Chapter 2481: Lu Nan Appears_1

But at this point, how could the two of them admit to this?

Originally, they had sworn that they would help King Hando resolve these matters no matter what. If they were to go back on their word now, wouldn't they be slapping their own faces?

This made the Twin Star Elders grit their teeth and say, "Rest assured, King Hando, since we promised you, we will definitely not go back on our word. Separate or not, we have been famous for so long, do you think that when we are apart, we become soft persimmons to be kneaded at will by others?"

They didn't believe that they would have any issues dealing with the demons individually today, considering how easily they usually dealt with them together.

"As long as the two of you say so, I will be completely relieved." When King Hando heard this, he was overjoyed, thinking that the two were indeed confident and did not say anything more.

At this time, a large number of royal family members began to enter the Demon Extermination Conference venue.

The audience seats for the conference were reserved in advance.

King Hando's seat was slightly in a remote corner, a place where few people went, belonging to a lower-class position.

Now, as he sat down, many of the royal family were already in place.

Before the start, King Hando respectfully said to the Twin Star Elders, "As I have told you before, each royal family can challenge three types of demons: the lowest level Dao King Demons, the Peak Dao King Demons, and the Dao Sovereign Demons."

“By challenging the lowest level Dao King Demon, you can pass the trial and not be expelled from the royal family. Challenging the second level and defeating the Peak Dao King Demon can also improve your status. If you can successfully defeat the third level demon, there’s even a special reward. As for us, we don’t need to aim too high, just challenge the lowest-ranked demon.”

While King Hando was eager to try, he simply didn’t have the ability to touch the highest level Dao Sovereign Demons.

Even Earth Fiend Clan Dao Venerate experts dared not provoke Dao Sovereign Demons easily.

It should be known that Dao Venerate experts, among the many royal families, only the top few possessed such powerful ones. Apart from them, these experts rarely appeared in the outside world. Each Dao Venerate expert had a renowned reputation.

“We understand.” The Twin Star Elders seemed quite impatient as they replied.

King Hando saw that they still had quite a temper and felt embarrassed, not daring to say anything more.

Thus, time passed.

The number of people in the conference venue was increasing, and all the royal families finally gathered together.

At this point, the Nine Flames Star, high in the sky, stood up from his seat.

When the Nine Flames Star stood up, all the royal families were somewhat surprised, their expressions serious, and their eyes focused on him.

The host, the Great Flame Star, stood up, walked forward with his hands behind his back, scanned the crowd, and after just a light cough, the noisy scene instantly quieted down.

All the royal families dared not speak any more and waited for the Great Flame Star to preside.

The Great Flame Star calmly said, "It seems that everyone has almost arrived. If that's the case, we can begin the Demon Extermination Conference. However, before that, we need to invite Prince Lunan and the respected Mingling Venerable, among other distinguished members of the royal family."

Speaking of Prince Lunan, the Great Flame Star also respectfully bowed.

"Prince Lunan, Venerable Mingling, you may come out now."

The Nine Flames Star also bowed respectfully at the same time.

Hearing this, all the royal families held their breath.

At this moment, a black Sa Qi formed a path in the sky, and the two figures emerged and walked down from the path made of Sa Qi.

Each step was extremely steady and powerful.

Each step made the royal families dare not blink.

Yang Chen, filled with curiosity, looked at the two figures and smiled when he saw them.

The two were none other than Lunan and Mingling Venerable.

Seeing the two, Yang Chen just rubbed his eyebrows, knowing that he had finally found them. However, it wouldn't be appropriate to go directly to see them since they were in the spotlight now.

After thinking about it, Yang Chen decided not to act too hastily.

Wait for a while.

Clearly, Lunan and Mingling Venerable held high positions in the Earth Fiend Clan, and when they appeared, the entire audience's eyes were on them, with countless cheers, wave after wave, making it an extremely horrifying scene.

Especially Lunan, whose status within the entire Earth Fiend Clan had reached its peak.

"Prince Lunan!"

"Prince Lunan, Prince Lunan!"

Everyone was shouting these names.

Mingling Venerable laughed heartily, "Young Master, your popularity is still as high as ever."

Lunan nodded gently with a smile and looked at the people in front of him, "Everyone, today I will personally be here to watch everyone participate in the Demon Extermination Conference and fight against the Demon Devils. I hope everyone can give it their all and not disappoint me."

"We pledge to serve Prince Lunan loyally!"

"We are all Prince Lunan's subjects!"

These people were all shouting out their loyalty to Lunan, with respect that came from their bones and hearts.

Yang Chen couldn't help but smile secretly, thinking that Lunan's popularity was so high that he hadn't expected it.

Lunan didn't say anything more as he had to be reserved and speak sparingly since he was in a high position.

At this time, Lunan sat down, and the Great Flame Star began to speak.

"Everyone has seen that Prince Lunan is here in person today to inspire everyone. I hope everyone will show their strength and not disappoint Prince Lunan. Alright, I have nothing more to say. You all know the rules. Starting with the first royal family to enter, each bloodline has three chances to challenge the demons. And these demons are divided into (low-level Dao King Demons, mid-level Peak Dao King Demons, and top-level Dao Venerate Demons."

"If you can kill these demons and demonstrate the strength of your own royal family, that's the best. If you can tame these demons, that's even better!"

"Everybody knows the rules, so let's have the first participating royal family come forward." The Great Flame Star explained.

The order of appearance was determined by the order of entry into the Demon Extermination Conference.

The first royal family to appear didn't seem overly ambitious and chose the lowest-ranked demon.

And the one who fought was a Dao King from the Earth Demon Clan who looked quite formidable.

"Release the demon!" someone from the Demon Extermination Conference shouted immediately.

As the royal family's Dao King entered, the demon was released from the giant cage where it had been kept.

Yang Chen, seeing this, became completely focused.

He was very interested in these demons, and since he didn't have a chance last time, he wanted to observe them carefully this time.

As he thought about it, the Earth Demon royal family's Dao King had already collided with the demon!

The battle started all of a sudden, and the two sides were evenly matched!

Chapter 2482: Who Goes First!_1

Yang Chen carefully observed now.

Others couldn't do it, but Yang Chen accomplished it effortlessly. He deployed his Lingxi Divine Pupil, which could easily penetrate the body of this Demon Devil and discern its current key situation.

"So that's how it is..."

Yang Chen muttered to himself.

The root cause for these Demon Devils to lose control and become engulfed with evil aura was actually the Demonic Qi within their bodies.

Sa Qi is difficult to control, and in fact, the Earth Fiend Clan is considered extremely talented among other races. According to the Ice and Fire Sky Phoenix, even in their domain, their control over Sa Qi is quite average.

However, the Earth Fiend Clan managed to control it utilizing the combination of the Ancient Monster Clan and the Ancient Demon Clan.

Among them, the Ancient Demon Clan is the key.

By relying on the Ancient Demon Clan's Demonic Qi suppression, they can suppress this Sa Qi.

But as time changed, the Earth Fiend Clan's bloodline from the Ancient Demon Clan within their bodies became weaker, and they could no longer suppress the increasingly stronger Sa Qi in their cultivation.

This resulted in their Sa Qi and Demonic Qi exploding simultaneously, transforming them into complete Demon Devils.

Thinking of this, Yang Chen secretly felt relieved that he controlled his own Sa Qi by relying on Black Demonic Qi. The Black Demonic Qi is the most refined and can perfectly suppress Sa Qi.

If it were ordinary Sa Qi, Yang Chen, who had reached the ninth stage of the Ten Transformation Godhood in his cultivation, would have been unable to suppress it by now.

"This Demon Devil is going to lose," Yang Chen thought.

The first to take action, a top-tier master invited by the royal family, finally managed to barely defeat the Demon Devil after a fierce battle and scored the first victory.

"Not bad," Lu Nan was very happy.

The royal family who took part in the battle also heaved a sigh of relief.

