

## Supreme MK 2451

### Chapter 2451: Invincible Dragon Clan (Nineteenth Update)\_1

Yang Chen spoke expressionlessly, "In the end, I had no choice but to use some special means to tear apart the array formation and enter the valley. Unfortunately, these True Dragons in the valley didn't seem to have a good impression of me and attacked me as soon as I arrived. I had no choice but to suppress them."

"Your Excellency should be aware that if I truly wanted to cause trouble, with my strength, none of them would be able to escape!"

Hearing this, a chill went down the spines of the group of True Dragons.

The Purple True Dragon spoke in a low tone, "Hmph, Your Excellency, you are good at telling lies. So, by your account, tearing apart our Dragon Valley's array formation is our fault?"

"Fine, since Your Excellency wants to reason, I'll reason with you. You say it's my fault, so what other methods should I use to enter Dragon Valley? Should I shout from outside, or should I kneel down in front of your Dragon Valley people and beg to enter? If you can tell me any other way to enter, I, Yang Chen, will immediately follow your suggestion and apologize to you," Yang Chen said.

Obviously,

after hitting the True Dragons, the Purple True Dragon couldn't bear the shame. He not only didn't punish the True Dragons but also wanted to find a reason from Yang Chen.

When the Purple True Dragon heard these words, his anger surged. Yang Chen was very good at debating!

He truly wanted Yang Chen to kneel down.

Their Dragon Valley had a natural superiority over other groups. What was wrong with Yang Chen entering Dragon Valley and kneeling down? It made perfect sense.

However, given the etiquette between major clans, he could not say those words, considering Yang Chen was a human being, and a Nirvana Realm human at that. He came here all by himself; it would be inappropriate for them to be too aggressive towards him.

However, Yang Chen's sharp words were difficult for him to cope with, and he could only say, "Let's just leave this matter aside for now. Since you have already entered our Dragon Valley, discussing what happened before is meaningless. I want to ask you, you said you entered Dragon Valley to discuss matters with our Dragon Valley. What exactly do you want to discuss?"

Yang Chen said, "I want to see my friend, Golden Claw."

"Lord Jin Zhua?" The Purple True Dragon's expression turned serious: "You're talking about the Five-clawed Golden Dragon?"

"Five-clawed Golden Dragon? Yes, that's him. His name is Jin Zhua," Yang Chen told him.

"Ridiculous! How could Lord Jin Zhua have a human friend?" The Purple True Dragon was furious.

Yang Chen's tone turned icy, "What? I can't be friends with Golden Claw after all these years?"

He knew that these arrogant Dragon Clan members would definitely cause trouble. Evidently, none of these dragons valued other clans at all.

"How dare you, human! Let me tell you, I've been patient with you long enough. Our Dragon Clan is beyond comparison to lowly creatures like you. Entering Dragon Valley, I can tolerate. But pretending to be friends with the noble Five-clawed Golden Dragon Lord? No way! I, too, must address him as Lord even among our own kind. What makes you, a human, think you're worthy to be friends with him?" The Purple True Dragon roared angrily.

Yang Chen sneered secretly.

This Purple True Dragon had never truly cared about him from the beginning.

What was his intention?

As their status within the Dragon Clan was so high, even they had to address Jin Zhua as Lord. How could humans ever compare with them?

To be friends?

Yang Chen shook his head, "You can go and ask Golden Claw, just tell him Yang Chen is here, see what he says!"

"Nonsense, kid! You keep disrespecting Lord Jin Zhua! I, Purple Lightning, will teach you today what it means to respect the dignity of the Dragon Clan!" The Purple True Dragon roared in fury.

Yang Chen's face turned cold.

He truly regretted bringing Golden Claw to this place.

Prideful, condescending, every True Dragon was like this. They didn't give a damn about other clans!

He simply said that he was friends with Golden Claw, but somehow, in Purple Lightning's mouth, it became disrespectful.

This was ridiculous!

Purple Lightning was already attacking, roaring as he charged forward, unleashing the formidable strength of over four thousand Dao Intent Inscriptions.

This number of inscriptions demonstrated the impressive level of Purple Lightning's strength, which was nearing the peak of the Nirvana Realm!

Many bystanders started to exclaim.

“Purple Lightning Lord is furious, this human is done for!”

“Hahaha, how could a mere human hope to defeat Purple Lightning Lord?”

“How dare a human challenge our Dragon Clan?”

Purple Lightning, full of disdain in his eyes, believed humans and dragons had a natural chasm in their bloodlines. True Dragons were the absolute rulers of the world, and humans dared to challenge the Dragon Clan?

Within the same realm, dragons were invincible.

However, in the next moment, his pupils shrank!

Because around Yang Chen, over eight thousand Dao Intent Inscriptions emerged effortlessly!

Eight thousand seven hundred Dao Intent Inscriptions, Yang Chen’s current level of strength!

When the inscriptions appeared, Purple Lightning’s pupils contracted.

“What!?”

He involuntarily took a step back, fear and panic filling his eyes.

“Who are you!?” Purple Lightning asked in a mix of fear and disbelief.

Yang Chen replied with his hands behind his back, “I am not some mysterious entity; I am just here to find Golden Claw! If Your Excellency insists on attacking blindly, then don’t blame me for being rude.”

“Kid, what are you being so arrogant about?!” Purple Lightning roared, “Our Dragon Clan is invincible within the same realm. Do you really think you can defeat me just by showing off your Dao Intent Inscriptions? Nonsense!”

He immediately attacked like a thunderbolt.

A dragon’s roar resounded, displaying his rage!

Then, his Dao Intent Inscriptions, mixed with purple lightning, charged toward Yang Chen.

“Purple Lightning Lord will definitely crush this guy!”

“Hahaha, how could a mere human hope to defeat Purple Lightning Lord?”

To all the Dragon Clan members present, they had one absolute pride — that within the same realm, they were the invincible existence among all clans.

They seldom fought with people of other clans, but every time they did, they always emerged victorious. Within the same realm, they would achieve crushing victories.

This gave rise to their illusion that, regardless of who they faced, they would undoubtedly win!

They believed that their Dragon Clan was above the normal rules of Heaven and Earth.

So what if Yang Chen had eight thousand Dao Intent Inscriptions? As a member of the Dragon Clan, Purple Lightning was confident that he could defeat Yang Chen with only four thousand Dao Intent Inscriptions.

Purple Lightning charged headfirst, hoping to obliterate Yang Chen.

But Yang Chen just shook his head.

He moved!

He didn't even need the God-slaying Spear. With the Dao Intent Inscriptions revolving, he transformed his Dao Intent into a giant mountain, which crushed Purple Lightning with a ferocious backhanded slap.

Purple Lightning struggled under the giant hand, wanting to rebel, wanting to break free.

But when he truly struggled to counterattack, he realized that everything was futile!

In the face of the giant hand, all his attacks were like that of a child, utterly meaningless.

Then, the Dao Intent Inscriptions transformed into a giant hand and smashed him directly!

Chapter 2452: The Golden Claw Is Taken Away (Twentieth Update)\_1

With a bang!

Zi Dian (Purple Lightning) instantly felt himself being oppressed by an extremely terrifying force.

He wanted to struggle, but in the face of this power, he was merely an insignificant speck. He thought Yang Chen was an ant, but it wasn't until now that he realized he was the real ant.

At this moment, Yang Chen turned his hand and calmly said, "Nothing can defy the Heavenly Law. I don't know where your confidence comes from. Perhaps you think I'm an ant, but you don't even know how insignificant you are in my eyes!"

Unrivaled among the Dragon Clan of the same level?

That was only true for others.

In front of Yang Chen, that didn't apply.

Even if a True Dragon came with the same Dao Intent Inscriptions, Yang Chen would still suppress it!

A group of True Dragons was completely dumbfounded now, unable to believe that Zi Dian, who they thought was their proud new hope and within the same Nirvana Stage, had been defeated by Yang Chen in an instant?

Zi Dian also couldn't believe what was happening before him.

If Yang Chen had fought with him for a dozen rounds and then defeated him, Zi Dian could have accepted it.

But the fact was that he was no match for Yang Chen at all.

In an instant, he was defeated by Yang Chen!

The result was utterly ruthless!

"Stop!"

Suddenly, a majestic aura approached from a distance.

With this aura stronger than Zi Dian, Yang Chen didn't need to guess to know that this person was a True Dragon at the Mahayana Stage.

After all, within Dragon Valley Territory, powerful ones at the Nirvana Stage were being suppressed, so it would be a joke if the Mahayana Stage experts hadn't noticed.

At this moment, a deafening voice appeared from the Mahayana Stage expert, who manifested as a golden yellow True Dragon.

