## Chapter 1141 - 1141 1138 Another Contest with Su Yao\_1

Chapter 1141: Chapter 1138: Another Contest with Su Yao!\_1 Chapter 1141: Chapter 1138: Another Contest with Su Yao!\_1 Yang Chen and Su Yao killed all the guardians of the last defense line of the Forbidden Magic Clan and entered the battlefield directly, wreaking havoc like a fish in water.

As for the Forbidden Magic Clan, they showed no mercy.

Whether it was Yang Chen or the disciples of the Northern Territory Sect, upon seeing so many Forbidden Magic Clan members, their eyes turned red with killing intent. Their techniques were unleashed, and they dealt a heavy blow to the Forbidden Magic Clan from the rear, making the clan, which initially had the upper hand against the humans, instantly fall into chaos.

Seeing this scene, the joy surged in Zhang Zhongyi's side.

“Hahaha, that's great!”

“It's Young Friend Yang Chen!”

“Young Friend Yang Chen brought reinforcements!”

“Let’s kill them together, leaving no room for the Forbidden Magic Clan to counterattack!”

“With the surprise attack squad, annihilate them, leaving no armor behind! Brothers, charge!” Zhang Zhongyi shouted loudly, and the human army, which had just been rallying, charged frantically forward with high spirits.

With fires breaking out at the rear of the Forbidden Magic Clan and their frontlines under pressure, they were gradually retreating in the face of the overwhelming human army!

“Bone Yin Leader, it’s a disaster! A large number of humans somehow infiltrated from the rear! What should we do now?” Several Forbidden Magic Clan members hurriedly reported the news from high altitude.

“What can we do? Stop them!” The Bone Yin Immortal Demon roared angrily.

“But... we can’t stop them. We don’t know why they’re so strong, these people. The ones we sent, more than twenty Giant Strength Demons, couldn’t stop them at all... We’re at our wits’ end now!”

Bone Yin was about to speak when suddenly, another Forbidden Demon ran and shouted: “Bone Yin Sir, the human army has gone mad, frantically charging towards us! Our rear forces are not enough, and we can’t resist the human army anymore.”

Even if Bone Yin was foolish, he knew that things were not going well. They had been tricked.

“It must have been premeditated by the humans, for sure!” Bone Yin was furious. “I told you to be more careful in the rear, not to give the humans any opportunity, but you wouldn’t listen!”

Poisonous Wolf was equally annoyed. However, when he saw Yang Chen and Su Yao, his eyes turned red immediately.

“There’s no point in discussing this now, Bone Yin. Do you see the young man leading the human surprise attack team? He is the one who took my Yin Lizard. Let us put everything else aside and kill this guy, getting the Yin Lizard back first!” Poisonous Wolf roared.

“Fine, I’ll help you get the Yin Lizard back first. If there are heavy losses today, all the responsibility is on you!” Bone Yin scolded.

Poisonous Wolf couldn’t think too much now. To him, even with heavy losses, the price he would have to pay was incomparable to losing the Yin Lizard.

This was also the reason for his desire to get the Yin Lizard back.

“Let’s go!” Poisonous Wolf and Bone Yin spoke and went straight towards Yang Chen.

How could Yang Chen not sense the arrival of Poisonous Wolf and Bone Yin? Seeing the two Immortal Demons flying towards him, his face turned cold.

Su Yao was not far from him, and naturally, it wasn't difficult for her to feel the approach of two powerful Undying Demons.

"Who are they!" Su Yao shouted.

Yang Chen spoke slowly: "They are Undying Demons, also known as Leader Demons. They are the top Royal Forbidden Demons of the Demon Tribe. Their power is extremely terrifying, even stronger than Demon Kings. They most likely target me."

It seems Poisonous Wolf just couldn't let go of his Yin Lizard, he even brought another Undying Demon to kill him, huh?

If he wasn't with Su Yao today and faced the two Undying Demons alone, it would be a bit troublesome. However, things were different today because he had Su Yao by his side.

And Su Yao was an extremely combative person. Upon hearing that there were Forbidden Demons stronger than Demon Kings, she couldn't sit still.

"This is perfect, Young Master Yang. So, let's follow the old rules - men on the left, women on the right. I'll take the one on the right, and you take the one on the left. Let's compare our skills again, but I hope you won't purposefully hold back this time." After saying this, Su Yao directly charged out with swift efficiency.

Seeing Su Yao's haste, Yang Chen couldn't help but feel helpless. However, Su Yao's choice didn't worry him too much.

Su Yao had chosen the Poisonous Wolf Undying Demon on the left. The Yin Lizard was still in his hands, and Poisonous Wolf's strength couldn't be fully unleashed, not even half of it. Yang Chen believed that Su Yao's abilities should be enough to deal with him.

As for this new Undying Demon...

Yang Chen didn't know how powerful the Bone Yin Immortal Demon was, but he rushed straight towards him. In an instant, he was already in front of him.

"Hmph, I was planning to work with Poisonous Wolf to deal with you, but I didn't expect that the girl next to you is really not afraid of death, daring to block Poisonous Wolf!" Bone Yin sneered. "Aren't you afraid that your companion will be devoured without knowing how she died?"

"Oh? So that Undying Demon is called Poisonous Wolf? I see, but you don't have to worry. I have full confidence in my companion's abilities. Instead, you should have heard from your companion Poisonous Wolf what I did to your ally. Do you think you have a chance of winning without Poisonous Wolf on your side?" Yang Chen said slowly.

As he spoke, Yang Chen's mouth curled up, revealing a faint smile.

Hearing Yang Chen's words, Bone Yin responded coldly: "Ridiculous. It seems that defeating Poisonous Wolf has given you a lot of confidence. I'm not a waste who relies on treasures like the Yin-Yang Twin Lizards to face enemies. Once I defeat you, you'll regret it!"

As he spoke, Bone Yin suddenly opened his body. Following that, a huge meat wing appeared on his back. The meat wing flapped rapidly, causing more and more demonic Qi around Bone Yin, making his body increasingly blurred.

Eventually, he seemed to merge with the demonic Qi, and his traces were lost.

“Somewhat strange.” Yang Chen’s expression was indifferent.

Although he didn’t take Bone Yin to heart just now, how could Yang Chen, with his personality, let down his guard? As an Undying Demon, Bone Yin must have his skills.

“Divine Soul Detection can’t find him, and even the smell has disappeared.” Yang Chen began to think of a way. After all, if Bone Yin suddenly appeared, it would be quite complicated for him.

“If you think hiding will make it impossible for me to find you, then I can only say you’re too naive,” Yang Chen shouted.

He gradually covered his body with triple flames, then slowly spread them out. When his triple flames spread to the entire range of the demonic Qi, he didn’t believe there was no way to force Bone Yin out.

## Chapter 1142 - 1142 1139 Su Yao in Crisis\_1

Chapter 1142: Chapter 1139: Su Yao in Crisis\_1 Chapter 1142: Chapter 1139: Su Yao in Crisis\_1  
However, a shocking scene soon unfolded as his triple flames had already covered a vast area,

occupying the range of the Demonic Qi but still unable to detect the presence of the skeletal shadow.

Yang Chen instantly realized the truth!

This skeletal shadow was not hidden within the Demonic Qi. If it were hidden in the Demonic Qi, his triple flames would spread instantly, leaving no place untouched, and would force the skeletal shadow out.

The reason it was forced out was probably that the skeletal shadow had turned its body into a cluster of Demonic Qi.

In simple terms, this Demonic Qi was the skeletal shadow, and the skeletal shadow was this Demonic Qi!

“Hmph, these immortal demons do indeed have extraordinary abilities. This Demonic Qi is not a physical body, so targeting it for attack really isn’t an easy task!” Yang Chen shook his head.

The most critical point was that, after transforming into Demonic Qi, the skeletal shadow seemed to possess not only evasive capabilities but also a very strong offensive power.

A cry from the skeletal shadow resounded within the Demonic Qi.

“Hehe, now you know how powerful I am, don’t you? Your abilities are useless against me. Prepare to die.” As the voice of the skeletal shadow echoed, a large amount of Demonic Qi rushed straight towards Yang Chen.

Within this Demonic Qi, ghostly faces were born, each with their mouths wide open, tearing towards Yang Chen.

Yang Chen sensed the threat within the Demonic Qi and immediately evaded, knowing that if he was touched by it, it would likely pose a severe danger.

His triple flames had no effect on this Demonic Qi.

He was afraid that his Thunderbolt Style and other techniques would also have little impact on this Demonic Qi, as his attacks had no effect on it.

Seeing Yang Chen retreating at this moment, the skeletal shadow, Zhang Yang, laughed loudly: “Hmph, kid, where are you trying to escape to? Can you escape for a lifetime? Just accept your fate and die!”

Gradually, the Demonic Qi of the skeletal shadow spread wider and wider, covering an even more extensive area than before.

The critical point was that this Demonic Qi had actually transformed into a giant arm, which then reached out into the air towards Yang Chen. It seemed to want to capture Yang Chen and bring him back into the range of the Demonic Qi, using it to squeeze Yang Chen to death.