After all, they were conducting a battle in front of the royal family, and no one would not be worried or nervous.

Having barely won, they managed to save face.

Next, in order, the second royal family!

Quickly, the second royal family took action, also challenging the lowest-level Demon Devil.

These royal families were well-prepared, so they were full of confidence in challenging the lowest-level Demon Devils. However, they dared not touch the slightly higher-level ones.

However, not everything is set in stone. After a round of challenges by dozens of royal families, two of them failed to challenge the lowest-level Demon Devils.

After the failure, the two royal families were obviously dispirited. After all, once they failed, they would be expelled from the royal family, a tragic fate that they didn't want to see.

However, the royal family does not need the weak!

Lu Nan and Mingling Venerable had no sympathy for them. If they occupied high positions, they had to be prepared for it.

At the same time, the pressure on King Hando and Chi Hong increased significantly.

Next, several royal families challenged the intermediate-level Demon Devils, but almost all of them ended in failure. They could only challenge lower-level Demon Devils reluctantly and then pass all of them.

In an instant, all the royal families had a zero success rate in challenging the intermediate-level Demon Devils.

It wasn't until the royal family line of King Ye Feng, the mortal enemy of King Hando, appeared!

King Ye Feng dared to challenge the intermediate-level Demon Devils without hesitation.

"Our royal family challenges the intermediate-level Demon Devils!" King Ye Feng said confidently.

Immediately, he turned to address the 'Master Zhenkong' who will be fighting behind him, "Master Zhenkong, I'll leave it to you to deal with this intermediate-level Demon Devil."

“Rest assured, I’ve dealt with many of these intermediate-level Demon Devils,” Zhenkong calmly stepped forward. When Zhenkong stepped out, everyone’s attention was drawn to him, and all eyes were focused on him.

Many people knew very well who Zhenkong was.

“It’s actually Zhenkong!”

“I didn’t expect that King Ye Feng would invite Zhenkong.”

“It is said that Master Zhenkong has killed many powerful Demon Devils. No wonder King Ye Feng dares to challenge the intermediate-level Demon Devils!”

When the intermediate-level Demon Devil was released, its Sa Qi enveloped the area, making it quite terrifying!

But Zhenkong was very confident, and the Sa Qi he displayed was even stronger than the intermediate-level Demon Devil’s by a bit. Moreover, it was mixed with Dao Intent as it fiercely attacked the intermediate-level Demon Devil!

“These Earth Devil Clansmen put as much emphasis on Sa Qi as Dao Intent.” Yang Chen muttered to himself.

For foreign races, the power of Dao Intent was greater than all other forces.

Only the Earth Fiend Clan was different, as they placed even more importance on Sa Qi than Dao Intent.

However, one could not deny that this choice was not wrong.

Just like these Demon Devils, after losing their way, their use of Dao Intent became extremely weak, almost nonexistent.

But relying on Sa Qi alone, they could easily defeat the Earth Fiend Clan members of the same level, which showed how terrifying Sa Qi was.

“It seems that I really need to cultivate Sa Qi more...” Yang Chen muttered to himself.

After all, no one could tell when the weakness of a material force would be found!

While thinking about this, Zhenkong’s attack had already suppressed the intermediate-level Demon Devil.

“Not bad!” Lu Nan muttered.

As the first person to suppress the intermediate-level Demon Devil, he felt quite satisfied.

Moreover, there was a clear hope for Zhenkong to win.

This person’s usage of Dao Intent and Sa Qi was quite proficient. After taking control of the Demon Devil, he quickly found its weakness and launched a fierce attack!

With a scream, the Demon Devil roared in pain, its body uncontrollably flipping backward and crashing violently to the ground. Then, Zhenkong continued to bombard it relentlessly.

After the third bombardment, the Demon Devil’s body shattered into nothingness, completely destroyed.

“Hahaha!”

Seeing this scene, King Ye Feng knew that Zhenkong had completed the task.

The proud expression on his face was revealed. As the first person to defeat the intermediate-level Demon Devil, he had every right to be proud.

Prince Long Teng's face also showed a proud expression.

Zhenkong then slowly returned to the crowd, receiving many praises and applause. Many people saw that King Ye Feng was about to rise to prominence, and all flocked to him to curry favor and flatter him.

"King Ye Feng, you are really amazing."

"King Ye Feng, you are truly powerful, able to invite Zhenkong here. Master Zhenkong's actions are indeed extraordinary. I didn't expect the intermediate-level Demon Devil to be no match at all!"

Many people began to praise him. Looking at King Hando, his expression was quite embarrassing.

He was so embarrassed partly because of King Ye Feng's success, and partly because it was almost his turn to perform.

Soon, King Hando sighed. He didn't expect to compete with King Ye Feng. As long as they could pass the lowest level Demon Devil test and maintain the royal family's status, that would be enough!

"Twin Star Elders, it's up to you next. Which one of you will go first...?" King Hando asked incredulously.

Chapter 2483: What Can He Do?_1

Master Xing and Feng exchanged glances, feeling somewhat insecure in their hearts.

But it was already at this point, and backing down was absolutely impossible.

After discussing briefly, Master Xing said, "I'll take the first shot."

Upon saying that, Master Xing quickly stood up and jumped directly into the battlefield in front of everyone.

As Master Xing entered the scene, Lu Nan glanced in his direction, feeling a familiar aura from him.

He wanted to take a closer look but decided to give up on it and treat it as a coincidence.

“We challenge the lowest-level Fiend Demon!” King Han Dong said at this time.

As soon as his words ended, the lowest-level Fiend Demon was released.

As soon as the demon appeared, its eyes turned red, and it immediately attacked Master Xing without any hesitation.

Seeing the Fiend Demon pounce on him like a starving tiger, Master Xing quickly launched his attack.

However, as soon as Master Xing made a move, it seemed quite amateurish and jerky, as if he had hardly experienced any battle.

As a result, he was soon suppressed by the lowest-level Fiend Demon, and within a short time, Master Xing cried out in pain.

“What- what?!” King Han Dong panicked, “Master Feng, what should we do?”

Master Feng gritted his teeth, “Why are you asking me? Master Xing and I are usually a team, and it’s normal for our fighting power to be greatly reduced when separated.”

King Han Dong’s face turned bitter.

It was clearly you two who claimed that you could fight separately. Now you’re losing and blaming me?

He felt wronged, but their royal family's position had fallen so low that even the Two Masters Xing and Feng couldn't be provoked. So even if he felt wronged, he could only swallow it, hoping that Master Xing could win back some face for them.

But Master Xing clearly had no intention of fighting to the end.

Seeing that he couldn't win, he opened his mouth without hesitation, yelling, "I concede, I concede!"

This made Yang Chen secretly laugh.

Master Xing was quite something, taking money to do things but then surrendering after just a few rounds.

The moment his surrender echoed, King Han Dong immediately became the laughingstock of everyone present.

King Han Dong clenched his teeth, looking at Master Xing returning, "Master Xing, why did you concede?"

"I simply cannot beat this Fiend Demon; surrendering is my only option!" Master Xing casually replied, sounding very self-righteous.

This made King Han Dong feel like cursing. Not only had he lost all face because of Master Xing, but now Master Xing was acting like nothing happened.

As the host, Great Flame Star calmly said, "King Han Dong, you still have two more chances to challenge. The first round has already been conceded, what should we do for the next two rounds?"

"Hahaha, surrendering? King Han Dong, if I were you, I would just crawl into a hole right now instead of continuing to disgrace myself here," mocked King Ye Feng, laughing loudly.

Not wanting to miss such an opportunity to ridicule him, many people around also started laughing, mostly to please King Ye Feng.

Moreover, King Han Dong indeed appeared quite comical.

King Han Dong sighed, "Two Masters Xing and Feng, what should we do next?"

"I'll give it a try. I've already seen Master Xing's performance earlier, so I've gained some experience," Master Feng said calmly.

