

Supreme MK 2841

Chapter 2841: Leaving the Sect_1

Chen Yangqi was well aware of Yang Chen's value to the Xuandao Sect, and he always felt that Yang Chen's departure to the Southern Realm was a loss for the sect.

Now that the other party has returned, how can he not be surprised and happy, and said excitedly: "Yang Chen, when did you come back?"

Yang Chen stood with his hands behind his back, smiling: "I just returned from the Southern Realm, and hurried back to the sect. How has the Sect Leader been recently?"

"Hahaha, good, good, how can it not be good?" Chen Yangqi laughed heartily, feeling much better upon seeing Yang Chen, whose presence boosted his mood.

Master Yuanming was very tactful, knowing that Yang Chen and Chen Yangqi were meeting, he dared not stand around, and immediately ordered Liu Feiying and the others to leave.

After they left, Liu Linfeng wiped the cold sweat from his forehead: "This is really bad luck. How could we meet Supreme Yang? Why did he suddenly come back?"

Master Yuanming shook his head: "Liu Linfeng, your daughter shouldn't have offended Supreme Yang. If it's just a simple case of not recognizing Mount Tai, perhaps Supreme Yang would let it go, but she went too far."

Liu Linfeng's body trembled: "Brother Yuanming, my daughter's actions were unintentional, it can't be that serious, right?"

He already felt that something was wrong. In the past, Master Yuanming always called Liu Feiying "Ying'er", but now he directly called her "your daughter". The meaning was different, clearly wanting to distance himself from Liu Feiying.

Master Yuanming's tone turned cold: "Listen to my advice, take your daughter and leave the Xuandao Sect as soon as possible, the further away the better."

Hearing these words, Liu Linfeng and his daughter panicked.

"What, Brother Yuanming?" Liu Linfeng exclaimed.

"Master!" Liu Feiyong's eyes widened and she immediately shouted, "Master, I know I was wrong. Please don't drive me away."

She was genuinely scared. She knew very well that everything she had now, even her father's status, was given by the Xuandao Sect.

If they left the sect, they might not worry about food and shelter, but maintaining the status above everyone else in the sect would be nearly impossible.

"Don't call me Master." Master Yuanming denied their relationship completely and shouted angrily, "Starting from now, you and I no longer have a master-disciple relationship."

With this sentence, Liu Feiyong was utterly frightened.

Liu Linfeng hurriedly tried to clear things up: "Brother Yuanming, is there no room for maneuvering in this matter?"

If possible, he really didn't want to leave Xuandao Sect.

"Room for maneuvering?" Master Yuanming sneered, "I'm telling you, Liu Linfeng, is your daughter stupid, or are you stupid? Am I the one driving you away? You can stay here if you want, I won't stop you. But you have to think clearly, within the Xuandao Sect, it would be just a matter of a word for Supreme Yang to deal with you. Aren't you aware of how your daughter offended him? What would you do if you were him?"

Understanding the situation, Liu Linfeng clenched his teeth: "I got it, we'll leave, right now."

Liu Feiyong was unwilling to leave since she had always considered herself as a prized daughter of the Emperor.

"I won't leave, I want to stay in the Xuandao Sect." Liu Feiyong declared.

"You unruly girl!" Liu Linfeng slapped her fiercely, knocking her unconscious. Without further ado, he took her and left.

...

What they didn't know was that Yang Chen was fully aware of this whole scene.

Seeing Liu Feiyong and Liu Linfeng hurriedly leaving the Xuandao Sect and going as far away as possible, Yang Chen's expression remained unchanged. With his current cultivation level, he didn't have time to bother with these small fry.

However, even so, he still managed to scare them out of their wits, making them leave without any hesitation or mercy, which served them right.

Chen Yangqi gestured with an inviting hand: "Yang Chen, sit!"

Yang Chen and Chen Yangqi had been close for a long time, so of course, he would not be polite and sit down peacefully.

Chen Yangqi looked at Yang Chen with a smile. And as he looked, he was suddenly taken aback. He was experienced with a Nirvana Stage cultivation level and could gauge the strength of those more powerful than him.

After taking a closer look, Chen Yangqi was shocked, swallowing hard.

“Yang Chen, have you reached the Mahayana Stage?” Chen Yangqi asked, feeling dazed.

Yang Chen chuckled: “While practicing in the Southern Realm, I was lucky enough to reach this realm.”

Lucky...

Chen Yangqi knew Yang Chen’s character, and he would never believe that Yang Chen just got lucky.

Now that he witnessed Yang Chen entering the Mahayana Stage, Chen Yangqi didn’t feel as cheerful as before. At first, when their cultivation levels were comparable, he could speak more freely and without restraint.

But now that he saw Yang Chen’s cultivation level had reached the Mahayana Stage, his perception changed immediately.

Yang Chen sensed Chen Yangqi’s reservations and smiled peacefully: “Sect Leader, in my eyes, you will always be my senior. No matter how advanced my cultivation level becomes, you can still call me Yang Chen, and I will always respect you in my heart. There’s no need to be so restrained.”

Only then did Chen Yangqi breathe a sigh of relief. He had always anticipated that Yang Chen’s cultivation level would surpass his own, as his talent was truly extraordinary.

“This is unbelievable. When I first met you, you hadn’t even reached the True God Realm. Now, in the blink of an eye, you’ve surpassed me.” Chen Yangqi was filled with emotion.

After a long pause, Chen Yangqi said: “Speaking of which, Yang Chen, there must be a reason for your return from the Southern Realm this time, right?”

Chen Yangqi asked with a friendly smile, having put aside his inner barriers.

Yang Chen laughed: "To tell the truth, I came back from the Southern Realm this time to select talents and send them to the Southern Realm for intensive training. Just now, I found one in the sect. Wan Yueqin, why don't you quickly greet the Sect Leader?"

Wan Yueqin almost thought she was dreaming. In her dreams, she never dared to believe that Chen Yangqi would be so close to her.

Chen Yangqi thought Wan Yueqin was Yang Chen's maid. Now, seeing her cultivation level, Chen Yangqi was stunned: "How come I have never seen this genius in the Xuandao Sect before?"

"Sect Leader, not all geniuses can be seen by you. This Wan Yueqin has been in the Xuandao Sect as a maid. The sect's method of selecting talents is not thorough enough." Yang Chen shook his head.

"Well..."

Chen Yangqi listened to his words, his expression solemn: "Yang Chen, this is indeed my negligence as the Sect Leader. If we are to send them to the Southern Realm for intensive cultivation, we indeed need to be careful in selecting the talents."

"That's right, we must not be careless about this matter. It is of great importance. The quota is very limited. The entire human race has only a thousand places, and it is impossible for our Xuandao Sect to claim all of them. I think we can get a hundred places at most." Yang Chen said.

Chapter 2842 Sun Zu Captured?_1

A hundred spots were already considered quite good.

It was well known that all the sects had to share the allocation. Aside from the Taiyi Sect, which would definitely receive the lion's share, the other major sects, as well as some minor ones, were also given some spots.

For Xuandao Sect to receive a hundred spots, it was indeed a significant number.

"One hundred; we must choose carefully." Chen Yangqi knew that this matter couldn't be taken lightly and said solemnly.

Yang Chen looked at Chen Yangqi and asked, "Sect Master, how are you going to select them? You can also go to the Southern Realm, after all, with your talent it's among the best choices, you just lack a suitable environment."

Upon hearing this, Chen Yangqi's heart wavered, and from his expression, one could see that he was torn with infinite struggle.

After a long while, Chen Yangqi revealed a bitter smile: "Yang Chen, I appreciate your kindness, but as you know, you and I are ultimately different. I am the Sect Master of Xuandao Sect. From the moment I was chosen to be the Sect Master, I cannot leave until the next one is chosen. I must be responsible for the entire Xuandao Sect. As for going to the Southern Realm, I can't afford to think that way. If I were to go, what would become of Xuandao Sect?"

Upon hearing Chen Yangqi say this, Yang Chen's respect for him rose a few notches.

Any other person, given such an opportunity, would not let it pass. But Chen Yangqi chose to prioritize Xuandao Sect and give up on this precious opportunity.

Indeed, if Chen Yangqi left, who would be in charge of Xuandao Sect?

Yang Chen could see the loss in Chen Yangqi's heart. He had truly given up on the boundless longing in his heart, making a tremendous sacrifice.

"Sect Master, even if you can't go to the Southern Realm, it's alright. Here are some pills that I obtained from the Southern Realm, enough for you to refine them for the next hundred years. If used properly, there is a high chance of reaching the Great Path Stage."

