

## Supreme MK 3001

Chapter 3001 Hand Over Yang Chen\_1

"Yang Chen?"

Zhi Yang Heavenly Venerable and the others exchanged glances, they were really unaware of why Zhen Shan King was making such a fuss, seeking for Yang Chen.

Yang Chen had just returned a few days ago, and they didn't know much about it.

After careful consideration, Zhi Yang Heavenly Venerable still felt that it was unwise to offend Zhen Shan King, so he said in a straightforward manner: "Elder Zhen Shan King, you know about Yang Chen's situation. He had been missing for many years and has just recently returned. I don't think he would have offended Elder like you, right? Could you tell us what exactly happened?"

Upon hearing this, Zhen Shan King snorted coldly: "Fine, since you asked, I'll tell you what happened. I needed to slay an Azure Dragon as a material for refining a pill. Just when my two Supreme had almost retrieved the material, this Yang fellow dared to obstruct them!"

Zhi Yang Heavenly Venerable was taken aback, unsure of what happened, and said hesitantly: "Could there be some misunderstanding in this?"

"Misunderstanding? You hear them, what misunderstanding could there be?" Zhen Shan King said with a chilling tone.

Hearing Zhen Shan King, Tu Feng Heavenly Venerable and Han Fei Heavenly Venerable stood up one after another. The anger towards Yang Chen was burning in their hearts, and they naturally didn't mind making a big fuss out of small issues.

With Zhen Shan King here today, they believed they could retaliate against Yang Chen.

"Humph! We were just fetching materials for the ancestor normally when this Yang fellow interfered. It's fine that he interfered and hindered us from fetching the materials, but by delaying our ancestor's affairs, can you bear the responsibility?"

"Yes, it's so important for our ancestor to refine this batch of pills. This kid dared to interfere, what were his intentions? We clearly told him that the materials were needed by our ancestor, yet he even dared not to give face to our ancestor. What kind of manners is this? Has he stopped regarding our ancestor at all?" Han Fei Heavenly Venerable and Tu Feng Heavenly Venerable angrily opened their mouths, shouting exaggeratedly.

Listening to them, many Boundaryless Powerhouses started to speak up.

Many of them were discontented with Yang Chen because he refused to befriend them.

They were all reputable people, and naturally were disgruntled when Yang Chen refused them. Now, hearing about Yang Chen stirring up trouble outside, they were even more displeased.

"This Yang Chen, causing so much trouble just after returning. Even though he has entered the No Boundary Cultivation Level, he can't just keep causing trouble, can he?"

"Ah, youthful arrogance. It's normal for Yang Chen to become inflated after entering the No Boundary Cultivation Level at such a young age, but now he has provoked Elder Zhen Shan King. Who will clean up this mess for him?"

Zhi Yang Heavenly Venerable was also very dissatisfied with Yang Chen's actions. In the past few days, Yang Chen has been receiving too much attention and was even surpassing him.

Now, upon hearing about this incident, he raised his eyebrow and said: "Elder Zhen Shan King, Yang Chen is young and ignorant, and it is forgivable for him to do some things out of line, how do you intend to handle this?"

"How to handle it? This kid not giving me face is one thing, but this guy surnamed Yang injured two of my Supreme, how will this be accounted for?" Zhen Shan King said angrily.

"This..." Zhi Yang Heavenly Venerable said awkwardly: "Tu Feng Heavenly Venerable and Han Fei Heavenly Venerable, surely you two weren't defeated by Taoist Yang Chen."

Tu Feng Heavenly Venerable and Han Fei Heavenly Venerable's faces reddened, they gnashed their teeth and said angrily: "This Yang fellow dared to sneak attack us, we didn't guard against him and were injured by him. Otherwise, how could the two of us not be a match for him?"

Zhen Shan King waved his sleeve: "Alright, Zhi Yang Heavenly Venerable, I don't want to waste words with you juniors. Let King Jiu Yang come out and see me!"

"Elder Zhen Shan, as you know, our ancestor is currently in seclusion and it's inconvenient for him to meet you, what about this matter..." Zhi Yang Heavenly Venerable said continuously.

"Huh, you thought this matter would just end like that? Absolutely not. If King Jiu Yang does not come out, then hand over Yang Chen, or else, we shall see in the future." Zhen Shan King stated firmly.

Although Zhen Shan King just threatened him casually, it still startled Zhi Yang Heavenly Venerable.

After much vacillation, Zhi Yang Heavenly Venerable had already decided to hand over Yang Chen in his heart.

However, in front of everyone, he still made a hypocritical query: "Everyone, what do you think should be done about this matter?"

Elder Han, who had always been on good terms with Yang Chen, straightforwardly said, "Zhi Yang Heavenly Venerable, Yang Chen is young and has entered the No Boundary stage, his future is unlimited. If we just hand him over, wouldn't it hurt his feelings?"

"What's the big deal about hurting his feelings? Even if Yang Chen is excellent, we are now facing Zhen Shan King, can we afford to offend him?"

Elder Han clenched his teeth: "Regardless of how powerful Zhen Shan King is, he's just a King-class expert from the Extinction Sect. We have King Jiu Yang and King Zhou Feng in our Sacred Domain, why should we be afraid of them?"

"Can it be the same? If we really hurt the harmonious relationship between our two sects because of Yang Chen, I think it's not worth it."

"I also don't think it's worth it. Yang Chen's status in the Sacred Domain is actually ambiguous. It's better to just hand him over, there is nothing wrong with this on moral grounds!"

"Since most of you think it's better to hand over Yang Chen, let's do it this way!" After a brief consideration, Zhi Yang Heavenly Venerable didn't hesitate anymore, he chose to hand over Yang Chen.

He bowed slightly: "Elder Zhen Shan King, please wait a moment! We will call Yang Chen out immediately."

Upon hearing this, the anger on Zhen Shan King's face lessened and he nodded in satisfaction.

Meanwhile, Tu Feng Heavenly Venerable and Han Fei Heavenly Venerable evinced cold laughter. They didn't believe that they couldn't handle Yang Chen.

Today, they will settle the score with Yang Chen!

Yang Chen, using his Divine Soul, had observed everything happening outside clearly.

Seeing the Boundaryless Powerhouses compromise, Yang Chen shook his head in disappointment.

Soon, Zhi Yang Heavenly Venerable's transmission echoed in his mind.

"Yang Chen, Zhen Shan King is looking for you. You must have sensed it as well, come out and have a look." Zhi Yang Heavenly Venerable said slowly.

Yang Chen shook his head subtly, saying how casually he should just go out for a look. In reality, they planned to just hand him over.

Looking at these Boundaryless Powerhouses of the Sacred Domain, Yang Chen was extremely disappointed.

But he also understood that there was no room for sentiment in the path of cultivation, he stepped out the door.

So be it.

The matter with Tu Feng Heavenly Venerable and Han Fei Heavenly Venerable needed to be resolved anyway. The only difficulty is the interference of Zhen Shan King.

But it was just right, he also wanted to see how powerful these legendary King-class experts are!

Chapter 3002 Regaining Face\_1

Yang Chen strode out and, in the blink of an eye, had already arrived outside the Holy Domain.

Seeing Yang Chen arrive, the Boundless Stage Experts of the Holy Domain all frowned. Thinking of the troubles Yang Chen had brought to the Holy Domain, they all showed displeased expressions.

Supreme Yang Heavenly Venerate maintained a neither cold nor warm attitude. When he saw Yang Chen, he said slowly with his hands behind his back, "Yang Chen, there seems to be some misunderstandings between you and the Annihilation Sect. You can explain it to King Zhen Mountain yourself."

Yang Chen didn't pay attention to Supreme Yang Heavenly Venerate. By now, he had understood the attitudes and intentions of these Boundless Stage Experts, so there was no need to be courteous to them anymore.

Since he had decided to give himself up, what was the point in pretending?