"Alright, then Master Feng will give it another shot," sighed King Han Dong, feeling helpless.

Although he already had some doubts about the two, he had no other choice except for relying on Masters Xing and Feng.

Now Master Feng made his move, fighting the Fiend Demon again.

Indeed, from Master Xing's previous performance, Master Feng had gained some experience. But what good would that experience be in a real battle?

Within just a short time, Master Feng was also suppressed, and after a few rounds, he shouted on the spot, "I concede!"

He surrendered and hurriedly fled back.

The Fiend Demon couldn't pursue him out of the battlefield due to the Array Formation.

At this moment, Master Feng's behavior completely humiliated King Han Dong, making everyone in the audience laugh themselves to tears. Both Lu Nan and Extinguishing Spirit Venerable couldn't bear to look at King Han Dong anymore, thinking that he had utterly humili

King Han Dong also exploded in anger now: “Master Feng, what on earth do you want to do!”

“I can’t win, so I have to concede,” Master Feng looked innocent.

“Nonsense! You went up and only fought a few rounds before conceding, not to mention losing face, and you wasted my chance to challenge the Fiend Demons!” King Han Dong roared in anger.

He really couldn’t take it anymore.

But Master Feng sneered and said indifferently, “King Han Dong, why be so stubborn? Anyway, you don’t have any available manpower. Hahaha, relying on him for help? What can a single human do?”

Seeing that even the father-son duo had resorted to asking Yang Chen for help, the entire audience laughed even harder.

Feeling completely humiliated and enraged, Han Dong’s son Chi Hong pleaded with his father, “Father, why don’t we try asking the human elder for help?”

King Han Dong now had no other choice. He hesitated for a moment before saying, “My human friend, I hope you can help me this time. If you can help me with this, I promise to repay you in the future.”

Hearing this, Yang Chen touched his ear.

The father and son duo were quite something. They didn’t even know his name yet, and only remembered him in their time of need.

Honestly, he didn’t really want to take action. However, since he was already here, he might as well help the father and son duo.

“Him?” The Two Masters Xing and Feng laughed mockingly. “King Han Dong, you really are grasping at straws, relying on his help? What can a human do?”

Chapter 2484: Do Demon Devils Surrender?_1

Both of their laughter were filled with disdain as they never took Yang Chen seriously from the beginning. In their eyes, it would be more worth it for King Han Dong to have the two of them surrender instead of using Yang Chen.

At least, the two of them had some fame. So if both of them had no way out, it wouldn't be unjust for King Han Dong to be expelled from the royal family!

It was precisely because King Han Dong could be expelled from the royal family at any time that the two of them didn't have the slightest fear of him now.

So, what could King Han Dong do to them?

At this moment, King Han Dong said in a low voice: "If the two of you can't help me, then don't make sarcastic remarks."

"Hmph, I want to see what this human you brought can do to help you win!" The Star Peak Elders mockingly said.

King Han Dong now looked completely helpless and turned to Yang Chen with a pleading look.

Yang Chen lazily replied, "Well, since King Han Dong says so, I'll step in and help."

The look on King Han Dong's face brightened: "Thank you, my friend."

At this moment, Da Yan Star said: "King Han Dong, you still have one more chance, are you going to use it or not?"

Da Yan Star's implication was crystal clear: urging him to give up quickly. After all, King Han Dong had already surrendered twice; if he wasn't embarrassed, the royal family certainly was.

“King Han Dong, give up as soon as possible. You’ve surrendered twice against even the weakest Demon Devil. You might as well leave the royal family as soon as possible with your level!”

When King Ye Feng finished talking, everyone burst into laughter.

“It’s really interesting with King Han Dong surrendering to Demon Devils. Only he could do such a thing.”

“King Han Dong never should have stayed in the royal family in the first place. What has he done for the royal family over the years? His influence has been declining, so he should be expelled.”

At this moment, King Han Dong gnashed his teeth and said, “I will not give up this chance! Friend, it’s up to you now!”

Yang Chen calmly entered the battlefield.

As soon as he did, many people were surprised.

“A human?”

“Why is a human entering the battlefield?”

Many people couldn’t understand.

“What level of Demon Devil would you like to challenge?” Da Yan Star asked.

Without waiting for King Han Dong to speak, Yang Chen immediately said in a gentle voice: “I want to challenge the highest-level Demon Devil.”

At his words, many people were shocked and lost their color, causing an uproar in the whole scene.

“What!”

“Is this kid insane?”

“Challenge the highest-level Demon Devil?”

“Hahaha, what did I just hear? Challenge the highest-level Demon Devil?”

Lu Nan and Mingling Venerable were also greatly surprised. Both looked at Yang Chen and were taken aback at first glance.

“A human?”

But soon, both of them had their pupils shrink as if they had encountered something shockingly incredible.

Yang Chen’s actions, however, caused the whole scene to burst into laughter. Many people even thought that Yang Chen was here to make a joke.

King Han Dong himself was going mad with anxiety. He was crying without tears. Who on earth had he invited?

He asked the Twin Star Elders for help, but they surrendered shamelessly at a critical moment. After surrendering, they were still arrogant, as if they were saying, “I’m surrendering, I’ll eat you up. What can you do about it?”

And now Yang Chen, even more ridiculous, yelled in public: “I want to challenge the highest-level Demon Devil!” Wasn’t that seeking death? Someone who couldn’t handle even the lowest level Demon Devil wanted to challenge the highest level? He really wanted to find a crack in the ground to crawl into now. Could it be that they truly wanted to doom their royal family?

Great Flame Star was somewhat unsure at this moment: “You really want to challenge the highest level demon? Do you know that this demon is at the Daozun level?”

“Yes, that’s right. I want to challenge the highest level demon devil.” Yang Chen tucked his ears in.

After all, he was a powerful figure at the Nirvana stage, and if he only chose to challenge the lowest-level demon devil, wouldn’t it be a waste of his effort?

King Hando was about to collapse. Why was Yang Chen still choosing to challenge after being asked by the Great Flame Star?

Was there something wrong with his head?

“Release the demon.” Great Flame Star spoke.

King Hando knew it was over. Everything was finished.

The Twin Star Elders sneered, “This kid really has a problem with his brain. Challenging the highest level demon devil, who does he think he is?”

Many people did not hesitate to ridicule him, mainly because King Ye Feng took the lead.

King Ye Feng and King Hando were enemies, and it was well known. King Ye Feng was ecstatic to see someone challenging the highest-level demon devil and mocked him in every possible way.

And the others echoed and pleased King Ye Feng.

As such, King Hando’s expression was awkward, and he was even prepared to leave the royal family.

At this moment, the enormous demon devil leaped out of the cage with a loud bang.

In an instant, the overwhelming Sa Qi surged and many people were already prepared for self-preservation. After all, a Daozun level Demon Devil was extremely terrifying and powerful. Once it broke through the prohibition, it represented danger to them too!

They really didn't know where this human got the courage to challenge the highest level Demon Devil.

Yang Chen had to admit that this highest-level Demon Devil was indeed quite impressive.

Its Sa Qi surged, extremely terrifying.

Nowadays, seeing Yang Chen, the highest-level demon devil, without a second word, leaped up and rushed towards Yang Chen.

Unstoppable, ferocious, and terrifying!

The demon's moves were almost always of a destructive nature. Many people were sweating for Yang Chen, while more were secretly mocking him, thinking that he was seeking his own death, blaming no one else.

But just when everyone thought the outcome was certain, suddenly, Yang Chen took action.

He just took a step forward.

Then, a terrifying pressure, like a storm, swept down. The horrible power that surged from Yang Chen's body, was gushing down like a sudden heavy rain!

Next, the Daozun-level demon devil, like a rabbit, was crushed to the ground on the spot, trying hard to struggle, but unable to escape from Yang Chen's powerful suppression.

Then, the demon struggled for a moment, howling as if it had encountered something terrifying, and gradually calmed down the turmoil within its body, choosing to yield to Yang Chen.

