Chapter 1041: Your Opinion on This_1

“Whoever can do it will be the hero of my Dao Discussion Conference. Just now, Yang Xilin from my Donghuang Sect has already put on a good show for everyone. Now it’s time to see who else has the level to subdue another demon and boost the morale of our human race before the war!” said Emperor Shi Neng.

These words undoubtedly raised everyone’s spirits to the highest point.

Many martial artists were itching to try, wanting to go up and have a fight with the Giant Strength Demon.

After all, everyone wanted to gain both fame and fortune like Yang Chen.

And Emperor Shi Neng was smart enough to deftly remove the word “vassal” from Yang Chen and simply turn him into someone from the Eastern Emperor Sect. Moreover, when it came to the Giant Strength Demon, he secretly praised himself through Yang Chen.

Seeing that everyone’s interest had been aroused, Emperor Shi Neng nodded his head in satisfaction: “Very well, I am very pleased that you all have such enthusiasm. Now, I will place the Giant Strength Demon in this unique ring with multiple layers of restrictions set up by me. Any martial artist below the Heaven Martial Realm can challenge this demon, but one at a time. Whoever succeeds first, the strength he represents, can win this round of competition!”

As soon as these words fell, Emperor Shi Neng struck a ring in the corner with a palm out of thin air.

This ring had been prepared earlier and was much larger than the ones next to it. After Emperor Shi Neng slapped it, the prohibition immediately appeared.

The birth of this prohibition was very obvious, with streams of water cascading like waterfalls from the air, surrounding all four sides. The Giant Strength Demon was then imprisoned within the ring filled with water currents.

As soon as the prohibition was born, Emperor Shi Neng waved his big hand and directly threw the Giant Strength Demon into the ring full of restrictive barriers!

The Giant Strength Demon tried to break through the restrictions, but every time it touched them, it would immediately scream in agony, making it obvious that with these restrictions in place, the Giant Strength Demon couldn't escape even if it wanted to.

“Alright, now you can all go up! Remember, if you fail, there will be Heaven Martial Realm referees beside you to save you, but after failing, you will not have the qualification to challenge again!” After throwing down these words, Emperor Shi Neng returned to his seat.

In an instant, many martial artists hurriedly flew out, trying to be the first to enter the ring.

Most people did this mainly because they saw how exhilarating it was for Yang Chen to expose the Red Shura Demon just now, and now they wanted to emulate Yang Chen and gain both fame and fortune.

If it weren't for Yang Chen, many people would probably be more concerned about how to seize the best opportunity to defeat the demon at the moment, as those who eat crabs first often have to pay a price.

The truth is indeed the case – a warrior at the peak of the Earth Martial Realm took the initiative to go up, thinking that he had caught a bargain. However, as soon as he really fought with the Giant Strength Demon, he found that the demon's strength was incredibly strong.

As soon as the Giant Strength Demon made a move, the entire ring seemed to shatter, and its overwhelming force even made the air vibrate faintly.

The demon's roar made everyone feel their ears trembling and disturbed their minds.

Even without direct confrontation, just these factors alone made it unbearable for everyone. Moreover, the Giant Strength Demon didn't only have immense strength, but its speed and other aspects were also not bad.

After a round of fighting, the peak Earth Martial Realm warrior was immediately defeated and returned!

Fortunately, the Heaven Martial Realm referee who was watching the battle intervened early and saved the peak Earth Martial Realm warrior. Even so, one could still see the strength of the Giant Strength Demon through the warrior's disheveled state.

However, this did not diminish the enthusiasm of the majority of martial artists to take action. Thinking of the rewards they would gain after winning, another Half-Step Earth Martial Realm warrior stepped up as soon as the peak Earth Martial Realm warrior was defeated.

This Half-Step Earth Martial Realm warrior clearly stronger than the one who took the initiative earlier, but in the end, he too was defeated.

As a result, the third, the fourth... one after another, warriors took action, and in the blink of an eye, more than a dozen enthusiastic martial artists went up to meet the Giant Strength Demon.

However, the results were all the same, with everyone being defeated!

Yang Chen didn't get involved in the excitement, just based on the level the Giant Strength Demon had shown, there was nothing he could do if he went up. Unless someone could help him hurt the Giant Strength Demon, he wouldn't be able to solve the problem that even a half-step Earth Martial Realm couldn't handle!

"Sect Leader, I want to go up and try." At this moment, Zhou Qing, full of enthusiasm, wanted to go up and fight the Giant Strength Demon to the death.

Seeing Zhou Qing's enthusiasm, Yang Chen couldn't help but feel helpless. He originally wanted to tell Zhou Qing that his chances of winning against the Giant Strength Demon were slim. However, after thinking about it, he said: "Be careful!"

"Yes, Sect Leader!" Zhou Qing excitedly went up.

Yang Chen sighed softly, not that he didn't want to stop Zhou Qing, but what could he do even if he did? Everyone knows the danger, but they all have the desire to slay demons and achieve fame with just one battle. Since Zhou Qing brought it up, it means that he also has this idea. Yang Chen could stop people, but not their hearts.

Fortunately, with the Heaven Martial Realm referee nearby, there was no real danger to Zhou Qing's life.

As he was thinking, suddenly, Ye Xu appeared beside him unknowingly, startling Yang Chen, who said: "Senior Ye!"

"Young friend Yang, the Ancestor is looking for you, come with me." Ye Xu smiled.

"Emperor Shi Neng is looking for me?" Yang Chen couldn't help but be puzzled, and immediately followed Ye Xu to find Emperor Shi Neng.

Soon, when Yang Chen reappeared, Ye Xu had brought him to Emperor Shi Neng's side.

Emperor Shi Neng's expression remained amicable, and when he saw Yang Chen, his smile grew even warmer, saying: "Young friend Yang, we meet again."

"Emperor Senior, I wonder what you mean by calling me here?" Yang Chen couldn't help but be puzzled.

"Haha, it's nothing. Young friend Yang, you seem to know quite a bit about the Prohibition Demon Clan. When I saw you make your move, you targeted the Red Shura Demon's weak points. Especially your flame, it is the sacred fire that restrains evil creatures!" Emperor Shi Neng said.

His eyesight was so sharp that he could analyze some things with just one glance.

Knowing that he couldn't deceive Emperor Shi Neng, Yang Chen said truthfully: "Emperor Senior, I unintentionally deciphered a Red Shura Demon earlier, so I guess I have some unique insights into the Prohibition Demon Clan. Otherwise, I wouldn't have been able to expose the identity of the Red Shura Demon today!"

“Well, not bad. What do you think about this Giant Strength Demon? Can you find any weaknesses?” Emperor Shi Neng said casually: “It was caught by the Demon Slaying Branch, and no one knows the process of it being captured. The information obtained from the interrogation is also with the Demon Slaying Branch. So, we don’t know the weakness of this Giant Strength Demon.”

Yang Chen startled at this.

It turned out that the Demon Slaying Emperor was ruthless enough! To protect himself, he sold out his own people first.

Chapter 1042: You Think We Don’t Know?_1

Hearing this, Yang Chen’s heart skipped a beat. Others might not know what wicked thoughts the Demon Slaying Emperor had, but how could he not be clear about them? The Demon Slaying Emperor and Lin Xi were most likely in cahoots.

Considering what Emperor Shi Neng said now, Yang Chen felt even more certain about his suspicions.

On the surface, the Demon Slaying Emperor was both slaying demons and capturing the Giant Strength Demon, achieving many great deeds that upheld the dignity of humanity. But upon careful thought, how come no others could find even a single Forbidden Demon, but he alone had this ability?

The Demon Slaying Emperor was trying to mask his true identity through various means!

Thinking of this, Yang Chen couldn’t help but glance at the Demon Slaying Emperor, then lowered his voice and said, “Emperor Shi Neng, about the... just now, when the junior exposed Lin Xi’s true identity, don’t you think there might be something fishy apart from Lin Xi?”

It took quite a bit of courage for Yang Chen to say these words, as someone of his junior level had no right to discuss matters concerning Emperor-level figures. Although Bai Wei was present, Yang Chen still didn’t feel completely at ease. He couldn’t guarantee that one person’s power could completely expose the Demon Slaying Emperor’s true form.

Emperor Shi Neng, with a smile that didn’t look like a smile, said, “You mean the Demon Slaying Emperor, right?”

Initially, Yang Chen was somewhat worried, but when he heard Emperor Shi Neng bluntly mentioning the Demon Slaying Emperor, he momentarily thought he was overthinking. The Emperors had their reasons for being, living for so long and ensuring their own people's prosperity.

Seeing Emperor Shi Neng's appearance, it seemed that he had known all along.

Emperor Shi Neng spoke slowly, "Young friend Yang, do you think we would be so foolish as not to notice that there's something wrong with the Demon Slaying Emperor?"

