### Chapter 2721 Killing with a Single Move\_1

Along the way, these female cultivators had witnessed Yang Chen's strength, knowing that he was not just a subject of rumors.

However, precisely because of this, they were worried that a talented character like Yang Chen would be defeated and killed by the Sea Dragon Ghost General, which would be a pity.

It should be known that since ancient times, there have been quite a few outstanding individuals who wanted to help the Three Flowers Sect and win the favor of these female cultivators.

But what about the results?

All of them ended up defeated by the Sea Dragon Ghost General, and there were many tragic deaths. Even powerful individuals in the Great Ascension stage had taken action, but they were far from able to deal with him.

This caused them to develop a heartfelt fear of the Sea Dragon Ghost General. Seeing him made their hearts tremble, feeling like he was unbeatable.

At the moment, they still had this mindset and worriedly said, "Brother Yang Chen, you, you must be careful."

As the female cultivators opened their mouths, Yang Chen remained calm and composed.

These female cultivators quickly retreated, and the Sea Dragon Ghost General had already noticed the situation here.

When seeing Yang Chen protecting the group of female cultivators in front of him, while they were quickly retreating, the Sea Dragon Ghost General licked his lips and sneered, "Another human hero trying to save the beauty, huh? To say that, you must be quite capable. Well, I only kill capable human men."

Yang Chen was in no hurry to take action.

He spread out his soul, observing where the group of female cultivators had retreated.

These female cultivators had not yet retreated to a safe area, discussing Yang Chen's and Sea Dragon Ghost General's battle as they retreated.

"Who do you think has a better chance of winning, Yang Chen or the Sea Dragon Ghost General?"

"I feel it's still the Sea Dragon Ghost General. Although it boosts his ego, his strength is really too strong. I always feel that no matter what method, it won't work against him."

"What if Yang Chen dies?"

"If he doesn't win, Brother Yang Chen should have no problem escaping, right?"

The female cultivators discussed among themselves, finding it difficult to have much confidence in Yang Chen.

At the same time, the Sea Dragon Ghost General came in front of Yang Chen, and seeing that Yang Chen was indifferent to him, the Ghost General's face showed a bit of anger.

"Kid, this seat is very displeased with you, so you can die now." With a low voice, the Sea Dragon Ghost General suddenly slapped his palm.

In an instant, a huge ghost face appeared, tearing and biting towards Yang Chen, swallowing the surrounding space and causing it to shake.

"Devouring Dao Intent Inscription!"

Yang Chen reached out with one hand, directly clashing with the ghost face on the spot.

Immediately, the huge ghost face was smashed and broke apart.

"Oh?" The Sea Dragon Ghost General merely wanted to test Yang Chen casually and did not expect him to be so composed. He sneered, "So that's how it is. It seems you really have some decent means to compete with me in a battle. I'll show some of my true abilities to keep you company."

As his words ended, the Sea Dragon Ghost General let out a neigh, and all the Dao Intent Inscriptions were fully revealed.

He held a black sharp blade in his hand, covered with a large number of Dao Intent Inscriptions.

Around his body, layers of ghost faces with fierce fangs rose, all covered with Devouring Dao Intent Inscriptions.

"20,200 Dao Intent Inscriptions." Yang Chen muttered to himself, immediately shaking his head as his aura gradually spread out.

When the Sea Dragon Ghost General sensed Yang Chen's aura, his initially shocked heart suddenly sank, and he abruptly felt that something was wrong.

"You, you!" The Ghost General's voice was low.

Yang Chen no longer hid anything, displaying all the Dao Intent Inscriptions.

Over 27,000 Dao Intent Inscriptions were completely revealed to the world.

"What?!"

The Sea Dragon Ghost General was shocked, so were the distant female cultivators, and even the surrounding human onlookers and ghost creatures.

Yang Chen, with more than 27,000 Dao Intent Inscriptions, utterly crushed the Sea Dragon Ghost General, making them feel as if they were dreaming.

Now that Yang Chen had revealed his Dao Intent Inscriptions and intimidated the entire scene, he casually said, "Sea Dragon Ghost General, you made a mistake. You think you're worthy of a battle with me? You overestimate yourself. You're far from it."

The Sea Dragon Ghost General was initially shocked by Yang Chen's strength, but now that he saw Yang Chen daring to look down on him, he immediately became furious.

"Kid, what are you so proud of? Let me show you how powerful I am." The Sea Dragon Ghost General roared in anger. Although his strength of over 20,000 Dao Intent Inscriptions might not be a match for Yang Chen, Yang Chen would not be able to have the upper hand over him either.

That's what he thought in his heart.

However, reality was incredibly cruel.

The Sea Dragon Ghost General used all his power to come at him.

Yang Chen's choice was incredibly simple, raising his hand, and gathering the Dao Intent Inscriptions.

Domain of Earth, suppress!

At that moment, the Sea Dragon Ghost General felt as if he had been suppressed by a mountain and then sank into a swamp.

He was completely unable to move.

The Sea Dragon Ghost General struggled to move, only to find that he was surrounded by restrictions, and he could not move for a long time.

At this point, the Sea Dragon Ghost General finally realized how foolish he had been. Now, even if he wanted to escape, he no longer had any chance of doing so.

As he thought, the moment he dropped his thoughts, Yang Chen naturally would not let go of the Sea Dragon Ghost General who stood before him like a living target.

He raised his hand gently, gathered the Hand of the Giant Golden Bell, and covered it with Life and Death Dao Intent.

Using Life and Death Dao Intent was a sign of respecting the Sea Dragon Ghost General.

The next moment, he slapped it out.

The power instantly spread out, turning the Sea Dragon Ghost General's body into ashes, and he was killed by Yang Chen with a single slap, falling on the spot.

It only took one move, just one move.

It was exactly this scene that everyone saw with their own eyes. Every person was shocked.

At the beginning, they were still questioning Yang Chen. Even just one moment ago, when Yang Chen had just confronted the Sea Dragon Ghost General, they still believed that Yang Chen was unlikely to win.

But the next moment, the result astonished them.

Yang Chen won - not only did he win, but he also won quite easily. He ended the Sea Dragon Ghost General with a single move. It was a result they couldn't even dream of.

One move to resolve the Sea Dragon Ghost General?

That was the Sea Dragon Ghost General!

"Am I seeing things?"

"I must be dreaming. Hit me and see if it hurts. I feel like I must be dreaming." Some female cultivators even screamed.

"You're not dreaming, none of us are."

Unable to control their excitement, the female cultivators had finally understood their feelings. The Sea Dragon Ghost General was dead! The one who specialized in targeting the women of Three Flowers Sect had killed countless friends and family of the sect. Everyone in the sect wanted him gone!

It was just that they had always been unable to deal with this heinous ghost general. Now, this ghost general had finally died, slain by Yang Chen's hand in a single blow!

Chapter 2722 A New Target\_1

In the brief moment of shock, all the people of the Three Flowers Sect were plunged into a state of ecstasy.

No one could understand their feelings, nor did anyone know just how happy they were now.

The group of female cultivators had different emotions and thoughts when they first looked at Yang Chen, but now, without exception, their eyes were filled with only admiration and excitement.

It was admiration from the bottom of their hearts.

Yang Chen had just killed the Sea Dragon Ghost General and wiped out the corpse on the spot. Then, a ghost core appeared in his palm.

This ghost core naturally belonged to the Sea Dragon Ghost General. He needed to take this core back to report his progress.

Now, Yang Chen took a look at the shocked faces around him and didn't linger. With a faint smile, he left first.

He needed to hurry and find Ling Hua Tianzun with this ghost core. After finding Ling Hua Tianzun, it would be equal to completing half of his task, and the Reincarnation Scripture would be within reach.

Although the battlefield was currently fiercely contested and difficult to decide the outcome, there was no need to worry about it at this moment, as there was plenty of time to spare.

What he was most concerned about was the Reincarnation Scripture...

With this skill, his Life and Death Dao Intent would truly have a place to be utilized.

And so, Yang Chen temporarily left the battlefield.

As he left, the group of people finally reacted, wanting to hold him back but it was already too late; they didn't know where Yang Chen had gone.

Especially the few female cultivators who had initially sent Yang Chen to hunt the Sea Dragon Ghost General, only now did they realize their mistake.

They had originally thought that Yang Chen was seeking his death, but in reality, they would only realize after careful reflection, that Yang Chen had come to hunt the Sea Dragon Ghost General with the demeanor of a hunter finding his prey.

This made the group of female cultivators secretly regretful.