With that said, Yang Chen took out the pills he had refined during his spare time.

Among these pills, there were no lack of immortal grade ones.

As for divine grade, they were as numerous as sugar beans.

He had thought from the beginning, if Chen Yangqi went to the Southern Realm, these pills would not be given to Chen Yangqi. If Chen Yangqi didn't go, these pills would be given to him.

In general, these pills were still his more precious items. After all, going to the Southern Realm would just get him more of these resources.

Chen Yangqi gasped when he saw these pills laid out in front of him. Looking at the pills he had never seen before, Chen Yangqi was completely dumbfounded.

"These pills are all for me?" Chen Yangqi swallowed his saliva.

"That's right, Sect Master. With your dedication to Xuandao Sect, you deserve these." Yang Chen said with a smile.

Chen Yangqi was full of emotion and deeply looked at Yang Chen. With his intelligence, he understood quite clearly.

If he went to the Southern Realm, he wouldn't be able to get these pills, which were a chance to enter the Great Path Stage.

Could he go to the Southern Realm and say for sure that he could enter the Great Path Stage within a hundred years?

"Yang Chen, I really can't thank you enough." Chen Yangqi couldn't resist the tempting conditions and accepted the pills.

Yang Chen smiled amicably, "By the way, Sect Master, have you any idea where Ancestor Su has gone? Why did he leave only an avatar at his home?"

"Ancestor Su? He was summoned by the Taiyi Sect not long ago." Chen Yangqi told the truth.

Yang Chen was initially tasting the tea in his cup leisurely, but when he heard this, he was suddenly shocked.

"What!" Yang Chen's expression changed drastically.

"What's wrong?" Chen Yangqi didn't know why Yang Chen had such a strong reaction.

Yang Chen was in great turmoil and slapped his thigh: "This is bad, this is really bad!"

He immediately stood up. Ancestor Su had been summoned to the Taiyi Sect? How did he forget about that? He should've thought of it earlier.

Li Chongxiao returned earlier than him. Upon returning to the Spirit Realm, with the restrictions of the Southern Realm gone, he wouldn't hesitate to make a move against him.

Since he didn't immediately return to the Xuandao Sect and Li Chongxiao didn't target him, he must have targeted his Xuandao Sect instead.

At any rate, the relationship between the two had already become confrontation. Given a chance to take each other's lives, neither party would show any courtesies.

Li Chongxiao obviously made the first move by inviting Ancestor Su over.

Although the invitation was on the surface, Ancestor Su didn't know about the conflict between him and Li Chongxiao, so naturally, he wouldn't be suspicious and headed straight there.

With Ancestor Su now going to the Taiyi Sect, being targeted by Li Chongxiao, wasn't he in a perilous situation...?

Yang Chen was anxious as if on fire, which confused Chen Yangqi: "Yang Chen, what's going on?"

Yang Chen had no choice but to recount the details of the situation to Chen Yangqi.

Chen Yangqi suddenly gasped, "What? Ancestor Su is in danger? But he's a Boundless Stage powerhouse."

"But this time, I'm afraid there will be three Boundless Stage powerhouses in the Taiyi Sect, including Li Chongxiao." Yang Chen sighed.

Though the other two Boundless Stage powerhouses in the Taiyi Sect had no conflict with Ancestor Su.

However, when it came to matters of interest, it didn't mean they wouldn't make a move against Ancestor Su.

Three Boundless Stage powerhouses against one, and it was an invitation to his doorstep, if they really wanted to make a move, Ancestor Su had virtually no chance of escape.

Chen Yangqi was greatly alarmed, "What should we do then?"

Yang Chen paced back and forth, his heart filled with helplessness.

If it was just one Boundless Stage powerhouse, Li Chongxiao, Yang Chen might still handle it. With his current strength, he had the confidence to take on a Boundless Stage in one breath.

However, three Boundless Stage powerhouses were a bit of a stretch for him. Moreover, he didn't know what kind of trap the Taiyi Sect had prepared for him right now. If he went, he would be courting death.

Yang Chen's heart was filled with urgency yet calm. After a long while, he finally said, "Sect Master, you wait here for now, leave this matter to me."

Chen Yangqi sensed the urgency of the situation as the confrontation between Great Path Stage powerhouses was beyond his abilities.

Fortunately, Yang Chen had also reached the Great Path Stage and had some ability to handle things at this level.

Yang Chen hurried to Ancestor Su's residence.

Upon arrival, he only saw an avatar, meditating in mid-air.

At this moment, Ancestor Su had his eyes tightly closed, his expression wooden and without a ripple of emotion.

As soon as Yang Chen saw this, he knew it was over!

Just as he had guessed, there was no problem with Ancestor Su currently; otherwise, his avatar wouldn't be in this state. At the moment, Ancestor Su's main body must have been imprisoned, and his avatar had no fluctuations in its aura at all.

Just as Yang Chen was pondering, Ancestor Su suddenly opened his eyes.

As his eyes opened, Ancestor Su revealed a sinister smile, "Yang Chen, we meet again."

Hearing this uncanny tone, Yang Chen stood with his hands behind his back and coldly said, "You're Li Chongxiao?"

"Hehehe, Yang Chen, I originally planned to go straight to Xuandao Sect and butcher you all at once, but I didn't expect that you wouldn't be in Xuandao Sect. It's a pity, though, that Ancestor Su is now in my hands..." Li Chongxiao laughed strangely.

Chapter 2843 Request for Reinforcements_1

Yang Chen knew clearly that Li Chongxiao's goal was himself, so he asked directly, "Is Elder Sun Zu safe and sound?"

"Whether he's safe or not, you can come and see for yourself," Li Chongxiao said with a smile.

Yang Chen, with his hands behind his back, said, "Li Chongxiao, your goal is me, not Sun Zu. If Sun Zu is really dead, it would be basically impossible for you to take my life. If I really leave, you can't stop me. You should know this very well."

Li Chongxiao knew this naturally and said after squinting his eyes, "Yang Chen, I know all this, of course. That's why I've spared Sun Zu's life. Otherwise, how could I rely on his avatar to talk to you?"

Yang Chen had his own judgment on this matter. Whether Sun Zu was alive or dead could be deduced by looking at the Life and Death plates stored in the sect.

As for now, Yang Chen looked calm and composed: "Li Chongxiao, what do you want me to do?"

"I'll give you one month to come to my Taiyi Sect, and we'll talk slowly," Li Chongxiao said with a laugh.

When the conversation ended, 'Sun Zu' closed his eyes again and said no more.

Li Chongxiao broke the connection with Yang Chen, giving him an irresistible condition.

Yang Chen now stood in place, hesitating. His current situation could be described as extremely dire.

Almost nothing could be more difficult than his current predicament.

"With my Space-Time Dao Intent, it's impossible for Li Chongxiao to kill me. Thus, his plan is clear: first lure Sun Zu over, then deliberately lure me there. If I go, he'll set up the Sky-Roaming Net there, and even with my powerful Space-Time Dao Intent, I might fall into it," Yang Chen said with an icy expression, filled with worry.

However, he wasn't completely out of options. He had an idea when he suspected that Sun Zu might have been killed.

That idea was to seek help!

...

One month's time was undeniably pressing.

Li Chongxiao was very smart. By giving Yang Chen an ultimatum, he forced him to make a choice—he had to go, whether he wanted to or not. And Yang Chen was given only an extremely tight one month to deal with the situation.

There was little he could do in the span of a month.

As a result, Yang Chen didn't dare to delay. After giving some instructions to Chen Yangqi, he left the Xuandao Sect.

No one knew where Yang Chen had gone.

The task of seeking help might take more than a month for others, but Yang Chen was different. With his absolute speed, he could accomplish many things in just a month that others could not.

Now, Yang Chen's destination was the Earth Fiend Clan!

In less than five days, Yang Chen used his absolute spatial teleportation speed to reach the territory of the Earth Fiend Clan.

Then, the powerful aura of the Mahayana Stage unfolded, quickly attracting the high-level members of the Earth Fiend Clan.

Yang Chen already had a certain reputation within the Earth Fiend Clan, so many people recognized him upon arrival.

"It's Yang Chen!"

"The Human Yang Chen."

The Earth Fiend Clan and Humans were considered to be allied groups, and Yang Chen was an exceptional example among them.

"Hahaha, Brother Yang Chen, it's been a long time. How have you been recently?"