"The junior was overly worried," Yang Chen said.

"It's good that you have such concerns. In fact, I, Emperor Jue Ming, and the three Emperors of the Bai Family have little communication. But we only need to look at each other's eyes to know what we mean. Do you feel that if you sense something fishy about the Demon Slaying Emperor, you must act now? What's the point of acting now? It will only make things worse, creating a chaotic scene within our ranks even before we start fighting the Forbidden Demons. Even if the Demon Slaying Emperor is defeated and disgraced, everyone's morale will be shaken, and the news of internal strife will spread. What good would that do for our Human Race Alliance? Isn't it just inviting the Prohibition Demon Clan to take advantage of our weakened state?" Emperor Shi Neng said.

Yang Chen couldn't help but realize his mistake and laughed, "Emperor Senior's foresight is truly profound, the junior still has much to learn."

The other party was right. Even if they suspected that the Demon Slaying Emperor was hiding something, taking rash actions wouldn't benefit anyone.

"So how should we deal with the Demon Slaying Emperor?" Yang Chen asked.

"Stabilize the situation and wait for the right opportunity," Emperor Shi Neng said.

"Stabilize? How?" Yang Chen was puzzled.

Emperor Shi Neng chuckled, "Just watch, and you'll see how."

Yang Chen couldn't help but look and found that Emperor Jue Ming and the Demon Slaying Emperor sat together like close brothers, chatting happily. It was clear what was going on now.

He clasped his hands and said, "The junior understands."

As it turned out, these Emperor-level experts had long contemplated such matters, and they did so without making any overt moves. It was truly terrifying.

Emperor Shi Neng rubbed his chin, "Alright, let's get back to the topic at hand. Before solving other issues, let's first consider how to defeat this Giant Strength Demon. After all, whoever defeats him will win this competition!"

The implication of his words was clear. The Donghuang Sect had already won one competition, and if they won another, they would truly become the Alliance Leader.

By that time, no one would dare to defy their reign.

Yang Chen looked at the Giant Strength Demon on the stage, his hands behind his back and his expression serious. He guessed that the Demon Slaying Emperor initially had a good plan, wanting to use Lin Xi and then somehow create the illusion of defeating the Giant Strength Demon. In this way, the Demon Slaying Emperor would have gained the rights to the Alliance Leader position.

If the position of Alliance Leader was taken away by someone with hidden motives before the battle against the Forbidden Demon Clan even started, that would be truly terrifying.

After thinking it over, Yang Chen said, "Emperor Senior, the Giant Strength Demon's strength, speed, and other aspects are all quite perfect. There's almost no weakness. If I must mention a weakness, the Forbidden Demons of the Prohibition Demon Clan share a common one, as far as I know."

"Oh? Tell me!" Emperor Shi Neng asked with curiosity.

Yang Chen said, "This weakness lies in their dual horns. The moment any Forbidden Demon of the Prohibition Demon Clan has a problem with its dual horns, its strength is immediately greatly reduced. However..."

"What's the 'however'?" Ye Xu couldn't help but interject.

"However, every Forbidden Demon will do its utmost to protect its dual horns. So, unless you have absolute certainty, there's no need to deliberately target a Forbidden Demon's dual horns, as doing so might be counterproductive. It might not produce any good results," Yang Chen explained.

These weaknesses were learned from the mind of the Red Shura Demon who initially disguised himself as a Silver Fox. However, the effect wasn't significant, so Yang Chen didn't use this strategy when he faced Lin Xi; instead, he relied on his own strength to win.

Emperor Shi Neng frowned, "Then what should we do? Is there really no way to defeat this Giant Strength Demon? So many people have come to my Dao Discussion Conference today, and yet, none of them can even defeat a single Giant Strength Demon?"

"Well, if you want to defeat it, I do have a method," Yang Chen suddenly said.

"What method?" Emperor Shi Neng's eyes lit up, as he didn't expect Yang Chen to have a plan even when he couldn't figure out any weaknesses of the Giant Strength Demon.

"This method is not simple, but it's not difficult either. As long as someone can use their full strength, not to mention cutting off the Giant Strength Demon's dual horns, as long as they can cause some injury to it, I will find a way to defeat the Giant Strength Demon!" Yang Chen said.

Hearing this, Emperor Shi Neng narrowed his eyes and looked at the Giant Strength Demon, asking earnestly, "Young friend Yang, are you sure? This Giant Strength Demon is at the peak of the Earth Martial Realm!"

"That's why I need someone to help me. Of course, if they can defeat it alone, even better," Yang Chen smiled and said.

“I understand. Ye Xu, gather the ten best Half-step Heavenly Martial Realm cultivators from our sect who haven’t participated in the challenges yet, and remember, the faster the better!” Emperor Shi Neng ordered.

Emperor Shi Neng’s orders were as heavy as Mount Tai, and Ye Xu didn’t dare to disobey. He quickly ran down and started giving instructions.

In less than half an hour, ten Half-step Heavenly Martial Realm experts were gathered by Ye Xu. It wasn’t too hard for a sect with the standards of the Donghuang Sect to find ten such experts.

Now, when the ten Half-step Heavenly Martial Realm experts appeared, they all looked panicked and flattered, looked at Emperor Shi Neng with great respect, and could not help but shout in reverence.

Chapter 1043: Seriously Injuring the Giant Strength Demon!_1

No one dared to disregard Emperor Shi Neng. At least, these half-step Heavenly Martial Realm warriors would not dare. When they looked at the emperor, it was as if they were looking at a god, unconsciously putting themselves in an inferior position.

Emperor Shi Neng wasn’t very interested in these half-step Heavenly Martial Realm warriors. To cultivators like them, as long as their Donghuang Sect was willing, they could easily train numerous ones, and thus, they were not valuable.

The key was that their prospects were already set, and he couldn’t muster any energy for them.

Now, as he summoned these people to his side, Emperor Shi Neng calmly said, “I called you here because you are all the elite trained by my Donghuang Sect. As the saying goes, ‘a soldier is trained for a thousand days to be used for a day.’ Your strength is ideal for dealing with the Giant Strength Demon. Do you have any opinions on this?”

Hearing this, all these half-step Heavenly Martial Realm warriors were speechless.

In fact, the reason they hadn’t fought the Giant Strength Demon yet to win honor was that they had never intended to take this path and didn’t dare to do so.

The powerful fighting power displayed by the Giant Strength Demon had already shocked everyone, causing the warriors who were initially eager to defeat it to calm down, and some even hesitated to step forward.

At this point, they dared not show off their skills. Although the possibility of losing their lives was slim, there was still a chance.

Seeing these half-step Heavenly Martial Realm warriors stammering and not daring to speak, Emperor Shi Neng became even more impatient, "What are your thoughts? Just speak up, can I make it difficult for you!"

Hearing that Emperor Shi Neng would not make it difficult for them, these half-step Heavenly Martial Realm warriors dared to carefully say, "Great Emperor, it's not that we don't dare to go up, but our abilities are limited."

"Great Emperor, my abilities are limited too, and I dare not compete with the Giant Strength Demon."

"I'm also slightly lacking."

There are never a shortage of people who fear for their lives at any time.

Yang Chen looked at these people and couldn't help but chuckle. Although not all of the ten people were afraid of death, after such a conversation, it could be almost concluded that most of them were cowards. If they were really on the battlefield, they would most likely hold everyone back.

Emperor Shi Neng was also furious, "You bunch of useless cowards, what use is there for my Donghuang Sect to keep you?!"

Hearing this, the half-step Heavenly Martial Realm warriors lowered their heads, not daring to speak any further.

Although Emperor Shi Neng was angry, there was nothing to be done, since too many warriors like these lacked courage. After all, he wouldn't kill them all.

But with these people, it was impossible for them to fight ahead for Yang Chen and reveal the vulnerability of the Giant Strength Demon. They would consider themselves lucky if they didn't wet themselves when they went up.

Just when Emperor Shi Neng and Yang Chen both wanted to give up hope, suddenly, among the ten warriors, a handsome middle-aged man with a strong body said, "Great Emperor, this Giant Strength Demon..."

As he said this, the middle-aged man suddenly stopped speaking.

"Whatever you have to say, just say it!" Emperor Shi Neng looked at the middle-aged man coldly.

The middle-aged man couldn't help but lower his head, "Great Emperor, I have the confidence to hurt this Giant Strength Demon, but it's not very likely to defeat him. However, if you need me to, I'm willing to give it a try even if there's only a sliver of hope for victory!"

Hearing this, Emperor Shi Neng's eyes lit up, "What's your name!"

"Junior Zhang Dongjie, a common elder of the Donghuang Sect." The middle-aged man hurriedly reported his name, knowing that being asked by the emperor was a great honor.

