

The Supreme Martial King Shocking All Realms

Chapter 1351 - 1351 1347 How About Taking Me with You_1

Chapter 1351: Chapter 1347: How About Taking Me with You_1 Chapter 1351: Chapter 1347: How About Taking Me with You_1 Li Ruoxiang saw the atmosphere becoming ambiguous, and naturally felt a little embarrassed. She took the initiative to break the awkwardness, “You came here because of Zhu Hailong’s message, right?”

She no longer had any master-disciple feelings towards Zhu Hailong, and naturally, she would never acknowledge Zhu Hailong as her master again.

“Yes, that’s right. It seems that Zhu Hailong also sent you a message. In that case, let’s see what Zhu Hailong is up to.” As Yang Chen finished speaking, he turned and left first.

Li Ruoxiang hurriedly caught up, and the two went to Zhu Hailong’s residence in Houshan.

Zhu Hailong knew how to find a good place for cultivation. This Houshan had an excellent cultivation environment, with exceptional spiritual energy and tranquility, far better than the outside world.

Now, as Yang Chen and Li Ruoxiang arrived, Zhu Hailong sensed their presence and hurriedly came out to greet them, afraid of offending Yang Chen.

Yang Chen, my disciple, both of you are here.” Zhu Hailong said with a thick skin and a smile. Even if Li Ruoxiang didn’t recognize him as her master, he knew that if he called her disciple now, he might be able to live a little longer.

He definitely understood this logic, which was why he kept looking at Li Ruoxiang affectionately. However, looking at her, Zhu Hailong suddenly got shocked.

Because Li Ruoxiang’s qi was astonishingly at the same level as his, both at the Third Layer of the Heavenly Martial Realm.

This made him want to cry. Nowadays, he regretted to his very core. If he had known this, he shouldn’t have supported Zhang Huai in controlling the Green Lotus Sect. If he had supported Li Ruoxiang, it would have been like having another master in the Heavenly Martial Realm within the sect.

But what about now? Zhang Huai, with his talent, would never reach the Heavenly Martial Realm in this lifetime. The help he provided to Zhu Hailong was ultimately only to let him advance from the Second Layer to the Third Layer of the Heavenly Martial Realm.

But, how could advancing one realm be more profitable than having another powerful person in the Heavenly Martial Realm?

If he had chosen Li Ruoxiang earlier, she would have been loyal to him and wouldn’t have denied him as her master, right?

Now, Zhu Hailong could only show a bitter smile on his face. He sighed and said, “You two, come in with me.”

Yang Chen and Li Ruoxiang were both extremely cold towards Zhu Hailong. Even if Zhu Hailong showed a smile on the surface, it remained the same.

This was reaping what he had sown, and it was all Zhu Hailong’s fault.

At this moment, Yang Chen knew what Zhu Hailong had been up to. He had once told Zhu Hailong that he wouldn’t die, but someone must be ripped apart and killed in order to calm his anger.

Zhu Hailong was indeed smart. He knew who should die, and directly brought out the person who deserved death. This person was none other than Zhang Huai and his minions.

Upon seeing this, Yang Chen knew that Zhu Hailong was an intelligent person. He didn’t kill Zhu Hailong because his strength had reached the Heavenly Martial Realm and he was the true controller of the Green Lotus Sect. If he died, it would cause too much trouble.

So, who should die instead?

It should be someone who could let both him and Li Ruoxiang vent their anger, but not cause too much commotion.

This person had to be none other than Zhang Huai and his minions.

Now, Zhang Huai and his minions were all controlled by the specially designed binding prohibitions of the Green Lotus Sect, unable to move at all.

Despair filled the faces of the prisoners, especially Zhang Huai. When he saw Yang Chen and Li Ruoxiang, he cried out in terror, “Yang Chen, Li Ruoxiang, don’t kill me! Don’t kill me! It was all this old bastard’s fault. In fact, I didn’t have such great ambitions at all. I didn’t want to be the controller of the Green Lotus Sect. It was all this old bastard’s doing!”

Zhang Huai’s mind was in great chaos, but his mind was still very clear, knowing that his life was in Yang Chen and Li Ruoxiang’s hands.

So he turned his head and scolded Zhu Hailong, causing Zhu Hailong to become enraged. Zhu Hailong slapped Zhang Huai’s face with a palm, causing blood to spray from his mouth and several teeth to fall out.

“You ungrateful wretch, how dare you slander me!” Zhu Hailong shouted.

“Hmph, Zhu Hailong, there’s no need to pretend. Since the people are already here, you might as well get it over with.” Yang Chen said coldly, “From now on, I don’t think I need to say anything more about the Green Lotus Sect.”

Zhu Hailong had a bitter smile on his face, knowing that the Green Lotus Sect would no longer belong to him in the future.

With Zhang Huai dead, only Li Ruoxiang's lineage remained in the entire Green Lotus Sect, and her branch was already the most popular. What about him? He never appeared in public and had no prestige. Besides, Li Ruoxiang's strength had now increased dramatically, and she no longer needed to look at his face. In the future, he would have no foothold in the Green Lotus Sect.

However, after thinking about it, at least he knew that this outcome wasn't too bad, better than being dead anyway.

With that in mind, Zhu Hailong hurriedly nodded his head in agreement, "I know, I know..."

With that said, Zhu Hailong slapped Zhang Huai and his minions.

"You wretches, it's time for you to die!" Zhu Hailong was very decisive in his actions, completely disregarding any previous relationships.

Zhang Huai and his minions had faces filled with despair and regret. Especially Zhang Huai, if he had known that Yang Chen could help Li Ruoxiang turn things around today, how could he have joined forces with Zhu Hailong to harm Li Ruoxiang?

Thinking about his situation, Zhang Huai roared, "I can't accept this!"

The next moment, Zhu Hailong's True Qi had already swept down, bombarding the bodies of Zhang Huai and the others.

The few people died on the spot, Zhu Hailong bombing them until they were thoroughly dead.

Seeing this, Yang Chen glanced at Li Ruoxiang. Li Ruoxiang seemed to be unmoved, but in reality, how could she not have accumulated anger in her heart over so many years? It was just that Li Ruoxiang had always been a remarkable woman, always calm and collected no matter the situation.

Looking at it now, it was not difficult to judge that with Zhang Huai's death, the hostility in Li Ruoxiang's eyes had dissipated a lot.

This also made Yang Chen breathe a sigh of relief, at least the death of Zhang Huai could relieve Li Ruoxiang of a lot of burdens.

"Let's go." Yang Chen said.

Li Ruoxiang gently nodded, following closely behind Yang Chen.

Yang Chen took the lead, and she followed him.

After a while, Li Ruoxiang finally said, "Yang Chen, thank you."

"There's nothing to thank, I told you, we are friends," Yang Chen laughed heartily.

"Where do you plan to go next?" Li Ruoxiang asked.

“Where? The world is so big, there’s always a place for me, Yang Chen.” Yang Chen smiled kindly.

“Your answer is too unreliable. I’m asking where you’re going, not whether you have a place to stay.” Li Ruoxiang said in a calm tone.

“...”

Yang Chen thought for a moment and said, “The Demonic Beasts are invading, and if the Guardian Spirit Array is broken, I will stay in the Thirty-six Eastern Counties and contribute my greatest fighting power to the frontline. If the Guardian Spirit Array holds, I will go back to the Central Region as there are still many things waiting for me there.”

“No matter what happens to the Guardian Spirit Array, if you leave, can you take me with you?” After saying this, Li Ruoxiang turned her eyes away.

The Supreme Martial King Shocking All Realms

Chapter 1352: Chapter 1348: Another Provocation_1 Chapter 1352: Chapter 1348: Another Provocation_1 Hearing this, Yang Chen suddenly froze.

He and Li Ruoxiang had been ambiguously involved for many years, and he knew it well in his heart. It’s just that neither of them had pierced this layer of paper. Now Li Ruoxiang’s words could not completely pierce this layer of paper, but they had almost pierced half of it.

In fact, he had never had a bad feeling towards Li Ruoxiang, and she somewhat held a significant place in his heart. Now that she had made this request, how could he refuse it in his heart?

Furthermore, spurred by what his sister had said, Yang Chen's heart was deeply stirred.

"You... don't plan to stay in the Green Lotus Sect anymore?" Yang Chen asked in confusion.

"So many changes have taken place in the Green Lotus Sect over the years. In the early years, I still felt at home here. But now, everything has changed. All that's left are some of my confidants. I plan to send them away from the Green Lotus Sect as well. This place is no longer suitable for me, Li Ruoxiang," Li Ruoxiang said slowly.

"Then, you... plan to follow me?" Yang Chen took a deep breath: "Do you know that I don't have a fixed residence, and no one knows where I will be tomorrow."

"What about that? There's no place for me in this vast world. Only with you can I feel at home." Li Ruoxiang bit her shell teeth.

Yang Chen's warmth in helping her had thoroughly moved her.

Perhaps feeling it was too direct, Li Ruoxiang's cheeks involuntarily turned slightly red, making her look tempting.

“If Miss Li really thinks so, then Yang Chen is naturally eager for it.” After thinking about it, Yang Chen eventually chose not to hurt Li Ruoxiang’s feelings and spoke.

Hearing this, Li Ruoxiang’s eyes flashed with a hint of joy, and she smiled: “So from now on, I’ll go wherever you go.”

“Haha, Sect Leader Li, there’s no need for these few days. Tomorrow, I need to head to the Guardian Spirit Array. You can stay in the Green Lotus Sect and take care of my Northern Territory Sect disciples, just in case a war breaks out, and we need to respond immediately.” Yang Chen said.

Li Ruoxiang nodded gently: “I understand.”

Yang Chen didn’t want Li Ruoxiang to go to the frontline, and she knew that, so she didn’t go against Yang Chen’s wishes.

So, the next day, Yang Chen and the team headed directly to the Guardian Spirit Array. Without saying anything, he found Zhu Hailong to lead them.

He wouldn’t let Li Ruoxiang do such a dangerous task. He didn’t care about Zhu Hailong’s life, so he let him lead the way.

The teams departing were not just from the Northern Territory Sect but also from the Ocean Division Sect and Zhen Mountain Sect. This time, they were riding on the Red Phoenix Flying Ship.

In order to achieve better travel results, the Jin Shi Great Emperor brought out the Red Phoenix Flying Ship. However, Emperor-level strong people did not need it. However, for them, these Sky Martial Realm people needed it very much.

When the large group sets off, the Red Phoenix Flying Ship, a carrier, can be very useful.

Everyone sat on the Red Phoenix Flying Ship, the flying speed was as fast as lightning. They set off in the morning, and by the afternoon, they could reach the Guardian Spirit Array. The speed was so fast, there was no need to say more.

On the way, Yang Chen remained silent and cultivated, ignoring outside affairs. Whether the Guardian Spirit Array would be broken or not, he had been mentally prepared many years ago, and this matter couldn't create any obstacles for him.

It was also the reason why he could be at peace. However, it was different for the other people. The disciples and elders from various sects gathered together, discussing and debating incessantly. Not to mention the peace of mind, even sitting down had become difficult.

It was such a chaotic atmosphere that made Yuan Fei conceive a sinister plan. He glanced around and set his eyes on one of his confidants nearby.

This confidant had reached the Heaven Martial Realm's 8th Layer, and after following Yuan Fei for many years, he had gained Yuan Fei's trust.

Yuan Fei couldn't control someone too strong or someone too weak, so he trusted this man especially.

“Zhang Feng, I have a task for you...” Yuan Fei’s lips moved slightly, and he silently transmitted something to this person.

After receiving the order, Zhang Feng was somewhat unwilling at first. But after listening to Yuan Fei talk about the rewards and the low difficulty of the task, Zhang Feng immediately took a sinister interest and agreed.

Afterward, Zhang Feng quickly got up and went straight to Yang Chen, who was resting with his eyes closed.

Seeing Zhang Feng walking towards him, Yang Chen frowned and sensed his intentions, opening his eyes in confusion.

“Deputy Team Leader Yang!” Zhang Feng greeted, cupping his hands.

“Yang Feng?” Yang Chen called his name in confusion. He still remembered some of the names of the Sky Martial Realm experts under his command.

Of course, he only remembered those at the Fifth Level of the Sky Martial Realm and above. In fact, even for the Northern Territory Sect, experts at the Fifth Level of the Sky Martial Realm were rare. Out of the hundreds of people on the team, there were no more than a hundred at or above the Fifth Level of the Sky Martial Realm. He certainly remembered their names clearly, and Yang Feng, being at the Eighth Level of the Sky Martial Realm, was indeed a rare expert.

“It’s an honor for Deputy Team Leader Yang to remember me,” Zhang Feng said with a smile. “It seems like I have quite a weight in Deputy Team Leader Yang’s heart.”

“Zhang Feng, just say what you have to say. There’s no need to be evasive,” Yang Chen said expressionlessly, seeing that Zhang Feng had ill intentions.

If he wasn’t mistaken, Zhang Feng should be Yuan Fei’s confidant and subordinate.

Zhang Feng slowly said, “Since Deputy Team Leader Yang said so, I’ll get straight to the point. Regarding the Sect Leader’s choice of you as the Deputy Team Leader, I have no objection. But, do you have any self-awareness about whether you should hold this position or not?”

“What do you mean?” someone from Changlin Peak couldn’t sit still.

“Nothing much, I just want to tell Deputy Team Leader Yang that his strength and ability are not enough to bear the title of Deputy Team Leader. At least I, Zhang Feng, will be the first to disagree. Just a mere Fourth Level Sky Martial Realm strength; there are plenty of them here. Why should he be the Deputy Team Leader!” roared Zhang Feng.

As these words fell, it really attracted the attention of many people. Even people from other sects looked over, and a lively discussion ensued.

That was Zhang Feng’s goal; he wanted to gather all eyes here. At that time, it would be difficult for Yang Chen to back down. When it really came to that point, the rhythm would no longer be under his control.

Thinking of this, Zhang Feng’s mouth curled up. This Yang Chen was really asking for humiliation. What kind of Deputy Team Leader did you want to be if you didn’t have the ability? Did you really think the Great Emperor could protect you for the rest of your life?

“Is the Deputy Team Leader of the Northern Territory Sect really Yang Chen?”

“You didn’t know?”

“No way, just a mere Fourth Level Sky Martial Realm strength can bear the title of Deputy Team Leader? The Northern Territory Sect as a whole is too casual.”

“Could it be that the Northern Territory Sect still has people pulling strings for positions at this time.”

Chapter 1353 - 1353 1349 I Didn't Say I Wont Agree_1

Chapter 1353: Chapter 1349: I Didn't Say I Won't Agree_1 Chapter 1353: Chapter 1349: I Didn't Say I Won't Agree_1 “Who knows? In this day and age, nothing is certain. Everyone is just looking out for themselves, haha.”

“Heavenly Martial Realm Fourth Level, would he disappear after just one round of fighting?”

“Such strength is simply not presentable.”

Many people started discussing. The various sects didn't mind making sarcastic remarks to alienate Yang Chen since whether he was angry or not had nothing to do with them. Could Yang Chen really do anything to them right now?

Of course, Yang Chen wouldn't stoop to the level of gossip from the various sects. He understood very well that everything had to be based on strength.

At this moment, he looked at Zhang Feng and said, "That's not what you meant to say. These words are just laying the groundwork for something else."

"Huh?" Zhang Feng was taken aback, not expecting Yang Chen to see through his thoughts. This made him instantly cautious.

Not giving Zhang Feng the opportunity to think, Yang Chen continued, "You must be about to say that you want to challenge me. If I lose, I'll voluntarily resign as Deputy Team Leader because I'm not qualified for the position and should step down to make way for the capable, right?"

When the conversation ended, there was a sigh. Many people looked at Zhang Feng who was originally expecting Yang Chen to be embarrassed, but now it was he who was in a difficult position instead.

How did this happen?

Zhang Feng was dumbfounded. The words he wanted to say were guessed by Yang Chen, which led him to look at Yuan Fei and receive Yuan Fei's decisive look.

Zhang Feng could still understand Yuan Fei's thoughts. He knew that Yuan Fei wanted him to cut the Gordian knot and not hesitate any more.

With that in mind, Zhang Feng stubbornly said, “Humph, Deputy Team Leader, you are really clever. That’s right, since you can guess it, I won’t waste any more words. Yes, I want to challenge you, and the reason is that I absolutely cannot tolerate our Northern Territory Sect’s traveling Deputy Team Leader to be a waste.”

Many blindly follow the trend, not even understanding Yang Chen’s strength, only feeling that Yang Chen is at the Fourth Level of Heaven Martial Realm and thus definitely unable to lead the team to a bright future. So they immediately joined the others in shouting.

“We don’t need a waste as our Deputy Team Leader.”

“That’s right! If it really comes to a fight, we’ll never follow Yang Chen’s orders!”

Hearing this, Fu Yueying could no longer sit still. Having a close relationship with Yang Chen, she exuded an icy demeanor and said, “Everyone, shut up!”

Her voice did not come to a complete stop, causing Fu Yueying to become angry on the spot. “Do you think you’re all better than Yang Chen? Or is it that one of you wants to challenge me?”

When her words finished, many people closed their mouths. The look everyone gave Fu Yueying still contained some fear. It was because Fu Yueying was the only Half-step Spirit Formation Stage in the entire Northern Territory Sect; her rarity was even greater than that of the Great Emperor.

So, she was the number one master below the Great Emperor. Who among the Heavenly Martial Realm experts in the Northern Territory Sect would dare to cause her any trouble?

Fu Yueying stared directly at Zhang Feng until she saw him shudder. Then she coldly said, “Zhang Feng, aren’t you ashamed to challenge Yang Chen? You’re now at the Eighth Level of Heaven Martial Realm. What’s your age again? Do you feel ashamed to challenge Yang Chen?”

Zhang Feng was scared by Fu Yueying’s gaze, but he mustered his courage and shouted, “So, does age also matter? If that’s the case, can a three-year-old who has reached the Origin Martial Realm be the team leader? If so, with enough resources, I might actually be able to accomplish it.”

Fu Yueying didn’t know how to respond, and Zhang Feng’s words left her speechless.

In fact, Zhang Feng’s reply was indeed sharp and made in desperation, leaving Fu Yueying with nothing to say.

Seeing this, Zhang Feng’s momentum became even more dominant. “Our team leader doesn’t care about age or talent but only cares about ability and strength!”

“Alright, Zhang Feng, I’m not saying I won’t accept your challenge. If you want to fight, then I’ll fight. So you don’t say that I, as the team leader, am cowering.”

Yang Chen said indifferently.

Upon hearing this, Zhang Feng was shocked. He didn’t expect Yang Chen to actually agree.

Fu Yueying's eyebrows furrowed, "Yang Chen, have you thought it through?"

Yang Chen knew Fu Yueying's kind intentions and smiled, "Sister Fu, I appreciate your kindness, but there's no need to worry. I know what I'm doing."

Fu Yueying wanted to say something, but seeing the confidence in Yang Chen's eyes, she obediently closed her mouth. Yang Chen had a magnetic charm; once he was confident, he would never fail.

However, Zhang Feng didn't think so. He thought Yang Chen would have needed more provocation to make him so angry that he would stand up. But it turned out Yang Chen became impatient faster than he had imagined, with only a few words making him completely restless.

With that in mind, Zhang Feng laughed and said, "Fine, Deputy Team Leader Yang, since you said that, I'll think a little higher of you. At least you have the blood of a team leader."

While these words seemed like praise, they were actually full of mockery. Zhang Feng made an inviting gesture and led Yang Chen to an open space.

Yuan Cheng watched everything from the shadows, grinning with narrowed eyes, a hint of sharpness flashing through them. How dare this little Yang Chen fight him? He would make Yang Chen realize how foolish it was to go against him.

The higher you stand, the more miserable you fall. Yang Chen was now the Deputy Team Leader. Once he falls from grace, it would be difficult for him to climb back up.

“Junior Peak Master, be careful!” Many people from Changlin Peak expressed their concern. They all felt that Yang Chen didn’t need to accept the challenge, but who knew Yang Chen had already agreed, and it was too late to change his mind now.

Yang Chen chuckled at those concerned about him, raised his hand to signal that there was no need to worry, then looked at Zhang Feng with his hands behind his back.

Zhang Feng’s expression was cold as he asked, “Yang Chen, are you emotionally prepared?”

“I am. You can do it.” Yang Chen said with a smile, looking harmless and not worried at all.

This kind of attitude and expression infuriated Zhang Feng, who immediately chose to make a move, hoping to quickly defeat Yang Chen, destroy his inexplicable self-confidence, and gain benefits for himself!

The various sects had already gathered to watch the spectacle. At this critical moment, it still didn’t affect their love for excitement.

Zhang Feng unleashed a powerful attack, using the Yunhu Peak’s Extreme Firmness Technique in line with his Heavenly Martial Realm 8th Layer strength.

But what he didn’t know was that the Eighth Level of the Heaven Martial Realm posed no threat to Yang Chen at all!

Chapter 1354 - 1354 1350 A Direct Confrontation_1

Chapter 1354: Chapter 1350: A Direct Confrontation?_1 Chapter 1354: Chapter 1350: A Direct Confrontation?_1 However, others didn't feel the same way. Most people believed that the Eighth Level of Heaven Martial Realm against the Fourth Level was a sure victory with no chance of failure. One by one, they discussed and commented on the side, feeling that their evaluations were quite accurate and would completely match the final outcome.

“Yang Chen is still too young and impulsive. As a mere Fourth Level of Heaven Martial Realm, he doesn't understand the gap between him and the Eighth Level.”

“Yeah, the difference in True Qi between the two is at least double, they're not on the same level at all.”

It's easy to make up for a one or two level difference, but if it's four or five levels, then it's difficult. Once the cultivation level difference reaches four or five levels, the difference in True Qi is almost more than one time, and this gap is difficult to make up for using various methods.

It must be said that Yuan Cheng chose well. If he had chosen someone at the peak of Heaven Martial Realm, no one would say anything if Yang Chen refused. After all, those who reached the peak of Heaven Martial Realm were mostly the older generation's characters.

Not letting Yang Chen's reputation be ruined was completely different from his original intention.

What he wanted was to ruin Yang Chen's reputation, so his choice of the Eighth-Level Heaven Martial Realm opponent was perfect in a certain sense.

Neither too strong nor too weak, just enough to defeat Yang Chen and also ruin his reputation at the same time.

Just when everyone thought that Yang Chen was more likely to fail, Fu Yueyin didn't think so.

She stared at Yang Chen without blinking, and since the beginning, when Yang Chen agreed to the challenge, she didn't show much refusal or resistance. It wasn't that she wasn't worried about Yang Chen, she was worried and wanted to protect him.

But after thinking about it, could a normal Fourth-Level Heaven Martial Realm kid save so many people from her Taqing Peak from the water and fire?

No, absolutely not!

In addition to rescuing Wu Yun and all his other actions, these were not something an ordinary person could do.

Yang Chen was extraordinary, and what others couldn't do didn't mean he couldn't do it as well.

As Fu Yueying thought, Yang Chen did not fall behind in their battle, and even managed to keep up with Zhang Feng from the beginning.

This made those who initially thought Yang Chen would definitely lose all dumbfounded, and many people looked at the scene in astonishment.

Yang Chen was actually holding his own?

“What’s going on?”

“It must be that the kid used his trump card right from the start, and Zhang Feng was careless. But it doesn’t matter, as long as Zhang Feng uses his own technique, Yang Chen will soon be defeated. A Fourth-Level Heaven Martial Realm simply can’t beat an Eighth-Level Heaven Martial Realm.”

There were quite a few people who thought this way, but as time passed, they had to deny their own conclusion.

Because Yang Chen, after fighting with Zhang Feng for about a cup of tea’s time, still wasn’t falling behind.

Yang Chen’s techniques were endless, whether it was fire or lightning, no matter how he fought, he seemed to have no flaws. However, it was different for Zhang Feng, the more he fought, the more anxious he became.

Zhang Feng had set the goal for himself to defeat Yang Chen within a cup of tea’s time, but now he had exceeded that time, and he was still unable to force Yang Chen into a losing position.

How could he not be anxious? After all, Yuan Fei was watching from behind.

“Ah, Yang Chen, if you have the guts, fight me head-on. What’s the point of hiding your trump card?” Zhang Feng roared angrily.

Yang Chen was not affected by Zhang Feng’s roar in the slightest, but he thought that the time was ripe.

At this point, there were few people still supporting Zhang Feng.

As an Eighth-Level Heaven Martial Realm, you couldn’t even defeat your opponent, and you even demanded your opponent to fight you head-on. A Fourth-Level Heaven Martial Realm was already lacking in a head-on confrontation, choosing to fight smartly was the right choice, how could he confront you directly?

However, soon Yang Chen made a surprising choice.

“Since you want a head-on confrontation, then let’s have a head-on confrontation. I also feel that your techniques don’t pose any threat to me, so it seems that it’s meaningless to fight smartly.” Yang Chen laughed heartily, making the whole scene speechless.

Many people who supported Yang Chen were stunned, not knowing whether Yang Chen was stupid or crazy.

If Yang Chen continued to fight like this, he really might have a chance to win, because Zhang Feng had become mentally anxious. If Yang Chen managed to defeat an Eighth-Level Heaven Martial Realm with Fourth-Level Heaven Martial Realm strength, that would be a great accomplishment.

And this was not something an ordinary person could do.

However, Yang Chen chose differently. Even though he could have used smart tactics, he insisted on a head-on confrontation, and was provoked directly.

This was equivalent to losing a good opportunity to make a name for himself.

Zhang Feng was overjoyed, thinking that it was impossible for him to have a chance, but Yang Chen actually dared to confront him directly.

“Yang Chen, you’re courting death.” In Zhang Feng’s heart, he was secretly delighted, but on the surface, he remained expressionless, just pretending to fight wholeheartedly with his opponent.

How could Yang Chen not see the joy in Zhang Feng’s heart at this moment? But no one could understand that what he just said was neither arrogant nor stupid.

It was a fact.

Indeed, he chose to fight smartly at first because he was cautious and didn't know Zhang Feng's techniques. But now it's different, he has a grasp of Zhang Feng's techniques, and indeed, they couldn't do anything to him.

Now, with Thunder Rush in his hand, it directly transformed into sharp swords and attacked Zhang Feng.

Zhang Feng let out a cry, using Cloud Tiger Peak Technique, and numerous wolves rushed over, showing extraordinary divine power.

"Defeat me!", roared Zhang Feng. As the True Qi transformed into wolves, they were boiling with blood and full of killing intent.

Zhang Feng had almost used all his techniques, which was one of the top three techniques in Cloud Tiger Peak and also what he was proud of. He couldn't believe that his powerful technique, which was known for its strong offense and was almost unbreakable, could be broken!

However, in the next moment, a brutal fact that he had to accept happened.

That is, Yang Chen's series of lightning swords directly penetrated the bodies of these blood wolves, and then with a bang, the blood wolves were shattered, and Zhang Feng's techniques were instantly crushed.

This made Zhang Feng's eyes widen.

“How is this possible!” Zhang Feng’s face turned pale, and now with no techniques left, how could he cope with Yang Chen’s techniques?

At this moment, he could not think of any other way. Faced with Yang Chen’s lightning sword, he could only hastily shout: “Spare, spare my life!”

Yang Chen didn’t actually intend to kill Zhang Feng. At a critical moment, he stopped his lightning sword, leaving it only inches away from Zhang Feng. The latter was sweating profusely and felt like crying.

At the same time, the entire scene was incredibly quiet.

Chapter 1355 - 1355 1351 Escaping by Snatching the Road_1

Chapter 1355: Chapter 1351: Escaping by Snatching the Road_1 Chapter 1355: Chapter 1351: Escaping by Snatching the Road_1 Everyone thought that it was a foolish choice for Yang Chen to face Zhang Feng head-on, and sooner or later, Yang Chen would pay the price for this foolish choice.

But the fact was that in their fight, Zhang Feng was no match for Yang Chen whether they fought head-on or not.

Clearly at the Eighth Level of Heaven Martial Realm, he had a cultivation level four times higher than Yang Chen. Theoretically, it should have been impossible for Yang Chen to win in a direct confrontation. However, under those layers of lightning swords, the four-fold cultivation advantage crumbled like thin paper, completely vulnerable.

How could this not be shocking?

The various sects were completely astonished by this scene. They could all see that Yang Chen indeed had real strength.

Now, after defeating Zhang Feng, Yang Chen remained as indifferent as ever. He looked at Zhang Feng and said, "Zhang Feng, by the rules, you committed the crime of disrespecting your superiors. Even if I kill you today, the Great Emperor would not blame me, do you understand?"

Zhang Feng gulped down saliva, knowing that his reputation was completely ruined. If he had defeated Yang Chen, things would be different, but he lost, and he had to accept the crime of disrespecting his superiors.

He never thought that he would lose at the beginning.

But the reality was right in front of him. Zhang Feng gritted his teeth and said, "Deputy Team Leader, I admit that I am inferior to you in skill. I made a foolish attempt to challenge you just now. I hope that you can spare my life!"

Everyone was curious about how Yang Chen would choose. If it were someone else faced with Zhang Feng's actions, they would basically choose to kill him to quiet things down.

After all, if Yang Chen had failed, the consequences would have been far more severe than Zhang Feng's. Zhang Feng had chosen a difficult time to challenge Yang Chen, trying to make him lose face.

However, Yang Chen remained calm and did not kill Zhang Feng—or intend to do so.

He slowly said, “I won’t kill you, but you have to tell me the truth!”

“What do you mean...” Zhang Feng was uneasy.

“I believe you didn’t come here on your own. There must be someone behind you who instigated you,” Yang Chen said calmly.

Upon hearing these words, many people realized it and began to exchange glances.

Yang Chen’s words were something that many people hadn’t thought of. Yes, why would Zhang Feng have the courage to challenge Yang Chen if there was no one behind him? Who could guarantee that there was no instigator behind the scenes?

The person most worried about this was Yuan Fei. After hearing Yang Chen’s words, Yuan Fei turned pale on the spot, clearly shocked.

How could Yang Chen have guessed that?

At this moment, with cold sweat on his hands, even though Zhang Feng was his confidant, who could guarantee that he wouldn’t expose himself in a life-threatening situation?

Now, Yang Chen looked at Zhang Feng indifferently and said, “If you were instigated by someone, I’ll just make trouble for the instigator, and they will be the one who deserves to die. If no one instigated you, then I can’t find an excuse to spare you.”

Zhang Feng’s body trembled. He knew that he had to make a choice today. If he didn’t expose Yuan Fei, he would definitely die. He couldn’t gain others’ trust if he chose not to die.

With this thought in mind, Zhang Feng trembled as he faced this difficult decision.

Yang Chen was in no hurry, waiting patiently on the sidelines.

The quiet atmosphere made it harder for Zhang Feng to calm down. His fists clenched tightly, after a while, he gritted his teeth and said, “Deputy Team Leader, you’re right. Someone did instigate me, and that person is Yuan Fei.”

“Nonsense, nonsense! He is slandering me, this is definitely slander! Yang Chen, how can you believe him? He is slandering me without any evidence. How could I be the one behind this?” Yuan Fei immediately panicked, standing up in an instant and cursing at Zhang Feng. The sweat on his forehead was dripping down, so anxious that he wanted to cry.

“Calm down, calm down.” Seeing Yuan Fei’s miserable state, Yang Chen leisurely said, “Yuan Fei, if you are not guilty, why panic?”

“I!” Yuan Fei was at a loss for words, not knowing whether to defend himself or not.

Yang Chen wanted this effect. Seeing Yuan Fei speechless, he coldly said, "Yuan Fei, I don't have evidence, indeed. But why would Zhang Feng say it's you who instigated him, not me? I will investigate this matter in the future. Now that you have instigated Zhang Feng to cause trouble for me, you have already committed the crime of disrespecting your superiors. If it were any other time, I might let it go, but now is the time for us to unite against the enemy, and you still act this way. Don't blame me for being ruthless. Guards, take him away! After things settle down, we will investigate, and if there is solid evidence, he will be killed without mercy!"

Yang Chen's decision to catch first and kill later was indeed easy to gain the approval of others.

Many people were initially displeased with Yang Chen, and they couldn't possibly follow his orders under normal circumstances. However, now that they had seen Yang Chen's display of strength and his resolute style, Zhang Feng did not hesitate to take action.

Although Zhang Feng claimed to be Yuan Fei's confidant, how could Yuan Fei have a confidant? The so-called confidant was just someone more tightly bound by interests. Once the chain of interests was broken, Zhang Feng, as a confidant, would immediately turn against him.

Just like now, Zhang Feng was the first to take action, as if he was afraid that Yang Chen would come after him.

Yuan Fei roared in anger, "Zhang Feng, you dare to lay hands on me!"

Not just Zhang Feng, but also the others from various sects, who dared not resist Yang Chen's order, began to take action.

However, after all, Yuan Fei was at the peak of Heaven Martial Realm, and his strength must not be underestimated. As he unleashed his Qi, the people from other sects retreated one after another, not daring to collide head-on.

“If you want to kill me, it won’t be that easy.” As Yuan Fei roared, he tried to escape.

Fu Yueyin saw that the people from the other sects couldn’t subdue Yuan Fei and shook her head. She didn’t intend to sit idly. Yuan Fei instigated Zhang Feng to do this, which had already constituted a major mistake, especially at this critical moment. What was the point of keeping Yuan Fei around? It would be better to arrest him.

As soon as she made her decision, Fu Yueyin took action.

Once she made her move, the situation changed. As someone who was in the Half-step Spirit Formation Stage, it wouldn’t be difficult for her to bring down Yuan Fei on her own, let alone with the cooperation of the others. Her hands turned into silky threads, easily wrapping around Yuan Fei.

In just a short moment, Yuan Fei was completely tied up, leaving Yang Chen, who was watching from the side, dumbfounded. He recognized the great power of Fu Yueyin, the seemingly weak woman, who made Yuan Fei seem like nothing in her presence.

Just a moment ago, Yuan Fei seemed eager to escape, but now that he was tied up, he was completely despondent.

He knew that his chances of turning the situation around were slim. Furious, he yelled, “Yang Chen, you’re using public office to avenge a private grudge! When the Great Emperor returns, he will surely stand up for me! Who doesn’t know that you have a grudge against my Yuan Family?”

You got my son into the dungeon, and now you want to capture me. You're obviously taking revenge on purpose!"

The Supreme Martial King Shocking All Realms

Chapter 1356: Chapter 1352: Shattered Soul-guarding_1 Chapter 1356: Chapter 1352: Shattered Soul-guarding_1 He now knew that he couldn't turn the tables and just wanted to annoy Yang Chen. It wasn't easy to find evidence, and if he really did this, it would be impossible for him not to be caught by Yang Chen. Once the evidence was conclusive, even Emperor He Tan couldn't protect him. Moreover, Emperor He Tan was not by his side.

It's a pity that he only managed to annoy Yang Chen, but soon after, a few people quickly took action, directly imposing a prohibition on Yuan Fei's mouth, so that Yuan Fei could only whimper, unable to make a sound; he was completely helpless.

Despair appeared on Yuan Fei's face, as he was guarded by several people and shrank into a corner, completely turning from a shining start into the appearance of a prisoner.

Many people sighed at this sight, but there was no sympathy. Most people knew what kind of character Yuan Fei was, and even the people of Yunhu Peak were disgusted with him. Just like the last time they handed over the key, it was the merit of everyone, but Yuan Fei almost took more than half of it, disregarding others. How could this not make others resentful?

Discontent had long been buried deep down, but it had never erupted. Everyone was hindered by Yuan Fei's favor, so they dared to be angry but didn't dare to speak up. But now, with Yang Chen as the fuse, Yuan Fei quickly became the target of everyone's resentment, with no one really standing up for him or arguing for him.

“Yuan Fei truly deserves it.”

“At this critical moment, the matter of the demonic beasts is urgent, and war could break out at any time. Yet he only cares about his own selfish desires and targets our deputy team leader. He should be killed.”

“The deputy team leader is merciful. If it were me, I wouldn’t wait for any evidence, wouldn’t need any evidence. Just kill him.”

Many people expressed their opinions, causing Yuan Fei to completely collapse.

Of course, most of the sects just watched the drama unfold, but they did not actually intend to intervene.

Now that Yang Chen had taken Yuan Fei into custody, he knew he needed an account. He spoke loudly, “I apologize for the embarrassment we’ve caused at this critical time when a war could break out at any moment, and when our Northern Territory Sect is in turmoil. As for the environment of the Eastern Thirty-six Regions, I am quite familiar with it. We are almost at the Guardian Spirit Array, so I hope everyone will be on their guard.”

At this time, they were already near the counties surrounding North Mountain County, so it wasn’t far from the Guardian Spirit Array.

You should know that the Red Phoenix Flying Ship they were riding on, with its size and flying speed, the distance across several counties was nothing.

Hearing Yang Chen's words, many people nodded and became more focused. After all, no one would want to endanger their own lives.

But at this moment, all of a sudden, a shocking and earth-shattering bang was born. When this noise appeared, several streaks of light scattered and fled around the Guardian Spirit Array. In just a short while, these lights had already approached the Red Phoenix Flying Ship, causing everyone on the ship to become extremely alert.

"Leave quickly! The Guardian Spirit Array has fallen, and the demonic beast soldiers have been gathering at the other end of the array for a long time. Now the overwhelming demonic beast army is coming to sweep us! Our current strength cannot resist them, so retreat first!" The urgent voices of Jin Shi Great Emperor and Hua Wu Great Emperor suddenly appeared.

Their voices were deafening, echoing in everyone's minds, making it hard not to listen.

Hearing this voice, everyone was taken aback.

"What? The Guardian Spirit Array has been broken."

"It's over, it's really over now."

Even though many people were prepared, they still couldn't accept it when the Guardian Spirit Array was shattered. How would humanity deal with the invasion of the demonic beasts' iron hooves once again?

“We should retreat first, retreat first.” A high-level member of the Ocean Division Sect suddenly thought and yelled in panic.

There was no objection from the high-level officials of the other sects. Since the Great Emperors asked them to retreat, how could they still have the chance to fight?

Fu Yueying hurriedly turned the Red Phoenix Flying Ship around, but just as the ship had just turned around, several rough growls suddenly appeared.

These were the sounds of the demonic beasts.

“Roar!”

“Hahaha, humans, where are you trying to escape!”

Yang Chen could understand these beast languages. Now that those ancient beast languages had reached his ears, Yang Chen knew that it was bad because the vanguard of the demonic beasts had caught up.

North Mountain County was in imminent danger and would soon be destroyed and taken down completely. However, he had no time to deal with these matters now because when the soul scattered, it could be judged that several Great Emperors were all held back by the demonic beasts.

Both Jin Shi Great Emperor and Hua Wu Great Emperor were occupied by their adversaries and had no time to spare. A large number of vanguard troops were heading straight for their Red Phoenix Flying Ship.

“There is a big ship here, humans. Hahaha, destroy this thing and pull all the ants inside out.”

A giant, fat tiger led a group of demonic beasts and rushed towards them.

This was just one of the demonic beast groups, and behind them was a massive vanguard team of demonic beasts, which surrounded the Red Phoenix Flying Ship from all directions as they arrived.

Before the Red Phoenix Flying Ship had fully turned around, it was surrounded by these groups of demonic beasts.

These demonic beasts attacked one after another, ramming and smashing, with their demonic qi sweeping around, causing the Red Phoenix Flying Ship to become shattered and unable to resist for long.

Everyone in the ship was anxious and had no idea what to do.

“What should we do!”

“Let’s go out and fight them.”

“Don’t fight, let’s run first. We can’t beat them anyway. The Guardian Spirit Array is broken, and there’s a countless number of demonic beasts behind. If we really fight with them here, we will undoubtedly die!”

“But we can’t fight them.”

Everyone had their opinions, and it was impossible to stabilize the situation for a while. Before the fight even started, chaos had already erupted within their ranks.

Yang Chen knew that he couldn’t manage both the Zhen Mountain Sect and the Ocean Division Sect, so he could only try to stabilize his own Northern Territory Sect first.

As the deputy team leader, he and Fu Yueying looked at each other and immediately understood each other’s thoughts.

“All disciples of the Northern Territory Sect, listen to the order, leave the Red Phoenix Flying Ship now, and fight our way out together. Whoever can escape, just escape. Don’t get entangled in the fight! Let’s go!” Fu Yueying and Yang Chen shouted almost simultaneously.

The next moment, the two of them rushed out first.

As the two of them rushed out first, they provided a target for everyone else, who then followed closely behind one by one. In an instant, everyone on the Red Phoenix Flying Ship charged out at the same time.

“Kill!”

“Let’s fight these demonic beasts!”

“Damn it, demonic beasts, I’m going to fight you!”

These humans were completely enraged. When they saw the demonic beasts, they took action without any second thoughts. The chaos of the scene was overwhelming, and even Yang Chen, standing in the middle, felt a little numb in his scalp.

The Supreme Martial King Shocking All Realms

Chapter 1357: Chapter 1353: Demonstrating Divine Power_1 Chapter 1357: Chapter 1353: Demonstrating Divine Power_1 There was no time to think, or even to clearly observe the surrounding situation, everything was in chaos.

From the moment they got out of the Red Phoenix Flying Ship, it was all about self-defense, killing the nearby demonic beasts that might attack and kill themselves, then finding a possible escape route, endless defense and slaying.

There was no chance to rest.

These demonic beasts came in various shapes and sizes, all with strengths above the Heavenly Martial Realm and incredible combat power. Even though humans were fighting with bloodshot eyes and boiling rage, they were still completely suppressed in the first round.

