

Supreme 361

Chapter 361 Do You Like This Grand Gift?

Whoosh!

Luo Qingtong's form landed around the Fei Family's buildings, her feet lightly tapping as she quickly entered the Fei Family compound.

In Luo Qingtong's Pupil Skill, the Fei Family's defenses were full of vulnerabilities.

For those patrolling guards, Luo Qingtong didn't bother to hide; following a predetermined route, she walked right past them, all within blind spots.

Even if a team of guards directly approached from the opposite direction, they couldn't see her at all.

"Swoosh, swoosh, swoosh!"

Luo Qingtong's form flitted through the Fei Family compound, effortlessly disabling most of the Arrays inside the residence.

At the same time, an odorless and tasteless drug began spreading from every key node within the residence.

A quarter of an hour later, thud, thud.

Countless patrolling guards suddenly felt dizzy and collapsed.

"Wha—" The guard, seeing his companion fall before his very eyes, did not even have the opportunity to shout before he too fell down.

Numerous muffled sounds arose.

In but a moment, those guards patrolling outside were all lying on the ground.

Fei Family's Main Mansion.

The Fei Family Master had just finished giving instructions to his sons and was preparing to let them rest.

Just then, he suddenly heard a faint noise from outside.

Instantly, his expression changed.

"Who's there?"

He abruptly opened the door and rushed outside.

His sons' expressions also changed subtly and almost instantly, they followed behind him and rushed out.

"Swoosh, swoosh, swoosh!"

As the Fei Family Master and his sons charged outside, the courtyard was suddenly filled with the bright flashes of blades.

Those Fei Family guards, who had completely lost the ability to resist and were lying powerless on the ground, had their lives being harvested one by one.

Luo Qingtong, dressed in a striking red that was enchantingly gorgeous, stood in the middle of the main courtyard.

Surrounding her were the people from Heavenly Evil Valley, clad in armor, well-equipped, and possessing fierce and powerful cultivation.

They silently harvested every life, like servants by the side of the Grim Reaper.

All of this happened in a silent, unspoken manner.

By the time the Fei Family Master and others rushed out, the guards in the entire courtyard had been nearly all slain.

Fortunately, besides them, there were still many guards resting who had not yet been affected.

They now all rushed out and engaged in fierce combat with the people of Heavenly Evil Valley.

"Audacious!"

Seeing the scene in the courtyard, the Fei Family Master was furious.

He shouted angrily, "Who are these thieves, daring to cause trouble in my Fei Family! Have you eaten the hearts of bears and the gall of leopards!"

Before he could finish speaking, "Whoosh"—suddenly, bright flames erupted all around the entirety of the Fei Family compound.

"Hearts of bears and the gall of leopards?"

Amidst the flames reaching the sky, the Rashamon Mask covering Luo Qingtong's face looked indescribably ferocious and terrifying.

Yet, her chin was unspeakably delicate, tender, and smooth.

This stark contrast gave off an extreme sense of black and white, demon and Buddha.

She slightly raised her head, lifted her hand, and a dark shadow heavily landed right in front of the Fei Family Master.

"I wouldn't dare claim that. I've come to give the Fei Family a present. I came in such a hurry; I wasn't sure what to bring as a meaningful gift. I wonder if you'll like this present?"

"Ji'er!"

The Fei Family Master initially thought that Luo Qingtong had thrown some hidden weapon.

It was only when he stepped back and saw what had landed before him that he was so shocked he almost fainted.

"Father!" His sons quickly supported him, their eyes filled with indescribable rage as they looked toward Luo Qingtong.

"You scoundrel, you're courting death!"

Chapter 362 If You Came, Don't Think of Leaving

At this moment, they had already recognized Luo Qingtong as Evil Doctor Ghost Eyes!

But so what?

The other party clearly bore ill intentions and had even killed Fei Ji!

Since a vendetta had been formed, the background of the opponent was no longer important!

What mattered was that the opponent must die here today!

And must die thoroughly, leaving no opportunity for Black Domain to pursue the matter!

With that thought, the Fei Family Head leaped forward and charged at Luo Qingtong.

"You all support father; I will kill her first!"

The countenance of Fei Family Head was cold and resolute.

It was clear that these people were all following the lead of Evil Doctor Ghost Eyes.

Killing this woman would naturally cause the rest to fall apart!

Most importantly, the identity of this woman was too sensitive.

Evil Doctor Ghost Eyes...

With the opponent's identity, to make trouble for their Fei Family would take no time at all!

Thinking of the endless troubles that could arise in the future, the eyes of Fei Family Head filled with murderous intent as he looked at Luo Qingtong.

If the opponent has come here, then don't even think about leaving!

"Whoosh!"

Fei Family Head pounced towards Luo Qingtong.

