Chapter 2461: Nine Turns Berserk Transformation (Twenty-ninth Update)_1

No need for the power of Dao Intent Inscriptions.

And it can make him instantly stronger...

“Berserk Transformation!”

Yang Chen slapped his forehead.

He forgot about that.

The Ten Transformation Godhood gave him a nearly qualitative change in strength. And after enhancing so many of his Eyes of Evil Qi in the Dragon Soul Palace, he had never used the Berserk Transformation before.

Now, at this time, relying on the Ten Transformation Godhood and utilizing the Berserk Transformation would completely change the current situation.

Yang Chen laughed loudly, revealing his joy.

Yes, use the Berserk Transformation.

“Five-stage Demon Transformation!”

“Sixth Transformation, Berserk!”

In an instant, the evil qi soared into the sky, and Yang Chen was surrounded by a massive amount of evil qi. And his own body underwent a significant change, completely different from the previous Demon Transformation.

Cold, still as cold as ever, this coldness seemed to infect the surrounding temperature and change it instantly. Apart from that, the Black Demon God Wings behind Yang Chen also rose, and the surrounding evil qi began to form an armor to protect him.

Calling it Evil Qi Armor is more like Evil Qi Skin.

This powerful evil qi can provide him with enough protection and even offensive power.

As long as he wishes, the evil qi can be transformed into an Evil Qi Sword at any time, displaying a sufficiently sharp attack.

“Is this Berserk Transformation?”

Yang Chen found it interesting.

Just this layer of evil qi skin protection alone is unmatched by Demon Transformation.

Now, he felt his power increase instantly.

Evil qi is a power of another substance, neither divine power nor Dao Intent Inscriptions, but its strength cannot be ignored.

It's like when you're fistfighting someone, and you can have an extra hand – the increase in strength is naturally evident.

“Sixth Transformation Berserk is not enough!”

“Next...”

“Seventh Transformation!”

Yang Chen’s evil qi rose, from the sixth to the seventh transformation.

And it continued to rise.

Eighth Transformation.

Keep rising!

Ninth Transformation!

Yang Chen directly raised his evil qi to the ninth transformation of Berserk. At this stage, it can be said to be the strongest level. Nowadays, Yang Chen’s evil qi is enough to spread throughout the Nineteenth Palace, and this evil qi can be transformed into his weapons at any time, helping him fight his enemies.

“What a powerful force...” Yang Chen now stood still, feeling his senses clearer and his realm more subtle.

The Ninth Transformation Berserk did not bring him an increase in realm but an increase in another type of strength.

Yang Chen moved his feet, and in an instant, disappeared from the spot, his speed much faster.

“Hahaha, the power of Ninth Transformation Berserk is excellent. I underestimated him before...” Yang Chen mumbled to himself.

Frankly speaking, when he became aware of Dao Techniques’ existence, he didn’t pay much attention to the non-Dao Techniques Ten Transformation Godhood.

But now it seemed that he had indeed underestimated the Ten Transformation Godhood!

“Roar!”

Seeing Yang Chen move so swiftly, the two Dragon Souls turned their heads and quickly chased after Yang Chen. But Yang Chen’s mouth curved up, unleashing Evil Qi to directly resist!

As Evil Qi appeared, it clashed with the laws of these two dragon souls, causing a terrifying collision. The power spread rapidly, forming a storm that swept across everything.

Under Yang Chen’s control, this fierce Evil Qi pursued and entangled the two dragon souls together.

This made Yang Chen ecstatic!

Because these two dragon souls were actually helpless against the entanglement of his Evil Qi, his Evil Qi completely counteracted the laws of the two dragon souls.

“Roar!”

“Aoo Aoo Aoo!”

The two dragon souls writhed and surged, trying to break free from Yang Chen’s Evil Qi with their law forces. However, the Evil Qi binding was not suppressed by Dao Intent Inscriptions, so the law force couldn’t suppress it completely.

Moreover, the Nine Turns Berserk used the Eye of Evil Qi to form a terrifying and unstoppable Evil Qi, which could entangle the laws.

At this time, Yang Chen could utilize his Dao Intent Inscription Power.

Because the laws had been entangled.

“First, break them one by one!”

Yang Chen locked on target; a storm of Golden Butterflies was unleashed!

“Sixty-layered Golden Butterflies!”

To be on the safe side, Yang Chen didn't dare to take it lightly, directly using Sixty-Layered Golden Butterflies.

He vanished from his original location, reappearing with Spacetime Dao Intent teleportation and the stacking of Life and Death Dao Intent. Unyielding Dao Intent, Metal, Wood, Water, Fire, Earth, and all other Dao Intents added together!

Boom!

Yang Chen aimed at the Fire Dragon Soul!

The power of Dao Intent exploded completely. When the Fire Dragon Soul couldn't use the law protection, it was defeated by Yang Chen on the spot. The dragon soul rolled on the ground several times, its eyes filled with fear towards Yang Chen. Subsequently, it retreated several steps. In terror, it didn't dare to attack Yang Chen again.

Yang Chen knew that he had successfully suppressed this dragon soul.

Although these dragon souls retained some of their power after death, their intelligence remained only partially. Just like their strength, only a portion was retained. So as long as they felt the existence of an overwhelmingly strong force, they would naturally choose to submit and not attack again!

This Fire Dragon Soul was no exception. After being scared off by Yang Chen's spear, it didn't dare to fight anymore!

With one dragon soul suppressed by Yang Chen, the difficulty of dealing with the other one was naturally reduced.

Yang Chen's gaze set on this Ice Dragon Soul; the Evil Qi was already transforming into ferocious beasts, thick ropes, sharp swords, and various other forms, relentlessly attacking.

The Ice Dragon Soul could only use its law power to parry. As it parried, it became overwhelmed.

Seeing the right opportunity, Yang Chen activated the Dao Intent Inscription power in his hands.

Then...

"Sixty-layered Golden Butterflies, once more!"

Yang Chen had already taken out the Slaughter God Spear. Accompanied by the arrogant laughter of the spear, Yang Chen's Slaughter God Spear disappeared from its place.

Starlight flashed, and by the time it reappeared, Yang Chen's Dao Intent Inscriptions had transformed into sixty fluttering golden butterflies surrounding the Ice Dragon Soul.

The Ice Dragon Soul was completely subdued by this power, and after a huge dragon's roar, it was struck with fear by the Golden Butterflies. Just like the Fire Dragon Soul, it retreated step by step, looking at Yang Chen in terror.

In the end, the Ice Dragon Soul was even more straightforward than the Fire Dragon Soul, deciding to lower its head and submit to Yang Chen, attempting to attach itself to him.

Yang Chen wasn't surprised by the Ice Dragon Soul trying to attach itself to him.

However, he didn't intend to choose the Ice Dragon Soul and instead focused his eyes on the Fire Dragon Soul.

In fact, the strength of the Ice Dragon Soul was stronger than that of the Fire Dragon Soul. Still, he chose the Fire Dragon Soul for a reason.

Although the Fire Dragon Soul had submitted, it had not yet shown any intention to attack. Yang Chen narrowed his eyes, looking at the Fire Dragon Soul lightly.

The pressure was revealed...

The Fire Dragon Soul shuddered and, remembering what had just happened, naturally felt fear towards Yang Chen. Not daring to defy him again, it came before Yang Chen.

Chapter 2462: The Legend of the Twenty Palaces (Thirtieth Update)_1

It lowered its proud head, showing Yang Chen its intention to submit.

At this scene, the True Dragons in the outside world could no longer sit still.

The Ice and Fire Twin Dragons, the legends from the Dragon Valley, and the glory that every True Dragon wanted to achieve, all the True Dragons wanted the allegiance of these two True Dragons.

They were the strongest powerful beings in the history of the True Dragons, two absolute existences at the Late Boundaryless Stage.

But now, Yang Chen had subdued them.

Moreover, they each displayed their intention to submit, making the True Dragons in their hearts envious to the extreme.

Why would it be a human?

At this point, even the Dragon Ancestor regretted it.

He watched the scene clearly, but he really didn't expect that the souls of the two greatest ancestors of their Dragon Valley would submit to Yang Chen after their death.

They were not acquired by the descendants of their clan, but by Yang Chen.

"This kid!" The Dragon Ancestor was anxious inside.

No matter how excellent Yang Chen was before, he could remain calm and think that there was always a Dragon stronger than Yang Chen in their Dragon Valley.

But now, is that really the case?

Not a single Dragon could compare with Yang Chen, his achievements surpassed any other Dragon.

Are humans really so insignificant?

Are humans really unworthy of being Golden Claw's friend?

Now that they think about it, many True Dragons unconsciously feel ashamed.