Naturally, Yang Chen was not so easily caught, but the more aggressive the skeletal shadow became, the more demonic hands were gradually formed in its Demonic Qi, trying to capture Yang Chen.

“Kid, you’re as good as dead,” said the skeletal shadow coldly.

“Really? I don’t think so.” Yang Chen unleashed his Lightning Movement Technique, dodging the many gigantic arms while muttering to himself.

“Hahaha, still daring to talk nonsense. How can you deal with me?” the skeletal shadow sneered.

Hearing this, Yang Chen’s mouth curled up. If it were someone else facing this skeletal shadow, they really wouldn’t have a way, but he might not be the same.

He directly took out his Nine-Star Gourd. When this gourd was created, Yang Chen pulled out the gourd plug and instantly absorbed a large amount of Demonic Qi into the gourd.

The Nine-Star Gourd can absorb many substances similar to True Qi, such as Black Fog Dragon Wind, which is actually formed from qi and wind, so it can be absorbed by the Nine-Star Gourd.

The same principle applied to this Demonic Qi, although it was both similar and different from the Black Fog Dragon Wind. This Demonic Qi wouldn’t be stored in the Nine-Star Gourd for too long, mainly because the Black Fog Dragon Wind caused the Nine-Star Gourd to fall into a long period of unusable state.

However, all Yang Chen needed to do was use the Nine-Star Gourd to absorb all this Demonic Qi. How long the Demonic Qi could persist in the gourd due to its inoperability was irrelevant to Yang Chen. Since the skeletal shadow was so keen to transform into Demonic Qi, absorbing it into the Nine-Star Gourd would naturally leave it with no other means. He just needed to wait a little longer, and Skeleton Yin would die within the Nine-Star Gourd due to his own methods.

Skeleton Yin clearly didn't expect Yang Chen to have such a trick. His body transformed into demonic qi, a part of himself, and the demonic qi was his strength. Now that the demonic qi was being absorbed, it was as if the energy of his body was being drawn away.

Most importantly, the absorption speed was extremely fast. In the blink of an eye, Skeleton Yin felt more than half of his strength being drained away.

"No!" Skeleton Yin reacted in time, instantly transforming back into a physical form.

Only after transforming back into a physical form did the absorption of the Nine-Star Gourd cease. However, there was no denying that the massive amount of energy absorbed just now was irretrievable.

Skeleton Yin's face was now full of horror, looking at Yang Chen and then at his Nine-Star Gourd. He roared, "Kid, I'm going to make you pay."

"With you in your current state?" Yang Chen replied with a mocking tone.

Only now did Skeleton Yin remember that a large amount of his demonic qi had already been absorbed by Yang Chen. For him, the transformed demonic qi was his everything. Now, his lifespan, strength, and all other aspects were greatly reduced.

With his current capabilities, how could he fight against Yang Chen?

This revelation sent chills down Skeleton Yin's spine. Not a complete fool, Skeleton Yin twisted his body, attempting to escape.

Seeing this, Yang Chen's expression turned cold, and he shouted, "Trying to escape? Don't you think it's too late?"

The Haiyin Immortal Demon, with its massive amount of demonic qi absorbed, was greatly weakened. With Yang Chen's skills, how could he possibly let Skeleton Yin get away?

A weed not uprooted will grow when the wind blows.

Yang Chen employed the Lightning Movement Technique, crossing the distance at extreme speed and blocking Skeleton Yin's path.

Skeleton Yin was horrified as Yang Chen's triple flames descended in an instant. Then, the Hongyan Spear appeared in Yang Chen's hand, accompanied by a crackle of thunder and lightning. Skeleton Yin's body fell from the sky and was completely turned to ashes by the triple flames.

Until his dying breath, Skeleton Yin never imagined Yang Chen would be such a formidable opponent. He thought that even if he was no match for Yang Chen, he wouldn't be killed. However, the result was that he didn't even manage to exchange a few moves with Yang Chen before being restrained by the Nine-Star Gourd and killed without the possibility of turning the tables.

After dealing with Skeleton Yin, Yang Chen turned his attention to Su Yao.

This time, he went all-out and defeated Skeleton Yin quickly. However, Su Yao was clearly not as fast as him.

Of course, he was not the type of person to be complacent about such things.

Now, looking at Su Yao, his expression became serious because Su Yao's overall situation was far from ideal.

In terms of individual strength, Su Yao was unlikely to be defeated by the Poisonous Wolf, which had already lost its Yin Lizard. Even if the Poisonous Wolf's Yang Lizard was extremely powerful, Su Yao's Annihilation Holy Seal was not to be underestimated.

However, the problem lay in the fact that the Poisonous Wolf was extremely afraid of Yang Chen. So much so that when he and Skeleton Yin teamed up to deal with Yang Chen, he had already summoned several Giant Strength Demons to help. These Giant Strength Demons pretended to fight with others, sneaking up to help him at key moments.

However, the Poisonous Wolf didn't expect that he wouldn't encounter Yang Chen but instead run into Su Yao first. He initially planned to quickly eliminate Su Yao, but who could have imagined that Su Yao would be so difficult to deal with, even suppressing him? Eventually, his defeat was just a matter of time.

Having no other choice, he had to summon the trap he had prepared beforehand. Just when Su Yao thought she was about to win, a total of five Giant Strength Demons appeared...

# Chapter 1143 - 1143 1140 No Way Out\_1

Chapter 1143: Chapter 1140: No Way Out\_1 Chapter 1143: Chapter 1140: No Way Out\_1 Having one or two wouldn't make much of a difference, but a full five was an overwhelming force for ordinary human martial artists. Originally, this combat power was meant to be deployed in the battlefield to crush humans. But no matter what, Du Lang couldn't possibly use it to deal with individuals. It was only because of Yang Chen's astonishing strength that they had prepared so much.

Although Su Yao was formidable, being assailed by five Giant Strength Demons all at once still left her at a disadvantage. As the battle began, one of the Giant Strength Demons struck her body.

Don't underestimate the power of a single Giant Strength Demon, because if they didn't hit their target, it wouldn't be a big deal.

But once they did, the consequences would be far from ordinary.

Su Yao was considered powerful enough to not immediately lose. She could still fight against the five Giant Strength Demons and Du Lang for a while. However, that would not be sustainable for long.

Looking at Su Yao now, her aura had substantially weakened, blood oozed from the corners of her mouth, and her body was in a sorry state.

"Hmph!" Su Yao snorted angrily, never imagining that she would end up in such a predicament.

All the disciples of the Northern Territory Sect were currently engaged in fierce combat, so who would pay attention to her condition? Yang Chen was also faced with a formidable enemy, and she feared that today her chances of surviving were slim.

She knew Du Lang's cunning very well. Even if Yang Chen wanted to single-handedly defeat a Giant Strength Demon, it wouldn't be something that could be achieved in a short period of time.

"Girl, I originally prepared these forces to annihilate that human companion of yours, but you just had to block this disaster for him. Since that's the case, stop talking and just obediently accept your fate." Du Lang looked condescendingly at Su Yao from above and gestured with his hands.

Understanding his intent, the five Giant Strength Demons showed no mercy and immediately tried to kill Su Yao.

With a light bite of her lips, Su Yao never thought her fate would be so miserable. However, since she was no ordinary woman and came from a prestigious sect in the Northern Territory, she couldn't die a disgraceful death.

"Hmph, if I die, it will be at my own hands. You Forbidden Demon Tribe using underhanded tactics to hurt me is truly despicable. Even if I end my own life today, I won't let you kill me." Su Yao made up her mind and began to circulate her True Qi in her palm, preparing to finish herself off.

Just as she was about to act, an astonishing pressure suddenly fell from the sky, causing a terrifying oppression below.

As the pressure descended, the five Giant Strength Demons couldn't help but violently step back.

Du Lang was also startled, and upon seeing the master of the oppressive aura, he exclaimed, "It's you!"

The person that appeared was none other than Yang Chen.

Yang Chen quickly intervened, "Miss Su, are you alright? On the battlefield, we must not give up on ourselves prematurely. We must believe that miracles can happen at any moment!"

Hearing these words, Su Yao inexplicably blushed instead of getting angry as she usually would.

However, she still defied him and retorted, "It's none of your business."

How could Yang Chen argue with Su Yao? Seeing that she wasn't too badly injured, he stood with his hands behind his back, his gaze locked on the Giant Strength Demons and Du Lang.

"There are five Giant Strength Demons, plus that Undying Demon. Young Master Yang, we should retreat for now!" Su Yao's delicate eyebrows furrowed.

"We are currently behind the Forbidden Demons. Where can we retreat? Miss Su, we currently have no way out. I, Yang Chen, can only fight for my life here." Yang Chen had a resolute look in his eyes, steadied his stance, and gripped the Hongyan Spear tightly.