Yang Chen knew the situation was terrible. Relying solely on the temporary forces sent by the Three Sects, they were unable to directly confront the demonic beasts, and they had to retreat first and plan for the long-term.

They needed to save as much of their own combat power as possible.

Yang Chen now looked around with both eyes. For him, there were many ways to break through the encirclement, but he had to take care of his own Northern Territory Sect people first.

It was too tragic.

Within a short span of time, the dead were dead, the injured were injured, and the powerful Sky Martial Realm experts, who could have been called high combat power in the past, died in the first round, a dozen or so of them.

Fragile – in the face of war, even Sky Martial Realm experts appeared fragile and vulnerable.

Moreover, a massive army of demonic beasts was attacking from behind. In the face of the prepared and organized demonic beast army, humans who fought back in panic were insignificant.

At this moment, Yang Chen didn't hesitate and unleashed his Thunder God technique. In an instant, layers of thunder and lightning swept out, forming a domain that dispersed and condensed into numerous lightning swords, besieging the demonic beasts in various positions!

"Sister Fu, you take the others and escape first!" Yang Chen shouted, "I'll cover you!"

"But what about you, Yang Chen!" Fu Yueying's pupils shrank.

"I have a way to escape!" Yang Chen nodded.

Fu Yueying wanted to say something, but as more and more demonic beasts surrounded them, she no longer had time to ask Yang Chen anything. She had to follow Yang Chen's plan, especially since his Thunder God technique was truly astonishing and perfect for covering their escape.

Fu Yueying hurriedly led a large group of Northern Territory Sect members and quickly fled.

"Chase!" In the group of demonic beasts, a giant tiger with two horns on its head, saw Fu Yueying leading people to escape and immediately sent others to pursue.

"Hmph, you think you can escape from my grasp? Impossible!" The giant tiger sneered.

“Blade Tiger Captain, leave it to us.” Several demonic beast subordinates quickly gave orders, trying to chase Fu Yueying’s team and forcibly bring Fu Yueying back.

But at this moment, numerous lightning swords appeared out of nowhere, directly intercepting these demonic beast subordinates.

“What!” The Blade Tiger Captain narrowed his eyes, his body opened up wide, and he was shocked.

He had noticed the lightning swords in the environment before but didn’t pay much attention to them, thinking they were flashy but ineffective. However, now he had to pay attention.

These lightning swords had actually blocked his subordinates. Although his subordinates were not all top-notch, they were rough enough to be wary of the lightning swords and stopped advancing, which proved that the lightning swords were indeed extraordinary.

“Huh? Only Heavenly Martial Realm Fourth Level!” The Blade Tiger Captain narrowed his eyes.

He gritted his teeth: “Don’t chase for now, capture this kid first. This kid is a bit strange, very skillful, it’s not too late to chase after capturing him!”

When the conversation ended, several demonic beasts went straight toward Yang Chen. Yang Chen, of course, knew he was in trouble, but he was already mentally prepared. When a large number of demonic beasts besieged him, he immediately condensed all the thunder and lightning together.

Regardless of the massive consumption of his soul, Yang Chen gritted his teeth fiercely and shouted, “Form!”

In an instant, all the thunder and lightning formed a lightning giant. Holding a thunder sword, the lightning giant stood tall and struck down with a sword, displaying astonishing power.

“Everyone, get out of here.” Yang Chen shouted sternly, covering the remaining Northern Territory Sect members who were surrounded by demonic beasts.

When they saw the lightning giant being formed by Yang Chen and attracting the attention of all beasts, the elder disciples of the Northern Territory Sect didn’t dare to hesitate any longer and quickly escaped.

They were completely shocked by now.

No one had thought that the person who would save them would be a Heavenly Martial Realm Fourth Level “little guy.”

“Deputy Team Leader!”

Many people looked at Yang Chen in their hearts, shouting these three words, and it was only now that they knew how heavy these three words were. At least Yang Chen deserved those three words.

With the delay from Yang Chen's lightning giant, about seventy to eighty percent of the combat power of the Northern Territory Sect escaped. Especially the largest group led by Fu Yueying, they had already escaped far away, way out of the sight of the demonic beast team.

"What about Yang Chen, what should we do with our Junior Peak Master." Wang Tong and others were safe but far away, looking at Yang Chen with worry as they finally recovered from the chaos of war.

"Yeah, what should we do with our Junior Peak Master." Zhu Kai and others from Changlin Peak were also completely anxious.

Upon hearing this, Fu Yueying was extremely embarrassed. After hesitating for a moment, she said, "We can only wait here for a short while. If Yang Chen doesn't escape after a hundred breaths, we'll have to go. There's no choice!"

"What, are we going to abandon Yang Chen?"

"How can we abandon our Junior Peak Master? Without him, none of us could have escaped. And now we have to abandon him?"

Many people were dissatisfied.

Fu Yueying also wanted to save Yang Chen, but reality was always so cruel. She bit her lip lightly and said, "Now isn't the time to be emotional. Yang Chen has saved us and we need to live on even better. We can only pray for Yang Chen's safety now. Our power is too weak and we can't do anything else."

Although many people were dissatisfied after hearing Fu Yueying's words, they were also helpless and indeed, they weren't children and understood that Fu Yueying was right.

Reality was just so cruel. If Yang Chen couldn't escape, they had no ways to help him.

At the same time...

Yang Chen fought among the demonic beasts, and the lightning giant he created showed its divine power. Not only did a large number of people from the Northern Territory Sect escape, but many from the Zhen Mountain Sect and Ocean Division Sect also managed to escape.

However, on the other hand, the more people that escaped, the more dangerous Yang Chen's situation became.

The Red Phoenix Flying Ship could no longer be saved. Yang Chen was now thinking about how to escape, especially since the effectiveness of the lightning giant was limited.

But just as he was about to use the Instantaneous Movement method to widen the distance and escape using the Lightning Movement Technique, he suddenly realized that some Array and Restriction Techniques seemed to have been set up in the surrounding area.

He could no longer use the Instantaneous Movement method.

The Supreme Martial King Shocking All Realms

Chapter 1358: Chapter 1354: Colluding in Embarrassment_1 Chapter 1358: Chapter 1354: Colluding in Embarrassment_1 Instantaneous Movement was one of the many escape methods he had planned in advance; if he couldn't perform them now, it could have a very serious impact on his escape.

This made Yang Chen's expression turn gloomy in an instant.

Many escape methods were weighing on his mind, but it was difficult to deny that the current situation was extremely critical. No matter what method he could think of, it would be denied by his own rationality within a moment's effort.

It was too difficult; no method could be applied in this situation.

The Demonic Beast Army was heavily layered, and with the Guardian Spirit Array broken, a large number of demonic beasts were rushing in, making their number countless.

Under these circumstances, the escape routes were almost completely restricted.

Using the Bean Soldiers Talisman, it was feared that those few summoned demonic spirits would be swallowed up in a moment's effort.

What's more, because of his previous fear of the Fire Essence Beast discovering something on him, Yang Chen hadn't brought the Purple-eyed Demon Monkey with him, which was now like shooting himself in the foot.

If he used the Seven-colored Peacock and the three demonic beasts, it would undoubtedly harm them as well. Now that an Emperor-Level demonic beast could arrive at any time...

"Forget it. I have to make a choice and take a gamble." Yang Chen stared at the front.

"I wonder how he's going to escape." Blade Tiger Captain stared at Yang Chen in the distance with admiration, he started to admire this young man.

The other party had an incredibly wise and calm expression in his eyes, which was not something ordinary people could achieve. Such a young man could make such judgments and save so many people in this chaos, which made him believe that there were elites among humans as well.

"He doesn't match the description given by the Fire Essence Beast. There are many talents among humans, and this young man is one of them. He's achieved so much at such a young age; we need to be careful in the future." Blade Tiger Captain said.

"Captain, speaking of this young man, should we keep him or kill him..." A nearby demonic beast asked.

"It's impossible to keep him, and you won't have the chance. Kill, just kill." Blade Tiger Captain said expressionlessly, "Remember to block the escape routes of this kid, don't give him any chance to survive."

“Yes, Captain.” These demonic beasts quickly went down one by one, sealing off the routes of escape that Fu Yueying and the others had used for Yang Chen.

Yang Chen could clearly see all of this. While behind the Lightning Giant, he felt his scalp tingling with helplessness as he saw the escape routes being blocked.

“Now it’s impossible to successfully escape the same way.” Yang Chen gritted his teeth, “In that case, I have to change the path, but which one should I choose?”

Besides the original escape route, any other route would be basically like entering a tiger’s den.

But now, Yang Chen had no time to think about it.

He clenched his teeth and shouted, “Thunder God’s Descent!”

As he spoke, he directly controlled the Lightning Giant to swing his sword horizontally. In an instant, the sword in the hand of the Lightning Giant dissipated like smoke, layers of raging thunder and lightning power spread out at an extremely fast and terrifying speed.

A straight line in front was covered with thunder and lightning power, and all demonic beasts within the range were either dead or injured.

The might of the Thunder God was completely unleashed.

“What!” Blade Tiger Captain was suddenly shocked.

He knew he had underestimated this young man. The other party was too powerful, actually able to kill and create a bloody path in this impossible situation.

“Not good!” Blade Tiger Captain sensed danger and reacted with lightning speed, trying to intercept Yang Chen, feeling that he really might have a way to escape.

At this moment, Yang Chen, while using the Thunder God’s Descent technique to forcefully open an escape route, proceeded to execute the Lightning Movement Technique at an extremely fast speed along the straight line of thunder and lightning.

Opening the Lightning Movement Technique to its limit, he was completely unimpeded in the path of thunder and lightning, as fast as a flash of lightning.

“Get out of the way!” Blade Tiger Captain roared angrily, his mountain-like claws attempting to block Yang Chen by swiping down from mid-air.

His speed was also incredibly fast, but just as he was about to hit Yang Chen, several soul-shaped demonic beasts suddenly appeared and blocked his giant hand.

“You demonic spirits, even after death, you dare to betray our Demon Beast Clan; let your souls be scattered!” Blade Tiger Captain shouted in anger, smashing the demonic spirits with a clap.

However, after these demonic spirits shattered, Blade Tiger Captain looked for Yang Chen again, only to find that he had already disappeared without a trace.

“What!” Blade Tiger Captain’s eyes widened, scanning the surroundings, “Where, where is he?”

“Uh, it seems like he’s gone.”

“Just now, he reached the edge of the formation, and as soon as the restriction of instantaneous movement was lifted, he disappeared without a trace.”

“Useless, all of you are useless! Can’t you just stop him?” Blade Tiger Captain roared in rage.

The surrounding demonic beasts shivered in fear, not daring to speak. It wasn’t that they didn’t want to stop Yang Chen, but that they didn’t dare to. Yang Chen’s Thunder God’s Descent earlier had truly frightened all the demonic beasts.

Moreover, those who hadn’t reached the peak of Heaven Martial Realm didn’t dare to touch the lightning casually. But in so many demonic beasts, how many had actually reached the peak of Heaven Martial Realm?

“Just a human kid, who has driven our Demon Beast Clan to such a desperate situation. It seems just like that year. Although humans are generally weaker than us demonic beasts, a few freaks will be born from time to time.” Blade Tiger Captain said viciously.

“Captain, do we chase after him?” A demonic beast asked.

“Chase? We couldn’t catch up earlier, and now you want to chase? How to chase!” Blade Tiger Captain’s face was cold.

“Captain, there’s still one person on the flying ship.” At this moment, several demonic beasts that had searched the flying ship shouted.

They were holding one person, who was none other than Yuan Fei.

Yuan Fei felt very wronged at this moment; he had originally thought that after these demonic beasts left, he would break free and escape on his own, but who knew that these demonic beasts would be so meticulous, inspecting the Red Phoenix Flying Ship even in that state.

“You, you... as long as you don’t kill me, I’ll tell you how to kill that surnamed Yang kid.” Yuan Fei begged pitifully.

Blade Tiger Captain wasn’t originally interested in Yuan Fei, only interested in killing Yang Chen, but now hearing Yuan Fei’s words, he narrowed his eyes and said, “The Yang kid you’re talking about, could it be the one just now?”

“Yes, yes, it’s him.” Yuan Fei said with an ingratiating smile.

“Hmph, a human coward, who would even sell out his comrades to survive. But at least you’re somewhat useful, I’ll spare your dog’s life.” Blade Tiger Captain waved his hand dismissively.

Chapter 1359 - 1359 1355 Life and Death Escape_1

Chapter 1359: Chapter 1355: Life and Death Escape_1 Chapter 1359: Chapter 1355: Life and Death Escape_1 Hearing that he could save his life, Yuan Fei didn’t know how happy he was. Even if he was scolded by Blade Tiger Captain as a low-life and a coward, he still enjoyed it.

Thinking of Yang Chen’s various means just now, Yuan Fei was extremely shocked. If he had known how powerful Yang Chen was earlier, why would he have to oppose Yang Chen? Even so many demonic beasts couldn’t kill Yang Chen, how could he go against Yang Chen?

It’s a pity that he has already opposed Yang Chen, and now he has to think about how to kill Yang Chen.

Originally, he had no way to turn things around anyway. Even if he went back, he was on the path to death. Instead of not siding with the demonic beasts.

With this thought in mind, Yuan Fei quickly showed his loyalty: “I and Yang Chen were partners in the sect, and I know a lot about him, his weaknesses, and where the people around him are. As long as you spare my life, I guarantee that you will kill anyone you want to kill...”

“Oh?” Emperor Ren Hu became increasingly interested and started asking questions.

...

At this time, the people from the Northern Territory Sect who were waiting anxiously in the front didn't see the person they were waiting for return. Many people initially had no respect for Yang Chen, but after they saw Yang Chen sacrifice himself to save them, they were moved.

If Yang Chen hadn't cared about them and chose to save them with his divine power, who would have questioned his ability to escape? However, Yang Chen didn't do this, he chose to help them escape first, putting himself in danger. Even though they were proud, selfish and self-serving, they couldn't face their inner feelings now.

The most important thing was that Yang Chen was late to return, and no one knew whether he was alive or dead.

The people of Changlin Peak were all anxious, hoping that Yang Chen could successfully return.

Fu Yueying was no exception. She wanted to see Yang Chen return safely. However, with each passing breath, Yang Chen still hadn't arrived.

Finally, time had reached its limit.

As the current deputy team leader, Fu Yueying had to make a choice: "It's about time, we have to go now. Otherwise, if the demonic beasts catch up, we will have a hard time escaping death. We can't let everything that Yang Chen has done for us go in vain."

As these words fell, although they did not directly declare Yang Chen's death, everyone knew that Yang Chen was almost certain to die. He hadn't escaped for such a long time, and they couldn't imagine how Yang Chen would escape.

After Fu Yueying's words, everyone returned, but they all fell silent.

It wasn't until a little later that some disciples and elders who had a good relationship with Yang Chen on Taqing Peak started sobbing, especially Wu Yun, who had been healed by Yang Chen and had received great kindness from him. He cried so hard that no one could comfort him.

Even though everyone had grievances in their hearts, there was nothing else they could do now, and they could only clench their teeth in hatred.

"My life was given to me by Deputy Team Leader Yang Chen. In the future, I will avenge him by killing any demonic beast I encounter."

"Me too, I will take revenge for the Deputy Team Leader."

"Revenge, this can't be the end."

Many people boiled with anger, and their eyes were filled with hatred. Only now did everyone's fighting intent come to light, unlike the panic they felt at the beginning when they saw the demonic beasts.

...

They did not know that Yang Chen was not dead, but to say that he had successfully escaped would be an incredible stretch.

Right now, a large team of demonic beasts stood high in the sky, staring down at the ground below, squinting their eyes and saying, "I just noticed traces of humans here, how come they're gone in the blink of an eye?"

"I tell you Teng Diao, although I admit your eyesight is better than ours, you must have seen it wrong. We've already captured all the sects nearby, people have been controlled, where would there be others?"

"That's right, Teng Diao, there's nothing worth lingering around in North Mountain County, it's all trash. We should hurry up and get ahead. If we run too slow, someone will steal our merits."

Teng Diao, soaring high in the sky, flapped his wings unwillingly, as if still doubting his own judgment.

It wasn't until much later that he seemed to realize that there really was nothing, and said, "It seems that I really saw it wrong, let's go."

After saying this, Teng Diao finally led his group away.

After he left, the area where Teng Diao had been looking earlier remained empty, with nothing happening. But the next moment, Teng Diao suddenly returned, leading a group of demonic beasts back in a whirlwind.

“Hmm?” Teng Diao looked at the direction he had been staring with surprise and noticed that there were still no people.

“I say, Teng Diao, have you had enough? We’ve already said that there’s no one left, what are you trying to do by suspecting ghosts? If I lose even one merit, it’s on you.” A few huge demonic beasts roared discontentedly.

Teng Diao was irritated and impatiently said, “Fine, let’s cut the crap and get going.”

With that, Teng Diao finally led the demonic beasts away for real.

About a cup of tea’s time after Teng Diao left, the direction where Teng Diao had been staring just now, pieces of soil broke apart, and a person emerged from the ground.

This person was Yang Chen.

After Yang Chen crawled out of the ground, he finally took a long breath. During his escape, he had hardly even had the time to relax. At first, he had escaped the encirclement of Blade Tiger Captain’s team, but the direction he fled was not towards the Green Lotus Sect, but instead, North Mountain County.

At that time, the only route he could find was to escape towards North Mountain County, leaving him no other choice.

This situation made him escape successfully, but along the way, he encountered all the demonic beasts that had come from the Demonic Beast Mountains and Rivers after the Guardian Spirit Array was broken.

He had been careful all the way, hiding and avoiding the north, but he still couldn't escape being detected.

Although these demonic beasts couldn't observe him with their souls, some of them had very good eyesight, just like Teng Diao just now, who had keen vision. Teng Diao almost noticed him, but fortunately, Yang Chen reacted quickly and immediately used the Earth Escape Talisman to hide underground.

The Earth Escape Talisman was something he had refined after discovering the Gold Five Elements Awakening land along with Golden Claw last time because he realized that his ground escaping technique was not very advanced. He didn't expect that he would use it now.

After all, even if Teng Diao's eyesight was good, it couldn't penetrate the ground.

At this moment, Yang Chen carefully spread out his soul, and then murmured, "North Mountain County has completely fallen, it's almost impossible to save it with my personal strength."

It's not that he didn't want to save them, but that he was incapable.

Thinking of this, Yang Chen let out a heavy sigh.

However, he couldn't save North Mountain County, but he would try his best to do what he could.

“Since I came back to North Mountain County, I guess it's unlikely that I can make it all the way back to the Green Lotus Sect. So I might as well do something behind the demonic beasts.” Yang Chen thought.

After all, these demonic beasts were now rushing forward to gain merits, so it would be very easy for him to achieve results by doing something behind them.

Chapter 1360 - 1360 1356 Giving Up Hope_1

Chapter 1360: Chapter 1356: Giving Up Hope_1 Chapter 1360: Chapter 1356: Giving Up Hope_1
With this in mind, Yang Chen quickly came up with his own plan. He first observed his surroundings and soon found them very familiar.

“Where is this place...” Yang Chen tried to figure it out.

With just a simple thought, Yang Chen came to a conclusion.

“I remember now, this is the territory of the Canghai Sect!” Yang Chen suddenly recalled, narrowing his eyes: “Canghai Sect, I wonder how Senior He Qiushui is doing. Senior He Yunxiao has been kind to me, and Senior He Qiushui has also been good to me. Now that the demonic beasts are attacking, I can't leave Senior He Qiushui behind. I must go and check on her.”

Thinking this, Yang Chen immediately jumped up and headed straight for the Canghai Sect.

This place was not far from Yang Chen. With his speed, he arrived in the blink of an eye. When he did, he saw a broken and shattered Canghai Sect, completely turned into a hellish nightmare playground for the demonic beasts.

Some stronger humans were killed directly, while some weaker ones were tied up tightly and left for the beasts to play with.

The main forces of the demonic beasts had already gone to the frontline, and the ones left behind here were mostly weaker beasts at the True Martial Realm and Earth Martial Realm.

Even though they were only at the True Martial Realm and Earth Martial Realm, these demonic beasts still dominated the North Mountain County. Where in the Canghai Sect were there any rivals for them? Naturally, many people died or were injured; it was a complete mess.

Yang Chen was certainly furious, but he knew that he had no power to manage so many matters now.

If he saves too many people, he might easily expose his own whereabouts.

“First, let’s find Senior He Qiushui,” Yang Chen muttered, and his figure disappeared.

With his Divine Soul Realm, he easily located He Qiushui.

“She’s still alive,” Yang Chen said with surprise and relief.

As long as she was alive, everything would be fine.

He Qiushui had been thrown into the Canghai Sect’s Great Hall, where all the high-level members of the sect were imprisoned.

However, at this moment, these high-level members were all tightly bound, their True Qi completely suppressed, unable to use it, and they had become mere prisoners.

Now, inside the Great Hall, a Wolf demon was sitting in the center. This wolf demon was not large in size, but its blood-red eyes gave off an incredibly sinister feeling. Upon closer inspection, it had reached the peak of the Earth Martial Realm.

Such strength, when placed within the Canghai Sect, was naturally invincible and unstoppable.

However, the wolf demon didn’t rush to kill, but instead exerted its oppressive aura, causing all the human martial artists it had suppressed to keep quiet and dare not speak.

“This seat could easily destroy your so-called Canghai Sect if I wanted to, but I haven’t. Do you know why?” The wolf demon said coldly.

It spoke the language of beasts, and then another wolf demon next to it translated it into human language for the sect’s high-level members.

As the wolf demon leader spoke, the one behind it translated.

“Our leader said that the reason he didn’t kill you is that you still have some value to them. If you are willing to show your value, then our leader might consider sparing your lives. However, if you are unwilling to cooperate and show your value, then I think it’s better for you to die,” the translating wolf demon sneered sinisterly.

Hearing this laughter, many of the high-level members of the Canghai Sect shuddered in fear, and to say that they were not afraid would be a lie.

Out of fear, a high-level member of the Canghai Sect crawled out and said with a trembling voice, “Sir Demon, I am willing to submit. Whatever you want me to do, even if it means climbing a mountain of blades or diving into a sea of flames, I will do it for you. As long as you give me a chance to live...”

He Qiushui was among the crowd, watching as some couldn’t hold on any longer. She shook her head and sighed softly.

“Climbing a mountain of blades or diving into a sea of flames is not necessary. Our leader only wants you to do one thing, and that is to lead the way for our Silver Moon Wolf Demon tribe!” The translating wolf demon said with a ferocious grin.

Hearing this, the high-level member who had crawled out thought it would be a difficult task, but when he heard how simple it was, he immediately said excitedly, “I am willing, I am willing!”

Seeing that the matter was so simple, many of the high-level members also crawled out on their knees, shouting one after another, “I am willing too!”

“I know the Thirty-six Eastern Counties the best, I have been to North Mountain County before, and I know quite a bit about the other major counties...”

For a time, many high-level members of the Canghai Sect were vying with each other, fearing that they may miss out by even a hair’s breadth.

He Qiushui couldn’t bear it any longer and shouted, “You all, today, facing the coercion of the demonic beasts, behave so disgracefully. Do you still have the face to face our Canghai Sect’s ancestors?”

After He Shangfeng’s death, she took on the position of Sect Leader of the Canghai Sect. Now seeing so many of her subordinates choosing to betray, how could her heart not be cold?

However, fortunately, many people were standing with her and did not choose to betray the demonic beasts.

“That’s right, you people have no conscience, you are heartless!”

“You really have no conscience!”

Although there were many people who chose to remain loyal, the Wolf demon tribe obviously targeted He Qiushui first.

At this moment, the wolf demon leader pointed its sharp claws and asked, “Who is she?”

The translating wolf demon translated the question.

“She is our Sect Leader, He Qiushui... However, Sir Wolf Demon, don’t worry, we Canghai Sect members have had a problem with her for quite some time. A woman like her, being a Sect Leader, is simply an insult to our Canghai Sect’s principles. Now that she refuses to leave darkness and join us, she deserves to die,” they said.

Hearing the translated words, the wolf demon leader laughed, “Since that is the case, let them kill each other. If he doesn’t like this woman called He Qiushui, then let him kill her and then express his loyalty to us!”

The translator conveyed this to the traitorous high-level members.

Hearing this, these high-level members hesitated subconsciously, but when they thought about their situation, they immediately clamored, “Let me kill He Qiushui!”

“Let me do it!”

“Hmph, He Qiushui refuses to toast and is now facing the punishment. She deserves to die.”

“Let me do it!”

In order to survive, these high-level members became red-eyed and completely disregarded their filthy faces. They fought to kill He Qiushui to display their wholehearted loyalty to the wolf demon tribe.

Seeing this scene, He Qiushui's face was full of sadness.

"You beasts!"

"Beasts! The Canghai Sect raised you, gave you your status, gave you everything, is this how you repay the Sect Leader?"

"All of you, shut up!" He Qiushui shook her head gently, "If they want to kill me, let them kill me. You all must stay alive!"

Her implied meaning was all too clear. At this moment, facing these desperate and fierce subordinates trying to survive, she had already given up hope and closed her eyes.

Chapter 1361 - 1361 1357 Saving the Canghai Sect_1

Chapter 1361: Chapter 1357: Saving the Canghai Sect!_1 Chapter 1361: Chapter 1357: Saving the Canghai Sect!_1 How could their hearts not feel heavy?

But what could she do to change all this? It could only be said that when faced with the imminent danger, a person's true colors were revealed. The Canghai Sect had so many cowards who were afraid of death, which was truly disheartening.

“He QiuShui, blame yourself for being the Sect Leader of the Canghai Sect. Now that we want to survive, we can only kill you first.” A high-ranking member of the Canghai Sect stepped forward, his voice cold. True Qi was already swirling around his fingertips, seemingly about to use some kind of finger technique to slay He QiuShui.

However, just as he was about to make a move, a sudden scream rang out.

“My fingers!”

The high-ranking member of the Canghai Sect who had just intended to kill He QiuShui using his finger technique looked at the fingers he had planned to use for his cultivation method, only to find that they were already a bloody mess and had somehow been severed.

Upon closer inspection, he noticed that there were threads of Thunder and Lightning Power lingering around, seemingly cutting off his fingers.

The high-level member’s face was filled with fear and despair, as he had no idea who had done it.

Even the Wolf Demon Clan was shocked, constantly scanning their surroundings.

“Who?”

“Who is it?”

“Don’t bother looking, I’m right here.” Suddenly, a shadow slowly emerged from the entrance of the Great Hall under the shimmering daylight.

When he completely entered the Great Hall, no longer being illuminated by the dazzling light, the man’s appearance was fully revealed. Upon closer examination, he was none other than Yang Chen.

“Who are you?” The Silver Moon Wolf Demons bared their ferocious fangs.

“Who am I? That doesn’t seem to be that important. The important thing is that you are Demonic Beasts, and I am a Human. When you see me for the first time, shouldn’t you immediately try to kill me?” Yang Chen’s lips curled up.

When his appearance was fully revealed, many of the high-ranking members of the Canghai Sect were shocked and dumbfounded.

Most of the high-ranking members of the Canghai Sect knew Yang Chen because he was the one who had thoroughly swept through the Canghai Sect, causing He QiuShui to take the position of leadership.

How could they forget the time when He Shangfeng was so powerful, backed by the Fire Essence Beast, with astonishing strength, only to be overthrown by Yang Chen?

It was precisely because of this memory that many people's expressions turned to joy, while those who had betrayed the Sect were completely dumbfounded.

"How could Yang Chen be here?"

"It's over, we're completely finished now."

"What's the fear? No matter how powerful Yang Chen is, it's now the world of the Demonic Beasts. Can he turn the tide? We don't need to be afraid. Since we've already betrayed the Demonic Beasts, we should just work for them properly."

"That's right."

When these people thought of the power of the Demonic Beasts and saw Yang Chen, they unconsciously became less afraid. They felt that this was the world of the Demonic Beasts, and Yang Chen couldn't do anything about it.

However, Yang Chen merely smiled, not taking their words to heart, and only glanced at these Silver Moon Wolf Demons.

Yang Chen was very familiar with the Silver Moon Wolf Demons. Wolves were a very intelligent species. Those with weaker abilities among the wolf demons hadn't fully evolved yet, still crawling on all fours. If they were strong enough, they would stand on two legs.

Even more so, like the Wolf Demon Leader, who not only stood on two legs but also wore armor, making him look quite imposing. Coupled with his strength at the peak of the Earth Martial Realm, he was quite intimidating.

But now, the Wolf Demon Leader dared not underestimate Yang Chen in the slightest. It could sense the astonishing deterrence from Yang Chen's body, which prevented it from easily judging him as weak.

That's why it asked Yang Chen who he was in a gloomy tone.

But now that he had heard Yang Chen's answer, its anger was ignited.

"Seeking death! Attack together, kill this kid. No matter how many tricks he has, he must die." The Wolf Demon Leader still disdained to make a move, merely waving his hand to signal his subordinates to strike.

As soon as the wolf demons under its command obeyed, they attacked Yang Chen swiftly and decisively, determined to kill him on the spot.

Seeing the wolf demons attack, many members of the Canghai Sect worried for Yang Chen. They knew how powerful these wolf demons were, and they could hardly withstand them in a fight.

However, just as they were worrying for Yang Chen, a layer of thunder and lightning flickered, followed by the seemingly invincible wolf demons in their eyes, turning into a bloody mess and being strangled to death by the lightning in an instant.

Yang Chen showed no mercy to these attacking demonic beasts.

There were countless lives and blood of his own kind in the hands of these demonic beasts. If he showed mercy, it would be heartless toward his own people!

At this moment, with one move, Yang Chen went all out, releasing his Qi, causing the Wolf Demon Leader to shudder because it clearly sensed the terrifying Qi emanating from Yang Chen.

“Heaven... Heaven Martial Realm!” The Wolf Demon Leader was shocked and sweating profusely: “How could there be a Heaven Martial Realm expert in North Mountain County? How did you sneak in? How is it possible?”

If there were, they should have been killed by the vanguard, not here. Their team was meant to pick up the slack, doing nothing more than slaughtering weak humans. Who would have thought that they hadn’t slaughtered enough and encountered a tough opponent already?

“You won’t have the chance to find out.” Yang Chen reached out and immediately spread Light Fire at a rapid speed, enveloping the Wolf Demon Leader’s entire body. With a soft sound, the body of the Wolf Demon Leader was shattered and swallowed by the flames.

With the fall of the Wolf Demon Leader, those who had been counting on it to kill Yang Chen so they could survive were left with no one to rely on. The Wolf Demons, whom they had expected to protect them, appeared utterly powerless in front of Yang Chen.

They were completely opponents from two different realms.

“Yang Chen!” He QiuShui looked at Yang Chen gratefully, not expecting that after so many years, Yang Chen would return with such incredible strength.

Yang Chen looked at the people of the Canghai Sect, waved his hand, and the Thunder and Lightning dissipated, freeing them from the restrictions placed on them.

As soon as they were released, those who hadn't betrayed the Canghai Sect breathed a sigh of relief and quickly bowed in thanks: “Thank you, Yang Chen, my friend, for saving our lives.”

“Yang Chen is our benefactor.” These people cried bitterly, never having expected to have the chance to survive.

Only He QiuShui remained calm, but the joy in her eyes couldn't be hidden. She smiled and asked, “Yang Chen, when did you come back?”

“I came back not long ago. Now that the demonic beasts have broken through the Guardian Spirit Array, it's hard for me not to return.” Yang Chen shook his head. “There's no time to lose. The demonic beasts may come again at any moment. I can't fully protect you all by myself. I must find a safe place for you!”

Chapter 1362 - 1362 1358 Anytime is Fine_1

Chapter 1362: Chapter 1358: Anytime is Fine_1 Chapter 1362: Chapter 1358: Anytime is Fine_1 “A safe place?”

The same question arises in the minds of those present. Now, where could there be a safe place?

Although they were not very strong, they were not fools. They knew that the entire North Mountain County was now under the control of demonic beasts. There was no safe place left.

Yang Chen, with his hands behind his back, said, "I know of a safe place where nothing dangerous will happen. But before that, we need to deal with another matter first."

Saying this, Yang Chen looked at those who had just betrayed the Canghai Sect.

Clearly, the other matter he was referring to was this group of traitors.

As Yang Chen looked at them, the high-level members of the Canghai Sect trembled with fear and regret. If they had known how powerful Yang Chen was, they would never have betrayed the sect.

But alas, it was too late for regrets. These high-level members could only cry out, "Yang Chen, please spare us! We really didn't mean to do it! We had no choice!"

Yang Chen couldn't be bothered to waste words with these people. If he hadn't appeared, they would probably have killed He QiuShui too.

At a critical moment like this, harming one's own people was an unforgivable crime.

Without hesitation, Yang Chen quickly used his flames. Light Fire flew out and engulfed the bodies of the traitorous high-level members. In just an instant, they were turned to ashes and completely vanished.

Throughout all this, Yang Chen's expression remained stoic, showing no pity or indecision. The other high-level members of the Canghai Sect naturally had no sympathy for the traitors' deaths.

"Yang Chen, where exactly is the safe place you're talking about?" He QiuShui asked with curiosity. Although she wanted to catch up with Yang Chen, she knew that finding a safe place was more important at the moment.

Not just for herself, but for everyone present.

Yang Chen smiled slightly and, without explaining much, took out the Teleportation Array to the Tiandu Divine Country.

As the Teleportation Array was revealed, many people were slightly surprised.

"What a delicate Teleportation Array..."

"Where does this Array lead to?"

In an instant, Yang Chen took out a large number of Top-grade Spirit Stones, inserted them into the array, and said, "Never mind where it leads, everyone, just go through the Teleportation Array."

At this point, even those with doubts knew they had to leave. Otherwise, it would be difficult to escape once the Demonic Beast Army arrived.

One high-level member entered the array, followed by others. Soon, only He QiuShui was left.

Yang Chen looked at He QiuShui, puzzled, "Elder He, what's the matter?"

"Yang Chen, although the Canghai Sect is not a great sect, it is not small either. There are still many people alive within the Mountain Gate. What about them?" He QiuShui couldn't help but ask.

Yang Chen knew what He QiuShui was thinking. He sighed softly, "Elder He, I know what's in your heart. I would like to save more people, but with my current abilities, I simply can't. All I can do is save as many as I can."

Hearing Yang Chen's words, He QiuShui sighed softly. Thinking of the deaths of others made her restless, but she also knew that what Yang Chen had done was already at his limit. She could only say, "Yang Chen, thank you."

With that, she entered the Teleportation Array.

Seeing this, Yang Chen left Cai Yi and the Ice and Fire Demon Lion to watch over the place and quickly entered the Tiandu Divine Country.

Upon entering the Tiandu Divine Country, Yu Ban appeared immediately with a surprised look on his face. He looked at Yang Chen and then asked, “Young Master, what is going on?”

“The Guardian Spirit Array is broken, and the Demonic Beasts have attacked. These people are innocent victims from the North Mountain County. I want to settle them here for now,” Yang Chen explained.

Yu Ban was shocked. “What? The Guardian Spirit Array has been breached? Is it inevitable that humans will suffer this calamity?”

“Now that it has happened, it is very difficult to make up for it. We can only take it one step at a time,” Yang Chen shook his head.

Although Yu Ban was full of worries, he knew that there was nothing he could do in his current state. He said, “Young Master, you shouldn’t have exposed this place. The Tiandu Divine Country is your last resort. If there comes a time when humans truly have no place to stand, you could return here and make a comeback. But now that you’ve brought so many people here, won’t it be more likely to expose yourself?”

Yang Chen couldn’t help but smile. “Elder Yu Ban, I know you mean well, but think about it. If the Demonic Beasts conquer human territory and I’m the only one left, what’s the point of living? I, Yang Chen, am still a member of the human race after all. Setting aside the matter of sharing life and death with humanity, if humanity were to perish and only I, Yang Chen, remained, I most definitely would not be able to do it.”

“This...” Yu Ban had only been concerned for Yang Chen and had not thought of this point. Now, after careful consideration, he realized that there was some truth to Yang Chen’s words.

“What do you mean, Young Master?” Yu Ban asked again.

“I’ll settle them here for now. We’ll take it one day at a time. When the war is nearly over, we’ll make a decision,” Yang Chen spoke gently.

“Very well,” Yu Ban nodded.

The people of the Canghai Sect were all frightened, their eyes wide as saucers, looking around without any idea of where they were. They wanted to ask Yang Chen, but they didn’t dare to.

Yang Chen lowered his voice, “Elder Yu Ban, please settle them down. I’ll go see the Purple-eyed Demon Monkey Elder!”

“No problem,” Yu Ban replied.

Then, Yang Chen turned to the Canghai Sect members and said, “Everyone, this is the safe place I mentioned. It is like a paradise, completely safe. If you have any needs, just ask Elder Yu Ban.”

“I will settle you all down,” Yu Ban reluctantly agreed.

In his eyes, the Tiandu Divine Country belonged only to Yang Chen.

But for Yang Chen, it was not the case. With the war now at hand, he no longer cared whether the Tiandu Divine Country was exposed. Such narrow-minded thinking would only tilt the war in favor of the Demonic Beasts.

In the blink of an eye, Yang Chen had arrived at the place where the Purple-eyed Demon Monkey was recuperating.

Without the restrictions of the prohibition, the Purple-eyed Demon Monkey had been thriving in the Tiandu Divine Country. It was only when Yang Chen arrived that the Demon Monkey gradually opened its eyes, revealing a pair of red eyes that instilled a terrifying sense of awe.

“So, the Demonic Beasts have broken through the Guardian Spirit Array,” the Purple-eyed Demon Monkey said coldly.

“Yes, that’s what happened!” Yang Chen was not surprised, as the Purple-eyed Demon Monkey could easily have heard his conversation with Yu Ban.

The Purple-eyed Demon Monkey said, “You came to find me because of this matter, right?”

“Elder Purple-eyed Demon Monkey, since you’ve said that, I won’t hide it from you. With my current abilities, I can enter the Fifth Layer of the Heaven Martial Realm at any time,” Yang Chen said calmly.

Chapter 1363 - 1363 1359 Fire in the Backyard_1

Chapter 1363: Chapter 1359: Fire in the Backyard_1 Chapter 1363: Chapter 1359: Fire in the Backyard_1 Purple-eyed Demon Monkey squinted slightly as if to refute, but after thinking about it, he didn't say anything. Instead, he asked, "So what?"

"According to the agreement we made before, as long as I enter the Fifth Layer of the Heaven Martial Realm, Senior Zi Jing will unconditionally obey me. I think our agreement still stands," Yang Chen said with a gentle smile.

Purple-eyed Demon Monkey replied, "I, Purple-eyed Demon Monkey, have never gone back on my word. You should know this clearly. You didn't come here today to emphasize this, but because as long as you enter the Fifth Layer, I will immediately obey you. Just tell me your true purpose."

"If that's the case, then I'll be straightforward. Nowadays, demonic beasts are breaking through the Guardian Spirit Array, and I will do my best to enhance my own strength. Entering the Fifth Layer of the Heaven Martial Realm is just a matter of time. When Senior Zi Jing follows me, I will inevitably need to use your combat power. By that time, you will be killing your own kind. Are you willing to do this?" Yang Chen asked bluntly.

"Are you really asking me this?" Purple-eyed Demon Monkey laughed.

"I don't like to force people, as a forced melon is not sweet. I want to hear Senior Zi Jing's choice," Yang Chen replied.

"What if I say that I don't want to be aggressive towards other demonic beasts? What will you do?" Purple-eyed Demon Monkey inquired.

“I will still use Senior’s help, but it will be less frequent,” Yang Chen said.

“What if I say that the word ‘brethren’ is a joke to me?” Purple-eyed Demon Monkey narrowed his eyes.

“Then... I will have more confidence,” Yang Chen said slowly.

Purple-eyed Demon Monkey laughed out loud, “Hahaha, Yang Chen, you’re really interesting. Let me tell you the truth: In my eyes, there is no such thing as brethren. There are only a few members of my Purple-eyed Demon Monkey Clan. My brethren are only fellow Purple-eyed Demon Monkeys. However, the Demon Monkey Clan can be considered my distant relatives. If it involves them, don’t make me take action.”

Yang Chen replied, “Rest assured, Senior Zi Jing, I still have some respect for you.”

“In that case, let’s get out of here together. I stayed here long enough.” The Purple-eyed Demon Monkey said slowly.

When the conversation ended, the Purple-eyed Demon Monkey stood up.

“Yes, it has been long enough.” Yang Chen said, “Senior, come with me to get two things.”

When the conversation ended, Yang Chen controlled the prohibition and arrived instantly at the place where the Tiandu Emperor kept his treasures.

Once, the Mountain and River Destruction Map was placed here. Now, treasures such as the Mountain and River Destruction Map, the Crystal Key, and the Slaughter God Spear are all placed here by Yang Chen as well.

Doing so was naturally to avoid being detected by the Fire Essence Beast.

Yang Chen didn't dare to be careless with the Mountain and River Destruction Map, a supreme Xuan Tian treasure, and placed it here.

Now, with the Purple-eyed Demon Monkey accompanying him, Yang Chen planned to take all these treasures with him.

"Do you plan to take everything with you?" Purple-eyed Demon Monkey asked, "Having all these things on you could be a blessing or a curse."

"Now that demonic beasts are attacking, that's already the biggest misfortune. Why should I worry about other misfortunes?" Yang Chen said with a smile.

Purple-eyed Demon Monkey didn't respond, as Yang Chen's words left him with little to argue.

