chu household!

This time the Luo Family... really can't escape the inevitable disaster!

Old Master Chu slumped down onto his chair, disheartened.

At the same time, bang!

The Luo Family's front door was kicked open.

Fei Ji's eyes were icy cold, his face hidden under the armor was full of murderous intent.

He vigorously waved his hand.

"Kill! Spare no one in the entire Luo Family, except for Luo Qingtong—leave none alive!"

Meanwhile, in Heavenly Evil Valley, Luo Qingtong had just finished refining the elixirs needed by the Luo Family Iron Army.

She slightly modified the timing of the Combined Pill process, to let the elixirs preserve their Medicinal Power without being too potent, hence not attracting interference from the Heavenly Dao.

She tidied up these elixirs and was just about to start refining her own Supreme Medicine and Poison antidote.

Just then, whoosh!

An urgent signal arrow suddenly shot out from above the Luo Family's location!

Chapter 353 Midnight Killing Intent (Part 3)

Whoosh!

Within Luo Qingtong's eyes, the bloodlight was sharp. Abruptly, she raised her head.

"Grandfather!"

Luo Qingtong's voice was cold.

The next second, her figure swiftly swept out of the room, and she suddenly stood atop the tallest tree in the valley.

Cloud-piercing Arrow!

The very signal she told those War Slave powerhouses to ignite immediately in case of an emergency!

A crisis so dire that even a group of Martial Marquis Realm War Slaves couldn't handle...

The bloodlight in Luo Qingtong's eyes was icy to the extreme.

"All members of Heavenly Evil Valley, follow me back to Fenglin City!"

As she spoke, she raised her hand and released the Spiritual Ship from the Space Spiritual Artifact shaped like a discarded ring in her hand.

Whoosh!

The members of Heavenly Evil Valley gathered from all directions the moment Luo Qingtong's voice sounded.

Seeing the Spiritual Ship, they felt no surprise in their hearts.

If their master could produce a Sumeru Space Spiritual Artifact spanning hundreds of square meters, what's the big deal with a mere Spiritual Ship?

However, they didn't know why their master wanted to go to Fenglin City.

But they naturally wouldn't defy Luo Qingtong's command.

The group successively boarded the Spiritual Ship. With a wave of Luo Qingtong's hand, the entire Spiritual Ship suddenly soared upward, streaking directly towards Fenglin City.

Meanwhile, Luo Qingtong took out a Rashamon Ghost Mask from her bosom and put it on herself.

Her vivid red dress was also swapped for men's clothes.

Still the passionate fiery red, but this time it represented bloodthirstiness akin to Asura Purgatory!

Those who dared to touch the Luo Family and her grandfather were courting death!

At the same time, at the Luo Family.

Fei Ji had just led his men into an assault and immediately sensed something was wrong.

"Who are you?!"

The line of people rushing out in front of him were all at the Martial Marquis Realm!

Since when did the Luo Family have such formidable strength?

Among them, there were even Peak Martial Marquis Realm powerhouses!

Looking at these people blocking his way, Fei Ji's countenance was indescribably frigid.

The Luo Family had such hidden strength up their sleeve; no wonder Luo Qingtong could act so boldly in Dongli Country!

It was said that she relied on the future title of Fifth Prince Consort of the Tianyu Royal Family, but now it seems it was because of the Luo Family's overpowering strength!

The Luo Family had hidden their capabilities deeply indeed!

If it hadn't been for his sister's insistence on secrecy and her orders for him to come here, this team of Hu Mang Guards might have had a one-way trip!

But now...

Fei Ji sneered coldly, finding all their formidable strength as nothing more than chickens and dogs in front of him!

"Kill! Some of you, go find Old Master Luo and assassinate him! Leave these others to me," he commanded coldly.

"Yes!" His trusted followers responded and prepared to depart.

However, before they could move, dazzling Array lights lit up above the Luo Family, suddenly enveloping them within.

"Boom!"

The interweaving lights of the Array rebounded the attacks that Fei Ji and others had launched back at them.

At the same time, powerful attacks surged out from within the Array, bombarding Fei Ji and company!

"Damn it! There are Arrays within the Luo Family?!"

Fei Ji nearly got wounded by his own rebounding attacks. Barely steadying himself, he saw a barrage of Array and Martial Marquis Realm attacks rushing toward them.

He didn't dare to take on the powerful Array attacks directly and had to dodge awkwardly.

