

The Supreme Martial King Shocking All Realms

Chapter 1131: Chapter 1128: Absolute Obedience_1 Chapter 1131: Chapter 1128: Absolute Obedience_1 As Su Yao moved from her original position, it meant that she had evaded Yang Chen's Thunder Method!

Seeing this, Yang Chen was taken aback, "Impressive, not only is this woman quick, she's also incredibly perceptive. She managed to evade my Thunder Method, but..."

Yang Chen lightly grinned.

Because the attack he had just launched at Su Yao was not the Twenty-four Thunder Extinction, but the Five Thunder-righteous Method!

This time, it would be the Twenty-four Thunder Extinction!

Just as Su Yao had barely managed to avoid the Five Thunder-righteous Method, she sensed that something was amiss. The speed of the recent thunder attack differed greatly from the one Yang Chen used against Wei Zheng.

"Something's not right!" A bad premonition dawned on Su Yao, and she swiftly changed her location again.

Just as she changed her position, Yang Chen's Twenty-four Thunder Extinction descended.

Then, the crackling thunderbolt descended again from a distance, which prompted Su Yao to quickly unleash the Destruction Sacred Seal, blasting apart Yang Chen's electric attack.

However, Yang Chen's attacks were continuous and relentless!

The Black Mountain Dark Cloud Palm, Triple Flames, Thunder Style, Mountain-Breaking Style...

Su Yao grumbled in annoyance, "You do seem to know a confusing array of techniques!"

Yang Chen's relentless tactics prevented her from having the opportunity to use her Thunderbolt Movement Skill as it was entirely suppressed by Yang Chen's various techniques.

However, for Su Yao, this was not an issue. Her Destruction Sacred Seal could break anything!

In succession, she conjured black seals which, sweeping ahead, exploded instantly!

However, just as Su Yao conjured a new black seal, Yang Chen suddenly appeared before her.

"Hmm?!" Taken aback, Su Yao wondered how Yang Chen managed to get so close to her.

“Miss Su, you’ve lost!” Yang Chen swung his Long Spear, “Apologies for the offense!”

“Mountain-Breaking Cannon!”

All his previous actions were in preparation for this final blow!

Instantly, Yang Chen concentrated his True Qi onto one point of the Hong Yan Spear and triggered a powerful explosion!

Yang Chen did not refrain from using all his strength because Su Yao was not the kind of person who could be defeated with leniency!

Clearly, Su Yao was also unprepared for Yang Chen’s move. At the most critical moment, she hurriedly conjured another black seal!

As the seal materialized, it collided with Yang Chen’s Mountain-Breaking Cannon. The two incredible forces exploded instantly, creating a fierce windstorm...

No one knew who had won or lost.

It wasn’t until the storm gradually subsided and the residual True Qi lingering in the air had dissipated that the outcome started to reveal itself.

“This, the person actually fought sister Su Yao in the Earth Martial Realm Tier 8. To such an extent?!”

“Incredible. It seems that there are quite a few talents in the Western 42 Counties. This person’s strength is extraordinary. But it is still unknown who won and who lost...”

Many were speculating, and at this moment, the smoke of the battle was dispersing!

Following that, a figure violently fell from the sky, revealed to be a woman dressed in a pink gown.

“Senior Sister!”

“Senior Sister!”

Seeing the woman fall provoked panic among many spectators because it was none other than Su Yao!

Blood trickled down Su Yao’s lips. After receiving assistance from fellow disciples of the Northern Territory Sect, she steadied herself and sat cross-legged, looking no worse for wear. Looking closely, it was clear that she had indeed lost this match.

Because Yang Chen, who remained in the sky, appeared to be drained only momentarily and didn't seem severely impacted, although he was a bit pale.

"Miss Su, thank you for the match!" Yang Chen said with a bow.

Su Yao closed her eyes, took a deep breath and slowly said, "I lost. Yang Xilin, according to the rules, from now on, we of the Northern Territory Sect will obey your orders on the battlefield and heed your words to fulfill our human duty!"

At Su Yao's words, many people were elated.

"Great, we won, we won, hahaha!"

"Commander, did you see, we won."

Zhang Zhongyi laughed heartily, "Of course, I saw, I saw."

But what makes some people happy, makes others unhappy. Seeing Yang Chen's victory, Long Xingyu was not pleased. He never expected that Yang Chen would defeat a person from the Northern Territory Sect. After a fierce battle, he even defeated their Senior Sister.

However, after thinking for a moment, Long Xingyu shamelessly stepped forward and laughed, "Dear friends of the Northern Territory Sect, victory or defeat is common in battles. It doesn't matter who listens to whom, but since you now have to obey the commands of the Western 42

Counties on the battlefield, as the overall commander of the battlefield, I propose we discuss our next strategy together?”

Those with discerning eyes could hear the intent of his words.

Long Xingyu clearly implied that since they were listening to the Western 42 Counties, they should be obeying his commands because he was the overall commander of the battlefield!

There were people who couldn't help but chide him.

They had seen shameless people before, but never anyone as shameless as him. He wanted to claim Yang Chen's hard-fought achievement as his own and acted as if it was his right.

Long Xingyu did not care about what others thought. Initially, he had not thought about it, but now, he saw it as an obvious strategy. Yang Chen should be subject to him, since he was the overall commander and Yang Chen would have to listen to him anyway.

However, Su Yao's did not offer him a pleasant response to his proposal.

Conversely, Su Yao coldly said, “Commander Long, you seem to have misunderstood something. I just mentioned that we will follow Yang Xilin's commands. Remember, all of us in the Northern Territory Sect will only obey Yang Xilin's command. As for you and your various commanders and deputy commanders, I'm sorry, but you do not have the authority to command the Northern Territory Sect. If you have any objections, feel free to challenge us, the rules have been established?”

“This...” Long Xingyu was left dumbfounded.

Zhang Zhongyi said, “Commander Long, these are the rules set by Miss Su, you don’t have any objections, right?”

“No objections, of course no objections, haha, why would I have any objections? In the end, Young Master Yang is also one of our own in the battlefield. He’s part of my jurisdiction too, why would I have any objections?” Long Xingyu laughed.

His statement made many people feel more repulsed. So, Long Xingyu wanted to indirectly control the Northern Territory Sect through controlling Yang Chen?

Yang Chen had lost all respect for Long Xingyu. Long Xingyu had a clever idea, but getting him to follow it wasn’t going to be that easy.

“Discussing the next strategy is indeed feasible. Let’s discuss what to do next,” Su Yao said after regaining some of her energy, wiping away the blood from the corner of her mouth. She had already recovered a lot, but it was clear that her combat strength was only restored to about two to three percent. Returning to her peak state was not going to be easy.

“Young Master Yang, what do you think?” As she finished speaking, Su Yao looked at Yang Chen, reflecting her intention to only heed his words.

Chapter 1132 - 1132 1129 What is the Cultivation Age_1

Chapter 1132: Chapter 1129: What is the Cultivation Age?_1 Chapter 1132: Chapter 1129: What is the Cultivation Age?_1 Everyone understood, it was clear that Su Yao only acknowledged Yang Chen, conveying that the others were insignificant.

For deputy leaders like Zhang Zhongyi, it was not a big deal. After all, Yang Chen's achievements were something they couldn't achieve. It was only natural that he got them.

However, Long Xingyu didn't think so. As the supreme overall commander of the battlefield, this scene was quite embarrassing, wasn't it?

Yang Chen's action completely denied the significance of Long Xingyu's position as an overall commander.

In the past, when he issued orders as the overall commander, everyone obeyed because he was chosen by the Great Emperor. But now? With the chaos caused by the Northern Territory Sect, his authority and power were immediately discounted.

However, no one cared about his thoughts. Instead, everyone's eyes were focused on Yang Chen.

As Yang Chen saw everyone looking at him, he couldn't help but feel helpless. He knew that if he didn't speak now, he would seem pretentious.

By standing with Su Yao, the status of these commanders had been lowered considerably. As the aid of the Northern Territory Sect, Su Yao didn't quite grasp the battlefield situation and had to listen to the others.

However, Su Yao only obeyed him, so if he didn't speak, it would be improper.

With this in mind, Yang Chen said, "Since everyone has gathered now, it's best to discuss what to do next. As for my personal opinion, I think that if the Northern Territory Sect hadn't arrived, we could only defend and protect ourselves. But now that they have arrived, the time has come for us to reveal our true intentions!"

"My thoughts are the same as Young Friend Yang. Since the Northern Territory Sect has arrived, now is the time to reveal our true intentions!"

