

The Supreme Martial King Shocking All Realms

Chapter 1151: Chapter 1148: Refuse!_1 Chapter 1151: Chapter 1148: Refuse!_1 This mysterious Great Emperor finally couldn't sit still any longer. He coughed softly twice and appeared in Yang Chen's line of sight.

Yang Chen pretended to be startled and opened his eyes. But when he saw the newcomer, he was genuinely surprised.

He had guessed that it would be Emperor Shi Neng and Bai Wei, the two emperors who had a comparatively familiar relationship with him, but unexpectedly, it was someone from the Northern Territory Sect.

"Junior pays his respects to Sect Leader He Tan." Yang Chen took a deep breath.

"Kid, you just saw this Sect Leader, yet you can recover your composure in such a short time and remain this calm. Heh, not bad. Either way, you've passed the test in terms of your temperament." He Tan said.

"Senior means..." Yang Chen couldn't help but feel confused.

He Tan stood with his hands behind his back and didn't beat around the bush. He directly said, "Don't be nervous, I've come here with no ill intentions towards you. So there's no need for you to be afraid. Yang Xilin, I want to ask you, have you ever thought about joining my Northern Territory Sect?"

Yang Chen was caught off guard by He Tan's question and couldn't respond immediately.

He was startled by it. It seemed that He Tan was truly a decisive person who was straight to the point.

Seeing Yang Chen's frightened expression, He Tan slowly said, "Yang Chen, don't be surprised. I came to ask you about this mainly because Su Yao has been saying that your attitude towards joining my Northern Territory Sect has been quite ambiguous, so if she had thought you were uninterested, I would not have come. Now, what I want to know is your thoughts."

Being asked such a direct question by He Tan, Yang Chen had a better understanding of He Tan's personality.

People like He Tan don't appreciate vague answers, so it's better to be straightforward, or else it will only arouse He Tan's displeasure.

With this in mind, Yang Chen straightforwardly said, "To be honest, junior has thought about joining the Northern Territory Sect."

"What about Dong Huang Sect? What's your attitude towards Dong Huang Sect?" He Tan asked.

Although he appreciated Yang Chen as a talent, he needed to figure out Yang Chen's character.

If Yang Chen's explanation was ambiguous in this matter, then He Tan could determine that Yang Chen was a fickle person. His Northern Territory Sect didn't need fickle people. Otherwise, Yang Chen might easily join the Northern Territory Sect today, and then swiftly join another power tomorrow.

Hearing He Tan's question, Yang Chen knew the meaning behind it and said without hesitation, "Sect Leader He Tan, in fact, junior could have truly joined Dong Huang Sect at any time if I wanted. If I did join Dong Huang Sect, the benefits I would receive would be far greater than being a vassal now, and you should know this."

Hearing Yang Chen's words, He Tan nodded.

He hadn't thought about that, indeed. He didn't think that Dong Huang Sect didn't give Yang Chen the choice to join their sect from the beginning. It seems that Yang Chen had given up for some reason, which means Yang Chen hadn't really considered joining Dong Huang Sect from the start.

His curiosity was piqued.

"So why didn't you join Dong Huang Sect?" He Tan asked.

"It's because junior knows very well that Dong Huang Sect is not the place for me to stay in the end." Yang Chen said in a friendly tone.

In fact, he had no intention of joining Dong Huang Sect from the beginning. Even the idea of becoming a vassal hadn't crossed his mind. The reason why he later became a vassal of Dong Huang Sect was due to Luo Sheng Gate, as he couldn't stay in Luo Sheng Gate for a long time, so he needed to find a shelter for Luo Sheng Gate.

But he couldn't go into detail about this, tooting his own horn is not something he's good at.

"Then where is your final destination?" He Tan asked.

"The Central Capital Region." Yang Chen replied.

"So, that's why you have the idea of joining the Northern Territory Sect?" He Tan asked.

"Exactly!" Yang Chen stated solemnly.

He wasn't joining Dong Huang Sect mainly because he couldn't stay in Dong Huang Sect for a long time, and joining would be meaningless. However, the Northern Territory Sect was different. He needed to establish his roots in the Central Capital Region and needed a power to protect him.

Upon hearing Yang Chen's words, He Tan gradually understood, but he still wasn't entirely convinced, and said, "I heard that you are the Sect Leader of Luo Sheng Gate. If you join the Northern Territory Sect and go to the Central Capital Region, are you going to simply abandon Luo Sheng Gate?"

"Junior knows that I will have to leave Luo Sheng Gate sooner or later, which is why I represented Luo Sheng Gate to become a vassal sect of Dong Huang Sect," Yang Chen said with a smile.

Upon hearing this, He Tan's face lit up with sudden insight.

He couldn't help but laugh heartily, "Good, good! Yang Xilin, you really are a promising talent. I didn't expect you to have thought so far ahead!"

If Yang Chen's previous words were all lies, this statement made everything clear. He also began to believe that Yang Chen was not a fickle person.

With this in mind, He Tan said, "Yang Xilin, you are qualified to join the Northern Territory Sect. Come to my Northern Territory Sect. As for your affairs with Dong Huang Sect, I will bring all the other Great Emperors together and explain everything clearly on this matter."

Hearing He Tan's words, Yang Chen saw his sincerity.

However, after thinking deeply for a while, Yang Chen said, "Senior He, junior isn't planning to join the Northern Territory Sect just yet!"

"What?!" He Tan suddenly changed color, with a trace of anger in his expression.

He Tan had personally invited him, yet Yang Chen dared to decline.

Seeing He Tan's anger, Yang Chen quickly said, "Senior He Tan, please don't be angry. Junior does have the thought of joining the Northern Territory Sect, it's just a matter of time. Junior still has a lot to consider in this regard, and I hope Senior can understand. Moreover, junior has a favor to ask of Senior!"

“Hmph, you’re really taking advantage of the situation, kid.” He Tan snorted sharply. “However, I am curious as to what favor you want me to help with.”

“Junior hopes that Senior can, as just mentioned, gather all the other Great Emperors together. Junior has something to say to everyone.” Yang Chen bowed and said.

“Oh?” He Tan was really curious about the tricks Yang Chen was playing. He flicked his sleeve and left: “Yang Xilin, I agree to gather all the Great Emperors together in three days. The reason I agreed is because of your talent. However, I will not invite you to join the Northern Territory Sect a second time. I hope you can make a wise decision!”

By the time these words fell, He Tan had already disappeared from sight.

Watching He Tan’s departing figure, Yang Chen let out a soft sigh.

“Kid, with that proposal just now, you could have completely joined the Northern Territory Sect. You missed such a great opportunity.” The Purple-eyed Demon Monkey remarked.

Yang Chen sighed, “I have the intention of joining the Northern Territory Sect to seek their protection, but I can’t blindly let the Northern Territory Sect take on all my debts. I have to let them know everything about me. If the Northern Territory Sect is willing to take the responsibility, I, Yang Chen, will dedicate myself to the Northern Territory Sect without reservation. If they don’t agree, I, Yang Chen, won’t force it.”

The Supreme Martial King Shocking All Realms

Chapter 1152: Chapter 1149: True Identity?_1 Chapter 1152: Chapter 1149: True Identity?_1 Purple-eyed Demon Monkey mocked: “Kid, you really care about others, huh?”

“Sometimes, considering others is the same as considering myself. If the Northern Territory Sect doesn’t plan to protect me, and I forcibly join them, then when the day comes where my identity is exposed, the Northern Territory Sect will not try to cover for me. After all, one day, my identity will be revealed to the world.” Yang Chen spoke slowly.

“I wonder if the Northern Territory Sect understands your intentions.” Purple-eyed Demon Monkey replied coldly.

“Whether they know or not is irrelevant to me, but since He Tan agreed to help me, he will naturally gather all the Great Emperors together. Purple-eyed Demon Monkey senior, I want to use the opportunity of your promise to help me once, to take a gamble.” Yang Chen said.

“What do you want to bet?” Purple-eyed Demon Monkey asked.

Yang Chen looked determined: “Once I speak the truth, I cannot guarantee that all the Great Emperors will still treat me with kindness like before.”

After all, reaching the level of a Great Emperor, no one knows what they are thinking. Although they seem happy now, they might get angry later on.

Yang Chen continued: "I have to be prepared for the possibility that the Great Emperors will take action against me. So I want to ask, Purple-eyed Demon Monkey senior, do you have any confidence in taking me to escape when these Great Emperors learn the truth and try to harm me?"

Amidst a brief silence, Purple-eyed Demon Monkey thought. It did not know what secret Yang Chen was going to reveal, but with its wisdom, it could make an educated guess.

