

Supreme MK 2701

Chapter 2701 Another Review?_1

Yang Chen was surprised to hear of the Three Flowers Sacred District. The Three Flowers Sect?

However, his outward appearance remained calm and composed, and he gently said, "Thank you, senior, and thank you to all the seniors here."

"Hahaha, we are all human beings, now united against a common enemy. There is no need for gratitude when facing the Netherworld ghosts of the Extreme Yin Land."

"Yes, there is no need to be overly courteous."

"What's your name?" Ling Hua Heavenly Venerable asked with concern.

Yang Chen replied honestly, "Junior Yang Chen!"

Ling Hua Heavenly Venerable nodded slightly and then continued in a gentle tone, "Yang Chen, are you sure you are the messenger who came from the south?"

Yang Chen nodded and said, "The junior was given a special task and traveled all the way from the south, across mountains and rivers, to get here."

Upon hearing this, all the Heavenly Venerables exchanged glances, and their expressions grew more solemn and serious.

So many strong individuals had gathered here not simply because Yang Chen was special or anything like that.

In fact, even if Yang Chen were special or had come as a messenger from a far-off place, they wouldn't have so many boundaryless powerhouses guarding this area. Ultimately, it was because Yang Chen, as a messenger, had brought something important for the northern side!

Ling Hua Heavenly Venerable lowered her voice, staring intently at Yang Chen, and her red lips opened slightly, "So, Yang Chen, what important message has the south side sent you to bring to us with such a long and arduous journey?"

Upon hearing this, Yang Chen didn't rush to speak; instead, he glanced around, not entirely at ease.

Ling Hua Heavenly Venerable and Yun Qi Heavenly Venerable understood what Yang Chen meant. They waved towards the outside, signaling to secure the perimeter.

Many strong individuals immediately deployed prohibition arrays to ensure that no one could eavesdrop.

Yang Chen said solemnly, "I'll share this information with just three people, specifically the three of you."

Yang Chen pointed with his finger.

There were three powerhouses — Yun Qi Heavenly Venerable and Ling Hua Heavenly Venerable were two of them, while the name and title of the third Heavenly Venerable was unknown.

His reason for only telling these three Heavenly Venerables was that, before he had passed out, his memory only included these three Heavenly Lord powerhouses. Thus, he trusted these three people the most.

Even now, he was still vigilant and knew that the message should not be shared with too many people to ensure that the Netherworld beings did not learn of the past events. After all, they were of great importance.

Yang Chen's actions made some other Heavenly Venerables unhappy, especially Dao Ming Heavenly Venerable, whose expression was cold and stern as he shouted, "This is absurd! Are we not trustworthy enough for you? What's your intention, boy?"

Yun Qi Heavenly Venerable waved his hand, "Alright. We will relay this to the Dharma King and True King, and they will decide. For now, the fewer people who know about this, the better."

There was nothing left for Dao Ming Heavenly Venerable to say. He glared at Yang Chen, clearly blaming him for his current frustrations.

Yang Chen could see that Dao Ming Heavenly Venerable seemed to harbor negative feelings towards him, but he remained silent, his expression tense.

Utilizing his Divine Soul communication, Yang Chen relayed King Shen He's plan to Ling Hua Heavenly Venerable and the other two.

The three Ling Hua Heavenly Venerables, their expressions initially solemn, were now delighted and excited upon hearing this information.

"This is great! With this plan, our two sides can work together and hit the Netherworld hard. When the time comes to reclaim the Extreme Yin Land, the Netherworld beings will have no choice but to retreat to their own interface," Yun Qi Heavenly Venerable laughed.

"We must report this to the True King," another Heavenly Venerable rubbed his beard, clearly very satisfied.

Yun Qi Heavenly Venerable waved his hand, "The True King is currently in seclusion and would have attended today otherwise. There's no rush now. We can mention it tomorrow. By the way, Yang Chen, you have really gone to a lot of trouble to bring us such valuable information. Since you have traveled such a dangerous path to get here, why not rest on our mountain for a while?"

"Don't be so hasty, Brother Yun Qi. I am still suspicious of this boy," Dao Ming Heavenly Venerable spoke sharply.

Yun Qi Heavenly Venerable frowned, "Dao Ming Heavenly Venerable, what do you mean? Yang Chen has already shared the exact plan from the south, so how could there be any falsehood? Do you realize just how much we owe him for this plan alone? How can you still doubt him?"

"Hmph, who knows if this plan is meant to push us to the edge of death? I must scrutinize it thoroughly!" Dao Ming Heavenly Venerable stated, "Yang Chen, if you are truly innocent, you shouldn't be afraid of my scrutiny."

The other Heavenly Venerables' expressions turned awkward, as Dao Ming Heavenly Venerable was being a bit excessive.

Yang Chen didn't know why Dao Ming Heavenly Venerable was singling him out, but the other party was indeed harboring malicious intent. This made him ask solemnly, "How does senior plan to scrutinize me?"

He was also very frustrated.

Indeed, he had experienced a dangerous journey filled with near-death experiences to get here, but that didn't mean he deserved such scrutiny.

Dao Ming Heavenly Venerable sneered, "I have a heavenly separation mirror here. This mirror can expose any forgeries, but Dao Intent Inscriptions are unaffected. The fusion of Qi is different between inscriptions for humans and ghostly beings. Boy, as long as you reveal all of your Dao Intent Inscriptions, this Mirror can prove your innocence."

Hearing this, Yang Chen's expression became serious.

Reveal his Dao Intent Inscriptions?

How could he possibly agree to that?

Especially the Life and Death Dao Intent and the Spacetime Dao Intent — these two Dao Intents were something he deliberately concealed. He couldn't possibly reveal them to the public, as that would attract unwanted attention.

Even though the majority of people might still have good intentions towards him, he couldn't guarantee that a few people would harbor malicious thoughts against him.

It was this hesitation that made Dao Ming Heavenly Venerable laugh and say, "Why, are you scared?"

"Dao Ming Heavenly Venerable, what do you mean? Are you questioning the decisions of the True King?" Yun Qi Heavenly Venerable rebuked him.

"Of course not. I just mean that the True King has many responsibilities, and he may not have given this matter much thought. I am being thorough now so that we don't let anyone slip through the cracks," Dao Ming Heavenly Venerable sneered.

The expressions of the others also shifted to a surprised look at Yang Chen.

Indeed, certain aspects of Yang Chen's situation were suspicious. The odds were low, but what if Yang Chen was truly hiding something?

The hesitation that Yang Chen showed initially had been noticed by these wily seniors. Were they trying to make Yang Chen reveal his insecurities?

Chapter 2702: Two Strongest Dao Intentions_1

Daoming Tianzun's tone was now cold and aggressive, "So, kid, do you dare or not?"

Anger flashed across Yang Chen's face, and he immediately revealed one of his Dao Intent inscriptions.

Fire Daoist Inscription!

"Test it," Yang Chen said expressionlessly.

As the Dao Intent inscriptions appeared, Daoming Tianzun sneered and immediately took out the Sky Separation Mirror. As soon as the mirror was out, it shined upon Yang Chen.

In an instant, Yang Chen's appearance was perfectly displayed in the Sky Separation Mirror.

This made Daoming Tianzun's expression a bit awkward, after all, the Sky Separation Mirror could reveal any disguise, including Dao Intent inscriptions and appearance. But from the looks of it, Yang Chen didn't have any problems so far.

"Daoming Tianzun, as you can see, Yang Chen's Dao Intent inscriptions don't seem to have any issues," Spirit Flower Venerate said, his hands behind his back.

But Daoming Tianzun would not relent, coldly saying, "You all must have seen it in the mirror as well, this Yang kid has more than one Dao Intent. The various colors of light floating in the mirror represent his Dao Intent."

Hearing this, the others looked into the mirror.

Upon looking, everyone was startled.

Because there were indeed nine different colored light spheres, which meant Yang Chen had nine Dao Intent?

This had to be shocking news, and they almost wondered if the mirror was showing it incorrectly.

"Daoming Tianzun, are you sure about this? Could this Sky Separation Mirror be wrong? How can Yang Chen, my friend, have nine Dao Intent?"

Only now did Daoming Tianzun discovered that Yang Chen had so many Dao Intent, which surprised him greatly.

