### Chapter 2491: Battling Heavenly Venerate\_1

But despite her restraint and avoidance, Ba Chen showed no sign of letting up.

His original intention was to create a big stir among the Spirit Realm Fish People, as he could not forget how they had driven them out at that time.

But unexpectedly, these Spirit Realm Fish People were quite good at enduring. He slapped one of them with a seemingly random excuse, and they still endured.

This made him extremely unhappy.

Endure?

So it's over if they endure?

Ba Chen stood up in an instant, "Hmph, get up! You made me drink such terrible tea, and you think it's over?"

As he finished speaking, Ba Chen sent another slap flying.

"Ah!" screamed the Mermaid woman, violently hit by Ba Chen and looking terrible.

Many of the tribes couldn't take it any longer, but in the end, no one intervened. Among the fish people surrounding Ba Chen was a person from the Southern Realm!

Who would dare to provoke people from the Southern Realm?

At least now, no one dares to provoke the battle power shown by the Southern Realm!

Ba Chen was very satisfied with the beatings, showing no sign of stopping. Many of the Mermaid Women already fled in panic, while the beaten Mermaid woman shed tears of humiliation in pain.

Why...

Why was she treated so cruelly?

She let out a bitter laugh, and despair rose in her heart.

At this point, Ba Chen threw an even heavier slap than the last time, treating the fish woman in front of him as a venting puppet, subject to his beating and scolding.

But just then, a strong and forceful hand grabbed his arm on the spot.

And the person who took the initiative was Yang Chen.

Yang Chen stopped Ba Chen's attack on the spot, prompting Ba Chen to glower and shout, "Who?"

The Fishman Tribe has been humiliated in the Spirit Realm, and now that they finally have someone from Southern Realm supporting them, who dares to stop him? They're courting death!

But as soon as he saw the person in front of him clearly, Ba Chen suddenly shuddered: "You! That mixed-race Human!"

"I advise you to watch your mouth and keep it clean," Yang Chen said coldly.

The beaten Mermaid woman saw that someone had saved her, and tears filled her eyes. She collapsed to the ground, overwhelmed with emotion, hardly believing she'd been saved.

Yang Chen saved a stranger because of the Fish People in his Eight Extremities Flowing River Space.

These Fish People have formed not just an ordinary friendship with him, but also deep feelings. Seeing their fellow kind being abused, Yang Chen could not bear it.

At least, the Fish People in the Eight Extremities Flowing River Space couldn't bear it.

If they couldn't bear it, likewise, he wouldn't either.

Now seeing Yang Chen, Ba Chen was first shocked and then burst into laughter.

Far from being intimidated by Yang Chen's aura, he laughed out loud: "Yang Chen, do you know? I've been waiting for you for a long time, and I never thought I would meet you again here. Hahahaha, heaven doesn't disappoint me. Kid, I thought I'd never have a chance to break your lackey's legs. Now, I'll make you beg for life but not death!"

As he finished speaking, Ba Chen sent another slap toward Yang Chen.

This slap was not an ordinary one, but one with Dao Intent Inscriptions attached.

A Nirvana Stage strike.

Yang Chen's mouth curled up, and he understood what was going on!

This Ba Chen had broken through his original Enlightenment Stage and entered the Nirvana Stage.

He didn't pay much attention just now, and didn't expect that Ba Chen had actually entered the Nirvana Stage. However, the Dao Intent Inscriptions were too poor, with only more than 1,500 of them.

But this was also the reason for Ba Chen's confidence. In his eyes, Yang Chen was still in the Enlightenment Stage, while he had already entered the highly coveted Nirvana Stage with his talent and strength.

"Die!" Ba Chen didn't hesitate and wanted to kill Yang Chen on the spot.

"Hold on!" Fishman Princess Ye Lan was still kind-hearted and tried to stop Ba Chen from killing Yang Chen.

But would Ba Chen listen to her? At the moment when he was determined to kill, he roared like a Fierce Tiger and instantly tried to suppress Yang Chen.

Ba Chen thought Yang Chen was doomed to die!

At least this blow was enough to crush and kill someone at the Enlightenment Stage.

But what he didn't know was what kind of terrifying existence he was dealing with now.

Yang Chen raised his hand and calmly grabbed, shattering Ba Chen's Dao Intent Inscriptions as easily as breaking tiles, layer by layer.

He couldn't withstand a single blow.

Yang Chen didn't even need to use his full strength, just casually used some Dao Intent Inscriptions to capture Ba Chen directly.

Ba Chen's face darkened, and he panicked and feared as he was effortlessly trapped in Yang Chen's grip: "You, how is it possible? What level have you reached now? Aren't you supposed to be in the Enlightenment Stage? How is it possible?"

"Do you really think that only you have entered the Nirvana Stage?" Yang Chen mocked.

Then, he pressed Ba Chen to the ground.

Having murderous intent towards him, Yang Chen was ready to strike and kill Ba Chen in an instant.

“You dare to kill me? I am a Fishman from the Southern Realm; do you, a Spirit Realm mixed-breed, dare to kill me? I will make your death horrible. Da Mu Tianzun, Da Mu Tianzun, our sect has deep roots with you; you must save me!” Ba Chen cried out in panic, realizing that Yang Chen truly intended to kill him.

Yang Chen heard the name Da Mu Tianzun but showed no sign of hesitation.

He was going to kill Ba Chen.

Ba Chen had angered him!

“Kid, you still dare to try to kill after hearing my name? Are you courting death? You mixed-race from the Spirit Realm, die!” Da Mu Tianzun roared.

Yang Chen was now angry as well. The people of the Southern Realm kept calling him a mixed-breed, did they think he had a good temper?!

He swung his hand, and a spear shot out, with ten thousand Dao Intent converging into one attack!

He had been confident of fighting against the lowest-ranking Great Stage for a long time. Now, he wanted to see how powerful this Da Mu Tianzun was.

Chapter 2492: An Insignificant Spirit Realm Person?\_1

After a clash, the noise was deafening and momentum shook.

Many people saw this scene but dared not intervene, because it involved the Southern Realm – no one dared to interfere.

Many people also sighed, wondering what had gotten into Yang Chen's head.

Even those powerful Mahayana Stage experts wouldn't dare to provoke the Heavenly Venerate of the Southern Realm, yet Yang Chen, a mere Nirvana Stage cultivator, dared to challenge them?

If Yang Chen had taken a step back just now and not harbored murderous intent towards Ba Chen, the situation wouldn't have been this serious, but Yang Chen actually wanted to kill Ba Chen!

This scene made many onlookers think about their next moves.

Zhang Xuelian calculated that her help would be of no use, so she simply checked if there was any danger to her husband.

Besides this, most of the other humans from Yang Chen's race showed an attitude of indifference.

It was just that the Earth Fiend Clan in a corner noticed everything.

Lu Nan and others from the Earth Fiend Clan had been in a corner at first, so they hadn't seen Yang Chen. When they saw the scene now, they were surprised to find that Yang Chen was actually fighting Da Mu Tianzun. In an instant, they were shocked.

Lu Nan said in a heavy tone, "Fellow Heavenly Venerates, this... Brother Yang Chen has had a conflict with the Heavenly Venerate of the Southern Realm, should we..."

"This help, is not appropriate." A few Earth Fiend Clan Heavenly Venerates shook their heads: "Lu Nan, you need to calm down. Although Yang Chen and our Earth Fiend Clan have a deep relationship, we also have to consider the situation when taking action. If we interfere forcefully, our Earth Fiend Clan will get involved and it's difficult to protect ourselves."

"We can't just stand by and watch Yang Chen get killed." Lu Nan clenched his teeth: "Fellow Heavenly Venerates, Yang Chen has been very kind to our Earth Fiend Clan."

“Lu Nan, calm down,” another Heavenly Venerate said in a deep voice.

Hearing this, Lu Nan paused.

He wanted to help, but his position in the Earth Fiend Clan was also not absolute.

In any place, power speaks the loudest.

Although he was a prince of the Earth Fiend Clan with considerable power, this was only limited to the realm below the Great Ascension Stage. The real decision-makers in the Earth Fiend Clan, as well as in any other group, were those Mahayana Stage experts at the top of the pyramid.

“But...” Lu Nan still couldn’t let go of his worries about Yang Chen.