At this moment, outside the Luo Family gates, Luo Xinning stood hidden in the shadows veiled with a face cover, clenching her teeth in bitter resentment at the sight of those Array lights shining above the Luo Family.

"Spirit Array Master!"

Last time, she was nearly killed by these Array lights at the Luo Family.

But now...

Luo Xinning sneered, raising her hand ceremoniously.

Chapter 354 Midnight Killing Intent (4)

"Boom!"

A pitch-black object was thrown out by her.

This was a one-time-use Spiritual Artifact called Heavenly Thunder Bomb, which Luo Xinning had beseeched from Elder Qu to break Arrays.

Arrays are difficult to break from the inside, but significantly easier from the outside.

After using the Hu Mang Guards to identify the location of the Array Eye, Luo Xinning directly threw a Heavenly Thunder Bomb at it.

In an instant, the Array Eye shattered, and the glow of the Array above the Luo Family estate faltered, its power greatly diminished.

"It didn't completely shatter," Luo Xinning gritted her teeth.

Just how formidable is the strength of the Spirit Array Master who laid the Array protecting the Luo Family?

This Heavenly Thunder Bomb, according to Elder Qu, was something he only obtained by a fluke, possessing only a few.

Even Arrays capable of trapping individuals at Martial King Realm were useless against it!

And yet, it only succeeded in greatly diminishing the power of the Array above the Luo Family!

But this was enough!

Seeing Fei Ji and the others break free from the Array's suppression and start a counter-slaughter.

Luo Xinning sneered internally, instructing the people lurking in the shadows, "Go! As for the Luo Family's Lady, resembling a fairy or jade, do with her as you please!"

"Remember, after you're done, scar her face for me and sell her far away! To the worst brothel, serving the most disgusting clients!"

The Tianyu Royal Family won't make a move against Luo Qingtong?

She will!

How could Luo Xinning possibly let go of Luo Qingtong?

Let the other party wait for a fate worse than death, a life filled with unbearable pain!

Let's see if the Fifth Prince will still want her once she's been tarnished, those pair of worn-out shoes!

As for who takes the fall, naturally, the Hu Mang Guards will do!

Who would know it was her doing?

Luo Xinning sneered coldly.

"Yes. Lady Ningning, rest assured, we brothers will do our utmost, committed to handling this matter meticulously for you," they responded.

The ruffians Luo Xinning sought out were truly wicked and nefarious, committing all manner of evils.

Hearing there was an easy score and someone else would take the blame, they were only too happy to enjoy themselves; how could they refuse?

They rubbed their hands together eagerly, preparing to sneak into the Luo Family estate.

However, they didn't know that what they were walking into was not a gentle village, but a gruesome abyss of blood and bone!

By the time they realized, it was already too late!

"Rumble!"

Within the Luo Family estate, the power of the Array was dramatically reduced.

Instantly, Fei Ji and others regained their senses.

Humiliated by the Array, Fei Ji was extremely irritated.

He looked at the Martial Marquis Realm War Slaves who were desperately defending in front of him, a very cold fury on his face.

All these people of the Luo Family deserved to die!

"Get lost!"

With a palm strike, he directly knocked back a Martial Marquis Realm powerhouse charging at him, and he coldly shouted, "All present, execute everyone without exception!"

"Yes!" The Hu Mang Guards obeyed and swiftly charged toward the group of War Slave powerhouses.

The number of powerhouses among the Hu Mang Guards outnumbered the War Slaves.

Among the over one hundred men, nearly half were Martial Marquis Realm powerhouses; the War Slaves stood no chance at all!

"Go! Retreat to Old Master Luo's courtyard, swear to defend it to the death, not retreating a single step!"

They had already sent out a signal arrow to notify their masters, and presumably, the latter would arrive soon.

At this time, absolutely nothing must happen to Old Master Luo!

Luckily, the Luo Family's Iron Guard had been sent to another courtyard to recuperate; otherwise, they might not have had the means to care for them, leaving them only the path of death.

The group fought as they retreated.

Just at this moment, "Boom!"

A sudden blast came from Old Master Luo's courtyard, it was Fei Ji's trusted followers who had arrived ahead of them. They directly blasted through the Luo Family's Iron Guard defending the place and stormed in.

Chapter 355 Leave No One Alive!

"Old Master!"

Seeing this scene, the eyes of the group of War Slaves turned red.