However, he was very confident in the Heaven-separated Realm, and sneered, "Indeed, nine Dao Intent are astonishing, but my Sky Separation Mirror never makes mistakes. Tell me, kid, you have nine Dao Intent, but now you've only shown one. What, are the remaining eight Dao Intent unable to be shown to people?"

Daoming Tianzun sneered sinisterly. At first, he was only trying to make things difficult, but now more and more he began to suspect Yang Chen might really have a problem.

After all, Yang Chen had always been hesitant and delayed in revealing his Dao Intent inscriptions.

Yang Chen also saw the nine floating light spheres in the Sky Separation Mirror, and knew that he had to reveal his Dao Intent inscriptions today.

This made him look extremely reluctant and embarrassed for a moment.

Adding Daoming Tianzun's aggressive push, Yang Chen sighed helplessly and could only reveal his Dao Intent inscriptions once again.

Five Elements Daoist Inscription, all revealed in one breath. In an instant, over ten thousand Dao Intent inscriptions appeared, completely surrounding the area.

This scene almost shook the hearts of these Boundless Stage Experts. Nine Dao Intents, Yang Chen had only shown five so far, and there were already more than 12,000 Dao Intent inscriptions. Wouldn't it be even more exaggerated when the remaining four were revealed?

"What else?" Daoming Tianzun carefully examined the inscriptions using the Sky Separation Mirror, and found no issues with Yang Chen's Dao Intent inscriptions.

Other Heavenly Venerates were also curious at this time.

They were curious whether Yang Chen's identity was really problematic.

And they were curious about how strong Yang Chen really was.

Yang Chen reluctantly revealed his Thunder and Lightning Dao Intent and Unyielding Dao Intent as well.

The number of Dao Intent inscriptions increased once again, reaching more than seventeen thousand!

“There are still two more!” Daoming Tianzun continued to demand.

Yang Chen was truly angry now. Did this Daoming Tianzun have to force him to reveal all his Dao Intent inscriptions?

You must know, if he continued to leak, he would have to reveal the Space-Time Dao Intent and Life and Death Dao Intent.

“I can’t reveal the remaining two Dao Intents,” Yang Chen said coldly.

“Why not, do you have a guilty conscience?” Daoming Tianzun mocked.

Yang Chen was speechless for a moment.

The other Heavenly Venerates didn’t know why Yang Chen was hesitating either. Did Yang Chen really have a guilty conscience?

Daoming Tianzun said solemnly, “Kid, I knew you were up to something.”

Yang Chen was now furious, flames in his eyes. Seeing that none of these people were speaking up for him, Yang Chen had no choice but to show his Space-Time Dao Intent in an instant.

As soon as the Space-Time Dao Intent appeared, an astonishing aura spread out instantly. When this aura spread, every Boundless Stage Expert here felt a sudden shock, sensing the terrifying pressure from Yang Chen’s Dao Intent inscriptions.

“Is this... the Strongest Dao Intent?”

The Boundless Stage Experts present had many years of experience and could tell what kind of Dao Intent Yang Chen revealed just by feeling its aura.

“It’s the Strongest Dao Intent, indeed. This...this Yang Chen, my friend, actually possesses the Strongest Dao Intent. It’s truly shocking.”

“The Strongest Dao Intent... that blue light scattering like ocean-colored Dao Intent inscriptions, could it be the legendary Space-Time Dao Intent?”

“Space-Time Dao Intent? How could it be? That extraordinary Dao Intent capable of freely traversing space and time?”

“Does such a Dao Intent really exist in this world?”

Everyone’s eyes widened in shock.

Daoming Tianzun was no exception. He never imagined that by putting pressure on Yang Chen, he forced out a Strongest Dao Intent.

He hurriedly examined the inscriptions closely with the Sky Separation Mirror, but once again, the inscriptions were all fine.

Yang Chen said coldly, “Is there any problem now?”

Daoming Tianzun’s face became increasingly embarrassed. At this point, how could he give up? He roared, “Kid, it seems you still have one dao intent that’s left unrevealed.”

Yang Chen sighed, knowing that Daoming Tianzun would not give up unless he revealed the remaining Dao Intent, and clenched his fists as he finally revealed the last Dao Intent.

Life and Death Dao Intent!

Once the Life and Death Dao Intent was revealed, the incredible aura spread out again, causing another surge of astonishment in everyone's hearts.

All the Boundless Stage Experts who had just calmed down were once again shocked by Yang Chen's Strongest Dao Intent.

Who would have thought?

They had just retracted the first Strongest Dao Intent, which was already enough to create tidal waves in their hearts. But in the blink of an eye, Yang Chen brought out a second Strongest Dao Intent.

One Strongest Dao Intent was already surprising enough, but now Yang Chen had brought out two Strongest Dao Intents?

"Is this...",

"Yep, no doubt about it based on the aura. But what kind of Strongest Dao Intent is this?"

"I've never seen this one before."

"Me neither..."

A group of Boundless Stage Experts all felt a bit ignorant. They couldn't recognize it, but it didn't matter because the important fact was that Yang Chen had revealed two Strongest Dao Intents.

Now that Yang Chen had revealed all of his nine Dao Intents, the more than twenty-three thousand Dao Intent inscriptions were fully exposed to everyone's view.

It was precisely because of this that the Boundless Stage Experts, Mahayana Stage Experts, and many Nirvana Stage Experts who were watching around were all shocked, their eyes wide open.

Chapter 2703: A Temporary Stay at the Three Flowers Sect_1

Twenty-three thousand three hundred Dao Intent Inscriptions, plus two strongest Dao Intents.

This was enough to shake people to their core.

In fact, the most shocking thing was for these Realmless experts because they knew Yang Chen's cultivation age and with comparison, they were even more aware of how terrifying it was for Yang Chen's cultivation age to correspond to these Dao Intent Inscriptions.

Yun Qi Tian Zun had now come to his senses and looked at the Sky Separation Mirror without any problems. He couldn't help but say, "Dao Ming Tian Zun, can you give it a break now? You still say Yang Chen has a problem? I think your brain has a problem."

He was just cursing himself, why didn't he stop Dao Ming Tian Zun?

Dao Ming Tian Zun's expression was a bit awkward, and he said solemnly, "If you are upright, you are not afraid of the shadow being crooked. Why did you hide it just now?"

"Do you want everyone in the world to know that you have two strongest Dao Intents?" Yang Chen said angrily.

Dao Ming Tian Zun was scolded by Yang Chen and was very annoyed, but he was indeed in the wrong in this matter, especially after Yang Chen said this, he was even more in the wrong.

Indeed, Yang Chen's two strongest Dao Intents were well-hidden without any problems, but he caused so much trouble that the two strongest Dao Intents appeared, and it was hard to guarantee that someone would be thinking about Yang Chen.

This made Dao Ming Tian Zun unsure how to respond, so he could only mutter a few words and shrink back.

At this point, none of the other Heavenly Venerate experts came to Dao Ming Tian Zun's defense, because it was indeed his problem.

However, no one cares about what Dao Ming Tian Zun thinks.

Because now, everyone's attention was focused on Yang Chen.

Among them, some Realmless experts had strange intentions in their eyes and had other ideas. For example, Dao Ming Tian Zun.

At first, Dao Ming Tian Zun did not expect that upon careful consideration, there were two strongest Dao Intents?

If he could obtain them...

The more Dao Ming Tian Zun thought about it, the more excited he became and narrowed his eyes, lifting the corners of his mouth.

As for the other Heavenly Venerates, such as Yun Qi Tian Zun and Ling Hua Tian Zun, they looked directly at Yang Chen, especially the other Heavenly Venerates who couldn't wait to ask on the spot, "Yang Chen, my friend, you have traveled a long way to come to the Northern Region this time and told us your plans, which has been quite tiring for you. However, it's indeed difficult to return in the future. Although it's a bit early to say this now, the reality is such that you might as well abandon your life in the Southern Region and start a new life in the Northern Region, marrying and having children. We in the Howling Wind Holy Region are very welcoming to you."

This made Yang Chen secretly bitter and couldn't help but smile. He was just worried about the exposure of his two strongest Dao Intents, but in the blink of an eye, he ended up dealing with matters of marriage, setting up a family, and having children?

One Heavenly Venerate said so, and the other Heavenly Venerates became impatient too.

"Yang Chen, our Heavenly Cloud Sect sincerely welcomes you!"