"Brother Yang Chen, did you miss your Earth Fiend friends on this visit to our clan?"

Yang Chen exchanged pleasantries with the powerful figures of the Earth Fiend Clan for a while.

After a short while, Lu Nan received the news and rushed out from the Earth Fiend Clan's territory.

"Yang Chen!"

Lu Nan laughed heartily, "Yang Chen, you're here."

When Yang Chen saw Lu Nan, his expression became even more serious, and he nodded.

Lu Nan could tell that Yang Chen had something important to discuss and asked curiously, "Yang Chen, could it be that something happened?"

Yang Chen didn't hide anything: "Let's talk further inside."

Lu Nan brought Yang Chen into the Earth Fiend Clan's territory.

After entering the exclusive palace of the Earth Fiend Clan's Royal Family, Lu Nan asked with a puzzled expression, "Yang Chen, are you in some kind of trouble?"

Yang Chen forced a smile, knowing that his brother truly understood him.

"Lu Nan, to be honest, I am indeed facing some difficulties now, and I need the help of the Boundaryless-level experts of the Earth Fiend Clan!" Yang Chen said with a serious expression.

Hearing this, Lu Nan and several other powerful figures present were shocked.

"Boundaryless-level?"

Lu Nan paused for a moment, "Yang Chen, what exactly happened?"

Yang Chen knew he couldn't hide it and explained the whole story clearly.

Upon hearing this, Lu Nan suddenly realized, "Damn it, it's Li Chongxiao again! Last time he hurt you wasn't enough, now he wants to kill you again."

"There are three Boundaryless-level powerhouses in the Taiyi Sect and with him, I have no way to deal with them. If I want to save my Elder, I can only come here to ask for help," Yang Chen said.

Lu Nan and the others looked at each other and saw the difficulty on each other's faces.

"Yang Chen, there are indeed several Boundaryless-level powerhouses within our Earth Fiend Clan. However, whether they are willing to help is beyond my control. I can, however, put in a good word for you. Since you're here with your Mahayana Stage cultivation, the Boundaryless level powerhouses may not be unwilling to see you. But ultimately, whether they can help you or not depends on you," said Lu Nan.

"Brother Lu Nan, you've already done so much for me. It's more than enough," Yang Chen said gratefully.

He knew that Lu Nan couldn't play a big role in this matter, so doing this much was already enough.

Lu Nan didn't hesitate any longer, "I'll ask the Boundaryless Ancestors to come out for you right now."

"Thank you," Yang Chen bowed slightly.

Lu Nan was very efficient in his work and left immediately.

Yang Chen waited patiently at the original spot.

About half a day later, a voice suddenly rang in Yang Chen's mind. After a brief sizzling sound, it became mellow and resounding.

"Young friend, I heard you have something to discuss with us. Come on, follow the road in the palace and come in."

Upon hearing this, Yang Chen felt excited, knowing that the Boundaryless-level Ancestors of the Earth Fiend Clan wished to see him, and that Lu Nan had successfully convinced them.

This was good news for him; as long as he could meet these Earth Fiend Clan Boundaryless-level Ancestors, he was confident of persuading them.

Following the road, Yang Chen entered the depths of the palace.

After a brief darkness, there was a burst of brilliance and a surge of Sa Qi.

Within the Sa Qi, Yang Chen remained calm, gradually seeing two huge Earth Fiend Ancestors and Lu Nan.

Lu Nan's role now seemed somewhat minor because both people beside him were Boundary-less Level powerhouses.

When Lu Nan saw Yang Chen coming, he whispered, "Yang Chen, these two are the two Boundaryless Ancestors of our clan. This is Elder Dinghe, and this is Elder Tianqiu."

After speaking, Lu Nan apologetically transmitted his voice to Yang Chen.

"I can only manage to invite two Ancestors with my influence. Yang Chen, this is my limit, I hope you don't mind."

Chapter 2844: Thousand Autumns and Ten Thousand Rivers Elixir_1

Yang Chen was touched in his heart, and this was also the reason why he regarded Lu Nan as a friend and brother. The other party was indeed doing his best to help him, and even felt sorry for not being able to help him better.

Yang Chen naturally understood the meaning, and when he met the two Earth Fiend Clan Ancestors, he immediately said, "Junior pays respects to the two Earth Fiend Clan seniors."

"Yang Chen, we've long heard of you, Lu Nan even praises you as the number one genius of the human race. We didn't think much of it, thinking that no matter how outstanding you are, you couldn't surpass the Mu Gufeng who rose among the humans back then and Li Chongxiao now. But now it seems that you have reached the Great Stage at such a young age, your excellence is no less than that of Mu Gufeng and Li Chongxiao..." Elder Tianqiu stroked his chin.

Elder Dinghe also calmly said, "We came to see you for two reasons: first, you indeed helped our Earth Fiend Clan; second, Lu Nan pleaded for you. Yang Chen, our time is precious, and we have heard about your situation from Lu Nan. We Earth Fiend Clan have other Boundaryless Stage Experts, but they are unwilling to help you. Do you know why?"

"Because the junior cannot come up with conditions that make the seniors' hearts move?" Yang Chen said.

Tianqiu and Dinghe glanced at each other, and after a faint start, they all burst into laughter.

"Hehe, you kid really surprises us by being so astute. The old man is a little curious now, what could you possibly take out?"

Elder Tianqiu said, “Yang Chen, don’t blame us for being cold-hearted. Although you helped us before, the problem you face now is to ask us to confront other Boundaryless Stage Experts. This is not something that can be made up for by the help you gave us back then. However, since we have come out, we still want to help you, but whether it is worth our help or not, first of all, we need to see if you can really move the two of us.”

Knowing what was going on, Yang Chen respectfully said, “Rest assured, seniors, the junior has come here with something that can surely move the two seniors.”

Elder Tianqiu and Elder Dinghe looked at each other and smiled, “Then we shall wait and see.”

Yang Chen showed a confident smile.

He might not be able to impress the Boundaryless Ancestors of the Southern Realm, but the Boundaryless Ancestors of the Spirit Realm were different.

Where had these Boundaryless Experts of the Spirit Realm ever seen the real world?

When he was refining a large number of Immortal Grade pills, those Divine Grade elixirs became much easier for him to refine, like making sugar beans, and could be said to be mass-produced with ease.

Among them were some elixirs that had a slight effect on the cultivation level of the Boundaryless Experts.

These elixirs were not of much use, far less cost-effective than Immortal Grade Pills, but for those Boundaryless Ancestors who had been unable to advance in the Spirit Realm for tens of thousands of years or even longer, they might be regarded as divine pills, something they would go crazy for and fight over.

At that moment, Yang Chen took out an elixir from his storage bag.

The elixir had a fragrant aroma that rapidly spread.

Elder Tianqiu and Elder Dinghe sniffed with their noses and got excited in an instant.

“This is the Thousand Autumns and Ten Thousand Rivers Elixir!”

“It can enhance our Boundless Stage Experts’ perception of the Power of Laws. Although the perception is scarce, the effect is indeed real.”

Both Boundless Stage Experts were a bit restless.

However, after all, they are experienced people, they quickly calmed down.

Elder Tianqiu said first, “Yang Chen, this Thousand Autumns and Ten Thousand Rivers Elixir is indeed quite useful for us Boundless Stage Experts, but it is a bit unrealistic for you to expect the two of us to risk our lives for just one or two elixirs.”

His implied meaning was quite obvious, directly asking Yang Chen if he had any other such elixirs.

At this time, Yang Chen no longer intended to hide anything, and immediately took out the Thousand Autumns and Ten Thousand Rivers Elixir he had refined during his leisure time.

These Divine Grade elixirs, which to him were as simple to create as sugar beans, were easily taken out in dozens of them, like a joke.

Once these dozens of Thousand Autumns and Ten Thousand Rivers Elixirs were revealed, the concept immediately changed.

Both Elders were able to remain composed at first, but now their expressions fluctuated as they stared at these elixirs with shining eyes.

After barely managing to stay calm, they couldn’t help but ask with excitement, “Yang Chen, do you have any other elixirs?”

“These are all the Thousand Autumns and Ten Thousand Rivers Elixirs that the junior accidentally obtained in the Southern Realm,” Yang Chen said.

He naturally still had elixirs, but he definitely couldn’t take out any more of them. Otherwise, with the greed of these Boundaryless Ancestors, if he took out even more, they would think he still had more.

Greed is endless, and he had already learned that from Star Child Heavenly Venerate; any relationship before that was often unreliable in the face of interests.