It was a deep-rooted fear that surpassed the uprising of evil and demonic Qi.

Yang Chen released his hand, and immediately, the demon, to everyone's surprise, obediently returned to its original cage.

As this scene unfolded, almost everyone was dumbfounded.

What just happened?

A Daozun-level Demon Devil, after being easily suppressed by Yang Chen's bare hands, actually yielded to this man, even obediently returning to the cage on its own accord?

Every part of the process was shocking beyond belief!

Was this still a demon devil?

Just now, what exactly happened?

Chapter 2485: Friends Meet_1

All of them had their eyes wide open, somewhat unclear about what had just happened.

However, everything before their eyes had already plainly shown them the truth!

Yang Chen didn't only defeat the Demon Devils but also controlled them.

This was an incredibly rare accomplishment.

At the very beginning, the royal family said that if one could kill the Demon Devils, they would be greatly rewarded, but if they could control and suppress them, the reward would be even greater.

Why?

Because controlling Demon Devils is even more difficult than killing them.

Controlling Demon Devils is something very few people can do, and if one can control them, it means this person possesses the ability to restore the Demon Devils to their original state.

This is the most precious ability and is something the royal family highly esteems and wishes to find now!

Now, Yang Chen has done it!

“He’s the first one to defeat a Daozun-level Demon Devil, right?”

“Not only did he defeat it, but he’s also the only one who has suppressed it!”

“This!”

King Ye Feng, who had just been very proud and confident, concluded that Yang Chen had no possibility of winning and had also determined that King Hando was like a little clown.

However, the present result was like a slap in the face for each and every one of them!

Yang Chen had won!

He won thoroughly without even moving a muscle.

Looking at King Hando and Chi Hong on the other side, they had already unknowingly swallowed their saliva, even pinching themselves to see if they were seeing things wrong!

Much to their delight, they weren't mistaken; Yang Chen had indeed won against the strongest Demon Devil.

The Twin Star Elders, at this moment, felt very awkward.

"There must be a problem somewhere." The Twin Star Elders gritted their teeth and said.

King Ye Feng also thought the same. He had already made preparations to suppress King Hando, but now, he couldn't help but stand up and shout, "There's a problem, Great Flame Star Sir, I think there's something wrong with this human. It's unreasonable for King Hando to invite a human to our Earth Fiend Clan's affairs. And I suspect that this human may have used some underhanded methods!"

King Ye Feng couldn't believe that someone could easily suppress a Daozun-level Demon Devil.

Great Flame Star felt puzzled, and now, upon hearing King Ye Feng's words, he wanted to issue a detailed judgment!

However, just at this moment, Lu Nan suddenly made a move!

As Lu Nan stood up, many people thought he was going to judge Yang Chen.

"There must be something wrong with this human!"

"Look, even Prince Lu Nan has stood up!"

"It's obvious that something is wrong with this human."

Many people thought so and laughed, seeing that King Hando had astonishingly turned the tables, who wouldn't be happy? They were just mocking the other side a moment ago.

However, as everyone thought that, Lu Nan came to Yang Chen's side.

Then, they both laughed heartily.

"Hahahaha!"

Yang Chen laughed loudly as well, displaying the friendship between him and Lu Nan with his laughter.

"Brother Yang Chen, you actually came to our Earth Fiend Clan, why didn't you tell me earlier? I could have specially welcomed you. It's such a huge surprise for you to appear like this." Lu Nan laughed heartily.

"I saw that Brother Lu Nan was busy with his own affairs, so I didn't want to disturb you." Yang Chen said with a slight smile.

Upon hearing these words, those who thought Lu Nan would condemn Yang Chen were all quite shocked.

Lu Nan, their high and mighty prince, was actually calling Yang Chen his brother?

Is this real or not?

The crowd went crazy, at a complete loss!

What exactly was going on?

Lu Nan apparently noticed everyone's confusion, crossed his arms behind his back, and said loudly, "Everyone, this human friend is my brother Yang Chen from the human realm. Yes, I should have told you all before, the key cultivation method that helped our Earth Fiend Clan get rid of the Demon Devil symptoms came from Brother Yang Chen. It was Brother Yang Chen who saved our Earth Fiend Clan. Although the statue of Brother Yang Chen hasn't been made yet, I hope you all can respect Brother Yang

Chen just as you would respect me. If I hear anyone speaking ill of Brother Yang Chen, I will take it as if you are speaking ill of me.”

When the conversation ended, Lu Nan’s Qi suddenly radiated out.

His Nirvana Stage cultivation level swirled like cold wind, sending chills down everyone’s spine!

No one dares to disobey or ignore Lu Nan’s words.

However, Yang Chen’s friendship with Lu Nan was something many people found hard to accept.

This, this!

Is someone from King Hando’s subordinates actually friends with Lu Nan?

“Is this human the Sky High Yang Chen from the human realm?”

“He’s Yang Chen?”

“This guy!”

King Ye Feng now swallowed his saliva, knowing that he had to apologize immediately. His blatant mockery of Yang Chen just now had become a fact, and if he didn’t act promptly, he wouldn’t even be able to save his own life.

After all, Lu Nan had just said that speaking ill of Yang Chen was the same as speaking ill of him.

If King Ye Feng didn’t make a wise decision on this matter, his fate would only be death.

Looking at the Twin Star Elders, their eyes were now filled with shock and horror about the situation.

Neither of them was a fool. Recalling their initial disdain and difficulties they caused for Yang Chen, they knew they were finished, utterly done for.

In the Earth Fiend Clan, even though the Royal Family was powerful, the Imperial Family held absolute authority.

Challenging the Imperial Family is equivalent to death!

Yang Chen and Lu Nan are friends? What's the difference between that and being friends with someone from the Imperial Family?

The two of them were so flustered that they threw themselves at the feet of King Hando and Chi Hong on the spot.

Seeing that King Hando and Chi Hong were able to invite Yang Chen, the Twin Star Elders thought they must be highly capable!

Both of them must have a deep relationship with Yang Chen, and begging them for mercy seemed like a viable plan.

"King Hando, Nephew Chi Hong, you must save us! Just now, we were blind not to see Mount Tai and offended Lord Yang Chen. Both of you have a good relationship with Yang Chen, so please put in a good word for us, and save us!"

"King Hando, our ancestors indeed had deep connections with you. You must help us in this matter, you must help us!"

The Twin Star Elders cried with snot and tears, making King Hando look disgusted, and he had no intention of helping them.

Even if he could help, he wouldn't help these two. The detestable faces of these two were now clear to him.

Most importantly, they didn't even know what was going on now.

Looking at Yang Chen and Lu Nan, they had already sat together in the highest seats!

Chapter 2486: Lu Nan's Request_1

This is not a treatment that ordinary people can have.

It can be said that even Lu Nan's most trusted Nine Flames Star couldn't sit side by side with him and chat happily.

Only Mingling Venerable was qualified to sit with Lu Nan, but his position had to be slightly lower.

And his attitude needed to be absolutely respectful.

But how about Yang Chen?

He sat with Lu Nan side by side, chatting happily and with sincere sincerity in Lu Nan's attitude towards him.

From this, it can be deduced that the relationship between the two is more than just simple friendship.

Lu Nan approves Yang Chen!

"Brother Yang Chen, take a seat. Haha, let's watch the Demon Extermination Conference together. Speaking of which, this demon devil matter is also quite embarrassing for you," Lu Nan said.

"It's no big deal. Every clan has its own troubles and we humans are no exception," Yang Chen said gently.

Lu Nan nodded, “Haha, speaking of which, Brother Yang Chen, Uncle Mingling has already told me about you slaughtering in various directions within the spatial nodes. I never thought you would be so powerful. I was already quite proud to reach the Nirvana stage, but my gap with you has widened! By the way, is there any invitation for Brother Yang Chen?”

Yang Chen modestly replied, “Invitation? What invitation?”