It understood Yang Chen's concerns, and with that in mind, it spoke somberly: "Among these Great Emperors, the most troublesome is Bai Yudi, followed by He Tan. In terms of Bai Yudi, he should have reached the level of the Tiandu Emperor back then. If it really comes down to a solo battle, I would be slightly inferior to him. As for He Tan, our strength is comparable, neither superior nor inferior. The other Great Emperors are not a threat. If I fully commit to helping you escape, I can't guarantee a 100% success rate, but the chance is 60%!"

"60%, huh..." Yang Chen couldn't help but ponder.

Indeed, with so many Great Emperors and Purple-eyed Demon Monkey carrying an additional burden, it would be difficult to ensure a 100% chance of escape.

However, 60% was enough for him to take a gamble.

"Are you ready?" Purple-eyed Demon Monkey coldly asked: "This move will cost me a great deal, so if there is a change of circumstances and I have to help you, then I won't be able to help you again afterward."

"I understand, Purple-eyed Demon Monkey senior, I'll take the gamble." Yang Chen said.

“Hmph, in that case, be psychologically prepared.” Purple-eyed Demon Monkey replied.

Yang Chen nodded.

He knew that he had to make this decision.

If he didn't make this decision, it would be difficult for him to take another step forward. If he didn't take this step, he would never be able to defeat Ling Nvzong or make Hua Wanru regret it!

After making up his mind, Yang Chen prepared himself and waited for the time to pass.

He Tan was true to his word and helped Yang Chen. Three days later, Yang Chen received an invitation from an envoy of a Great Emperor informing him that several Great Emperors had been gathered by He Tan.

Upon learning this, Yang Chen did not delay and went with the envoy to where the Great Emperors had gathered.

When Yang Chen arrived, nine Great Emperors from the human camp had gathered. The facial expressions of these Emperors were different, but most of them bore no ill will towards Yang Chen.

“Hehe, young friend Yang is here.”

“Brother Hetan, you said that inviting us here is mainly because of young friend Yang. What’s going on? Don’t keep us guessing.”

“Shi Neng, do you know about this?”

Emperor Shi Neng smiled bitterly and shook his head: “Haha, I don’t know much either. By the way, young friend Yang is here now, so why not ask him?”

All eyes were on Yang Chen, curious about his purpose. Yang Chen may have managed to gather all the Great Emperors together with He Tan’s help, but they still needed to know what he wanted.

Yang Chen naturally understood the curiosity of these Great Emperors and respectfully said: “Junior Yang Chen pays his respects to all the distinguished Emperors.”

“Young friend Yang, just say what’s on your mind. We are not unreasonable people. It looks like you have something important to say.” Bai Wei, who knew Yang Chen best, started speaking.

Yang Chen nodded, knowing that Bai Wei could see his intentions, and continued: “That’s right, seniors. I hope you haven’t forgotten what you promised me.”

“Oh? You mean that no matter what you say, we must keep it a secret?” Emperor Jue Ming laughed.

“Exactly,” Yang Chen replied.

“Haha, we are all men of our word. Since we promised you, we won’t go back on our word. Young friend Yang, just speak up. No matter the outcome, we will keep this matter secret for you!” Bai Zang declared.

Upon hearing this, Yang Chen took a deep breath and felt relieved.

Now that these Great Emperors promised, no matter what he would say next or the decision they’d make, at least they would not spread it casually.

With that in mind, Yang Chen said: “Although the Forbidden Demon Clan has just retreated and the human race should be celebrating, the events that are about to unfold are not just a worry for the immediate future. Moreover, the Forbidden Demon Clan is not the true enemy of our race.”

Upon hearing Yang Chen’s words, several Great Emperors frowned.

They, of course, couldn’t cheer up either, because matters concerning the human race should be their concern rather than Yang Chen’s responsibility. In doing so, Yang Chen overstepped his bounds.

Regardless of what the Great Emperors may think, Yang Chen continued: “Our main enemy should be the Demon Beast Clan!”

“Young friend Yang, we know what you’re saying, but the Demon Beasts have been sealed away by our race for many years. This external threat should not be a concern for our generation.” Bai Zang waved his hand and dismissed the idea.

Seeing this, Yang Chen sighed softly: “I don’t know how to explain this matter, but I hope that you seniors can be more cautious about the Fire Spirit Beast Tribe!”

“Why?” Bai Wei knew Yang Chen’s words were not groundless and asked further.

“Because the Fire Essence Beast Liaoya has hidden ambitions and, as a member of the Demon Beast Clan, it has always intended to revive the Demonic Beasts!” Yang Chen explained.

“Young friend Yang, you must have evidence for your claims. You should not make baseless assertions!” Emperor Shi Neng reiterated.

He and Yang Chen were on the same side, but precisely because of this, he had to remind Yang Chen not to make baseless claims.

Yang Chen naturally understood and smiled: “I myself am the evidence!”

“What do you mean?” Everyone was puzzled, only Bai Wei was suddenly taken aback.

Yang Chen bowed down: “I hope the seniors can forgive me, because my true identity is not Yang Xilin!”

The Supreme Martial King Shocking All Realms

Chapter 1153: Chapter 1150: Various Speculations_1 Chapter 1153: Chapter 1150: Various Speculations_1 All the Great Emperors were confused by Yang Chen’s words.

Yang Chen’s identity wasn’t Yang Xilin, so what’s going on?

Especially Emperor Shi Neng, who asked with puzzlement: “Young friend Yang, you said your identity isn’t Yang Xilin? What do you mean by that?”

“Actually, I think it’s quite normal for everyone to have a fake identity when they’re out and about. Young friend Yang, you don’t have to take it so seriously.” Emperor Jue Ming said, not taking Yang Chen’s real identity too seriously. Who was Yang Chen, and what did it have to do with him?

“No, it’s different.” Bai Zang was still quite clever and interjected: “Brother Jue Ming, your thinking is a bit behind the times. With Yang’s talent and strength, I’m really curious about his real identity. And the fact that he mentioned his identity after the Fire Spirit Beasts implies something profound. Young friend Yang, I would like to hear what your real identity is!”

Hearing Bai Zang say this, Yang Chen no longer kept it hidden and respectfully said, “My real identity is Yang Chen!”

“Yang Chen!”

“You are Yang Chen!”

The biggest reactions came from Emperor Jue Ming and Emperor Shi Neng.

That’s because Donghuang Sect and Huangdao Sect had both participated in the Purple Qi Secret Realm at the time. Among the reports that came later, almost the most frequently mentioned were the two words “Yang Chen.” It could be said that Yang Chen at that time was in the hearts of all major forces.

The Thirty-six Eastern Counties never received the recognition of everyone. Instead, this number one genius of the Thirty-six Eastern Counties won the acknowledgement of everyone.

So even till now, many people still mention the name Yang Chen and give it a very high evaluation.

However, no matter how high the evaluation of Yang Chen is, it’s undeniable that he’s a target pursued by all major forces because he holds supreme treasures. All forces want to get a piece of the treasure from Yang Chen in order to strengthen themselves.

However, what divine power Yang Chen has, he ran for so long, and none of the major forces even got a hint of his whereabouts. They had no idea where Yang Chen had gone.

But now, Yang Xilin in front of them actually claimed to be Yang Chen.

Emperor Shi Neng couldn't help but say, "Young friend Yang, this... this claim shouldn't be made lightly."

He knew very well what the two words "Yang Chen" meant. Even if his Donghuang Sect had no ill intent towards Yang Chen, what about Huangdao Sect? What about the Bai Family?

If the Huangdao Sect let it go, if the Bai Family had any resentment towards Yang Chen, then their Donghuang Sect would not be able to protect Yang Chen.

Yang Chen could naturally understand Emperor Shi Neng's good intentions, but his mind was made up now.

Bai Wei sighed and said, "Young friend Yang, have you really thought it through?"

Yang Chen nodded, "I've already thought it through."

As soon as his words fell, Yang Chen took out a silver needle, slightly changed his face, and returned to his original appearance.

His appearance shocked everyone present.

The nine Great Emperors all took a deep breath.

The four Emperors of the Northern Territory Sect were surprised, but their surprise was limited. The most surprised were the five Emperors of the Bai Family and the two sects.

Being Emperor-level strong, they wouldn't be easily deceived by others. However, they had been deceived by Yang Chen for so long.

Bai Yudi laughed at this moment, "Young friend Yang, you are really something. As one person, you played three roles, earning the title of the number one genius in our Bai Family and then leaving. In the Western Forty-two Counties, you also earned the title of the number one genius. Adding in your original title of Eastern Number One Genius, even I, Bai Yudi, admire you a little."

Bai Yudi reacted quickly, but Bai Zang wasn't so nimble. He frowned and asked, "What does that have to do with our Bai Family's number one genius?"