“We can exchange other treasures for them.” The two Boundless Stage Ancestors tried to test him.

Yang Chen would not be fooled, “The junior really doesn’t have any more.”

Only then did the two Elders feel relieved.

Seeing that there were no more elixirs, Elder Tianqiu and Elder Dinghe exchanged glances and then said in unison, “Half for each of us.”

When the conversation ended, they both smiled happily and secretly rejoiced that the other Boundless Ancestors didn’t have their insight.

Only they two chose to help Yang Chen, so now they had such precious elixirs, and only they two shared them, how wonderful!

Seeing the smiles of the two Boundless Stage experts, Yang Chen couldn’t help but say, “Seniors, about the matter of the Taiyi Sect.”

If you take people’s money, you help them solve their problems. The two Boundless Stage Experts were not dishonest.

“Yang Chen, about the Taiyi Sect, we’ll help you. However, there are three Boundless Stage experts in the Taiyi Sect, and we only have two people. The things you take out now can barely move the two of

us, but if you want to invite other Boundless Ancestors, you have to come up with other conditions," Elder Tianqiu said.

Yang Chen knew that if he took out more things, it would be counterproductive and make him seem wealthy, which was not a good thing.

"Seniors, all the juniors have already taken out. That's all there is. For other Boundless Ancestors, the juniors can't invite them anymore. However, seniors can rest assured that of these three Boundless Stage Experts, the junior can deal with one of them. The other two can be dealt with by the two seniors. At that time, the two seniors can take more people at the Great Stage to help save Sun Zu, and then we can retreat," Yang Chen said without any omissions.

Upon hearing Yang Chen's confidence in dealing with one Boundless Stage Ancestor, the two great Boundless Stage Experts were somewhat skeptical.

However, Yang Chen had been to the Southern Realm after all, and he wouldn't risk his own life as a joke, so they didn't doubt him too much.

"All right, since that's the case, we'll settle it like this. However, let us make it clear beforehand that we will help you, but if the situation is not right, and there is a real threat to our lives, we two will definitely not stay," the two great Elders said separately.

Chapter 2845 The Eve of Battle_1

Yang Chen nodded, knowing full well that these Unbounded Ancestors valued their lives greatly no matter how grand they appeared.

"By the way, there's another big problem. You said there's only one month's time left. From our Earth Fiend Clan traveling to your Human Territories, we have to make some preparations; otherwise, rushing over would only put us at a disadvantage." Elder Tianqiu said, "Just preparing will take some time, and if we include the time spent traveling, one month becomes quite a tight schedule."

Elder Dinghe also nodded and said, "Time is indeed pressing, and even if we arrive at Taiyi Sect, we can't just barge in. The time is really too short. If we can have about ten days left when we get near Taiyi Sect, that would be ideal. We would have enough time for local countermeasures."

Yang Chen knew what these two were worried about.

Indeed, traveling would take a considerable amount of time. Even for the Unbounded Ancestors, traveling to the Taiyi Sect would take time.

However, Yang Chen smiled calmly, "Elders, don't worry. There is a way..."

The two Unbounded Ancestors exchanged glances, wondering what Yang Chen's solution was.

Yang Chen assured the two Ancestors to prepare, and only needed to leave about ten days for actual preparation.

Upon hearing this, the two Unbounded Ancestors eased up, after all, this was Yang Chen's matter; if he's not worried, they shouldn't be either.

After carefully preparing everything they needed, the two Unbounded Ancestors entered full battle-ready status.

Afterward, they left with Yang Chen.

Yang Chen's confidence in his ability to reach Taiyi Sect quickly was due to his Spacetime Dao Intent.

With his current cultivation level, using Spacetime Dao Intent to perform Instantaneous Movement with two Boundless Stage Experts was an easy task. As long as these two Boundless Stage Experts did not resist, the energy consumption for him would not be severe.

Perhaps these two Boundless Stage Experts might be faster than his Spacetime Dao Intent in short bursts, but for long movements, they fell far short in comparison to Spacetime Dao Intent.

With his Spacetime Dao Intent, their traveling speed instantly improved by a tier, making the two Unbounded Ancestors finally understand Yang Chen's source of confidence.

...

Time went by quickly.

The scene shifted to the Taiyi Sect!

In recent days, the Taiyi Sect had been in an extremely tense state.

Not long ago, when Li Chongxiao returned and attained the Boundaryless Stage, becoming the third Boundaryless Expert of the Taiyi Sect, the disciples were overjoyed and extremely happy.

With three Boundaryless Experts, it symbolized that the Taiyi Sect had solidified its position as the ruler of the Twelve States, and its status was only stronger than before.

The Tai Yi sect had already advertised the news, scaring many other sects. The existence of the three Boundaryless experts of the Tai Yi sect was a bad omen for all other sects.

Even the news of Sun Zu's visit to the Taiyi Sect had been heard by people from other sects.

Many experts already knew that Sun Zu had entered the Taiyi Sect and never returned. For a while, there was a sense of unease and fear among the sects, afraid that they might become the second Sun Zu by accident!

However, none of the disciples knew what had happened, and they should have been happy about the presence of the three great Boundaryless Experts. But the upper echelon issued tasks, meticulously preparing various Formations, wrapping the entire Taiyi Sect tightly, and leaving no gaps.

Various formations and prohibitions were established around, as if preparing to face a powerful enemy.

At this moment, Li Chongxiao was standing on the central tower of Taiyi Sect, his eyes gazing into the distance, deep and timeless, seemingly capable of seeing through many things.

Behind him stood the other two Boundless Stage Experts.

Situ Zhenan and Ling Dongsheng.

In the past, Situ Zhenan and Ling Dongsheng were the supreme rulers of the Taiyi Sect, unrivaled by anyone. But now, both of them looked at Li Chongxiao with a hint of fear in their eyes.

After a long silence, Li Chongxiao finally asked, "Zhenan, do you think this Yang Chen will come?"

"Don't worry, this Yang Chen is very loyal. If we have Sun Yao in our hands, he will definitely come," Li Chongxiao said with full confidence and a smile on his face.

Ling Dongsheng couldn't help frowning, "Why do we have to go this far, Chong Xiao? Our Taiyi Sect doesn't need a life-and-death struggle with the Xuandao Sect. Even if Yang Chen has unparalleled talent, he can't threaten the interests of the Taiyi Sect. Why must we be so ruthless? Isn't this self-destructive and damaging to the human race?"

Li Chongxiao sneered, "You guys don't understand a thing. Yang Chen is currently at the Great Ascension stage, but he'll reach the Boundaryless stage soon. Would you still be a match for him when he reaches Boundaryless in the Southern Realm? At that time, he could easily wipe out the Taiyi Sect with his bare hands. You still want to be rulers of this territory? No chance."

"But I have met this kid Yang Chen, and he is not the type to seek fame and fortune. Besides, his future is in the Southern Realm, so it has nothing to do with our interests anyway," said Situ Zhenan.

Li Chongxiao's expression darkened as he heard the two still contradicted his views until now. His chilling aura suddenly spread.

"What? Are you two thinking of backing out now?" Li Chongxiao said coldly.

Situ Zhenan and Ling Dongsheng couldn't help but shudder.

Li Chongxiao twisted his neck, "Since you two are hesitating, I'll just tell you the truth. Yes, I have personal grudges with Yang Chen. If we don't deal with him now, he will definitely take revenge on me and the Taiyi Sect in the future. You two won't have a good life either!"

Li Chongxiao's words were filled with coldness.

Situ Zhenan and Ling Dongsheng looked solemn, but they dared not say anything. In the past, Li Chongxiao would not have dared to speak to them like this, but after going to the Southern Realm and reaching the Boundaryless Stage, he seemed like a completely different person.

Li Chongxiao sneered, "Once he reaches the Boundaryless Stage, his strength will be no less than mine. You two should know how powerful I am."

Situ Zhenan and Ling Dongsheng swallowed hard.

Indeed, that was the reason they dared not speak against Li Chongxiao.

Upon Li Chongxiao's return, he first showed Situ Zhenan and Ling Dongsheng a taste of his power. After his trip to the Southern Realm, he could even fight both of them at the same time and defeat them utterly.

This forced the two of them to bow down to Li Chongxiao and act as his underlings!

"Be obedient, and as long as we kill Yang Chen, this land is ours. Just listen to me, and no one else will have a say on anything you'd want," Li Chongxiao said arrogantly.

