

Supreme 371

Chapter 371 Enjoying a Good Show

Just like the Eastern Fence King, the moment Luo Qingtong heard the news, she realized what Luo Xinning was planning.

Did she think that the Luo Family was doomed and couldn't wait to step on their demise to raise her own status?

The smile at the corner of Luo Qingtong's lips was bloodthirsty.

Speaking of which, she was in a hurry to annihilate the Fei Family and had not yet returned the 'gift' Luo Xinning had given her!

But it's not too late now.

"Does Fenglin City still not know that the Luo Family is unharmed?" she asked the strong member from the Heavenly Evil Valley by her side.

"Yes. Master, you were breaking through, and without your orders, we did not dare to make any moves on the part of the Luo Family," the strong member from Heavenly Evil Valley replied respectfully.

Without Luo Qingtong's command, they didn't dare to act rashly.

So now, no one in Fenglin City knew the news that the Luo Family was unharmed.

Moreover, those aristocratic families who had been suppressed and struck by the Royal Family thought that the Luo Family was doomed when they heard the fighting at the Luo residence last night.

Therefore, no one went to investigate the Luo Family.

"Right, Master, on the night when the Luo Family was attacked, the Chu Family had gathered their soldiers, seemingly intending to come to assist. But they were surrounded by Sixth Prince Cheng leading the Imperial Guards and the army didn't withdraw until morning," the strong member from Heavenly Evil Valley reported.

About last night's events, without needing Luo Qingtong's instructions, for the convenience of settling accounts in the aftermath.

The members of Heavenly Evil Valley naturally helped her investigate thoroughly.

"Hmm... Old Master Chu?" Luo Qingtong's mind conjured the image of Old Master Chu who had come with the Imperial Attendants to issue the royal edict to the Luo Family and later advised her to back down, and she lightly nodded her head.

"The Chu Family has a good head of the family."

In some respects, Old Master Chu was much like Old Master Luo—unyielding and straightforward.

The Chu Family probably caught the attention of the Royal Family when Old Master Chu came with the Imperial Attendants to the Luo Family that time.

Thus, they were immediately intercepted when they were preparing to send troops that night.

Although the people from the Chu Family didn't make it,

She took note of this favor.

"Send a message to the Luo Family, tell them to send some people to discreetly safeguard the Chu Family and not to let their people suffer any humiliation. As for the rest... hold off on acting," Luo Qingtong instructed with a faint smile on her lips.

"Let's go, let's return to watch a grand spectacle!"

She only hoped that Luo Xinning and the others wouldn't disappoint her too much and must make this play a fiery success!

"Yes!"

A group of people responded in a deep voice, descending from the Spiritual Ship with Luo Qingtong.

Luo Qingtong stowed the Spiritual Ship, and the group swept toward Fenglin City.

Meanwhile, in Fenglin City.

On the vast square outside the Royal Palace, Luo Xinning kicked up a foot, sending an approaching challenger flying.

"Bang!"

The powerful energy from her foot not only sent her opponent flying, but also caused a post on the nearby stage to shake violently with a loud crash.

"Wow!"

Watching this extremely fierce blow, the onlooking crowd all let out exclamations of surprise.

"With the strength of the Fourth-grade Martial General Realm, she is indeed in a league of her own. There is nobody in Dongli Country who can match her; Luo Xinning is likely to be the undisputed top candidate in this recruitment assessment!"

"Yes! She is only fourteen years old, and with such strength at such an age, no one can compare. The children from the major aristocratic families have all tried and none was her match, and they were kicked off the stage in a few moves."

"Only Chu Wenhao from the Chu Family could exchange a few dozen moves with her, but in the end, he still lost. And Chu Wenhao is four years older than her!"

Chapter 372 Slandering with False Accusations

The discussions around are incessant.

Luo Xinning stands on the stage, her face full of pride.

She is currently wearing a red dress, looking extremely dazzling, and with her performance on the stage, she draws even more attention.

At this moment, Luo Xinning is undeniably the center of everyone's attention.

Luo Qingtong, do you see this?

I did it!

The illegitimate daughter from the second branch who once could only be overshadowed by your brilliance, now proudly stands above your head!

And the former legitimate daughter of the Luo Family, who knows under which despicable man she lies moaning now!

Without the title of the future Fifth Prince Consort, what do you have left?

I will make sure you won't even qualify to look up to me in the future!

I will personally shatter all the shadows that block my way!

"Teacher."