Just like that, Yang Chen left. On this departure, he left with the Purple-eyed Demon Monkey.

When Yang Chen left the Tiandu Divine Country, he immediately left Canghai Sect at an extremely fast speed. It was not long after Yang Chen left the Canghai Sect that the news of an incident involving a team of Silver Moon Wolf Clan quickly spread among the demonic beasts.

The news that North Mountain County had not been cleaned up also spread quickly among the demonic beasts. Although the vast majority of demonic beasts did not particularly believe in the fact that North Mountain County had not been cleaned up, the fact remained that a team of Silver Moon Demon Wolves had been completely wiped out.

This forced a large number of demonic beasts to re-enter the North Mountain County to clean it up, hoping to catch the perpetrator responsible for the annihilation of the Silver Moon Demon Wolf team.

Unfortunately, after ten days of hard work, they still hadn't found the culprit, and it only delayed their original plan of attack.

Once again, the demonic beasts discussed internally and felt that the claim that they hadn't cleaned up North Mountain County was pure nonsense. They stopped cleaning up North Mountain County and planned to launch a large-scale attack.

However, on the second day after they made this decision and were about to launch a large-scale attack, a major incident occurred in North Mountain County.

That was, all the captives of Yuanshan Sect were rescued, and the demonic beasts that had imprisoned the captives of Yuanshan Sect were all killed, not a single one remained.

Yuanshan Sect's captives had disappeared cleanly overnight, leaving no traces behind.

This made the demonic beast army, who originally thought there wasn't much of a problem, shudder for a moment. The two issues of Yuanshan Sect and Canghai Sect gave the impression that there was a bug tickling them under their feet.

They wanted to trample it to death, but they couldn't.

Not trampling it to death was hindering their actions, making them feel extremely disgusted.

For a moment, the entire demonic beast army discussed this matter among their high-ranking members.

Demonic beasts were all huge in size, and unlike humans, a casual room was enough for a discussion. But the discussion between these demonic beasts required a large mountain peak.

Like right now, on this high peak, a giant python several hundred zhang long was coiled on top of the mountain, only revealing its head and staring at the other demonic beasts on the mountain peak.

These demonic beasts had various shapes, but many of them were on the Demon Battle Power Ranking list. Especially this python, if Yang Chen were here, he would recognize it.

Because this python was a top existence on the Demon Battle Power Ranking list, it was called the Heavenly Giant Python. It was said that on land it could fight against a True Dragon. The only weakness was that it could never fly, no matter what realm it reached.

Among the demonic beasts here, judging by their aura, all of them had reached the Emperor-Level, and it could be described as a gathering of evil.

These demonic beasts gathered together, discussing matters with each other.

“The two human emperors have been severely injured by me and Brother Heavenly! Now is the perfect time to attack, but we were held back by an unknown guy. What do you say? How are we going to fight?” A huge fat pig with fierce fangs grunted as it spoke.

However, despite its chubby appearance, its aura was at the Emperor-Level, not to be underestimated.

Most importantly, it, like the Heavenly Giant Python, had both reached the Demigod Stage.

“In my opinion, why don’t we just go ahead and attack directly? How much damage can happen in our backyard?” One demonic beast disdainfully said.

“That’s not right. This person can instantly annihilate a team of demonic beasts from Yuanshan Sect and Canghai Sect. His strength must be around the peak of Heaven Martial Realm. Otherwise, it would be impossible to accomplish this silently. As for moving people away, making various factions unable to investigate, such a skill is even more ingenious, not to be underestimated,” the Heavenly Giant Python slowly said.

Chapter 1364 - 1364 1360 Delaying the Attack_1

Chapter 1364: Chapter 1360: Delaying the Attack_1 Chapter 1364: Chapter 1360: Delaying the Attack_1 The python's monstrous pupils made the other demonic beasts dare not look directly at it, and it continued.

“From this, we can judge that this person is extraordinary. Even if he hasn't reached the level of a Great Emperor, he is by no means comparable to ordinary Sky Martial Realm warriors. Perhaps he is a pawn deliberately placed here by the humans. If we ignore him, he might cause chaos within our ranks. By then, our attacks will become disjointed, and we will eventually be defeated.” Clearly, the Heavenly Giant Python was the leader among these demonic beasts.

Only the giant fat pig dared to reply to the python: “In that case, Brother Heavenly Python, what should we do?”

“First, let's delay our attack. The injuries of those two human emperors cannot heal in a short period of time. During this period, we can certainly find and deal with this person.” Heavenly Giant Python said sinisterly: “Once we catch him, it won't be too late to proceed with the attack.”

“How can we find him?” The other demonic beasts became confused. “If this person can hide such a large number of humans and elude the detection of so many demonic beasts, it would be an easy matter for him to hide himself as well. How can we find him?”

The Heavenly Giant Python said, “It's true that if he's a pawn sent by the humans, he can't hide forever. His goal should be to slow down our attack.”

“So Brother Heavenly Python’s intention is to turn the tables on him? If he wants to disrupt our rhythm, we should set up an ambush in advance?” The fat pig might appear dull, but it seemed to be incredibly insightful, quickly grasping the purpose of the Heavenly Giant Python.

The Heavenly Giant Python sneered, “Wild Pig, you are quite clever to figure that out so quickly. But we are still one step behind. We lack any understanding about this person. If we could learn more about him, perhaps we could anticipate his next moves.”

“Heavenly Leader, now that you mention it, someone in our Blade Tiger Clan might have a clue.” A large Blade Tiger demonic beast said flatteringly.

This Blade Tiger demonic beast had also reached the Emperor-Level, but, in the presence of the Heavenly Giant Python, it still fell short, deferentially addressing the python as “Heavenly Leader” rather than “Brother” like the fat pig did.

Hearing this, the Heavenly Giant Python flicked its body: “Oh? Then hurry up and summon that person.”

“Heavenly Leader, please wait a moment...” The Blade Tiger demonic beast hurriedly went to summon the person.

In just a cup of tea’s time, another huge Blade Tiger appeared atop the peak.

Wasn’t this Blade Tiger none other than the Blade Tiger Captain who had besieged Yang Chen earlier?

Beside the Blade Tiger Captain stood a man, none other than Yuan Fei, who had already betrayed the humans.

When Yuan Fei and the Blade Tiger Captain arrived, they were intimidated by the Heavenly Giant Python, feeling shivers down their spines, unable to help but kneel down.

The Heavenly Giant Python said coldly, "Tell me what's going on."

The Blade Tiger Leader instructed the Blade Tiger Captain to relay the information he had acquired about the matter.

The Blade Tiger Captain didn't dare to be vague and hastily recounted his previous encounter with Yang Chen and how Yang Chen had escaped from his siege.

Upon hearing about Yang Chen, the giant fat pig in the Demigod Stage laughed, "Now we know what's going on. Most likely, those two people are one and the same. Humph! To be able to escape from so many demonic beasts and still not be caught, naturally, he would have the means to save people from both Canghai Sect and Yuanshan Sect."

"Do you know any other clues about this person?" the Heavenly Giant Python asked.

The Blade Tiger Captain hurriedly said, "Heavenly Ancestor, this is the human I captured. He knows some clues about him. Please listen to him."

He gave Yuan Fei a cold glance, signaling him to speak, with a threatening look in his eyes.

Yuan Fei was startled and hurriedly blurted out, “His name is Yang Chen!”

“That’s all?” The Heavenly Giant Python asked coldly.

“He, I...” Yuan Fei was extremely anxious, trying to think of any useful clues he could provide at this time. After a moment, he suddenly had a flash of inspiration: “I remember he used to be from North Mountain County!”

“He used to be from North Mountain County, now we have a clue.” The Heavenly Giant Python laughed sinisterly.

“What kind of clue is this?” Several demonic beasts were utterly baffled. “What use is it?”

The giant fat pig sneered, “Isn’t this a clue? Since he used to be from North Mountain County, it means that there must be people there who know him.”

Upon hearing these words, many demonic beasts understood the implications.

So that’s what it was...

...

As a result, the demonic beasts held back their forces for the time being, and no one knew what was going on.

The human high-level officials, of course, saw the situation clearly and were completely puzzled. The vanguards sent by the various human sects had already been organized in the vicinity of the Black Dragon Sect, preparing for a major battle. Yet, surprisingly, the demonic beasts' forces seemed to have no intention of attacking.

This left the human high-level officials speculating.

At this moment, the high-level officials of all parties gathered indoors.

“What the hell is going on? Why did the demonic beasts suddenly stop their movements? Could there be some conspiracy?” Jin Shi Great Emperor asked.

At the moment, he was seated on a chair, looking considerably weaker, apparently due to his injuries.

In the room, all of the human Great Emperors assembled, including Hua Wu Great Emperor, Emperor Fen Shui, and Emperor Ping Shan.

Apart from them, sitting in the main seat was a man in a black robe. This black-robed man's robe was embroidered with a black dragon, and his whole body exuded a powerful aura, reaching the heights of the Integration Period.

His aura was even stronger than Emperor Fen Shui, who had also reached the Integration Period, and he was none other than the legendary Black Dragon Ancestor.

Emperor Ping Shan and Jin Shi Great Emperor were both injured but were equally concerned about the progress of the battle and curious about the intentions of the demonic beasts.

“It’s hard to tell.” Emperor Fen Shui sighed.

Hua Wu Great Emperor closed his eyes and remained silent for a long time before saying, “My Wood Spirit has already gone to gather information and is on its way back now. We’ll know more in a moment.”

“Hehe, Brother Hua Wu, your Wood Spirit may be mediocre on ordinary days, but it’s quite useful in crucial moments,” Emperor Fen Shui laughed.

A hint of pride appeared on Hua Wu Great Emperor’s face.

About a cup of tea’s time later, suddenly, a small wooden doll emerged from the ground in the room, jumped out, and scuttled into Hua Wu Great Emperor’s palm, disappearing.

After absorbing the wooden doll, Hua Wu Great Emperor raised his eyebrows with an expression of surprise, having learned the news: “There’s something going on inside the demonic beasts.”

“What’s the matter?” The Great Emperors asked in unison.

“The forces of Yuanshan Sect and Canghai Sect have been rescued one after another, a large number of demonic beasts have been killed, and the top-level demonic beasts are now completely preoccupied with this matter. They don’t have the time and energy to focus on their attacks,” Hua Wu Great Emperor laughed.

Chapter 1365 - 1365 1361 Returning to the Old Land_1

Chapter 1365: Chapter 1361: Returning to the Old Land_1 Chapter 1365: Chapter 1361: Returning to the Old Land_1 Hearing this, Emperor Fen Shui clapped his hands and cheered, “Haha, that’s amazing! I never thought there would be such an outstanding person in North Mountain County, willing to help in this crucial moment.”

“This is indeed great news. Although we don’t know who this person is, now that time has been delayed, we can wait for the royal family, Ling Nvzong, and troops from other regions to arrive. Once the other region’s forces arrive, we may not have to fear these demonic beasts anymore.” Jin Shi Great Emperor was equally excited.

Only Hua Wu Great Emperor sighed, “Alas, I don’t know if Yang Chen is alive or dead now. He was originally from North Mountain County...”

As he spoke, Hua Wu Great Emperor couldn’t help but feel a bit melancholic.

The other Great Emperors also tactfully stopped talking, knowing that this was a sore spot for Hua Wu Great Emperor. After suffering for so many years, he finally had a disciple with extraordinary

talents who could inherit his legacy and continue the tradition of Changlin Peak. Yet, that disciple was lost in the war at such a young age.

Although they hadn't seen Yang Chen's body, they could almost certainly conclude that Yang Chen was likely dead.

After all, Yang Chen hadn't escaped from the pack of demon beasts that day, and they couldn't think of any other ways for him to survive.

...

However, these Great Emperors never put together that Yang Chen was the person they were thinking of.

A few days ago, the person who saved Yuanshan Sect was Yang Chen. Just like when he saved Canghai Sect, he took swift and decisive action, seizing the opportunity when the demonic beasts were most relaxed, and rescued the people of Yuanshan Sect.

Although the Yuanshan Sect suffered heavy casualties, the most important high-level members survived. Yang Chen helped a large number of Yuanshan Sect disciples and high-level members to relocate, transferring them to the Tiandu Divine Country as well.

During this time, small talk was unavoidable. The higher-ups of Yuanshan Sect were shocked to see Yang Chen's martial arts cultivation reach such a high level upon his return.

Unfortunately, even though he saved the Yuanshan Sect, Yang Chen knew he couldn't save many more people. His abilities were ultimately limited, and North Mountain County was now a territory of demonic beasts. If he made too many moves, the demonic beasts would easily detect something was off.

Now, Yang Chen had already left the Yuanshan Sect area and headed straight for the Great Wilderness.

He couldn't save many people, so he had to focus on rescuing his own family first: The Yuanshan Sect, the Canghai Sect, the Great Wilderness Yang family, and the Solitude City Jin family.

At this moment, in a mountain range near Solitude City, a humanoid leopard covered in beast patterns was quickly advancing. This leopard was known as the Beast-Pattern Leopard to humans.

Its main characteristic was having a body size similar to humans. The only difference was that it belonged to the leopard family.

For Yang Chen, this posed a challenge. However, with his superb Face Changing Technique and Alchemy, he hunted and killed several Beast-Pattern Leopards, taking their materials to effortlessly disguise himself as one of them. After taking the Demonic Qi elixir, his body was already filled with demonic Qi.

Yes, this Beast-Pattern Leopard was Yang Chen.

"Yang Chen, you're truly versatile, being able to pull off such a miraculous feat and completely disguise yourself as a demonic beast." The Seven-colored Peacock inside the Eight Extremes River Space continuously engaged in conversation with Yang Chen.

Since it couldn't leave the Eight Extremes River Space and the Purple-eyed Demon Monkey returned to that space, the Seven-colored Peacock was extremely scared and wanted to chat with Yang Chen to distract itself from its fears.

Yang Chen replied slowly, "It's nothing, just some life-saving tricks."

"So, what do you plan to do next, Yang Chen? Save more human forces?" Cai Yi asked.

"Save more?" Yang Chen forced a smile, "At most, I can make another move now, or two moves at my limit. If possible, I don't even want to make another move."

"Why? Are you in danger right now? I don't feel it." Cai Yi clicked her tongue, "At first, I thought you had quite a lot of guts."

Yang Chen shook his head helplessly and calmly said, "If you could detect the danger, it wouldn't be called danger."

"What do you mean?" Cai Yi pouted.

"I've already made two moves, the demonic beasts couldn't possibly have not noticed." Yang Chen explained.

“So what?” Cai Yi still didn’t feel any sense of danger.

Yang Chen sighed bitterly, “Once the demonic beasts notice, they will definitely investigate. Once they investigate, they won’t have a hard time discovering some clues. There is a human saying ‘prescribe the right remedy for an illness’... I’m afraid they’ll find the right place.”

Cai Yi could only grasp some of what Yang Chen said and struggled to understand, “What? ‘Prescribe the right remedy for an illness’?”

After thinking about it for a long time, Cai Yi still couldn’t figure it out.

Meanwhile, Yang Chen stared into the distance, having already spotted Solitude City. He felt helpless inside. If possible, he didn’t want to take action again after already making two moves. Both intuition and reason told him that it would be pointless and dangerous for him to continue acting.

But now, he had no other choice.

In Solitude City, in the Great Wilderness, he had no reason not to act.

He might as well go all out just once.

Yang Chen sped up and soon entered Solitude City.

Now, Solitude City was completely under the control of demonic beasts and had become one of their strongholds. As Yang Chen entered the city, he couldn't see any traces of human life. There were no signs of the Huang family or the Jin family, just empty shadows.

This caused Yang Chen to frown and he had to spread out his soul, trying to find his friend Jin Cheng and his father Jin Ying.

But as he tried to search for them, he found that the auras of both Jin Cheng and Jin Ying had disappeared completely.

This made Yang Chen tense and worried.

"Could it be..." An unpleasant possibility crossed Yang Chen's mind, making him even more anxious.

He instantly vanished and headed towards Jin family.

For him, reaching the City Lord's Mansion without being detected was a piece of cake. The strongest demonic beast at this gathering point was just at the Sky Martial Realm Second Layer, he could control it easily.

When he arrived at the City Lord's Mansion, Yang Chen clearly saw that it was completely empty, entirely devoid of any human power.

This caused Yang Chen's nerves to tense up, and he couldn't convince himself any longer.

Yes, why would demonic beasts spare the lives of humans? He had been able to save the Canghai Sect and the Yuanshan Sect because he had arrived quickly, and those two forces still had value to the demonic beasts. What about Solitude City? He had arrived late, and the people there had no value...

Yang Chen gritted his teeth and focused his soul on the Sky Martial Realm Second Layer demonic beast.

This demonic beast was a ferocious fanged lion with a full body of hair, holding a piece of meat in its hand and eating it with great relish while sitting in the main seat of the Jin family's City Lord's Mansion.

"Hahaha, this human flesh is really delicious. It's been a long time since I've tasted something this good." The demonic beast at the Sky Martial Realm Second Layer, a fierce lion with ferocious fangs, was eating the meat with great enjoyment.

Chapter 1366 - 1366 1362 Returning to the Great Wilderness_1

Chapter 1366: Chapter 1362: Returning to the Great Wilderness_1 Chapter 1366: Chapter 1362: Returning to the Great Wilderness_1 "Great King, don't worry. There's plenty of human flesh. The entire Liaocheng will be enough for you to eat." In the great hall, several demon foxes scratched their heads and posed charmingly, laughing merrily.

In addition to these demons, there were also various other demonic beasts, such as lions. They all looked up to the golden-haired lion and dared not show any disrespect to it.

The golden-haired lion gnawed on the meat in its hand, “Hmph, I have long let them attack humans, only then can we enjoy such human delicacies. Demonic beasts have a filthy taste, while humans taste delightful, especially those of women...”

As it was enjoying the meat, suddenly a bolt of thunder and lightning flashed by. Following that, the golden-haired lion let out a miserable scream, as one of its claws vanished instantly.

The piece of meat in its claw also disappeared without a trace.

“What’s happening? Who, who did this?!” The golden-haired lion roared in anger.

The surrounding demons were also terrified. As far as they were concerned, the golden-haired lion was extremely fearsome. They couldn’t believe its claw had disappeared in an instant.

Lightning hovered around the claws, then transformed into a small snake and withdrew into the body of a man standing at the entrance of the great hall.

The man was gradually revealed – it was Yang Chen.

Yang Chen's expression was cold and detached, his aura spread out, suppressing all the demons in the great hall, none of them daring to speak up.

Only the golden-haired lion stared at Yang Chen, "You're a human, a Fourth Level Heavenly Martial Realm cultivator."

It wouldn't be true to say the golden-haired lion wasn't afraid, because Yang Chen's martial arts strength was much stronger than its own.

However, that wasn't all, the oppressive feeling coming from Yang Chen was so strong that it made it difficult to move. The difference in strength was not just a matter of level.

The golden-haired lion knew it was not a match for Yang Chen and could only try to threaten him, "Human, do you know what you've just done? Our great demonic beast army surrounds us, with many Emperor-Level beasts among them. Killing you would be as easy as turning our hands. You'd better think carefully about your actions."

Without saying another word, Yang Chen waved his sleeves, and the lightning instantly transformed into a sharp sword that flew out and pierced the forehead of the golden-haired lion.

Splattering blood erupted, and the golden-haired lion died on the spot.

Yang Chen was already full of rage, ready to burst at any moment. With the golden-haired lion threatening him now, he had no qualms about killing it as a warning to the others.

The fact that he didn't completely dismember it after it had eaten human flesh was already showing mercy.

At this moment, Yang Chen scanned the surroundings with bloodshot eyes, signaling his burning killing intent.

Facing his murderous aura, all the surrounding demons shivered and trembled in fear. They were no match for Yang Chen, who had killed the formidable golden-haired lion without even a fight.

"From now on, I will ask you questions, and you will answer. If you answer well, there might be a chance to spare your lives. If you dare to interrupt or talk back, you should clearly see the outcome of the golden-haired lion just now." With a deadpan expression, Yang Chen said.

Hearing Yang Chen's words, these demons shivered and fell to their knees, thinking about the fate of the golden-haired lion.

Yang Chen spoke coldly, "You are now in the former location of the Jin Family, the City Lord's Mansion. I believe you all know this."

All the demons nodded in agreement.

"Where are the people of the Jin Family?" Yang Chen snapped.

Hearing this, many demons looked at each other. Only a few demon foxes stepped forward. These demon foxes all had the faces of human women, all beautiful and delicate. However, their enchanting scent couldn't hide the fact that they were demons.

With seductive smiles on their faces, they said, "The people of the Jin Family have all been killed by the Great King Golden-haired Lion and made into human flesh to eat, not a single one left. Young man, since everyone is dead, why don't we accompany you and let you taste the delights of the heavens..."

They all displayed their alluring poses, attempting to charm Yang Chen. This was their demon fox clan's usual tactic. Even a Heavenly Martial Realm human with an unstable state of mind could be lured by them. No matter how ruthless people were, they couldn't lack emotions and desires.

However, using these tactics on Yang Chen proved to be too naive.

Furthermore, he was in the midst of anger.

When Yang Chen failed to find Jin Cheng and Jin Ying after looking extensively, he had already guessed that their chances of survival were slim, but he still couldn't accept it.

But now, he had no choice but to accept it. His early years' brother had now fallen into the hands of the demonic beasts and perished.

How could Yang Chen not be furious? At this moment, his fists clenched tightly, making creaking sounds.

With rage overwhelming him, Yang Chen laughed bitterly as he looked at the demon foxes trying to bewitch him. At once, he released flames that spread throughout the great hall, engulfing all the demons.

The demons did not expect Yang Chen to take action so quickly. When they realized something was wrong, the flames had already spread.

In just a moment, all the demons were burned to death in the Sea of Flames, leaving none behind.

Yang Chen then left Liaocheng amidst the fire.

The deaths of the Jin Family in Liaocheng made Yang Chen deeply disturbed, his heart difficult to calm. He thought about the past between him and the Jin Family and how they had helped him before.

Unfortunately, all of this was in the past now.

He profoundly felt the misfortune brought about by having weak strength. With growing concern for his family in the Great Wilderness, he accelerated his pace, leaving Liaocheng and putting on the skin of a Beast-Pattern Leopard to head straight for the Great Wilderness.

For Yang Chen now, such a journey was as short as a few hundred breaths. When he came to his senses, he already found himself in the Great Wilderness.

The Great Wilderness remained the same as before.

Only now, it had become the world of demonic beasts. Even more, a large number of demonic beasts could be seen flying across the sky from time to time, rushing to the frontline.

Yang Chen could feel that the Guardian Spirit Array had already been broken. His soul was enough to cover the other end of where the array once stood, where there were even more demonic beasts.

Yang Chen frowned, hiding behind the array while cautiously moving forward, trying to find his family.

However, as his soul expanded, he could find neither his family nor any human figures.

This gradually gave rise to a bad feeling in Yang Chen's heart. Was something wrong with his Yang Family, or even with Gu Mingyue...?

The Supreme Martial King Shocking All Realms

Chapter 1367: Chapter 1363: Survivor_1 Chapter 1367: Chapter 1363: Survivor_1 These negative thoughts in his heart made him more and more anxious.

At least when he expanded his soul perception, he couldn't find any signs of life. The familiar figures of Feng family's Feng Xuewu, Zhang family's Zhang Yingruo, and the person he missed—the Gu Mingyue, were not within the range of his soul perception.

There are only three possibilities.

First, the people of Da Huang have all been slaughtered by the demonic beasts, so it is normal for him not to find anyone.

Second, the people he wanted to find were indeed not within the range of his soul perception and were in other locations.

Third, these people were all controlled by the demonic beasts, their True Qi had been sealed, and their Qi was unable to disperse. Moreover, there were restrictions, such as formation arrays, which made his soul perception unable to find them quickly. Only through careful searching, he might be able to find them.

Almost instinctively, Yang Chen felt that the people of Da Huang were all dead. After all, the tragedy that had befallen the Jin family made him think about the worst possibilities.

However, he would never give up any hope, even if it was just a tiny bit.

What if the people of Da Huang were not dead but were controlled by the demonic beasts instead?

With this thought, Yang Chen couldn't help but become nervous. He decided he would meticulously expand his soul perception to search every inch of space, hoping to find a small clue that he could hold onto.

Thus, his soul perception covered every inch, moving forward and searching. This was an extremely energy-consuming task, but Yang Chen had no choice but to do it now.

As the saying goes, “effort pays off.” Finally, after half a day of searching, Yang Chen’s soul perception suddenly touched something.

“Huh? A formation array.” Yang Chen narrowed his eyes.

This was an array that isolated the soul perception. Only a very skilled soul perception could penetrate it without making a sound. If it was just a large-scale coverage, it would be difficult to detect this place. Only through meticulous searching, one could detect the existence of this formation array.

However, such an array could not stump Yang Chen.

With a little effort, Yang Chen’s soul merged, and he observed the specific situation inside.

“There are living people.” Yang Chen immediately made a judgment.

He hadn’t held much hope initially, but unexpectedly, there were indeed living people, and they were under the control of these demonic beasts.

Yang Chen could sense a trace of conspiracy in this situation, but he had no time to think about it. The people inside the formation array were, after all, mostly his Yang family members.

His Yang family members being held hostage, how could he just stand by idly? He quickly disappeared from the spot and headed straight to their location.

The place where the Yang family and other people of Da Huang were being held was the former Zhang family's residence. Although the appearance of the Zhang family's residence had not changed much, it had actually become the territory of the demonic beasts. At a glance, many demonic beasts were patrolling around, while not a single human could be found.

“What do you think is the reason those demon generals are making us watch this place? These humans were obviously going to be killed a few days ago, but suddenly they ordered us to keep them alive. What's the use of keeping them alive? Their Martial Arts Cultivation is so poor that they can't even make it to the stage. What's the point of keeping them alive?” Two demonic beasts were discussing with each other.

“Don't you think I want to know? But it's better for us not to think too much about the things that the higher-ups are doing. Since they want to keep these people alive, they must have their reasons. The more we know, the worse it will be for us.”

“You're right. Speaking of which, you should go and check on these humans too. Hmph, these humans are really useless. Not only is their strength lacking, but we also have to bring them food every day.” The two demonic beasts said with a resentful look on their faces.

As they were talking, one of them left, taking some spirit fruits with him to deliver to the humans.

The other one was standing guard leisurely, not feeling any danger at all. After all, this place was already considered the absolute domain and territory of the demonic beasts. What danger could there be?

However, just as this thought settled, suddenly a string of thunderlights appeared and directly penetrated its chest. Accompanied by a mysterious flame, it was instantly burnt to ashes and disappeared like smoke.

All of this happened silently, unnoticed by anyone.

Then, a figure disappeared like lightning, following the other demonic beast into the inner courtyard.

That demonic beast, carrying spirit fruits, entered the inner courtyard. Except for an old locust tree in the courtyard, there were humans all over the ground. Most of these humans were the higher-ups of the Yang family, while a few were from other major clans—a good number of them were familiar faces to Yang Chen.

But now, these humans were all tied up tightly, half-dead on the ground, their Qi unable to disperse. There was no trace of vitality in their eyes as they were filled with despair.

When this demonic beast came, it directly threw the spirit fruits on the ground.

These humans immediately crawled to pick them up and, once they got them, gobbled them down. It was obvious they were starving.

Some stubborn humans didn't even look at these spirit fruits, as if they would rather die than yield.

Among them was Elder Yang, who, despite his old age, still stood tall and showed no intention of submitting to the demonic beasts.

This infuriated the demonic beast, who cursed: "You humans are undoubtedly spineless! You dare not eat the food I provide? Don't you dare eat it?"

As it spoke, the demonic beast picked up a whip and viciously lashed the people who did not want to eat the fruits.

Many humans were whipped until their skin split and flesh separated, crying out in pain.

While whipping, the demonic beast cursed loudly: "If it weren't for the higher-ups' order to keep watch over you and not let you die, do you think your pathetic lives would matter to me?"

The more it whipped, the more addicted it became. But suddenly, a flash of thunderlight appeared, and the demonic beast instantly fell to the ground.

This surprised many people.

Because that demonic beast was clearly dead on the spot.

“What happened to it...” A few people started discussing.

Just as they were talking, a figure appeared. The person was none other than Yang Chen.

“You, you are Yang Chen!” Elder Yang and Yang Jin He were the first to recognize Yang Chen. Upon seeing him, they were so excited that their voices trembled.

Some other high-level members of the Yang family also saw Yang Chen. When they saw him, they felt like they were looking at hope.

“You, are you really Yang Chen? You, you came back.” Elder Yang said with his eyes filled with tears.

Yang Chen looked at Elder Yang’s miserable appearance at this moment, and said bitterly: “Elder Yang, I’m sorry you had to suffer.”

“I’m not suffering, not suffering. I thought I was getting old and wouldn’t live much longer. To see you at this time, I’m already content.” Elder Yang said with a sigh.

“Yang Chen, what is going on with these demonic beasts? Just like the Fire Essence Beast last time, they all appeared out of nowhere. But this time is different: there are many different types of them, and they are attacking on a large scale. We... we have no ability to resist.” Yang Jin He started speaking.

The Supreme Martial King Shocking All Realms

Chapter 1368: Chapter 1364: Great Calamity Approaching_1 Chapter 1368: Chapter 1364: Great Calamity Approaching_1 As he spoke further, his pain intensified, and his voice trembled involuntarily: “Many people have already died. So many great clans were wiped out overnight, leaving only us. We were supposed to be killed too, but suddenly, the demonic beasts decided to spare our lives for some reason.”

Yang Chen wasn't surprised. With Yang Jinhe's strength in the Great Wilderness, even if the demonic beasts attacked, they wouldn't know what exactly happened.

However, Yang Jinhe's words made Yang Chen feel that something was amiss, but he didn't have time to think about it too much now. He said directly, “This matter is a long story, I'll explain it to you later. Now, I will take you to a safer place. But, is it true that only you all are still alive? What about Yang Wu and Gu Mingyue...?”

All the young members of the Yang family were gone, leaving only some high-level members of the Yang family and some high-level members of other clans.

“This...” Yang Jinhe hesitated for a moment, not knowing how to respond.

Elder Yang gritted his teeth and said, “Yang Chen, we don't know how to tell you, but for some reason, the demonic beasts took almost all the younger generation of the clan. They targeted the weaker ones. Although Gu Mingyue had the protectors you assigned, they were insignificant compared to the vast demonic beast army...”

Yang Chen frowned upon hearing this.

Indeed, he had sent the demonic beasts he had enslaved in the Beast Servant Palace to protect the Yang family, but those beasts were no match for the demonic beast army.

With that on his mind, Yang Chen took a deep breath and said solemnly, “Do you know where they were taken?”

“We don’t know. We can’t understand the language of these demonic beasts.” Yang Jinhe clenched his fists, extremely frustrated.

Yang Chen knew that asking them was asking too much.

After thinking for a while, Yang Chen said, “Alright, there’s no time to talk now. I’m going to take you to a safe place.”

When the conversation ended, Yang Chen took out the Teleportation Array of the Heavenly Capital Divine Country.

As soon as he pulled out the Teleportation Array, Yang Chen shouted, “This is a teleportation array. I don’t have time to explain its effects. Just jump in and don’t worry, it’s safe.”

Elder Yang and Yang Jinhe trusted Yang Chen unconditionally and jumped right in without hesitation, disappearing.

The other high-level members of the Yang family quickly followed suit.

However, some of them filled Yang Chen with despair, as they seemed to have given up hope and were still munching on the Spirit Fruits on the ground, looking like the walking dead. It was a pitiful sight.

Even with his arrival, these people were completely oblivious.

This made Yang Chen sigh, and he immediately grabbed them and threw them into the Teleportation Array. In the blink of an eye, they were transported to the Heavenly Capital Divine Country.

After everyone had been relocated to the Heavenly Capital Divine Country, Yang Chen took a deep breath and sensed that something was amiss.

There were too many doubts.

Why did these demonic beasts spare so many members of the Yang family? Were they special in some way? Could it be because of him?

Moreover, if these demonic beasts kept so many humans captive in this place, there must be a reason. However, assigning only two demonic beasts to guard the area made it look like they wanted someone to intentionally break in.

Looking at the desperate humans of various clans who had given up hope and kept eating Spirit Fruits, Yang Chen could imagine their despair. This despair must have been caused by the destruction of their clans and the separation of their families. Otherwise, the mere passage of one month since the demonic beasts attacked wouldn't have made them so desperate.

So, the people who were deliberately left alive seemed more like bait...

To lure whom?

To lure himself!

Yang Chen's heart skipped a beat, realizing a terrible possibility.

His intuition told him that he was in grave danger. He was not planning to reveal himself, but this time was an exception - he had no choice but to show himself.

"We can't linger in this place!" Yang Chen took back the Teleportation Array and prepared to leave.

But just as he was about to leave, suddenly, a cold voice rang out.

"Since you're here, what's the hurry to leave?" As the chilling voice emerged, one after another, a series of figures appeared out of thin air.

These were demonic tigers of various colors, all with the same sharp, knife-like teeth. Yang Chen naturally recognized these demonic beasts; they belonged to the Blade Tiger Clan, a fairly common species among the demonic beasts.

As common as they were, their numbers were large, making them a formidable force.

Most importantly, the largest blade tiger in the center of these Blade Tigers gave Yang Chen an overwhelming sense of suffocation.

This Blade Tiger had likely reached the Spirit Plate Stage!

“An Emperor-level Blade Tiger.” Yang Chen’s heart skipped a beat.

“Hehe, my luck as the White Blade Tiger Emperor isn’t too bad. As expected, just like the Sky-reaching Leader said, once a trap is set, you’ll fall right into it. Yang Chen, you have nowhere to run.” The Spirit Plate Stage Blade Tiger sneered sinisterly.

Yang Chen’s face was icy, and he couldn’t help but feel anxious. However, upon further thought, he regained his composure.

Staring at the White Blade Tiger Emperor, he said, “You know my name, it seems that there is a traitor who has revealed my identity to you.”

Although he didn't know who the traitor was, it was obvious that there was one. Once they knew his name, with a little bit of probing, they would know that he was the one who saved the Canghai Sect and the Yuanshan Sect recently.

And after a little bit of investigation, it would be clear that he came from the Great Wilderness Yang family.

Given that, the White Blade Tiger Emperor's plan was to set a trap specifically for him. He left a group of humans alive on purpose and set up a trap that looked inconspicuous but was actually meant for someone to intentionally break into.

Just like now, whether he wanted to or not, he had been caught in the trap.

The moment he walked into the trap, he exposed himself.

Yang Chen sighed, knowing that he was already in a dangerous situation, but he had no choice but to show up. He had no options.

The White Blade Tiger Emperor scoffed, "You figured it out pretty quickly, but unfortunately, knowing won't change your fate. I'm curious about the other side of your Teleportation Array – where did you send all those people? Did you want to protect them? Sadly, the more you try to protect them, the more I'll have to crush them!"

When he finished speaking, the White Blade Tiger Emperor burst into a fierce laughter, preparing to make a move.

However, just as it prepared to strike, Yang Chen chose to escape even faster. His speed was as fast as lightning, disappearing without a trace in an instant.

The White Blade Tiger Emperor laughed instead of getting angry: “Do you really think you can escape from the palm of my hand? How naïve. Chase him! Let him know the despair of being targeted by our Blade Tiger Clan.”

Chapter 1369 - 1369 1365 Rebellion of the Slaughter God

Chapter 1369: Chapter 1365: Rebellion of the Slaughter God Spear!_1 Chapter 1369: Chapter 1365: Rebellion of the Slaughter God Spear!_1 The White Blade Tiger Emperor was not in a hurry, as he was quite confident.

This wasn't strange, after all, no one would think that a kid at the Heaven Martial Realm could escape from an Emperor-Level demonic beast. Moreover, the Blade Tiger Clan was renowned for being all-around.

Although they were not conspicuous among the Demonic Beast Clan, compared to humans, their burst power, speed, and other capabilities were all top-notch.

Could crushing Yang Chen be easier?

However, it didn't take long for the White Blade Tiger Emperor to change his mind.

At first, he sent his subordinates on the chase, thinking it wouldn't be too difficult for his Peak of Heaven Martial Realm Blade Tigers to catch up with Yang Chen. However, when the chase really started, he realized that during this half day, his subordinates hadn't closed the distance with Yang Chen at all.

“Trash, a bunch of trash!” The White Blade Tiger Emperor roared in anger and had to take action himself.

He crouched down, and then suddenly jumped, heading straight for the sky, and like a thunderbolt, he pounced toward Yang Chen's direction.

As soon as he moved, his speed was already hard to estimate. In just a moment's effort, he had significantly closed the distance with Yang Chen.

Yang Chen had also noticed these changes, and he knew that it would be tough for him to escape today. However, upon seeing the speed of the White Blade Tiger Emperor, he couldn't help but frown again.

It was too fast. Soon, he would be caught up in no more than a dozen breaths.

He knew he must make a choice; otherwise, once he was caught up, he would lose all chances of turning things around.

Yet, how to shake off the White Blade Tiger Emperor was a headache of a problem.

What should he do?

Yang Chen furrowed his brows, locked his eyes on the front, and muttered to himself, "If I try to escape in the direction of North Mountain County, there's almost no chance of escape. I can't shake them off. Even if I keep creating distance, the entire North Mountain County is ruled by demonic beasts, where would I escape to?"

After a quick thought, Yang Chen found himself at a loss.

"Inside North Mountain County, the White Blade Tiger Emperor can use many methods to catch me. In North Mountain County, they can act recklessly... Yes, that's right, recklessly. If there's a place where they can't act so recklessly, I might have a slim chance of survival," Yang Chen murmured.

Now the question was, which place could restrict the White Blade Tiger Emperor?

Suddenly, an idea flashed into Yang Chen's mind.

"Although I can't guarantee it, I have no choice but to take a gamble now," Yang Chen gritted his teeth, "Whether I live or die depends on fate. If things don't work out, I might have to call out Senior Zi Jing."

He still didn't want to use this trump card unless absolutely necessary.

He did think of another trump card, though.

“Slaughter God Spear, it’s your time to shine,” Yang Chen said out loud.

“Yang Chen, you finally thought of me! Let me out to have some fun, and I’ll take care of the guys chasing you in a minute!” The Slaughter God Spear spoke in a high and mighty tone.

Yang Chen coldly said, “When it’s time to use you, I won’t hesitate to send you out. Remember to perform well this time. If anything goes wrong, neither of us will end well.”

“Don’t worry, Yang Chen, I understand this principle!” The Slaughter God Spear immediately chuckled.

Yang Chen narrowed his eyes, suspecting that the Slaughter God Spear might not be reliable.

It wasn’t that he didn’t trust the Slaughter God Spear, but the spear itself held too many secrets. Combined with the spear’s slippery nature, even he couldn’t predict how much he could trust it.

After thinking about it, Yang Chen decided to modify the original plan a bit.

With this thought in mind, Yang Chen suddenly stomped his foot and turned around.

“Huh?”

“Kid, have you made up your mind to accept death?” The White Blade Tiger Emperor sneered ferociously, looking at Yang Chen, whose face was as cold as frost.

In his eyes, Yang Chen had given up hope. However, Yang Chen didn't explain himself and instantly took out the Slaughter God Spear.

“What is this?” Several Blade Tigers noticed the murderous aura emanating from Yang Chen and knew that he hadn't truly given up hope. However, they didn't become more vigilant, as they didn't believe Yang Chen could pose a threat to them.

But in the next moment, they had to change their foolish judgment.

Because Yang Chen held the Slaughter God Spear, he suddenly brought it down. Immediately, a tremendous power was released from within the spear. This massive power turned into a black parallel line and surged out at an incredibly fast speed.

Boom...

The terrifying sound echoed, creating a howling gale and causing fluctuations in the surrounding space.

“Hahaha, how refreshing, I'm out again!” The Slaughter God Spear laughed loudly.

Yang Chen's face was icy now, and he no longer had any intention of concealing the Slaughter God Spear. He didn't know whether the Fire Essence Beast would conceal the existence of the Slaughter God Spear from other demonic beasts. If it didn't, then it made no difference to him whether he revealed the spear or not; it would be revealed sooner or later anyway.

If the Fire Essence Beast chose to keep it a secret, Yang Chen would just reveal it himself, not letting the Fire Essence Beast monopolize it. After all, facing the Fire Essence Beast alone and facing the entire Demonic Beast Clan would make little difference to him.

The Blade Tigers, as well as the White Blade Tiger Emperor, were frightened by the Slaughter God Spear. The power emanating from the spear instantly descended, forcing them to resist with all their strength.

Yang Chen thought that with the Slaughter God Spear going all out, killing a few Peak Heaven Martial Realm Blade Tigers shouldn't be a problem.

However, just when he thought things were going well, an unexpected change occurred.

That was because the Slaughter God Spear only managed to slightly injure a few Peak Heaven Martial Realm Blade Tigers, while the majority of its power was effortlessly neutralized by the White Blade Tiger Emperor, with only a small portion left contending with him.

This made Yang Chen's expression instantly embarrassed, "Slaughter God Spear, you dare to deceive me!"

Although the White Blade Tiger Emperor could neutralize the power of the Slaughter God Spear, both sides were going all out; it shouldn't have been so easy. In Yang Chen's judgment, killing a few Peak Heaven Martial Realm Blade Tigers shouldn't be difficult.

But what about now? Not to mention killing them, he had only slightly injured them. How could Yang Chen not see this from the display of power?

The Slaughter God Spear had only shown its normal True Qi and not a bit of the power from the spear itself.