“I know what you’re thinking, but taking action right now is too reckless. Yang Chen has indeed angered the Southern Realm, and it’s his fault. Let him learn a lesson, and then we’ll try to save him. Of course, it’s just a try. If the people of the Southern Realm are truly aggressive and pressing, our Earth Fiend Clan will have to bow down!” said the Heavenly Venerates of the Earth Fiend Clan.

It wasn’t that they didn’t want to save Yang Chen.

It would be reasonable and within scope to help Yang Chen, and there would be no problem.

But when it came to the Southern Realm people, it was different.

Now, their only hope was for Da Mu Tianzun to spare Yang Chen’s life, even though the possibility seemed very slim.

But just as they were thinking this, suddenly, a shocking scene unfolded before them.

Yang Chen's tens of thousands of Dao Intent Inscriptions appeared, spreading out in a dazzling display, fiercely colliding with Da Mu Tianzun's attack. They were evenly matched for a moment.

Da Mu Tianzun wasn't using his full power, but the fact that Yang Chen's spear forced him to not easily kill Yang Chen was a humiliation!

In an instant, Da Mu Tianzun was forced back, his pupils constricting: "Kid, you can actually resist my power. Fine! I want to see how you can block this move!"

Da Mu Tianzun couldn't save face anymore, and he furiously rushed towards Yang Chen.

Yang Chen's nerves were tense, and he felt somewhat nervous in the face of Da Mu Tianzun's attack.

This Da Mu Tianzun was not an ordinary Spirit Realm low-level Heavenly Venerate; he was clearly much stronger than the Heavenly Experts Yang Chen had anticipated!

He had barely withstood the attack just now with his tens of thousands of Dao Intent Inscriptions, and it would be much harder to cope with it a second time.

But at this moment, suddenly a pleasant and enchanting voice echoed out.

"Da Mu Tianzun, please show mercy when you can. You should understand who's right and who's wrong in this matter."

Then, a few mermaid women floated over from a distance.

Yang Chen glanced at them, and it wasn't hard to guess that these were the Spirit Realm's Fishman Tribe.

These few individuals were obviously the higher-ups of the Spirit Realm Fishman Tribe, and among them, a middle-aged woman wearing a crown was clearly the Fishman Queen of the Spirit Realm!

“Fishman Queen, Luo Ying!” Da Mu Tianzun’s face darkened: “Hmph, show mercy? Hahaha, so the lowly Spirit Realm hybrid dares to offend my Southern Realm and cause this seat to lose face, and you want me to show mercy?”

“So, you’re saying that you Southern Realm people are innately superior to us Spirit Realm people, but why did you invite us to the Southern Realm for?” Yang Chen’s face turned cold: “Are we Spirit Realm people meant to be mocked and played with by you Southern Realm people when we go there, and even get abused like this?”

With one sentence, Yang Chen left Da Mu Tianzun speechless.

He wanted to argue back, but most importantly, the expressions of many people in the Spirit Realm had become serious.

Yes, Da Mu Tianzun’s words had made many people in the Spirit Realm uneasy.

You, Da Mu Tianzun, as a person of the Southern Realm, are high and mighty, but you repeatedly call the Spirit Realm people mixed breeds, which many people heard.

You let Spirit Realm people go to the Southern Realm to study and learn, and everyone would be willing.

But you let Spirit Realm people go to the Southern Realm to suffer and be looked down upon – who would be willing?

Yang Chen had clearly caught the main point.

The Southern Realm sought the Spirit Realm’s help to exploit its people, so how could they admit it? At this moment, Da Mu Tianzun could only angrily say: “Kid, I see that you’re courting death, you hurt my subordinate and you’re still trying to talk back?”

As he finished speaking, Da Mu Tianzun was already preparing to suppress Yang Chen forcefully again.

But Queen Luo Ying stopped him fiercely: “Da Mu Tianzun, the people under your command have bullied our Fishman Tribe. Is it because you don’t take our Fishman Tribe seriously? Indeed, we Fishman Tribe have no power, but if you really push us too far, we would rather be exterminated and never open the Beiming Eye’s passage. If you don’t believe it, you can try.”

Da Mu Tianzun’s face turned cold: “You dare to threaten me!”

“I’m threatening you.” Queen Luo Ying was obviously a person with a temper, not backing down.

“Da Mu Tianzun, let this matter go, and take a step back to the great sea and sky!” The other Heavenly Venerates of the Southern Realm waved their hands, signaling Da Mu Tianzun not to press further.

After all, everyone was getting a little scared.

If this got out of hand, it wouldn’t be good for anyone! If they couldn’t return to the Southern Realm, things would go from bad to worse.

“Da Mu Tianzun, this matter can’t just end like this. I... I was almost killed by this Yang surnamed kid!” Ba Chen could see things were not going his way, and angrily shouted. What would happen to his face if this was allowed to happen? He had to kill Yang Chen.

How could a mere Spirit Realm person dare to shit and pee on his head!

Chapter 2493: Farewell\_1

In the Spirit Realm, the people of the Southern Territory were seen as authorities.

He wanted Yang Chen to remember this well!

However, what he received was not the approval of Da Mu Tianzun as he had expected, but a fierce slap in the face.

With a smack, it was as if Ba Chen had just slapped the mermaid woman. Now, Da Mu Tianzun slapped Ba Chen's face.

Ba Chen was shocked, his whole body twitching, "Heavenly Venerate, why, why are you hitting me? Shouldn't you be hitting him?"

"Waste, shut up!" Da Mu Tianzun roared angrily, "It's all the trouble you caused! If you dare to say one more word, this seat will kill you, you bastard!"

Ba Chen was instantly shocked and dared not say anything more.

Why?

Ba Chen couldn't figure it out!

What happened? How did Da Mu Tianzun's initial overbearing attitude change within an instant?

Why can Yang Chen provoke Da Mu Tianzun and still live? Why do the people of the Spirit Realm provoke the people of the Southern Territory, and even almost kill him and still survive in front of so many Heavenly Venerates of the Southern Territory!

Ba Chen could not understand the hatred in his eyes, but he dared not say a word.

Da Mu Tianzun's cold, knife-like gaze forced him to swallow the words in his heart.

Da Mu Tianzun was also angry that he could not capture Yang Chen after a confrontation. He completely lost face.

If he had defeated and killed Yang Chen with just one move earlier, that would have been the end of the matter, and no one would have said anything.

But it's precisely because he didn't kill him earlier that more trouble followed.

"This Luo Ying actually favors this little guy so much," Da Mu Tianzun said in a low voice.

No one could do anything with the threat of the Fishman Tribe not opening the Beiming Eye.

For a time, Luo Ying's appearance calmed the scene somewhat. It was just that no one dared to believe that the first one to compromise was Da Mu Tianzun.

"Thank you, ladies, for your help," Yang Chen saluted with his hands.

Luo Ying smiled faintly, "There is no need to be polite, my friend. It is our Fishman Tribe who should be thanking you for your willingness to help us. Moreover, I find something familiar about you, which makes me puzzled."

"Yeah, he is so strange. I always feel a sense of familiarity when I look at him."

"Me too..."

"It seems like he has the same Qi as us."

"But we the Fishman Tribe of the Spirit Realm don't have any male Fishman."

When Yang Chen heard these Fishmen speak, he himself felt a little strange, but he soon understood and said softly, "Ladies, may I have a word with you."

Hearing Yang Chen say this, the Fishmen were unsure what was going on.

First, Luo Ying ordered the beaten Fishman woman to be taken away. Then she and Yang Chen found a slightly secluded place together.

“By the way, I still don’t know how to address Your Excellency?” Luo Ying asked.

“I am Yang Chen,” Yang Chen replied.

Luo Ying listened to these two words while muttering to herself, she felt a great fondness for Yang Chen. After all these years, the Fishman Tribe hadn’t had any particularly powerful allies, and they had been ostracized wherever they went. It was rare to find someone with great strength like Yang Chen who treated the Fishman Tribe so kindly.

Of course, despite her fondness for him, Luo Ying couldn’t help but ask, “Getting to the point, Young Master Yang Chen, you brought us here...”

“Aren’t you ladies curious why you have a special familiarity with me? I think the reason has to do with this,” Yang Chen said as he released the Fishmen from the Eight Extremities Flowing River Space.

Dozens of them appeared, a considerable number. As they came out, the Fishmen looked around in a daze.

Luo Ying and the other Fishmen were surprised. Then, with their mouths covered, they said, “This is the Eight Extremities Flowing River, the supreme treasure of our ancestors. And you, you guys must be our long-lost Fishman sisters?”