His strength was that of a Lower-grade Martial King, and his attack was fiercely swift.

However, Luo Qingtong merely looked up at him, her longsword in hand; Life Blade parried and absorbed, Death Blade reaped.

With a swoosh, a Heavenly Battle Technique streaked past.

Fei Family Head didn't even get the chance to launch a second attack before Luo Qingtong directly slashed open his throat with a sword stroke, blood spurting out.

"Big brother!"

Seeing this scene, the other sons of the Fei Family Master were instantly enraged and shocked, their gazes full of astonishment as they turned towards Luo Qingtong.

The strength of Fei Family Head was not weak, how could he have died so easily?!

The opponent clearly only possessed the cultivation of a Great General Realm!

They looked and looked again, confirming this point beyond doubt.

Could it be that the opponent had hidden strength?

Or is it that Evil Doctor Ghost Eyes is just that unorthodox?

The sons of the Fei Family looked at Luo Qingtong, feeling a surge of coldness in their hearts.

Suddenly, they remembered a rumor they had heard in the past.

It was said that when people from the Cheng Family came to capture one of Evil Doctor's subordinates, the Evil Doctor personally pursued them to their location and killed the entire group!

Among those people was one who had just entered the Martial King Realm!

At that time, the cultivation level of the Evil Doctor was merely at the Martial Master Realm!

Many people thought it was just a rumor.

They too thought the same.

But now, it seems... it might actually be true!

The opponent is just too sinister!

"Elder brother!"

Seeing the Fei Family Head dead before him, the eyes of Fei Family Master nearly popped out of his head.

"You wench, I want you dead! I want your death to be utterly miserable!"

He shouted as he charged towards Luo Qingtong.

"Boom!"

The aura around him erupted, and the energy surged into his sleeves, making them as hard as steel in an instant!

Emperor Realm!

With waves of energy overwhelming the sky, a roaring tiger appeared in the air, as if galloping through the heavens.

"Tiger Roar Fist!"

King Realm energy unleashed externally, Emperor Realm energy transformed!

"Bang!"

The Fei Family Master threw a punch towards Luo Qingtong.

"Master!"

Before Luo Qingtong could react, a martial artist who had just entered the Emperor Realm and had been keeping watch came forth to block in front of her.

"Boom!"

The two exchanged a blow, and instantly, that novice Emperor Realm martial artist was sent flying.

"Pfft!"

He fell to the ground, spitting out blood, and called out to Luo Qingtong, "Master, be careful; he has hidden his strength!"

The Fei Family Master was not merely a Low Emperor Realm as proclaimed, but a Middle Emperor Realm!

Chapter 363 Exterminating the Fei Family (Part 1)

"Boom!"

The Fei Family Master blasted away the novice who just entered the Emperor Realm, his entire figure suddenly swooping towards Luo Qingtong like a vulture.

Seeing the rampant power overflowing from his body, a flash of blood light streaked across Luo Qingtong's eyes.

The next second, her figure suddenly surged forward.

"Boom!"

In Luo Qingtong's left hand, she held the Thousand-year-old Soul Summoning Wood Tree Heart.

At this moment, streams of soul power were drawn into the tree heart, filling up the translucent core completely.

The Thousand-Year Soul Summoning Wood, as its name suggests, is capable of summoning souls and absorbing soul power.

Especially since this Thousand-Year Soul Summoning Wood Tree had awakened its spiritual wisdom when Luo Qingtong found it, knowing how to convert the absorbed soul power for its own use.

At this moment, those soul powers, within the core of the Thousand-year-old Soul Wood, transformed into streams of force.

This power, flowing through Luo Qingtong's hands, continuously surged into her body.

How many people from the Fei Family died today?

Probably no one counts clearly.

Now, all these powers, through the effect of the Thousand-Year Soul Summoning Wood, entered Luo Qingtong's body, becoming the strength she could utilize.

"Heavenly Battle Technique!"

The girl's voice was crisp and sharp, carrying a heavy sense of solemn and harsh coldness, like the clash of metal.

Accompanied by the Rashamon Ghost Mask on her face, she resembled a Soul Hooking Messenger from hell.

"Rumble!"

A heavenly light seemed to flash across the sky, and the next second, a sword light, like an emerging flood dragon or a phoenix ascending to heaven.

Carrying an immensely fierce and strong killing intent, it blasted towards the Fei Family Master.

"Dad, be careful!"

Seeing this scene, all four sons of the Fei Family Master instantly cried out.

"Bang!"

In the moment of their outcry, the sword light unleashed by Luo Qingtong fiercely struck the Fei Family Master.

"Bang!"

The latter was heavily blasted away, just like the novice who just entered the Emperor Realm at the beginning, harshly smashing into the room.

