Chapter 1121: Roaring Tiger Mountain Palm! _1 Seeing Dragon Xingyu getting furious and looking like he might even kill him, Yang Chen showed no fear and coldly said, "So it seems, Commander Dragon, that you respect the Great Emperor's wishes a lot?"

"Of course, the Great Emperor's orders are above all else. They appointed me, Dragon Xingyu, as the commander, and it's only natural that I take the position without hesitation," Dragon Xingyu said slowly.

The implication in his words couldn't be more apparent; he wanted to tell Yang Chen, and even everyone present, that his position was granted by the Great Emperor, and so were theirs.

As for you, Yang Chen, you can never rise again.

Yang Chen remained calm. He had already expected Dragon Xingyu would say that. He mentioned casually, "If that's the case, then Commander Dragon should not have forgotten the reason why the Great Emperor appointed you as the commander."

"What other reason could there be? I, Dragon Xingyu, have the strength level to take on this responsibility!" Dragon Xingyu said proudly.

"Alright, in that case, Commander Dragon, I'm quite curious about your strength. Since you keep saying that the Great Emperor powerhouses appointed you as the commander due to your strength, and you also claim to respect the Emperor's wishes, why don't we have a match? If you lose, you step down from this position right away, how about that?" Yang Chen said coldly.

Initially, he still had some concerns about Dragon Xingyu, but now, he had a thorough understanding of Dragon Xingyu's true character; the man was simply not as good as he pretended to be.

Dragon Xingyu was the type of person who would resort to anything for their own benefit. From the beginning, he had not given a second thought to his words. Appointing him as the commander could have led to some problems.

Since that's the case, why should he be gentle with him?

Hearing Yang Chen's words, Dragon Xingyu was utterly furious.

At this moment, one of Dragon Xingyu's lackeys jumped out and shouted, "Kid surnamed Yang, do you know what you are talking about? This is insubordination. Commander Dragon has a high-ranking position as the Commander-in-chief, who the hell do you think you are to challenge him? Are you questioning the Great Emperor's choice?"

Seeing Dragon Xingyu's lackey step out, Yang Chen said sternly, "Don't talk to me about insubordination. Commander Dragon, you say your position was granted by the Great Emperor, and I'm not the kind of person who can't appeal to the Emperor's protection either. If you really want to fight, I, Yang Mou, will accompany you. I'm curious to see who has stronger reasoning in the matter between you and me when it reaches the Great Emperor!"

"You!" Dragon Xingyu's face turned red.

He was completely speechless due to Yang Chen's words.

Indeed, there's a Great Emperor behind Yang Chen, too, not to mention the Emperor Shi Neng of Donghuang Sect. Emperor Bai Wei of Bai Family was also his supporter.

With the backing of two Great Emperors, Bai Family and Donghuang Sect, he only had Emperor Jue Ming supporting him. When it came to an actual fight, Emperor Jue Ming might not even stand up for him.

The key point was that Yang Chen had merit, and it was only reasonable for him to be given the rank of General. Dragon Xingyu's interference was completely unreasonable, and if it reached the Emperor, it would only cause him even more trouble.

But how could he admit defeat now?

He clenched his teeth, anger rising in his heart.

He was really curious about Yang Chen's abilities.

“Alright, alright, Yang Xilin, I, as the Commander, will prioritize the bigger picture and not bring this matter to the Great Emperor. I hereby accept your challenge and let you know that there are always people beyond people, and heavens beyond heavens. If you don’t have the ability, you should just leave as soon as possible and not question my choice as the Commander!” Dragon Xingyu snorted coldly, thinking that if he didn’t establish his authority, everyone would treat him like a sick cat.

Upon hearing Dragon Xingyu’s words, Yang Chen couldn’t help but feel helpless. Did Dragon Xingyu really think he was perfect? He immediately mentioned the bigger picture and put another hat on Yang Chen’s head.

Yang Chen was too lazy to refute, as justice would prevail. He simply said, “Commander Dragon, if I lose, I will leave without saying another word. But if you lose, what then?”

“If I lose... if I, the Commander, lose, it means that you are qualified to hold the position of General, and I will not say anything more!” Dragon Xingyu shouted.

Yang Chen sneered in his heart.

The others also lowered their estimation of Dragon Xingyu’s character, not to mention that he had already lost in terms of courage. In terms of achievements, Dragon Xingyu had little to none, while Yang Chen, if he lost, would dare to turn around and leave. But if Dragon Xingyu lost, he wouldn’t even dare to mention resigning.

For a general position, one had to beat Dragon Xingyu to achieve it. If this news spread to others, it would surely dishearten many people.

Seeing Dragon Xingyu making such a despicable and shameless choice, Yang Chen’s anger was also rising. He said solemnly, “Alright, since that’s the case, let’s follow Commander Dragon’s words. If I win, I don’t need anything else, just for Commander Dragon to admit that I am qualified for the General position. However, before that, Commander Dragon, do I set the rules for the match, or do you?”

Dragon Xingyu coughed twice and said, “It’s the same whether whoever sets the rules, why don’t we just compare our palm techniques? In this way, we won’t have to fight, and it won’t hurt our camaraderie. What do you say?”

As his words fell, the people under Zhang Zhongyi couldn't help but mock him secretly.

Dragon Xingyu was really shameless. Although he said it didn't matter who set the rules, he quickly made one up himself.

"Who doesn't know about the powerful palm techniques of Huangdao Sect?"

"Dragon Xingyu is so shameless, wanting to compare palm techniques, it's simply..."

The key point was that if Yang Chen were to refuse, it would seem as if he was the one at fault.

However, Yang Chen showed no intention of refusing and said straightforwardly, "Alright, according to Commander Dragon's words, let's compare our palm techniques!"

"Young friend Yang, you..." Zhang Zhongyi couldn't help but smile bitterly, not knowing how to evaluate what Yang Chen had done.

Yang Chen bowed his hand and said, "Leader Zhang, today's move was out of helplessness, but rest assured, I have a sense of propriety in all these matters!"

"That's good, then!" Zhang Zhongyi said.

"Since you've agreed, let's not waste time, let's start the competition," Dragon Xingyu said with a confident smile on his face.

He didn't expect Yang Chen to agree outright. Coincidentally, he had a powerful palm technique that he was adept at, and he was very confident in it.

If Yang Chen dared to accept, he would let Yang Chen know that he had the ability to hold the position of Commander-in-chief.

“Alright!” Yang Chen calmly waited for Dragon Xingyu to make a move.

Suddenly, Dragon Xingyu struck out a palm unexpectedly, and before the palm was thrown, it seemed as if a dragon and a tiger were roaring together. In the blink of an eye, a series of white tiger figures emerged from Dragon Xingyu’s palm, moving at high speed and shocking those who watched.

“It’s the Roaring Tiger Mountain Palm of Huangdao Sect!”

“As expected, it’s this palm technique, Commander Dragon is very good at it...”

“Young friend Yang will have a hard time now; this palm technique is very barbaric and overbearing!”

Chapter 1122: A Great Defeat for Dragon Xingyu_1 Many people didn’t think highly of Yang Chen’s challenge to Long Xingyu, not because they favored Long Xingyu in the contest between Yang Chen and him.

On the contrary, they hoped that Yang Chen would win.

However, they felt that Yang Chen was too young for various reasons.

Firstly, the Huangdao Sect’s palm techniques were famous for their dominance and were difficult to break. Secondly, Long Xingyu’s strength was higher than Yang Chen’s. Even though Yang Chen had the upper hand in his previous confrontation with the Undying Demon, that was based on overall strength.

Now that Long Xingyu stuck to palm techniques, and Yang Chen simply agreed, wasn’t that naive?

Yet, no one bothered to observe carefully. If they had, they would have found that there was no sign of tension or panic on Yang Chen’s face.

All he had was composure.

Yang Chen smiled at the corner of his mouth. He had to admit that the Roaring Tiger Mountain Palm was indeed a formidable technique. Unfortunately for Long Xingyu, he met Yang Chen.

Yang Chen gently raised his hand, and in the face of the roaring group of tigers, he only slapped out with a mighty force.

This clap was accompanied by a giant palm print.

It was the Black Mountain Dark Cloud Palm.

Although the Black Mountain Dark Cloud Palm could not be considered the king of palm techniques, it was not something that could be provoked by just any technique. It contained the essence blood of the Black Mountain Black Bear, a king demonic beast. When this technique was used, the group of tigers would disperse!