"Our Spirit Crane Sect welcomes you too, Young Brother Yang Chen."

Among them were the Holy Region forces, as well as some non-Holy Region forces.

The Holy Region forces displayed their advantages as much as possible, whereas the non-Holy Region forces did not feel discouraged or inferior, and they also mentioned their strengths, hoping that Yang Chen could join them.

Joking aside, someone like Yang Chen was highly gifted in various Dao Intent, and having him in their sect would bring numerous benefits. This was one reason.

What's the other point?

Yang Chen had merit with his body. When the King-level powerhouses discussed what rewards to give Yang Chen, whichever sect he was in would certainly benefit from it.

Yun Qi Tian Zun now joined the team, saying gently, "Yang Chen, my friend, our Spirit King Sacred Area is very welcoming to you. In the Northern Region, our Spirit King Sacred Area is your best choice."

Upon hearing about the Spirit King Sacred Area, Yang Chen couldn't help but be overjoyed.

He had been looking for Spirit King for a long time.

However, upon a closer listen, Yun Qi Tian Zun was really thick-faced. What inconvenience in the Spirit King's movements? The Spirit King was clearly imprisoned in the Spirit King Palace!

Meanwhile, Ling Hua Tian Zun also followed up, "Yang Chen, my friend, since ancient times, our Three Flowers Divine Region has been known for its unparalleled Dao techniques in the world, and it is the sect with the most female cultivators. If you need Dao techniques or have not yet married, you can come to our Three Flowers Divine Region. Myself and the female cultivators of our Three Flowers Sect will warmly welcome you. Over the past few days, my disciples have been frequently asking about you, and your heroic exploits have spread quite a bit."

After that, Ling Hua Tian Zun giggled while covering her mouth.

Yang Chen was a bit embarrassed. These people didn't even ask for his opinion while talking.

He couldn't help but cough, "Um, where am I now?"

Yun Qi Tian Zun thought Yang Chen was going to stay at their place, and said, "Yang Chen, my friend, you are now on Wind-watching Mountain in our Spirit King Sacred Area."

All seniors, when it comes to joining various sects, let's forget about it. However, I am very attracted to the conditions proposed by you all. Why don't we just stay for a while first? Is that okay?" Yang Chen asked.

"Of course, there's no problem. You are welcome anytime!" Yun Qi Tian Zun was the first to lead the way.

They could understand that Yang Chen couldn't say immediately that he would join their sect, but as long as he mentioned staying, wouldn't he eventually join them by staying?

Yang Chen actually wanted to settle temporarily in the Spirit King Sacred Area, because this might allow him to get in touch with the Spirit King, solve the problem with Spirit King's Sleeping Palace, and then go find the Heaven Lord Pavilion and Zhang Xuelian!

However, there was also the issue with the Three Flowers Sect.

He had to go to the Three Flowers Sect to find the strongest Life and Death Dao Intent, as well as the matter about Ji Wuyi.

Yang Chen fell into deep thought, smiled bitterly twice, and still said, "Seniors, I admire the Spirit King Sacred Area for a long time and have always wanted to join. However, I am also quite interested in the Three Flowers Sect. I apologize to all seniors and Yun Qi Tian Zun."

When he said this, the crowd felt a bit disappointed, while only Ling Hua Tian Zun and Yun Qi Tian Zun looked ecstatic.

Why was Yun Qi Tian Zun happy?

He was a cunning man. What did Yang Chen's words mean?

Yang Chen had openly mentioned that he had admired the Spirit King Sacred Area for a long time, which indicated that they still had a good chance. The Spirit King was now trapped, and their Holy Region had always struggled to flourish, so they were in desperate need of talent.

Undoubtedly, Yang Chen's goal was indeed this.

However, it wasn't that Yang Chen was trying to have a foot in two different boats. In fact, he didn't really intend to join other forces at all, but others thought so, which led to the idea of having a foot in two different boats.

Now, Ling Hua Tian Zun chuckled in the envious eyes of everyone, "Yang Chen, my friend, choosing to stay temporary at our Three Flowers Sect is the best choice. Our Three Flowers Sect's female cultivators are the most considerate and gentle. When you join our sect, this Palace will make sure that our disciples serve you well."

Chapter 2704: Peng Wanli and Mu Taiqing_1

Seeing Yang Chen agree to Linghua Tianzun, the others felt disheartened, thinking that even heroes cannot resist the charms of a beauty. Although Yang Chen had achieved miraculous feats on his journey from the south, he was still a young man in the end.

Such youth carried a romantic streak, and Yang Chen's decision to join the Three Flowers Sect was likely motivated by the beautiful female disciples in the sect.

Unfortunately, their sects had few female disciples; otherwise, they could have followed Linghua Tianzun's example and made their intentions clear to Yang Chen, winning him over to their side.

Everyone thought this way, including Linghua Tianzun, but there was no shame in it.

Love between men and women was a natural human experience, and those with their level of cultivation had long become open-minded about it.

The key point was that with Yang Chen's talent and cultivation, if he chose female cultivators from the Three Flowers Sect, not only would the seniors be content, but the juniors would dream of him coming too.

For outstanding individuals, the higher the cultivation of a woman, the clearer she understood how precious they truly were.

What they didn't know was that Yang Chen had other reasons for joining the Three Flowers Sect.

However, these words could not be spoken right now. Yang Chen glanced around at everyone with an apologetic look in his heart.

Linghua Tianzun, on the other hand, couldn't wait to leave, saying to Yang Chen, "Shall we go?"

Yang Chen nodded, "Thank you, Linghua Senior."

"Not a problem, not a problem!" Linghua Tianzun laughed heartily.

In this way, Yang Chen got up, and left with Linghua Tianzun.

Watching Yang Chen leave, Yunqi Tianzun was filled with regret. After all, from the very beginning, Yang Chen had been under his forces. But now, in the blink of an eye, he was following someone else to a different Divine Region, leaving Yunqi Tianzun feeling upset.

...

Thus, Yang Chen's story came to a conclusion, and he went with Linghua Tianzun to the Three Flowers Divine Region.

As soon as he set foot in the Three Flowers Divine Region, the news of Yang Chen's arrival to the Three Flowers Sect spread like wildfire. A bunch of disciples were scrambling to prepare for his arrival.

After all, during this period, the most talked-about topic was the incredible feat of Yang Chen. Everyone knew that he was a prized target of all major forces. His journey from the south to this place, regardless of his achievements, was unparalleled in strength alone.

Many female disciples of the Three Flowers Sect were curious about Yang Chen. They wanted to see what kind of person he was, the one who had been talked about so much recently.

...

At the same time, in the northern part of the Southern Realm, an enormous spatial rift boomed, startling the entire sea area and causing it to lose its tranquility.

The Fishmen Tribe, living in this sea, hurriedly emerged from the water to the surface to check what had happened.

"What was that noise just now?"

"I don't know, the spatial fluctuations were very strange. It seemed like someone from another world was trying to come here. What's going on?"

A group of Fishmen discussed among themselves. A few armored Fishmen generals holding harpoons arrived from afar.

In the center of the commotion was a handsome Fishman wearing a crown, indicating his high status.

"The Great King!"

"The Great King has come."

"Great King, there was a serious spatial fluctuation in this area just now. What happened?"

A group of people inquired the Fishmen King.

The Fishmen King was a male Fishman with an air of arrogant pride. He said solemnly, "The area connected to this interface is the Spirit Realm. Over the years, there have occasionally been some useless resources from the Spirit Realm entering our sea area through spatial turbulence. There are some records in the ancient books about this. Most likely, it's some worthless garbage being transported here by the turbulence."

"I see, it's something from the Spirit Realm? Hmph, what kind of thing can be produced in that garbage place? Since that's the case, there's no need for us to pay attention to it anymore."

"I thought something big happened."

These Fishmen spoke with disdain about the Spirit Realm.

Just as they thought they had figured it out and were about to leave, a loud noise suddenly erupted. The spatial rift became even more ferocious and wider than before. As the rift started to expand, two beings emerged from it in a short time.

These two were clearly not the 'resources' or Heavenly Materials and Earthly Treasures that the Fishmen Tribe had mentioned.

Both beings exuded an astonishing aura, revealing their extraordinary nature. If Yang Chen were there, he would certainly recognize them.

These two were none other than Spirit God Clan's Crown Prince, Peng Wanli, and the human realm's top expert, Mu Taiqing.