"I have the same idea. It's time to fight against the Prohibition Demon Clan. I've been holding back for a very long time."

Zhang Zhongyi thought for a moment and said, "Young Friend Yang is right. Starting the war is inevitable, but now we lack a fuse. We can attack rashly, but the Prohibition Demon Clan will certainly be on guard. In such an attack, we will have a hard time gaining any advantage."

Everyone thought his words were reasonable.

Indeed, after the last defeat of the Undying Demon, the Prohibition Demon Clan must have anticipated a sudden human attack, so they would be on high alert. It would be difficult to gain any advantage in a real battle.

Yang Chen smiled and said, "A rash attack is definitely not feasible."

“Hmph, it was you who said we should reveal our intentions, and now you say we can’t attack rashly. Young Friend Yang, if you don’t have any specific methods, it’s better not to speak.”

Long Xingyu interjected inappropriately, feeling the need to say something to prove his existence. Otherwise, everyone would ignore him, the battlefield overall commander.

Yang Chen listened to Long Xingyu’s words without expression and said, “Commander Long, how do you know I don’t have a method?”

“What method do you have?” Long Xingyu glared angrily at Yang Chen.

“I certainly have a method. But it seems to me that you, Long Xingyu, are more confident and knowledgeable than me. Why don’t you tell us your method first? If your method is more suitable for the situation, I won’t embarrass myself by revealing mine.”

When Long Xingyu heard Yang Chen’s words, he was somewhat taken aback.

He didn’t expect Yang Chen to pull such a move.

But where did he get any methods?

However, the key question was, if he really didn’t have any methods, how would others view him?

If you didn't have any methods, why were you so confident to criticize others? What right do you have to criticize others?

Long Xingyu was embarrassed, unable to come up with any brilliant ideas in such a short time. He had no choice but to say, "My method is not yet mature and not convenient to reveal. Young Friend Yang, if you really have a method, stop beating around the bush."

At these words, many people snickered. Everyone now had a clear understanding of Long Xingyu's character, knowing that his "not yet mature" meant he had no countermeasures at all.

Yang Chen didn't bother to talk more with Long Xingyu and simply said, "I don't have any immediate winning strategies for now, but I have spies in the Prohibition Demon Tribe territory. I can go to their area and gather information about the Demon Tribe from my spies, thus formulating countermeasures."

"In the end, you don't have a definite plan?" Seeing that Yang Chen's method was not mature, Long Xingyu immediately jumped out and criticized.

Before Yang Chen could speak, Su Yao impatiently said, "Commander Long, if you really can manage, why don't you come up with a strategy?"

"I!" Long Xingyu immediately wilted, unable to produce any methods.

Yang Chen gratefully glanced at Su Yao and then said, "If you all trust me, I'll go to the Prohibition Demon Clan area to gather information in two days!"

“Young Friend Yang, that might be a bit risky,” Zhang Zhongyi said worriedly.

“Haha, Commander Zhang, this is not my first time going to the prohibition demon area. Since I was able to go once, I can go a second time. You don’t have to worry.”

Upon hearing this, Zhang Zhongyi said, “In that case, I’ll have to trouble Young Friend Yang to take the risk.”

“We’re counting on you, Young Friend Yang...”

The others also expressed their gratitude.

As for Su Yao and the others, they didn’t have much to say, especially Su Yao. She knew Yang Chen’s strength well. It was meaningless for her to say these polite words to him. Dangerous tasks were supposed to be handled by the strong.

Afterward, everyone discussed the matter further and made appropriate arrangements for their respective roles. Each side started preparing for the imminent battle, and the catalyst for the coming war depended on Yang Chen.

Yang Chen originally wanted to prepare for his trip to the Prohibition Demon area, but as soon as he was about to leave, Su Yao invited him.

“Young Master Yang, would you like to chat alone?” Su Yao waved her hand gently, inviting him.

Yang Chen looked at the beautiful woman and noticed her elegant posture, which revealed the demeanor of a prestigious sect. Lost in thought for a moment, he replied, “How can I decline Miss Su’s invitation?”

He agreed, naturally out of curiosity about the Northern Territory Sect.

Soon, the two walked side by side.

Su Yao’s hands behind her back, her casual stride was as elegant as the wind. There was no trace of the conventional girlish coyness, which gave Yang Chen another perspective on her, at least her personality was quite unique.

Su Yao leisurely said, “Young Master Yang, you were truly skillful today. With your endless techniques, you would be considered a top genius even in the Central Region.”

“Miss Su is too kind. Today was a fluke. If there were another match, the outcome would still be uncertain,” Yang Chen said amiably.

“Haha, I don’t have any reluctance to lose. Every move you make is very reasonable, showing your rich combat experience. Since this is the case, where does your victory come from luck? However, I am curious about your age, Young Master Yang, and how long you’ve been cultivating?” Su Yao asked.

Chapter 1133 - 1133 1130 The Demon Emperor's Treasure_1

Chapter 1133: Chapter 1130: The Demon Emperor's Treasure_1 Chapter 1133: Chapter 1130: The Demon Emperor's Treasure_1 Yang Chen was quite surprised when he heard Su Yao ask this question. However, he didn't answer in a hurry, but asked instead: "Miss Su, how long have you been cultivating now?"

When Yang Chen didn't answer but instead asked a question, Su Yao raised the corner of her mouth, not having any intention of making things difficult. She answered straightforwardly, "Fifty-three years!"

Upon hearing this, Yang Chen was slightly surprised. He could see that Su Yao was as proud as a little hen, obviously very satisfied with her own achievements. After all, reaching the half-step Heavenly Martial Realm with only fifty-three years of cultivation and possessing such terrifying strength was almost impossible in the Western 42 Regions.

Even the Bai Family, at most, could only have a few members who could compare, but an unrivalled one would not be born.

"What about you?" Su Yao said, "I've already told you, so you shouldn't have an excuse not to tell me this time."

Yang Chen flashed a bitter smile, feeling quite helpless.

Reaching such an achievement in fifty-three years of cultivation was probably the proudest thing for Su Yao. If he were to reveal his real cultivation age, it would unavoidably hurt Su Yao's heart.

After all, how many years had he been cultivating until now? If he told her, not to mention Su Yao, even a grown man would be in shock.

But he couldn't lie either. After all, his cultivation age was recorded by many forces. Once Su Yao did a little investigation, she would almost have a clue about it.

Having this in mind, Yang Chen had to resort to a compromise, saying, "I might be a bit stronger than Miss Su Yao, as my cultivation age hasn't reached fifty years yet!"

"Not yet fifty years, then how many years?" Su Yao widened her eyes.

"Anyway, it's not yet fifty years, not much difference." Yang Chen said with a gentle smile.

Su Yao's curiosity was piqued, but overall it didn't affect her self-esteem. If Yang Chen reached the eighth layer of Earthly Martial Realm in over forty years, then it would take him more than fifty years to reach the half-step Heavenly Martial Realm. It wouldn't be much different from her own time.

However, Yang Chen's mysterious attitude annoyed her greatly. She would have to investigate thoroughly how many years Yang Chen had actually cultivated.

“Young Master Yang, have you ever considered joining my Northern Territory Sect?” Suddenly, Su Yao asked this question.

Yang Chen was a bit surprised by her words and couldn't help but ask, “Miss Su, do you want me to join the Northern Territory Sect?”

“Why not? You have the qualification to join the Northern Territory Sect. Of course, it's just a qualification. If you want, I can be your referral. There are many of our Northern Territory Sect elders on the battlefield this time. If you want to join the Northern Territory Sect, the opportunity will be right in front of you after the war is over.” Su Yao spoke gently.

Yang Chen could see that Su Yao was a very straightforward woman. If she acknowledged you, she would respect you, and she would think of you at any time if she respected you. If she didn't respect you, it would be impossible for you to even get close to her.

Then Su Yao added, “The Lightning Movement Technique you learned should be a wild cultivation method from somewhere. However, without obtaining the true teachings, your Lightning Movement Technique will never be perfected just by learning from the cultivation method. So, if you want to perfect your Lightning Movement Technique, joining the Northern Territory Sect is an indispensable step for you!”

There was a reason why Su Yao invited Yang Chen like this. In the Northern Territory Sect, she was unparalleled amongst her peers.

She needed a rival!

Faced with such a passionate invitation, Yang Chen couldn't help but feel moved, even though he hadn't thought about it before.