"Have you forgotten how long Bai Yunfei had disappeared, and Bai Wei kept her mouth shut? Yang Xilin, as the Sect Leader of Luo Shengmen, had a close relationship with Bai Wei. I guessed Yang Xilin's identity was mostly Bai Yunfei. However, this matter has nothing to do with me. Bai Yunfei is still a member of my Bai Family after changing his name to Yang Xilin, and the better he is, the better. So I never revealed it explicitly. But now it seems that Bai Yunfei was not his real identity, haha, even I was deceived."

Bai Zang couldn't help but laugh and said, "Bai Wei, you've hidden it from me very well."

Bai Wei didn't say anything, but quietly scrutinized the expressions of Emperor Jue Ming and Emperor Shi Neng.

It's fine for Emperor Shi Neng, since he had some ties with Yang Chen. So even if he had malicious ideas, he would most likely hide them in his heart and not actually use them.

But Emperor Jue Ming was different. He had no substantial ties with Yang Chen. Hearing Yang Chen's true identity and combining it with the rumors, how could he not have some tempting thoughts? The unusual glimmer in his eyes was caught very clearly by Bai Wei.

He Tan and the other Great Emperors of the Northern Territory Sect remained calm. He Tan said, "Yang Xilin... no, Yang Chen, regarding your matter, I've heard some things. However, I'm more curious about what exactly you want to say about the Fire Spirit Beasts? I don't think your identity as Yang Chen alone would suffice as evidence to accuse the Fire Spirit Beasts!"

Although He Tan didn't like the Fire Spirit Beasts, he wanted to know what Yang Chen wanted to say about them even more.

He didn't think that Yang Chen would expose something without reason.

Yang Chen spoke slowly, "The incident of the Purple Qi Secret Realm many years ago, I believe all the seniors should still remember. Since the seniors didn't participate personally, I assume you should all be aware of the specific course of events."

"Yes." He Tan nodded. "My sect leader still cares a lot about that matter, even though we didn't send anyone to participate."

Yang Chen said indifferently, "That Purple Qi Secret Realm was a conspiracy of the Fire Spirit Beasts!"

“What evidence do you have to say that?” Emperor Jue Ming asked while stroking his chin.

“Because I discovered the place of the royal awakening of the Fire Spirit Beast group in the Purple Qi Secret Realm!” Yang Chen began.

“You say it exists, and then it exists, there’s no basis.” Lin Guang, Emperor of the Northern Territory Sect, said.

Yang Chen said bitterly, “To tell you the truth, if the seniors really want evidence from me, I really don’t have any. That’s also the reason why I’ve been hiding my identity for years and never revealed the matter of the Fire Spirit Beasts.”

“So why are you revealing it now?” someone asked.

“Because of the Forbidden Demon Tribe and this once-in-a-thousand-year opportunity. I think that if we miss this period, it might not be easy to gather so many seniors together. And with the matter of the Forbidden Demon Tribe imminent, no one knows when it will end. I think the Fire Spirit Beasts are most likely going to make a move. So even without evidence, I have to speak up.”

Emperor Jue Ming shook his head, “In the end, there’s still no evidence.”

Chapter 1154 - 1154 1151 Fire Essence Beast Reveals Itself_1

Chapter 1154: Chapter 1151: Fire Essence Beast Reveals Itself_1 Chapter 1154: Chapter 1151: Fire Essence Beast Reveals Itself_1 He was more inclined to believe that Yang Chen possessed a treasure, so how could he believe what Yang Chen said?

Upon hearing Emperor Jue Ming's words, Yang Chen couldn't help but feel a bit taken aback. Did all the Great Emperors think the same way as Emperor Jue Ming?

He knew very well that there was a risk to his life when he decided to take this adventure today. If he couldn't explain himself clearly, it was almost the same as telling the Great Emperors that he had a treasure in his possession.

If all the Great Emperors indeed thought the same way as Emperor Jue Ming, then his chances of survival today were slim.

But that was fine. He had already said what he needed to say. If these people thought his words were baseless, then there was nothing he could do. At least he had a clear conscience.

To Yang Chen's relief, not all Great Emperors thought the same way as Emperor Jue Ming.

At this moment, Bai Yudi lazily raised his hand: "That Purple Qi Secret Realm was quite intriguing when it first appeared, so I never agreed with the Bai family going there. Now it seems that the Secret Realm is indeed extraordinary. In a sense, the real treasure was never found by anyone. Instead, it caused many unnecessary fights. In my opinion, Yang Chen probably didn't gain anything from the Purple Qi Secret Realm either. Perhaps the Secret Realm itself is a conspiracy."

Upon hearing these words, Yang Chen was deeply touched.

Bai Yudi's opinion was obviously very correct, as no one had ever considered the origin of the Purple Qi Secret Realm at that time.

However, Bai Yudi seemed to be more far-sighted. He waved his hand and said, "Yang Chen, continue speaking. Explain everything in detail."

Yang Chen replied, "What I'm about to say is just a speculation."

"Speculation or truth, we all have our own judgment," Bai Yudi said. "I don't rely on others' right or wrong to measure truth. I rely on my judgment, so don't worry, just speak."

His words silenced Emperor Jue Ming, who didn't dare to express his opinion anymore.

The Northern Territory Sect respected Bai Yudi, not just because of his suffocating strength.

"Thank you, Senior Bai Yudi," Yang Chen nodded, relieved. He then recounted his experiences with the Fire Essence Beast.

From the beginning when the Fire Essence Beast was trying to do something to the Guardian Spirit Array, to the present...

Bai Yudi listened to it all.

After hearing everything, Bai Yudi rubbed his eyebrows and said, “So that’s the case. The Fire Essence Beast’s plot runs so deep that it has been trying to slowly break down the Guardian Spirit Array for many years. How fascinating. We all naively believed that the Fire Essence Beast had already integrated itself peacefully with the Human Race. It seems the ancient saying is true: Those who aren’t of our kind will have different hearts.”

“Yang Chen, you said that the Purple Qi Secret Realm is related to the Fire Essence Beast, and your deduction is that the birth of the Purple Qi Secret Realm was to cover up the big move the Fire Essence Beast made against the Guardian Spirit Array. But later, when you went to check the Guardian Spirit Array, it was unharmed. Isn’t that contradictory?” Emperor Jue Ming said.

“No, it’s not contradictory. Although the Purple Qi Secret Realm lasted quite some time, it wasn’t long enough for the Fire Essence Beast to send a few non-Emperor Level characters to destroy the Guardian Spirit Array. The Guardian Spirit Array, created by our ancestors with great wisdom, can be said to have incorporated the essence of Formations. Unless it is corroded slowly over a long period of time, like several decades, or attacked by at least ten Emperor-level strong beings cooperating from inside and outside for several days, there is no way to break it.” Bai Yudi explained.

“Then the purpose of the Fire Essence Beast intentionally creating such a disturbance with the Purple Qi Secret Realm is...” Bai Zang suddenly thought of something.

“If my guess is correct, the purpose of the last time was to create a gap that would allow the Fire Essence Beast to contact the Demon Beast Clan through the Guardian Spirit Array, and cooperate from inside and outside to break the Guardian Spirit Array together!” Bai Yudi said emotionlessly.

In an instant, Yang Chen understood.

No wonder.

No wonder when he went to check the Guardian Spirit Array with amazement, he found that it was intact. As it turned out, the Fire Essence Beast made such a big move last time to contact the Monster Race.

It seemed safe, but it was actually extremely dangerous.

“Defending Brother, do you really believe what he said?” Emperor Jue Ming frowned.

“To be exact, I believe in my own judgment,” Bai Yudi replied.

“Then, Defending Brother’s judgment is...” Emperor Jue Ming hesitated before asking.

If Bai Yudi didn’t believe in Yang Chen, then he would have the idea of getting to the bottom of the matter. At least he had to ask if Yang Chen possessed any treasures.

Bai Yudi looked at Emperor Jue Ming with contempt, as he knew exactly what Emperor Jue Ming was thinking. He said coldly, “My judgment is that Yang Chen is right! Those who aren’t of our kind, their hearts must be different!”

Upon hearing this, Bai Wei immediately said, “My thoughts are the same as Defending Brother’s.”

“Hehe, since both Brother Bai Wei and Defending Brother believe so strongly, I have nothing to say,” Bai Zang also stood on the same side as Yang Chen.

Yang Chen was relieved. The fact that several Great Emperors said this meant that his adventure today was worthwhile.

Emperor Shi Neng thought for a moment and said, “It seems that we need to be more careful in the future. As for the Prohibition Demon Clan, they can’t stir up much trouble for the time being, but the Demonic Beast Clan...”