Seeing Yang Chen disregard them, the Boundless Stage Experts from the Holy Domain showed their anger and resentment, secretly cursing Yang Chen for not knowing etiquette and daring to ignore them.

"Is he Yang Chen?" King Zhen Mountain was surprised to see how young Yang Chen looked, apparently not expecting him to be so young.

Even though he had heard it from Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate before, he didn't expect Yang Chen to be even younger than he had imagined.

When Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate saw Yang Chen appear, they were frightened and shrank back, feeling a natural fear, "It's him, King Zhen Mountain, you must stand up for us juniors."

King Zhen Mountain snorted coldly and scolded, "You two useless fools, just watch from the side!"

When the conversation ended, he looked directly at Yang Chen with the intention of questioning him, and shouted, "Yang Chen, do you acknowledge your guilt?"

Yang Chen stood with his hands behind his back, looking as calm as ever, even in the face of King Zhen Mountain, he still appeared calm and composed, "I'm curious about this matter myself. What guilt do I have?"

"What guilt do you have? Alright, you attacked and injured my two juniors, and you still say you're not guilty? During our joint resistance against the Netherworld, you dared to attack your fellow companions, and you still say you're not guilty!" King Zhen Mountain angrily said.

Yang Chen had seen enough of King Zhen Mountain's true colors. However, it was to be expected - people with such subordinates usually had such masters, and such things always had a reason behind them.

Tasting King Zhen Mountain's words again, Yang Chen sneered even more, "Let's not talk about the fact that I attacked them for now; from the very beginning, I stopped their attack on the Azure Dragon Clan. I did everything I could, but these two people were unreasonable. What fault do I have?"

He appeared indifferent now, even if King Zhen Mountain personally held him at fault, so what?

Seeing Yang Chen so calm, King Zhen Mountain's anger showed on his face, but he couldn't just oppress Yang Chen like this. He said harshly, "Fine, Yang Chen, you stopped the two of them and interfered with my alchemy. I want to see how you can prove yourself innocent. If you can't make this clear, don't blame me for not letting you off!"

Yang Chen said expressionlessly, "Let's start with the matter of me stopping the elders. Indeed, at the time, I did stop the two of them. Regarding the matter of the elders' alchemy, I said at the time that the elixir they needed would be given to them, and I would personally apologize. But these two people didn't seem to want to let it go and tried to avoid me taking action. So naturally, as a junior, I had no intention of not taking action."

"Kid, you dare to quibble. Do you know what I was refining..." King Zhen Mountain hadn't finished his sentence when his pupils suddenly shrank because he had sensed the Qi emanating from Yang Chen.

"An immortal-grade pill, right?" Yang Chen subtly revealed the unique Qi of an Immortal Grade Alchemist.

When this Qi was revealed, the onlookers around were all dumbfounded and extremely astonished.

Especially the people from the Holy Domain, none of them could have imagined that Yang Chen was actually an Immortal Grade Alchemist!

"Elder, do you still think I am incapable of this task now?" Yang Chen said expressionlessly, "At that time, I also showed this Qi to these two people, but they acted as if they knew nothing. Is this my fault as well?"

For a moment, King Zhen Mountain felt embarrassed about his face. Today, he came here with great fanfare, only to end up like this. How could he not feel ashamed?

The key was that Yang Chen's Immortal Grade Alchemist identity was undeniable.

King Zhen Mountain clenched his teeth, knowing that Earth Bee Heavenly Venerate must have exaggerated the matter in his words.

He would settle the score with these two after this matter, but now, the most important thing was Yang Chen. He couldn't just let it go.

Otherwise, where would his face be?

"Then the matter of you attacking my two juniors in secret, that can't be false." King Zhen Mountain shouted.

"Ambushing them? They are not worthy!" Yang Chen said sarcastically.

"So, if you didn't ambush them, are my two juniors not even your match?" King Zhen Mountain said coldly.

Other people from the Holy Domain were surprised and secretly wondered why Yang Chen was being so stubborn. Even if he was in the right, he shouldn't have attacked Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate. Attacking them in secret was clearly Yang Chen's wrong, no matter how you looked at it.

Yang Chen said expressionlessly, "I have never really fought against them. I just maintained my stance and protected the Azure Dragon Clan. As for who took the first shot, Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate should be much clearer than me. It's just that these two people are not as skilled as me. Not only did they lose to me in a confrontation, but they also almost got killed by me on the spot. However, I never thought that after I spared their lives, they would dare to turn around and accuse me falsely."

"Yang Chen, you slander us with blood in your mouth. At that time, you did ambush us. How dare you say that we two together are not your match? This is simply ridiculous!" Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate couldn't care less about saving face at this moment and snapped back.

Letting others know that they couldn't handle Yang Chen alone would leave them with no face to show.

It must be said that their words at this moment had an effect. Many experts from the Holy Domain felt that Yang Chen's actions were underhanded, and it was indeed somewhat unbelievable for him to single-handedly defeat two Boundless Stage Experts.

Yang Chen looked at the two shameless people, shrugged his shoulders, and decided not to waste any more words. "Since you two are so confident in your own strength, why not have another fight?"

Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate dared not fight Yang Chen, and angrily said, "Yang Chen, it must be on purpose! Both of us were wounded by you, and our injuries have not yet healed. How can we fight you?"

Looking at the fearful expressions of Earth Bee Heavenly Venerate and Han Fei Heavenly Venerate when they faced Yang Chen, King Zhen Mountain had a vague guess.

Perhaps, his two juniors really couldn't handle Yang Chen.

However, it was impossible for him to admit this. Today, he had to get his face back!

Chapter 3003 Shocking the Entire Scene\_1

"Yang Chen, if you really want to argue about right and wrong here today, it's about whether you really attacked my two juniors secretly. If you did, then your character is despicable, and you should be punished. If you didn't, then we can let this matter go. From what you've said, your strength seems more than enough to deal with my two juniors. However, it's a pity that my two juniors are injured because of you, and I didn't bring any other Boundless Stage Experts with me. So, why not let me personally test your abilities?" King Zhen Shan said in a low tone.

Yang Chen sneered in his heart, what kind of reasoning is King Zhen Shan talking about?

Earth Bee Venerable and Han Fei Venerable could see that they were lively and energetic, and he didn't inflict any serious injuries on them that day. Now they had already recovered.

They were just afraid to fight with him, so they acted cautious. And King Zhen Shan was even more shameless, knowing that his subordinates were afraid of fighting, and the right and wrong were already very clear, but still insisted on covering up. He directly used his status as a King-level powerhouse to try out his skills on him.

This shamelessness really ignited anger in his heart.

He sneered and said, "I'm really curious, Elder Zhen Shan Wang, how do you plan to test my skills as a junior?"

"It's not difficult. If you can take three of my moves, then it proves that you, Yang Chen, have the ability to subdue my two juniors. I will let bygones be bygones and treat this as a humiliating experience for my Extinct Sect. But if you can't take my three moves, then you better be prepared for the punishment." Zhen Shan Wang spoke in a low tone, and then laughed, "Of course, you can rest assured, when the old man makes a move, I will naturally not give it my all, and will hold back some strength. After all, as an elder, I wouldn't bully a junior like you."

Yang Chen listened and sneered secretly, not bullying him? You, King Zhen Shan, are just afraid that you can't shit and piss on his head.

Yang Chen had a cold expression, and now he wasn't in a hurry, he glanced at the Boundless Stage Experts in the Holy Domain and said, "I want to hear what my friends in the Holy Domain think about this matter."

He originally wanted to agree outright, after all, dealing with three moves from a King-level powerhouse was not something he couldn't handle.

But he still wanted to see the attitude of these people in the Holy Domain. King Zhen Shan was blatantly bullying him, so he wanted to know what the Boundless Stage Experts in the Holy Domain would say about it.

These Boundless Stage Experts in the Holy Domain were naturally not idiots, how could they not see that King Zhen Shan was being unreasonable?