Now that Mu Taiqing and Peng Wanli appeared here, they cast a cold, imposing gaze around them.

"Spirit Realm humans? And an unfamiliar being that I have never seen before actually appeared in our Southern Realm?" The Fishmen King sneered, "You two lowly beings must have used some method to

appear in our Southern Realm. You have good luck to have survived in the spatial turbulence. But enough talk, let's kill them."

Hearing this, the Fishmen generals around him nodded and charged at Peng Wanli and Mu Taiqing without any further discussion.

In the eyes of the Fishmen Tribe in the Southern Realm, Peng Wanli and Mu Taiqing were nothing more than lowly beings from the Spirit Realm.

But these Fishmen didn't know.

In the eyes of Peng Wanli and Mu Taiqing, the Fishmen Tribe was even more lowly than lowly beings.

To Mu Taiqing, the Fishmen Tribe was nothing more than a race that had been driven into the sea by humans in the ancient era. And to Peng Wanli, all races were nothing but slaves under the Spirit God Clan.

Because of this, the two of them didn't even bother to look at their enemies. They released a terrifying aura in an instant, crushing everything in their path.

The battle started in a flash...

The Fishmen Tribe clashed with the two powerhouses.

Soon, three days!

Within these three days, the entire sea area was engulfed in a terrifying storm, and the smell of blood filled the entire area.

"You, you dare to attack our Fishmen Tribe!"

"Ah! These two Spirit Realm people dare to attack our Fishmen Tribe. They are Boundless Stage Experts!"

"Quickly, ask the Boundless Stage Experts from the Sacred District to come."

In these three days, countless Fishmen were massacred.

In the eyes of Peng Wanli and Mu Taiqing, the so-called Fishmen Tribe was of no concern to them. They didn't mind killing them all.

Three days later, they stood in the sky above the sea area, looking down below.

"These Fishmen are looking for death." Mu Taiqing said lazily, glancing around: "So this is the Southern Realm, not a bad place. That Yang Chen kid is actually hiding here."

Peng Wanli said coldly, "Mu Taiqing, remember, I'm helping you deal with this Yang Chen just for that Immortal Qi."

Mu Taiqing chuckled, "Peng Wanli, if you really don't want that Immortal Qi, I don't mind. I can handle Yang Chen by myself!"

Chapter 2705: King of Joyful Sound_1

Peng Wanli heard of the Immortal Qi and his expression eased a bit, "If it were so easy to deal with this Yang kid, we wouldn't have failed to kill him till now. Since we've come to the southern realm, I must have a share of this Immortal Qi."

"In that case, let's slowly investigate where this surnamed Yang has gone. I heard that his goal in the southern realm is the Heaven Lord Pavilion."

Mu Taiqing rubbed his eyebrows, "We will go to the Heaven Lord Pavilion. However, the southern realm is not the Spirit Realm after all, and there may be powerhouses beyond the Boundaryless Level. We should not act recklessly, and we should try to find the Heaven Lord Pavilion first."

Peng Wanli didn't waste any more words, and together with Mu Taiqing, disappeared into the sea.

A few days later, a storm erupted in this sea, and when a large number of powerful people rushed here, all the members of the Fishman Tribe in this sea were tragically killed.

You should know that the Fishpeople Tribe has a special position in the southern realm.

Humans in the southern realm value the creativity and ability of the Fishpeople Tribe, so they grant them a special status and regard them as humans, so that the Fishpeople Tribe can plan welfare for humans.

Since the Fishman tribe is not strong in combat, this race is protected by humans. Nowadays, when such a massacre occurred, no one could remain calm anymore.

In an instant, news spread quickly, and powerful forces began to chase after the mysterious person who killed the Fishman Tribe.

...

At the same time, Yang Chen arrived at the Three Flower Sect under the guidance of Linghua Tiansun.

When they arrived at the Three Flower Sect, Yang Chen looked from a distance and felt the rumored appearance of the Three Flower Sect.

Supported by three huge petals below, a huge sect was connected to the mountain peaks above, appearing in Yang Chen's line of sight like a majestic huge dragon.

Inside the Three Flower Sect, preparations had already been made for Linghua Tiansun's arrival.

In an instant, numerous Female Disciples greeted them in different directions. Upon seeing Yang Chen and Linghua Tiansun returning, they hurriedly said, "We pay our respects to Linghua Tiansovereign."

"Welcome to Young Master Yang Chen."

Yang Chen glanced over and saw that these women were beautiful and had delicate features. It was clear that they were specially selected characters who had just come here to greet them.

The welcoming ceremony now resembled a banquet, with many female disciples exuding a gentle and elegant fragrance.

Even though Yang Chen's heart was like a rock, seeing so many women gazing at him with tender weakness made him feel somewhat confused.

But soon, Yang Chen regained his senses, crossed his hands behind his back and remained calm.

Linghua Tiansun smiled faintly, "How about it, Yang Chen, my friend? These disciples are the elite of our Three Flower Sect at the Nirvana Stage. They are all unmarried now. If you're interested, you can get to know them. As for romantic matters, nobody knows for sure. Maybe, hehe, you'll find your match within our Three Flower Sect."

Yang Chen now understood Linghua Tiansun's intentions. This Linghua Tiansun probably didn't trust that he would fully commit to the Three Flower Sect, so she wanted him to feel the good fortune of the Three Flower Sect and find a female disciple to share a life together in order to completely bond with the sect.

But how could Yang Chen have such a desire in his heart? He obviously had ulterior motives, so he said, "That's not necessary. I'm a bit tired after the journey. I'd like to rest a bit."

"I see." Linghua Tiansun's expression became a bit serious.

Could it be that Yang Chen didn't think highly of these female disciples?

To be fair, these female disciples were indeed beautiful, but they didn't have any special characteristics. Yang Chen, on the other hand, must have seen many outstanding women in the southern realm, so he wouldn't be impressed by just any character.

Thinking of this, Linghua Tiansun shook her head, feeling that these female disciples couldn't compete. She'd have to find even more outstanding women for Yang Chen.

For now, Linghua Tiansun led Yang Chen, arranged a residence for him first.

During their journey, Yang Chen had gotten a rough understanding of the Three Flower Sect. The sect didn't focus on female cultivators, but the ratio of men to women was slightly more in favor of women. It was not the same as other sects, where women were a minority or even rare.

Yang Chen respectfully said, "Thank you, Ling Hua Senior."

"Young Friend Yang Chen, if there's anything you need, you can order the other disciples at any time, and I will know at that time." Linghua Tiansun smiled gently.

Yang Chen respectfully said, "Junior understands."

Then Linghua Tiansun left.

The residence arranged for Yang Chen by Linghua Tiansun was an independent mountain peak. The surroundings of the courtyard were full of trees, flowers, and layers of vegetation, with a beautiful scenery and a suspended waterfall, giving people a sense of relaxation and pleasure.

Yang Chen settled down in the Three Flower Sect for the time being and contemplated to himself.

After settling down in the Three Flower Sect, Yang Chen released Ji Wuyi as well.

"Senior Ji!" Yang Chen said respectfully.

When Ji Wuyi was released, he was slightly surprised. He didn't expect Yang Chen to take the matter of his son so seriously, which showed that the other party's tolerance and consideration for others was remarkable.

"Senior Ji, now that I have arrived at the Three Flower Sect, you can also talk about your purpose for coming to the Three Flower Sect, and I will help you with it along the way." Yang Chen said

Ji Wuyi sighed in his heart, a bitter smile appearing on his face.

He had asked Yang Chen to bring him to the Three Flower Sect without actually thinking that Yang Chen would be able to accomplish this seemingly impossible task. But unexpectedly, Yang Chen had indeed brought him into the Three Flower Sect.

Seeing such an almost impossible thing happening, he couldn't believe what he was witnessing.

Since that was the case, he might as well make another incredible request.

Ji Wuyi smiled bitterly, "Now that I have come to the Three Flower Sect, the only thing I want in my heart is to see the King of Joyful Sound again. If you can help me with this, I will die without any regrets."

When Yang Chen heard the word "King of Joyful Sound", he was surprised, "Who is the King of Joyful Sound?"

"The King of Joyful Sound is the only King-level powerhouse in the Three Flower Divine Region and the only female King-level powerhouse in the entire southern realm." Ji Wuyi said, revealing a somewhat bitter smile.