The strength that Yang Chen showed was absolute, which meant that Yang Chen not only had the ability to be a friend to Golden Claw, but even had the ability to sweep them all, laugh at them, and make them unworthy of being Yang Chen's friend.

Yes...

They have been talking about being unworthy.

But now, who is unworthy?

Some things are clear at a glance.

Just as these True Dragons were filled with jealousy in their hearts, jealous that Yang Chen had chosen a soul to submit on the same level as the Dragon Ancestor, or even a higher level of a great ancestor...

An even more cruel and humiliating event occurred.

Because Yang Chen chose to refine this Dragon Soul.

“Bang!”

After a sound, Yang Chen refined the Fire Dragon Soul in front of him that had chosen to submit to him.

This process left every True Dragon dumbfounded. Yang Chen, Yang Chen actually refined their most respected and powerful historical Dragon Ancestor?

“Has this guy gone crazy!”

“He clearly had the opportunity to have the Fire Dragon Ancestor’s submission, and the Fire Dragon Ancestor had reached the strength of the Late Boundaryless Stage. If he could gain the attachment of his Dragon Soul, Yang Chen’s future strength would surely double. But now he actually refines the Fire Dragon Ancestor.”

Many couldn’t help but cry. The opportunity they dreamed of was casually thrown away by Yang Chen!

The hearts of these True Dragons were filled with mixed feelings, but only Yang Chen knew clearly why he had done so.

In fact, Yang Chen also had the idea of using the souls of the two dragons as his own attached Dragon Souls to enhance his strength.

But after thinking back and forth, he did not do so.

The root cause was that he saw a ray of light in the corridor after the nineteenth palace, and this ray of light led to another area...

This reminded Yang Chen of what the Golden Emperor had said about the twentieth palace!

Yes, the Dragon Soul Palace was divided into twenty palaces, but the twentieth palace was automatically ignored, and everyone only remembered the nineteenth palace as the highest palace count.

But Yang Chen was now curious.

The True Dragons thought that the nineteenth palace was the highest palace because they had never been to the nineteenth palace.

But Yang Chen was different!

He had arrived at the nineteenth palace, and if he didn't explore the twentieth palace, wouldn't that be a pity?

Therefore, in the end, Yang Chen chose to challenge the twentieth palace.

He still had spare energy, and there was even greater strength he hadn't shown yet, so with his temperament, he naturally wanted to explore there!

Therefore, he chose to refine the Fire Dragon Soul.

Compared to the Ice Dragon Soul, the Fire Laws emitted by the Fire Dragon Soul were more congenial to him, and refining it was an inevitable choice.

After refining, Yang Chen quickly felt the changes in his body.

His Dao Intent Inscriptions were about to be enhanced.

Naturally, it was the Flames' Dao Intent that was being enhanced.

He absorbed the Fire Laws of the Fire Dragon Soul, and the Flames' Dao Intent in his body would naturally benefit. The Laws were converted into Dao Intent, and even if the power of the Fire Dragon Soul's Laws was scarce, when it merged with his body now, it would still bring him a terrifying increase in the Flames' Dao Intent.

After merging with the Fire Dragon Soul, the Flames' Dao Intent in Yang Chen's body slowly increased.

The original 500 Dao Intent Inscriptions increased layer by layer to 600, 700, 800.

Until it reached a full 1,000 Dao Intent Inscriptions.

Yang Chen was very satisfied with this increase as it was already quite significant.

After all, the Fire Dragon Soul had limited power of the Laws, and even if it absorbed them, it might not necessarily increase that much Dao Intent Inscriptions.

"With the 1,000 Flames' Dao Intent Inscriptions reached, my current total amount of Dao Intent Inscriptions has reached 9,200..."

Curiosity rose in Yang Chen's heart.

His Dao Intent Inscriptions should be at the highest tier in the Spirit Realm's Nirvana Stage.

He didn't know what kind of level his Dao Intent Inscriptions belonged to in the more powerful Southern Realm.

As Yang Chen thought about it, the 9,200 Dao Intent Inscriptions in his body gradually stabilized.

Then, Yang Chen took another step forward, entering the final palace.

Dragon Soul Palace, the most mysterious palace, the twentieth palace.

Slowly approaching the darkness, entering the passage, and then, Yang Chen increasingly felt the strangeness and eeriness of the surrounding environment!

It seemed cold, and it seemed hot. It was like the scene of the Ice and Fire Twin Dragons in the nineteenth palace, but the temperature was even stranger than there.

Logically speaking, at Yang Chen's realm, temperature could hardly cause any effect on him.

But here, he could actually feel the coldness of extreme cold and frost, and the heat of burning fire.

It was very baffling!

Curiosity filled Yang Chen's heart, and he took one step at a time without stopping, entering the depths of the passage, wanting to figure out what was going on.

What was in this twentieth palace?

At this moment, Yang Chen disappeared completely on the Supreme Profound Qing Diagram!

The people of the Dragon Valley were all wide-eyed, their scalps tingling in amazement.

Yang Chen, had he entered the legendary twentieth palace?

“This human has disappeared, he successfully passed through the nineteenth palace and went even deeper. There should only be the twentieth palace there.”

“What is in the twentieth palace?”

“No one has ever reached there...”

“The twentieth palace, from beginning to end, is just a legend. Does it really exist?”

Chapter 2463: Ice and Fire Sky Phoenix (Thirty-first Update)_1

For many True Dragons, the Twentieth Palace is just a legend!

Even at the level of the Golden Emperor, it is only considered a mysterious legend, even a level that should not exist.

No one could possibly reach there.

It's common knowledge.

Even touching or observing it should be nonexistent.

But now, Yang Chen has done it!

An outsider like Yang Chen accomplished it.

Many True Dragons don't know how to describe it, as they are already shocked and tired, time after time. They don't even know where Yang Chen's limits lie. He has challenged their cognitive nerves, making them completely afraid of casually assessing Yang Chen.

To evaluate would only bring humiliation upon oneself!

At this time, Dragon Ancestor's body also trembles slightly. When he notices that Yang Chen has entered the Twentieth Palace, he cannot tell what exactly is happening inside.

The Twentieth Palace is a unique existence.

Very early on, the ancestor of Dragon Valley had told him not to set foot in the Twentieth Palace and to try to ignore its existence as much as possible. If entered, unforeseeable events might occur.

That statement has been in his mind for many years.

However, as time passed, he gradually became numb and neglectful.

No True Dragon is capable of breaking into the Twentieth Palace, let alone even reaching the Nineteenth Palace. True Dragons in the Nirvana Stage can only reach the seventeenth floor, which is already their limit. This is the record just challenged by Golden Claw.

But now Yang Chen has done it.

Seeing this, Dragon Ancestor's heart becomes unsettled.

Even he doesn't know what kind of existence resides within the Twentieth Palace.

...

Meanwhile, Yang Chen moves directly into the Twentieth Palace.

When he arrives, the scene before him astonishes him.

In front of him, there is an ice mountain on one side, and a sea of flames on the other!

An ice and fire dual world, completely different realms, combined together in such a way.

Walking in it, it feels both freezing cold and scorching hot.

Yang Chen is curious about what is inside the Twentieth Palace, but after walking around for a while, he doesn't see any True Dragon!

"No True Dragons?" Yang Chen feels very strange.

With a bewildered expression, the Twentieth Palace is completely different from the levels he's explored before; there is no familiar Qi, only unfamiliarity.

The Twentieth Palace seems to be isolated on its own, completely different from the previous Nineteenth Palace.

Yang Chen scans the surroundings without giving up, still looking.

Finally, Yang Chen sees something.

"What is this..."

What he sees is a magnificent bird flapping its wings made of ice and fire. The bird is colorful and majestic.

"What is this?" Yang Chen looks at the bird, his face filled with curiosity.

Upon close examination, he suddenly thinks of something.

"Is this... a Phoenix?" Yang Chen scrutinizes the bird carefully and confirms his suspicion.

Yes, this is definitely a phoenix.

The legendary Phoenix!

This is the first time he has seen something like a phoenix, which is completely different from the mythical species he has heard of. This phoenix has wings of ice and fire, one side ice, and the other side fire.

“Why is there a phoenix instead of a True Dragon in the Twentieth Palace?” Yang Chen is puzzled.

Before he can think it through, something even more shocking happens.

The Sky Phoenix suddenly looks at Yang Chen with its sharp eyes and speaks in a deep voice, “Humans? Humans from the Spirit Realm?”

Yang Chen takes a deep breath.

He looks up and down at the Ice and Fire Sky Phoenix and finds it stranger the more he looks. Like the Dragon Souls, this Phoenix is also a soul body, but precisely because of this, it’s even more peculiar. This Ice and Fire Sky Phoenix, as a soul body, can still speak.

It’s a woman’s voice: gentle, peaceful, and melodious!

However, in the voice, there is a touch of arrogance that never fades.