His words seemed to be questioning, but in fact, he had already made his stance clear.

Only Emperor Jue Ming still couldn’t let it go. He looked at the people of the Northern Territory Sect and asked curiously, “What do you all think? How much of what young friend Yang said is true or false?”

He Tan stroked his chin, “I don’t think anyone can make up such a perfect story, so I believe it’s true.”

Lin Guang beside him smiled lightly, “Actually, it’s not difficult. After today, why don’t we, Brother Defending, take a trip to the Thirty-six Eastern Counties to see if the Fire Essence Beast is really there? I think we should be able to find some clues.”

“I had the same intention. In that case, let’s accompany Brother Lin Guang on this trip,” Bai Yudi laughed heartily.

The Northern Territory Sect's intentions were also very obvious.

Bai Yudi calmly said, "If we don't find anything from our investigation in the Thirty-six Eastern Counties, then Yang Chen, even if what you said is only your side of the story, considering you gathered so many Great Emperors here, your merits and demerits would balance out. My Bai family will not punish you, but we will not interfere with the thoughts and intentions of others."

Upon hearing this, Yang Chen nodded his head. He knew that Bai Yudi's decision was already very benevolent.

"Of course, if Brother Lin Guang and I do find something during our investigation, then it would be your merit!"

Chapter 1155 - 1155 1152 Joining the Northern Territory

Chapter 1155: Chapter 1152: Joining the Northern Territory Sect_1 Chapter 1155: Chapter 1152: Joining the Northern Territory Sect_1 Bai Yudi's attitude was strict, and he said coldly, "At that time, not to mention the forces in other places, I, Bai Yudi, can at least guarantee that within the Western Forty-two Regions, no one would dare to touch you."

Hearing this, Jue Ming Emperor shuddered, as Bai Yudi was subtly hinting at him.

These words really left him at a loss. It seemed that now, the Bai Family's attitude towards Yang Chen was very friendly. This left him with no choice but to sigh, as his plan to gain an advantage from Yang Chen was completely ruined.

At this time, He Tan was also sighing and said slowly, “Yang Chen, you have gone through a lot of trouble to tell us all this and even asked us to promise not to reveal it. It shows your good intentions. You, as a junior, can be so thoughtful. We, who have practiced for so many years, can’t treat the matter of the Fire Essence Beast lightly. We already know everything about the Fire Essence Beast. What you mentioned is indeed a major event, and we will pay attention to it. The Fire Essence Beast wants to cover the sky with one hand, but it is absolutely impossible. At least my Northern Territory Sect will never agree. That being said, is there anything else you want us to gather here for today?”

When He Tan said this, he was somewhat sighing.

If possible, how good it would be for Yang Chen to join the Northern Territory Sect! Such talent and magnanimity, as well as the ability to retaliate, are the best choices that the Northern Territory Sect needs the most.

Yang Chen didn’t beat around the bush and said with a bow, “There is one more thing.”

“Then take this opportunity to say it all together.” Bai Wei said from the side.

Yang Chen nodded and then looked respectfully at He Tan.

Being stared at like this by Yang Chen, He Tan felt somewhat strange.

Immediately after, Yang Chen said respectfully, “Junior Yang Chen, earnestly requests to join the Northern Territory Sect.”

At these words, He Tan was truly shocked.

“What do you mean?” He Tan asked, puzzled.

Yang Chen said, “Senior He Tan, you said you wouldn’t invite me to join the Northern Territory Sect again. Since that’s the case, I’ve changed my mind, and I’ll take the initiative to join the Northern Territory Sect.”

“Yang Chen, you don’t need to hide anything from this sect leader. You were very determined at that time and indeed had no intention of joining my Northern Territory Sect. Don’t say that you changed your mind temporarily. This sect leader hates those who change their minds the most.” He Tan snorted.

Lin Guang laughed out loud and said, “Sect Leader, you are too dull. Don’t you understand Yang Chen’s intentions? He intends to join our Northern Territory Sect as Yang Chen, not as Yang Xilin.”

“Oh?” He Tan understood after being pointed out like that.

Yang Chen explained, “I hope Senior He Tan can understand. When I refused you in the past, it was purely out of helplessness. If I were to join the Northern Territory Sect as Yang Xilin, it would indeed be deceptive. That’s because the Northern Territory Sect knows nothing about my background. But now, things are different. I have already revealed my identity, and I believe the Northern Territory Sect should be very clear about my background. I have already made the reasons for the Purple Qi Secret Realm incident clear, but the seniors here are reasonable, while others may not necessarily be so. At that time, I was already at a loss for words, and those who wanted to kill me and seize the treasure were not a small number. I don’t want the Northern Territory Sect to take on this responsibility for no reason.”

“So, you plan to request to join my Northern Territory Sect as Yang Chen? If my Northern Territory Sect is willing to protect you, we will accept you. If my Northern Territory Sect doesn’t, we will refuse you?” He Tan understood.

“That’s right.” Yang Chen said. “This matter is not trivial, and I dare not hide it. Especially when it comes to Ling Nvzong, I believe the seniors here also know that I have a lot of grievances against them.”

Hearing this, He Tan laughed out loud.

“Hahaha!” He Tan said, “Good, Yang Chen, I appreciate you more and more. To be honest, I have never looked up to a junior as much as I do now.”

Yang Chen lowered his head and waited quietly for He Tan’s answer.

Everyone else was the same.

They were all curious whether the Northern Territory Sect would protect Yang Chen or not.

In fact, Bai Yudi’s words just now were already very clear. They would only protect a part of it. If the forces in the Western Forty-two Regions took action, it would have nothing to do with them.

The Bai Family did not dare to protect this hot potato, would the Northern Territory Sect dare?

After a short pause, He Tan immediately said, “Yang Chen, since you can consider my Northern Territory Sect in such a way, what else does the Northern Territory Sect have to say? Hahaha, the Northern Territory Sect accepts you.”

Hearing this, Jue Ming Emperor had no thoughts left in his mind. The Northern Territory Sect had accepted Yang Chen, so how could he still have any designs on Yang Chen?

“Is Senior really serious?” Yang Chen couldn’t help but be overjoyed.

The Bai Family didn’t dare to protect him, but the Northern Territory Sect agreed?

“Hehe, Yang Chen, since the sect leader has spoken, how could he be deceiving you? My Northern Territory Sect has stood tall in the Central Region for so many years. How many storms have we not experienced? Who dares to touch you, my Northern Territory Sect will be the first to object. As for Ling Nvzong, hehe, others may be afraid of them, but my Northern Territory Sect is not afraid of them at all. Whatever they plan, just bring it on.” Lin Guang, who also had a violent temper, immediately shouted.

Hearing this, Yang Chen quickly bowed and said, “Disciple, I pay my respects to the four ancestors!”

“Good, good, good!” He Tan was very happy, and finally locked his gaze onto Emperor Shi Neng.

Emperor Shi Neng was the most embarrassed at this moment. Seeing He Tan's gaze come over, he coughed twice, not knowing what to say.

He Tan said, "Shi Neng, honestly speaking, Yang Chen joining the Northern Territory Sect now is like me digging your corner. If you have any requests, just mention them. Our human race needs to stand united against the enemy at this time, and we can't let this issue create a divide."

"He Tan, you're underestimating me, Shi Neng. Yang Chen is joining your Northern Territory Sect voluntarily. There's nothing I can say about that. Moreover, Yang Chen originally didn't belong to my Donghuang Sect. In addition, Yang Chen, as the leader of a vassal sect under Donghuang Sect, has the identity of Yang Xilin and can leave at any time. What can I, Shi Neng, say?" Emperor Shi Neng had a wry smile on his face.

Yang Chen's golden cicada's shedding plan to move to the Northern Territory Sect left him with no tempers, because Yang Chen never really joined the Donghuang Sect in the true sense.

Moreover, even if Yang Chen joins the Donghuang Sect, does he dare to accept him?

The Bai Family can't even take in this hot potato, so what qualifications does his Donghuang Sect have?

Now that the Northern Territory Sect has taken over, he has become more relaxed. At least, Yang Chen has already helped the Donghuang Sect as much as he should.

Emperor Shi Neng kindly said, "However, Young Friend Yang is still a friend of my Donghuang Sect. In the future, you must definitely visit the Donghuang Sect. He Tan, you won't mind, will you?"

“Of course!” Yang Chen replied quickly.

“Haha, I am not that petty.” He Tan laughed heartily.

The Supreme Martial King Shocking All Realms

Chapter 1156: Chapter 1153: Reconciliation?_1 Chapter 1156: Chapter 1153: Reconciliation?_1 Thus, Yang Chen had now officially joined the Northern Territory Sect, taking the most crucial step towards the Central Region.