Seeing that Yang Chen had figured it out, the Slaughter God Spear laughed heartily, “Yang Chen, who do you think you are? You think you can control me? You’re gonna die, but I will find a way to escape. Go and die.”

When the conversation ended, the Slaughter God Spear laughed wildly.

Upon seeing this, Yang Chen sneered, “Slaughter God Spear, you want to rebel? In that case, just wait for the consequences.”

As soon as his words finished, Yang Chen threw the Slaughter God Spear into the Eight Extremes Flowing River Space, took out a prepared drawing, which was the Mountain and River Destruction Map.

He had long suspected that the Slaughter God Spear might rebel, and he had prepared this Mountain and River Destruction Map long before.

Chapter 1370 - 1370 1366 The Other End_1

Chapter 1370: Chapter 1366: The Other End_1 Chapter 1370: Chapter 1366: The Other End_1 “It’s up to you now.” Yang Chen focused his gaze, “Mountain and River Destruction Map!”

The White Saber Tiger Emperor had not fully dispelled the power of the Slaughter God Spear. If the spear had been used at its full strength, Yang Chen would not have needed to use the Mountain and River Destruction Map to escape.

However, because of the Slaughter God Spear’s interference, he was forced to use another means.

Now, Yang Chen forcefully opened the Mountain and River Destruction Map, and in an instant, he extracted the power of water from within.

Inside the Mountain and River Destruction Map, three types of power can be utilized: water, mountain, and alien tribes.

Perhaps due to his Martial Arts Cultivation, Yang Chen could barely sense the power of water, and the powers of mountains and alien tribes were even more difficult to communicate with.

This was not surprising, after all, a Premium Xuantian Treasure is a Premium Xuantian Treasure!

At this moment, Yang Chen forcefully extracted the water’s power, causing his True Qi to be consumed massively, even more than when using the Slaughter God Spear previously.

He was cautious when using the Slaughter God Spear, but not with the Mountain and River Destruction Map.

The spirit of the Mountain and River Destruction Map did not have any intention of betrayal, which meant that his True Qi was fully transformed into the water's power. The moment the water was created, a huge wave was formed and spread throughout the entire Great Wilderness.

The water was black in color, and as it expanded, it released steaming bubbles, causing several enveloped demonic beasts to tremble all over.

“What kind of water is this!”

The few demonic beasts were shocked, and upon sensing it, they exclaimed, “The water contains highly poisonous substances. Do not let it penetrate your skin.”

When they came to their senses, they dispersed their demonic Qi to protect their bodies, preventing the black water from entering their bodies.

“Yang Chen is over there, keep an eye on him. Our leader is about to break the power of that spear, don't let that kid escape,” the few Blade Tigers discussed.

They dared not act rashly, and their speed in the black water was also greatly reduced.

Yang Chen saw everything clearly and didn't expect that the black water would have this effect.

“This black water is highly poisonous, and its poison is extraordinary. I have seen so many kinds of poisons in my life, but I have never encountered this one. It’s a shame that if this poison was improved further and could penetrate Qi, making Qi protection useless, it would be even more terrifying,” Yang Chen’s eyes sparkled.

He was not only an expert in poisons, but he knew a lot about them, more than any ordinary person could comprehend. He had confidence that this black water, after his improvements, could be even more powerful.

However, there was no time to think about that now. He needed to find a way to escape.

Within the scope of the black water, the soul and speed of those demonic beasts were greatly reduced, and their vision was almost completely blocked. In such a situation, he could try another tactic.

With this idea, Yang Chen directly used a Beans-into-Soldiers Talisman.

A demonic spirit was born in an instant...

Yang Chen looked at the demonic spirit, which he effortlessly transformed into an exact replica of himself with his True Qi.

“Sure enough, the soul is easy to change. Just with a little effort, this demonic spirit and I look exactly the same. Remember, your task is to run forward as fast as you can, understand?” Yang Chen said coldly.

“Understood.” The demonic spirit had a look of relief on its face, showing no signs of resistance.

Seeing this, Yang Chen nodded and shouted, “Go!”

As soon as the words were spoken, Yang Chen and the demonic spirit went in different directions. Yang Chen hid himself, while the demonic spirit ran away.

When the few Blade Tigers saw this escape, they couldn’t help but chase after him.

“I’ll handle it!” Suddenly, the White Saber Tiger Emperor roared out, and countless white airwaves swirled around it, astonishingly dispelling all the power of the Slaughter God Spear.

Then, its eyes turned cold, and it sneered cruelly, “Very good, very good, this Yang kid has completely enraged me, I want him dead!”

When the conversation ended, the White Saber Tiger Emperor let out a roar, clearing the black water tens of feet away, and then, despite the pressure of the black water, it chased after Yang Chen at full speed!

Seeing the few Blade Tigers and even the White Saber Tiger Emperor had been deceived by the false image, Yang Chen was delighted.

“I can’t believe it actually worked.” Yang Chen clenched his fist.

He was actually gambling, and if it succeeded, it would be a success, but if not, there would be no harm done. He didn't expect it to work out.

The effect of the Premium Xuantian Treasure was indeed extraordinary. The Slaughter God Spear was powerful, but it didn't intend to help him genuinely, which caused a difference in the effect of the Mountain and River Destruction Map.

This black water could obstruct vision, soul, and even carry a poisonous effect.

Without this, how could an ordinary demonic spirit disguised as him deceive the Blade Tigers? Under normal circumstances, the Blade Tigers could easily distinguish it at a glance.

"I have to go now." Yang Chen's figure shrank, and in a few Instantaneous Movements, he headed towards the Guardian Spirit Array.

He was well aware that escaping towards North Mountain County would undoubtedly be the most foolish decision. With the methods of the demonic beasts, it would not be difficult for them to turn North Mountain County upside down in their pursuit. His only chance of survival now was the Demonic Beast Territory, where there was still a glimmer of hope.

Yang Chen immediately acted, and with the enhancement of the black water, his speed increased. In the blink of an eye, he had already approached the Guardian Spirit Array.

At the same time, the roar of the White Saber Tiger Emperor, like thunder, resounded throughout the entire Great Wilderness.

“Ahh! Yang Chen, I want you dead!” At this moment, within the scope of the black water, the White Saber Tiger Emperor crushed the soul of the demonic spirit on the spot. Accompanied by the relief-filled cry of the demonic spirit, the roar of the White Saber Tiger Emperor was born.

It was then that it realized that it and its team members had been tricked.

What they caught was a fake Yang Chen.

“What’s the background of that kid?” The Blade Tigers couldn’t help but wonder.

“It doesn’t matter what his background is. What matters is that if this kid gets away, I’ll be living in other people’s ridicule for the rest of my life. Chase him!” The anger of the White Saber Tiger Emperor could not be suppressed.

In an instant, the Blade Tigers simultaneously chased towards the interior of North Mountain County. Apparently, they all thought that Yang Chen had fled towards the interior and did not expect Yang Chen to have entered the demonic beast territory.

Chapter 1371 - 1371 1367 King Reaching the Heavens_1

Chapter 1371: Chapter 1367: King Reaching the Heavens_1 Chapter 1371: Chapter 1367: King Reaching the Heavens_1 Yang Chen was also very anxious in his heart, after all, he couldn’t guarantee that the White Blade Tiger Emperor wouldn’t realize that he was heading towards the Guardian Spirit Array.

If the White Blade Tiger Emperor really did realize it, then his move would probably be quite troublesome.

Fortunately, the White Blade Tiger Emperor did not realize this, allowing Yang Chen to make his way to the Guardian Spirit Array with a sense of stability.

When he arrived at the Guardian Spirit Array, Yang Chen looked and found that the original Guardian Spirit Array, which looked like a thin layer, had now been completely shattered, appearing in an open-air state, and could be described as having been originally sealed shut, but now fully open.

All prohibitions were completely destroyed by the demonic beasts, and the last layer of mystery in the Great Wilderness was completely revealed.

Seeing this, Yang Chen sighed deeply.

On the other side of the Guardian Spirit Array, which was completely different from the human end, lay the world of the demonic beasts. Yang Chen knew that once he stepped into this world, it would be very difficult for him to come back, but he no longer had time to consider that much.

Yang Chen clenched his teeth and jumped directly into it.

The beautiful scenery of the Monster Beast Mountain was not much worse than that of humans. It also had Spiritual Flowers, Strange Grass, and fresh spiritual energy, but Yang Chen couldn't enjoy any of those.

He walked quickly for about two days, not knowing how far he had traveled before finally stopping.

At the beginning of the Guardian Spirit Array, there were not many demonic beasts. After moving forward for a few double-hours, he encountered some dense teams, which seemed to be the following teams of demonic beasts heading to the human battlefield.

A few more double-hours later, there was no sign of anyone.

Yang Chen could see that the area of the Guardian Spirit Array was like the desolate border region of the demonic beasts, much like the Great Wilderness, where a complete lack of human activity was normal. However, unlike humans, the demonic beasts seemed to have a larger territory and were very particular about their living environment. It seemed that areas with a lack of spiritual energy were completely abandoned by them.

It took nearly two days for Yang Chen to see a few scattered demonic beasts, which came from different tribes and were all low-ranking demonic beasts.

It was at this time that Yang Chen let Cai Yi out.

After all, coming into the interior of the demonic beasts, Cai Yi was undoubtedly the best guide for him.

“Older Sister, I’m finally out.” Cai Yi came out from the Eight Extremities Flowing River Space, patting her undulating chest, obviously frightened by her time with the Purple-eyed Demon Monkey.

This was an extremely painful ordeal for her. Now that she was out, she took a deep breath of fresh air to calm herself down, then glanced around: “Is this the world of the demonic beasts?”

“You’re a demonic beast, shouldn’t you be more familiar with this than me?” Yang Chen replied irritably.

“I haven’t been back for so many years, but it seems that it hasn’t changed much.” Cai Yi muttered.

Although Yang Chen didn’t think Cai Yi was a reliable guide, having a guide like her was still better than nothing. He really couldn’t afford to be too picky.

Cai Yi wandered around for a while, and after a big circle, she touched her chin and smiled: “I remember now, this is the Wasteland Zone.”

“Wasteland Zone?” Yang Chen asked in surprise: “What is the Wasteland Zone?”

“It’s the name we demonic beasts use for our territories. We have twenty-four regions in total. Actually, there used to be twenty-five, and that region’s name was Cloud Harmony Territory, but later, it became your human’s Great Wilderness, taken away by you humans because of the Guardian Spirit Array. After the Cloud Harmony Territory, there’s the Wasteland Zone, which is this place. The Wasteland Zone is connected to the Guardian Spirit Array, so it’s unmistakably the right place.” Cai Yi said.

“Oh?” Yang Chen thought for a moment: “Do you know much about this Wasteland Zone?”

“Not much, but I’ve traveled through the areas of the demonic beasts back in the day, so I should be able to help you find your way around.” Cai Yi said playfully.

Yang Chen, upon hearing this, had a serious expression and asked, “Is there any way you can quickly leave the Wasteland Zone?”

“Why are you in such a hurry to leave? We’ve just arrived at the Wasteland Zone. Shouldn’t we have some fun before leaving?” Cai Yi said unhappily.

“Have some fun before leaving? Do you think we’ve already escaped the danger?” Yang Chen said helplessly.

“Haven’t we?” Cai Yi was puzzled.

“Not yet. The White Blade Tiger Emperor could realize at any moment that we’ve come to the side of the demonic beasts. The Wasteland Zone may not be safe. As long as the White Blade Tiger Emperor returns, if we haven’t hidden ourselves or left the Wasteland Zone, we’ll almost certainly be captured by the White Blade Tiger Emperor.” Yang Chen said.

“Your little brain thinks about everything so carefully. No wonder you were able to escape from the White Blade Tiger Emperor. I’ve been alive for so many years, and sometimes when I compare myself to you, I feel like I’ve been living in a dog’s stomach. How did your brain grow?” Cai Yi pouted.

“...” Yang Chen said with a smile: “Get to the point.”

It wasn't that he was meticulous, but this Seven-colored Peacock was simply too careless.

"It's difficult to leave in a short time. Although our demonic beasts have only twenty-four regions, the total area is still much larger than your human's five major regions and many counties. The Wasteland Zone can't be crossed in one or two days. Moreover, our demonic beasts rely solely on brute force, so we don't have teleportation arrays. So, unless you can ride a Red Winged Roc from the Heaven Martial Realm as a mount, the harsh environment at the border of the Wasteland Zone would delay us for several days. Escaping is simply impossible." Cai Yi said.

"Red Winged Roc? The evolved form of the Black-winged Dapeng? It is said to travel millions of miles in a day, with a speed that is difficult to measure." Yang Chen asked in amazement. "But how can we find this bird?"

Yang Chen had some knowledge about the Red Winged Roc.

"If you want to ride that kind of bird, you have to find the tribe that's in charge of them, and then spend a lot of top-grade spirit stones." Cai Yi said.

"Which tribe is in charge of that kind of bird?" Yang Chen asked.

"I don't know. This kind of thing changes every few years, so I can't be sure." Cai Yi shrugged. "What do you plan to do? Go ask each tribe?"

Yang Chen fell into deep thought, and after a while, he said, "There's no time left. It doesn't matter which tribe, we need to find a place to hide first. The matter of inquiring has to be put aside for now."

“You plan to hide in one of the tribes? What if the White Blade Tiger Emperor searches each one individually, what will you do?” Cai Yi couldn’t help but say.

“Is his power enough to shake all the tribes here, so they allow him to search?” Yang Chen asked, not quite understanding.

“It’s hard to say. If it’s just the power of the White Blade Tiger Emperor, it’s naturally impossible. But if he has the order of the King Reaching the Heavens, these tribes will have to bow their heads!” Cai Yi said. “The tribes of the Wasteland Zone can’t resist the orders of the King Reaching the Heavens!”

“Who is the King Reaching the Heavens?” Yang Chen didn’t understand.

The Supreme Martial King Shocking All Realms

Chapter 1372: Chapter 1368: Transformation_1 Chapter 1372: Chapter 1368: Transformation_1
“The King Reaching the Heavens is one of our Three Monster Kings and is known as the Heavenly Giant Python, a top existence in the Demon Battle Power Ranking. It has already reached the Demigod Stage! If nothing unexpected happens, it will be the initiator of this war again, because it was also the initiator of the war a thousand years ago. The Fire Essence Beast is also one of its subordinates.” Cai Yi said with some fear in her eyes. “It’s said that this python has ruled the Twenty Regions for more than 5,000 years, and no one can challenge its power.”

“Who are the other two kings?” Yang Chen asked, confused: “Aren’t there three Monster Kings? Aren’t the other two kings putting a stop to the development of the Heavenly Giant Python?”

There are only 24 regions in the Monster Region, and the Heavenly Giant Python occupies 20 of them. The status of the other two kings is indeed quite awkward.

“Among the other two kings, one is the Ancient Qilin Beast. In terms of single combat power, the Heavenly Giant Python and the Ancient Qilin Beast are evenly matched, but the Heavenly Giant Python has more subordinates and several helpers at the Demigod Stage. The most crucial fact is that the Ancient Qilin Beast doesn’t interfere with anything; it simply occupies three regions without any ambition. As long as the Heavenly Giant Python doesn’t provoke it, it won’t fight with the Heavenly Giant Python either.” Cai Yi said truthfully.

“What about the last region? I guess the last king is only in charge of one region.” Yang Chen said with a bitter smile.

“Indeed, this king is the Golden Crow King, who only manages the Golden Crow Region. Like the Ancient Qilin Beast, it has no ambition,” Cai Yi explained.

“ ... ”

Yang Chen took a deep breath. The situation of the demonic beasts was really helpless. If it was slightly more chaotic, like humans, he guessed that the Heavenly Giant Python wouldn’t have the intention to attack humans.

Speaking of the Golden Crow, Yang Chen suddenly thought of his Creation God Elixir.

However, it was obviously not the time to think about this. The first thing he needed to ensure now was survival.

“So, the power of the Heavenly Giant Python is only ineffective in the three regions of the Qilin and the Golden Crow Region. It absolutely dominates all other areas, and the Wasteland Zone is still within its control,” Cai Yi said helplessly.

Hearing this, Yang Chen frowned, “Even so, we have no other choice now but to take a gamble.”

After considering the options, it wasn't that he didn't want to choose another method, but there simply wasn't a better option.

Cai Yi had no objections to Yang Chen's choice.

However, Yang Chen looked at Cai Yi and couldn't help but ask, “I say, won't there be any misunderstandings with you taking human form in the monster region?”

“You don't know that yet?” Cai Yi looked at Yang Chen with a puzzled expression, as if looking at an out-of-touch creature.

Yang Chen was confused: “What do you mean?”

“You humans have been called the masterpiece of the gods since the Ancient Era. All races envy your human skin, and they think that you humans do everything well. They all followed suit, but most of them only have the appearance. We demonic beasts are the same. Many years ago, turning into humans became the fun of the demonic beasts. As long as your Qi isn't the real human Qi, it's not a strange thing at all to be in the monster region in human form,” Cai Yi giggled.

Yang Chen didn't expect such a thing to happen. In the territory of the demonic beasts, it seemed that taking on a human appearance was actually safer.

Of course, Yang Chen wouldn't doubt Cai Yi's words. He immediately took out the Silver Needle, removed the Beast-Pattern Leopard's status, and gave himself a simple disguise.

In no time, he had disguised himself as someone else.

"Do you think this will work?" Yang Chen asked with uncertainty.

"No, why did you disguise yourself so handsomely? There aren't many demonic beasts that can look as good as you," Seven-colored Peacock said unhappily.

"This is considered handsome?" Yang Chen felt that the disguise was even worse than his daily appearance.

"You don't know anything. We demonic beasts can't control our appearance after turning into humans, so most of them look like that after turning. There are very few who are still as beautiful as a celestial like this girl who was originally a beautiful Seven-colored Peacock. You're different; you can't imitate the Qi of those demonic beasts on the Demon Battle Power Ranking, so you should make yourself look a bit worse," Cai Yi said seriously.

"..."

With no other choice, Yang Chen made himself look burly, with a dark complexion.

“Yes, that should do it. Oh, also add a couple of sharp teeth!”

“...”

“You need demonic Qi, and then a tail. By the way, you’re the Beast-Pattern Leopard, so you shouldn’t be showing off your true appearance in the demonic beasts’ territory.”

“...”

Under Cai Yi’s guidance, Yang Chen finally managed to dress himself in an inconspicuous manner.

Surprisingly, according to Cai Yi’s words, when he appeared like this and walked confidently, none of the demonic beasts he encountered were suspicious of him.

Yes, they had been traveling for quite a while now, encountering more and more demonic beasts, and it was no longer comparable to the few scattered ones Yang Chen had encountered at the beginning.

The more demonic beasts he encountered, the more Yang Chen confirmed that Cai Yi was right. Most of these demonic beasts had taken on human forms, with only a few showing a complete

beast form. These few beasts had become the odd ones out, being ridiculed or revered by the other demonic beasts.

Those who were laughed at were ridiculed for their inability to turn into humans, while those who were revered were extraordinary demonic beasts, with excellent natural skin and no need to take on a human form.

For example, the Golden Claw Jiao and the Black Mountain Black Bear didn't need to take on a human appearance at all.

There wasn't anything like inns in the world of demonic beasts, unlike human traditions. Of course, there were other alternatives because of the different traditions.

According to Cai Yi, although demonic beasts are also cautious about each other, it's not as serious as humans. Many beasts will find other tribes to stay for a while when they are outside, which is quite normal, but there is a condition of paying a certain price.

These prices were naturally not a problem for Yang Chen. Now, all he wanted was to find a tribe where he could hide.

Yang Chen and Cai Yi continued on their way and passed several tribes. Of course, they made some judgments. But after two hours, they had an accurate target.

"Let's choose this Reading Monkey Tribe." Yang Chen said slowly.

He had just asked Cai Yi about it. The Reading Monkey Tribe was gentle by nature and didn't like to fight, and the tribe had a large population and strong strength, with many masters in the Heaven Martial Realm among the Reading Monkeys.

And since the Reading Monkey Clan was also related to the Purple-eyed Demon Monkey, Yang Chen saw no reason not to choose this tribe.

And so, Yang Chen and Cai Yi arrived at the Reading Monkey Tribe.

In front of the Reading Monkey Tribe, there were many statues of the Reading Monkeys. There were also dozens of Reading Monkeys sitting on the stone statues. When they saw Yang Chen and Cai Yi approaching, all of them chattered and seemed to be passing on the news to the inside.

Chapter 1373 - 1373 1369 Consequences of the Slaughter God

Chapter 1373: Chapter 1369: Consequences of the Slaughter God Spear!_1 Chapter 1373: Chapter 1369: Consequences of the Slaughter God Spear!_1 Not long after, a huge Reading Monkey suddenly appeared in the room. The monkey was as tall as the Peak of the True Martial Realm, and seemed amiable and approachable. As it approached, it spread its arms wide, seemingly trying to do something.

Yang Chen looked puzzled and turned to Cai Yi.

Cai Yi quickly explained through a sound transmission: "This is the etiquette of the Demon Beast Clan. When facing unfamiliar visitors, they open their arms to show their welcome."

“How should I respond?” Yang Chen asked, puzzled.

“You just need to wrap your arms around your shoulders,” Cai Yi said.

Yang Chen laughed helplessly at this strange custom but still followed Cai Yi’s instructions, wrapping his arms around his shoulders to respond to the huge Reading Monkey’s welcoming gesture.

With a wide grin, the giant Reading Monkey spoke: “Distinguished visitors from afar, may I know your identities?”

“I come from Zhufang Continent, Wave Peacock Tribe.” As Cai Yi spoke, her tail suddenly emerged from behind her; however, it had changed from its original seven-color appearance to the ordinary color of a peacock.

following that, Cai Yi spread her aura, concealing it to only around the Fifth Layer of the True Martial Realm.

This was enough to fool the giant Reading Monkey, who immediately laughed and said, “Ah, so you are from the Wave Peacock Clan! I’ve heard a lot about you!”

As he spoke, he looked towards Yang Chen.

Yang Chen had already prepared his identity story and shook his tail, saying, "I also come from the Zhufang Continent, and I am a member of the Beast-Pattern Leopard Tribe."

Yang Chen also spread his aura to be around the Fifth Layer of the True Martial Realm as well.

After learning enough about Yang Chen and Cai Yi, the giant Reading Monkey's wariness completely vanished. Evidently, the cultivation of the Fifth Layer of the True Martial Realm was within his acceptable range.

Yang Chen was secretly amazed at how different the Demon Beast Clan's level of alertness was compared to humans. To think they would be so easily deceived.

He and Cai Yi did not dare to reveal their true cultivation levels for fear of being too conspicuous. With their current identities, they could not afford the attention.

The huge Reading Monkey, seeing that the two had introduced themselves, smiled, "I am an Outer Official of the Reading Monkey Clan, in charge of diplomacy. You can call me Te Long."

"Brother Te Long, we would like to request temporary lodging in your tribe for a few days. Is that possible?" Yang Chen asked directly.

"Friends from afar are our guests. How could we, the Reading Monkey Clan, refuse? However, you should know that there are no freebies in this world..." As Te Long spoke, his eyes suddenly rolled around, and he stopped talking. His meaning was more than obvious.

Yang Chen was not foolish either. Of course, he knew what Te Long meant. He immediately took out a bag of Spirit Stones and handed them over to Te Long.

“These Spirit Stones should suffice for the two of us to stay here for a while.” Yang Chen smiled.

Upon seeing the amount of Spirit Stones, Te Long’s mouth opened wide in surprise: “Wow... You two are certainly generous. You’re more than welcome to stay in our Reading Monkey Tribe for as long as you’d like. Please, come right in.”

Te Long’s enthusiasm was flaring, and upon seeing such a large sum of Spirit Stones, his enthusiasm only grew. Treating Yang Chen and Cai Yi like wealthy patrons, he eagerly ushered them inside.

As they entered the Reading Monkey Clan, Yang Chen was extremely cautious, but Cai Yi seemed much more at ease.

Along the way, Yang Chen encountered many other Reading Monkeys of varying sizes. Most of them had friendly intentions towards them, but a few were hostile. It was unclear why.

Yang Chen didn’t pay much attention to them and followed closely behind Te Long.

Te Long was very efficient in his work after receiving the Spirit Stones. He arranged two rooms for Yang Chen and Cai Yi, although the appearance of these rooms was something Yang Chen found hard to accept.

These rooms were entirely constructed of piled stones, and their appearance was completely different from human houses. In addition, there were various Demonic Beast totems around, making the environment seem like the lowest-quality dwelling within the human race.

“You’re quite lucky. These rooms are not the best, but they’re not too far off among the Demon Beasts. Te Long is quite a decent person,” Cai Yi explained.

“This counts as ‘not too far off?’” Yang Chen couldn’t help but chuckle.

Soon after, he and Cai Yi entered their respective rooms.

“If the two of you have any requests, feel free to let me know. However, during your stay, please refrain from wandering around without permission. My residence is nearby, and it’s easy for you both to sense my aura with your divine souls. If you were to wander around, it would be easy for our Clan to misunderstand your intentions and put you in danger. In that case, even I would be unable to guarantee your safety,” Te Long reminded them.

Yang Chen understood his warning and nodded. “I understand.”

With that, Te Long left.

After he left, Cai Yi seemed to have no intention of staying in her room and wanted to stay with Yang Chen. For the time being, Yang Chen didn’t bother with this and focused on using his divine soul to secretly scan the surroundings.

“Although the Reading Monkey Clan is large, it is considered a small clan among the many surrounding tribes. I didn’t expect it to have so many masters,” Yang Chen said as he took a deep breath.

“You call this a lot of masters? Quite a few of them are on the battlefield, otherwise, a clan of this size should have more power than this,” replied Cai Yi.

“Oh? With the Demon Beasts being so strong, why aren’t they all sent to attack?” Yang Chen asked, puzzled.

“The Demon Beasts are as divided as humans,” Cai Yi said leisurely. “If the Demon Beast Clan was truly united back then, do you think humans would have had a chance to establish the Guardian Spirit Array?”

“...”

Yang Chen shook his head, unable to deny that the Demon Beasts were indeed slightly stronger than humans.

However, thinking about it was pointless. At the moment, Yang Chen had pent-up anger brewing in his stomach. With Te Long gone, it was time for him to vent his anger.

With that in mind, Yang Chen opened the Eight Extremities Flowing River Space and took out the Slaughter God Spear.

As the Slaughter God Spear was pulled out, it started trembling in fear and yelled, “Yang Chen, I wasn’t serious back then! In fact, I was giving my all! Look, I managed to stall the White Blade Tiger Emperor for you. You should be grateful to me!”

“Slaughter God Spear, don’t you think you sound a little childish?” Yang Chen asked expressionlessly.

“Anyway, Yang Chen, it’s all in the past! There’s no need to be so petty! I’m a great help to you, and you’ll be relying on me in the future!” The Slaughter God Spear roared.

“Maybe in the past I might have spared you. But now, with the Mountain and River Destruction Map, do you think you’re the only one who matters?” Yang Chen retorted coldly.

Enraged, the Slaughter God Spear shouted, “Yang Chen, you have no idea how terrifying I was at my peak! If you knew, you wouldn’t think a mere Premium Xuantian Treasure could compete with me!”

“Is that so? But that was your peak. Right now, you’re not at your peak. Even this ‘mere’ Premium Xuantian Treasure can match you now. No need for you anymore. Go and enjoy your torment!” With that, Yang Chen threw the Slaughter God Spear into the Eight Extremities Flowing River Space. The order to torment it had already been issued to the Fishpeople Tribe.

The Supreme Martial King Shocking All Realms

Chapter 1374: Chapter 1370: Blade Tiger Investigation_1 Chapter 1374: Chapter 1370: Blade Tiger Investigation_1 The Fishpeople Tribe naturally understood Yang Chen’s meaning. They likewise

despised the Slaughter God Spear's behavior of not contributing when needed, almost causing Yang Chen to die. They immediately imposed prohibitions one by one, causing the Slaughter God Spear to feel extreme pain.

"Ah, don't do it!" The Slaughter God Spear screamed: "Yang Chen, I know I was wrong, please spare me, I will not make the same mistake again, I will change, I sincerely want to change, please spare me!"

"Ah!"

The Slaughter God Spear let out a howl in the Eight Extremities Flowing River Space.

But Yang Chen just pretended not to hear and didn't pay any attention.

"This spear really brought this upon itself, I wonder what its origin is." Cai Yi sat on the bed with her legs crossed, looking carefree.

Yang Chen was also curious about the origin of the spear. When he returned to the human realm, he needed to investigate it further. The origin of the Slaughter God Spear was not simple, and he wondered where it came from.

Just like the Door to Dao Verification, neither of these items should appear in the current human era as they cannot be controlled by humans.

Yang Chen rubbed his eyebrows, knowing that these two things were now a complete mystery.

Now he could only put it behind him and said, "I need to attempt a breakthrough. Please help me protect the area."

"No problem." Cai Yi agreed briskly.

Yang Chen focused his attention, planning to break through to the Tianwu Realm's Fifth Level.

He had secretly refined many Elixirs, and could have broken through earlier, but never had the right time. In fact, breaking through to the Tianwu Realm's Fifth Level was necessary for him, especially in the territories of Demonic Beasts. Only by reaching the Fifth Level could he have the Purple-eyed Demon Monkey assist him without limitation. The assistance of a Demigod was his guarantee to survive in the Demonic Beasts territory.

At this moment, Yang Chen closed his eyes and began his breakthrough.

He had already asked the Fishpeople Tribe to set up prohibition formations around him to prevent the Qi from leaking out during the breakthrough and arousing suspicion.

So, time slowly passed.

On the fourth day after, Yang Chen's Qi entered a state of contraction and release. On the fifth day, his Qi suddenly expanded like waves rolling out.

Then, his Qi rose directly from the Fourth Level of the Heavenly Martial Realm to the Fifth Level, gradually becoming more stable.

Yang Chen took a light breath, "Success."

Now, he had entered the Heavenly Martial Realm's Fifth Level with stability.

However, just as he succeeded, an anxious voice from Cai Yi came, "Yang Chen, you finally succeeded in your breakthrough, now release your divine soul!"

Yang Chen looked at Cai Yi's expression, frowned, and naturally guessed something serious had happened. He didn't dare linger and quickly dispersed his divine soul.

When he dispersed his divine soul, he was suddenly taken aback.

For within the entire Reading Monkey clan, numerous Blade Tigers had appeared. They were searching one by one, and their target was clearly him.

"What should we do?" Cai Yi looked to Yang Chen. Unconsciously, she had made him the backbone. Subconsciously feeling that as long as Yang Chen was around, there was nothing that could not be solved.

Yang Chen took a deep breath, still as calm as ever, and said after a moment, "The Blade Tiger Clan's target is us. If they search our area, my disguise is likely to be exposed. The Blade Tiger Clan must have a way to force humans to reveal their true form."

“So what should we do?” Cai Yi wondered.

“Wait a moment!” Yang Chen immediately activated the Teleportation Array and entered the Tiandu Divine Country in an instant.

This in-and-out process took only a few hundred breaths. During this time, the Blade Tiger Clan had not yet searched the area.

When Yang Chen came out of the Tiandu Divine Country, he had brought a leopard-shaped Demonic Beast with him. This leopard-shaped Demonic Beast had a cultivation level of around the True Martial Realm Fifth Level, similar to what Yang Chen had demonstrated.

This leopard-shaped Demonic Beast, scared and confused, asked, “Young, Young Master, what is this...”

Yang Chen had enslaved many Demonic Beasts before, but after becoming more powerful, these enslaved beasts were no longer controlled by Servitude Restrictions. After all, Servitude Restrictions were too valuable, and instead, lower-level prohibitions were set up. These prohibitions could directly kill the beasts if they disobeyed, and were just as domineering as Servitude Restrictions, just not as comprehensive in effect.

This leopard-shaped Demonic Beast was one of them.

“What do you mean by this?” Cai Yi didn’t understand Yang Chen’s intentions.

“This is the Black Money Leopard. With a slight disguise, it can transform into a Beast-Pattern Leopard, and use it as a substitute for now. At least during the search, it will be subject to the search as a Demonic Beast. The Blade Tiger Clan will not be suspicious,” Yang Chen explained.

Cai Yi suddenly realized.

Yang Chen looked at the Black Money Leopard and said coldly, “Remember, later you will pretend to have my Beast-Pattern Leopard appearance. Act like you don’t know anything. When the Blade Tiger Clan comes, just follow my instructions from the dark!”

“Yes, Young Master.” The Black Money Leopard was still very afraid of Yang Chen.

Afterward, Yang Chen made some adjustments to the Black Money Leopard, and it instantly transformed into a Beast-Pattern Leopard. Since the Black Money Leopard and the Beast-Pattern Leopard had similar body shapes and only different colors, the change was easy.

Having done all this, Yang Chen had the Black Money Leopard take his place while he hid on the side.

As if not feeling quite as secure, Yang Chen applied a stealth talisman to fade the color of his body. His Qi gradually disappeared without a trace, making it difficult to detect anything even with the naked eye and divine soul. Only an Emperor-level powerful person could spot him.

However, there were only a few Emperor-level powerful ones, and it was impossible to encounter them during a large-scale search.

Soon after, several Earth Martial Realm Blade Tigers broke in directly.

“Several Blade Tiger sirs, rest assured, there are only two Demonic Beasts here from the far-off Ripples Peacock Clan and Beast-Pattern Leopard Clan. No humans are here; you can feel at ease!” Reading Monkey Te Long hurried to the side of the several intruding Blade Tigers, fawning with a smile on his face.

“Huh? Beast-Pattern Leopard? Well, the person who transformed happens to be a Beast-Pattern Leopard. I am going to check it thoroughly!” The leading yellow-haired Blade Tiger yelled out.

This caused Yang Chen, who was hiding, to feel a slight jolt.

It was akin to having wet shoes when staying near the river. He had forgotten that the Blade Tiger Clan knew about his transformation as a Beast-Pattern Leopard. Coming to the Reading Monkey Clan using the identity of a Beast-Pattern Leopard would only make others more suspicious, wouldn't it?

Now, it seemed that the Blade Tiger Clan was planning to conduct a thorough investigation. They could only rely on their luck and hope to get through this difficult time.

Now that several Blade Tigers had entered, the Black Money Leopard was trembling with fear. Its fear was real since it was naturally timid, unlike Cai Yi, who was overly dramatic.

As a result, the several suspicious Blade Tigers who came in felt their vigilance drop a bit.

Chapter 1375 - 1375 1371 Borrowing the Red Winged Roc_1

Chapter 1375: Chapter 1371: Borrowing the Red Winged Roc_1 Chapter 1375: Chapter 1371: Borrowing the Red Winged Roc_1 “You two, are you here to stay with the Reading Monkey Clan?” Several Blade Tigers stared straight at Cai Yi and Black Money Leopard.

“Yes, yes! Sires, our identity is quite innocent; please don’t misunderstand us...” Black Money Leopard said timidly.

“Look at your pathetic appearance; how can there be any misunderstanding? Our Blade Tiger Clan has always been fair and just, and we would never wrong a good person.” As several Blade Tigers spoke with a chilling tone, they started to stare intensely at Black Money Leopard.

The more they looked at him, the more frightened Black Money Leopard became.

Several Blade Tigers’ suspicions had eased, but they didn’t let go so easily. They said coldly, “Recently, we suspect that humans have infiltrated the demonic beasts. Therefore, we must investigate. This stone can cause True Qi within a human body to leak out, but demonic beasts don’t have True Qi, so holding this item should not be a problem. The two of you, take one each!”

“Yes, sirs.” Cai Yi and Black Money Leopard said in unison.

After the conversation, Cai Yi and Black Money Leopard tightly grabbed the stones handed over by the Blade Tiger Clan.

The stone seemed ordinary but had a thick luster, far beyond comparison with ordinary stones, which indicated that it was extraordinary.

So, the two demonic beasts held the stones for a long time without any leakage of True Qi, causing the Blade Tiger Clan members to feel frustrated.

“Huh, we encountered several Beast-Pattern Leopards on the way, but none of them were caught!”

“Don’t be foolish. Humans are not idiots. Since the Beast-Pattern Leopard’s form has already been exposed to us, they would not foolishly transform into Beast-Pattern Leopards again, causing us to be suspicious.”

After talking, several Blade Tigers prepared to leave.

But just then, the leading Yellow-haired Blade Tiger suddenly shouted, “Wait!”

All the Blade Tigers became pale, and Black Money Leopard shuddered all over. He was genuinely afraid of making a mistake.

What was crucial was that the Yellow-haired Blade Tiger had been staring at him, seemingly discovering something.

Now, the Yellow-haired Blade Tiger stared straight at Black Money Leopard, his expression suddenly turning cold and his face sinister. “Beast-Pattern Leopard, their tails are one to three feet long. Only Black Money Leopard’s tail would be longer than three feet. You are not a Beast-Pattern Leopard!”

As soon as the conversation ended, the Yellow-haired Blade Tiger immediately grabbed Black Money Leopard and pulled a large chunk of his hair off, even tearing off some of his skin.

The pain made Black Money Leopard wail, and Yang Chen, who was watching from the side, also felt a chill.

Time was short, and he hadn’t considered the details well enough. After all, there were more differences between Beast-Pattern Leopard and Black Money Leopard than just their appearance, and the Blade Tiger had detected it carefully.

Now, this Blade Tiger grabbed the Black Money Leopard’s skin and pulled it off. Black Money Leopard’s skin instantly returned to its original appearance, shifting from the beastly color to a black pattern that resembled copper coins.

“You are indeed a Black Money Leopard. Tell me, why did you disguise yourself as a Beast-Pattern Leopard?” The Yellow-haired Blade Tiger asked menacingly.

The other demonic beasts were also puzzled.

Especially Reading Monkey Te Long, who was usually attentive. When he invited Yang Chen to be his guest the other day, he remembered that Yang Chen's tail was not that long. Now, looking at it, it was indeed more than three feet long, which was at least half longer than before.

However, despite his surprise, Te Long did not express his doubts. Nowadays, he instinctively believed that it was better to resolve the matter peacefully.

Black Money Leopard was now terrified and incoherent, but soon, as if he had heard something, he said, "The status of Beast-Pattern Leopards is noble, while we Black Money Leopards have always been lowly. It's even hard for us to find a place to stay on ordinary days. Faced with the harsh conditions in the Wasteland Zone, my friend and I had to make some changes. So we painted our whole bodies with the patterns of Beast-Pattern Leopards. Sire, we were also helpless. This small crime shouldn't cost our lives."

Several Blade Tigers looked at each other, and their suspicions diminished. After thinking about it, they felt this was quite normal. The most important thing was that both demonic beasts were indeed not humans, so they waved their hands, "Hmph, we will spare your lives this time!"

When the conversation ended, the Blade Tigers left.

Te Long looked awkwardly at Black Money Leopard and Cai Yi and then left, full of guilt.

Black Money Leopard was scared and sweaty, while Cai Yi remained indifferent from the beginning till the end, showing no change in her appearance.

Yang Chen watched all this in the dark. After a while, he tore off the invisibility talisman and immediately took out an Elixir that was very effective for those in True Martial Realm and gave it to Black Money Leopard, asking him to return to Tiandu Divine Country.

Black Money Leopard was initially resentful but now, with the Elixir, he left with a smile.

Yang Chen breathed a sigh of relief and murmured, “These Blade Tiger Clan members are starting to gradually withdraw from the Reading Monkey Clan. At least we have survived one crisis.”

“What do you plan to do next?” Cai Yi asked.

“It’s not a long-term solution to go on like this. If they can’t find me, these demonic beasts won’t give up easily. This time it’s the Blade Tiger Clan, but who can guarantee that next time it won’t be the powers of the Wasteland Zone? After all, no one dares to defy the orders of the Heavenly Giant Python. We need to find a way to leave the Wasteland Zone quickly.” Yang Chen rubbed his eyebrows.

“Where do you plan to go after leaving the Wasteland Zone?” Cai Yi asked, puzzled.

“Anywhere is fine as long as we can keep our lives for now, which is better than staying in this place full of trouble and not even being able to protect our lives.” Yang Chen said with a wry smile.

If there were other ways, he wouldn’t have resorted to such despicable means.

The matter of leaving had to be carefully considered, especially the Red-winged Roc matter; he had to ask around first.

And the best person to ask was Reading Monkey Te Long.

Te Long was a decent Reading Monkey, friendly and hospitable. When he found Te Long again, Yang Chen disguised himself as Black Money Leopard. The Reading Monkey had seen everything that had just happened, and Beast-Pattern Leopard's special status should no longer be used.

Te Long knew Yang Chen's embarrassment and didn't mention the Black Money Leopard incident. He asked directly, "What can I do for you two?"

Yang Chen said indifferently, "Brother Te Long, we want to ask you about the Red-winged Roc."

"Oh? Are you planning to leave the Wasteland Zone?" Te Long asked in confusion.

"We traveled a long way to this place and have been lost for a while. Now, we just want to find a way to return to our hometown. The Red-winged Roc in the Wasteland Zone is a great help for traveling, so we naturally want to borrow it. For this, we are willing to offer spirit stones in return." Yang Chen smiled.

Te Long knew that Yang Chen was wealthy, so when he heard Yang Chen's words, he didn't discourage them but said gently, "I understand your predicament. However, the matter of the Red-winged Roc is, indeed..."

"Indeed, what?" Yang Chen asked.