Gold symbolized a higher status and nobility. This Golden Dragon was obviously more conspicuous and elegant than the Purple Dragon.

However, unlike Golden Claw, this Golden Dragon's color was gold, but it didn't have a fifth claw. Yang Chen looked left and right, confident that this dragon was not a Five-clawed Golden Dragon.

Now that this Mahayana Stage Golden Dragon had appeared, Yang Chen had no choice but to give some face and let Zi Dian go.

Once Zi Dian was released, he quickly came to the side of the Golden Dragon, fearfully saying, "Golden Emperor!"

"Hmph, trash, actually defeated by a human." The Golden Emperor looked at Zi Dian's miserable appearance and spoke with a cold imposing manner.

Zi Dian had no choice but to lower his head, thinking that it wasn't that he didn't want to win or that he wanted to lose face for the Dragon Clan, but that Yang Chen was simply too terrifying.

With an expressionless face, the Golden Emperor said, "Tell me what happened first."

Although he wanted to kill Yang Chen with a single palm strike, as a human, Yang Chen had come a long way to this place, and the situation was very strange. The Golden Emperor decided to ask first.

"This is what happened..." Zi Dian explained everything.

The Golden Emperor's face darkened: "You're here for Golden Claw?"

"That's right." Yang Chen didn't hide it.

“Hmph, you picked the wrong time to come. Golden Claw is no longer in Dragon Valley.” The Golden Emperor said.

Yang Chen’s expression darkened: “What do you mean? I clearly remember Golden Claw being led to Dragon Valley. How could he not be in Dragon Valley now?”

“Don’t misunderstand. Golden Claw was indeed in Dragon Valley before, and even personally trained by Dragon Ancestor. His strength has reached the peak of the Nirvana Stage, which should be on par with you. After all, he is the second Five-clawed Golden Dragon in our Dragon Valley. But half a month ago, people from Southern Realm came to this place!” The Golden Emperor said.

“People from the Southern Realm?” Yang Chen was surprised.

“Yes, the people from the Southern Realm invited the elites and geniuses of our Dragon Valley to improve their skills in the Southern Realm. Golden Claw was sent there by the Dragon Ancestor and left with the people from the Southern Realm. Nowadays, his strength should become even stronger when he returns after some cultivation.” The Golden Emperor said arrogantly.

Yang Chen half-squinted his eyes, believing it to some extent.

After all, not long ago, people from the Southern Realm had come to their territory and invited them.

There were only ten clan groups in the Spirit Realm.

The people of the Southern Realm wanted to cooperate with the entire Spirit Realm, so naturally, they invited various clan groups as well.

Dragon Valley was a huge clan group, and its innate combat strength was indeed strong, being the king among the Hundred Clans. The people of the Southern Realm had to admit this and inviting them was perfectly normal.

Upon receiving this news, Yang Chen was not disheartened but rather happy.

After all, he was also going to the Southern Realm, and since Golden Claw was there, they would be in the same place.

With this in mind, he no longer wasted time talking: "I understand, then I'll take my leave."

Yang Chen bowed his hand and prepared to leave.

However, the Golden Emperor coldly said, "Hold on, who said you could go? Is our Dragon Valley a place you can come and go as you please?"

Yang Chen turned around, knowing that the Golden Emperor had ill intentions and would definitely make things difficult for him.

He wasn't afraid at all and lowered his voice, "What do you mean by that, Your Excellency?"

"Hmph, human, you intruded into Dragon Valley, but I won't bother with that. You're called Yang Chen? I've heard a thing or two about you. It is true that Golden Claw made friends with someone like you in the human area. However, you should know that such a friendship is not allowed!" The Golden Emperor coldly stated.

"Shouldn't exist? What do you want me to do then?" Yang Chen genuinely wanted to hear.

With a frosty face, the Golden Emperor said, "What do I mean? I don't mean anything. Just don't set foot in Dragon Valley ever again, and cut off all ties with Golden Claw, including your friendship!"

Yang Chen sneered.

It was really interesting.

The people from Dragon Valley were all the same.

Those who had taken Golden Claw away from the Dragon Valley had said the same thing.

And now these Dragon Valley folks were saying the same thing, too.

Yang Chen shook his head: “Cut off our friendship? Give me a reason.”

“You want a reason? Hehe, the reason is simple—you’re not worthy! Our Dragon Clan is born of nobility, and what gives creatures as weak as you humans the right to be friends with our Dragon Clan? Furthermore, Golden Claw has already gone to a place like the Southern Realm to cultivate and has unlimited potential for the future. As for you, you and Golden Claw are already on different levels,” the Golden Emperor said with a scoff.

Yang Chen laughed, his voice low and direct, “So, I’m not worthy? You say humans are weak? Fine, today I, Yang Chen, will stand here, and any of your Dragon Clan’s Nirvana Stages who are on par with me can challenge me. As long as they can defeat me, I’ll leave, not having anything to do with Golden Claw ever again!”

Hearing Yang Chen’s arrogant words, the Golden Emperor roared, “Kid, I think you’re looking for death! What are you that you dare to challenge the Dragon Clan’s horde?”

“Who am I? Since you’re asking, I’ll tell you.” Yang Chen said coldly.

Chapter 2453: Dragon Ancestor’s Summon (Twenty-first Update)\_1

“I am Yang Chen, a disciple under the Boundless Stage expert Grand Ancestor Sun of Xuandao Sect, who has cultivated for less than one hundred years. I have now reached the Nirvana Stage, with eight thousand seven hundred Dao Intent Inscriptions, and mastered several Dao Intents. I have fought in the Great Secret Realm, Spatial Nodes, and other places for my clan, killing countless foreign race people, and established great merit points for my clan!”

Yang Chen calmly said: “Who do you think I am? Southern Realm? I’m sorry, my clan has already secured the quota for me. I can go there, too!”

Hearing Yang Chen’s words, Purple Lightning and the Golden Emperor were both surprised.

“You’ve reached Nirvana Stage in less than a hundred years of cultivation? Do you think you’re a genius from the Southern Realm?” The Golden Emperor was infuriated.

“You can check it for yourself. There’s no point in arguing about it.” Yang Chen replied indifferently.

The Golden Emperor was completely stunned.

Could it be that Golden Claw’s friend was really so heaven-defying?

Eight thousand seven hundred Dao Intent Inscriptions were indeed extraordinary. This was also the reason why he had wanted to intimidate Yang Chen just now but did not agree to send the Dragon Valley’s people to crush Yang Chen.

In their Dragon Valley, the strongest Nirvana Stage expert only possessed around six thousand eight hundred Dao Intent Inscriptions.

Their Dragon Valley was not that good in cultivating Dao Intent Inscriptions as other clans because they relied too much on their inherent talents.

If he hadn’t known that Purple Lightning was easily defeated by Yang Chen, he might have called upon the strongest True Dragon in their Dragon Valley’s Nirvana Stage.

But seeing Yang Chen’s move just now, he was a bit uneasy.

Purple Lightning was no match for Yang Chen, who was instantly crushed. Could it be that by calling upon their Dragon Valley’s strongest Nirvana Stage, they would be victorious against Yang Chen?

But how could he let it go like this?

He had clearly said earlier that Yang Chen was not worthy of being Golden Claw’s friend. Now, if Yang Chen turned the situation around, where would he put his face?

“Arrogant kid, do you believe that I can take your life at any time with the tone you are speaking to me?” The Golden Emperor intimidatingly said.

“Today, I, Yang Chen, came here just to meet my friend. I represent myself, but behind me are the entire Human Race! If I run into any trouble here, I think you both should know the consequences without being reminded.” Yang Chen said coldly.

“Are you threatening me?” The Golden Emperor’s expression grew tense, and rage completely surfaced.

“Yes, I am threatening you.” Yang Chen admitted bluntly.

I am threatening you. What can you do about it?

It’s true that if he encountered any problems here today, the Human Race might stand up for him, but they would not completely turn against Dragon Valley.

After all, the interests of the clan are above everything else.

The only one who would risk his life for him was Grand Ancestor Sun.

However, he couldn’t back down at this point!

Even if he had no one behind him, he had to create the illusion of having thousands of troops behind him to make the Golden Emperor afraid and not dare to make a move against him.

As expected, the Golden Emperor was afraid.

His eyes wandered uncertainly, even though his anger had reached its peak, and his divine power and Dao Intent Inscriptions had already gathered in his hands, he still hesitated, unable to punish Yang Chen.

Because Yang Chen was too outstanding, who could guarantee that they wouldn't encounter any trouble if they punished Yang Chen here?

Golden Emperor and Yang Chen stared each other down fiercely.

Just when the Golden Emperor was at an impasse, suddenly, a voice sounded in his head.