Once the Prohibition Demon Clan matter was resolved, he could return to the Central Region with the Northern Territory Sect.

The several Great Emperors had not deliberately concealed Yang Chen’s affairs but had not publicized them either, so many people still thought that Yang Chen was Yang Xilin, and Yang Chen did not appear differently from his previous appearance, always presenting himself as Yang Xilin.

It was hard to explain this in a short time, so Yang Chen did not intend to reveal his identity. However, when he reached the Central Region, his identity would be completely exposed and he would no longer hide it.

Of course, not everyone was unaware of Yang Chen's identity. Afterward, He Tan informed the other disciples of the Northern Territory Sect of Yang Chen's true identity. After all, Yang Chen had joined the Northern Territory Sect with his original identity and could not hide anything.

Upon hearing this, Su Yao and the others were quite surprised, but they were not familiar with the previous Yang Chen, so they weren't too shocked. In this way, Yang Chen's affairs caused a brief ripple before calming down again.

The number of people who knew about Yang Chen joining the Northern Territory Sect was limited, and Yang Chen did not want to make too much noise about it.

Returning to his residence, Yang Chen secluded himself once again for cultivation. The matter with the Prohibition Demon Clan was still of utmost importance and should not be neglected.

After this period of training and cultivation, Yang Chen's strength had improved. He planned to use the Elixirs he had refined to attempt to break through to the Earth Martial Realm Ninth Layer.

If he rashly tried to break through alone, the success rate would be low. However, Yang Chen's use of Elixirs was far from ordinary. He knew which Elixirs worked best at which stage, and with his vast wealth, refining Elixirs was not difficult. The next step was to attempt the breakthrough.

Yang Chen was rather lucky. With the help of Elixirs, he successfully reached the Earth Martial Realm Ninth Layer after two days of hard cultivation and managed to stabilize his realm at that level.

"Having reached the Earth Martial Realm Ninth Layer, my strength has increased quite a bit," Yang Chen murmured, "I just don't know what the situation is outside right now."

After the breakthrough was over, Yang Chen extended his soul and suddenly discovered several Voice Transmission Talismans. He quickly received them and started to investigate.

“What, the Prohibition Demon Clan is attacking again?” Yang Chen’s face was difficult to read, “These Prohibition Demon Clan members are really not ones to sit still. But why are so many people waiting for me here?”

Yang Chen released his soul and could keenly sense that outside his residence, many martial artists were waiting for him.

With this in mind, Yang Chen swiftly pushed open the door.

As he stepped out, Yang Chen saw dozens of martial artists anxiously waiting outside, seemingly ready to break in at any moment.

Seeing this, Yang Chen asked doubtfully, “What’s going on?”

“Young friend Yang, you’ve finally come out of seclusion. We’ve been waiting for you for a long time,” several Sky Martial martial artists said with a wry smile.

“Seniors, what’s the matter? I’ve been in seclusion for the past few days, breaking through my realm, and couldn’t stop. I’m very sorry. As for the details, I hope you can kindly explain to me,” Yang Chen said respectfully.

“Young friend Yang, you might not be aware, but three hours ago, the Prohibition Demon Clan attacked again,” said a Sky Martial martial artist.

“Oh?” Yang Chen raised his eyebrows.

It seemed that the timing wasn't too tight since the attack had just started shortly before.

Of course, even a recent battle was still a battle. Yang Chen frowned, “How is the current situation in the battle?”

“Well, the situation is quite strange. It's normal for young friend Yang not to be aware of it. In fact, we were initially prepared for battles on all fronts, thinking that the Prohibition Demon Clan would attempt a counterattack after recuperating. But who would have expected that the Prohibition Demon Clan's army would be stationed in front of ours, with a large formation having no intention of fighting, but rather negotiating with us humans,” explained several martial artists.

Yang Chen was puzzled, “Negotiation?”

“Yes, young friend Yang. You know that although we humans are not weak compared to the Prohibition Demon Clan, due to various reasons, we have no great need to fight them to the death. Even if we win, it would be a bitter victory, which is pointless. Therefore, negotiating peace is necessary. At least for now, we have exerted enough pressure on the Prohibition Demon Clan to let them know that we are the kings in the Western Region, and they still lack the ability,” said the martial artists.

Upon hearing this, Yang Chen secretly nodded, finding it quite reasonable.

But the key was...

Yang Chen laughed helplessly, “Seniors, what you say makes sense, and I’m very convinced. However, what does this have to do with me?”

“Young friend Yang, if it doesn’t concern you, we wouldn’t have waited here so diligently,” several Sky Martial martial artists said with a bitter smile. “We don’t know what’s going on, but the Xieluo Demon Emperor of the Prohibition Demon Clan specifically asked for the person who killed two Undying Demons on the Earth Martial Realm Battlefield to negotiate with. When we calculated it, isn’t that you, young friend Yang? We thought there was a conspiracy by the Prohibition Demon Clan, and we originally didn’t plan to compromise. However, this Xieluo Demon Emperor insisted on finding you. We thought about it, then brought you over to talk to the Xieluo Demon Emperor and see what tricks he could play.”

Upon hearing that it was the Xieluo Demon Emperor who was looking for him, Yang Chen couldn’t help but laugh.

Others might not know what was going on, but wouldn’t he understand? It was clear that the Xieluo Demon Emperor simply wanted to take the Yin Lizard back.

It seemed that this Yin Lizard was indeed very important to the Xieluo Demon Emperor; otherwise, a Demon Emperor wouldn’t be so persistent in trying to take it away.

“In that case, I’ll go with the seniors to see what tricks the Xieluo Demon Emperor has.” Yang Chen grinned, and then left with several Sky Martial martial artists.

Yang Chen's name as the Slaughtering Devil Hero was once again ignited. When he arrived at the battlefield, many martial artists saw Yang Chen and cheered, shouting "Slaughtering Devil Hero" with high spirits and enthusiasm.

Everyone remembered how Yang Chen had saved the day on the Earth Martial Realm Battlefield.

Everyone remembered that the victory on the Earth Martial Realm Battlefield had a lot to do with Yang Chen.

Several Sky Martial martial artists led Yang Chen to the front line of the battlefield, and when they brought Yang Chen over, they reported back to their own Ancestors.

Seeing Yang Chen arrive, several Great Emperors showed amiable expressions.

"Young friend Yang, you came just in time. We were just discussing what to do about this situation. You can talk to this Xieluo Demon Emperor and see what he wants to do. Don't be afraid; we will help you as backing. During the negotiations, always put the interests of our human race first!" Bai Yudi instructed.

"Yang Chen, be cautious..." Bai Wei also said on the side.

Several Great Emperors were somewhat worried and instructed Yang Chen one after another.

The Supreme Martial King Shocking All Realms

Chapter 1157: Chapter 1154: Negotiations Begin_1 Chapter 1157: Chapter 1154: Negotiations Begin_1 If possible, they would not want Yang Chen to negotiate with Xie Luo, the Demon Emperor, because as the Demon Emperor, Xie Luo had lived for countless years. To put it bluntly, he was an empty shell. Yang Chen, a young man, would be at a significant disadvantage in all aspects of the negotiation.

However, there was no choice, as Xie Luo, the Demon Emperor, was determined to negotiate with Yang Chen. Thus, they couldn't think of any other way, and they couldn't ignore the overall situation. If the Prohibition Demon Clan stopped making trouble, it would be of endless benefit to both sides.

Seeing the Great Emperors worried, Yang Chen knew their concerns and smiled, "Several Great Emperors, I know the pros and cons. If necessary, you can guide me."

"Well, young friend Yang, with your words, we can rest assured," He Tan said.

Yang Chen nodded and immediately took a step forward without further delay.

On the side of the Prohibition Demon Clan, a black mass of soldiers gathered not far away, and now seeing Yang Chen come out, a huge figure appeared in his sight.

This demon was filled with astonishing Demonic Qi. Upon closer inspection, Yang Chen could see it clearly. This Forbidden Demon was also an Undying Demon, but its size was at least three to five times larger than those Yang Chen had seen before.

Yang Chen could feel an extremely strong oppressive power from it, and he knew that this was Xie Luo, the Demon Emperor.

“Kid, I am Xie Luo, the Demon Emperor who wants to negotiate with you. What is your name?” Xie Luo asked coldly.

“Junior’s surname is Yang!” Yang Chen replied.

“Humph, Yang kid, I won’t say much nonsense. Poisonous Wolf and Skeleton Yin should have been killed by you alone, right?” Xie Luo asked slowly.

“Indeed, a few days ago, after I killed Poisonous Wolf, a giant hand should have something to do with you, senior,” Yang Chen laughed.