Emperor Shi Neng nodded, then looked at the others, "What about you? Is there anyone who, like him, has the confidence to hurt the Giant Strength Demon?"

"This..." The remaining nine warriors looked at each other, not daring to speak. Obviously, they didn't even have the courage to confront the Giant Strength Demon, let alone hurt it.

"Hmph, a bunch of waste." Emperor Shi Neng became increasingly disgusted with these people and simply said, "Young friend Yang, what do you think?"

Yang Chen looked at Zhang Dongjie, nodded with satisfaction, "Great Emperor, we can give it a try!"

“Good, Zhang Dongjie, you should also know him, Yang Xilin, the talent of my Donghuang Sect, and the brave warrior who slayed the forbidden demon!” Emperor Shi Neng said.

Although Zhang Dongjie’s strength was much stronger than Yang Chen’s, he didn’t dare to show any superiority towards Yang Chen. Being no fool, he understood that although Yang Chen’s strength was not as good as his, his status was far superior.

He respectfully said, “I’ve naturally heard of the great name of Sect Leader Yang. He is a role model for our generation of fighters, and I’m honored to meet you!”

Hearing Zhang Dongjie’s polite words, Yang Chen couldn’t help but laugh. Although he wasn’t used to it, there was no denying that Zhang Dongjie was indeed a rare talent.

“Zhang Dongjie, there’s a reason why the Great Emperor called you here. In the end, it’s about the Giant Strength Demon. As long as you follow my instructions, I can give you a chance to defeat the Giant Strength Demon. At the very least, you can severely wound the Giant Strength Demon. Are you willing to fight the Giant Strength Demon?” Yang Chen said seriously.

“Is that possible?” Zhang Dongjie’s eyes widened.

Yang Chen smiled, “How about it, Zhang Dongjie? You just said you had confidence in hurting the Giant Strength Demon.”

It was precisely because Zhang Dongjie had said this that he had chosen him. After all, it wouldn’t be easy to hurt the Giant Strength Demon.

Zhang Dongjie heard this and said with a serious expression, “It’s true that I have confidence, but defeating the Giant Strength Demon is a bit exaggerated. Not that I don’t trust myself, but with my abilities, I really can’t do it.”

“That remains to be seen. Zhang Dongjie, take this!” Yang Chen waved his hand, taking out the Nine Star Gourd that he had been holding.

Zhang Dongjie couldn't help but be startled when he saw the Nine Star Gourd in Yang Chen's hand. He was well aware that this was one of Yang Chen's treasures that also possessed terrifying power.

"I can lend you this gourd for a while. The function of this gourd is..." Yang Chen quickly explained the function of the Nine Star Gourd to Zhang Dongjie.

"You only have one chance, Zhang Dongjie. With this gourd, you can absorb the Giant Strength Demon's attack and counterattack instantly. But what I want is for you to definitely break the Giant Strength Demon's horns, even if it only causes a crack. Of course, if you really have the confidence to defeat the Giant Strength Demon, feel free to do so!" Yang Chen said slowly.

Upon hearing Yang Chen mention the function of the Nine Star Gourd, Zhang Dongjie took a deep breath, his face full of joy. But he was no fool, and he quickly said, "Sect Leader Yang, how could you lend me such a treasure? What do I have to offer you?"

"I lend you this treasure not for your personal gain. If you can't defeat the Giant Strength Demon, at least you can hurt it. Next, it will be my turn to finish the job. Of course, if you have the ability to kill the Giant Strength Demon, I won't rob you of your credit!" Yang Chen said with a smile.

Chapter 1044: Going All Out!_1

Yang Chen is not a man greedy for credit. He had already made it clear to Zhang Dongjie. Simply put, the opportunity was given to him. Whether he could grasp it was entirely up to his own abilities.

Zhang Dongjie is not an idiot. He knows the value of the opportunity. Yang Chen lending him the Nine-Star Gourd is giving him the chance and even promised that if he is capable, he can claim all the credits on his own.

This is an opportunity he could not even ask for.

With this in mind, he thanked Yang Chen repeatedly, "Master Yang, thank you. I will not fail your expectations. Regardless of my success or failure, I will cut off the Dual Horns of the Giant Strength Demon!"

"Good, with Brother Zhang's words, I feel reassured," Yang Chen smiled.

Zhang Dongjie wasted no more time, took the Nine-Star Gourd, and could not wait to find the Giant Strength Demon.

This made Emperor Shi Neng, who had been watching, laugh, “Young friend Yang, you lent him the Nine-Star Gourd and let this Zhang Dongjie go to kill the Giant Strength Demon. What if he really kills it? Won’t you lose the credit then?”

Yang Chen laughed and said, “If it were solely based on my abilities, I couldn’t defeat the Giant Strength Demon. If Brother Zhang is capable, it’s his skill. Even if I wanted to take the credit, it would be meaningless because it’s his success.”

“But you lent him your precious gourd,” Emperor Shi Neng stroked his chin and said.

It is undeniable that he is becoming more fond of Yang Chen. Not for anything else, but for Yang Chen’s extraordinary character, which makes him worthy of admiration!

Yang Chen replied, “If he is indeed a hero against demons, and I am not bold enough to lend him a gourd, wouldn’t that be too stingy?”

“Well said! Yang, just for your courage today to lend Zhang Dongjie your precious gourd, you will always have a home in Donghuang Sect. You can come and go as you please, and no one will dare to stop you. That’s my command. Ye Xu, did you hear that?” Emperor Shi Neng said.

“Yes, Sect Leader!” Ye Xu took a deep breath, not expecting Yang Chen to receive such a high level of treatment in such a short time.

Treating Donghuang Sect as his own home and coming and going as he pleases may seem easy, but in reality, less than ten people in the entire Donghuang Sect could do so!

It is evident that his admiration for Yang Chen has been growing.

Yang Chen couldn’t help but thank them, “Thank you, Emperor Senior!”

“It’s just a small favor. Let’s see how Zhang Dongjie is doing first. I hope he can make some contributions with his skills!” Emperor Shi Neng said.

At this point, those martial artists who were initially eager to challenge the Giant Strength Demon were deterred by its intimidation. The frequency of the challenges became lower and lower. None of the hundreds or even thousands of elite martial artists dared to face the Giant Strength Demon.

Most martial artists are in a state of observation, waiting for an opportunity to pick up the slack when the Giant Strength Demon fights with others and both ends up severely injured.

Many people harbor such thoughts, which has led to no one daring to face the Giant Strength Demon anymore.

Zhang Dongjie’s appearance immediately attracted the attention of everyone.

“Someone is going up to face the Giant Strength Demon.”

“I don’t know which idiot went up there, daring to fight the Giant Strength Demon at this time.”

“Hehe, smart people are reaping the benefits without participating in the fight.”

Many people couldn’t help but sneer and curse Zhang Dongjie when they saw him going up right now, thinking he made a foolish choice.

However, Zhang Dongjie did not think so much at the moment. He himself had many methods, and with the Nine-Star Gourd, he gained more confidence.

Nevertheless, seeing the Giant Strength Demon’s huge body and the terrifying deterrent force sweeping towards him, Zhang Dongjie’s heart still raced, and fear crept up his body.

This made Zhang Dongjie stomp his feet in anger, forcing himself to calm down, "Hmph, I am a human with iron blood, and I will not fear the Demon Tribe!"

"Roar!" The Giant Strength Demon roared, its arm as large as a small mountain fiercely slammed down at Zhang Dongjie.

This punch is lightning-fast and amazingly powerful. Zhang Dongjie had a quick reaction; he swiftly waved his hand, summoning a shimmering, huge mountain. The surface of this mountain has sharp ridges and emits a stunning glow, which makes people's souls feel damaged.

Obviously, this mountain has a remarkable effect.

Zhang Dongjie gritted his teeth and shouted when he summoned the mountain, "You evil creature, taste this!"

The mountain collided with the Giant Strength Demon's fist and pierced its palm, leaving several bloody holes. Many people were shocked and opened their mouths wide, astonished.

Yang Chen was also surprised, not expecting Zhang Dongjie to have such a level of skill.

"Rising Sun Divine Mountain!"

"It's Donghuang Sect's cultivation method, the Rising Sun Divine Mountain. I didn't expect it to be so powerful in Zhang Dongjie's hands!"

Just as everyone was surprised, they looked at Zhang Dongjie again, only to find that his expression didn't seem very good. Despite the mountain's apparent advantage, he didn't seem to take a breather.

Suddenly, there was a loud bang.

The mountain controlled by Zhang Dongjie shattered. He immediately suffered backlash, and he spat out blood with a grunt.

“Oh no!” Yang Chen felt a sudden thump in his heart.

Zhang Dongjie’s controlled mountain did injure the Giant Strength Demon’s palm, but unfortunately, it also pushed Zhang Dongjie to his limit. Beyond that limit, Zhang Dongjie could not control it, and eventually, his controlled mountain shattered.