Upon hearing this, Yang Chen knew that there must be a story between Ji Wuyi and the King of Joyful Sound.

However, he couldn't ask what the story was.

"This might be a little difficult, but I'll try my best to help Senior." Yang Chen scratched his head.

After all, a King-level powerhouse wasn't someone he could meet whenever he wanted. While it would be easier with a Heavenly Venerate, it would be more difficult with a King-level powerhouse.

"It doesn't matter, just do your best. If we can meet, it means that there is still a connection between us. If we don't meet, it can only mean that our fate has come to an end." Ji Wuyi shook his head.

Yang Chen nodded lightly.

Chapter 2706: Female Cultivator's Test_1

Ji Wuyi stopped talking, and Yang Chen fell silent as well.

Nowadays, Yang Chen delved deep into his body and began to try to contact the Ice and Fire Sky Phoenix.

Since he emerged from the Extreme Yin Land, the Ice and Fire Sky Phoenix had disappeared completely, causing worry in Yang Chen's heart. It was remarkable that the Ice and Fire Sky Phoenix had helped him escape by forcibly using the power of laws, but it had also fallen into a coma, with no idea when it would wake up.

Yang Chen called out within his body for a while, but the result was still the same, with no sign of Bao Lu waking up.

Yang Chen frowned and shook his head.

In the following time, he began to seriously cultivate. Although he had awakened, he was extremely exhausted from the long battle in the Extreme Yin Land. This kind of exhaustion was not only physical but also mental, and could not be recovered just by sleeping and using a little medication. It required time to recuperate.

During this recuperation process, what made Yang Chen unamused was the effort Spirit Flower Venerate put into binding his interest with the Three Flowers Sect.

Over these past few days, quite a few female Nirvana Stage cultivators came to his door, asking if he would like to get to know the Three Flowers Sect or if there were any other requests.

As Yang Chen's soul scattered, it was evident that these female disciples were excellent, one better than the other. The Nirvana Stage strength was not weak, and their appearance was quite seductive.

However, he had declined them all.

Despite the rejections, Spirit Flower Venerate thought he had high standards and continued to arrange for female cultivators to later even interrupt some Great Ascension stage women, which made Yang Chen's scalp itch.

He couldn't help but laugh and cry in his heart. How can he tell Spirit Flower Venerate that he went to the Three Flowers Sect to seek Life and Death Dao techniques rather than looking for fun?

He still had Zhang Xuelian at Heaven Lord Pavilion, so where did he have the time to find others now?

Yang Chen sighed in his heart, thought carefully, and said solemnly, "Why should I hide it? Since my purpose is such, why not speak frankly with Spirit Flower Venerate?"

Yang Chen couldn't help laughing, thinking he shouldn't worry so much.

While thinking, the sound of knocking on the door came again.

Yang Chen looked over with his spiritual sense and saw an incredibly beautiful woman appear in his sight.

Seeing this woman, Yang Chen knew it was another arrangement by Spirit Flower Venerate.

This time, he would agree and go to see Spirit Flower Venerate to clear things up.

At the very moment when he was thinking about this, Yang Chen was surprised to hear the woman speak gently and softly, "Young Master Yang, I am the third disciple of Spirit Flower Venerate, my name is Lin Wan Ying. My master has invited you to come, I wonder if you would be interested?"

Upon hearing Lin Wan Ying mentioning her master, Yang Chen immediately agreed: "Well, no problem, as it happens, I also have something to discuss with Lin Hua Senior, Miss Lin, please lead the way."

As he spoke, Yang Chen had already come outside the door.

Seeing Yang Chen finally come out, Lin Wan Ying couldn't help but be very curious to see what he looked like.

After all, this young man in front of her had caused quite a stir among her sisters in the past few days. They had followed Spirit Flower Venerate's instructions, humbled themselves to find Yang Chen, and what had been the result?

They were all rejected, and Yang Chen had stopped them at the door without even showing his true face.

Her master said it was because they didn't meet Yang Chen's satisfaction, so he didn't see them.

Now that Yang Chen appeared in her sight, did it mean she had met Yang Chen's satisfaction?

This made Lin Wan Ying's thoughts churn inside. She couldn't even see anything special about Yang Chen, and her heart didn't have much goodwill for him. Instead, she muttered to herself secretly.

Her master praised Yang Chen highly, and she was curious about what extraordinary abilities he had.

While thinking, Lin Wan Ying smiled and said, "Young Master Yang Chen, come with me." Yang Chen didn't say much and went along with Lin Wanying.

Lin Wanying waved her hand slightly, and unexpectedly, a white crane flew from afar, and they rode it together, looking leisurely and free.

As they flew, they attracted the attention of many people, as it was a surprising thing that Yang Chen and Lin Wanying were out together now.

"Lin Wanying actually took this guy named Yang Chen out."

"Oh my God, he didn't even pay attention to me when I shouted at him before!"

"This kid surnamed Yang doesn't seem to have anything remarkable about him."

Many women who had gone to look for Yang Chen heard the news and rushed out.

Seeing Yang Chen's calm appearance, they were displeased in their hearts, feeling that Yang Chen was merely ordinary, and why should he refuse them?

In an instant, a group of people started sending sound transmissions to Lin Wanying.

"Lin Wanying, let's teach this kid a lesson and see what's so great about him."

"Dare to offend us!"

"Yes, there are so many people chasing us in the sect, and he dares to refuse when we go looking for him."

A group of Nirvana stage female cultivators were clearly unsatisfied.

Lin Wanying's eyes darted around, genuinely curious, and secretly discussed with her sisters.

The discussion quickly yielded results.

Yang Chen was unaware of what the group was thinking and simply closed his eyes to rest.

But soon, he sensed some movement within his soul and saw a huge spirit beast beside a Great Stage female cultivator suddenly losing control and pouncing towards him.

This spirit beast was tamed from a fierce beast, with a gigantic size and appearance resembling a tiger with the movements of a wolf. It was clearly a mutated species.

As it pounced towards Yang Chen, it was very aggressive, displaying its true strength.

"It's a mutated Cloud-winged Tiger!"

"Cloud-winged Tiger Beast? It seems to be Lingmin Tianzun's Cloud-winged Tiger Beast. Lingmin Tianzun had also tried to find Yang Chen before, but she hit a wall. She just happens to have a Cloud-winged Tiger Beast under her command, which is said to have the strength of 12,000 Dao Intent Inscriptions. Once it bites this guy, this kid surnamed Yang will immediately behave."

"Hmph, this guy's arrogant expression needs to know our strength. Otherwise, he won't even know who he is."

These women were secretly discussing, and Yang Chen was not aware of this.

He only knew that a ferocious Cloud-winged Tiger Beast was pouncing towards him.

However, even as it pounced towards him, his expression remained unchanged, and he didn't even have the intention to open his eyes.

"Blockhead?" Lin Wanying was surprised.

Could it be that Yang Chen is a blockhead? That would be terrible.

The Cloud-winged Tiger Beast, after all, is a fierce beast. Even if it is tamed, it doesn't have spiritual intelligence, and it won't stop when told to.

And with more than ten thousand Dao Intent Inscriptions, it wouldn't be easy for her to stop it either. Even if Yang Chen doesn't live up to his name, he should at least avoid it. If he really gets injured, her masters will blame them when the time comes, and they'll be the ones to suffer.

Chapter 2707: Dao Techniques of Life and Death Dao Intent?_1

Many people thought there would be a bloodshed.

Many female cultivators thought Yang Chen would be injured. After all, the Cloud-winged Tiger Beast was quite ferocious. Seeing that Yang Chen and their master had completely different attitudes, they were all prepared to rescue him immediately.

But soon, something jaw-dropping occurred.

Yang Chen didn't even move, just shuddering slightly.

Immediately, a domain appeared in an instant.

As the domain covered, the Cloud-winged Tiger Beast was immediately wrapped in it.

In that instant, the Cloud-winged Tiger Beast roared out, its eyes filled with fear as it looked at Yang Chen, as if it had encountered an invincible enemy.

It wanted to escape, but it was already too fearful to fight. However, it found that it couldn't move at all, as if it was trapped in a swamp marsh.

Not just the Cloud-winged Tiger Beast!

The other female cultivators were also covered by Yang Chen's domain. In just an instant, they felt the terrifying pressure. In that moment, they all felt the same fear and terror as the Cloud-winged Tiger Beast, various emotions pouring out.