Their master had instructed them before departing to protect Old Master Luo at all costs.

The latter's body was in the midst of recuperation and should not be recklessly disturbed.

If these people were to harm Old Master Luo, how could they have the face to meet their master again?
They might as well kill themselves!

"Boom!"

The few Martial Marquis Realm powerhouses entangled with the Hu Mang Guards, disregarding their injuries, took a hit and withdrew from the battle, rushing towards the courtyard where Old Master Luo was.

However, it was too late!

They watched helplessly as Fei Ji's confidants broke into Old Master Luo's courtyard.

Just then, "Boom!"

A blood-red figure, like a red lightning bolt cutting through the dark night, swooshed from the sky, landing in front of Fei Ji's confidants and kicked the lead person out with a stomp of the foot.

The next second, a pure black light erupted.

In the night's glow, this pure black light was like the casually swinging scythe of the grim reaper, tracing a chilling and murderous arc through the air.

"Swoosh!"

In an instant, blood splattered out, dyeing the dark night embellished by the moonlight's blade brilliance into a deep crimson.

"Kill them all, spare none!"

After slicing through the throats of the two Fei Ji confidants who were following closely behind, trying to break into Old Master Luo's room, Luo Qingtong stood at the entrance of Old Master Luo's room with the Death Blade in hand.

Her eyes, behind the Rashamon Ghost Mask, were deep and ice-cold.

Midnight, when a hundred ghosts roam!

She was the greatest devil in this world!

How dare they move against her grandfather!

Luo Qingtong's eyes glittered with an extreme and sharp bloodlust.

It was too close; these people were about to break in!

These people... must die!

"Kill them all, not a single one left!"

These were the same words Fei Ji had just pronounced, and now, all of them were returned by Luo Qingtong.

"Rumble!"

Above the sky over Old Master Luo's courtyard, suddenly, a line of figures descended; the people from Heavenly Evil Valley had arrived, a step behind Luo Qingtong.

The colossal Spiritual Ship hovered above the Luo Family's residence, and a series of figures with an aura of chilling might drifted down from it.

"Yes, Master!"

Upon hearing Luo Qingtong's words, everyone responded and launched an attack towards the stunned Hu Mang Guards.

Meanwhile, the War Slaves below, who had suffered heavy casualties, all showed joy on their faces upon seeing Luo Qingtong's arrival.

"Master!"

"Those with severe injuries, withdraw for treatment," Luo Qingtong commanded coldly.

"Those who can still fight, equip these." As she spoke, she tossed over a broken ring.

Contained within were weapons and armor she had previously selected from the Tianyu Royal Treasure Vault.

A thousand years of the Imperial Family's treasures; each weapon and piece of armor, if taken out, could make Martial Kings and Emperors exclaim in amazement.

But now, Luo Qingtong easily handed them to the group of War Slaves.

Good things are meant to be used.

Increasing strength is always more useful than just looking at them.

Luo Qingtong never skimped on rewarding those who were loyal to her.

As for her enemies...

Luo Qingtong's gaze turned cold as she looked towards Fei Ji and the others.

"Swoosh!"

Her figure surged forward, charging towards the group of Hu Mang Guards.

At the same time, a series of spells shot out from her hands.

In a flash, the Array that had been destroyed by Luo Xinning was once again conjured by Luo Qingtong, enveloping the entire Luo Family from above.

Chapter 356 Those Who Target the Luo Family Shall Die!

"Wait a moment!"

Fei Ji was caught off guard by this sudden change of events.

He looked at the group of Martial King Realm experts rushing towards them in the darkness and then turned his gaze towards Luo Qingtong who was wearing a Rashamon Ghost Mask, his heart shocked to the utmost.

"Evil Doctor Ghost Eyes Your Excellency! Is there perhaps some misunderstanding between us?"

They had only come to annihilate the Luo Family.

How could this popular figure in the Black Domain, Evil Doctor Ghost Eyes Your Excellency, appear here defending the Luo Family, and even lash out in rage at them?

Could it be that the Luo Family is connected to Evil Doctor Ghost Eyes?

But why hadn't they received any information about this?

Everyone outside was nearly going mad searching for this person.

All the major forces and aristocratic families were inquiring about the whereabouts of this person.

The Tianyu Empire was no exception.

This person's medical skills are astonishing.

Most importantly, they have an excellent relationship with the Black Domain.