Looking at it now, it seems to be a lose-lose situation. However, the Giant Strength Demon seems to recover more quickly. It roared, its body shrouded in layers of dark energy, and then threw another punch.

Zhang Dongjie suddenly woke up. Remembering the rare opportunity Yang Chen gave him, he roared, “Giant Strength Demon, it won’t be easy to defeat me!”

As Zhang Dongjie roared, golden gases rose around him. People who are more observant recognized it at a glance.

“Magnificent Righteous Qi!”

No one could imagine that Zhang Dongjie also practiced this Cultivation Method. When the Magnificent Righteous Qi was released, it collided perfectly with the Giant Strength Demon’s attack, completely negating each other, and neither could hurt the other.

However, the Giant Strength Demon’s fist was coming with force again!

For this punch, the Giant Strength Demon seemed to consider the difficulty of the Rising Sun Divine Mountain and did not directly attack Zhang Dongjie physically. Instead, it suddenly stopped mid-air.

With that halt, its fist nearly tore apart space. The entire ring was shaking as a hurricane ten meters long appeared.

Zhang Dongjie saw this and knew the opportunity had come.

Obviously, the Giant Strength Demon had been tricked.

The Nine-Star Gourd can only absorb technique Cultivation Methods, not the Giant Strength Demon's body directly!

So as soon as the Giant Strength Demon performed his technique, Zhang Dongjie immediately used the Nine-Star Gourd, sucking the hurricane produced by the Giant Strength Demon into the gourd!

Chapter 1045: Slaying the Demon!_1

This strike carried the full force of the Leviathan Demon!

The power that the Nine-Star Gourd could absorb completely depended on the user's level.

With Zhang Dongjie's Half-step Heavenly Martial Realm level, it was not difficult for him to absorb the Leviathan Demon's attack. After he had taken it in, he felt the Nine-Star Gourd fill to the brim. Thinking of the upcoming plan, Zhang Dongjie shouted fiercely, "Beast, you're finished!"

With that, he quickly opened the Nine-Star Gourd, and then released the Leviathan Demon's previous attack!

Boom!

The same hurricane dozens of feet long not only covered the sky, but also obscured the entire ring. Flowers and rocks were immediately devoured and absorbed by the hurricane, which then rolled towards the Leviathan Demon.

The Leviathan Demon had intelligence, albeit not as high as an ordinary person's.

However, it also knew that its own tactic had been used by the opponent, and it tried to approach while infuriated. But when it encountered its own attack, it likewise found it troublesome.

“Roar!” The Leviathan Demon roared angrily, and eventually, unable to tolerate it any longer, tried to forcefully break through the hurricane zone!

Zhang Dongjie suddenly lost his composure.

He had planned to use this hurricane area to find a chance to cut off the dual horns on the Leviathan Demon’s head. If the Leviathan Demon were to actually crack this hurricane tactic, he would be left with no solution.

With this in mind, Zhang Dongjie could only let out a low shout, “Go all out!”

Immediately, Zhang Dongjie pulled a Phantom Sword out of thin air.

Holding the sword in his hand, he slashed horizontally in the air. Then, a huge Phantom Sword appeared in the air and imitated Zhang Dongjie’s movement, slashing horizontally!

This slash was aimed straight at the Leviathan Demon.

Originally, the Leviathan Demon was focused on the hurricane and didn’t notice this. It was caught off guard by Zhang Dongjie’s Phantom Sword.

The Leviathan Demon didn’t expect this, and it didn’t have time to defend its dual horns. At this moment, the horns were severely damaged, and it let out a painful scream, trying to retaliate.

Its brute force swept over, causing Zhang Dongjie to break out into a cold sweat. He shouted, “Damn beast, break it for me!”

He tried his hardest, already full of sweat, but the Phantom Sword still failed to break the horns. It just showed how tough the Leviathan Demon’s body was.

Finally, there was a crackling sound...

Upon closer inspection, a tiny crack appeared in the dual horns on the Leviathan Demon's head. But at the same time, Zhang Dongjie's Phantom Sword suddenly vanished, its power apparently reaching its limit.

This sight stirred up the emotions of everyone, but it was clear that Zhang Dongsheng had no strength left to fight

"How can this be!" Zhang Dongsheng panted, unable to believe what was happening before him.

He had used all his means, but he had only managed to slash a crack into the Leviathan Demon's dual horns.

Unwilling to accept this, he wanted to fight again, but when he thought about having no other means left, he couldn't help but sigh and shout, "I admit defeat!"

The Leviathan Demon was already swinging its fist.

In an instant, three Heavenly Martial Realm martial artists appeared out of nowhere, and one of them immediately stopped the Leviathan Demon with his technique. The other two easily escorted Zhang Dongjie away, bringing an end to the battle.

Zhang Dongjie had a remorseful look on his face, unable to face Yang Chen, but he knew that he had to face the consequences.

At this moment, Zhang Dongjie approached Yang Chen and gritted his teeth, saying, "Master Yang, I... I am too useless. I used the Nine-Star Gourd you gave me, but I never expected that it would only leave a single crack in this Leviathan Demon's dual horns. I... sigh!"

Seeing Zhang Dongjie blame himself like this, Yang Chen knew that Zhang Dongjie was also feeling terrible.

He patted Zhang Dongjie's shoulder, "Brother Zhang, don't blame yourself. Just leave the rest to me!"

"But those horns..." Zhang Dongjie couldn't help but worry.

Emperor Shi Neng also said, "Young friend Yang, it's better to think about the long-term plan in this situation. The small crack in those horns does not cause any major damage to the Leviathan Demon's strength. There's no need for you to take the risk now. After all, no one else can handle the Leviathan Demon at the moment. Compared to them, your value is much greater."

Yang Chen smiled, "Junior understands that the Leviathan Demon's strength is not significantly affected now. However, this is a once in a thousand years opportunity, and I will give it a try!"

Hearing this, Emperor Shi Neng was somewhat helpless.

As a Great Emperor, he would naturally not bother persuading others twice, even if Yang Chen still insisted on doing so.

"Fine, make sure to keep yourself safe," Emperor Shi Neng waved his hand.

"Thank you for your concern, Great Emperor!" Yang Chen said.

"Master Yang, this is your Nine-Star Gourd," Zhang Dongjie said, somewhat disappointed.

He was full of enthusiasm and thought he could kill the Leviathan Demon and become a hero. However, not only did he not kill the Leviathan Demon, but he also didn't provide any real help to Yang Chen.

Actually, it couldn't be said that Zhang Dongjie didn't help. At the very least, the cracks in those horns were his great accomplishments.

Those cracks played a significant role, as they could at least reduce the Leviathan Demon's strength by thirty percent. This was the weakness of the Prohibition Demon Clan.

If they were truly broken, it's estimated that the Leviathan Demon wouldn't be able to exert even seventy percent of its strength!

However, everyone didn't feel that a single crack could play such a significant part, otherwise, who knows how many people would have eagerly rushed to the stage.

So, when Yang Chen stepped onto the stage, not a single person tried to compete with him!

Yang Chen walked up to the ring with great swagger, leaving everyone stunned.

"What is Yang Xilin up to?"

"Is he out of his mind? What is a Second Level Earth Martial Realm martial artist like him doing messing around? Can he fight against the Leviathan Demon at the peak of the Earth Martial Realm?"

"How is that possible!? If even someone at the Half-step Heavenly Martial Realm can't handle it, what can he do!"

"I used to admire this kid, but now his greed knows no bounds. He wants to defeat the Leviathan Demon. Isn't he looking for trouble?"

"Originally, he wouldn't have had any problems if he didn't go up. Everyone could understand. But this kid just insisted on causing trouble for himself!"

Everyone's discussions continued, all of them feeling that Yang Chen made a foolish decision.

Yang Chen ignored everyone and only focused on harnessing his strength as he stepped onto the ring in order to face the Leviathan Demon.

The Leviathan Demon was still in a frenzied state, aware that it wouldn't survive the day. Whenever it saw an enemy, it tried to attack furiously.

When Yang Chen saw the Leviathan Demon attack, he instantly made a judgment and then used the Blazing Sky Sacred Fire.

“Leviathan Demon, this ring will serve as your burial ground.” Yang Chen’s voice was cold. Then, he controlled the Blazing Sky Sacred Fire, spreading it at a rapid speed!

Today, he intended to slay the demon here!

Chapter 1046: Slaughtering Devil Hero!_1

Since he dared to step onto the stage, he must have a confidence in doing so.

As the Blazing Sky Sacred Fire was born, he swiftly controlled the endless magma flames, enveloping the entire Giant Strength Demon’s body with a lightning-fast attitude!