However, Yang Chen's identity had not been established, and he had not agreed to their alliance before. If they really helped Yang Chen, it would offend King Zhen Shan. It was clear who would benefit and who would not.

For a moment, a group of Boundless Stage Experts looked at each other and said one after another, "Yang Chen, since King Zhen Shan, as a king-level powerhouse, is testing you, he will naturally not give

his full strength. He is doing it out of fairness and justice, so you don't need to panic. If you have the ability, why should you be afraid of this?"

"Yang Chen, your identity is not completely considered to be a part of the Holy Domain yet. First, deal with these matters cleanly, and then say you're a part of the Holy Domain. Don't make any trouble and then think about the Holy Domain."

These Boundless Stage Experts spoke one after another, their words seemingly pushing Yang Chen away.

Yang Chen felt helpless, these Boundless Stage Experts were all out for their own interests, fighting for themselves, and still putting on a selfless appearance, which really caused him grief.

In fact, early on, when he displayed his Space-Time Dao Intent, many old fellows from the Holy Domain had shown greed in their eyes. It wasn't until Nine Suns King stepped in that they were suppressed.

This Holy Domain was really disappointing.

It was also true that these Boundless Stage Experts who guarded their homes and refused to go to the frontline were great in a sense, but this was a joke.

"Yang Chen, the people of the Holy Domain seem to think that my method is fair and just. What do you plan to do, kid?" King Zhen Shan sneered, thinking to himself that these people in the Holy Domain were idiots for not even protecting their own kind.

Yang Chen spoke with his hands behind his back, "Since King Zhen Shan really wants to test my abilities, then fine, I'll accompany you, sir, to have some fun."

King Zhen Shan laughed loudly. Hearing that Yang Chen didn't even call him 'elder,' he stopped being polite and immediately took a heavy palm strike.

With this palm strike, he directly unleashed all his King-level powerhouse strength.

A complete Dao Law turned into a giant mountain, pressing down on Yang Chen like an avalanche.

Earth's Law!

True Mountain King had comprehended a complete Dao Earth's Law. Under his control, the law turned directly into a giant mountain.

Seeing this, Yang Chen sneered. This True Mountain King claimed that he would show some respect, but now this move was at least thirty percent of his strength.

Holding back?

What a joke!

Yang Chen's face was filled with rage, but it quickly turned cold. He stood with his hands behind his back, not moving. Suddenly, a black wind came from afar, like cold blades, instantly cutting the descending giant mountain in half.

This wind was the Deathly Silent Black Wind.

Yang Chen stood still, looking calm, but easily resolved King Zhen Shan's attack, leaving him and everyone else in shock.

Did Yang Chen just neutralize King Zhen Shan's attack? What a joke, this was an attack from King Zhen Shan!

Earth Bee Venerable and Han Fei Venerable were also surprised, but quickly recovered. No matter how powerful Yang Chen was, could he be stronger than King Zhen Shan?

Yang Chen remained calm and said, "King Zhen Shan, is that all you've got?"

King Zhen Shan was now furious, he scoffed, "Yang Chen, that was just the first move."

When the conversation ended, his second move suddenly arrived!

As the second move fell, the ground began to shake. A boundless number of sands and stones formed by Dao Laws created a space that extended thousands of miles, surrounding Yang Chen heavily.

Immediately, numerous Dao Laws formed into giant hands and grabbed towards Yang Chen.

This move, Yang Chen remained as unresponsive as before, but it was evident that King Zhen Shan had already used seventy percent of his strength!

Still, Yang Chen didn't move.

Then, an astonishing Qi suddenly burst out from around Yang Chen.

More than 40,000 Dao Intent Inscriptions were fully revealed, and in an instant, accompanied by one, two, ten and dozens of Deathly Silent Black Winds, containing Dao Laws, raging throughout the entire space.

Wherever the Deathly Silent Black Wind passed, it was invincible, like sharp edges, cutting the giant hand trying to grab Yang Chen on the spot.

In an instant, the sandy space was completely leveled, and dozens of Deathly Silent Black Winds turned into power, and were taken back by Yang Chen!

The entire scene was silent, leaving only the more than 40,000 Dao Intent Inscriptions swirling around Yang Chen, causing waves of shock in everyone's heart that couldn't be calmed down!

Chapter 3004 Think You Can Just Leave?\_1

"Forty... forty thousand Dao Intent Inscriptions?"

The entire audience was shocked, their gazes filled with disbelief. After all, only someone with a troubled mind would be unable to discern the implications of forty thousand Dao Intent Inscriptions.

Keep in mind that even Boundless Stage Experts, before completely converting the law, their Dao Intent Inscriptions range only between ten thousand and twenty thousand.

Being able to exceed twenty thousand is already extremely rare and could be deemed elite. Even if the transformation of the law is a bit off, the sheer quantity of Dao Intent Inscriptions is enough to compensate for that.

But what has Yang Chen demonstrated now?

Forty thousand, and more!

These frantic and unrestrained Dao Intent Inscriptions, combined with Yang Chen's unknown method, easily neutralized the second move from the True Mountain King.

This was already the second move, yet Yang Chen had dissolved it so calmly and composedly.

This left the True Mountain King's dignity somewhat hanging by a thread.

Looking at Earth Bee Venerable and Han Fei Venerable, they too were shocked, their expressions tinged with anxiety.

They began to have a few bad premonitions, feeling that something unbelievable might happen.

Now, in his rage, the True Mountain King did not care anymore: "Very well, Yang Chen, you do have some tricks up your sleeve. In that case, taste the third move of this king!"

As he spoke, the True Mountain King's third move was already descending with crushing force.

With the surging of the law behind it, this move was quite different from the previous two.

Yang Chen perceived the flow of law and already saw that the True Mountain King was going all out this time.

Other Boundless Stage Experts could also see that the True Mountain King's previous remark about holding back had long been cast to the wind. Now, all he had in mind was how to punish Yang Chen.

Yang Chen was not blind to this, but he was not afraid of the True Mountain King's full effort. Instead, there was a hint of anticipation in his eyes.

He was also curious about how big the gap between him and the King-level powerhouses really was!

Now, with the surrounding space shaking and shattering, the entire Holy Domain's sky had become fragmented. The ensuing impact was quickly blocked by many Boundless Stage Experts.

However, even so, several Boundless Stage Experts struggled tremendously trying to resist the slightest residual force.

Being at the center of it all, Yang Chen could sense the power of the True Mountain King's strike. Now, as he looked around, he saw a law giant that had been born at some unknown time. The giant was formed from the rolling Earth, filled with the power of law.

In a single breath, it had already swung both its arms, descending upon Yang Chen with the intent to suppress him on the spot!

Seeing the scale of the attack, Yang Chen also took a deep breath.

The True Mountain King was truly formidable; his methods and power were quite impressive.

If he didn't have a few tricks up his sleeve, he might not have been able to handle him at all.

This palm strike was indeed formidable, but unfortunately, it would still be difficult to capture Yang Chen. He used his Space-Time Dao Intent, disappearing in an instant to dodge the attack!

This enraged the True Mountain King: "Space-Time Dao Intent? I've heard that this kid has the Strongest Dao Intent, but I didn't think it was true. I was careless. Take another palm!"

When the conversation ended, the law giant summoned by the True Mountain King suddenly sprouted several more arms behind it, clapping continuously from different directions.

In addition to the True Mountain King's law restrictions, it seemed like Yang Chen was being cornered with nowhere to run.

Yang Chen sneered at the irony. The True Mountain King had already used three moves against him but then tried to force another one, completely disregarding his dignity.

However, even if the opponent wanted to play, he would play along.

"Five Elements Sky-turning Finger, Wood!"

Yang Chen manipulated the Five Elements Dao Intent, and it descended in an instant!

A huge finger tore through the vault of heaven, pierced the clouds, and landed on the spot, directly targeting the giant law. In an instant, it suppressed it!

True Mountain King also sensed this, his heart filled with amazement: "What a powerful force!"