As she said this, Luo Ying’s eyes became moist.

Yun Lu and the other Fishmen saw these Fishmen and nodded gently, “We... we have been wandering outside and now we are finally home.”

“It’s been hard for you Fishman who have been wandering outside for so many years. Welcome back!” Luo Ying’s voice was trembling at the time, giving these Fishmen a warm welcome.

The other Fishmen were also inquiring about Yun Lu and the others in a friendly manner, which was completely different from the cold reception they had received from the Fishmen in the Southern Territory.

There was no prejudice or discrimination, only genuine acceptance from the heart.

“Welcome back, as long as you come back, this place will be your home forever!”

“Yes, this place will be your home forever!”

A group of Fishmen offered sincere invitations.

Yun Lu and the other Fishmen were deeply moved and in tears. However, they didn't immediately accept the invitation of these Fishmen, but looked at Yang Chen instead.

After all, it was Yang Chen who brought them here. How could they just decide to leave on their own?

“We, our Young Master has traveled far and wide to bring us here. We can't just leave our Young Master behind,” Yun Lu said first.

The other Fishmen also came to their senses, thinking of Yang Chen's kindness towards them.

“So that's how it is. Brother Yang Chen, we are truly grateful,” Luo Ying and the other Fishmen said.

Seeing that these Fishmen wanted to stay at his side, Yang Chen smiled helplessly, “You don't have to consider my choice, just go back. This is your home! You've been with me for so many years, and you've helped me enough. It's time to return to your own home.”

Hearing these words, the Fishmen could not help but shed tears of gratitude.

Yang Chen could have chosen to keep them by his side because letting them go would bring him no benefits. But Yang Chen did just that.

“Young Master, thank you so much.” Yun Lu and the other Fishmen were still reluctant.

“Haha, no need to thank me, just go back!” Yang Chen said.

“Yes...”

These Fishmen really wanted to return to their home and live with their fellow tribesmen. It was their dream!

Now that their wish had come true, the gratitude they felt for Yang Chen was beyond words.

“Young Master Yang Chen, thank you so much. You’ve brought back our long-lost Fishmen, you are truly a good person”, Luo Ying said.

Yang Chen laughed, “I wouldn’t say I’m a good person. I’m just doing what is right. Yun Lu, make a good home here from now on.”

When the conversation ended, Yang Chen waved his hand and chose to leave.

He wanted to stay longer as he had spent so many years with these Fishmen, and their relationship had grown deep.

But what he feared was that his feelings would hold him back and change his mind.

It’s better to suffer short-term pain than to suffer long-term pain. Leaving early would save him from further heartbreak.

“Young Master!”

“Young Master, I... I still want to stay by your side!”

Yang Chen heard the wishes of these mermaid women lingering in his ears, but in the end, he left resolutely, never looking back.

Seeing the scene of these mermaid women parting with Yang Chen, Luo Ying fell into deep thought.

It was evident that Yang Chen had a good relationship with these mermaid women.

“Young Master Yang Chen has been generous and kind all the way, bringing back our lost Fishmen. We can’t just do nothing in return,” Luo Ying said.

Chapter 2494: Heaven Lord Pavilion\_1

“Empress, Young Master Yang Chen has gone through a long and arduous journey to bring people back. Seeing the good relationship between these Fishmen and Yang Chen, we should give him some rewards.”

“This Yang Chen is even willing to stand up for our Fishman Tribe. Otherwise, I can’t imagine what would have happened to Little Lotus just now.”

“Really, those Fishmen from the Southern Realm are too much, bullying our Fishmen in the Spirit Realm for not having men.”

Luo Ying sighed: “It’s fate, I guess. But as you all said, Young Master Yang Chen is indeed very good. What kind of help do you want from us for your young masters?”

“We think the greatest help we could give to our young master would be in the aspect of the soul. But over the years, we haven’t been of much help to the young master in this aspect. We have only used the Forbidden Divine Art of Inheritance Memory to help him.” Yun Lu and the others said.

“Your inherited memory’s forbidden divine technique must be incomplete, right?” Luo Ying smiled.

“Yes, of course.” Yun Lu and the other mermaid women responded.

Luo Ying smiled and said, “In that case, let’s give Young Master Yang Chen the Forbidden Divine Art. This is also considered as the most precious treasure of our Fishman Tribe. Now that we have met someone like Yang Chen, it is appropriate for our tribe to offer this treasure.”

“Empress, isn’t it a bit excessive to give the complete Forbidden Divine Art to this person?” Some of the other Fishmen were reluctant to do so for a moment.

From this, it could be seen how valuable and rare the forbidden divine technique was.

“Obey my command.” Empress Luo Ying trusted her judgment.

At this point, the other Fishmen could not say anything else, and they agreed one after another, preparing to fetch the Forbidden Divine Art.

Meanwhile, Yang Chen also returned to his original place.

Upon his return, many people began to discuss, after all, matters concerning Yang Chen were highly controversial.

Many people in the Spirit Realm were talking nonstop, making Da Mu Tianzun lose face.

“Damn it.” Da Mu Tianzun thought to himself silently.

Although he was in the Spirit Realm now, once he went to the Spirit Realm, he was determined to make Yang Chen suffer!

However, just as he was thinking this, a voice suddenly appeared in his ear.

“Da Mu Tianzun, I have a way to kill this kid Yang Chen. I wonder if Da Mu Tianzun wants to cooperate with me.”

The sound surprised Da Mu Tianzun, who turned his head to look for the person who was transmitting the sound to him.

At this time, Yang Chen had returned and was called over by others.

“Yang Chen!”

The person who called him out was from the Earth Fiend Clan and the others.

At this moment, Lu Nan stood up and looked at Yang Chen unscathed, taking a deep breath, “Yang Chen, what happened just now was really dangerous. I wanted to help you, but I couldn’t...”

“It’s nothing. Brother Lu Nan has his own position, and I can understand that. Besides, am I not completely unharmed now?” Yang Chen smiled faintly, not overly concerned about Lu Nan’s situation.

Lu Nan breathed a sigh of relief: “Brother Yang Chen, your actions just now really scared me. Why did you have a feud with the people from the Southern Realm?”

As the two were talking, a cough interrupted their conversation.

The person who spoke was a Heavenly Venerate expert from the Southern Realm.

Everyone looked over and paused when they saw the person coughing.

“It’s Yuan Hong Tianzun!”

“Yuan Hong Tianzun is about to speak!”

Many people closed their mouths obediently.

“Yuan Hong Tianzun is one of the few Boundless Stage Experts who has come to our Spirit Realm. He’s sitting in the center; it seems like he’s going to address something official when he speaks.” Lu Nan heard the cough, saw the puzzled look on Yang Chen’s face, and carefully explained.

Yang Chen heard this, nodded, and analyzed everything about Yuan Hong Tianzun’s attitude towards Yuan Hong Tianzun from how others treated him.

Yuan Hong Tianzun sat in the central position, indicating his status at a glance.

He spoke with a cold and deep voice: “Now that everyone seems to be here, I, Yuan Hong, will explain the matter of going to the Southern Realm clearly.”

Many people in the Spirit Realm pricked up their ears, knowing that going to the Southern Realm was important, but no one knew what to do in the Southern Realm.

“There is a place in our Southern Realm called Heaven Lord Pavilion. The Heaven Lord Pavilion is a force under the command of Spirit King. It has existed since the beginning to cultivate Celestial Experts for the Southern Realm. Furthermore, every expert who has come out of the Heaven Lord Pavilion is, without exception, the elite among Celestial Experts.”

Although Yuan Hong Tianzun’s tone was calm, there was still a hint of pride in his words when talking about the Heaven Lord Pavilion, showing his arrogance towards the existence of the Heaven Lord Pavilion.

“In the Southern Realm, entering the Heaven Lord Pavilion is undoubtedly as difficult as reaching the sky, requiring a lot of screening. Even if you all have already reached the Heavenly Venerate realm, the Heaven Lord Pavilion would not be interested. I can assure you that from the Nirvana Stage to the Great Ascension stage, among those present, hehe, the number of people who are eligible to enter the Heaven Lord Pavilion can be counted on the fingers of one hand, no more than three, or even none at all!” said Yuan Hong Tianzun.

Hearing this, many people gasped.

Could it be that strict?

A vast majority of people were unconvinced, thinking that Yuan Hong Tianzun was exaggerating.