Instantly, a large main courtyard building was smashed into rubble and collapsed!

"Master!"

A group from Heavenly Evil Valley showed expressions of joy.

However, at this moment—

"Boom!"

The entire collapsed main courtyard building was suddenly blasted open by someone, bricks and wood flying everywhere.

Amidst the ruins, the figure of the Fei Family Master suddenly emerged.

"Bitch! See what tricks you have left!"

The Fei Family Master stood atop the rubble, appearing extremely disheveled with his body covered in mud but surprisingly unhurt.

His robe was torn, revealing a light cyan Inner Armor underneath, shimmering with flickering lights.

"Emperor-level defense! Master, be careful, that Inner Armor on him is a treasure!"

On the side of Heavenly Evil Valley, someone recognized the function of the Fei Family Master's Inner Armor and immediately cried out.

Emperor-level defense?

Luo Qingtong gazed at the light cyan Inner Armor worn by the Fei Family Master, her eyes' blood light slightly cold.

The Tianyu Empress really took great pains for her father, going so far as to find such a high-level treasure for him.

"You guys go first."

As she spoke, the sword light in her hand swept out, instantly claiming the lives of the Fei Family Master's four sons.

The four of them stood there, not expecting Luo Qingtong to strike at them at this moment, and fell to the ground.

"My sons!"

The Fei Family Master charged out from the ruins, and seeing this scene, his eyes instantly reddened.

"Bitch, you deserve to die!"

His eyes bloodshot, he gazed at Luo Qingtong and then with a long howl, he lunged towards her.

Chapter 364 Exterminating the Fei Family (Part 2)

"Master!"

Seeing the Fei Family Master charge toward Luo Qingtong as if he'd gone mad.

The people of Heavenly Evil Valley were about to rush up, but were stopped by Luo Qingtong's shout.

"I said, all of you leave!"

Emperor-level defenses meant that those who weren't Martial Emperor Realm experts couldn't break through the inner armor on one's body.

The people of Heavenly Evil Valley would be of no use staying here; they might as well leave.

Almost all the members of the Fei Family had been killed, no need to stay here any longer.

"Master!"

A group of people from Heavenly Evil Valley still refused to leave.

The strength of the Fei Family Master was that of a Middle Emperor Realm.

Although they knew their master was very powerful, her current strength was only at the Great General Realm!

The last strike, although they didn't see it clearly, they were sure that it was stimulated by an external force by their master.

If the Fei Family Master didn't have that set of inner armor, with the attack that the master had just blasted out, she would have definitely been able to kill him!

But since he was wearing Emperor-level defense inner armor, what was their master going to do?

Leaving her here was just too dangerous.

"Master, let's leave together!"

"Enough nonsense! My orders are to be obeyed, not questioned! Are you going to defy my orders?"

Luo Qingtong's pair of vacant, wandering eyes coldly swept over them.

"Master..."

The crowd clenched their teeth.

Just then, an injured warrior who had just entered the Martial Emperor Realm stood out.

"Leave! We are only causing trouble for the master by staying here!"

He said, taking a deep breath as he looked towards Luo Qingtong, "Master, please be exceedingly careful..."

As he spoke, he dashed at once onto the huge Spiritual Ship.

Upon hearing his words, the others also reluctantly left.

"Swoosh swoosh swoosh!"

A crowd rushed onto the huge Spiritual Ship and quickly left the place.

Meanwhile, Luo Qingtong also confronted the Fei Family Master, who was rushing over like a madman.

"Boom!"

Her eyes flashed with bloody light, and her figure, like a phantom, rushed towards the Fei Family Master.

"Rumble rumble!"

The two of them fought against each other.

With the power gathered and transformed by the Thousand-year-old Soul Summoning Wood Tree Heart in her hand, along with the Pupil Skill, Luo Qingtong fought on equal footing with the Fei Family Master.

But...

"Grind!"

The Life and Death Yin Yang Sword cut on the inner armor of the Fei Family Master, emitting a piercing and sharp noise.

"Can't cut through..." Luo Qingtong narrowed her eyes slightly.

As expected, Emperor-level defenses were formidable.

Even the absorptive power of Life Blade combined with the force absorbed from the Thousand-Year-Old Soul Summoning Wood Tree could not cut through the opponent's inner armor.

In such a situation, even if she could see through the flaws of the opponent's attacks, she had no way of killing him.

But to just let the Fei Family Master go?

It wasn't just that Luo Qingtong was unwilling; the opponent surely wouldn't let her leave at this moment either.

"You wretch, out of options now, huh?"

From beginning to end, the bloodshot eyes of the Fei Family Master were locked on Luo Qingtong, completely disregarding the departure of the Heavenly Evil Valley's people.