Yang Chen's lips curled up. His Five Elements Sky-turning Finger was not just about power.

Each of the Five Elements had different effects.

Fire could instantly burn everything within miles, while Wood, when it landed and touched the giant law, would immediately spread into a huge, endless expanse of vines, tightly wrapping the law giant!

The True Mountain King tried to control the law giant, struggling to break free from Yang Chen's technique.

Meanwhile, Yang Chen firmly locked it down, motionless.

This collision lasted for several breaths until both sides finally reached their limits. At the sound of an explosion, they both vanished and dissipated.

This scene left the entire audience dumbfounded. The True Mountain King's three moves had passed, yet Yang Chen remained unscathed and had even neutralized all of his techniques.

Was this Yang Chen so strong?

Earth Bee Venerable and Han Fei Venerable looked on with shock, knowing that their bad premonition had been completely fulfilled. Yang Chen was truly terrifying; the True Mountain King's three moves had no effect on him.

At this moment, the True Mountain King's eyes also revealed deep disbelief. However, after a while, his reaction was still much faster than others, and he finally burst into laughter: "Hahaha, Brother Yang Chen, you are really amazing. If you can block this old man's three moves, it shows that you are indeed very strong. Perhaps there was some misunderstanding about the incident that day. Why don't we just leave it at that for now? This king will take these two useless juniors and take his leave."

The True Mountain King spoke as such, making it abundantly clear that the other Boundless Stage Experts all understood that he no longer intended to pursue the matter.

However, Yang Chen's response was astonishing and chilling: "Wait!"

True Mountain King's body shuddered, his eyes narrowing: "What do you mean, Brother Yang Chen?"

“It seems I never told you that you could leave.” Yang Chen’s expression was icy.

True Mountain King was dumbfounded, gritting his teeth. He never thought that after he had given up, Yang Chen would still dare to be aggressive. For a moment, he angrily asked, “What else do you want, Brother Yang Chen?”

Yang Chen spoke dismissively: “True Mountain King just admitted my strength; it indeed was enough to defeat Earth Bee Venerable and Han Fei Venerable, right?”

“Naturally.” True Mountain King wanted to deny it, but he couldn’t.

Yang Chen coldly said, “If that’s the case, then what fault do I have that you, True Mountain King, had to come all the way to the Holy Domain just to bother me? The True Mountain King said he would test me with three moves, but once the test was over, he just turned his back and left. What, do you really think I, Yang Chen, am easy to bully? Shouldn’t I get an explanation for all this?”

Chapter 3005 They, Abolish Their Cultivation Level!\_1

At this point, a group of realmless experts from the Holy Domain didn’t know who they should side with.

Yang Chen’s performance in the battle just now was indeed terrifying, and moreover, his words were all on point.

True Mountain King comes and goes as he pleases, only considering his own perspective to demand justice. If someone is guilty, he punishes them, but if they’re innocent, he leaves.

How is that possible?

How does he view others?

However, everyone initially didn’t think in this direction, and the only thought in their minds was that Yang Chen would be unilaterally humiliated.

Even if True Mountain King humiliates you, Yang Chen, what ability do you have to resist?

But now...

True Mountain King's veins were exposed, and he was beginning to get angry. If it were someone else speaking to him like that, he would have already erupted in fury.

But Yang Chen was different. If other people didn't know, was he himself not clear? Those three moves just now seemed simple, but in reality, he had already brought out 100% of his abilities, yet still, Yang Chen broke through them.

So, what would he use to win against Yang Chen?

It could be said that he no longer had the strength to deal with Yang Chen. But now, being questioned by Yang Chen, he couldn't lower his head because of his status as a king-level powerhouse. He shouted angrily, "Yang Chen, what do you want to do!"

"Nothing much, since the matter originated from Earth Bee Venerable and Han Fei Venerable, let's deal with those two first. Just now, these two accused me of attacking them sneakily. Aren't they slandering me? Since it's slander, shouldn't they be punished?" Yang Chen said coldly.

True Mountain King's tone was heavy, and after hesitating, he still asked, "Yang Chen, how do you want to punish them?"

Upon hearing this, many of the realmless experts from the Holy Domain were shaken in their hearts. True Mountain King actually said such words, which showed signs of yielding.

If Yang Chen's punishment was not too severe, maybe the other party would agree.

Yang Chen's face turned cold and said, "Let them cripple their own cultivation."

"What!" True Mountain King roared, "Yang Chen, show mercy when you should. If you do this, you're forcing people into a dead end."

Earth Bee Venerable and Han Fei Venerable panicked, desperately trying to make True Mountain King protect them.

Yang Chen's expression was icy, "True Mountain King, it's easy for you to say. Fine, let me argue with you about this. When these two people were threatening me in the Azure Dragon Clan, I had already let them go once. But they persisted and even invited you to deal with me while slandering me about the sneak attack. How should this be dealt with? Today, it's all thanks to my ability, Yang Chen. If it were someone without the ability, what would the result be? True Mountain King, you must know better than me."

True Mountain King was unable to deny it. Indeed, at that time, he was already prepared. If there were a suitable opportunity, the punishment he would have given Yang Chen would not have been much different from crippling his cultivation.

However, for him to admit this and face the humiliation would be unbearable. Angrily, he said, "Yang Chen, we can discuss anything else, but this matter will not do!"

"But the junior is determined to cripple both of their cultivation." Yang Chen's cold intent was overflowing.

Upon hearing Yang Chen's provocative words, True Mountain King burst into laughter, "Hahaha, Yang Chen, it seems that since this king let you off a few moves earlier, you truly think you have the capital to be arrogant in front of me. In that case, let this king show you my true power!"

Now True Mountain King didn't care for anything; he decided to reveal all of his powers to make Yang Chen realize his might.

If he didn't regain his face today, where would his face be in the future?

Between his words, True Mountain King attacked again with the fury of a thunderbolt.

This complete revelation of the law left many of the onlooking Holy Domain powerhouses taking deep breaths in amazement. They also sighed about Yang Chen's inability to appreciate kindness. Since True

Mountain King had already made concessions, even if Yang Chen was in the right, there was no need to be unyielding, was there?

Now the tables have turned, provoking True Mountain King's fury. Now that True Mountain King is attacking again, what will you, Yang Chen, use to deal with it?

Do you really think that True Mountain King wasn't serious just now? Just now, he was just letting the junior off easy.

Many realmless powerhouses were thinking like this in their hearts. Although they felt that True Mountain King was using full strength during his third move, their subconscious thoughts were more inclined to believe that True Mountain King was still holding back.

Now that he's making another move, an imminent battle is about to erupt.

With a vicious roar, True Mountain King's hand suddenly transformed into a huge hammer surfaced in his hand.

Upon seeing this emperor divine tool, Yang Chen couldn't help but become more cautious. True Mountain King's third move was indeed using full strength, but some of his trump cards were definitely not revealed.

This emperor divine tool was one of them.

As True Mountain King roared, the surrounding heavens and earth started shaking. The earth, in particular, was full of flying sand and rocks forming in space. Endless soil turned into a giant hand, reaching out straight towards Yang Chen.

At the same time, True Mountain King's hammer came crashing down.

This strike carried a power that could only be described as tearing.

Space cracked, extending directly towards Yang Chen, with a large amount of chaotic turbulence surging towards him at a fleeting speed.

Yang Chen sensed that True Mountain King had already locked down the surrounding space and time, specifically targeting his own Space-Time Dao Intent.

Unfortunately, it couldn't trap him at all.

However, Yang Chen was more focused on facing the king-level powerhouse head-on instead of dodging.

Impossible!

Seeing the hammer falling, Yang Chen also took out the Slaughter God Spear and pierced through furiously!

"Ten Thousand Miles Spear!"

With the spear's rushing strike, it collided with the hammer that had torn through space.

But unfortunately, the power was lacking.

His Five Elements Sky-turning Finger and Deathly Silent Black Wind were both more powerful than before due to the fundamental transformation of the law. However, Yang Chen's Ten Thousand Miles Spear's Dao Intent had not touched the law.