It's said that the Black Domain Bloody Battle Arena had especially issued a warning to the Cheng Family of the Upper-class Country because one of her subordinates was captured.

During her disappearance, the Black Domain Supreme even personally inquired, searching everywhere for her whereabouts.

They should be too wanting to establish a connection with such a person, yet now they have offended her?

Fei Ji's heart was both anxious and angry, as he hurriedly tried to explain.

However...

"Hehe..."

Luo Qingtong sneered coldly.

"Misunderstanding?" She thrust her sword backward into the stomach of a Hu Mang Guard, and in the next second, she swiftly pulled out Death Blade and with a kick, sent the Hu Mang Guard flying.

That terrifying Ghost Mask just stared silently at him.

"No, between us, there is no misunderstanding."

Luo Qingtong's voice was cold and harsh.

"Those who move against the Luo Family, die!"

As she said this, she waved her sword light.

In an instant, a group of Martial King Realm experts gathered around Fei Ji, their movements extremely fierce.

And those surviving War Slave experts, after equipping the armor and weapons provided by Luo Qingtong, also surrounded the people of the Hu Mang Guards.

The Hu Mang Guards, who had been arrogantly rampaging through the Luo Family's domain and wantonly slaughtering, were now like lambs waiting for slaughter, panicking and fearful as they were slaughtered by the people brought by Luo Qingtong, utterly powerless to fight back.

"Evil Doctor Ghost Eyes Your Excellency, there must be some misunderstanding!" Fei Ji pleaded while resisting.

"I am Fei Ji, the legitimate son of the Empress Mother Clan of Tianyu Empire, the Fei Family! We came specifically against the Luo Family. If we have disturbed you in any way, we can leave immediately! Let us pretend nothing happened!"

"Evil Doctor Ghost Eyes Your Excellency, I am the legitimate son of the Fei Family, the Empress's own brother. If you kill me, it will be no good for you or the Luo Family! Please, forgive us for our youthful transgressions and let us go!"

Fei Ji's face was covered in cold sweat.

At this moment, he had completely forgotten the Tianyu Empress's admonition never to reveal his identity.

If he didn't reveal his identity now, he was going to die here!

The Luo Family and Evil Doctor Ghost Eyes have a connection! And she even protects them to such an extent!

If he had known this earlier, he would never have agreed to his sister's request to come here and annihilate the Luo Family!

Fei Ji regretted it deeply in his heart, his gaze towards Luo Qingtong desperate and pleading.

"Fei Family?"

Luo Qingtong narrowed her eyes as she looked at him, "The Empress's Mother Clan? You are Yu Wenxue's uncle?"

"Yes! Yes! Evil Doctor Ghost Eyes Your Excellency, do you know Xue'er?"

Fei Ji was overjoyed upon hearing this.

He didn't expect Luo Qingtong to directly mention Yu Wenxue's name.

Doesn't this mean that the Evil Doctor knows Xue'er?

This way, he should be safe.

However—

Chapter 357 An Even Greater Surprise Awaits

Just as he was thinking this, Luo Qingtong took off the mask from her face.

"Recognize her? How could I not? These blind eyes of mine and the current plight of the Luo Family are all thanks to her, aren't they?"

The smile on Luo Qingtong's face was sweet as she took off the mask, her vacant and lost eyes gazing at him faintly.

The beautiful and devilishly enchanting youth, amidst the darkness of the night sky, was like a bloodthirsty Demon Flower, stunningly breathtaking, yet causing Fei Ji's face to turn pale with fright in an instant.

"Luo... Luo Qingtong?!"

How could it be her?!

Fear and disbelief filled Fei Ji's face.

Luo Qingtong was actually the Evil Doctor Ghost Eyes!

No wonder she protected the Luo Family so fervently!

Then that means we...

As he thought this, his feet stumbled, and he almost fell to the ground.

His shocked gaze fell upon that peerless beauty, devilishly enchanting, leaving his mind completely blank.

"Surprised, are you? Don't worry, the bigger surprise is yet to come! It's just a pity, you won't get to see it!"

The smile on Luo Qingtong's lips was bloodthirsty and bewitching.

She waved her hand: "Leave him a complete corpse! I'll go to the Fei Family later and give them, along with the Tianyu Empress, a grand gift!"

They actually thought of exterminating our Luo Family, and I haven't given them a return gift; how could I let down the kindness of the Tianyu Empress and Yu Wenxue?