He didn't officially join the Donghuang Sect for a reason. It was because he knew clearly that once his real identity was exposed, the Donghuang Sect wouldn't protect him, and he wouldn't stay in the Donghuang Sect forever. Therefore, he was just an ally.

However, the Northern Territory Sect was different. It was one of the top sects in the Central Capital Region that could resist the Ling Nvzong Sect. In addition, it provided him with the Lightning Movement Technique and several other reasons pertaining to his future attendance in the Central Region; joining the Northern Territory Sect was his best choice.

But now, with the pressing war situation, Yang Chen thought for a moment before saying, "I will consider what Miss Su has said. However, with the war at hand and the Western Region being my home, I need to think it through. I'll give Miss Su an answer after the war!"

Upon hearing Yang Chen's words, Su Yao didn't show any signs of sadness or joy on her face. Yang Chen speaking like this already represented that he was quite moved, so she naturally didn't have any dissatisfaction.

With this in mind, Su Yao stood with her hands behind her back and said, "In that case, Young Master Yang, I will take my leave!"

After her words, Su Yao slightly moved her body, and with a flash of thunder and lightning, she instantly left.

Yang Chen watched the girl come and go quickly and couldn't help but smile, then began to think.

...

At the same time, on the Forbidden Demon Race's side.

The Immortal Demon had been unconscious for several days and had yet to wake up, which caused the Forbidden Demon Race to be on high alert for several consecutive days.

As long as the Immortal Demon didn't wake up, they would have to remain on high alert. After several consecutive days, many Forbidden Demons were already mentally and physically exhausted.

Finally, today, the Immortal Demon woke up.

"The Immortal Demon Lord is awake!"

"The leader is awake..."

As the news spread, many Forbidden Demon clansmen breathed a sigh of relief, as the Immortal Demon's awakening meant that their vigilance could be relaxed.

At the same time, on the Immortal Demon's side.

The Immortal Demon's awakening attracted the attention of the surrounding members of the Forbidden Demon Race.

All the Forbidden Demons anxiously asked, “Leader, are you alright?”

“Leader, how are you?”

The Immortal Demon, however, didn’t care about his own condition, but roared, “Where is my Yin Lizard? Who has seen my Yin Lizard?”

“Sir, your Yin Lizard... was taken away by that human the other day...” A Forbidden Demon braced himself and yelled.

Hearing this, the Immortal Demon finally remembered, and as he remembered, he roared angrily, “You couldn’t even deal with one human? Didn’t you get it back for me? Letting him just snatch away my Yin Lizard?”

Many of them remained silent, not knowing why the Immortal Demon was so angry. In their eyes, the Yin-Yang Twin Lizards were merely dead objects.

However, they didn’t know that the Yin-Yang Twin Lizards were more important to the Immortal Demon than his own life.

That was because the Twin Lizards were not his treasures but gifts from several Demon Emperors.

This pair of Yin-Yang Twin Lizards was a holy relic bestowed by their Xieluo Demon Emperor to the Forbidden Demon Race, intending for the Immortal Demon to cooperate with the Giant Strength Demon on the battlefield and deliver a heavy blow to humans, thus breaking through their defenses.

In fact, before encountering Yang Chen, he had achieved great success using the Yin-Yang Twin Lizards, earning him quite a stellar reputation. However, who would have thought that he would lose the Yin Lizard now?

By losing one Yin Lizard, it was as if he had lost the treasure of the Demon Emperor.

Chapter 1134 - 1134 1131 How to Win_1

Chapter 1134: Chapter 1131: How to Win!_1 Chapter 1134: Chapter 1131: How to Win!_1 Imagining the anger the Demon Emperor might unleash upon them, the Undying Demon even pictured his own death.

He knew very well how important the Yin-Yang Twin Lizards were to the Demon Emperor, and he understood the expectations placed on him when he was entrusted with them. However, he had lost one of them, and how could he explain it to the Demon Emperor? This was the Demon Emperor's deadly magic treasure against enemies!

Anxious about this situation, the Undying Demon frantically said, "Analyze the current situation for me, I want to attack the humans, I want to get my Yin Lizard back!"

...

Yang Chen did not know the situation of the Prohibition Demon Clan. After making some preparations, he set out for the Demon Clan's frontier region to find the spies he had planted.

On the way, Yang Chen was not idle, and he brought out the barely alive Yin Lizard he had beaten.

There was no denying that the Yin Lizard's recovery was quite fast, although it had not fully recovered from the nearly dead state it was in a few days ago.

Now, Yang Chen grabbed the Yin Lizard and coldly said, "I don't know if you've realized that resisting is pointless, but what I want to tell you is that it's impossible for you to kill me by yourself. As long as you can't kill me, I will torture you every time you resist until you are on the verge of death. I won't kill you because it's not beneficial for me. If you understand, you should know what's more suitable for you to do!"

As he contemplated, Yang Chen coldly said, "From your behavior last time, I can deduce that your speed of converting True Qi into Acid Water is not fast—about ten times slower than the Yang Lizard. You cannot convert matter into Acid Water temporarily but can with additional time. Fortunately, I have time to wait. This is the True Qi I'm giving you. If you understand, behave and refine the True Qi into Acid Water in the Eight Extremities Flowing River Space and use it against the enemy the next time. If you still dare to disobey, you know the consequences."

Hearing these words, the Yin Lizard's body trembled slightly, filled with fear of Yang Chen, who appeared as a devil in its eyes.

Next, Yang Chen issued a large amount of True Qi, enveloping the Yin Lizard, and then sent it into the Eight Extremities Flowing River Space.

If the Yin Lizard truly submits, it will refine this True Qi into Acid Water and assist him.

He hoped that the Yin Lizard could be sensible; otherwise, it would indicate its loyalty to its former master, and he would have to play a longer game with it.

So, after a long journey, Yang Chen arrived at the border region of the Prohibition Demon Clan.

It only took him two days to reach the frontier of the Demon Clan, as he was alone and moving faster without companions.

Upon arrival, Yang Chen remained cautious and vigilant.

His spies hadn't been discovered, perhaps because the borderlands between them and the humans were desolate, so even the Prohibition Demon Clan members didn't bother to check the area.

When Yang Chen arrived, the Forbidden Demon Clan members shouted one after another, "Master!"

"Greetings, Master!"

Yang Chen looked around and finally set his gaze on Eternal Ash. Seeing that he had returned, Yang Chen felt at ease, as he had found Eternal Ash to be a very intelligent Forbidden Demon through their brief interactions. He was very confident in the other's capabilities.

Yang Chen said, "I have come back this time to inquire about the recent situation in the Prohibition Demon Clan, as you might guess."

Upon hearing this, the Forbidden Demon Clan members looked at each other awkwardly, not because they didn't want to say anything but because they too were not really aware of the situation.

Only Eternal Ash seemed to have anticipated that Yang Chen would come to inquire, so he promptly said, "Master, I know a bit about the recent situation in our Prohibition Demon Clan, but I can't be sure if it will satisfy you."

"Oh? Tell me!" Yang Chen nodded with satisfaction when he heard Eternal Ash speak.

Eternal Ash continued, "For the past few days, the Immortal Demon Lord has not been able to wake up, so our clan has been on high alert. However, just two days ago, the Immortal Demon Lord awakened and seemed to have done many things anxiously, but no one knows exactly what was done. However, I noticed that a significant movement within the army took place in the past two days, and it should not have been a small matter."

Yang Chen asked in surprise, "What do you think the Undying Demon would order his people to do?"

Eternal Ash analyzed, "I think it should have something to do with you, Master, taking away the Yin Lizard. It's been said that before the war began, the Undying Demon Lord didn't have the Yin-Yang Twin Lizards. We can deduce that the Twin Lizards were either his hidden trump card or given to him by someone else. In any case, they are important to him, and with you taking away one of the Yin Lizards, he must be anxious."

As Yang Chen listened to Eternal Ash's analysis, he secretly nodded. He had not thought about it in this direction, and Eternal Ash's words had reminded him.

Yes, his capture of the Yin Lizard was like lighting a fuse.

Thinking of this, Yang Chen muttered, "The Demon Clan has been on high alert these past few days, but it has only been lax for the past two days, presenting an excellent opportunity. If we humans attack at this time, we are sure to win on a large scale. However, would the Undying Demon choose to attack the humans just for a Yin Lizard?"

With this thought, Yang Chen began to devise a plan.

Soon, his eyes lit up as if he had thought of a solution.

"Eternal Ash, you've performed exceptionally well." Yang Chen nodded with satisfaction, "Come here!"