“You can speak?” Yang Chen looks at the Ice and Fire Sky Phoenix, feeling incredibly strange.

The Ice and Fire Sky Phoenix coldly replies, “Yes, I can speak. What’s so strange about that?”

“Those Dragon Souls before had no consciousness, not to mention speaking. It’s already good if they’re slightly conscious. But you, you’re able to communicate with me.” Yang Chen can’t help but feel amazed.

The Ice and Fire Sky Phoenix scoffs, “Don’t compare me to those dragons. They’re not even worth one of my feathers.”

“Alright, my original plan was to find a Dragon Soul to attach to myself. But, I didn’t expect to encounter Senior Phoenix here and disturb you.” Seeing the proud face of the Phoenix and its independent consciousness, Yang Chen thinks it’s unlikely to attach itself to him, so he’s ready to leave directly.

As for this Phoenix, Yang Chen calls it a senior for a reason.

It’s because of the Qi it emits, which is unfathomable and terrifying. It is even more powerful than the two Late Boundaryless Stage Dragon Souls he encountered earlier.

With such strength, how could Yang Chen not be amazed? What kind of realm surpasses the Late Boundaryless Stage?

Yang Chen is puzzled and is about to leave without giving much thought. However, the Ice and Fire Sky Phoenix suddenly stops him shyly, “Wait, don’t go.”

Yang Chen can’t help but turn back, “What does Senior Heavenly Phoenix mean...”

The Ice and Fire Sky Phoenix speaks with some pride and reluctance, “Well, um, you’re looking for attached Dragon Souls, right? Although I’m not a Dragon Soul, the status of the Sky Phoenix is not less than that of a Dragon Soul. If you want to find someone to attach to, just choose me.”

Upon hearing this, Yang Chen hesitates.

The reason he hesitates is that this Ice and Fire Sky Phoenix is too strange.

Not only is the Twentieth Palace abnormal, but this sudden appearance of an Ice and Fire Sky Phoenix also makes him somewhat on guard.

“What are you doing? Are you still unwilling? I am a top-level powerhouse beyond the Boundaryless realm. You are not willing to even consider me? Let me tell you, you should feel proud and honored to have me as your attached Phoenix Soul. Do you see? Even though I only have a single soul, I can still maintain a clear, autonomous consciousness and even infect the surrounding environment to look like this, which is evidence of my powerful strength!”

Fearing that Yang Chen might not agree, the Ice and Fire Sky Phoenix starts boasting about itself.

Yang Chen listens to the Ice and Fire Sky Phoenix speak with a sense of urgency hidden in her words and blinks his eyes.

But upon further consideration, it makes sense that like those Dragon Souls locked up here for so many years and possessing clear consciousness, they would want to grasp at any opportunity.

However, he does not let down his guard. Hearing her words, he says, “Senior Heavenly Phoenix, I can let you become my attached Phoenix Soul, but I have a few questions to ask you.”

“What questions?” The Ice and Fire Sky Phoenix asks curiously.

“I want to know your origin. Why were you locked in the Dragon Soul Palace’s Twentieth Palace? That should be very strange, right?” Yang Chen asks, puzzled.

Chapter 2464: Fallen Powerful Ones (Thirty-second Update)_1

This Ice and Fire Sky Phoenix is clearly a phoenix, yet it appears in the twentieth palace of the Dragon Soul Palace, no matter how you think about it, it doesn’t make sense.

What he had encountered before was always the dragon soul.

Now, he cannot be deceived by the surface appearance; he must understand the situation and then consider whether he should really treat this phoenix as an object to attach to himself!

Hearing Yang Chen asking these questions, the Ice and Fire Phoenix seemed to think of something and then sighed softly.

Immediately, it lifted its feathers and lay down on the ground.

“Alright, little guy, since you want to know, this palace shall tell you.” The Ice and Fire Sky Phoenix’s tone suddenly turned cold, just like the transformation of its ice and fire wings, swift and agile.

Yang Chen became interested, sat on the ground, and wanted to hear the specifics.

After all, even Golden Emperor, the Mahayana Stage expert of the Dragon Soul Palace, didn’t seem to know much about this twentieth palace!

As the Ice and Fire Sky Phoenix lay on the ground, it spoke solemnly, “Originally, I was not an existence of this world, but belonged to another one.”

“Another world? What kind of world?” Yang Chen looked puzzled.

“Even if I tell you, you won’t understand. At that time, this palace fought fiercely with the invaders of the Netherworld, causing the collapse of space and eventually being besieged by the Netherworld people. In a panic, I fled to this place.”

The Ice and Fire Sky Phoenix continued, “When I arrived in the Spirit Realm, I was already severely injured and my strength was greatly damaged. At that time, my strength couldn’t even be brought out to ten percent of its peak. It was then that I met the two dragon ancestors of the True Dragon Clan. You should have seen both of them in the nineteenth palace just now.”

“You mean, those two Ice and Fire Twin Dragons are the ancestors of the True Dragon Clan?” Yang Chen was stunned.

“Humph, what else did you think? If not for being the dragon ancestors, would these two ice and fire dragons be so powerful and reach the Boundaryless Realm in their lifetime?” The Ice and Fire Sky Phoenix seemed to be filled with resentment towards these two dragons.

“Well...please continue.” Yang Chen said.

Since the Ice and Fire Sky Phoenix had fought against the Netherworld invaders at that time, it seems to be an ally rather than an enemy.

The Ice and Fire Phoenix continued, “At that time, I, who had fallen into the mortal world, was bullied. It was my bad luck that I encountered these two dragon ancestors. The two dragon ancestors took advantage of my weakened state, and knowing that I was powerful, they wanted to devour me to enhance their own strength!”

“But unfortunately, their strength was too weak at the time, only with a cultivation level at the Nirvana Stage. Haha, they wanted to devour me? Even if I let them refine and devour me while I stood still, they would not be able to do it. However, these two dragons actually possessed the inheritance holy relic of the Dragon Clan, the Dragon Soul Palace, and placed me on the twentieth floor to refine me using the Supreme Profound Qing Diagram!”

“The Dragon Soul Palace is a refining treasure?” Yang Chen was stunned.

“Humph, The Dragon Soul Palace and the Supreme Profound Qing Diagram are King Divine Tools when separated and complement each other as Emperor Divine Tools when combined, can’t you see it?” The Ice and Fire Sky Phoenix said.

Yang Chen widened his eyes: “The junior really didn’t observe it, I didn’t expect the Dragon Soul Palace to be an Emperor Divine Tool.”

“It’s alright, you are young after all, it’s normal not to be able to see it. The special effect of the Dragon Soul Palace itself is to trap and suppress enemies. However, Emperor Divine Tools are rarely used in the Spirit Realm. So, Dragon Valley transformed it into a trial ground, and I was imprisoned in the twentieth palace for refinement!”

With gritted teeth, the Ice and Fire Phoenix said, "In the end, those two dragon ancestors succeeded. They completely shattered my body, and then one of them refined my Ice Wings while the other refined my Fire Wings. You have also seen their later appearance: one mutated into an Ice Dragon and the other into a Fire Dragon!"

Yang Chen was dumbfounded, "These two dragons were not born like this?"

"Nonsense. The most noble Ten Thousand Dragon King God of the Dragon Clan evolved from the Five-clawed Golden Dragon. Next to it is the Five-clawed Golden Dragon, and then the Purple Gold Divine Dragon. Ice and Fire Twin Dragon? There is no such variation, their original variety was the most inferior dragon body, and only after devouring my body did they undergo the transformation." The Ice and Fire Phoenix said angrily.

Although Yang Chen didn't really dare to believe it, but thinking carefully, he couldn't deny it either.

At least he had never seen or heard of an ice and fire dragon in the outside world. He originally thought it was a special variety, but now he thinks that it was actually a mutation.

"What happened afterwards?" Yang Chen asked again.

"Afterwards, their strength increased rapidly, and both of them reached the Late Boundaryless Stage due to the refining of me, becoming the two strongest dragons in the history of the Dragon Clan in this realm. Even the Dragon Ancestor of this era cannot compare with them at that time." The Ice and Fire Phoenix scoffed.

"So incredible..." Yang Chen was truly amazed.

How powerful was the Ice and Fire Phoenix at that time?

Just one body could nurture two true dragons in the Boundaryless Stage? That's too exaggerated.

"These two true dragons reached the late Boundaryless Stage and then wanted to kill me to hide the truth. However, unfortunately, the Dragon Soul Palace is a supreme treasure beneficial to the soul body

and couldn't hurt me at all. Letting me out, they were afraid that they couldn't control me, and I would escape, calling my fellow clan members to take revenge on them. So, they had no choice but to imprison me here. I guess they also told their descendants to never let anyone set foot here. So, I am curious now, how did you get here?" The Ice and Fire Phoenix muttered.

