Chapter 3021 King of Joyful Sound's Confession?_1

After soaring through the stars as the Ice and Fire Sky Phoenix for a moment, the figure transformed into a human shape. It was none other than Bao Lu.

Now as a human, Bao Lu stood in the darkness of the void, surrounded by flames which illuminated the surroundings and created a mesmerizing scene.

"The time spent recovering has restored most of my strength. The only shortcoming is that this newly formed body is still somewhat inferior to the innate Sky Phoenix body I had back then. Nevertheless, it is sufficient for now. As for other matters, I'll settle them after returning to my hometown." Bao Lu whispered.

"As for now..."

Talking about returning to her hometown made Bao Lu hesitate.

She glanced at the endless starry sky in the distance, where two adjacent stars seemed to be connected, floating in the middle of the galaxy.

Bao Lu knew that it was the location of the Lingnan Two Realms.

As she looked at the Lingnan Two Realms, Bao Lu whispered softly, "Well, let me have one last look at it. There's no need for a reunion, just a glance before leaving..."

...

Yang Chen continued his closed-door cultivation, not coming out at all for decades, until one day,

Word from King Yueyin reached Yang Chen's ears.

The messenger was none other than Spirit Flower Venerate, a person Yang Chen was familiar with. Her enchanting figure stood near Yang Chen, her red lips moist as she relayed King Yueyin's request to meet him.

"King Yueyin is looking for me..." Yang Chen squinted his eyes.

Spirit Flower Venerate hesitated before speaking, "Yang Chen, I don't know what misunderstanding there is between you and Sir Yueyin, but this meeting is an opportunity for you to reconcile. You mustn't miss it. If you have offended Sir Yueyin in any way, just apologize a little, and it will be all over."

Yang Chen knew that Spirit Flower Venerate was trying to give good advice, but she didn't know the reason for his conflict with King Yueyin. So it was hard for him to explain.

His dispute with King Yueyin was more than just a misunderstanding; it was a direct conflict. They had already laid their cards on the table, and if King Yueyin wanted to see him, it definitely wouldn't be for anything good.

He had to be on guard.

At this moment, a wave of difficulty enveloped Yang Chen.

To not go would outright disregard King Yueyin's prestige, making it easier for her to target him in the future. But if he met her, what should he do if King Yueyin wanted to cause trouble for him? Would he have to lay his cards on the table once again?

During their last showdown, his unexpected show of power had shocked King Yueyin, but he didn't think that displaying a bit of power this time would scare her off.

After much consideration, Yang Chen couldn't help but feel a headache coming on.

Meanwhile, Spirit Flower Venerate watched uncomfortably from the side, not knowing how to persuade him any further.

Yang Chen originally intended to refuse, but suddenly, he seemed to hear something and changed his mind, saying, "Fine, I'll go and see King Yueyin."

After all, he reasoned that King Yueyin shouldn't dare to cause any trouble for him in the human realm.

With that thought in mind, Yang Chen didn't waste any more words and stood up.

Upon seeing this, Spirit Flower Venerate chuckled, "Yang Chen, that's great! This time you must reconcile with King Yueyin."

Yang Chen didn't know how to explain, so he could only say helplessly, "Sure."

And so, the two of them went to visit King Yueyin's residence together.

King Yueyin's residence was as elegant as ever, with a quiet atmosphere permeated by a fragrant scent. It naturally elevated people's mood.

As soon as Yang Chen entered, he saw King Yueyin.

King Yueyin's red lips gently opened, and she softly said, "Spirit Flower, you can leave first."

Spirit Flower Venerate didn't dare to oppose her and quickly left, leaving only Yang Chen and King Yueyin in the room.

Yang Chen looked at King Yueyin, who was radiating coldness and frowned. However, when King Yueyin turned around, she revealed a gentle smile that was charming and captivating, her eyes filled with flirtatious allure.

Yang Chen was momentarily perplexed by this sight and couldn't help but mutter to himself,

Hua Wanru?