“Southern Realm!” Lu Nan said, “All the nearby clans have received invitations to the Southern Realm, and Brother Yang Chen, you know that too. As the prince of the Earth Fiend Clan, I naturally have a quota to go to the Southern Realm. Brother Yang Chen, should also be going to the Southern Realm, right?”

“Haha, of course! Yang Chen is the elite genius of the human race. How could he not go to the Southern Realm?” Mingling Venerable laughed.

“Exactly like what Brother Mingling said, I was lucky enough to get a quota to go to the Southern Realm, and when the time comes, we can meet at the North Ming Sea,” Yang Chen said.

Lu Nan laughed, “Hahaha, that’s really great! I was also worried, but now it seems that Brother Yang Chen, your talent is not inferior to mine. If I can go to the Southern Realm, why couldn’t you?”

The two sat together, talking happily.

And this conversation lasted until the end of the Demon Extermination Conference.

The Demon Extermination Conference was of great importance to others in the royal family, but for Yang Chen, it was more like a joke. After all, with his Nirvana stage strength, he wouldn’t care too much about the Enlightenment affairs of the conference.

However, for others, Yang Chen’s ups and downs during this visit were just too hard to accept.

After the Demon Extermination Conference, Yang Chen left with Lu Nan.

It was precisely because of this that King Hando and Chi Hong's treatment in the crowd were completely different.

Everyone thought that King Hando and Chi Hong had managed to cling onto powerful figures!

Only the two of them knew that they were now regretting deeply.

Chi Hong was fine, but King Hando now wished he could find a wall and ram it to death. How could he have sided with the Twin Star Elders at that time?

If, if he had been a little better to Yang Chen at the time, maybe he and his son would have really taken off now.

And now?

They could only get the reward of having Yang Chen solve the Daozun Demon Devil's problem for them but lost the chance of a real turnaround.

As for Yang Chen, he and Lu Nan went to the royal family together.

The royal family was heavily guarded, and Lu Nan had a noble status. All the way, everyone respected Lu Nan greatly!

"Brother Yang Chen, please," Lu Nan smiled, planning to treat Yang Chen well.

Yang Chen shook his head, "Brother Lu Nan, I'm only here for a short stay for two days, there's no need to be too hospitable. After two days, I have to leave."

"Oh? In such a hurry? Well, then, there's something I need to ask Brother Yang Chen for help as soon as possible." Lu Nan said.

Yang Chen raised his eyebrows, quite surprised, "Oh? Brother Lu Nan, is there a problem?"

Lu Nan sighed, "This matter concerns my uncle."

"What do you mean?" Yang Chen asked, puzzled.

If someone else asked for his help, he'd consider it first. But Lu Nan is one of his few friends. There's no reason he wouldn't help if he asked!

Lu Nan said, "My uncle was once an extremely powerful Nirvana peak who was not much inferior in power to my father in the Royal Family. The current problem he's facing is that he has become a demon devil!"

Mingling Venerable said bitterly, "After all, Beihewan is a top powerhouse of the Royal Family. Now that he has become a demon devil, we can't just abandon him. So, the best way is to control him. But if it were someone else, our royal family would have had some means of control. Unfortunately, Beihewan was so powerful before that even three Nirvana Stage Limit powerhouses working together might not be able to subdue him; more than that, even our royal family can't gather enough people."

"What about Great Ascension stage powerhouses?" Yang Chen asked.

"If truly powerful ones take action, it could be possible. But our Earth Fiend clan's powerhouses are closely related to Sa Qi, and once they act, it's either death or injury. It's very hard to control... if those powerhouses really take action, I'm afraid they'll unintentionally harm my uncle," Lu Nan said.

Mingling Venerable continued, "The best way is to ask a Nirvana stage powerhouse, who can suppress Beihewan. Actually, for a long time, I haven't had any good candidates. I and Brother Lu Nan only suggested you, Yang Chen, my friend. As for you, based on your performance in the spatial nodes, I think you might have a chance. It's just that you're far away in the human area, and it's a headache to get you over here. I just didn't expect you to come."

"Hahaha, if Brother Yang Chen agrees to help, we will be overjoyed!" Lu Nan looked at Yang Chen expectantly, hoping that he could help them.

Yang Chen knew that Mingling Venerable had probably told Lu Nan about his affairs.

It was clear that Lu Nan was very concerned about his uncle.

He said, "Brother Lu Nan, you're being too polite. Since it's your request, there's no reason I shouldn't help. Let's go, there's no time to waste, take me to see Beihewan."

"Brother Yang Chen is willing to help? That's really great!" Lu Nan laughed happily, got up immediately, and said, "Brother Yang Chen, I can't thank you enough for this huge favor. Since we are brothers, I won't be so polite. You've helped me, and whatever I have, I will give to you."

"Haha, Lu Nan, since we are brothers, I won't refuse to help with such a simple task. Besides, Beihewan has now become a demon devil, whether I can suppress him or not is still an unknown factor. Brother Lu Nan, don't put too much hope in me," Yang Chen said.

Chapter 2487: Subduing Beihewan_1

If it had been any other opponent, Lu Nan would have been quite reassured with Yang Chen.

However, when it came to his own uncle, he couldn't be so sure! Even for Yang Chen, he thought it would be very uncertain. It should be known that many of the Earth Fiend Clan had no solution to this matter, even the powerful ones in the Mahayana stage shook their heads and sighed, indicating just how difficult this matter was to deal with.

Could Yang Chen really be able to do it?

Lu Nan was only thinking of taking a chance now, and he said, "Nevermind, Brother Yang Chen, you should focus on your own safety first. Whether you succeed or not, you've tried your best, and I see it in my eyes!"

"Since that's the case, I'll give it my all," Yang Chen said.

As they were talking, they arrived at a valley that resembled a back garden within the royal family's palace.

The scenery of this valley was formed naturally!

When they arrived, Lu Nan pointed ahead and said, "Brother Yang Chen, look!"

Yang Chen glanced down and saw a demon devil rampaging within the valley.

First, there was the soaring Sa Qi, and then the demon devil's figure could be found through it. The demon devil was wildly running rampant, traversing the valley.

Yang Chen looked around and found that there were very tight formations and prohibitions guarding the area, including some maze arrays, which trapped the demon devil here.

"Brother Yang Chen, as you can see, these formations layer upon layer, and they need to be reinforced every now and then. Even so, we could barely trap my uncle here," Lu Nan sighed and shook his head.

When Yang Chen saw this and nodded, he observed Lu Nan's uncle, Beihewan.

Upon observation, he came to some conclusions.

Beihewan's strength was indeed extraordinary, especially the Sa Qi, which was even more terrifying than what the Mingling Venerable played with. It was not easy for an ordinary Nirvana stage person to deal with the demon devil's current state.

"Leave it to me." Yang Chen said.

"Brother Yang Chen, be careful. I'll temporarily open up a pathway in the formation for you. If you're not a match, immediately come out of it. My uncle won't know where the exit is before you do, so you'll escape earlier than him," Lu Nan said.

"I understand," Yang Chen said.

Mingling Venerable also advised Yang Chen to be careful.

Yang Chen entered alone.

It was only then that Mingling Venerable thought, "Young Master, if I had known earlier, wouldn't it have been better for me and Brother Yang Chen to go together?"

"That's true, but Brother Yang Chen did not make such a request." Lu Nan realized that only now.

Wouldn't it have been better for Mingling Venerable to go with Yang Chen?

Mingling Venerable helplessly said, "Perhaps geniuses tend to be somewhat arrogant."

"Mingling Uncle, you're going to have to watch with me closely. Brother Yang Chen is helping us out, and we can't let him encounter any mishaps," Lu Nan said.

"Of course." Mingling Venerable agreed.

Both of them had no confidence in their hearts. After all, there had been too many twists and turns with Beihewan's situation.

While they were thinking, Yang Chen had already passed through the layers of Sa Qi and completely entered the valley.