Eternal Ash didn't know what Yang Chen was going to do, but he obediently approached him.

Yang Chen stretched out his hand and did something to Eternal Ash's brain. After a while, he said, "Alright, I've made many modifications to the Servitude Restriction planted in your brain. If you and I are more than three counties apart, the servitude restriction will automatically disappear. After your Demon Clan withdraws, you will be free from my servitude forever as long as you never appear in the human territory again. This is your reward!"

Hearing this, Eternal Ash immediately became ecstatic.

The other Forbidden Demon Clan members couldn't help but show envious expressions. How could they not be envious? They would be enslaved by Yang Chen forever, even if the Demon Clan withdrew, their servitude would not dissipate. Even if Yang Chen ordered them to die at the ends of the earth, they had to obey.

As for Eternal Ash, that would no longer be the case.

Yang Chen didn't bother worrying about what the other Forbidden Demon members thought.

He had already figured out how to defeat the Demon Clan.

Chapter 1135 - 1135 1132 The Plan Takes Shape_1

Chapter 1135: Chapter 1132: The Plan Takes Shape!_1 Chapter 1135: Chapter 1132: The Plan Takes Shape!_1 Of course, exactly how to implement it remains to be discussed.

Success or failure depends on fate!

After arranging some matters, Yang Chen's mind had already formed a stable plan. Since this was the case, there was no point in him staying here any longer.

After all, upon learning about the importance of the Undying Demon to the Yin Lizards, he couldn't deny that humans were now in a very dangerous situation.

The Prohibition Demon Clan might launch an attack at any time.

Once humans become careless, they will fail in an instant!

Yang Chen rushed back with haste, and after his return, he used Zhang Zhongyi's power to quickly gather all the high-level figures on the Earth Martial Realm Battlefield. Similarly, the people from the Northern Territory Sect were naturally present as well.

When everyone gathered, many of them looked at Yang Chen and asked curiously, "Young friend Yang, have you found any results from your investigation?"

"Yes, young friend Yang, what are the results? Do you have any plans?"

Many people started asking questions. Yang Chen interrupted their words and waited for them to quiet down before saying, "Everyone, I've already found out the news. According to the information I've obtained, the Prohibition Demon Clan is likely going to attack us humans!"

"What? What's going on?"

“What’s the situation here?”

Yang Chen explained the ins and outs of the matter.

“Nonsense!” Dragon Xingyu immediately sneered, “Young friend Yang, I think you’re just making a groundless accusation. Just because you took one of the Undying Demon’s treasures, do you dare to judge that the Undying Demon can come and snatch it back at all costs? Is a treasure more important than the overall situation? I believe the Undying Demon can distinguish the priorities.”

Upon hearing Dragon Xingyu’s words, Yang Chen calmly replied, “Then how about Dragon Commander give me a judgment? Will the Prohibition Demon Clan come over and attack or not? As a commander, you shouldn’t be less accurate in your judgment than me.”

“Hmph, I was just casually saying something!” Dragon Xingyu’s face turned red as he obviously couldn’t come up with any well-founded judgment. He immediately shook his head, claiming it was just an unintentional remark.

Others couldn’t help but ask, “Young friend Yang, how confident are you that the Undying Demon will attack because you stole their treasure?”

“About seventy to eighty percent, based on the information I’ve gathered. After awakening, the Undying Demon has been frantically reorganizing its army, and it doesn’t seem idle at all!” Yang Chen said calmly.

Zhang Zhongyi said, “In my opinion, it doesn’t hurt for us to be cautious. It’s better to believe they might come than not to believe it.”

Su Yao slowly spoke, “We should be on the offensive side, not the defensive side. I think simply being on guard is not enough!”

“Indeed!” Yang Chen agreed.

Su Yao was surprised, “Young Master Yang, do you already have a brilliant strategy?”

“I can’t say it’s a brilliant strategy, it’s just that I have more information and a more complete understanding than you all, so I have some personal ideas.” Yang Chen said, “If you don’t mind, I can share my thoughts.”

“Oh? Young friend Yang, don’t be polite. We’re all ears!”

After pondering for a moment, Yang Chen said, “If the Prohibition Demon Clan attacks, let them attack. We just need to delay them on the front side.”

“Could it be that young friend Yang’s idea is...”

“You all should know that I went from the border region to the rear of the Forbidden Demon Clan Battlefield. Because of this, I am extremely familiar with the situation behind the Prohibition Demon Clan. I can say that once a battle starts on the front lines, the military force behind the Prohibition Demon Clan can be almost ignored. We need to allocate a team specifically responsible for surprise attacks to attack them from behind. The location is the Border Region. I am very familiar with the path. If we dispatch a team directly from the Border Region to their rear, we can guarantee that they won’t survive!” Yang Chen said.

Dragon Xingyu sneered, “Young friend Yang, I don’t agree with your words. The Border Region is full of disasters, with numerous heavenly catastrophes and earthly calamities. If you lead a team there and don’t encounter any disasters, that’s fine. But what if they do?”

He was very familiar with the Border Region, because that’s where he used to suppress Yang Chen. However, he never thought that it would become the place where Yang Chen rose to prominence.

“I’ve been back and forth so many times, have I ever had any problems? If I’m not sure, do you think I would propose this plan, Dragon Commander? Others may not be able to deal with those heavenly catastrophes and earthly calamities, but I’ve gained unique experience from my many trips back and forth,” Yang Chen said.

Dragon Xingyu was at a loss for words, since Yang Chen had indeed gone back and forth many times.

Yang Chen didn’t take Dragon Xingyu’s words seriously. He just said, “According to the information I have obtained, the overall defense of the Prohibition Demon Clan hasn’t been strict recently. If they decide to attack again, their supervision over their rear area will be practically nonexistent. By then, if we cooperate inside and outside, it’ll be extremely difficult for the Prohibition Demon Clan to win!”

“Young friend Yang, your plan of a surprise attack from behind is indeed feasible. If a real battle starts, by working together from within and outside, we can easily catch the Prohibition Demon Clan off guard. However, about the surprise attack team...” Many people were curious.

After considering it for a moment, Yang Chen said, “Every member of this surprise attack team must be elite, and it’s best if they have good coordination before forming the team. Only in this way can they play a sufficient role in infiltrating the enemy’s rear and launching a surprise attack.

In my opinion, it is most suitable to have all the people sent by the Northern Territory Sect to support us to join me in the surprise attack!”

Firstly, the people of the Northern Territory Sect were well-coordinated and had strong capabilities. Secondly, they all respected him wholeheartedly, which meant he wouldn't have to manage them. If he formed another team, he'd have to manage and instruct them, wasting too much unnecessary time.

“I have no problem with it,” Su Yao said with the corner of her mouth curling up.

Thinking about the surprise attack, she was genuinely excited deep down.

“Since Miss Su has no problem with it, we naturally have no objections as well.”

“Then let's do it this way!”

“We'll be on high alert now and wait for the Prohibition Demon Clan to attack us!”

Zhang Zhongyi couldn't help but ask, “Young friend Yang, when do you plan to infiltrate the Prohibition Demon Clan's border area?”

“There's no time to lose, so we should leave immediately,” Yang Chen said.

“What if the Prohibition Demon Clan doesn’t come to attack?” Zhang Zhongyi asked.

Yang Chen said with a hearty smile, “Leader Zhang, it will take us two days to get to the Prohibition Demon Clan’s border area. Two days later, we can tell whether you have started fighting by looking at the distant fires. If the Prohibition Demon Clan doesn’t attack in two days, it’s not too late for you to launch an attack at that time! The principle is the same!”

“You’re right, it’s my mistake.” Zhang Zhongyi suddenly realized.

Dragon Xingyu, the president, watched as Yang Chen devised plans and gave instructions, while he couldn’t get a word in edgewise, and felt extreme anger deep within.

If Yang Chen’s plan works, that’s one thing, but if it doesn’t, Dragon Xingyu plans to make Yang Chen wish for death!

Chapter 1136 - 1136 1133 Success and Failure_1

Chapter 1136: Chapter 1133: Success and Failure!_1 Chapter 1136: Chapter 1133: Success and Failure!_1 And so, Yang Chen and many disciples of the Northern Territory Sect gathered to discuss their plans for infiltrating and ambushing the enemy from behind.

Others began making preparations for defense and attack, and the entire human battlefield instantly became bustling. However, the top figures were still very cautious. They kept all information secret and just gave orders to their subordinates, leaving everyone in the dark.

Of course, this was also out of concern for the possibility of traitors within their ranks.