Xie Luo squinted his eyes, unable to think that Yang Chen would not only not be bothered by his question but also choke him fiercely.

He said expressionlessly, “Kid, you killed Poisonous Wolf and Skeleton Yin, I retaliated against you at the time, consider this matter settled, let’s talk about what comes next.”

Yang Chen sneered in his heart, settled? He didn't think it could be settled so easily. He killed Poisonous Wolf and Skeleton Yin within the rules agreed upon by the humans and the Prohibition Demon Clan on the battlefield.

However, Xie Luo, the Demon Emperor, acted across the battlefield, violating the rules.

But now that they were talking about peace, Yang Chen didn't press the issue and just said, "Great Demon Emperor, please continue."

"It's simple. I heard from my subordinates that before you killed Poisonous Wolf, you had defeated him once, and the Yin Lizard he carried with him also fell into your hands?" Xie Luo, the Demon Emperor asked.

"That's true." Yang Chen knew Xie Luo's intentions and didn't hide anything.

Xie Luo growled, "Kid, since we've already talked about this, I won't beat around the bush anymore. You took the Yin Lizard from Poisonous Wolf, and it is my treasure."

Upon hearing this, many Great Emperors exchanged glances.

Unexpectedly, there was such a thing.

They didn't know that Yang Chen had taken a Yin Lizard, and even if they did, no one would have thought that the Yin Lizard had anything to do with Xie Luo, the Demon Emperor.

The most surprised by this revelation was Emperor Jue Ming, whose eyes were rolling as he wondered what to do next.

Yang Chen narrowed his eyes, looking at Xie Luo, the Demon Emperor. He thought that exposing the Yin Lizard matter in front of so many people was not merely unintentional. Most likely, Xie Luo, the Demon Emperor, wanted to push him into an outcast position.

If he didn't return the Yin Lizard, possessing Xie Luo's treasure would make the surrounding Great Emperors covetous. In this way, Xie Luo would gain the initiative in the trade.

However, Xie Luo underestimated him.

Yang Chen's expression didn't change, and he calmly asked, "Then what does Great Demon Emperor intend to do?"

"It's simple. I came to negotiate with you today, actually to make this deal with you. As long as you give me the Yin Lizard, I, the Demon Emperor, can represent the Prohibition Demon Clan and sign a thousand-year contract with you humans, at least ensuring that there will be no disputes between the Prohibition Demon Clan and humans for a thousand years!" Xie Luo laughed.

Upon hearing this, Yang Chen asked without hesitation, "What about the territories? Your Prohibition Demon Clan has occupied two major areas of our human race. Whose are these areas?"

"Those are the territories that we, the Prohibition Demon Clan, have fought for, and they naturally belong to us." Xie Luo said coldly.

“The words of the Great Demon Emperor are interesting. Since the Great Demon Emperor says so, then this Yin Lizard was also obtained by me, naturally, it is mine. Why should I give it up?” Yang Chen scoffed.

Xie Luo was instantly enraged. A mere Earth Martial Realm human dared to bargain with him?

Emperor Jue Ming was annoyed when he saw Yang Chen’s choice, “What is this kid doing? How can he bargain with Xie Luo, the Demon Emperor? This is a good opportunity to influence peace talks between humans and the Prohibition Demon Clan. If he angers Xie Luo with a single sentence, what can we do? I have to stop him.”

Emperor Shi Neng also felt that Yang Chen’s actions were inappropriate.

However, just as they were about to intervene, Bai Yudi suddenly raised his hand, and a surge of majestic True Qi blocked their way.

Bai Yudi said, “Let him continue talking.”

“Defending Brother, you are... this young boy is reckless, and you...” Emperor Jue Ming whispered angrily.

Bai Yudi said coldly, “What? Is Yang Chen wrong? Just because the Prohibition Demon Clan is seeking peace, should we humans sell our land to seek glory? They started the fight and the plea for peace, and we have to follow their intentions. Do our humans live without backbone?”

Yang Chen saw this scene clearly.

He sighed slightly. Out of the four Great Emperors in the Western 42 Regions, only Bai Yudi had such extraordinary courage. The other four Great Emperors were slightly inferior and far from Bai Yudi.

Bai Yudi said coldly at this moment, “If the Prohibition Demon Clan truly wants peace, the negotiation must have a process. Young friend Yang is trying his best to maximize the interests of our human race, which is what you initially instructed. Why do you have any reason to obstruct him? Just watch.”

Hearing Bai Yudi’s firm words, Emperor Jue Ming and Emperor Shi Neng finally dared not speak again.

Now, after his anger, Xie Luo said coldly, “Yang kid, do you know who you’re talking to? Do you know that the reason I came to you was just because you took my Yin Lizard? Your choice represents the entire Western 42 Regions!”

The Supreme Martial King Shocking All Realms

Chapter 1158: Chapter 1155: New Opponent_1 Chapter 1158: Chapter 1155: New Opponent_1 “If you make the wrong choice, it will represent the continuation of war, and countless lives will be destroyed. Can you bear such a responsibility?” Xie Luo Demon Emperor shouted.

Upon hearing this, Yang Chen said solemnly: “Xie Luo Demon Emperor, you don’t need to threaten me. Although I, Yang Mou, am young, I’m not afraid of you. What, you Xie Luo Demon Emperor come to seek peace today, and we humans must agree? Hmph, if you want to fight, then continue the war! Our Human Territory has been fought for against heaven and earth. In this vast universe, we can always find a place to live. How could we be afraid of you? Our human men have hard bones, and will never be afraid of you.”

Yang Chen’s words ignited the boiling blood of countless people, causing many to roar out uncontrollably.

“If you want war, we’ll give you war!”

“Fight it out, who’s afraid of who!”

Uproar from the audience below.

Nowadays, the flames of war have not been completely extinguished, and the anger of all martial artists is burning. If the Prohibition Demon Clan continues to insult them, they will fight back with their lives.

Seeing Yang Chen’s firm attitude, Xie Luo Demon Emperor was startled and glanced back, obviously seeking the opinions of other Demon Emperors.

How could Yang Chen not see what Xie Luo Demon Emperor was doing?

In fact, from the very beginning when he refused Xie Luo Demon Emperor, he knew that the Forbidden Demon Clan had already begun to consider peace talks. It was just that Xie Luo Demon Emperor was using the guise of seeking peace to try to take away his Yin Lizard.

After all, the nine Demon Emperors of the Forbidden Demon Clan must have made the decision to seek peace through a majority vote.

That's why Yang Chen bargained, because without the Yin Lizard, Xie Luo Demon Emperor wouldn't dare to say anything.

Xie Luo Demon Emperor didn't know that Yang Chen had already guessed that much. At this moment, after a brief exchange with the Demon Emperors behind him, Xie Luo Demon Emperor couldn't lash out in anger and suppressed his anger: "Kid, you tell me how you plan to deal with this."

From his words, it was not difficult to see that Xie Luo Demon Emperor had already compromised.

"How about that." Bai Yudi smirked.

Emperor Jue Ming and Emperor Shi Neng were both dumbfounded. It turned out that Xie Luo Demon Emperor was the kind of person who only responded to toughness but not softness?

Yang Chen said: "Since your Forbidden Demon Clan seeks peace, I consider that it's the entire Forbidden Demon Clan who came for peace talks. I hope that Demon Emperor seniors don't mix peace talks with your Yin Lizard issue. These are two different things. If you want to take back your Yin Lizard, you can use other methods. Also, the territories you Forbidden Demon Clan have taken from our humans must be returned in full after the reconciliation."

Xie Luo Demon Emperor clenched his fists with raging hatred.

Indeed, the Yin Lizard was just a small hidden motive in his peace talks.

He gritted his teeth and said: “Hmph, Yang kid, you see things quite clearly. Our Forbidden Demon Clan is indeed taking the initiative to seek reconciliation with you. We originally thought we could defeat the humans in the Western Forty-two Counties in one fell swoop, but we didn’t expect the Northern Territory Sect to send reinforcements so quickly, and also encounter so many talents in this area of you humans. Our Forbidden Demon Clan lost fairly. However, by coincidence, our Demon Emperors have different opinions on the matter of returning the territories to you, and the votes are the same. There are four who think it’s better not to return them, and four who think it’s safer to give them back to you.”

“So what?” Yang Chen asked in surprise.

Xieluo Demon Emperor chuckled: “So, this crucial vote is in my hands. Whichever side I vote for, that side will determine the ownership of the territories. Yang kid, let’s make another bet with a different method, using your Yin Lizard and my decisive vote to compare, how about it?”

Yang Chen narrowed his eyes and looked at Xie Luo Demon Emperor, not knowing if what he said was true or false, but he indeed needed to fight for these territories.

