Chapter 11 This, Is Just the Beginning_1

"Ye Fei, how long has your family owed rent now?"

"Do you not plan to pay it anymore and want me to kick you out, or are you looking to make more excuses and shirk your responsibilities?"

At this moment, Little Ye's previously smiling face immediately turned into a crying one.

She quickly hid behind Ye Fei, trembling with fear.

Su Yueru had just recovered from a serious illness and was slightly startled by this sudden scene as well.

Only Ye Fei looked at Wang Yan and then at the landlord with a cold expression.

He scoffed, "You're really clever, you guessed it right."

"I, Ye Fei, don't plan to rent this shabby room anymore!"

As soon as he said this, the whole room fell silent!

Especially Wang Yan, who was completely stunned.

She had come over this time having spent a great deal of money to buy the rental property from this stingy landlord.

It was all to exploit Ye Fei through the rent!

Indeed, she had it all planned out—just as soon as Ye Fei couldn't afford the rent, she would immediately send someone to beat them out of their home and injure them again!

As for Ye Fei being able to pay?

Sorry, Wang Yan had never considered that possibility.

As for Ye Fei being defiant enough to move out, that was even more unexpected for Wang Yan.

However, the landlord, who had just received his money, jumped up immediately.

"Huh, Ye Fei! Are you blind? How dare you raise your voice at my sister Wang?"

"Moreover, let me tell you kid, if you move out now, you won’t get the deposit back!"

"I see you dragging your family around; who else would be as kind-hearted as sister Wang to take you in!"

That was indeed true.

Basically, no one would want to rent their place to a family of beggars.

Even if someone were willing... With the little savings that you, Ye Fei, have, after deducting the original deposit, how much would be left?

Can you afford to rent?

After speaking, Wang Yan and the landlord both wore a mocking smile, seemingly ridiculing Ye Fei’s ignorance.

But, Ye Fei’s reaction was once again beyond their expectations!

He still looked icy, speaking deliberately and emphatically, "I said, I don’t want it anymore."

"Now, step aside!"

"Don’t block us, we’re moving!"

These words were like a cold wind to the face!

Yet, to Wang Yan, they sounded like a huge joke!

"Ha, hahaha! Ye Fei!"

"It’s already your family’s fortune for eight lifetimes that Divine Doctor Li saved you once!"

"What? You think that with your status as the number one good-for-nothing son-in-law in Tianhe City, you could really associate with Divine Doctor Li?"

"You’re an idiot!"

After her unbridled ridicule, her face suddenly darkened!

She saw Wang Yan gesture to the bodyguards behind her to step forward!

"But since you're determined to be foolish."

"I'll indulge you, and let my men beat your family into submission again."

"Let's see if that Divine Doctor Li will help you out again!"

Right, Wang Yan didn't bother to pretend anymore.

What about buying off the landlord to pressure for rent?

Where was the satisfaction in that compared to trampling Ye Fei underfoot?

Thud, thud, thud...

No sooner had she finished speaking than a series of hurried footsteps echoed, and more than a dozen tall, burly bodyguards dressed in black rushed in!

In the small room of just a few square meters, it was suddenly filled with people.

And Ye Fei and his family were cornered like three helpless chicks with no place to retreat.

Seeing this, Little Ye's face turned pale.

Scared, she closed her eyes and her little hand that was holding onto Ye Fei's thigh tightened.

And beside her, Su Yueru's mind went blank.

She had thought that after meeting Divine Doctor Li today and Ye Fei's recovery, their family's luck was finally turning around!

Who would have thought that Wang Yan would hunt them down so quickly and without leaving any way out!

Only Ye Fei remained calm and composed.

He first patted Little Ye's head, then Su Yueru's shoulder.

"Wife, Little Ye, stand behind me and don't move."

Then, Ye Fei's eyes suddenly became sharp as he faced Wang Yan!

"Want a fight? Fine."

"Send one and I'll take on one!"

Boom!

With his words, it was as if an invisible aura had burst forth!

In the eyes of others, Ye Fei seemed to have transformed into a completely different person.

As if standing there, he was the supreme figure.

Every word and action, was the law!

"Damn it, has this kid gotten too arrogant? He dares to bluff in front of me!"

Wang Yan was also subdued by this aura for a long while, filled with shame and indignation.

It even affected her swollen pig-like face, causing a throbbing pain.

"Fight, fight for me!"

The next moment, all the bodyguards surged forward!

Onlookers would have thought that Ye Fei and his family stood no chance of survival!

However...

Bang, bang, bang!

Crack crack!

Several dull thuds were followed by the sounds of bones breaking and joints dislocating.

The bodyguards in the front fell to the ground on cue!

But that wasn't enough. Ye Fei's figure burst forth again.

With a raise of his hand, several silver needles too fast for the naked eye to see embedded into the acupoints of the bodyguards behind.

In an instant, these burly men became as limp as cotton, all crashing to the ground with pained expressions.

Though these actions may sound slow in telling,

to the onlookers, it all happened in a matter of seconds.

Wang Yan and the landlord turned deathly pale instantly, frozen in place!

A strong sense of fear emerged spontaneously.

How, how is this possible?

Ye Fei alone had toppled so many professional bodyguards!

Could it be, after his recovery, Ye Fei had turned into some terrifying monster?

Otherwise...

Both of them gaped, subconsciously trying to say something.

But at that moment, Ye Fei's footsteps drew near!

Thud, thud, thud.

The sounds weren't loud, but they struck their ears like a death knell now!

"You, you bring just this many people over, isn't this a disgrace?"

Ye Fei spoke deliberately, his face expressionless.

At the sound, Wang Yan's body shook violently.

After all, the image of her recent beating by Ye Fei was still vivid in her mind.

Moreover, she had previously only bullied Little Ye, but this time she had come directly for the lives of his entire family!

Wang Yan didn't dare to imagine if Ye Fei would be even crazier than before and turn on her...

"No, no, no!"

"Ye Fei, you can't kill me! I'm Chen Zihao's woman!"

"If you kill me today, the Chen Family won't let you off!"

Hearing this, Ye Fei sneered.

"Hah, I disdain to kill you, it'd dirty my hands."

"I want you to crawl back and tell your master."

"The things the Chen Family once did to us, the things they plan to do, I will settle every single score with them!"

"Today, is just the beginning!"

Slap!

Thump!

As Ye Fei finished speaking, he delivered a resounding slap, knocking Wang Yan to the ground where she fainted on the spot.

As for the landlord...

"You too, get out!"

"Yes, yes, I'll leave at once, immediately!"

...

Soon, only the unconscious Wang Yan and a group of groaning bodyguards remained in the room.

Ye Fei didn't look at them anymore, instead, he turned to his family.

He hoped his actions hadn't scared Little Ye.

Thinking this, he was surprised to find.

The little guy's eyes were bright, and he looked at Ye Fei with a look full of wonder.

"Dad, you're so awesome!"

"So many bad guys, and you beat them all by yourself!"

As for Su Yueru, she was too shocked by the successive surprises to speak.

It took her a long while to come back to her senses, and then she said, "Husband, let's leave quickly."

"Otherwise, when they all wake up, that would be troublesome!"