Seeing Luo Qingtong's sword cutting on his body without any effect, he suddenly sneered, raising his hand and launching a deadly move.

"Fiery Roar Fist!"

This move ignited countless flames in the air, coupled with the blazing fires around the Fei Family, instantly increasing the might of this move exponentially.

And as the countless flames rose with the wind, a roaring tiger apparition emerged from the flames, and then leapt out fiercely, biting viciously towards Luo Qingtong!

With blood-red eyes and a crazy demeanor, the Fei Family Master followed close behind the roaring tiger apparition, with his claws hook-like, viciously grabbing towards Luo Qingtong.

"Die!"

Chapter 365 Exterminating the Fei Family (Part 3)

Bloodlight flickered in Luo Qingtong's eyes.

Just at this moment—

"Pah! Go to hell!"

As this voice sounded, Little Fragrant Pig instantly sprang out from Luo Qingtong's sleeve pocket.

"You think Grandpa Pig won't assert his might? You think I don't exist?"

While speaking, a wave of consciousness mixed with something else, was transmitted into Luo Qingtong's mind.

"Quick, Master, do as I tell you, let's torment this son of a bitch together!"

Having received these things, Luo Qingtong's eyebrows fiercely shot up.

She squinted at Little Fragrant Pig.

The next second, her figure soared up swiftly.

In the flame-spitting sky, black and red complemented each other.

Yet Luo Qingtong's figure was even more lustrous than the flames.

Against the backdrop of this blood-red luster, her robe fluttered, and she touched the spot between her eyebrows on her forehead.

"Ancient seals, kings of the primordial era, I invoke thee with the name of the master of the Heaven and Earth Blood Contract—Seal Removal!"

"Swoosh!"

As Luo Qingtong pressed her finger there.

An inverted Hexagram symbol suddenly appeared on her forehead.

Countless rays of light circulated.

The power within Luo Qingtong's body, along with the power converted from the Thousand-Year Soul Summoning Wood, was rapidly being drained.

"Boom!"

Concurrent with the appearance of the Hexagram Array on Luo Qingtong's forehead, a massive Hexagram symbol also suddenly covered Little Fragrant Pig.

The glaring light completely enveloped its small pink body, leaving only a blazing radiance.

At the same time, between heaven and earth, the winds surged and clouds billowed in an instant.

In the night sky, it seemed as if a cluster of clouds darker than the night itself had gathered, obscuring even the pure light of the crescent moon.

"Whoosh!"

Within the tumult of wind and clouds, a massive vortex appeared.

Following that, a ferocious roar that seemed to come from the primordial era suddenly thundered.

The next second, a tremendously huge paw stretched out from that vortex.

"Boom!"

As that paw extended, the surrounding space shattered to pieces in an instant.

A terrifying oppressive force enveloped the area.

With a "snap", the body of Fei Family Master, who was charging towards Luo Qingtong, was as if frozen in place.

"No! Impossible! The Heaven and Earth Blood Contract, reversing the laws of the cosmos, and this seal, this is... Ah!"

His eyes wide with terror, he watched as the immense paw slammed down and in an instant, smashed both him and his light blue Inner Armor into a mush of flesh.

Yet the ground was left without a scratch.

The giant paw was retracted.

At the same time, "Rumble!"

The Fei Family Mansion collapsed greatly in that instant.

"Swoosh!"

Luo Qingtong's figure landed on the ground.

All the strength in her body had been drawn out, including the power transformed from the Thousand-Year Soul Summoning Wood in her hand.

If it weren't for a surge of strength from the Life and Death Yin Yang Sword at the critical moment, supporting her,

she might not even have the strength to stand at this point.

That damn pig only mentioned that this could temporarily lift its seal; it didn't mention that unsealing would come with such a heavy price!

She was nearly drained to a husk!

And that was just one paw!

Luo Qingtong's lips twitched.

She grasped the limp Little Fragrant Pig that was falling through the air, stuffed it into her sleeve pocket, and glanced around the ground.

A ledger had fallen there.

"What's this?"

Luo Qingtong picked it up and flipped through it.

The corners of her lips then curved upward sharply.

Chapter 366 Exterminating the Fei Family (Part 4)

It turns out to be the ledger of funds recently collected in secret by the Tianyu Royal Family to relieve their urgent needs.

Unexpectedly, Emperor Tianyu values the Fei Family highly, entrusting them with such matters.

But indeed... they are relatives by marriage!

The smile on Luo Qingtong's lips is filled with scorn.

Now, however, these things will come cheaply to her.

Luo Qingtong took the ledger and put it away.

Then, with a light tap of her tiptoes, she headed to the Fei Family's treasury and packed a large sum of secret salary and the Fei Family's years of accumulated resources into her scrap ring, before she gracefully departed.