Thinking back to her arrival in the nick of time, the bloodlust in Luo Qingtong's eyes grew more intense.

"Luo Qingtong!"

With his face ghastly white, Fei Ji tried to say something, but a group of Martial King Realm experts had already pounced on him.

He no longer had the chance to speak!

"Boom!"

The sounds of fighting within the Luo Family echoed far into the silent night.

Inside the Dongli Palace, the Eastern Fence King leaned comfortably on his couch, listening to the report from his personal attendant.

"Your Majesty, the sounds of battle within the Luo Family have ceased. It must be that the Luo Family has been completely wiped out! From now on, Your Majesty can rest easy without a worry."

"Oh? It's been resolved so quickly? The strength of the Tianyu Empire's Hu Mang Guards is indeed formidable," said the Eastern Fence King with a light laugh.

"With the Luo Family gone, leaving only Luo Qingtong is nothing to fear. From now on, the entire Dongli Country will be under the unchallenged rule of my Royal Family! No one will dare to question my edicts anymore!"

His expression was fierce and ruthless.

"Yes, Your Majesty will no longer be vexed by the Luo Family," the personal attendant said with a flattering smile.

Just then, another attendant came in and presented a card.

"Your Majesty, there's a card from where the Tianyu Branch is staying, saying that the recruitment exam has been rescheduled to tomorrow and requesting Your Majesty's presence."

"Oh," said the Eastern Fence King as he gestured for the card to be brought to him.

After reading it, he laughed heartily: "This Luo Xinning really is ruthless. The Luo Family has just been destroyed, and she's already eagerly inciting Elder Qu to change the date of the recruitment exam. Tomorrow, as she grandiosely enters the Tianyu Branch, the Luo Family will be desolate and wretched... She's clearly intending to make sure the people of the Luo Family die with their eyes wide open!"

The Eastern Fence King knew well that the date for the Tianyu Branch's recruitment exam had been set long ago. How could it possibly change so abruptly, especially to tomorrow?

If Luo Xinning wasn't behind this, then who was?

Such a malicious move!

However, this had nothing to do with him. It wouldn't hurt to watch the drama unfold on such a great day as the extermination of the Luo Family.

Thinking this, he instructed his attendant: "Send a reply stating that this King will certainly arrive on time tomorrow!"

Chapter 358 Heading to the Fei Family

At the same time, Luo Xinning emerged from Elder Qu's residence, brimming with pride and satisfaction.

The latter was extremely pleased about the Luo Family's demise and had already agreed to change the date of the enrollment to tomorrow.

"Luo Qingtong, just wait and see how gloriously I'll pass the examination and enter the Tianyu Branch!"

How exalted was the legitimate daughter of the Luo Family in the past?

Luo Xinning had been warned time and again that everything of the Luo Family would belong to Luo Qingtong.

She was nothing compared to Luo Qingtong, as different as clouds are from mud.

But now?

The Luo Family has been destroyed; by now, Luo Qingtong has probably been violated by those I arranged, right?

With the Hu Mang Guards to take the fall, those bandits who had their way will definitely not dare betray me. Let Luo Qingtong wait to spend her life in that kind of lowly brothel!

I wonder, when she wakes up in a strange place after being ravaged and hears the news of my glorious admission into the Tianyu Branch, will she be so angry that she spits blood?

"Hmph! Everyone says my fate is not as good as yours! Luo Qingtong, tomorrow I will definitely prove that no matter how good your destiny is, it's no match for mine!"

As Luo Xinning spoke, she viciously snapped a flower she was holding in her hand and headed straight back to her room.

Meanwhile, at the Luo Family.

The invading Hu Mang Guards were all slaughtered!

Everyone except for Fei Ji died without a complete corpse!

Some of these men sought to beg for mercy, but Luo Qingtong would not accept it!

Her ranks were not lacking in strength; those who wanted to destroy her Luo Family, even if they knelt down and acknowledged her as their master, she would not accept them!

The group was completely obliterated; their bodies were all thrown to the dogs!

At the same time, in the main courtyard of Luo Qingtong, a group of sneaky people were discovered.

They were all those who had sneaked into the Luo Family when the Array was broken.

These people were naturally the bandits Luo Xinning had found.

However, at this moment, these bandits, who were habitually wicked and extremely vicious, almost didn't vomit foam from fright and pass out upon seeing the strong presence beside Luo Qingtong.

Luo Xinning actually asked them to toy with such a person?!