Not to mention the Nirvana Stage cultivators, even Lingmin Tianzun felt a shock in her heart, noticing that she couldn't move freely within Yang Chen's domain.

They knew that this power came from Yang Chen.

"Good, so strong!"

A group of female cultivators were completely shocked, unable to believe this was the power of the Nirvana Stage?

How could the Nirvana Stage possess such an extraordinary power?

Were they really in the same realm?

Yang Chen felt helpless in his deterrence towards these female cultivators. The Cloud-winged Tiger Beast suddenly pounced at him, surely a probing measure by these female cultivators. However, using tens of thousands of Dao Intent Inscriptions as a lethal measure for just a probe, if he was just an ordinary character, he would be dead by now.

What was their purpose?

Most likely, they wanted to test him.

Since that was the case, he was too lazy to be polite with these people. If they wanted to test him, he would let them know his strength.

Now, these female cultivators truly understood Yang Chen's strength.

Looking back, they all swallowed saliva. Not to mention the Cloud-winged Tiger Beast, each of them had cold sweat on their back, revealing Yang Chen's prowess.

You should know, Yang Chen hadn't even moved from the beginning.

"It was an accident, an accident!"

Lingmin Tianzun was the first to react, hurriedly saying: "Young Master Yang Chen, just now my spirit beast suddenly went out of control and caused trouble for you. I hope you can spare it!"

Lingmin Tianzun had no choice but to beg for mercy. Her Cloud-winged Tiger Beast was precious, if Yang Chen killed it, she would be heartbroken.

Yang Chen indifferently said; "If that's the case, senior Lingmin needs to take better care of her Spirit Beast next time."

Lingmin Tianzun sighed. Although her strength was good within the Great Ascension stage, during that instant, she really felt she would have a hard time facing Yang Chen's power, even as a Mahayana Stage expert.

Nirvana Stage cultivators defeating Great Ascension Stage cultivators weren't unheard of, but were very rare. Could this guy be such a demon?

"Miss Lin, shall we continue?" Yang Chen asked. With his wisdom, he could guess that Lin Wan Ying was also involved in the matter just now but was too lazy to argue.

Lin Wan Ying was still startled, and hurriedly said in panic: "Ah? Okay, okay, no problem!"

Lin Wan Ying now truly knew how formidable Yang Chen was, and she dared not to test or offend him again. She hurriedly led him to see her master.

The others were also extremely respectful, knowing how formidable Yang Chen was.

Thus, under Lin Wan Ying's guidance, Yang Chen arrived in front of a great hall.

Soon, stepping in, Yang Chen met Spirit Flower Venerate.

Spirit Flower Venerate smiled in surprise upon seeing Yang Chen: "Yang Chen, my friend, it's not easy to get you to come out."

Yang Chen said with a wry smile: "Senior is joking. By the way, what is the reason for senior looking for me this time?"

Spirit Flower Venerate said solemnly: "Here's the thing, we've already informed various King-level Powerhouses about your matter, and our Three Flowers Sect's Ancestor, Yueyin Wang, has also become aware of it and has been cooperating with the southern region to formulate a plan to launch an unprecedented ferocious attack on the Extreme Yin Land. However, before that, your merits are truly unprecedented, so I wanted to remind you that those King-level Powerhouses might give you a considerable reward."

Upon hearing about the rewards, Yang Chen was naturally overjoyed.

"Now, hahaha, Yang Chen, my friend, what do you think of my disciple? Ying Wan has not been engaged yet." Spirit Flower Venerate said with a beaming smile.

If it were before, she wouldn't have been so direct. But now, Yang Chen's vision was so high that he didn't accept anyone, which really challenged her patience, making her wonder what kind of woman this kid surnamed Yang likes.

Therefore, she was so straightforward, not believing she couldn't win over Yang Chen.

Lin Wan Ying's cheeks blushed. Previously, she wouldn't have been satisfied with Yang Chen in any way, but after witnessing his prowess just now, she was completely shocked.

To be in a destined relationship with such a person would probably be something any woman would be happy about.

However, Yang Chen showed a bitter expression and said: "Senior Spirit Flower, you may have misunderstood my intention."

"What do you mean?" Spirit Flower Venerate asked in confusion.

Yang Chen said solemnly, "Senior, I chose to stay in the Three Flowers Sect for the time being for a purpose, but it wasn't for the beautiful disciples of your sect. It's not that your female disciples are not outstanding, but that's not my intention."

Spirit Flower Venerate was very surprised, wasn't Yang Chen's goal this?

For a moment, she really felt it might be, after all, she had introduced many girls to Yang Chen along the way, and any man would have a hard time not having their heart moved.

Looking at it now, the other party might indeed have other thoughts.

"Is there any other purpose for you to stay in our Three Flowers Sect for the time being, young friend Yang Chen?" Spirit Flower Venerate asked.

Yang Chen took a deep breath and decided to tell the truth, saying directly: "Senior Spirit Flower, it is like this. A long time ago, I heard that there is a supreme Dao technique, it is called the Life and Death Dao Technique. I don't know if this is true?"

Spirit Flower Venerate's eyebrow frowned upon hearing Yang Chen's words: "Are you saying, that strongest Dao Intent you showed a while ago, but no one recognized, is the Life and Death Dao Intent?"

Yang Chen knew Spirit Flower Venerate would definitely ask, and said with a bitter smile: "That is the case, can you confirm whether the rumor I just mentioned is true?"

After hesitating for a moment, Spirit Flower Venerate narrowed her eyes and gently nodded.

Chapter 2708: King of Joyful Sound's Decision_1

Upon hearing this, Yang Chen became excited, and a brilliant light shone in his eyes.

What was he so worried about before?

If he had come to the Northern region from the Extreme Yin Land without finding a Dao technique for the Life and Death Dao Intent, his confidence would have been greatly shaken, not to mention all his efforts would have been wasted.

It was like searching for almost half of the Southern Realm without finding a Dao technique that he could cultivate, which would be frustrating.

However, fortunately, hard work pays off. Heaven did not let him down. After his efforts, he finally found the Life and Death Dao Technique.

Regardless of whether he could learn this Dao technique, at least it proved that it existed in the world.

Yang Chen was overjoyed, and his eyes filled with longing as he looked at Spirit Flower Venerate.

At this moment, Lin Wan Ying, who was standing next to him, felt annoyed. She had originally thought that Yang Chen was interested in her, but after a change of topic, she realized that his purpose for coming to the Three Flowers Sect was not for love.

Spirit Flower Venerate knew what Yang Chen wanted to ask; in fact, she also felt slightly dissatisfied after hearing his goal.

However, she did not reveal anything on her face and calmly said, "Our Three Flowers Sect once had a King-level Ancestor who created such a Dao technique called the Reincarnation Scripture. This Ancestor Master devoted his life to studying and creating it. He placed high hopes on it and hoped to benefit future generations with it. Although he created the Reincarnation Scripture, very few people could master the Life and Death Dao Intent. To this day, the Reincarnation Scripture has been kept in the depths of our Three Flowers Sect's Pavilion and has always been difficult to bring out."

Upon hearing this, Yang Chen had a better understanding of the Reincarnation Scripture, and he said, "I don't know if your sect could let me take a look at this scripture. I am willing to pay any price in exchange for the Reincarnation Scripture."

"Yang Chen, the Reincarnation Scripture is a matter of great importance, and even I cannot make a decision about it. If you want to obtain the Reincarnation Scripture, it depends on the face of our Three Flowers Sect's Elder King Yueyin," said Spirit Flower Venerate.

Yang Chen was slightly startled, "King Yueyin?"

"That's right, the Reincarnation Scripture is the highest-tier Dao technique in our sect and was left behind by the King-level Ancestor. Even I have no decision power over it. I hope you can understand," Spirit Flower Venerate said gently.

Yang Chen, of course, understood. What surprised him was that it was such a coincidence that King Yueyin was the one Ji Wuyi was looking for.

Upon thinking of this, Yang Chen couldn't help but ask eagerly, "How can I meet Senior King Yueyin?"

"As for this matter, I will report to King Yueyin immediately. However, King Yueyin is very busy, and I'm not sure when he will give you an answer," said Spirit Flower Venerate.