“What, impossible!” Long Xingyu’s pupils contracted violently.

He had already foreseen his victory, thinking that he could perfectly kill Yang Chen’s prestige, and use Yang Chen to establish his own authority as a commander.

But he found out that he was wrong!

In front of Yang Chen’s Black Mountain Dark Cloud Palm, his Roaring Tiger Mountain Palm could not withstand a single blow. Even though his strength was superior, his Roaring Tiger Mountain Palm still quickly collapsed...

Then, the Black Mountain Dark Cloud Palm struck heavily on Long Xingyu’s body.

“Wu wa!” Long Xingyu spat out blood.

“Commander!”

Long Xingyu's lackeys were anxious.

Long Xingyu hastily raised his hand, putting on a relaxed appearance as if nothing was wrong, and laughed heartily: "Haha, I didn't expect your palm techniques, young friend Yang, to be so sharp. I, Long, admit defeat wholeheartedly."

How could he possibly be unharmed? This was all an act he put on. If he showed a desperate look after being hit by Yang Chen, where would his commander's authority end up?

He had to admit that Yang Chen's palm technique was too domineering. Even though he had put up a full defense before being hit, he still felt as if he had almost lost half of his life.

Yang Chen saw Long Xingyu forcibly maintaining an unharmed appearance and snickered in his heart. Long Xingyu embodied the saying "saving face while suffering."

He couldn't be bothered to care about Long Xingyu's feelings and said, "Commander Long, what about my position?"

"Haha, young friend Yang, I could clearly see your skill just now. With your abilities, you are naturally qualified to be a general. Come, bring the armor and put it on young friend Yang properly!" Long Xingyu pretended to have an eye for talent.

The people below did not dare to disobey, and brought the general's armor to Yang Chen, fitting it onto his body.

This general's armor was black and made from special materials provided by a few Great Emperors. It was extremely sturdy in terms of defense, and had unique uses on the battlefield for killing enemies.

Yang Chen put on this armor, looked at Long Xingyu, and found a kind smile on his face. If not observed carefully, one might think that Long Xingyu had genuinely changed his ways. However, Yang Chen wouldn't be easily fooled. He looked carefully at Long Xingyu's eyes, and despite Long Xingyu's attempts to hide them, Yang Chen still detected a trace of viciousness.

“Humph, this Long Xingyu is narrow-minded and won’t easily let go of his grudge against me,” Yang Chen muttered in his heart, and then said, “Thank you, Commander Long, for bestowing the armor. I had held back fifty percent of my strength during that crucial moment just now, so you should be fine after resting for two days.”

Upon hearing this, the blood inside Long Xingyu’s body churned wildly, and he almost choked on his breath.

His eyes were bloodshot as he stared at Yang Chen, wishing that he could tear Yang Chen into pieces.

What did Yang Chen’s words mean?

His painstakingly faked image of having no injuries was completely shattered. Everyone would assume that if Yang Chen hadn’t shown mercy just now, who knows what state he would be in.

This kid was really vicious.

Yang Chen didn’t say anything more and left with Zhang Zhongyi.

Watching Zhang Zhongyi and Yang Chen leave, Long Xingyu couldn’t help but suppress the explosive rage within him any longer.

“Pfft!”

Blood spewed from his mouth, and Long Xingyu felt completely drained of strength.

“Commander, are you alright!” A group of people shouted anxiously.

Long Xingyu didn’t speak, but in his heart he roared like a beast, swearing to tear Yang Chen into pieces – for certain!

...

On the way back, Yang Chen was greatly praised by Zhang Zhongyi's subordinates.

It was understandable for Zhang Zhongyi, as a deputy leader, to not speak openly. However, his subordinates laughed heartily without restraint.

"Young friend Yang, that was so satisfying just now, haha, seeing that Long guy get embarrassed makes me so happy. That Long guy was luckily appointed as Commander-in-chief and took himself too seriously. He always said 'this commander' every day for no reason, and deliberately added the word 'deputy' when calling our Leader Zhang!"

"Exactly, in my opinion, Long Xingyu doesn't have much skill. Look, he shamelessly chose a palm technique competition and ended up getting schooled by young friend Yang so easily!"

"Haha, just looking at that Long guy's expression makes me happy."

"Alright!" Zhang Zhongyi waved his hand: "We can talk about this among ourselves. Though Long Xingyu may be lacking in some aspects, he is, after all, a commander chosen by the Great Emperor powerhouses. We have to accept it. Young friend Yang, you took revenge today, and in the future, there's no need to bother with him. Now, we must prioritize the humans as a whole!"

Upon hearing Zhang Zhongyi's words, Yang Chen nodded: "You're right, Commander!"

"Haha, young friend Yang, how many times have I told you? Just call me Leader Zhang. Don't keep adding 'sir,' it sounds unfamiliar!" Zhang Zhongyi laughed heartily: "Speaking of which, young friend Yang, what are your plans now?"

"I plan to reorganize my troops first, then keep a strict guard on the Northeast Region. Although the Undying Demon is currently unconscious, we still can't be careless," said Yang Chen.

"Yes, you're right..." agreed Zhang Zhongyi.

Thus, Yang Chen and the others returned, with Zhang Zhongyi going back to his East District, and Yang Chen to the Northeast Region.

As he said, when he returned, he immediately reorganized his troops and started to enforce strict management and defense.

Chapter 1123: Dramatic Change of the Black Mountain Black Bear!_1 Yang Chen didn't know the current situation of the Prohibition Demon Clan, but he knew that the more he thought they wouldn't attack, the more he had to be on guard.

He gave orders to the soldiers to guard various locations and hurried back to his residence to begin closed-door cultivation.

In fact, with his current status and being on the battlefield, he shouldn't have chosen to close himself off easily, but Yang Chen had no choice as an anomaly occurred within the Eight Extremities Flowing River Space.

And the cause of this abnormality was the two Black Mountain Black Bears!

As an interspatial space, the Eight Extremities Flowing River Space can accommodate demonic beasts without hindrance, but humans cannot stay inside for long. However, with Yang Chen's current martial arts strength being incomparable to before, staying within the space for a short time is not a problem.

Now, Yang Chen has entered the Eight Extremities Flowing River Space and stood side by side with the Fishpeople Tribe.

What they saw was the rapidly growing bodies of the two Black Mountain Black Bears.

"What's going on?" Yang Chen asked with confusion.

The first to speak was Yun Lu: "Young Master, we don't know the specifics, we just know that after these two silly bears ate the corpses of the Prohibition Demon Clan, they turned into this."

"What exactly happened? Does anyone know?" Yang Chen inquired with a serious expression.

He looked at the two Black Mountain Black Bears and could tell that they seemed to be in pain based on their expressions.

At this moment, a mermaid girl said, "Young Master, I vaguely remember that after the two silly bears got the corpses of the Prohibition Demon Clan, their mouths never stopped, and they ate and ate for several days until half a day ago. I thought they would be quiet after eating everything. Who would have thought that they would become like this after finishing their meal?"

Yang Chen was momentarily stunned and replied, "The corpses of the Prohibition Demon Clan have a very obvious effect of change on these two silly bears. I've caught so many Prohibition Demon Clan corpses, but who would have thought that these two bears would be so greedy and have such a large appetite, capable of eating so many corps."

He caught so many corpses of the Prohibition Demon Clan that they could form a mountain, all thanks to the Black Fog Dragon Wind, which enabled him to capture so many.

"Young Master, the bodies of these two silly bears are growing rapidly, which is a sign of excessive energy. If not stopped, there could be danger," said some mermaid girls anxiously.

After spending so much time together, the Fishpeople Tribe and the two Black Mountain Black Bears had grown to care for each other. They knew that it was precious for the two silly bears to remain so simple-minded.

Yang Chen was equally worried in his heart and wanted to find a solution.

However, as he was about to forcibly stop them, Golden Claw Python suddenly stood in his way.

"Brother Jin, what is this?" Yang Chen was taken aback.

Golden Claw slithered its giant python body and said, "Young Master, you absolutely must not interfere with these two."

“Why, Brother Golden Claw? As you know, they have refined too many corpses of the Prohibition Demon Clan, resulting in a serious overflow of energy, exceeding their capacity. If they are not stopped, there could be danger!” Yang Chen protested.

Golden Claw stated, “Young Master, I understand your concerns, but this is also a test for them. It’s a test that all demonic beasts have to go through. Unlike humans, we demonic beasts have different talents and abilities to adapt to the trials given by the heavens. For example, during such an energy overflow, if I were in their situation, my body would have already collapsed and energy dissipated. However, they were able to persist for half a day, which is a miracle in itself.”