After her departure, the entire Tianyu Imperial City was in uproar.

Although the true form of Little Fragrant Pig was revealed for only an instant, the overwhelming and vast Suppressing power still managed to awaken everyone.

But by the time they arrived, Luo Qingtong had already left.

Seeing the Fei Family Mansion almost completely collapsed into ruins, each powerful figure in the Tianyu Imperial City looked at each other in dismay, their hearts filled with shock.

This...

The Fei Family is the Empress Mother Clan, a century-old noble family, and a pillar of the Tianyu Empire.

Could it be that they were annihilated overnight?!

And in such a short time that they didn't even have a chance to call for help?!

A group of people widened their eyes, somewhat unable to believe what was in front of them.

Meanwhile, in the Tianyu Palace, the Tianyu Empress almost fainted upon receiving the news.

"No, this can't be! How could such a disaster befall my Fei Family?! You must be lying to me! I don't believe it!"

The Tianyu Empress could not associate her family being wiped out with herself.

Their Fei Family was a century-old noble family, strong in power, and with strict defenses.

Her father and several brothers were all formidable!

Especially her father, she even specially sought an Emperor-level Inner Armor treasure for him to ensure his safety, how could it be possible that they were wiped out so casually?!

And that too, right here within the Imperial City of the Tianyu Empire!

"No! I refuse to believe it!"

She staggered, pushing away the court maids trying to help her, and rushed out frantically.

On her way, she collided with Yu Wenxue, who had hurriedly received the message and had come to see her.

"Queen Mother! Queen Mother!" Yu Wenxue cried out in terror, throwing herself into the Tianyu Empress's arms.

"Grandfather and my uncles are dead! How could this be? Queen Mother!"

The wailing of Wenxue shook the heavens, while the Tianyu Empress's mind spun with dizziness.

Dead... Truly dead?

Was their Fei Family truly exterminated?

Is this reality?

Is this actually the truth?!

"Ah!" The Tianyu Empress let out a heart-wrenching scream, then her vision darkened, and with a thud, she collapsed on the ground.

Because of Yu Wenxue's rush into her arms, her entire body slammed straight back.

Instantly, the back of her head was struck, causing a bleeding gash to emerge.

"Queen Mother!" Yu Wenxue screamed in horror.

"Quickly! Help the Queen Mother up! Summon the Imperial Physician! Summon the Imperial Physician!"

Her screams echoed far and wide.

Suddenly, inside the Tianyu Palace, there was utter chaos.

At this time, Luo Qingtong had already caught up with the members of Heavenly Evil Valley who had left earlier.

They were waiting for Luo Qingtong just outside the Tianyu Imperial City.

The group had already planned that if Luo Qingtong could not safely return,

they would go back to the Luo Family, protect the old master properly, and then devote themselves to Cultivation, breaking through to the Martial Emperor Realm in the future, to return and slay the Fei Family's Old Dogs to avenge their master!

However, in their hearts, they still believed that Luo Qingtong would escape unscathed.

Seeing Luo Qingtong return safely now, they were immediately overjoyed.

"Master!"

The group hurriedly gathered around her.

"Mhm." Luo Qingtong nodded her head.

"Let's go, the Fei Family has been annihilated! It's time to return to the Luo Family."

And there were still a few accounts waiting for her to settle once she got back!

Chapter 367 Facing a Breakthrough

"Yes!"

A group of people looked at Luo Qingtong with indescribable fervor in their eyes.

The Fei Family has been destroyed?

Could it mean that the master didn't just escape, but actually killed the Fei Family Master?

Everyone dared not think further.

After all, that person was wearing Emperor-level defensive Inner Armor!

The gazes directed at Luo Qingtong were a mixture of shock and excitement.

After responding in unison, they immediately piloted the Spiritual Ship, streaking towards Dongli Country.

The sky was gradually brightening at this hour.

Luo Qingtong moved to one side of the Spiritual Ship and began to regulate her breathing.

The battle with the Fei Family Master gave her profound insights and inspiration.

The greatest benefit of fighting beyond one's level is the deeper understanding of higher levels of power.

As the gains from the battle with the Fei Family Master flickered in Luo Qingtong's mind and the exhausted power within her body began circulating, the energy inside her surged tumultuously.

"Master..."

The ship quickly arrived at Fenglin City.

The dawn was just breaking.

Everyone was about to call Luo Qingtong, but they found her internal energy changing and elevating, and promptly their voices were stifled.

The master is making a breakthrough!

Everyone, watching the changes in Luo Qingtong's surrounding aura, immediately turned to the newly-advanced warrior in the Emperor Realm.

When Luo Qingtong was unable to take charge, he was the greatest authority.

"Let's head to Jiuyu Mountain first."