“I know you might not believe it, but it doesn’t matter. When you get there, you’ll find out for yourself. The group of you from the Spirit Realm who entered the Heaven Lord Pavilion are special. Although you will have to go through various checks, whether successful or not, you will still enter the Heaven Lord Pavilion, but the treatment you receive will be different.”

Yuan Hong Tianzun said, “Before this, let me tell you first, so that you can be prepared. We will wait for ten more days. Ten days later, whether or not everyone has arrived, we will set off, pass through the Eye of the Netherworld, and enter the Southern Realm. By then, our target will be the Southern Realm’s Heaven Lord Pavilion!”

Many people dared not ignore this.

Ten days...

Yang Chen couldn’t help but sigh. He didn’t know what kind of place the Heaven Lord Pavilion was, but the thought of leaving the vast land where he had grown up in ten days made him somewhat unable to accept it.

For cultivators like them, ten days was just a blink of an eye.

In the blink of an eye, it was already ten days later.

Ten days later, there were no more newcomers, and it seemed that everyone who was supposed to be here had already arrived.

At this point, Yuan Hong Tianzun no longer waited, he stood up and said loudly, "Alright, it's almost time, everyone, let's set off for the Southern Realm. Empress Luo Ying, may I trouble you to open the Eye of the Netherworld."

Yuan Hong Tianzun was not too arrogant in his dealings.

With his words, no one had any more objections, and everyone respectfully stood up to obey his command.

Empress Luo Ying and the Fishman women had already prepared, but at this moment, they did not immediately agree to go and open the Beiming Eye. Instead, their bright eyes fell on Yang Chen's figure.

"Young Master Yang Chen, come here quickly." Luo Ying said with a gentle smile.

Chapter 2495: Leaving the Spirit Realm\_1

Yang Chen was slightly surprised to hear Queen Luo Ying call out to him, and he walked over to her side.

He noticed that Yun Lu and several other familiar Mermaid Women were all there, seemingly gathered to see him off.

"Young Master, are you really leaving?" These Mermaid Women couldn't help but tear up.

Yang Chen smiled faintly and said, "I will still see you when I return from the Southern Realm. Look at you, why are you crying?"

"Young Master, we can't bear to part with you." Some of the Mermaid Women were already sobbing uncontrollably.

Yang Chen didn't know whether to laugh or cry. In his heart, he couldn't bear to part with them either. However, at this point, what's done is done. These Mermaid Women have already settled down here and are enjoying their new lives, so how could he disrupt that?

“Queen Luo Ying, you were looking for me...” Yang Chen hesitated to ask, unsure of Queen Luo Ying’s purpose.

Queen Luo Ying gave a faint smile and took out a light sphere, not revealing its contents. She promptly placed it in front of Yang Chen.

Yang Chen was astonished and asked, “Queen Luo Ying, what is this...?”

“This is a Forbidden Divine Art.” Queen Luo Ying whispered with a secretive smile, careful not to be overheard by others.

“What? This is a Forbidden Divine Art?” Yang Chen exclaimed in disbelief.

Queen Luo Ying smiled and said, “Yes, it is the complete version of the Forbidden Divine Art, which is the most precious treasure of our entire Fishman Tribe. Yun Lu told me that you have cultivated the first layer of the Forbidden Divine Art. Once this art is cultivated, it is impossible to cultivate any other divine soul secret techniques. Although precious, only having the first layer will cause some obstacles to your future progress. Therefore, we decided to give you the complete version of the Forbidden Divine Art.”

Yang Chen took a deep breath and said, “I appreciate this immensely, Luo Ying.”

“There’s no need for thanks, Young Master Yang Chen. Since you respect us, we must respect you, too.”, Queen Luo Ying smiled sweetly.

Yang Chen was touched and replied, “In that case, I must thank Queen Luo Ying for this precious gift. I will humbly accept it.”

“Of course.” Queen Luo Ying handed the item to Yang Chen.

Upon receiving it, Yang Chen spoke with Queen Luo Ying for a while. Then, seeing that the others were growing impatient to open the Beiming Eye, he had no choice but to return to the crowd.

Queen Luo Ying quickly rose to her feet and led everyone to the location of the Beiming Eye!

As Yang Chen was about to leave, Yun Lu and the other Mermaid Women, who had once followed him, burst into tears. They couldn't be consoled.

How could Yang Chen not hear their cries? In the end, a thousand words turned into a heavy sigh.

In this manner, with Luo Ying leading the way, they moved through the depths of the ocean floor.

The North Ming Sea was vast and expansive.

This particular seabed had its peculiarities, as it was incredibly difficult for divine souls to explore.

Of course, this applied only to ordinary people.

For those who had cultivated the Forbidden Divine Art, like Yang Chen and the other Mermaid Women, it was an exception. When their divine souls spread out, they could see everything in the depths of the ocean floor.

"Could that be the Beiming Eye?" Yang Chen murmured.

Before others could notice anything, he had already predicted the location of the Beiming Eye!

As he had thought, Queen Luo Ying quickly led a group of humans to pause at that location.

They stopped at a massive abyss in the depths of the ocean floor.

At the bottom of this abyss was a black vortex.

Prohibitions surrounded the vortex, sealing it off. As a result, even though the vortex was desperately trying to draw in water, not a single drop could enter.

“This is the Beiming Eye. It is currently sealed by our tribe’s ancestral prohibitions. Only our tribe can unseal it. Once it’s opened, the Beiming Eye will draw everyone in and create a spatial channel to send you all to the Southern Realm today!” Queen Luo Ying explained.

Those who didn’t understand from the Spirit Realm nodded and stored this information in their minds.

However, the people from the Southern Realm were impatient and didn’t want to listen to Queen Luo Ying’s words. Someone shouted, “Hurry up and open the prohibition.”

Queen Luo Ying had no choice but to take out a jade ruyi.

As the Jade Ruyi appeared, Queen Luo Ying muttered a mysterious incantation. As the words lingered, she let a drop of her essence blood merge into the ruyi.

Next, she directed the Jade Ruyi to release a mysterious power towards the prohibition above the Beiming Eye...

Subsequently, crackling sounds began to echo in the air!

The noise grew louder and louder, more intense!

Eventually, with a loud bang, the prohibition surrounding the Beiming Eye was released entirely, and the people from the Spirit Realm were drawn into it along with the guides from the Southern Realm.

“Ah!”

Many people screamed loudly, unable to adapt to the sudden change quickly.

In the blink of an eye, the thousands-strong crowd was sucked into the Beiming Eye.

The group of women had prepared in advance and steadied their footing. Seeing that everyone had been drawn into the Beiming Eye, they immediately took out the Jade Ruyi and resealed the Beiming Eye using the prohibition.

...

Meanwhile, Yang Chen and the others from the Spirit Realm had entered the channel leading from the North Ming Sea to the Southern Realm.

Yang Chen held Zhang Xuelian's hand, joining the other twenty humans.

Yang Chen observed his surroundings and murmured, "Is this a specially created spatial channel? It's a remarkable piece of work. The channel walls are thin but perfectly block the external spatial turbulence and form a perfect passage."

Upon initial inspection,

As long as they kept moving forward within this channel, there should be no problems. However, the construction of this spatial channel seemed to have been around for quite some time. It appeared that the thin walls of this spatial channel might not be able to block the external spatial turbulence with a hundred percent certainty.

Just as Yang Chen had thought, Yuan Hong Tianzun spoke up, "Everyone, it will take three days to reach the Southern Realm. During these three days, do not think that you are entirely safe. Be cautious. This spatial channel was created by our great ancestors when they first opened up the Southern Realm. In the earliest days, there were no issues, but with the passage of time, problems are bound to arise."

"What kind of problems?" Someone couldn't help but ask.

"The walls of this spatial channel may be broken by external spatial turbulence at any moment, forming gaps. While the walls can quickly heal and recover, if someone is caught by the spatial turbulence and

dragged out of this channel, it would be a disastrous situation. It won't be easy to survive!" Yuan Hong Tianzun spoke in a low and somber tone.

Chapter 2496: Li Chongxiao's Conspiracy\_1

Upon hearing these words, many people took a deep breath and became serious.

After all, everyone had a certain understanding of spatial turbulence, and they were well aware of the consequences if they were caught in it.

Not to mention the powerful ones at the Nirvana Stage, even those at the Great Ascension Stage were quite wary of these spatial turbulences.

Because it was difficult to move within them.

With bad luck, they would be directly killed by the spatial turbulence.