That's why it was much weaker compared to the Deathly Silent Black Wind and the Five Elements Sky-turning Finger.

Despite the head-on collision, the difference with the falling hammer was significant!

However, Yang Chen's skills wouldn't be that simple. Tens of Deathly Silent Black Winds immediately raged from the distance, even turning into a storm that shattered the hammer's massive strike on the spot.

"Yang Chen, take another one of my attacks!" Seeing Yang Chen neutralizing his emperor divine tool's strike again, True Mountain King was completely panicked.

He had no choice but to unleash his unique skill, making his body increasingly swollen, even merging with the law's power and turning into a towering giant.

And the hammer of the emperor divine tool in his hand also grew larger with his body, holding it with an invincible posture.

Chapter 3006 A Crushing Defeat to the True Mountain King\_1

Everyone was horrified. Was this the true power of a King-level expert?

These King-level experts rarely showed their true power in ordinary days. Nobody truly understood how terrifying they were.

But now, everyone understood.

The reason why King-level experts did not make a move was because once they did, the environment of heaven and earth would change. If there was no one strong enough to rival them, the whole Holy Domain would be destroyed by True Mountain King's unilateral power.

Now, the True Mountain King was in a state of rage, unable to get rid of Yang Chen, which left him feeling that his reputation was damaged. Now he resorted to all means available.

"Hmph, Yang, take my hammer!" True Mountain King roared as his hammer came crashing down.

When the hammer ripped through the sky, the clouds dispersed in an instant, and the space itself cracks open. Every onlooker felt their heart shudder at the sight of the impactful attack.

“This is bad, the Holy Domain Formation might be torn apart by this attack.”

“True Mountain King, stop! Please stop!” A group of Boundless Stage Experts immediately panicked.

Now, the True Mountain King grew in size, wielding a giant hammer, its presence overshadowing the sun. Next to him, the Holy Domain seemed as small as ants.

With this hammer, even the Formation around the Holy Domain was on the verge of being instantly destroyed by the True Mountain King.

How could these experts not panic? But no matter how much they yelled, True Mountain King didn't care. He didn't bother to deal with it any more. Even if the Holy Domain was destroyed, it wouldn't matter to him — it was Yang Chen who had caused all of this, so these people would blame Yang Chen anyway!

Yang Chen narrowed his eyes, observing the hammer descending from the True Mountain King.

This hammer was indeed incredibly powerful. With ordinary means, there would really be no way to withstand it.

Seeing this, Yang Chen no longer hid his strength.

“Five Elements Sky-turning Finger, Earth!”

In an instant, the ground below began to churn, and suddenly a giant finger made of earth emerged. The giant finger, formed by the convergence of the earth, aimed straight at the True Mountain King's body.

True Mountain King was hit by the giant finger, he screamed in pain, staggered and almost fell to the ground, struggling to stand up.

This was also the drawback of the True Mountain King's expanded body size. Although it increased his power and range, it also made him an easier target.

Now, after Yang Chen's Five Elements Sky-turning Finger attack, the True Mountain King was knocked to the ground. The strength of his hammer disappeared, not showing its true power.

Seeing that his attack was once again dismantled, the True Mountain King furiously struggled to get up, swinging his hammer towards Yang Chen, attempting to slay him in mid-air.

"Five Elements Sky-turning Finger, Water!"

In the distant sky, another finger emerged, accompanied by water currents that formed a long river. The finger spread instantly, engulfing the True Mountain King's giant body.

The True Mountain King's hammer was brought to a halt by this finger, barely displaying any power at all.

"Five Elements Sky-turning Finger, Wood!"

Yang Chen seized the opportunity and manipulated another finger to descend.

This finger, appearing from the sky, aimed directly at True Mountain King. Now that he was controlled by the Five Elements Sky-turning Finger, Water, he struggled to move.

Now, as the Wood Finger descended, his enormous body had no way to dodge, and he was hit once more, screaming in agony.

Immediately after, a forest of vines quickly spread and entwined around the True Mountain King's body, causing him to clench his teeth and struggle to break free but to no avail.

Everyone was shocked to see that the True Mountain King had been suppressed by Yang Chen.

The combination of the Earth Finger, Water Finger, and Wood Finger had completely immobilized the True Mountain King, rendering even his Imperial God Hammer useless.

Shock was visible in everyone's face. Did Yang Chen truly reach that level in a battle against a King-level expert?

Could it be that Yang Chen was actually going to win?

These experts were not blind. By now, they could already discern some clues from the battle.

Despite having used three fingers, Yang Chen still looked calm and collected. He waved his hand and prepared for another attack.

“Five Elements Sky-turning Finger, Fire!”

This Fire Finger appeared above the sky, pressing down upon the True Mountain King's head.

At this point, the True Mountain King was truly frightened. Initially, he thought that he wouldn't lose to Yang Chen, but now he realized that he was wrong, disastrously wrong.

With Yang Chen's consecutive Five Elements Sky-turning Fingers, he was no match at all!

Now, he was completely bound and could not move. How could he possibly withstand Yang Chen's Fire Finger?

With a cold expression, Yang Chen had already prepared for some reckless actions today.

He might not need to kill the True Mountain King, but he still wanted to show the Extinct Sect just how formidable he was!

But just then, a voice suddenly sounded from within the Holy Domain.

“Yang Chen, my friend, wait. Don’t harm the True Mountain King!”

Yang Chen raised his eyebrows upon hearing this familiar voice. It wasn’t anyone else; it was Nine Suns King.

As the voice of Nine Suns King quickly spread throughout the Holy Domain and its vicinity, everyone heard it loud and clear.

“It’s the Nine Suns King!”

“The Nine Suns King has come out of his seclusion.”

Belonging to a similar level as True Mountain King, Yang Chen had no choice but to respect the Nine Suns King’s words.

With the ongoing carnage, the timely intervention of the Nine Suns King meant that any further aggression would be inappropriate. But Yang Chen wasn’t willing to let things simply come to an end like this.

Though he did not need to exert more pressure through words.

Yang Chen, always clever, said calmly, “Junior just dared to learn a few moves from Elder Wang. Elder Wang let me win twice, how can I claim to have the upper hand? I just hope that Elder Wang can help me get back the fairness I asked for!”

Everyone was not a fool. Despite Yang Chen’s modest words, they saw that True Mountain King had already lost the battle; otherwise, the Nine Suns King wouldn’t have come forward to mediate.

Chapter 3007 Departure\_1

However, Yang Chen did give True Mountain King a way out, allowing him to save face somewhat. Following Nine Suns King’s words, this matter was not made too stiff.

True Mountain King had been utterly defeated, losing face. Now that Yang Chen had given him a chance to descend gracefully, he would not miss it. Hastily, he said, "Brother Yang Chen may have tied with me in our battle, but his strength has already explained many issues. Probably, the two juniors of my Extinct Sect lied. Don't worry. I will help Brother Yang Chen recover everything he has lost. I will definitely punish these two severely, and revoke their cultivation!"

Yang Chen listened to True Mountain King's grandiose words and sneered in his heart.

In the end, it was all about strength. Before he and True Mountain King fought, he hadn't said any of this.

Now? True Mountain King had completely changed, speaking as if he was a different person, completely different from before.

Hearing True Mountain King's words, Earth Bee Venerable and Han Fei Venerable's expressions changed, and they knelt to beg for mercy in panic, "True Mountain King, Sir, we are your loyal subordinates! We have followed you for hundreds of thousands of years. You cannot abandon us!"

Earth Bee Venerable and Han Fei Venerable were now frightened out of their wits. Hearing that their cultivation would be revoked, their hearts turned cold.

As Boundless Stage Experts, they had painstakingly cultivated for millions of years to reach this realm. At this stage, they were revered by many. If they lost their cultivation now, their past glory would vanish in an instant.

All that they possessed would be destroyed. How could they willingly accept this?