Chapter 2846 I'll Deal with Him_1

Ling Dongsheng and Situ Zhenan both found it somewhat difficult.

After all, they had watched Yang Chen grow up, and even though he was not a member of the Taiyi Sect, they clearly understood his character.

To make matters worse, Sun Zu's situation made them uncomfortable with going through with their task.

"What, are you not willing?" Li Chongxiao said viciously.

"Yes, yes!"

With no other options, Ling Dongsheng and Situ Zhenan reluctantly agreed under the pressure. They never expected that Li Chongxiao's visit to the Southern Realm would give him such great capabilities.

"One month's time is almost up, and this kid still hasn't shown up." Li Chongxiao's mouth curled up as he saw the two men did not dare to defy him.

However, he quickly became puzzled.

The time of the one-month period was getting closer and closer.

Sun Zu was completely trapped by Li Chongxiao's layers of restrictions and was in a sealed and unconscious state.

If Yang Chen didn't come, Li Chongxiao was prepared to kill Sun Zu under the circumstances!

Time passed, and the appointed one-month deadline drew nearer and nearer.

Twenty-seven days.

Twenty-eight days.

Twenty-nine days...

But Yang Chen still hadn't arrived!

This made Li Chongxiao anxious. If Yang Chen did not come and instead returned to the Southern Realm to report the matter to the Spirit King, his only chance to kill Yang Chen would be lost.

What he feared was not fighting Yang Chen, but Yang Chen not fighting him.

"Is this kid really so ungrateful?" Li Chongxiao twisted his neck.

Just as he was getting angry, someone came up to him from below.

Li Chongxiao looked sideways and saw it was the Undying Heavenly Venerate.

As a strong expert during the Great Ascension Stage, the Undying Heavenly Venerate was the first to offer an olive branch to Li Chongxiao when he returned, acting as a loyal dog to him, so Li Chongxiao regarded him as indispensable.

Seeing the Undying Heavenly Venerate come to him, Li Chongxiao asked, "What's the matter?"

"Chongxiao Tiansun, something is wrong." The Undying Heavenly Venerate hesitated for a moment before speaking.

"What's going on?" Li Chongxiao asked, puzzled.

"The formation we set up is supposed to have one layer upon another, supposedly providing a multi-layered defense with forty-nine Arrays and one thousand two hundred and eighty prohibitions. But when I just went to check, there were only thirteen Arrays left, and the prohibitions were down to just over a hundred..." The Undying Heavenly Venerate said with surprise, "I asked the people under me, but none of them know what happened. No one has tampered with the formations or anything like that."

"What!"

Li Chongxiao's face tightened, his expression becoming grave.

This formation was the key to trapping Yang Chen and guaranteeing he had no way out. But now, the prohibitive formation had lost more than half of its strength, so how could he not be surprised?

The more he thought about it, the more outrageous it seemed. His own people would certainly not risk their lives trying to mess with the formation.

"Something is wrong. Yang Chen hasn't shown up for a month now, which is strange in itself, but could it be..."

Li Chongxiao's heart suddenly shuddered, and he immediately went outside.

Upon his exit, Situ Zhenan and Ling Dongsheng followed closely behind, not daring to hesitate.

Now outside, Li Chongxiao's gaze wavered, and his soul emanated outward as he spitefully said, "Yang Chen, you damned person, dare to dismantle the Array of my Taiyi Sect here."

His single utterance was as deafening as thunder, the sound rolling and spreading throughout the Taiyi Sect.

Li Chongxiao was furious beyond measure, as he had never anticipated that Yang Chen could hide within his very own sect and dismantle the defensive arrays and restrictions in secret.

Upon seeing Li Chongxiao finally discovering him, Yang Chen led a large group of Earth Fiend Clan members into the high altitude.

"Li Chongxiao, you set up so many Arrays only to seek my life. How come you don't even allow me to dismantle them?" Yang Chen said sarcastically.

Angered, Li Chongxiao coldly took stock of the people behind Yang Chen but quickly regained his composure.

"So that's it. I was wondering how you dared to come, Yang Chen. You've betrayed the human race and colluded with the Earth Fiend Clan. Now you've come to my Taiyi Sect, intending to join forces with foreign races to fight against us?" Li Chongxiao roared.

Yang Chen sneered, knowing that Li Chongxiao would play this card.

"Li Chongxiao, why bother uttering such shameless nonsense? Back when you pushed me into a corner, and now you invite me for a Hongmen banquet, you should know exactly what you're up to. If you want to fight, why bother with so much hypocritical talk!" Yang Chen said.

Yang Chen couldn't bring himself to say such disgusting, hypocritical nonsense.

However, for Li Chongxiao, these things were said with great righteousness.

"Very well, Yang Chen, your betrayal is beyond question, and still, you dare to put up this stubborn front. Since you wish so, I will act on behalf of Heaven and take your life."

As Li Chongxiao finished speaking, he struck a palm towards Yang Chen.

Elder Tianqiu and Elder Dinghe, who were standing nearby, were no pushovers either.

Both of them launched a palm strike, each filled with an incredibly powerful Power of Laws that collided with Li Chongxiao's palm force.

The collision of the three palms was ferocious, creating massive shockwaves that spread outwards, causing the entire Taiyi Sect to become unstable.

Seeing this, Yang Chen narrowed his eyes.

Li Chongxiao's power was so strong that his Law-driven palm force could clash with the combined power of Elder Tianqiu and Elder Dinghe's Law-driven palms without suffering any disadvantage.

On the contrary, he still held the upper hand!

"What!"

Elder Dinghe and Elder Tianqiu realized this as well, with the force of their combined palms neutralized by Li Chongxiao's single palm force.

However, Li Chongxiao's strength came from one person, while theirs came from two.

Li Chongxiao let out a triumphant sneer, saying: "Yang Chen, you've colluded with foreign races and defied Heaven's will. Do you really think you can defeat me?"

Yang Chen scoffed. "This man is really shameless," Elder Tianqiu commented coldly, "But his strength is indeed formidable, Yang Chen, my friend, things have changed. This man has great strength, and combined with the two Unbounded Ancestors behind him, it won't be easy for us to deal with."

Yang Chen knew that these two Boundless Stage Ancestors were not reliable and that they were shifting their position upon seeing how formidable Li Chongxiao was. They had already begun to waver.

It was useless to rely on them, so Yang Chen decided to take matters into his own hands, saying, "Elders, leave Li Chongxiao to me. You two just need to keep the other two Boundless Stage experts at bay."

Hearing Yang Chen's audacious plan against Li Chongxiao, who had caused them some losses earlier, everyone considered Yang Chen to be courting death.

Yet, should Yang Chen truly die, they could simply abandon the situation and leave, as long as they got the spoils.

"Yang Chen, you really don't know how high Heaven is or how thick the earth is. What do you have to fight me with? But since you want to, then I'll grant your wish!" Li Chongxiao laughed wildly.

Chapter 2847: The Great War with Li Chongxiao_1

Li Chongxiao had always dreamed of killing Yang Chen. Now that he saw Yang Chen daring to come and cause trouble for him, he couldn't help but laugh. He immediately sent a palm strike towards Yang Chen.

Both Ancestor Tian Qiu and Ancestor Ding He did not think that Yang Chen could withstand Li Chongxiao's attack.

They subconsciously wanted to help, but considering that Yang Chen had stepped forward on his own, they deemed it not their business. They pretended to lead their Great Path Stage followers and numerous Nirvana Stage juniors, engaging in a fierce battle with the Taiyi Sect's two Boundaryless Powerhouses.

In their hearts, Ling Dongsheng and Situ Zhenan did not want to follow Li Chongxiao's orders and fight Yang Chen to the death. Now that Ancestor Tian Qiu and Ancestor Ding He only pretended to help, they did not bring out their true abilities.

Li Chongxiao, on the other hand, used his true powers. With one palm strike, space trembled and numerous rifts appeared, causing turbulence that was difficult to calm.

The Spirit Realm was not like the Southern Realm. In the Spirit Realm, various spatial areas had not been reinforced by top powerhouses.

Even a Nirvana Stage powerhouse's attack could cause mountains and rivers to shake, destroying large swathes of land in an instant with ease.

Not to mention when a Boundless Stage powerhouse attacked.

Had it not been for the Taiyi Sect's protection, the Sect might have already been destroyed by Li Chongxiao's attack.

However, now that the Array Formations were protecting the sect, they could no longer be used to trap Yang Chen.

Facing Li Chongxiao's attack, Yang Chen easily dodged it with a spatial flash.