The appearance of this voice caught the Golden Emperor off guard, and he couldn't ignore it.

In the entire Dragon Valley, his position was second only to one person, and he was almost at the pinnacle of the Dragon Valley's hierarchy.

But there was only one person he had to submit to and put away his pride.

This person was the Dragon Ancestor of Dragon Valley, a legendary existence.

It was the Dragon Ancestor, who had unified all the proud dragons, established Dragon Valley, and created a home for the Dragon Clan. At the same time, all the dragons had to bow down and submit to the Dragon Ancestor!

The one who transmitted the message to him was none other than the Dragon Ancestor.

"What? Dragon Ancestor, you want to meet this kid?" The Golden Emperor was puzzled, not knowing what was so special about Yang Chen that would warrant the Dragon Ancestor's personal summon.

He dared not disobey the order, and could only say, "Kid, you're really lucky. The Dragon Ancestor wants to see you. Humph, if it wasn't for the Dragon Ancestor wanting to see you, I would have punished you today!"

Yang Chen knew that the Golden Emperor was just trying to save face, so he ignored him and asked in doubt, "The Dragon Ancestor wants to see me?"

“That’s right, you should feel honored. After all, the Dragon Ancestor is a high and mighty existence that the likes of you insignificant humans can hardly ever catch a glimpse of.” The Golden Emperor said in a low voice.

Yang Chen said, “If you think I’m not worthy of seeing the Dragon Ancestor, you can send me away.”

The Golden Emperor glared at him: “You!”

As much as he wanted to drive Yang Chen away, he couldn’t as the Dragon Ancestor had already ordered him to see Yang Chen.

Yang Chen was well aware of this, so he took the opportunity to give the Golden Emperor a hard time, making his face turn red and his expression even more awkward.

Now the Golden Emperor clenched his teeth, wanting to take revenge on Yang Chen but had no way to do it, so he could only say, “Come with me.”

Yang Chen knew the Golden Emperor was filled with hatred towards him but didn’t care. He wanted to see what kind of person this legendary Dragon Ancestor of Dragon Valley was!

So, under the Golden Emperor’s guidance, Yang Chen soared through the sky, arriving above a small pool within the vast Dragon Valley!

Above the pool, a large number of dragon clans were flying, surrounding a huge and dazzling golden dragon.

This golden dragon was different from the Golden Emperor. The Golden Emperor’s gold color was more yellowish, with a touch of gold.

While the gold color of this golden dragon was noble, a king’s gold!

This gold color symbolized supreme pride and the absolute emperor!

Now, as it coiled there, a group of dragons dared not approach it easily, only circling around and bowing down before it!

Yang Chen could almost tell who this dragon was without even looking.

Five-clawed Golden Dragon, the Dragon Ancestor!

Looking at this Dragon Ancestor, Yang Chen felt like he was looking at a vast, inscrutable burly man. His eyes could not see through the depths of the dragon!

Yang Chen knew that the Dragon Ancestor's strength was unparalleled!

"So this is the Dragon Ancestor, who can fight against two Boundless Stage experts with the power of one, even slaying a Boundless Stage expert." Yang Chen muttered to himself, feeling the overwhelming strength.

At this moment, the Dragon Ancestor also raised his head, his gaze falling on Yang Chen.

At this glance, Yang Chen couldn't help but hold his breath, feeling infinitely insignificant in front of this huge dragon!

"What a powerful strength!" Yang Chen muttered to himself.

"Dragon Ancestor, I have brought the human kid here." The Golden Emperor said, his tone still containing dislike for Yang Chen.

The Dragon Ancestor gazed deeply at Yang Chen: "Hmm, human, are you Yang Chen, the one that Golden Claw often talks about?"

"Yes, I am Yang Chen." Yang Chen replied.

## Chapter 2454: Dragon Soul Palace (Twenty-second Update)\_1

Dragon Ancestor merely lifted his giant eyes and glanced at Yang Chen before lowering his gaze: “Not bad, to be able to maintain such calmness in the face of me is quite rare. Golden Claw said you are not an ordinary person, and now it seems that it is not an exaggeration. You are indeed different from ordinary people. For all these years, thank you for pushing Golden Claw to such a level.”

“Thank you for your compliment, Dragon Ancestor. I treat Golden Claw as my friend, and it’s only natural for me to help him with these things,” Yang Chen said.

“Hehe, that’s right, Golden Claw also considers you as a friend and talks about you every day. Unfortunately, he has already left for the Southern Realm,” said the Dragon Ancestor.

Yang Chen nodded, “I know about this matter, so I have to leave as soon as possible.”

“Don’t be in a rush, Yang Chen. I know a lot about you and Golden Claw. Do you know that I planned to cultivate Golden Claw as my future self?” the Dragon Ancestor said calmly.

As these words fell, many dragons around them became restless, obviously dissatisfied with what he said.

After all, every dragon had the idea of replacing the Dragon Ancestor.

But now, the one who the Dragon Ancestor was most satisfied with was someone else. No one could be happy about that.

Yang Chen caught the hidden meaning in the Dragon Ancestor’s words: “Senior Dragon Ancestor, just say what you want to say.”

“Fine, I can see you’re not a fool, so I’ll be direct. It’s true that Golden Claw considers you his friend, and that’s your blessing. You should be proud, but you can’t use that as a reason for holding back Golden Claw. Yang Chen, how do you qualify to be friends with Golden Claw?” the Dragon Ancestor said in a deep tone.

With his hands behind his back, Yang Chen shook his head slightly as he listened to the Dragon Ancestor.

The people in Dragon Valley, every single one of them, were like this!

Even the Dragon Ancestor was no different, so arrogant!

Yang Chen said indifferently, "If you think I'm not worthy, I'll prove it to you. If you think I'm not as good as others, just find someone to compete with me!"

"Seeking death!"

"How dare this mere human be so presumptuous!"

"Let me deal with you."

These True Dragons shouted out as they heard Yang Chen's arrogant words.

Yang Chen's expression turned cold as he stared at the Dragon Ancestor.

With a low chant, the Dragon Ancestor quieted down the restless dragon crowd. No one dared to defy his authority. Once the Dragon's Roar descended, the dragons below all submitted.

"Hehe, a young and energetic little guy from the human race. Alright, since you really want to prove that you can catch up with Golden Claw's pace, I'll give you an opportunity. In my Dragon Valley, there's a Dragon Soul Palace!" said Dragon Ancestor.

"Why did Dragon Ancestor mention that place?"

"Isn't that our sacred land in Dragon Valley?"

“The Dragon Ancestor can’t be...”

The True Dragons started discussing, only confused Yang Chen didn’t know what the Dragon Ancestor’s intention was.

“Dragon Soul Palace, what is that place?” Yang Chen asked, puzzled.

Dragon Ancestor spoke calmly, “Our Dragon clan is blessed with an unyielding and powerful soul bestowed by the heavens after death. Even in the outside world, our Dragon Souls can persist for as long as three years before dissipating. But if placed inside the Dragon Soul Palace, they can live forever!”

Upon hearing this, Yang Chen pondered.

“So, in our Dragon Valley, the souls of powerful dragons that died will be placed in the Dragon Soul Palace to test future generations of dragons!” said the Dragon Ancestor.

“So, Elder Dragon Ancestor’s intention is to let me try to enter the Dragon Soul Palace?” Yang Chen inquired.

“That’s right,” said Dragon Ancestor.

“Dragon Ancestor, this is absolutely not acceptable! The Dragon Soul Palace is our sacred land. It’s a place that is difficult for even the dragons of our Dragon Valley to enter once, how could that kid be allowed in?”

“That’s right. If this kid encounters powerful Dragon Souls, wouldn’t he be so scared that he’ll wet his pants? What a waste of the opportunity to enter the Dragon Soul Palace!”

“How many levels can this kid break through in the Dragon Soul Palace?”

“Dragon Ancestor, we cannot let this kid defile our sacred land!”

With a cold expression, the Dragon Ancestor replied, "When did my decisions need the approval of you immature little ones?"

At these words, the True Dragons quieted down, not daring to waste any more words.

"Kid, when I, the Dragon Ancestor, do things, I always reward and punish fairly. Since you've done so much for Golden Claw back then, I won't treat you unfairly. I'll give you a chance to enter the Dragon Soul Palace. When Golden Claw first entered the Nie Pan stage, he broke through to the seventeenth palace within the Dragon Soul Palace, creating the best performance in the Nie Pan stage and becoming unparalleled in past and future generations. You don't have to reach Golden Claw's level, but if you can reach the fifteenth palace, I'll allow you to be friends with Golden Claw!" the Dragon Ancestor said.

Upon hearing this, Yang Chen knew what to do.