How terrifying must a hunter be to be able to treat the Sea Dragon Ghost General as prey?

Now, they also regretted it, because without a doubt, they had missed the best opportunity to get close to Yang Chen.

In the future, it would be difficult for them to have any chances to get close to Yang Chen again.

...

At the same time, Yang Chen had split his soul, preparing to find Ling Hua Tianzun.

The site of a battle between Boundless Stage Experts was high in the sky.

These powerful people had their own small battlefields, and unlike those at the Nirvana Stage, Great Stage, and Enlightenment Stage, their fights were chaotic.

Yang Chen had originally thought that it would take some effort to find Ling Hua Tianzun, but surprisingly, his luck was good. As soon as he left the battlefield and found the area where Boundless Stage Experts were active, he suddenly found Ling Hua Tianzun, who was not in a battle at the time.

Ling Hua Tianzun was not alone, but there were also several other Venerable-Level experts nearby.

Yang Chen didn't dare to underestimate them and took a careful look before approaching.

Apart from the Heavenly Venerates, there were also several Nirvana Stage Experts present, and Yang Chen didn't know what had happened.

Now that he had just arrived, Ling Hua Tianzun had already noticed him.

Ling Hua Tianzun looked at Yang Chen in astonishment and said, "Yang Chen, it's you. You came at just the right time. Come over here."

Yang Chen did not understand why, but since Ling Hua Tianzun called out to him, he had no hesitation and went straight to Ling Hua Tianzun's side without delay.

Ling Hua Tianzun looked at Yang Chen with a smile, "Yang Chen, your timing is perfect. I just mentioned this kid Yang Chen to a few of our colleagues. What do you think?"

The other Heavenly Venerates exchanged glances, Yun Qi Tianzun among them.

Yun Qi Tianzun was naturally friendly with Yang Chen and said gently, "Young friend Yang Chen has more than twenty thousand Dao Intent Inscriptions and can participate in this battle without any problems."

However, another Heavenly Venerate immediately denied it, "Yun Qi Tianzun, you need to think carefully. Nephew Ye Qiubai and Nephew Mu Chuhe both have 26,000 Dao Intent Inscriptions, especially Nephew Mu Chuhe, who has a Tribulation Divine Body. For them to go and hold back the Black Wind Ghost General is no small matter. Everyone knows about Yang Chen's Dao Intent Inscriptions; he only has 23,300, not even 25,000. To participate in this battle would only be a hindrance."

Yang Chen glanced at the speaker, who was none other than Daoming Tianzun. This made him frown, but he kept his expression impassive as he asked, "Sect Elder Ling Hua, what's going on?"

Ling Hua Tianzun explained separately to Yang Chen, "It's like this; recently, the Black Wind Ghost Marshal has been wreaking havoc everywhere, causing the deaths of countless Nirvana Stage cultivators, and even Great Stage experts have fallen under its hand. We, the Boundless Stages, are too preoccupied with our own opponents to create clones to deal with the problem. And if we send out too many Great Stage masters, the Black Wind Ghost Marshal will flee when it senses something is amiss. So after much thought, the only option left is to enlist the strongest Nirvana Stage experts to stall the Black Wind Ghost Marshal for a while."

Yang Chen now understood the situation.

Yun Qi Tianzun was now arguing with Dao Ming Tianzun, "Dao Ming Tianzun, are you saying that Yang Chen's two strongest Dao Intent Inscriptions are of no use?"

"Hmph, no matter how strong the Dao Intent is, who has seen it? In my opinion, there is actually no big difference between the strongest Dao Intent and a special Dao Intent. The key lies in the number of Dao Intent Inscriptions!" Dao Ming Tianzun retorted.

Yang Chen now realized that Dao Ming Tianzun really didn't take him seriously and kept causing trouble for him. Was he not afraid of offending Yang Chen?

Indeed, the ancient books said that there was not much difference between the strongest Dao Intent and a special Dao Intent.

Obviously, the editors of the ancient books had not grasped the concept of the strongest Dao Intent.

Only those who truly comprehended the strongest Dao Intent would have a clear understanding of its terror.

Of course, Dao Ming Tianzun was not entirely wrong in saying this, as Yang Chen's strongest Dao Intent was limited in power without Dao Techniques to utilize it.

Now Yun Qi Tianzun continued to argue with Dao Ming Tianzun until, unable to tolerate it any longer, he turned to Ye Qiubai and Mu Chuhe and said, "Nephew Ye, Nephew Mu, what do you two think?"

Yang Chen was also quite interested in Ye Qiubai and Mu Chuhe and now turned his gaze to the two of them.

After all, their decisions would also affect the objectives he would be pursuing next.

Especially Mu Chuhe, who was yet another member of the Mu family.

He was the third Mu family member Yang Chen had encountered, and each one was an exceptional character.

But while he respected the two of them, the two obviously had no intention of respecting him.

Especially Mu Chuhe, who looked even more arrogant and said coldly, "In this battle with the Black Wind Ghost Marshal, we cannot afford to be careless. My brother Ye and I have complete confidence in each other's abilities. This young kid from who knows where can certainly join in, but if he slows us down, it

will be a major factor in determining the direction of the battlefield. So, I hope Senior Yun Qi Tianzun, that you will think carefully about this."

Mu Chuhe's words were full of arrogance, but he was also good at talking, avoiding offending Yun Qi Tianzun in the slightest.

Chapter 2723: Awaiting a Response\_1

Yunqi Tianzun's mouth twitched, and Mu Chuhe's words were indeed very reasonable, giving him face and allowing him to make the decision.

But at this point, how could he choose Yang Chen?

At this time, Ye Qiubai also laughed heartily and said, "I think it's better not to let others interfere with this matter. Mu Chuhe and I will be enough to deal with this Black Wind Ghost Marshal!"

He appeared gentle and courteous, but his thoughts were already quite clear from his words.

Yunqi Tianzun felt depressed for a while and could only shift his gaze back to Yang Chen, saying, "Young friend Yang Chen, what do you think?"

Yang Chen was quite calm, shrugging his shoulders, "Since Brother Ye and Brother Mu both think I am not very suitable to take action, there is no need for me to embarrass myself."

Seeing this, Yunqi Tianzun sighed. Since Yang Chen didn't want to take action, why should he force him?

However, Linghua Tianzun was curious and asked, "Yang Chen, by the way, what are you doing here?"

"Junior came here specifically to find Senior Ling Hua," Yang Chen said respectfully.

"To find me specifically?" Linghua Tianzun was surprised, not knowing Yang Chen's purpose in coming to him.

Yang Chen explained everything without any omissions, "That's it. Junior has already killed the Sea Dragon Ghost General, and I have completed the tasks that Senior King Yueyin and you entrusted to me."

Upon hearing these words, everyone present was stunned.

Even the Heavenly Venerates were taken aback.

"What? You killed the Sea Dragon Ghost General?"

"How is that possible!"

Especially Mu Chuhe and Ye Qiubai, their expressions showed disbelief.

After all, they knew the strength of the Sea Dragon Ghost General and understood very well what kind of existence he was.

They had fought with the Sea Dragon Ghost General before, and although they could suppress him, the idea of killing him seemed like a fantasy.

Were any of the twenty thousand Dao Intent Inscriptions easy to hunt down?

Linghua Tianzun opened her small mouth in astonishment and said, "Did you really kill him? Where is the ghost core?"

Yang Chen didn't waste any time, and with a wave of his sleeve, he revealed the ghost core.

As soon as the Ghost Core appeared, the scene became silent.

Although they couldn't confirm whose Ghost Core it was for a moment, the Qi emitted from it was undeniable, not something an ordinary Nirvana Period could have!

Linghua Tianzun took the Ghost Core and carefully probed its contents, searching for its memory.

Although not all memories could be investigated in the ghost core, the memory of the most recent period could be searched, enough to determine whether Yang Chen had really killed the Sea Dragon Ghost General or not.

Once confirmed, Linghua Tianzun gasped in shock, then said, "That's right, this is indeed the Sea Dragon Ghost General's Ghost Core. You all can take a look."

Daoming Tianzun was the first to eagerly grab the Ghost Core, wanting to confirm it for himself. He couldn't believe Yang Chen had such strength.

Could Yang Chen, with his twenty-three thousand three hundred Dao Intent Inscriptions, manage to do what Ye Qiubai and Mu Chuhe, both with over twenty-six thousand Dao Intent Inscriptions, couldn't achieve in killing the Sea Dragon Ghost General?

However, upon careful examination, Daoming Tianzun was left speechless.