Yang Chen's heart was filled with astonishment, questioning whether the person in front of him was really Hua Wanru or not.

As he pondered, a fragrant breeze came at him, and King Yueyin's soft hand landed on his shoulder, her breath as sweet as orchids.

"Yang Chen, have you missed me after all this time apart? Hehehe, I'm Hua Wanru, you should be able to guess." King Yueyin's eyes were as clear as water, leaving Yang Chen's mouth dry and tongue parched.

Yang Chen sighed, "Hua Wanru, I've already made it clear to you, what do you mean by all this?"

King Yueyin spoke softly, "Are you so heartless? You know very well what our relationship is like and whether it can be completely severed or not. Do you really..."

As she spoke, King Yueyin's body kept getting closer to Yang Chen.

At first, Yang Chen didn't have any suspicions, but he felt a sudden shudder and realized something was off.

Hua Wanru?

No, something's not right.

He and Hua Wanru had been together for many years, and he knew her character better than anyone. While Hua Wanru appeared strong, she was actually more fragile than anyone else inside. She might still cling to him after being hurt emotionally last time, but it wouldn't be in this manner.

"You're not Hua Wanru, are you?" Yang Chen suddenly broke free from King Yueyin's close contact and asked sternly.

King Yueyin trembled slightly, and after a brief pause, a trace of coldness appeared in her eyes. Then she chuckled, "Yang Chen, what are you talking about? I am Hua Wanru."

"You don't have to lie to me, King Yueyin. You can't mimic Hua Wanru's every move." Yang Chen said, expressionless.

Hearing this, King Yueyin's face flickered with a barely noticeable trace of coldness, before she giggled, "Yang Chen, you really can't be deceived."

"King Yueyin, just say what you have to say. There's no need to hide it between us. It's pointless." Yang Chen said with his hands behind his back.

King Yueyin looked at Yang Chen with melancholy in her eyes and sighed, "Yang Chen, I think I might have fallen in love with you. I may not have ever liked anyone before in my life, but I am still a woman after all. All those things that happened between us might just be fate."

"Sir Yueyin, please don't joke about those meaningless things with me," said Yang Chen, his expression cold.

King Yueyin was filled with affection, "Yang Chen, why don't you believe me? The reason I've always wanted your help with things was to be closer to you, but my pride as a Sky Separation Realm expert gets in the way."

"So Sir Yueyin can put pride aside now?" Yang Chen asked with skepticism.

"If I could put my pride aside, why would I have to pose as Hua Wanru to see you? I just didn't want you to misunderstand. But you still did, so I had no choice but to tell the truth..." King Yueyin spoke with tender affection in her voice.

Upon hearing this, Yang Chen clenched the hands behind him. King Yueyin's thick affection made him feel lost like a monk who couldn't find his way.

Chapter 3022 The Arrival of Ice and Fire_1

However, Yang Chen still had a strong sense of caution towards King of Joyful Sound, only easing his expression slightly: "Sir King Yueyin, my status as a junior is far from worthy of you. In the future, as long as you don't trouble me, I would be grateful. From now on, I will not appear in your line of sight."

Hearing this, King of Joyful Sound's body trembled, and she bit her red lips: "Yang Chen, why can't you understand? What I want is not for you to leave, but for you to stay by my side. Can't you trust me? I want to fly with you side by side."

Yang Chen listened solemnly: "King Yueyin, I already have a wife and children, I should have told you about this!"

"Is it not very normal for a man to have three wives and four concubines? This Palace has never cared about these things. Do you really not have any feelings for me?" When the conversation ended, King of Joyful Sound abruptly took a step forward.

Yang Chen was on guard against King of Joyful Sound and wouldn't let her approach him recklessly.

Unfortunately, King of Joyful Sound's technique was extremely skillful, and her timing was perfect. With just one step, she perfectly locked onto Yang Chen's figure and then suddenly slapped him.

Yang Chen felt a sense of danger, and his scalp tingled as he watched a ghost face open its mouth and dive directly into his chest.