Beihewan was howling and madly spinning around, enveloped in Sa Qi, as his surroundings looked terrifying...

Yang Chen quickly settled down.

At this moment, Beihewan finally saw Yang Chen.

When he saw Yang Chen, Beihewan, controlled by Sa Qi, swiftly attacked with almost no thought or hesitation. He dashed straight towards Yang Chen.

Fierce and powerful, these were the hallmarks of demon devils.

Now that he was rushing over, that layer upon layer of Sa Qi was something ordinary Earth Fiend Clan members simply couldn't withstand. The Sa Qi was simply not of the same level.

However, Yang Chen had already figured out Beihewan's details.

He gently raised his hand and pressed down on it.

Immediately, Beihewan's body froze in place.

Even in the state of a demon devil, Beihewan was still like a child in front of Yang Chen.

In an instant, the entire valley had become so quiet that one could clearly hear even a pin dropping.

This left Lu Nan and Mingling Venerable, who were above, completely dumbfounded.

"Isn't it, Brother Yang Chen, what's going on? There's no movement?" Lu Nan asked puzzledly, because of the Sa Qi, his soul couldn't detect anything right away.

"It's already been resolved," Yang Chen said astonishingly.

Lu Nan and Mingling Venerable couldn't help but gulp down their saliva, not daring to believe their own ears.

What happened that it was already resolved?

They quickly came down and landed inside the valley, coming to Yang Chen's side!

When they arrived, they saw the scene before them and were astonished, almost not daring to believe it was true. Because Beihewan had indeed been subdued by Yang Chen, just so easily.

"This, this!"

The two of them looked at each other, the shock in their eyes almost palpable.

"Could this actually be Brother Yang Chen's Spacetime Dao Intent?" Mingling Venerable, who had been in contact with Yang Chen for a while, had some understanding of the Spacetime Dao Intent.

Now that Beihewan was completely immobilized, in a single moment and space, his time had come to a complete stop.

Yang Chen chuckled, "You two shouldn't just stand there watching, while I try to suppress Beihewan, I hope you can think of a way to control him. My Spacetime Dao Intent won't hold this demon devil for long."

"We understand," Lu Nan and Mingling Venerable said, not daring to be vague.

"Let me do it!"

At this moment, a few elders suddenly appeared with a group of people at this place.

"Yun Ming Celestial Venerable? Haotu Celestial Venerable? How come you two are here?" Lu Nan asked puzzledly.

“We happened to be passing by and didn’t expect to encounter such a good drama. So this is the Brother Yang Chen you were talking about, truly extraordinary! He actually managed to suppress Beihewan, whom even we didn’t know how to deal with. It’s good that he’s not completely fallen into the demon way, it would be such a pity. I’ll use this Golden Wheel Ring to control him. When he wasn’t suppressed by the Spacetime Dao Intent, I had no way to deal with him, but in this state, it’ll be easy for my Golden Wheel Ring with six thousand Dao Intent Inscriptions to suppress him,” Yun Ming Celestial Venerable said casually, throwing out a little ring that landed on Beihewan’s head.

Then, Beihewan’s entire body was bound by numerous Dao Intent Inscriptions.

Only then did Yang Chen withdraw his Spacetime Dao Intent, yet even so, Beihewan remained motionless, completely bound.

Seeing this scene, both Lu Nan and Mingling Venerable were overjoyed.

“Brother Yang Chen, we really can’t thank you enough. You’ve really helped us a lot,” Lu Nan said, barely able to believe his own eyes. Yang Chen’s performance just now had been too incredible.

The powerful ones in the nearby Mahayana and Nirvana stages were likewise astonished.

Could it be that there was really someone who could subdue Beihewan?

Chapter 2488: Late Arrival?_1

Two Great Ascension Period experts were also impressed: “Yang Chen, my young friend, certainly lives up to his reputation. At first, I thought it was just the Venerable Mingling exaggerating, but I never expected it to be true! Moreover, we have to thank young friend Yang Chen for helping our Earth Fiend Clan suppress the Beihan Emperor. Both emotionally and rationally, our Earth Fiend Clan should repay you properly.”

“You two seniors are being too polite. Humans and the Earth Fiend Clan have always been harmonious, and it’s just a matter of lending a helping hand. Besides, I’m friends with Brother Lu Nan, so if you’re this polite, it would make me feel like an outsider,” Yang Chen said.

“It’s not the same, young friend Yang Chen is an honored guest. If we don’t show hospitality, wouldn’t it make our Earth Fiend Clan a laughing stock to others?” The two Great Ascension Period experts laughed heartily, insisting on treating Yang Chen.

They could see that Yang Chen’s talent was extraordinary. If he was already so powerful during the Nirvana Stage, how formidable would he be once he reached the Great Ascension Period?

Moreover, the Earth Fiend Clan and humans were indeed on good terms, so establishing a good relationship with Yang Chen now would only bring benefits and no harm.

Yang Chen could also feel the Earth Fiend Clan’s enthusiasm and ultimately did not refuse.

During the hospitality, these Great Ascension Period experts expressed their gratitude to Yang Chen by publicly sharing their clan’s Demonic Qi Techniques in return for the Ten Revolutions Divine Transformation Technique that Yang Chen had given them.

With such a good offer, Yang Chen only politely declined once before accepting. After all, he was quite eager for these Demonic Qi Techniques.

His Ten Revolutions Divine Transformation Technique was now at a bottleneck in cultivation, and it would be reasonable to benefit from other techniques to gain some experience.

And so...

Time passed day by day.

Ten days later, Yang Chen left the Earth Fiend Clan.

After leaving the Earth Fiend Clan, Yang Chen rushed back to the Human Area!

...

In the blink of an eye, the agreed-upon five-year period!

Many powerful individuals from Taiyi Sect gathered together. Twenty quotas were now almost all occupied, and even if they weren't, those who were lagging behind would soon arrive at the destination.

The person in charge of the Southern Realm was an elderly man with Great Ascension Period strength, standing in the front of the crowd, awe-inspiring.

Although there were Boundless Stage Experts from Taiyi Sect present, they still treated this man with utmost respect.

"Brother Beihan, everyone from our Taiyi Sect has arrived, and the other forces are almost all here as well. At this point, it seems that only Yang Chen is missing." Situ Zhenan from the Taiyi Sect said.

Nowadays, Sun Zu was also here with Zhang Xuelian, his face filled with anxiety and worry.

Why hadn't Yang Chen arrived yet?

He should have returned from his five-year trip to Dragon Valley by now if everything had gone smoothly.

However, to everyone's disappointment, there was no trace of Yang Chen anywhere.

Could it be that Yang Chen had encountered a catastrophe?

This wasn't an impossible scenario. At the time, Yang Chen insisted on going to Dragon Valley, and no one could stop him. Even though he had made some achievements in terms of strength, what kind of place was Dragon Valley?

Even Great Ascension Period Experts couldn't guarantee they would come back unscathed.

“Who is this Yang Chen? Daring to provoke the heavens! Doesn’t he know what day it is, that he hasn’t arrived yet?” Beihan Tianzun of the Southern Realm was angered.

Several people from other forces immediately flattered, “Heavenly Venerate Beihan, why not just expel Yang Chen from the quota? Isn’t it clear now that he doesn’t put the journey to the Southern Realm in his eyes?”

“Indeed, many people have fought tooth and nail for this quota and still haven’t got it. And yet, this Yang Chen has the audacity to act as if it’s already his. He’s seriously overestimating himself.” Others chimed in.

Of course, they didn’t mind intervening now, because if the quota were to be taken away, they would have a chance to take their place.

You should know that even Celestial Experts were extremely interested in this quota!

The Southern Realm was simply like the countryside compared to the Spirit Realm.

Beihan Tianzun, influenced by the flattering, indeed felt a little dissatisfied. As people continued to talk, his sense of superiority grew.

“This Yang Chen is indeed problematic,” Beihan Tianzun said coldly.

