Chapter 2441: Yang Chen's Slaughter (Ninth Update)_1

“What?”

The words of Ice River Clan Venerable were short, but they still sent shockwaves through the crowd.

First of all, was the Giant Beast Clan really attacking the Black Demon Clan?

They had no information about this.

This was a terrible disaster. If the Black Demon Clan were to be taken by surprise, it would mean the loss of an ally. Even if the Black Demon Clan's combat strength wasn't strong, they could still delay the Giant Beast Clan for a while.

Without the help of the Black Demon Clan, the Giant Beast Clan could essentially ignore Luo Star Island completely, leaving them with no way of threatening the Giant Beast Clan at all.

And then, there was the shocking revelation of the surrounding Formation.

These Formations were composed of Dao Intent Inscriptions.

Such Formations were incredibly rare, and Yang Chen had never encountered them before.

“Is this a Daoist Inscription Formation?” Star Child Heavenly Venerate took a deep breath as even he was taken aback by the sight of the Formation causing his expression to turn grave.

Yang Chen couldn't help asking, “Star Child Senior, just what kind of Formation is this Daoist Inscription Formation?”

Logically speaking, smaller Sects like the Giant Beast Clan should not possess such Formations.

Even if they did, they shouldn't possess Formations that surpass the skills of the Human race.

But now, things were different.

This Daoist Inscription Formation was clearly a notch above the Formations controlled by the Humans.

"Yang Chen, as you know, after reaching the Nirvana stage, one can fuse their Dao Intent Inscriptions with a Divine Weapon to create a unique weapon exclusive to themselves. This is common knowledge." Star Child Heavenly Venerate said.

"Yes, this Junior is aware." Yang Chen replied.

Star Child Heavenly Venerate continued, "Indeed, creating an exclusive Divine Weapon is a privilege of those in the Nirvana stage. And if they can create exclusive Divine Weapons, why can't they create exclusive Formations? Thus, someone came up with a brilliant idea, creating a proud masterpiece Formation and combining Dao Intent Inscriptions with it. As a result, the Formation turned into an exclusive one and its power became infinitely terrifying."

With a sigh, Star Child Heavenly Venerate said, "As you can see, the combination of over two thousand Dao Intent Inscriptions with the Formation produces an extremely formidable effect. This method would have become mainstream if only there were more people who understood Formations. Hence, exclusive Formations remain extremely rare."

"So how did this exclusive Formation end up in the hands of the Ice River Clan?" Yang Chen couldn't understand.

"I don't know either. This Daoist Inscription Formation was created by someone in our Human race. After the death of the expert who created it, their exclusive Formation disappeared. I never thought it would be stolen by someone from the Ice River Clan." Star Child Heavenly Venerate said with a heavy tone.

The other Nirvana Stage Experts seemed to know something about this Daoist Inscription Formation, and when they saw its power, they all became quite panicked.

The Ice River Clan Venerable laughed wildly, “Hahaha, you Humans still dare to come here? I didn’t plan to use this Formation originally, but it seems you’re all set on launching an all-out attack today. So I might as well show you just how powerful this Formation is.”

As the Ice River Clan Venerable manipulated the Formation, the Dao Intent Inscriptions whirled in motion. In an instant, after a dazzling flash, torrents of water erupted from within the Formation.

This Formation was of the Five Elements: Water, and the Inscriptions were also Water Dao Intent Inscriptions.

Combined together, the power was more than doubled.

Seeing this, the faces of many Nirvana Stage Experts turned to fear.

In a rage, Star Child Heavenly Venerate charged forward, but he could only manage a stalemate with the Ice River Clan Venerable, neither able to gain the upper hand.

As for the other Nirvana Stage Experts, they managed to hold on within the Formation, but when the Giant Beast Clan and other Enemy Nirvana Stage Experts joined forces, they slowly began to falter.

The real key to the situation were the Enlightenment Realm Experts.

These Enlightenment Realm Experts were no match at all within the Formation!

In a Dao Intent Inscription Formation like this, the vast majority of Enlightenment Realm Experts couldn’t withstand the attack. In an instant, many of the Enlightenment Realm Experts died or were injured, leaving them in a bad predicament.

Winning this battle, even if they did, would be a great loss.

Yang Chen shook his head, and seeing this, stepped lightly.

As soon as he took a step, the world seemed to have become quiet.

“Huh?” The Ice River Clan Venerable felt that something seemed amiss.

Yang Chen waved his hand.

Then, the previously unassailable Daoist Inscription Formation suddenly had a hole torn through it, causing the once impregnable Formation to lose half of its power.

But that wasn't the end.

Yang Chen waved his sleeve again, and the entire Daoist Inscription Formation was instantly torn apart!

With a thunderous crash!

The Formation, which the Ice River Clan Venerable had pride in, was broken just like that.

“It's Yang Chen!”

“It was Yang Chen who did it.”

“Great! Yang Chen is truly amazing. Hahaha, he managed to break the Daoist Inscription Formation! How did he do it? He's too strong!”

Many people couldn't believe their eyes. They were all worried about how to fight within the Daoist Inscription Formation!

And now, with one move from Yang Chen, the Daoist Inscription Formation was broken?

“This damned bastard!” The Ice River Clan Venerable, who had been so confident moments ago, brought out his long-hidden Daoist Inscription Formation to win the battle, only for this to happen in the blink of an eye.

This caused his pupils to constrict with rage as he tried to retaliate against Yang Chen.

However, Star Child Heavenly Venerate managed to block the Ice River Clan Venerable’s attack with a look of surprise on his face.

He never thought that even if he wanted to break the Formation, it would take time, and clearly, the Ice River Clan Venerable wouldn’t give him any.

But Yang Chen managed to do it.

The main reason why Yang Chen could do all this was because of his Space-Time Dao Intent.

Of course, the most critical reason was because the Ice River Clan Venerable, who controlled the Formation, was held back, allowing Yang Chen’s Space-Time Dao Intent to perform at its best.

Wherever the Space-Time Dao Intent passed, thousands of prohibitions and Formations could be easily shattered— this was no exception!

Now, with the Daoist Inscription Formation broken, the situation changed drastically!

The morale of these Nirvana Stage and Enlightenment Realm Experts immediately increased, but due to the previous damage, they were still weakened to some extent.

However, it was then that Yang Chen moved!

He teleported instantly, disappearing from where he stood, leaving behind streaks of Dao Intent Inscriptions. Suddenly, a previously lively Enemy Nirvana Stage Expert vanished, falling dead on the spot!

Chapter 2442: Siege of the Black Demon Clan (Tenth Update)_1

All they could see was Yang Chen's back.

Yang Chen moved again, the light flickered, and another Alien Tribes Nirvana Stage fell on the spot.

No one had time to react, and by the time they did, the eyes of the Alien Tribes Nirvana Stage were all filled with horror.

As for the people of Luo Star Island, their eyes widened in shock.

There weren't many Nirvana Stage practitioners on their island, so when the formation had just appeared, they were already somewhat in disarray.

But Yang Chen's appearance changed everything.

They originally thought that Yang Chen's strength was just a rumor, but now it seemed to be true.

Yang Chen disappeared again.

He vanished right in front of those Alien Tribes' Nirvana Stage practitioners.

The Alien Tribes immediately panicked: "Quickly, guard your surroundings! This person is a little strange, I..."

Before they could finish speaking, a gush of blood erupted followed by a loud bang as the person turned into a cloud of blood mist on the spot and dispersed, dying instantly.

These Alien Tribes' Nirvana Stage practitioners were completely terrified.

They had no idea what was happening, and didn't even know what kind of existence they had provoked. Why was there such an abnormal character on Luo Star Island?

Even though they were at the same Nirvana Stage, why was Yang Chen so powerful?

They wanted to resist, but they couldn't even find Yang Chen's shadow.

With a bang, another person fell, leaving only two Alien Tribes at the Nirvana Stage.

These two Nirvana Stage practitioners had eyes full of despair.

What kind of monster was Yang Chen?!

You have to know, each of them as Nirvana Stage practitioners were considered kings of their respective groups. There was usually only one Nirvana stage per small group. Only the Glacial Clan had slightly more Nirvana Stage practitioners.

But now, Yang Chen killed Nirvana Stage practitioners as if it didn't cost him anything, one move per person, one move per person.

All the Nirvana Stage practitioners gathered here had perished, leaving only the two of them.