He didn't want to step on this nail, but there was no way out now. The rear offered no escape, so retreating was complete nonsense. Additionally, the mission of their surprise attack team was extremely difficult and precluded the option of retreat.

Moreover, he and Du Lang were destined for a life and death battle."Yang!" Poisonous Wolf roared, "You showing up here, could it be that Skeleton Yin is..."

"That's right, he's already dead." Yang Chen's tone was cold.

Su Yao was greatly surprised, Yang Chen had actually managed to swiftly deal with an Undying Demon?

Hearing that Yang Chen had dealt with an Undying Demon, the faces of the five Giant Strength Demons changed drastically. The Prohibition Demon Clan was also a living being, they had emotions, and they knew what fear was.

Poisonous Wolf knew the Giant Strength Demons were afraid, he snorted, "Yang, don't think that just because you've solved Skeleton Yin, everything is fine. You will still die today."

"Die? Poisonous Wolf, you couldn't kill me during your peak, and I even snatched a Yin Lizard from you. What, you think one Yin Lizard isn't enough and want to give me your Yang Lizard too?" Yang Chen laughed.

His laughter made the blood in Poisonous Wolf's body churn, and he looked like he was ready to fight Yang Chen to the death.

Poisonous Wolf angrily said, "Attack, kill these two!"

The five Giant Strength Demons did not hesitate and took action one after another, naturally, their power didn't need to be mentioned. Just looking at Lin Hao fighting against two Giant Strength Demons, it's clear that when there are more of them, it's not as simple as one plus one. When five of them attack together, their combined strength is even more powerful.

With a Poisonous Wolf controlling the Yang Lizard at the rear, Yang Chen couldn't help but smile bitterly in his heart. He had to admit that Su Yao's suggestion to retreat first was a good one.

Unfortunately, he had no other choice but to fight with all his strength.

"Hmph!" Seeing the arrival of the Five Giant Strength Demons, Yang Chen stomped down with a fierce step.

He held the Hongyan Spear in his hand and faced the approaching Giant Strength Demons with a horizontal sweep of the spear.

"Mountain Collapsing Style!"

The power of Mountain Collapsing Style was fully displayed. In the high altitude, air layers rippled, followed by the Earth cracking inch by inch, spreading for several hundred zhang, even thousands of zhang before stopping.

The several Giant Strength Demons on the ground were all affected, but just as the impact was most critical, Poisonous Wolf suddenly rushed out, and the Yang Lizard opened its mouth, eating all the remaining force of the Mountain Collapsing Style, preventing it from reaching its full power.

Yang Chen clenched his teeth secretly, "This Poisonous Wolf is still extremely troublesome even with only one Yang Lizard!"

Poisonous Wolf shouted, "Yang, today is the day of your death!"

"Want to kill me? You guys aren't enough!" While Yang Chen was speaking, he suddenly opened the lid of the Nine-Star Gourd, and immediately, layers of Demonic Qi gushed out.

Within the Demonic Qi were numerous ghost faces, it was actually the technique Yang Chen had absorbed from Skeleton Yin.

Originally, Yang Chen thought the Nine-Star Gourd would be difficult to use again for half a year, but Demonic Qi was different from True Qi and he didn't plan to store it for too long. So he forcefully used it and found that the effect was not disappointing.

Poisonous Wolf had intended to let the Yang Lizard open its mouth to swallow the technique Yang Chen had used, but when he saw that it was Demonic Qi, even Poisonous Wolf himself was shocked, as the Yang Lizard doesn't eat Demonic Qi.

"Not good, this is Skeleton Yin's technique, get out of there!" Poisonous Wolf tried to warn them.

However, by the time he warned them, it was already too late. The Demonic Qi dispersed, and while the numerous ghost faces didn't pose much threat to Yang Chen, they did give him a helping hand, attacking the Five Giant Strength Demons with ferocious bites.

## Chapter 1144 - 1144 1141 Demon Emperor Takes Action\_1

Chapter 1144: Chapter 1141: Demon Emperor Takes Action\_1 Chapter 1144: Chapter 1141: Demon Emperor Takes Action\_1 Yang Chen didn't rush to deal with the five Giant Strength Demons, he knew it wouldn't be a quick battle. The key was to focus on Poisonous Wolf.

If Poisonous Wolf cooperated with the five Giant Strength Demons with the aid of Yang Lizard, even he would have some trouble. So he used the Demonic Qi to delay the Giant Strength Demons and decided to deal with Poisonous Wolf first.

Apparently, Poisonous Wolf saw through Yang Chen's intentions and was afraid. His two lizards, when they were both present, were not necessarily a match for Yang Chen. Now, only one lizard was left, so its strength was greatly reduced. How could it withstand Yang Chen?

With this thought in mind, Poisonous Wolf turned to escape immediately, and his speed was not as fast as before.

Although Poisonous Wolf was fast, he still fell short in front of Yang Chen.

Yang Chen had made some preparations for his attack this time. When he saw Poisonous Wolf fleeing in a hurry, he took out several Spirit Talismans.

One of the talismans turned into a breeze under his feet, which, together with his wings and Lightning Movement Technique, instantly chased after Poisonous Wolf.

The other talismans were burned one after another, turning into layers of waterfall-like water cloth, which fell from the sky and blocked Poisonous Wolf's path.

"Damn it." When Poisonous Wolf saw his way blocked by the waterfalls, he controlled Yang Lizard to quickly absorb them.

Just as Poisonous Wolf was focusing on absorbing the waterfalls, a terrible lightning bolt struck him.

"Twenty-four Thunder Annihilation!"

Yang Chen wouldn't give Poisonous Wolf any room to breathe. Taking advantage of his focus on the waterfalls, he quickly used the Twenty-four Thunder Annihilation technique.

Now, Poisonous Wolf had no time to deal with anything else and was directly hit by the Twenty-four Thunder Annihilation.

"Ahh!" Poisonous Wolf screamed in pain, his agony echoing in the air.

Seeing this, Yang Chen instantly closed in on Poisonous Wolf and launched his Hongyan Spear with gathered True Qi: “Mountain Breaking Cannon!”

The power of the cannon was perfectly released, directly hitting Poisonous Wolf who had already been struck by the Twenty-four Thunder Annihilation. Although he wasn't dead yet, he couldn't recover immediately, let alone resist Yang Chen's Mountain Breaking Cannon.

The power of Mountain Breaking Cannon spread out instantly, with Poisonous Wolf at its center.

With a loud explosion, a storm echoed all around. When the dust settled, Poisonous Wolf's body had been completely shattered, leaving only a panicked Yang Lizard in the air.

Poisonous Wolf had completely perished!

Having killed Poisonous Wolf, Yang Chen breathed a sigh of relief. Now that both Skeleton Yin and Poisonous Wolf had been dealt with, the Prohibition Demon Clan had lost their leaders, making it easier to handle them.

But before dealing with future issues, he needed to capture the Yang Lizard first.

With this in mind, Yang Chen made a big grab and shouted, “Come to me!”

Having only the Yin Lizard was helpful but limited. If he could capture both Yin and Yang Lizards, the significance would be different.

Yang Chen would be delighted, so he immediately tried to capture the Yang Lizard.

Just as he was about to take action, suddenly, a terrifying crack appeared in the air. The crack grew bigger and bigger, and then, a huge palm suddenly slapped towards Yang Chen.

“Not good.” Yang Chen’s face changed dramatically. He didn’t know what had happened, but he knew that if he were hit by this slap, he would undoubtedly be dead.

The power contained in this palm was too terrifying.

Fortunately, this palm seemed to be subject to some spatial constraints, so its speed was not too fast, and the distance it could extend was limited. Yang Chen retreated dozens of feet, and the palm had already reached its limit, unable to harm Yang Chen anymore.”Hmph, little brat, dare to target my Yin-Yang Twin Lizards? Huh? The Yin Lizard is gone, it must be you, kid, who took it. Kiddo, die!” The hand’s owner saw only one lizard and instantly became furious. The rift actually grew larger, and its palm broke through the limits of its strength, grabbing at Yang Chen.

“Not good.” Yang Chen’s face changed instantly, not expecting this palm could stretch even longer.

Moreover, its speed was astonishingly fast, even outpacing Yang Chen’s Lightning Movement Technique.

Just as Yang Chen was about to use another trump card, a sudden change occurred, and a familiar voice echoed.

“Xieluo Demon Emperor, dare to stretch your demonic hand into the Earth Martial Realm Battlefield, today, I shall sever one of your demonic hands!”

Hearing this voice, the owner of the palm was obviously afraid, saying with trepidation: “Bai Yudi, you dare to stop me, you’re asking for it.”

As they spoke, the giant hand that was trying to grab Yang Chen was suddenly cut off by an invisible force. Then, the space rift healed itself, returning to its original state, as if nothing had happened.

At this moment, Yang Chen broke out into a cold sweat, not understanding why, but with his wisdom, he quickly guessed most of the details.

Perhaps, the original owner of these Yin-Yang Twin Lizards was not the Poisonous Wolf, but this Forbidden Demon named Xieluo Demon Emperor.