After the competition, Luo Xinning bowed to the three instructors in the grandstand.

The latter three nodded their heads.

Especially Elder Qu, who wore a full smile.

Luo Xinning brought him tremendous face; the embarrassment she caused him in public before has also mostly dissipated.

"Good! Not bad." He nodded.

The other two instructors also slightly nodded.

Luo Xinning's strength and potential are indeed the strongest in this recruitment from Dongli Country.

If nothing unexpected happens, she should be the top scorer of this assessment.

The top scorer enjoys many benefits, and once at the Tianyu Branch, nominees from different countries can also compete for a place on the Genius List.

If Luo Xinning later makes it onto the list, it would also be a great honor for them.

Therefore, they are very pleasant to Luo Xinning.

"Does anyone else want to challenge?" one instructor looked around and asked.

Below the stage, all was quiet, no one responded.

"Alright." The instructor asked three times, seeing no response, he nodded and said: "Now, let's start announcing the list of selected recruits..."

He hadn't finished his sentence when Luo Xinning's voice suddenly rose.

"Teacher, I have something to report."

As she spoke, her gaze swept over the area where the Chu Family was located, her smile cold.

"Chu Wenhao previously tried to sabotage me during the battle. Such a person, I think, does not deserve to enter Tianyu Branch, please consider his spot carefully..."

"Luo Xinning!"

As soon as her words were out, all of the Chu Family became furious.

"You're slandering!" Chu Wenhao looked at her angrily.

He never did such a thing; Luo Xinning is slandering him!

Seeing his gaze, a cold laugh rose in Luo Xinning's heart.

That's right.

She was deliberately slandering Chu Wenhao.

But so what?

Who can prove it?

Carrying such an accusation, Chu Wenhao can forget about entering Tianyu Branch! Even if he has a nomination, it would be eliminated!

This is the consequence for the Chu Family thinking they could help the Luo Family!

All friends of the Luo Family are her enemies!

It's only Chu Family's fault for being foolish and choosing the wrong side!

The smile on Luo Xinning's lips turned colder.

As expected, in the following list, Chu Wenhao's name was absent.

Whereas he was clearly one of the best in strength right under Luo Xinning, it was impossible for him not to be on the list.

The biggest possibility is that due to Luo Xinning's remarks, the instructors eliminated Chu Wenhao's name!

The people of the Chu Family were extremely angry but had no way to deal with Luo Xinning.

She was now the top scorer of the recruitment assessment, and if nothing unexpected happens, she would be even more prominent upon entering Tianyu Branch.

They, the Chu Family, absolutely could not compete!

Even swallowing this grievance, they could only keep it to themselves.

As the people of the Chu Family were boiling with anger, Luo Xinning's name was announced.

"Luo Xinning, this recruitment assessment of Dongli Country..."

Top scorer...

Before these two words were spoken, a whoosh—

Chapter 373 Surprised or Not?

A figure suddenly swept in from outside the crowd, with a thud, landing on the arena.

"Sorry, it seems I'm a bit late?"

Luo Qingtong's eyes slightly lifted, a pair of clear, lively eyes, filled with smiles, looked towards the crowd below.

She had just taken a moment to check on Grandpa and refine some Medicine Liquid for her eyes, almost missing the time.

But now, it seems... just in time?

Looking up at Xinning's shocked expression, Luo Qingtong chuckled lightly.

"What's the matter, my dear sister, don't you recognize me?"

Luo Qingtong also sighed at Luo Xinning's thick-skinnedness.

No matter what she said, the other party was dead set on the Luo surname, and would not change it!

She was determined to replace the Luo Family, not knowing where her brain had a gap!

But since that's the case, it's just as well.

Using the identity of the Luo family sisters, let's end it on behalf of the original owner!

After all, Luo Xinning was ungrateful and disloyal, yet the original owner always treated her like her own sister.

If Luo Xinning is so relentless against the original owner, then I will use the original owner's identity to stomp her into the mud!

To repay that "favor" she gave me at Jiuyu Mountain that day!

"You! Luo Qingtong, are you alright?! And your eyes, are they healed?!" Luo Xinning looked at Luo Qingtong with full eyes of shock, unable to believe everything in front of her.

When the Hu Mang Guards attacked the Luo Family, the latter would surely be annihilated!

Even if Luo Qingtong could survive a catastrophe, there were the bandits she had arranged, it was impossible for Luo Qingtong to be unharmed!

How... how is this possible?!