Because the memory in the ghost core indeed showed that Yang Chen had killed the Sea Dragon Ghost General.

"Have you finished looking?" Yunqi Tianzun asked, "Is it my turn now?"

Daoming Tianzun impatiently tossed the Ghost Core to Yunqi Tianzun.

Yunqi Tianzun took the Ghost Core and examined it carefully, then grinned widely and laughed. He knew his judgment was correct in letting Yang Chen go since it was the best choice.

"You can all look at it."

Yunqi Tianzun handed the Ghost Core to the other people.

Upon seeing it, the other Boundless Stage Experts realized that Yang Chen had undoubtedly killed the Sea Dragon Ghost General.

Once the fact was established, everyone was deeply shocked.

Yunqi Tianzun didn't waste any time, "At first, everyone had some doubts. But now, there should be no doubt that Young Friend Yang Chen's strength is right here. Killing the Sea Dragon Ghost General alone proves Yang Chen's abilities. Therefore, Yang Chen, you should also participate in the task of delaying the Black Wind Ghost Marshal. With the three of you working together, no matter how powerful the Black Wind Ghost Marshal is, he won't be able to act recklessly. The only pity is that the three of you, who could have shown off your skills on the battlefield, are joined in this task. But rest assured, if you can delay the Black Wind Ghost Marshal, your rewards will not be lacking."

"No problem." Ye Qiubai and Mu Chuhe agreed in succession, but their expressions were not happy upon agreement.

Although they acknowledged Yang Chen's strength, after all, Yang Chen had indeed killed the Sea Dragon Ghost General.

However, admitting to Yang Chen now would make them lose face? Both of them kept their expressions neutral and didn't say much to Yang Chen.

Yang Chen saw that the decision was made that way, and he couldn't help but silently smile. He had planned to deal with the matters of the Life and Death Dao first.

Now that it's decided this way, Yang Chen couldn't help but ask, "Senior Ling Hua, about the arrangement I previously made with Senior King Yueyin, as you can see, I have already killed the Sea Dragon Ghost General..."

"I'll send a message to King Yueyin now. You should go and deal with the Black Wind Ghost Marshal first. King Yueyin is still fighting with the other King-level Powerhouses, and it is unknown when the battle will

end. After it's over, King Yueyin will likely summon you. Don't worry, since King Yueyin promised, he won't renege on the matter regarding the Reincarnation Scripture." Linghua Tianzun transmitted the message to Yang Chen.

Yang Chen was calm about everything else, but the Reincarnation Scripture made him a little anxious.

However, thinking that he had already waited for a long time and there was no difference in waiting for a while longer, he said, "In that case, thank you, Senior Ling Hua."

"Yang Chen, my friend, you are too polite." Linghua Tianzun's red lips parted slightly and she gently said, "Yang Chen, you must bring glory to my sect."

Yang Chen understood Linghua Tianzun's meaning and nodded in agreement, not saying anything more.

Yunqi Tianzun said with his hands behind his back, "Alright, Mu Chuhe, Ye Qiubai, Yang Chen, you three must be careful. The Black Wind Ghost Marshal is currently wreaking havoc on the battlefield. Ye Qiubai and Mu Chuhe know the location, you can follow them there. When the time comes, just follow their command."

After all, Mu Chuhe and Ye Qiubai had more experience with the Black Wind Ghost Marshal, so he let Yang Chen obey them.

If he knew that Yang Chen had already faced the Black Wind Ghost Marshal, he might not have said these words.

Yang Chen was quite calm, indifferently saying, "No problem."

"Alright, you can leave now." Yunqi Tianzun didn't give further instructions, waved his hand, and said on the spot.

Mu Chuhe and Ye Qiubai didn't say much, and left on the spot.

Chapter 2724 The Battle against Black Wind Ghost Marshal\_1

Seeing that the two of them didn't even bother to understand his meaning, and were already leaving, Yang Chen shrugged helplessly and followed behind.

He was very calm, following Mu Chuhe and Ye Qiubai together. Since Yunqi Tianzun arranged for him to follow their orders, he would just obey them, and it wouldn't hurt him anyway.

Ye Qiubai and Mu Chuhe still took him seriously. Now that they had just left the sights of the Celestial Experts, and were not yet on the battlefield, they stopped and stared straight at Yang Chen.

Yang Chen looked back at Ye Qiubai and Mu Chuhe, casually saying, "Do you mean that..."

"Yang Chen, I don't care how those Celestial Experts praised you, but when it comes to actual combat, your so-called reputation is useless," Mu Chuhe said arrogantly, "When the battle begins, you just need to help us on the sidelines. We will deal with the Black Wind Ghost Marshal and you don't need to interfere."

Ye Qiubai seemed not as arrogant as Mu Chuhe, but his attitude towards this matter was the same. He smiled peacefully and said, "If you don't interfere, there will be less trouble, but if you do, who knows what will happen. So, I hope Brother Yang Chen can understand."

To them, Yang Chen's strength was just hearsay, and maybe it was all just useless rumors.

They had rejected Yang Chen before, and now it was hard for them to admit their mistake and save face.

Anyway, they were confident enough to face the Black Wind Ghost Marshal together, and whether Yang Chen took action or not didn't matter to them anymore.

Seeing that they didn't even want him to intervene, Yang Chen secretly laughed.

He was very happy.

Not letting me take action?

Where can I find such a good deal?

He knew very well how powerful the Black Wind Ghost Marshal was, and if he could avoid a clash with him, he didn't want to.

"Alright, since you both are confident in dealing with the Black Wind Ghost Marshal, I'll just help on the side," Yang Chen said with a slight smile.

Mu Chuhe was surprised to see Yang Chen agree so easily and felt a little uncertain about him.

He originally thought Yang Chen would be angry, upset, and argue about it.

But Yang Chen agreed very simply and quickly, which left him somewhat discontented. However, it was not appropriate for him to argue further, so he just snorted coldly, "It's a good thing you know your place!"

When the conversation ended, Mu Chuhe and Ye Qiubai also left abruptly.

Yang Chen didn't get upset about it. It was normal for Mu Chuhe and Ye Qiubai, who were known as the two geniuses and double heroes of the north, to be dissatisfied with the suddenness of Yang Chen joining them.

Soon, he also followed the two.

Together, the three of them entered the battlefield.

As they arrived at the battlefield, many people who had just returned from the battle had noticed them.

"Look, it's Mu Chuhe!"

"And Ye Qiubai!"

"These two powerful ones are joining forces. It seems the rumors are true. They both plan to stop the Black Wind Ghost Marshal together. This is great news."

"The Black Wind Ghost Marshal is too evil. He has been rampaging during these days, and no one can stop him. I hope Mu Chuhe and Ye Qiubai can punish him!"

"By the way, who is that person next to Mu Chuhe and Ye Qiubai?"

"I don't remember..."

"That person is Yang Chen, a rising star and the subject of many recent rumors."

Many people also recognized Yang Chen. During this time, there were countless rumors about him. However, compared to the popularity of Mu Chuhe and Ye Qiubai, Yang Chen was new, and there was still a certain gap between them.

That was precisely why Mu Chuhe and Ye Qiubai were so proud.

This was the treatment that geniuses should have: where they could attract countless admiring glances from people. In this aspect, Yang Chen was still lacking.

And so, the three finally arrived at the battlefield.

High in the sky, the situation changed rapidly in the war, but it wasn't difficult to find the Black Wind Ghost Marshal. He was undoubtedly rampaging among the crowd, killing wantonly and without anyone being able to stop him.

Now the Black Wind Ghost Marshal was killing indiscriminately among the people, and no one could stop him. Wherever he went, there were corpses everywhere and countless bodies falling from the sky.

It had become a nightmare and fear for many cultivators, as they had no means to deal with the tyranny of the Black Wind Ghost Marshal. Under his tactics, they could only shiver, waiting for their demise.

The Black Wind Ghost Marshal was now killing with bloodshot eyes.

He should have rampaged in the southern region, but the reason he came to the northern region was only known to him: he wanted to find his target, Yang Chen!

It was that man who had taken away the source of his evil qi and had escaped from his hands, leaving the Black Wind Ghost Marshal with no place to put his face.

He had to kill Yang Chen.

That was the reason why he was looking for him here, killing wantonly. But after killing who knows how many Nirvana Stage cultivators, he still couldn't find Yang Chen!

Out of rage, the Black Wind Ghost Marshal killed more and more fiercely...

Finally!

The three of them appeared.