Wasn't this pushing them into a pit of fire?!

Filled with rage, the group quickly confessed what Luo Xinning had asked them to do.

While confessing, they knelt and claimed they had all been deceived.

The gathered Martial King Realm powerhouses and War Slave powerhouses were infuriated by the words; Luo Xinning was so disgusting!

Yet, the smile on Luo Qingtong's lips deepened.

"Oh. So Luo Xinning sent you to do this?" She tapped gently on the armrest with her raised hand.

"Everything and all personnel are ready, correct?"

"Yes..." The bandits answered tremblingly, unsure of what Luo Qingtong was planning to do.

"Well then, keep everything ready! In a few days, I'll send someone over, and you'll do exactly as Luo Xinning told you," Luo Qingtong's smile was cold.

Luo Xinning's kind gesture, how could I bear to let it go to waste?

All these painstaking arrangements must be thoroughly enjoyed by her!

But before that, I have something else to do!

"Have all your injuries been treated? Put on all those equipment! And..." Luo Qingtong handed over the two types of Elixirs she had previously refined to the gathered Martial King Realm powerhouses and War Slave powerhouses.

"Take these and head to the Fei Family!"

To annihilate her clan?

Luo Qingtong raised her eyes toward the sky, where the full moon hung like a giant disc.

At this moment, the pure moonlight, under her Pupil Vision, seemed to be covered with a hazy layer of blood.

She was keen to see if the Tianyu Empress and Yu Wenxue could withstand her fury!

Chapter 359 Collective Breakthrough

Within the Spiritual Ship, a group of Martial King Realm warriors and War Slave powerhouses each took the elixirs given by Luo Qingtong.

These elixirs were originally intended for the Luo Family Iron Army members whose cultivation had been nullified.

Spirit Awakening Pill increases comprehension.

Essence Boosting Pill enhances strength.

These two types of Elixirs are extremely beneficial for their cultivation recovery.

The same goes for the people of the Heavenly Evil Valley.

Those who were originally at the critical point of their own cultivation, after taking the Essence Boosting Pill, their strength broke through the original Layer Level.

Then, taking the Spirit Awakening Pill, they break through again!

Every person's strength surged by one to two minor levels.

Some with better talents even broke through three or more layers.

Their overall strength has doubled, if not more.

Furthermore, they were armed with weapons and armor provided by Luo Qingtong.

This troop of warriors is no weaker than the direct lineages of major aristocratic families and the big families in the Tianyu Empire!

Among them, the greatest beneficiary was a warrior at the Peak Martial King Realm.

Luo Qingtong directly gave him two elixirs she had previously refined herself, which had awakened the Dan Spirit.

It helped him break through to the Martial Emperor Realm in an instant.

Of course, this was also because his strength had already reached the peak, and he had already touched the threshold of the Martial Emperor Realm, with half a foot stepping into it.

Luo Qingtong gently pushed him from behind, and he directly crossed over.

"Master?!"

Feeling his strength suddenly leap from the Martial King Realm to the level of the Martial Emperor Realm, the Peak Martial King Realm warrior was very surprised.

He looked at Luo Qingtong, excitedly, not knowing how she managed this.

Logically, even though he had touched the threshold of Martial Emperor Realm, he would have needed several more years of exploration just to fully comprehend the Realm of the Martial Emperor.

Now, he crossed over so effortlessly.

He felt like he was dreaming.

Others wore expressions of shocked astonishment.

They knew their master was formidable but did not realize to what extent.

"Master, this is..." the warrior who just entered the Martial Emperor Realm asked incredulously while looking at the Jade Bottle in his hand.

"Elixirs." Luo Qingtong's reply was brief but comprehensive, yet it terrified her group of subordinates.

"Elixirs?"

The group stared at the Jade Bottles in their hands as if they were dreaming.

These... are elixirs?

Those legendary, extremely precious elixirs that only an alchemist can refine?

Legends state that among countless pharmacists, only a few become alchemists, extremely hard to find.

In central courts of various Holy Dynasties, alchemists preside just to serve the Imperial Family!

Elsewhere, they've practically never been seen in person, only heard in tales!

And now...

Everyone lowered their heads to look at the Jade Bottles in their hands, their minds spinning.

They each got a bottle!

Over a hundred bottles of elixirs, just distributed like that?!

Before, they never even dared to think in this direction!

"Master...I...we..."

