Chapter 15 Divorce_1

Not long after, Ye Fei returned home.

He had intended to rest and cultivate for a while after the recent events.

But as soon as he opened the door, the noise was clearly audible.

Looking closely, the speaker was not Su Yueru's father or mother, but her aunt, Su Meixue.

"Yueru, you can't drag this out any longer!"

"You and Ye Fei must get a divorce immediately!"

"Now that fortune has turned, with Divine Doctor Li coming to your rescue, the Su Family is even preparing a birthday celebration with a grand feast!"

"If you don't sever ties with that waste now, by the time the Chen Family reacts, it will be too late to turn back!"

"I have contacted many men for you who are infinitely better than Ye Fei. They don't mind that you're a divorcee, as long as you're willing to ditch that bastard..."

"Enough!"

Having heard this, Ye Fei could barely contain himself.

With a shout of rage!

Others may insult him at will, but they must not insult his child!

"Su Meixue, did my in-laws ask you to say these things?"

Ye Fei knew that Su Yueru's parents had always been restricted by the Su Family, and with the birthday banquet approaching, they certainly wouldn't be let out.

So Su Meixue stirring up trouble likely came with instructions.

At his words, Su Meixue’s body shuddered violently.

She suddenly felt that the ’good-for-nothing’ in front of her now had an aura she had never perceived before!

But in the very next moment, a mix of anger and cold indignation arose within her!

"Rubbish! You dare to call my name?!"

"Hmph, but then again, I suppose, for someone as ignorant as you, witnessing Divine Doctor Li’s charity must make you feel you’re better than you used to be, right?"

"Bluffing!"

As she spoke, Su Meixue turned to Su Yueru, urging her, "Yueru, you were once the young mistress of our Su Family, there’s no need to give up everything for a worthless man like him!"

"And you’ve seen it for yourself; Ye Fei is short-sighted..."

However, Su Yueru, listening to all this, was completely unmoved, even her face filled with confusion.

"Auntie, aren’t you mistaken?"

"My recovery is entirely thanks to Ye Fei’s medical skills!"

"He found many medical books..."

"Don’t talk to me about those medical books again!"

"I saw them just now, they’re all fake and used to scam people at street stalls!"

"If you could learn to heal and save people from that quackery, then what’s the need for doctors?!"

Su Meixue clearly didn’t believe Su Yueru’s words. Moreover, hadn’t the news and newspapers all reported that it was Divine Doctor Li who helped the Su Family out of danger, and that it had nothing to do with the worthless Ye Fei!

Having said this, she even took Su Yueru’s hand and turned to leave the house.

"Ye Fei, get out of the way!"

"Today I must take Yueru with me!"

Perhaps the argument had been going on for quite some time, as Little Ye, who had been sleeping soundly in the room, also timidly walked out.

"Daddy, mommy, what are you talking about?"

"Where are you going? Are you not wanting Little Ye anymore..."

At these words, Ye Fei’s pupils shrank sharply.

If it had been just the three adults quarrelling in private, it would have been one thing.

But if it upset Little Ye and left her with an indelible trauma, then it would be truly unfortunate!

Immediately, Ye Fei’s expression became extremely cold, ready to take action.

Just then, by coincidence,

The door was knocked upon.

"Mr. Ye, are you at home?"

"We are under Captain Wang’s command. You saved our captain before, and we’ve come to express our gratitude!"

A solid voice slowly came through.

It was not like Ye Fei’s roar from before.

Yet everyone’s voices paused because of it.

Especially Su Meixue, her face filled with surprise.

What, what’s this situation?

Ye Fei saved someone?

Could it be true?

At this thought, Su Meixue suddenly stood up.

"No, this isn’t right!"

She declared with certainty, bypassing Ye Fei, and rushed to the door!

"Look, Yueru!"

"This Ye Fei, in order to deceive us, even hired helpers, actors!"

"If it weren't for your aunt here today, who knows what play he'd be staging!"

Click!

The door opened.

But the next moment,

Su Meixue's expression froze!

"This, this is the uniform of the Daxia War Department!"

"This, this!"

The words about actors got stuck in her throat.

After all, the Daxia War Department is held in the highest esteem throughout the entire Daxia.

Who would dare to swindle in those uniforms?

Not only was she taken aback, but so was Su Yueru.

Ye Fei went out to the hospital to save someone?

And that someone was a captain from the War Department?!

Compared to their stunned reactions, Little Ye opened his bright and sparkling eyes and clapped his hands, "Daddy, you're so amazing!"

"Not only did you cure mommy, but you also healed others!"

"Little Ye admires you more and more!"

In this scene, the soldiers at the door, unaware of the details, thought their sudden visit had scared Ye Fei and his family.

"Ah, Mr. Ye, I'm so sorry!"

"Let me explain, you left in a hurry earlier, mentioning just a small request."

"We brothers felt really bad and thought we had to offer an additional reward, which is why we came so abruptly."

"Please don’t take it the wrong way!"