“This...,” Yang Chen hesitated.

Golden Claw reassured him, “Young Master, this might be one of the divine powers of the Black Mountain Black Bears. Perhaps their stomach capacity can solve the problem of excessive energy?”

Yang Chen was also puzzled.

He didn’t know the specific talent of the Black Mountain Black Bears, but he was aware of the Black Mountain Dark Cloud Palm and Mountain God Roar. Each of them was a powerful divine power, all originating from the Black Mountain Black Bears.

This time?

Maybe, just as Golden Claw had said, this was a trial given by the heavens to the Black Mountain Black Bears and the beginning of their transformation?

“Kid, if I were you, I wouldn’t interfere with these two silly bears!” said the Purple-eyed Demon Monkey coldly. “Senior Zi Jing!” Yang Chen responded respectfully.

“Senior Purple-eyed Demon Monkey!” Golden Claw also showed respect.

Seeing the appearance of Purple-eyed Demon Monkey, Yang Chen reluctantly smiled and said, “Senior Zi Jing, if you don’t want me to stop them, you should at least give me a reason.”

The Purple-eyed Demon Monkey didn't bother to explain, responding directly, "I don't seem to have a reason for you to believe. I've already given you my message; whether you believe it or not is completely up to you."

Yang Chen hesitated for a moment. If it were someone else, he could make a decision more easily. But these Black Mountain Black Bears were the first batch of demonic beasts to follow him, and he trusted them completely, so it was not easy to give up on them.

"Young Master, please listen to the words of Senior Purple-eyed Demon Monkey. It is a demonic beast, and it's even on the Demon Battle Power Ranking. It has provided me with guidance many times, which has benefited me greatly. Its words must be good advice. You don't have to listen to me, but you must trust Senior Purple-eyed Demon Monkey," said Golden Claw.

Upon hearing this, Yang Chen took a deep breath and said, "Alright, I'll wait for the outcome."

He looked at the two silly bears, filled with worry.

It could be seen that in such a short time, the bodies of the two silly bears had grown even larger. Their sizes had surpassed a large mountain and were more than twice as big as before.

If it weren't for the fact that the Eight Extremities Flowing River Space was an interspatial space, it might not have been so easy to accommodate the two large bears.

In fact, what was most noteworthy was not the size of the two silly bears, but their strength.

From the beginning, their strength hadn't changed much.

But now that Yang Chen was watching, their strength had actually reached the True Martial Realm Third Level, and it was still climbing rapidly towards the Fourth Level, then the Fifth Level, Sixth Level...

Their promotion speed became faster and faster, quickly surpassing the awakened Golden Claw and reaching the Seventh Layer!

“This...” Yang Chen was completely dumbfounded.

It seemed as if the two silly bears had overcome the problem of excessive energy and converted it into a breakthrough. As a result, the originally overflowing energy was no longer an issue, as it perfectly fused with the two silly bears!

As the energy from refining the corpses of the Prohibition Demon Clan did not dissipate, the strength of the two Black Mountain Black Bears will not stop breaking through!

“Great, great, this is just great,” Yang Chen grinned.

No matter what, the two Black Mountain Black Bears were now out of danger, which was the best outcome for him.

Chapter 1124: Inner Space_1 The strength of the two silly bears was still improving, and after a while, they even had a tendency to break through to the Earth Martial Realm.

“They’ve broken through, these two silly bears have broken through to the Earth Martial Realm.” Golden Claw exclaimed, while also sighing.

It should be known that before this, it had always called the two Black Mountain Black Bears “silly bears”. Now, these two silly bears had surpassed it in terms of strength, so it had to work harder, otherwise, how would it be able to serve Yang Chen.

“So fast, the Second Level of Earth Martial Realm!”

“Earth Martial Realm Third Layer...”

“Fourth Layer!”

Humans can use the Trial Tower to quickly increase their strength, and similarly, demonic beasts also have ways to quickly improve their own strength.

However, there is a limit to everything. Just as the Trial Tower cannot improve the strength of the Heaven Martial Realm, these ordinary Prohibition Demon Clan members also have a certain extent to which they can enhance the abilities of the Black Mountain Black Bears.

Although there is still a lot of energy surrounding the two silly bears that they have not yet refined, their strength stops at the Sixth Layer of the Earth Martial Realm, making it difficult for them to move forward.

At first, Yang Chen was a bit puzzled, not understanding what was going on, but gradually he figured it out.

The limit of the strength that these ordinary Forbidden Demon Clan corpses can give to the two Black Mountain Black Bear brothers is probably the Sixth Level of the Earth Martial Realm. If they exceed this limit, even if they continue to refine, it will still be of no use.

“These two silly bears haven’t made any progress in their strength for a while now. Could it be that the sixth level is already their limit?” Golden Claw muttered to itself.

“I’m afraid that’s the case. Let’s just wait for them to wake up.” Yang Chen said with his hands behind his back.

Having reached their limits, the two Black Mountain Black Bears did not take long to awaken. As for the energy overflowing around them, they seemed to know that refining it would be of no use, so they completely dispersed it.

When they woke up, the two Black Mountain Black Bears saw Yang Chen.

“Boss!”

“Boss, how did you get in here?” The two Black Mountain Black Bears scratched their heads, asking.

Yang Chen looked at the two silly bears now, and could barely see their heads even when looking up.

“Can you two shrink a bit?” Yang Chen asked in confusion.

“No problem.”

Black Mountain Black Bears have a natural shapeshifting divine power so their bodies can expand or shrink. However, there is a limit to how large they can get, similar to when they were in the Spirit Martial Realm, they can't be as big as they were just now.

Now that they had reached the Sixth Layer of the Earth Martial Realm, they were probably the size of the Black Fog Dragon Wind. Yang Chen believed that even if the Black Fog Dragon Wind tried to blow them away, it might not be able to deal with these two silly bears.

In an instant, the two silly bears shrank to the size of humanlike characters and started to giggle foolishly.

“Boss, let me tell you, we've become much more powerful this time.” Bear Elder One said.

“I feel full of strength all over my body!” Bear Elder Two said.

Bear Elder One was incredibly excited: “Boss, let me tell you, we are super powerful now. We can definitely help you eliminate those Prohibition Demon Clans. They are so delicious, I haven't had enough.”

“...” Yang Chen had a wry smile on his face: “Where do you think you are? There are always stronger beings out there; when it's time for you to face them, I won't hesitate.”

“Boss, don't underestimate us. This time, we've also comprehended the third divine power.” Bear Elder Two patted his chest with a proud and proud face.

Yang Chen was astonished: “The third divine power? What's going on!”

“I don’t know what’s going on, but I can feel that inside my body, I can hold many things, uh... I feel like my stomach can hold a big ocean!” Bear Elder Two described.

Bear Elder One also sighed: “I feel like my stomach can hold a volcano, no, just a volcano won’t suffice! But what kind of divine power or talent is this, I can’t remember.”

“There’s such a talent?” Yang Chen was completely dumbfounded.

He could understand that these two silly bears were not small in size, but to say that their stomach could hold an ocean seemed a bit exaggerated.

Golden Claw interjected, “Young Master, could their description possibly refer to the rumored Inner Space?”

“Inner Space?” Yang Chen suddenly froze.

Hearing what Golden Claw said, Yang Chen hesitated for a moment, but it was indeed a possibility.

What is Inner Space?

It is rumored that some divine power demonic beasts have a separate space within their stomachs, which is similar to the Eight Extremities Flowing River Space. However, unlike the Eight Extremities Flowing River, their inner space can hold many dangerous things, and the capacity is so vast that it is indescribable.

The key is that they can refine these things and then utilize them.

With this in mind, Yang Chen said: “Can you two really fit that many things in your stomachs?”

“Definitely. Just now, there were so many Forbidden Demon Clan corpses, both big and small. At first, when I was eating, I felt a little full, but now, it feels like I’ve only filled the gaps between my teeth. I feel hungry again.” The two silly bears talked back and forth.

“Can you two feel whether your stomach can withstand wind and rain?” Yang Chen asked again.

“Wind and rain? We don’t really know.” The two silly bears shook their heads like rattles.

Yang Chen pondered for a moment and said, “Both of you, open your mouths. I will send something into your stomachs, and you can try to feel it.”