Seeing this, Li Chongxiao's expression was filled with Raging Fire, and he coldly said, "Yang Chen, at first I thought it was fake, but it turns out you really do have Spatial Dao Intent. Hmph, no wonder you dared to come here."

Yang Chen smirked, "Li Chongxiao, you set up layers of Array Formations earlier, merely wanting to use their effects to trap me. But you never expected that I would break them one by one. Now, if you want to kill me again, it's impossible."

Li Chongxiao's veins bulged, but he could not deny Yang Chen's words.

However, after thinking about it, he cruelly laughed, "Yang Chen, don't be too cocky too soon. If you leave, your Ancestor Su will die. You better be prepared, in case you make a mistake, and your Ancestor Su is gone. You should know that back then, he took good care of you for your sake."

Yang Chen had to admit, his opponent's words had struck a nerve!

If he left, Ancestor Su would die.

He had to deal with Li Chongxiao today.

Seeing that Ancestor Tian Qiu and Ancestor Ding He had no real intention of helping, merely appearing to do so, Yang Chen felt a headache coming.

Nonetheless, he knew he could not rely on these two Earth Slaughter Clan Elders, even if he paid them.

If he wanted to save Ancestor Su, he had to rely on himself.

It seemed that he had no choice but to confront Li Chongxiao and determine a winner.

Yang Chen made up his mind, and with an intimidating coldness, he said, "Li Chongxiao, I won't leave today. Do you think you can do anything to me?"

"Hahaha, Yang Chen, if you don't leave, watch me take your life."

Li Chongxiao immediately sent another palm strike.

The Power of the Laws surged, showing just how much Li Chongxiao had changed after his trip to the Southern Realm.

The enhancement of his Power of Laws far exceeded that of ordinary Spirit Realm Borderless Cultivators. It was not an exaggeration to say that he was the current top human powerhouse, replacing the previous Situ Zhenan and Ling Dongsheng.

Yang Chen no longer dodged this time but instead focused completely on striking out his Dao Intent Inscription.

"Deathly Silent Black Wind!"

He instantly unleashed six strands of Deathly Silent Black Wind, which collided with the palm strike.

The space was disrupted, and the shattered fragments were hardly recognizable.

Both Yang Chen and Li Chongxiao stood motionless amidst the turbulent spatial chaos, enduring the power that erupted from it.

Both of them had calm expressions.

However, Li Chongxiao soon felt a jolt in his heart.

His palm strike failed to immediately destroy Yang Chen's six Deathly Silent Black Winds, and it was only after a while of clashing that he barely managed to force them back.

At the same time, the power of his palm attack had also been greatly reduced, and the lingering Power of Laws in the air had to be taken back by him.

"Very good, Yang Chen, you're more capable than I thought. I underestimated you." Li Chongxiao cracked his neck as he realized that Yang Chen was actually able to go head-to-head with him.

Now, Yang Chen had also made his judgment. Li Chongxiao's strength should be similar to that of the Soul Demon Ghost Lord he had fought before.

No, it should be even stronger than the Soul Demon Ghost Lord.

When he had fought the Soul Demon Ghost Lord, he had been slightly at a disadvantage, but now, his battle with Li Chongxiao was extremely difficult.

Yang Chen's expression was grave as he knew he had to use some of the results he had acquired from his bitter training during this time.

"Have a taste of my palm!" Without saying another word, Li Chongxiao attack again.

Unlike the previous one, this palm strike was accompanied by a large amount of flames. The flames were so dazzling that they seemed like a red sun placed right in front of him, causing everything around to seem as if it had been frozen in time.

Upon seeing this, Yang Chen's expression turned serious and he immediately used his Dao Intent Inscription to protect his body.

"Is this the Fire Law?" Yang Chen only felt as if his body was about to melt.

This palm strike was even more powerful than the previous one. It was like facing a scorching sun, which illustrated the terrifying power!

“Deathly Silent Black Wind!”

Yang Chen once again controlled the six Deathly Silent Black Winds to attack, but in the blink of an eye, they were about to be burned into nothingness.

This forced Yang Chen to retract the six Deathly Silent Black Winds, squint his eyes, and wave his sleeves. He controlled more than a dozen Deathly Silent Black Winds to kill again.

The dozen or so Deathly Silent Black Winds overlapped and collided with the palm strike.

This time, he barely managed to resist the attack, but it was still clearly insufficient!

Even so, it was still a shocking event, and Ancestor Tian Qiu, and Ancestor Ding He watched in amazement.

Yang Chen, who was just a Great Path Stage, was actually able to fight against Li Chongxiao like this.

Li Chongxiao had thought that killing Yang Chen would be a piece of cake, but now he found that Yang Chen’s skills were on par with his, which also ignited his fury.

“Very well, since you can withstand one of my palm strikes, taste another.” Li Chongxiao sneered.

He struck another palm, tearing through space, incinerating everything into nothingness.

It still contained endless Fire Law, just like a mobile red sun!

Seeing this, Yang Chen felt his scalp tingle. Li Chongxiao really wanted to kill him badly.

With no other choice, Yang could only summon his Calamity Divine Body.

“Come forth!”

The Calamity Divine Body separated, and more than a dozen Deathly Silent Black Winds were unleashed to attack once more.

Chapter 2848 Recitation of the Death Omen Scripture_1

As the Tribulation Divine Body emerged, it represented that Yang Chen had shown his true abilities.

He had managed to force Yang Chen’s limit by releasing more than twenty Deathly Silent Black Winds in one breath. But it was evident that compared to the prowess of a Boundaryless-level Master, the Deathly Silent Black Wind was still slightly inferior.

After two palm strikes, his Deathly Silent Black Wind was only able to delay Li Chongxiao slightly, but couldn’t truly contend with him.

"Li Chongxiao’s talent is indeed undeniable. After a trip to the Southern Realm, he has made such tremendous progress and improvement, truly remarkable," Yang Chen mumbled to himself.

It was time to try new tactics.

Yang Chen observed the situation from the rear with his eyes.

Li Chongxiao now had a smirk on his face.

At first, he was a bit anxious to kill Yang Chen, but now, it seemed unnecessary. Wouldn’t it be more fitting to slowly play Yang Chen to death?

Yang Chen’s tactics were indeed good, but they were still a bit weaker under his powerful attack! There was a substantial gap when compared with himself.

Under the power of his law, the other party would surely perish.

"Tribulation Divine Body, haha, you really have an extraordinary talent. But too bad, today you will die here. Do you really think you can contend with a Boundaryless-level powerhouse by relying on such side skills?"

When the conversation ended, Li Chongxiao struck with another palm.

Seeing the surging offensive of the opponent, relentlessly wave after wave, an endless fighting spirit burned in Yang Chen's eyes.

However, this fighting spirit gradually turned into calmness.

Yang Chen was well aware that there was still a considerable gap between him and the Boundaryless powerhouses in a head-to-head confrontation. The power of laws was quite overbearing, so he couldn't resist them head-on. He had to take a different approach.

With this in mind, Yang Chen suddenly flashed, directing the Tribulation Divine Body to start dragging from the side.

The Tribulation Divine Body controlled numerous Deathly Silent Black Winds, fighting with Li Chongxiao's techniques.

Yang Chen, on the other hand, vanished in a flicker with his Space-Time Dao Intent.

Seeing Yang Chen's main body gone, Li Chongxiao narrowed his eyes briefly, but quickly regained his composure.

He didn't fear Yang Chen escaping. If Yang Chen ran away, he would kill Sun Zu! Yang Chen had to come back sooner or later, and all he had to do was watch: what kind of actions would Yang Chen take when he was on the verge of death?

He would slowly savor the experience, then watch everything like watching a clown...

"Relying on the Tribulation Divine Body to delay me? You're courting death!" Li Chongxiao sneered sarcastically, immediately starting to crush the Tribulation Divine Body.

The human territories in the Spirit Realm were not large, equivalent to a Sacred District in the Southern Realm.

As a result, the battles here were quickly sensed by Boundless Stage Experts and Mahayana Stage Experts from other places.

These human experts of the Mahayana and Boundaryless stages knew what was happening. Not long ago, they had heard that Sun Zu had been captured and that Li Chongxiao planned to kill Yang Chen.

Now, the battle had already begun.

Li Chongxiao was about to make his move on Yang Chen.

"It's over, everything is over."

"Li Chongxiao's return to the Spirit Realm will probably reshuffle the situation in the human realm."