Te Long said helplessly, “The Red-winged Roc matter is controlled by the Golden Barbaric Bull Clan. The Golden Barbaric Bull has suppressed the Red-winged Roc for many years, and we various clans cannot control it. It is almost impossible to ask the Golden Barbaric Bull directly. The Golden Barbaric Bull is known to be stingy and selfish, and it never allows others to use the Red-winged Roc.”

The Supreme Martial King Shocking All Realms

Chapter 1376: Chapter 1372: Encountering Difficulties_1 Chapter 1376: Chapter 1372: Encountering Difficulties_1 “So, does that mean we can’t use the Red Winged Roc at all?” Yang Chen couldn’t help but smile bitterly.

“That’s not necessarily true. The Golden Barbaric Bull can’t monopolize the Red Winged Roc either. Our tribes can each obtain control of five of them per year. However, there are only five, and you two should understand that. To us in the Reading Monkey Tribe, the right to control these Rocs is extremely precious. It’s not that we look down on your wealth, but most Demonic Beasts in the Earth Martial Realm or even Heaven Martial Realm might not be able to afford the control rights of the Red Winged Rocs.” Te Long shook his head. “Of course, if you two are willing to try, I can take you there and ask. However, you must be prepared for the results. Personally, I think it would be better if you give up.”

Having come this far, how could Yang Chen give up? He hurriedly said, “Regardless of the outcome, I can accept it. I just hope to try and return to my ancestral land!”

Te Long was somewhat troubled and hesitant, as he didn’t seem particularly keen on bringing Yang Chen and the other person to try. He still felt that they were not qualified enough. But seeing their persistence, he finally said, “Your desire to return home is so strong that I can’t help but feel moved. In that case, I shall take you two to try. However, I hope you are mentally prepared.”

“Thank you, Brother Te Long.” Yang Chen felt relieved when Te Long agreed.

He thought he would have to pay a little extra fee, but Te Long turned out to be quite reasonable and agreed to help him directly.

So they agreed to go and ask about borrowing the Red Winged Rocs three days later. Yang Chen knew that he couldn't rush this matter, and he was also worried that the Blade Tiger Tribe had not completely left. Three days later would be just right.

Three days later, Yang Chen followed Te Long to the place where the Reading Monkeys Tribe controlled the Red Winged Rocs.

This place was called the Red Wing Territory.

The Red Winged Roc is considered one of the highest-level resources and wealth within the Reading Monkey tribe. Hence, their protection of the Red Winged Rocs is very strict, and it is almost impossible to sneak in and do anything.

When Te Long led Yang Chen there, they received many suspicious gazes. In the first half of the journey, Te Long handed over his Identity Token, and everything went smoothly. However, in the latter half, Te Long encountered some trouble.

“How come a mere Outer Official is bringing someone to borrow the Red Winged Roc? Te Long, do you know what the Red Winged Roc is? It's not something anyone can simply borrow. Wait, let me see who's trying to borrow...” A huge Reading Monkey, much larger than Te Long, blocked his way.

This Reading Monkey seemed to have a grudge against Te Long and purposely targeted him, making Te Long's face turn red with anger, but he didn't dare to speak out.

The huge Reading Monkey looked at Yang Chen and Cai Yi and laughed disdainfully, "I'm telling you, Te Long, are you out of your mind? You're actually going to let these two True Martial Realm youngsters borrow the Red Winged Roc? Do you know the price of the spirit stones to borrow the Red Winged Roc, and can they afford it?"

Seeing the huge Reading Monkey step forward, Yang Chen couldn't help but frown.

"Zhunping, they both have some financial strength. I wanted to bring them to try. I hope you can let us pass." Te Long gritted his teeth.

"Let you pass? Te Long, I think you've forgotten that my duty is to guard the Red Wing Territory! I have the right to question you!" Zhunping sneered.

"What right do you have?" Te Long widened his eyes.

"What right do I have? Many years ago, the tribe set a new rule that Demonic Beasts below the Earth Martial Realm are not allowed to touch the Red Winged Roc. It seems that neither you nor the two people behind you have the qualifications." Zhunping looked as if he were watching a joke.

"What? There's such a rule?" Te Long didn't know: "Zhunping, you should know that making up tribal rules is a crime."

Zhunping looked at Te Long with an expression of a clown: “Te Long, only an insignificant Outer Official like you would be unaware of the new clan rules. Get lost, or don’t blame me for being rude.”

“You!” Te Long was furious but knew he had no other choice and turned his head away.

When he looked at Yang Chen again, Te Long sighed in apology.

He transmitted a message: “I had a feud with Zhunping when we were young. It’s just that I am not talented enough and didn’t enter the Earth Martial Realm while he did. He has been bullying me these years, and I didn’t expect him to become a guard of the Red Wing Territory. I’m really sorry.”

Yang Chen roughly understood the situation. It turned out that Zhunping and Te Long were enemies, which was why Zhunping targeted Te Long so much.

Thinking about this, Yang Chen said, “It’s fine, Te Long, you stand aside first.”

Te Long was full of doubts and didn’t know what Yang Chen meant, so he just stood there in confusion.

“You two, get lost.” Zhunping looked arrogant, as if he could strike at any moment.

However, Yang Chen was not afraid at all. “You’re called Zhunping, right? I want to say that we are not short of Spirit Stones. You said we don’t have the qualifications to bid for the Red Winged Roc, so I’m really curious. On what grounds do you think that we are not qualified?”

“Ha ha ha, what grounds? Just with the Spirit Stones in your waist bag. Your Spirit Stones are enough to...” Zhunping spoke loudly, but before he could finish, he suddenly saw Yang Chen take out a Storage Bag.

“Take a look for yourself.” Yang Chen said directly.

Zhunping was slightly startled, feeling that Yang Chen was playing tricks. He quickly opened Yang Chen’s Storage Bag, and to his horror, he gasped in disbelief.

Inside the bag, there were at least thirty or forty thousand Spirit Stones, more than enough to bid for the Red Winged Roc.

When he saw this, how could Zhunping not be shocked? He had to admit that Yang Chen had enough Spirit Stones.

Yang Chen could control the entire Tiandu Divine Country, so tens of thousands of Spirit Stones were nothing to him.

This was just a small part of his wealth. Bringing out a little bit to intimidate Zhunping was not difficult.

“So, are we qualified now?” Yang Chen asked coldly.

Although Te Long didn't know what had just happened, he felt delighted to see Zhunping's dumbfounded expression.

Zhunping wasn't willing to give in easily. He looked at the Spirit Stones and slapped them back, "Qualified? Are you two really qualified? Hmph! We have rules here: those below the Earth Martial Realm are not allowed to enter!"

"You!" Te Long's expression darkened with anger.

Bidding for the Red Winged Roc was originally a matter of how much benefit one could get. Now that Yang Chen had enough Spirit Stones, Zhunping was still nitpicking—rules were indeed arbitrary depending on the person involved.

The Supreme Martial King Shocking All Realms

Chapter 1377: Chapter 1373: Disaster-free Period_1 Chapter 1377: Chapter 1373: Disaster-free Period_1 Yang Chen remained calm and looked at the Red Winged Roc with a smile, "How do you know that the two of us have not reached the Earth Martial Realm?"

"Hmm?" Zhunping fixed his eyes on Yang Chen. At first, he was calm, but as time changed, he could feel Yang Chen's qi growing stronger and stronger.

Originally, it was only around the Fifth Layer of the True Martial Realm, but in an instant, it had become the Second Layer of the Earth Martial Realm.

For Yang Chen, who was now at the Fourth Level of the Heavenly Martial Realm, adjusting his cultivation level was a piece of cake, right?

At this moment, Yang Chen said, “Now, according to the rules, can we go in?”

Zhunping felt a burning sensation on his face. In terms of qualifications, he said no, Yang Chen proved him wrong. In terms of rules, he said it was impossible, but Yang Chen changed the impossible to possible in the blink of an eye.

He felt as if Yang Chen slapped his face one after another. This was a humiliation, absolute humiliation.

Seeing Tè Lóng snickering on the side, Zhunping was even more angry. He had been competing with Tè Lóng for so many years, but he had never been humiliated like this.

“Humph, both of you had qi at the Fourth Stage of the True Martial Realm just now, and suddenly it became the Second Layer of the Earth Martial Realm. I suspect that you have used some kind of special treasures, so I must test it myself,” Zhunping suddenly made his move.

“What!” Tè Lóng was shocked, “Zhunping, what are you doing? Do you know what price you have to pay for attacking a guest?”

Zhunping was already burning with anger and didn’t care anymore. Besides, he had thought about the consequences; with his background and status, there would not be a huge price to pay for disciplining a guest in the Earth Martial Realm.

Moreover, he had already thought of an excuse. When it came time, he would only be fined some Spirit Stones, which would not cause much harm.

Now Tè Lóng was burning with anxiety at the side, as Zhunping had already reached the Third Layer of the Earth Martial Realm, which was one level higher than Yang Chen.

The reason for Tè Lóng's low position in the Reading Monkey Clan was that his strength was not as strong as Zhunping, and he could only be an outer official, dealing with people from external tribes because he could no longer hold his ground within his own tribe.

Now that Zhunping had made a move, Tè Lóng was the most anxious.

What surprised him was that Yang Chen didn't have a panicked expression at all; it was as if he was the one with the stronger power.

Tè Lóng didn't know that his guess was correct.

However, Yang Chen did not make a move. He did not, because he was not a demonic beast. He was disguised as a Black Money Leopard, and he didn't have any of the leopard's abilities.

However, Cai Yi did.

At this moment, Cai Yi chuckled, and the tail behind her suddenly curled up. One after another, in an instant, Zhunping was lifted into the air.

Cai Yi showed the qi of the Fourth Layer Earth Martial Realm. Although she only had one layer more than Zhunping, with her strength, it was enough to easily trample and kill Zhunping.

“Ah!” Zhunping’s face was covered in cold sweat, and he screamed anxiously, “Don’t kill me, please, don’t kill me.”

“Let go.” A small, exquisite Reading Monkey in armor walked out of a room just as Cai Yi lifted Zhunping high into the air.

“Greeting the Commanding Officer!”

“Greeting the Commanding Officer!”

This huge Reading Monkey radiated an aura all around, and to everyone’s surprise, had reached the Heavenly Martial Realm.

Seeing others call him the Commander, Yang Chen and Cai Yi knew that this Reading Monkey must be extraordinary. Yang Chen signaled Cai Yi with a look, and of course, Cai Yi knew what was going on and put Zhunping down.

Zhunping fell to the ground with a thump and yelled, “Commander Mu Te, you all saw it. These two outsiders dared to attack me...”

Before he could finish his sentence, General Mute slapped Zhunping's face so hard that he rolled ten feet away before finally stopping.

Mu Te's slap was much more ruthless than Cai Yi's, causing Zhunping to spew out blood, his body convulsing.

"What, did you think I didn't see it? Or do you think I'm an idiot?" Mu Te said coldly.

Zhunping trembled all over, not daring to speak.

"Someone, take him away and wait for my orders." Mu Te shouted.

"Yes!" His subordinates quickly took action and took Zhunping away.

After witnessing this scene, Tè Lóng breathed a sigh of relief. He was worried that Mu Te would not enforce the law impartially, but it seemed that Mu Te was still reliable.

However, Yang Chen did not think so. Mu Te and Zhunping were definitely in cahoots. If Mu Te really wanted to punish Zhunping, he would say it directly without using the vague phrase 'awaiting punishment.'

Awaiting punishment? Did he mean to release him after they left?

Mu Te didn't make things difficult for them just because the rules didn't allow it.

Like now, Yang Chen clearly felt that Mu Te wanted to find something from them, but unfortunately, Mu Te was only at the early stage of the Heavenly Martial Realm, and where could he see any flaws in them?

“Both of you were really good at hiding your true power. My subordinate, Zhunping, has been too arrogant lately, angering both of you. I hope you can understand. Please follow me. Recently, the bidders for the Red Winged Roc are in the inner courtyard. You have come just in time; if you don't come now, the bidding for the third one will begin,” said Mu Te.

“Oh? There are many bidders for the Red Winged Roc these days?” Yang Chen wondered.

“In a few days, it will be the Disaster-free Period. All demonic beasts will take advantage of this time to bid for the Red Winged Roc. You two must know about it.” Mu Te's eyes narrowed.

Upon hearing this, Yang Chen understood. He had some knowledge of the Disaster-free Period.

The Disaster-free Period was when there were no heavenly disasters or earthly calamities in the Demon Beast Territory. Unlike the Human World, especially in the Wasteland Zone, disasters were frequent, which was also the reason why the demonic beasts wanted to occupy the human territories.

On ordinary days, too many heavenly disasters and earthly calamities made it almost impossible for demonic beasts to travel. Even if they had the Red Winged Roc to travel with, the price would be astonishingly high, and the various clans would be worried about the safety of the Red Winged Roc, so they would not let it go easily.

That's why many demonic beasts that wanted to ride the Red Winged Roc would wait for the Disaster-free Period.

He also thought about it, but he didn't know the exact time of the Disaster-free Period, so he didn't think much about it. He didn't know if his luck was good or bad; although there were fewer bidders during the Disaster-free Period, there were too many to compete with during the normal period.

Yang Chen remained composed and said, "I must have mistaken the Disaster-free Period for a different time. That is my fault."

"Never mind, there is still plenty of time." Mu Te laughed heartily.

In this way, Mu Te led the way, and soon led Yang Chen and Cai Yi to a courtyard.

In this courtyard, there were more than a dozen huge demonic beasts seated, each one belonging to a different sect. Their strengths were by no means low; the weakest were already in the Earth Martial Realm, and there were even some in the Heavenly Martial Realm.

It was obvious that all of these demonic beasts were targeting the Red Winged Roc.

Chapter 1378 - 1378 1374 Colluding with the Degenerate_1

Chapter 1378: Chapter 1374: Colluding with the Degenerate_1 Chapter 1378: Chapter 1374: Colluding with the Degenerate_1 This made Yang Chen realize the cruelty of the Demon Beast Continent, which was far more brutal than the human world. Crossing territories alone was much more difficult than in the human world.

Earth Martial Realm Warriors and below had already been eliminated, not to mention the difficulty of crossing territories even for those at the True Martial Realm.

At least, for Earth Martial Realm Warriors, it was not an easy task to complete, as they were financially limited, and they had to compete with Heaven Martial Realm opponents.

Now when Yang Chen and Cai Yi arrived, they attracted the attention of many demonic beasts. These demonic beasts had various forms, but their eyes were filled with hostility when they looked at Yang Chen and Cai Yi. Apparently, they felt that the arrival of Yang Chen and Cai Yi added another competitor.

“The bidding for the second Red Winged Roc hasn’t ended yet, has it?” Mu Te looked at the reading monkeys in the courtyard and said.

All these giant Reading Monkeys had Earth Martial Realm strength, and they all respected Mu Te. Hearing his question, they replied, “It’s almost over, the Silver Moon Demon Wolf Clan Leader is offering 39,000 Top-Grade Spirit Stones to buy the use rights of the Red Winged Roc, and it’s almost settled.”

“Oh?” Upon hearing this, Mu Te turned his gaze towards Yang Chen.

“You both heard it, since the bidding hasn’t ended yet, you two are also bidders now. Currently, this is the bidding for the second Red Winged Roc. We are bidding for a total of three this time. If you miss this one, you will have to bid for the third one. Silver Moon Demon Wolf Clan Leader offers 39,000 Top-Grade Spirit Stones; Would either of you be able to bid higher?” Mu Te said.

Yang Chen didn’t rush to answer, but instead glanced at the nearby Silver Moon Demon Wolf Clan Leader.

Admittedly, he and the Silver Moon Demon Wolf had quite a connection, having killed one of their squads, and now even meeting their clan leader.

However, the Silver Moon Demon Wolf Clan was not very strong – their Clan Leader was only at the Seventh Layer of the Sky Martial Realm.

Of course, this strength was considered high enough for others. The reason why no one dared to respond to the Wolf’s bid was that all the demonic beasts were angry but unable to speak up, waiting to bid for the third Red Winged Roc.

The Silver Moon Demon Wolf Clan Leader looked at Yang Chen with a threatening gaze, dispersing his Qi. This was clearly a warning not to interfere with his bidding.

While this might have worked on others, it didn’t faze Yang Chen.

If the Wolf had not threatened him, he might have considered letting the Wolf win the second one. But since the Wolf threatened him, he no longer had any patience for pleasantries.

“I offer 40,000.” Yang Chen said calmly.

Hearing this, many other demonic beasts were shocked and stared at Yang Chen in disbelief, as if they had just heard something unbelievable.

Yang Chen dared to compete with the Silver Moon Demon Wolf Clan Leader. Wasn't that snatching food from a tiger's mouth?

Even the Silver Moon Demon Wolf Clan Leader didn't expect an Earth Martial Realm martial artist like Yang Chen to compete with him. He cracked his neck and shouted angrily, “Kid, have you considered the consequences of competing with this seat?”

Yang Chen ignored him and asked, “40,000 Spirit Stones. Are there any higher bids?”

“41,000!” The Silver Moon Demon Wolf Clan Leader roared angrily. He thought that the second Red Winged Roc was already in his bag, but who could have known that Yang Chen would suddenly intervene.

“43,000!” Yang Chen casually replied.

“45,000!” The Silver Moon Demon Wolf Clan Leader could not back down.

“50,000!”

The next moment, Yang Chen shouted a suffocating price. When he called out the price, it not only scared all the demonic beasts but even General Mute, who already knew about Yang Chen's wealth, was taken aback. Wasn't this kid treating spirit stones like they were nothing? He had directly increased the offer by 5,000 Top-Grade Spirit Stones.

That was Top-Grade Spirit Stones, not the common ones found everywhere in the streets.

Yang Chen slowly asked, "I wonder if there are any higher bids?"

This question was like a slap on the face of the Silver Moon Demon Wolf Clan Leader, causing his face to turn red and his skin flushed.

His clenched teeth and ferocious expression caused the other demonic beasts to shiver with fear.

"Fine, kid, you're ruthless." The Silver Moon Demon Wolf Clan Leader said in a deep voice.

The other demonic beasts laughed secretly, not knowing why Yang Chen was so wealthy, but thought that competing with the Silver Moon Demon Wolf Clan Leader for food was a foolish choice. Provoking the Demon Wolf Clan Leader was asking for death.

Mute hadn't expected the Silver Moon Demon Wolf Clan Leader to back down so easily. Surprised, he said, "Since this is the case, the use rights for the second Red Winged Roc belong to you two."

Yang Chen nodded, and he and Cai Yi sat down to rest.

Before the bidding for the third Red Winged Roc began, the Silver Moon Demon Wolf Clan Leader glared at the two of them, showing his murderous intent, as if he wanted to pounce and bite them to death at any moment.

Yang Chen seemed not to notice, as he waited for the bidding for the third one to begin.

When the third bid came up, he naturally lost interest in bidding anymore. But the other demonic beasts suffered, as they had originally planned to bid for the third Red Winged Roc to avoid the Silver Moon Demon Wolf Clan Leader's sharp edge.

However, Yang Chen's move effectively put the Wolf into the bidding for the third one, forcing the other demonic beasts to compete with the Silver Moon Demon Wolf Clan Leader.

Eventually, after some fierce competition, the Silver Moon Demon Wolf Clan Leader won the third Red Winged Roc for a price of 47,000.

Of course, although he won, the Wolf was extremely frustrated. He could have won the Red Winged Roc in the first place, but Yang Chen had intervened and had caused him to spend more for nothing.

"Alright, the bidding for the third Red Winged Roc has ended as well. Everyone should head back to their places and gather here again three days later. I, Mu Te, will personally lead you all to the Golden Barbarian Bull Tribe to collect the Red Winged Roc." Mute said.

Yang Chen didn't know about this, but upon hearing it now, it seemed that the Yue Monkey Clan only had control over the Red Winged Rocs, but they were still under the control of the Golden Barbarian Bull Clan.

With this thought, Yang Chen returned with Cai Yi and ignored the Silver Moon Demon Wolf Clan Leader's continual angry glances.

In the end, many of the demonic beasts left with frustration in their hearts.

As they were about to leave, the Silver Moon Demon Wolf Clan Leader suddenly reappeared and stormed over to Mu Te.

"Mute, what's going on? How much extra have I already paid you? We had agreed that I would get the control of two Red Winged Rocs. What's going on with this person?" The Demon Wolf Clan Leader roared.

Embarrassed by the Demon Wolf Clan Leader's roar, Mu Te took a moment before saying, "Brother Silver Moon, don't worry, don't worry. It's true that this matter caught me off guard. I thought this kid couldn't afford such a high price and was just joking around. Who knew that he was actually a wealthy person."

Chapter 1379 - 1379 1375 Kill with a Borrowed Knife_1

Chapter 1379: Chapter 1375: Kill with a Borrowed Knife_1 Chapter 1379: Chapter 1375: Kill with a Borrowed Knife_1 The Demon Wolf Clan Leader was also full of surprise, not expecting that Yang Chen, a mere Earth Martial Realm, could actually produce so many Spirit Stones. If it were not for

the fact that they were competing for two of them, it would have made Yang Chen realize what wealth meant.

However, it obviously doesn't have time to think about that now.

"I'm only bidding for one now, the first Red Winged Roc was auctioned off by that mysterious group, so I've let it go. But this second one is in trouble, which is different from what we discussed at the beginning. I must get two of them," the Demon Wolf Clan Leader said viciously.

Mu Te laughed and said, "Brother Silver Moon, isn't this what you can't figure out? If he has so many Spirit Stones, let him take them. But think about it, what is his strength? Does he have the qualifications to possess so many Spirit Stones?"

"You mean..." the Silver Moon Demon Wolf Clan Leader paused slightly.

"Three days later, when we are about to set out for the Golden Barbarian Bull Clan, an accident will happen on the way. In this accident, a group of people with the right to use the Red Winged Roc might die unexpectedly. After their death, wouldn't the right to use the Red Winged Roc still fall into your hands?" Mu Te laughed.

The Demon Wolf Clan Leader suddenly realized what was going on and understood the situation.

"Uncle Mu Te, do you want the Silver Moon Demon Wolf Clan to attack those two people?" Suddenly, a giant Reading Monkey appeared.

Wasn't this Reading Monkey the same Zhunping who had just been scolded by Mu Te?

Zhunping was now bruised and battered but unharmed. As for the punishment he had received earlier, it was obviously just a joke.

Zhunping stood up, excited beyond belief when he heard that Yang Chen and the others might be in trouble.

Mu Te said coldly, "Presumptuous! How many times have I told you to think before you speak? I haven't had time to deal with your earlier issue, and now you dare to make this matter public!"

Hearing Mu Te's reprimand, Zhunping kept saying, "Uncle Mu Te, I was wrong, I'll be smart this time."

"Hmph, stupid!" Mu Te barked.

The Demon Wolf Clan Leader laughed and said, "Children still need to learn slowly, Brother Mu Te, don't be angry. After all, we will take action in a few days, and your Reading Monkey Clan won't interfere, will it?"

"Of course not, our Reading Monkey Clan will not only not interfere, but we also don't want the Spirit Stones on their bodies. Give them all to Brother Demon Wolf." Mu Te's treacherous laughter began.

"Oh? Brother Mu Te, are you so kind?" The Demon Wolf Clan Leader was on full alert.

“Hehe, I’ve got enough in my pocket.” Mu Te grinned.

“Hahahaha, in that case, I’ll follow your lead.” The Demon Wolf Clan Leader was obviously thrilled, as he got up and left.

Seeing this person leaving, Zhunping wondered, “Uncle Mu Te, that kid seems to have a lot of oil and water. He must be a rich man from somewhere. He must have at least 200,000 Spirit Stones on him. He’s so eager to go back now, probably because he knows that his wealth is not safe on his body. We can do it ourselves, why do we have to share so much with the Demon Wolf Clan?”

“Hmph, can we get it ourselves? Do you still care about the rules within the clan? The Silver Moon Demon Wolf was just annoyed and at a disadvantage. If we don’t give them some sweetness, this matter may inevitably be blamed on us,” Mu Te said coldly.

“But there are so many Spirit Stones...” Zhunping said.

“You are too young, you don’t understand anything even if I tell you. I haven’t had a good time teaching you the lesson from just now. Now that this kid is doomed, your fire should be extinguished, and you should be honest with me for a few days. If I dare cause trouble again, be careful I’ll waste you!” Mu Te began with a gentle tone, but suddenly became very cold.

Zhunping also knew that Mu Te was angry and quickly nodded in agreement.

Meanwhile, Yang Chen was waiting for three days later.

Time passed quickly in those three days, and three days later, Yang Chen and Cai Yi arrived at the Red Wing Territory on time.

In addition to the two of them, there were two other groups of people. One of them was the familiar Silver Moon Demon Wolf Clan, with their Clan Leader in the middle. Now, they were staring at Yang Chen and Cai Yi with ill intentions.

As for the other group, Yang Chen was more unfamiliar. This group of people was all dressed in red, and their appearance could not be judged as to which Demonic Beast Clan they belonged to.

Especially the young girl standing at the front, who didn't look very old, about seventeen or eighteen years old, with red lips and white teeth, very delicate and lovely.

This group of people was quite powerful. Yang Chen glanced at them and saw that there were at least five Heaven Martial Realm masters among them. This made Yang Chen confused. When he went to bid for the second Red Winged Roc yesterday, this group of people definitely wasn't there.

It seemed that the mysterious bidder for the first Red Winged Roc must have been this group of people.

Seeing Yang Chen and Cai Yi arrive, Mu Te said amiably, "You two came late yesterday, so you might not be aware that they were the successful bidders for the first Red Winged Roc yesterday. They are from the Firewing Bird Clan. They are also planning to borrow the power of the Red Winged Roc to leave the Wasteland Zone this time."

Yang Chen understood and greeted the Firewing Bird Clan.

The people of the Firewing Bird Clan didn't have any intention to talk to Yang Chen more. They just responded with a nod and then turned their heads away, as if they were afraid that Yang Chen would involve them in some relationship.

Seeing this, Yang Chen couldn't help but shake his head. Since these people didn't want to get to know him, he wouldn't make a fool of himself.

But today, Mu Te's performance made him wary. This Mu Te seemed to be a bit too polite to him. Yesterday, Mu Te was polite, but it didn't seem fake. But today, Mu Te's performance was full of hypocrisy.

Of course, he wouldn't say that out loud, he would just wait and see.

After a brief introduction, Mu Te said, "Everyone, let's set off now."

"Let's go. I can't wait any longer." The Demon Wolf Clan Leader's voice was chilling.

The Reading Monkey Clan's team was ready, and Yang Chen followed them in the middle of the team.

In a short while, the team left the Reading Monkey Tribe and went straight to the Golden Barbarian Bull Tribe.

Yang Chen asked a little and found out about the journey. In about two days, with the team's speed, they would be able to reach the Golden Barbarian Bull Tribe.

The distance between the two clans was not too far.

Along the way, everything seemed peaceful, but Yang Chen always felt something was wrong. As for what was wrong, he couldn't tell at first, but later, after finding some clues, he knew what was wrong.

It was because the Silver Moon Demon Wolf Clan Leader looked at him as if he was looking at a dead man.

At first, the Silver Moon Demon Wolf Clan Leader's look at him was malicious, but now it wasn't just that...

Would the opponents definitely not make trouble for him?

Yang Chen shook his head. It seemed that no one had ever made such a rule.

The Supreme Martial King Shocking All Realms

Chapter 1380: Chapter 1376: Sneak Attack!_1 Chapter 1380: Chapter 1376: Sneak Attack!_1 With that in mind, Yang Chen was extra cautious as he traveled and directly instructed Cai Yi, “Senior Caiyi, be careful on the road later. There might be some incidents.”

“What incidents could happen?” Cai Yi didn’t understand.

Yang Chen didn’t elaborate, and Cai Yi didn’t pay much attention since he didn’t say much. Still, she was somewhat more on guard.

It was precisely this bit of extra caution that made her have to admit that Yang Chen was right.

As they were traveling, Cai Yi was astonished in the evening, “Yang Chen, you are truly a diviner. How did you guess that there would be an incident? There is an ambush in the mountain range a hundred miles ahead, and there is even a warrior at the early stage of the Heaven Martial Realm.”

Yang Chen rubbed his eyebrows, “It seems the same as I guessed.”

With his divine soul realm, he naturally sensed it too.

“Are these people out of their minds? This team has so many masters, I don’t know how many masters are in the Fire Wing Bird Clan alone. They came with so little manpower to target our team?” Cai Yi said disdainfully.

“...” Yang Chen looked at Cai Yi irritably, “Their target is not this team, but the two of us.”

“The two of us? How do you know? Our strength isn’t weak.” Cai Yi puffed up her mouth.

“But in the eyes of others, our strength is only within the Earth Martial Realm.” Yang Chen replied.

“Oh, now that you mention it, it’s true...” Cai Yi suddenly realized. “So how did you become so sure that their target was us?”

Yang Chen helplessly said, “Is it hard to guess? Besides the two of us, do you think there is anyone else in the entire team that they can take a bite at?”

“Then why would they target us?” Cai Yi couldn’t figure it out.

Finally, Yang Chen knew why Cai Yi ended up in Tiandu Emperor’s hands. This woman’s mind was really dull. She had been imprisoned for so many years and still hadn’t improved at all.

He could only shrug his shoulders, “Most likely because of the Red Winged Roc.”

Cai Yi was still planning to ask what was going on, but in this short time, they had already approached the mountain range ahead.

As they approached, Yang Chen remained with his eyes closed, pretending to know nothing. Only Cai Yi kept rolling her eyes, waiting for something to happen.

Time passed, one breath, two breaths...

Suddenly, dozens of people sprang out from the mountain range. The weakest of these people were Earth Martial Realm warriors, and the leader had reached the Heaven Martial Realm.

These demonic beasts of various types were indistinguishable, making it impossible to tell who was the main instigator. When they appeared, their target was unmistakably Yang Chen and Cai Yi.

“Defend, defend!” Mu Te, standing at the forefront, saw these attackers and immediately pretended to panic, shouting loudly.

However, when he said to defend, basically no one came forward to resist the external enemies.

And these enemies seemed to have negotiated with everyone, bypassing the Silver Moon Demon Wolf Clan and the Fire-winged Bird Team, and heading straight towards Yang Chen and Cai Yi.

Yang Chen still kept his eyes closed, not showing any intention to move.

Seeing all this, The Silver Moon Demon Wolf Clan Leader sneered, as if foreseeing Yang Chen’s death.

But at this very moment, a strong aura suddenly swept out. The person who made the move was Cai Yi.

This time, Cai Yi's strength was astonishingly at the Third Layer of the Heaven Martial Realm.

As soon as she displayed such cultivation level, all the surrounding people were shocked, whether they were from the Silver Moon Demon Wolf Clan, the Firewing Bird Clan, or the ambushing group.

The ambushing demonic beasts were dumbfounded. They had received information stating that the target was only at the Earth Martial Realm, but suddenly someone emerged, reaching the Third Layer of the Heavenly Martial Realm.

"The information is wrong, retreat!" The leader of the early Heavenly Martial Realm demonic beast, seeing Cai Yi's aura so strong and unable to resist, immediately planned to escape.

However, as it was about to escape, Cai Yi let out a soft grunt. Her tail swept out in an instant, and wherever it went, demonic beasts fell from the sky. In the blink of an eye, the Heavenly Martial Realm demonic beast leader was also wrapped up in her tail, terrified.

"No, don't kill me." The Heavenly Martial Realm demonic beast screamed.

Cai Yi didn't even have the thought to explain, she immediately whipped her tail and killed the demonic beast on the spot. The blood splattered, causing all the surrounding demonic beasts to shudder.

The Silver Moon Demon Wolf Clan Leader never expected that Yang Chen and Cai Yi had hidden their strength.

The same was true for Mu Te.

All the demonic beasts, when looking at Yang Chen and Cai Yi again, had strange expressions in their eyes.

Cai Yi said slowly, "I'm sorry for the embarrassment, everyone. It seems we've encountered some old enemies. It took some time to deal with them. Can we leave now?"

Mu Te felt the most awkward. As the team captain, if Yang Chen and Cai Yi had died, he would have a reasonable explanation for not helping. But what about now?

Mu Te could only give an awkward smile, "Yes, let's go, let's go!"

When Cai Yi returned, she transmitted her voice to Yang Chen, "These demonic beasts attacked us, and Mu Te must be involved. I saw it clearly just now. Mu Te could have made a move, but he had no intention of helping at all."

Yang Chen was gratified, "You finally noticed."

"The Silver Moon Demon Wolf Clan must be involved as well." Cai Yi gritted her teeth, "I'm not stupid!"

“This matter is mostly the work of the Silver Moon Demon Wolf, and Mu Te pretended not to see anything.” Yang Chen said.

“What about the Fire-winged Bird Team?” Cai Yi asked.

“The Fire-winged Bird Clan doesn’t have much to do with this. They obviously didn’t understand the situation just now, and although they didn’t help, they defended themselves with all their strength. This matter has nothing to do with them.” Yang Chen said.

As the Fire-winged Bird Clan had less to do with this team, Yang Chen became more curious.

He was more curious about the origins of this Fire-winged Bird Clan.

Of course, he couldn’t directly ask about it, so he hid his doubts in his heart.

As they continued on their journey, the most depressed ones were the Silver Moon Demon Wolf Clan and Mu Te. After the incident just now, they exchanged glances for a long time, obviously secretly communicating something.

However, this kind of communication did not result in anything, and the two of them could not immediately launch another sneak attack. No matter how irritated the Silver Moon Demon Wolf Clan Leader was, he had no choice but to give up reluctantly.

In this way, another day passed, and Yang Chen and Cai Yi saw a giant bull-shaped statue from a distance. The statue was as tall as a mountain and stood there.

When he saw the statue, Mu Te said, “Everyone, we are almost at the Golden Barbarian Bull Clan.”

Not long after he finished speaking, several huge golden-skinned cow demons suddenly appeared.

“So it’s the friends from the Yue Monkey clan. It’s the disaster-free period now. Have you all come here to discuss Red Winged Roc?” The cow demons mooed a few times and then spoke to the group.

Chapter 1381 - 1381 1377 Fire Wing Bird Alliance_1

Chapter 1381: Chapter 1377: Fire Wing Bird Alliance_1 Chapter 1381: Chapter 1377: Fire Wing Bird Alliance_1 Mu Te and the Silver Moon Demon Wolf Clan Leader had some disagreements and felt very depressed in their hearts. But now they had to focus on their main task.

No matter how the Silver Moon Demon Wolf Clan Leader behaved, on the surface, Yang Chen still had the right to use the Red Winged Roc.

He had no choice but to say, “Indeed.”

“In that case, follow us. Recently, all the clans use the Red Winged Roc during this period. Our Golden Barbarian Bull clan has already made preparations.” The Golden Barbarian Bulls said simply.

Golden Barbarian Bull clan was known for their powerful strength and was considered the ruler of the wasteland zone. The only thing they lacked was cunning. Otherwise, it wouldn't be easy for other clans to share the Red Winged Roc.

Under the guidance of the two Golden Barbarian Bulls, the team didn't go straight to the Golden Barbarian Bull tribe but chose a small village outside of the tribe.

Yang Chen was puzzled at first, but soon he understood. The small village was surrounded by mountains with beautiful scenery, and various flora grew there, making it the perfect habitat for the birds. Many Red Winged Rocs were kept there, and Yang Chen guessed it was the place where the Golden Barbarian Bull clan raised them.

Upon arrival, Yang Chen saw the astonishing scene in the village. There were at least a thousand rare Red Winged Rocs flying around.

With so many Red Winged Rocs, it was strange that different clans had only a few control rights.

However, Yang Chen soon understood.

These Red Winged Rocs had different strengths. Only dozens had reached the Sky Martial Domain, while most of them were in the True Martial Realm or Earth Martial Realm. There were even those in the Origin Martial Realm and Spirit Martial Realm.

In reality, the usefulness of the Red Winged Roc could only be demonstrated when they reached the Sky Martial Domain. Even if the bird was exceptional, its speed at the Earth Martial Realm wouldn't surpass that of Demonic Beasts or Humans in the Sky Martial Domain. It would only be considered a useful tool for long journeys.

Of course, the strength of these Sky Martial Domain Red Winged Rocs couldn't have been acquired through proper cultivation. There must be some irregular methods that had been used to increase their strength. After all, the Golden Barbarian Bull clan only needed the birds for travel and didn't need to worry too much about anything else.

Although external help had been used, having dozens of Red Winged Rocs in the Sky Martial Domain was still the limit; there couldn't be too many.

The others seemed to have already known about this and weren't surprised. Yang Chen understood it after a moment.

In the village, not only the Reading Monkey clan was present, but other clans too.

However, there was no intersection between them and the Reading Monkey clan, and there was no communication between the parties.

The two Golden Barbarian Bull leaders led the team to one side and said, "Reading Monkey clan, this is where your Red Winged Rocs are kept. Please take out the Reading Monkey Envoy's Order for inspection. After the examination, the Red Winged Rocs will be handed over to you."

Mu Te naturally knew the rules, took out the Envoy's Order, and handed it to the two Golden Barbarian Bulls.

The two Golden Barbarian Bulls took the Messenger Order, checked it briefly, and nodded: “No problem. How many do you want to take away?”

“Three,” replied General Mute.

The two Golden Barbarian Bulls skillfully lifted the prohibition, and then brought out three Red Winged Rocs.

Once the three Red Winged Rocs came out, the seemingly gentle Golden Barbarian Bulls stroked their feathers. The initially agitated Rocs became quiet in an instant.

Yang Chen also took a closer look. Compared to Black-winged Dapeng, the Red Winged Roc was only slightly larger in size. Other than their feathers, there was no significant difference.

Now that he saw the three Red Winged Rocs, Mu Te bowed his hands: “Everyone, you can choose your own Red Winged Roc. I’m leaving first.”

After speaking, Mu Te was ready to leave with his men.

The Silver Moon Demon Wolf Clan Leader became anxious, repeatedly making eye signals to Mu Te, hoping he wouldn’t forget their agreement.

How could Mu Te not see it? He just pretended not to notice and turned around to leave.

He wanted to help the Silver Moon Demon Wolf Clan Leader, but what could he do now? He had seen Cai Yi's strength at Yang Chen's side. Had he known earlier, he wouldn't have given the idea to provoke such difficult targets in the Reading Monkey clan.

Yang Chen also noticed the eye signals between the Silver Moon Demon Wolf Clan Leader and Mu Te but didn't mind it. He picked a Red Winged Roc and got acquainted with it by stroking it a few times.

Yang Chen was familiar with Demonic Beasts as he had encountered a large number of them.

The Demon Wolf Clan Leader watched as Yang Chen and Mu Te interacted, and clenched his fists in anger.

He had planned to get two Red Winged Rocs, but because of Yang Chen, he lost one. He couldn't accept it.

As he was about to cause some trouble, several elders from the Fire-winged Bird team suddenly approached Cai Yi.

Yang Chen and Cai Yi were puzzled and wondered what the Fire-winged Bird team intended.

Several elders from the Fire-winged Bird team arrived, all old and powerful in their own right. Their prestige within the team was high, and their strength was formidable, having all reached the Sky Martial Domain.

They didn't seem to be trying to assert their dominance, but rather, they wanted to show their strength to Yang Chen and Cai Yi.

“Who are you...?” asked Yang Chen suspiciously.

The several Fire-winged Bird elders laughed and said, “We are here to talk to Miss Peacock. We believe you won't mind, right?”

It seemed that because Cai Yi had just shown her skills, the elders hadn't taken Yang Chen seriously and thought that Cai Yi was the one they should be talking to.

This made Yang Chen shrug helplessly and gesture to Cai Yi to ask what was going on.

Cai Yi chuckled and looked at the Fire-winged Bird elders curiously. “What brings you gentlemen to me?”

“Miss Peacock, we've seen your strength just now. We wonder where you're heading after leaving the Wasteland Zone. On the way, perhaps we can watch out for each other!” Cai Yi said.

Cai Yi glanced at Yang Chen and quickly responded, “The two of us consider the world our home. Right now, we just want to leave this harsh environment of the Wasteland Zone. Anywhere is better than here.”

“In that case, why don’t we join forces? Although it’s a Disaster-free Period, no one can be sure when Heavenly Disasters or Earthly Calamities will strike. You’ve seen our strength, and we’ve seen yours. If we form an alliance on this journey, everyone will be safer.” The elders laughed.

“Why don’t you form an alliance with the Silver Moon Demon Wolf clan instead? Their strength is much stronger than ours, isn’t it?” Cai Yi asked with a smile, “Or are they on a different path than you are?”

Chapter 1382 - 1382 1378 In a Sorry State_1

Chapter 1382: Chapter 1378: In a Sorry State_1 Chapter 1382: Chapter 1378: In a Sorry State_1
With that question, it seemed to strike a chord. The group looked embarrassed for a while before they replied: “Well, we can’t say we have a good relationship with the Silver Moon Demon Wolf Clan.”

“Oh?” Caiyi felt there was something fishy upon hearing this.

She immediately said: “Wait a moment, let me ask him.”

The Fire-wing Birds were completely dumbfounded, staring at Yang Chen and Caiyi, feeling that their relationship was quite confusing. It seemed like Caiyi was in charge, but why was it the young man in front of them who made the decisions?

“Yang Chen, do you think there’s something wrong with this Fire-wing Bird team, like they are targeting us?” Caiyi sent a sound transmission directly to ask.

From beginning to end, Yang Chen observed these people closely. If he didn’t know better, he would have indeed thought that the Fire-wing Birds had malicious intent.

But he sensed it very clearly that these people had no malice towards him.