“There’s something to eat? Young Master, come quickly.” The two silly bears laughed heartily.

Yang Chen immediately used the Shapeshifting Liquid Fire, and the liquid fire transformed by his True Qi rushed towards the stomachs of the Black Mountain Black Bears.

The two Black Mountain Black Bears opened their mouths wide and devoured all of Yang Chen’s Shapeshifting Liquid Fire.

However, the two Black Mountain Black Bears quickly started rolling on the ground.

“Boss, my stomach hurts so much!”

“My stomach hurts too, ah!” Bear Elder One and Bear Elder Two screamed in pain.

Upon hearing this, Yang Chen instantly converted the Shapeshifting Liquid Fire back into balls of True Qi and took them back...

Immediately after, the two silly bears gradually eased, and when Yang Chen looked at them again, they were already covered in sweat.

Yang Chen had a wry smile on his face: “Are you guys feeling better now?”

“Boss, much better, but your flame is too strong, it burned my stomach, it hurts!” The two silly bears said.

Yang Chen sighed helplessly: “What kind of divine power is this? You just have a bigger appetite, but if you really ate a big ocean or a volcano, it would probably burst your stomach!”

The two Black Mountain Black Bears scratched their heads: “But the big bears in our inherited memories all said that they could swallow mountains and rivers without any problems.”

“Is it that exaggerated?” Yang Chen couldn’t help but laugh.

“Young Master, could it be because...” Golden Claw hesitated to speak.

“Because of what?” Yang Chen was curious.

Golden Claw said: “Before I awakened, I also had some talents and divine powers that were just average. I had the feeling that my body was full of power but couldn’t use it more than once. Maybe their Inner Space is real, but it hasn’t awakened yet?”

Chapter 1125: Northern Territory Sect Arrives_1 Golden Claw was also uncertain about this, as demonic beasts were all different from one another, no one could definitively say that the symptoms Black Mountain Black Bear experienced were the same for all of them.

However, this reminded Yang Chen and suddenly made him understand.

“Awakening, I always hear you mention it, but what exactly is awakening?” The two Black Mountain Black Bears scratched their heads in confusion.

Yang Chen grinned and said, “You two silly bears are in luck, come out with me quickly.”

The Black Mountain Black Bears didn’t know what Yang Chen was up to, but they obeyed his words. Hearing Yang Chen’s instructions, they exited the Eight Extremities Flowing River Space along with him.

After leaving the Eight Extremities Flowing River Space, Yang Chen instructed Yun Lu and the others to set up a simple sealing prohibition and formation at his residence to avoid being disturbed by others.

With this in mind, Yang Chen couldn't help but think, "Going to the Tiandu Divine Country on this battlefield is extremely risky, and it may reveal that I am the master of Tiandu Divine Country. However, my trip to Tiandu Divine Country is merely to send these two silly bears to Awaken. It won't take much time, so it's not impossible to take a risk."

Yang Chen quickly made up his mind. The awakening of the Black Mountain Black Bears should not be delayed. Once they reached the required strength, they should Awaken as soon as possible.

With this in mind, Yang Chen immediately activated the Teleportation Array and entered it with the two Black Mountain Black Bears.

When they reappeared, Yang Chen and the two silly bears had arrived in Tiandu Divine Country.

"Eh, we're back here, now we can see the old man again!" The two Black Mountain Black Bears laughed cheerfully.

"Show some respect to Elder Yu Ban, after all, he is the senior of you two silly bears and took care of both of you before." Yang Chen looked at the familiar scenes of Tiandu Divine Country and said slowly.

"Oh." The two silly bears scratched their heads.

Yu Ban quickly noticed Yang Chen's arrival and promptly appeared in front of him.

"Young Master." Yu Ban greeted.

"Elder Yu Ban." Yang Chen spoke gently, "Look who I brought with me."

Yu Ban naturally saw the two Black Mountain Black Bears clearly. Looking at Bear Elder One and Bear Elder Two's massive bodies, Yu Ban stroked his little beard and became shocked and amazed.

“You...you actually reached the Sixth Layer of Earth Martial Realm!” Yu Ban’s eyes widened in surprise.

Yang Chen smiled, “Elder Yu Ban, now they should have reached the criteria for Awakening, right?”

Long ago, Yu Ban had told Yang Chen that within Tiandu Divine Country, there was an environment for the Great Earth Five Elements Awakening, which was practically prepared for the two Black Mountain Black Bears, who were also known as the Bears of the Earth.

It was just a pity that these two silly bears weren’t competitive and never reached the basic conditions for Awakening, so they could not Awaken for a long time.

But now it was different; these two silly bears had reached the conditions for Awakening.

“Haha, of course, they did.” Yu Ban laughed heartily. Looking at Yang Chen, he was even more amazed, “Young Master, I didn’t expect you to reach the Eighth Layer of Earthly Martial Realm as well. It’s simply incredible. It seems that you, Young Master, have a deep source of blessings, causing the strength of these two silly bears following you to increase rapidly. Heh, you two, although your brains aren’t very sharp, your vision is pretty good, you’ve found yourself a good master.”

Bear Elder One and Bear Elder Two were puzzled, “Boss, old man, I always hear you talk about Awakening, but what is the specific process like? Will there be something delicious?”

Yang Chen said, “Elder Yu Ban, I’ll leave these two silly bears to you. Arrange for their Awakening. I’m not in a safe position right now and need to go back quickly.”

Although it was unknown whether Bear Elder One and Bear Elder Two’s talents and divine powers would truly Awaken in the real sense after Awakening, regardless, Awakening was always beneficial to the two silly bears. So, one way or another, Awakening was inevitable.

“I see, Young Master can rest assured, just leave the matter to me. When you return, I promise to give you two more powerful Black Mountain Black Bears than before.” Yu Ban said confidently.

“In that case, thank you, Elder Yu Ban.” Yang Chen smiled.

Without saying much, Yang Chen parted ways with Yu Ban and left Tiandu Divine Country.

Yang Chen wanted to stay in Tiandu Divine Country for a while, but he couldn't. The battlefield he was in was full of uncertainties, and he couldn't afford to stay in Tiandu Divine Country for too long.

As Yang Chen had expected, he hadn't returned for long when he noticed a Sound Transmission Talisman coming from the outside world.

“Hmm?” Yang Chen took the Sound Transmission Talisman and listened to the message in it.

This caused Yang Chen to frown, “Is it that serious?”

Yang Chen quickly opened the door and went outside.

“Young friend Yang!”

“Young friend Yang, fortunately, you weren't deeply secluded.”

A group of people was waiting outside, led by Zhang Zhongyi. Seeing Yang Chen come out, they had a bitter expression on their faces.

Yang Chen asked with confusion, “Leader Zhang, and all of you, what's going on? Is it the Prohibition Demon Clan invading and something unexpected happened?”

He had just heard the Sound Transmission Talisman and only knew that everyone was waiting outside. He thought something major had happened. However, looking at their expressions, it seemed that they didn't suffer a major setback in the war against the Prohibition Demon Clan.

Zhang Zhongyi shook his head, "Young friend Yang, I don't know how to explain it. North Territory Sect people have arrived."

"What? North Territory Sect people have arrived?" Yang Chen was surprised and excited, "Isn't that a good thing? Why do you all look so worried?"

He was even more puzzled now. Everyone had been looking forward to the arrival of the North Territory Sect, and now that they were here, these people were not happy.

Zhang Zhongyi smiled bitterly, "Young friend Yang, you don't know, the people from the North Territory Sect have big tempers. They said that if they were to listen to others, the prerequisite is that they have to be beaten first. If they can't be beaten, then everyone has to listen to them."

"And then?" Yang Chen asked.

Someone who was close to Zhang Zhongyi said, "And then that Dragon Commander was beaten black and blue, wasn't he?" A few people said with disdain.

Chapter 1126: Ranking_1 "Damn, this Long guy didn't even take anyone seriously at the beginning, saying he wanted to teach this person a lesson, and that person a lesson. In the end, a disciple who was ranked fifth beat him up, leaving him searching for his teeth all over the floor."

"I knew this Long guy was a waste from the start."

Now Yang Chen understood why these people came to find him. He shrugged his shoulders: "Since these people from the Northern Territory Sect are so powerful, why not just let them take the lead?"

Zhang Zhongyi sighed with a bitter smile, "It's not that simple, Yang. Think about it, we are the ones seeking reinforcement and they are the reinforcements. If we let the ones offering support take the lead, where are we, the ones being supported, supposed to put our faces?"