Letting the Forbidden Demon Clan admit defeat is one thing, but it’s not necessarily easy for them to hand over the territories they have acquired.

With this in mind, Yang Chen said, “Tell me, how do we compare.”

Xie Luo Demon Emperor said: “Very simple. There are many talented people in our Forbidden Demon Clan, and there are quite a few outstanding ones among them. We will choose an outstanding Forbidden Demon to fight against Yang Xiaoyou. If young friend Yang loses, then this Yin Lizard will belong to me. If young friend Yang wins, I will persuade the others and cast the crucial vote in favor of the humans.”

Hearing this, Yang Chen hesitated and pondered.

The outstanding members of the Forbidden Demon Clan.

How outstanding?

He didn’t think that Xie Luo Demon Emperor didn’t understand his abilities. Not only did he understand, but the Demon Emperor also clearly knew that he had killed the Poisonous Wolf and Skeleton Yin and had personally tested Yang Chen.

With all these factors considered, Xie Luo Demon Emperor still believed that there was a member of his clan who could defeat him?

Yang Chen curiously asked: “Is it within the Earth Martial Realm strength?”

“Of course, fair and just, Yang kid, there are so many people here. For the peace and tranquility of both our humans and our Forbidden Demon Clan, you should not refuse,” Xie Luo Demon Emperor smirked sinisterly.

“Yang Chen, be cautious of their deceit.” Bai Wei warned.

Yang Chen knew there was deception involved, but there was no other way. Xie Luo Demon Emperor clearly told him that this was an overt conspiracy.

Knowing that it was a trap, he still had to jump into it.

Yang Chen’s expression was serious, his icy demeanor said: “Alright, no problem, Demon Emperor senior, today you are also acting in front of so many Forbidden Demon Clan members, I hope you can keep your word.”

“Of course!” Xie Luo Demon Emperor stepped back and began discussing with the other Demon Emperors.

Xie Luo Demon Emperor’s decision was obviously a temporary one, so he discussed it with the other Demon Emperors for a short time before stepping forward again.

After he came out, not long after, a Forbidden Demon, who looked quite similar to Xie Luo Demon Emperor but was obviously much thinner, appeared in Yang Chen’s field of vision.

“Undying Demon?” Yang Chen was surprised.

He had killed two Undying Demons in the Earth Martial Realm battlefield; how did another one come out here?

It seemed that the Forbidden Demon Clan still had some reservations in this battle.

Upon reflection, Yang Chen couldn't deny that this was also quite normal, because who could guarantee that a few Great Emperors didn't have any hidden cards in this war?

This Undying Demon was clearly more sinister than the Poisonous Wolf and Skeleton Yin, and its strength had already reached the half-step Heavenly Martial Realm category.

"This is the strongest of our Undying Demon Clan in the Earth Martial Realm. Longhe, give your opponent a brief greeting." Xie Luo Demon Emperor chuckled.

The Undying Demon called Longhe gave a sinister smile.

His smile was extremely eerie and made people shudder.

Moreover, he just smiled and didn't say anything, which made people even more fearful and uneasy.

As Yang Chen looked at this Undying Demon, he couldn't help but think about how cautious and careful he needed to be when facing it.

Perhaps his defeat wouldn't necessarily result in the continuation of the war, but if he lost today, it would be an indelible stain in human history.

Chapter 1159 - 1159 1156 Invincible in the Earth Martial

Chapter 1159: Chapter 1156: Invincible in the Earth Martial Realm?_1 Chapter 1159: Chapter 1156: Invincible in the Earth Martial Realm?_1 But would he lose?

Yang Chen couldn't find an answer for himself to lose, so he would not lose today.

Now, Yang Chen looked at Longhe, and Longhe was also looking at Yang Chen.

"Yang Chen, be careful." Bai Wei said by the side.

"Your Excellency, is Yang Chen being too assertive?" Emperor Jue Ming said very worriedly, "Although I admit that young friend Yang has great strength, it doesn't mean that he is invincible in the Earth Martial Realm stage. If he loses today, our humans will really lose face."

Emperor Jue Ming didn't have much opinion about Yang Chen before, but after Yang Chen's identity was exposed, it was different.

Firstly, in the Purple Qi Secret Realm, the Huangdao Sect and Yang Chen had the deepest conflict. Secondly, he was also coveting the treasures on Yang Chen's body.

Emperor Jue Ming now has thievish intentions but no courage towards the treasures on Yang Chen's body, but he still doesn't get along with Yang Chen because he knows very well that enemy should be resolved rather than tied together, so it's not possible for him, Emperor Jue Ming, to apologize. Yang Chen has killed people from the Huangdao Sect, how could he be polite to Yang Chen?

He was smart enough to know that to solve the problem, he had to ask Bai Yudi first, because the whole Western 42 Regions were still decided by Bai Yudi's words.

Bai Yudi slowly said, "Jue Ming, gaining glory and losing face is just a fine line away. What Yang Chen is doing is for the benefit of our humans. What we, as several great emperors, can do is just to watch."

"But if he loses..." Jue Ming furrowed his brows.

"No ifs, just stand by and watch." Bai Yudi stood with his hands behind his back.

Although Emperor Jue Ming had some ideas, he could only suppress them in his stomach now.

At the same time, the Xieluo Demon Emperor had already retreated, leaving only Yang Chen and the Immortal Demon Longhe in the sky.

“Xieluo, when you go back this time, you have to thank me. Humph, Longhe is my precious disciple. I didn’t let him take action in this battle with humans just for your Yin Lizard.” Another Immortal Demon appeared beside Xieluo Demon Emperor.

This Immortal Demon was obviously another Demon Emperor.

Seeing this Demon Emperor speaking, Xieluo sneered, “Don’t worry, the rewards will not be less. But with Longhe’s intervention, is there enough confidence?”

“Humph, are you questioning the strength of my disciple? Longhe was brought up by me personally and inherited the mantle of this Emperor. In order to help you secure this victory, I even bestowed a trump card to help him win. The victory can be said to be foolproof. Just set your mind at ease, and thank me properly after you retrieve the Yin Lizard.” The Demon Emperor said disdainfully.

Although Xieluo Demon Emperor had some concerns, he quickly put it down after hearing the words of the Demon Emperor beside him.

Although he was not sure about Longhe’s specific strength, he knew that he was the opponent’s core disciple and the strongest existence among the Earth Martial Realm Forbidden Demons. He was invincible among the Earth Martial Realm Forbidden Demons.

With that trump card, he didn’t believe that Longhe couldn’t win against Yang Chen.

Meanwhile, Longhe and Yang Chen had already begun fighting.

Although they hadn't officially started, their fighting spirits had already collided.

Longhe slowly said, "Do you know why I didn't participate in this war?"

"Why?" Yang Chen was curious.

"Because I felt that these human opponents were not worth my effort, it's very boring." Longhe lazily said, "I have fought many Earth Martial Realm human martial artists and found it like dealing with children. There's no challenge at all. I hope you can bring me some fun and at least let me use some skills to warm up today."

"Oh?" Yang Chen smiled and said, "If that's the case, then please."

"Humph, just take my move." Longhe took action in an instant.

When he took action, a sudden wave of Demonic Qi spread out like a tidal wave, quickly expanding and swirling around.

When the wave-like Demonic Qi swept out, suddenly, a mountain fell from the sky.

These huge mountains were filled with Demonic Qi, and when they fell, they tore through the air, heading straight for Yang Chen.

Yang Chen saw these huge mountains falling and dared not take them lightly. He quickly prepared triple flames to resist. As he resisted, Yang Chen gained some understanding of Longhe's strength.

It was very tricky.

His triple flames could barely withstand these huge mountains. It was obvious that these mountains were refined from Demonic Qi after tempering, with extraordinary weight, and they were not affected by the burning and corrosion of Flourishing Stars Fire and Blazing Sky Sacred Fire, making them even more extraordinary.

"Oh? Interesting, in that case, taste something more powerful." Longhe was still confident, the corner of his mouth curling up.

After the Demonic Qi dissipated, a huge face appeared in the Demonic Qi. The face was unknown, neither human nor demon, but the outline of the face could be seen clearly, looking terrifying.

"It's a demon statue, haha, your disciple has truly inherited your teachings." The Xieluo Demon Emperor laughed loudly. "Being able to use this technique, this victory is surely ours."

At the same time, the giant face became clearer and clearer in the Demonic Qi, followed by a huge body.

This body was a hundred zhang tall, covering half of the sky when it was born, and it could be called a monster.

“Demon Statue, go, kill this kid for me.” Longhe controlled it.