Not only Luo Xinning, but even the crowd beneath the stage was startled by Luo Qingtong's sudden appearance.

Especially the Eastern Fence King, who almost jumped up from his seat.

How is this possible?! Luo Qingtong was unharmed!

He didn't believe that Luo Xinning would let Luo Qingtong go!

Knowing the attack of the Hu Mang Guards, how could she not take the opportunity to scheme against Luo Qingtong?!

How could she possibly be safe and sound?!

And if she was safe and sound, then the Luo Family...

The Eastern Fence King thought, his heart trembled fiercely, almost unable to control his panic, he almost leaned back from his seat and fell.

Fortunately, his personal attendant beside him hurriedly supported him, allowing him to barely stabilize.

"Send the Imperial Guard to the Luo Family to check what exactly happened!" the Eastern Fence King's heart roared while he maintained a calm facade, secretly instructing his personal attendant, who hurriedly ran out.

Luo Qingtong glanced at the departing personal attendant, then looked at Eastern Fence King's pale face, smiled faintly, and said nothing.

There will be a "surprise" from the Eastern Fence King later, but now is not the time.

Her gaze returned to Luo Xinning, "Yes, sister, you always pride yourself on the deep sisterly bond. How come? Seeing my eyes healed, are you so surprised; don't you want my eyes to be healed?"

Luo Qingtong looked at Luo Xinning with a smile brimming in her eyes.

That breathtakingly beautiful smile, in Luo Xinning's eyes, was like a Fierce Ghost claiming a life.

She couldn't help but take a step back, her gaze towards Luo Qingtong was indescribably shocked and alarmed.

If Luo Qingtong showing up here could be chalked up to luck, then what about her eyes?

The medicine liquid she received was definitely not ordinary poison!

Chapter 374 Surprised or Not?

Luo Xinning's mind harbored venomous thoughts; after obtaining that bottle of poison, she had someone test a drop, and the result was extremely satisfactory.

More importantly, she was certain that the poison was almost insoluble!

But now, Luo Qingtong's eyes had miraculously healed!

How is this possible?!

Fear, apprehension, and panic surged in Luo Xinning's heart.

Her gaze flickered as she looked at Luo Qingtong's increasingly stunning and compelling face—restored eyes only intensifying the jealousy growing wildly in her heart, like weeds unchecked.

Especially those eyes of Luo Qingtong.

Previously, Luo Qingtong's eyes were praised as Autumn Water Eyes, smoky and vivid as aquamarine.

But now, perhaps due to the destruction and subsequent healing, her eyes seemed to have currents of blood shimmering ceaselessly within them.

Radiant and devastatingly gorgeous.

Luo Qingtong's Blood Eyes would only turn completely crimson like blood when her Pupil Skill was activated or when she was emotionally agitated.

Normally, there was only a slight mist of blood floating in her eyes, like drifting rosy clouds, enhancing her clear, deep eyes, making them extraordinarily beautiful.

Blood colors reflecting splendor, cloud mists concealing moonlight!

Luo Qingtong's eyes had somehow become even more stunning and breathtaking than before they were damaged!

It elevated her already outstanding elegance by several degrees, ethereal like the clouds and the moon, as enchanting as a demon!

Proud magnificence and enchanting allure—two completely opposite traits—were strangely fused together because of those eyes!

Thinking of her own half-ruined face and then looking at Luo Qingtong's devastatingly beautiful appearance, Luo Xinning's hatred soared to its pinnacle.

This intense hatred even overpowered the fear and panic she'd just felt.

"Luo Qingtong, you don't have to pretend to have sisterly affection with me anymore. I've been the butt of the joke in your eyes for so long, do you think I'm willing to continue being one?"

Luo Xinning slowly raised her head, her gaze coldly fixed on Luo Qingtong.

"I used to endure and hold my tongue in front of you because my status couldn't compare to yours!"

"But now...do you see? Luo Qingtong, I am the top scorer in the Tianyu Branch's enrollment examination, soon to enter the Tianyu Branch, and perhaps even the Daqin Saint Institute in the future! What do you have to compare with me?"

She let out a cold sneer.

"What about that empty title of the future Fifth Prince Consort? Or that superficially beautiful face?"

"Luo Qingtong, you've always been the most blessed one since childhood. The sole direct descendant of the Luo Family, adored by Grandfather, and with the Fifth Prince as your fiancé. Your talent for cultivation isn't inferior, either!"