This Xieluo Demon Emperor most likely sensed that the Yang Lizard was about to be captured, so he tore space with one hand, attempting to stop Yang Chen.

However, what puzzled Yang Chen was, “Why didn’t the Xieluo Demon Emperor appear when I captured the Yin Lizard last time?”

After some thought, Yang Chen understood that last time he didn’t kill the Poisonous Wolf. Perhaps the Xieluo Demon Emperor set a prohibition on the Poisonous Wolf. If the Poisonous Wolf died, he could instantly sense it, then take the Yin-Yang Twin Lizards away to prevent them from falling into others’ hands.

Unfortunately, the Xieluo Demon Emperor's plan wasn't perfect. He never could have anticipated Yang Chen taking the Yin Lizard without killing the lucky Poisonous Wolf.

"Speaking of which, I have to thank Senior Bai Yudi. If it weren't for Bai Yudi's timely intervention, I might have really fallen here today." Yang Chen sighed incessantly.

This Demon Emperor's strength was truly terrifying. Stretching his reach across a battlefield, just one hand was so powerful that it made Yang Chen feel powerless.

With this in mind, Yang Chen looked into the distance, "Huh? The Yang Lizard is gone? It seems that it was taken away by the Xieluo Demon Emperor before the arm was severed. Well, getting one Yin Lizard is enough for me. As for the Yang Lizard being taken by the Xieluo Demon Emperor, I'll deal with it later."

As Yang Chen turned around, at the same time, the five Giant Strength Demons also shook off the harassment of the Skeleton Yin Demonic Qi and turned around to deal with Yang Chen. But they were frightened by Yang Chen's actions of killing the Poisonous Wolf and the matter involving the Demon Emperor's battle.

"Ah, the leader is dead."

"We're going to fight him to the death!" The five Giant Strength Demons charged frantically at Yang Chen.

Su Yao, on the other hand, was watching from a distance, deeply shocked.

She knew she had lost, thoroughly.

Yang Chen not only swiftly defeated the Skeleton Yin with speed, but also quickly killed the Poisonous Wolf under the siege of the five Giant Strength Demons. She couldn't even find any excuses for herself.

Of course, she wasn't narrow-minded after all. Seeing Yang Chen kill the Poisonous Wolf, she knew what she needed to do now.

Now that the Prohibition Demon Clan is leaderless, both Leader Demons are dead. This news, once spread, the Prohibition Demon Clan is sure to collapse!

It's not difficult for Su Yao to spread this news. She infused her throat with True Qi and shouted, "Both Leader Demons have been defeated by our own Yang Xilin. Are you Prohibition Demons not yet ready to surrender? Those who do not bow down will be killed without mercy!"

Naturally, she couldn't expect the Prohibition Demon Clan to be genuinely frightened and choose to surrender. All she wanted was to create an impact and scare these Prohibition Demons!

Although she didn't speak the Demon language, she believed that someone would understand her and translate her words.

## **Chapter 1145 - 1145 1142 The Great Emperors Arrival\_1**

Chapter 1145: Chapter 1142: The Great Emperor's Arrival\_1 Chapter 1145: Chapter 1142: The Great Emperor's Arrival\_1 Yang Chen not only swiftly defeated Skeleton Yin, but he also quickly killed Poisonous Wolf while surrounded by the five Giant Strength Demons. She couldn't even find an excuse for herself.

Of course, she was not narrow-minded after all. Seeing Yang Chen defeat Poisonous Wolf now, she knew what she had to do.

Now that the Prohibition Demon Clan was leaderless, with the two Leader Demons killed, it would be inevitable that their defeat would be like a collapsing mountain once this news spread!

For Su Yao, it was not difficult to spread this news. She filled her throat with True Qi and shouted, "Both leader demons have been taken down by our human, Yang Xilin. If you demons do not surrender quickly, there will be no mercy for those who do not submit!"

Naturally, she could not expect the Prohibition Demon Clan to be truly frightened by her words and choose to surrender. She wanted to influence them, to scare these demons with her words!

Although she didn't know the language of the Prohibition Demon Clan, she believed that someone would understand it and translate it.

As she expected, when the Prohibition Demon Clan heard her words, many demons instantly fell into chaos, and many of them were shocked to find that Skeleton Yin and Poisonous Wolf were indeed gone.

"The leader Skeleton Yin and Poisonous Wolf are gone."

“They have all disappeared.”

The news spread rapidly, and the initial disappearance of the two leaders gradually changed to their fall. The entire Prohibition Demon Clan lost their backbone for a moment, becoming disorganized in an instant.

The leaderless Prohibition Demon Clan could hardly gather together again for a while. Without their main force, they were bound to be passive. In the blink of an eye, at least thirty percent of the demons were killed on the battlefield.

Both internal and external attacks directly wrapped the demons like dumplings, making it impossible for them to retreat in the first place.

Fortunately, the Tiger Saber Demon King, who was under Poisonous Wolf’s command, wisely gathered the power of many other demons and forcibly opened a gap in the encirclement of the Northern Territory Sect, rushing out.

Although the disciples of the Northern Territory Sect were numerous, they were still somewhat inferior compared to the Demon Army. Under the strong leadership of the Tiger Saber Demon King, the Northern Territory Sect had to let them retreat temporarily.

However, leaving obviously came at a price. The human army chasing behind them was killing them relentlessly.

The demons led by the Tiger Saber Demon King who escaped were only a part of the entire clan. For a time, the entire Prohibition Demon Clan became completely chaotic. Apart from the group led

by the Tiger Saber Demon King, they were all fighting on their own, with the dead dead and the injured injured.

Yang Chen was fighting the five Giant Strength Demons alone, reducing the pressure on the battlefield.

Su Yao was amazed by this scene, because, even in the face of the five Giant Strength Demons, Yang Chen did not fall short. Instead, he displayed his divine powers and single-handedly suppressed the five Giant Strength Demons.

If the fight went on, there would be two outcomes.

One, all five Giant Strength Demons would die. Two, Yang Chen would escape. Su Yao could say with certainty that the five Giant Strength Demons could not kill Yang Chen in any case.

Too outstanding, that was the only phrase that emerged in her mind. She had seen the top geniuses of the Royal Family, but she felt that there were very few who could match Yang Chen.

Indeed, it was not an easy task for Yang Chen, who had already used the Mountain Collapsing Cannon once, to defeat the five Giant Strength Demons in a short time. However, given time, he could still defeat them.

Comparatively, the five Giant Strength Demons were much less intelligent. He only needed to use a little trick to eliminate one Giant Strength Demon first!

At this moment, Yang Chen used the triple flames to hold back three Giant Strength Demons, then intentionally lured one away to face it alone.

Dealing with one was much easier.

“Break for me!” At this moment, Yang Chen employed the Mountain Collapsing Style. As soon as the move landed, it instantly enveloped the entire Giant Strength Demon.

“Twenty-four Thunder Annihilation!” Under Yang Chen’s terrifying power, the Giant Strength Demon tried to resist, but to no avail. In the end, it was killed by Yang Chen’s consecutive deadly attacks.

After eliminating one Giant Strength Demon, Yang Chen quickly targeted the other four.

His triple flames could easily hold off three Giant Strength Demons simultaneously. While holding off the three, he easily disposed of one.

Now, with one down, only four were left, and it was much simpler for him.

Yang Chen laughed loudly and struck again, killing the second Giant Strength Demon. Now that he had killed two, the remaining three were no match for him. They all died under Yang Chen’s attacks.

All five Giant Strength Demons were annihilated.

Su Yao witnessed this scene, and even though she was prepared for it, she was still shocked and stared with wide eyes.

Yang Chen really did it! He fought one against five and defeated the five Giant Strength Demons. This terrifying record was indeed astonishing.

“Miss Su, have you recovered a bit?” Yang Chen asked with a smile.

As he asked, his face looked somewhat pale because the previous battle had consumed a lot of his True Qi. Even though he possessed Innate True Qi, the continuous consumption of True Qi in battle still made him feel a little overwhelmed.

Su Yao took a deep breath and said, “I’ve recovered quite a bit. Young Master Yang, now that our human forces have gained the upper hand, we must seize this opportunity to create a breakthrough in the Earth Martial Realm Battlefield, and break through the Prohibition Demon Clan’s defense!”

“I have the same idea!” Yang Chen agreed with a nod.

At this moment, the human army was full of fighting spirit. The formidable Earth Martial Realm Warriors chased after the Prohibition Demon Clan, and in just a short while, they conquered the enemy’s battlefield and occupied their territories.

The Prohibition Demon Clan had no choice but to retreat from the Earth Martial Realm Battlefield and try to consolidate their rear line.

Meanwhile, the human warriors in the Earth Martial Realm Battlefield chased all the way to the rear line of the Prohibition Demon Clan and launched a new round of battles.

However, the battles were quickly halted.

Soon after, powerful auras descended upon the battlefield. First, Heaven Martial Realm Warriors appeared, followed by several Great Emperors.