However, True Mountain King showed no mercy. He was incredibly furious, wishing he could kill the two of them.

If not for these two, would he have suffered such humiliation today? If it wasn't for Nine Suns King's intervention, he might have been suppressed to death by Yang Chen.

In the end, it was still these two people.

If he didn't revoke their cultivation today, he wouldn't have any means of explaining himself! He needed to give Yang Chen an explanation.

"Since you've committed a mistake, you must accept the punishment. Come here." True Mountain King waved his hand, turning it into a giant hand with the power of the supreme laws, grabbing Earth Bee Venerable and Han Fei Venerable.

The two Venerables couldn't resist against True Mountain King for a moment, and they were suppressed in an instant, unable to move.

The two cried out for mercy, hoping that True Mountain King would spare them a way to live. However, True Mountain King had become determined, striking out with a palm that severely injured their bodies.

Earth Bee Venerable and Han Fei Venerable spat out blood as the understanding of laws and Dao Intent completely shattered under this palm, turning into nothingness.

Only after doing all this did True Mountain King let out a dull snort, and stopped, no longer looking at Earth Bee Venerable and Han Fei Venerable, who now resembled dead dogs.

Earth Bee Venerable and Han Fei Venerable were now released from their bindings, but their eyes were empty and lifeless, like walking corpses.

Having their cultivation revoked was more terrifying than death itself!

Both of them could only regret their actions now. If they had another chance, they would never try to provoke Yang Chen again. However, who could have expected Yang Chen to possess such terrifying power beyond their imagination?

Seeing this, the Boundless Stage Experts of the Holy Domain felt their hearts turn cold. Thinking back to their words against Yang Chen just now, they all felt a sudden shock, knowing that they had missed a great opportunity to befriend Yang Chen.

And now, not to mention becoming friends with Yang Chen? They had completely offended him!

Thinking back to how Yang Chen had the power to make True Mountain King revoke the cultivation of two Boundaryless Heaven Lords, they couldn't help but shudder. How could they have been so blind to have antagonized him back then?

True Mountain King dealt with Earth Bee Venerable and Han Fei Venerable, feeling a pang in his heart. He knew how difficult and challenging it was to cultivate two Boundaryless Heaven Lords.

Now, he had personally revoked the cultivation of two of them. How could he not feel heartache?

However, he still had to put on a smiling face and say, "I have revoked the cultivation of these two villains. Today's incident has been resolved, and I have given Brother Yang Chen an explanation. With that, this king shall take his leave."

As he spoke, True Mountain King waved his sleeve and left without hesitation, almost as if he was fleeing the scene.

Seeing this, the Boundless Stage Experts of the Holy Domain realized the gravity of the mistake they had made today.

Nine Suns King saw everything clearly as well. Knowing that Yang Chen's strength was powerful enough to force True Mountain King to flee in fear, he couldn't help but take a cold breath.

Comparatively speaking, he was well aware that if he were to compare himself to True Mountain King, they were evenly matched.

"Yang Chen, I apologize for disturbing you today." Nine Suns King said with a kind smile, "Your return caught me off guard during my closed-door cultivation, and I failed to welcome you properly. It is my

fault. However, I am now out of seclusion. If you have any matters, let's discuss them in the Holy Domain."

Nine Suns King admitting his own fault was a great gesture of courtesy.

On any other day, Yang Chen would have given some consideration, but not today.

Yang Chen said, "Nine Suns King, Sir, there is no right or wrong in this matter. However, I will not enter the Holy Domain. If there is anything to say, let's talk here. My return to the Holy Domain was only to meet you and have a chat before leaving."

Upon hearing these words, Nine Suns King was taken aback, and his heart turned cold.

Yang Chen's seemingly simple words conveyed a message: he was unwilling to enter the Holy Domain and have a long talk with him.

Nine Suns King's eyes turned cold, but most of the coldness was directed at the nearby Holy Domain experts.

As for Yang Chen, he still had to forcefully put on a smile and say, "Yang Chen, my friend, is there anything you would like to tell me..."

Originally, Yang Chen had a lot to say to Nine Suns King. However, after such a heartbreaking incident, everything seemed less important.

Yang Chen took a deep breath and took out a Storage Bag, "At that time, Elder Wang had taken great care of me. Now that I have returned, I have no other gifts to offer. I hope elder Wang will accept these items."

With that, Yang Chen handed the storage bag to Nine Suns King.

Upon receiving the heavy storage bag, Nine Suns King was momentarily stunned. He looked at Yang Chen, wanting to speak, but Yang Chen had already turned around.

“Nine Suns King, I shall take my leave now.”

As he finished speaking, Yang Chen calmly left. Nine Suns King could only watch as his anger surged!

Chapter 3008 Golden Claw's Second Transformation?\_1

These Realmless Stage experts of the Sacred Domain had already felt the fury of the Nine Suns King. In an instant, they all lowered their heads, not daring to look at the Nine Suns King.

They were not fools, and naturally, they knew the reason for the Nine Suns King's anger.

While seething with anger, the Nine Suns King forced himself to check the storage bag Yang Chen had given him and see what was inside.

At this glance, the Nine Suns King's face showed shock and horror. The elixirs Yang Chen had given were extremely rare even to him.

Each of these elixirs was a rare and peerless Immortal Grade pill. As he looked at these Immortal Grade pills, the Nine Suns King trembled all over.

The more precious the treasures in the storage bag, the more valuable Yang Chen was. Could ordinary people make these Immortal Grade pills?

If Yang Chen had stayed, and if he could take out these elixirs at will, how valuable would he have been?

But now, Yang Chen had left, waved his hand and disappeared!

This made the Nine Suns King no longer able to suppress the anger in his heart. He turned to look at these Realmless Powerful Beings of the Holy Domain and said gloomily, “Well, well, well, you all did a

great job. You've managed to drive away a genius with unparalleled talent, no less important than me. You are all great!"

These Realmless Powerful Beings of the Holy Domain were frightened out of their wits. They thought about Yang Chen's performance at the King-level and his cultivation age, and they were all flustered.

With such a display of strength from Yang Chen, there was no exaggeration in saying that he was no less valuable than a King-level powerhouse. Moreover, considering Yang Chen's talent and age, it wouldn't be inappropriate to say that his value surpassed that of King-level powerhouses.

Such a being was originally a genius of the Sacred Domain's Seven Swords Pavilion. Everyone knew about this. It was only due to some accidents in the past that he left the Holy Domain.

However, Yang Chen still returned with a grateful heart, and his cultivation had grown tremendously. His original intention was to return to the Holy Domain, and they only needed to show some goodwill and try to retain him. Even if they couldn't keep him, they could at least win his favor and gain more benefits without any problem.

But these people, just because Yang Chen didn't respond to their flattery, pushed him away. They went so far as to push him out of their ranks, causing the current situation...

At this moment, a group of Realmless Powerful Beings were afraid, each worried about being punished by the Nine Suns King.

The Nine Suns King stood with his back to them, his expression cold: "You all did a great job just now. Ha ha ha, very good. The True Mountain King may not be very strong, but he belongs to the Extinct Sect. You were so eager to please him, pushing Yang Chen away. Have you forgotten about the rule of Sacred Domain taking care of their own people?"

These Realmless Powerful Beings trembled, knowing that the Nine Suns King's anger was inevitable.

"I'm really disappointed in you all. Those of you who just excluded Yang Chen, don't think I didn't see it. Step forward." The Nine Suns King said solemnly.

These Realmless Powerful Beings were shocked, knowing that the Nine Suns King would not only be furious, but also take real action. In their panic, they had no choice but to step forward.

And as they did so, nearly half of the more than ten Realmless Powerful Beings stepped forward.

Among them, Supreme Yang Lord, who had taken the lead earlier, was also included.

“All of you will be confined to the Dark Earth Palace for three hundred years. And from now on, you will have no chance to enter the Sun Domain!” The Nine Suns King said with an oppressive coldness.