With good luck, they would be forever trapped in the spatial turbulence, unable to return alive.

Only the Boundaryless-level powerhouses, who had some understanding of the laws, could ignore these spatial turbulences. For them, at their current level, they still needed to be very cautious.

With the reminder from Yuan Hong Heavenly Venerate, everyone became more careful and diligent, not daring to show the slightest carelessness!

In an instant, many people from various clans in the Spirit Realm began to arrange manpower to guard on the frontline of the spatial walls, keeping a patrol posture, preventing the danger of a spatial turbulence in advance.

Yang Chen and Zhang Xuelian walked hand in hand, moving forward.

The twenty-one humans didn't have much conversation among themselves.

Yang Chen kept quiet, not having much communication with Zhang Xuelian.

At the same time, what Yang Chen didn't know was that Da Mu Tianzun, who had some animosity against him, was now plotting something with a glint in his eyes.

Da Mu Tianzun's lips moved slightly, as if communicating with someone, seemingly discussing something.

It was just after the discussion that Li Chongxiao suddenly stood up from his original position.

As soon as Li Chongxiao stood up, he immediately said, "Everyone, the surrounding spatial turbulence is an unstable factor. Other groups have already set up various kinds of defenses. Which one of you would like to join me in guarding the surroundings? After all, we are the only twenty-one humans, and we need to help each other."

"I'll go with Brother Li." Someone stood up, echoing Li Chongxiao.

About three people stood up, planning to go with Li Chongxiao.

Li Chongxiao then looked at Yang Chen: "I heard that you, young friend Yang Chen, have been researching the Space Dao Intent. Why don't you join us?"

Upon hearing Li Chongxiao's words, Yang Chen's expression was strange, and he wondered what the other party intended.

Li Chongxiao was right; he had some research on Space Dao Intent, and it was hard to refuse now.

"Since the senior Li is going, I shall take a look as well." Yang Chen's expression didn't change.

He knew Li Chongxiao didn't have good intentions, as that black-robed man who tried to assassinate him was mostly likely sent by him.

However, he didn't think Li Chongxiao could do anything to him!

Li Chongxiao led three other Great Ascension Stage and Nirvana Stage powerhouses from different forces, along with Yang Chen, to the surrounding spatial walls.

"Look at the surrounding spatial walls; the spatial turbulence should not appear so suddenly, so it shouldn't harm the people in the rear." They looked at each other and agreed unanimously.

"Alright, you go over there to guard, and you, young friend Yang Chen, guard over there in the front!" Li Chongxiao instructed.

Yang Chen did not waste any words and went to the front position as Li Chongxiao instructed, guarding a spot.

At this point, there was a glint in Li Chongxiao's eyes.

"There's no problem here!" Yang Chen said with his hands behind his back.

"There's no problem here either!"

Others also reported.

Li Chongxiao calmly said, "Don't worry, everyone. There are many unstable factors in these spatial turbulences. If you are too careless, accidents could easily happen."

Yang Chen had a bad feeling, sensing that Li Chongxiao seemed to have set a trap for him.

However, he didn't think Li Chongxiao could handle him alone.

At the same time, Zhang Xuelian was still closing her eyes, unmoved and emotionless, as if nothing had anything to do with her.

In this way, time passed...

No one noticed, but a short dagger suddenly appeared in Li Chongxiao's hand.

When the dagger appeared, he slightly waved it!

Originally, there was no anomaly in the position Yang Chen was guarding, but at the moment the dagger was waved, the place where he was suddenly experienced violent turbulence.

"What!" Yang Chen's pupils contracted.

"Yang Chen, the spatial turbulence is fluctuating abnormally at your location. Quickly, come back!" Li Chongxiao shouted loudly, appearing to be very anxious.

But it was too late!

Because the spatial turbulence had already broken through the spatial walls, just like a giant hand, it swept towards Yang Chen violently.

"Not good!" Yang Chen's heart shook, understanding at this point what had happened.

This was clearly Li Chongxiao's plot!

Li Chongxiao was now pretending to save him, but in reality? The other party had predetermined to take him by surprise; he just didn't know where Li Chongxiao got the means to do so. He only felt a flash of light just now and immediately, a gap was opened in the spatial walls here!

Now, as Yang Chen turned his eyes to glance back at Li Chongxiao, he saw a smug grin on his face.

Yang Chen's anger surged, knowing that Li Chongxiao was up to no good!

Last time, he harmed Mu Gufeng, and now he wanted to harm him too?

"Fight me!" Li Chongxiao sneered, clenching his fists, his smile full of sarcasm.

Now Yang Chen was on high alert, gripped by the spatial turbulence.

If it were anyone else, they would have been taken away by now, but Yang Chen was different. He had the Space Dao Intent, so he could still hold on.

At this point, the others retreated one after another, keeping their distance from Yang Chen, fearing that they would be affected by the spatial turbulence as well.

When they looked at Zhang Xuelian again, her face was still emotionless, and her eyes remained closed as if her love affair with Yang Chen was not related to her at all.

It wouldn't be so easy for Yang Chen to give up.

Yang Chen was now trying hard to use the Space Dao Intent to support himself, and he could even gradually crawl out of the entanglement of the spatial turbulence.

"Not good!" Li Chongxiao's expression became flustered.

Seeing the spatial walls about to heal, the spatial turbulence hadn't yet taken Yang Chen away.

What kind of ability did this kid have?

Li Chongxiao was flustered for a moment. If he didn't kill Yang Chen, then his reputation would be truly ruined. After all, this matter could not stand up to scrutiny. Yang Chen had to die, he had to!

In his panic, he glanced at Da Mu Tianzun.

Da Mu Tianzun seemed to be well prepared. Seeing this, he immediately stood up and slammed a palm towards Yang Chen!

"Da Mu Tianzun!" Yang Chen roared in anger.

This Da Mu Tianzun took advantage of the fact that he was caught by the spatial turbulence, and slapped him down, putting him in a difficult position.

"Die!" Da Mu Tianzun grinned hideously, as if to say, I'll make you die by my hands.

This palm was full of Dao Intent Inscriptions, and Yang Chen couldn't dodge it. He had only two options: either be taken away by the spatial turbulence or forcefully take the hit.

Chapter 2497: Re-entering the Universe Starry Sky\_1

Many people mourned for Yang Chen.

The most critical thing was that Da Mu Tianzun actually disregarded the rules and attacked Yang Chen directly, something no one had expected.

After all, even if everyone knew that Da Mu Tianzun had a grudge against Yang Chen, it wasn't likely that he would so blatantly attack Yang Chen!

But Da Mu Tianzun actually dared to do it.

This was something Yang Chen didn't expect either.

As a result, his situation became rigid and difficult in an instant.

Yang Chen knew he had to make a choice!

Not giving up would mean death, wouldn't it?

He had to give up and enter the spatial turbulence. Although it was a terrible situation, it was still better than being killed by Da Mu Tianzun.

Yang Chen could only grit his teeth and give up reluctantly.

Then, he was directly swept away by the spatial turbulence, disappearing on the spot and being thrown out of the spatial channel!

However, Da Mu Tianzun's strike failed, which made him secretly annoyed that he hadn't killed Yang Chen with a slap!

As the scene ended, the spatial wall quickly repaired itself!

Yang Chen had completely disappeared, and everyone couldn't help but gasp. Although many people felt that Yang Chen's situation was unfair, no one dared to speak up at the moment.

It was better to protect themselves wisely.

If Yang Chen wasn't dead, they might be too angry about the incident to help him out, but now that Yang Chen was already dead, how could they help him? It wasn't worth it to stand up for a dead man.

"Damn it," Lu Nan from the Earth Fiend Clan growled, wanting to take action.

However, the Celestial Experts around him firmly held him back.

“Calm down, Lu Nan. There’s no point in seeking revenge for the dead!”

“Lu Nan, there’s no point in lamenting anymore since he’s already dead!”

With anger in his heart, Lu Nan silently swore to himself that when he went to the Heavenly Venerate Pavilion, he would train to become strong and seek revenge for Yang Chen.

Many people in the Earth Fiend Clan sighed as well.

Da Mu Tianzun had now killed Yang Chen and had clearly demonstrated his authority, telling people from the Spirit Realm that no matter how strong they were in the Spirit Realm, they had to be more obedient and well-behaved in the Southern Realm!

Now, many people feel more sorrowful than regretful for Yang Chen’s death, but it’s inevitable to feel sorrowful.