"It's a prohibition!" Yang Chen was shocked and, with his experience, quickly analyzed the situation, realizing that the ghost face was a prohibited item.

Now with a quick investigation, Yang Chen was shaken.

"King of Joyful Sound!" Yang Chen roared in a low voice.

After applying the prohibition, King of Joyful Sound snorted: "Yang Chen, do you really think I was telling the truth just now? It was all just lies to deceive you. But you are really cautious, guarding against me to this extent. However, it's a pity that you are still too naive. There's no need to struggle anymore. This

prohibition I have created is meant for dealing with other Ghost Kings. It can instantly cover and seal the use of Laws and Dao Intent Inscriptions. Now that you can't use your Dao Intent Inscriptions or Laws anymore, what can you use to resist me?"

Yang Chen also sensed these restrictions, and now he couldn't use his understanding of the Laws or the Dao Intent Inscriptions at all, as they were all sealed by the prohibition.

He shook his head, admitting that he had been a bit careless. It was only trouble when King of Joyful Sound approached him.

"King of Joyful Sound, what do you want to do?" Yang Chen asked coldly.

"What do I want to do?"

At this moment, another voice suddenly came from a distance. As the sound came, Yang Chen's gaze shifted and saw the newcomer clearly.

It was Cloud Highness Dharma King.

Cloud Highness Dharma King sneered, "Yang Chen, you have deceived your master and destroyed your ancestors, disregarding your elders. Today, I will join forces with King of Joyful Sound to punish you on behalf of your family elders."

Yang Chen said coldly, "Cloud Highness Dharma King, having done such shameless things, don't speak as if they are so honorable. Deceiving master and destroying ancestors? Disregarding elders? Do you not know what you've done in your heart?"

"You still dare to talk back, I think you're looking for death!" Cloud Highness Dharma King glared angrily, seeing that Yang Chen dared to talk back, and flipped his wrist, ready to suppress him.

But King of Joyful Sound waved her hand and gently said, "Stop."

Cloud Highness Dharma King squinted his eyes, and although he wanted to get rid of Yang Chen to silence him, he didn't want to interfere with King of Joyful Sound's plans.

Yang Chen said coldly, "King of Joyful Sound, I didn't expect that you would join forces with Cloud Highness Dharma King to deal with me. At first, I just thought you were a bit self-centered, but now, you have really disappointed me."

"Yang Chen, how this palace handles things is none of your business. You have to be clear about one thing, with your current status, if I want you to live, you will live. If I want you to die, you will die, and if I want you to live worse than death, you have to bear it," King of Joyful Sound said slowly, "However, considering your talent and that you made mistakes before, it's not like I can't forgive you!"

"What do you want to do?" Yang Chen asked with interest, quite curious.

Looking at Yang Chen's fearless appearance, King of Joyful Sound squinted her eyes and found it strange. However, as she thought about it carefully, she didn't take it seriously.

Yang Chen is now bound by her prohibition, so there's no use in acting reserved. Isn't he still at her mercy? Can he still turn things around with these prohibitions on him?

"It's simple. If you swear to be obedient and unconditionally loyal to me for the rest of your life, I can spare you," King of Joyful Sound said indifferently.

"In other words, as long as I promise to be your slave in the future, you will spare my life?" Yang Chen sneered.

Cloud Highness Dharma King watched with half-closed eyes, feeling displeased that King of Joyful Sound was having her way with Yang Chen, but he couldn't do anything about it.

After all, the main sacrifice for the prohibition was King of Joyful Sound, and he was just here to help in case of any accidents.

King of Joyful Sound opened her red lips, seeing that Yang Chen understood the situation well, she smiled and said, "You're very smart, that's right!"

She believed that Yang Chen would definitely choose to agree.

After all, who would want to die after cultivating for so many years and achieving so much?

But after sneering, Yang Chen bluntly replied, "King of Joyful Sound, you're calculating well, making me your slave. But it's a pity I'll have to disappoint you."

"So you choose the path to death," King of Joyful Sound mocked.