Upon hearing this, Yang Chen shook his head. Although he didn't fully agree with the idea of maintaining face at this stage, letting the Northern Territory Sect take the lead would indeed be a very humiliating thing.

With this in mind, Yang Chen asked, "What comes next?"

"Next, if that Long guy doesn't listen, the four of us deputy leaders will take action." Zhang Zhongyi sighed, "I tried my best and barely forced the third-ranked disciple of the Northern Territory Sect to make a move, but ultimately did not win. The other three are more or less like me. When faced with the third-ranked disciple, we always feel like we're missing something."

Hearing this, Yang Chen silently nodded his head.

It turns out Long Xingyu really is a waste. All four deputy leaders were able to force the third-ranked disciple to make a move, but Long couldn't even fight someone ranked fifth.

After thinking for a moment, Yang Chen got straight to the point: "So you guys want me to take action?"

"Young friend Yang, everyone who could take action has already done so. If there's anyone who could possibly help us turn the tide on the battlefield, it's probably just you." Zhang Zhongyi said.

They all remembered Yang Chen's past heroics clearly.

Yang Chen couldn't help but chuckle, "Since you all want me to take action, I have no reason to hold back. However, when I defeated the Undying Demon, it was purely due to my divine power's advantage. I hope you guys don't put too much hope in me. I can only guarantee that I'll give it my all."

"Of course!" The group was overjoyed upon hearing that Yang Chen would take action.

However, when they heard that he wasn't very confident, they couldn't help but feel disappointed. Was Yang Chen's victory against the Undying Demon really just a matter of exploiting a weakness?

Zhang Zhongyi was also puzzled, but given the current predicament, he had no choice but to say, "No matter what, we just need you to give your all, young friend Yang. Please help us save face on the battlefield."

Hearing Zhang Zhongyi's tone of request, Yang Chen began to wonder. Zhang Zhongyi was definitely not a pushover considering he could hold his own against the Undying Demon, but the situation seemed desperate for their side.

At this moment, if Zhang Zhongyi had just asked for help, it wouldn't have been such a big deal. However, Zhang's tone seemed to show that they were at their wit's end because the Northern Territory Sect disciples were giving them a major headache. Yang Chen was left with no choice but to step up.

Yang Chen was truly intrigued by the disciples of the Northern Territory Sect.

"Let's get going," said Yang Chen.

"Alright, let's move!" said Zhang Zhongyi and the others.

Thus, the group set off for the Western Region, where Long Xingyu was stationed in the rear area.

It wasn't far away, but when they arrived, the situation was completely different from before, with many strangers gathered near the headquarters' camp. These strangers were all wearing the same clothing, indicating that they belonged to the same force.

"These are the people from the Northern Territory Sect." On the way, Zhang Zhongyi's trusted aides introduced them to Yang Chen.

Yang Chen looked around and nodded.

The disciples of the Northern Territory Sect were dressed in sea blue robes and, as Zhang Zhongyi had said, many of them had reached the level of Half-step Heavenly Martial Realm.

"Are these all disciples of the Northern Territory Sect?" Yang Chen asked with surprise.

“Yes, their tradition is different from ours. The disciples of the Northern Territory Sect are not divided by terms, but by ranking. Whoever is ranked first is the eldest disciple, whoever is ranked second is the Second Brother. As for the ones who came to our Western Region, all of them are within the top hundred. The Northern Territory Sect doesn’t try to blur the lines when it comes to these things.”

Yang Chen asked, “I see, so who are the ones with higher ranks who can have a say in things?”

“Most of them should be in the main camp. When we were looking for you, they were already here, so I guess not much has changed. Let’s go in and take a look.” As they spoke, the group had already arrived in front of the headquarters’ camp.

Zhang Zhongyi took the lead, bringing Yang Chen into the camp.

When they entered, Yang Chen saw the troops within the camp, just as Zhang Zhongyi had described. There were quite a few people from the Northern Territory Sect, and most importantly, Yang Chen keenly sensed numerous dangerous auras, a clear indication that the true experts from the Northern Territory Sect were all here.

As for Long Xingyu, he was there too.

However, unlike usual, Long Xingyu’s face was bruised and swollen from being beaten up, and his face was covered in bruises. Yet, instead of displaying his usual jealousy and animosity, he was ingratiatingly fawning over the Northern Territory Sect disciples next to him, with a disgusting attitude.

“Tsk, Long Xingyu truly has the face of a slave. After being beaten up by the people from the Northern Territory Sect, he shamelessly fawns over them,” whispered Zhang Zhongyi’s aides in disgust.

Yang Chen wasn’t particularly concerned about how Long Xingyu was acting. Seeing that the people around him were from the Northern Territory Sect, he knew they had practically taken over their battlefield headquarters.

As they examined the people from the Northern Territory Sect, they were also being examined.

“I say, Zhang, is this the helper you guys found? An Eighth Level Earth Martial Realm brat? Heh heh, is this really the best your Western Region can do? Wasting our time and you’ve just brought us this?” A black-clothed middle-aged man shouted angrily.

A muscular big-framed man next to him said, “Zhang Zhongyi, you said your battlefield had one more powerful guy, and we trusted you. That’s why we let you go and call for help. But who is this? Are you sure you’re not joking with us?”

Zhang Zhongyi slowly replied, “This is the helper I invited, his name is Yang Xilin.”

“I don’t care what his name is, you’re provoking us...”

“Third Brother, Fourth Brother!”

Suddenly, a soft and gentle female voice emerged.

The sound seemed fragile and boneless, without any pressure, but it caused the previously arrogant two to obediently shut their mouths.

Yang Chen couldn’t help but look over and saw a beautiful woman with a delicate figure, about 21 or 22 years old. She had a unique sense of style while not quite being stunningly beautiful.

Chapter 1127: Senior Sister Su Yao!_1 Yang Chen naturally wouldn’t judge someone based on their appearance alone. The woman looked gentle and frail, but he could sense a dangerous aura from her. This indicated that she was definitely not an ordinary person.

At the same time, Yang Chen asked the others nearby, “Who’s this woman?”

Third and Fourth...

Could the people who spoke earlier be the third and fourth-ranked disciples of the Northern Territory Sect? If that’s the case, the weight of the words that silenced them was indeed quite significant.

“Young friend Yang, this woman’s background might not be simple. I heard them referring to her as Senior Sister, and the woman’s aura is well concealed, making it difficult to gauge her actual strength. Throughout, she has been very quiet and never taken action. Could she be ranked number one? But she doesn’t seem like it.” Someone whispered an explanation.

Yang Chen couldn’t help but laugh bitterly. How could one simply judge someone by their appearance alone?

“Senior Sister, you...” Both Third and Fourth looked perplexed as they were stopped from speaking.

The beautiful woman just slightly waved her hand, not saying much, and stared at Zhang Zhongyi. “Zhang Zhongyi, I won’t waste words with you. You must have heard my offer clearly. If you can find someone to defeat all my subordinates and ultimately me, it will prove that your Western Region possesses such an ability. Su Yao, representing all the Northern Territory Sect’s Earth Martial Realm Battlefield disciples, will submit to your commands. But if you don’t have this capability, then obediently follow my initial suggestions and obey our orders on the battlefield. Otherwise, don’t blame our Northern Territory Sect for withdrawing our troops and leaving you behind. After all, the conditions I offered you at the beginning were exceedingly fair!”

When Su Yao finished speaking, Long Xingyu, who was not far away, immediately spoke up. “I say, Deputy Leader Zhang, why go through all the trouble of finding someone to confront Miss Su? Miss Su represents the Northern Territory Sect. What’s wrong with allowing her to manage the battlefield? You’re just looking for trouble. Even I, as the commander, have already agreed, so what do you still have to hesitate for?”

Zhang Zhongyi, who didn’t have any animosity towards Long Xingyu before, was angered by his words. “Long Xingyu, since you’re willing to compromise, don’t bring up your role as a commander. It’s embarrassing!”

Long Xingyu couldn’t help but feel annoyed. “You!”

The main reason he was willing to follow the Northern Territory sect’s command was to cling to their powerful influence. Who wouldn’t want to establish their roots in the prosperous Central Capital Region? If they could build connections like this, it would be a great advantage for their future in the Central Region.

That's precisely why he compromised when he saw that they were no match for the people from the Northern Territory sect.

However, the indifference from the Northern Territory sect's people annoyed him, and now that even the people he used to command looked down upon him, Long Xingyu's resentment grew stronger.