The cracks in the twin horns of the Giant Strength Demon were not entirely worthless. If it were the Giant Strength Demon in its heyday, even if Yang Chen’s Blazing Sky Sacred Fire did counter it in some sense, it would be hard to achieve any miraculous effect.

But now it was different. The body of the Giant Strength Demon was damaged, its strength severely reduced, and it was unable to perform at its fullest. Thus the antagonistic effect of Blazing Sky Sacred Fire on the extreme Yin and evil could be demonstrated.

At this moment, when the Blazing Sky Sacred Fire surrounded the Giant Strength Demon, it struggled wildly, trying to break through Yang Chen’s technique but could not succeed!

“Roar!” The Giant Strength Demon became even angrier and wanted to crush the little ant in front of him!

Strength was the forte of the Giant Strength Demon, and Yang Chen would not confront it head-on. Seeing that the furious Giant Strength Demon was about to attack him, Yang Chen quickly retreated, then stepped forward with a Mountain Collapsing Style!

Boom, rumble. Terrifying power rolled out and collided with the Giant Strength Demon.

However, a frustrating scene soon appeared for Yang Chen. As expected of the infinitely powerful Giant Strength Demon, even with its strength impaired, a single punch was enough to cancel out Yang Chen’s Mountain Collapsing Style.

Now, it all depended on his use of the Blazing Sky Sacred Fire.

At the same time, the spectators were all dumbstruck.

“Yang Xilin actually fought the Giant Strength Demon to a draw.”

“How many tricks does this young man have up his sleeve? The Giant Strength Demon is at the peak of the Earth Martial Realm, isn't it?”

“The Donghuang Sect really found a gem this time.”

“It's terrifying, this young man is truly a prodigy with extraordinary talent!”

Countless people gasped in admiration. Regardless of whether Yang Chen could eventually win, just the fact that he had fought the Giant Strength Demon to such an extent was already worth boasting about.

Now, Yang Chen was fully focused. Seeing that the Blazing Sky Sacred Fire was becoming more and more uncontrollable as time passed, his expression grew increasingly grave.

He didn't hesitate, and quickly pulled out the Blazing Fire Spirit Brush with great speed.

With the appearance of the Blazing Fire Spirit Brush, Yang Chen instantly swung it, and then ink flowed out as he aimed at a point. This point was the Giant Strength Demon's double horns!

The terror of the combination of the Blazing Sky Sacred Fire and Blazing Fire Spirit Brush lay in this: it could create a range or strike a single point. In either case, the power was much stronger than using the Blazing Sky Sacred Fire alone.

Unfortunately, after being caught off guard once, the Giant Strength Demon was now much more vigilant in protecting its twin horns than before.

Seeing Yang Chen aiming at his twin horns, he boomed out two punches, creating a terrifying storm that scattered Yang Chen's Blazing Sky Sacred Fire.

Yang Chen was dumbfounded. He quickly slapped his palm, then took out a Spirit Talisman.

As the Spirit Talisman appeared, Yang Chen casually swung it...

Splash. The talisman instantly transformed into a purple lightning rope, the rope gradually enlarged, extending to several dozen meters long, and then instantly wrapped around the Giant Strength Demon.

This was one of the high-level talismans Yang Chen had crafted, called the Binding Demon Talisman. It was a talisman specifically designed for binding. Yang Chen had expended a lot of materials to create it, and now was the perfect time to use it.

The unique feature of this Binding Demon Talisman was that the greater the enemy's strength, the stronger the talisman would become in response. It could be said that it was the perfect counter against opponents like the Giant Strength Demon.

Of course, it's not to say the Giant Strength Demon couldn't break free, but with its intelligence, it was obviously impossible to get rid of the talisman in a short period of time. This was precisely one of the reasons why he was confident that he could defeat the Giant Strength Demon!

Just as Yang Chen had anticipated, when the Binding Demon Talisman's rope bound the Giant Strength Demon, it struggled desperately to break free, but the more it tried, the more it couldn't.

"Now's the time." Yang Chen once again aimed his brush and ink at the dual horns of the Giant Strength Demon.

There weren't many opportunities provided by the Binding Demon Talisman, so he had to seize them!

"Go!" Yang Chen maximized the power of his brush and ink, as they were both the best means to control the Giant Strength Demon now.

Bang!

The accumulated power of the brush and ink erupted instantly, pouring out like a flood, rushing towards the Giant Strength Demon's dual horns in an instant and then quickly engulfing them with its astonishing strength.

The Giant Strength Demon felt the pain in its horns and let out a horrible scream. Unfortunately, Yang Chen's killing intent was already determined!

With the high temperature of the Blazing Sky Sacred Fire at full strength, the Demon's dual horns, which already had cracks, finally couldn't hold on any longer. The horns crumbled and turned to ashes, completely dissipating from the Giant Strength Demon's head.

As these dual horns dissipated, Yang Chen could also feel a peculiar force leaving with them.

This led to Yang Chen's sudden realization.

"I understand now. The dual horns of the Prohibition Demon Clan were present from the moment they were born. They serve as the source or the core where the Clan accumulates their power over the years. That's why they're stronger than ordinary Humans at the same stage, but as long as their dual horns are cut off, the core and source for accumulating power would instantly collapse and vanish. The strength that can be stored in their bodies alone is utterly insignificant!" Yang Chen understood in an instant.

At first, he only knew that the dual horns were the weak points of the Forbidden Demon but didn't know why.

Now he understood.

Just as he had anticipated, when the Giant Strength Demon's dual horns disappeared, it lost even the last bit of strength to struggle against the Binding Demon Talisman.

However, when it really stopped trying to break free, the Binding Demon Talisman disappeared in an instant...

That was the Binding Demon Talisman for you; the more you tried to break free, the more impossible it became. If you stopped trying, it lost its effect!

However, by now, even if the Binding Demon Talisman had no effect, it didn't matter. The Giant Strength Demon was already facing certain death.

"It's over!" Yang Chen yelled sternly.

At this moment, the Giant Strength Demon felt the Binding Demon Talisman vanish and tried to make its final struggle. However, the next moment, the astonishing Mountain Collapsing Style power swept through, and a large amount of Blazing Sky Sacred Fire enveloped its body.

After a series of unwilling roars, the Giant Strength Demon's body completely dissipated into the air, meeting its demise.

When everyone saw this, the scene fell silent.

After a while, someone uttered the words: "Slaughtering Devil Hero!"

"Slaughtering Devil Hero!"

If Yang Chen had only defeated Lin Xi, the disguised Red Shura Demon, everyone would still be unconvinced. However, now that Yang Chen had astonishingly defeated the Giant Strength Demon, especially under circumstances where most people had challenged and failed, everyone had nothing to say about Yang Chen's abilities.

Yang Chen truly deserved to be called the Slaughtering Devil Hero!

At the same time, Emperor Jue Ming watched Yang Chen and sighed after a brief moment of disappointment, saying, "Brother Slaughtering Devil, I already told you earlier, don't be in such a hurry to leave. Look how exciting this battle is. These little guys aren't bad either, haha!"

Chapter 1047: Sudden Change!_1

Now, the Demon Slaying Emperor's heart is bleeding.

Others may not know, but doesn't he know himself?

Long before Yang Chen, he was called the Slaughtering Devil Hero, but how he got that title, only he himself knew.

Apart from that, everything he has done, only he understands his own purpose!

Didn't he know that Lin Xi was from the Prohibition Demon Clan?

How is that possible!

Not only did he know, but the Giant Strength Demon was also a play he specifically cooperated with the Demon Tribe represented by Lin Xi, just to make everyone believe more in the Demon Slaying Branch as the symbol and representative of Demon Slaying justice!

So, he calculated everything, using Lin Xi to defeat the Giant Strength Demon, and then use Lin Xi to get the victory in the second round. With two consecutive victories, he would eventually get the Alliance Leader position.

Even without the support of the Bai Family, it would be enough for him.

However, he didn't expect that his plan would be unraveled one after another, and ultimately they all couldn't get around this young man named Yang Xilin.

So much so that now, Lin Xi was killed by him personally, and the Giant Strength Demon died worthless, his perfect plan became a complete joke.

This made the Demon Slaying Emperor more and more angry, coupled with Emperor Jue Ming's incessant chatter, how could he not know that his situation was getting worse?

Now that the Giant Strength Demon is dead, the Demon Slaying Emperor pretends to be weary in heart and waves his hand: "Ah, Brother Jue Ming, I thought you and I were both well-prepared. I didn't expect that man's calculation is ultimately not as good as heaven's calculation. In the end, the position of Alliance Leader was taken by the Donghuang Sect. I really envy the luck of the Donghuang Sect, having Yang Xilin to help!"

"Yes, I also envy them a lot, but why don't I have that luck?" Emperor Jue Ming was very distressed.