The whole team seemed to be escorting someone or something, and they appeared to be short of manpower. Moreover, they were extremely cautious in their actions. If it weren’t for Caiyi showing off her skills, the two sides wouldn’t have come into contact with each other at all.

The reason the Fire-wing Birds didn’t want to cooperate with the Silver Moon Demon Wolves was probably that they were worried about the strength of the Silver Moon Demon Wolf Clan being too strong, and they thought their own strength was just right – enough to control and help them.

Realizing this, Yang Chen had a sudden insight and understood most of it.

He instructed, “There are definitely problems, but they pose no harm to us. It won’t hurt to agree.”

“May I ask what the relationship between Peacock Girl and this brother here is?” Several elders of the Fire-wing Birds couldn’t help but ask, feeling that they needed to refresh their understanding of the two.

Caiyi giggled, “Ah? He’s my husband. Can’t you tell?”

Yang Chen was taken aback as he didn’t expect Caiyi to say that.

To show her affection, Caiyi stuck to Yang Chen, not seeming to care about making a scene.

“Then who makes the decisions...” The elders asked after being surprised for a moment.

“Him.” Caiyi sighed.

“...” The elders exchanged awkward glances with each other. From the beginning, they didn’t show much respect to Yang Chen. It was unknown how he felt.

Seeing the hesitation of the elders, Caiyi smiled and said, “Hey, don’t worry. As long as my husband agrees, we can travel together and set off anytime.”

“If that’s the case, we’ll report back. It’s great! The decision of you two is the right one.” The elders rushed back to deliver the report.

Yang Chen couldn’t help but observe them.

These elders went back to report to the Fire-wing Bird girl with rosy lips and white teeth. The girl's every move was held in high regard by the elders.

As he witnessed this, Yang Chen couldn't help but think deeply. At least from what he could see right now, the Fire-wing Bird girl's strength was not strong; she was only in the True Martial Realm.

But she could make several Heaven Martial Realm elders hold her in such high regard. The only explanation was that there was someone behind the girl who these Heaven Martial Realm masters feared.

Someone who could make these Heaven Martial Realm masters fearful would be at the Emperor Level. Yang Chen caught a hint of this thought, but it was not a certainty. However, he left a precautionary note in his mind and did not rule out the possibility of his hunch being correct.

To confirm his suspicions, Yang Chen couldn't help but ask, "Caiyi, do you think the Fire-wing Bird Clan is strong?"

"A few thousand years ago, they weren't. There were very few Emperor-level strong members in the entire tribe. As for now, I don't know." Caiyi played with her braids, her phoenix eyes looking at Yang Chen, giggling, "Hey, Yang Chen, why don't you just become my husband for real? Although my mind isn't as sharp as yours, I promise to serve you well in the future. I can definitely stick to that 'loyalty and devotion' thing your humans have."

"..." Yang Chen coughed violently, feeling that this woman's train of thought jumped quite fast: "That's not quite suitable for us."

“What’s wrong? Dislike that I’m older? Tsk, at my age among demonic beasts, I’m considered young, you know? See that Heavenly Giant Python, it’s lived for 30,000 years, you know? In front of it, I’m just a baby.”

“That’s not the issue.” Yang Chen said.

“Then what’s the issue?”

Yang Chen said, “I already have someone in my heart.”

“I don’t care. That’s a person in your heart, not a demon.” Caiyi giggled.

Yang Chen rolled his eyes in annoyance, “Be serious; we’re about to set off.”

“Tsk, I’m discussing a serious matter with you.” Caiyi said without shame, not feeling that she was talking about something embarrassing at all.

At this moment, with his hands behind his back, Yang Chen appeared calm and collected. Meanwhile, the Fire-wing Bird elders reported to the Fire-wing Bird girl, who came over and laughed, “We’ve settled this. When are the two of you leaving?”

“That depends on how you all choose.” Yang Chen said.

“Nowadays, the weather is nice and there’s no disaster period. The sooner we leave, the better. Why not set off now...” The elders were obviously very anxious.

Yang Chen saw this, but his demeanor didn’t change on the surface. He said, “That’s fine as well.”

“That’s great! In that case, let’s set off.” The elders spoke, placing the Fire-wing Bird girl on the back of the Red Winged Roc.

After all, the Red Winged Roc was a big bird, its back being spacious enough to accommodate a house. The Fire-wing Bird Clan, consisting of dozens of people, quickly entered the inside of the roc.

There was plenty of room for Yang Chen and Caiyi, only two people, on the Red Winged Roc.

However, it wasn’t the same for the Silver Moon Wolf Clan.

The Silver Moon Wolf Clan had a smaller number of members compared to the Fire-wing Bird Clan, but their larger size was a problem, especially for the Clan Leader, who was twice the size of the Red Winged Roc. How could they ride it?

Moreover, the Silver Moon Wolf Clan wasn’t like the Black Mountain Black Bears, who could freely adjust their own sizes. This was also the reason why the Silver Moon Wolf Clan Leader wanted to bid for two Red Winged Rocs – because one simply wasn’t enough for them to ride.

Seeing Yang Chen and the Fire-wing Bird Clan preparing to set off, the Silver Moon Wolf Clan Leader was so furious that smoke came out of his seven orifices. He wanted to rage, but in the end, he held back.

“Clan Leader, what should we do?” The other members of the Silver Moon Wolf Clan couldn’t help but ask.

“Contact the Barking Dog Clan, ask them to send several masters to intercept them halfway. I’m going after them on the Red Winged Roc right now. I don’t believe I can’t catch these two.” The Silver Moon Wolf Clan Leader’s face was filled with unwillingness.

Chapter 1383 - 1383 1379 Display of Strength_1

Chapter 1383: Chapter 1379: Display of Strength_1 Chapter 1383: Chapter 1379: Display of Strength_1 “But Clan Leader, they’ve allied with the Fire Wing Bird Tribe. Will it be okay for you to attack them rashly...?” a few Silver Moon Demon Wolves cautiously said.

“Hmph, how solid is their newly formed alliance? As long as we show greater strength than them, I’m not afraid of the Fire Wing Bird Tribe trying to interfere.” The Silver Moon Wolf Clan Chief sneered.

When the conversation ended, he didn’t explain further and simply mounted the Red Winged Roc with his enormous body, pursuing Yang Chen and the Fire Wing Bird Tribe team.

This scene went unnoticed by the Fire Wing Bird Tribe. However, it was more challenging to conceal it from Yang Chen and the Seven-colored Peacock, both of whom had excellent spiritual perception.

“You guessed it again; the Silver Moon Wolf Demon Clan Leader has indeed caught up.” Cai Yi pouted, “What do we do? Should we acknowledge them?”

“No need. The wolf is keeping its distance from us, without revealing its true intentions. It must have a fallback plan, or it wouldn’t dare to come here alone. It’s not too late to wait until they reveal their cards.” Yang Chen said.

Yang Chen was also curious about the Silver Moon Wolf Clan Leader’s hidden cards but regretted that the wolf had been following them all along, always maintaining distance, unwilling to get too close, yet not falling too far behind.

This made Yang Chen secretly astonished, but he quickly calmed down and ignored it.

It must be said that the speed of the Red-winged Roc was as quick as lightning and surpassed that of the Red Phoenix Flying Ship. Moreover, the Red-winged Roc relied on wing flapping for flight instead of True Qi and Demonic Qi, so it could continue flying without getting tired for a whole month.

This was also the reason why the Red Winged Roc was particularly good at long-distance travel.

Unfortunately, there was a prohibition in the Red-winged Roc’s mind. This restriction made it difficult for the Roc to communicate with them, and their journey was mostly silent.

However, they had a pleasant chat with the Fire Wing Bird Clan, learning more about each other along the way.

What made Yang Chen helpless was the young girl from the Fire Wing Bird Clan, who continued to treat him indifferently, remaining silent throughout the journey.

So time passed, and they had traveled for about half an hour when Yang Chen and Cai Yi finally sensed some movement ahead.

“It’s the Barking Dog Clan!” Cai Yi narrowed her eyes, “They’re blocking our way with their Desert Eagles.”

“Barking Dog Clan?” Yang Chen was taken aback. “So this is the Silver Moon Demon Wolf Clan’s plan?”

“Huh? What else did you expect? The Wolf and Barking Dog have been allies since ancient times. Didn’t you know?” Cai Yi said.

“Colluding like wolves and barking dogs...” Yang Chen suddenly thought of the phrase.

It turned out that these creations by the ancients were not groundless; they actually existed.

Now that the Barking Dog Clan had appeared, it seemed that the Demon Wolf Clan was really intending to show their hand directly, without any intention of hiding.

Even the Fire Wing Bird Clan quickly noticed the Barking Dog Clan and exclaimed, “What’s going on!”

“Fire Wing Bird Tribe, today’s matter has nothing to do with you. Our Barking Dog Clan only wants these two people’s lives. We hope you won’t interfere, or you’ll bear the consequences, hehe...” A few Barking Dogs appeared out of nowhere.

As a result, dozens of Barking Dogs gathered together in the high altitude, followed by the Silver Moon Wolf Clan Chief who had been keeping his distance, lining up beside the Barking Dogs.

“What do you mean?” The Fire Wing Bird Tribe elders tightly protected the young girl.

“I’ve already made my intentions very clear.” The giant Barking Dog coldly said, “As long as you don’t interfere, our two tribes will not touch any of you. We Barking Dogs don’t like the taste of birds, but if you interfere... Hehe, you should be very clear about our strength in today’s battle.”

The Fire Wing Bird Clan immediately fell silent.

Indeed, the combined strength of the two tribes was astonishing. About ten Heavenly Martial Realm fighters joined together, which was not something the Fire Wing Bird Clan could contend with.

Even if Yang Chen and Cai Yi were to join them, it would, at most, result in mutual destruction. The Fire Wing Bird Clan still had a long way to go, so how could they think about fighting a life-and-death battle here?

With that in mind, the elders of the Fire Wing Bird Clan fell silent.

The meaning of their silence was more than obvious.

Cai Yi snorted in her heart and used sound transmission to say, “The people of the Fire Wing Bird Clan are really unreliable. They said they would form an alliance, but they’re so quick to change their minds and not help.”

“Nobody mentioned an alliance; they only said they would travel together.” Yang Chen shook his head.

He couldn’t help but sympathize with the Silver Moon Wolf Clan Leader now. If the latter hadn’t bothered him, there wouldn’t be so much trouble. However, the opponent was adamant about causing him trouble.

The Silver Moon Wolf Clan Leader didn’t share Yang Chen’s sentiment; his cold aura pressured Yang Chen: “Kid, I warned you at the beginning to weigh the consequences of offending me. But you wouldn’t listen, would you? Now, all the treasures on you belong to me, and the Black-winged Dapeng under you is also mine.”

“Huh? Lu Yin, we had agreed that the treasures on this kid’s body belong to our Barking Dog Clan.” The giant Barking Dog couldn’t sit still.

Without any spoils, there was no way it would come to help.

The Silver Moon Wolf Clan Leader Lu Yin reluctantly said, "Of course, I only want the Red-winged Roc at that time, is that alright?"

He also felt frustrated in his heart; originally, he thought he could obtain quite a few benefits from Yang Chen. Who could've known that there was such a formidable bodyguard around the kid?

"You really think you can get rid of me?" Yang Chen chuckled.

"What? Are you still relying on your bodyguard here? Indeed, this Peacock Guard is powerful, having reached the Heavenly Martial Realm. However, you should ask her if she clearly understands the situation. What can she do against us with her current abilities? Hahaha." Lu Yin sneered.

"What can I do? Why don't you try and see?" Cai Yi playfully laughed, showing no sign of backing down.

Her attitude infuriated both the Wolf and Barking Dog Clans, as they couldn't believe that a mere peacock would look down upon them.

"Hmph, you peacock, today I'll strip you naked, sleep with you, and then eat you." As the enraged Lu Yin blurted out, he instantly led all of the Heavenly Martial Realm Barking Dogs to attack.

People making remarks about sleeping with her and then eating her would, of course, infuriate Cai Yi. After snorting, the power she had hidden within her was suddenly released.

Boom...

The pressure of the Half-step Spirit Plate Stage instantly spread out, sweeping all around.

“What?!”

When her Qi erupted, everyone present was shocked and dumbfounded.

“You... you’re a Half-step Spirit Plate Stage expert, how is that possible? There are very few Half-step Spirit Plate Stage experts in the Wasteland Zone. Where did you come from?” Lu Yin panicked.

The Barking Dog Clan also felt like crying from fear.

“Hehe, I said, Silver Moon Wolf Demon Clan Leader, are you genuinely stupid or just pretending? Since I hid my cultivation at the beginning, don’t you think I was just hiding my Heavenly Martial Realm Early Stage strength?” Cai Yi sneered.

Chapter 1384 - 1384 1380 Slaying the Embarrassed Wolf_1

Chapter 1384: Chapter 1380: Slaying the Embarrassed Wolf_1 Chapter 1384: Chapter 1380: Slaying the Embarrassed Wolf_1 The Clan Leader of the Demon and Embarrassed Clan roared, “Lu Yin, what’s going on?”

For a moment, Silver Moon Wolf Demon Clan Leader stood still in shock. Yeah, Cai Yi was right. By what standards did he think that the opponent’s originally displayed Early Heavenly Martial Realm cultivation was real?

At first, the Seven-colored Peacock and Yang Chen showed their strength to be only at the Earth Martial Realm. When Cai Yi displayed her strength at the Early Heavenly Martial Realm, everyone thought that this must be Cai Yi’s real strength.

But who decided that?

No one ever ruled that the Early Heavenly Martial Realm was Cai Yi’s real strength.

“Go.” Barking Dog Clan Leader, regardless of the consequences, decided to escape.

Barking Dog Clan was naturally timid and fearful of danger. Now, seeing Cai Yi’s half-step Spirit Formation Stage strength, they quickly tried to flee.

Making this choice was not wrong, because the strongest among them was only the Barking Dog Clan Leader, who was only at the Seventh Layer of the Heavenly Martial Realm.

Others were scattered around the Heavenly Martial Realm Third Layer and First Layer. Though they had the numbers, they were no match for the half-step Spirit Formation Stage.

“Want to leave? Not so easy.” Cai Yi sneered and flicked her tail out.

The long tail spun dozens of circles in an instant, forming a barrier that enveloped all the Wolf and Embarrassment Clans, preventing them from escaping.

“Oops.” The people of the Wolf and Embarrassment Clans were alarmed.

“Lu Yin, you really got us in trouble.” The Barking Dog Clan Leader gritted his teeth and shouted, hating the opponent to the bone. If it weren’t for helping Lu Yin, would his Barking Dog Clan provoke such a difficult character?

Lu Yin was also completely unprepared for this. At this moment, in fear and anger, he shouted, “Yu Bei, as clever and cunning as your Barking Dog Clan is known to be, what’s the use of blaming me now? Did I want to throw my life away?”

“Then what should we do now?” The Barking Dog Clan Leader asked indignantly.

“We’ll join forces. Let the others in your clan distract this Peacock while we capture that young man. You can tell that the Peacock values him greatly. As long as we capture him, everything will be fine.” Lu Yin sneered.

Hearing this, Yu Bei immediately understood, “Hmph, let’s try your method.”

With no better options, the two decided to fight to their last breath, focusing solely on Yang Chen.

It must be said that their idea was excellent.

Now when they took action, their target was instantly locked on Yang Chen.

How could Yang Chen not see the small moves these two were making? He trusted Cai Yi's strength and was on the lookout for anyone slipping through or any accidents happening. He could not possibly overlook the actions of Lu Yin and Yu Bei.

“Want to make a move against me?” Yang Chen sneered.

The moment his thought fell, Yu Bei and Lu Yin had already attacked him. These two beasts appeared front and back, their demonic qi erupting wildly.

No, to be more precise, it was Lu Yin below and Yu Bei actually riding on Lu Yin's head, in a very peculiar pose.

This reminded Yang Chen of the ancient saying of the Wolf and the Embarrassment colluding together, with the Embarrassment riding on the Wolf's body; they always prevailed wherever they went.

The Silver Moon Wolf Demon was huge, so its killing power was extremely strong, acting as the vanguard. As its claws struck, the crimson claw marks directly shattered the air, breaking through layers of the air.

This claw mark fully demonstrated the Silver Moon Wolf Demon's strength. Whether it was explosive power or speed, it was top-notch.

However, the Silver Moon Wolf Demon obviously showed mercy and did not intend to kill Yang Chen. Instead, it wanted to use this claw to severely injure Yang Chen first and then capture him.

However, what puzzled both Lu Yin and Yu Bei was that from beginning to end, Cai Yi never thought of protecting Yang Chen. It seemed she thought Yang Chen didn't need protection at all.

As this thought fell, suddenly, the claw mark made by Lu Yin was shattered instantly by a thunderbolt.

Then, Yang Chen dispersed his qi and stood up.

"What, you!" Lu Yin looked at Yang Chen, shocked and angry.

"How could you think she has half-step Spirit Formation Stage strength? And I, a weakling, am not hiding my strength?" Yang Chen sneered coldly.

At this scene, whether it was Lu Yin and Yu Bei or the onlooking Fire-winged Bird Clan, they all could not calm down. Looking at Yang Chen's qi, it was unexpectedly at the high level of the

Heavenly Martial Realm's Fifth Level. Though his martial arts cultivation was not superb, he was far from a weakling.

Both Yu Bei and Lu Yin were shaken for a moment, but since Yang Chen's strength was not as terrifying as Cai Yi's, they quickly calmed down.

"Although I don't know how a Black Money Leopard like you can use thunder and lightning, do you think you have the strength to do anything?" Yu Bei seized the opportunity and suddenly jumped off the Silver Moon Demon Wolf's head.

He had been lurking on Lu Yin's head for a long time; his size was not too large compared to Yu Bei and his presence on Lu Yin's body was difficult to detect. Now that he suddenly jumped out, it caught people off-guard.

As he jumped out, he also slapped out with his claws.

As this claw strike came, the claw marks were the same as Lu Yin's; however, as soon as he made his move, Lu Yin also pressed out with a claw in an instant. The claw marks of the two demonic beasts overlapped, creating an astonishing power surge.

"Hmph, this kid seems to be unaware of the strength we, the Embarrassed and Wolf, can exert together. But let's not kill him. Let him taste the bitterness, and when we capture him, we can threaten that Peacock." Lu Yin laughed, seemingly confident about the outcome.

As the claw marks grew larger, it seemed that they contained a huge, ferocious beast. It abruptly charged out.

A large amount of power directly formed a storm that swept in all directions.

Lu Yin and Yu Bei were confident that their joint attack could defeat Yang Chen, but the next moment, a thunderbolt-formed sharp sword directly rolled toward the storm.

The sword fell swiftly and split the storm in two!

“Is this your ultimate move?” Yang Chen slowly said.

How could he not know the combined strength of the Wolf and the Embarrassed pair would significantly increase? However, with his current strength, he truly didn't fear the joint efforts of the two.

At this moment, he slowly retracted his Lightning Sword while staring intently at the two demonic beasts, Yu Bei and Lu Yin.

Yu Bei and Lu Yin both were terrified.

“How is it possible? How is it possible? Our combined effort could even make a regular Heavenly Martial Realm Eighth Level retreat. How did you do it?” Lu Yin and Yu Bei could not believe the reality before them.

Yang Chen didn't bother to explain. With another swing, a layer of thunderbolts rolled out. Accompanied by terrifying power, it instantly penetrated Yu Bei's chest.

They had already used their techniques, and their resistance was futile. Yang Chen killed Yu Bei in an instant and then entangled with Lu Yin for a while, finally defeating him as well.

The Supreme Martial King Shocking All Realms

Chapter 1385: Chapter 1381: Golden Crow?_1 Chapter 1385: Chapter 1381: Golden Crow?_1 Such a scene was, of course, clearly seen by the Fire Wing Bird Clan.

These elders of the Fire Wing Bird Clan, who were originally planning to quietly watch the changes, couldn't help but gasp. Who would have thought that Yang Chen, who they had underestimated, would be so powerful, swiftly and decisively slaying both Yu Bei and Lu Yin.

Cai Yi was so impressive, and this young man was just as impressive.

Who were these two?

“We need to help now, or it'll be too late.”

“Hurry up and help...”

The people of the Fire Wing Bird Clan were planning to take action. They had already condoned the evil actions of Yu Bei and Lu Yin and the others of the Barking Dog Clan. They did not plan to intervene, thinking that Yang Chen and Cai Yi were doomed. But now, the situation is completely different from what they initially thought.

Yang Chen and Cai Yi were completely unscathed, while Yu Bei and Lu Yin were both killed by Yang Chen.

If they continued to pretend to be ignorant and not take action, they would be truly foolish.

Therefore, after deliberation and consultation, they immediately took action at this moment, hoping to gain some respect from the two.

In an instant, the people of the Fire Wing Bird Clan went out to slaughter, surrounding all the remaining members of the Barking Dog Clan, and doing their best to be helpful.

Yang Chen and Cai Yi couldn't help but sneer at this sight.

Even if Cai Yi was a fool, she could still see the trickery in their actions. She said irritably, "These Fire Wing Bird people are really good at switching sides. When the fight started, they didn't want to help at all and allowed the Wolf and Embarrassment Clans to attack. Now that they see those two clans are in trouble, they immediately turn against them and help us."

"It's human nature." Yang Chen rubbed his eyebrow, not making a big deal of it, nor finding it too strange.

However, it was unlikely for him to ally with the Fire Wing Bird Clan again.

Thus, under the ‘assistance’ of the Fire Wing Bird Clan, the remaining members of the Barking Dog Clan were utterly defeated.

After the demonic beasts of the Barking Dog Clan were completely dealt with, the elders of the Fire Wing Bird Clan enthusiastically approached, smiling, “The Wolf and Embarrassment Clans are really audacious to attack our alliance. They truly deserved their death!”

“Alliance...” Yang Chen scoffed, “There’s no need to talk about an alliance. We don’t have the fortune to ally with you. Let’s part ways.”

“No, please wait, what do you mean by that?” Several Fire Wing Bird elders, seeing how powerful Yang Chen and Cai Yi were, stepped forward, trying to keep them from leaving.

Yang Chen couldn’t help but sneer at the shamelessness of the Fire Wing Bird elders, “I don’t want to be blunt, but are you seriously treating us like fools? Heh, when the Wolf and Embarrassment Clans started attacking, none of you did anything until we fully demonstrated our strength. Then, you pretended to help at the very end. Do you really think we can’t see through your act?”

“Uh...”

The elders were all embarrassed, not expecting Yang Chen’s eyes to be so sharp.

“Hmph, you had better believe that with our strength, we can make you disappear from this world anytime. You were so insincere during the fight. We can use that as a reason to make you pay. Do you still want to push your luck? What, do you think the two of us are easy to deal with?” Yang Chen said icily.

“We know our mistake.” The Fire Wing Bird elders cried out, regretful.

They truly regretted it. If they had known earlier that Yang Chen and Cai Yi would be so powerful, they would never have chosen to not take action.

Unfortunately, there is no such thing as a medicine for regret, and they don’t have such clear eyes to see everything.

Yang Chen waved his hand, “Don’t follow us, or we will kill without mercy.”

Yang Chen led the Red-winged Roc, ready to leave.

The cold air lingered from his words, making the group shiver and not daring to follow them.

However, at the next moment, a childish voice suddenly sounded.

“Please wait...”

If the speaker were one of those elders, Yang Chen might have taken action by now, but the voice belonged to a young girl. Yang Chen narrowed his eyes.

Although he knew that there must be many secrets within the Fire-winged Bird Clan, he didn't want to investigate nor cause trouble.

But now, the root of all the secrets within the Fire-winged Bird Clan suddenly asked him to wait, which made him curious.

This young woman never spoke, but now that she did, it made Yang Chen turn his head.

“Young Lady, what is this...?”

“Young Lady!”

The elders were all panicked, not knowing what the girl was planning to do.

Yang Chen spoke slowly, “What do you want?”

“I sincerely request for the two of you to be our tribe's bodyguards, escorting us back safely.” The young girl bowed her head earnestly.

“On what grounds?” Yang Chen was as cold as ever, his expression colorless.

Although the young girl seemed young, she understood worldly matters. Sure enough, after Yang Chen spoke, the young girl said gently, “We will provide compensation, but not right now. However, we guarantee that the compensation will definitely satisfy the two of you.”

“You mean to give us the compensation after the escort is over, right?” Yang Chen smirked.

“That’s exactly what I mean.” The young girl said.

“You really think we’re fools? Escort you to your territory, then a large group of masters surround us, and by then who do I ask for compensation?” Yang Chen said coldly.

The young girl bit her lip, and then gently said, “Please listen to me carefully.”

Yang Chen wasn’t in a hurry, quietly listening to what the girl had to say.

“Actually, we are not from the Fire Wing Bird Clan, but the Golden Crow Clan.” The young girl said.

“What?” Yang Chen narrowed his eyes.

Cai Yi was also surprised.

The elders of the Fire Wing Bird Tribes were all shocked and said, “Young Lady, what are you doing? You can’t speak nonsense about this.”

“But we have no choice now. With our current injuries, if we encounter the Qilin’s claws, we will surely die.” The young girl spoke softly.

“This...” A few elders sighed, feeling unwilling. However, the young girl had already revealed their identity, and they had no other choice.

“The Golden Crow Clan is far away in the Golden Crow Region, how could you be here?” Cai Yi asked doubtfully.

“Older sister may not know this, but we, the Golden Crows, are the protectors of the Holy Sun. Moreover, the Holy Sun’s power maintenance is managed by us, the Golden Crows. But maintaining the Holy Sun isn’t easy. It requires long-term care and protection, and most importantly, maintaining the balance of Yin and Yang. If the balance is not maintained, the power of the Holy Sun may not harm the people of other continents, but our demonic beast clans and the Golden Crow Clan will be affected.” The girl explained.

Chapter 1386 - 1386 1382 I Want Zhìyáng Yuánjīng_1

Chapter 1386: Chapter 1382: I Want Zhìyáng Yuánjīng_1 Chapter 1386: Chapter 1382: I Want Zhìyáng Yuánjīng_1 Yang Chen nodded, he could understand the term Sacred Sun. It referred to the sun, but for the Golden Crow, the sun was sacred, so it was called the Sacred Sun.

“And then?” Yang Chen asked.

“We have to go to the Extreme Yin Land every year to collect the power of Extreme Yin in order to maintain the Yin-Yang balance of the Sacred Sun, so that its power won’t harm our Jin Wu Clan and other Demon Beasts. That’s why our Jin Wu Clan sends out teams every few decades to search for the Extreme Yin power within the Demon Beasts’ territory, and this time is no exception. However, for some reason, our whereabouts and what we were doing were discovered by the Qilin.” The girl said.

“Oh?” Yang Chen nodded.

Qilin ruled several territories of Demon Beasts, and even the Heaven-reaching Giant Python dared not provoke it. Yang Chen had heard this from Cai Yi before.

“Qilin and our Jin Wu Clan have been mortal enemies for generations. Qilin doesn’t care about the life and death of other Demon Beasts. It has always wanted to consume a part of the Sacred Sun’s power to become a god through Tao proving, but we Jin Wu are the protectors of the Sacred Sun and cannot let it succeed. That’s why we have been bitter enemies for all these years. However, in terms of overall strength, Qilin is not as strong as our Jin Wu Clan, so no matter how much it hates us, it can’t get the power of the Sacred Sun.” The girl said.

From this, Yang Chen gained some important information, it seemed like Qilin was not as strong as the King of the Golden Crows.

“So then, the Qilin Clan tried to target you in order to sabotage your plan to maintain the Sacred Sun?” Yang Chen asked.

“That’s right. Actually, our original party was much larger than it is now. The reason why it has become like this is because we were ambushed by the Qilin Clan, suffered heavy losses, and had to retreat all the way here. We had no choice but to disguise ourselves as Fire Winged Birds in order to survive.” The girl said, a trace of sadness flashing across her face.

Yang Chen gradually understood that with the Jin Wu’s abilities and talents, it was not difficult for them to disguise themselves as Fire Winged Birds.

He said with a hands-behind-back gesture, “So, what’s the point of telling me all this? It’s not like you would just casually reveal your secrets to strangers.”

These words were sarcastically jarring to the ears of the Fire Winged Bird Clan Leader and made him feel embarrassed. Originally, they didn’t have to become strangers.

The Fire Winged Bird girl took a light breath and said, “We know that our actions earlier have deeply hurt both of you, but we also have a clear understanding of your natures from the touch we just experienced. I sincerely want to keep you both with us, which is why I revealed our secrets to you both. It’s just to show our sincerity. Whether the two of you help or not is entirely up to you. If you decide not to help, we will never force you. If you decide to help, our entire Jin Wu Clan will be grateful and repay you generously!”

“You say you’re Jin Wu, do you have any evidence?” Yang Chen became increasingly interested.

If it was any other group, he would have turned and left. Having the Heaven-reaching Giant Python as an enemy was more than enough, he did not want to provoke any Qilins.

However, when it came to the Jin Wu Clan, he really wanted to give it a try. After all, the Jin Wu Clan guarded the Sacred Sun, and the Pure Yang Essence he needed to concoct the Creation Pills

came from within the Sacred Sun they guarded. If he wanted to obtain the Pure Yang Essence, he couldn't do it without the Jin Wu Clan.

Upon hearing Yang Chen's question, the Golden Crow girl in front of him immediately set the flames around her ablaze. The rustling golden flames swept across in the blink of an eye, encompassing all directions.

The unique and unparalleled golden flames seemed to hang in the air like birds, creating a very peculiar scene, as if they had life.

Yang Chen glanced at Cai Yi.

Cai Yi nodded, "That's right, these are the flames of the Golden Crow Clan, they cannot be faked."

Yang Chen uttered a couple of exclamations. He hadn't expected that these people would turn out to be the Jin Wu Clan. He wasn't sure whether this was good or bad luck.

Of course, Yang Chen wouldn't lose his rationality because of the Divine Beauty Creation Pill. He said with an indifferent tone, "Let's be straightforward, little girl. Since you've revealed all your secrets to me, I won't waste any more words. I have no connection with your Jin Wu Clan, not to mention that your current enemy is Qilin. The two of us don't need to make any unnecessary enemies because of your Jin Wu Clan, right?"

The expressions of several Golden Crow Clan elders changed instantly. Their young lady had already revealed all of their secrets, and it was a risky move. If Yang Chen didn't agree, they would have lost a great deal.

However, the Jin Wu girl didn't panic. She said directly, "Whatever the two of you want, just name it."

Yang Chen smiled slightly, this Golden Crow girl was quite clever despite her young age.

"I want the Pure Yang Essence!" Yang Chen said without hesitation.

"What!"

"That's impossible!"

"The Pure Yang Essence is our Jin Wu Clan's sacred treasure! Are you trying to insult our Jin Wu Clan?"

Yang Chen heard this and frowned. It seemed that the Pure Yang Essence was indeed very important to the Jin Wu Clan. If that was the case, it might be troublesome.

Even the Jin Wu girl herself didn't expect Yang Chen to ask for such a thing. She stared intently at him, her face cold, somewhat timid but stubborn, "Are you two sent by Qilin?"

"If we were sent by the Qilin Clan, would any of you still be able to speak now?" Cai Yi said in a lazy tone.

The Golden Crow girl suddenly realized and quickly said with clenched teeth, “I apologize. What Qilin has always wanted is the Pure Yang Essence. The Pure Yang Essence is the essence of the sun. Once it leaves the Sacred Sun, the Sacred Sun will lose its brilliance for a short period of time, and our Jin Wu Clan will be hindered in every way!”

“Hindered in every way?” Hearing this, Yang Chen, who initially thought there wasn’t much hope, now felt that there might be some hope after all.

That’s because the Jin Wu girl didn’t completely deny it. If the Pure Yang Essence were so crucial to the Jin Wu Clan, she would have directly refused on the spot and would not have used such euphemistic language.

This proved that there was still room for negotiation.

Yang Chen didn’t waste any more words, and immediately said, “To be honest, my interest lies only in the Pure Yang Essence. If it’s not possible, then there’s no deal.”

“This... The Pure Yang Essence is a sacred treasure of our Clan, can you think about something else?”

“Yes, the Pure Yang Essence involves too much... ”
These Jin Wu Clan elders said one after another.

Yang Chen shrugged, “You all seem to have misunderstood something. While your sacred treasure might be valuable, do you think our lives aren’t valuable? I don’t think when the nobles come out to collect, their followers will have significantly weaker strength. I’m afraid there must be Half-step Spirit Formation Stage masters protecting them, right? But now, they ended up like this. It just shows the power of Qilin’s minions. For us to protect you all the way back to the Jin Wu Clan, it’s

almost a life and death risk. If we risk our lives to escort you, are we supposed to return empty-handed?”

Chapter 1387 - 1387 1383 On the Road_1

Chapter 1387: Chapter 1383: On the Road_1 Chapter 1387: Chapter 1383: On the Road_1 “This...”

Several Golden Crow Elders were not unreasonable, and after hearing Yang Chen’s words, they felt embarrassed. Indeed, was a human’s life not valuable?

They could only focus their attention on the Golden Crow girl, waiting for her response.

Although the Golden Crow girl was young, she was incredibly shrewd. She gently bit her shell teeth and said, “I understand both of your feelings, but I won’t lie to you. The Zhìyáng Yuánjīng is incredibly important to our Golden Crow Clan. If the two of you escort us back, I can guarantee to help you obtain it, but I cannot guarantee success. My authority is not that great.”

“May I ask your status within your clan?” Yang Chen asked slowly.

“I am the Golden Crow Saintess, and my name is Xiang Yue.” The Golden Crow girl spoke gently, but without a smile.

Upon hearing the name Xiang Yue, Yang Chen rubbed his eyebrows. The Golden Crow named their Saintess after the moon, which seemed to imply there was a great story behind her.

Yang Chen turned his head to look at Cai Yi, who had become more intelligent after following him. She immediately understood and said, “The Saintess holds a high-level position in the Golden Crow Clan, but she indeed cannot decide on the Zhìyáng Yuánjīng.”

After hearing this, Yang Chen took a deep breath, knowing that the little girl Xiang Yue had not lied.

It left him torn between wanting to help and uncertainty. To be honest, he was too obsessed with the Zhìyáng Yuánjīng. If he could obtain it, he could refine the Divine Beauty Genesis Pill, which would transform his destiny and lead to unimaginable achievements in the future.

But the situation was uncertain, making him hesitate.

After some deliberation, he finally said to Xiang Yue, “Alright, I can agree to your terms, but all of you must swear that if we escort you to the Golden Crow Area, you will do your best to help me obtain the Zhìyáng Yuánjīng.”

“No problem,” the people of the Golden Crow Clan all agreed.

“There is a restriction here. This restriction is a binding oath. Once you plant it and swear, if you fail to fulfill your promise, the restriction will punish you. I don’t think my request is too much, right?” Yang Chen said.

“Not at all. Since we have made this deal, we naturally dare to swear.” Xiang Yue was the first to take up the restriction and implanted it into her forehead.

“Holy Maiden.” The other Elders anxiously called out. Nowadays, they no longer called her young lady, but directly addressed her as Holy Maiden.

Yet Xiang Yue was decisive. After planting the restriction, she immediately shouted, “I, Xiang Yue, swear that if I return safely to the Golden Crow Area, I will do my best to help my two friends obtain the Zhìyáng Yuánjīng. If I break this oath, may I be bitten to death by the power of restriction!”

Seeing Xiang Yue make such a vow, the other members of the clan no longer hesitated, and implanted the restriction one after another, swearing as well.

Observing this, Yang Chen clasped his hands behind his back and nodded with satisfaction. Now that these people had sworn, whether they could obtain the Zhìyáng Yuánjīng would totally depend on fate. If he was destined to possess it, it would eventually fall into his hands.

To defy fate, one must first obey fate!

“It’s a pity that the Red Winged Roc has been restricted and can only take us to the Tiger Fang Region, after which it will immediately return. We can’t force it to stay, and we don’t have enough tools to continue on our own. So the road back will be difficult,” Xiang Yue sighed.

“That’s easy.” Yang Chen smiled slightly.

The people of the Golden Crow Clan were all astonished. “You have a solution?”

Yang Chen didn't answer, but just stroked the head of the Red Winged Roc. Although the Roc enjoyed the attention, it remained silent, as its right to speak had been sealed by the power of the restriction.

However, Yang Chen had plenty of methods. He immediately summoned the people of the Fishpeople Tribe.

"Young Master."

The mermaids all respectfully addressed him.

Yang Chen ordered, "Remove the restriction on this Red Winged Roc."

"Yes, Young Master." Several mermaid people worked together, and in a short time, more than half of the restrictions were removed. The restrictions posed no pressure to these mermaids.

The main reason was that the demonic beasts' restriction techniques were too crude and far inferior to those of humans. So, when the Fishpeople Tribe easily dealt with human restrictions, removing those on the demonic beasts was even simpler.

In just a short amount of time, the restrictions inside the Red Winged Roc were completely removed.

At this moment, when Yang Chen stroked the head of the Red Winged Roc again, it reverently said, "Thank you for saving me. From now on, you are my master."

For Red Winged Rocs like them, they had been tormented by restrictions since birth, living in darkness. All they experienced in their lives were suffering and hardships, with no other life expectancy.

Only because the power of the restriction in their minds could not be resisted did they feel relieved when it was removed. The Red Winged Roc recognizing Yang Chen as its master on the spot showed its determination after being freed.

Yang Chen kindly asked, "Are you willing to carry us all the way?"

"I am willing to serve my master." The Golden Crow spoke somewhat awkwardly, obviously due to being sealed for many years.

"These Red Winged Rocs are so pitiful." Cai Yi pouted and said, her heart aching.

Yang Chen gestured to the mermaid women to remove the restrictions on the Red Winged Rocs of the Golden Crow Clan as well.

"Golden Barbarian Bull Clan, sorry." Yang Chen said snickered in his heart.

However, he didn't feel much guilt. For the Spirit Stones he spent, it was enough to buy a Red Winged Roc. It was the Golden Barbarian Bull Clan that was asking an outrageous price, demanding tens of thousands of top-grade Spirit Stones for a single ride.

Seeing all this, the members of the Golden Crow Clan looked at Yang Chen with astonishment and amazement.

They all knew that Yang Chen was extraordinary. But the appearance of the Fishpeople Tribe and their ability to remove restrictions truly impressed them.

In no time, the restrictions on another Red Winged Roc were removed, and grateful expressions filled its face.

"May I know the names of the two of you?" Xiang Yue asked curiously.

"Yang Chen." Yang Chen replied.

"Cai Yi." The Seven-colored Peacock also showed a smile, "He is my husband, and we are a couple."

"..."

Xiang Yue addressed them warmly, "Brother Chen, Sister-in-law Cai Yi."

Hearing the title “Brother Chen”, Yang Chen felt warmth in his heart, but the following “Sister-in-law” left him feeling extremely awkward. He could only helplessly glance at Cai Yi, now unable to explain.

Cai Yi was not serious at all. Now, seeing Yang Chen’s helpless expression, she even more openly hugged his shoulder, expressing her affection unreservedly.

“Let’s get on our way.” Yang Chen said with a feeling of helplessness.

Chapter 1388 - 1388 1384 Crisis Lurks Everywhere_1

Chapter 1388: Chapter 1384: Crisis Lurks Everywhere_1 Chapter 1388: Chapter 1384: Crisis Lurks Everywhere_1 The Red Winged Roc’s speed advantage lies in its swiftness and stability.

Normally, if the Red Winged Roc were to move too fast, it would undoubtedly face endless resistance, affecting the stability of its speed. However, when the Red Winged Roc spreads its wings, it completely ignores these factors, without encountering any resistance at all.

This allows them to fly smoothly and steadily along the way. In just a little over two days, the clouds in the sky have completely changed their appearance.

Looking down, Xiang Yue blinked her big eyes and said, “Brother Yang, sister-in-law, we’ve reached the Tiger Fang Region, and the largest tribe here is the Blade Tiger Clan!”

Upon hearing the Blade Tiger Clan mentioned, Yang Chen couldn't help but pause, and he exchanged a glance with Cai Yi, clearly having not anticipated this. Although Cai Yi has some understanding of the monster tribes, time changes things, and no one can guarantee that her knowledge from back then still holds up today.

Who would have thought that after finally leaving the Wasteland Zone to escape the pursuit of the Blade Tiger Clan, they would end up right in their territory?

What kind of luck is this?

Fortunately, Xiang Yue continued, "But the Blade Tiger Clan should mostly be attacking the humans now, and there probably won't be many of them remaining at their main camp."

Hearing this, Yang Chen knew that he was most likely worrying over nothing. Right now, the Blade Tiger Clan was in the Thirty-six Eastern Counties. Even if Emperor Ren Hu wanted to hunt him down, he wouldn't be able to predict that he would be in the Tiger Fang Region, waiting for him.

Yang Chen said, "Let's find a place to rest for a while. We should recuperate properly before setting off again after this long journey."

"Alright, whatever Brother Yang says," Xiang Yue nodded gently, showing her obedience.

During their journey, Yang Chen and Xiang Yue have talked a lot. He found Xiang Yue to be a very well-behaved, gentle girl, just like a lady in the human world.

Well-read and skilled in literature and martial arts, she called him “Brother Yang” sweetly, which could soothe a man’s bones. The only downside was that for some reason, she never smiled. Up until now, Yang Chen had not seen her smile even once.

Finding this strange, Yang Chen thought about looking into it but decided against it in the end.

As such, the group stopped at a town within the Wasteland Zone. However, their Red Winged Roc was a highly prized possession, so they didn’t reveal it to others. Instead, they found a place and hid the Red Winged Roc inside the Eight Extremities Flowing River Space.