These last two Alien Tribes' Nirvana Stage practitioners had completely collapsed.

They could no longer hold on and screamed: "Run, run!"

These two Nirvana Stage practitioners, when facing Yang Chen, no longer had the ambition or desire to fight. They resolutely chose to escape.

However, Yang Chen never intended to let them flee.

Appearing from an unknown location, he raised his hand and suddenly reached forward as he traveled through time and space.

Then, the Space-Time Dao Intent and Life and Death Dao Intent enveloped the two Nirvana Stage practitioners like a deadly reaper. Their strength was only at the first stage; in front of Yang Chen, they were as insignificant as ants.

Bang! Bang!

Two explosions of blood mist, and the two Nirvana Stage practitioners completely perished!

All the people who witnessed this scene had their hearts pounding, swallowing hard. Everyone in Luo Star Island, including Star Child Heavenly Venerate, could hardly calm down.

“How is this possible!” The Ice River Clan Venerable’s veins bulged, and his eyes were filled with shock, unable to believe what was happening before him.

“Where did you get this guy from?” The Ice River Clan Venerable roared.

Star Child Heavenly Venerate laughed heartily: “Our human world is vast and abundant, and every now and then, some monstrously talented geniuses are born. Yang Chen is one of them. That’s something your groups will never be able to match!”

Now, the Ice River Clan Venerable’s situation was extremely awkward.

All the Nirvana Stage practitioners he brought were killed, and his heart ached. If he had known this would happen, why would he have teamed up with the Giant Beast Clan?

Now, with the dead dead and the injured injured, his own situation had become extremely embarrassing.

“Ice River Clan, old bastard, die!” Star Child Heavenly Venerate’s eyes were filled with fighting spirit; laughing wildly, he launched his attack.

At the same time, a group of Nirvana Stage powerhouses began to rejoice.

What they brought here was a monster, not just a Nirvana Stage practitioner!

Yang Chen alone changed the outcome of the battle and thoroughly helped Luo Star Island win?!

“Yang Chen, that’s great!”

“That’s great, we won!”

“Yang Chen, you’re really strong; we never thought the rumors were true. Well-deserved reputation, well-deserved reputation!” All the Nirvana Stage powerhouses were overjoyed and went to Yang Chen’s side.

“Yang Chen, thank you so much; if it weren’t for you, we wouldn’t have known how to win!”

“Yang Chen, thank you so much!”

They were still shocked by Yang Chen’s extraordinary performance just now.

Yang Chen clasped his hands together: “No problem; I came here to help you resolve everything after all. Taking action now is just a part of the job.” Yang Chen smiled and bowed his hand.

Hearing these words, the group looked at each other with sighs of relief.

Yang Chen then said, "Everyone, first help Star Child Heavenly Venerate deal with the aftermath. It seems the Giant Beast Clan has launched a sneak attack on the Black Demon Clan. I need to go there and help."

"No problem, Brother Yang Chen, you go ahead."

Yang Chen nodded and left quickly.

He was worried about Ye Kun. Ye Kun had provided him with a lot of help back in the day, and he couldn't repay all the kindness.

Now, he wouldn't let the Giant Beast Clan harm the Black Demon Clan.

Soon, Yang Chen's figure flickered, traversing through time and space, at an astonishing speed, crossing the Giant Beast Clan's territory and arriving at the Black Demon Clan's domain.

For others, it would take a long time to do these things, but for Yang Chen, it was different.

...

Meanwhile, the sky above the Black Demon Clan was shrouded in dark night, and the demonic Qi rose.

All the Black Demon Clan's combat power had been mobilized, as the gigantic figures of the Giant Beast Clan had surrounded them, putting them in a dire situation.

In the Black Demon Clan's defensive camp, several Black Demon Clan elders worriedly said, "Hasn't the Clan Leader recovered yet? The Giant Beast Clan King is about to break in, and our clan's formation can't hold them off for any longer."

“The Clan Leader was already at a disadvantage in his previous fights with the Giant Beast Clan King, and on top of that, he was ambushed by other Alien Tribes’ Nirvana Stage practitioners. Now he’s severely injured; how can he recover so easily? If he fights again, wouldn’t his life be in danger?!”

The situation for a group of Black Demon Clan people was extremely terrible!

On the other hand, the Giant Beast Clan’s forces were on the offensive, bombarding the formation outside.

A group of Giant Beast Clan members, like a black mass, each one with an enormous figure. When gathered together, the scene was even more spectacular and astonishing.

At this moment, a giant Beast Clan member stood high in the sky, overlooking everything below!

His skin was as hard as armor, and his pupils were as cold as ice, like those of a giant beast from an ice cave.

He was the Giant Beast Clan King!

At this moment, he led thousands of Giant Beast Clan warriors and launched a surprise attack, surrounding the Black Demon Clan. The Black Demon Clan couldn’t even send out a distress signal!

Chapter 2443: Ye Kun’s Persistence (Eleventh Update)_1

If this had happened in the past, the Black Demon Clan would have immediately sent a distress signal to the humans as soon as they noticed the Giant Beast Clan was going to attack, so that the people of Luo Star Island could come and help them.

As a result, although the strength of the Giant Beast Clan was stronger than that of the Black Demon Clan, they could never gain any advantage over the Black Demon Clan.

Even if they allied with several other clans, it was still the same.

Humans always arrived quickly!

If you dare to attack the Black Demon Clan, we will dare to destroy your Giant Beast Clan's territories.

The Giant Beast Clan had always been in an awkward situation.

However, this time, it was different!

The Giant Beast Clan, arranged their forces in their own territories in advance. All powerful clan members gathered there. Even if the human army arrived, they would not be afraid.

Meanwhile, he led an army to ambush the Black Demon Clan, enveloping them so tightly that they couldn't send a distress signal.

In this way, the Black Demon Clan could be wiped out without fail.

The Giant Beast Clan King said coldly, "Hmph, Black Demon Clan, daring to defy our Giant Beast Clan, you deserve to die. After so many years, we finally have the opportunity to uproot you."

"Hehe, Giant Beast Clan King, we Mountain Monster Clan want half of the Black Demon Clan's territory. Don't forget that."

Standing beside the Giant Beast Clan King was a monster the size of a small mountain.

This monster stood there, with a cultivation level at the Nirvana Stage, not much weaker than the Giant Beast Clan King.

With two Nirvana Stage cultivators coming here, it was clear that they intended to eliminate the Black Demon Clan.

“Don’t worry, Brother Mountain, since you are helping me, I won’t be ungrateful. Once the Black Demon Clan is wiped out, your Mountain Monster Clan can occupy 70% of their territories. We, the Giant Beast Clan, don’t care much about these territories, we just need to take 30%.” The Giant Beast Clan King laughed.

Upon hearing this, the Mountain Monster King’s expression immediately brightened, and he showed a happy look.

However, he did not notice the sudden flash of gloom on the Giant Beast Clan King’s face.

“Hmph, I don’t know where these Black Demon Clan people found this formation, but it can resist us for so long. However, it’s just a matter of delaying time. Once this formation is broken, Ye Kun, the Black Demon Clan, will all have to die!” The Giant Beast Clan King sneered.

When the conversation ended, suddenly, a shocking demonic qi appeared. The person wrapped in the demonic qi was none other than Ye Kun.

Now that Ye Kun appeared, though his demonic qi was surging and its range was not small, it was not difficult to tell that his qi had weakened a lot compared to his peak time.

Ye Kun was injured.

But he still stood up.

Because he knew very well that the formation was about to be broken, and if he didn’t stand up, his people and the group behind him would be crushed and collapsed by the Black Demon Clan!

He had to come out.

He could escape, leave without caring about his clan, and his chances of survival would be much higher. However, he did not choose to do so. In his eyes, his clan was more important than his life.

“Ancestor!”

“Clan Leader!”

A group of Black Demon Clan people saw Ye Kun come, and their faces filled with excitement.

In their eyes, Ye Kun was their hope and their everything.

But now, Ye Kun had a serious look: “All members of the Black Demon Clan, listen to my command. Later, I will help you delay some time, and everyone will retreat from the rear. Leave this place and head to a land where you can survive!”

“Clan Leader, we...”

“If we run away, what will happen to you?”

“Clan Leader!”

A group of Black Demon Clan people did not expect Ye Kun to say such words, and they were not fools. When they heard these words, they knew what Ye Kun wanted to do.