He didn’t know what kind of person Yang Chen was; in his eyes, no matter how powerful Yang Chen was, he would still be inferior to the people of the Southern Realm.

Seeing that many people were stirring up trouble, Sun Zu frowned and couldn’t help but say, “Heavenly Venerate Beihan, don’t listen to these people’s nonsense. There are still two days left before the agreed departure time. I believe Yang Chen will return within these two days.”

“Brother Sun, we know you want to give this quota to Yang Chen, but you should know that Yang Chen went to a dangerous place like Dragon Valley this time. Do you really think he can still come back alive?”

“We’re not cursing Yang Chen to die, but you see, if something goes wrong with Yang Chen...”

“Impudence!” Sun Zu’s aura spread out.

These people from various forces felt Sun Zu’s Boundless Stage strength and couldn’t help but shrink back in fear.

Meanwhile, Li Chongxiao’s eyes shifted, “Heavenly Venerate Beihan, we can wait a bit longer since there are indeed two more days before the agreed time.”

Beihan Tianzun was now impatient due to the people’s words, “Hmph, I have no good feelings for this Yang Chen, who’s been dragging things on. But it’s true that there are still two days left before the deadline. I’ll wait for him here for two more days. If he still hasn’t arrived by then, don’t blame me for being ruthless, and I will replace him with someone else in his position, Sun Zu!”

Upon hearing this, Sun Zu’s face darkened slightly, but he also knew the rules and could only agree, “Well, alright.”

Zhang Xuelian and Sun Zu stood together, their expressions full of worry.

She worriedly calculated a bit, and her expression eased slightly.

Two days was not a long time, but to many people, it was enough to harbor ill intentions. They all wished that Yang Chen would be dead.

Meanwhile, Sun Zu was worried, hoping that nothing bad would happen to Yang Chen.

Thus, two days gradually passed.

“Sun Zu, these two days are almost up, and the agreed time has arrived. Yang Chen from your household still hasn’t shown up; shouldn’t we discuss who will take his place now?” Some powerful individuals from various forces were already too impatient to wait.

“What’s the rush!” Sun Zu clenched his teeth.

The one speaking was Taibai Tianzun of the Great Circle Sect, who now wanted to obtain a quota very much.

The Great Circle Sect was also one of the Twelve Great forces, and within it were two Celestial Beings.

However, the two Heavenly Venerates had already decided on a quota, which was not Taibai Tianzun’s, so he had always wanted to obtain another spot.

Sun Zu wanted to pressure him, but although he could suppress the man, he couldn’t suppress Beihan Tianzun.

Beihan Tianzun spoke solemnly, “The time is indeed almost up, and Yang Chen still hasn’t arrived. I can only change the person...”

“Wait!”

Chapter 2489: At the North Ming Sea_1

Taibai Tianzun and several other powerful experts had joyous looks in their eyes, waiting for Beihan Tianzun to give his approval and replace Yang Chen.

But at this moment, a sudden voice appeared.

It arrived just in time to change the situation!

“Who is it?”

Many people wondered in their hearts, not knowing who suddenly appeared at this critical moment.

But soon, when they saw the person, all of their expressions could no longer be joyful.

Because, the one who returned was Yang Chen.

“Yang Chen!”

“How did Yang Chen come back!”

“How did this guy come back.”

Many people felt extremely discouraged, seeing that at this crucial moment, Yang Chen had returned. Wasn't this annoying?

“Why? Can't I come back?” Yang Chen said with a faint smile.

Many people wanted to cry. Now that you're back, why did you have to choose the most critical moment to return?

This gave them hope, but in an instant, their hope was completely shattered, vanished into thin air!

Beihan Tianzun squinted his eyes, “So you're Yang Chen? Hmph, we've been waiting for you for so long, and you're just coming back now?”

Yang Chen could see that Beihan Tianzun was different in his breath and guessed that this person was from the Southern Realm.

Seeing that the other party didn't like him very much, he was very calm, “I encountered some trouble on the way. If I've kept everyone waiting, then I'll apologize here first!”

His words were neither humble nor arrogant.

He apologized, not just to Beihan Tianzun, but to everyone!

Although Beihan Tianzun was somewhat unhappy, at this point, Yang Chen had indeed dealt with the situation smoothly, and there wasn't much he could say.

"Yang Chen, come over here," Sun Zu beckoned.

Yang Chen immediately went to Sun Zu's side.

"You really scared me," Sun Zu sighed, "I thought something went wrong in Dragon Valley. Why did it take you so long to come back?"

"I ran into some problems on the way back," Yang Chen said awkwardly.

He was also filled with melancholy, as his late return had reasons.

In fact, he had returned to the human realm long ago, but he didn't come here to regroup. Instead, he traveled through mountains and rivers!

He even went back to his ancestral land, checked on the Northern Territory Sect, the royal family, and even returned to the Great Wilderness where it all began!

With his current status, he could go anywhere in this world without wasting time.

However, when he went back, he didn't reveal his identity. Once he saw that his family and friends were well, he was satisfied.

As a result, his journey of realization and tempering of his mindset led him to improve his realm. When he was halfway back, he had an epiphany, which unexpectedly took up quite a lot of his time and almost delayed his journey to the Southern Realm.

Fortunately, his Space-Time Dao Intent was powerful enough to help him smoothly return to this place.

Now on his way back, the only one he felt sorry for was Li Ruoxiang.

Some people are destined but not meant to be together, perhaps this is the case.

He and Li Ruoxiang had a relationship, and even had feelings for each other, but in the end, there was no possibility of them being together.

Whether it was Gu Mingyue, his older sister, or Li Ruoxiang, or everyone he met on his journey, it was the same.

Just like now, as he was heading to the Southern Realm, how many people could join him?

He thought of Zhang Xuelian.

Upon looking, he suddenly realized that Zhang Xuelian had also entered the Nirvana Stage!

“Xue Lian, have you entered the Nirvana Stage?” Yang Chen asked with surprise.

Zhang Xuelian nodded softly, not saying much or wasting any words.

“That’s great. If you could go to the Southern Realm with me, that would be wonderful,” Yang Chen sighed.

“There’s no need for an ‘if’. The reason I came is to go to the Southern Realm with you,” Zhang Xuelian said calmly.

“What!” Yang Chen was dumbfounded, “How did you get one of the twenty spots?”

At the time, Sun Zu had said that these spots were extremely precious. Out of the twenty spots, Sun Zu had only managed to secure one for Yang Chen himself.

Zhang Xuelian’s expression remained wooden, “As the Chosen One, there is an exception to the rule for going to the Southern Realm.”

“Is that so?” Yang Chen couldn’t help but chuckle.

It was indeed good news.

“That’s great! I thought it would be a long time before I saw you again,” Yang Chen said.

Zhang Xuelian, seeing Yang Chen like this, felt a slight warmth in her heart. However, with her personality, she remained cold to him, not responding much.

Beihan Tianzun had his hands behind his back, “Alright, it’s about time. Since Yang Chen is back, let’s not waste any more time. Let’s get going and head to the North Ming Sea to join the teams from other tribes on our way to the Southern Realm.”

“Let’s go,” Situ Zhenan and Sun Zu, along with other powerful experts, began waving to their people, signaling their departure.

Yang Chen bid farewell to Sun Zu and left with Zhang Xuelian, following the team.

It was unknown when they would return from this trip to the Southern Realm. Leaving like this meant leaving the realm, and no one could truly remain unshaken.

A group of people gradually disappeared from view...

...

Two months later, a group of people stopped in the sky above a vast sea area.

This group of people was none other than Yang Chen and the others.

“So this is the North Ming Sea,” Yang Chen murmured. He had intentionally brought the Fishpeople Tribe and some others just so that he could reunite the women and the fishpeople of the North Ming Sea when passing through the Beiming Eye to the Southern Realm!

“The North Ming Sea is indeed vast!”

“What a huge North Ming Sea!”