"But what if I don't choose this path to death?" Yang Chen asked with half-closed eyes.

Cloud Highness Dharma King burst into laughter, "Yang Chen, you really don't know the immensity of heaven and earth. What do you think you can do?"

However, King of Joyful Sound stood back with her hands behind her back, sensing the subtle changes in the air and detecting that something was not right.

Just then, a roar came from the sky, and the terrifying Laws gathered, pressing down instantly!

Both ice and fire, two complete Laws, formed a scale and covered the whole area.

"There's a Sky Separation Realm Expert here, with both ice and fire complete Laws, be careful!" King of Joyful Sound shouted.

Cloud Highness Dharma King also sensed it and saw the Laws sweeping over from the sky, immediately counterattacking.

Soon, a phoenix figure appeared in the sky, gradually transforming into the figure of a beautiful woman.

It was Bao Lu, but her appearance was completely different from what Yang Chen remembered. She had now restored her original physical appearance.

Compared to the previous body she had found, Bao Lu now had a more dignified and elegant appearance.

As she arrived, the Ice Flame covered Yang Chen's body at the wave of her hand.

"The prohibition has been frozen. Find a way to remove it yourself," said Bao Lu softly with her rosy lips.

Chapter 3023 Still a Long Way to Go!_1

Yang Chen was not at all surprised by Bao Lu's arrival; instead, he seemed to have expected it all along.

Seeing Bao Lu, he smiled slightly and said, "Thank you."

When the conversation ended, Yang Chen easily removed the already frozen prohibition.

With the prohibition frozen, his Dao Intent had already recovered, making it a simple matter to remove the prohibition. In this regard, the freezing effect was similar to his Space-Time Dao Intent.

Nowadays, with the Space-Time Dao Intent removed, Yang Chen had also recovered his original strength. He stood side by side with Bao Lu, facing Cloud Highness Dharma King and King of Joyful Sound.

King of Joyful Sound and Cloud Highness Dharma King had only just resolved Bao Lu's attack, and when they saw Bao Lu and Yang Chen standing side by side, the two frowned, realizing that something was wrong.

"Yang Chen, you've actually joined forces with others," King of Joyful Sound said with a low voice.

"If I don't seek help from others, wouldn't I just fulfill your wish and fall into your trap?" Yang Chen snorted coldly.

Before coming to find King of Joyful Sound, he had thought it over thoroughly. After thinking things through, he shook his head, feeling that this was not very reliable.

King of Joyful Sound had already turned against him; now that he was asked to come alone, there must be something wrong. It was better not to go, and of course, he had to refuse.

However, Bao Lu suddenly sent a sound transmission to him, seeming to have noticed his predicament. With Bao Lu's message, Yang Chen naturally gained much more confidence. The most important thing was that the other party had already recovered their Sky-separating Realm strength.

With such a helpful ally at hand, Yang Chen naturally had no reason to fear King of Joyful Sound anymore.

As it turned out, his choice was correct. Although he was confident in his own strength, he couldn't help but be cautious when confronting King of Joyful Sound.

As the saying goes, a woman's heart is the most poisonous. If Bao Lu hadn't been with him, this prohibition alone would let him capsize in the gutter, not to mention the collusion between her and the Dharma King, which added insult to injury.

Of course, if Bao Lu hadn't been with him, he wouldn't have come at all.

Now that both sides were on a standoff, with swords drawn and bows bent, it was completely irreconcilable.

Cloud Highness Dharma King said coldly, "Humph, Kid surnamed Yang. You really have the suspicion of colluding with alien tribes. This Ice and Fire Sky Phoenix is an unknown bird from somewhere, and you have colluded with it to harm us humans. You have a lot of guts."

Yang Chen sneered, "Cloud Highness Dharma King, you really dare to say that, who was trying to kill me just now? Do you really think that being a Sky-separating Realm expert means no one can judge you? Where have you put Spirit King, the two of you?"

As soon as they heard the words "Spirit King," the expressions of Cloud Highness Dharma King and King of Joyful Sound changed.