"Now, the Taiyi Sect has three Boundaryless-stage experts, where can we survive? They're targeting Sun Zu first, won't we be next?"

The people from various factions were in a panic, and they felt somber for Yang Chen.

Little did they know that Yang Chen had already detached himself from the front line and used the Tribulation Divine Body to buy himself a little more time.

He didn't go far, instead, he sat cross-legged in a high-altitude position outside the Taiyi Sect, without even bothering to conceal his location.

"This place should do, the timing should be about right."

Yang Chen whispered: "There's no time to think, just recite it now."

What he was about to do was recite his newly mastered technique.

The Death Omen Scripture!

By reciting the Death Omen Scripture, the power of the Death Path Intent could be fully unleashed, targeting powerful enemies with its unique power. This power, non-law in nature, possessed terrifying capabilities beyond those of the rule power.

He had just learned it recently, and now he wasn't sure if he could control it successfully.

In an instant, Yang Chen began reciting the scripture with an unfamiliar, dreamy voice from his throat.

When it was recited, the singing lingered, as if in a dreamland, as if in the Heavenly Kingdom.

When the Death Omen Scripture began to be recited, Li Chongxiao rapidly searched for Yang Chen with lightning speed.

With his soul spread, he immediately determined Yang Chen's location.

"The kid is here."

Li Chongxiao sneered sarcastically, happy to see that Yang Chen hadn't gone far: "What kind of conspiracy is he plotting? All the same, it's useless in front of me."

Li Chongxiao was utterly confident in his own strength - or, rather, in the absolute gap between the Boundaryless-level and the Mahayana stage.

He went forth, like a death god coming for a soul.

Finally, he approached Yang Chen.

"What is this kid doing? Sitting still in one spot. Forget it, why should I bother thinking about it so much? Just take his life, that's enough." Li Chongxiao cracked his neck, laughing cruelly.

When the conversation ended, he didn't hesitate any further and swung a palm at Yang Chen.

However, at this critical moment, a voice suddenly gushed into his mind from nowhere.

From nowhere, it spread out abruptly, which made his heart shake, his pupils contract, and he was thoroughly shaken by this voice, his whole body trembling.

"What is this sound!"

It seemed to come from heaven, no, from hell.

This endless stream of voices seemed to burrow into his head nonstop, making it impossible for him to avoid them. The echoing sound in his mind made it difficult for him to make use of his rule power, and he only felt weak all over.

What's going on? What's going on?!

Li Chongxiao's head throbbed, and only then did he realize that he had fallen into a trap.

"Urgh... Yang Chen!" Li Chongxiao's eyes flared open.

Yang Chen sat cross-legged, his lips moving slightly, reciting the Death Omen Scripture. All kinds of tones came from his mouth and went straight into Li Chongxiao's mind.

Li Chongxiao's fury in front of him didn't disturb Yang Chen's recitation, but it made Yang Chen's expression tense up.

Li Chongxiao's strength was truly formidable. If the Death Omen Scripture was used against a powerful enemy, the best result would be to make the enemy's body explode and die with a single recitation.

The next best thing would be to trap the enemy, rendering them immobile and numb all over.

But now, under his barrage of the Death Omen Scriptures, Li Chongxiao could still maintain a law protection and a clear mind.

Yang Chen did not dare to relax his vigilance, and as he couldn't suppress Li Chongxiao in one go, he continued reciting the scripture.

He recited the various formulas of the Death Omen Scripture, engaging in a tug-of-war with Li Chongxiao.

Li Chongxiao held on, while Yang Chen continued to chant.

It was hard to tell who was winning in this standoff!

Chapter 2849: Earth-shattering Dragon's Roar_1

Having fallen into such a deadlock, Yang Chen's frowned deepened, and he grew increasingly anxious.

If this continued, he still wouldn't be able to restrain Li Chongxiao even after reciting the Death Omen Scripture completely. This was completely different from what he had planned earlier.

His plan was to kill Li Chongxiao, and it was necessary to restrain him.

Yang Chen's scalp tingled as he recited the Death Omen Scripture, sweat dripping from his forehead. He was already visibly tense.

As he was anxious, Li Chongxiao's heart was also filled with shock.

As a Boundless Stage Expert, he was now being firmly restrained by Yang Chen's technique, unable to move even an inch. How could he not be surprised?

He didn't dare to relax in the slightest, for he understood that once he did, Yang Chen's mysterious sound would seize the opportunity to infiltrate him, making it difficult for him to defend.

Both sides were now engaged in a mental battle, neither daring to take the situation lightly.

Compared to Li Chongxiao, Yang Chen was even more serious.

"Yang Chen, your technique seems to be getting weaker," Li Chongxiao sneered.

Yang Chen's expression was cold, and indeed, the effect of his Death Omen Scripture was getting weaker. Seeing this, he couldn't help but use the tactic he had planned in advance.

"Evil qi, go!"

Although he hadn't completely refined the source of evil qi, he had absorbed all of the evil qi previously stored in his body. Now, his evil qi technique was even more terrifying and powerful than before.

As it struck out, it was like a sudden gloomy day had descended, a black mass enveloped the entire sky.

The several Unbounded Ancestors who were fighting were dumbstruck, not knowing what was going on with Yang Chen's battle.

Yang Chen unleashed the evil qi completely and covered Li Chongxiao on the spot.

His original plan was to use the Death Omen Scripture to confuse Li Chongxiao's mind, then use the evil qi to attack his consciousness, and finally control his body to destroy him.

But plans never catch up with changes, and the Death Omen Scripture's effect obviously couldn't suppress Li Chongxiao. Moreover, the effect of the Death Omen Scripture grew weaker and weaker, so he had to unleash the evil qi.

As the two fought, the evil qi was pulled out as an unplanned tactic. Now, it was impossible to attack Li Chongxiao's body with the evil qi as he had planned before.

Just as he had thought.

Li Chongxiao, facing the heavy onslaught of evil qi, suddenly found it difficult to approach him as the evil qi dispersed at the periphery.

"Evil qi... Kid, you really have a lot of tricks up your sleeve," Li Chongxiao gritted his teeth, his veins bulging as he became more serious and vigilant.

Each of Yang Chen's moves posed a threat to him.

Yang Chen remained silent, using the evil qi in combination with the Death Omen Scripture to forcefully suppress Li Chongxiao.

Li Chongxiao understood Yang Chen's purpose and roared fiercely. His body suddenly shed a shell, revealing a Daoist Divine Body.

This made Yang Chen squint his eyes. Li Chongxiao was really hiding his true strength, having cultivated a Daoist Divine Body while practicing in the Spirit Realm.

With the Daoist Divine Body manifesting, Li Chongxiao planned to counterattack immediately.

“Kid, you should be proud that you’ve forced me to reveal my Daoist Divine Body,” Li Chongxiao said angrily.

Together, they refused to believe that they couldn’t suppress Yang Chen.

Indeed, separating the Daoist Divine Body relieved a lot of pressure on Li Chongxiao, but as he prepared to move forcibly, he found that he still couldn’t budge.

“What’s going on?!”

Domains formed by earth Dao Intent spread out around them, enveloping everything in their vicinity.

Yang Chen was using the Domain of Earth.

At that moment, Yang Chen was also anxious.

In the current situation, as soon as one of them couldn’t hold on, they would be finished.

When Li Chongxiao separated his Daoist Divine Body, Yang Chen knew that something was wrong and immediately used his Domain of Earth.

This Domain of Earth was originally prepared to defend against Li Chongxiao’s Daoist Divine Body, and it worked well now.

The triple restraints barely suppressed Li Chongxiao and his Daoist Divine Body for the time being. Yang Chen was somewhat at his wit’s end.

“Young Master, I’m afraid your technique won’t restrain Li Chongxiao. What should we do?” From inside the Demon God Tower, Golden Claw asked with concern. As he was familiar with Yang Chen, he could tell that Yang Chen was running out of tricks.

Yang Chen said, “It’s a bit difficult. If I can restrain Li Chongxiao, I have a chance to defeat him.”

“If that’s the case, Young Master, let me give it a try,” Golden Claw suggested.

“You?” Yang Chen asked, surprised.

It wasn’t that he didn’t trust Golden Claw, but with Golden Claw’s current cultivation level yet to enter the Great Stage, any help would be negligible.

However, Golden Claw confidently said, “Young Master, don’t underestimate me. As for my Dragon Might, I may not be able to do anything against Li Chongxiao at his peak, but at his current state, my Dragon Might might not be ineffective.”