The crowd stuttered, not knowing what to say.

Elixirs, this legendary existence, they never even heard about them ordinarily let alone seen, and now each had consumed a bottle?

My God!

They did not know how to express the shock in their hearts.

"Hmm?" Luo Qingtong turned her head to look at them, "What?"

"Nothing... nothing..."

The group looked at her indifferent expression and suddenly felt that they had been overly startled.

But these were elixirs, not some common cabbages by the roadside!

Master, isn't your expression a bit too calm?!

Just as the warriors were clutching their startled hearts, wanting to say something, Luo Qingtong's voice suddenly turned stern.

Chapter 360 Ready to Receive a Surprise

"We've arrived!"

Luo Qingtong's Pupil Vision gaze turned towards the massive city ahead.

In the thick darkness of the night, this enormous city of the Tianyu Empire looked like a beast crouching in the dark night.

At this moment, within the city, everything was eerily quiet, completely silent everywhere.

Luo Qingtong's gaze lightly swept over the most prominent palace building in the distance, the curve of her lips silently rose in a smile.

"I didn't expect to come back so soon!"

"The lessons taught last time are apparently not enough. Tianyu Empress, Yu Wenxue, I wonder if you are ready to receive the surprise I have for you?"

As Luo Qingtong spoke, the smile on her lips grew more bloodthirsty.

"Turn towards the northwest direction, to the Fei Family Mansion."

At this moment, within the Fei Family Mansion, the Fei Family Master and his sons had not yet slept, they were discussing affairs.

"The secret tribute collected from various regions this time must not have any problems. After having someone tally them up, deliver them to the Imperial Family in the next two days. Otherwise, if Emperor Tianyu blames us, we won't be able to bear it," the Fei Family Master said sternly.

The secret tribute collected this time was commanded by the Imperial Family, gathered from various regions of Tianyu Empire.

The Royal Treasury was robbed, and the Tianyu Royal Family became penniless all at once.

This batch of secret tribute was summoned by the Tianyu Royal Family to cope with the emergency.

But this matter does damage the reputation of the Imperial Family, so it must not be publicly disclosed.

Therefore, the Fei Family became the best choice for handling this matter.

After all, they are the Empress's maternal clan.

"Yes, Father, rest assured. These secret tributes have been fully accounted for, and we will report them to the Emperor by tomorrow," several sons of the Fei Family responded.

"Hmm," the Fei Family Master grunted, then uttered somewhat discontentedly,

"This job was always handled by Ji, who knows the exact amount. If I had known that this batch of secret tribute would arrive so soon, I would never have agreed to let him go and destroy the Luo Family at this time."

"Just a Marquis Mansion of a low-class small country, it could have been wiped out by merely dispatching a troop; sending Ji specially was totally unnecessary, especially when they don't even deserve that face."

The Fei Family Master was very dissatisfied with this.

In his view, the Empress is just too indecisive, and in this aspect, she cannot compare to Xue'er.

If it were him, discontent with the marriage, he would have taken advantage of the Fifth Prince's absence to directly eradicate Luo Family completely!

Even if the Fifth Prince is displeased, the deed would have been done; could he still go against his own mother?

Regrettably, they had to indulge in the Fifth Prince's temperament, causing the Imperial Family's reputation to almost be completely lost.

The Fei Family Master was speaking, unaware that the Luo Family, who "shouldn't have the face to let Fei Ji step in," had already wiped out Fei Ji and his men.

And now, Luo Qingtong had already arrived above the Fei Family's airspace.

As one of the top families of the Tianyu Empire, the Fei Family occupied a vast area in the Tianyu Imperial City and their household was extremely splendid and grand.

Naturally, their target was very conspicuous.

Luo Qingtong hardly needed much effort to locate the Fei Family's place.

Looking down from high above, within Luo Qingtong's Pupil Vision, the inside of the Fei Family was densely packed with various defenses and sentry posts.

The most central mansion was even outfitted with an Array.

Although in Luo Qingtong's eyes it was very rudimentary, compared to other aristocratic families, this defense was quite substantial.

Unfortunately, tonight, all of this will turn to ashes!

"You all wait here," Luo Qingtong instructed and leaped down from the Spiritual Ship.

The Earth-level Spiritual Ship itself had no invisibility function.

But to Luo Qingtong, that was hardly a concern.

She had already set up an Illusion Array on the Spiritual Ship, sufficient to confuse most people.