It was Ye Qiubai, Mu Chuhe, and Yang Chen.

As soon as Mu Chuhe arrived, he shouted, "Black Wind Ghost Marshal, you seem to be too arrogant. Let us give you a lesson!"

Ye Qiubai also solemnly said, "Black Wind Ghost Marshal, do you really think there are no more humans to fight against you?"

Upon hearing Mu Chuhe and Ye Qiubai's voices, the Black Wind Ghost Marshal sneered ferociously. In his eyes, these two people were just minor annoyances and not worth his attention.

However, his pupils quickly contracted.

"It's you!"

He saw Yang Chen, and when he saw Yang Chen, his face turned cold and his fierce fangs were exposed.

Ye Qiubai and Mu Chuhe thought their identities were recognized by the Black Wind Ghost Marshal, which was why he looked so serious.

"Yang Chen, you step back and guard on the side. Don't let other miscellaneous ghosts interfere with us," Mu Chuhe ordered on the spot.

Without objection, Yang Chen stepped back to the second line, watching the two people fight against the Black Wind Ghost Marshal.

Seeing Yang Chen about to retreat to the rear, the Black Wind Ghost Marshal couldn't tolerate it, as his only target was Yang Chen.

"Boy, where are you going?" the Black Wind Ghost Marshal shouted angrily.

"Where are you going? We're right here, Black Wind Ghost Marshal!" Mu Chuhe and Ye Qiubai didn't understand the meaning of the Black Wind Ghost Marshal, thinking that he was leaving, and immediately blocked him.

How could the Black Wind Ghost Marshal not be furious? He roared, "Get out of my way!"

When the conversation ended, his ghost qi spread out, covering the entire area, and he stood against Mu Chuhe and Ye Qiubai.

Ye Qiubai and Mu Chuhe were not ordinary people either. Seeing the Black Wind Ghost Marshal's tactics unfold, they immediately used their own Dao Intent Inscriptions and fought against the Black Wind Ghost Marshal. For a time, it was hard to tell who had the upper hand.

Chapter 2725 Facing Four Alone?\_1

However, Black Wind Ghost Marshal didn't want to pay attention to these two.

In his eyes, these two could be dealt with at any time, but if Yang Chen was not dealt with seriously, he could escape at any time.

In a hurry, he roared: "You guys come out and deal with these two for me."

As soon as his voice fell, whoosh, four Ghost Commander level powerhouses appeared here.

As these four Ghost Generals appeared, they all displayed amazing Dao Intent Inscriptions, which startled both Ye Qiubai and Mu Chuhe when they spread.

Because all four of these Ghost Generals were King-level Ghost Generals!

Four King-level Ghost Generals appeared out of thin air here, displaying Dao Intent Inscriptions, three of which reached 20,000, and one of which reached as many as 19,000.

The highest among them has reached as many as 22,000 Dao Intent Inscriptions, which is terrifying.

This made Ye Qiubai and Mu Chuhe panic. They were originally confident that they could delay the Black Wind Ghost Marshal, but they didn't expect that the Black Wind Ghost Marshal would have so many King-level Ghost Generals protecting him!

"What's going on here?" Ye Qiubai and Mu Chuhe were dumbfounded.

They were confident that they could deal with Black Wind Ghost Marshal on their own.

But how can they fight with four King-level Ghost Generals added?

Now the Black Wind Ghost Marshal doesn't even look at the two of them and says in a deep voice, "Illusion Star, you guys, just resolve these two who are blocking the way for me."

"No problem!" The four King-level Ghost Generals spoke.

Just then, a flash appeared suddenly, and Yang Chen's figure appeared, accompanied by the Hand of the Giant Golden Bell, which fell in an instant.

This palm pressure came down so violently that the four King-level Ghost Generals suddenly paled. They sensed the horror of Yang Chen's palm strength and retreated hastily.

With this retreat, they were forced to one side by Yang Chen.

"I'll deal with these four Ghost Generals. The two of you just need to focus on dealing with this Black Wind Ghost Marshal," Yang Chen calmly said as he repelled the four Ghost Generals.

Seeing that Yang Chen was able to repel the four King-level Ghost Generals and delay them with his own strength, Mu Chuhe and Ye Qiubai all breathed a sigh of relief.

They couldn't help but feel a bit grateful to Yang Chen, but at the same time, they felt somewhat sorry for him.

In their eyes, Yang Chen would not fare well against four King-level Ghost Generals— it was crazy and impossible. They thought that Yang Chen was just using his life to help them buy time to deal with the Black Wind Ghost Marshal.

But they did not know that Yang Chen wasn't thinking about any of that. He merely didn't want to disrupt the plan they had made together earlier.

In his eyes, dealing with four King-level Ghost Generals on his own was far more relaxed than fighting against Black Wind Ghost Marshal.

Ye Qiubai and Mu Chuhe didn't know how terrifying the Black Wind Ghost Marshal was, but Yang Chen knew very well how powerful the Black Wind Ghost Marshal was.

Now, the Black Wind Ghost Marshal was truly angry.

He had intended to rely on the four King-level Ghost Generals to deal with Ye Qiubai and Mu Chuhe, but in the blink of an eye, Yang Chen had forced away the four King-level Ghost Generals.

How could he not be angry?

After all, if these four King-level Ghost Generals can really deal with Yang Chen, why should he bother fighting them himself?

"Well then!"

The Black Wind Ghost Marshal said in a deep voice, "Since you two want to die, let me fulfill your wish."

As soon as his voice fell, the Black Wind Ghost Marshal roared, "Black Wind Crow!"

A large number of black crows occupied the entire surrounding space, sweeping towards Ye Qiubai and Mu Chuhe...

...

At the same time, Yang Chen also pushed the four King-level Ghost Generals to one side.

Looking back now, when he first saw the Black Wind Ghost Marshal, there were indeed several King-level Ghost Generals following nearby, and it seems he had been careless not to notice beforehand that the Black Wind Ghost Marshal had so many helpers with him.

The four King-level Ghost Generals obviously didn't know how powerful Yang Chen was, but now that they were here, they all showed cold expressions on their faces.

Among them, the strongest Illusion Star Ghost General had more than 22,000 Dao Intent Inscriptions. He had been forced here by Yang Chen, and he could already imagine the anger of the Black Wind Ghost Marshal.

This also made him say coldly, "Human kid, you really have guts, daring to stand in our way. I think you are looking for death!"

"Elder Illusion Star, there's no need to be angry, after all, we are not idle, and dealing with this kid is much easier than dealing with Ye Qiubai and Mu Chuhe. Those two are powerful, and we really can't beat them one on one." The other Ghost Generals laughed.

Illusion Star Ghost General twisted his neck and said, "That's true, if we can't suppress those two later, we'll still be punished. We'll report back after killing this kid, and the punishment might be lighter. Let's do this and keep it simple."

Illusion Star Ghost General had no intention of being polite at all, and went straight in with the powerful Ghost Qi to try to kill Yang Chen!

Yang Chen just smiled faintly, "Do you guys really think facing me is easier than facing Ye Qiubai and Mu Chuhe?"

It seemed that he needed to correct the subconscious thinking in the hearts of these few Ghost Generals.

Several Ghost Generals pounced over in an instant.

And Yang Chen's figure disappeared suddenly!

Numbers?

In front of the Domain of Earth, the advantage of numbers was useless.

Yang Chen appeared after the four King-level Ghost Generals, and then the Domain of Earth instantly suppressed them!

All four King-level Ghost Generals felt as if a mountain, in an instant, was pressing down furiously, making them feel as if they were trapped in a swamp, their hearts trembling, feeling powerless and not knowing how to fight against Yang Chen.

Because they couldn't budge at all!

They couldn't even move, how could they fight with Yang Chen!

"What is this!"

"How is this possible!"

The four Ghost Generals were completely trapped in fear.

The other three Ghost Generals did not know what to do, but Illusion Star Ghost General still maintained his calm. Feeling the vast amount of Dao Intent Inscriptions within the Domain of Earth, he already sensed that something was wrong.

"More than 27,000 Dao intent inscriptions, not good, this guy is more terrifying than Ye Qiubai and Mu Chuhe. This is the power of a domain, let's join forces, all of us open our Dao Intent Inscriptions and break through the barrier," the Illusion Star Ghost General directed.

The four King-level Ghost Generals realized that something was wrong, and simultaneously burst out with Dao Intent Inscriptions, spreading out their power. This made Yang Chen's Domain of Earth suddenly difficult to suppress, and it would soon be broken by the four King-level Ghost Generals.