"Alright, I will reach your requirement, but I still hope Dragon Ancestor can explain in detail how the Dragon Soul Palace works," said Yang Chen.

"Golden Emperor, you may explain it to Yang Chen, my friend," Dragon Ancestor, maintaining his status, apparently didn't intend to waste any time on this matter and left the opportunity to the Golden Emperor.

Golden Emperor was very reluctant, but could only say, "Dragon Soul Palace is divided into nineteen palaces."

"Nineteen palaces? There's no twentieth palace?" Yang Chen said.

This was a strange number of palaces.

"Hehe, you have a keen eye for details. Indeed, to be precise, there are twenty palaces. But the twentieth palace is an extremely mysterious place. Even our great Dragon Ancestor has never set foot there. So you don't need to concern yourself with that place. Just remember that there are nineteen palaces in the Dragon Soul Palace," said Golden Emperor coldly.

Yang Chen didn't waste any more words: "Alright, so what is the specific situation with these nineteen palaces in the Dragon Soul Palace?"

"Each palace has a powerful Dragon Soul. These Dragon Souls might have been in the Enlightenment stage, Nirvana stage, or Great Stage when they were alive. Thus, the entry requirement to the Dragon Soul Palace is the minimum of True God Realm experts from our Dragon Valley. The first few palaces store True Dragon Souls that were in the Enlightenment stage – these Dragon Souls may not have formidable fighting power, but they can pose enough danger to True God-level experts."

"As the palaces progress, the Dragon Souls become stronger. Although the Dragon Souls in the Dragon Soul Palace can't display their peak strength when they were alive, they are still extremely powerful. And your goal is to make more Dragon Souls submit to you. Those who are willing to submit will willingly attach themselves to you," explained Golden Emperor.

"Attach themselves to me? How does that work?" Yang Chen curiously asked.

"Hmph, it seems like you really don't know anything about our Dragon Valley. If you can gain the attachment of powerful Dragon Souls, you can summon them during battle and receive their help, greatly increasing your strength. While a single Dragon Soul may not exhibit great combat power in the outside world, they do possess many other special effects!"

Chapter 2455: Battle of the Dragon Soul (Twenty-third Update)\_1

Golden Emperor said this with pride on his face: "Many people from the outside world want to obtain the protection of our Dragon Valley's dragon soul. Once the dragon soul shelters them, their bodies become resistant to demonic techniques, and their divine power will carry the pressure of our Dragon Valley's dragon souls, increasing their power."

Yang Chen became interested when he heard this.

So that's the deal with the dragon soul attachment.

"However, each person can only obtain the attachment of one dragon soul, so you should think carefully about what kind of dragon soul you want to attach to you. If you fail in the first few palaces, you can

only choose a Comprehension realm dragon soul to attach to you. Hehe, it's not a big deal though. You should be content with getting a Comprehension realm dragon soul attachment," the Golden Emperor said sarcastically.

Yang Chen's expression turned cold.

The Golden Emperor's mockery couldn't be more obvious.

He, a Nirvana Stage cultivator, having to gain a Comprehension realm dragon soul attachment? Isn't that a joke? After all, no matter how far he has fallen, he would never stoop so low as to obtain a Comprehension realm dragon soul attachment.

"If I choose not to have these dragon souls attach to me, wouldn't that be a waste?" Yang Chen asked.

"That wouldn't be the case. If you don't like those dragon souls, you can choose to refine them. Once refined, they will turn into Dragon Soul Qi, which can be quite useful for cultivation. To control the excessive refinement of dragon souls, each dragon in the palace can only refine one dragon soul. Of course, these dragon souls are only useful for our dragon clan, and whether they could be useful to your human race or not, I'm not sure. It seems to be pointless to tell you this," the Golden Emperor said, yawning and looking like he didn't want to spend much time explaining or talking.

"In my opinion, hehe, a normal Nirvana stage cultivator from our Dragon Clan can reach around the Tenth Palace with ease. As for you, reaching the Eighth Palace would be something to be proud of. There, you'll find some weak Nirvana stage dragon souls, which should satisfy you," the Golden Emperor said.

Yang Chen didn't have time to listen to the Golden Emperor's sarcastic remarks and asked, "I know enough about it already, Dragon Ancestor senior, can you let me go to the Dragon Soul Palace and give it a try?"

Upon hearing this, the Dragon Ancestor said, "Alright, Golden Emperor, Zi Dian (Purple Lightning), take him to the Dragon Soul Palace and let him try."

"This human wants to challenge the Dragon Soul Palace?"

“If I were him, I would give up early to avoid humiliation.”

“How many Palaces can a mere human break through in the Dragon Soul Palace?”

“I feel that even my Comprehension realm True Dragon self might have gotten through more Palaces than him.”

“Haha, isn’t the human race a very insignificant group? Is their Nirvana Stage even better than our Comprehension stage?”

These True Dragons didn’t know about Yang Chen’s battle outside, and their innate superiority complex even made them think that a human in the Nirvana stage might not even be as powerful as a Comprehension realm dragon from Dragon Valley.

Yang Chen silently despised the arrogance of these Dragon Valley dragons upon hearing their words.

Right now, all he wanted was to make it clear to the Dragon Clan that he, Yang Chen, had earned the right to be Golden Claw’s friend.

Without wasting too much time.

They soon reached the Dragon Soul Palace.

The Dragon Soul Palace was not far from the pool they had just visited.

It was an enormous palace, standing nineteen palaces tall. One floor corresponded to one palace. It stood here, and it was unknown what the structure in the inner world looked like.

“This is the Dragon Soul Palace. I will open the main gate of the Dragon Soul Palace for you. Human, count yourself lucky to have the privilege of entering the Dragon Soul Palace,” the Golden Emperor said, taking out a huge key and inserting it into the door, before speaking in a deep voice.

The dragon head on the door swallowed the key, and with a rumble, accompanied by an overwhelming sound, it began to open gradually.

The inside of the entire Dragon Soul Palace was empty.

Dark, shadowless.

No one knew what lied within.

Golden Emperor said, "Alright, you can enter now."

Without wasting any words, Yang Chen directly entered the Dragon Soul Palace.

Seeing Yang Chen enter the Dragon Soul Palace, many onlooking True Dragons also flew to this location. For the True Dragons, such a short distance was just a matter of an instant.

"I'm curious about how many Palaces this human can break through."

"You can see which Palace this human has reached through the Supreme Profound Qing Diagram."

"Hmph, what's the point of paying attention to a human? Even if he reaches the Nirvana Stage, does anyone believe he can get through many Palaces?"

"In my opinion, hehe, at most only seven or eight Palaces."

These True Dragons discussed, many of them just wanting to see the commotion. In their eyes, humans were insignificant ants. Just like how humans view ants.

If this ant wanted to do something they do courageously, most of them would just laugh.

Yang Chen had no idea that his actions had caused a stir in the outside world.

He entered the first palace of the Dragon Soul Palace.

It was a vast forest.

In the forest, numerous true dragons soared in the sky!

However, upon closer inspection, it was clear things were not what they seemed. The surrounding forest was formed by illusion, and the True Dragons were also mixed-blooded.

In other words, they were the Dragon Souls mentioned by the Golden Emperor just now!

These Dragon Souls were filled with murderous intent all over their bodies, and after death, they lingered here. When they saw a person, they immediately rushed up, with an overwhelming Sa Qi (killing intent).

“Such strong murderous intent.” Yang Chen felt an endless desire for slaughter from these Dragon Souls’ bodies.

That was hatred, ferocity, Sa Qi – in short, it was completely different from a beautiful aspiration.

Soon, Yang Chen understood.

Although the dragon souls were powerful and undying, being confined in one place for a long time must have been unbearable to them. This was simply the cruelest thing that could happen to the dead, an agonizing torment.

Over time, these true dragon souls would undoubtedly develop a desire for killing, and when they encountered people, they would kill and bite...

At first, he thought that placing the Dragon Souls here was a kind of lovely captivity!

Now when he sees it, he realizes that he has overestimated the people of the Dragon Clan.

The Dragon Clan members are naturally selfish and arrogant, dismissive of everything, so how could they care about the thoughts of the dead True Dragons!

The frenzied Dragon Souls rushed toward Yang Chen.

And Yang Chen just stepped forward lightly.

In an instant, the pressure was completely unleashed.

After releasing his strong pressure, these Comprehension realm Dragon Souls lowered their heads one after another, stopping in front of him.

These true dragon souls, although they had the ability to attack, still chose to surrender in the face of absolute strength, which was a subconscious choice.

Yang Chen subdued these Dragon Souls with just his pressure as he moved on.