Yang Chen thought of what Golden Emperor had said.

Probably the true dragons also remembered the inheritance of the two dragon ancestors, but they never thought that anyone could break through to that level.

So, they didn't care much.

They just didn't expect that not only did Yang Chen make it, but he also met the Ice and Fire Phoenix.

Yang Chen said, "It's fate that the junior can meet the senior here. Senior, have you been waiting here for countless years after that?"

"It really has been countless years... but those two dragons didn't have a good time either. Forcibly devouring my body is not easy. These two dragons originally had the strength of the late Boundaryless Stage, and it should have been easy for them to live until now. But the domineering spirit of my body is not something that two garbage dragons can refine at will. In the end, they still couldn't completely control my body and fell prematurely." The Ice and Fire Phoenix emphasized these words and looked quite relieved after saying them.

...

Yang Chen secretly smiled bitterly.

It is said that women are vengeful, but it seems that not only women, all maternal creatures are vengeful. The Ice and Fire Phoenix still has a hateful look on its face, resenting the Ice and Fire Twin Dragons to the bone.

It's understandable, after all, she had been trapped here for countless years, all at the hands of these two dragon ancestors.

"Alright, what needs to be said has been said, and you should know what's going on now." The Ice and Fire Phoenix said.

Chapter 2465: War with the Sky Phoenix (Thirty-third Update)_1

After hearing Ice and Fire Sky Phoenix's words, Yang Chen nodded softly, "I understand."

"Are you ready to make a choice?" Ice and Fire Sky Phoenix asked.

Yang Chen couldn't help but fall deep into thought.

"Why are you still thinking so much? Just agree and be done with it," Ice and Fire Sky Phoenix said impatiently.

Even if Ice and Fire Sky Phoenix was anxious, Yang Chen was not.

Frankly, no matter what, when Ice and Fire Sky Phoenix was alive, its strength was terrifying. If he could receive its support, it would indeed be a good thing.

However, some issues needed careful consideration.

The twentieth palace seemed so mysterious to the Dragon Clan. People of the Dragon Clan might know about an existence being suppressed within the palace. If he brought it out with him, wouldn't he be in trouble once the Dragon Clan found out?

Those from the Dragon Clan might dare not touch him initially, that doesn't mean they wouldn't after Yang Chen oversteps the line.

Considering this, Yang Chen said, "Senior Heavenly Phoenix, it's not that this junior doesn't want to take you out, but if I really do so, the Dragon Clan would likely not let the junior go."

“Don’t worry, the two Dragon Ancestors back then didn’t tell my story to the descendants of the Dragon Clan. They were worried that they would have evil intentions and accidentally release me. So, no one knows about my existence. Everyone only knows that the Twentieth Palace is forbidden to enter,” Ice and Fire Sky Phoenix explained.

“If I leave this place with you, it will definitely make them suspicious,” Yang Chen said with a bitter smile.

“If you don’t take me out, they won’t be suspicious?” Ice and Fire Sky Phoenix retorted angrily.

Yang Chen gave a wry smile, it seemed like that was indeed the case, and there was no easy way out.

This made Yang Chen feel a bit of a headache, and he said, “Regardless, it is different. If I take Senior Heavenly Phoenix with me and if people find out, won’t I be walking a dead end?”

“Rest assured, they won’t find anything. You can carry me, and I can hide myself perfectly on your body. No matter what, they won’t be able to discover me,” Ice and Fire Sky Phoenix chuckled confidently.

Upon hearing this, Yang Chen nodded: “If you can truly do that, then it might be worth trying.”

“Hurry up then, let me hide in your body,” Ice and Fire Sky Phoenix said impatiently.

Yang Chen thought for a moment, feeling that something was amiss, and suddenly said, “Wait, Senior Heavenly Phoenix, didn’t you just say that you would be attached to me as my Attached Phoenix Soul?”

“To be an Attached Phoenix Soul means being carried by you,” Ice and Fire Sky Phoenix replied seriously.

Yang Chen didn’t know what an Attached Beast Soul was like, but he didn’t believe it was as simple as just carrying it on his body.

He spoke solemnly, “Impossible, Senior Heavenly Phoenix, if you are trying to deceive me, our cooperation will be canceled.”

“Why would I deceive you? Everything I said is the truth,” Ice and Fire Sky Phoenix replied.

“Then, Senior Heavenly Phoenix can leave now,” Yang Chen responded decisively.

“You kid!” Ice and Fire Sky Phoenix was so furious that she could only say angrily, “Kid, I have been observing you all the way, and I didn’t think you knew anything about the Attached Beast Soul. How did you manage to guess that it is not as simple as just carrying it on your body?”

“Intuition,” Yang Chen said calmly.

“Fine, I didn’t expect a little human child like you to be so tenacious. I will explain to you what attaching a Beast Soul is,” Ice and Fire Sky Phoenix said.

When Yang Chen heard that Ice and Fire Sky Phoenix was being so helpful, he smiled happily, “Senior Heavenly Phoenix is so nice? Then thank you.”

“I just want you to acknowledge that fact soon and take me out,” Ice and Fire Sky Phoenix said coldly.

Yang Chen gave a faint smile, “I will.”

Ice and Fire Sky Phoenix said, “Attached Beast Soul must be a naturally powerful soul. The attachment is mainly a form of contract. Once this contract is completed, the powerful soul will serve the person forever, helping them. Once the contract is fulfilled, the soul will communicate with the person’s soul and can even use its Dao Intent Inscriptions and other powers. It is a common tactic in large interfaces, often used for sneak attacks.”

Yang Chen blinked, “Completing the contract allows the soul to communicate with each other? That’s so evil.”

“Hmph, tactics used by powerful interfaces can’t be understood by you in small interfaces like this,” said Ice and Fire Sky Phoenix expressionlessly.

“Then let’s form a contract between Senior Heavenly Phoenix and me,” Yang Chen said.

“Let me attach to you?” Ice and Fire Sky Phoenix sneered, not quite respecting Yang Chen.

Yang Chen was stunned.

It seemed that Ice and Fire Sky Phoenix had never planned to attach itself to him from the very beginning.

The initial statement about attachment was just an excuse to deceive him.

Yang Chen sneered silently, “It seems that Senior Heavenly Phoenix looks down on this junior. If that’s the case, this junior has nothing more to say and will take his leave.”

“What’s your hurry!” Ice and Fire Sky Phoenix immediately became anxious and quickly stopped Yang Chen, “Don’t rush, I didn’t say I look down on you!”

“What does Senior Heavenly Phoenix mean then?” Yang Chen asked in confusion.

Ice and Fire Sky Phoenix said, “It’s simple, if you want me to attach to you, you must show that you are worthy of my attachment. Even if our Ice and Fire Sky Phoenix clan is down and out, we will not attach ourselves to someone weak and without prospects.”

Yang Chen said, “So, you only attach yourself to outstanding people with promising futures.”

“Of course. Besides, I have my own conditions,” Ice and Fire Sky Phoenix replied coldly.

“Let’s put Senior Heavenly Phoenix’s conditions aside for now. Well... just talk about whether I am qualified for Senior Heavenly Phoenix to attach to me,” Yang Chen said.

Yang Chen thought for a moment and said, "Since I have come all the way to the Twentieth Palace, it proves that I am not weak."

"You call yourself outstanding just by dealing with a few useless dragons?" Ice and Fire Sky Phoenix said mockingly.

Yang Chen's eyes widened. Was that not enough?

"What does Senior Heavenly Phoenix want me to do then?" Yang Chen asked.

"Simple, I am in a soul state now and have been imprisoned here for many years. Even my soul state's strength can't be displayed at its peak. I am not like the Dragon Clan, whose powerful Dragon Souls can maintain astonishing combat power after death. You just fight me as I am now, and if you can win, I will completely submit to you!" Ice and Fire Sky Phoenix said calmly.

Yang Chen heard this and said with his hands behind his back, "This should be the most appropriate solution. Alright, I will fight you."

Ice and Fire Sky Phoenix sneered coldly, showing her disdain.

Suddenly, she spread her wings and launched an attack on Yang Chen!

With this attack, the overwhelming sense of the Ice and Fire Laws descended upon Yang Chen. The power of these laws was the same as the ones he encountered in the nineteenth palace.

However, their strength was like night and day...

Chapter 2466: Sky Phoenix's Divine Might (Thirty-fourth Update)_1

"So strong?"

Yang Chen exclaimed.

He only knew the extent once he fought, it was beyond his expectations.

The power of the Ice and Fire Heavenly Phoenix's Laws was simply too strong. After feeling this overwhelming force, he felt that his Dao Intent Inscriptions were too weak in comparison, and they could not even compete, with no strength to fight back.

But even so, he had to give it his all.