“Don’t you understand the situation? We have already lost, completely lost. The Giant Beast Clan and I are incompatible with each other. I would rather die and fight to the death on this land that raised and nurtured me. But you are different. You have to live, and you have to strive to pass on the fire, and develop our Black Demon Clan again. Do you understand?” Ye Kun said angrily.

“Clan Leader, we won’t leave, we will advance and retreat with you, wherever you go, we’ll go there.” A group of Black Demon Clan people shouted, their eyes red, and none of them chose to shrink back.

“Nonsense, if you stay here, what can you do? Hurry up and go!” Ye Kun said solemnly.

“We...”

“Are you not even listening to my orders?” Ye Kun said in a low voice.

After hesitating for several times, the group of Black Demon Clan people finally chose to follow Ye Kun’s orders.

“Go!”

These Black Demon Clan people chose to leave.

Only Ye Kun remained, defending the empty city, and came outside the formation.

“Giant Beast Clan King, Mountain Monster King, you don’t need to break the formation anymore, I’ll fight you both!” Ye Kun stepped forward with an icy expression.

Giant Beast Clan King laughed loudly: “Ye Kun, you want to buy time for your people? Hehe, what a great clan leader! But unfortunately, you still have to die. I’m curious, how long can you delay? I hope it’s not just a little while, otherwise, your subordinates won’t be able to run far.”

“Hahahaha!”

Mountain Monster King laughed heartily.

Ye Kun’s face was cold, “Hmph, it won’t be easy to kill me.”

Suddenly, Ye Kun unfolded his Dao Intent Inscriptions, and the demonic qi rose, with more than 3000 Dao Intent Inscriptions, reaching the high Nirvana Stage of the Third Stage.

After all, Ye Kun was the only king of the Black Demon Clan and had entered the Nirvana Stage for a long time. Therefore, his strength reached the third stage of Nirvana and could be considered elite among Nirvana Stage cultivators.

With this move, the power was naturally quite fierce.

However, when the Giant Beast Clan King unfolded his Dao Intent Inscriptions, he was even stronger than Ye Kun!

Over 5000 Dao Intent Inscriptions, the limit of the Nirvana Stage!

“Hahaha, Ye Kun, do you still have the courage to fight me? Since that’s the case, I’ll let you experience what despair is!” The Giant Beast Clan King immediately threw a punch, and the huge fist crushed down with tremendous pressure.

With the accompanying Dao Intent Inscriptions, the power struck like a heavy blow from the vault of heaven!

Ye Kun tried to resist this punch, but he still fell short and coughed up blood.

“Ugh!” Ye Kun retreated frantically, landing heavily on the ground.

“Hahaha, Ye Kun, what’s the point of you holding on? You can’t last much longer. You were already seriously injured, so you still want to fight? Look, you can’t even resist one of my punches, let alone buy time for your people! What a ridiculous statement.” Giant Beast Clan King sneered.

Indeed, Ye Kun’s condition was very poor at the moment. He was injured and in a bad condition, which was why he couldn’t even block the Giant Beast Clan King’s punch.

But for his people, he still had to hold on.

“Ah!” Ye Kun roared!

Chapter 2444: Clash with Me Head-On (Twelfth Update)_1

Ye Kun suddenly stood up, intending to persist for a while longer, as he had to buy enough time for his clan members.

However, as soon as he stood up, the Mountain Monster King attacked, launching a continuous assault!

The Mountain Monster King also took action from the side, forcing Ye Kun to dodge. But now, what was the point of dodging?

The Giant Beast Clan King didn't plan to give Ye Kun any chance. As the Mountain Monster King screamed and attacked, the Giant Beast Clan King's ferocious fists roared as well. With a punch, he planned to break Ye Kun's Dao Intent Inscriptions and pierce through his Divine Body, shattering him completely!

Seeing this, Ye Kun was stunned and realized that his situation had become dire.

With the Mountain Monster King's continuous attacks in front, he had to defend hastily, and at the back, the Giant Beast King struck fiercely. He could not avoid or hide and could only bear it!

"Bang!"

Another loud noise fell, and Ye Kun's body flew backward, being hit by the Giant Beast Clan King's punch.

What the Giant Beast Clan was most adept at was fist attacks. With Dao Intent inscriptions, a punch was terrifying to the extreme.

After this punch, Ye Kun's vitality was even less, and it was difficult for him to maintain his initial state.

The Giant Beast Clan King and the Mountain Monster King saw this and grinned menacingly.

The Mountain Monster King sneered, "It seems Ye Kun can't hold on any longer. Giant Beast Clan King, let me finish him off."

"Haha, brother Shan, since you have this interest, go ahead," the Giant Beast Clan King laughed loudly.

The Mountain Monster King licked his lips. Killing a Nirvana Stage powerhouse was a very fulfilling feat for him.

He was also a third-stage Nirvana fighter, not much worse than Ye Kun. As Ye Kun no longer had the strength to fight back, it was easy for him to deal with Ye Kun.

However, he didn't notice that just as he was about to deal with Ye Kun, a glint flashed in the eyes of the Giant Beast Clan King, who had been narrowing his eyes!

The moment this glint appeared, the purpose of the Giant Beast Clan King could not have been more evident.

Wanting to compete with him for territory?

What a delusional idea.

As long as he attacked sneakily, the Mountain Monster King would not be able to react as he gathered his moves.

The Mountain Monster King clearly didn't realize any of this and was gathering his strength, intending to end Ye Kun's life with a single blow.

Ye Kun's vision was blurred, his soul had been severely damaged, and it was difficult for his body to move at all. His condition was very low.

He wanted to resist, wanted to drag out more time. Sadly, at this point, he just couldn't do it anymore!

“I hope our Black Demon Clan can escape safely...” Ye Kun closed his eyes. This was his only wish now.

He couldn't resist the Mountain Monster King's next attack!

But just as the Mountain Monster King's next attack fell, suddenly, something unexpected happened!

With a bang!

The Mountain Monster King's body disintegrated on the spot!

This scene startled Ye Kun awake. Faced with what he thought was certain death, his eyes became even more bewildered.

Even the Giant Beast Clan King was stunned.

He was just preparing to launch a sneak attack, and then the Mountain Monster King died.

It wasn't his doing; there was someone else.

The Giant Beast Clan King's scalp tingled in surprise, and he roared, “Who is it!”

Ye Kun was also curious about who it was that would appear to save him at this point.

As the two were puzzled, a figure landed calmly.

This figure was Yang Chen!

Yang Chen's appearance surprised Ye Kun, who used his remaining energy to shout, “Yang Chen, how come you are here? This is not the place for you to be, you should leave quickly!”

Yang Chen laughed loudly, "Senior Ye Kun, how is this not a place for me to be?"

Then, his aura circulated slightly.

Seeing Yang Chen's spreading aura, Ye Kun was dumbfounded, "Yang Chen, have you reached the Nirvana Stage?"

"A human in the Nirvana Stage?" the Giant Beast Clan King looked at Yang Chen with a deep gaze.

"That's right!" Yang Chen said, "Giant Beast Clan King, it's been so hard to find you. To be honest, my spear has been longing for your blood for a long time."

"Kid, what do you mean?" the Giant Beast Clan King said sharply.

"What do I mean?"

Yang Chen revealed the Slaughter God Spear.

When the Slaughter God Spear appeared, its sinister voice said, "Giant Beast Clan King, do you remember me?"

"You are the... Slaughter God Spear? The King Divine Weapon held by Mu Gufeng, who was defeated by me back then!" the Giant Beast Clan King said coldly.

"Bullshit, you wanted to defeat my former master? Giant Beast Clan King, you know better than anyone how you won. But there's no need to talk about it now. Today, you will undoubtedly die!" the Slaughter God Spear said solemnly.

"Hahahaha!"

The Giant Beast Clan King was not afraid at all, “Hmph, Slaughter God Spear, no matter what method I used back then, I killed your master, and now I can kill your current master just as well. Hehehe, blame yourself for following the wrong person. Speaking of which, your former master, with you as a spear in hand, dared to take my punch head-on. I just don’t know if your new master has this ability.”

“Why shouldn’t I?” Yang Chen said.

Hearing Yang Chen, the Giant Beast Clan King laughed. Yang Chen was obviously a fool, just like Mu Gufeng, daring to clash with him head-on and take his punch.