A Dragon Soul cautiously approached, and the look in its eyes revealed a sense of submission. The meaning expressed could not have been more apparent – it wanted to become his attachment Dragon Soul.

Chapter 2456: Crazy Challenge (Twenty-fourth Update)\_1

Seeing such a scene, Yang Chen secretly thought that the Golden Emperor wasn't deceiving him.

These dragon souls were indeed intimidated by his pressure, gradually submitting to him and trying to attach themselves to him.

However, Yang Chen didn't intend to accept them.

These dragon souls are too weak, only at the Enlightenment Stage. If he were to subdue such dragon souls, it would be a waste of his trip.

However, there were other methods to use them.

That was refining.

The Golden Emperor had just said that these dragon souls could be refined into Dragon Soul Qi.

Although this Dragon Soul Qi generally only worked for the Dragon Clan, Yang Chen still wanted to see what was special about it. If it was useful for him, that would be even better; if it wasn't, then he would let it go.

As he thought, Yang Chen raised his palm and pressed it on the Dragon Soul.

The next moment, the Dragon Soul gradually disintegrated.

Immediately after, it turned into a gas that was absorbed by Yang Chen.

Seeing the satisfaction of the dragon soul after being refined by him, Yang Chen felt a sense of desolation.

These dragon souls had been trapped here for so many years, unable to be liberated. Now that they had been refined by him, it might be a form of release for them as well.

The people of Dragon Valley considered themselves the chosen ones of heaven, never caring about the opinions of others, even their own kind.

These dragon souls of the Dragon Clan had fallen here, perhaps it was karmic retribution. After all, he didn't think these dragon souls were much stronger than the true dragons of the Dragon Clan when they were alive.

Now, this Dragon Soul Qi surged into his body.

At first, Yang Chen didn't feel any difference, but gradually, his eyes began to glow.

"This is...?"

For a moment, he couldn't contain his joy.

Because there was a large amount of vicious Qi, evil Qi, and numerous unstable factors within this Dragon Soul Qi. For him, who had cultivated the Ten Transformation Godhood, these things were simply wonderful.

They could completely help him refine the Eye of Evil Qi, thereby helping him achieve full Sixth Transformation Berserk Transformation.

Sixth Transformation Berserk Transformation requires thirty-two Eyes of Evil Qi.

To collect that many Eyes of Evil Qi before, it would have been a headache for Yang Chen.

But now that these Dragon Soul Qi entered his body, he suddenly found hope!

A great hope.

Refining even a single Enlightenment Stage Dragon Soul Qi, he astonishingly gained two Eyes of Evil Qi.

What about stronger dragon souls?

Yang Chen's heart was filled with joy.

This was simply a perfect place to cultivate the Ten Transformation Godhood.

"Haha, this is an unexpected joy. Although this Dragon Soul Qi doesn't offer much help to me otherwise, for the Ten Transformation Godhood, it's a divine treasure!" Yang Chen laughed.

With that thought in his mind, he couldn't wait, and directly stepped forward, heading deep into the space.

When he arrived at the depths, just as he had expected, he saw a door.

This door was obviously the passage to the next palace. Yang Chen entered it and, as he expected, arrived in the Second Palace!

Upon entering the Second Palace, Yang Chen first observed the surroundings.

There were many more dragon souls than in the First Palace, and the overall emitted Qi was much stronger.

The vicious Qi of these dragon souls in the Second Palace was even more severe and more violent. Upon seeing Yang Chen's arrival, they instantly displayed their fierceness and dominance, charging at him.

But for Yang Chen, the dragon souls in the Second Palace were still not worth mentioning!

Hegemony spread, and they were suppressed with the same ease.

Took a step forward, he found a slightly larger dragon soul and refined it.

After refining it, Yang Chen was very satisfied, gaining another three Eyes of Evil Qi. What a pity that each palace can only refine a single dragon soul. Otherwise, this would be a sacred place for cultivating the Ten Transformation Godhood.

He really wanted to see what this set of cultivation methods would be like when reaching the godhood level!

However, he shouldn't rush through it.

Step by step, he continued!

Soon, he arrived at the Third Palace!

For Yang Chen, it was a breeze as he easily swept through!

Next, he picked another one, refining it into the Eye of Evil Qi.

After that, the Fourth Palace of the Dragon Soul!

And then, the Fifth Palace, the Sixth Palace!

When he arrived at the Sixth Palace, the strength of these Dragon Souls began to gradually become stronger. Before their death, most of them were true dragons in the Nirvana Stage, and the power they brought after death was much stronger than the previous five palaces.

When he arrived at the Sixth Palace, Yang Chen also began to take it a little more seriously.

Of course, he was just taking it a bit more seriously.

He didn't know how it would be for the true dragons, but for him now, the Sixth Palace didn't pose much pressure yet.

In fact, there was no need to use Dao Intent Inscriptions. The pressure alone was just slightly insufficient.

“I wonder how much pressure the Fifteenth Palace will put on me. For now, the pressure here is a bit too small.” Yang Chen muttered to himself.

He took a step, and after refining a Nirvana Stage Dragon Soul, finally, the Eye of Evil Qi reached the condition of thirty-two!

When thirty-two Eyes of Evil Qi converged into one, Yang Chen revealed a smile.

He could now perform the Berserk Transformation.

He was really curious about what kind of form the Berserk Transformation would take. At least for the Earth Fiend Clan, it was as attractive as a divine status.

But now, there was no need to hurry to perform it.

The Seventh Palace, begin!

Crushing.

Then, the Eighth Palace, similarly crushing.

The more Eyes of Evil Qi advanced, the faster they improved. These Nirvana Stage Dragon Souls had a lot of evil qi!

Once refined into the Eye of Evil Qi, several, or even more, would appear at once!

This is why Yang Chen was so eager to advance. This place was incredibly friendly for the Ten Transformation Godhood.

He even reached the Ninth Palace in one breath.

When he arrived at the Ninth Palace, the number of dragon souls became fewer, but relatively, the strength of each dragon soul became stronger.

“Already relatively high strength within the Nirvana Stage,” Yang Chen muttered to himself.

At the Ninth Palace, the difficulty began to rise slightly.

However, in front of him, there was still no difficulty. Casting Dao Intent Inscriptions, he almost crushed through with ease!

Then, the Tenth Palace!

The Eleventh Palace!

By the time he reached the Eleventh Palace, many members of the Dragon Clan were becoming astonished.

“This human seems to have some abilities!”

“He has actually reached the Eleventh Palace. Our Dragon Clan’s Nirvana Stage can probably also only reach around the Eleventh Palace.”

“Is this kid that powerful? Can he crush the Nirvana Stage of our Dragon Clan?”

Seeing Yang Chen arrive at the Eleventh Palace, Golden Emperor became displeased.

“What’s the hurry? The Eleventh Palace is just the standard for our Dragon Clan’s Nirvana Stage. Him being able to come here only proves that he has some capabilities. Soon enough, he’s going to fail,” The Golden Emperor said in a low voice.

Chapter 2457: Fifteenth Palace (Twenty-fifth Update)\_1

Upon hearing what Golden Emperor said, everyone nodded.

How could humans compare with the Dragon Clan of Dragon Valley?

However, just as they were thinking that...

Suddenly, the painting from the Eleventh Palace on the Supreme Profound Qing Diagram dimmed. Then, the painting from the Twelfth Palace began to light up abruptly!

This signified that Yang Chen had already entered the Twelfth Palace.

“What!”

“He entered the Twelfth Palace!”

Golden Emperor shuddered all over, becoming unsettled. Indeed, the Eleventh Palace was the standard for Nirvana Stage Dragons, but most Nirvana Stage Dragons could only reach the Eleventh Palace and could hardly break into the Twelfth Palace.

Only he knew why.

Because inside the Eleventh Palace, there was a Half-step Heavenly Sovereign level Dragon Soul. This was a very tricky opponent for ordinary Nirvana Stage Dragons.

If they were not careful, they could be defeated at any time by this Half-step Heavenly Sovereign Dragon Soul, along with other Nirvana Stage Dragon Souls!

This was also the reason why most Nirvana Stage Dragons stayed in the Eleventh Palace.

But Yang Chen actually got past it?

“It must be luck, definitely luck!” Golden Emperor thought.

However, soon after, there was another change on the Supreme Profound Qing Diagram. This change completely unsettled everyone who was paying attention to the Supreme Profound Qing Diagram.

Because the painting from the Twelfth Palace where Yang Chen was located dimmed, just when everyone thought that Yang Chen, the damn ant, had already failed in the Twelfth Palace and even got killed due to bad luck.

The Thirteenth Palace lit up again.

Through the Supreme Profound Qing Diagram, even Yang Chen’s blurry figure could be seen inside.