Hearing this, the Realmless Powerful Beings cried and wailed.

“Nine Suns King, we know our mistakes. Please spare us. Please don’t deny us the chance to enter the Sun Domain.”

“Nine Suns King, we really know our mistakes, please give us another chance.”

All these Realmless Powerful Beings cried out, showing fear on their faces.

To be confined in the Dark Earth Palace was terrifying, but at least they could bear it. What was most terrifying?

It was the Nine Suns King’s announcement that they would never have the chance to enter the Sun Domain again in their lifetime.

This meant that no matter how hard they struggled, they had reached their peak, and from now on, they would not be able to rise to the highest level of the Holy Domain.

This was undoubtedly a devastating blow to all the years of their hard work.

The Nine Suns King’s expression remained unchanged, showing no signs of wavering.

He couldn't help but feel frustrated.

True friends are known in adversity. When Yang Chen displayed the Space-Time Dao Intent in those years, these old monsters of the Holy Domain were greedy, and he was already disheartened, but he was suppressed in time.

He thought they were simply a bit too greedy and it didn't really matter. But he was wrong, terribly wrong now.

Someone who doesn't even cherish his own companions has no reason to enter the Sun Domain!

The highest level of the Sacred Domain doesn't need a selfish person.

Of course, only he himself knew that all of this was to comfort himself, and the real reason was to show Yang Chen.

Even though he knew Yang Chen had left, he still had to act this way. By doing this, even if Yang Chen wouldn't be part of the Sacred Domain, at least he wouldn't be hostile to them.

If he didn't do this, Yang Chen might one day become an enemy of the Sacred Domain! The thought of such a talented existence being an enemy of the Sacred Domain made the Nine Suns King feel terrified.

...

At the same time, Yang Chen had arrived in the sky above the Dragon Prosperity Sea Area, wanting to see if Golden Claw had completed his inheritance.

When he arrived, Yang Chen knew that his timing seemed perfect.

Underneath the rolling Dragon Prosperity Sea Area, a golden light suddenly appeared, piercing the vault of heaven. The clouds scattered, and a beam of light split the clouds and illuminated the entire sea area as if bringing a dawn to it.

Immediately, a dazzling golden dragon soared from the sea, breaking through the clouds and arriving in the sky above.

As it soared freely, its dragon roar echoed in an instant.

Yang Chen looked carefully and found that Golden Claw's cultivation had reached the height of the Mahayana Stage. He didn't know when the Heaven's Tribulation had been overcome. He had just arrived and witnessed the first moment of the transformation.

Every step of a True Dragon's cultivation brought changes and evolution!

Golden Claw was no exception, evolving step by step from the most basic Giant Python to the current Five-clawed Golden Dragon.

And Yang Chen witnessed it all.

After Golden Claw broke through to the True God Realm, the changes and transformations brought about by each subsequent advancement in cultivation were not as noticeable.

However, now that he had reached the Great Stage, the change seemed completely different!

Chapter 3009 Tianyuan Star\_1

Upon closer inspection, one would notice that the part where the Golden Claw Dragon Head was located had become more radiant than before. The radiance appeared like a resplendent golden crown when examined closely.

Perhaps it was this very reason that when one glanced at Golden Claw now, it bore the impressive demeanor of a king descending upon the world.

This royal aura originated from its bloodline, an inherent regal air.

It seemed as if all fellow dragons would have to bow their heads in submission when they saw it, and pay their respects to its Dragon Might.

Indeed, the Azure Dragon Clan now showed the utmost reverence when they saw the Golden Claw.

When the Golden Claw arrived in the sky, these Azure Dragon Clan members followed suit without hesitation.

"Greetings to the Five-clawed Golden Dragon Emperor!" The Azure Dragon Clan members were respectful and polite when they saw the Golden Claw.

Seeing the respect from the Azure Dragon Clan members, the Golden Claw calmly said, "There is no need to call me the Five-clawed Golden Dragon Emperor. With my current realm, I am far from reaching that level."

"Lord Jinzhao, you will definitely become the Five-clawed Golden Dragon Emperor in the future!"

"That's right, Lord Jinzhao, with your talent and bloodline, you are destined to become an existence like the Five-clawed Golden Dragon Emperor."

"Lord Jinzhao, please accept our salute!"

Upon saying this, the Azure Dragon Clan members all knelt down, their faces full of respect.

Seeing the members of the Azure Dragon Clan showing such reverence towards him, Golden Claw was filled with helplessness. Had it been in the past, he wouldn't have been so accommodating and would have told them not to be like this.

But saying that would be useless now, as they still behaved like this. Feeling powerless, he had no other choice.

At that moment, Golden Claw suddenly sensed something.

"Huh? It's Young Master! Young Master, you're back. Hahaha, look at me, I've entered the Great Ascension Stage now." Golden Claw spoke with immense joy.

Yang Chen naturally noticed everything and responded with a gentle smile, "Congratulations, Golden Claw, it seems that you've gained quite a few benefits from this inheritance."

"Young Master, it was thanks to these Azure Dragon Clan members. Otherwise, I wouldn't have reached the Great Ascension Stage, nor would I have learned so many secrets about my clan." Golden Claw said with a sigh of emotion.

"What do you mean?" Yang Chen asked with a puzzled expression, not knowing the secrets Golden Claw was referring to.

After a moment of emotion, Golden Claw continued. If it were someone else, he wouldn't have revealed this information, but Yang Chen was different. He was his young master, partner, and brother.

Golden Claw said, "Young Master, our Dragon Ancestor actually has its own world and plane."

"Oh?" Yang Chen was taken aback upon hearing this.

However, he quickly understood.

He had never heard of the Five-clawed Golden Dragon King mentioned by the Azure Dragon Clan in the Southern Realm. Nor did he know about it in the Spirit Realm. It was definitely not from these two worlds, but he couldn't tell which plane it was from.

Now that Golden Claw had said this, it all made sense.

Golden Claw took a deep breath, "Our clan is located in the Tianyuan Star of the Star Domain Interface. The Tianyuan Star is the true origin of our True Dragon Clan. All True Dragons come from the Tianyuan Star. The real high-level Dragon Clan ruling the Tianyuan Star are several powerful Five-clawed Golden Dragon Emperors."

"So that's how it is. But if that's the case, why would the True Dragon Clan from the Tianyuan Star appear in these two worlds?" Yang Chen asked, puzzled.

"Strictly speaking, the True Dragon Clan is not like other tribes. They are very protective of themselves, in a completely closed state. They hardly ever communicate with the outside world. Instances like traces of the Dragon Clan being left behind are very rarely found. The reason for this is because of a holy war that took place in the past..." After receiving the inheritance, Golden Claw learned many things that he had not known before.

Yang Chen couldn't help but listen carefully, wanting to know what happened.

Some tribal elders of the Azure Dragon Clan clearly knew about this matter, but didn't mind the revelation when they saw that it was Yang Chen being spoken to.

Golden Claw sighed, "Back then, on the Tianyuan Star, a Five-clawed Golden Dragon Emperor engaged in a battle with an unknown reason and an unprecedented great enemy. The Five-clawed Golden Dragon Emperor fought against his foe but was overwhelmed. Fleeing all the way to the Spirit Realm and the Southern Realm, although the formidable enemy did not pursue, the Five-clawed Golden Dragon Emperor was severely injured. Upon arriving in the Southern Realm, he did not survive long. Due to the hasty escape, many of the Dragon Clan's companions who had followed the Five-clawed Golden Dragon Emperor were lost in nearby planes."

"Our branch is one of the closer ones. Being in the Spirit Realm, you know the rest of the story, Young Master. After the Five-clawed Golden Dragon Emperor's demise, he left behind an inheritance, instructing the Azure Dragon people here to wait for the second Five-clawed Golden Dragon. It's a pity that most of the True Dragons with the closest kinship to the Five-clawed Golden Dragon Emperor were scattered in the Spirit Realm. With their numbers dispersed, very few eventually become Five-clawed Golden Dragons. It seems that besides our Dragon Ancestor, there are only a few others. At this point, it's unknown where they might be lost and it's difficult to form a scale," Golden Claw said with a sigh.