The most surprising thing was Zhang Xuelian.

At the moment, Zhang Xuelian remained indifferent, even when Yang Chen was swept into the spatial turbulence, she remained unmoved. The cold indifference she displayed was chilling.

Even Li Chongxiao shivered all over.

It was common knowledge that Zhang Xuelian and Yang Chen were a married couple.

If Yang Chen was thrown into the spatial turbulence, it would be natural for Zhang Xuelian to have a reaction. But Zhang Xuelian was too calm – so calm that it was frightening!

“What is this woman thinking?” Li Chongxiao pondered.

No matter what, since he had already taken action against Yang Chen, Zhang Xuelian would be next.

He didn't believe that Zhang Xuelian, as a chosen one with numerous calculation methods, wouldn't know that everything involving Yang Chen was his doing!

Indeed, it was all a scheme between him and Da Mu Tianzun.

Long before Da Mu Tianzun and Yang Chen had their altercation, he had made contact with Da Mu Tianzun and cooperated with him.

They conspired together and hatched such a sinister plot. Firstly, Li Chongxiao, under the pretext of protecting the spatial wall, used the King Divine Tool to quietly break open the spatial wall.

Then, they framed Yang Chen and pushed him directly into the spatial turbulence.

If all else failed, Da Mu Tianzun would add fuel to the fire and slap Yang Chen into an irreversible disaster!

They had discussed all of this beforehand.

Da Mu Tianzun took the most obvious action and might be somewhat punished for it.

Just like now!

"Da Mu Tianzun!"

Yuan Hong Tianzun stood up angrily at this moment, "Da Mu Tianzun, what are you doing? Why are you attacking someone from the Spirit Realm!"

Da Mu Tianzun knew he had to explain himself after taking action, and said slowly, "Yuan Hong Heavenly Venerate, I'm extremely sorry. You know that I've had issues with Yang Chen in the past, so I couldn't

help but take action just now. I already regret it, and although I know it's of no use, I am willing to accept any punishment."

"Hmph, when we return to the Heavenly Venerate Pavilion, I will severely punish you," Yuan Hong Tianzun retorted angrily.

But this was all just for show.

Everyone knew Yuan Hong Tianzun didn't really intend to punish Da Mu Tianzun.

Actually, Yuan Hong Tianzun was initially very angry, but then he thought better of it. Da Mu Tianzun's actions were a good way to establish authority in the Southern Realm and deter the people of the Spirit Realm, making them understand their position.

As for the punishment for Da Mu Tianzun, it was all just a formality.

Da Mu Tianzun knew all this, his heart was filled with joy, and he sneered as he left.

Fighting against him? Yang Chen was merely delusional, unable to see his true position.

As for the others, they knew very well that Yuan Hong Tianzun was only putting on a show, but what could they say now?

They had no choice but to accept that it was Yang Chen's fault for provoking Da Mu Tianzun and must now mind their own business.

For a time, the turmoil subsided.

A show of power in the Southern Realm had the people of the Spirit Realm subconsciously comparing themselves with the Southern Realm, and they came up short.

...

Meanwhile, at the endpoint of the spatial turbulence, the Universe Starry Sky.

The Universe Starry Sky was composed of countless spacetimes and was another place where Yang Chen was unsure of. However, when he was swept out by the spatial turbulence, he once again entered the Universe Starry Sky.

“Am I in the Universe Starry Sky again?” Yang Chen muttered to himself.

If he really was brought to such a place, he wasn't really scared.

“Bear Elder One, Bear Elder Two, come out,” Yang Chen ordered.

“Okay, coming out,” Bear Elder One and Bear Elder Two jumped out in unison: “Boss, what are your orders?”

Yang Chen looked around.

“How do I get to the Southern Realm? I was attacked in the spatial channel to the Southern Realm. How can I find the location of the Southern Realm within the Universe Starry Sky?” Yang Chen was very puzzled.

“You two, take me forward,” Yang Chen called out.

Bear Elder One and Bear Elder Two carried Yang Chen all the way, sprinting through the Universe Starry Sky like ordinary people, very relaxed.

“Stop!” Yang Chen suddenly shouted.

He finally understood what was going on.

At this moment, Yang Chen took a deep breath, and in front of him, two giant interface planets were suspended. Among these planets, one was the Spirit Realm that he was familiar with!

Although his Lingxi Divine Pupil and soul couldn't see very clearly, he was too familiar with the Spirit Realm to not be able to deduce things from the general layout.

As for the other planet, Yang Chen didn't have to think about it to know it was the Southern Realm!

The Spirit Realm and the Southern Realm were not too far apart.

Yang Chen knew what to do.

"You two, rush to that planet over there and charge directly into the interior of the planet!" Yang Chen shouted.

By doing so, he might be able to directly enter the Southern Realm!

Chapter 2498: Nine Deaths and One Life\_1

This filled Yang Chen with joy.

He was originally worried about how to go to the Southland. After all, without the spatial channel, who knows how he would get there.

Last time, they were able to return the same way, so Bear Elder One and Bear Elder Two carried him and ran back with ease.

But it was different this time. After being knocked out of the spatial channel, he couldn't find its location, which was quite strange.

If they really couldn't find the spatial channel and got lost in the universe's starry sky, it would be troublesome. After all, the stamina of Bear Elder One and Bear Elder Two was limited.

But now it seems that he hadn't been far from the Southland and the Spiritual Realm after being knocked out of the spatial channel.

Now he can rush in.

His heart was filled with hatred!

Li Chongxiao and Da Mu Tianzun actually conspired against him. If he entered the Southland, he would tear them apart!

Now, Bear Elder One and Bear Elder Two were carrying Yang Chen, hurrying toward the boundary planet of the Southland.

Along the way, Yang Chen's thoughts were in turmoil!

What puzzled him the most was his wife, Zhang Xuelian!

In theory, with Zhang Xuelian's way of calculation, she could have helped him foresee this crisis. But what puzzled him was that she hadn't mentioned it at all.

Moreover, during his accident, Zhang Xuelian's expression was too calm, completely indifferent, as if the two didn't know each other at all. This made him feel completely baffled and couldn't see through her!

What was Zhang Xuelian thinking about?

Yang Chen felt all sorts of confusion. But like killing Li Chongxiao and Da Mu Tianzun, he had to go to the Heaven Lord Pavilion to find out everything!

“Heaven Lord Pavilion!” Yang Chen muttered to himself, remembering the name.

He didn’t know where he would end up after entering the Southland, so he could only rely on luck now.

“Boss, it doesn’t look far, but why haven’t we arrived after running for so long?” Bear Elder One and Bear Elder Two were panting.

Yang Chen was also puzzled, but soon realized the reason.

From this position, he could see the entire boundary planet. How big was one boundary planet? No one could traverse it in an instant.

The distance they saw now might not be long compared to a boundary planet, but if they thought carefully, it was actually very far.

Bear Elder One and Bear Elder Two were already struggling.

“Hold on, we’re almost there, really,” Yang Chen said solemnly.

Bear Elder One and Bear Elder Two were panting and gasping for breath.

As Yang Chen said, they were indeed close.

By the end, the two silly bears were using all their strength, not caring about anything else. They roared, closed their eyes and charged forward. Finally, they broke through the barrier of the boundary planet in one breath and entered it in an instant!

Then, Yang Chen felt a sudden change in front of him.

The original scene disappeared instantly, replaced by layer upon layer of spatial turbulence like knives. These spatial turbulences seemed to prevent outsiders from easily entering the realm. Yang Chen's pupils shrank suddenly, feeling a crisis.

If it were easy to traverse space, countless people would have done so already.

He immediately used Space Dao Intent to protect himself. Although he could barely hold on for a while, his Space Dao Intent couldn't last in the long run.

"Boss, let us do it," Bear Elder One and Bear Elder Two called out.

Yang Chen voiced his concern, "Don't force yourselves."

"It's fine!"

It seemed that Bear Elder One and Bear Elder Two were confident. They rushed to the front, ignoring the spatial turbulence, and forcefully opened a rift in the dense space.

"Boss, hurry up and get in!" Bear Elder One and Bear Elder Two shouted.

Yang Chen didn't think too much and forcefully crossed the spatial turbulence. As there were more and more spatial turbulence, Yang Chen felt that his Space Dao Intent was getting harder to sustain. He could only push on anxiously.

Due to this push, his Space Dao Intent became even harder to sustain.