The key to victory in this battle was the ambush team led by Yang Chen from the Northern Territory Sect.

One day later, the ambush team had already reached the human border region and set off towards the Prohibition Demon Clan border region, having completed about fifty to sixty percent of the journey.

“Young Master Yang, I’ve heard that there are numerous Heavenly Calamities and Earthly Disasters in this area that can even threaten Earth Martial Realm Warriors. Is that true?” Su Yao, who now led many disciples of the Northern Territory Sect, followed closely behind Yang Chen and asked.

She didn’t really care, but as the eldest disciple of the Northern Territory Sect, she was responsible for the safety of her fellow disciples.

Hearing Su Yao’s words, Yang Chen kindly replied: “This area is indeed a frequent haunt for Heavenly Calamities and Earthly Disasters.”

“What should we do if we encounter those Heavenly Calamities and Earthly Disasters? Young Master Yang, we must make precautions in advance.” Su Yao frowned.

Yang Chen laughed heartily: “Miss Su, don’t worry. I often travel in and out of this area and know quite a bit about those Heavenly Calamities. There’s no need to worry!”

He really hoped that another wave of Heavenly Calamities and Earthly Disasters would come, allowing him to use the Nine-Star Gourd to absorb their power and lend him a hand.

Su Yao didn't know where Yang Chen got his confidence from, but since her sect was willing to follow him, she trusted him unconditionally and closely followed him.

Yang Chen wanted to encounter some Heavenly Calamities from the bottom of his heart, but unfortunately, good things never come easy. When he wanted to encounter them, they seemed to have grown eyes and simply wouldn't appear.

This made Yang Chen quite troubled, but he also understood the principle of not being too greedy. He didn't deliberately try to gain the help of Heavenly Calamities and instead led the people of the Northern Territory Sect straight to the Forbidden Demon Clan's border area.

When they arrived at the border area, the Prohibition Demons under his command appeared simultaneously. By now, it had already been two days.

“Master!”

“Master!”

These Prohibition Demons all respectfully greeted him.

“What is this...?” Su Yao and the others didn’t have a clear understanding of the situation, but they were still surprised by what they saw.

“These are the Forbidden Demon servants I enslaved using the Servitude Restriction in the Forbidden Demon Clan.” Yang Chen explained.

Su Yao’s eyes widened slightly. She had been inquiring about news since she arrived and knew that most humans feared the Forbidden Demon Clan like they feared tigers. She never expected that Yang Chen would not only not be afraid of them, but would even have a few of them as servants under his command!

“With these servants, we’ll be much safer in this border region.” Yang Chen said with his hands behind his back.

“So what’s next...?” Wei Zheng asked.

He was in awe of Su Yao’s abilities, and since Yang Chen was capable of defeating her, he also held him in high regard.

Yang Chen continued: “Everything is ready; all that’s missing is an opportunity. Now we just need to see if the Forbidden Demon Clan is willing to attack.”

On the surface, it seemed like there was no difference between the Forbidden Demon Clan launching an attack and them attacking the Forbidden Demon Clan. However, only Yang Chen knew the difference between the two concepts.

If they initiated the attack on the Forbidden Demon Clan, the latter would be on the defensive side. The Forbidden demons wouldn't deploy all their forces and would certainly choose to defend in an orderly manner.

However, if the Forbidden Demon Clan chose to attack, they would inevitably deploy all their forces in order to win, as they wouldn't know that Yang Chen's forces had already crossed the border region and enslaved all the Forbidden demons there.

Yang Chen silently waited.

If the Forbidden Demon Clan didn't attack tonight, they would have to take the risk and launch their own attack. Regardless of the outcome, everything would be decided by this move!

"Wait for now!" Yang Chen issued the order.

Upon hearing this, the people of the Northern Territory Sect settled down temporarily in the area. Since Yang Chen had enslaved these Forbidden Demons, they could receive news from the outside world at any time and hide in advance if the situation changed.

Just like that, they waited until nightfall... But the Forbidden Demon Clan still didn't make a move.

"Could it be that my speculation was wrong and the Forbidden Demon Clan doesn't intend to launch an attack?" Yang Chen wondered.

By now, there were still no signs of fighting in the distance. If it remained like this, it would be a severe blow to his plan.

“Huh?”

“Look!” Suddenly, several disciples of the Northern Territory Sect pointed at the distance: “There are fires and smoke over there, it seems like the battle has started.”

“Hahaha, the battle has begun, Brother Yang, you really have a divine ability to predict things. As expected, the Forbidden Demon Clan has started attacking. You’ve even guessed this!”

Yang Chen chuckled inwardly, knowing that he had made the right bet. Since the battle had broken out, it meant that the Forbidden Demon Clan had indeed attacked. He slowly said, “In that case, we can now strike from the rear. Everyone must remember the words I told you on the road. You have no experience in fighting Forbidden Demons. Be extra careful and aim to sever their dual horns when engaging them!”

These disciples of the Northern Territory Sect didn’t seem to take his words to heart and were clearly somewhat arrogant.

This left Yang Chen helpless. The elite members of the Northern Territory Sect were indeed skilled, but had a flaw in being arrogant and looking down on the strength of the Forbidden Demon Clan. How could they know just how powerful the Forbidden Demon Clan truly was?

“Well, there’s no time to make them understand now.” Yang Chen shook his head and ordered sternly: “Move out!”

Upon hearing his command, the Northern Territory Sect disciples all jumped excitedly. They were eager to see the prowess of the Forbidden Demon Clan for themselves and kill a few of them to showcase their abilities and earn merit.

Under Yang Chen's leadership, a large number of Northern Territory Sect disciples headed straight for the rear of the Forbidden Demon Clan's battlefield.

As Yang Chen had expected, the Forbidden Demon Clan's border area had already been stripped of most of its members. With only a handful of patrolling troops remaining, the ambush team of hundreds, if not thousands, of people had no trouble overpowering them.

"Kill!" Yang Chen shouted.

At this command, the disciples of the Northern Territory Sect leaped into action, surrounding and killing the remaining Forbidden Demons.

Without high-ranking figures present, the rear of the Forbidden Demon Clan was completely caught off guard by Yang Chen's ambush, and they couldn't put up any resistance.

In an instant, the Forbidden Demon Clan's rear was on fire, while Yang Chen and his ambush team strode across the Forbidden Demon Clan's border area, heading straight for the Forbidden Demon Clan's battlefield!

Chapter 1137 - 1137 1134 Lets See Who Solves It First_1

Chapter 1137: Chapter 1134: Let's See Who Solves It First!_1 Chapter 1137: Chapter 1134: Let's See Who Solves It First!_1 Yang Chen had to admit, the disciples of the Northern Sect were indeed much stronger than the average Earth Martial Realm fighters, especially those who were ranked higher. They had good reason for their arrogance.

Even Wei Zheng and Lin Hao, who were ranked higher, could easily deal with a Giant Power Demon by themselves.

It was precisely because of this that they completely disregarded Yang Chen's words and did not take the Demon-forbidden clan seriously.

As Lin Hao confronted two Giant Power Demons by himself during the raid of the Demon-forbidden clan, he waved towards his comrades, "Leave them to me, I will deal with these two Giant Power Demons on my own!"

Several Northern Sect disciples, who had tasted victory, obviously did not take the Giant Power Demons seriously. Hearing Lin Hao's words, they laughed and said, "We will wait here and watch Lin Hao defeat these two Giant Power Demons!"

With a smile at the corner of his mouth, Lin Hao unleashed his Wolf Shadow Fist towards the two Giant Power Demons.

The Wolf Shadows rushed towards the two Giant Power Demons, who roared angrily in an instant, enraged.

Both of the Giant Power Demons were Half-step Heavenly Martial Realm demons, formidable opponents.

One of the Giant Power Demons stepped forward to attack, its fist smashing down with a massive force, causing a storm to whip around it. The other Giant Power Demon attacked from the side.

Lin Hao, consumed by the heat of battle, didn't think too much. As he confronted the attacking Giant Power Demon, his Wolf Shadow Fist burst forth, resisting the punch and even managing to gain the upper hand.

However, the weakness lay in dealing with the second Giant Power Demon. Two Giant Power Demons were not as simple as one plus one!

Lin Hao could easily defeat one Giant Power Demon, but facing two was a different story. The second Giant Power Demon seized the opportunity when the first one faltered and launched an attack from the side.

Lin Hao, who was still confident in his success, quickly launched a series of fierce blows, another layer of Wolf Shadows readied to deal with the second Giant Power Demon.