Thus, it could be seen that Yang Chen had already entered the Thirteenth Palace.

“How is this possible!”

“This, this guy entered the Thirteenth Palace.”

“If he entered the Thirteenth Palace, it’s no longer just luck...”

These Dragon Clan people suddenly discussed this issue and then began to feel extremely awkward.

Yes, just now the Eleventh Palace could be considered luck, but what about the Thirteenth Palace? Was Yang Chen still lucky?

For those who reached the Thirteenth Dragon Soul Palace, even among the Dragon Clan's Nirvana Stage, they could be considered the best.

Golden Emperor swallowed hard.

He couldn't believe it!

"How is it possible! Get out of the way, this seat wants to check the Supreme Profound Qing Diagram!" Golden Emperor shouted.

A group of True Dragons had to make way.

Golden Emperor then approached the huge painting, lifted his hand, and pointed out divine power.

Then, the Supreme Profound Qing Diagram began to activate a detailed painting, in which Yang Chen's figure was revealed clearly.

Afterward, the specific scene of Yang Chen in the Thirteenth Palace could be seen by everyone.

Being able to see the detailed scene inside the Dragon Soul Palace was a skill that only the powerful ones in the Great Ascension Stage could achieve.

Now, with Yang Chen's figure revealed, a group of Dragon Clan gathered to see how exactly Yang Chen managed to pass through the Eleventh and Twelfth Palace.

Golden Emperor also stared intently, thinking that something must have gone wrong, and even doubted whether there was a problem with the Supreme Profound Qing Diagram.

However, as he looked more carefully, he found out that there was no mistake: Yang Chen was indeed in the Thirteenth Palace!

What's more important was that Yang Chen effortlessly delivered a palm strike and pointed a finger.

Then, those Half-step Heavenly Sovereign Nirvana Stage Dragon Souls obediently submitted, bowed their heads and acknowledged fealty, as if they had met their master, choosing to become allies.

Yang Chen, on the other hand, didn't care at all and chose to refine them effortlessly, entering the Fourteenth Palace.

Upon seeing this scene, everyone fell silent.

Yang Chen entered the Fourteenth Palace!

This sight rendered many people speechless.

If Yang Chen had exhausted various means to enter the Fourteenth Palace, they might still have been able to accept it. But the truth was that Yang Chen entered the Fourteenth Palace so easily, with those numerous Dragon Souls not standing a chance!

This was an absolute show of strength!

Even their Dragon Clan couldn't triumph over him!

"How is it possible, why is this human so strong!"

"He, he just broke into the Fourteenth Palace?"

"Why!"

A group of True Dragons could no longer scoff but still subconsciously felt their innate superiority, believing that Yang Chen would eventually be stopped!

“Dammit.” Golden Emperor felt his face burning with shame. He should’ve thought of it earlier.

Yang Chen’s strength when crushing Purple Lightning, with 8700 Dao Intent inscriptions, was more than enough to easily pass through the Eleventh Dragon Soul Palace.

But he didn’t want to admit it, he didn’t want to admit that a human could accomplish what a Dragon Clan member could do.

Until such a reality was displayed right in front of him.

In the Fourteenth Palace...

Yang Chen arrived effortlessly.

“Still not much pressure.” Yang Chen shook his head lightly. Although he encountered many Half-step Heavenly Sovereign level Dragon Souls here, in reality, these Dragon Souls couldn’t exert any substantial pressure on him at all.

Being a Half-step Heavenly Sovereign in life, didn’t mean that they could still display Half-step Heavenly Sovereign abilities.

Even if they could, he wasn’t necessarily afraid of these Dragon Souls!

Yang Chen took light steps, strolling through the Fourteenth Palace.

All the Dragon Souls in the Fourteenth Palace were undoubtedly at the Half-step Heavenly Sovereign level.

“Not bad!” Yang Chen whispered.

They could provide him with some pressure.

But it wasn't enough!

His Dao Intent inscriptions flickered and went out, while these Dragon Souls were completely suppressed.

After being suppressed, these Dragon Souls, like the previous Palaces, chose to surrender, submit, and then were refined by Yang Chen.

At this moment, he already possessed more than a hundred Eyes of Evil Qi.

This number almost allowed him to perform an Eight-turn Madness!

He easily passed through the Fourteenth Palace, and then Yang Chen entered the Fifteenth Palace!

The most important Palace!

As long as he crossed this Palace, he could gain Dragon Ancestor's approval and have the qualification to become friends with Golden Claw.

Although Yang Chen disdained this, after all, when he became friends with Golden Claw, he didn't need anyone's approval. Still, Golden Claw was a Dragon, and he didn't want other Dragon Clan members to look down on him while being friends with Golden Claw.

So, today he was determined to pass the Fifteenth Palace.

Yang Chen moved lightly, and the Space-Time Dao Intent flickered. He entered the Fifteenth Palace.

The vast forest, but the number of Dragon Souls became more and more scarce!

When Yang Chen entered the Fifteenth Palace, the Supreme Profound Qing Diagram sent out a violent commotion.

This was a warning, telling other Dragon Clan members that someone had entered the Fifteenth Palace.

And entering the Fifteenth Palace was indeed an event worth boasting about.

“This kid has entered the Fifteenth Palace...”

Just as a group of True Dragons learned that Yang Chen had entered the Fifteenth Palace, the head under the Dragon Ancestor also observed this.

“Hehe, interesting...”

Chapter 2458: Realmless Dragon Soul (Twenty-sixth Update)\_1

“I really didn’t expect that this little guy has the strength to break through to the fifteenth palace. Not bad, but the key is when he arrives at the fifteenth palace.” Dragon Ancestor muttered to himself.

Golden Emperor also took this opportunity to speak to the other members of the Dragon Clan.

“The fifteenth palace is the key. Inside there is a Dragon Soul at the Great Ascension stage. Although it cannot exert its normal strength due to death, it is still not something that ordinary Nirvana stage cultivators can compare to.”

“This fifteenth palace will be the place where the kid fails.”

“He definitely doesn’t have the qualifications to be friends with Golden Claw!” Golden Emperor said coldly.

“We have to call Golden Claw ‘Sir’, how can he have the qualifications to be on equal footing with Lord Jinzhao?”

“A tiny human trying to surpass us?”

“This guy is bound to fail in the fifteenth palace!”

This is what the True Dragons thought in their hearts. Even at this moment, they still feel that their status is more noble than Yang Chen’s.

Even now, they still feel that humans are insignificant.

Indeed, Yang Chen has now encountered a Dragon Soul at the Great Ascension stage.

This Great Ascension stage Dragon Soul, which should be difficult for others to overcome, rushed to tear Yang Chen apart as soon as he entered this Dragon Soul Palace.

But soon, Yang Chen just shook his head lightly!

He raised his hand, and then space danced chaotically, freezing the Dragon Soul on the spot.

A Dragon Soul at the Great Ascension stage?

Yang Chen shook his head: “It’s nothing. Compared to the strength of a true Great Ascension stage Powerful One, it’s far inferior. However, as a Dragon Soul, it does possess some pressure. At least, it can make my Spacetime Dao Intent feel a bit strange.”

It is already admirable that Yang Chen has faced no pressure when breaking through the levels till now.

This Great Ascension stage Dragon Soul was quickly suppressed by him.

Soon, it submitted to him as well.

This scene was seen by the True Dragons in the outside world.

“The Great Ascension stage Dragon Soul... submitted?”

“This... This!”

Here, Golden Emperor is the only True Dragon at the Great Ascension stage.

And there are very few of them in the Enlightenment Stage, True God Realm, and the Nirvana Stage.

Every one of them dreams of obtaining a Dragon Soul at the Great Ascension stage to become attached to, as it would bring absolute glory.

“This guy is too lucky.”

They almost thought at the same time that Yang Chen was very lucky.

However, Yang Chen’s choice left everyone dumbfounded.

Because the next moment, Yang Chen chose to ignore the attachment request of the Great Ascension stage Dragon Soul, refining it instead.

A large number of Eye of Evil Qi entered Yang Chen’s body, and Yang Chen successfully crossed the fifteenth floor and entered the 16th floor.

As soon as he entered the 16th floor, there were even fewer Dragon Souls.

The space was not large, and Yang Chen's Lingxi Divine Pupil unfolded, allowing him to see through everything inside.

There were only more than a dozen Dragon Souls, and without exception, they all reached the Great Ascension stage!

Yang Chen officially entered the sixteenth palace.

When he arrived at this palace, many True Dragons felt as if a nightmare had come.

The ant they looked down upon, the human they thought was trash, had now surpassed what they could achieve.

Even the Dragon Ancestor couldn't help but smile at the incredulity of it all.