As a result, a large amount of spatial turbulence wrapped around Yang Chen's body, while he had just entered the spatial rift.

Then, Yang Chen's head went black and, hurt by the spatial turbulence, he fainted.

As for Bear Elder One and Bear Elder Two, they wanted to enter the Southland through this rift, but just as the silly bears were about to take action, the opened spatial rift closed instantly. Bear Elder One and Bear Elder Two turned pale. They wanted to do something but had no idea what to do.

...

Thus, one month later...

Yang Chen sat cross-legged in a mountain range, an anxious look on his face.

It had been a month since he had arrived here. He wasn't sure whether he had come to the Southland or not. It had to be admitted that the Heaven and Earth Spirit Qi here was more abundant than in the Spiritual Realm, making it a rare treasure land!

Relying on the talent of the Star Space Beasts inherited by Bear Elder One and Bear Elder Two, he had forced his way through the boundary. Otherwise, just thinking about crossing the Southland, Yang Chen couldn't guarantee that he would have made it safely!

Bear Elder One and Bear Elder Two possessed the special abilities of Star Space Beasts. They could not only ignore the spatial turbulence but also forcibly create spatial rifts in the dense space, allowing him to pass through.

Otherwise, it would have been a life and death situation yesterday.

Even so, he was still seriously injured and separated from Bear Elder One and Bear Elder Two.

Nowadays, he had landed in this unknown mountain range. A month ago, he couldn't even move. He was so badly injured by the spatial turbulence that he couldn't get up.

If not for him being a member of Dan Medical, carrying some elixirs he had refined at all times, there would be no way for him to recover to his current state in just a month.

Even then, he still hadn't recovered to his peak within this month. If he had to put a number on it, he had only recovered about 20% of his strength.

Of course, this 20% strength might be far from his peak, but it was enough to deal with some ancient beasts in this mountain range.

This was an Ancient Beast Mountain Range, with a large number of ancient beasts inhabiting it. Some of them were quite powerful.

Among those he had encountered recently, there were even some Enlightenment Stage ancient beasts.

It would have been almost impossible to encounter such fearsome creatures in the Spiritual Realm, but in this dimension, such terrifying creatures could be found casually in any place.

Yang Chen couldn't help but sigh.

Now, what worried him more were Bear Elder One and Bear Elder Two. He didn't know where the two silly bears were now.

After thinking about it, he realized that it was unnecessary to worry. Although the two silly bears were not very bright, they had inherited the talents of Star Space Beasts, so safety was not an issue.

The only concern was that the two silly bears were too far away, making it difficult to reunite.

After all, finding one another in this vast dimension would be like searching for a needle in a haystack.

Chapter 2499: Flying Dragon Lizard and Southern Realm People\_1

With such thoughts in his mind, Yang Chen couldn't help but sigh.

At this point, all he could do was to calm down and not think about other things. However, just then, the sudden sound of an ancient beast rang out.

This made Yang Chen narrow his eyes.

“The sound of an ancient beast? Hmm, are there people?”

As Yang Chen thought that, suddenly, a huge ancient beast descended from the sky.

Soon after, a group of people fled in a panic, running all the way to Yang Chen’s location, still not stopping. Chased by the ancient beast, they were disheveled and in a sorry state.

Yang Chen couldn’t help but smile bitterly.

Why on earth did they lead the chase here?

He really couldn’t help but laugh and cry at the same time, as he didn’t want to take action now since his strength had not yet fully recovered.

Once he took action, there was no doubt that it would slow down his recovery to the peak!

“Is this the king of the ancient beasts in this area, the Flying Dragon Lizard?” Yang Chen muttered to himself.

He had not been idle during this time. His soul often scouted the surroundings and observed everything nearby.

This ancient beast, which he called the Flying Dragon Lizard, although he didn’t know its specific name, was the king of the ancient beasts in this area.

Its strength should be enough to contend with the Nirvana Stage, quite powerful.

Yang Chen had managed to peacefully spend his time in this mountain range without being harassed by these ancient beasts, relying on his soul advantage.

These ancient beasts have not developed their intelligence and can only be called fierce beasts. They don't have particularly strong souls, so they didn't know he was here.

But now, with these people leading the Flying Dragon Lizard here, things might change.

"This Flying Dragon Lizard is too hard to kill, run quickly."

"What should we do now? If we don't kill the Flying Dragon Lizard, our family head's injuries will not heal, and how can we win in this competition among the various clans?"

"Winning? Just keeping our position would be good enough."

"Let's try to stay alive first. We are not a match for this Flying Dragon Lizard at all. I never expected it to have evolved to such a level!"

The Flying Dragon Lizard, looking similar to a common lizard but with wings, flapped its wings and could spit out gusts of swirling winds from its mouth.

These gusts of wind were like blades, shaking the earth and mountains as they passed, and the human experts fled in succession.

"Among these human experts, there are two Nirvana Stage Experts with about 2,000 Dao Intent Inscriptions. They are leading a team of Enlightenment Stage experts to besiege the Flying Dragon Lizard, only to be defeated. Thus, this Flying Dragon Lizard's strength must be at least 3,000 or even 4,000 Dao Intent Inscriptions." Yang Chen smiled bitterly to himself.

He didn't want to provoke such an existence with his current strength.

But despite his reluctance, these people were inadvertently leading it towards him.

At this moment, a team noticed Yang Chen's presence, but they didn't have time to pay attention to him.

"Not good, we've strayed into a dead valley!" The two lead Nirvana Stage Experts had just realized this.

"Fight it out with this thing!"

One of the Nirvana Stage experts shouted, now that they had no choice.

As they had no way out, they could only fight the Flying Dragon Lizard to the death.

During the battle, they didn't have time to care about Yang Chen, and Yang Chen was happy to watch the show from the sidelines.

"Dao Techniques..."

Yang Chen mumbled to himself, noticing that these people were using Dao Techniques. And it wasn't just the Nirvana Stage experts. The Enlightenment Stage experts also displayed moves that had the flavor of Dao techniques.

"So, this place is indeed the Southern Realm." Yang Chen revealed a joyful expression. Although their Dao techniques were not strong and had no significant power when used by these people, they were as common as the streets, even an Enlightenment Stage would know them. So, what was the concept of it?

Yang Chen's heartbeat sped up.

But he had to admit that the people in this team could no longer hold on.

"Not good!"

“Run, we are no match for this flying dragon lizard.”

“Flee, where do we flee? Ah!” Several Enlightenment Stage fighters were caught in the burst of wind released by the flying dragon lizard and immediately turned into dust, leaving no traces behind.

The urgency made the people of the team desperate. Suddenly, the leading Nirvana Stage expert thought of Yang Chen.

After observing him, he revealed an excited expression, “Your Excellency is also a Nirvana Stage expert. Why not help us out, and we can escape together. Otherwise, if we die in battle later, it will be difficult for you to save yourself too.”

Yang Chen was both amused and annoyed.

How dare you say that.

If you didn’t provoke this flying dragon lizard, would I encounter such a mess?

“If Your Excellency helps us today, our family will certainly be deeply grateful.” Several people shouted, already pushed to the extreme by the flying dragon lizard.

Yang Chen fell into deep thought.

These people didn’t say what kind of gratitude they would give, and he really didn’t want to help. However, the current situation was different from the past, as he had just arrived in the Southern Realm and didn’t know where he was. He needed a guide.

Moreover, just as these people said, he had to deal with the flying dragon lizard sooner or later, so timing didn’t matter.

The only thing that made Yang Chen feel helpless was that his 20% strength could face an ancient beast that had at least 3,000 or 4,000 Dao Intent Inscriptions and could still crush the Nirvana Stage experts with Dao Techniques.

After thinking it through, Yang Chen finally decided to stand up.

“As fellow humans, I should help you too.”

As soon as Yang Chen’s words fell, he disappeared from the spot and suddenly appeared in front of the flying dragon lizard.

“Suppress it!” Yang Chen forcefully unleashed his spacetime Dao Intent.

The originally arrogant flying dragon lizard trembled suddenly when the spacetime Dao Intent fell upon it. Not knowing what it had encountered, its body was heavily suppressed in place, causing a deafening noise.

All those who witnessed this were stunned.

Who was Yang Chen? How could he directly suppress the flying dragon lizard without even knowing what method he used?

But even with the flying dragon lizard suppressed, Yang Chen’s face looked very ugly.