However, at that moment, the first Giant Power Demon took the opportunity to catch its breath, leaping up and heading straight for Lin Hao.

It was then that Lin Hao realized the danger he was in.

“Not good. I’ve underestimated the Giant Power Demon’s abilities,” Lin Hao realized.

The Giant Power Demons were incredibly fast, and when the two cooperated, their attacks were brutal and difficult to defend against.

Now, as Lin Hao had decided to deal with the second Giant Power Demon, the first one had found an opportunity to attack. If he were to switch his focus to the first one, the second would then have a chance!

His strikes could not be retracted, and as he watched the Giant Power Demon’s colossal fist about to slam into him, fear was evident on Lin Hao’s face.

“Don’t!” Lin Hao shouted.

At that moment, suddenly, a series of dazzling golden flames appeared in the sky, blocking the Giant Power Demon’s massive fist. Immediately after, Yang Chen emerged, gently pushing Lin Hao to the side.

Then, Yang Chen faced the two Giant Power Demons alone.

Seeing that Lin Hao was saved, Su Yao, who was originally preparing to help, let out a sigh of relief. After all, Lin Hao was a disciple of her Northern Sect and had always been respectful to her.

Gasping for breath, Lin Hao’s body softened as he watched Yang Chen take action and shouted, “Brother Yang, be careful!”

Just as he was about to lend a hand, he saw Yang Chen swiftly grab at the air, wrapping one Giant Power Demon in Blazing Sky Sacred Fire, then releasing a large amount of Starfire and Shapeshifting Liquid Fire to engulf the other Giant Power Demon.

Immediately after, thunder and lightning crackled and snapped, striking rapidly. In just a short time, the two Giant Power Demons let out unwilling roars and were reduced to ashes under the burning of the three types of fire.

Seeing Yang Chen's move, Lin Hao and many Northern Sect disciples were shocked."At the beginning of the surprise attack, they didn't see Yang Chen make a move, but now that they saw him in action, they realized how foolish it was to think they were strong.

Lin Hao originally thought that his strength was already quite strong when facing two Giant Strength Demons, but what about Yang Chen? He effortlessly defeated two Giant Strength Demons without breaking a sweat.

What reason does he have to be proud of?

"Brother Lin, are you alright?" Yang Chen asked slowly.

Lin Hao's chill just disappeared, and he took a deep breath: "Thank you, Brother Yang, for saving me."

At this moment, the encirclement had already ended, and Su Yao and Wei Zheng came over from different directions.

Wei Zheng didn't say anything, Su Yao said with an embarrassed expression: "You dare to show off your abilities like this? Hmph, at first you didn't take Young Master Yang's words seriously, but now you know how powerful he is? Lin Hao, how dare you to fight two Giant Strength Demons with your little ability? I told you a long time ago not to disregard Young Master Yang's words, but none of you listened!"

Lin Hao was scolded by Su Yao, he didn't even dare to breathe and remained very obedient. The other disciples were also very disciplined, no one dared to question Su Yao's words.

Yang Chen looked at Su Yao's angry expression with a sense of helplessness. Su Yao's angry face was quite attractive.

Seeing Lin Hao and the other disciples' obedient behavior, Yang Chen couldn't help but mediate: "Alright, Brother Lin, and everyone else, just be more careful in the future. The Prohibition Demon Clan is not to be underestimated. We've suffered many losses on the Western Battlefield." "We understand." Lin Hao scratched his head.

After this incident, many people had some understanding of the Prohibition Demon Clan's combat power and no longer thought of them as a weak and powerless group.

The surprise attack team with a changed mentality became even more terrifying than before.

It's not that the Prohibition Demon Clan didn't set up troops in the rear. After all, when Yang Chen suddenly infiltrated the battlefield last time, the Prohibition Demon Clan couldn't just ignore it.

They also left some troops to guard their own rear.

However, unfortunately, these troops were facing the team from the Northern Territory Sect who came to support them. This team had the ability to change the situation on the battlefield! And the part of the troops left couldn't withstand so many attacking forces.

Moreover, under the leadership of two top combatants, Yang Chen and Su Yao, the team marched straight to the Demon Clan's battlefield.

As a result, their team arrived at the last checkpoint before the battlefield.

The troops guarding this checkpoint were obviously much more numerous than the previous ones.

"Once we pass this level, we can enter the battlefield and completely disrupt the situation, laying the foundation for our Sect's victory. However, this checkpoint is heavily guarded. Everyone, be prepared for a tough battle." Yang Chen said softly.

"Yes!"

"We understand!"

At this checkpoint, there were at least hundreds of Prohibition Demons, as well as many from other regions who had arrived here, preparing to enter the battlefield.

"There are two Prohibition Demons whose Qi is significantly stronger than the others!" Su Yao looked at the distance, murmuring.

"They are Demon Kings." Yang Chen, with his rich experience, made a judgement immediately upon seeing the Prohibition Demons Su Yao was pointing at.

Su Yao's mouth curled up in a smile: "Demon King? Sounds powerful. Young Master Yang, you take one, and I'll take the other. Let's see who can defeat their opponent first!"

Chapter 1138 - 1138 1135 Victory and Defeat_1

Chapter 1138: Chapter 1135: Victory and Defeat_1 Chapter 1138: Chapter 1135: Victory and Defeat_1 This left Yang Chen with mixed feelings of laughter and tears. Su Yao was truly a competitive woman. She could even compete with him in this situation?

He reluctantly said: “Miss Su, this Demon King level Forbidden Demon is the top half-step Heavenly Martial Realm Forbidden Demon, not to be underestimated. I hope Miss Su will be careful in dealing with it!”

Su Yao snorted: “Are you looking down on me?”

Yang Chen laughed: “Of course not!”

“In that case, stop talking nonsense. You take one and I take one, man-left and woman-right. I want the one on the right, you deal with the one on the left!” Su Yao ordered.

At the same time, the last line of defense behind the Forbidden Demon Clan Battlefield in the high altitude was guarded by hundreds of Forbidden Demons, and there were many half-step Heavenly Martial Realm Forbidden Demons and different forces of Earth Martial Realm Forbidden Demons rushing to the battlefield below.

In the high altitude, as Yang Chen had guessed, the two leading Forbidden Demon Clan powerhouses were at the Demon King level.

The two Demon Kings were the Silver Moon Demon King on the left and the Windstorm Demon King on the right.

Now, the Silver Moon Demon King and the Windstorm Demon King were vigilantly watching their surroundings. Seeing the Silver Moon Demon King so vigilant, the Windstorm Demon King said: “Silver Moon, aren’t you being too sensitive? We are going to attack humans today, and they can’t guess it at all. With our overall strength, we will catch them by surprise. As long as the two Immortal Demon Lords join hands to deal with that peculiar human kid, the humans will have no way to counterattack. Can they still come from behind us? Even if they do come from behind, how many forces are they going to send? If there are fewer, we’ll be here. Humph, if there are more, are they just going to ignore their own homes?”

In fact, before the war with the Forbidden Demons, they also considered many potential situations, such as the possibility of their rear being attacked.

However, they didn’t know that the Northern Territory Sect had already come to reinforce, so they didn’t see any advantage for the humans to attack from the rear.

“I’m telling you, since the Immortal Demon Lord thinks your speculation is unlikely to be true, then stop insisting on it.” The Windstorm Demon King said.

Silver Moon Demon King frowned: “Windstorm, do you think so too? The human was able to approach the Immortal Demon Lord quietly last time, and with the causeless death of a Red Flame Demon, it shows that the human infiltrated our rear once. This means that he could infiltrate a second time!”

Windstorm Demon King waved his hand: “This is entirely due to your over-...”

Before he could finish, a bolt of lightning suddenly pierced through the air.

The lightning was as fast as a thunderbolt, causing the Forbidden Demon Clan to react only at the very last moment. As soon as they realized, they began to shout.

“We are under attack!”

“Not good, we are under attack!”

Riding on the lightning was Su Yao, who had just made a bet with Yang Chen and chose to attack the Windstorm Demon King out of nowhere.

Su Yao’s target was Windstorm Demon.

These Forbidden Demons obviously didn’t expect humans to appear behind them and launch an attack, but by the time they reacted, it was too late.

As soon as Su Yao took action, Yang Chen couldn’t help but accept Su Yao’s challenge, heading straight for the Silver Moon Demon King on the left. He had no choice but to take action, as he couldn’t let Su Yao deal with both Demon Kings on her own.