The newly-advanced warrior in the Emperor Realm decisively said.

Luo Qingtong's breakthrough was a significant event.

For a Martial Artist making a breakthrough, the utmost taboo is interference.

If they stayed above Fenglin City, even though there was a Concealing Array Formation drawn on the Spiritual Ship which would make it invisible to most, what if a powerful warrior happened to pass by and discover the Spiritual Ship?

There must be no slip-up in the master's breakthrough.

The group immediately headed towards Jiuyu Mountain as instructed.

Meanwhile, a contingent was dispatched to defend the Luo Family, to prevent any further incidents.

Before the master awakens from her breakthrough, no unusual movements are allowed.

Everything must follow the master's orders!

And whilst Luo Qingtong was breaking through on the Spiritual Ship...

In Fenglin City, at the Tianyu Branch lodging place.

Luo Xinning, dressed in a dazzling red robe, sat in front of a dressing table.

Her face was covered by a light veil, only revealing a pair of eyes.

Mirrored in the half-concealed reflection, she still appeared quite elegant and delicate.

However, Luo Xinning did not seem to be planning on taking the delicate and modest route today.

She traced her eyes with golden powder, creating a sharp outline, then applied light red eyeshadow with winged tips, making the lines of her eyes slanted and long, exuding a very fierce and majestic demeanor.

Lastly, she affixed a deep red lotus petal to her forehead.

"Heh..." She chuckled lightly at her reflection in the mirror, very satisfied with her look for the day.

"Luo Qingtong, it's a pity you can't see this—this is the image of the future genius legitimate daughter of the Luo Family! The direct lineage of the Luo Family is now extinct, and from now on, I, Luo Xinning, will be the direct support of the Luo Family!"

"The future glory of the Luo Family will be inherited by me!"

"I will let you know how splendidly I was admitted into the Tianyu Branch, and how splendidly I will rebuild the second branch of the Luo Family!"

"Hmph! A concubine's child? Expelled from the Luo Family? All your words amount to nothing!"

Luo Xinning smiled coldly.

The next second, she rose to her full height, leaving with pride and satisfaction on her face.

Luo Xinning tightly held two objects in her arms.

Both were snatched from Luo Qingtong.

A recommendation letter for an admission spot at the Tianyu Branch.

One piece of the Luo Family's Inheritance Armor.

Naturally, she would keep the Inheritance Armor for herself.

As for that admission spot recommendation letter.

Luo Xinning laughed lightly, flicking her fingers. When the time came, whoever kicked the Luo Family when it was down the hardest, she would gift it to them!

She was going to extinguish all hope for the Luo Family!

Chapter 368 The Killer—Evil Doctor Ghost Eyes!

Meanwhile, in the Tianyu Palace.

The Tianyu Empress woke up and began to scream hysterically.

"Investigate! I demand an investigation! Who annihilated the Fei Family? I will have them torn to pieces and their entire clan obliterated to appease the souls of my Fei Family ancestors in heaven!"

However, no sooner had the words left her mouth, than a furious roar sounded.

"Shut your mouth! This is all the trouble your Fei Family has brought upon us!"

Emperor Tianyu's figure appeared at the doorway of the Empress's bedroom.

He came carrying a tremendous fury.

Yu Wenxue, who was by the Tianyu Empress's bedside, was startled by the terrifying rage emanating from him, but eventually, she choked out, "Father Emperor, how can you speak like that about grandfather's family? We're already devastated by the annihilation of the Fei Family, how can you..."

"Silence!"

Emperor Tianyu was now furiously enraged to the extreme.

Did the destruction of the Fei Family not pain him?

He had just entrusted the secret salary matters to the father and son of the Fei Family!

He had thought that they would handle things flawlessly!

Yet, they ended up provoking such a formidable enemy. The complete destruction of the Fei Family was already bad enough, but the secret salaries were now without a trace!

And yet, he had no solace to speak of!

Because the person who destroyed the Fei Family was someone he could not afford to provoke!

"Do you know who destroyed the Fei Family? The Evil Doctor Ghost Eyes! How could your Fei Family have provoked such an enemy? And now you want to tear him into a thousand pieces and annihilate his entire clan?"

Emperor Tianyu looked with cold mockery at the Tianyu Empress, who wore a face full of shock.

"If you're so capable, then go ahead! But don't drag our Imperial Family into this!"

Right now, Emperor Tianyu was indeed furious to the utmost degree.

As soon as the Fei Family incident happened, he sent people to investigate.

And Luo Qingtong, not wanting to implicate the Luo Family, made no attempt to hide her identity; she directly wrote several large characters in blood upon the ruins of the destroyed Fei Family.

"Murderer, the Evil Doctor Ghost Eyes!"