Not only the Human Emperor and Heaven Martial Realm Warriors, but many Demon Emperors from the Prohibition Demon Clan also appeared, occupying the entire battlefield.

However, the two sides had different moods.

The human side's Great Emperors were obviously happier, while the several Demon Emperors of the Forbidden Magic Clan were frowning and looking very worried, seeing the many Earth Martial Realm Forbidden Demons and appearing to be on the verge of losing their tempers.

“Great Emperor!”

“Greetings to the Great Emperor.”

Every Earth Martial Realm Warrior from the human side respectfully greeted the Great Emperors when they saw them.

Yang Chen also respectfully greeted them. While doing so, he noticed that there were now more human Great Emperors – the number had increased from five to nine.

“Rumor had it that the Northern Territory Sect had about three Great Emperors. I didn’t expect there would be as many as four. And they all arrived at once?” Yang Chen took a deep breath.

## Chapter 1146 - 1146 1143 It Was Young Master Yang Who Did

Chapter 1146: Chapter 1143: It Was Young Master Yang Who Did It\_1 Chapter 1146: Chapter 1143: It Was Young Master Yang Who Did It\_1 In that case, the Northern Territory Sect was indeed impressive. Even if ordinary powers were to send reinforcements, they would surely leave a few great emperors at home. The so-called support was merely a show.

But this Northern Territory Sect had sent four great emperors in one go, which was probably their full strength.

In the sky, there were nine great emperors on each side, and nobody acted recklessly against the nine demon emperors of the Forbidden Demon Clan.

“Eh, didn’t they say there were eleven demon emperors in the Forbidden Demon Clan? Now there are only nine left? It seems that in the great emperor battlefield, we humans have taken quite an advantage.” Yang Chen muttered to himself.

Hearing the greetings of the warriors below, the human great emperors were quite pleased.

“Hahaha, you all did very well, really well.” Emperor Shi Neng, Emperor Jue Ming, Bai Zang, and others all laughed heartily.

“Master He Tan, your Northern Territory Sect is truly powerful! As soon as you arrived on the battlefield, you helped us break through the Forbidden Demon Clan’s defense, allowing us to advance even further and crush their prestige!” Bai Wei laughed heartily.

He Tan stroked his beard and chuckled: “Brother Bai Wei, you’re too kind. I clearly saw that the young friend seemed to have killed the leader of the Demon Clan in the Earth Martial Realm, forcing the Evil Luo Demon Emperor to tear through space to retrieve his treasure. That’s the key to victory! Our role in the Northern Territory Sect was just to assist!”

A great emperor wearing the same robes as He Tan spoke slowly while standing in the sky: “I’m also very curious, who is this young friend? Come up and meet us!”

Bai Yu Di was also surprised. At that time, he was only trying to stop the Evil Luo Demon Emperor, but he didn’t know who was the real cause of the Demon Emperor’s fury.

Unable to contain his curiosity, Bai Yu Di asked: “Bai Luo Teng, come here!”

Bai Luo Teng, a deputy commander of the Earth Martial Realm battlefield and a member of the Bai family, had been personally arranged by Bai Yu Di. Hearing Bai Yu Di’s words, he quickly soared into the air.

Seeing that the great emperors were all focusing on him, Bai Luo Teng couldn't help but feel nervous. After a while, he finally said, "Ancestor!"

Bai Yu Di asked, "Do you know who killed the leader of the Earth Martial Realm battlefield? The rage of the Evil Luo Demon Emperor doesn't seem to have been caused just by the siege!"

Bai Luo Teng thought for a moment and said, "Ancestor, I'm not quite sure about this. I vaguely remember that Miss Su Yao from the Northern Territory Sect dealt with an immortal demon on her own. As for the others, I'm not sure. At that time, I was too excited and didn't have time to observe other parts of the battlefield."

Many people were in the same situation as Bai Luo Teng, as they were too engrossed in the fight to pay attention to anything else.

Although quite a few martial artists knew what was going on, no one dared to speak up without being asked.

The great emperors of the Northern Territory Sect laughed upon hearing this news.

Did Su Yao handle an immortal demon on her own? Didn't that mean she single-handedly took care of an immortal demon?

This was a matter that brought glory to their Northern Territory Sect!

He Tan of the Northern Territory Sect laughed heartily: “Su Yao, come here quickly and tell me how you killed that immortal demon. Your Sect Leader will reward you heavily today!”

With a wry smile, Su Yao arrived in the sky. Hearing her sect leader mention this matter, she had to say, “Sect Leader, the truth of this matter is a bit different from what you think!”

“What’s the matter?” asked the great emperor next to He Tan.

“Actually, there were two immortal demons in the Earth Martial Realm, not just one,” said Su Yao.

“Two?” He Tan nodded, “I see, so how many did you kill?”

He still had high expectations for Su Yao, after all, she was the Northern Territory Sect’s top disciple, which was a matter of face.

With embarrassment, Su Yao said, “I didn’t kill any of them!”

“What!” He Tan, Lin Guang, and the other two great emperors of the Northern Territory Sect were dumbfounded. So it turns out that the person who killed the two immortal demons wasn’t Su Yao from their sect?

So who was it?

The other great emperors were also stunned.

Even though they all unconsciously thought it was Su Yao who had killed them, they were still not completely convinced since Su Yao was the top disciple of the Northern Territory Sect. But who would have thought that the immortal demons weren't killed by Su Yao? So who killed them?

Su Yao had no intention of concealing the truth and said, "It was Young Master Yang Xi Lin!"

"Yang Xi Lin?"

"Who is he?"

The people from the Northern Territory Sect were puzzled, but Bai Wei and others were quite familiar with him. Hearing this name, Bai Wei and Emperor Shi Neng looked at each other, their eyes filled with disbelief.

They never expected Yang Chen to appear on the battlefield, let alone kill two immortal demons.

"Young friend Yang, quickly come to see this emperor!" Emperor Shi Neng ordered.

Yang Chen did not hesitate and swiftly appeared before the great emperors.

Bai Wei and Emperor Shi Neng looked at Yang Chen's current appearance and couldn't help but be relieved: "No wonder, you've reached the eighth level of the Earth Martial Realm. Well done, not bad!"

"Really!" He Tan and Lin Guang couldn't quite understand: "You two, do you really believe this kid did it?"

They doubted whether Su Yao from their sect had lied.

Could someone at the eighth level of the Earth Martial Realm really kill an immortal demon on the verge of the Heavenly Martial Realm? That's simply nonsense.

Bai Wei laughed heartily: "You two, I've been used to such strange occurrences with this young friend. When Yang Chen was at the second level of the Earth Martial Realm, he managed to take down a seventh-level Red Kill Demon. Now that his strength has greatly increased, it is indeed shocking that he killed an immortal demon, but when you think about it, it's not strange at all."

Emperor Shi Neng nodded with a kind smile: "You two don't know this, but young friend Yang is the number one genius in our Western 42 Territories. The kid is a freak."

Although the two emperors were shocked, they had already seen Yang Chen's capabilities before and had come to terms with it.

He Tan and Lin Guang still hadn't fully come to terms with it.

Yang Chen didn't want to draw attention to himself, but seeing that the two great emperors still didn't seem completely convinced, he had to say, "I pay my respects to the great emperors!"

He Tan and the other great emperors from the Northern Territory Sect kept asking Su Yao about her safety and the situation in the Earth Martial Realm. Most of their questions, however, were about Yang Chen.

As for Bai Wei and the others, they were looking at Yang Chen more favorably and couldn't stop smiling: "Hahaha, young friend Yang, you have made a great contribution this time, not only for the victory but also for preserving the dignity of our twelve western territories!"

"What do you mean, Elder Bai Wei?" Yang Chen asked.

"The Northern Territory Sect's support has helped us win on the battlefield, which is what they should be doing. However, if the credit for the victory was only due to the Northern Territory Sect, then our Western 42 Territories would have lost face. Although this matter isn't a big issue, everyone prefers not to lose face in front of outsiders." Emperor Shi Neng stroked his beard.

## The Supreme Martial King Shocking All Realms

Chapter 1147: Chapter 1144: Biting Back\_1 Chapter 1147: Chapter 1144: Biting Back\_1 Upon hearing this, Yang Chen couldn't help but chuckle. It wasn't a strange occurrence; it was a common human reaction and perfectly normal.

Bai Wei couldn't help but say, "Now that you've defeated two Undying Demons, it represents the victory of the Earth Martial Realm Battlefield, and the Northern Territory Sect didn't have to rely solely on themselves. As such, the honor of our Western 42 Regions has been preserved."

"Senior, you overpraise me," said Yang Chen respectfully.

"Oh? You deserve the praise," Emperor Shi Neng laughed. "Young friend Yang, do you know the great thing you've accomplished? Your victory has helped humans take a huge step forward."

"I only contributed to the victory of the Earth Martial Realm Battlefield; seniors give me too much credit," Yang Chen said with a smile.