Emperor Demon Slayer said solemnly, "Now that my Demon Slayer Branch is willing to admit defeat and bet, the Donghuang Sect wins, and the position of Alliance Leader is that old bald guy Shi Neng's, and my Demon Slayer Branch is willing to be dispatched. Alright, I am already physically and mentally exhausted, so I will

take my leave first!"

He pretended to be disheartened after losing the game and wanted to order his people to leave.

Seeing this, Emperor Jue Ming narrowed his eyes and immediately laughed, "Brother Demon Slayer, what's the rush? Shi Neng, the ceremony for the inauguration of the Alliance Leader, is not ready yet. You want to leave? It's not quite appropriate!"

"Humph, Brother Jue Ming, others may not know, but don't you know? My relationship with that bald Shi Neng hasn't been good all along, and he won. I'm angry enough already, and you still want me to wait for him to take office? What a joke." The Demon Slaying Emperor shouted.

He was anxious in his heart and just wanted to leave quickly.

The bad premonition grew stronger.

But the more he wanted to leave, the more Emperor Jue Ming said, "Brother Demon Slayer, it's not very meaningful for you to say that. Shi Neng will be the Alliance Leader. Are you planning to walk a different path now? Isn't that a bad start for the future alliance?"

“!”

When it came to this, the Demon Slaying Emperor was completely speechless.

Emperor Jue Ming was reasonable in every sentence, blocking any excuse he could leave.

“So, Brother Demon Slayer, it’s not too late to leave after the ceremony is over. At least, we have to be willing to admit defeat, right?” Emperor Jue Ming laughed.

The Demon Slaying Emperor had already smelled the scent of danger. He quickly looked around and felt that everything around him was very normal, so normal that it made people feel a chill in their hearts.

The Demon Slaying Emperor was a very keen person.

He noticed it, clearly.

He felt many pairs of eyes were looking at him from all directions, and moreover, many martial artists were leaving the scene one after another. There was no intention to hold the Alliance Leader ceremony at all. Instead, it seemed more like evacuating unrelated people.

How could the Demon Slaying Emperor not understand what it meant?

Without waiting for Emperor Jue Ming to speak again, he immediately ran away.

When the Great Emperor made a move, his speed was as fast as lightning; just in a moment’s time, surrounded by black gas, the Demon Slaying Emperor disappeared from Emperor Jue Ming’s sight.

“Bai Chuming, where are you going?” In the moment the Demon Slaying Emperor left, Bai Wei suddenly blocked the Demon Slaying Emperor’s path and said coldly.

The Demon Slaying Emperor was completely panicked; he looked at Emperor Bai Wei in front of him and shouted, "What do you mean!"

"What do we mean? Bai Chuming, I'm asking what you mean? Why, the Dao Discussion Conference is not over yet, and you're in such a hurry to leave!" Bai Wei sneered.

"I have an urgent matter to leave!" The Demon Slaying Emperor couldn't even find an excuse for himself.

Bai Wei scoffed, "I think you have a guilty conscience, don't you?"

The Demon Slaying Emperor still didn't admit, "Ridiculous! I'm guilty? What could I be guilty of!"

"Bai Chuming, don't you still admit it? Hmph, did you really think that when the little guy called Lin Xi was killed by you, we wouldn't have the slightest suspicion of you? The more you cover up, the more guilty you'll look. Bai Chuming, if you are really upright and unafraid of crooked shadows, give up resistance now, and we will investigate you thoroughly and then give you a fair and clean judgment." Bai Wei shouted.

The Demon Slaying Emperor's eyes were filled with panic, and then he looked around, shouting "Brother Jue Ming!"

Emperor Jue Ming showed no sympathy, instead, he stood in the path where the Demon Slaying Emperor might escape, "Brother Demon Slayer, as Brother Bai Wei said, 'if you are upright, you won't fear crooked shadows,' you can accept our investigation."

"Don't you still know whether I am upright or not? Don't you know how many Prohibition Demons I killed back then? The Giant Strength Demon is also the one I caught." The Demon Slaying Emperor widened his eyes and then looked at Emperor Shi Neng, hoping that Emperor Shi Neng could say a few words for him.

Emperor Shi Neng just shook his head. Since ancient times, the three Great Factions and the Bai Family have formed an equal restraint, and none of them will break this balance of power. If it were in the past, when one of the three families had a problem, the other two would definitely stand up.

Doing so was just understanding one truth, that is, when the lips are gone, the teeth will be cold!

But in the face of major right and wrong, even if they know this truth, they will still never be ambiguous!

“Bai Chuming, don’t you think that the more you do this, the more you want to cover up?” Bai Zang also stepped forward at this moment.

How could the Demon Slaying Emperor give in easily? Indeed, the truth of “if you are upright, you won’t fear crooked shadows” is not bad.

But the thing is, he’s not upright.

Thinking of this, the Demon Slaying Emperor simply roared, “Alright, alright, Emperor Shi Neng, you just took office as Alliance Leader, and you’ve teamed up with several others to get rid of me, Demon Slaying Emperor? Hahaha, even if I become a ghost, I won’t let you go! What a bullshit alliance, it’s just a joke!”

“Shut his mouth!” A few Great Emperor powerhouses changed their faces, and at the same time, they made a move, trying to prevent the Demon Slaying Emperor from speaking nonsense!

Chapter 1048: The Supreme of Five Elements_1

They were well aware of the motivation of the Demon Slaying Emperor; the other party was doing this to ultimately cause the newly established alliance to fall into internal strife. After all, no one could clearly detect whether the newly established alliance was as solid as a rock.

After the words of the Demon Slaying Emperor, many forces’ hearts would be plunged into turmoil.

This is also known as not being able to harm you, but still wanting to make you feel sick.

It’s undeniable that the words of the Demon Slaying Emperor had some effect.

The previously evacuated crowd was now standing outside the array barrier that had been set up in advance, watching the confrontation clearly.

Yang Chen was also among the crowd.

Yang Chen had received the news from Emperor Shi Neng since he had killed the Giant Strength Demon.

The Bai Family had been secretly investigating and had caught some glimpses of evidence. Although these pieces of evidence were not enough to prove the connection between the Demon Slaying Emperor and the Prohibition Demon Clan, they were enough to prove that the Demon Slaying Emperor could not be freed from suspicion!

Furthermore, with the matter of Lin Xi, the Bai Family had already decided to take action.

So when the Giant Strength Demon had just fallen, several Great Emperors had already started working together.

They had no choice; even considering the damage it would cause to the alliance, they had to act resolutely.

Emperor Jue Ming was responsible for stalling, while Emperor Shi Neng quickly dispersed a large number of forces from the scene. When Emperor Shi Neng personally took action to set the Array Barrier and disperse the crowd, it was difficult, but it was completed within a short time!

After that, it was naturally time for the several Great Emperors to deal with the internal affairs.

It was necessary to set up a barrier and disperse the crowd.

You should know that when Emperor-level strong fight, it's not about shaking the earth with a single stomp, but if there was no Array Barrier protection, everything within a radius of ten thousand miles would be destroyed.

Fortunately, there was the Array Barrier, and many bold martial artists stood outside the barrier to watch the battle and saw the scene of several Great Emperors attacking the Demon Slaying Emperor together.

“This...the Dao Discussion Conference just ended, and now they are targeting the Demon Slaying Emperor. Could it be that these forces really intend to eliminate dissidents?”

“I think it’s possible. If the Demon Slaying Branch is targeted like this, won’t the situation be even worse for our various forces?”

“It’s over. With the death of the Demon Slaying Branch, we won’t have any standing, will we?”

“By the time we haven’t even entered the battlefield, we’ll be cannon fodder.”

In an instant, people were panic-stricken, reaching the result the Demon Slaying Emperor desired.

Seeing this, Yang Chen frowned.

He knew very well that if things continued like this, the rumors would cause the alliance to disintegrate on its own. Now that the matter of the Demon Slaying Emperor had greatly reduced the strength of the Human Alliance, if more problems arose, there would be no chance for them to fight against the Prohibition Demon Clan.

“What should we do?” Jinling Saintess worriedly looked around: “Many people have misunderstood.”

Yang Chen said: “Miss Ruan, as long as public opinion hasn’t completely turned against us, we must change the way things are going.”

“How to change it?” Jinling Holy Girl was surprised.

Yang Chen slowly said, “It’s not difficult. Just let them know that what the Demon Slaying Emperor said is not trustworthy at all, and that the alliance doesn’t need to harm their interests. Also, make sure that people from the Donghuang Sect don’t say it themselves; find a few inconspicuous subsidiary sects of the Donghuang Sect!”

Jinling Saintess didn't know whether Yang Chen's method would work, but she still quickly made the arrangements.

At this point, the attack of public opinion had reached a terrible level. Fortunately, the people arranged by Jinling Saintess quickly took effect.