“Damn it, I can’t exert my full strength, and my spacetime Dao Intent can’t even suppress it!” Yang Chen roared in his heart.

The flying dragon lizard was clearly struggling to resist and soon let out a roar as it got back up.

Yang Chen gritted his teeth, knowing full well that if he had his peak strength, he could have crushed this creature in an instant!

But now, he couldn't unleash the full power of his spacetime Dao Intent.

Even so, based on his judgment just now, he was still confident that he could defeat the flying dragon lizard.

"Suppress it again!" Yang Chen applied his techniques.

The King Divine Artifact Assassin God Spear emerged, carrying the Life and Death Dao Intent and other various Dao Intents, all pressing down together!

Then, thirty layers of Golden Butterflies!

No matter how much power he could exert, Yang Chen's long spear technique swiftly fell from the sky. The golden butterflies fluttered, flowing everywhere!

Aiming at the target, he struck with his spear. A thunderous boom echoed as the power erupted!

Chapter 2500: Defeating the Powerful Enemy\_1

Although the Flying Dragon Lizard is a ferocious ancient beast with limited intelligence, it still possesses some intellect.

Now, sensing Yang Chen's move, it has already realized that Yang Chen is not an ordinary person. Roaring and bellowing, it flaps its wings, unexpectedly stirring up the surrounding heaven and earth gales, instantly breaking through Yang Chen's thirty layers of Golden Butterfly.

This made Yang Chen's pupils contract.

Even though his current strength is compromised and he can't unleash high-level Golden Butterflies, the Flying Dragon Lizard's methods are still too terrifying.

“It can use the power of heaven and earth? Although it’s not the Heavenly Law, it resembles the power of the Heavenly Law. Is this the power that formidable ancient beasts possess?” Yang Chen said to himself.

How should I put it?

It’s natural.

This Flying Dragon Lizard can control natural winds, using them to battle the Dao Intent and the Dao Intent Inscription power that human Nirvana Stage experts are adept at.

Moreover, during the fight, it can still firmly gain the upper hand.

Yang Chen couldn’t help but sigh. At this moment, the Flying Dragon Lizard has broken his Golden Butterfly and has already turned the situation into offense. Ferocious and relentless, it was coming at a rapid pace.

“Your Excellency, be careful, this Flying Dragon Lizard is quite powerful. We shouldn’t be infatuated with fighting; escaping should be the top priority.” The Nirvana Stage expert beside him reminded.

“Escape? Where to?” Yang Chen said helplessly.

The body of the Flying Dragon Lizard is so huge that it covers the sky and sun. As soon as it appeared, all the paths on the mountain top were closed off by it.

And ironically, the rocks in this mountain range are all crystal stones, not ordinary materials. It’s not easy to break through, so it has directly trapped them here!

Yang Chen’s expression was cold, knowing that he must fight with his back to the wall to have any hope of winning.

Attempting to escape would only lead to being relentlessly attacked by the Flying Dragon Lizard!

Fight!

Keep fighting!

Yang Chen's gaze was fixed tightly on the Flying Dragon Lizard, and he couldn't help but admit that with his strength not fully unleashed he felt somewhat uneasy under the pressure of the Flying Dragon Lizard.

Now, the thirty layers of Golden Butterfly and various Dao Intentions couldn't suppress the Flying Dragon Lizard, so he also began to use his Sa Qi method.

Nine Turns Berserk Transformation, activate!

With a loud rumble, the terrifying Sa Qi instantly flooded every inch of the surrounding area like a river.

When this Sa Qi appeared, like a sharp sword or soldiers and horses, it surrounded the Flying Dragon Lizard, and indeed produced some decent effects.

"Space-Time Dao Intent can't suppress it, but this Sa Qi can have some entangling effects. It seems that my compromised strength allows the Nine Turns Berserk Transformation effect to be fully utilized, without any impact." Yang Chen thought.

It's not that Space-Time Dao Intent is inferior to Sa Qi.

Rather, his Dao Intent Inscriptions generally cannot be displayed in the strongest state at the moment.

While thinking, Yang Chen uses Sa Qi as his main force and attacks the Flying Dragon Lizard again.

"This is... Sa Qi!"

Many people were slightly surprised.

“This guy can actually use Sa Qi, that’s impressive.”

Many nearby people exclaimed in surprise.

The remaining two Nirvana Stage experts quickly recovered their strength. Seeing that they could not escape, they thought about helping Yang Chen once they have recovered their strength, to help him win.

Although Yang Chen’s strength has been compromised, he is now getting more and more into the battle.

“This Flying Dragon Lizard is tough and leathery; ordinary methods really can’t handle it. In that case, I’ll just use the move I used to defeat that Ice and Fire Sky Phoenix. It’s just that if this move succeeds, it succeeds; if it doesn’t, I’ll have to run away.” Yang Chen said.

He was fully focused and concentrated.

The Flying Dragon Lizard, entangled by the Sa Qi, was still as ferocious as ever. While roaring, it attacked Yang Chen again. With its wings flapping, a large amount of heaven and earth energy had already gathered around Yang Chen.

Yang Chen uses Sa Qi to block it, then immediately sweeps with his Slaughter God Spear!”Gather!”

He fused all the Dao Intent and Sa Qi into the Slaughter God Spear, forming a spear technique, the Ancient God’s Fury.

“Sa Qi, go!”

Yang Chen entangled all the Sa Qi onto the Flying Dragon Lizard’s body.

Then, he aimed his spear straight at the Flying Dragon Lizard.

Seeing Yang Chen rushing towards it, the Flying Dragon Lizard was also fully focused, aware of the power of Yang Chen's spear and decided to fight a life and death battle with him. Its wings flapped, gathering an astonishing amount of power within them.

"This Flying Dragon Lizard is about to use its secret technique." A few people exclaimed in amazement.

"Not good, Your Excellency, quickly avoid it."

"This Flying Dragon Lizard is using its innate divine power, which is extremely terrifying in power, and cannot be faced head-on!"

But Yang Chen didn't show any intention of avoiding it, making everyone feel shaken and thinking that Yang Chen had lost his mind.

Hadn't they said that he couldn't go head-to-head with the Flying Dragon Lizard? Hadn't he heard them?

Seeing Yang Chen charging straight at itself, the Flying Dragon Lizard was overjoyed. With a smile at the corner of its mouth, its wings suddenly flapped with great force.

A huge wind blade that connected the heavens and the earth instantly slashed towards Yang Chen.

With a loud bang, it was enough to tear through space, and wherever it passed, the crystal stone mountain range was shattered!

"That power, quickly dodge!"

A group of people retreated quickly, not daring to contend with even the aftermath of such a terrifying power.

“It’s over, it’s completely over.”

“The Flying Dragon Lizard can never win, it’s too strong, at least 5,000 of Dao Intent Inscriptions are required to contend with it.”

“It’s completely over now.”

Many people showed expressions of despair.

But suddenly, someone shouted, “You guys, look, that person hasn’t died.”

The group of people came to their senses and looked over. What they saw was a shocking scene: indeed, Yang Chen hadn’t died, and he had mysteriously appeared on top of the Flying Dragon Lizard’s head.

The Flying Dragon Lizard was also quite confused, only it itself knew that just when everyone thought that Yang Chen was killed by its technique, it had very carefully observed that Yang Chen disappeared just before it attacked.

Then, the opponent instantly moved to its head, the technique was called mysterious.

“Is it instantaneous movement?”

“Don’t be foolish, there are wind blades surrounding the Flying Dragon Lizard, how could anyone instantly move past them?”

The group of people was completely puzzled.

Only Yang Chen knew that it was his unique power, the Spatial Divine Ability.

Space-Time Dao Intent could have a miraculous effect against intelligent humans, let alone such an ancient beast.

“Die for me!”

Yang Chen’s spear stabbed down from above. Immediately, the Sa Qi and Dao Intent from the tip of the spear erupted instantly.

After resisting for a brief moment, the Flying Dragon Lizard’s body, accompanied by a miserable scream, was torn apart on the spot by Yang Chen’s spear, creating a huge gash.

The gigantic corpse then fell from the sky and crashed to the ground with a boom.

Suddenly, the large number of ancient beasts surrounding them emitted instinctive fear and fled in panic!

They knew that even the greatest king had been defeated, these humans were not to be trifled with.

Immediately after Yang Chen defeated the Flying Dragon Lizard, the teams stared at each other, dumbfounded, not quite reacting to what had just happened.