Those few characters were seen by everyone who rushed to the scene of the Fei Family's destruction!

Everyone knew that it was the Evil Doctor Ghost Eyes who had wiped out the Fei Family!

When Emperor Tianyu received this news, he wished he could go back to before the Fei Family was exterminated and personally flay the skin off the entire family!

The Evil Doctor Ghost Eyes, ah!

Who didn't know she was a VIP of the Black Domain, with astonishing medical skills?

The Xuanyuan One Heart Liquid she refined was already impossible to obtain.

It was said that even forces within the Holy Dynasty sought her whereabouts, wishing to purchase the medicine liquid she refined!

The Fei Family had actually offended such a person.

And not just any offence, but one that resulted in their total destruction!

Even now, the Tianyu Empress was still talking about tearing the enemy into pieces and obliterating his clan!

Does she think the Black Domain is so easily provoked?

Moreover...

Emperor Tianyu, with a flick of his hand, threw a note in front of her.

"This is a message that the Yanyue Family sent over immediately! Do you know what they said? 'The Evil Doctor Ghost Eyes is not to be touched!'"

"Do you understand what this means? It means the Yanyue Family is resolutely standing behind the Evil Doctor Ghost Eyes! Foolish woman! Instead of plotting against her, you'd better spend some time thinking about how your Fei Family offended her!"

"Recently, several Imperial Uncles were injured, and other alchemists could not heal them perfectly. Only the Evil Doctor Ghost Eyes might be capable of it. I was about to send someone to the Black Domain Suburb and the Bloody Battle Arena to negotiate, asking them to invite the Evil Doctor Ghost Eyes to help refine the medicine liquid!"

Emperor Tianyu expressed this with gritted teeth.

"Now, with this incident, who knows if there will still be a chance! Let me tell you, you better hope that the Fei Family's issue doesn't affect our Imperial Family, otherwise you just wait and see!"

Chapter 369 Hope and Despair

He spoke, then left abruptly, sweeping his sleeves angrily.

The Tianyu Empress collapsed weakly onto the bed.

She never expected that it would be Evil Doctor Ghost Eyes who annihilated the Fei Family.

Leaving his strength aside, just his astonishing medical skill alone was enough to deter anyone from offending him easily!

How could her own family have offended such a person?

And provoked him to the extent that he completely exterminated the entire Fei Family without hesitation?

Her father and the others were not short-sighted people!

All hysteria previously shown by the Tianyu Empress had vanished now, and her fierce pride was gone too.

She covered her face, shrinking alone on the bed, weeping soundlessly.

The few Imperial Uncles mentioned by Emperor Tianyu were indeed some of the greatest strengths of the Tianyu Royal Family, those Martial Emperor Realm powerhouses.

If their request for medicine was indeed denied because the Fei Family had offended Evil Doctor Ghost Eyes, she would definitely be blamed!

Although they wouldn't treat her poorly for the sake of Yuwen Mo,

She definitely wouldn't be able to enjoy her previous glory and freedom.

"Oh heavens, why would it turn out like this! What is happening?" the Tianyu Empress was in indescribable agony.

She could not comprehend.

Her life was not supposed to be like this.

She had an incredibly proud son, who was the hope for the future of the entire Tianyu Royal Family.

She, as the Empress, was supposed to live gloriously and unrestrained!

And indeed, that was how she had lived before!

But how could things have suddenly turned out this way?

The Fei Family was destroyed, and they even attracted such an enemy as Evil Doctor Ghost Eyes!

What exactly is going on!

While the Tianyu Empress was weeping in pain, Yu Wenxue was also filled with confusion.

Did the Father Emperor mean that the Fei Family's vengeance could not be achieved?

The adversary had exterminated the entire Fei Family, and they didn't even have the chance for revenge? Did they even have to plead with the adversary not to direct anger at their Imperial Family?

Yu Wenxue's longstanding worldview was challenged.

She had always thought that her Father Emperor and Mother Empress were omnipotent.

But now... evidently, she was wrong.

Yu Wenxue was extremely flustered and confused.

However, she quickly thought of something else and hastily said to the Tianyu Empress: "Mother Empress, don't cry! There is still hope for the Fei Family! Have you forgotten? Little uncle! You sent him to... He was not in the Fei Family, he must be fine!"

The Tianyu Empress was startled upon hearing this.

Then she quickly dried her tears.

"Right! Fei Ji! He's still there! The direct lineage of my Fei Family hasn't been extinguished yet!"

With these words, hope finally sparked in the heart of the Tianyu Empress.

As long as Fei Ji was still there, their Fei Family wasn't entirely annihilated, and there was still hope for resurgence.

However, the thoughts of the two were utterly shattered by the timid words of a nearby maid.