In the Southern Realm, they were not afraid of others, which was the reason and basis for their distortion of right and wrong. Because nobody could punish them.

But Spirit King was different.

Spirit King was extremely powerful, reaching the Heaven-appointed Realm cultivation level, like a Heaven-separated Realm Expert's whip of retribution. If Sky-separating Realm Experts dared to overstep, Spirit King would personally punish them.

Cloud Highness Dharma King licked his lips, "I almost forgot about your relationship with Spirit King. But it's a pity, Yang Chen. Spirit King is not in the Southern Realm now, and he may not return in the future. Hehe, today I will kill you here. How could Spirit King know about it?"

"Hold on!" King of Joyful Sound waved her hand, "Yang Chen, let's end today's matter. When enemies become friends, they should reconcile rather than fight. I indeed had harmful intentions towards you earlier, but now that neither of us can take advantage of the other, let's both back down. What do you think?"

"King of Joyful Sound, what do you mean? If Yang truly told Spirit King about today's matter, wouldn't our deeds be exposed, and wouldn't Spirit King have to punish us?" Cloud Highness Dharma King roared angrily.

King of Joyful Sound shook her head, "Never mind when Spirit King will return, even if he knows about this, what can he do? Yang Chen is safe and sound; he won't do anything to us."

Cloud Highness Dharma King did not understand, but as for Yang Chen's strength, King of Joyful Sound knew it very well. If they really fought today, it would be difficult to take Yang Chen's life. In this way, there would be no result from fighting; it's better not to fight.

"Yang Chen, what do you think?" King of Joyful Sound asked softly.

Yang Chen sneered, "King of Joyful Sound, you have a good plan. With one sentence, you want to let things go?"

As for Bao Lu, she had always been accustomed to listening to Yang Chen. Even now that her strength had recovered, she followed suit and asked, "What do you plan to do?"

Yang Chen stared coldly at King of Joyful Sound and slowly said, "King of Joyful Sound, what if I say no?"

King of Joyful Sound spoke coldly, "Yang Chen, think carefully."

"Humph, I've thought it through. King of Joyful Sound, I've told you before, as long as you don't bother me, I won't bother you either, but if you insist on seeking death, don't blame me." Yang Chen spoke with a chilling tone.

King of Joyful Sound decided to let it go today, simply because of Bao Lu. But how could he say that was it?

Otherwise, wouldn't these two think he, Yang Chen, was an easy target?

King of Joyful Sound let out a sarcastic giggle, "Yang Chen, it seems you really don't know anything about me. Very well, I'll show you my strength."

When the conversation ended, King of Joyful Sound unleashed her aura before Yang Chen and Bao Lu could make a move, and two different laws rose around her.

Seeing this, the Ice and Fire Sky Phoenix squinted, "Yang Chen, this King of Joyful Sound is very strong, possessing two complete laws on her body, just like me. Let me deal with her. Can you handle this Cloud Highness Dharma King?"

"Don't worry," Yang Chen replied with his hands behind his back.

Cloud Highness Dharma King?

It was quite a coincidence, as today he would get to know all he needed to know.

Ice and Fire Sky Phoenix had already dashed forward, the two complete laws of ice and fire were evenly matched with King of Joyful Sound's two complete laws.

Meanwhile, Yang Chen and Cloud Highness Dharma King were staring at each other.

"Hahaha, Yang Chen, you really chose not to walk the heavenly path and insist on breaking into Hell. King of Joyful Sound already gave you a chance to live, why didn't you cherish it? But that's fine, now I don't have to worry so much about taking your life." Cloud Highness Dharma King laughed, to him, killing Yang Chen was easy as pie.

But Yang Chen stood with his hands behind his back, calm as usual, "Cloud Highness Dharma King, do you know what? Your mistake in this life is that you shouldn't have tried to protect your incompetent disciple. Of course, it's too late to say anything now. Who lives and who dies, hehe, I'm afraid it's not certain yet."