Yang Chen knew that it was a rare opportunity to meet King-level Powerhouses, and it wasn't guaranteed that he could see them just because he wanted to.

With that thought, Yang Chen could only leave it to fate.

Since he had come all this way, it wouldn't hurt to wait a little longer.

"In that case, I'll wait patiently for the senior's reply." Yang Chen bowed slightly.

Spirit Flower Venerate nodded gently. She had initially planned to have a good chat with Yang Chen, but who would have expected that his purpose for coming here was for the Life and Death Dao Technique?

She realized that her starting point was wrong and didn't say much to Yang Chen, letting Lin Wan Ying take him back.

On the way back, even though Lin Wan Ying wanted to talk to Yang Chen, she couldn't find the right words to say.

Just like that...

Yang Chen returned to his residence.

Upon returning, Yang Chen waited patiently.

During this waiting, he started to cultivate the Taiyuan True Scripture, intending to use it to enhance his strength.

The level of his divine power was far behind the level of his Dao Intent Inscriptions.

This was one issue.

Other than that, there was the matter of the Evil Qi's Origin. Now that the Evil Qi's Origin was completely sealed, if he got the chance, Yang Chen would naturally unseal it quickly.

After all, he had left the Extreme Yin Land, and even if he unsealed the Evil Qi's Origin now and let those Ghost Creatures know his location, it wouldn't be a problem.

However, there were still problems.

The Evil Qi's Origin was difficult for him to hold, and the conversion of Evil Qi to its best effect was a worrying matter for Yang Chen.

But Yang Chen had a solution.

His solution was to focus on Ancient Demon Qi.

Now, the limited amount of Ancient Demon Qi suppressing the Evil Qi would eventually lead him to cultivate more Evil Qi, or refining the Evil Qi's Origin. The best way was to find more Ancient Demon Qi.

However, where could he find Ancient Demon Qi in the Southern Realm?

Returning to the Spirit Realm was not an easy matter.

Thus, the best way was to analyze Ancient Demon Qi and see if he could find a similar substitute.

Yang Chen studied carefully, but he couldn't figure out why Ancient Demon Qi could suppress Evil Qi.

However, Yang Chen did not give up and continued his research for half a month.

Half a month later, Yang Chen suddenly had an idea.

“So that's it, Evil Qi is unstable, while Ancient Demon Qi is a force that maintains order. The powerful force hidden in the depths of Ancient Demon Qi stabilizes Evil Qi the moment they come into contact, serving as the core of Yin-Yang harmony, just like the sun and the moon stabilizing everything in heaven and earth.”

Yang Chen found the root cause and began to think about a substitute for Ancient Demon Qi.

However, thinking about it, Yang Chen shook his head.

It would not be easy to find a substitute for Ancient Demon Qi, and the temporary substitute he thought of could only suppress Evil Qi for a short time.

“There are fourteen materials to replace Ancient Demon Qi, and I have seven of them. I need to collect the other seven, if there’s a marketplace nearby the Three Flowers Sect.” Yang Chen thought secretly.

More than ten days passed, and King Yueyin still had not given a reply. It seemed that even King Yueyin had his own business, and it might not be possible for him to reply in a short time. In that case, Yang Chen could only go to the nearby marketplace and take a look.

As of now, Yang Chen left the room, his soul spread out, and he began searching.

It was difficult to find it using only his soul.

Yang Chen quickly found a female cultivator at the Nirvana Stage and asked her for directions.

The Nirvana Stage female cultivator was thrilled upon hearing Yang Chen’s question, and she eventually told Yang Chen the location of the marketplace without any omissions.

Without hesitation, Yang Chen went straight to the marketplace, intending to search for the materials and refine the Evil Qi’s Origin first.

Once refined, his True Qi would become completely transformed into Evil Qi, possessing an extraordinary power.

Chapter 2709: Exchange of Pill Formula_1

True Qi unconditionally turning into evil Qi has the added benefit of an extra layer of material strength, much more valuable than having additional Dao Intent Inscriptions.

Following the route he had gathered information about earlier, Yang Chen finally arrived at a desired local market within the Three Flowers Sect.

Since this market was organized by locals, it wasn't that big.

Upon entering the market, Yang Chen didn't face any strict rules and began exploring its surroundings almost immediately.

However, after roaming around the entire market, Yang Chen's expression turned serious, as he had not found the alternative materials he had hoped for.

Nevertheless, he didn't give up and quickly went through the whole market.

The market wasn't that big, and a sincere effort to cover it all wasn't all that difficult, requiring only a few hours.

But he couldn't find any alternative materials at all.

This left Yang Chen feeling bitter.

He couldn't find even one of the seven missing alternative materials, which made him quite anxious.

But upon thinking, he let it go. The materials he wanted were all on him, and the market wasn't large, so it was reasonable that he couldn't find them there.

Since he couldn't find them at the moment, Yang Chen gave up and returned, his excitement dampened by reality.

Indeed, as Yang Chen bitterly smiled, his hopes had been too high. How could it be so easy to refine such a source of evil Qi?

If it were possible to refine it with ease, the ghost creatures in the Extreme Yin Land wouldn't be trying their best to find a solution for this source of evil Qi.

With this thought, Yang Chen let go of many worries and embarked on his return journey.

On the way back, he would occasionally observe the surroundings to see if anything interesting caught his eye.

Doing so, he saw something that truly piqued his interest.

It was a pill formula, named the Sun Pattern Embroidery Pill. This pill could help Nirvana Stage experts improve their cultivation levels and was considered an Immortal-grade Pill Recipe.

The seller of this pill formula was a beautiful woman who frankly introduced the effects and drawbacks of the pill.

So, what was so good about this Sun Pattern Embroidery Pill?

When the pill's effect was at its peak, its power was tenfold. Taking one pill didn't mean the end of its effects. One could take several pills, and the effect would still be at its peak!

Many people who took this pill soared to great heights and improved their strength dramatically.

However, there was also an obvious drawback.

What was the drawback?

Well, the pill must be taken during the Supreme Yang Time to achieve the best effect. During other times, its effect was quite ordinary, and after taking a few pills, no significant improvement could be expected.

The condition of the Supreme Yang Time was rather strict.

At the very least, it would take more than thirty years for the Supreme Yang Time to come around once. It represented the time when the Fierce Sun was closest to the interface. Yang Chen calculated that there were still more than twenty years until this time arrives.

How could he wait twenty years to take a pill?

Another option was to find a Supreme Yang Land.

Just like with Extreme Yin, one would have to go to the Extreme Yin Land to find it.

Regarding the Supreme Yang Land, Yang Chen didn't know if it even existed in the northern region and couldn't help but ask.

"Young lady, may I ask if the Supreme Yang Land required by the Sun Pattern Embroidery Pill exists in our northern region?" Yang Chen inquired.

The beautiful woman glanced at Yang Chen, her interest of him fading instantly upon seeing his ordinary looks.

Since many people had asked this question before, and Yang Chen wasn't the first one, she responded with a dull answer: "You should have heard of the famous Extreme Flame Volcano."

If Yang Chen said he had never heard of it, considering the woman's attitude towards him, she would likely be furious.

But if he did say he knew about it, he'd have to admit being deceived before.

Yang Chen explained without any omissions: "I've never heard of this Extreme Flame Volcano!"

As expected, the beautiful woman glared at him and immediately released her Nirvana Stage Qi.

She didn't recognize Yang Chen and glared at him angrily: "Kid, will you buy it or not? If you can't afford it, just leave now!"

"I will buy it; how much for the Pill Formula?" Yang Chen asked.

"Unified Merits, twenty thousand!" The beautiful woman answered coldly.

Upon hearing her response, Yang Chen was stunned: "Unified Merits?"

He could almost figure out what was going on. The currency used in the northern battlefield was also merit points, just like in the southern region.

Transactions in the market were mostly based on merit points.

This left Yang Chen worried. He had merit points in the southern region and even in the Extreme Yin Land but never in the north. How could he buy it?

Yang Chen really had no other option, so he said, "Little lady, could you change the transaction method? I could use other treasures to exchange with you."

The beautiful woman scoffed: "I think you just can't afford it. Either bring merit points or get lost; don't bother my business!"

She had figured out that Yang Chen had no money and was just making a fuss.

Yang Chen frowned and, seeing the beautiful woman's attitude, ran out of ideas. But he soon took out two elixirs from his bosom.