"Haha, young friend Yang, you may not know, but even though your victory may seem to only have an impact on the Earth Martial Realm Battlefield, as long as we win there, we will win in the other battlefields as well," several Great Emperors laughed.

Yang Chen didn't quite understand.

Seeing Yang Chen's confusion, Emperor Shi Neng laughed, "Young friend Yang, you seem not to understand. However, if you think about it simply, it will become clear. You've pushed the Prohibition Demon Clan's forces back, which means their territories become ours. With the Earth Martial Realm Battlefield's Prohibition Demon Clan retreating, if the Prohibition Demon Clan on other battlefields doesn't withdraw, we can use this opportunity to pressure them. The Prohibition Demon Clan has no choice but to retreat."

"Simply put, not just the Prohibition Demon Clan but even us. If one battlefield is lost, the rest must also withdraw one battle line. Otherwise, it is too easy for the enemy to take advantage. Our repeated withdrawals were rooted in the immaturity of the Earth Martial Realm Battlefield. As the Earth Martial Realm Battlefield fell, our other battlefields had to withdraw as well. However,

young friend Yang, you miraculously turned the tide and caused the Prohibition Demon Clan to lose. As a result, their entire forces must withdraw one battle line, and we humans have achieved our first victory! Hahahaha!” Emperor Jue Ming also laughed.

Yang Chen suddenly understood why the Demon Emperors on the other side had such unpleasant expressions throughout the entire ordeal.

“Young friend Yang, you’ve accomplished a great feat. Don’t hesitate to tell us what you want as a reward. We five emperors will not hesitate to grant it if we can,” several Great Emperors said, clearly very happy.

Upon hearing this, Yang Chen fell silent, deep in thought.

Such a reward was almost an unreachable goal for anyone else, and it was an honor for anyone who could obtain it.

However, Yang Chen was well aware that these Great Emperors were only momentarily happy, and he shouldn’t make any unreasonable requests. Yet, if he proposed something useless, it would be no different from not asking at all.

If he didn’t ask for anything, it seemed like he didn’t care about these Great Emperors.

With this in mind, Yang Chen said, “Senior Emperors, I haven’t thought about my request yet. How about we discuss it in the future?”

“Oh? That will work too,” the several Great Emperors had no objections.

“In that case, I hope that when I propose my request in the future, the Senior Emperors can promise me one thing!” said Yang Chen.

“Oh? Kid, what are you holding back? Just say it,” Bai Wei waved his hand.

Bai Zang stroked his beard, “Kid, although we agree to your request, we will not accept anything that goes against reason and principle.”

Yang Chen spoke solemnly, “Seniors, don’t worry. I won’t ask anything that would harm others or beyond the abilities of the Senior Emperors. I merely want the Senior Emperors to agree that when I propose my request, no matter if they agree or disagree, they must not disclose anything about it!”

“Oh?”

Several Great Emperors were puzzled, not knowing what Yang Chen was trying to say. However, they were in a good mood today and didn’t have any other thoughts.

“Alright, no problem, we promise you. No matter what request you make, we will not disclose anything about it.”

Yang Chen saw that several Great Emperors had agreed, and he was relieved. Although the Great Emperors' words weren't as good as gold, they held extraordinary statuses and were unlikely to break their promises.

He had already thought about the condition he wanted to propose but didn't express it just yet. Instead, he waited for an appropriate opportunity.

Emperor Jue Ming, who had just agreed to Yang Chen's request, looked puzzled and asked, "Hey, where's Dragon Xingyu?"

Dragon Xingyu was his appointed Commander, and he had made a great effort to place him there, but he couldn't see Dragon Xingyu now, which caused him to frown.

Hearing Emperor Jue Ming's words, a miserable cry suddenly emerged, along with a figure's appearance. Wasn't this Yu Gang?

When Yu Gang appeared, he cried out loudly, "Ancestor, Dragon Commander... Dragon Commander has fallen in battle!"

Upon hearing this, Emperor Jue Ming was shocked.

The expressions of the other several Great Emperors differed, but most didn't care much about Dragon Xingyu's death. To put it nicely, Dragon Xingyu had nothing to do with them. To put it bluntly, what difference would it make if a mere Earth Martial Realm Battlefield Commander-in-chief died?

Another one could be chosen if he died.

Yang Chen was also taken aback. Dragon Xingyu was narrow-minded, and given the opportunity, Yang Chen had wanted to teach him a lesson. However, since Dragon Xingyu was the Commander-in-chief, Yang Chen had to hold back.

But who would have thought that he didn't do anything, yet Dragon Xingyu still died in battle?

Yang Chen showed no sadness but, of course, he wasn't the type to add insult to injury either.

However, what infuriated and amused him was that he didn't intend to rub salt in the wound, but Yu Gang tried to bite him back instead. As he whined and cried, Yu Gang said resentfully, "Actually, Dragon Commander shouldn't have died..."

"What happened!" Emperor Jue Ming's expression changed dramatically, and he immediately wanted to investigate.

Yu Gang gritted his teeth and said, "It was like this: Dragon Commander was fighting the Chief Demon of the Prohibition Demon Clan when Yang Xilin led a surprise attack team. If Yang Xilin had appeared earlier, Dragon Commander would have had no problems at all. However, Yang Xilin was just a little bit late, which led to Dragon Commander's death on the spot. I suspect that Yang Xilin did it on purpose."

Seeing Yang Chen's accomplishments and praises from the several Great Emperors earlier, Yu Gang was really worried.

He was afraid that Yang Chen, once successful, would find ways to target him. After all, after Dragon Xingyu's death, the most eligible person to be the Commander-in-chief was Yang Chen.

If Yang Chen became the Commander-in-chief, would he spare Yu Gang, who had once tried to harm Yang Chen?

As soon as he thought of this, Yu Gang made up his mind, trying to act first and bite Yang Chen back using Emperor Jue Ming's influence and Dragon Xingyu's death as leverage!

## Chapter 1148 - 1148 1145 Su Yaos Thoughts\_1

Chapter 1148: Chapter 1145: Su Yao's Thoughts\_1 Chapter 1148: Chapter 1145: Su Yao's Thoughts\_1 He still couldn't believe that the death of a Commander-in-chief couldn't defeat Yang Chen.

Admittedly, Yu Gang's original intention was good, but as soon as he finished speaking, the expressions of several Emperors around him changed instantly, including Emperor Jue Ming.

Yang Chen didn't expect Yu Gang to bite him first and laughed in anger. Before he could defend himself, several deputy leaders couldn't stand it anymore.

"Several Great Emperors, we are very sad about Dragon Commander's death, but Yu Gang...Even if Young friend Yang has divine powers, he can't control the timing of Dragon Commander's death and the sneak attack, can he?"

“Yu Gang, think before you speak. How can Young friend Yang in the rear pay attention to the situation ahead?”

“Nonsense.”

Yu Gang didn't expect that his reputation was so bad that everyone pointed their fingers at him as soon as he wanted to put the blame on Yang Chen.

What he didn't know was that he had made a huge mistake.

He shouldn't have brought up this matter just after Yang Chen was praised by several Great Emperors. Even if the death of Dragon Xingyu was really related to Yang Chen, several Great Emperors would not punish him because of this.

First, the value of Dragon Xingyu and Yang Chen is obvious to anyone who compares them.

Second, these Great Emperors had just praised Yang Chen, and punishing him now would be a slap in their own faces.

The deputy leaders saw through this, so they helped Yang Chen without hesitation, but Yu Gang didn't understand the situation.

Emperor Shi Neng didn't even intend to find out who was right or wrong, and said: “Jue Ming, you have to manage the underlings in your sect well, how can they casually accuse my subordinates of wrongdoing?”

Emperor Jue Ming's face darkened, "Your name is Yu Gang, isn't it?"

"Yes, my name is Yu Gang." Yu Gang's voice trembled.

"Full of nonsense, slandering fellow human beings. What sin do you have to bear?" Emperor Jue Ming waved his hand: "Bring him out and behead him as a warning to others in the sect. Anyone who tries to slander or harm their fellow men will be killed without mercy!"

Emperor Jue Ming was usually known for his protectionism, so all of his disciples wanted to be loyal to him in order to gain his protection.

But this time Emperor Jue Ming showed no mercy. He was also furious. Why did Yu Gang choose this time to bring up the matter?

The key point was that he wanted to make trouble for Yang Chen at this time. Wasn't this looking for death?

How can Yang Chen's current status and position be questioned by others?

At this moment, Yu Gang was completely dumbfounded.

“No, Great Emperor!” Yu Gang couldn’t believe Emperor Jue Ming’s decision. He felt that his outcome shouldn’t be so miserable as to be beheaded in public. Emperor Jue Ming should protect him.

“Take him away.” Emperor Jue Ming ordered.

“Yes.” Several people from Huangdao Sect took Yu Gang away without hesitation.

Until his death, Yu Gang didn’t know what he did wrong.

Yang Chen shook his head helplessly, looking at the fate of Yu Gang being taken away.