If they were to expose it in public, considering the rarity of the Red Winged Roc, it would certainly induce others’ greed. At the moment, their team’s style forbade anything high-profile.

When they reached the Tiger Fang Region, they found that its richness far surpassed that of the Wasteland Zone. The Wasteland Zone wasn’t called that for no reason.

In fact, at a glance, although the monster territories looked barren and desolate, their wealth was in no way inferior to that of humans – they were even more affluent.

Take the Red Winged Roc’s price for example – even a Peak of Heaven Martial Realm expert wouldn’t waste tens of thousands of Spirit Stones on transportation if they were in the human world.

In the end, it all came down to two factors: first, the monster territories were vast, with resources that were far more abundant than those of humans; and second, humans were far more intelligent and frugal than monsters. They used most of their resources for construction and cultivation, and even if they had some extra money, they were very stingy with it, unlike the monsters.

And so, the group found a place to stay in the city within the Tiger Fang Region – something they couldn't have done in the Wasteland Zone.

While the conditions were still miserable, they could at least rest their feet for a few days.

Yang Chen stayed close to the Golden Crow Team along with Cai Yi, providing protection for them.

As such, after everyone settled down, Yang Chen immediately called Xiang Yue to his side.

After finding a place to stay, Xiang Yue changed into a fiery red dress. When she returned, Xiang Yue's youthful elegance couldn't be hidden as she asked gently, "I heard Brother Yang was looking for me?"

Yang Chen said, "Please, take a seat, Miss Xiang Yue."

Xiang Yue wasn't sure what Yang Chen wanted, so she just stared at him and Cai Yi in surprise.

Without dragging things out, Yang Chen got straight to the point and asked, "I want to know the specific process of how the Kirin underlings hunted you down. You could probably guess why I want to know this – Cai Yi and I need to be prepared at all times for potential hidden dangers."

With Xiang Yue's intelligence, she could of course see through these reasons. While she was still young, her mind was much sharper than Cai Yi's.

She immediately recounted the details of the Kirin Clan's pursuit in full. As Yang Chen listened closely, he frowned tighter and tighter.

As he expected, Xiang Yue originally had several strong experts by her side. It made sense that the Golden Crow Clan, occupying the top spot among the monster kings, had a formidable traveling party. With three half-step Spirit Formation Stage experts and over a dozen Peak of Heaven Martial Realm experts, they were practically unrivaled in the Wasteland Zone.

However, the Kirin underlings were even more formidable, dispatching a Spirit Plate Emperor to lead several underlings in a surprise attack.

This attack caught both the Golden Crow Clan and their traveling party off guard. In an instant, the Golden Crows suffered heavy casualties.

But their party wasn't completely defenseless against the Kirin underlings. Although they had a Spirit Plate Emperor leading the charge, they didn't completely annihilate the traveling party. The Golden Crow Team managed to escape after paying the price of losing two half-step Spirit Formation Stage masters.

What made Yang Chen feel something was off was that even after the Golden Crow Team had evidently escaped, the very same Kirin underlings inexplicably found and attacked them again.

That time, the Golden Crow Team suffered even worse casualties, with 90% of them dying, leaving only a fraction of the original team. There weren't even a few Peak of Heaven Martial Realm experts left - only a few Earth Martial Realm Golden Crow attendants and scattered Peak of Heaven Martial Realm elders survived.

These survivors managed to escape eventually, and then they met Yang Chen, finally forming an alliance with him.

“That’s how everything happened,” Xiang Yue recounted without any omissions.

Yang Chen rubbed his eyebrows, “How strange.”

Xiang Yue looked puzzled, “Brother Yang, what do you think is strange?”

“Yes, what’s strange about it?” Cai Yi also inquired.

Yang Chen said, “Spirit Plate Stage masters are worlds apart from half-step Spirit Formation Stage masters. Frankly, I don’t think a Spirit Plate Stage master would personally attack and let your team live a second time.”

“Our Golden Crow Clan has our own secret arts, which allowed us to escape,” Xiang Yue explained.

Yang Chen nodded, “Then the key question is, how did the Kirin underlings find you all for the second time.”

“I’ve considered that question too. I think it must be a combination of their luck and our own carelessness,” Xiang Yue said after some thought.

Chapter 1389 - 1389 1385 The Fish is Already on the Hook_1

Chapter 1389: Chapter 1385: The Fish is Already on the Hook!_1 Chapter 1389: Chapter 1385: The Fish is Already on the Hook!_1 “Are you sure they didn’t leave any tracking prohibitions on you?” Yang Chen narrowed his eyes and asked bluntly.

“Actually, Brother Yang, I and the elders of the clan had suspected this too, but later it was denied. We’ve checked ourselves, and found no trace of any prohibition. The Qilin underlings couldn’t track and kill me through this.” Xiang Yue told the truth without any omissions.

Cai Yi, puzzled, said, “Yang Chen, you’re always suspicious of everything, could you be overthinking this time?”

Yang Chen didn’t answer, he was confident in his judgement and wouldn’t easily suspect something unless there was good reason. If he determined an issue, then there was a high likelihood it was a problem.

With that thought in mind, Yang Chen suddenly grabbed Xiang Yue’s arm.

“Don’t move, let me check,” Yang Chen said solemnly. Since he promised to protect Xiang Yue, he wouldn’t break his word and had to ensure her safety.

Xiang Yue didn't resist, but Yang Chen frowned soon after. She seemed to be in good physical condition and had no prohibitions within her body.

If the Golden Crow Clan members' examination was not comprehensive, then he was very confident in his own methods. There would be no mistakes in his investigation.

"How is it?" Xiang Yue asked.

Yang Chen shook his head.

Cai Yi pouted, "I told you that you were overthinking, but you didn't believe me."

Yang Chen said, "There are no prohibitions on her, but that does not mean there are no similar tracking prohibitions on others. Furthermore, prohibitions are not the only means of tracking."

"What does Brother Yang mean..." Xiang Yue couldn't help but ask.

Yang Chen slowly said, "There are two easiest ways I can think of now. One, one of you has a prohibition. It is not difficult to judge this. Tomorrow morning, gather everyone together, and I will have a way to find out. Second, there could be a traitor. If there is indeed a traitor working with the Qilin underlings, then things will be much more troublesome."

"A traitor? Impossible! There can't be any traitors in our Golden Crow Clan!" Xiang Yue was very confident.

“On what basis do you think there cannot be a traitor in your Golden Crow Clan?” Yang Chen didn’t answer, but stared at Xiang Yue intently.

Xiang Yue was speechless. Indeed, what made her think there were no traitors in their clan?

Seeing Xiang Yue’s expression, Yang Chen knew that the idea of a traitor might be very difficult for the little girl to accept. He rubbed his eyebrows and said, “Xiang Yue, you don’t have to worry too soon, this is just my speculation. The accuracy of it will be determined tomorrow.”

“Brother Yang is resourceful, but if there is a traitor, they must be very well hidden. How can Brother Yang find them?” Xiang Yue asked, puzzled.

Yang Chen calmly said, “I have my ways.”

After talking for a bit longer, Xiang Yue went back to her room, clearly struggling to accept the idea of there being a traitor that Yang Chen had mentioned.

This irritated Cai Yi, who said, “She’s still so young, why did you have to tell her all that stuff? I think you’re looking for trouble where there is none. Where’s the traitor? You’re worrying over nothing.”

However, Yang Chen didn’t care to explain, but just yawned and said, “No worries, you’ll know soon.”

Cai Yi rolled her eyes, not knowing where Yang Chen got such confidence. She didn't feel the slightest presence of a traitor.

Then, on the second day, time had arrived.

As instructed by Yang Chen, Xiang Yue summoned all the Golden Crow Clan members. When Yang Chen and Cai Yi appeared, all members showed their respect. They all knew well that the life and death of the Golden Crow team were closely related to Yang Chen and Cai Yi.

Now, Yang Chen sat down and said indifferently, "I called all of you here early to discuss our upcoming journey."

While speaking calmly on the surface, in secret, Yang Chen had already given instructions to the Fishpeople Tribe.

Soon, the women of the Fishpeople Tribe came to a conclusion: "Young Master, there is no fluctuation of prohibition power to be found on these people."

Yang Chen nodded, and then looked at all the Golden Crows around him.

As for Yang Chen's plan to fish out the traitor, Xiang Yue knew very little, let alone the others.

Many asked, “Wasn’t it said that we would rest for a few days before setting off?”

“Last night, I thought a lot about it, and it seemed that the Qilin underlings might appear at any time. With our current combat strength, our chances of defeating the Qilin underlings are slim. Therefore, for safety, I think we should split into two groups, one as the main force and the other as a cover. This way, whether the main force or the cover is caught, at least the other party is safe, and some seeds can be left. Furthermore, it can also create a mist effect against the Qilin underlings.” Yang Chen explained slowly.

“This plan could work...”

“I think it’s feasible. We’ll split into two groups and leave our fate to the heavens.”

“However, we must make sure that there are more protection forces around Holy Maiden!”

After discussing for a while, the elders surprisingly agreed that Yang Chen’s plan was feasible.

“Yang Chen, my friend, we think your plan is feasible, but the details need to be discussed further.”

“Of course, that’s no problem!” Yang Chen smiled amiably.

And so, after going back and forth, they sat down to discuss, for several hours, and finally reached a conclusion. They would set off in two groups at noon the next day.

Yang Chen, Cai Yi, and a few other experts would protect Xiang Yue, the Saintess, while the remaining members would form another group to draw attention.

In this way, both groups journeyed back to the Golden Crow Region, avoiding many casualties.

In the end, everyone was happy and began preparing for the journey.

However, Yang Chen didn't discuss the preparations at all after returning to his room, but instead spread his soul out.

"The bait is set, and now we wait for the fish," Yang Chen mumbled to himself.

If there were a traitor among the Golden Crow Clan, then such big news wouldn't go unreported overnight.

"I don't believe there's a traitor," Cai Yi pouted.

"How about we make a bet?" Yang Chen confidently said.

"What's the wager?" Cai Yi asked curiously.

“You decide,” Yang Chen said.

Cai Yi laughed, “If you lose, you’ll do whatever I want. If I win, you’ll let me do whatever I want.”

“...” Yang Chen, after a moment of stunned silence, said, “Why do I feel like both scenarios involve you taking advantage of me?”

“Really?” Cai Yi giggled.

Just as Yang Chen was about to say something, suddenly his eyebrows raised, “You’ve already lost, the fish has bitten.”

Chapter 1390 - 1390 1386 Difficult to Distinguish Between

Chapter 1390: Chapter 1386: Difficult to Distinguish Between True and False_1 Chapter 1390: Chapter 1386: Difficult to Distinguish Between True and False_1 At first, Caiyi didn’t quite understand, but soon, she was enlightened.

Because a Golden Crow Elder, under the cover of night, sneaked out with prohibitions wrapped around his body to prevent divine soul detection. However, what kind of person was Cai Yi? With a careful divine soul search, everyone below the Great Emperor had nowhere to hide.

“What is this man up to?” Caiyi said with annoyance.

“Why don’t we go and find out?” Yang Chen smiled.

Although Caiyi wasn’t very pleased, she agreed and followed Yang Chen to see what the Golden Crow elder was up to.

“I remember him; his name is Wusu, with the strength of the Sky Martial Realm Second Layer, and has a high status within the Golden Crow team.” Caiyi said.

Yang Chen nodded and locked his gaze on the man.

Wusu left the team’s resting place and proceeded quietly. After walking around the entire city, he finally found an extremely secluded spot to stop.

Yang Chen and Caiyi had been following him all along without letting out even the slightest hint of their presence.

Upon arriving at this secret place, Wusu carefully looked around, obviously not feeling very secure. However, after a thorough examination, he found nothing and finally let his guard down.

Afterward, he quickly took out a box and opened it.

As soon as the box was opened, smoke suddenly rose, and within the smoke, an image appeared.

It was just like a mirror, displaying before Wusu.

As soon as the smoke formed the image, Wusu hurriedly said, "Greetings, Lord Hu Xiang!"

In the smoke, there suddenly appeared an elephant as colossal as a mountain, with fierce fangs and fierce eyes like a tiger.

Yang Chen looked at its eyes and was suddenly alarmed, feeling cold sweat. He knew that this was only an image, not the real thing. The feeling it gave him showed that this Hu Xiang was extraordinary, absolutely above Caiyi's strength.

"There's no tail behind you, right?" Hu Xiang said coldly.

"I can guarantee that there's absolutely no tail!" Wusu said confidently.

"Humph, if you expose me and affect Lord Qilin's grand plan, I will make you die miserably. Tell me, what do you have for me today? Any information or clues?" Hu Xiang said coldly.

Hearing Yang Chen mention Lord Qilin, he confirmed that there was indeed a traitor within the Golden Crow team, and that traitor was Wusu.

Caiyi was upset; she was too confident in challenging Yang Chen, only to find out that she was indeed a fool, and Yang Chen's guess was correct.

"Humph." Caiyi was sulking inside.

Meanwhile, Wusu nodded and bowed, saying, "Lord Hu Xiang, it's like this. I've received specific information. The Golden Crow team intends to..."

Before he could finish speaking, a bolt of lightning suddenly flashed, and the box was instantly shattered, turning into a wisp of blue smoke and disappearing without a trace.

This scared Wusu, who stared directly at Yang Chen in front and suddenly paled, "You, Yang Chen, how did you find this place?"

"If one wants to keep things hidden, they must not do things that others would discover. Brother Wusu, what were you doing just now?" Yang Chen said slowly, "Who is Lord Hu Xiang? And who is Lord Qilin... You seemed to want to share the whereabouts of our Golden Crow team just now."

"No, no, Yang Chen, you misunderstood, you misunderstood!" In his panic, Wusu tried to deny what he had done.

Now insisting that he didn't do anything, and with the box that they used for messaging destroyed by Yang Chen, he didn't believe there was any other evidence to prove his guilt.

However, Yang Chen had no wasted words. He quickly wrapped Wusu in a net of thunder and lightning and bound him together.

“Yang Chen, let me go! You’re not a member of the Golden Crow Clan, and you don’t have any substantial evidence that I betrayed the Golden Crow team. Do you think you can gain something by taking me back now? I’m telling you, it’s impossible. You won’t gain anything. It’s better to let me go now and we’ll each mind our own business. You’ve sensed the oppressive force from Lord Hu Xiang. You’re smart, so you should guess what will happen if you continue to oppose Lord Qilin. You have no connection with my Golden Crow Clan, so it’s not too late to leave and let me go.” Wusu shouted angrily.

Yang Chen raised an eyebrow and calmly said, “You’re right, for me now, letting you go is the best choice.”

After all, if he continued down this path, he would undoubtedly end up in muddy waters.

Hearing Yang Chen’s words, Wusu was instantly relieved.

But soon, Yang Chen tightened the binding painfully, causing Wusu to scream out in confusion.

“But you don’t seem to understand that I knew I was getting involved in muddy waters from the beginning, and I chose to do so anyway. We’ve come this far; the danger isn’t a reason to let you go.” Yang Chen said coldly.

Hearing Yang Chen say this, Wusu, who was still in pain, roared, “Yang Chen, you will regret this, you will regret it!”

Yang Chen ignored him and brought Wusu back to the Golden Crow team.

When they returned, it was daylight, and everyone in the team was prepared and ready to set off. They were worried because they couldn't find Yang Chen and Caiyi, but in the blink of an eye, Yang Chen returned with Caiyi and Wusu.

When Yang brought Wusu back, everyone in the Golden Crow team wore a puzzled expression, not knowing what Yang Chen was doing.

Only Xiang Yue seemed to understand some of the situation and pondered after a slight judgment.

“Young friend Yang, what's going on?”

“Yes, Miss Caiyi, what's going on here?”

Wusu was now howling, but Yang Chen didn't spare any face. He threw Wusu harshly to the ground and slowly said, “I understand that everyone may be doubtful, but I will explain everything one by one. I hope you all won't be anxious.”

The other Golden Crow team elders indeed had puzzled expressions on their faces, waiting for Yang Chen's answer.

It didn't take long for Yang Chen to explain everything from start to finish.

This made the other Golden Crow team elders shrink their eyes in surprise, exclaiming, "Impossible, Wusu has been with us for hundreds of years, how could he betray the Golden Crow Clan?"

"Yes, how could Wusu betray us? I know Wusu too well, and he can't betray us."

"Wusu could never betray us."

The Golden Crow elders talked back and forth, undoubtedly giving Wusu full confidence. Wusu, who had been disheartened, yelled, "I've been wronged!"

Chapter 1391 - 1391 1387 The Truth Revealed_1

Chapter 1391: Chapter 1387: The Truth Revealed_1 Chapter 1391: Chapter 1387: The Truth Revealed_1 As he shouted out loud, it really softened the hearts of the other Golden Crow Elders.

Wusu seized the opportunity and said immediately, "Yang Chen, you are obviously accusing me first. You say I betrayed the Golden Crow Clan, do you have any evidence? I think you are the one who betrayed us. Hmph, Yang Chen, when you and Cai Yi appeared, I felt that there was something fishy about you two. After everything, you still wanted to directly demand the Zhìyáng Yuánjīng. I think you are the Qilin Faction's pawn."

Wusu's words confused everyone.

The wife said the wife was right, the daughter-in-law said the daughter-in-law was right.

Subconsciously, these people still believed in Wusu because they knew him better and had been with him for so many years. They didn't think there was a problem with Wusu.

On the contrary, Wusu's words just now made them feel that Yang Chen seemed to be more problematic.

Not to mention anything else, Yang Chen was indeed more problematic in a certain sense. He deliberately concealed his strength, had an unclear background, and wanted to obtain the Holy Relic of the Golden Crow Clan, the Zhìyáng Yuánjīng. Each point made them feel like the two were from the Qilin Underlings.

This made quite a few people look at Yang Chen and Cai Yi with increasingly unfriendly expressions, feeling that they had big problems.

Cai Yi couldn't stand it any longer and snorted, "What, do you think Yang Chen and I have problems?"

"We just want to understand what really happened."

"That's right, Yang Chen, you said there's a problem with Wusu. So how do you prove there's a problem with Wusu, and how do you prove that you have no problem yourself?"

“We want to see the truth, not random slanders!”

Several people spoke one after another, and after a while, the situation became even more favorable for Wusu.

This made Wusu show a smile, secretly cursing Yang Chen for being an idiot. He had warned Yang Chen not to go against him, but Yang Chen just wouldn't listen. Now, just see who was trusted more?

His old friends were very supportive at this time, one by one pointing their fingers at Yang Chen, who had no defense.

Cai Yi couldn't help but get angry; after all, with her strength, she could easily kill everyone present. However, under Yang Chen's signal, Cai Yi held back.

At this moment, Yang Chen expressionlessly scanned the surroundings and then coldly said, “Before explaining the evidence, I would like to remind you all that I came here to cooperate with the Golden Crow Clan, not as a subordinate. I hope you can understand, so before you talk to me, please figure out your tone and attitude. It's better not to cause any misunderstandings, after all, I don't think any of you can bear the wrath of the two of us.”

“You, are you threatening us?” The Golden Crow Elders stared wide-eyed.

Yang Chen was so angry that he laughed, “Threatening you? No, I'm just stating a fact, remember, if Cai Yi and I really wanted to kill you, you wouldn't be alive until now.”

Upon hearing these words, the Golden Crow Elders became quiet, not daring to speak out.

Indeed, Yang Chen was right, if he really wanted to kill them, the entire Golden Crow team wouldn't be alive until now.

However, they were now puzzled, why did the Qilin Underlings, the Tiger Elephant Emperor, leave them alive if they could easily find out their whereabouts?

As they were puzzled, Yang Chen raised his hand and directly pressed it on Wusu's forehead.

This made the Golden Crow Elders look at Yang Chen in surprise, exclaiming, "What, what is this for?"

Yang Chen's tone was chilling, "You'll know later."

Yang Chen directly used his powerful Divine Soul Power to enter Wusu's Sea of Consciousness, destroying his consciousness, making Wusu become rigid.

"This, this is..." A few Golden Crow Elders saw Wusu's appearance, how could they not know what Yang Chen was doing? They were just amazed that Yang Chen could do this with only a slightly higher Cultivation Level than Wusu.

After all, this kind of intensified interrogation method was difficult for even Cai Yi, who was at the Half-step Spirit Formation Stage, to achieve stably. It had to be done across a huge gap in the cultivation realm or when the opponent had completely given up resistance.

Yang Chen was now using a special method of interrogation.

Nowadays, Wusu had no self-consciousness.

“Alright, you should all know what I did to him. There will be no safety issues with Wusu now. He just had his self-consciousness locked for a short time. Now he is controlled by memory. All you have to do is ask, and his answer will be the most truthful answer in his memory. I think this is the best way to tell whether Wusu is a spy or not.” Yang Chen said lightly.

Several Golden Crow Elders looked at each other, and then without hesitation, they began to ask questions.

“Wusu, is what Yang Chen said true?” A Golden Crow Elder asked.

“Yes, it’s absolutely true.” Wusu replied.

As these words fell, the Golden Crow Clan members couldn’t believe Wusu’s words. However, Wusu’s current state could not possibly be lying.

“You, why did you betray us? Why did you join the Qilin Faction and become their pawn?” All the Golden Crow Clan members couldn’t believe it, their voices trembling as they spoke.

Upon hearing this, Wusu's tone was as cold as ever, his expression indifferent, "Hmph, I had been stuck at the Half-step Heavenly Martial Realm for many years, unable to take the last half-step. I asked the clan for a Shenzhen Yang Fruit to break through to Sky Martial Realm, but the clan never approved my request. Lord Qilin promised to help me reach the Sky Martial Realm. I have grown cold-hearted towards the clan, and only Lord Qilin can give me a brilliant and resplendent future. The Golden Crow Clan has long been decaying, while Lord Qilin symbolizes immortality!"

Hearing these words, the Golden Crow Clan members were furious.

"Wusu, you ungrateful wolf! Betraying your own clan."

"Yang Fruit is only given to those who have a high probability of successfully breaking through to the Sky Martial Realm. You only had a one in ten chance of success back then; how could the clan give you such a treasure?"

Many Golden Crow Elders sighed after understanding the situation.

As the Golden Crow Elders were sighing, Xiang Yue suddenly spoke, "After you joined the Qilin Underlings, did you leak our whereabouts to the Tiger Elephant Emperor?"

"Of course, I did. All the news came from me. The Tiger Elephant Emperor didn't plan to kill you all in a hurry, he wanted to torture you slowly, so he let you escape. Otherwise, where do you think you could have escaped to?" Saying this, Wusu showed a proud expression.

"Why didn't the Tiger Elephant Emperor kill me? Is it just because he wanted to torture me?" Xiang Yue gritted her shell teeth.

Chapter 1392 - 1392 1388 You Have to Ask Yourself_1

Chapter 1392: Chapter 1388: You Have to Ask Yourself_1 Chapter 1392: Chapter 1388: You Have to Ask Yourself_1 “Of course, it wants to torment you!” Wusu sneered, “As a Saintess of the Golden Crow Clan, don’t you think you’re worth being played with? Hahaha, it’s ridiculous how a little girl like you has a higher status than me. I’ve served the Golden Crow Clan for so many years, yet I’ve never received such treatment. Why do you, a child, deserve to be superior to me? It’s unfair. Seeing you being abused, seeing you being humiliated by Lord Hu Xiang, I feel so excited. It’s wonderful!”

As he said this, Wusu licked his lips greedily. Apparently, he was revealing his true thoughts at the moment.

When his words fell, all the Golden Crow Clan members closed their mouths, as if they had misheard something.

But that was the reality, nothing could be more real than this moment.

Wusu’s words, most of the time, were the words of the other Golden Crow Clan members. Yang Chen could see that there were probably more than one person who was dissatisfied with Xiang Yue, they just didn’t dare to express it.

How could Xiang Yue, being so smart, not guess this?

She lowered her head in sadness and quietly sobbed.

Seeing this, Yang Chen coldly said, "Ladies and gentlemen, do you have any more explanations to ask me for?"

"This..."

In an instant, all the Golden Crow Clan members became embarrassed, and after a while, they finally cried, "His sins are unforgivable! Unforgivable!"

"He deserves to die!"

"Kill him!"

Yang Chen immediately waved his hand, and then his soul completely withdrew from Wusu's head. Wusu also woke up quickly. When he regained consciousness, his face became pale and he looked around, listening to the sound of people condemning him.

"No, don't kill me, don't kill me." Wusu realized what Yang Chen had done to him and what he had just said. He knew that his chances of survival were slim, so he immediately cried out.

However, at this point, no one had any pity for him. Yang Chen directly attacked, the thunderlight flashed, and Wusu was instantly killed.

Wusu died in Yang Chen's hands without any resistance.

After Wusu fell, when many Golden Crow Clan members looked at Yang Chen's face, they gradually became more apprehensive. Just now, they had been disrespectful to Yang Chen, and even if Yang Chen caught one of them to make an example, they had no way to fight back.

If it were someone else, they would have done so, but Yang Chen held back. He knew very well that now was not the time to do these things.

From the position of protecting Xiang Yue, he must prioritize Xiang Yue's safety above everything else!

With this in mind, Yang Chen directly said, "There's one more thing I haven't mentioned. Wusu has already opened communication with the Tiger Elephant Emperor, and when my appearance caught Wusu, the Tiger Elephant Emperor knew. So, if nothing unexpected happens, the Tiger Elephant Emperor may find us at any time. We need to split up and leave immediately to avoid being caught by the Tiger Elephant Emperor."

Hearing this, all the Golden Crow Clan members broke out in a cold sweat.

"What, the Tiger Elephant Emperor could arrive at any time?"

It's ugly to say, but those who were sacrificed were all ambitious people of the Golden Crow Clan, while those who remained were slick and slippery types. They were the kind who would shrink back and cower in fear when it came to actually fighting. This was why they had survived until

now. These people usually valued their own lives very much. Hearing that the Tiger Elephant Emperor could arrive at any time, they immediately panicked and scattered.

As for leaving immediately, they would not hesitate.

“Follow the original plan to leave, Cai Yi and I will personally protect Xiang Yue. Who will join us?” Yang Chen said.

Hearing this, many Golden Crow Clan members looked at each other but didn’t immediately step forward. Even a fool could see that Yang Chen had ruined the Tiger Elephant Emperor’s plan, and the Tiger Elephant Emperor surely hated Yang Chen to the bone.

Yang Chen secretly shook his head, and only six Golden Crow Clan members stepped forward in the end.

As for this, Yang Chen had no complaints. He simply said, “In that case, let’s split up into two groups, everyone, take care!”

After exchanging a few polite words, Yang Chen left with Cai Yi and Xiang Yue.

On the way, Xiang Yue spoke even less than before. It was not hard to see that she had been deeply hurt by Wusu’s words and the behavior of the other Golden Crow Clan members.

She had never thought that those who once respected her so much would have such thoughts in their hearts.

“Their thoughts are just narrow-minded ideas. Indeed, you became a Saintess and enjoyed such treatment unconditionally, which is unfair in some sense. But have you ever thought that your becoming a Saintess was the choice of the clan? The Saintess is unique, and so are you. Only you can accomplish the task. What you need to think about now is how to do your duty, not to be sentimental.” Yang Chen slowly said.

Hearing this, Xiang Yue’s body trembled slightly, and she said softly, “Thank you, Brother Yang, for your words. They’ve opened up my mind a lot.”

Yang Chen laughed heartily, “Since you call me Brother Yang, it’s my duty to help you. Speaking of which, there’s still a problem we need to figure out now. Otherwise, on this journey, I’ll still have trouble with peace of mind. Danger may be lurking at any time.”

“What danger is there? You’ve already guessed their thoughts, and we’ve taken measures to deal with them. What else could be dangerous?” Cai Yi asked.

Yang Chen rubbed his eyebrows, “A danger you can see is not really the danger. Don’t you find it strange, the same question still remains. Why hasn’t the Tiger Elephant Emperor killed the Golden Crow Team when he clearly could have done so at any time?”

“Didn’t Wusu just say that it was to torture Xiang Yue?” Cai Yi rolled her eyes.

“Do you believe that too?” Yang Chen chuckled.

“But you said it yourself. When he was in that state, everything he said was true, and it came from his memory. Have you forgotten?” Cai Yi said with wide eyes.

Yang Chen helplessly laughed, “Indeed, in that state, what he said was true, but that’s just what he believed to be true. He thought that the Tiger Elephant Emperor wanted to torture Xiang Yue, so that’s what he said. But the reality is, what the Tiger Elephant Emperor really thinks, what he knows, may not be true.”

“So, Brother Yang means that the Tiger Elephant Emperor didn’t kill me just for tormenting me, but it’s just Wusu’s idea and belief?” Xiang Yue said.

“Right.” Yang Chen smiled. “You are much smarter than her.”

“Hmph.” Cai Yi glared with her eyes.

“Then why didn’t the Tiger Elephant Emperor kill me?” Xiang Yue was very curious.

“That’s something you have to ask yourself.” Yang Chen said slowly.

Chapter 1393 - 1393 1389 Jingyang Holy Body_1

Chapter 1393: Chapter 1389: Jingyang Holy Body_1 Chapter 1393: Chapter 1389: Jingyang Holy Body_1 “Ask me?” Xiang Yue looked puzzled.

Yang Chen nodded. From this, it seemed that Xiang Yue really was just a young girl. However, Xiang Yue's comprehension was much better than Cai Yi's. With a little guidance, she would understand his meaning.

"I don't think the Great Emperor under the Qilin's command would be so bored as to flaunt his existence by torturing you. There must be a reason for him to spare your life. Think about it. What does he want by keeping you alive? You should find the answer within yourself." Yang Chen said indifferently.

Xiang Yue puckered her little face and fell into deep thought. She knew what Yang Chen meant and was searching for the answer within herself.

After a while, Xiang Yue seemed to think of something, and said with a trembling voice, "I am the Jingyang Holy Body!"

"Jingyang Holy Body?" Yang Chen was puzzled, "What is that?"

Cai Yi looked deeply at Xiang Yue and said, "It is a rare Divine Body Talent. Just like Humans have Divine Body Talent, Demonic Beasts do too. However, Divine Bodies are even rarer among beasts, but their ability to defy the heavens is no less than that of humans. Jingyang Body can only appear within the Golden Crow Clan and it is rare for generations to see one. Once it appears, it would be worshipped as a Divine Woman or Saintess by the Golden Crow Clan, because the Jingyang Holy Body has the ability to communicate with the Sun!"

Yang Chen was reminded of his sister's Moon-gathering Divine Body. If it weren't for the chaos of war, his sister would have been a genius. Unfortunately, his sister had to endure the cries of the Fire Essence Beast because of him.

"Communicate with the Sun?" Yang Chen asked curiously.

“Yes, the Jingyang Holy Body can communicate with the Sun, and each communication would greatly increase one’s strength. Furthermore, a large amount of Holy Solar Power will be stored within their body. When it reaches a certain level, the power can be unleashed alongside the Jingyang Holy Body, resulting in a terrifying ability.” Cai Yi explained.

“But what does this have to do with the Tiger Elephant Emperor sparing the lives of the Golden Crow Clan members?” Yang Chen asked in surprise.

“To be precise, it’s more that the Tiger Elephant Emperor wanted to keep Xiang Yue alive.” Cai Yi said calmly, “If the Jingyang Holy Body appears, it will definitely be hidden by the Golden Crow Clan. The reason Xiang Yue’s name contains the word ‘Moon’ is most likely because the people in the Golden Crow Clan wanted to hide her Jingyang Holy Body. However, it is unexpected that Wusu betrayed her and exposed her Jingyang Holy Body!”

Yang Chen was astonished, “When did you become so good at analyzing.”

Cai Yi was also puzzled and attributed this to being influenced by Yang Chen. Of course, she stubbornly refused to admit defeat and said, “Hmph, I’ve always been smart.”

Xiang Yue sighed softly, “Although the power contained within me is not as strong as the Zhiyáng Yuánjīng, it is still Sun Essence. If I were to be swallowed, the Qilin’s power would surely increase greatly. I think it is mostly because of this reason.”

“If that’s the case, he should have captured you earlier.” Yang Chen was still puzzled.

Xiang Yue shook her head helplessly, “I’m just three months shy of 18. By then, the Holy Solar Power within me will completely integrate into my body, causing a transformation in my entire being. Of course, this would only happen if I accept the change. Once I succeed in transforming, there will be a distinct difference in swallowing me. What Emperor Huya fears is that he would capture me prematurely, causing me to unwillingly undergo the transformation. He wants to wait until I have transformed before capturing me and offering me to the Qilin! At that time, the Qilin would undoubtedly be overjoyed and would surely reward him.”

After hearing this, Yang Chen completely understood the situation. No wonder the Tiger Elephant Emperor kept Xiang Yue and her team alive multiple times. The key reason was this.

Upon realizing this, Yang Chen said solemnly, “In that case, the target of the Tiger Elephant Emperor is definitely you. He will not give up without capturing you. We need to speed up and escape as far as possible, now. We can’t waste any more time. It’s better to leave the dangerous place early on and avoid trouble in a long stay.”

It was well-known that the Qilin wanted the Zhìyáng Yuánjīng, but the Golden Crow Clan had tight control over it. The Qilin had no way to obtain it, but now it had found something that could barely serve as a substitute. How could it give up?

With this in mind, Yang Chen spread his Red Winged Roc and soared through the air with the others.

Having promised Xiang Yue and seeing that she even exposed her Jingyang Holy Body, it was clear that she trusted him very much. He couldn’t just abandon her at this time.

At the same time, at the place where Yang Chen was originally resting with the Golden Crow Clan’s team, a huge figure suddenly fell from the sky.

This huge figure was none other than a long-nosed elephant with ferocious fangs resembling a tiger. It was the Tiger Elephant Emperor that Yang Chen saw in the smoke emitted by Wusu's box.

At this moment, when the Tiger Elephant Emperor appeared, he glanced around and said, "They all escaped, how annoying! But I am curious, where are they planning to escape to!"

He immediately released his soul, and in a short time, he found a group of people.

"Hmph, there they are!"

The next moment, the Tiger Elephant Emperor immediately moved. Despite his gigantic size, he was as agile as anyone else. In just a short time, he arrived at the location where several other Golden Crow Clan members were escaping.

Most of the Golden Crow Elders were there. Seeing the giant Tiger Elephant Emperor, they were all frightened and stood still.

"Tiger Elephant Emperor, how did you catch up to us?"

"How could the Tiger Elephant Emperor specifically chase after us?"

Many of them knew it was over when they saw the Tiger Elephant Emperor. They deeply regretted it, thinking that the Tiger Elephant Emperor hated Yang Chen and didn't want to be with him, but now they realized that it would have been better to stay with Yang Chen.

Who would have known that the Tiger Elephant Emperor would catch up to them so quickly?

“Damn, all these weaklings, that Saintess isn’t even here. Tell me, where is your Sacred Lady? I can spare your lives if you tell me!” the Tiger Elephant Emperor roared.

“We don’t know either.”

“Lord Hu Xiang, please have mercy on us. We may not know, but we are willing to serve you...”

As Yang Chen had judged, the remaining Golden Crow Clan members were all spineless. In the face of trouble, they revealed their true colors. It was the same at this moment. As soon as they saw the Tiger Elephant Emperor, they immediately tried all means to beg for mercy.

Unfortunately for them, the Tiger Elephant Emperor had no intention of sparing them. He sneered and said, “If you don’t know where your Saintess is, then you’re useless to me. Die!”

The Supreme Martial King Shocking All Realms

Chapter 1394: Chapter 1390: Pursuers Arrive_1 Chapter 1394: Chapter 1390: Pursuers Arrive_1 A group of Golden Crow Clan members were extremely regretful in their hearts. If they had known beforehand, they would have chosen to leave with Yang Chen for protection. Unfortunately, it was too late for regrets now; the Tiger Elephant Emperor had taken action, leaving no room for redemption.

“Ah!”

In a short period, screams of agony echoed one after another. Following that, the entire Golden Crow Team perished in an instant, leaving no survivors behind.

The Tiger Elephant Emperor’s face darkened as he looked at the completely obliterated team and roared, “Everyone, come here!”

In an instant, demonic beasts with various appearances appeared one after another. Their strengths varied, but all of them were above the Heaven Martial Realm, not to be underestimated.

“Lord Hu Xiang.”

“Sir!” The demonic beasts said respectfully as they gathered around the Tiger Elephant Emperor.

The Tiger Elephant Emperor spoke with a cold tone, “These Golden Crow Clan members think they’re clever by splitting up into two groups to escape. This group has just arrived here, and the other group must not have gone far. Remember, search for them rigorously in the Tiger Fang Region, even if you have to turn this place upside down. If you fail to find them, and Lord Qilin blames us, don’t say I didn’t warn you when your lives are at stake.”

Upon hearing about Lord Qilin’s possible wrath, all the demonic beasts trembled all over and quickly replied, “We understand.”

Afterward, they split up and left, rapidly starting their search in all directions.

At the same time, Yang Chen and the others continued moving forward, planning to escape the Tiger Fang Region. He was unaware of the other group of Golden Crow Team being completely wiped out.

However, Yang Chen remained vigilant throughout the journey.

After releasing the Red-winged Dapeng's prohibition, he could communicate with it anytime and ask it to speed up when necessary.

Without the prohibition lifted, the Red-winged Dapeng would be unable to speak or listen to his commands, and increasing its speed would be impossible.

Time passed day by day.

Yang Chen's greatest concern was the numerous minions under the Tiger Elephant Emperor, who might be sent out to investigate them in groups.

Although the Red-winged Dapeng was fast in the long run, its short-term speed was only average. The crucial issue was that he and Cai Yi had Xiang Yue and other members of the Golden Crow Clan with them, so they had no choice but to rely on the Red-winged Dapeng.

What Yang Chen feared the most had eventually occurred.

After flying for about two days, just when they were about to leave the Tiger Fang Region, suddenly, three powerful demonic beasts appeared within Yang Chen and Cai Yi's sensing range.

These three demonic beasts were extremely powerful. All of them were top-level experts at the peak of the Heaven Martial Realm.

"They're here." Yang Chen's expression became serious.

Cai Yi snorted, "I'll deal with them!"

In an instant, Cai Yi soared into the air, standing at a high altitude.

As she arrived in the sky, the three demonic beasts quickly appeared, their faces filled with a mix of fear and awe, "A Half-step Spirit Formation Stage expert!"

"Hmph, now that you know, just die obediently." Without wasting any time, Cai Yi lashed out with her tail, engaging the three demonic beasts in battle.

The three demonic beasts cooperated well. Two of them tangled with Cai Yi, while the other quickly took out a Box that appeared to be identical to the one used by Wusu.

As soon as the Box appeared, smoke rose, and a picture emerged, revealing the image of the Tiger Elephant Emperor.

“Lord Hu Xiang, we have found the location of the Golden Crow Saintess. She is in the northeast direction...”

How could Yang Chen let the demonic beast transmit the message to the Tiger Elephant Emperor? However, by the time he took action, it was too late, as the message had already been sent!

“Oops!” Yang Chen frowned.

After all, this demonic beast was at the peak of the Heaven Martial Realm. It wouldn't be easy for Yang Chen to deal with it.

At this moment, Yang Chen was on high alert. He said solemnly, “Cai Yi, don't linger in the fight. Look for an opportunity to escape!”

Cai Yi was furious, as these demonic beasts were all elites under Qilin, and their combat prowess was far beyond that of humans. Although she had the upper hand against the three demonic beasts, it was not easy to defeat them in a short time.

“Hmph, you want to leave? It won't be that easy!” Suddenly, two more demonic beasts appeared from the surroundings, quickly joining the fray.

These demonic beasts had strange appearances, but their emitted auras were astonishing. They all seemed to be at or above the 8th Layer of the Heaven Martial Realm.

Yang Chen knew things were getting worse. The demonic beast that sent the message earlier didn't inform anyone other than the Tiger Elephant Emperor. These reinforcements must have been informed by the Tiger Elephant Emperor himself using his extensive spiritual senses, proving that he was not far away!

With these thoughts racing through his mind, Yang Chen said, "Cai Yi, you go back and take Xiang Yue and the Golden Crow Clan members away with you. Leave this place to me."

"Yang Chen, just you alone?" Cai Yi hesitated, worry in her voice.

"Yes, just me." Yang Chen replied.

Cai Yi looked at Yang Chen deeply, knowing that he must have a plan. Without overthinking, she turned around and stopped fighting the demonic beasts, returning to the side of the Red-winged Dapeng, preparing to leave.

"Huh? Trying to escape!" Seeing Cai Yi's attempt to leave, several demonic beasts wanted to give chase, completely disregarding Yang Chen.

Yet, at the next moment, a sudden raging Thunder Rush erupted, followed by the appearance of a Lightning Giant in mid-air. Holding a Lightning Sword and facing numerous enemies, it still stood proudly!

“What is this?!” The demonic beasts looked at Yang Chen with shock on their faces. Despite being anxious to catch up with Cai Yi, Xiang Yue, and the Golden Crow Clan members, they didn’t dare to act recklessly.

“Kid, you’re looking for death! How dare a mere Heaven Martial Realm’s Fifth Level individual challenge us!”

Although the demonic beasts didn’t know how Yang Chen, as a black money leopard, could wield such lightning, they didn’t want to think much about it. They joined forces to attack Yang Chen, intending to take him down quickly. However, Yang Chen’s main intention was to buy time, not to win. With the Lightning Giant at the forefront, he managed to stall the powerful adversaries, preventing them from advancing.