Mu Gufeng, the former owner of the Mu surname, was a person who defied heaven. It was quite normal for him to take his punch, but Yang Chen dared to take it too? It was simply seeking death.

“Yang Chen, don’t be fooled. What the Giant Beast Clan is best at is fist strength. His punch can unleash all of his strength. This is something other clans cannot do. Although the Giant Beast Clan has a large stature, they are the most cunning and treacherous. Don’t fall for it!” Ye Kun warned.

Seeing Ye Kun talking too much, the Giant Beast Clan King’s face turned cold, “Yang Chen, do you dare or not?”

“Why shouldn’t I?” Yang Chen smiled.

The Giant Beast Clan King laughed.

It turned out that Yang Chen was really a big fool.

He originally thought Yang Chen would refuse. After all, Ye Kun had already given a reminder. But now Yang Chen still wanted to clash head-on!

Well, he couldn’t refuse then.

Ye Kun, hearing that Yang Chen still wanted to make this choice, was already burning with anxiety. What was Yang Chen thinking? Why did he have to clash head-on with the Giant Beast Clan?

Moreover, it was the Giant Beast Clan King in front of him.

The Giant Beast Clan King was now concentrating all his Dao Intent Inscriptions on his arm!

Immediately after, the power of a punch was fully condensed.

After laughing wildly, the Giant Beast Clan King...

Then, a crushing punch fell!

“Hahaha, Yang Chen, take my punch!” The Giant Beast Clan King laughed loudly. This punch was almost his peak strike. Yang Chen would never be able to withstand it!

But at the next moment...

He suddenly couldn't laugh anymore!

Chapter 2445: Man in Black_1

Yang Chen struck with a single spear!

The Giant Beast Clan King didn't sense anything terrifying about this seemingly ordinary spear strike.

However, what shocked him was that he couldn't move his arm afterwards.

The extremely powerful punch that he had poured his entire body's strength into was now completely immobile.

Out of control and clueless about what just happened.

“Surprised?” Yang Chen said with a slight smile.

The Giant Beast Clan King stared in disbelief, “What did you do to me?”

Yang Chen shook his head slightly, “I didn’t do much, I just sealed your arm with space. I have to say, you’ve got some skills. That punch was quite powerful. Even with my Dao Intent, it took a lot of effort to seal it. However, since I’ve already succeeded in sealing it, I’ll be taking that arm!”

As the words fell.

Boom!

The Giant Beast Clan King’s arm, which he was once proud of and relied on to defeat his enemies, instantly vanished, turning into a blood mist and exploding, never to exist again!

This scene left Ye Kun wide-eyed, completely unaware of what kind of power Yang Chen was using.

The Giant Beast Clan King also looked at his disappearing arm with fear in his eyes, and now he felt desperate.

“Ah, my arm!” The strength of the Giant Beast Clan had always depended on their powerful arms, but now it had been completely severed by Yang Chen.

Easily!

“Who exactly are you?!” The Giant Beast Clan King was completely terrified.

He knew that he was definitely not Yang Chen’s opponent—absolutely not!

The aura emanating from Yang Chen's body had already completely intimidated him before he even made a move, making him tremble all over and unable to budge!

Yang Chen, however, didn't immediately pursue the matter. Seeing the Giant Beast Clan King become so quickly submissive and afraid, he couldn't help but smile.

It was said that the Giant Beast Clan was gigantic but clever and full of cunning tactics, and it really was true.

He said coldly, "Giant Beast Clan King, I don't intend to kill you now, I just want to ask you some questions. If you can answer me honestly, I might spare your life!"

"What...what do you want to ask?" The Giant Beast Clan King shuddered, still finding it hard to accept that he, a peak Nirvana Realm expert, was defeated by Yang Chen.

Yang Chen said, "Back then, you couldn't have defeated Mu Gufeng without help. Someone from our human race helped you, right? Tell me who he is!"

"I...I know!" The Giant Beast Clan King replied fearfully.

"If so, go back and be my witness!" Yang Chen said.

"I...I don't dare!" The Giant Beast Clan King suddenly exclaimed in fear, "If I do that, our clan will die because of me, and I'll live a life worse than death. That person is too terrifying, I'm no match for him."

"So you're not afraid of dying right now?" Yang Chen said coldly.

The Giant Beast Clan King felt like crying. Why were the masters of the God-slaying Spear so powerful every time? Mu Gufeng's strength was understandable, but who the hell was this Yang Chen?!

"If you don't tell me now, I'll kill you and your entire clan!" Yang Chen said coldly.

Under his Spacetime Dao Intent, the Enlightenment Stage members of the Giant Beast Clan were insignificant, as if they didn't exist!

The Giant Beast Clan King's body trembled, "I'll talk, I'll talk!"

"First, tell me who conspired with you to kill Mu Gufeng!" Yang Chen said.

With a bitter expression, the Giant Beast Clan King knew that Yang Chen knew the answer and was only asking to confirm it.

With no other choice and knowing that lying would be pointless, he said, "The person who conspired with me to kill Mu Gufeng was from your human Taiyi Sect, Li..."

Before he could finish his words!

Suddenly, a sharp flash appeared!

Then, the Giant Beast Clan King's body completely collapsed, and his huge Divine Body vanished like smoke!

This greatly shocked Yang Chen.

"Who is it!"

He was about to learn everything from the Giant Beast Clan King's mouth. Even though Yang Chen knew who had killed Mu Gufeng, he had to hear it personally from the Giant Beast Clan King himself. That way, when he confronted Li Chongxiao, he would have some leverage.

However, now the Giant Beast Clan King had fallen on the spot!

Was he killed by someone?

Yang Chen couldn't react in time.

In an instant, the dark shadow appeared once again, holding a sharp sword in hand, and struck directly at Yang Chen with a swift sword strike that shimmered down at lightning speed.

This sword strike was incredibly fast, vanishing in an instant and reappearing in front of Yang Chen!

"Great Path Stage expert, you must be Li Chongxiao!" Yang Chen suddenly roared.

This person was definitely Li Chongxiao.

A Great Path Stage expert with a similar appearance and height, and moreover, he killed the Giant Beast Clan King just as the latter was about to reveal his name! Who else could it be, if not Li Chongxiao?!

Yang Chen's veins were bulging, and he understood everything now. The reason why the Giant Beast Clan knew about Luo Star Island and the Black Demon Clan's plan was probably all because of Li Chongxiao's betrayal.

However, what Yang Chen found baffling was how Li Chongxiao could appear here. Was it some kind of incarnation technique?

Without time to think, Yang Chen saw a casual sword strike in front of him, accompanied by an astonishing Dao Intent Inscription, and broke out in a cold sweat.

He moved his palm to control the Spacetime Dao Intent, making him instantly disappear from the spot.

"Hmph!" The man in black saw this, and a large number of Dao Intent Inscriptions emerged, directly enveloping Yang Chen's surroundings, sealing off a space.

Yang Chen tried to use his Spacetime Dao Intent again, but found he could no longer teleport away.

“Damn it!” Yang Chen’s expression was panicked, as Li Chongxiao clearly knew the weaknesses and flaws of his Spacetime Dao Intent. With the powerful Dao Intent Inscription, his Spacetime Dao Intent’s movements were sealed off.

At this point, he was in grave danger.

Li Chongxiao struck with the sword, launching three consecutive strikes at different locations, sealing off the escape routes with a large number of Dao Intent Inscriptions.

Yang Chen’s pupils constricted, and his expression became extremely difficult.

If he couldn’t even move his position because his Spacetime Dao Intent was sealed, he would undoubtedly die!

Yang Chen made a desperate move, forcibly using all of his Spacetime Dao Intent to focus on a single point, and then aimed for a weak spot in the sword qi, instantly teleporting away from that spot.

Then, he aimed at that direction and went through it, barely avoiding Li Chongxiao’s attack.

The man in black looked solemn and in a strangely deep voice said, “Yang Chen, you’re quite capable, managing to dodge two of my sword strikes. I wonder how you’ll block the next one!”

He was about to strike again, this time sealing Yang Chen completely with no room to escape, leaving his Spacetime Dao Intent powerless to turn the tide.

But at the next moment, his eyes narrowed!

“Damn it!” The man in black seemed very frustrated!