The human chosen by Golden Claw was truly extraordinary...

Interesting, very interesting.

Many more True Dragons fell silent after the initial shock.

It's not that they didn't want to say anything, but they didn't know what to say. Yang Chen's actions had completely destroyed their preconceived notions.

Yang Chen, on the other hand, didn't stop there.

The sixteenth palace?

It was indeed a bit stronger than the fifteenth palace.

However, under the suppression of Yang Chen's Dao Intent Inscriptions, the many True Dragons in the sixteenth palace were easily subdued by him.

Afterward, he refined them, and the Eye of Evil Qi entered his body, allowing him to enter the seventeenth palace.

When he arrived at this palace, the True Dragons were even more dumbstruck and shocked.

In their hearts now, there was not only shock, but also self-mockery for their earlier condescending attitude towards Yang Chen!

They had looked down on Yang Chen just before, thinking of him as an ant!

But now, Yang Chen had arrived at the seventeenth palace.

Among those in the Nirvana stage, the only one who could reach the seventeenth palace was Golden Claw!

Golden Claw, who was considered the second Five-clawed Golden Dragon after the Dragon Ancestor, stood high above them, which they could understand. But Yang Chen...

Did Yang Chen really have the qualifications to be friends with Golden Claw?

Many people had already started to think so.

However, is the seventeenth palace really just the end for Yang Chen?

After arriving at the seventeenth palace, Yang Chen first unfurled his Lingxi Divine Pupil to explore.

“Golden Claw fell here? It seems that there is indeed some secret here. There is a Dragon Soul close to the Boundaryless stage. Now this is interesting.” Yang Chen murmured to himself.

What kind of strength would be close to the Boundaryless stage? Even if it died, it should still be an incredibly powerful Dragon Soul.

In just a moment of thought, this Dragon Soul had already charged towards Yang Chen.

Not just one, but many!

Yang Chen’s Spacetime Dao Intent came out, trying to directly suppress these Dragon Souls.

However, as soon as the suppression began, his Dao Intent Inscriptions started to tremble. Then, accompanied by a loud bang, his Dao Intent Inscriptions were actually shattered by these Dragon Souls!

This made Yang Chen smile and, without retreating, advanced forward: “Interesting, now this is a bit more interesting. My Spacetime Dao Intent couldn’t suppress them. Not bad, let’s try something even more powerful!”

Since Spacetime Dao Intent was not enough, let’s add Life and Death Dao Intent as well!

A double suppression!

Spacetime combined with Life and Death, the two strongest Dao Intents went down together, rumbling like a mountain, instantly suppressing the Dragon Souls, making them unable to raise their heads!

“Did I succeed?” Yang Chen muttered to himself.

“Roar!”

These Dragon Souls began to gradually submit, including the Boundaryless Dragon Soul, also started to bow down to Yang Chen!

“If I were to subdue this Boundaryless Dragon Soul, it would be a great choice. Its combat power is good, but I can still continue to try further. Stopping here would be a pity. I need to explore the uncharted territory that Golden Claw hasn’t reached.” Yang Chen smiled.

He raised his hand and, with a bang, refined the Boundaryless Dragon Soul.

A Boundaryless level Dragon Soul, this was simply ecstatic for Yang Chen.

Over a hundred Eyes of Evil Qi entered Yang Chen’s body in an instant!

Now, he had already absorbed more than three hundred Eyes of Evil Qi.

He could execute “Nine Turns Berserk” now.

However, there was still some distance to Ten Transformation Godhood.

From Demon Transformation to Berserk Transformation at this stage, the demand for Eyes of Evil Qi was relatively low, reaching nine turns with just over two hundred.

But once it reached the Ten Transformation Godhood, it would be different.

It would require a total of 1800 Eyes of Evil Qi!

Chapter 2459: Nineteenth Palace (Twenty-seventh Update)\_1

One thousand and eight hundred, this number can be described as terrifying.

After all, he only has more than three hundred now, and it's because he came to the Dragon Soul Palace, this kind of sacred place. If it weren't for the Dragon Soul Palace, he estimated that it would take him some time to reach his current Nine Turns Berserk transformation.

One thousand and eight hundred, it's really a bit unimaginable. How terrifying the amount of evil Qi needed to construct a divine transformation?

Yang Chen is curious about the divine transformation but not yet expecting it.

He just felt that the number of one thousand and eight hundred is really hard to reach.

What he was looking forward to more is the eighteenth palace.

Now he is even more curious about what the eighteenth, nineteenth, or even the seemingly non-existent twentieth palace has!

In his heart, he still hopes to gain a powerful Dragon Soul attached to him. After all, coming to this Dragon Soul Palace, it is impossible to return empty-handed.

From what he can see now, he doesn't know how powerful he can be. Originally, he thought Realmless should be the end, but now it seems that he still has the ability to obtain more powerful Dragon Souls.

So, what remains is to continue exploring!

Yang Chen passed through the seventeenth palace and entered the extremely mysterious Eighteenth Palace.

When Yang Chen came to the Eighteenth Palace, the Supreme Profound Qing Diagram displayed everything in the palace where he set foot.

As a result, everyone was dumbstruck.

In the outside world, there was only a long silence and stunned expressions.

At this point, almost no one could believe their eyes.

“Eighteenth Palace!”

“Is it true or fake? Why is this guy so strong?”

“The eighteenth palace, even Lord Jinzhao hasn’t reached this height, right? At that time, Lord Jinzhao seemed to have just entered the seventeenth palace and then failed.”

“If Lord Jinzhao returns from his cultivation in the Southern Realm, maybe he has the hope to explore the eighteenth and nineteenth palaces that few true dragons have ever ventured into throughout history.”

“This guy did it, he entered the eighteenth palace!”

Golden Emperor is now completely silent, left with no words. It’s not that he doesn’t want to speak, but rather, he no longer has the privilege to talk about Yang Chen.

When he was in the Nirvana Stage, he only reached the Thirteenth Palace, which caused a sensation at the time and made him proud.

He, looked down on humans.

But now, Yang Chen, a human, has reached a level that all true dragons have to look up to!

“Eighteenth floor!”

“This is the first time I have seen the eighteenth floor.”

“I never saw the eighteenth floor before...”

At this time, many true dragons had already put away their prejudice against Yang Chen. They focused on the scenes in the Supreme Profound Qing Diagram with great attention and surrender.

Yang Chen, won their approval!

“This little guy is interesting...” The Dragon Ancestor finally showed some interested expressions at this moment: “He has gone farther than Golden Claw. Is there such a powerful existence among humans? It seems that I have been out of touch with the world for so many years.”

He didn't need to go through the Supreme Profound Qing Diagram to observe the scenes inside the Dragon Soul Palace.

At this moment Yang Chen was already walking inside the Eighteenth Palace.

The number of Dragon Souls in this palace had become much scarcer, with only four Dragon Souls.

“All Boundaryless Dragon Souls... and their Qi are much stronger than that of the Boundaryless Dragon Soul in the previous palace. If all four attacked together, it would be a bit stressful.” Yang Chen muttered to himself.

One Boundaryless Dragon Soul is easy to deal with.

However, four, all working together, would make one's scalp numb.

And now, Yang Chen is beginning to face the problem of being besieged by these Dragon Souls!

“Space-Time Dao Intent, Suppress!”

A massive Dao Intent suppressed and started to attack the four Boundaryless Dragon Souls.

But without exception, all was instantly broken!

“Single Space-Time Dao Intent really doesn’t work.” Yang Chen shook his head.

That’s right, it’s hard to suppress even one Boundaryless Dragon Soul, let alone four.

Then use the Life and Death Dao Intent.

With Life and Death Dao Intent added to Space-Time Dao Intent, both strongest Dao Intents work together to suppress, and instantly surge down, forming a mountain-like might.

However, to Yang Chen’s surprise, Life and Death Dao Intent added to Space-Time Dao Intent was barely enough.

“Four Boundaryless Dragon Souls, really powerful!”

Yang Chen knew that two of his strongest Dao Intents would hardly be enough, so he reversed the keys, gathered other Dao Intents, and immediately suppressed them again.

“Behave properly!”

He had used almost all of his Dao Intent inscriptions and did not believe that he could still suppress the four Boundaryless Dragon Souls.

However, the result made Yang Chen take a deep breath. Surprisingly, he still did not suppress them!

These four Boundaryless Dragon Souls were already ferociously trying to break through Yang Chen’s suppression, so terrifying that they were much stronger than the seventeenth palace!

“If these four Boundaryless Dragon Souls are really going to break through my Dao Intent suppression, controlling my Dao Intent inscriptions won’t be easy. Right, it’s not easy to suppress these Dragon Souls together. I have to break them down one by one!” Yang Chen’s eyes locked on the Dragon soul with the weakest Qi.