Yang Chen raised the corners of his mouth.

"Interesting, these four Ghost Generals are quite calm, aren't they? Well, then, let them experience the power of the dual domain." As Yang Chen waved his hand, the Tribulation Divine Body suddenly separated from him.

After the Tribulation Divine Body was separated, Yang Chen opened up another Domain of Earth!

The four King-level Ghost Generals joined forces to think they could finally break Yang Chen's domain.

But the cruel reality descended swiftly.

Yang Chen's second domain quickly pressed...

Chapter 2726: Rescue\_1

Dual domains, descending at the same time!

This made several king-level ghost generals who had just broken through the Domain of Earth feel the true meaning of despair.

"Not good!"

Before they could think, the second layer of the domain came crashing down like a mountain, pushing them back into the domain once more.

The dual domains overlapped and covered each other, plunging the ghost generals into deep fear.

They initially thought there was hope to break out, but reality turned out to be much crueler than they imagined!

Not only were they unable to break through Yang Chen's domain, but they also became even more trapped, with the fetters more terrifying than before.

The four of them were now like helpless children in front of Yang Chen, with absolutely no power to resist.

Illusion Star Ghost General and the others finally understood the meaning behind Yang Chen's words at this point.

Why should they be grateful to encounter Yang Chen?

They should have chosen to flee immediately, but foolishly decided to stay here instead.

And they thought they were lucky...

Now, it seems that they have no hope of escaping from this place.

As the dual domains trapped the four king-level ghost generals, Yang Chen was no longer polite.

The domain shrank and concentrated; one ghost general couldn't withstand the pressure and instantly burst into pieces without even screaming.

Seeing a king-level ghost general die, the others couldn't help but shudder, their fear growing deeper.

The ordeal didn't last long.

In the blink of an eye, the second king-level ghost general perished...

The third ghost general also exploded.

Only Illusion Star Ghost General was holding on, but he knew clearly that he was reaching his limit.

Illusion Star Ghost General couldn't help roaring, "Ahh, I won't accept this!"

The next moment, his body exploded with a bang...

Taking down four king-level ghost generals with a dual domain would definitely alarm anyone if they knew about it. After all, being able to deal with a single king-level ghost general was considered a supreme pride in the human world.

But now, Yang Chen single-handedly dealt with four of them without breaking a sweat.

With the four king-level ghost generals eliminated, Yang Chen quickly shifted his gaze to Black Wind Ghost Marshal.

After all, based on his understanding, it wouldn't be easy to confront Black Wind Ghost Marshal and come out unscathed.

Regardless of what Mu Chuhe and Ye Qiubai thought about their ability to resist Black Wind Ghost Marshal, in Yang Chen's eyes, the two of them alone were not qualified enough to face him.

As expected, Yang Chen's gaze turned and he frowned soon after.

He saw Black Wind Ghost Marshal completely suppressing Ye Qiubai and Mu Chuhe.

This was something Ye Qiubai and Mu Chuhe never expected.

To deal with Black Wind Ghost Marshal, they didn't know much about him because his main battlefield was in the southern region before. Only after coming to the northern region did they briefly exchange moves with Black Wind Ghost Marshal a few times.

Although they couldn't overpower him, they believed that together, the two of them would be enough to withstand Black Wind Ghost Marshal.

However, they never thought that Black Wind Ghost Marshal had never shown his true strength from start to end.

When facing them, Black Wind Ghost Marshal had always been holding back.

Only today, for some unknown reason, he showed his full strength right from the start, crushing them with Black Wind Crow. They joined forces and used all kinds of hidden cards, but they were still being suppressed.

They could only endure where the countless crows passed by.

Now, they found that their Dao Intent Inscriptions had been deciphered by more than half, causing Mu Chuhe and Ye Qiubai to become increasingly panicked.

If all their Dao Intent Inscriptions were broken, their defense lines would no longer hold up. In this state, it was difficult for them even to resist or stall Black Wind Ghost Marshal.

Black Wind Ghost Marshal was filled with rage now.

He was initially planning to kill Yang Chen, but these two guys insisted on stopping him.

Seeking death?

He didn't mind granting their wish!

Black Wind Ghost Marshal licked his lips, looked at the two, and roared ferociously, "Die for me!"

When the conversation ended, a large number of crows flew out from his body again, shattering Mu Chuhe's Golden Light Daoist Art in an instant.

A large opening was torn open, and the crows directly collided with Mu Chuhe's body.

Mu Chuhe spewed blood and retreated in despair.

Seeing this, Ye Qiubai's face was filled with panic, and he shouted, "Brother Mu!"

"It's your turn." Black Wind Ghost Marshal looked relaxed, as if he didn't even need to use his full strength to deal with these two!

"You, you, how can you be so strong?" Ye Qiubai gritted his teeth.

"Because I don't bother to kill trash like you all, as long as you don't have a death wish," Black Wind Ghost Marshal said coldly.

Immediately, without any hint of courtesy, he aimed a palm to kill Ye Qiubai as well.

But at this moment, suddenly, a horrifying aura of evil swept in from afar.

This evil aura materialized into a barrier that blocked Black Wind Ghost Marshal's attack.

However, the evil aura didn't last long and was soon pierced by a large opening.

But the owner of this evil aura had already saved Ye Qiubai and Mu Chuhe.

The one who did it was naturally Yang Chen.

Yang Chen was standing with his hands behind — the evil aura divided into several parts, holding Ye Qiubai and Mu Chuhe. Seeing their appearances, he said, “You two, are you okay?”

“Yang Chen, you!”

Mu Chuhe and Ye Qiubai’s eyes widened in disbelief.

Did Yang Chen actually appear here?

Could it be that the four king-level ghost generals had already died?

Were they killed by Yang Chen alone?

They couldn’t believe it, but looking around, they found that the four king-level ghost generals were indeed killed.

Such a terrifying event left both of them shaken.

“You two, there’s no time to explain everything. I understand your desire to hold back Black Wind Ghost Marshal, but in reality, he’s not your opponent. You two, stand back and watch.” Yang Chen said.

Although he didn’t really want to encounter Black Wind Ghost Marshal, it seemed like he had no choice but to face him now.

After all, Black Wind Ghost Marshal’s original target was him.

Well, after the last time he exchanged moves with Black Wind Ghost Marshal, he planned to meet him again as well.

Now that Ye Qiubai and Mu Chuhe thought back, they felt embarrassed, considering they had previously mocked Yang Chen. But in the blink of an eye, Yang Chen saved them despite their past grievances. They would have already died by Black Wind Ghost Marshal's hands if it weren't for him.

Moreover, the dead king-level ghost generals proved Yang Chen's strength...

Chapter 2727: Another Encounter\_1

Even for the two of them, it would not be easy to deal with those four king-level ghost generals. And Yang Chen alone solved the problem in the blink of an eye?

Were they mocking Yang Chen's strength?

Feeling deeply embarrassed in their hearts, it was precisely because of this that they knew that it was now meaningless to intervene in this battle. At this point, they were indeed the ones dragging their heels.

The two quickly retreated to a safe place, allowing Yang Chen to relax.

Although he didn't like the two very much, they were both important human combat forces, and it would be a pity if they died like this.

Soon, he turned his gaze back and looked at the Black Wind Commander who had already locked onto him.

It was obvious that Black Wind Commander didn't mind Yang Chen saving the two, and he didn't even intend to bother them again. It seemed that he was planning to gather enough strength to deal with him.

"I've always suspected that sending those four ghost generals to deal with you would hardly work, and it turned out to be true. They all died." The Black Wind Commander said coldly, "It's been a long time since our last encounter. Now, are you finally done running?"

"Run?"

Yang Chen shook his head: "It seems you're mistaken about something, Black Wind Commander. Last time in the Extreme Yin Land, if it weren't for the interference of other Great Stage cultivators, you would have probably been dead by now. There's no talk about fleeing."

Upon hearing this, the Black Wind Commander was momentarily shaken and couldn't find a way to rebut Yang Chen's words.

He knew very well that what Yang Chen said was true.

This made him unbearable, how could he be killed by Yang Chen?

What a joke.

"I was just careless last time. This time, there will be no more opportunities for you." The Black Wind Commander's face turned cold.

Yang Chen originally planned to use what happened last time to infuriate the Black Wind Commander.

However, there seemed to be little effect, after all, he could no longer use the strength of the Ice and Fire Sky Phoenix companion spirit beast.

But looking at it now, the infuriating effect was apparently mediocre. Although the Black Wind Commander was furious, he was still very calm and not someone easily controlled by emotions.