But Zhang Zhongyi wasn't someone who would give in so easily. As a native of the Western Forty-two Counties, he had to maintain their dignity.

Guests should be treated as guests, and we should welcome them warmly, as it's only natural.

However, if you want to take over and cause trouble, that won't do.

Zhang Zhongyi spoke calmly, "Miss Su, I've brought the person, young friend Yang!"

"Leader Zhang." Yang Chen maintained a neutral tone.

"Is it him?" Su Yao glanced at Yang Chen. To be honest, she didn't think Yang Chen posed much of a threat based on his appearance or external strength.

However, since Zhang Zhongyi wanted to use him as a last resort, she decided to follow his wishes.

"Zhang Zhongyi, are you sure about this?" Su Yao yawned lazily.

"I'm sure. If young friend Yang is also defeated, we in the Earth Martial Realm Battlefield will be willing to follow the command of the disciples of the Northern Territory Sect!" Zhang Zhongyi declared.

"Alright, since that's the case, let's head out and fight. There's more space outside!" Su Yao waved her jade-like hand.

The others quickly left the tent and went outside.

Seeing that a battle was imminent, countless onlookers gathered.

“Which of you wants to go first and seize the advantage?” Su Yao shouted out loud.

“I’ll go!” The middle-aged man, who was known as Fourth earlier, stood up. He twisted his neck and said, “Senior Sister, I’ll go!”

Seeing that no one else was interested and not feeling that Yang Chen was a formidable character, Su Yao simply said, “Then it’s your turn.”

“Alright!” The middle-aged man grinned as he saw an opportunity to enter the fray. He laughed loudly and jumped forward, facing Yang Chen.

As soon as Yang Chen stepped forward, someone by his side began to explain, “Young friend Yang, this man is Lin Hao, the fourth-ranked member of the Northern Territory. He is very powerful and had even threatened Leader Zhang during a previous battle. It wasn’t until Zhang took out his trump card that he narrowly won the battle. They say Lin Hao has been cultivating for over eighty years and has a deep foundation. Be very careful, young friend Yang!”

“I understand.” As Yang Chen spoke, he stepped forward.

Seeing Yang Chen’s advance, Lin Hao sneered, “Kid, you’re quite lucky. Starting with me, the fourth-ranking challenger, even if you’re defeated in one fell swoop, it won’t be too shameful.”

“Are you done talking? If so, can we get started already?” Yang Chen asked.

“Hmph, just a mere Eighth Layer of the Earthly Martial Realm, let me see how formidable you are!” As Lin Hao cursed angrily, he instantly launched his attack.

With Lin Hao’s first strike, he displayed the strength of Half-step Heavenly Martial Realm. With a direct punch, the force formed a phantom wolf that darted straight towards Yang Chen.

Yang Chen saw it clearly. The entire wolf phantom was filled with Lin Hao's full force, and the phantom wolf's speed was extremely fast due to the transformation, almost reaching Yang Chen in an instant.

Yang Chen's reaction was timely as he dodged at the last moment.

Seeing Yang Chen evade, Lin Hao coldly said, "Not bad reflexes, but you're going to have to take a few more punches!"

As soon as he finished speaking, Lin Hao fiercely threw a few more punches, each accompanied by a swift, relentless phantom wolf that charged towards Yang Chen.

Many onlookers grew anxious and wished for Yang Chen to win.

Only Long Xingyu stood beside nonchalantly, remarking, "This Yang kid thinks he can defeat the Northern Territory Sect's disciples? What a delusional fool!"

Meanwhile, one of Zhang Zhongyi's subordinates anxiously shouted, "Young friend Yang, be swift and decisive when dealing with this man. You must not give him the chance to launch consecutive attacks!"

Many people were puzzled. Yang Chen didn't look like someone without fighting experience. Why would he give Lin Hao the chance to gain the upper hand and initiate an attack?

This Lin Hao was exactly the type who would become unstoppable as soon as he gained an advantage.

At this moment, Lin Hao grew fiercer in battle, laughing heartily, "Warnings? They're useless anyway. I really don't know where you people found such a disgraceful waste. He has already lost, and I want to see how this kid manages to escape!"

The moment his voice fell, Lin Hao thunderously unleashed dozens of punches, each summoning a relentless wolf phantom, with Yang Chen surrounded in an instant.

Chapter 1128: The Secret of the Lightning Movement Technique!_1 So many wolf shadows blocked all the paths where Yang Chen could dodge, leaving him nowhere to escape.

At this moment, Lin Hao stood with his hands behind his back, looking very relaxed, as he had already envisioned his own victory.

However, he didn't notice the calmness on Yang Chen's face.

Yang Chen observed the approach of so many wolf shadows with a calm demeanor. The reason he did not take action was merely because he was curious about how powerful Lin Hao's technique was.

It had to be admitted that as a disciple of the Northern Territory Sect and ranked fourth, Lin Hao had some skills. This wolf shadow technique alone was a condensation of Lin Hao's essence, mostly refined from the essence blood of demonic beasts. Every punch that produced a wolf shadow was incredibly powerful.

Endless wolf shadows like these could incapacitate someone with just one punch, let alone this many.

Not far away, Su Yao spoke slowly, "Fourth brother, spare this person's life. This is a battlefield, and we are fellow..."

She was just about to mention that they were allies, but as soon as she opened her mouth, an astonishing force suddenly swept out from the center of the wolf shadow attack.

This power naturally originated from Yang Chen.

It could be seen with the naked eye that it was a large amount of Blazing Sky Sacred Fire. As the fire spread instantly, all the wolf shadows were shattered and none could reach Yang Chen's body.

"What?" Seeing the huge amount of fire that broke his technique, Lin Hao was suddenly surprised. "How is this possible!"

His countless punches, which almost guaranteed victory, were so easily broken.

Only Su Yao was slightly more perceptive. Seeing Lin Hao's punches broken, she immediately reminded, "Be careful!"

But when she warned him, it was already too late!

Yang Chen swooped in front of Lin Hao. Thunder and lightning crackled, directly enveloping Lin Hao's body. There was no way that Lin Hao could escape; he was struck by the thunder and lightning numerous times, his body charred black with black smoke, before falling unconscious from high altitude.

Seeing this counterattack, everyone present fell silent.

"This is an absolute counterattack."

"From the beginning, Young Master Yang was being suppressed until he suddenly took action at the end, and Lin Hao was defeated..."

"What sudden counterattack? Are you stupid? Think about it carefully, since the beginning of the battle, it seemed as if Young Master Yang was suppressed by Lin Hao, but in fact, he wasn't planning to take action. He was calmly observing Lin Hao's abilities. What does that imply? It means that Young Master Yang didn't feel threatened by Lin Hao's capabilities from the beginning, so he wasn't in a hurry to make a move."

Many people suddenly realized.

"Haha, well done!"

"Magnificent, Young Master Yang!"

Zhang Zhongyi's companions applauded and congratulated Yang Chen.

At this moment, Su Yao was shocked, unable to believe the entire process. She muttered to herself, "Just now, was that... Lightning Movement Technique? However, his realm in the Lightning Movement

Technique is not high, and he hasn't undergone the purest refining process. Moreover, the key to his victory just now was not the Lightning Movement Technique."

Su Yao pondered.

The Lightning Movement Technique was one of the top five cultivation methods of her Northern Territory Sect and could not be ignored. But, despite her surprise, Su Yao didn't take it too seriously, because there were many cultivation methods that had fallen into the hands of others. Without the direct refining of the Northern Territory Sect, even if others learned them, they could only grasp the basics at most.

What shocked her was Yang Chen's skill level.

Just now, Yang Chen defeated Lin Hao not relying on the Lightning Movement Technique but on his own strength.

"Senior Sister." After Lin Hao was defeated, several disciples looked at Su Yao.

If Yang Chen knew that his Lightning Movement Technique came from the Northern Territory Sect, then the mystery of his many years would be solved, and he would never stop studying it. He had always been stuck at the Fifth Layer, unable to make any progress.

According to his understanding, his Lightning Movement Technique seemed to have reached its limit at the Fifth Layer, and unless there was some material breakthrough, it would be difficult to progress.

What he didn't know was that the key reason for this lay with the Northern Territory Sect.

At this moment, Su Yao was surrounded by her fellow disciples. She waved her hand and said, "Bring Lin Hao back. Third Brother, you go!"