What Yu Gang didn’t know was that he had done something superfluous.

If he hadn’t made trouble for Yang Chen, Yang Chen wouldn’t have bothered with him at all since Yang Chen wasn’t the type to take revenge for every little thing. He might have the idea of revenge towards someone like Dragon Xingyu, but not small fry troublemakers like Yu Gang.

But Yu Gang took himself too seriously and pushed the situation to this deadlock.

Now watching Yu Gang being beheaded in public with countless eyes, Yang Chen sighed, perhaps this was the retribution for Yu Gang. He once hurt Yang Chen, but now he was killed by Emperor Jue Ming because of Yang Chen.

Emperor Jue Ming said at this moment: “Shi Neng brother, don’t worry, I will not allow my subordinates to falsely accuse Young friend Yang. This time our Western Forty-two Regions regained the stronghold, all thanks to Young friend Yang’s contributions. I cannot let Yang Chen’s reputation be tarnished!”

Only then was Emperor Shi Neng satisfied.

However, although Emperor Jue Ming apologized, he was still unhappy about killing his own disciples.

But he couldn’t vent his anger on his own people, so he turned to face the several Demon Emperors of the Prohibition Demon Clan.

Since the beginning, the Demon Emperors of the Prohibition Demon Clan had lectured their subordinates of the Earth Martial Realm Battlefield one after another. Now they were even more unhappy when they were stared at by Emperor Jue Ming.

Emperor Jue Ming said coldly, “Prohibition Demon Clan, our Human Territory will not tolerate your destruction and invasion. Today’s defeat of your Prohibition Demon Clan is just the beginning. There will be more battles to come, and we will see how it goes. We men would rather die in battle than give the Prohibition Demon Clan any chance!”

Emperor Jue Ming’s words ignited the fighting spirit of all the human martial artists.

We men would rather die in battle than give the Prohibition Demon Clan any chance!

At the moment, the Prohibition Demon Clan had lost the battle, and their expressions were unhappy. With Emperor Jue Ming's provocation, the leading Demon Emperors coldly snorted, "We'll see about that!"

After a stalemate between the two sides for a while, the Prohibition Demon Clan retreated first. The several Demon Emperors apparently abandoned their original battlefield and planned to retreat to another battle line.

The humans were victorious...

The several Great Emperors issued orders, celebrating the human victory for ten days and nights.

And Yang Chen, without a doubt, became the Slaughtering Devil Hero once again, often mentioned in every part of the Western Forty-two Regions.

Yang Chen enjoyed the victory celebration banquet, but he didn't take the celebration too seriously. At the beginning, he was too busy with the war and couldn't pay attention to it, but now that the war was over and there was some peace for a while, he couldn't settle down.

He now wants to know the situation of the two Black Mountain Black Bears.

Since the last time he sent them to the Tiandu Divine Country, he didn't know how the two silly bears were doing now, and whether their Awakening was successful.

That's why Yang Chen announced his closed-door cultivation immediately after the end of the celebration banquet and will not come out in a short time unless there is another war.

It seems that the war won't start again within a few days. Both humans and the Prohibition Demon Clan need some time to rest. If the war starts again immediately, it won't benefit either side.

So, Yang Chen prepared everything and entered the Tiandu Divine Country.

At the same time, after the victory celebration banquet, Su Yao, as the chief disciple of the Northern Territory Sect, also received many rewards. However, with Su Yao's status, how could she care about these rewards? After receiving the rewards, she rushed to the cultivation place of several Great Emperor powerhouses of the Northern Territory Sect.

These Great Emperors were usually elusive, and ordinary disciples could not see them. Only Su Yao had this ability.

At this moment, Su Yao came to the residence of the Great Emperors and respectfully said to the Envoy, "Envoy Sir, I want to see the Great Emperors, and I hope you can allow it!"

"Su Yao, it's not that I'm stopping you, but as you know the rules, in general, you have to tell me the reason you want to see the Great Emperors. I will weigh whether or not you can see the Great Emperors." the Envoy said.

Su Yao knew this well and calmly replied, "This matter concerns Yang Xilin!"

# Chapter 1149 - 1149 1146 Changes in the Black Mountain Black

Chapter 1149: Chapter 1146: Changes in the Black Mountain Black Bear\_1 Chapter 1149: Chapter 1146: Changes in the Black Mountain Black Bear\_1 “Yang Xilin?” The messenger wore golden armor, giving off a very peaceful aura.

Hearing Yang Chen’s pseudonym, the messenger’s expression wavered somewhat. After a while, he said, “If what you said is related to this person, then he indeed has the qualifications to disturb the Great Emperors. The Great Emperors are together now, I will go in and report to them. You may enter if they agree.”

“Yes!” Su Yao said.

The messenger entered the loft ahead, transformed into a stream of water, and gradually disappeared.

This loft had mountains, rivers, and even fairy-like women dancing, as well as immortal cranes swimming around, all evidently created by illusory magic.

About half an hour later, the messenger once again emerged from the loft in the form of water, transformed back into a human figure. When he revealed his face, the messenger kindly said, “Su Yao, congratulations, the Great Emperors have agreed to meet you.”

Hearing this, Su Yao's face lit up with joy, and she hurriedly entered the loft.

Upon entering the loft, one could see another scene inside. Su Yao herself was directly summoned by the Great Emperors into the inner part of the loft.

Now, all the Great Emperors of the Northern Territory Sect were seated cross-legged, floating in mid-air. With serene expressions, they looked at Su Yao like seniors.

“Su Yao, you rushed to meet us in talking about Yang Xilin. What kind of affair is it?” He Tan laughed. He was quite close to Su Yao, as she was the eldest disciple of their Northern Territory Sect.

In front of the Great Emperors, Su Yao didn't hesitate and said, “Your Excellencies, I want to recommend Young Master Yang to join the Northern Territory Sect. I hope you can agree!”

“Su Yao, let's not mention whether Yang Xilin has those rumored divine powers. If he can really settle the two Chief Demons, just based on this point, we can even make an exception for him to join our Northern Territory Sect,” He Tan said.

Emperor Lin Guang said, “Hehe, Little Su is usually quite proud and looks down on others. Even the talents of the royal family can't win her over. But now she wants to actively bring others into the Northern Territory Sect. That's a more different attitude.”

One of the Great Emperors next to Lin Guang thoughtfully said, “But, Sect Leader, Brother Lin, according to my investigation, leaving aside whether Yang Xilin has the qualifications to join our Northern Territory Sect, he already has a sect.”

“Oh? Brother Hua Wu, what’s going on?” He Tan’s expression turned displeased, and this displeasure was naturally directed at Su Yao.

This little girl Su Yao, why didn’t she investigate before mentioning it?

Emperor Hua Wu said, “It’s like this. Since Yang Xilin stole the limelight from our Su Yao, I paid special attention to him. After my investigation, I found that he is the Sect Leader of the Luosheng Gate, a subordinate sect of the Donghuang Sect. His talent is said to be extraordinary, and he has only cultivated for about one or two decades!”

“What? He has only cultivated for one or two decades? How dare he lie to me!” Su Yao stamped her foot angrily.

“Oh? How did he tell you?” Emperor Hua Wu wondered, puzzled. Did Yang Chen exaggerate his words even more than one or two decades to boost his image? He thought that one or two decades was already quite exaggerated.

“He said that he hasn’t cultivated for less than fifty years,” Su Yao gritted her teeth.

The Great Emperors exchanged glances and laughed, unable to muster any anger.

“Su Yao, Yang Xilin didn’t lie. He really hasn’t cultivated for fifty years,” Emperor Hua Wu kindly said.

“If Yang Xilin managed to reach such a level after cultivating for only one or two decades, he is indeed a rare and excellent seedling. The key is that he already has a sect, which makes it problematic,” Emperor Jin Shi, who was sitting next to Emperor Hua Wu, spoke.

Su Yao wasn't flustered and quickly explained, “Elder, in the Western Forty-two Regions, the affiliation isn't that reliable. Most importantly, he is the Sect Leader of a subordinate sect of the Donghuang Sect. In simple terms, the Luosheng Gate is affiliated with the Donghuang Sect, not him. The Sect Leader of the Luosheng Gate can be changed at any time.”

Hearing this, the Great Emperors suddenly realized it.

“You little girl, how could we forget about that?” He Tan laughed helplessly.

“You little girl, you're so earnest about wanting this kid to join our Northern Territory Sect. Have you probed his intentions?” Lin Guang stroked his beard.

Su Yao blinked her eyes: “I've probed his intentions. He didn't say yes or no, so he must be tempted.”

“Hehe, this kid, our Northern Territory Sect has thousands of years of foundation. In the entire human world, there are only a few sects with such a long history as ours, and this kid is still hesitating to agree,” Emperor Hua Wu laughed with his gentle temper.

He Tan said, “Su Yao, we will consider what you said. This Yang Xilin does have the qualifications to be invited by us. However, our Northern Territory Sect is a grand sect after all, and we can't openly dig Donghuang Sect's corner. Once I have a chance, I'll go and have a look at Yang Xilin. If he can gain my approval, I will personally request him from the Donghuang Sect.”