“This North Ming Sea is so big that you can’t see the end of it even with your soul. We’ve been traveling for so long and still haven’t reached the boundary. I don’t think the entire Twelve States are this big.” Many powerful experts had never been to the North Ming Sea, and now they were all curious.

“Young Master, we can sense the presence of our kin,” many of the Fishpeople Tribe excitedly cried out.

“Don’t get too excited. You’ll see your family soon. This time, the fishpeople should be more amiable than last time,” Yang Chen replied.

After all, the fishpeople of the North Ming Sea were from the Spirit Realm, and there was no situation where they would look down upon Yun Lu and the others!

As he was pondering, Beihan Tianzun gradually stopped.

“Inside this whirlpool is the location of the Fishman Palace in the North Ming Sea. Let’s go.” Beihan Tianzun mentioned the fishpeople of the North Ming Sea with an obviously displeased expression.

However, in the end, he didn't say much and entered the whirlpool first.

Yang Chen no longer hesitated, and after exchanging a glance with Zhang Xuelian, the two entered the whirlpool hand in hand.

As they entered the whirlpool now, Yang Chen felt an immense prohibition...

The whirlpool itself was a kind of prohibition, and if the other side of the prohibition was not met by the Fishpeople Tribe, even experts in the Enlightenment Stage could easily become lost in the whirlpool!

Chapter 2490: Fishman of the Southern Realm_1

One has to admit, the Fishman Tribe does indeed have an unparalleled talent and level when it comes to forbidden array formations. With such methods in place here, even if an ordinary person has heard about the legendary Fishman Tribe, wanting to find them in the North Ming Sea would not be an easy task.

However, they are not in the Enlightenment Stage.

Everyone who comes here, at worst, the least powerful ones, have also reached the height of the Nirvana Stage.

They easily break free from the vortex, calmly leaving the vortex and arriving at the depths of the seabed.

When they leave the whirlpool, there are actually Mermaid women waiting outside here too.

"You all wish to pass through Beiming Eye and go to the Southern Realm, right?" These mermaid women said one after another.

Yang Chen glanced at these women, feeling delighted in his heart.

Because these people were just like Yun Lu and the others, in terms of their aura, appearance, and most importantly, their attitude towards humans.

Not arrogant and impatient, they can see a kind heart.

“Yes, it’s us.” Beihan Tianzun did not seem to appreciate these Fishmen, just like he did not appreciate Yang Chen and the others, and just threw a casual remark.

“Please follow us. Now, teams of various clans have already gathered together!” These mermaid women said truthfully.

Beihan Tianzun said, “Yes, I know.”

Yang Chen had already learned on his way here.

Every group would have a certain quota, and then the Southern Realm would arrange celestial experts to come and pick them up. Finally, they would gather at the North Ming Sea and then set off directly to the Southern Realm.

This is the simplest and clearest method.

They are merely the human race, and there are many other groups such as the Earth Fiend Clan, Tianpeng Clan, and many more!

Yang Chen was curious when the Southern Realm persuaded these fishman groups, after all, early on, the fishman groups should have closed Beiming Eye.

In this way, a group of people, led by several Fishman women, arrived at a huge fishman palace.

In the Fishman Palace, there were beautiful Fishman women all over the place, swimming around. When they saw the newcomers, they would also be very polite, nodding slightly to show respect!

In the end, the team entered deep into the palace and stopped.

At the depths of the palace, four pillars stood firmly, with many people gathered here. There were different groups and different numbers. At a rough count, there were at least a thousand people, which slightly surprised Yang Chen and the others.

However, Yang Chen soon realized.

For a group like human race, there were twenty quotas, and several others had already added up to more than a hundred people.

Other large and small groups did not get that high of a quota, but even if only one person comes out, it was easy to gather thousands of people from the ten thousand clans of the spirit realm.

“Beihan, you’re here.” Several Celestial experts saw Beihan Tianzun arrive and quickly got up to greet him.

Beihan Tianzun quickly went up and greeted these people.

These celestial experts were all from the Southern Realm, who came to guide them. Now they seemed to feel disdainful of talking and resting with people from various clans in the Spirit Realm, and they directly gathered together without even bothering about others.

Yang Chen was looking around, trying to find a person in charge of the Fishman Tribe, and then arrange Yun Lu and the Fishman women he brought here. At the very least, let these Fishman women have a home, a place to rely on.

However, Yang Chen soon became disappointed as he couldn’t find any Fishman women with a say in the matter, only some maids.

Although he didn’t find any influential Fishman women, he did find another group of fish people.

“Are they the Southern Realm Fish people we met on Luo Star Island last time?” Yang Chen became curious.

These Southern Realm Fish people were actually here as well.

And Yang Chen saw the familiar Ye Lan and Fishman Queen.

There was nothing unusual about Ye Lan and Fishman Queen, but the key was the other Southern Realm Fish people, who were born to feel more noble than the Spirit Realm Fish people.

Now, with a snap, a Southern Realm Fishman suddenly slammed a freshly brewed spirit tea on the ground, causing the Fishman women of the North Ming Sea to be startled, and some even screamed uncontrollably.

“What do you mean by this?” Some Fishman maids asked.

“Hmph, what do you mean? What kind of spirit tea did you serve us, it’s so disgusting that you dare to serve it to us?” The Southern Realm Fishman angrily said.

Yang Chen looked at the Southern Realm Fishman who was picking a fight, and it turned out to be the Ba Chen he knew.

Last time he went to the Southern Realm, he was originally having a good conversation with Princess Ye Lan of the Fishman Tribe, but as a result, Ba Chen looked down on People of the Spiritual Realm, causing Yang Chen to completely lose his desire to cooperate with the Southern Realm Fish people.

Now, after so long without seeing each other, Ba Chen’s arrogance and cold-heartedness hadn’t changed at all, even more so than before towards the people of the Spirit Realm.

Just like now, the Fishman women poured their own treasured spirit tea in front of him, and even after sipping it, Ba Chen not only did not appreciate it, but slammed the spirit tea on the ground with a snap.

“But, this is the best spirit tea from our tribe.” The Fishman women said hurriedly and nervously.

Ba Chen’s cold air was threatening, and he slapped it out fiercely.

With a smack, this slap landed on the face of the fishwoman who poured the tea.

When this slap was nailed down, Ba Chen did not hold back. The huge handprint directly slapped the Fishwoman away, crashing into a stone pillar in the palace.

“How dare you talk back!” Ba Chen yelled coldly: “You Spirit Realm Fish people, like ants, I’ve been disgusted by you for a long time. We, the South Realm Fish people, being with you before was because we were looking up to you, but you even drove us away from the North Ming Sea. If it weren’t for the people of the Southern Realm appearing here, we would still be stuck in that damn Luo Star Island!”

Ba Chen still held a grudge about this matter.

Yang Chen understood what had happened.

Earlier, when the South Realm Fish people were stranded in the Spirit Realm, they were with the Spirit Realm Fish people. Spirit Realm Fish people held the South Realm in high esteem, but the people of the South Realm did not appreciate it and thought the Spirit Realm Fish people were inherently low and deserved being scolded and beaten.

As a result, the spirit realm fish people could not bear it and drove the South Realm Fish people out of the North Ming Sea.

It was only then that the South Realm fish people realized they had no place in the North Ming Sea. Since they couldn’t return to the Southern Realm, they had to continue to survive on a small piece of land under Luo Star Island.

This was why Ba Chen still grudged the Spirit Realm Fish people in his heart and seized the opportunity to be unreasonable now.

Yang Chen thought about it and shook his head.

“These Southern Realm fish people must have been emboldened because they saw people from the Southern Realm coming.” Yang Chen thought to himself.

A Fishman woman from the Spirit Realm was slapped on the face and sobbed quietly. She wanted to fight back, but considering her own Spirit Realm Fish people did not have any male fish people and the Southern Realm Fish people now have humans as their masters, she could only endure it silently.