The man called "Third Brother" didn't rush to respond, but instead said, "Senior Sister, did you notice the cultivation method used by that kid just now?"

"I know, don't worry about it!" Su Yao said.

The man nodded, not daring to ask any further. Then he grinned confidently and walked forward, facing Yang Chen.

"Just now, when I saw you defeat Fourth Brother, it didn't take you a long time. Kid, I take back what I initially thought of you and apologize to you on behalf of Fourth Brother. You have the right to know my name. My name is Wei Zheng!"

"Yang Xilin!" Yang Chen replied.

"Young Master Yang, you've just fought against our Northern Territory Sect's Lin Hao and must have consumed some of your True Qi. We're not the kind of people who would take advantage of you and be unfair. You can rest until your True Qi is fully restored, and the competition won't be too late."

Yang Chen's mouth curled up, and upon hearing this, he waved his hand, "No need."

"Hmm?" Su Yao's expression was puzzled.

Yang Chen was not planning to explain, but seeing Su Yao's puzzled expression, he shrugged his shoulders and said loudly, "Girl, I just fought against Lin Hao, and although I encountered some setbacks, the impact on my True Qi consumption is minimal. Therefore, with the urgent situation at hand, let's just proceed with the competition!"

"What a big mouth." Su Yao heard Yang Chen say this and thought that he was arrogant. She didn't realize that Yang Chen truly had no other thoughts.

But Su Yao's temper also flared up, shouting, "Fine, since Young Master Yang is willing, then let's get started!"

"Hmph, kid, you're really arrogant. After fighting against our Northern Territory Sect's elites, you still dare not to rest." Wei Zheng said, cracking his neck.

Yang Chen shook his head. He really hadn't consumed much True Qi. So, should he force himself to rest for half a day?

No matter who was in command of the battlefield, having a leader was essential.

There was no time to delay.

He said coldly, "Brother Wei, can you make a move now?"

"Hmph, get ready." Wei Zheng didn't think much, all he wanted was to defeat Yang Chen and win glory for the Northern Territory Sect. As for other matters, they weren't that important to him.

True masters revealed their skills through their hands, and almost at the first strike, they could tell each other's strength. When Wei Zheng made his move, he directly summoned a golden spinning disc. This disc spun faster and faster, growing larger and larger...

Most importantly, the True Qi on the surface of the spinning disc was obviously sharp. It seemed that it could even cut through the air wherever it passed!

"What is this Cultivation Method!" Many people who hadn't seen it before were astonished. They hadn't even heard of such a technique.

Chapter 1129: Su Yao Takes Action_1 Only Zhang Zhongyi looked at this Cultivation Method, gradually frowning and said, "This method is the eighth-ranked Divine Power in the Northern Territory Sect, named 'Golden Disc Divine Punishment.' To practice this method, one needs a substance spat out by a golden toad, merged with True Qi. Their True Qi will become very sharp, extremely sharp and unmatched, and when practicing the Golden Disc Divine Punishment, the summoned Golden Disc can be said to be indestructible."

He and the other commanders had been greatly troubled by this Golden Disc, and it had been almost impossible to crack.

"Indestructible? Is it really that exaggerated?"

Zhang Zhongyi snorted coldly, "More than exaggerated, you don't know the Ten Great Divine Powers of the Northern Territory Sect. The Ten Great Divine Powers of the Northern Territory Sect have been collected and created since ancient times, and each of them is considered the pinnacle of human achievement. If this person uses this method on the battlefield, it must be a lethal weapon against the enemy. Unfortunately, before facing the enemy, they have to start with their own people. This Golden Disc can break through even other True Qi formations, without any flaws. To deal with this Golden Disc, one must first deal with its user!"

Yang Chen knew little about this Golden Disc Divine Punishment. Nevertheless, he was cautious enough, just as he had been when facing Lin Hao, so he chose to watch first when he saw the Golden Disc attacking.

However, the pressure this Golden Disc gave him was really not small, so he couldn't stay calm like when dealing with Lin Hao. He had to release the Blazing Sky Sacred Fire, condensed into a form, and head straight for Wei Zheng.

He saw that as long as he dealt with Wei Zheng first, the Golden Disc would crumble on its own.

But just as his Blazing Sky Sacred Fire was sent, the Golden Disc suddenly blocked the path of the Blazing Sky Sacred Fire. As the disc spun rapidly, it managed to cut Yang Chen's Blazing Sky Sacred Fire into several pieces, making it impossible for his Blazing Sky Sacred Fire to condense and become scattered and unorganized.

As the Blazing Sky Sacred Fire was broken down, Wei Zheng laughed loudly, "Surnamed Yang, did you think I would dare to face you without any means to deal with you? Your Strange Fire is indeed powerful, but unfortunately, when it meets my Golden Disc Divine Punishment, it will still be thrown into chaos, rendering you unable to use it again!"

"Disordered and unable to condense? If that's the case, then there's no need to condense it again." Yang Chen smiled faintly.

For others, manipulating the unformed Strange Fire would be difficult, but for Yang Chen, who had practiced the Taichi True Scripture, it was as simple as a drizzle.

Moreover, the Blazing Sky Sacred Fire originally had two methods of use.

Using the Blazing Sky Sacred Fire alone was to condense it into a form for attack, while using it in combination with the Blazing Fire Spirit Brush would result in a scattered, shotgun-style attack.

Without any hesitation, Yang Chen took out the Blazing Fire Spirit Brush, dipped it in ink, and swept it in an instant. In a blink of an eye, a large amount of Blazing Sky Sacred Fire rushed towards Wei Zheng.

This sudden development surprised Wei Zheng greatly. If the Strange Fire had been condensed into a large enough form, his Golden Disc could have split it apart. But how could he defend against this massive amount of fire that came pouring down like raindrops?

With this in mind, Wei Zheng stomped his foot, and in an instant, a green Treasure Bead was born from his chest. The Treasure Bead transformed into a crystalline protective light that enveloped him.

When Yang Chen's layers of fire struck the crystalline light, they were all insulated from it.

"A Xuan Tian treasure?" Yang Chen couldn't help but smile wryly.

It seemed that none of the disciples of the Northern Territory Sect were simple. Wei Zheng had both offense and defense, perfect and flawless.

No wonder Zhang Zhongyi and the others had fallen into Wei Zheng's hands – it was because Wei Zheng was indeed capable.

"However, every Xuan Tian treasure has its limits, and this crystalline protective light is no exception!" Yang Chen's expression turned serious.

If the Blazing Sky Sacred Fire couldn't break it, then try another way!

At this time, Wei Zheng was using the Golden Disc to threaten Yang Chen so that Yang Chen couldn't use any measures to deal with him, who was protected by the body protection treasure bead.

If it were someone else facing the crazy threat of the Golden Disc, they really wouldn't be able to use any means to deal with Wei Zheng, but Yang Chen was different.

He muttered something, then pointed at Wei Zheng.

In an instant, the sky flashed with chaos, and it was the sign of the birth of the Twenty-four Thunder Annihilation. Immediately afterward, a series of terrifying thunderbolts fell from the sky, heading straight for Wei Zheng.

Wei Zheng never expected that something like this would happen. In his great surprise, he was struck by the thick thunder and lightning on his protective treasure bead.

One hit was okay, but twenty-four consecutive hits immediately exceeded the tolerance limit of Wei Zheng's protective treasure bead, causing it to crack and shatter.

"Not good!" Wei Zheng still wanted to use the Golden Disc to capture Yang Chen's whereabouts.

However, after employing the Lightning Movement Technique, Yang Chen's running speed was extremely fast, so fast that Wei Zheng couldn't catch up. At this moment, the originally scattered Blazing Sky Sacred Fire had already converged, and without any protective measures, Wei Zheng was unable to withstand the Blazing Sky Sacred Fire. He could only scream in pain as the Blazing Sky Sacred Fire burned him.

In the blink of an eye, Wei Zheng was burned all over, his clothes disheveled, and his body blackened as he fell to the ground.

Su Yao's expression changed instantly. She never thought that even Wei Zheng would fall into Yang Chen's hands.

"Bring Wei Zheng back!" Su Yao ordered in a low voice.

"Yes..." Several people from the Northern Territory Sect looked dumbfounded.

They had to admit that Yang Chen did have some skills. Even the third-ranked Wei Zheng couldn't do anything against him, showing that Yang Chen was quite capable.