Then, the other members of the Northern Territory Sect jumped out one after another.

“Kill them all, make these Forbidden Demons pay!”

“Brothers, get on with it. Slaughter this bunch of Forbidden Demons!”

For a moment, the disciples of the Northern Territory Sect fought fiercely against the last line of defense of the Forbidden Demon Clan.

Yang Chen and Su Yao each faced a Demon King. Su Yao and the Windstorm Demon King fought immediately, but Yang Chen and the Silver Moon Demon King did not attack each other right away.

“It’s you, human!” The Silver Moon Demon King obviously recognized Yang Chen and showed a bit of fear in his eyes when he saw him.

After all, he remembered that it was Yang Chen who had defeated the Immortal Demon and taken their Immortal Demon Lord’s beloved Yin Lizard away.

Even with the Silver Moon Demon King’s pride, he didn’t think he could defeat Yang Chen. However, when he thought of the Yin Lizard, the Silver Moon Demon King’s veins visibly bulged.

“Human, since you dare to appear here, just hand over the Yin Lizard obediently!” The Silver Moon Demon King roared.

As soon as his words fell, he immediately swung his claws, and a silver light flashed as his claws fell, like a crescent moon, living up to his name.

Yang Chen saw the silver claw mark, stepped back slightly, and dodged it.

The Silver Moon Demon King was clearly mad and wanted to kill Yang Chen. Because of this, Yang Chen quickly figured out the Silver Moon Demon King's tactics.

The Silver Moon Demon King's moves were all in his claws, which must have been specially tempered to possess great power and speed. Although this was not a problem for a Demon King in the Forbidden Demon Clan, defeating Yang Chen would still be difficult.

In fact, according to Yang Chen's judgment, defeating the Silver Moon Demon King would not be difficult for him. If he wanted to, he could do it at any time. However, thinking about the competition with Su Yao, he shook his head and didn't rush to defeat the Silver Moon Demon King.

It wasn't that he didn't want to, but if he defeated Silver Moon Demon King faster than Su Yao, he would win this round and obviously, there would be a third round, a fourth round.

Su Yao was the kind of woman who wouldn't give up until she won at least once.

So, Yang Chen decided to change his approach. After all, this was just a competition with a winner and a loser. It wasn't that important to him.

It had to be said that Su Yao's strength was quite impressive. Although she was facing a Demon King level enemy from the Forbidden Demon Clan, she didn't fall behind and even found an opening after dozens of rounds, killing the Windstorm Demon King with one move.

"Pfft!"

The Windstorm Demon King sprayed blood and died on the spot.

Seeing the Windstorm Demon King fall, Yang Chen breathed a sigh of relief in his heart.

Similarly, the Silver Moon Demon King became anxious when he saw the death of the Windstorm Demon King. He thought that Yang Chen was a tough guy, but he didn't expect there to be another tough guy like Yang Chen. It only took a few moves to kill his companion. The Silver Moon Demon King knew the Windstorm Demon King's strength all too well; even if it was not as good as his, it should not be much worse than his.

The Silver Moon Demon King shouted anxiously: "Human, can you only hide?"

At first, Yang Chen did hide, but now that Su Yao had defeated the Windstorm Demon King, she had also won against him, so he naturally didn't need to keep hiding.

"It's about time to end this." Yang Chen muttered.

The next moment, Yang Chen took action in an instant, and the triple flames came out simultaneously, directly crushing the Silver Moon Demon King's moves. As the crackling thunder and lightning flashed by, the Silver Moon Demon King soon let out a painful scream.

Chapter 1139 - 1139 1136 Two Great Undying Demons_1

Chapter 1139: Chapter 1136: Two Great Undying Demons!_1 Chapter 1139: Chapter 1136: Two Great Undying Demons!_1 After the screams, the triple flames dissipated, and the Silver Moon Demon King had been reduced to ashes.

After dealing with Silver Moon Demon King, Yang Chen pretended to be surprised when he looked at Su Yao and exclaimed, "Miss Su, did you defeat Windstorm Demon King already?"

"Hmph, Young Master Yang, do you really think I'm an idiot?" Su Yao crossed her arms, her face flushed.

"..." Yang Chen was caught between laughter and tears.

He felt a bit helpless looking at this angrily blushing woman.

He realized that he had encountered a clever woman. Obviously, she had figured out that he faked his loss.

It was true. Su Yao, as the senior sister of the Northern Territory Sect, was no ordinary person. How could she sit firmly in the position of senior sister without any brains?

With an expressionless face, Su Yao said, “Young Master Yang, by doing this, you insult me, Su Yao. I’m not afraid of losing, but I am afraid of winning ignominiously. We’ll forget it this time, but I hope Young Master Yang will respect me next time!”

With those words, Su Yao went straight down to help the other martial artists of the Northern Territory Sect.

Yang Chen sighed helplessly, shrugged his shoulders, and went down to help the martial artists of the Northern Territory Sect as well.

...

At the same time, in the Forbidden Demon Clan Battlefield, a large number of Prohibition Demons began to enter the battlefield to conquer the human territories and then quickly break through the battlefield and defeat the human defenses.

The attack was different from last time at the Battle of Vulture Ridge.

The Battle of Vulture Ridge was only in the East District.

But this time, it was a full-scale war in the East, South, and North Districts.

The Forbidden Demons in the Earth Martial Realm Battlefield were originally going to wait and see, but the loss of the Yin Lizard just couldn't calm down the Undying Demon.

After a discussion, he decided to immediately launch an attack on the humans, hoping to use war to force Yang Chen out. Even if he couldn't win the battle, he had to take the Yin Lizard back from Yang Chen. Only in this way, could he report back to his superiors.

What made the Undying Demon unable to calm down was that after they invested heavily in attacking the humans, the humans dispatched various generals and forces to resist, but there was no sign of Yang Chen's appearance.

How could the Undying Demon calm down? He sent many clan members to find traces of Yang Chen, but there were still no clues so far.

"Boss, there's still no sign of that human."

"Yeah, that human kid hasn't made a move yet!"

The Undying Demon roared in anger, "A bunch of trash, a bunch of trash. If that kid doesn't come out, I want all of you to pay with your lives!"

He couldn't find Yang Chen, so he had to die. He didn't even care about the lives of others.

“Boss, do you need to make a move personally to get that kid to come out?” A Demon King level lackey trembled, fearing the Undying Demon’s temper would destroy him.

Hearing the Demon King’s words, a Forbidden Demon standing next to the Undying Demon spoke.

“Poisonous Wolf, I think he makes sense. If you go, that kid might show up.” The Forbidden Demon who spoke looked exactly like the Undying Demon.

Poisonous Wolf looked at this Forbidden Demon differently from the others. He knew that the other was of the same kind as him, another Undying Demon who was one of the two top leaders in the Earth Martial Realm Battlefield.

This Undying Demon was called Skeleton Yin, responsible for the North and South Districts. Due to the need for a general attack, he sat together with Poisonous Wolf, responsible for commanding the battle.

Skeleton Yin said, “Poisonous Wolf, I am very disappointed in you for losing the Yin Lizard. But now we are in the same boat, and in order not to be implicated by the Demon Emperor, I hope you can take the Yin Lizard back as soon as possible. As long as that man comes out, I will immediately make a move and help you get rid of this guy!”

“Hmph, in that case, I’ll bring the kid out personally!” Poisonous Wolf twisted his neck.

To be honest, he was a little scared to face Yang Chen all by himself. However, thinking of Skeleton Yin behind him, his fear disappeared.

Dying at the hands of two Undying Demons was worth it for Yang Chen.

With that thought, Poisonous Wolf made his move!

He effortlessly dispatched several human Half-step Heavenly Martial Realm Elites. Frustratingly, he couldn't get anyone to stand in his way.

Infuriated, Poisonous Wolf shouted, "Humans, I want to challenge your highest commander, do any of you dare to fight me!"

He subconsciously thought Yang Chen was so strong that he should be at the highest commander level of the humans. Otherwise, how could Yang Chen be inferior to Zhang Zhongyi?

The words fell into the ears of several human commanders, making them shiver. Even Zhang Zhongyi did not dare to make a move easily because Poisonous Wolf was the Undying Demon and his strength was well-known. It was not that he didn't want to make a move, but it would be useless.

At this moment, everyone's eyes were on Dragon Xingyu.

Because Dragon Xingyu was the highest commander of the human Earth Martial Realm Battlefield, and Poisonous Wolf had challenged him.