Yang Chen nodded, "What's the strength of this Five-clawed Golden Dragon Emperor?"

"At the very least, they must reach the Heaven-appointed Realm before being called a Five-clawed Golden Dragon Emperor..." said Golden Claw. "If they are in the Heaven-separated Realm, they can only be called a Five-clawed Golden Dragon King!"

Yang Chen was startled, "If even those in the Heaven-appointed Realm can't fight against it and had to flee in despair, eventually dying due to the injuries sustained, what kind of existence is behind all this?"

"I don't know about this matter. After reaching the Great Ascension Stage, the inherited memories only unlocked this much. For the rest, I'll have to wait until I reach the Realmless stage," Golden Claw said.

Yang Chen nodded, "Now that you've received the inheritance, what are your plans for the next step?"

Yang Chen could see that Golden Claw must have had its own ideas.

Golden Claw scratched his head somewhat sheepishly, "Young Master, before I received the inheritance, I didn't pay too much attention to the thoughts of these Azure Dragon Clan members. But after receiving the inheritance, I want to go back to Tianyuan Star and take a look. Nowadays, the death of the Five-clawed Golden Dragon Emperor is unknown to the closed-off Tianyuan Star. At the very least, I need to bring them this news and fulfill my duty as a member of the Dragon Clan. And these Azure Dragon Clan members, they dream of going back to Tianyuan Star!"

Upon hearing this, Yang Chen smiled, having already anticipated this.

"Golden Claw, if you've made up your mind, don't worry. I'll take you to Tianyuan Star!" said Yang Chen.

Chapter 3010 Returning to Settle Accounts!\_1

Upon hearing this, Golden Claw was overjoyed, and said happily, "Thank you, Young Master, but what about them...?"

Yang Chen's gaze landed on the Azure Dragon Clan, and it was clear that Golden Claw was already somewhat softhearted. It's true that nothing is given for free.

Now that he had inherited memories, Golden Claw's emotional fluctuations within his heart were completely different from before. As a member of the True Dragon Clan, and a born king-like existence, it was only right for him to handle the affairs of the Azure Dragon Clan.

Seeing this, Yang Chen looked at the members of the Azure Dragon Clan.

These Azure Dragon Clan members looked at Yang Chen with anticipation, their eyes full of hope, and hoped that Yang Chen could show mercy.

After all, with their strength, going to Tianyuan Star was undoubtedly an impossible task.

But not for Yang Chen, whose incredible strength displayed at that time might make a miracle happen in this matter.

In addition, with the help of Five-clawed Golden Dragon, a dream that belonged to them such as returning to Tianyuan Star might actually have a chance to be fulfilled.

Yang Chen chuckled and said with folded hands, "You can let them enter the Demon God Tower together. As long as they don't mind, taking them to Tianyuan Star is also fine."

Upon hearing this, the Azure Dragon Clan members all cheered joyfully.

"Thank you, Lord Jinzhao, and thank you, Brother Yang Chen."

"Thanks to Brother Yang Chen."

"Eldest Brother, you're so kind." Lili appeared out of nowhere, jumping and hopping happily.

Golden Claw also looked at Yang Chen with gratitude, saying, "Young Master, I really thank you."

He knew that the reason Yang Chen agreed to this was because of him. If it wasn't for giving him face, Yang Chen wouldn't have bothered with these matters at all.

Yang Chen patted Golden Claw on the shoulder and said gently, "What's there to say between brothers? What reason do I have not to help you with what you want to do?"

Hearing this, Golden Claw's heart couldn't help but warm up, and he nodded heavily.

Yes, they were brothers!

...

And so, Yang Chen summoned the Demon God Tower. The Azure Dragons temporarily entered the tower and were carried by Yang Chen on their way to the Northern Region.

For the Azure Dragon Clan members, anywhere was considered home. The Demon God Tower was a space of its own, and living there was acceptable for them.

Moreover, as True Dragons, the demonic beasts within the Demon God Tower undoubtedly regarded the Azure Dragon Clan members as divine beings worshiped with reverential eyes. Gradually, they started enjoying their days within the Demon God Tower.

As for Yang Chen, he traversed continuously, intending to head straight back to the Northern Region!

With his Space-Time Dao Intent, he could easily go back the same way he came. However, before departing, he stayed in the battlefield for a few more days.

During these days, the powerful experts in the battlefield treated Yang Chen with great courtesy, hoping that Yang Chen would stay in the Southern region.

But Yang Chen had already made up his mind to leave and naturally would not stay here. Due to the special care the powerful experts gave him, he left several elixirs behind and left proudly.

However, when he was about to leave, Divine River King, Chen Tianhao, and other familiar people who had a good relationship with Yang Chen got up to see him off.

At the edge of the Extreme Yin Land now, Yang Chen bowed his hands toward the Boundless Stage Experts sending him off and said, "My friends, you can stop here, there is no need to go any further. Going beyond this point is the Extreme Yin Land. It might be dangerous."

During these few days of staying in the battlefield, he had become quite friendly with these Boundless Stage experts.

These battlefield powerhouses may be envious, but they all have good character. After all, those who dare to go to the battlefield are people who have put their lives on the line, so how bad could they really be?

On the other hand, those who stayed in the rear often acted selfishly, and they usually had their reasons for doing so.

"Yang Chen, my friend, we should be the ones saying this to you. The Extreme Yin Land lies ahead, and it's dangerous for you to go alone. Why not stay here? We know you have some means, but your success in coming from there is already quite difficult. This time, those Netherworld Ghosts must be on guard, so why not...?" Divine River King spoke with his hands behind his back.

He knew that Yang Chen had some skills, but it should be known that he was called the fastest human ever.

Even with his speed, traveling at the speed of light was still beyond his capabilities. How could Yang Chen, who was only at the Boundless Stage, manage to cross both sides?

"That's right, Yang Chen. You should think about Senior Divine River King's words more carefully..." Chen Tianhao also said.

But Yang Chen laughed it off: "My seniors and friends, you don't need to worry about me. I have already made up my mind and, since I dare to make a decision, naturally I have the confidence."

Hearing this, these Boundless Stage Experts and Divine River King couldn't help but stop blocking him.

Yang Chen bowed his hands and said, "I bid you farewell."

When the conversation ended, Yang Chen's figure flashed. With a swoosh, he disappeared amidst the spacetime waves, and no one could find him anymore!

Although many people knew that Yang Chen was extraordinary, this was the first time he fully displayed his spacetime law right in front of them.

Such an astonishing level of skill left even Divine River King dumbfounded. When he looked into the distance, he found that Yang Chen was already far away on the horizon.

As for the other Boundless Stage Experts, they all looked around in astonishment, "Where is he? Where did Brother Yang Chen go?"

Only the Divine River King sighed, "Brother Yang Chen is already in the Extreme Yin Land."

Only with Divine River King's Divine Soul Realm could he vaguely perceive Yang Chen's location.

"It's truly fortunate for humanity to have such a genius," Divine River King sighed with emotion. At first, he didn't think that the so-called 100% certainty of traversing the Extreme Yin Land was feasible.

Ghost King tried to block him but broke through all their defenses and none could stop him.

By the time he reappeared, three days had passed and he was above the Spirit King Sacred Area of the Northern Region. As the spacetime waves fluctuated, Yang Chen's figure finally emerged completely.

This announcement indicated that Yang Chen had returned to the Northern Region once again.

At that very moment, king-level powerhouses from various places had already sensed his presence.

First and foremost was the King of Joyful Sound.

King of Joyful Sound had been calmly cultivating. Her soft, seductive body was full of temptation.

At this moment, however, her beautiful eyebrows furrowed as she looked into the distance, "This kid is back. Well, it's about time to settle some scores..."