These two elixirs were the 'Endless Dao Pills' he had refined earlier.

Yang Chen had plenty of these pills left over, but they were now of little use to him.

The beautiful woman shouted, "Are you leaving or not?"

Yang Chen spread his hands: "Your Excellency, take a look at these pills. I'll exchange these Endless Dao Pills for your Pill Formula; what do you think?"

The beautiful woman didn't pay much attention at first, but when she heard the words "Endless Dao Pills," her expression changed suddenly: "What did you say? Endless Dao Pills?"

She had heard about such a famous elixir, and probably there wasn't any Nirvana Stage expert who didn't dream of getting their hands on it.

After a closer look, the beautiful woman saw that the pills in Yang Chen's hands were indeed Endless Dao Pills.

Yang Chen brought out the pills and said straightforwardly: "Your Excellency, if you still won't exchange for these pills, then I'll have to look for someone else. I believe I can buy this pill formula elsewhere too."

The beautiful woman's attitude changed immediately, and she hurriedly stopped him: "No, don't! Dear young friend, let's talk it over. With this pill formula, I'll trade it for the two Endless Dao Pills in your hand. I promise a fair deal."

Yang Chen smirked sarcastically.

This beautiful woman had a really thick skin. She thought that exchanging one pill formula for one elixir was a loss, but two elixirs for one? Wasn't that a joke?

Yang Chen spoke coldly at the scene, "Young lady, one pill for one formula. If you want to trade, then let's do this deal."

"Deal, deal!" Seeing that Yang Chen wasn't a naive person, the beautiful woman forced a smile and immediately agreed.

Chapter 2710: The Identity of the King of Joyful Sound_1

Yang Chen and the Beautiful Woman exchanged the elixir and pill formula, completing their transaction satisfactorily.

After obtaining the pill formula, Yang Chen scrutinized it meticulously and nodded in satisfaction.

Soon after, Yang Chen inquired further.

"Girl, can you tell me now about the Extreme Flame Volcano?" Yang Chen asked.

Seeing that she had obtained the Endless Dao Pill, the Beautiful Woman was overjoyed. She closely examined it for a while before responding with a smile.

"Are you talking about the Extreme Flame Volcano?"

Since they had collaborated happily, she would not hide anything. With a grin showing her pearly white teeth, she said, "The Extreme Flame Volcano is indeed the place to consume the Sun Pattern Embroidery Pill. However, I advise you not to go there unless you are at the Mahayana Stage."

Yang Chen's mouth twitched. He had been worried that there would be problems with the elixir. Now it seemed that it was not so simple.

This Beautiful Woman directly told him to try reaching the Mahayana Stage before going to the Extreme Flame Volcano?

What kind of joke was this?

If he could reach the Mahayana Stage, why would he still go to the Extreme Flame Volcano?

Yang Chen asked seriously, "What do you mean by going to the Extreme Flame Volcano before reaching the Mahayana Stage?"

"You can't blame me for tricking you. The Extreme Flame Volcano is indeed very dangerous, but that has nothing to do with me. I only sell pill formulas, and I don't care about the conditions for refining the elixir," the Beautiful Woman said, pursing her lips.

"You just have to tell me what's going on with the Extreme Flame Volcano," Yang Chen said expressionlessly.

The Beautiful Woman thought that Yang Chen was determined to go to the Extreme Flame Volcano at any cost.

However, it had nothing to do with her. She briefly explained, "The Extreme Flame Volcano occasionally erupts with natural magma. This magma is not ordinary, as it contains the earth's core flame, a natural fire. It is considered the highest level of heavenly disasters. If you go to such a place without reaching the Mahayana Stage and encounter this magma, you are doomed. Even powerful ones at the Mahayana Stage find it difficult to escape unscathed when encountering this magma."

Yang Chen furrowed his brows.

Mahayana Stage powerhouses find it hard to escape unharmed when encountering this magma?

Yang Chen knew that he had been seriously cheated this time.

He might not be able to use the pill formula he had bought.

But blaming the Beautiful Woman now would be pointless. Yang Chen didn't bother to waste any more words and left directly.

After all, he could judge for himself how the Extreme Flame Volcano was when he was there. What others could not accomplish did not necessarily mean that he couldn't either.

How could he reach the Mahayana Stage quickly without taking some risks?

Soon, Yang Chen left the marketplace and returned to where he was staying.

Unable to find a substitute material for Sa Qi, he unexpectedly found a Sun Pattern Embroidery Pill formula that could help him improve his cultivation, which was a pleasant surprise.

Originally, Yang Chen intended to find the pill formula materials and refine the elixir directly.

However, upon further consideration, he thought that since he had no Merit Points and the elixir would not be useful for the time being, he decided to abandon the idea temporarily.

After returning, Yang Chen resumed his cultivation for two more days.

He thought that it would be a while before he was summoned by King of Joyful Sound. To his surprise, the summons came soon after he had returned for less than two days.

This delighted Yang Chen.

The one who came to fetch Yang Chen was none other than Spirit Flower Venerate herself.

Sensing the approach of Spirit Flower Venerate, Yang Chen didn't dare to delay and got up to greet her.

"Spirit Flower Senior," Yang Chen said respectfully.

Now dressed in a pink outfit, Spirit Flower Venerate appeared stunningly beautiful as she walked towards Yang Chen on a path of flower petals, captivating onlookers.

"Yang Chen, you are really lucky. I thought it would be difficult for King Yueyin to meet you anytime soon. I didn't expect him to find the time amidst his busy schedule," Spirit Flower Venerate said with a smile.

Yang Chen was also excited, "It's all thanks to Spirit Flower Senior's help."

"Haha, I didn't do much. Alright, let's not waste any more time. Yang Chen, my friend, follow me to meet King Yueyin," Spirit Flower Venerate said gently.

Yang Chen knew the matter was serious and didn't dare to delay, immediately following Spirit Flower Venerate.

With a wave of her hand, Spirit Flower Venerate led Yang Chen away from the place, heading towards a distant place.

In the blink of an eye, they found themselves in a mountain valley.

In the valley, there was a lotus pond with a beautiful scenery. Butterflies flitted around the lotus pond, and a sweet fragrance filled the air.

Yang Chen scanned the surroundings and quickly noticed a girl wading barefoot in the pond. She exuded a faint white glow, but her face bore no smile, like a celestial being untouched by the mundane world.

Yang Chen twitched his mouth when he saw the girl.

This girl appeared to be just eleven or twelve years old, with a face full of innocence, like a little girl.

If he hadn't sensed the woman's Qi carefully, Yang Chen would have thought that she had the status of a celestial youth.

But upon closer inspection, he realized that this eleven or twelve-year-old girl seemed to be King of Joyful Sound?

This made Yang Chen feel awkward, as it was hard to believe that the only female King-level powerhouse in the Southern Realm looked like this.

King of Joyful Sound sensed the arrival of Yang Chen and Spirit Flower Venerate.

She stopped playing in the water and sat directly on the water's surface as she looked at Spirit Flower Venerate.

Spirit Flower Venerate respectfully said, "Junior Ying greets Aunt Yueyin. I have brought Yang Chen here. This is Yang Chen."

King of Joyful Sound looked down at Yang Chen from above.

Yang Chen felt strange because he had never seen a King-level powerhouse look at him so carefully before.

In fact, he couldn't even feel any fluctuations when King of Joyful Sound looked at him. It felt strange, like there was something unusual about the way King of Joyful Sound looked at him.

However, Yang Chen dismissed it as his own misconception and didn't think too much about it.

With an indifferent expression, King of Joyful Sound said, "Are you Yang Chen?"

"It is this junior," Yang Chen replied.

King of Joyful Sound said emotionlessly, "I have heard about your achievements. They deserve praise and recognition. For this matter, I have had discussions and deliberations with the other King-level powerhouses, but we have not yet made a final decision. Now, before making a decision, Spirit Flower Venerate told me about your request. You have the Life and Death Dao Intent?"

"Yes," Yang Chen nodded.

"Show it to me," King of Joyful Sound ordered.

Yang Chen hesitated for a moment. After weighing the pros and cons, he decided to reveal it.

He believed that a powerhouse of King of Joyful Sound's level would not do anything disgraceful to a junior like himself.

Now, Yang Chen's Dao Intent Inscriptions had spread out, revealing the Life and Death Dao Intent!