Upon hearing these words, the body of the Demon Statue erupted with Demonic Qi, followed by a fierce punch that accompanied a large amount of Demonic Qi, heading straight for Yang Chen.

Yang Chen suddenly used triple flames to dissolve the attack, but facing this punch, he seemed a little unsupported. The triple flames were shattered, and facing the astonishing power, Yang Chen was forced to retreat several steps.

“It’s the Demon Statue of the Green Light Demon Emperor, inherited by this kid. When the Green Light Demon Emperor used this Demon Statue, it was extremely powerful. Even we, several Great Emperors, would not dare to stand against it. It’s simply invincible in the Earth Martial Realm stage.” Several Great Emperors became anxious.

“We were confused earlier; why didn’t we help him prepare some treasures in advance to give him a helping hand?” These emperors were all regretful.

“It is meaningless for us to give him treasures temporarily.” Bai Yudi shook his head, “He himself is always the best.”

“But...”

Bai Yudi slowly said, “Don’t jump to conclusions yet, at least I haven’t seen any signs of Yang Chen losing.”

Yang Chen barely withstood a punch, which made Longhe even more excited. He laughed heartily, “You can actually withstand a punch from the Demon Statue, not bad, kid. However, I want to see how many punches you can take!”

As soon as his words fell, Longhe controlled the Demon Statue to attack again. This time, the Demon Statue rushed straight at Yang Chen, seemingly planning to give Yang Chen a close-range punch, making its power even greater and more astonishing.

But just as the Demon Statue was charging at Yang Chen, suddenly, Yang Chen snapped his fingers.

Immediately afterward, two huge figures, almost as large as the Demon Statue, appeared in front of the Demon Statue.

Chapter 1160 - 1160 1157 Its Not Over Yet_1

Chapter 1160: Chapter 1157: It's Not Over Yet!_1 Chapter 1160: Chapter 1157: It's Not Over Yet!_1 Everyone was caught off guard when the Demon Statue was stopped. Both the several Great Emperors of the humans and the several Demon Emperors of the Prohibition Demon Clan felt the same way.

Especially the several Demon Emperors of the Prohibition Demon Clan, they didn't expect at all that the Demon Statue would be stopped. This Demon Statue was the signature move of the Green Light Demon Emperor, and it was specially refined to be an invincible presence in the Earth Martial Realm.

Once it appeared, it was invincible, and being stopped was almost impossible to happen within the Earth Martial Realm.

However, Yang Chen managed to do it.

Everyone looked and saw that the ones who stopped the Demon Statue were two giant bears. Aren't these two giant bears the Black Mountain Black Bears?

Yang Chen calculated that although he had other means to deal with the Demon Statue, it was more suitable to let Black Mountain Black Bear's Eldest Brother and Bear Elder Two handle it.

In the past, he wouldn't have trusted their strength and status, but now, their strength has improved, and he could already control their status.

As a disciple of the Northern Territory Sect, he had no need to worry about being coveted by others for subduing the two Black Mountain Black Bears.

Nowadays, Bear Elder One and Bear Elder Two both possess the peak strength of the Earth Martial Realm. When they take action, their power is far stronger than before. Regardless of the Demon Statue's immense power and incredible divine abilities, the two Black Mountain Black Bears managed to stop it.

No, it's not just stopping them.

These two Black Mountain Black Bears seem to have endless strength. Quite simply, one of them grabbed the body of the Demon Statue while the other retreated four or five steps before rushing forward.

Boom...

Dust was flying, and a storm raged.

The originally stable Demon Statue was now being hit by the equally huge body of the Black Mountain Black Bear, and it staggered back several steps, barely steadying its body under Longhe's control.

Longhe witnessed this scene, completely dumbfounded.

“How is this possible? My Demon Statue is an extraordinary cultivation method given to me by my master, and it is absolutely invincible within the Earth Martial Realm. What is this thing?” Longhe sensed trouble from the two giant bears.

But it was unlikely for him to admit defeat so easily. Longhe roared and controlled the Demon Statue.

Suddenly, the Demon Statue's body grew dramatically, half bigger than before, instantly surpassing the Black Mountain Black Bears Eldest Brother and Bear Elder Two.

“Eldest Brother, this guy can also grow bigger.” Bear Elder Two shouted.

“Damn it, let’s grow too.” Bear Elder One, who had somehow learned cursing, roared excitedly, then stomped his foot and grew even larger.

Both of these giant bears grew twice their original size, directly surpassing the Demon Statue.

“Keep growing, can’t you?” Bear Elder One and Bear Elder Two shouted at the Demon Statue gleefully, clearly not knowing that the Demon Statue was an inanimate object and Longhe was the one controlling it from behind.

Yang Chen looked at the two Black Mountain Black Bears growing so huge, and couldn’t help but chuckle.

Wanting to compete with the Black Mountain Black Bears Eldest Brother and Bear Elder Two in size is obviously laughable. The divine ability of enlarging themselves is a unique talent of the Black Mountain Black Bears. Even when he first met the two brothers, they already had this ability. Now that they have reached the peak of the Earth Martial Realm, this ability is more mature and terrifying than before.

Deep down, Longhe also wanted the Demon Statue to grow even larger.

However, he couldn’t muster enough strength. With his current strength, activating the Demon Statue at this level was already his limit.

“Hmph, as you grow bigger, you pay the price in power and speed. My Demon Statue is different. The larger my Demon Statue gets, the stronger it becomes. Die!” Longhe yelled.

The Demon Statue took action in an instant, and its power was indeed much stronger than before. However, when it really started, the two Black Mountain Black Bears showed no signs of backing down, stopping the Demon Statue directly.

The size of the two giant bears increased, although their strength didn't improve much, it didn't drop either. Stopping the Demon Statue was still not an issue.

"Let's knock it down." The two Black Mountain Black Bears discussed and then cooperated with a coordinated left and right attack, entangling themselves with the Demon Statue.

The Demon Statue was indeed powerful, but it faced the threat of two giant bears at the same time, as well as the various divine abilities of the Black Mountain Black Bears Eldest Brother and Bear Elder Two, and the Demon Statue soon fell into a disadvantage.

"Black Mountain Dark Cloud Palm!" Bear Elder One slapped it down.

When the Black Mountain Black Bears personally used Black Mountain Dark Cloud Palm, the power was far stronger than Yang Chen's. They saw a shocking phantom palm shadow suddenly born in the sky, with the mere size of a mountain, falling from the sky and aimed at the Demon Statue.

Upon seeing this palm, Longhe finally felt fear and tried to control the Demon Statue to retreat. He felt the power from the Black Mountain Dark Cloud Palm; the Demon Statue might not be able to withstand it.

However, just as he tried to control it, Bear Elder One suddenly raised his head and roared.

With this roar, its power was even more amazing. The powerful sound waves instantly spread, covering a hundred miles around, and many Earth Martial Realm Warriors who were watching even felt uneasy, unable to calm down.

As for Longhe, who was at the center of the power, needless to say, in an instant, he could no longer control the Demon Statue.

This earth-shattering roar was none other than the Mountain God Roar.

Yang Chen watched from the side, with a helpless smirk on his face.

“The two divine abilities used by these brothers are really not something I can compare to.” Yang Chen sighed, feeling the vast gap.

Now, looking at the Demon Statue, it was already shattered all over its body, becoming dull under the Black Mountain Dark Cloud Palm.

Today, the two brothers did help him a lot. If he were to handle the Demon Statue alone, it would indeed take a lot of effort. With the help of the two brothers, he became much more relaxed.

As for Longhe, after the Demon Statue was destroyed, he spat out a mouthful of blood. This blood was caused by both the backlash after the Demon Statue was crushed and the anger after seeing the Demon Statue destroyed.

He stared at Yang Chen, his eyes filled with boundless resentment.

“So that’s how it is. I understand now. These two bears are most likely the legendary Black Mountain Black Bears. I heard that young friend Yang is a person with deep blessings and fortune, how fortunate to have subdued two Black Mountain Black Bears to help.” Bai Zang said kindly.

“The outcome has been decided.” Emperor Shi Neng laughed.

“Huh? No, wait!” Bai Wei originally wanted to congratulate, but in the moment when his thoughts fell, he suddenly saw Longhe’s body undergoing a drastic change.

Yang Chen originally thought that the battle was over after the Demon Statue was destroyed. But he did not expect Longhe to somehow transform the body of the Demon Statue into streams of energy that merged with him.

Immediately afterward, the original Longhe disappeared, replaced by a new form of the Demon Statue. This Demon Statue was even more robust and larger than before, and a pair of flesh wings grew on its back. These flesh wings flapped, signifying the birth of vast demonic qi.

Yang Chen saw this and narrowed his eyes...

It seems that the battle is not over yet.