Chapter 2446: Going to Dragon Valley_1

Then, the man in black looked into the distance, seemingly hesitant about something. He stared viciously at Yang Chen before turning around and leaving.

Yang Chen looked puzzled, not knowing why Li Chongxiao suddenly backed down.

As he was wondering, suddenly a powerful aura appeared in the distance!

As the aura appeared, it was Star Child Heavenly Venerate leading a large group of Luo Star Island's Powerful Ones, swarming in.

When Star Child Heavenly Venerate appeared and saw Yang Chen's weakened appearance, he couldn't help but ask, "Yang Chen, who was that man in black just now? Where did such a Heavenly Lord come from, and why did he appear here?"

Yang Chen wanted to say it was Li Chongxiao, but shook his head, knowing it would be pointless without any evidence and would only cause unnecessary trouble.

Thinking of this, Yang Chen could only say, "I don't know who it was. Maybe it was a Heavenly Expert from another tribe."

"Hmph, it might've been the Ice River Clan's Heavenly Venerable from earlier. It's just strange since the direction he fled earlier wasn't here." Star Child Heavenly Venerate said.

"Has everything been resolved on senior's side?" Yang Chen asked.

Star Child Heavenly Venerate heartily laughed, patting Yang Chen on the shoulder with great satisfaction, "Yang Chen, because of you, we have achieved a total victory this time, hahaha. You alone dealt with those Nirvana Stages of the Alien Tribes, leaving only the Ice River Clan's Heavenly Venerable left. How long could he hold on? Although remaining undefeated, continuing the fight would be pointless, so he chose to flee. This time, our Luo Star Island truly achieved a real victory."

"That's great." Yang Chen said with relief.

Only he knew in his heart that the person who took action just now was Li Chongxiao, not Ice River Clan's Heavenly Venerable or anyone else.

He was still a bit distant from the Heavenly Lord Stage, and if a Heavenly Lord took action, he would be no match for them. Just now, it was good fortune to be saved by Star Child Heavenly Venerate, but what if he hadn't been there?

Yang Chen took a deep breath.

If one Li Chongxiao was already like this, wouldn't Mu Taiqing and Spirit God Clan's Crown Prince Peng Wanli be even more terrifying?

He originally thought his strength had increased and was somewhat satisfied, but now it seemed it was not enough, far from enough!

If he couldn't even protect himself, how could he protect others?

Yang Chen had already made up his mind to go on this trip to the Southern Realm.

As he thought about it, Star Child Heavenly Venerate asked again, "Yang Chen, it seems that you have already dealt with all these people from the Giant Beast Clan!"

Yang Chen nodded.

The Giant Beast Clan King had already been killed by him, and now there were only these thousands of troops of the Giant Beast Clan controlled by his Space-Time Dao Intent Inscriptions.

In front of his Dao Intent, numbers were meaningless.

He didn't kill these Giant Beasts, and later, they would be handled by the people of the Black Demon Tribe. Compared to him, the Black Demon Tribe hates the Giant Beast Clan even more!

Ye Kun had now recovered a lot, and said with emotion, “Yang Chen, thank you for saving our lives this time. If it weren’t for you, our Black Demon Clan would’ve been wiped out.”

“Haha, Brother Ye Kun, don’t be so polite between us. If it weren’t for you back then, I wouldn’t have achieved what I have today. There’s no need for formalities between us. Now that everything is resolved, let’s catch up.” Yang Chen laughed.

“Haha, that’s great. I have a lot of things to ask you. In such a short time, your strength has become so strong.” Ye Kun was quite shocked.

He had been continuously shocked just now, completely astonished by Yang Chen’s methods!

Not long ago, Yang Chen was still in the Enlightenment Stage.

But the current Yang Chen had already surpassed him in strength!

Ye Kun, naturally curious about what had happened in between, wanted to ask!

...

Yang Chen and Ye Kun returned to the Black Demon Clan.

The Black Demon Clan started to bring back the fleeing tribesmen, declaring victory in the war.

As for the people of Luo Star Island, only a few returned, with most of them choosing to stay within the Black Demon Clan to savor the taste of an alien tribe.

As for the members of Giant Beast Clan, with their king dead, they were completely besieged by the Black Demon Clan after being released by Yang Chen’s Space-Time Dao Intent. The scene was a headless dragon, a gruesome sight.

But this was inevitable, for as the aggressors, they had to be prepared for such an outcome.

As for Yang Chen, he and Ye Kun reminisced for a while, chatting for a long time.

Concerning his own matters, Yang Chen didn't have much to conceal from Ye Kun. After all, Ye Kun had done a lot for him at the time, and without Ye Kun, he might have encountered many troubles.

So after about half a month of chatting, Yang Chen left.

After leaving, he returned to Luo Star Island, where everyone treated Yang Chen with great gratitude.

After all, if it hadn't been for Yang Chen, Luo Star Island would not have achieved victory in this war.

The moment Yang Chen arrived, he completely turned the tide of battle. Everyone saw his power and were shocked and amazed.

At this point, anyone with a smart mind would know that pleasing Yang Chen and winning him over is more important than anything else.

Thus, while grateful for Yang Chen, even Star Child Heavenly Venerate personally befriended Yang Chen.

Moreover, many powerful individuals even took the initiative to give gifts and offer women, seeking to arrange marriage alliances and bind interests!

But in the end, Yang Chen refused.

Yang Chen had always disliked these formalities. He wouldn't refuse Luo Star Island's overtures, but the rest of that hypocritical nonsense, he could do without.

And so, after returning to Luo Star Island, Yang Chen started his journey back to the Xuandao Sect!

On the way, the Slaughter God Spear's mood was clearly more excited. After all, it had killed an important figure who killed Mu Gufeng back then, and the Slaughter God Spear couldn't help but be happy.

The only thing that wasn't perfect was Li Chongxiao.

Li Chongxiao's existence made Yang Chen uneasy!

After returning to the Xuandao Sect, Yang Chen didn't stay long.

The main reason was that Zhang Xuelian was still in closed-door cultivation and hadn't come out yet. Yang Chen didn't want to disturb her, so he decided to leave once again.

This time, Yang Chen planned to go to the Legendary Dragon Valley...

Before going to this place, Yang Chen and Sun Zu discussed for a long time.

After all, a place like Dragon Valley was full of dangers, and it was normal for Sun Zu to be worried about Yang Chen's safety.

However, Yang Chen's determination to go to Dragon Valley couldn't be changed by Sun Zu. In the end, Sun Zu allowed Yang Chen to leave but made him repeatedly promise that if he encountered any trouble in Dragon Valley, he should never confront Dragon Valley's people head-on!

If it really didn't work, and the people of Dragon Valley were too oppressive, Yang Chen should mention his name, along with the names of other human experts. The people of Dragon Valley wouldn't dare to disrespect them.

Chapter 2447: Heavenly Gods_1

After all, the people from Dragon Valley have always been known for their overbearing ways, acting unreasonably, and looking down on other clans, which has become commonplace among all clans.

All the clans wanted to establish a good relationship with the Dragon Clan, hoping to gain their favor and dominate. But for so many years, the Dragon Clan has maintained neutrality, never showing favoritism towards any particular group. This just goes to show how arrogant Dragon Valley really is.

However, regardless of how unreasonable the people of Dragon Valley may be, Yang Chen has to go there.

His brother is there!

He has no reason not to go.

This time, on his journey to the Southern Realm, Yang Chen wants to bring Golden Claw back with him. With Yang Chen's current strength, it's about time for him to reunite with Golden Claw, and he wants to go to the Southern Realm together with Golden Claw!

Sun Zu remained attentive to Yang Chen, providing him with a map to Dragon Valley, saving him a lot of detours.

After examining the map, Yang Chen determined two routes.

One route for going, and another route for returning.

On the way there, he would depart from Xuandao Sect and pass through the Tianpeng Clan, followed by numerous small clans, and after crossing mountains and valleys, he would finally reach the Dragon Clan.

On the way back, he could choose another route, which is through the Earth Fiend Clan.

By that time, it would be a good opportunity for him to catch up with Lu Nan.

As for on the way there, it wasn't necessary to catch up.

Going to Dragon Valley is an impossible task for ordinary people; crossing numerous clans to reach Dragon Valley is almost impossible.

Even if a powerful one at the Nirvana Stage were to make the journey, there would still be risks involved, and it can't be guaranteed that the journey would be 100% safe.