Hearing this, Su Yao showed a joyful expression and repeatedly said, “Thank you, Elder.”

“Look at how happy you are, you little girl.” Emperor Hua Wu laughed heartily.

Su Yao wasn't shy at all but stomped her foot, respectfully saying, “Junior Su Yao will take her leave first.”

She was still full of fighting spirit now. Once Yang Chen joined the Northern Territory Sect, she wanted to fully compare herself with Yang Chen.

Yang Chen didn't know any of this. At this moment, he had already arrived at the Heavenly Capital Divine Country.

As he entered the Heavenly Capital Divine Country, Yang Chen, as the master of the land, could sense many aspects of the place.

He quickly sensed the location of the Black Mountain Bear siblings and arrived just in time to see the two silly bears eating and drinking merrily on the ground.

Yu Ban was also there, and the food on the ground was evidently prepared by him.

“Ah, it’s delicious! Old man, prepare some more for us!” The Black Mountain Bear siblings ate happily.

\*cough\*

Hearing the sound, the two siblings lifted their heads while Yu Ban also reacted.

“Young Master!”

“Boss!”

“How many times do I have to say it? Show some respect for Elder Yu Ban,” Yang Chen smiled helplessly. “Also, eat less.”

Yu Ban laughed, “Young Master, they have just finished awakening, and it’s time for them to replenish their energy properly. This is somewhat beneficial to them. However, these two fellows have an astonishing appetite. It’s all thanks to the Great Emperor’s ample preparation. Otherwise, I really wouldn’t know what to use to feed these two silly bears.”

Yang Chen was astonished. “Have they already finished awakening?”

“Yes, indeed.” Yu Ban laughed. “Young Master, look at their changes.”

With anticipation in his heart, Yang Chen carefully observed the changes in the two Black Mountain Bears.

With just one look, Yang Chen was completely taken aback.

## Chapter 1150 - 1150 1147 The Great Emperors Visit\_1

Chapter 1150: Chapter 1147: The Great Emperor's Visit\_1 Chapter 1150: Chapter 1147: The Great Emperor's Visit\_1 Because the strength of the Black Mountain Bear Brothers had astonishingly reached the peak of the Earthly Martial Realm, this was a qualitative leap. Not long ago, the Black Mountain Bear Brothers had been of humble strength. In the blink of an eye, they now surpassed Yang Chen.

This royal awakening was truly incredible, even more so for the Black Mountain Bear Brothers, who were divine beasts among demon beasts.

"Big brother, after our awakening, our stomachs are no longer afraid of you using fire on them." The two Black Mountain Bears happily said. While speaking, they patted their bellies to show they weren't lying.

“Good, good, good.” Yang Chen laughed heartily: “In that case, let me test the truth of your words.”

“Big Brother, just bring it on.” Both Elder Brother Bear and Second Brother Bear were full of confidence.

Yang Chen immediately cast Transforming Liquid Flame, which quickly poured into the stomachs of the Black Mountain Bear Brothers in large quantities. Unlike last time, when the Transforming Liquid Flame entered the brothers’ stomachs, they seemed completely fine, and even looked extremely satisfied.

“Big Brother, Big Brother, give us more!” Elder Brother Bear and Second Brother Bear both cried out excitedly.

Yang Chen couldn’t help but be amused. Could these two brothers be treating his Transforming Liquid Flame as food?

He felt a bit helpless, but in order to measure how much these two brothers could consume, he immediately created more Transforming Liquid Flame.

Since they would be eating it anyway, Yang Chen didn’t mind being generous with the amount of Transforming Liquid Flame. This time, there was much more than before.

His Innate True Qi could withstand this consumption. However, even though he was able to produce an extraordinary amount, the moment the Transforming Liquid Flame entered the mouths of the two bears, it disappeared without a trace like an ox entering the sea.

This scene thoroughly shocked Yang Chen with the divine abilities of the two bears.

“You’ve completely turned my Transforming Liquid Flame into food?” Yang Chen asked.

“Yeah, big brother, this food of yours tastes great.” Both Elder Brother Bear and Second Brother Bear agreed.

Yang Chen couldn’t quite understand how his Transforming Liquid Flame could be eaten as food. Yu Ban, who saw Yang Chen’s confusion, explained from the side: “Young Master, these Black Mountain Bears aren’t picky at all, especially after their Inner Worlds were refined. To them, everything becomes a delicious dish. Otherwise, who would dare to attack the Real Dragon Sky Phoenixes? Only they, bewitched by the idea of devouring, dare to provoke the Real Dragon Sky Phoenixes.”

Yang Chen nodded thoughtfully. If that was the case, he could use their Inner Worlds as another strategy.

If the enemy launched a large number of attacks that he could not defend against, the two brothers could step up and swallow the attacks like food. This would be quite a clever move.

However, he now had to calculate how much the two brothers could eat.

He then asked, “You two, how full are you after eating so much?”

“About two or three parts full. Big brother, you’re really amazing. The stuff the old man gave us was barely enough to fill the gaps in our teeth.” Elder Brother Bear and Second Brother Bear complained discontentedly.

This infuriated Yu Ban, who scolded, “Do you two know how much you’ve consumed? And you’re still not satisfied?”

“Hehe, old man, don’t get angry.” Seeing Yu Ban’s anger, the two foolish bears hurriedly tried to calm him down.

Yang Chen watched all this with mixed feelings. Now he had a rough idea of the two bears’ appetite. Apparently, these brothers weren’t bluffing about being able to swallow the sea.

“I never thought that the divine abilities of these two foolish bears would be so powerful.” Yang Chen lamented.

“Young Master, you don’t know. The Inner World is the Black Mountain Bears’ signature divine ability. However, these two foolish bears have only grasped a little of it. When they reach the Heavenly Martial Realm, their stomachs will be able to hold even more and accommodate a broader range of things. It is said that after reaching a certain realm, these two foolish bears can even create a world inside their bodies, which could potentially grow plants and trees, and even accommodate people.” Yu Ban said with emotion.

“Is it really that powerful?” Yang Chen was taken aback.

“Haha, too bad, this divine ability can only be awakened and you cannot learn it, otherwise, it would be even more useful.” Yu Ban said.

Yang Chen wasn't surprised, and he had already prepared for this. It was quite normal. With abilities like Mountain God Roar and Black Mountain Dark Cloud Palm, he could control them using the bloodline of the two foolish bears. However, Inner World abilities wouldn't work, as he would need the unique physiques of the two foolish bears.

Just then, Yang Chen suddenly furrowed his brow.

“Yang Chen, a very powerful figure is approaching you. Hurry back.”

The speaker was none other than the Purple-eyed Demon Monkey, whom Yang Chen had arranged to guard the outside world. In view of the rapidly changing battlefield, he was worried that someone would barge in and the Fish Clan alone couldn't provide timely defense. Therefore, he had asked the Purple-eyed Demon Monkey to help him keep an eye out.

He didn't expect it to actually work, but Yang Chen was surprised. What kind of character could make the Purple-eyed Demon Monkey call them 'very powerful'?

Yang Chen didn't dare to underestimate the figure and hurriedly said, “Since you're full, you two should quickly return to the Eight Extremes River Space.”

Upon hearing that, the two Black Mountain Bears entered the Eight Extremes River Space without a word, leaving along with Yang Chen.

Yang Chen's departure was well-timed. When he returned, the individual that the Purple-eyed Demon Monkey had described as very powerful had not yet appeared.

However, the Purple-eyed Demon Monkey cautioned: “This person’s strength is equal to mine. Yang Chen, disconnect your connection with the Eight Extremes River Space later, as they could discover me at any moment.”

Hearing the Purple-eyed Demon Monkey’s words, Yang Chen didn’t dare to take it lightly and hastily closed the connection. However, when he released his own Divine Soul, he couldn’t find even a single trace of the person.

Yang Chen couldn’t help but feel amused. It seemed that the newcomer was definitely an Emperor-Level character, otherwise, the Purple-eyed Demon Monkey wouldn’t be so cautious. It was clear that it would be impossible for his current Divine Soul Realm to investigate such a character.

However, Yang Chen didn’t panic and pretended not to have noticed, focusing on his own cultivation.

And so, three days passed.

There was still no movement from the Purple-eyed Demon Monkey, which allowed Yang Chen to conclude that the mysterious Emperor-Level figure had not left. Otherwise, the Purple-eyed Demon Monkey should have informed him. Yang Chen could only guess at the intentions of this mysterious Emperor and remain cautious in his response.

If this Emperor really harbored ill intentions towards him, then Yang Chen could only rely on the Purple-eyed Demon Monkey to deal with the situation.

However, it was clear that the Emperor didn't have any ill intentions towards him. Two more days passed, and he still hadn't revealed himself. At the very least, this indicated that if the person had truly harbored malice, they would have already taken action.

In this manner, the situation continued until the sixth day...