If he didn't fight, how could he win?

He didn't want to lose to the Ice and Fire Heavenly Phoenix, indirectly proving that he was an ordinary person who could not even subdue the soul state of the Ice and Fire Heavenly Phoenix.

Fight!

If you want to fight, then I will fight!

Yang Chen took out his God-slaying Spear, releasing his Dao Intent Inscriptions in a split second. Space-time, Life and Death, Indomitable, Thunder and Lightning, and various other Dao Intents all burst forth at once!

Nine thousand two hundred Dao Intent Inscriptions spread out in an instant, and Yang Chen displayed his full strength!

As his Dao Intent appeared, Yang Chen controlled it, directing it straight at the Ice and Fire Heavenly Phoenix.

"Sure enough, it's just as I observed. I thought there might be errors when observing the lower layers from here. I didn't expect you to be using the two strongest Dao Intents, Life and Death and Space-time. Interesting and unbelievable. There's actually someone who can use the strongest Dao Intent in this small Interface, and actually two?"

The Ice and Fire Heavenly Phoenix licked its lips: “Those who comprehend the strongest Dao Intent are favored by the heavens. But whether they rely on luck or strength will be clear after fighting!”

Fluttering its ice and fire wings, the Ice and Fire Heavenly Phoenix still charged forward courageously despite facing Yang Chen’s powerful Dao Intent Inscriptions, intending to fight head-on with him...

Yang Chen was shocked when he saw the Ice and Fire Heavenly Phoenix charging forward to confront him head-on.

This guy actually ignored his Life and Death and Space-time Dao Intent?

But soon, he knew the reason.

Suppression of Laws.

His Dao Intent was weak in the face of this guy’s suppression of Laws. No, it was different from the weakness he experienced in the Nineteenth Palace.

It was an absolute, overwhelming, and crippling weakness! His Dao Intent Inscriptions couldn’t exert the slightest strength against the opponent’s Laws.

“Hmph, you have quite a lot of Dao Intent Inscriptions, a full 9,200. But it’s a pity that you don’t seem to be good at using Tao Skills. In the face of the Ice and Fire Law in my possession, everything you have is nothing!” The Ice and Fire Heavenly Phoenix said coldly.

Seeing this, Yang Chen would not give up.

Indeed, using Tao Skills against the power of Laws would have better results. Unfortunately, he only had one Tao Skill, which was the Ancient God Spear Skill.

As for the other strongest Dao Intents, Space-time and Life and Death, he had no Tao Skills for them. If he did, his combat strength would be even greater.

As for the Ancient God Spear Skill, it was already considered a great Tao Skill in his Interface, but not necessarily in others.

Regardless, right now, he had to fight head-on with the Ice and Fire Heavenly Phoenix!

He unleashed the Slayer Qi from the Nineteenth Palace!

“Nine-turn Berserk Transformation!”

On the spot, the Nine-turn Berserk Transformation was executed!

The Slayer Qi soared around Yang Chen, revealing an entirely different aura. This rising Slayer Qi gave him the capital to fight against the Ice and Fire Heavenly Phoenix.

“Taste this!” Yang Chen unleashed his attack.

“Slayer Qi? Did you really use this Slayer Qi to deal with the twin dragons in the Nineteenth Palace? You can control something so dangerous with so many risks?” As the Ice and Fire Heavenly Phoenix expressed its surprise, it deployed its Laws and collided with Yang Chen’s Slayer Qi.

“Get back!” Yang Chen forcefully unleashed his Slayer Qi!

Boom, boom, boom!

Upon gathering together, they clashed!

Yang Chen released his full Slayer Qi, condensing it together, attempting to weaken the power of the Ice and Fire Heavenly Phoenix’s Laws.

Yang Chen was surprised to find that his Slayer Qi indeed worked.

“Is the effect of this Slayer Qi so good?” Yang Chen was astonished.

After all, the Ten Divine Transformation was not a Tao Skill, and at first, he did not think it was very powerful. But now, it seemed that even the Ice and Fire Heavenly Phoenix was quite surprised by it.

Yang Chen could see that the Ten Divine Transformation was indeed a formidable technique.

But there was no time to think, as the Ice and Fire Heavenly Phoenix controlled its Laws, having the feeling of breaking through the barrier of Slayer Qi.

Yang Chen hurriedly used the Slayer Qi to suppress the Ice and Fire Heavenly Phoenix’s Laws, while at the same time utilizing his only Tao Skill, planning to determine the outcome with the Ice and Fire Heavenly Phoenix!

“Ancient God Spear Skill!”

“Golden Butterfly, Seventy-four Layers!”

He tried one attack first!

“Taste this Golden Butterfly!” Yang Chen’s eyes were focused!

Then, the seventy-four layer Golden Butterfly was unleashed.

“So that’s how it is. You want to suppress my Laws with Slayer Qi and then use a Tao Skill to defeat me. But it seems like you only know this one Tao Skill, the golden butterfly. Its power is average, and you haven’t fully utilized the power of Dao Intent Inscriptions!”

The Ice and Fire Heavenly Phoenix flapped its wings, and the power of Laws couldn't be completely suppressed by Yang Chen's Slayer Qi. As the wings flapped, it forcefully clashed with Yang Chen's seventy-four layer Golden Butterfly.

Yang Chen also revealed his full power, not backing down, and combined the power of the Golden Butterfly with the Slayer Qi to fight against the Laws of the Ice and Fire Heavenly Phoenix.

Boom, boom, boom!

A deafening sound echoed and spread!

Yang Chen did not back down.

However, what shocked Yang Chen was that the seventy-four layers of Golden Butterflies were actually not enough!

"Damn it!" Yang Chen's scalp went numb, and as he retreated, he attacked once more!

"Eighty-seventh Layer Golden Butterfly!"

The Golden Butterfly reappeared, and the battle resumed!

Yang Chen's eyes were sharp like a hawk!

"Is this all you've got? With this level of Tao Skill, it won't be easy to defeat me!" The Ice and Fire Heavenly Phoenix taunted.

Yang Chen was not easily swayed by the Ice and Fire Heavenly Phoenix's words. Instead, he used the Eighty-seventh Layer Golden Butterfly to unleash another wave of shocking power.

However, he still failed.

Which made Yang Chen's pupils contract.

The eighty-seventh layer Dao Intent had failed? What kind of monster was this Ice and Fire Heavenly Phoenix?

When Yang Chen launched his eighty-seventh layer Golden Butterfly attack, the Ice and Fire Heavenly Phoenix did not even get injured. How could he win?

He could not retreat, absolutely not!

"Ah!!!"

Yang Chen unleashed the strongest Golden Butterfly power he could use now, which was the pinnacle of his Ancient God Spear Skill.

"A hundred-layer Golden Butterfly!"

Golden Butterflies fluttered like light and shadows...

As the hundred-layer Golden Butterflies fluttered, Yang Chen blasted them all out.

A hundred-layer Golden Butterfly, clashing with the methods of the Ice and Fire Heavenly Phoenix.

"Oh? Finally, there's some pressure." The Ice and Fire Heavenly Phoenix disposed of the Slayer Qi while forcefully fighting against the Hundred-layer Golden Butterfly from Yang Chen.

In an instant, the power swept through, causing a storm and turbulence, making the entire Twentieth Palace unstable.

Chapter 2467: Wrath of Sa Qi (Thirty-fifth Update)_1

Yang Chen stared intently, watching the Ice and Fire Heavenly Phoenix without blinking.

One Hundred Layer Gold Butterflies, he didn't believe that they couldn't shake the Power of Laws of the Ice and Fire Heavenly Phoenix.

Shaking, slightly shaking...

Yang Chen felt it clearly, the Power of Laws of the Ice and Fire Heavenly Phoenix had already begun to waver, and it seemed like it would be broken by him soon. But at the most critical moment, he was still a bit lacking.

The Power of Laws of the Ice and Fire Heavenly Phoenix withstood the strongest wave of attack.

As a result, its Power of Laws grew stronger and stronger, while Yang Chen's Tao Skill of Golden Butterflies grew weaker and weaker. In the end, Yang Chen's One Hundred Layer Gold Butterflies collapsed, vanishing like smoke, and the One Hundred Layer Gold Butterflies began to disintegrate and disappear gradually.

Yang Chen suddenly retreated, using Spacetime Dao Intent to leave without difficulty.

But his expression was now extremely awkward!

Hundred Layer Gold Butterflies failing to break through meant that his strongest method had also failed.

Ice and Fire Heavenly Phoenix chuckled: "I told you before, boy, the fact that someone like you could appear in this Interface surprised me. But, unfortunately, you are still just a weakling from a small Interface. To put it bluntly, you are not worthy of being my host. You can't even win against me now, what do you rely on to win against me?"