Moreover, it would consume a lot of time.

Only those with special constitutions like the Dragon Clan can shorten the time, traversing a large number of clans to reach Dragon Valley within two or three years.

However, it was different for Yang Chen.

Yang Chen possessed Space-Time Dao Intent, which could reduce the journey time by more than half.

Although it would be an impossible mission for others, half a year would suffice for Yang Chen.

In half a year, disguised, Yang Chen crossed the Tianpeng Clan, traveled inconspicuously within the Tianpeng Clan, and did not attract the attention of the Tianpeng Clan experts.

After passing the Tianpeng Clan, there was no problem with the smaller clans, and Yang Chen smoothly moved forward without any obstacles!

...

Half a year later, Yang Chen was walking through the mountains, looking at the map and murmuring, "It shouldn't be far from Dragon Valley here. However, the last part of the road is a bit strange. There are too many valleys in this area, and Dragon Valley is clearly surrounded by a Forbidden Array Formation. It's not an easy task to figure out which one is Dragon Valley!"

Yang Chen's soul spread out, searching all around!

Afterward, he shook his head helplessly, having been unable to locate Dragon Valley even with the Lingxi Divine Pupil.

However, just as he was about to move forward a little more...

Suddenly, Yang Chen sensed some movement.

"Interesting..." Yang Chen shook his head, choosing to ignore it.

He continued to walk forward.

But the next moment, a fierce wind suddenly swept in, followed by a group of strange-looking people rushing directly towards Yang Chen.

These people appeared out of nowhere with ferocious expressions on their faces.

"Kill him!"

"Clan Leader, this guy looks like he has a high cultivation level! It's perfect for becoming a sacrifice for those Evil Flood Dragons."

"By sacrificing the lives of outsiders to those Evil Flood Dragons, we don't have to sacrifice the lives of our own clan members."

"Great, kill him!"

As they roared, this group of strange-looking people from foreign races had bloodshot eyes and seemed to be preparing to suppress and kill Yang Chen.

However, Yang Chen didn't even move, and his Qi simply spread out.

Fiercely, like a huge mountain pressing down, this group of dozens of people were instantly overwhelmed and knocked to the ground, unable to get up again.

“What!?”

The group of people from the foreign races was completely dumbfounded, being suppressed by Yang Chen's aura and unable to stand up, they cried out in alarm, “You... are you a Heavenly God?”

“How is that possible, aside from Dragon Valley and those Evil Jiao, where else are there Heavenly Gods?”

“Why is there a Heavenly God?”

The group of foreign race people were all dumbfounded.

Yang Chen raised the corner of his mouth, suddenly becoming interested because these foreign race people had a cultivation level of only the Sky Martial Realm at most.

As far as strength was concerned, they were much weaker than the experts from his ancestral land, so there was no comparison.

If their strength was a little better, they would dare to attack him. In that case, he would have killed them. But since they were too weak, Yang Chen felt embarrassed to make a move.

Furthermore, their words about Evil Flood Dragons and Heavenly Gods piqued his interest, so he asked, “In your eyes, what realm is a Heavenly God?”

“Isn’t it a Heavenly God, who is much more powerful than the Sky Martial Realm?” The foreign race people looked confused, trying to stand up, but under Yang Chen’s terrifying pressure, they couldn’t manage it.

“Heavenly God, we’ve realized our mistake! Please spare us!”

“Heavenly God, please spare us! We failed to recognize Mount Tai and didn’t dare to make a move on you!”

Yang Chen looked at these foreign race people, rubbing his eyebrows.

Once he passed the Tianpeng Clan, he came to the territory of small clans like these. These small clans were very, very weak.

Take this clan, for example, they didn’t even know what realm was above the Sky Martial Realm. Yang Chen had initially thought that the Heavenly Gods they mentioned were the True God Realm, but it seemed to him now that they weren’t.

He didn’t bother hurting these people and waved his hand to release them.

These foreign race people saw that Yang Chen had spared their lives and, for the time being, they didn’t try to escape, but instead looked at each other and immediately knelt down on the ground.

“Heavenly God, you must be the Heavenly God of our Cave Moon Clan! You must be the god of legend. Please guide us and help us kill those Evil Flood Dragons!” The foreign race people shouted, their eyes full of longing.

Yang Chen grew curious and asked, “Cave Moon Clan... Evil Flood Dragons? What kind of conflict do you have with these Evil Flood Dragons that you want me to kill them?”

“Those Evil Flood Dragons are evil spirits that emerged from Dragon Valley. They would plunder and devour other clans’ people. Every year, each of the clans has to offer food to them proactively. If not, those Evil Flood Dragons would kill everyone in the clan. We have no choice but to offer our own

people, and the only way to reduce the number of them being offered as food is to capture people from other clans, which is the only way to reduce our own casualties.” Cave Moon Clan’s Clan Leader stood up, crying and shouting with a runny nose and teary eyes.

Yang Chen frowned, thinking how cruel this was?

“Heavenly God, with your strength, you can definitely punish those Evil Flood Dragons and kill them!” The Cave Moon Clan people said excitedly.

Chapter 2448: Suppressing Evil Flood Dragons_1

Yang Chen did not blindly agree.

There are too many unfair and cruel things in the world. He might care, but he will not meddle without limits. Frankly speaking, everything has its own rules, and coexistence is inevitable.

Nevertheless, he did not refuse either.

Because it is related to Dragon Valley and the evil Jiao, he is indeed very interested.

“What is the connection between these evil Jiao and Dragon Valley? Are they released from Dragon Valley? What is the exact story? Do you know where Dragon Valley is?” Yang Chen asked several questions in one breath.

The people of the Cave Moon Clan found it difficult to accept, and could only answer one by one: “We don’t know the exact location of Dragon Valley, but we know an approximate area. Those evil Jiao must know where Dragon Valley is. As for the relationship between Dragon Valley and the evil Jiao, they are the avatars of Dragon Valley. Like these evil Jiao, Dragon Valley commits heinous crimes and does not relent!”

“How come? Has Dragon Valley also hurt you?” It was clear that these people held deep resentment towards Dragon Valley.

The people of the Cave Moon Clan said one after another: “The people of Dragon Valley are demons!”

“Those evil dragons are even more hateful. Our ancestors once recorded that before the Dragon Clan moved here, our group’s strength was quite formidable, even having many Heavenly Gods. However, after the arrival of the Dragon Clan, they wiped out all the surrounding groups. Our groups could only fight to survive. But the people of Dragon Valley did not stop there. They released these evil Jiao, further oppressing us and making our already difficult lives more unbearable!”

Upon hearing this, Yang Chen got the general idea.

Were the people of Dragon Valley so evil?

Not even letting these small groups go?

Nowadays, these small groups only have Heaven Martial Realm existences, which is already almost wiped out. They don’t even have the qualifications to be called small groups anymore.

Yang Chen couldn’t help but sigh.

It seemed that the people of Dragon Valley were really overbearing. They wanted to settle down here, not allowing any group to threaten themselves, so they cleared out the surrounding groups first.

He shook his head and became interested in one thing.

Those evil Jiao, knew the location of Dragon Valley?

Yang Chen became interested. He originally didn’t plan to intervene, but now he said, “Take me to those evil Jiao.”

“Did the Heavenly God agree?”

“The Heavenly God agreed to help us get rid of those evil Jiao.”

“That’s great.”

The people of the Cave Moon Clan were overjoyed, truly treating Yang Chen as the legendary Heavenly God and their savior.

“Heavenly God, follow us.” The people of the Cave Moon Clan believed that Yang Chen was the legendary Heavenly God and did not think too much. They led Yang Chen straight to the location of the evil Jiao.

Yang Chen was quite curious about what kind of formidable beings these evil Jiao were, so he followed the Cave Moon Clan people to a huge valley.

As soon as they arrived inside this valley, a group of Cave Moon Clan people started shouting: “You evil Jiao, our legendary Heavenly God has come, vowing to eradicate you! Surrender now!”

Yang Chen couldn’t help but laugh and shake his head. These Cave Moon Clan people were really something, provoking the enemy first thing. If he was not that powerful and lost on the spot, what would the Cave Moon Clan people think?

As soon as the words of the Cave Moon Clan group fell, numerous Jiao Long flew up in a bang, landed in front of Yang Chen and the others.