“I see. Alright, give it a try, but don’t be too reckless. Li Chongxiao is full of tricks,” Yang Chen warned.

Golden Claw knew very well about these things. In recent years, he had learned a lot when he was alone outside.

After discussing with Yang Chen, Golden Claw suddenly flew out from the Demon God Tower.

The huge body of the Golden Dragon stared down at Li Chongxiao from above the vault of heaven.

“Five-clawed Golden Dragon,” Li Chongxiao’s pupils shrank. “Is it the friend Yang Chen met in the Dragon Clan before? Right, Yang Chen went to the Heaven Lord Pavilion, so it makes sense for them to meet. The bloodline of the Five-clawed Golden Dragon is noble, but a mere Nirvana Stage Five-clawed Golden Dragon poses no threat.”

Thinking this, the next moment, a huge dragon roar resounded, echoing and falling like a rain...

The dragon roar reverberated, as though it could tear through everything. The previously unconcerned Li Chongxiao suddenly felt shaken.

“Not good!”

At this state, he could only take the brunt of the roar, feeling his whole body become weak as his strength was completely consumed by the roar.

Li Chongxiao knew that things were really bad now.

In this condition, once the evil qi invaded, he would have no chance of turning things around.

“Aah!” Li Chongxiao, in desperation, knew that it was impossible to be defeated by Golden Claw’s roar. Suddenly, he got up and unleashed all his strength, dissolving Golden Claw’s roar.

Golden Claw never expected Li Chongxiao to suddenly turn the tide in a desperate situation, breaking his roar and causing him to retreat in counter-shock. His scalp tingled, and he immediately apologized.

“Young Master, I, I failed. I’m sorry!”

“It’s alright, Golden Claw. You’ve done very well. Don’t worry. I didn’t really believe you could achieve this before, but now that we’ve pushed Li Chongxiao this far, my previous plan can be carried out perfectly!” Yang Chen’s mouth curved into a confident smile.

In this battle, he was sure to win!

Chapter 2850 Slaying the Mighty Enemy_1

It could be said that the situation just now was all set, just lacking a roar.

And Jinzhao’s dragon’s roar perfectly fulfilled Yang Chen’s needs.

However, Li Chongxiao didn't think so. With his nearly exhausted state now, he laughed in cold sweat, "Hahaha, Yang Chen, I can't believe you could push me to this extent. But what a pity, I still won. What else do you have now?"

"Li Chongxiao, in your current state, do you really think you can still win?" Yang Chen said.

Li Chongxiao's body shuddered, but he soon sneered, "Yang Chen, it's not bad to be able to push me to this point. It's just that you can only do so much. As it is now, I may be weak, but what else do you have?"

In Li Chongxiao's eyes, Yang Chen no longer had any means to trouble him.

But Yang Chen just smiled with his hands behind his back and flipped his wrist lightly, flinging his sleeves!

A small Ice-Fire Phoenix suddenly erupted from his sleeve.

As the phoenix cried softly, the ice and fire merged and spread towards Li Chongxiao.

Li Chongxiao's eyes went blank, and the ten thousand-strong thought that Yang Chen had no means to trouble him crumbled instantly.

That's because the power of the law and the rules exhaled by the Ice-Fire Sky Phoenix.

Moreover, the power of these rules was even more substantial. Although it was as weak as him, it was above him, leaving him no means to resist it.

"No, don't!"

Li Chongxiao tried to resist, but there was nothing he could do.

A large amount of ice and fire pressed down on the spot, burning Li Chongxiao's body to the point of decay and disintegration.

And the power of the ice froze Li Chongxiao on the spot.

"Leave some gaps for my wicked energy to go in." Yang Chen instructed.

"I understand." The Ice-Fire Sky Phoenix cried out, and deliberately left some space for Yang Chen while freezing Li Chongxiao.

Yang Chen manipulated the evil energy, followed the freezing, and entered Li Chongxiao's body.

Seeing that it was over, the Ice-Fire Phoenix re-entered Yang Chen's body through his sleeve.

Yang Chen also let out a long sigh of relief.

Finally!

After an intense battle in which he had exhausted all his means, he barely managed to surpass Li Chongxiao by a hair's breadth.

"Unlock it!"

Yang Chen struck with his palm, shattering the ice block from the outside, and it crumbled layer by layer.

The wicked energy had already invaded Li Chongxiao's body, turning him into a demon-controlled by wicked energy as soon as he emerged from the ice.

He howled and dodged wildly, but he had already become a fish in Yang Chen's barrel.

The fall of such an outstanding genius was perhaps a matter of hateful people.

Looking at Li Chongxiao now, Yang Chen took the Slaughter God Spear out of his Storage Bag.

“Slaughter God Spear!”

“Yes!”

Now the Slaughter God Spear, harbored angry hatred, harbored its former owner, Mu Gufeng’s persistence, stared at Li Chongxiao, and all enmity would end here.

The only unfortunate thing was that he couldn’t intervene in the battle just now.

There was no other way, as it hadn’t yet fused into the Emperor Divine Tool and couldn’t cultivate the Mysterious Wandering Spear Canon!

“It’s over!” The Slaughter God Spear erupted with all its power, and Yang Chen’s Dao Intent inscriptions penetrated through it.

This spear unleashed a terrifying force that directly tore space into two halves, splitting Li Chongxiao’s body in two!

A top Boundless Stage expert perished just like that.

The Slaughter God Spear fell silent for a long time, and suddenly sensed something.

“Young Master...I, I!” The Slaughter God Spear was suddenly overjoyed.

“What’s the matter?” Yang Chen looked puzzled.

"I feel like something's wrong with me, I'm going back to rest for a while." Slaughter God Spear pondered for a moment, threw down this enigmatic word, and returned to Yang Chen's Storage Bag.

Yang Chen was extremely surprised and assumed that the Slaughter God Spear was just upset after having dealt with Li Chongxiao and his resentment had dissolved, so he didn't think much of it.

Now that Li Chongxiao's corpse was in front of him, Yang Chen grabbed it and returned to Taiyi Sect.

The current battle at Taiyi Sect was basically just a show, at least Situ Zhennan and Ling Dongsheng, as well as the four people including Elder Tianqiu, were just putting on a show.

At first, both sides were surprised to see each other's intentions and then simply unmentioned it, and each fought their own opponents.

Their thoughts were more focused on the battle between Yang Chen and Li Chongxiao.

It's just a pity that the astonishing wicked energy had enveloped everything, making it impossible for them to realize what the battle between Yang Chen and Li Chongxiao must have looked like.

The sky was now filled with lightning and thunderous roar, Yang Chen, and Li Chongxiao's fight had affected the rules, causing changes in the sky, day and night.

In the midst of this heavy darkness, a figure suddenly appeared.

Who is it!

Both the Earth Fiend Clan and Taiyi Sect now had the same thoughts.

No matter who appeared, the situation would change.

However, the appearance of this person was obviously more shocking than they had imagined.

At least for Elder Tianqiu and Elder Dinghe, who were already planning to flee, it was true.

This figure was Yang Chen!

Shocking!

All four Boundless Stage experts went silent, even forgetting about the battle and their opponents.

Yang Chen held Li Chongxiao's corpse and returned to Taiyi Sect: "Elder Situ, Elder Ling, I respect both of you and know that you are here as enemies today because of Li Chongxiao. I don't blame you two. Now that Li Chongxiao is dead, you can make new choices. If you two are really determined to oppose me, don't blame me for being ruthless."

"But if you were just forced by Li Chongxiao, give up resistance, release Sun Zu, and I won't make things difficult for you two."

Ling Dongsheng and Situ Zhennan saw Yang Chen holding Li Chongxiao's corpse and their hearts jumped.

They two joined forces were no match for Li Chongxiao, and even thought he was invincible in the Spirit Realm. And now Yang Chen had managed to kill him?

How dare they oppose Yang Chen anymore? Moreover, they had never intended to go against Yang Chen. Now they directly said, "Yang Chen, we didn't want to go against you intentionally, it was all because of Li Chongxiao's persecution. Now, we will release Brother Sun."

"The cause of Brother Sun, we didn't get involved."

Situ Zhennan and Ling Dongsheng explained, then immediately went to free the person.

Yang Chen waved his hand, and in front of Elder Tianqiu and Elder Dinghe, who were horrified, he said:
“You two elders should stop too.”

Elder Tianqiu and Elder Dinghe looked at Yang Chen without any of their previous casualness in their eyes.