As he suppressed, his Golden Dao Intent gathered.

“Fifty Layers of Gold Butterfly!”

With a booming sound, the Golden Butterfly came out, sprinting horizontally with increasing power. Then, a Dragon Soul was hit by Yang Chen!

Breaking them down one by one was obviously the right idea.

After being hit by Yang Chen, this Dragon Soul panicked and fled, not daring to confront Yang Chen head-on anymore.

The remaining three Boundaryless Dragon Souls, without the help of one Dragon Soul, were struggling to resist Yang Chen’s Dao Intent suppression.

Yang Chen went all out, fiercely saying, “Behave.”

With another loud noise, these Boundaryless Dragon Souls were completely suppressed by Yang Chen, unable to rise again.

And then, these Boundaryless Dragon Souls, facing absolute pressure, had no choice but to submit. Two of them came up immediately, lowered their heads and were ready to become attached Dragon Souls of Yang Chen.

Seeing this, Yang Chen couldn’t help but be moved.

These four Boundaryless Dragon Souls were quite strong.

If he didn't accept them, it would be hard to justify...

However, after thinking about it, Yang Chen decided to be more generous.

"Refining!"

He still planned to explore the nineteenth palace to see what it had. As for the Dragon Souls of the eighteenth palace, he refined them on the spot.

After refining, a large amount of evil Qi entered Yang Chen's body and was automatically transformed into the Eye of Evil Qi by his cultivation methods.

"It's more than a hundred Eyes of Evil Qi, even close to two hundred... Not bad, the nineteenth palace is next!"

Without further consideration, Yang Chen conquered the Eighteenth Palace, and next is the Nineteenth Palace!

Chapter 2460: Power of Laws (Twenty-eighth Update)\_1

At this moment, everyone in the Dragon Palace wanted to cry.

Envy, jealousy, hatred, various emotions were revealed in different True Dragons.

More True Dragons expressed jealousy.

If Yang Chen only entered the Nineteenth Palace, it would be nothing, but Yang Chen entered the Nineteenth Palace and refined the True Dragons along the way.

Although it was only one of them, it was still a True Dragon of the Eighteenth Palace.

There were only four Boundaryless Dragon Souls there, and Yang Chen refined one on the spot.

One less refined meant one less, how precious is a Boundaryless Level Dragon Soul? If they were refined by these True Dragons, their strength would definitely soar.

But now, it was refined by Yang Chen.

No one could feel happy about this.

You should know that other stages of Dragon Souls can still be replenished. There is only one Boundaryless Level Dragon Soul in this era, and that is Dragon Ancestor.

Dragon Ancestor also opened his eyes now, and his eyes seemed to be able to see through everything.

“This little guy is really interesting. Unfortunately, it’s quite difficult to collect Boundaryless Dragon Souls. This kid refined one, and it’s hard to tell when we can collect another Boundaryless Dragon Soul to replenish. Never mind, the Eighteenth Palace is not an easy place to enter anyway. I just don’t know what will happen when this kid enters the Nineteenth Palace...”

Thinking of the Nineteenth Palace, even Dragon Ancestor couldn’t calm down easily now.

Because the Nineteenth Palace’s Dragon Soul can be said to be the two strongest Dragon Souls collected in Dragon Valley until now.

These two Dragon Souls are reserved for the best dragons.

“This kid shouldn’t be able to break through the Nineteenth Palace, after all, it is guarded by two Late Boundaryless Stage True Dragons. We can say that these are the two strongest ancestors in the history of our True Dragon’s interface. How can this kid possibly break through that barrier?” Dragon Ancestor immediately denied.

You should know that none of their ancestors, the True Dragons, ever made it to the Nineteenth Palace!

And Yang Chen is now inside!

Many True Dragons were thinking in their hearts that they wanted Yang Chen to fail quickly.

He had already become such a demon, there was no need to continue to be more demonic.

But Yang Chen didn't think so.

Since he had come to the Dragon Soul Palace, he must not make this trip in vain.

Yang Chen entered the Nineteenth Palace.

The scene before him hasn't changed much.

However, an icy breath suddenly pressed down.

With narrowed eyes, Yang Chen saw an Ice Dragon and a Fire Dragon, two very special True Dragons.

"Are these the Ice Dragon and Fire Dragon?" Yang Chen muttered to himself, and there were many types of dragons, though he was not very familiar with them, he hadn't seen these two types of Dragon Souls along the way, which meant that these two dragons should be quite rare.

"All Boundaryless Level Dragon Souls, and very powerful ones at that, much stronger than the previous Dragon Soul. Although they are all Boundaryless, they are not on the same level."

Yang Chen always knew that there was a gap between Boundaryless, and a big one at that.

The stronger the comprehension of the laws, the stronger the Boundaryless strength, these two Boundaryless Dragons are obviously not ordinary Boundaryless.

If it had to be described, it should probably be the most formidable group of Boundaryless.

“Roar!”

The two Dragon Souls roared the moment they saw Yang Chen, just the roar itself showed how terrifying their strength was when they were alive!

Immediately afterwards, a trembling force burst forth, charging directly towards Yang Chen.

Yang Chen was taken aback by the force.

“My goodness, this is... Dao Intent? No, it’s not just Dao Intent, it’s a power stronger than Dao Intent. It’s not a Dao Intent Inscription, is it the Law?”

Turmoil brewed in Yang Chen’s heart, this was definitely the Law.

These two Dragon Souls could still use the power of the Law after their death? How terrifying would that be.

Fortunately, the force of the Law used by the deceased Dragon Souls couldn’t unleash several layers of power. When it was used, it only made Yang Chen feel a little palpitated.

However, Yang Chen still didn’t dare to underestimate it. When the two Ice and Fire Dragon Souls rushed over, he also swung his hand and unveiled his Dao Intent Inscriptions!

Life and Death Dao Intent complemented by Space-Time Dao Intent, Yang Chen gave it due respect.

It instantly struck out, penetrating, condensing, suppressing, and colliding with the layers of Law!

In this collision, Yang Chen felt the power of the Law.

The Law of Ice and Fire used by these two True Dragons was like fighting against the power of Heaven and Earth. Even if the Dao Intent inscriptions were cultivated to be more powerful, they still felt infinitely small.

The only thing that gave Yang Chen hope of victory was that the power of Heaven and Earth represented by these two Dragon Souls was not very strong.

“Let’s try the Dao Intent again!”

Yang Chen’s expression tightened.

He immediately used the other Dao Intent Inscriptions, and fought fiercely with the two Dragon Souls, neither giving in.

However, when it came to the fight, Yang Chen was surprised to find that it still wasn’t enough!

“Roar!”

The two Dragon Souls grew more and more courageous in the fight, while Yang Chen’s Dao Intent gradually failed and he began to feel powerless.

Eight thousand seven hundred Dao Intent Inscriptions now seemed to be somewhat scattered, making Yang Chen feel that the situation was quite bad.

Those True Dragons in the outside world were pleased to see this.

They didn’t want Yang Chen to continue being so abnormal. Even though they had already submitted to Yang Chen, if Yang Chen, a human, broke into too high levels, they would have no face left and wouldn’t know where to put it.

They hoped that Yang Chen would fail, and that Yang Chen would stop at the Nineteenth Palace.

If Yang Chen could continue to move forward, they would not be able to accept it.

Yang Chen was indeed facing a problem now, the two Dragon Souls of the Nineteenth Palace were indeed terrifyingly powerful.

No matter how he fought with his Dao Intent Inscriptions, it seemed that he was always weaker; he didn't dare to use the Golden Butterfly and other Dao Techniques recklessly.

After all, this was his only Dao Technique, and he had to save it for the end!

Gradually, Yang Chen discovered the problem.

"It doesn't seem like my Dao Intent Inscriptions are not powerful enough, but rather, it's the natural suppression..."

Yang Chen really felt that way.

What is natural suppression?

The power of the Laws naturally suppresses his Dao Intent Inscriptions. In battle, his Dao Intent Inscriptions are naturally one level lower than the Laws. Even if the power of the Laws is weakened, they can still suppress his Dao Intent Inscription power. This is natural suppression!

If he does not first shake off the power of these Laws, he will never be able to use the power of the Dao Intent Inscriptions!

Even if he used the Dao Techniques, it would be the same thing!

“How do I break free from the suppression of these Laws?” Yang Chen thought to himself.

As he thought left and right, the powerful means after the Nirvana Stage was bound to be related to Dao Intent Inscriptions, and Dao Intent Inscriptions were naturally suppressed by the power of Laws, so what power should he use to shake off these Laws?