"You should think about it carefully. If the alliance really didn't care about your lives as you think, they shouldn't have evacuated us just now. The Emperors could have annihilated us by moving a finger, so why bother with this unnecessary action?"

"Exactly, why don't you think about why the Demon Slaying Branch was targeted. That Lin Xi is a Red Shura Demon, can it really have nothing to do with the Demon Slaying Emperor? The several Great Emperors went to inquire first and then took action when they found that the Demon Slaying Emperor indeed had a problem. You believed in the words of the Demon Slaying Emperor just because he was unwilling to give in; are you idiots?"

"How can you have no ability to distinguish right from wrong? The establishment of the alliance is to cope with the Prohibition Demon Clan. We must now be united as one. Especially those who want to leave the alliance, what are your intentions?"

Soon, the situation stabilized.

Many people were unable to discern right from wrong. At the beginning, when the public opinion attack became extremely serious, some stupid forces even clamored to leave the alliance. But as the wind changed, they suddenly became quiet.

It was not only the people from the Donghuang Sect who changed the wind direction; the people from the Huangdao Sect were also secretly trying to help.

Seeing that the wind direction had almost turned around, Yang Chen fixed his eyes on the center of the Array Barrier, taking in the battle between the several Great Emperors.

At this moment, the entire Array Barrier was filled with a black mass and miasma, making it difficult to discern what was happening inside. They only knew that the several Great Emperors had already started the battle.

However, the battle was nothing but the several Great Emperors dealing with the Demon Slaying Emperor alone.

Only one person did not take action, that was Bai Yudi.

As if full of confidence in himself, Bai Yudi never had the habit of fighting multiple people against fewer numbers. With his hands behind his back, he watched his two family members, along with Emperor Jue Ming and Emperor Shi Neng, who altogether made four Great Emperors jointly suppress the Demon Slaying Emperor.

“Black Demon Technique... Humph, others have said that your Demon Slaying Emperor’s Black Demon Technique was obtained from killing the Black Demon King. In the end, you are practicing it yourself. Demon Slaying Emperor, you really have ill intentions!” Emperor Jue Ming’s face grew even darker.

Just looking at the Demon Slaying Emperor’s surroundings, a black demonic qi was lingering. Wherever this qi passed, it corroded the air and spiritual energy and caused them to deteriorate. The key was that this demonic qi was everywhere in the Array Barrier!

At this moment, the Demon Slaying Emperor’s face was even more ferocious, and he roared: “Now that things have come to this point, what does it matter if you know? Haha, you want me to die, but before I die, I want to pull down one of you as a cushion. Let’s see who dares to come!”

The wrath of the Great Emperor is difficult to control.

However, how could the other Great Emperor powerhouses be frightened?

Unlike other realms, becoming an Emperor-level strong like them cannot be achieved solely through cultivation; every single one of them had gained their honors through licking blood from the blade and surviving countless life-and-death situations.

The words of the Demon Slaying Emperor wouldn't scare them; on the contrary, it would only fuel their killing intent!

"Bai Chuming, it seems that I must kill you today. It's a disgrace that my Bai Family has produced such a scourge like you. Today, Bai Wei will act on behalf of Heaven." Bai Wei shouted furiously, and a huge Dharma Manifestation rose behind him.

This Dharma Manifestation was not an ordinary one, but a gigantic one that was a hundred zhang tall.

The Dharma Manifestation looked very strange, and from head to toe, its colors were all different. However, upon closer observation, one could see gold, wood, water, fire, and earth.

Chapter 1049: The Invincible Sword!_1

Each color verifies its existence, just like the fire color that seems to have real groups of flames burning there.

"Five Elements Supreme Dharma Aspect!" The Demon Slaying Emperor suddenly paled: "Bai Wei, as expected, you have practiced this Cultivation Method."

Upon witnessing the birth of this Dharma Aspect, the other Great Emperors also slightly paled.

Because the Five Elements Supreme Dharma Aspect represents the ultimate of the Five Elements, it envelops their bodies, and whether they use Metal, Wood, Water, Fire, Earth, it represents the ultimate power. It seems that they use fire, the power of their means can be compared with the Three True Flames, or even surpassed.

Because the Three True Flames are not the ultimate of fire.

As for the Strange Fire, it is another kind of fire. It is not part of the Five Elements in a pure sense, so it cannot be compared.

However, with the emergence of this Dharma Aspect, it has already surpassed the limit of the Five Elements, and it is not difficult to judge the power of this Five Elements Supreme Dharma Aspect.

“Bai Chuming, die!” Bai Wei yelled out.

Immediately after, a fist filled with the power of metal emerged from the Five Elements Supreme Dharma Aspect behind him. The tenacious strength was chilling.

Seeing this, the Demon Slaying Emperor roared and then a Dharma Manifestation emerged behind him. This Dharma image was the Roc Dharma Image he had used earlier, but unlike in the beginning, his Roc Dharma Image now incorporated the Black Demon Technique and turned into a black appearance.

The Black Dapeng Dharma Aspect seems to be more powerful, instantly standing together with Bai Wei’s Five Elements Supreme Dharma Aspect.

Seeing Bai Wei and the Demon Slaying Emperor fighting fiercely, the other Great Emperors were not idle either.

Emperor Shi Neng put his hands together, surrounded by beads, and it is visible that he quickly muttered in his mouth. Every word that fell was a mysterious character being shot out. These characters gathered together to form a gold-colored fist, which grew bigger and bigger.

It even covered half of the sky when looked at from the bottom up.

Looking at Emperor Jue Ming again, his body was surrounded by streams of purple lightning.

There was also Bai Zang, who was wrapped in strange flames around his body, which surged toward the Demon Slaying Emperor.

Just one Emperor Bai Wei was already difficult for the Demon Slaying Emperor to deal with, and now with four emperors taking action, it was naturally even more difficult for the Demon Slaying Emperor to guard against.

However, the frenzied Demon Slaying Emperor was still somewhat frightening. His face was crazed at this moment, and the black aura on his body became even denser, increasingly looking like a Forbidden Demon.

Because of this, it seemed to give him a source of power. He suddenly took out an ancient jar from his hand. Then, the jar was shattered, and a series of ghostly wails and wolf howls were born.

Immediately after, visible to the naked eye were black ghost shadows gushing out.

Thousands upon thousands, countless, it was hard to imagine just how many Ghost Blends were in the jar that the Demon Slaying Emperor just shattered!

Although one or two of these Ghost Blends would not pose a threat, thousands or even more of them were enough to cause headaches for even Emperor-level strong people.

“Hahaha, these are all the accumulated ghosts of the people I killed, perfect for practicing my Black Demon Technique. Now you will taste the Ghost Blends made up of a total of 300,000 people, which I’ve stored and nurtured in my Blood Jar. They are very powerful!” The Demon Slaying Emperor became even more crazed.

Seeing the appearance of the Demon Slaying Emperor, Emperor Shi Neng sighed: “Demon Slaying, I respected you a little for being named after Demon Slaying, but I didn’t expect that you would imitate the Forbidden Demon and become such an in-between existence. Since you have already fallen into the Demon Path, there is no need for me to remember my old feelings. It’s just a pity for these Evil Ghosts. Everyone, don’t do anything, leave these Evil Ghosts to me!” Emperor Shi Neng seemed to be quite good at dealing with them.

He flipped his palm, and countless golden Sanskrit characters appeared, then collided with those Evil Ghosts.

After colliding with these magical characters, all the Evil Ghosts turned into a light trace and dissipated like smoke. “You bald head!” The Demon Slaying Emperor went crazy and charged at Emperor Shi Neng like a madman.

Emperor Shi Neng had just used his techniques, and at this moment, he was already weak and sweating profusely. The other Great Emperors wanted to help, but the Demon Slaying Emperor suddenly changed his target and rushed in the opposite direction.

This made the several Great Emperors suddenly realize.

It turned out that the Demon Slaying Emperor had never given up the hope of escaping, and from beginning to end, his craziness was just an act, and even the jar that was thrown out was prepared for his escape.

“Oops, don’t let him escape!” Emperor Shi Neng shouted: “This Demon Slaying is definitely related to the Prohibition Demon Clan. If we let him escape, there will be endless trouble!”

Upon hearing this, the several Great Emperors all wanted to catch up.

However, at this very moment, a sigh was born.

Several Great Emperors looked at it, and they found that Bai Yudi, who had been watching the battle, had disappeared.

Waiting to see clearly, Bai Yudi had suddenly appeared in front of the fleeing Demon Slaying Emperor.

“Bai... Bai Yudi!” The Demon Slaying Emperor looked at Bai Yudi, his frightened body trembling slightly.