Seeing Wei Zheng, who had tormented him severely, defeated, Zhang Zhongyi laughed heartily and then looked at Su Yao, saying, "Miss Su, what do you have to say next? Wei Zheng has been defeated, who else from the Northern Territory Sect wants to take action?"

"Humph, since Wei Zheng has been defeated, I'll do it myself!" Su Yao didn't hesitate and stepped forward.

The onlookers had different opinions and thoughts when they saw Su Yao take action.

Yang Chen looked at Su Yao with a vigilant expression. Although Su Yao seemed the least threatening, he thought that Su Yao was by no means an ordinary person.

Su Yao was calm and said, "My name is Su Yao, currently the first-ranked senior disciple of the Northern Territory Sect. Young Master Yang, don't think that because I'm a woman, I'm easy to deal with. Those who thought so in the past either ended up dead or completely convinced by me!"

"Miss Su, don't worry, I won't entertain such foolish thoughts." Yang Chen replied.

He didn't know if the second-ranked disciple of the Northern Territory Sect hadn't come, or if Su Yao thought that the second-ranked person wasn't up to standard, so she chose to take action herself.

Now that she heard Yang Chen's words, Su Yao's lips curled up, "Very good, Young Master Yang. I like your attitude. Since that's the case, take my move!"

As her words fell, Su Yao's body was suddenly surrounded by thunder and lightning, crackling and flashing!

Then, she was already in front of Yang Chen.

This sudden development caused Yang Chen's face to darken.

Because what Su Yao used turned out to be the Lightning Movement Technique that he was familiar with?

Chapter 1130: Showdown of the Pinnacle_1 Su Yao's Lightning Movement Technique was incredibly fast!

To Yang Chen's astonishment, Su Yao's sudden display of speed prompted him to immediately unleash the Fifth Layer of Lightning Movement Technique. He dodged her with the intent of coming up with other plans.

But much to his surprise, as soon as he dodged, she immediately followed suit, and effortlessly too!

Yang Chen had to admit that Su Yao's Lightning Movement Technique was stronger and faster than his.

"How is this possible?" Yang Chen was utterly perplexed.

How come Su Yao could also use the Lightning Movement Technique?

"Surprised? Hmph, don't be. Your Lightning Movement Technique originates from our Northern Territory Sect. Being a mere imitation, you can never truly grasp our sect's essence and profundity. It is impressive that you managed to learn up to the Fifth Layer, but compared to my specially honed Lightning Movement Technique, you still fall short!"

Su Yao's tone was cold. She disappeared and reappeared in the blink of an eye, stepping on thunder and lightning, becoming a ghost-like figure that couldn't be caught!

"What method does Su Yao use? How come it appears to be the same as the one young friend Yang used earlier, and it even seems stronger?" The onlooking crowd frowned, feeling that Yang Chen's situation was not good.

Zhang Zhongyi, having seen so much, whispered, "This is the Lightning Movement Technique. I caught a glimpse of the technique used by young friend Yang and found it to be very familiar but didn't pay much

attention at the time. Now it's clear that both young friend Yang and Miss Su are using the Lightning Movement Technique. However, Su Yao's technique is better."

"How is it possible? Young friend Yang is extraordinarily talented, how can he lose to the girl?" Many people were unconvinced.

Zhang Zhongyi bitterly responded, "I do not know the specifics, but I presume that Yang Chen's Lightning Movement Technique was not passed down from a legitimate source. After all, the technique itself came from the Northern Territory Sect. Moreover, this is the fourth-ranked secret technique in the sect, a very rare and top-tier Divine Power."

"What? This Lightning Movement Technique is a Divine Power of the Northern Territory Sect, so how come young friend Yang knows this technique?" Many people were confused and astonished.

"It's not difficult to explain. The Northern Territory Sect has always sent many disciples to various places for experiences, but some ended up not returning or simply had no desire to return. As a result, many of the techniques were learned by outsiders. However, to truly control the Northern Territory Sect's genuine power, it cannot be done without their support. Young friend Yang's Lightning Movement Technique may have been learned by some means, but compared to Miss Su Yao's authentic technique, it is naturally inferior."

Zhang Zhongyi sighed as he grew increasingly pessimistic about the situation. It wasn't that he didn't want to be optimistic, but when you faced an opponent who could use the same moves as you and still suppress you, it was enough to break your spirit.

At this moment, Yang Chen was indeed alarmed by the true origin of the Lightning Movement Technique; he had never expected it to be related to the Northern Territory Sect.

However, it would take more than that to dampen his spirit.

Yang Chen didn't rush to make a move but carefully observed Su Yao's actions from the side.

It must be said that under Su Yao's display, the Lightning Movement Technique refreshed Yang Chen's impression, verifying that it was indeed a true inheritance of the Northern Territory Sect.

Su Yao's speed was so fast that people couldn't catch a glimpse of her movements. At least within the Earth Martial Realm, she was unparalleled.

Nobody knew when Su Yao would make a move or from which direction she would strike. All they could see was her stepping on the thunder and lightning, making it impossible to determine her exact position.

However, despite Su Yao's incredible speed, it wasn't enough to give Yang Chen a headache.

Because eventually, Su Yao would have to make a move...

Just like now, unable to hold back any longer, Su Yao's Lightning Movement Technique flashed, and stepping on the thunder, she launched a punch towards Yang Chen.

At that very moment, Yang Chen directly summoned the Blazing Sky Sacred Fire to protect himself.

This was his strategy, as he had the capability to protect himself!

However, a shocking scene unfolded as Su Yao's fist collided with Yang Chen's Blazing Sky Sacred Fire. Suddenly, a black seal emerged, growing larger and larger. When it finally formed, it instantly detonated, shattering Yang Chen's Blazing Sky Sacred Fire. It then headed directly towards Yang Chen.

Yang Chen was petrified.

His Blazing Sky Sacred Fire was mysteriously destroyed by the black seal. What was going on?

There was no time for him to think as he quickly retreated.

It was only when he retreated did he realize that comparing speed with Su Yao was of no use at all.

At this moment, seeing that Yang Chen was nothing more than this, Su Yao scoffed and formed several other black seals, which exploded once again.

With the powerful black seals combined with Su Yao's speed, Yang Chen was suddenly under great pressure.

For a short time, Yang Chen could use the Blazing Sky Sacred Fire to temporarily neutralize the black seal. However, this was not a permanent solution, and more importantly, he had never heard of any technique that could instantly disperse the Blazing Sky Sacred Fire, a Strange Fire.

"Leader Zhang, what is this thing?" Many people were surprised.

Zhang Zhongyi gritted his teeth, looked at the black seal, and muttered, "If my guess is correct, this should be the third-ranked Divine Power of the Northern Territory Sect, the Annihilation Holy Seal. It can silently form a seal in the air, and when the seal takes shape, its power is astonishing. Paired with the Lightning Movement Technique, it is flawless."

As Yang Chen was being pushed back by the Annihilation Holy Seal, he no longer held back.

To him, Su Yao was one of the most difficult opponents he had ever faced. If he continued to hide his skills, he wouldn't stand a chance.

With that thought in mind, Yang Chen instantly unleashed the Shapeshifting Liquid Fire, the Starfire, and the Blazing Sky Sacred Fire simultaneously.

The triple flames appeared together, forming a defensive barrier as they clashed with Su Yao.

Su Yao's Annihilation Holy Seal reappeared, confronting Yang Chen's triple flames before exploding in an instant.

The next moment, a gaping hole was blown open in Yang Chen's triple flames. Although there was still plenty left, there was no denying that the defense of the triple flames was no match for the Annihilation Holy Seal.

With this thought in mind, Yang Chen steadied himself and locked his gaze on Su Yao.

Su Yao also temporarily halted her offense...

“The Northern Territory Sect’s centuries-old heritage is truly not to be trifled with. Each of their Divine Powers is extraordinary indeed!” Yang Chen said.

Su Yao coldly replied, “Young Master Yang, if you have no other means, I’ll be taking the victory in this match!”

“Miss Su, don’t be too hasty. Since you are so focused on attacking, have you ever considered defense?” Yang Chen grinned.

As soon as these words fell, he made a sudden hand gesture to form a seal!

“Huh?” Su Yao saw Yang Chen’s hand seal and suddenly recalled the Twenty-four Thunder Annihilation technique used by Yang Chen against Wei Zheng earlier. The hand seals of both techniques weren’t too different.

At that very moment, a Heavenly Thunderbolt suddenly descended.

However, at this very moment, Su Yao suddenly vanished from her original position!