These Jiao Long came flying with coldness gleaming in their eyes, staring straight at Yang Chen and the people of the Cave Moon Clan.

“Hehe, Cave Moon Clan people, you rebelled against us about ten years ago. Now you brought a Spirit Plate Stage clansman and treat him like a Heavenly God, hahaha, it’s hilarious. Last time we didn’t eat you all, it was just to wait for you to slowly multiply before we trouble you again. This time, we will definitely eat you all!” The leading Jiao Long opened its big mouth ferociously.

“Heavenly God, save us!” The Cave Moon Clan people, who were initially agitated, trembled with fear upon seeing these evil Jiao and immediately backed off.

Only Yang Chen stood alone in the spot.

Yang Chen smiled, "Aren't you Jiao from Dragon Valley? But, aren't the Jiao in Dragon Valley supposed to be dragons? You guys, being half Jiao and half dragon, what's the story behind it?"

"Kid, looking for death, dare to mention Dragon Valley in front of us?" The head Jiao Long was furious.

Yang Chen blinked and said, "Why, can't I mention it? I actually intend to ask you about the location of Dragon Valley."

"I think you're really looking for death!" The big Jiao Long raised its claw and prepared to tear down at Yang Chen.

However, Yang Chen just lifted the corner of his mouth and smiled disdainfully.

Immediately, he raised his hand and pressed it down directly.

The Jiao Long that attacked was instantly slammed to the ground like a little lamb. Its huge body was completely flattened, unable to move.

The other Jiao Long or big Jiao, seeing their leader end up like this, were horrified and prepared to make a move!

But the next moment, Yang Chen also waved his hand, suppressing these evil Jiao on the spot.

A group of Jiao Long had no resistance in front of Yang Chen.

"Who are you!"

These Jiao Long were completely shocked, with fear filling their eyes.

They were from Dragon Valley, so they were very clear about the difference in strength. Yang Chen's power, with an absolutely crushing attitude, controlled them.

To kill them, it could be said is as easy as turning his hand.

Of course, they would be afraid of someone who had control over their lives!

Yang Chen just smiled slightly, not putting these Jiao Long in his heart at all. The weaker ones among these Jiao Long were only at the Spirit Plate Stage, and the stronger ones were merely at the True God Peak.

There wasn't even a single Enlightenment Realm Expert, so for him, who could easily slay Enlightenment Realm experts, controlling these Jiao Long was effortless.

"The Heavenly God has suppressed these Jiao Long!"

"Great, these evil Jiao have been suppressed."

"The Heavenly God is indeed a Heavenly God, our prayers, our pleas, have finally come true. The Heavens have sent the Heavenly God to save us!"

Yang Chen ignored these Cave Moon Clan people, yawned, then squatted down and looked at these Jiao Long. He slowly said, "I'm not interested in your lives. As for the Heavenly God thing, it's just these Cave Moon Clan people's idea. You're all knowledgeable people. To be honest, I'm an outsider and want to go to Dragon Valley. However, Dragon Valley is too concealed, and I don't want to waste time, hoping I can get some information from you."

"But it seems you guys aren't very friendly towards Dragon Valley. Aren't you evil Jiao from Dragon Valley? Why do you hate Dragon Valley so much when I look at your expressions?" Yang Chen asked calmly.

At the beginning, these Jiao Long didn't want to answer, thinking Yang Chen was causing trouble, but now, do they have the courage not to answer?

Chapter 2449: The Location of Dragon Valley_1

These Jiao Long now have bitter expressions, and hearing Yang Chen's question, they awkwardly said, "Friend, your strength is indeed strong, but I would advise you not to inquire about Dragon Valley's affairs."

"What I do should have nothing to do with you." Yang Chen's aura suddenly burst forth, an extremely overbearing aura.

Several Jiao Long couldn't help but have their pupils contract, their eyes filled with shock.

"You, you are a supreme existence in the Nirvana Stage?"

"Nirvana Stage?"

"True or false."

Even though they emerged from a place like Dragon Valley, encountering someone as powerful as the Nirvana Stage is still untouchable for them. The Nirvana Stage represents an extraordinary height.

After sensing Yang Chen's Nirvana Stage cultivation level, these Jiao Long did not dare to say anything; they all gulped nervously. The leading Jiao Long said bitterly, "This friend... ah, no, senior, are you really interested in us and the matters of Dragon Valley?"

"Well, let me hear it." Yang Chen said with furrowed brows.

These Jiao Long looked at one another, then helplessly said, "Indeed, we have some resentment towards Dragon Valley, but it's only one-sided resentment on our part. As for Dragon Valley, we Jiao Long are nothing but insignificant beings that can't even be put on the table. Even if we get angry, it's meaningless and won't cause any disturbance."

“As for why we despise Dragon Valley, it can only be said that Dragon Valley abandoned us.” The other Jiao Long said bitterly.

“Abandoned you? How so?” Yang Chen asked.

“Senior, you may not be aware, but for others, Dragon Valley is considered a sacred place, fascinating and alluring. But in reality, it’s not like that; the competition within Dragon Valley is extremely cruel, and all the dragons there look down on everything, arrogant and dismissive of anything different.”

“I do know a bit about that,” Yang Chen replied.

“Then you shouldn’t know that when dragons mate and give birth, their offspring may not necessarily be dragons.” One of the Jiao Long sighed.

“Oh? I really didn’t know that.” Yang Chen said with slight astonishment.

The Jiao Long said with sadness, “Then, you probably don’t know that when a dragon is born with an incomplete bloodline or body, they are expelled from Dragon Valley. For example, Jiao Long like us, and even inferior Jiao, are considered a disgrace within Dragon Valley. If we are born with this status, we will be expelled from Dragon Valley shortly after birth and stripped of any qualifications to enter Dragon Valley again.”

Upon hearing this, Yang Chen narrowed his eyes and seemed to understand a bit more.

That cruel?

No wonder these people hate Dragon Valley so much.

“We are not the cruelest ones. If some are born even worse than Jiao, like giant serpents, they will be killed by their own clan from the moment of their birth. They are considered an unbearable disgrace that Dragon Valley will not allow to exist, a species without even a trace of dragon blood.” One of the Jiao Long sarcastically said.

Yang Chen leaned back on his hands, clicking his tongue, "Interesting, so you hate Dragon Valley because you were driven out by them?"

"Exactly, we originally had a home in Dragon Valley, but because of those hateful and arrogant dragons, they thought we were not worthy of being dragons and living in the same environment as them. They rejected us and finally drove us out of Dragon Valley!"

These Jiao Long spoke resentfully, "We hate them, and we want to cultivate and become True Dragons one day so that we can take vengeance on those dragons!"

"So, you devour the small tribes here to help you cultivate?" Yang Chen asked, puzzled.

"Dragons need to devour other creatures to become stronger, this is their nature." The Jiao Long showed no signs of remorse as they spoke.

"Absurd!" Yang Chen said expressionlessly.

He had cultivated Golden Claw all the way to the present, but he never allowed Golden Claw to devour other beings. Hasn't Golden Claw still cultivated to the True God Realm and become a Five-clawed Golden Dragon?

Yang Chen said coldly, "Devouring living creatures can only help you increase your strength temporarily. This is not a long-term solution. To become stronger, you need to make steady progress."

These Jiao Long looked at each other and dared not speak; most of them were angry but dared not voice it.

They felt that Yang Chen was being hypocritical.

Yang Chen didn't pay them any mind and said coldly, "So, I need to make a trip to Dragon Valley, and you will show me the way."

“Senior, you want to go to Dragon Valley?”

A bunch of Jiao Long were dumbfounded. For them, if Yang Chen, a peak powerhouse, really went to Dragon Valley, it would be very stimulating.

Yang Chen said, “That’s right, I want to go to Dragon Valley; you will show me the way.”

“This, no problem.” These Jiao Long hesitated for a moment before quickly agreeing.

A group of Jiao Long didn’t care about Yang Chen’s purpose, as long as Yang Chen wanted to go to Dragon Valley, they would take him there.

Yang Chen released the Jiao Long, and at this point, the group no longer dared to resist. They brought Yang Chen to a huge open space!

“Here is the location of Dragon Valley,” said several Jiao Long.

Yang Chen looked at the vast space ahead with surprise. This large open area was the location of Dragon Valley?

Yang Chen found it inconceivable, but after giving it some thought, he realized that there must be a prohibition array formation here.