Seeing this, Yang Chen took a deep breath: "I hope so, and please be on high alert this time."

The Black Wind Commander laughed wildly: "Black Wind Crows!"

Countless crows spread out, sweeping towards Yang Chen.

It was precisely because of this move that Ye Qiubai and Mu Chuhe were both astonished. Just now they had been defeated by these Black Wind Crows. With a vast number of crows spreading out and merging with Dao Intent Inscriptions, it seemed almost invincible. They did not know if Yang Chen had any means to break this.

Seeing the Black Wind Commander use this 'Black Wind Crow' move, Yang Chen's expression became serious.

He knew very well how powerful the Black Wind Commander was.

"Domain of Earth, Suppress!"

Not giving the Black Wind Crows the chance to attack, Yang Chen immediately unleashed the Domain of Earth.

"Humph!"

The Black Wind Commander was about to dissolve Yang Chen's Domain of Earth but stopped short when his expression slightly changed.

"Is this kid's domain stronger than last time?"

The Black Wind Commander realized it deeply.

Naturally, this was because Yang Chen's Dao Intent Inscriptions had been enhanced. Now his Dao Intent Inscriptions had reached more than 27,000, and their power had completely changed compared to last time.

However, it was still not easy to suppress the Black Wind Commander so easily.

Black Wind Commander still managed to dodge and could still move freely within the domain.

However, the Domain of Earth did have an effect, causing the Black Wind Commander's speed to slow down.

Seeing this, Yang Chen didn't hesitate and immediately displayed the Tribulation Divine Body.

"Suppress it again." The Double Earth Domain pressed down.

Heifeng Mingjiang once again experienced the terror of Yang Chen's dual domain. He was immediately suppressed, unable to move.

Ye Qiubai and Mu Chuhe watched with wide eyes.

Yang Chen actually had more than 27,000 Dao Intent Inscriptions, unlike what the rumors said? This was different from what they had known before.

If they had known Yang Chen had so many Dao Intent Inscriptions, they wouldn't have complained about him holding them back before, no matter what.

Looking at Yang Chen now, he still suppressed Heifeng Mingjiang, which they couldn't believe.

Although Yang Chen was suppressing Heifeng Mingjiang at the moment, he was still focused and cautious because he knew very well that Heifeng Mingjiang was not someone who could be suppressed by his Comprehension Domain.

As he thought...

Heifeng Mingjiang was also forced to display the Tribulation Divine Body.

As the Tribulation Divine Body appeared, Heifeng Mingjiang roared, and the number of Black Wind Crows increased once again.

However, while the Tribulation Divine Body had the same effect, it manifested differently this time.

Last time, it was difficult for Yang Chen's dual domain to suppress Heifeng Mingjiang, but this time was different. As soon as the dual domain was displayed, Heifeng Mingjiang was already completely restrained within it.

"Crow God!"

Heifeng Mingjiang, out of desperation, launched a palm strike.

Just like him, the Tribulation Divine Body displayed the same Crow God palm strike.

The two palm strikes combined, their power was immense.

"What!"

Ye Qiubai and Mu Chuhe widened their eyes. Did Heifeng Mingjiang still have this move?

Yang Chen was not surprised. He had already experienced the power of this move last time. The Crow God palm strike was already terrifying enough, let alone the two palm strikes combined. He couldn't resist it last time, and it was only by relying on the spirit soul of the Ice and Fire Sky Phoenix that he could finally block it.

However, this time was different.

Yang Chen gathered all the Dao Intent Inscriptions together and suddenly used the 'Hand of the Big Golden Bell.'

Two Hands of the Big Golden Bell combined and collided with the Crow God.

A large number of crows dispersed, and Yang Chen's Hand of the Giant Golden Bell was devoured in a short time, completely dissipating.

Seeing the Crow God coming, Yang Chen suddenly dodged with his Space-Time Dao Intent. It would be impossible for the Crow God to hit him with that agility.

When Heifeng Mingjiang saw Yang Chen dodging, he was unwilling to follow suit. He wanted to drag his heavy body to chase Yang Chen in the Domain.

However, his speed was limited within the domain, and he couldn't catch up with Yang Chen's speed at all.

Now, Yang Chen's advantages were completely displayed. The last time he fought Heifeng Mingjiang, his Space-Time Dao Intent was almost restricted, but this time was different, for he could freely use his Space-Time Dao Intent!

Moreover, the Double Domain completely suppressed Heifeng Mingjiang, so Yang Chen could do whatever he wanted!

"The Hand of the Big Golden Bell!"

Yang Chen aimed at Heifeng Mingjiang and used the Double Hand of the Big Golden Bell.

Heifeng Mingjiang clenched his teeth and swung his hand, releasing more crows to break Yang Chen's move.

However, soon, Yang Chen dodged again and attacked from the rear with the Hand of the Big Golden Bell.

The Space-Time Dao Intent was fully utilized.

Heifeng Mingjiang was limited in speed and was repeatedly hit by Yang Chen.

Ye Qiubai and Mu Chuhe watched, swallowing hard. Just a moment ago, Heifeng Mingjiang had not used his full strength against them, but now, he was showing his true abilities, yet he was still being pressed and attacked by Yang Chen alone?

Chapter 2728 - Yan's Appearance?\_1

Yang Chen's fighting method was simple and straightforward.

By using the advantage of Space-Time Dao Intent, Black Wind Ghost Marshal couldn't do anything to him.

Space-Time Dao Intent was the strongest and most rogue Dao Intent of this kind.

Compared to the Space Dao Intent, he had more control over time. As long as he wanted, combined with the Domain of Earth, he could fully manipulate the Black Wind Ghost Marshal to be completely helpless against him.

Even though the Dao Intent Inscriptions of Black Wind Ghost Marshal were more numerous than his own and had even broken the 30,000-point mark, facing Yang Chen head-on was still not a match for him. But as long as there was Space-Time Dao Intent, Yang Chen couldn't be defeated as long as he wasn't restrained by Mahayana Stage Experts or the Black Wind Ghost Marshal.

Now, cooperating with the Dual Domain, Yang Chen could display Space-Time Dao Intent at any time, freely shifting on the spot and fully exerting the benefits of Space-Time Dao Intent.

Then, with the Hand of the Giant Golden Bell, he would launch surprise attacks on the Black Wind Ghost Marshal, forcing him to be in a passive state of being hit.

From time to time, he appeared behind the Black Wind Ghost Marshal, striking with the Hand of the Giant Golden Bell.

Although the Hand of the Giant Golden Bell couldn't really do much to the Black Wind Ghost Marshal, continuing like this would still drive him to a mental breakdown.

Once the Black Wind Ghost Marshal failed to defend himself, Yang Chen would seize the opportunity to strike.

Black Wind Ghost Marshal had already been pushed to his limit, with his entire body seemingly burning with anger.

"Aaaaah!" Black Wind Ghost Marshal was already utterly enraged.

He couldn't touch Yang Chen at all now. Instead, he was being attacked by him from time to time. How could he not be angry?

It was precisely because of this that Black Wind Ghost Marshal finally let out a surge of Ghost Qi, and his deep voice roared angrily, "Kid, I haven't used this move in a long time. Only when your humans sent more than a dozen Mahayana Stage experts to besiege me did I use it. You are the first one among those of the same level to force me to use this move. Very well..."

"I will let you see my strongest power."

Black Wind Ghost Marshal was now completely forced into a corner, and as such, he wanted to reveal his trump cards and kill Yang Chen.

Yang Chen knew that Black Wind Ghost Marshal had not used his full strength, but he didn't expect him to suddenly manifest such a terrifying power.

This power seemed to be able to take people to Hell, to the Abyss, and to the Apocalypse.

Feeling this, Yang Chen immediately struck out with a palm, using the Hand of the Giant Golden Bell to destroy the Black Wind Ghost Marshal before he could unleash his full strength.

He slapped out an imprint like a golden bell, which directly bombarded the body of the Black Wind Ghost Marshal.

However, it didn't destroy Black Wind Ghost Marshal's body as Yang Chen had imagined. Instead, after a flash of golden light, his Hand of the Giant Golden Bell was completely devoured by a group of crows.

"Black Sky Ghost Emperor!"

Only the angry roar of the Black Wind Ghost Marshal was heard.

Then, a dark and emaciated old man emerged from his back.

When Yang Chen saw this old man, his pupils shrank: "Luo?"