How much did Dragon Xingyu know about the battlefield situation? He had never actually been on the battlefield, only working out some minor schemes behind the scenes.

Now being challenged by the Undying Demon, he instinctively backed down.

“I won’t stoop to the level of a mere Forbidden Demon like you. Not just anyone can make me take action.” Dragon Xingyu muttered, his voice only heard by those around him. He wanted to save face with these words.

When no one appeared, Poisonous Wolf shouted angrily, “Is this the virtue of your highest human commander, who doesn’t dare to fight?”

“Dragon Commander, why don’t you go up and try the Undying Demon? We don’t need to defeat him now, we just need to delay enough time.”

“Yes, if you go now, delay enough time, and if you don’t go up, it would cause great damage to our humans.”

Dragon Xingyu coldly replied, “As long as I am here, there should be no problem in the battle. The Undying Demon wants me to fight, clearly aiming at some plot. If anything happens to me, it would inevitably damage the morale. It’s not that I don’t want to fight, but I have to consider the overall situation. I hope you can see the situation more clearly.”

He was not stupid. Seeing that many people were extremely afraid of this Demon, how could he dare to fight?

When these words fell, many people secretly cursed in their hearts. Dragon Xingyu was simply a coward.

Only Chen Gang, his lackey, thought for a moment and whispered, “Dragon Commander, the Undying Demon lost half of his fangs when Yang Xilin took a lizard away last time. His strength has been greatly reduced. You can definitely capture him. This credit should not be given to others.”

Chapter 1140 - 1140 1137 The Death of Dragon Xingyu_1

Chapter 1140: Chapter 1137: The Death of Dragon Xingyu_1 Chapter 1140: Chapter 1137: The Death of Dragon Xingyu_1 Originally, Dragon Xingyu did not dare to think about fighting Poisonous Wolf at all. However, when he heard what Chen Gang said, he immediately wavered.

“What did you say?” Dragon Xingyu asked uncertainly.

Chen Gang chuckled: “Dragon Commander, to be precise, this Undying Demon was severely wounded by Yang Chen in his last battle with Yang Xilin, and even had his cherished treasure stolen. Being able to exert 50% of his strength is not bad. You don’t have to worry at all. If the deputy leaders here can’t help themselves from fighting the Undying Demon later, the credit will not be yours.”

“Can’t exert 50% of his strength? Is this true?” Dragon Xingyu wanted confirmation.

“Absolutely.” Chen Gang assured him, pounding his chest.

Dragon Xingyu immediately fell into deep thought.

Considering that the Poisonous Wolf can't exert 50% of his strength, why should he not go into battle?

As he was thinking, Zhang Zhongyi pondered and said, "Everyone, it might be better for me to deal with this Undying Demon. I have experience fighting against him. Though I might not be able to win, I can delay him for a short time without any problems!"

Having said that, Zhang Zhongyi prepared to take action.

Seeing Zhang Zhongyi wanting to fight, Dragon Xingyu immediately became restless, and shouted: "Wait!"

Zhang Zhongyi looked puzzled: "Commander Dragon, what's going on...?"

Dragon Xingyu said earnestly: "Zhang Zhongyi, after much consideration, I think it's better for me to take action personally. Since this Undying Demon wants me to make a move, let me personally see what he's capable of!"

Zhang Zhongyi and the deputy leaders were somewhat baffled by Dragon Xingyu's sudden change of mind, as he had initially refused to take action.

However, since Dragon Xingyu had decided to take action, they had nothing to say.

“Be careful, Commander Dragon!”

“Commander Dragon, be careful!”

They were puzzled, thinking that Dragon Xingyu might have changed for the better.

They didn't know that Dragon Xingyu hadn't changed for the better, but had simply seen that Poisonous Wolf's strength was greatly reduced, and wanted to kill Poisonous Wolf to seize the credit and secure his position.

At this moment, when Dragon Xingyu saw Poisonous Wolf, he said coldly, “Undying Demon, by making a ruckus here, you are not putting me in your eyes. In that case, let me teach you a lesson!”

“Some nobody commander, I've never heard of you!” Poisonous Wolf didn't show any respect to Dragon Xingyu.

Dragon Xingyu couldn't sit still after hearing that, and furiously attacked.

Dragon Xingyu was able to hold the position of commander due to his skills. He held a place in the Huangdao Sect, being the best among the half-step Heavenly Martial Realm, and was not on par with ordinary martial artists. He was only chosen for the position of commander-in-chief because of Emperor Jue Ming.

It would be false to say that Dragon Xingyu lacked skills.

As soon as Dragon Xingyu took action, explosions were heard incessantly. The surrounding storms rose, and the Sea of Flames covered the area, showcasing Dragon Xingyu's extraordinary abilities. However, both he and Chen Gang underestimated the Undying Demon's strength.

When Yang Chen fought Poisonous Wolf, it might have seemed like nothing to outsiders, but only Yang Chen himself knew how powerful Poisonous Wolf was. Even without the Yin Lizard, just having the Yang Lizard was enough to suppress Dragon Xingyu in a short time.

This made Dragon Xingyu panic, and he angrily cursed in his heart, "This damnable Chen Gang, didn't he say that the Undying Demon's strength had been greatly reduced and could not exert even 50% of his potential? Why is he still so powerful! When I return, I will make him pay!"

Angry as he was, he didn't know that Chen Gang had not lied. Without the Yin Lizard, Poisonous Wolf was like missing a left arm, and his strength was indeed greatly discounted.

The reason why he was still being suppressed was that his own abilities were lacking.

However, Dragon Xingyu was not so uncomposed as to lose his cool. He comforted himself by thinking, "No matter what, it's still unrealistic for this Undying Demon to defeat me in a short time. As long as I can delay him, I won't lose face. When there is enough time later, that boy surnamed Yang should have already led the surprise attack team to launch a sneak attack from the rear."

Delaying was indeed a great achievement.

Although he had high hopes, suddenly, Dragon Xingyu felt a chill on his back.

He clearly detected that a figure had appeared behind him. This figure was none other than the second Undying Demon, Skeleton Yin. Feeling the arrival of Skeleton Yin and accompanied by the astonishing suppression of the demonic Qi, Dragon Xingyu became completely flustered.

“Not good.” He screamed in terror.

However, when he realized something was wrong, it was already too late. Skeleton Yin’s attack came like a thunderbolt. With a piercing sound, Skeleton Yin’s claws penetrated Dragon Xingyu’s heart, lifting him high into the air.

Dragon Xingyu probably never imagined that he would fall in such a manner.

This could be described as just retribution.

“Hmph, too weak. Poisonous Wolf, you can’t have been defeated by this guy.” Skeleton Yin said gloomily.

Poisonous Wolf snorted coldly: “How could that be? Even without the Yin Lizard, I would have beaten him in a few rounds. The person who defeated me at that time was not him but someone else, who was only at the Eighth Layer of Earthly Martial Realm.”

“Eighth Layer of Earthly Martial Realm? Hmph, it wasn’t even this guy...what a waste.” Skeleton Yin ground his teeth.

The hearts of the two Undying Demons were anxious to find Yang Chen, while the humans were also panicked.

The deputy leaders were shocked to see Dragon Xingyu fall, especially Chen Gang, who was frightened out of his wits. He never expected that a second Undying Demon would suddenly appear.

“This is bad!” Zhang Zhongyi’s expression changed drastically.

Although they didn’t have a good impression of Dragon Xingyu, they couldn’t deny that Dragon Xingyu was still the commander-in-chief. His death had a huge impact on the battlefield situation.

“Why hasn’t young friend Yang launched a surprise attack from the rear yet? If he doesn’t come soon, I’m afraid we won’t be able to hold on.” Zhang Zhongyi and the others became anxious.

In terms of overall strength, humans were inherently slightly weaker than the Prohibition Demon Clan.

The situation was further ignited by Dragon Xingyu’s death.

The two Undying Demons were standing high in the sky, realizing Dragon Xingyu’s high position among the humans.

“It seems that this guy really has some status among humans. His death has caused quite a reaction on their side. Hmph, in that case, we’ll take advantage of the situation, force the kid out, and kill him!” Poisonous Wolf growled.

He and Skeleton Yin joined forces and decided to take advantage of the situation to attack.

However, just as they were about to take action, they suddenly felt something was wrong behind them.

Because there was an astonishing sound of fighting from the rear, and when they turned around, they saw a huge army at the back, with a large group of people appearing in a black mass. The team wreaked havoc on the rear of the Prohibition Demon Clan. Leading the group were none other than Yang Chen and Su Yao.