"But what about now? Where has the Luo Family's number one genius gone? Luo Qingtong, all this time, your strength has been merely at the Martial Master Realm, you..."

Luo Xinning's words came to an abrupt halt here.

She watched in shock as a powerful aura suddenly erupted around Luo Qingtong.

"Indeed, I also feel that being stuck at the Martial Master Realm is a bit too low. So, dear sister, are you satisfied now?"

Luo Qingtong elevated her strength to the Military General Realm.

She wasn't prepared to reveal her Great General Realm strength yet; doing so would be too conspicuous and might easily lead others to connect her to the remnants of the Immortal Sect.

Moreover, playing cat and mouse is more interesting, isn't it? There's no need to go all out for someone like Luo Xinning!

"Luo Xinning, the top talent of Dongli and the top scorer in the enrollment exam—I want that status!"

Isn't Luo Xinning simply trying to provoke her into a fight?

She would give her that opportunity!

Chapter 375 Crushing Luo Xinning (Part 1)

"Luo Qingtong, you!"

Luo Xinning was even more shocked than before.

She watched as Luo Qingtong's strength suddenly skyrocketed from the Martial Master Realm to the Military General Realm.

If she hadn't seen it with her own eyes, she would never have believed it.

"You've always been hiding your strength?!" She couldn't help but scream shrilly.

In fact, Luo Qingtong was still hiding her strength even now.

"Yes. I learned it from you, little sister." Luo Qingtong stood with arms crossed, looking indifferently at Luo Xinning who was standing opposite her with a face full of disbelief.

"Wasn't it you who taught me? When we were at the Luo Family, your power was only at the Sixth Rank of Martial Master. After just one trip to the Tianyu Empire for barely over a month, you came back as a Fourth-Rank General. I am no match for you."

The smile on Luo Qingtong's face was faint.

"You!" Luo Xinning felt like she was slapped in the face by Luo Qingtong's words.

Luo Qingtong's words implied that her current strength was solely boosted by medicine.

Although it was indeed true, comparing her own aura with that of Luo Qingtong's, the solidity was different.

Luo Xinning felt extremely embarrassed in her heart.

That's right.

Luo Qingtong wickedly elevated her aura to the same level as Luo Xinning's.

Truthfully, to fight Luo Xinning, she didn't even need to use her full strength; she could defeat her in minutes.

But in order not to drive Luo Xinning to despair,

and to keep some of her strength hidden, Luo Qingtong thought it best to take things easy.

Otherwise, she would ruin the fun too quickly. What's the point in that?

Luo Qingtong looked at Luo Xinning with a cold smirk.

This woman, she did not play lightly with the original owner in the past!

She treated someone's genuine heart as trash.

Today, she will let her experience this feeling.

When comparing their auras, Luo Xinning's was clearly weaker.

Her aura was much more scattered than Luo Qingtong's.

All her previous pomp and show on the stage had now turned into humiliation.

Luo Xinning felt that no matter what, Luo Qingtong couldn't surpass her.

However, the more arrogantly she had sneered at Luo Qingtong just now, the more uncomfortable she felt in her heart now!

It was unbearable for Luo Xinning, who always thought she was stronger than Luo Qingtong, to be so openly placed before others, pressed down by Luo Qingtong.

"The solidity of the aura doesn't count for anything!"

She gritted her teeth and said.

"Luo Qingtong, you say I brought back these powers from the Tianyu Empire, but you just advanced to Martial Master Realm after coming back from Jiuyu Mountain; where did your strength come from if not from medicines as well?"

"At most, you just ingested more than me, and your aura is denser than mine!"

Saying this, Luo Xinning's eyes turned red with jealousy.

In the Tianyu Empire, she had to keep a low profile and endure various insults from Seventh Princess Yu Wenxue, only getting the chance to enhance her strength because of their plan to deal with the Luo Family and Luo Qingtong!

But Luo Qingtong didn't have to do anything, the Luo Family always had plenty of Spiritual Medicine for her to use!

Both using medicine to enhance their strength, what right did Luo Qingtong have to judge her?!

It was just that her fate was better!

"Luo Qingtong, even if your aura is denser than mine, I will show you with facts what true strength is!"

Luo Xinning said, attacking Luo Qingtong.

Her mindset was ruthless. In the Tianyu Empire, knowing that her strength was enhanced by medicine and not matching up to others at her level, she spent a lot of time studying life-and-death combat skills!

She didn't believe that Luo Qingtong could defeat her!