Cloud Highness Dharma King laughed loudly, showing disdain, "Yang Chen, you really think that just because you've fought on par with me in the past, you can look down on King-level powerhouses? Let me tell you, there's still a long way to go between you and Sky-separating Realm experts."

Chapter 3024 Ten Thousand Beasts Rule_1

Cloud Highness Dharma King's words were filled with absolute confidence.

Although he couldn't do anything to Yang Chen at first, he still had absolute confidence in himself. In his eyes, the reason Yang Chen could resolve his attacks was only because of some special means.

When it came to actual combat power, there was a world of difference between the Boundless Stage and the Half-step Heavenly Leaving Realm, the gap being extremely vast!

As long as he had a few more moves with Yang Chen, his true colors would be exposed!

Seeing Cloud Highness Dharma King's confident expression, Yang Chen chuckled and shook his head. He didn't want to argue too much and simply said: "Cloud Highness Dharma King, have you heard of the saying 'frog in the well'?"

"Huh?" Cloud Highness Dharma King didn't understand at first, but after carefully pondering it, he realized that Yang Chen was mocking him for having limited experience.

In an instant, he was furious. Consumed by anger, he didn't bother with any more nonsense. He attacked Yang Chen with a fierce palm strike.

This palm strike was incredibly powerful, turning into a giant snake on the spot.

As the giant snake appeared, it immediately lunged at Yang Chen. Yang Chen, unfazed, didn't even move and summoned the Deathly Silent Black Wind.

Under the howl of Deathly Silent Black Wind, it rushed from several directions in an instant, slicing the attacking giant snake in half like a blade.

"A giant beast formed by the convergence of rules?" Yang Chen thought to himself.

Cloud Highness Dharma King saw Yang Chen casually dispelling his attack, and snorted coldly, his eyes filled with hatred: "Yang Chen, take another move."

He attacked again, this time a fierce tiger appeared in front of him. The roaring tigers echoed through the mountains, and the surrounding space trembled, making the entire Spirit King Sacred Area aware of the commotion here.

"What happened?"

"What's going on?"

"Such terrifying power, what happened over there?"

Many Boundless Stage Experts sensed the fluctuations in the surroundings first. Upon realizing the situation, they all tried to look in the direction of the commotion, to avoid being caught off guard by the Netherworld Ghosts.

But just as they were about to take action, they were interrupted by a group of King-level powerhouses.

"Stop it, whatever happened over there has nothing to do with you. Just stay where you are." These King-level powerhouses were busy directing their subordinates.

Obviously, they knew what was happening here but didn't want their subordinates to interfere. They also pretended not to see what was going on.

Yang Chen now looked at the roaring fierce tiger in the sky and gradually realized what was happening. To his surprise, his face turned slightly pale. Last time he fought against Cloud Highness Dharma King, the latter indeed hadn't used his full strength, so he didn't even know what the full extent of his abilities were.

But now, it seemed that the Ten Thousand Beasts Rule was being used.

The Ten Thousand Beasts Rule was formed by the Ten Thousand Beasts Dao Intent, which is not an ordinary Dao Intent. It involved the character "beast" — from the Hundred Beasts Dao Intent to the Thousand Beasts Dao Intent.

As for the Ten Thousand Beasts Dao Intent, it was extremely rare, almost invisible, and once transformed into rules, its power could only be described as terrifying.

Yang Chen had heard of the Ten Thousand Beasts Dao Intent, which could transform tens of thousands of fierce beasts' forms and use their primitive power. Each power had its own strengths. One was enough, but tens of thousands were astonishing. It wasn't easy to suppress them.

This was the first time he had ever seen it in person, and Cloud Highness Dharma King's introduction could only be described as awe-inspiring.

Nowadays, as the fierce tiger roared, Yang Chen's ears ached with a tearing pain. In the blink of an eye, the fierce tiger clawed at the void and swept violently towards Yang Chen.

Seeing this, Yang Chen didn't even bother to pay attention and continued to control the Deathly Silent Black Wind.