His heart suddenly throbbed with fear because the ghastly old man that emerged from Black Wind Ghost Marshal's back when he performed the Black Sky Ghost Emperor move was strikingly similar to 'Luo,' the old man he had once encountered in the depths of Inheritance Five Palaces.

However, he soon felt the difference between this ghastly old man and Luo, their temperament was different. Luo tended to be more peaceful, while this old man seemed like a yin soul from the depths of the apocalypse.

"Yan?" With Yang Chen's wisdom, he quickly thought of something.

When Yanluo General was divided into two, one part was Yan, and the other was Luo.

Yan and Luo were originally one person, so their appearances were naturally the same. Even though Luo was forced into the Spirit Realm, while Yan remained the king of the Netherworld, an extremely terrifying existence in the depths of the abyss.

Yang Chen didn't know whether this person was Yan or not.

Could Black Wind Ghost Marshal have summoned Yan? How terrifying would that be?

But soon, Yang Chen realized that this was not Yan, but most likely a part of Yan's power. Only Emperor-Rank Ghost Beings like the Black Wind Ghost Marshal would be qualified to use Yan's power.

Now, as the Ghastly Old Man appeared behind Black Wind Ghost Marshal, the overwhelming Ghost Qi completely turned into a huge crow, surrounding Black Wind Ghost Marshal's body.

A large number of black crows, with blood-red eyes, were terrifying to behold.

This power, already brought fear to people's hearts when it appeared.

Ye Qiubai and Mu Chuhe's pupils shrank, their bodies stiffened, and they shivered uncontrollably. When this power was born, they had already felt an extreme terror coming from Black Wind Ghost Marshal.

Now they finally knew how stupid it was for them to provoke Black Wind Ghost Marshal.

Fortunately, Yang Chen appeared in time, otherwise, even if they had ten lives, it wouldn't be enough.

Black Wind Ghost Marshal's confrontation with them just now was just a trivial matter, his real power hadn't been used yet. Now that he was dealing with Yang Chen, he finally revealed his trump card.

This kind of power made them feel an overwhelming sense of powerlessness, realizing that their self-proclaimed genius and elite status meant they were no longer in the same dimension as Black Wind Ghost Marshal or Yang Chen.

Yang Chen also felt a chill as he sensed the Black Sky Ghost Emperor state of the Black Wind Ghost Marshal.

The emergence of 'Yan's power alone was enough to dispel any thought of fighting.

Yang Chen felt the same way, knowing that such a feeling was not good. He immediately released his Life and Death Dao Intent to surround himself.

As soon as the Life and Death Dao Intent enveloped and protected him, the feeling of terror subsided greatly.

"It seems that the Life and Death Dao Intent has a strong restraint effect on this power..." Yang Chen thought to himself.

When Black Wind Ghost Marshal displayed the Black Sky Ghost Emperor state, his whole body was enveloped in black Qi. He sneered coldly, "Yang Chen, you are indeed extraordinary. I can't believe that you can still stay calm under the Black Sky Ghost Emperor's Qi as a Nirvana Stage practitioner. You are the first one. Hehe, the last time I displayed the Black Sky Ghost Emperor, those Mahayana Stage experts were so scared that they shivered in fear and forgot to escape."

Yang Chen didn't answer but attempted to use his Dual Domain to suppress the Black Sky Ghost Emperor state of the Black Wind Ghost Marshal once more.

However, what greeted him was a disdainful smile from the Black Wind Ghost Marshal.

"Hehehe... Yang Chen, your domain is useless now."

The Black Wind Ghost Marshal sneered, and then the ghastly old man behind him, wielding the Crow's Staff, swung at Yang Chen.

A large number of crows raged within the domain.

Yang Chen's Domain struggled to suppress the power, making him red-faced, gritting his teeth, but eventually failed, and his Domain shattered with three "pop" sounds, like a broken mirror, dissolving completely.

This made Yang Chen's pupils contract and his face filled with horror.

It was the first time that his Domain of Earth had been shattered on the spot!

Chapter 2729: Summoned Back\_1

Now that the Double Earth Domain had been broken, the Black Wind Ghost Marshal under the influence of the Black Sky Ghost Emperor's state charged directly towards Yang Chen.

Yang Chen wasn't afraid at all. No matter how terrifying the current state of the Black Wind Ghost Marshal was, as long as he dodged, he could still protect himself without any problem.

With the Spacetime Dao Intent unfolding, Yang Chen's figure disappeared without leaving any trace.

The Black Wind Ghost Marshal wouldn't let him go so easily. As Yang Chen's Spacetime Dao Intent unfolded, the Ghastly Old Man behind him waved his magic staff, causing a large number of crows to spread around the surrounding space, rendering Yang Chen's Spacetime Dao Intent ineffective in an instant.

As soon as Yang Chen appeared, the crows would appear and bite him, their speed as swift as lightning.

The attack of the crows in this state was vigorous and almost unstoppable.

Moreover, Yang Chen saw that when the Ghastly Old Man summoned by the Black Wind Ghost Marshal waved his magic staff, a large number of crows would orderly merge with the power of Dao Intent Inscriptions within the area, making it difficult for him to hide or escape.

Yang Chen's main body naturally had no problem, but his Tribulation Divine Body was caught off guard when it flickered, and was quickly surrounded and torn apart by the crows, turning into Dao Intent energy and returning to Yang Chen's body.

Seeing this, Yang Chen couldn't help but let out a sigh of relief. The Black Wind Ghost Marshal in this state was indeed a bit terrifying.

Although his Tribulation Divine Body could also display his full strength, in the end, he had to divide his attention to control both bodies, focusing primarily on controlling his main body, and only then controlling the Tribulation Divine Body.

As a result, the Tribulation Divine Body didn't have much attention to spare, and a mistake would lead to it being surrounded and destroyed by the crows on the spot.

It would be time-consuming to summon the Tribulation Divine Body back again after it had fallen.

Mu Chuhe and Ye Qiubai, watching the fight, were filled with fear and dread.

How could the Black Wind Ghost Marshal be so strong...

It was jaw-dropping that Yang Chen could singlehandedly fight against such a formidable demon.

Yang Chen was now facing a dilemma as well.

A large number of crows were spreading around the Black Wind Ghost Marshal, rendering his attack methods useless. If he wanted to fight the Black Wind Ghost Marshal, he would have to eliminate these numerous crows first.

What shocked Yang Chen was...

A crow silently appeared at the position where he had just teleported using his Spacetime Dao Intent.

Then, the crow disappeared, and in its place appeared the Black Wind Ghost Marshal.

As the Black Wind Ghost Marshal appeared, the Ghastly Old Man behind him suddenly pointed his Crow Staff.

Yang Chen reacted quickly and instantly dodged away. Despite this, a huge crack appeared in the space, and a barren wasteland stretched for tens of thousands of feet after a rumbling sound. This scene was terrifying.

This was still under the condition that the spatial rules of the Southern Realm were stricter than those of the Spirit Realm and had been reshaped by many powerful experts. Even then, a vast area was laid waste by a single blow, which was truly horrifying.

All those who were caught in this strike, including those at the Nirvana Stage and even the Great Ascension Stage, were wiped out and annihilated in an instant.

Yang Chen's pupils constricted at the sight of this attack. He knew clearly.

It was fortunate that his Tribulation Divine Body had fallen earlier, allowing him to focus all his attention on his main body. Otherwise, he might not have dodged that attack just now.

If he hadn't dodged, he would have surely perished, without a doubt.

Sweat fell from Yang Chen's forehead as he felt the difficulty of this battle. The Emperor-level Ghost Marshal was truly terrifying. The power of 'Yan,' the Ghastly Old Man he summoned, was as if he had used a Companion Spirit Beast.

"This Black Wind Ghost Marshal, under the influence of the Black Sky Ghost Emperor's state, can switch places with crows at any time..."

Yang Chen recalled the scene from just now.

Could the Black Wind Ghost Marshal switch positions with crows at any time? What kind of technique was that?

It might have something to do with the Black Wind Ghost Marshal's Dao Intent Inscriptions.

After all, up till now, he didn't have a clear understanding of the opponent's Dao Intent. With over 30,000 Dao Intents, his knowledge of the opponent's techniques was scarce.

Now, Yang Chen appeared in the distance. Just as he landed, he was targeted by a large number of crows...

“Hehe, Yang Chen, all you know is how to run.” The cruel voice of Black Wind Ghost Marshal sounded.

Yang Chen didn’t answer.

Because Black Wind Ghost Marshal was already swooping towards him again.

Similarly, he and the crows switched positions, appearing like lightning, faster than any speed.