"Your Majesty, Princess... The body of Fierce Martial King was also found inside the Fei Family mansion, it's confirmed he has perished."

"What did you say?!"

The trace of joy that had just risen on the face of the Tianyu Empress was instantly extinguished by the maid's words.

"Fei Ji was also in the Fei Family mansion?! How is that possible?! I clearly sent him to exterminate the Luo Family! How could he possibly be in the Fei Family mansion?! It's impossible!"

The Tianyu Empress uncontrollably screamed out loud.

Yu Wenxue's face was also filled with shock.

Just then, Emperor Tianyu, who had just left in a rage, thought of Yuwen Mo, turned around, and walked back, suppressing his anger.

Upon hearing these words, he could no longer hold back, rushed in, and fiercely slapped the Tianyu Empress across the face.

"Wretch, this is all your doing!"

Chapter 370 Beat Her Ruthlessly!

Send Fei Ji to exterminate the Luo Family?

Without a doubt, Fei Ji must have offended Evil Doctor Ghost Eyes on the way.

Ultimately, it led to the annihilation of the entire Fei Family, and it might even implicate their Tianyu Royal Family.

"I have said it before, stop provoking the Luo Family! Stop provoking the Luo Family! Have my words fallen on deaf ears?"

If not for this, how could the Fei Family possibly provoke Evil Doctor Ghost Eyes, and how could they end up annihilated.

And how could that batch of my secret salary disappear without a trace?!

Emperor Tianyu was so angry that his chest heaved violently.

He raised his hand and pointed at the Tianyu Empress and Yu Wenxue, his face livid with rage.

"Issue my decree, effective immediately: strip the Empress and the Seventh Princess of all their authority! Beyond enjoying the prestige of the Empress and the Seventh Princess, they are not allowed to interfere in any matters! Furthermore, they are not permitted to mobilize a single soldier."

"It's said that foolish women are the bane of the family! Now I have truly witnessed it! And you!"

He abruptly turned his head and glared at Yu Wenxue, who was already petrified, shouting fiercely:
"Don't think that I don't know that you're the one instigating your mother! What did I say to you before? It seems you don't take me, your Father Emperor, seriously!"

"Guards!"

Emperor Tianyu's expression was ferocious.

"Drag the Seventh Princess down and administer twenty heavy beatings!"

Emperor Tianyu's suppressed fury since the Fei Family was destroyed was now exploding forth in its entirety.

He pointed at Yu Wenxue and ordered angrily: "Beat her harshly!"

"Ah! Queen Mother! Save me! Queen Mother!"

Yu Wenxue desperately dodged, not wanting to be caught by the palace maids.

But the servants by Emperor Tianyu's side were no ordinary palace maids, and they quickly subdued and pinned her to the ground.

"Ah!"

In an instant, Yu Wenxue's piercing cries resounded.

"Xue'er!"

Seeing Yu Wenxue getting beaten, the Tianyu Empress struggled to get up from the bed.

However, she had only just moved when a wave of dizziness hit her, nearly causing her to faint again.

She could only lie in bed and watch Yu Wenxue being severely beaten.

Meanwhile, aboard the Spiritual Ship, Luo Qingtong's internal energy continued to climb rapidly.

The Spiritual Energy swirling around her was almost condensing into a vortex, continuously pouring into her body.

Great General Realm First Stage, Second Stage...

Only slowing down after reaching the Sixth Stage.

The people of Heavenly Evil Valley thought Luo Qingtong had completed her breakthrough.

But unexpectedly, after breaking through the Sixth Rank barrier, her energy continued to climb upward at a slow pace.

"Snap!"

Luo Qingtong's energy stabilized after breaking through to the Seventh Rank.

She opened her eyes.

"My lord!"

A crowd hastily approached to pay respects.

"Congratulations to our lord for the breakthrough!"

"Hmm." Luo Qingtong nodded, very pleased with herself for advancing to the Great Martial General Realm Seventh Stage in one go.

Skipping ranks indeed enhances one's strength quickly.

She felt the power inside her body for a moment, then slowly began to smile.

"Not bad."

The remaining two stages were also not so difficult for her to advance, now that her Realm had reached this level, although it would take a bit more time.

Luo Qingtong, concerned about affairs concerning the Luo Family, chose not to pursue further breakthroughs at that moment.

Just then, a message flew in from the outside.

"My lord, the enrollment examination for the Tianyu Branch has been advanced and is starting today,"

A powerful member of Heavenly Evil Valley who received the message looked at it and hurriedly reported it.

"Oh." Luo Qingtong had just stood up, but upon hearing the news, she smiled instantly.

"That's not a bad thing."

It seems Luo Xinning is quite impatient!

The bloodlight in Luo Qingtong's eyes was cold.

Since that's the case, she would grant her that wish!