The fierce tiger was much more powerful than the giant snake just now. With a direct swipe of its claw, it tore the Deathly Silent Black Wind to shreds.

"What?" Yang Chen narrowed his eyes.

The Ten Thousand Beasts Rule was indeed powerful.

However, this fierce tiger could only break through two or three Deathly Silent Black Winds at its limit. Yang Chen controlled far more of them than that. Controlling another one, he instantly sliced the fierce tiger in half.

"Cloud Highness Dharma King, is that all you've got?" Yang Chen said slowly.

Cloud Highness Dharma King licked his lips: "The real show has just begun."

With another press of his palm, hundreds of male lions suddenly materialized in front of him after the fierce tiger.

These hundreds of male lions were all huge in size. Although one might not be as powerful as the fierce tiger, with hundreds of them together, their scale and power were incomparable to the beginning.

The hundreds of male lions rushed towards Yang Chen under the control of Cloud Highness Dharma King, making Yang Chen hurriedly control the Deathly Silent Black Wind. He didn't dare to be careless.

However, when the Deathly Silent Black Wind confronted the hundreds of male lions, the number and power seemed to be insufficient.

The wind was completely shattered.

Seeing the hundreds of male lions tearing at him, Yang Chen could only stomp his foot and instantly spread the Domain of Earth.

"Suppress!"

With the pressure of the Domain of Earth, hundreds of male lions were completely stopped in their tracks. They were suppressed so thoroughly that they couldn't even move their limbs.

Cloud Highness Dharma King tried to control the Rule Power to contend with Yang Chen's Domain of Earth, but each attempt was in vain. This made him feel a chill in his heart. Was Yang Chen really that powerful?

These hundreds of male lions were the crystallization of his numerous rules.

Enraged, Cloud Highness Dharma King hesitated no more and attacked once again.

The trumpeting of elephants rang in Yang Chen's ears, making him look up to see hundreds of elephants forming in front of Cloud Highness Dharma King.

These hundreds of elephants made a thunderous roar under Cloud Highness Dharma King's command, stomping towards Yang Chen.

Yang Chen hurriedly tried to suppress them again with the Domain of Earth, but to his chilling surprise, the hundreds of elephants couldn't be suppressed by the Domain of Earth?

As the Domain of Earth spread, it was already difficult to suppress the hundreds of male lions. Suppressing an additional hundreds of elephants became even more challenging.

Yang Chen didn't dare to control the Space-Time Dao Intent. It was too widespread and it would be a waste to use it to suppress such a large number of enemies.

However, without suppression, he had nothing to deal with the hundreds of elephants.

"It seems that dealing with King-level powerhouses really requires some means." With a frown on his face, Yang Chen waved his palm.

"Five Elements Sky-turning Finger, Wood!"

As the Wood Five Elements Sky-turning Finger descended, the hundreds of elephants were like living targets. In an instant, Yang Chen's finger turned into countless vines that entangled them within the domain.

The hundreds of elephants roared and struggled in vain, unable to break free.

Seeing his attack being resolved once again under Yang Chen's fighting technique, Cloud Highness Dharma King's eyes widened, and he seemed to be on the verge of collapse.

"Yang Chen, you've really angered me!" Cloud Highness Dharma King roared, his body igniting blue flames.

Chapter 3025 Fierce Beasts Taotie_1

Yang Chen narrowed his eyes, knowing that the Yunxiao Law King was about to get serious.

These ten thousand beasts, male lions, and elephants were all created by rules. However, what was created were indeed real elephants, real fierce tigers, and living beings.

Why?

Because this is the law.

The law, in this world, is formed entirely by controlling the power of Heavenly Dao. With the power of Heavenly Dao, there will be wind when wind is desired, and rain when rain is desired. It is a true sense of wind and rain, spreading beans into soldiers, the demeanor of immortals.

The rule of ten thousand beasts is the same. Once the law moves, any beast can be created, and its power is much more terrifying than imagined. It can even create king-level beasts that are on par with Yunxiao Law King.