"Boom!"

Luo Xinning's move was extremely fierce.

However...

Chapter 376 Crushing Luo Xinning (Part 2)

"Boom!"

Luo Qingtong swiftly dodged the move, grabbed the punch thrown by Luo Xinning, and with a strong grip, pressed it downwards, bent her knee, and with a thud, rammed it up into her.

"Ah!" Luo Xinning screamed in agony instantly, her right arm snapped in half like a broken bone.

The ghastly white bone pierced out from within.

She continued to swing her other hand towards Luo Qingtong.

"Boom!"

The two clashed in mid-air.

Luo Qingtong's power instantly shattered Luo Xinning's external defenses, kicking her up into the air with a direct blow.

"Boom!"

The robe on Luo Xinning's back billowed.

The force of the kick from Luo Qingtong seemed almost to pierce through from her back.

"Boom boom boom!"

The figures of the two intersected in mid-air, with Luo Qingtong completely dominating Luo Xinning.

Luo Qingtong didn't even use Pupil Skill, merely relying on her Fighting Skills to completely overwhelm Luo Xinning.

"This..."

The audience below was utterly dumbfounded.

Just how arrogantly Luo Xinning had behaved just a moment ago, and now she was in such a pitiable state.

The strength of Luo Qingtong was incredible!

When her cultivation level suddenly rose to the Military General Realm just now, everyone was taken aback.

Now they were even more shocked.

"This... the position of the top genius and the head of the new student assessment on the first day of Dongli has to change today!"

Somebody commented while looking towards the three instructors on the viewing platform.

The other two were okay, showing great interest in Luo Qingtong's appearance.

In the new student assessment, as long as someone meets the criteria, they can go up to the platform to spar.

Based on the combat situation, instructors will decide on the spots.

Luo Qingtong's strength was already fully qualified; what remained was to see if she would take the top spot from Luo Xinning.

Clearly, Luo Xinning was no match!

Compared to the two of them, Elder Qu's face was extremely gloomy.

Luo Qingtong was actually unharmed!

That could be overlooked, but she was even beating Luo Xinning thoroughly!

Seeing Luo Xinning being beaten into a sorry retreat on the platform by Luo Qingtong made Elder Qu feel as if he were being slapped in the face repeatedly.

Luo Xinning was too disappointing!

Being suppressed and beaten up like this by the opponent!

Didn't she claim that her Talent Power was superior to Luo Qingtong's?!

Now, who is inferior to whom?!

Elder Qu's face turned blue with rage.

Yet, the Chu Family members were first shocked and then delighted.

"Dad! Luo Qingtong is fine!" The eldest of the Chu Family said with surprise and joy, watching Luo Qingtong dominating Luo Xinning on the platform.

If she's alright, does that imply the Luo Family is also safe?

They had just witnessed the King hastily sending the eunuch away, surely to check on the Luo Family's situation.

"Quite possible!" Old Master Chu's mood was also very excited.

"It seems that an unexpected event has occurred. Send someone to check immediately; if the Luo Family is indeed safe, then immediately mobilize the private army of our Chu Family, ally with the Luo Family, and don't give the Royal Family another opportunity to strike!"

Old Master Chu spoke with a cold expression.

The Eastern Fence King had gone too far.

Why would Luo Xinning target Chu Wenhao?

Isn't it because their Chu Family intended to help the Luo Family!

But if the Royal Family hadn't intentionally leaked it, how would Luo Xinning have known?

Clearly, the Eastern Fence King had plans to eliminate their Chu Family as well after dealing with the Luo Family.

That's why he didn't allow Wenhao to be admitted to the Tianyu Branch.

Since that's the case, why should he still hold on to those royal courtesies?

The Royal Family has never treated them as pillars of the realm!

"Boom boom boom!"

Under the platform, dark tides surged; above on the platform, two red figures whirled in the air.

Chapter 377 Crushing Luo Xinning (Part 3)

Both dressed in red.

When Luo Qingtong wore it, there was a domineering and wildly wicked aura about her.

Like a poppy flower blooming in extreme beauty, blossoming to the utmost limit, but the fragrance it released was an irresistible poison.

When ordinary people wear red, it's fire.

When Luo Qingtong wears red, it's poison!

The kind of poison that makes people willingly succumb to its temptation, drawn in, and utterly intoxicated!

"Boom!" With a direct kick, Luo Xinning was smashed from the sky onto the arena floor, where Luo Qingtong, with knees slightly bent, leaped down from the air, fluttering like butterfly wings.