Considering how much Dragon Valley cherished their reputation, setting up their valley like a paradise that was unwilling to have any dealings with the outside world made sense.

At this moment, he activated his Lingxi Divine Pupil and looked ahead.

As expected, he saw that within the blank space, there were hidden secrets, with the illusory figures of True Dragons flying and weaving about. It was a colossal formation that concealed and covered Dragon

Valley's location; if one didn't observe carefully, even if they stood here, they wouldn't notice anything unusual.

"Interesting!" Yang Chen mused to himself.

No matter what, he had finally found the location of Dragon Valley!

"Um, senior, we have brought you to Dragon Valley, can we..." several Jiao Long said.

Yang Chen glanced at the Jiao Long, "I'm not someone who takes advantage of others' help for nothing. Here is a cultivation method for you all. After obtaining it, practice diligently and don't harm other tribes. Remember, steady cultivation always triumphs over seizing from others; if I learn of any ill intentions from you again, don't blame me for being ruthless!"

Yang Chen took out a cultivation method from his pocket.

It was something he had collected before, and for these Jiao Long, it was an incredible treasure.

A group of Jiao Long didn't know what kind of cultivation method Yang Chen had taken out and instinctively felt that Yang Chen's refusal to let them devour other creatures was unreasonable.

However, when they actually saw these methods, they were stunned.

"This, this is a top-class cultivation method that only true dragons in our clan can practice!"

Chapter 2450: Forcibly Breaking into Dragon Valley (Eighteenth Update)_1

"With these cultivation methods, can we become stronger than we are now? Reach a higher level, break through the limitations of our bloodline, and become true dragons?"

"With these methods, we don't need to devour other creatures."

“These cultivation methods are amazing, they can even help us reach the Enlightenment Stage.”

“Thank you, senior, for your guidance!”

All the true dragons expressed their gratitude to Yang Chen.

Yang Chen nodded and waved his sleeve, signaling the Jiao Long to disperse.

Seeing this, the Jiao Long did not hesitate and let out a roar before soaring into the sky, disappearing from sight.

Yang Chen turned his gaze to Dragon Valley and, standing with his hands behind his back, he calmly stated, “Human in the Nirvana Stage, Yang Chen, came to Dragon Valley on important matters. I hope the dragons of Dragon Valley can show some courtesy and open the main gate!”

With his Lingxi Divine Pupil activated, Yang Chen could see that the true dragons inside could hear his voice.

And these dragons had all fixed their gaze on him.

However, after some hesitation, these true dragons simply looked contemptuous, as if Yang Chen was a mere ant to them, and then turned away to mind their own business.

This angered Yang Chen, but he restrained himself and repeated, “Human in the Nirvana Stage, Yang Chen, came to Dragon Valley on important matters. I hope the dragons of Dragon Valley can show some courtesy and open the main gate!”

With the same words as before, Yang Chen’s voice thundered and echoed throughout the valley, even louder this time!

Can’t hear me?

I'll just make my voice even louder.

However, the dragons in Dragon Valley still chose to ignore him, as if they hadn't heard Yang Chen's words at all.

This enraged Yang Chen, and, with an expression of coldness and anger, he suddenly took action!

He struck the formation of Dragon Valley with a palm.

Spacetime Dao Intent expanded and directly tore a large hole in the formation.

Subsequently, Yang Chen confidently entered the valley.

What's the big deal with Dragon Valley? Do they believe they can treat him as a pushover?

I will not be denied entrance! I'll force my way in if I have to!

After all, taking Golden Claw with him today was something he must achieve!

When Yang Chen entered Dragon Valley, the dragons inside immediately erupted into an uproar!

"Audacious fool, daring to intrude into our Dragon Valley!"

"Courting death!"

"A mere human dares to cause trouble in our Dragon Valley!"

Initially, the true dragons didn't pay much attention to Yang Chen, but when they saw that he had dared to enter Dragon Valley, they only viewed him as a bold and ridiculous ant—but they immediately took action to kill Yang Chen in that instant.

However, the cultivation level of these true dragons wasn't high. The ones guarding the entrance of Dragon Valley were at most in the True God Realm, with some weaker ones not even reaching that level, and even some in the Earth Martial Realm and Heaven Martial Realm.

But these dragons in Dragon Valley, accustomed to their superiority over smaller sects, believed that all those in the surrounding areas should bow down to them, with none that could compare to their might.

So, when they saw Yang Chen, they subconsciously treated him like a trivial ant!

Yang Chen cast his eyes on a true dragon that had attacked him and stood completely still.

With Spacetime Dao Intent spreading out, he immediately suppressed the dragon!

"Huh? This guy has some tricks up his sleeve." The True God Realm dragons watching Yang Chen effortlessly suppress their comrades roared and quickly took action themselves.

However, Yang Chen still remained motionless. Dao Intent Inscriptions appeared, and he suppressed these true dragons right on the spot.

All the true dragons, numbering over a hundred, were overwhelmed as if they were being crushed by a massive mountain, suffocating them with terror!

The group of true dragons was seized with waves of shock in their hearts!

"Who are you?"

Yang Chen replied expressionlessly, "Who am I? I already told you before I came here!"

"Kid, no matter who you are, by trespassing into our Dragon Valley, you are courting death. There will be powerful dragons that will kill you!"

The true dragons roared, not believing that Yang Chen could stir up any waves in Dragon Valley.

Just as their words fell, several powerful dragons suddenly appeared.

The aura of these dragons was significantly stronger than the previous ones. At a glance, Yang Chen saw that they were several Enlightenment Stage True Dragons, with one of them even being a Nirvana Stage True Dragon leading the team!

These true dragons were noticeably more formidable than the ones before and carried even more arrogance and disdain on their faces.

The purple Nirvana Stage true dragon at the forefront shone like a purple lightning bolt and took the lead in the attack.

“A human? How dare such an ant intrude into our Dragon Clan? Seize him!” The purple Nirvana Stage true dragon extended its claws forward, signaling its subordinates to attack.

“Human kid, you’re finished.”

“Our Enforcement Team is here; you’re as good as dead!”

“Prepare to die!”

“What a fool! A mere human dares to attack our great True Dragon Clan, seeking death!”

These Enlightenment Stage true dragons belonged to the True Dragon Enforcement Team, and upon receiving orders, they quickly launched their attack, heading straight for Yang Chen.

Seeing the absolute disregard in the eyes of these true dragons, Yang Chen’s expression turned cold.

Enlightenment Stage?

So what?

Yang Chen stood with his hands behind his back, not moving at all. To him, the Enlightenment Stage and True God Realm were not that different. It was just a matter of exerting a little more force.

Boom!

In an instant, all of the Enlightenment Stage true dragons were suppressed as if a giant mountain had descended upon them!

“Not good!”

“Ah!”

All the Enlightenment Stage experts were forcibly suppressed by Yang Chen’s Dao Intent.

You dragons are domineering?

Yang Chen’s expression was cold. He didn’t know why these older clan members were so domineering—whether it was due to their noble bloodline or their formidable strength—but if they wanted to be domineering, then he would have to be even more domineering!

After all, he was prepared for everything before coming here today!

If he wasn’t domineering, he might not even have a chance to see Golden Claw!

“Huh? A Nirvana Stage!” The purple true dragon’s voice was low, and upon seeing Yang Chen suppress everyone under his command, astonishment filled its heart.

He could sense the Dao Intent Inscriptions spread all around him, which showed that Yang Chen was undoubtedly a Nirvana Stage expert!

“Captain, save us!”

“Respected one, save us.”

The Enlightenment Stage experts were in shock, originally thinking that Yang Chen would be an easy target—but now, they discovered that he was a formidable character.

The purple Nirvana Stage true dragon narrowed his eyes and said solemnly, “Your Excellency, since you have also reached the Nirvana Stage, you should know that it is excessive for you humans to cause trouble in our Dragon Valley, isn’t it?”

There was also a hint of disdain for Yang Chen within the eyes of the purple true dragon.

He still showed some face to Yang Chen, but it wasn’t because he feared Yang Chen—rather, he was simply too lazy to bother with him.

Yang Chen replied, “I’ve never intended to cause trouble in Dragon Valley. My one and only purpose is to enter Dragon Valley and discuss important matters. However, it’s a pity that I’ve been calling out for so long outside but not a single soul paid any attention to me!”