As he chose, a Crow Magic Staff appeared, and then, the space ahead became void!

But Yang Chen still managed to dodge quickly.

Now, Yang Chen was also stuck in a stalemate. It was difficult for him to defeat Black Wind Ghost Marshal head-on, but if he couldn’t win, it would still be easy for him to leave.

But his task was to delay the Black Wind Ghost Marshal, how could he leave?

He could only move around to avoid Black Wind Ghost Marshal from hurting more powerful experts.

However, at his most troubled moment,

A voice appeared in his mind!

“Yang Chen, retreat first. Your task of delaying has been completed. Black Wind Ghost Marshal won’t be able to wreak havoc in this state for long.”

The person who transmitted the message was none other than Yun Qi Tian Zun.

Upon receiving the message, Yang Chen finally breathed a sigh of relief.

Indeed, Black Wind Ghost Marshal couldn't wreak havoc in this state for long, and his task was completed.

He didn't say anything more, glanced at Black Wind Ghost Marshal, and slowly said, "Black Wind Ghost Marshal, I'm afraid I'll have to disappoint you. I'll take a step back first!"

As the thought fell, Yang Chen leaped forward and reappeared beside Ye Qiubai and Mu Chuhe.

This caused a slight surprise for both of them.

"Go!"

Yang Chen manipulated the Space-Time Dao Intent and led the two away from the spot.

Watching Yang Chen leave, Black Wind Ghost Marshal was now on the verge of collapse, his nerves at their breaking point, completely engulfed by fiery anger, burning!

"Ahhhh!"

Black Wind Ghost Marshal roared out.

How could he not be furious?

This was the second time. Among his peers, when had the Black Wind Ghost Marshal not been able to kill someone? Yang Chen was the first, and the only one.

"Yang Chen, I swear to kill you." Black Wind Ghost Marshal was furious.

Mu Chuhe and Ye Qiubai couldn't fully understand Yang Chen's methods. With just a flicker, they were no longer at their original location but had appeared far away.

After a few more flickers, they unexpectedly arrived back

Chapter 2730 Acquiring the Reincarnation Scripture\_1

Unfortunately, the last move that Black Wind Ghost Marshal performed, Black Sky Ghost Emperor, was too powerful. He couldn't rest easy, so he called Yang Chen back.

But thankfully, his judgment was right, and Black Wind Ghost Marshal could not maintain that state for long. Seeing Yang Chen escape, he was afraid of being targeted by other powerful ones and reluctantly retreated.

For humans, this didn't result in much loss, and the outcome was not much different from the previous plan.

The only surprise was the existence of Yang Chen.

Now that he thought about it, Yunqi Tianzun felt very relieved and said to Daoming Tianzun without hesitation, "Daoming Tianzun, you seemed to deny Yang Chen's ability before, but now, is it Yang Chen's strength that is insufficient or your judgment that is wrong?"

Hearing Yunqi Tianzun's words, Daoming Tianzun felt like his chest was burning with rage, only replying with "infuriated".

Yang Chen's performance was a slap in his face.

Now when Yunqi Tianzun brought it up, how could he refute? The facts were far better than his rebuttal.

He turned all his words into a cold snort and left with a stiff sleeve, not staying any longer.

Ye Qiubai and Mu Chuhe also felt embarrassed. Their attitude towards Yang Chen before wasn't friendly either, but Yang Chen's actions had slapped them in the face.

However, unlike Daoming Tianzun, Yang Chen had saved their lives after all, and their minds were not so narrow.

Yunqi Tianzun had no good feelings for Daoming Tianzun. Seeing him leave, he laughed carefreely, feeling delighted.

Linghua Tianzun was also there. Now when she looked at Yang Chen, she saw him as a treasure. She never expected Yang Chen to be so powerful.

Calling Yang Chen back before was also one of her ideas. Yang Chen was so outstanding that it was best to call him back immediately and not let him take any more risks.

Yang Chen, you have made great contributions this time, and I will report your merits to the higher-ups," Linghua Tianzun smiled.

However, Yang Chen had no interest in these merits, and said with a serious expression: "Linghua Senior, I'm not sure about the matter of Reincarnation Scripture..."

Linghua Tianzun could see that Yang Chen was very interested in the Reincarnation Scripture.

She could understand, after all, this Dao technique was of great importance to Yang Chen.

She spoke softly, "I have already reported this matter to King Yueyin. Yang Chen, don't worry. The first wave of attacks will stop soon, and the King-level powerhouses will call all the cultivators back, regroup and assess the damage. After a rest, they will attack again. Once the attack dies down, I will take you to see King Yueyin. By then, I think King Yueyin will have time for you, and she should be able to see you in time."

Hearing this, Yang Chen nodded. He didn't know when the attack would slow down, but he could only wait.

But who would have thought that his luck would be so good.

Linghua Tianzun had just finished speaking when she suddenly paused, seemingly receiving some sound transmission, and then chuckled, "Yang Chen, your luck is really good. King Yueyin has already issued an order for the Boundless Stage experts of all sects to stop the attack and return. This matter will be handled by the other Boundless Stage experts of my Three Flowers Sect. I will take you to see King Yueyin."

Yang Chen expressed his joy, "This is really great, thank you, Ling Hua Senior."

"It's nothing," Linghua Tianzun chuckled and said, "Let's go."

When the conversation ended, Linghua Tianzun led the way, and Yang Chen followed Linghua Tianzun.

It didn't take long for Linghua Tianzun to lead Yang Chen to find King Yueyin.

King Yueyin was resting in a rear palace. When Yang Chen and Linghua Tianzun came to pay their respects, they could see a hint of paleness on her face.

This made Yang Chen secretly judge that King Yueyin might have suffered some injuries in this battle.

It wasn't easy for these King-level Powerhouses.

Now that he saw King Yueyin, Yang Chen didn't say anything else, he just directly greeted, "Junior pays his respects to Senior King Yueyin."

King Yueyin maintained her usual cold and arrogant expression, showing no emotional fluctuations.

Seeing Yang Chen arrive, she calmly said, "I heard from Linghua earlier that you have completed the task of Sea Dragon Ghost General?"

"That's right," Yang Chen respectfully said, "This is the Sea Dragon Ghost General's Ghost Core."

King Yueyin didn't bother to confirm it. For her, Linghua Tianzun's confirmation was enough.

"Since I promised you, I won't go back on my word. Now that you have dealt with the Sea Dragon Ghost General, the Reincarnation Scripture is yours. I have already prepared a copy for you, so take it." King Yueyin spoke calmly.

As the words ended, she waved her hand, and a light sphere appeared in Yang Chen's hands.

Yang Chen knew very well that this was the Reincarnation Scripture, and his face showed joy. This was something he had been longing for a long time. With the Reincarnation Scripture, his strength would definitely increase significantly.

"Okay, now that you have the Reincarnation Scripture, you can leave," King Yueyin waved her little hand.

Naturally, Yang Chen didn't stay any longer and left with Linghua Tianzun.

After leaving with Linghua Tianzun, Yang Chen didn't linger. He couldn't wait to take a look at the amazing Reincarnation Scripture and had no more to say with Linghua Tianzun. He made an excuse and left.

Linghua Tianzun knew Yang Chen's thoughts very well and didn't expose him, letting Yang Chen return.

As Yang Chen returned, he saw many cultivators returning on the way. It was just as Linghua Tianzun had said, the battle had subsided, many cultivators had returned, and the first wave of the Holy War had come to an end. The war between the entire Southern Realm and the Extreme Yin Land had come to an end, waiting for the second wave to begin.

Wherever Yang Chen went, he had the posture of a small celebrity, attracting many people's discussions.

However, compared to the beginning, there were far fewer negative comments this time, and most of them were words of praise. After all, every person had witnessed Yang Chen's performance, and there was nothing more to pick on.

Yang Chen casually found a place to stay, calming his mind for a moment and composing himself. Finally, with trembling hands, he grabbed the light sphere of Reincarnation Scripture, entered it with his divine sense, and began to view the incredible Reincarnation Scripture.

As his divine sense entered, the first thing Yang Chen saw was a huge world...

In this world, there was life and death, sorrow, fleeting time, and much more, as if the birth, aging, sickness, and death of a large world were all unfolding before Yang Chen's eyes.

Yang Chen thought silently, "Is this Reincarnation Scripture showing me this at the beginning, telling me that this is Reincarnation?"

Yang Chen couldn't figure it out.

Only after the scene passed did the true essence of Reincarnation Scripture reveal itself...