"Bang!"

In a critical moment, Luo Xinning rolled on the ground, and Luo Qingtong's strike completely shattered where she had been lying on the arena floor.

The next second, Luo Qingtong swept her leg fiercely, sending all the finely crafted ironwood planks of the entire arena flying, rumbling towards the still tumbling Luo Xinning.

"Too weak."

Amidst the flurry of ironwood splinters, Luo Qingtong approached Luo Xinning.

Her eyes squinting slightly, she looked at the disheveled Luo Xinning, who resembled a ghost, and whispered in her ear, "Luo Xinning, is this how you show me what true strength is?"

Luo Qingtong's words deeply stung Luo Xinning.

From the beginning until now, she had been continuously thrashed by Luo Qingtong.

The opponent could clearly resolve the fight quickly, but she didn't!

Luo Qingtong was toying with her!

She wanted to show everyone that, no matter how hard Luo Xinning struggled, she would always be beneath her!

She wanted to show everyone that her own ambitions, desires, and endurance were nothing in front of her!

Luo Xinning had never before realized this as clearly as she did right now!

She loathed Luo Qingtong with every bit of her being.

Why is it that both being daughters of the Luo Family, she always had it better, stronger than her own self?

Luo Xinning schemed and struggled to get close to her, to win her trust.

To mock her like a dog, toying with her amidst applause.

To watch her naively give up all her good possessions like an idiot.

To see her being made a fool by Luo Xinning, completely played!

She was utterly obedient, but ever since that incident at Jiuyu Mountain... everything had changed!

"Luo Qingtong... I should have killed you long ago!" Luo Xinning, gritting her teeth, uttered each word emphatically.

At Jiuyu Mountain, she shouldn't have followed the Seventh Princess's advice to keep torturing Luo Qingtong but should have killed her directly!

That way, none of this would have happened!

"Boom!"

After Luo Xinning finished speaking, her aura suddenly changed in an instant.

"Boom!"

Her aura surged around her, and in a moment, a violent and terrifying power burst forth from her hands.

"Swish!"

Luo Qingtong's figure soared, avoiding this burst of power, flipping backwards to land a few meters opposite Luo Xinning.

"Inheritance Armor..."

Luo Qingtong narrowed her eyes, observing the armor that emerged on Luo Xinning's body.

Life force flowed incessantly, as Luo Xinning sacrificed it to the Inheritance Armor, forcibly unleashing the power of the Treasure Armor.

"Luo Qingtong, I want you dead!" Luo Xinning charged at Luo Qingtong in a crazed attack.

"Bang!"

Luo Qingtong raised a hand to block, her foot scraping the ground as she rapidly retreated several meters.

"Bang!"

She tilted her head sharply, dodging a kick from Luo Xinning.

With a "boom," the railing of the arena behind Luo Qingtong shattered upon impact.

The rampaging power mixed with wooden shrapnel shot out in all directions.

Chapter 378 Crushing Luo Xinning (Part 4)

"Luo Qingtong, meet your end!"

Luo Xinning's face was twisted with ferocity as she attacked once again.

Watching her charging figure, Luo Qingtong lightly licked her lips, feeling a slight scratch from a wood splinter on her cheek.

The blood-red hue in her eyes suddenly intensified.

The clear light within them grew fainter and fainter.

In the next second, her pupils completely turned a blood-red color.

That intense, shocking color seemed like blood seeping out from the boundless Hell.

Luo Qingtong's stunningly beautiful face also became bizarrely sinister in an instant, filled with demonic allure.

Luo Xinning was close at hand and was instantly horrified by the blood-red color in her eyes.

Luo Qingtong, her eyes...

"Idiot."

She coldly spat out a word.

Luo Qingtong's gaze towards Luo Xinning was indescribably icy and sinister.

She raised her hand and heavily slapped on the Inheritance Armor she was wearing.

"Using what my parents left me to kill me. Luo Xinning, tell me... how foolish are you?"

As Luo Qingtong said this, she had already activated her Pupil Skill, instantly seeing through the weaknesses and vital points of the Inheritance Armor.

"Bang!"

After saying those distracting words, Luo Qingtong's palm heavily landed on the vital point of the Inheritance Armor.

With a "boom," Luo Xinning's strength instantly penetrated the Inheritance Armor, striking Luo Xinning and sending her flying!

No matter how powerful a treasure, without sufficient strength to wield it, once its weakness is exposed, it becomes useless!