"It's too early for you to be happy." Yang Chen said calmly.

“Hehehe, little guy, are you still not admitting defeat by saying that? But what other means do you have? If I’m not mistaken, the power of your Tao Skill just now was already at its limit. It’s basically impossible to surpass this limit. Even though I was surprised that you have the Slayer Qi method to suppress my Laws, unfortunately, you still won’t be able to win against me.” The Ice and Fire Heavenly Phoenix laughed charmingly.

With her experience, she had already determined the outcome.

Yang Chen could not win against her.

“I said before, it’s too early for you to be happy.” Yang Chen said indifferently.

Indeed, the Ice and Fire Heavenly Phoenix’s experience was very rich, quite rich.

Just with one glance, she saw through his ploy and knew that the power of his Golden Butterflies had reached its limit.

But this didn’t mean that he had no other means left.

What he had now was the Ancient God’s Rage!

Ancient God’s Rage was a very peculiar method, its positioning was inferior to that of Gold Butterflies, as it relied on integrating various methods to unleash a powerful attack.

Yang Chen didn’t want to use this method until the critical moment.

Although he had passed the most crucial Thunder Tribulation last time with the help of this method, it still came with absolute risks!

But now, he had no time to think about so much anymore.

Because he was really at the end of his rope, he had to use this method.

Yang Chen focused his eyes.

The Long Spear swept across, and the laughter of the God-slaying Spear was as weird and sharp as ever!

“Ancient God’s Rage!”

Yang Chen concentrated all of himself on the tip of the spear.

True Qi? Divine Power? Or the 9,200 Dao Intent Inscriptions that came from all his Dao Intent, they all converged at the tip of the spear!

Was this enough?

Yang Chen asked himself!

But the outcomes were all negative, he didn’t think that such a gathering could definitely defeat the Ice and Fire Heavenly Phoenix. Mainly because the Dao Intent was a bit inferior to the Laws!

Challenging beyond one’s level meant accepting these cruel limitations!

“That’s right, Slayer Qi!”

Yang Chen suddenly realized that there was only a part of the Slayer Qi that he could use to deal with the Ice and Fire Heavenly Phoenix, and the rest was just overflowing with power.

But now, it could be gathered at the tip of the spear, and launched together, creating an astonishing effect!

A smile appeared on Yang Chen's face!

How could he forget about this?

"Concentration? Explosion?" The Ice and Fire Heavenly Phoenix sneered, "This is not really a brilliant method. If you really try it and fail, you will lose completely."

Yang Chen's expression was cold and frosty, and he wasn't shaken by the Ice and Fire Heavenly Phoenix's words. Instead, he fully aimed the Ancient God's Rage!

Immediately, the wind howled past, and his body disappeared instantly.

With the instant transfer of the Spacetime Dao Intent, when he reappeared, a spear was immediately above the Ice and Fire Heavenly Phoenix!

The Ice and Fire Heavenly Phoenix was not a vegetarian either. The instant transfer of the Spacetime Dao Intent might catch others off guard, but the Ice and Fire Heavenly Phoenix could easily react to it.

The Power of Laws burst out, and directly collided with Yang Chen's Ancient God's Rage.

"Ugh..." Yang Chen's voice roared out deeply.

"Explode!"

Yang Chen exploded with all the Dao Intents of the Ancient God's Rage, mixed with Divine Power, and once again clashed with the Ice and Fire Heavenly Phoenix!

The surroundings of the Ice and Fire Heavenly Phoenix gathered ice and fire, burning and freezing. The Laws surged, one after another, suffocating and despairing!

But Yang Chen aimed at a single point, piercing, condensing, and exploding.

The power of Divine Power and Dao Intent Inscription rushed out first, fighting with the power of Laws. It was hard to separate them.

There was shaking and the meaning of breaking through. However, soon the power of Laws still took the upper hand, showing a natural advantage.

“Hehehe, boy, this move of yours is still a bit lacking in mastery, huh! I told you, your Tao Skill is too weak, it’s not even on the same level. The quantity of Dao Intent Inscriptions is just average. If you had some slightly stronger Tao Skills, maybe you could really win against me. But unfortunately, you only know such a weak Tao Skill, which is absolutely incapable of defeating me.” The Ice and Fire Heavenly Phoenix sweetly laughed, her voice like a bell.

Yang Chen’s heart shook.

This Ice and Fire Heavenly Phoenix sure can talk.

His 9,200 Dao Intent Inscriptions were just average in quantity?

It seemed that there were indeed more powerful monsters in those stronger Interfaces, and he really began to yearn for them.

But now, he needs to win against the Ice and Fire Heavenly Phoenix first!

He had never admitted to losing before!

“Slayer Qi, come out!” Yang Chen unleashed the deepest hidden Slayer Qi within him.

When the Slayer Qi surged out, the Ice and Fire Heavenly Phoenix’s pupils shrank and she began to panic.

“What, you, you even used the Slayer Qi as a means, gathered in that spear just now?” The Ice and Fire Heavenly Phoenix’s eyes were filled with shock. She had initially held down Yang Chen’s Dao Intent Inscription steadily, but now it was different.

With the involvement of Slayer Qi, her Power of Laws instantly weakened, no longer able to stand up against Yang Chen.

“Not good!” The Ice and Fire Heavenly Phoenix’s expression changed and she grew frantic.

At the moment of her panic, Yang Chen seized the opportunity, fiercely took the upper hand with one spear, and broke through all her Laws’ defenses!

“Break it for me!” Yang Chen roared, his voice echoing in all directions.

Following that, his spear finally broke through all the defenses of the Ice and Fire Heavenly Phoenix. The ice and fire were no longer of any use, completely shattered by Yang Chen, striking the body of the Ice and Fire Heavenly Phoenix!

Chapter 2468: Attachment Contract (Thirty-sixth Update)_1

Once broken, the Ice-Fire Sky Phoenix opened its mouth wide, now completely beaten into submission. With no other options, it let out a sharp scream.

“Ah, I admit defeat, I admit defeat, stop hitting me!” the Ice-Fire Sky Phoenix cried out.

This made Yang Chen widen his eyes, feeling incredulous.

This Ice-Fire Sky Phoenix was really interesting. Feeling that it couldn’t win, it directly admitted defeat, completely different from its earlier arrogant demeanor.

Yang Chen could understand the slightly eccentric personality of the Ice-Fire Sky Phoenix.

Now that it had admitted defeat, he stopped pursuing it and paused.

“You’re too despicable, integrating Sa Qi into the spear tip and suddenly attacking me in the later stage. I couldn’t react in time. Otherwise, you wouldn’t have won.” The Ice-Fire Sky Phoenix gritted its teeth.

Yang Chen smiled slightly, “Being able to win means any means can be used. And what I’ve done doesn’t seem to be something despicable. I won fair and square against you, so there’s no despicable.”

“Hmph, you win. I never thought I’d be defeated by someone from this small interface.” The Ice-Fire Sky Phoenix snorted.

“In that case, you should agree to sign an attachment contract with me now,” Yang Chen said.

“No problem, no problem. Can you sign the contract?” The Ice-Fire Sky Phoenix asked.

“I can’t,” Yang Chen said.

The Ice-Fire Sky Phoenix rolled its eyes, looking at Yang Chen as if he were a bumpkin.

Then it said, “You listen to me, I’ll tell you various incantations to sign the attachment contract, and you recite them with me later, and the contract will be generated through the power of rules. Whoever violates it will suffer the power of rules and die.”

“Fine, you go ahead.” Yang Chen was still somewhat on guard.

After all, this Ice-Fire Sky Phoenix was not a well-behaved creature. In the face of a contract he had no knowledge of, if this guy tried to sabotage it, wouldn’t he be left crying without tears?

The Ice-Fire Sky Phoenix now opened its mouth and said a bunch of things all at once.

“Just follow what I said, and later, you can swear to the sky. It’s similar to the effect of swearing to the Heavenly Dao, the only difference is that it’ll have a horrifying binding effect on strong cultivators like me!” The Ice-Fire Sky Phoenix said.

Hearing this, Yang Chen nodded secretly.

It seemed that ordinary heaven and earth oaths had a very average binding effect on Boundaryless Stage experts, who possessed the power of rules?

He didn't know what was going on, so he began to recite, "I am willing to accept Ice-Fire Heavenly Phoenix Bao Lu's attachment and am willing to find a new body for her, to restore her past glory, and so on..."

"Your name is Bao Lu?" Yang Chen asked.

The Ice-Fire Sky Phoenix seemed a bit unhappy with the name, and when it heard Yang Chen say it, it coughed twice, "Yeah, it's Bao Lu, what's the problem?"

"Oh, nothing. You said I have to find you a body and restore your past glory, what's going on?" Yang Chen asked, puzzled.

It hadn't said that before.