But at that moment, a fierce gust of wind suddenly blew over. It felt as if a storm was sweeping across, causing Yang Chen’s body to lose control. The Lightning Giant shattered in an instant and disintegrated amid the lightning bolts...

Yang Chen’s pupils contracted slightly, and a gigantic tiger elephant suddenly appeared in the sky above.

Chapter 1395 - 1395 1391 Purple-eyed Demon Monkey Enters the

Chapter 1395: Chapter 1391: Purple-eyed Demon Monkey Enters the Battle_1 Chapter 1395: Chapter 1391: Purple-eyed Demon Monkey Enters the Battle_1 At the same time, when Cai Yi left with Xiang Yue and the others, Xiang Yue became extremely worried and anxious.

“Older Sister Cai Yi, how could you leave Brother Yang alone there? Even if Brother Yang is outstanding, he’s still facing so many people alone. Moreover, Tiger Elephant Emperor may arrive at any time, isn’t this pushing him towards a dead end?” Xiang Yue’s face was filled with panic.

At the beginning, when she called Yang Chen ‘Brother Yang’, it was out of courtesy. However, as time went on, it was not just that anymore. Yang Chen had been doing his best to protect her, and she had clearly felt the warmth coming from him.

If she could, she really hoped to have such a brother.

But now, Cai Yi had actually abandoned Yang Chen.

Seeing Xiang Yue worrying about Yang Chen, Cai Yi sighed softly.

If she said she wasn’t worried about Yang Chen, it would be a lie. However, after thinking for a while, she said, “Don’t worry, Yang Chen won’t die so easily. He has many tricks up his sleeve.”

Upon saying this, Cai Yi smiled faintly.

Yes, how could Yang Chen die so easily? If it were really that simple, she wouldn’t have left him alone.

...

At this moment, the arrival of the Tiger Elephant Emperor completely sealed off Yang Chen's last escape route, and it could even be said to have announced his death.

"Kid, the game of playing house is over!" When the Tiger Elephant Emperor arrived, he effortlessly destroyed Yang Chen's Lightning Giant, then stood in the high altitude, emanating an astonishing pressure.

Yang Chen took a deep breath, looking at the Tiger Elephant Emperor, he had to admit the difference in strength between him and the Great Emperor.

His Lightning Giant was indeed one of his strongest moves, but it was easily resolved like this. It seemed that the gap between the Heaven Martial Realm and the Great Emperor was not something that could be easily measured.

The blast wave just now from the Tiger Elephant Emperor was mostly emitted from his nose.

Now that the Tiger Elephant Emperor had arrived here, he didn't seem to think that Yang Chen and Cai Yi and the others could escape far. He coldly said, "You seem to be an outsider of the Golden Crow Clan." The Tiger Elephant Emperor looked expressionlessly at Yang Chen.

He originally wanted to kill Yang Chen directly, but when he moved to act, he realized something was wrong.

"Yes, that's correct." Yang Chen said indifferently.

“Hmph, an outsider of the Golden Crow Clan is actually helping the Golden Crow. You must not know that this emperor and the others are hunting down this Golden Crow team.” The Tiger Elephant Emperor laughed ferociously.

“Of course I know.” Yang Chen replied.

“You still dare to help the Golden Crow Clan, knowing the consequences? It seems that you’re really seeking death. In that case, this emperor will complete your wish, you insignificant ant.” The Tiger Elephant Emperor shouted angrily.

Indeed, in his eyes, Yang Chen was nothing more than a mere ant.

An ant like this could be easily destroyed with just a breath.

However, Yang Chen remained fearless from beginning to end. Facing the Tiger Elephant Emperor’s attack, he shook his head: “Killing me won’t be so easy!”

“An insignificant ant dares to be so arrogant and conceited!” The Tiger Elephant Emperor tensed his nerves, and burst into laughter.

Immediately after, his nose swung fiercely, and a powerful air current exploded from it. This astonishing air current turned into a tremendous storm in an instant upon being released. Such a storm caused all the Heaven Martial Realm demonic beasts to retreat, fearing that they would be swept up in it.

As the target, Yang Chen was in a desperate situation that all demonic beasts believed was certain death.

Indeed, logically speaking, such an attack would kill even a half-step Spirit Plate Stage master on the spot. Yang Chen was naturally not an exception to this fate.

However, Yang Chen remained calm and composed, and suddenly opened the Eight Extremities Flowing River Space as he faced the attack.

“Senior Zi Jing, I need your help,” Yang Chen said.

As his words fell, suddenly an armored demon monkey appeared in the air. The moment the Demon Monkey appeared, a purple light shot through and completely eliminated the stormy current, leaving no trace behind.

At the moment when the purple light eliminated the stormy current, the Purple-eyed Demon Monkey’s figure was completely revealed.

Its appearance startled all the surrounding demonic beasts at once.

Even the Heaven Martial Realm demonic beasts were shocked, but the most shocked was the Tiger Elephant Emperor. The Tiger Elephant Emperor stared at the Purple-eyed Demon Monkey with growing fear, and a few more traces of trepidation appeared in his expression.

“You, you are the Purple-eyed Demon Monkey!” The Tiger Elephant Emperor’s body trembled.

“Little Tiger Elephant, it’s been a thousand years since we last met. I never expected that you would have reached the Spirit Plate Stage. Hehe, it seems that following the Qilin back then has brought you quite a few benefits,” the Purple-eyed Demon Monkey said with a sinister smile.

Seeing the Purple-eyed Demon Monkey’s smile, the Tiger Elephant Emperor said fearfully, “You, you were locked up by the humans’ Tiandu Emperor, weren’t you? You were supposed to be dead! How... how can you still be here?”

“Hahaha, but now, I’m out,” the Purple-eyed Demon Monkey said coldly.

Upon hearing this, the Tiger Elephant Emperor retreated again and again, gulping down his saliva, “Purple-eyed Demon Monkey, listen to me explain. I-I followed the Qilin Demon King because I was forced, forced by it that year!”

“You don’t need to explain to me. All I need to know is that you are working for the Qilin now, and that’s enough,” the Purple-eyed Demon Monkey showed no intention of forgiveness.

With that said, he revealed a sinister smile.

Such a smile seemed like a declaration of death for his opponent.

The next moment, the Purple-eyed Demon Monkey shot out and arrived in front of the Tiger Elephant Emperor in no time. Regardless of the Tiger Elephant Emperor's fear, a series of purple lights flashed out.

At the same time, the eyes of the Purple-eyed Demon Monkey also emitted a bizarre light, which represented destruction, symbolizing the source of fear, and made the Tiger Elephant Emperor's body tense up instantly.

"Don't kill me, don't kill me." The once arrogant and domineering Tiger Elephant Emperor had lost all his temper at this moment, leaving only bitter pleading.

However, pleading had no meaning to the Purple-eyed Demon Monkey. Using some unknown method and a burst of purple light, the Tiger Elephant Emperor's once huge body shattered and died on the spot.

The Purple-eyed Demon Monkey seemed to be addicted to killing; the death of the Tiger Elephant Emperor was not the end as the other Heaven Martial Realm demonic beasts were filled with fear. Yet none could escape, and they all fell one after another under the Purple-eyed Demon Monkey's purple light.

All of this happened in just an instant.

Yang Chen took a deep breath, not expecting a Spirit Plate Stage demonic beast emperor to fall so easily. The gap between the Spirit Plate Stage and the Demigod Stage was indeed huge. It seemed that it would take some time to settle the grudge between him and Hua Wanru.

Moreover, there seemed to be some stories between the Purple-eyed Demon Monkey and the Tiger Elephant Emperor.

However, the Purple-eyed Demon Monkey didn't seem to want to mention it. After finishing the killing, he directly returned to the Eight Extremities Flowing River Space and remained silent, leaving Yang Chen with an awkward and helpless expression.

Chapter 1396 - 1396 1392 Golden River Pass_1

Chapter 1396: Chapter 1392: Golden River Pass_1 Chapter 1396: Chapter 1392: Golden River Pass_1
The Purple-eyed Demon Monkey didn't say anything, so of course he wouldn't ask for no reason. Now that the other party has helped him solve the trouble with the Tiger Elephant Emperor, it's time for him to leave and catch up with Cai Yi and the others.

For Yang Chen, catching up with Cai Yi and the others was not difficult. With his Lightning Movement Technique, he quickly caught up with them within half an hour.

Xiang Yue and several people from the Golden Crow Clan thought that Yang Chen would undoubtedly die, since the Tiger Elephant Emperor could arrive at any time. When he rushed to them, it was almost impossible for Yang Chen to survive.

But now, Yang Chen actually came back unscathed.

Xiang Yue couldn't be happier, her eyes shining brightly. Although there was no smile on her face, her joy was still evident.

“Brother Yang, you’re alive, this is so great!” Xiang Yue said happily.

“Yang Chen, my friend, how did you do it? Didn’t the Tiger Elephant Emperor catch up with you?” Several members of the Golden Crow Clan asked worriedly.

“At first, I was also puzzled. If the Tiger Elephant Emperor appeared, I would be worried. However, the Tiger Elephant Emperor didn’t seem to be nearby. When I got rid of those Heaven Martial Realm Demonic Beasts, the Tiger Elephant Emperor didn’t show up either. And those Heaven Martial Realm Demonic Beasts couldn’t do anything to me.” Yang Chen said with a faint smile.

He naturally wouldn’t reveal the Purple-eyed Demon Monkey’s involvement. In fact, he had deliberately separated Xiang Yue and the others to avoid exposing the Purple-eyed Demon Monkey.

Those who have seen the Purple-eyed Demon Monkey must die.

After all, it’s his strongest trump card now, and it must not be leaked under any circumstances.

In this way, Yang Chen found some excuses and barely got past the topic, and the Golden Crow Clan members didn’t think much about it. Only Cai Yi knew Yang Chen’s details, but since the two were in the same boat, Cai Yi certainly wouldn’t expose Yang Chen.

Without the chase of the Tiger Elephant Emperor, the journey became much smoother.

The Golden Crow Region is located in the eastern corner of the Monster Region, a place rumored to be the extreme east, right where the sun rises.

That's where the saying "the sun rises in the east" comes from.

After a month's journey, Yang Chen and the others crossed four Demonic Beast Territories and finally arrived at the Minjiang Belt, just before the Golden Crow Region.

Along the way, Yang Chen learned a lot about the Demonic Beast Region.

The Golden Crow Region was originally connected to the Minjiang Belt, but the Golden Crow Clan, in order to guard the Holy Sun, had almost completely isolated themselves, so a terrifying wall of flame had been set up around the Golden Crow Region many years ago.

This fire separated the Golden Crow Region and the Minjiang Belt, making people afraid to approach the Golden Crow territory easily.

But the Minjiang Belt has since become unrelated to the Golden Crow Region and became part of the Kirin Clan's territory.

It can be said that arriving in the Minjiang Belt has not escaped danger; on the contrary, it's getting more and more dangerous. After all, the Tiger Elephant Emperor has been dead for more than a month, and the Qilin would definitely know. They must have set up a final defense in the Minjiang Belt to find them and capture Xiang Yue.

Yang Chen was well aware of the importance of Xiang Yue to the Qilin, so he didn't doubt that the Qilin would do anything for her sake.

“How are we going to cross the Minjiang Belt and return to the Golden Crow Region?” Yang Chen and the Golden Crow Clan members disguised themselves throughout the journey.

Now the Golden Crow Clan members have given up the appearance of the Fire Wing Bird and disguised themselves as the Golden Winged Bird.

Xiang Yue responded gently upon hearing Yang Chen's question, “There's a very large Sea of Flames between the Minjiang Belt and the Golden Crow Region. As soon as we enter the Sea of Flames, we'll be in our territory and there will be no danger.”

Yang Chen nodded, seeming not to find it difficult, but he was very serious: “The Qilin probably won't let us go back so easily. We have to be careful not to expose anything, and first see if the way back is safe or not.”

The Minjiang Belt was not a large area, and the group followed the way back cautiously, not daring to be too reckless.

As Yang Chen had anticipated, the Qilin had indeed taken many precautions on the way back.

Like now, Yang Chen and the others stood in front of this checkpoint, unable to act rashly. This checkpoint was called the Golden River Pass. Once they passed this checkpoint, the Sea of Flames would be just ahead.

But it was precisely this checkpoint that had a heavy guard, so tight that it could be said to be difficult for even a fly to enter.

There were countless Demonic Beasts around, including masters at the Half-step Spirit Formation Stage, and more than one of them. Yang Chen even somewhat doubted if there would be the presence of a Great Emperor among them.

It was not easy to pass through the Golden River Pass. Many Demonic Beasts tried to get through, but they all had to undergo a strict inspection.

“Let’s go and see.” Cai Yi said.

“Don’t rush!” Yang Chen waved his hand.

As soon as his words fell, suddenly a pair of flying Demonic Beasts exclaimed, “On what basis? What did our Black Winged Eagles do wrong? Why do you want to take us away?”

“Hmph? On what basis? The criminals wanted by our Lord Qilin disguised themselves as other flying beasts. You two might be just that. We’re taking you away to interrogate you properly. If you have nothing to do with it, we will naturally let you go. Dare to resist, and be treated as the wanted criminals and executed!” The guarding Demonic Beast was arrogant and domineering, and spoke directly.

As the words fell, the two Black Winged Eagles were terrified.

They never expected such a thing to happen, and for a moment they wanted to say a few good words. However, those Demonic Beasts didn't even listen, just took them away.

Surrounding Demonic Beasts were mostly angered but dared not to speak. Although the guards were so arrogant, who would dare to resist the subordinates of the Qilin?

“Next!”

“Dragon Pond Leopard, pass!”

“Golden Branch Frog, pass!”

“...”

“How can they do this?” Cai Yi frowned.

Who could have thought that the minions of the Qilin Clan would set up such a strict inspection mode here? Most importantly, they didn't know what kind of inspection instrument it was, but no Demonic Beast could escape its detection.

Even if they barely managed not to be detected, the Golden Crow Clan could only disguise themselves as flying beasts, and would still be captured, and thus could not escape either.

If that was the case, it would be difficult for them to pass through.

Yang Chen said helplessly, “This is the best way for them to catch us.”

“What should we do then?” Cai Yi was stumped for a moment.

Yang Chen folded his arms and said, “If I were to put you in the Eight Extremities Flowing River Space, then the inspection wouldn’t detect anything.”

If possible, Yang Chen didn’t want to expose the Eight Extremities Flowing River Space. However, it seemed that he had no other choice now, and he had to use the Eight Extremities Flowing River Space.

“I’m barely a flying creature, too.” Cai Yi rolled her eyes indignantly, “I also need to enter the Eight Extremities Flowing River Space.”

“Yes.” Yang Chen said, “I’m not afraid that there will be any problems with the Eight Extremities Flowing River Space. What I’m afraid of is that my human body will be detected!”

As a human, his presence in the Demonic Beast Territory was an absolute secret that couldn’t be exposed.

Chapter 1397 - 1397 1393 Mountain Apes and Monkeys_1

Chapter 1397: Chapter 1393: Mountain Apes and Monkeys_1 Chapter 1397: Chapter 1393: Mountain Apes and Monkeys_1 “If all else fails, we’ll break through!” Cai Yi said fiercely, not afraid at all.

Yang Chen shook his head: “We know nothing about the power here. If we rush in recklessly, we will only suffer.”

“What should we do then!” Cai Yi was equally anxious.

Yang Chen sighed: “At this point, we can only take a gamble.”

Actually, he had another solution, which was to temporarily enter the Eight Extremities Flowing River Space himself. With his current strength, staying inside the Eight Extremities Flowing River Space for a while wouldn’t be an issue.

By then, he could let the demonic beasts he enslaved help him, and bring the Eight Extremities Flowing River through the barrier. Naturally, there would be no problem.

However, if he doesn’t personally carry the Eight Extremities Flowing River, he must keep the main gate of the Eight Extremities Flowing River Space open at all times. If he does so, the Eight Extremities Flowing River could be exposed at any time when subjected to strict scrutiny.

If he were to close the Eight Extremities Flowing River Space, it would be tantamount to sealing himself inside, and if there were any glitches, he would be doomed. This was a gamble he couldn’t afford to take.

This was also the reason why Yang Chen would rather take a risky gamble.

He would rather gamble than put himself in a crisis from which he couldn't escape.

“Xiang Yue, you guys follow me!” Yang Chen said.

Soon, he brought them to a hidden place.

Yang Chen quickly explained the situation with the Eight Extremities Flowing River Space to them.

Although Xiang Yue was young, she was very knowledgeable. She had naturally heard of the Eight Extremities Flowing River Space and knew that it wouldn't be difficult for their powerful demonic beast constitutions to enter such an interspatial space.

The other Golden Crows also said it was not a problem. It was much better to stay in a special space than to be taken away by the Qilin underlings.

Seeing this, Yang Chen felt relieved. He specifically asked the Purple-eyed Demon Monkey to hide in the Eight Extremities Flowing River Space to avoid exposure. Next, he would face the challenge alone while carrying the Eight Extremities Flowing River Space.

“I hope I won't be discovered.” Yang Chen couldn't help but feel nervous.

The long line of creatures, like a dragon, was lined up far away. Every flying demonic beast was stopped, and then captured. In just half a day, dozens of flying demonic beasts were captured.

This left many newcomers with no choice but to leave in frustration.

This was also the purpose of the Kirin Clan. Their goal was to prevent Xiang Yue from returning to the Golden Crow Clan. As long as Xiang Yue couldn't return, the Kirin would have plenty of time to capture her.

Time trickled away, and another half-day passed, and it was finally Yang Chen's turn.

By now, Yang Chen had seen clearly the inspection instrument. It looked like a glove, but it was densely covered with prohibitions. One could not see them clearly from a distance, but at close range, they could see a large number of prohibition patterns.

The prohibitions formed by these patterns were the key to the gloves checking the species of demonic beasts.

As long as the gloves touched the body of the demonic beast, they would quickly identify the other party's species. Yang Chen had no idea how this worked.

Even the Fishpeople Tribe, who was proficient in the Way of Forbidden Methods, could only know if they got the gloves. This was also the reason why Yang Chen had to take a gamble as he was completely unfamiliar with these things.

Now, he took a step forward.

“Extend your claws.” The inspecting demonic beast, a huge hippopotamus, opened its mouth wide, and its voice was muffled.

Yang Chen lifted the leopard’s claws. Now, he could only hope that his current transformation was made by personally changing the Black Money Leopard’s hair and Qi, so it might be possible to deceive their scrutiny.

“Black Money Leopard, you’re fine, go ahead.” The big hippo said.

Yang Chen breathed a sigh of relief.

But just as he was about to pass, the big hippo suddenly paused: “Huh? Something’s wrong. What kind of species are you? Why did the glove suddenly send me a lot of unknown information? The blood running through your body is not from the Black Money Leopard or any other demonic beast!”

Yang Chen felt a thump in his heart and could more or less guess what was going on. This glove was most likely able to preliminarily detect the breath of demonic beasts, and the interior had an astonishing function to detect their blood.

At first, this hippo had checked his breath, so he thought he had no problem. But later, the glove detected the blood flowing in his body and transmitted unknown information to the hippo, making it suspicious.

He was a human, and the blood flowing in his body was human blood. Since the glove was designed to detect demonic beasts, it couldn't analyze exactly what was going on.

"What's going on!" A half-step Spirit Formation Stage demonic beast on the high platform exclaimed confusedly.

"It's like this... "

Before he could finish speaking, Yang Chen suddenly flickered with lightning. On the spot, he bypassed the hippo, used the Lightning Movement Technique and tried to flee.

How fast was Yang Chen? In an instant, he caused all the guarding demonic beasts to be dumbfounded for a moment.

"Chase!"

A moment later, these demonic beasts finally reacted, immediately issued the command to chase, one by one, they got up and began pursuing Yang Chen.

As for Yang Chen, after using the Lightning Movement Technique, he pushed his speed to the limit. Not only that, but he also hurriedly used several Spirit Talismans to maximize his speed and desperately fled toward the Sea of Flames in the Golden Crow Region.

"Yang Chen, do you need my help?" Cai Yi's voice was sweet, and the concern in it could be heard.

“No need.” Yang Chen’s eyes were fixed on the front, unwavering.

Countless pursuers were chasing him from behind, and the sounds were endless. Yang Chen made this choice quickly. He was well aware that if he continued like this, his human identity would be exposed. If his identity was really exposed, he would be in big trouble.

It was better to flee now and have these demonic beasts unaware of his true identity, so they might not go all out in chasing him. After all, everyone knew he was carrying someone from the Golden Crow Clan.

As he expected, these demonic beasts chased him, but it was indeed their duty to do so.

With this going on, he could definitely enter the Sea of Flames before those demonic beasts caught up to him.

However, things didn’t go as he had planned. Just when he thought he could escape, suddenly two thunder-like voices rang out.

“We have said it before, we can’t let go of any clues related to the Golden Crow Saintess. You useless creatures can’t even catch a Black Money Leopard, all step back!”

As the voice fell, two huge figures blocked the sky. Yang Chen took a closer look and found that they were two huge white apes that had appeared from nowhere. The two huge apes were as huge as mountains, leaving people breathless.

Originally, the other demonic beasts were chasing Yang Chen just out of duty, not really intending to catch him.

“It’s the Mountain Ape, and they’re both Spirit Plate Stage Mountain Apes. Yang Chen, run!” Cai Yi gasped and exclaimed.

Yang Chen also felt his scalp go numb. Two Emperor-level demonic beasts, this was terrible.

...

Thank you, big spender, for the continuous rewards which made this book have its first Alliance Leader. There will be seven updates in four consecutive days.

Chapter 1398 - 1398 1394 No Strategy to Employ_1

Chapter 1398: Chapter 1394: No Strategy to Employ_1 Chapter 1398: Chapter 1394: No Strategy to Employ_1 If it were just one, it would be manageable, but now two of them are chasing after him in cooperation.

Mountain Giant Apes have huge bodies, and once they start moving, they cause the ground to tremble violently like thunder. Their speed is not to be underestimated, and in the blink of an eye, they have closed the distance with Yang Chen considerably.

The key is that Mountain Giant Apes are so huge that a single stride can cover a great distance. Moreover, the two Emperor-Level Mountain Giant Apes seem to have an instantaneous movement effect when they run, making it impossible to accurately determine their speed.

Yang Chen knew very well that if he didn't use his own means, his situation would be much worse.

Without a word, Yang Chen took out the Mountain and River Destruction Map right away, and when he took it out, he released all the black water contained within in an instant.

The black water poured down, submerging the surrounding area of hundreds of miles in an instant, turning it into a river zone. It even flooded half of the Mountain Giant Ape's body, causing the speed of the two Giant Apes to slow down significantly.

"What kind of water is this?"

"Hmph, it contains highly poisonous substances? But what can it do to me?"

The two Mountain Giant Apes have thick skin and strong bodily defense, and the black water cannot penetrate them. Poisoning the two Mountain Giant Apes has become impossible.

However, Yang Chen didn't intend to rely on the Mountain and River Destruction Map to harm the two Emperor-Level demonic beasts. His goal was to slow down the speed of the two Mountain Giant Apes and speed up himself.

In the midst of the black water, he controlled the Mountain and River Destruction Map, greatly increasing his speed.

The two Mountain Giant Apes seemed to realize this problem and couldn't help but roar angrily.

“You little Tianwu Realm Fifth Layer kid, where can you escape? Just accept your death.” The two huge Mountain Giant Apes spoke as their speed increased again.

One of them quickly chased while the other unexpectedly raised both arms towards the sky, as if it was about to do something.

Yang Chen was similarly curious. He examined with his soul and discovered that the stationary Mountain Giant Ape was fiercely pounding its own body.

Then, the ape smashed both arms on the ground, causing the earth to tremble violently, as if there was a world-ending earthquake happening.

As soon as the earthquake appeared, imbued with the powerful Demonic Qi of the Mountain Giant Ape, Yang Chen was immediately affected. He felt his chest heaving and his blood seemed to be boiling inside his body.

If it wasn't for the black water, this single move could have cost him half his life.

Yang Chen was very aware of the benefits brought by the black water, but the black water couldn't hold up for long. He used his Instantaneous Movement four times in a row and barely escaped the range of the Mountain Giant Ape's earthquake.

At this moment, the other Mountain Giant Ape was about to catch up.

"Yang Chen, be careful!" Cai Yi shouted.

Yang Chen, of course, felt it very clearly.

As the other Mountain Giant Ape was about to catch up, Yang Chen immediately took out a spirit talisman from his arms. This talisman was the Shrinking Ground Talisman he had made earlier in the Tiandu Divine Country.

Seeing the Shrinking Ground Talisman, a trace of reluctance flashed in Yang Chen's eyes. This talisman was one of his most precious talismans.

It is important to know that even with the materials in the Tiandu Divine Country, only a few can be made. When he faced the White Blade Tiger Emperor, he didn't use this talisman. He planned to save this item for use when he was truly desperate.

Now, under the premise that he can no longer ask Purple-eyed Demon Monkey for help, he figured it's time.

“I hope you won’t let me down.” Yang Chen controlled the talisman and immediately urged his True Qi.

The talisman turned into gray smoke and completely dispersed, while its power surged and spread to every inch of the surrounding land, merging with Yang Chen’s True Qi.

“What a strange feeling!” Yang Chen felt all sorts of weird sensations.

The next moment, he took a vigorous step forward, only to feel the surrounding land changing with the movement of his body.

“Go!” Yang Chen stepped out and instantly moved several miles away, much stronger than before.

This scene was seen clearly by the Mountain Giant Apes, who were completely shocked.

“What’s going on? What’s going on here?” The Mountain Giant Ape simply couldn’t understand. “Eldest Brother, come chase after him!”

Yang Chen was well aware that the range of the Shrinking Ground Talisman wasn’t wide. He took advantage of this time to fly far away, quickly approaching the Sea of Flames.

“Damn it!” Both Mountain Giant Apes changed their expressions.

They knew their duty was to prevent anyone from entering the Sea of Flames.

“Chase!” The two Mountain Giant Apes glanced at each other and immediately decided to give chase without hesitation.

At this point, Yang Chen had already arrived at the edge of the Sea of Flames, hesitated no more, and jumped in.

“It’s so hot!” The moment Yang Chen jumped into the Sea of Flames, he felt the temperature around him rise more than one degree.

It was too hot, a heat he had never encountered before. He felt as if he was about to melt.

This made him quickly unleash the Starfire to use its Strange Fire temperature to lower the surrounding flame temperature, which finally allowed him to move freely in the Sea of Flames.

“No wonder this Sea of Flames can separate two domains. If I didn’t have a Strange Fire, even with my Sky Martial level strength, I wouldn’t be able to cross the Sea of Flames.” Yang Chen thought to himself.

Of course, he knew that now was not the time to think about these things. The effect of the Shrinking Ground Talisman had already disappeared, and he had to cross the Sea of Flames quickly and enter the Golden Crow Region.

However, as he was about to start moving, suddenly, two loud, deafening sounds echoed again.

“Kid, where are you going!” The voices of the two Mountain Giant Apes appeared all of a sudden.

Yang Chen was suddenly startled.

What?

So fast?

He had used all the means he could, such as the Mountain and River Destruction Map, the Shrinking Ground Talisman, the Lightning Movement Technique, etc., and he was still caught up with so quickly.

“Don’t think you can escape by entering the Sea of Flames. Die!” The figures of the two Mountain Giant Apes came to the edge of the Sea of Flames, and they stepped into the Sea of Flames without hesitation.

Seeing this, Yang Chen gritted his teeth and knowing that the two Mountain Giant Apes had no respect for the Golden Crow Clan, he immediately took off running.

Now he was also nervous, the black water of the Mountain and River Destruction Map couldn’t be used in this Sea of Flames, and the Shrinking Ground Talisman had just been used once recently, so using it again in a short period would have greatly reduced its effect, with no difference from not using it at all.

The two Mountain Giant Apes were already about to catch up, and if there was no turning point, Yang Chen would have to summon the Purple-eyed Demon Monkey.

However, summoning the Purple-eyed Demon Monkey would, of course, solve this immediate trouble, but it would also bring about other problems.

At the moment when he had no other choice, suddenly, Yang Chen sensed another powerful presence.

The Supreme Martial King Shocking All Realms

Chapter 1399: Chapter 1395: Reinforcements_1 Chapter 1399: Chapter 1395: Reinforcements_1 As soon as he felt the appearance of this powerful aura, Yang Chen instinctively turned to look and saw a huge golden bird appearing in the Fire Sea. This golden bird was surrounded by golden flames, flapping its wings, full of majestic bearing.

This description matched the Golden Crow of legend, and it was a Spirit Plate Stage Golden Crow at that.

Upon seeing this Golden Crow, Yang Chen's face immediately showed delight.

It seemed that this Golden Crow was responsible for the Fire Sea and immediately appeared upon sensing the disturbance.

With its malicious eyes locked on the two Mountain Giant Apes, it fiercely said, “Mountain Giant Apes, what are you two brothers doing here in our Golden Crow territory instead of staying in your own territory? Do you want to die?”

The two Mountain Giant Apes grew more fearful upon seeing the Spirit Plate Stage Golden Crow and hearing of the Golden Crow Belt.

However, they quickly said, “We were only chasing after this Black Money Leopard. De Feng, it seems like your Golden Crow Belt only protects the Golden Crows. This Black Money Leopard is our prey, and you won’t let them enter your territory on their own, would you?”

De Feng’s expression showed hesitation.

Yang Chen saw this and thought to himself how bad this situation was. De Feng seemed to be completely unaware of the events outside and had no idea that the two Mountain Giant Apes were trying to prevent the Golden Crow Saintess from returning with great effort.

If he really knew, Yang Chen didn’t believe that De Feng would still hesitate.

Indeed, the huge Golden Crow seemed to know nothing about it. According to the rules of the Golden Crows, they didn’t shelter other Demon Beasts, so it said directly, “This Black Money Leopard has nothing to do with our Golden Crow Belt. Do as you please.”

De Feng was about to leave, while the happy Mountain Giant Apes were excited and wanted to take Yang Chen away.

Yang Chen couldn't help but smile bitterly and quickly opened the Eight Extremes River, releasing the Jin Wu Clan Members.

"Elder De Feng, wait!" Yang Chen shouted out.

De Feng subconsciously turned his head, just in time to see his own Jin Wu Clan Members, looking puzzled.

Xiang Yue also yelled, "Uncle De Feng, it's us! The Mountain Giant Apes want to catch me and offer me to the Qilin so it can devour me and gain a power similar to Pure Yang Essence!"

Seeing that Yang Chen actually had the Jin Wu Clan Members and the Golden Crow Saintess they wanted to obtain, the Mountain Giant Apes were completely dumbfounded.

They never expected this, and by the time they did, they regretted it deeply. If they had tried their best to catch Yang Chen from the beginning, they wouldn't have let him escape here.

But it was too late for regrets. The two Mountain Giant Apes made up their minds and wanted to forcibly take Xiang Yue back.

At this moment, De Feng's Golden Crow exploded in anger, "How dare you!"

With a slap of flaming wings, De Feng controlled the fire of the Fire Sea, repelled the two Mountain Giant Apes, and whisked Yang Chen and the others away, surrounded by a large swarm of flames.

When they regained their senses, they found themselves in a land with golden-yellow soil.

This land seemed to emit golden flames, making people feel very strange.

Most importantly, the temperature here was naturally high, and the size of the sun here was incomparable to other places. Yang Chen felt that the sun here was seven or eight times larger than elsewhere.

“We’re in the Golden Crow Belt, Uncle De Feng has brought us back.” Xiang Yue happily said.

Only then did Yang Chen realize that they had arrived at the Golden Crow Belt.

“So this is the Golden Crow Belt...” Yang Chen thought, feeling slightly emotional. After all, the Pure Yang Essence was right here.

Soon, he felt intense fluctuations coming from afar.

He knew that it was the battle between De Feng and the two Mountain Giant Apes.

“I hope Elder De Feng is alright. Facing two Mountain Giant Apes by himself, doesn’t he need to call for help?” Yang Chen expressed his concerns.

“Don’t worry, Uncle De Feng is guarding the Fire Sea, which is a Top-tier Xuantian Treasure. It was created by the combined efforts of many of our Jin Wu Clan Members. With the help of this treasure, Uncle De Feng can even fight against three Spirit Plate Stage experts at once. Those two Mountain Giant Apes are no match for him!” Xiang Yue confidently explained.

Yang Chen finally understood, it was because they had home field advantage.

Using his Divine Soul Exploration, Yang Chen found that Xiang Yue was not exaggerating. De Feng, with the help of the Fire Sea, was indeed very powerful, holding his own against the two Mountain Giant Apes.

As their battle continued, De Feng became increasingly ferocious. In less than the time it took to drink a cup of tea, De Feng had gained the upper hand.

Moreover, with the Golden Crow Belt behind them, the two Mountain Giant Apes knew that their chances of taking the Golden Crow Saintess were slim. Although they feared the wrath of the Qilin, they could only reluctantly leave now.

“Golden Crow Clan, take good care of your Golden Crow Saintess and don’t lose her again.” After a stern shout, the two Mountain Giant Apes left.

Although De Feng was powerful, he relied mostly on the power of the Fire Sea and naturally didn’t dare chase the apes too far. He could only let the Mountain Giant Apes leave.

Afterward, De Feng returned to the Jin Wu Territory, transforming into a half-human-half-bird figure, and went to find Yang Chen, Xiang Yue, and their group.

Yang Chen didn't let Cai Yi out, so De Feng was most concerned about Yang Chen.

“Uncle De Feng!” Xiang Yue gently said.

“Well, Xiang Yue, you tell me what happened. Weren't you going to collect things? Why are there so few people left in the Jin Wu Team and what's the story with this Black Money Leopard?” De Feng's eyes held some hostility towards Yang Chen.

Yang Chen naturally felt De Feng's hostility. He stood aside silently, waiting for Xiang Yue to explain.

Xiang Yue knew about De Feng's suspicion, so she carefully explained the whole story. Upon hearing the details, De Feng was furious.

“What audacity! The Qilin dared to plot against our Golden Crow Clan and even killed so many Jin Wu Team members and tried to capture you! They're going too far!” De Feng ground his teeth with anger.

Learning the reasons, his gaze on Yang Chen quickly softened.

“Uncle De Feng, my safe return was only made possible thanks to Big Brother Yang’s help. If it weren’t for him protecting and helping me all the way, I don’t even want to imagine what my fate would have been.” Xiang Yue bit her lip.

“Thank you, Black Money Leopard brother, for your help. If it weren’t for you, Xiang Yue wouldn’t have been able to return safely. Regardless, your contributions are significant, and we will not treat you unfairly in terms of rewards.” De Feng was a reasonable person and thanked Yang Chen with a smile.

Xiang Yue hadn’t mentioned the Pure Yang Essence matter just yet, so De Feng didn’t know about it.

Yang Chen wasn’t in a hurry either, saying, “Thank you, Elder De Feng.”

Chapter 1400 - 1400 1396 Golden Crow Clan Leader_1

Chapter 1400: Chapter 1396: Golden Crow Clan Leader_1 Chapter 1400: Chapter 1396: Golden Crow Clan Leader_1 “The Kirin Clan’s actions against Xiang Yue are not to be taken lightly. This matter needs to be reported to the Clan Leader, as well as your great display of power when you saved Xiang Yue, young friend Yang. I will arrange a place for you to rest for two days, and I will report this matter to the higher-ups. When the time is ripe, I will personally take you to meet our Clan Leader.” Defeng said.

Yang Chen naturally had no objection. His original purpose in coming to the Golden Crow Area was to find the Zhiyáng Yuánjīng, which he would most likely obtain only with the permission of the Golden Crow Clan Leader. Meeting the Clan Leader was inevitable.

Yang Chen said again and again: "Thank you, senior Defeng."

"You don't need to thank me. You saved Xiang Yue, and I haven't properly thanked you for that." Defeng was very amiable, and he led Yang Chen and the others into the inner area of the Golden Crow Region.

The periphery was uninhabited, but the inner area was different. Upon entering the inner area of the Golden Crow Region, one could see the entire construction of the region.

Compared to the outside world, the Golden Crow Region was prosperous and magnificent with its exquisite houses, comparable to those of humans.

The most important thing was that these houses were all aerial houses, which was quite astonishing in scale.

With the Golden Crows soaring in the sky above, the entire Golden Crow Region was filled with a sacred aura.

"Young friend Yang, our Golden Crow Clan takes pride in being close to the Holy Sun, so whether it's the houses or everything else, they are built in the air to better receive the baptism of the Holy Sun," Defeng said kindly.

Yang Chen nodded, finally understanding.

Thus, Defeng handed Yang Chen over to other Golden Crow subordinates, who found him a suitable residence and settled him down.

Living in these aerial houses, Yang Chen didn't care about the environment and simply took a break for the time being.

He didn't let Cai Yi out, mainly because her identity was too mysterious, and the seven-colored peacock was an existence on the Demon Battle Power Ranking, which was quite astonishing. It was possible to deceive others, but not necessarily the Golden Crow Clan.

Moreover, Cai Yi didn't seem to have much desire to come out while in the Golden Crow Clan, which made Yang Chen very curious. He didn't know when Cai Yi became so sensible.

And so, Yang Chen stayed in the Golden Crow Clan for two days, during which he calmed his True Qi and absorbed some of the Spiritual Energy from the Golden Crow Region.

The Spiritual Energy of the Golden Crow Region was a great nourishment, containing a massive amount of fire power. It was extremely precious to people like him who were skilled in fire manipulation.

However, before he could cultivate, two Golden Crows came looking for him.

"Brother Yang, may we enter?"

"Please, come in," Yang Chen said.

Two brightly dressed female Golden Crows entered gracefully, their faces showing a hint of shyness as they looked at Yang Chen.

Yang Chen also knew the thoughts of these Golden Crows. In fact, throughout his journey here, the Golden Crows who saw him were all curious. He later learned that these Golden Crows rarely left the Golden Crow Region and had little encounter with members of foreign races.

Here in the Golden Crow Clan, he was undoubtedly considered a foreigner.

“What can I help you with?” Yang Chen asked curiously.

“Well, our Clan Leader wants to see you. We are here to invite you,” the two Golden Crows said in unison.

Yang Chen knew this would happen, and he took a deep breath, feeling somewhat nervous. After all, the Golden Crow Clan Leader was one of the Three Great Demon Kings, and his existence could not be ignored.

However, after a brief moment of thought, Yang Chen calmed down and said, “Alright, please lead the way.”

Accompanied and led by the two Golden Crows, Yang Chen arrived in front of the most beautiful and majestic palace in the high altitude of the Golden Crow Region.

On the palace, there were hundreds of Golden Crow statues carved, and each statue was emitting an astonishing aura. It was not difficult to determine that the Golden Crows represented by the statues were once a great existence.

“What’s the story with these statues?” Yang Chen couldn’t help but ask.

“These statues are the former Clan Leaders of our Golden Crow Clan. Each Clan Leader has to have the strength of a Demigod Stage to be qualified,” the two Golden Crows said with a smile.

Yang Chen was slightly shocked, not by the fact that only a Demigod Stage could serve as the Golden Crow Clan Leader, but by the hundreds of Golden Crow statues. Did that mean that the Golden Crow Clan had already had hundreds of Clan Leaders throughout its history?

How ancient was the history of the Golden Crow Clan?

It was simply terrifying.

Yang Chen took a deep breath, realizing that his understanding of this world might only be the tip of the iceberg. Who could guarantee that there wasn’t a single God among the hundreds of Demigod Stage beings?

“Truly a great race guarding the Holy Sun,” Yang Chen thought, while a sense of awe was born in his heart.

At all times, one must maintain enough respect for the laws of the world, or else the one who would suffer would be oneself in the end.

Unconsciously, the three of them had already entered the palace.

Inside the palace, there were rows of Golden Crows guarding it, and each Golden Crow had reached the Heaven Martial Realm, exhibiting varying strengths. Their auras exuded an imposing presence.

As they walked deeper into the palace, the strength of the auras became even more amazing. Yang Chen could feel many Spirit Plate Stage super-powerful beings, as well as the Jinzun Stage and the Integration Period.

Even...

Demigod Stage.

Yang Chen could see clearly that two Demigod Stage Golden Crows were floating in the center. One of them was old and weak, holding a fire staff, and the other was wearing a black robe with a long beard.

These two huge super-powerful Golden Crows looked at Yang Chen as if a mountain was pressing down on him, making Yang Chen feel an endless pressure.

Yang Chen quickly fortified his mind, and the power of thunder and lightning rolled out in a flurry, protecting his body so that his legs would not tremble in fear under the pressure of their aura.

“Oh? Not bad.” The two Golden Crows looked at each other and said in unison.

Yang Chen didn't speak; he knew that it wasn't his turn to talk yet. However, he had already seen Xiang Yue among the crowd, which meant that the Golden Crow Clan had come to talk to him today, not to harm him.

“I am the Great Elder of the Golden Crow Clan.” The Golden Crow holding the fire staff spoke.

“I am the Golden Crow Clan Leader.” The black-robed, long-bearded Golden Crow waved his hand, “You must be Yang Chen, right? Please, have a seat.”

With a wave of his hand, Yang Chen knew where he should sit, and he immediately thanked them, “Thank you, senior Golden Crow Clan Leader and senior Great Elder.”

After speaking, Yang Chen then sat down.

“Alright, now that we're all here, let's talk business, little guy,” the Golden Crow Clan Leader slowly said.

Yang Chen nodded, his palms sweating slightly. He knew that, if nothing unexpected happened, the matter of the Zhìyáng Yuánjīng must have already been known to the high-level members of the Golden Crow Clan.