"Boom!"

Luo Xinning's figure heavily smashed onto the platform.

Before she could even struggle to get up, Luo Qingtong's figure abruptly flashed, ghost-like, in front of her, lifting a foot and viciously stomping on her back.

"Bang!"

Luo Xinning's body, just as she attempted to rise, was instantly forced back down by that stomp!

With a "crack" sound, Luo Xinning's spine was instantly broken by Luo Qingtong's stomp.

Not only that, even the platform trembled violently, creating countless cracks.

"Ah!" Luo Xinning screamed miserably, her whole body convulsing in pain.

"Luo Xinning, I remember saying that you are unworthy to use the Luo Family's possessions! It seems you failed to understand that."

Luo Qingtong said this as she began to strip off the Inheritance Armor from Luo Xinning's body.

The latter had no strength to resist at all, only able to lie there, helpless like a dead dog.

"Bang!"

After stripping off the Inheritance Armor, Luo Qingtong harshly lifted her foot and directly crushed Luo Xinning's bones in her legs.

Watching her scream pitifully, Luo Qingtong's eyes were cold.

"Luo Xinning, this kick is a payback from the old me. Back then, I used the resources of the Luo Family to nurse your health, open your Martial Arts talent, provide for your cultivation, only to unwittingly raise a wolf in the end."

The blood hue in Luo Qingtong's eyes had receded, but the chill in those eyes could freeze a thousand miles.

"On Jiuyu Mountain, when you ambushed me during my breakthrough, crippled my cultivation, poisoned and blinded my eyes, then left me to the mercy of trash... I will return all these to you."

As she spoke, a "boom" sound erupted as the Energy from her body blasted into Luo Xinning, turning all her limbs and meridians into shreds, not leaving a single one intact, and completely devastated her Dantian.

Chapter 379 The Final Fate

"Ah!"

Xinning's scream this time was even louder than the previous two times.

Her meridians were completely destroyed, her Dantian shattered.

Such pain is incomparable to ordinary injuries.

All the cultivation Xinning had built up over the years was now completely removed by Luo Qingtong's actions!

The feeling of losing all strength throughout her body, where both soul and body were simultaneously struck hard, made Xinning scream in agonizing pain.

And this was still not the end.

"Bang!"

Luo Qingtong kicked her, sending her flying.

Xinning's whole body flew up like a lump of mud, hitting the railings of the arena and bouncing back.

In that instant, all the bones in her body shattered.

At this point, Xinning couldn't even let out a scream.

"This kick, I give it to you on behalf of Grandfather."

Luo Qingtong walked up to Xinning, gazing coldly at her.

"Xinning, without Grandfather there would be no Luo Family!"

"You from the second branch enjoy the conveniences and glory brought by the Luo Family, yet you poisoned him, forcing him to dissipate his cultivation! I will settle these accounts with you one by one!"

As she spoke, uncontrollable flashes of blood appeared in her eyes.

"Rest assured, I won't kill you," Luo Qingtong leaned down and whispered in Xinning's ear.

"You colluded with outsiders against the Luo Family, nearly causing a disaster for Grandfather. Xinning, these crimes, even dying ten thousand times wouldn't suffice!"

"Luckily, you've arranged your own fate! Rest assured, the bandits you brought last night are still with the Luo Family, waiting for you! Whatever plans you've made, you'll get to enjoy them... I will definitely not interfere at all!"

Luo Qingtong said this and not waiting for Xinning to speak, she grabbed her chin and stuffed a medicine pill she had refined earlier into her mouth.

This medicine pill would allow Xinning's body to maintain a flawless complexion amidst all kinds of torment.

The only cost was a pain so intense throughout her body, as if being flayed.

Such pain was enough to make one faint countless times.

Wasn't Xinning planning to slash Luo Qingtong's face and sell her to the lowest brothels to serve the most disgusting clients?

Luo Qingtong was fulfilling her wish, letting her experience the very arrangement she made!

Moreover, she would let her retain a jade-like skin and appearance to attract even more clients!

Consider it a "deep sisterly bond" hospitality!

"Aaah!"

The moment the pill entered her mouth, intense pain swept through and Xinning could no longer bear it, screaming as she fainted.

"Take her away!"

Luo Qingtong immediately kicked Xinning, who was like mud, off the arena.

Instantly, War Slave fighters hidden in the shadows appeared and caught her.

"Stop!"