"When signing a contract, of course, some conditions have to be mutually satisfied. I don't have a body now, so you can help me find a body. When I find a body in the future, I'll definitely thank you. It's perfectly normal for you to help me when you want to sign an attachment contract with me," the Ice-Fire Sky Phoenix muttered.

Yang Chen snorted coldly, "How can you take all the advantages? I want you to attach yourself to me, and you want me to have a big fight with you. Only after winning can I get your approval and let you attach yourself to me. Now that I've won, you want me to help you find a body. Tell me, what can you help me with after I've gone through all this trouble for you?"

The Ice-Fire Sky Phoenix said pitifully, "Anyway, we're going to sign an attachment contract, so what's the big deal if one of us suffers a little loss?"

“This is not about suffering loss, but about building trust between us. I don’t want you to have any secrets from me after you attach yourself to me, and only tell me when it’s absolutely necessary. Right now, I’m very disappointed in you, so let’s give up on signing the contract.” Yang Chen shook his head.

The Ice-Fire Sky Phoenix was too slick and very selfish.

This made Yang Chen a bit embarrassed. Was all the True Dragon Sky Phoenixes’ personalities like this? Compared to them, this Ice-Fire Sky Phoenix was just less arrogant.

But he had already sensed the Ice-Fire Sky Phoenix’s arrogant nature, only that its eccentric nature was more prominent.

If that was the case, it was better not to establish this attachment relationship.

Yang Chen turned and left, driving the Ice-Fire Sky Phoenix crazy.

“Wait, don’t go, I’ll definitely help you. We help each other out. If you help me, I’ll definitely help you too.” The Ice-Fire Sky Phoenix immediately screamed, afraid Yang Chen would leave and blocked his way.

Yang Chen saw the Ice-Fire Sky Phoenix becoming anxious and asked directly, “How will you help me?”

“If you help me regain my body, I’ll reward you with endless benefits. My strength in my previous life was beyond the Boundaryless Stage experts. If I help you, don’t you think you’ll gain a lot of benefits?” The Ice-Fire Sky Phoenix laughed.

Yang Chen remained calm.

He couldn’t just listen to the other party.

The endless rewards this guy spoke of were quite attractive, but no one knew the specifics.

However, since the other party had said so much, if he refused again, it wouldn't look good.

After thinking it over, Yang Chen said, "Alright, this deal is fair enough. Let's sign the contract."

"Great, no problem!" The Ice-Fire Sky Phoenix was delighted, "Let's recite what I just said together!"

Yang Chen recited the words the Ice-Fire Sky Phoenix had requested.

"I am willing to accept Ice-Fire Sky Phoenix Bao Lu's attachment and am willing to find a suitable body for her, to restore her past glory..."

"I am willing to attach myself to Yang Chen and protect him, guarding him through dangers, and give him assistance after he helps me rebuild my body..."

Then, another series of strange incantations were recited simultaneously by Yang Chen and the Ice-Fire Sky Phoenix.

The incantations took effect!

Immediately, blue flames emerged around Yang Chen and the Ice-Fire Sky Phoenix. The blue flames burned and surged, merging with a large amount of Rule Power and instantly entering Yang Chen and the Ice-Fire Sky Phoenix's bodies.

Yang Chen felt a slight warmth in his abdomen, and the power of the rules was not to be ignored.

He felt that the contract had been formed, and if he broke it, the power of the rules would strike him down at any time.

"Each interface has a Heavenly Dao, and the power of the Heavenly Dao can be removed by powerful beings who can cross interfaces. But the power of the rules is different. The rules of each interface are the same, and trying to violate them is the most foolish thing to do," Ice-Fire Sky Phoenix explained.

Chapter 2469: Demon Leaves the Palace (Thirty-seventh Update)_1

“Don’t worry, as long as you don’t think about betraying, I won’t betray,” Yang Chen said.

Ice and Fire Sky Phoenix laughed, “Rest assured, I’m the kind of person who sticks to his promises.”

Yang Chen rolled his eyes, displaying his disbelief, thinking ‘You stick to your promises? Keep your vows? You must be joking.’

Of course, he didn’t say anything, but instead asked, “Now that we’ve made a contract, we can leave Dragon Valley. How can you hide inside me without being discovered?”

“Frankly speaking, it’s a bit difficult. I can use my means to hide entirely within you, and for a while, you might not be able to contact me, feel my presence, or summon me. Although it’s cruel, and I know you’ll miss me, but I have no choice. In order not to let others in Dragon Valley find out about me, I have to do this,” the Ice and Fire Sky Phoenix said.

“Even I can’t detect you? What are you going to do?” Yang Chen was very suspicious, thinking that the Ice and Fire Sky Phoenix might be plotting something!

Ice and Fire Sky Phoenix laughed, making it difficult for people to figure out what she was thinking.

Then, she blinked and instantly transformed into a ball of Ice and Fire, and in a flash, became light and entered Yang Chen’s body.

The speed of her disappearance was so fast that Yang Chen didn’t have time to react.

He tried to resist instinctively, but since he had signed an attachment contract with the Ice and Fire Sky Phoenix, he couldn’t do anything.

But since the Ice and Fire Sky Phoenix had disappeared in the blink of an eye, he couldn’t detect where she had gone. Now he subconsciously called out to her a few times, but it had no effect, baffling Yang Chen.

“Where did this guy go?” Yang Chen muttered to himself.

He couldn’t detect her, so it seemed that the methods used by the Ice and Fire Sky Phoenix were quite strange indeed.

That’s all right, if he couldn’t detect her, then those people in Dragon Valley shouldn’t be able to detect her as well.

While thinking about it, Yang Chen finally felt at ease and left, heading back.

When he returned, from the Nineteenth Palace to the First Palace...

All the way, the Dragon Souls bowed down and didn’t dare to provoke him, fearing Yang Chen from the heart.

Yang Chen returned safely to the First Palace.

Then, he stepped out from there.

When he left the Dragon Soul Palace, Yang Chen returned to the original Dragon Valley.

The scenery remained the same, the only difference being the expressions and gazes of the flying dragons as they looked at him.

At first, these True Dragons looked down upon Yang Chen with arrogance, disdain, and contempt deep in their bones.

They believed Yang Chen was not worthy of speaking to them, and insignificant humans were not worth mentioning.

But now, the arrogance and disdain in their eyes were gone, leaving only respect and incredulity from their hearts toward Yang Chen.

Indeed, it was incredible. Everything Yang Chen had just displayed had made them realize how terrifying he was as a person.

All the way to the Twentieth Palace...

“This demon finally came out.”

“What happened to him in the Twentieth Palace?”

“I can’t believe my eyes that this guy passed through the Nineteenth Palace!”

“He entered the Twentieth Palace...”

“What’s inside the Twentieth Palace?”

Many True Dragons were curious, looking at Yang Chen with confusion, awe, or even a hint of admiration.

Golden Emperor wanted to find trouble with Yang Chen, as he had just made him lose face. But thinking of Yang Chen’s performance just now, he really didn’t know how to find trouble with him any more.

This guy was simply too monstrous!

Just as the numerous True Dragons instinctively made way for Yang Chen, a huge True Dragon suddenly appeared in the sky.

All the dragons bowed down, and a natural sense of fear and submission emerged in their hearts as they faced this dragon.

This dragon was the Dragon Ancestor who had been motionless for years in the Dragon Pond.

Now that even the Dragon Ancestor was alarmed by Yang Chen, no other dragon dared to look down on him.

“Yang Chen...” The Dragon Ancestor came here with a deep pair of eyes staring at Yang Chen.

As the Dragon Ancestor stared at him, Yang Chen tried his best to keep his inner turmoil in check!

He could feel that the Dragon Ancestor didn't harbor malice towards him, but he definitely didn't have any good intentions either.

The reason the Dragon Ancestor came here was most likely to hold him accountable for his actions.

“You...entered the Twentieth Palace...” The Dragon Ancestor asked.

“Yes!” Yang Chen said, “After passing through the Nineteenth Palace, I wanted to go to the Twentieth Palace and have a look.”

“Yang Chen, I really didn't expect it, haha. The first person to reach the limit of the Dragon Soul Palace is not a member of our Dragon Clan, but you, a human. We dragons look down on members of other clans, and view humans with contempt, as if they're ants. But now, it turns out that the limit of humans is far more terrifying than our Dragon Clan.” The Dragon Ancestor sighed with emotion.

Honestly, before seeing Yang Chen, he also believed that the strongest beings in the sky were their True Dragons.

They, the True Dragon Clan, were naturally powerful. Their innate talent could make up for the comprehension of Dao Intent Inscriptions, something that no other clans could do!

But now, with Yang Chen's appearance, he realized just how foolish his thoughts were!

Are Dragon Clans really unparalleled?

What a joke.