He wasn’t afraid of the other four Great Emperors, or even four Great Emperors joining forces, he could still remain calm, but when he saw Bai Yudi, he was flustered, so flustered that his body trembled slightly.

Bai Yudi didn’t hurry to take action but saw four Great Emperors rushing over and waved his hand: “You just watch from the side!”

The four Great Emperors were somewhat embarrassed, they thought that the four of them could definitely capture the Demon Slaying Emperor, but who would have thought that he would still escape and they would need Bai Yudi to clean up the mess.

At this moment, Bai Yudi slowly said, “Bai Chuming, take action!”

Seeing Bai Yudi so dismissive of him, the Demon Slaying Emperor couldn't help but get angry. For a moment, he forgot about Bai Yudi's horror and roared, “Bai Yudi, don't think I'm afraid of you. I'm not the Bai Chuming I used to be, and you're not the invincible Bai Yudi you used to be. Die!”

As soon as the words fell, the Demon Slaying Emperor used the Roc Dharma Image behind him, and the Black Demon Technique, and directly killed Bai Yudi.

Seeing this, an Azure Dragon and a White Tiger were directly born behind Bai Yudi. The Dragon and the Tiger were born at the same time, combined as one, and they all killed the Black Peng.

Soon, Bai Yudi's proficient Dragon-Tiger Divine Art suppressed the Black Peng Dharma Aspect. The disparity in strength was instantly revealed.

This was not the end...

At this moment, Bai Yudi slowly raised his hand, and suddenly a sword's phantom was born in his hand.

When Bai Yudi tightly grasped it, the phantom-like sword instantly transformed into reality!

Clutching this sword, Bai Yudi swept down with a single strike!

People in the world knew that Bai Yudi was proficient in the Dragon-Tiger Divine Art but did not know that Bai Yudi was also a Generation of Astonishing Sword Cultivators. The name of his invincibility came from the word 'sword'.

One sword fell, and no one could stop it!

This sword carried the essence of Bai Yudi's Sword Dao.

As the sword fell, Bai Yudi took back the sword.

Because the enemy had been defeated!

Chapter 1050: Trial Conference Ends_1

Bai Chuming's eyes were filled with unwillingness and fear. However, he was now severely injured, and Bai Yudi's sword had rendered him incapable of fighting.

With another move, Shi Neng and the other Great Emperors trapped Bai Chuming, making it impossible for him to escape.

As they looked back at Bai Yudi, everyone's eyes were filled with fear.

Yang Chen and the other martial artists watched the battle and took a deep breath as well.

"How can there be such a huge gap among the Great Emperors?" Yang Chen muttered to himself.

It is important to note that even when Shi Neng, Bai Wei, and the other four worked together, they had not been able to do much against the Demon Slaying Emperor. Although they may have underestimated their foe, there was no denying that they couldn't defeat the Demon Slaying Emperor.

In contrast, Bai Yudi had captured his enemy in just a short time.

The gap was enormous. Bai Yudi's strength as a Great Emperor was on a completely different level than the others.

This made Shi Neng and Jue Ming Great Emperors sigh, knowing that after the Forbidden Demon Clan incident, they had no choice but to submit to the Bai Family. Fortunately, Bai Yudi had such a formidable strength but never had ambitions to conquer other territories; otherwise, the Western Forty-two Counties might have already been conquered by him.

However, when Bai Yudi defeated Bai Chuming, he didn't show any happiness.

Recalling his disciple Bai Jueming, he sighed. Bai Jueming had inherited only his Dragon-Tiger Divine Art, not his unparalleled sword arts.

Thinking of this, Bai Yudi waved his hand: "You all handle the matters below. Bai Chuming must be interrogated thoroughly. His collaboration with the Forbidden Demon Clan must have been going on for more than a day or two. As long as it is handled properly, the information obtained from him will definitely be abundant."

Bai Wei held onto the Demon Slaying Emperor: "I understand and will handle this matter well. But as for the Alliance Leader..."

Mentioning the Alliance Leader, Shi Neng Great Emperor couldn't help but feel uneasy.

Although he now held the title of Alliance Leader, whether he could actually become one depended on whether the Bai Family approved.

Bai Yudi truly had no intention of becoming the Alliance Leader. He said calmly, "Since the rule is that whoever wins the most becomes Alliance Leader, naturally Shi Neng and Donghuang Sect will take the position!"

Jue Ming Great Emperor, though reluctant, also said, "I have no objections; I'm willing to accept the loss!"

Only Bai Zang seemed unwilling. Bai Yudi coldly said, "Alright, Bai Zang. The Alliance has not yet been established, and our human race has already lost an Emperor-Level leader, greatly weakening our strength. We are in a very dangerous stage, and if you are still concerned about your past grievances in this crucial moment, I will be very disappointed in you."

Upon hearing this, Bai Zang let out a heavy sigh. He couldn't just ignore Bai Yudi's words.

Resignedly, he said, "I understand. I've now put all the past grievances behind me. Shi Neng, I have no objections to you becoming the Alliance Leader."

"Thank you, Brother Bai Zang." Shi Neng Great Emperor let out a long sigh of relief.

No matter what, he now had the support of the Bai Family.

Thinking of this, Shi Neng Great Emperor repeatedly thanked Bai Wei and Bai Yudi as well.

Bai Yudi didn't say anything, but Bai Wei shook his head with a smile: "Shi Neng, you really had good luck this time!"

Shi Neng Great Emperor didn't quite understand the meaning of this.

Only Bai Wei himself knew that he had contacted Yang Chen early on, knowing that Yang Chen wanted to help Donghuang Sect. But he didn't expect Yang Chen to be able to help Donghuang Sect to this extent.

Yang Chen had singlehandedly turned the tide and helped Donghuang Sect win.

Shi Neng Great Emperor didn't quite understand, but he still replied kindly: "Regardless, now that the Alliance has been established, we, the human race, should work together in unity and focus on our external affairs."

"Yes, at this point, we should put aside past grievances. Speaking of which, what about the people from the Demon Slaying Branch..." Jue Ming Great Emperor asked.

Bai Wei's eyes turned to the Demon Slaying Branch not far away.

Seeing their Ancestor defeated so easily, the Demon Slaying Branch members didn't even dare to breathe, let alone think of escaping. They knew that having thoughts of escape would be the most foolish choice.

"First, restrict them. I believe that there must be people within the Demon Slaying Branch who are connected with the Forbidden Demon Clan. In addition, we must now capture all the people at the Demon Slayer Branch Headquarters as quickly as possible to prevent any further troubles!" Bai Wei said resolutely.

“I’ll handle these matters. I’m having a hard time accepting Shi Neng Great’s Emperor status as Alliance Leader for the moment, so let me take care of this,” Bai Zang, who still seemed unwilling to accept reality, volunteered to leave.

Bai Yudi knew this and slowly said, “Go ahead!”

He knew that it was difficult for Bai Zang to accept this fact and that he needed time to adjust psychologically.

With these words, Bai Zang stopped hesitating and quickly left.

Watching Bai Zang leave, Shi Neng Great Emperor stepped forward, closed the barrier formation and released Bai Zang, then looked at the martial artists watching from the outside.

Most of the martial artists still had doubts in their eyes. Seeing the Demon Slaying Emperor on the verge of death and several great emperors gathered together, they became even more curious.

Shi Neng Great Emperor spoke loudly: “I believe everyone must be confused about what just happened. Rest assured, our attack on the Demon Slaying Emperor was not intentional, but the Demon Slaying Emperor actually colluded with the Forbidden Demon Clan!”

Shi Neng Great Emperor explained the whole situation, making it clear to the suspicious martial artists.

Then, Shi Neng Great Emperor began the routine of exerting pressure on the various major forces in a certain sense after taking office as the new Alliance Leader. Next, he began to make arrangements for various tasks.

Considering the possibility of the Forbidden Demon Clan making sudden changes, about tens of thousands of martial artists went to the frontlines to monitor the movements of the Forbidden Demon Clan.

Since Luosheng Gate was a subsidiary sect of Donghuang Sect, it was not included in this.

Now in Donghuang Sect, Yang Chen enjoyed his leisure time. However, he didn't let himself rest. After the Dao Discussion Conference was over, he went into closed-door cultivation again.

There was no denying that, in this Dao Discussion Conference, the many battles had greatly benefited him.

Although he originally thought that his Mountain Collapsing Style had reached its limit, after his closed-door cultivation, he found some new ideas. He believed that Mountain Collapsing Style could still be improved!

However, to improve it, he would also need a treasure. As such, Yang Chen decided to venture out, looking for the treasure first.

When he came out, he first called Zhou Qing and asked him about the events that had occurred during the month he had been in closed-door cultivation.

What had happened in that month was, of course, the matter regarding the Demon Slaying Emperor and the Demon Slaying Branch.

After hearing about all this, Yang Chen was also secretly shocked.