Just then, Elder Qu and others finally came to their senses.

They hadn't expected Luo Qingtong to act so swiftly, destroying Xinning in the blink of an eye!

Just when Xinning had used the Inheritance Armor, they thought Luo Qingtong would be in trouble.

But unexpectedly, the one defeated was Xinning.

Moreover, Luo Qingtong's methods were so ruthless.

Seeing the horrifying state of Xinning, many felt a chilling sensation rising within.

Among them, Elder Qu felt it most profoundly.

He already had grievances with Luo Qingtong.

Now, seeing Xinning beaten to that extent, and looking at the beautiful girl standing on the stage, a sharp coldness flashed suddenly in his eyes.

Chapter 380 So-Called Shamelessness

"Bang!"

He slapped the table and stood up.

"Luo Qingtong, you've gone too far! This is the place for enrollment assessments, not your battlefield to the death! During the assessment and exchange, how could you strike with such lethal force? Your nature is too ruthless, not fit for greater responsibilities! Surrender now!"

As he spoke, the fierce look in his eyes flashed, and in a swoosh, he charged towards Luo Qingtong.

The first place qualification of Luo Qingtong could not be whimsically revoked by Elder Qu.

But to let someone who had a grudge against him enter the Tianyu Branch, Elder Qu was unwilling to do so.

With Luo Qingtong being so heavy-handed towards Luo Xinning, who knows if she harbors resentment toward him?

This would be a good opportunity to use her excessive force as an excuse to disable her completely!

By then, if it's claimed to be an accidental slip, who would be able to do anything to him?

Thinking this, the expression on Elder Qu's face became more sinister, and the movements he used to approach Luo Qingtong were extremely vicious.

"Elder Qu!"

Seeing his actions, astonishment flashed across the faces of the other two instructors, who hurriedly tried to intervene but couldn't catch up in time, so they quickly followed in pursuit.

At the sight of this scene from below the arena, Old Master Chu immediately became so angry that he felt like his lungs were about to explode.

"Shameless! As a mentor, you actually strike at a student who's participating in the assessment!"

As he spoke, he suddenly stood up from his seat and flashed onto the platform, positioning himself in front of Luo Qingtong.

"Don't be scared, girl from the Luo Family, I'll hold him off!"

Having said this, he charged towards Elder Qu.

"Grandpa Chu!"

Luo Qingtong called out once, and seeing that Old Master Chu had already made his move, she quickly gestured to a warrior at the beginning of the Emperor Realm who was preparing to act from the shadows.

The latter understood and once again concealed himself.

"Go, Grandpa Chu!"

Watching Old Master Chu rushing at Elder Qu, a glint of blood flashed in Luo Qingtong's eyes as she instantly saw through Elder Qu's weaknesses and the flaw in the attack that was coming her way.

She glanced again towards Old Master Chu, and then two silent streams of energy shot out in an instant.

In a swoosh, the two streams of energy from Luo Qingtong hit Old Master Chu from behind, yet didn't harm him.

One of the streams of energy struck Old Master Chu's elbow, and the other his wrist.

Feeling one stream prop up his elbow and the other press down on his wrist, Old Master Chu suddenly felt his elbow lifted inexplicably and his wrist was forced downwards fiercely.

"Boom!" With that, the attack in his hand was released, suddenly much more powerful than any attack he had unleashed before!

And not just that...

"Bang!"

His attack collided with Elder Qu's and impressively broke through the opposing energy.

Before Old Master Chu could even react, Elder Qu was struck by the aftermath of the hit and was sent flying, crashing with a bang into the railing of the platform.

"..."

Utter silence fell over the entire venue.

Even the Chu Family members, who were sweating profusely with anxiety, were stunned.

The crowd looked at Old Master Chu, who had sent Elder Qu flying, with indescribable shock on their faces.

My God!

They must be dreaming, right?

The Old Master Chu at the Peak Martial Marquis Realm, sent Elder Qu at the beginning of the Soul King Realm flying?

This is surely an absurd tall tale?!

And it's not even dark yet!

The oldest of the Chu Family pinched his own thigh hard, yelping from the pain, and finally confirmed that he was not dreaming.

My heavens!

When did his own father become so powerful?!

He incredulously looked at Old Master Chu on the platform.

Even the latter was still bewildered by his own action!

He was scared by the power of the move he had just performed.

He had never before unleashed such a powerful attack!

It seemed to have exceeded the bounds of the Martial Marquis Realm's power!