Humans are not inferior to dragons.

Upon hearing the Dragon Ancestor's words, Yang Chen gave a nod and replied, "There is no limit to any clan; I, Yang Chen, have only reached my own limit, which doesn't represent all humans, nor does it mean that humans are necessarily stronger than dragons. Senior, your praises are too kind."

Hearing Yang Chen's words, the True Dragons took a deep breath, feeling ashamed and embarrassed.

Especially Golden Emperor and Zi Dian (Purple Lightning), at this time, they completely submitted to Yang Chen and didn't want to cause him any trouble.

Look at Yang Chen, and then look at themselves!

Before they even won against Yang Chen, they were already mocking and belittling others. But the facts showed Yang Chen was far superior to them.

Later, Yang Chen did not show any hint of arrogance. Instead, he spoke humbly, and just this courage and demeanor made them feel inferior and even more submissive.

The admiration for Yang Chen in the eyes of these True Dragons became more and more evident.

The Dragon Ancestor also found the scene incredible.

The power of this human was truly unfathomable.

The surrounding dragons seemed to be subtly influenced by Yang Chen.

“Golden Claw, you really have a good friend here.” Dragon Ancestor sighed, then suddenly changed the topic: “Yang Chen, my young friend, I truly admire you, but still, I have to say what needs to be said!”

Upon hearing this, Yang Chen’s expression tightened, knowing that the main topic was coming.

Chapter 2470: Battle of Wits with the Dragon Ancestor (Thirty-eighth Update)_1

Dragon Ancestor wanted to ask something, and Yang Chen knew it all too well.

The other party must be trying to ask about everything inside the Twentieth Palace.

If he couldn’t answer this question well, then today, he would have to explain himself here, with no other possibilities.

There was no way around it, the Ice and Fire Sky Phoenix in the Twentieth Palace was too important for the entire Dragon Clan.

Let’s not talk about whether the Ice and Fire Sky Phoenix will later seek revenge against the Dragon Clan, even if the Ice and Fire Sky Phoenix doesn’t seek revenge, would these Dragon Clan members think so?

Definitely not.

Yang Chen’s heart was extremely uneasy, but his face remained as calm as ever.

Meanwhile, Dragon Ancestor gazed at Yang Chen with deep eyes, cunning and crafty!

It seemed calm on the surface, even praising Yang Chen numerous times, but deep down, he observed and scrutinized repeatedly, and his purpose couldn’t be more obvious.

First, flatter him until he feels proud, and when the time is right, deliver the fatal blow.

Luckily, Yang Chen wasn't that easy to deal with. He remained calm without a ripple on his face, and patiently waited for Dragon Ancestor to ask the question.

"What did you encounter in the Twentieth Palace?" Dragon Ancestor asked.

Yang Chen put on a curious face: "I didn't encounter anything in the Twentieth Palace."

"You didn't encounter anything? That's impossible." Dragon Ancestor clearly didn't believe it.

Yang Chen scratched his head, equally puzzled: "I was very curious about this matter as well. I went to the Twentieth Palace with the purpose of finding a strong enough Dragon Soul to attach to me, but who would have known, I didn't encounter anything."

Upon hearing these words, everyone's mouths twitched awkwardly.

You thought the Dragon Souls of these two Late Boundaryless Stage Ancestors weren't strong enough, chose to refine them instead of attaching them, and ran to the Twentieth Palace?

Now your greed has swallowed you up, and you haven't gained anything, huh!

While they admired Yang Chen in their hearts, they still felt somewhat pleased with themselves.

Yang Chen continued to speak: "I wandered around the Twentieth Palace, but still didn't see anyone."

He looked very wronged.

Inwardly, he cursed at the Ice and Fire Sky Phoenix.

It's fine that the other party entered his body, but now he has to come up with excuses for it.

"Oh? You really didn't encounter anything in the Twentieth Palace?" Dragon Ancestor asked.

"Really," Yang Chen said innocently.

Dragon Ancestor was half-convinced, but cold as ice on the surface. His expression darkened instantly: "Yang Chen, are you lying to me? I have been to the Twentieth Palace myself, and there is a terrifying creature there. How can you say that you didn't encounter anything at all?"

All the other True Dragons turned pale.

Dragon Ancestor had been to the Dragon Soul Palace's Twentieth Palace?

Yang Chen was also shocked in his heart.

Had Dragon Ancestor really been to the Twentieth Palace?

True or false?

Soon, Yang Chen calmed down!

Dragon Ancestor must be bluffing him! With some careful thought, it was clear. If Dragon Ancestor had truly been to the Twentieth Palace, he would directly mention the name of the Ice and Fire Sky Phoenix, so why say there was a terrifying creature?

It was clear that he didn't know what was inside and was basing it solely on his conjecture.

Yang Chen knew all this, but still acted expressionless on the surface, putting on a puzzled appearance: "Dragon Ancestor, it seems that we encountered different things. I really didn't encounter anything

there. If there was anything, wouldn't I be happy to attach it to me directly? I now feel very wronged. My trip to the Dragon Soul Palace was a waste."

The other True Dragons twitched the corners of their mouths.

Did you call this a wasted trip?

You took such a big advantage in the Dragon Soul Palace!

Now, Dragon Ancestor couldn't tell if it was true or not. Yang Chen sounded so sincere that it was almost impossible to detect anything wrong.

However, Dragon Ancestor had lived for so many years, and he had seen all sorts of sly people.

At this moment, Dragon Ancestor didn't believe Yang Chen right away but instead said, "I have the ability to judge whether it's true or not, Yang Chen. Give up your resistance, and I will check your whole body. If you really didn't encounter anything in the Dragon Soul Palace, I can detect it."

"This..." Yang Chen hesitated.

Dragon Ancestor might not have seen the Ice and Fire Sky Phoenix and probably didn't know its existence like the Ice and Fire Sky Phoenix had said. However, the Inheritance from Dragon Ancestor must have pointed out that there was a terrifying existence within the Twentieth Palace.

After some thought, Yang Chen frowned inwardly, suspecting that the excuse he had chosen was not perfect. Despite more thinking, he found it impossible to come up with a more adequate excuse to cover it up.

But this excuse still had the potential to be misleading!

"I don't know how well hidden the Ice and Fire Sky Phoenix is, but I hope Dragon Ancestor won't discover anything. Otherwise, I'll be in real trouble." Thoughts swirled in Yang Chen's mind.

On the surface, he said, "Senior, everyone has their secrets..."

"Rest assured, I don't care about your secrets. I just want to check if there are any creatures attaching to your body!" Dragon Ancestor calmly responded.

With a relieved expression, Yang Chen said, "Alright, senior, let's do it."

He started to give up resistance, knowing there was no use in it, and that Dragon Ancestor was determined to inspect him.

At this moment, Dragon Ancestor's internal power surged, instantly enveloping Yang Chen's entire body...

Then, Yang Chen felt as if Dragon Ancestor had thoroughly seen through his entire body, a feeling he didn't appreciate.

Obviously, Dragon Ancestor had used a powerful method. Yang Chen assumed that if there were even the slightest breath in his body, Dragon Ancestor would detect it with clarity.

It would be false to say that he wasn't worried.

Yang Chen even silently clenched his sweat.

But to his surprise, after Dragon Ancestor inspected him once, he seemed as if he hadn't detected anything.

Dragon Ancestor didn't give up and examined him a second time but still didn't find anything.

Yang Chen secretly rejoiced at this.

With what method did Ice and Fire Sky Phoenix hide itself? Even Dragon Ancestor, a Boundaryless Level existence, failed to detect it.

Where exactly did it hide?

As Yang Chen was puzzled, Dragon Ancestor's face grew embarrassed.

He hadn't detected anything at all.

Dragon Ancestor couldn't help but feel a little humiliated, but after two inspections, further examinations would be unreasonable.

He coughed twice: "It seems that I misunderstood my young friend Yang Chen. As it turns out, you really didn't encounter anything in the Twentieth Palace."

"Yeah, I'm puzzled as well. If I could just enter the Dragon Soul Palace again, that would be great. This time, I will cherish the opportunity and find a Dragon Soul to attach to me," Yang Chen said.

Dragon Ancestor's mouth twitched a few times: "That's impossible. Our Dragon Clan's Dragon Soul Palace is generally not open to outsiders. Young friend Yang Chen, your one-time entry has already broken many rules. Entering it again would be difficult to justify."

Allow you to enter another time?

It would be foolish to let this demon enter again! The entire Dragon Soul Palace has been bled dry by your single entry. If you go in again, would it not be like letting a thief into a village and sweeping it clean?

Yang Chen only smiled, not seriously considering entering again. Seeing that the timing was about right, he said, "Haha, I understand. Since everyone has no more opinions about my being friends with Golden Claw, I will take my leave."