This is much stronger than the True Mountain King.

After all, a king-level powerhouse who has been rampant on the battlefield for many years must be extraordinary.

Just now, the rules used by the Yunxiao Law King were actually within his acceptable range. But the rules that Yunxiao Law King uses now are obviously much stronger than just now.

After the Yunxiao Law King used the blue flames, his body suddenly separated a clone.

"Tribulation Divine Body? What does he want to do?" Yang Chen had a bad feeling.

After the Tribulation Divine Body separated, it immediately disappeared on the spot and was nowhere to be seen, quite like Yang Chen's use of Tribulation Divine Bodies to release Death Omen Scripture in the rear years ago.

However, Yang Chen is now unable to use the Tribulation Divine Body, and the power of Death Omen Scripture has become less dazzling.

"I must find his Tribulation Divine Body and stop it. Yunxiao Law King's purpose is definitely not simple." Yang Chen thought to himself.

But while thinking about it, Yunxiao Law King didn't give him any chance.

At some point, his body actually turned into an extremely huge White Ape.

This White Ape was as huge as a mountain, and its two arms alone were as strong as a mountain, with blue flames burning all over the body, giving a suffocating feeling.

After transforming into the White Ape, Yunxiao Law King beat his body twice, and then roared in a completely different and rough voice: "Young man surnamed Yang, let you see the real power of this King!"

His foot stomped the ground and roared directly.

This roar, full of endless power, caught Yang Chen off guard, and he was shaken thousands of Zhang away.

That's not all, the White Ape that the Yunxiao Law King transformed into was even faster like a bolt of lightning, stepping in the air. When Yang Chen came back to his senses, it had already appeared above Yang Chen's head, and smashed down with a punch.

Facing this fist, Yang Chen immediately displayed Space-Time Dao Intent to dodge.

However, the ground where he originally stood was already cracked, and a huge hole that went down tens of thousands of Zhang was smashed open.

Moreover, the ground crack continued for hundreds of miles before stopping.

Had it not been for the vastness of the Spirit King Sacred Area, the entire Sacred Area wouldn't be enough for the White Ape's rampage.

However, when Yang Chen's soul sensed it, he found that there were already king-level powerhouses stationed around the area at some unknown time, and the powers that should have swept to the periphery were intercepted by these king-level powerhouses.

Seeing this, Yang Chen shook his head secretly.

That's right.

How could these king-level powerhouses hardly notice the situation here? The reason they haven't interfered until now is that they have just turned a blind eye.

This was enough to see the attitude of these king-level powerhouses.

Even if he contributed so diligently to the battlefield, he was still a pawn that could be discarded at any time.

However, he has never been a pawn.

Nowadays, hiding in space-time and dodging Yunxiao Law King's attack, Yang Chen also looked at the incoming Yunxiao Law King from the air.

"What a strong power!" Yang Chen had to admit that Yunxiao Law King turned into a White Ape was terrifyingly powerful. Even if he wanted to confront it head-on, it would be difficult.

Now that Yunxiao Law King attacked again, Yang Chen swiftly retreated, quickly keeping a distance from Yunxiao Law King.

Immediately, Yang Chen no longer hid his strength, and first displayed the power of the Domain of Earth to its limit.

Boom, boom, boom.

Those hundreds of male lions and elephants were crushed to death.

After that, he spit out the words of the Five Elements Sky-turning Finger of Fire from his mouth!

A finger fell from the sky, heading towards Yunxiao Law King. Yunxiao Law King roared, and faced this finger, waving his giant arm and directly blocking it with his bare hand.

Seeing this, Yang Chen let out a muffled humph, his increased strength still unable to break Yunxiao Law King's wild White Ape state.

"Five Elements Sky-turning Finger, water!"

Seeing that even fire could hardly penetrate, Yang Chen didn't hesitate any longer, and used another finger.

Two fingers were obviously not enough, so Yang Chen whispered again: "Five Elements Sky-turning Finger, earth!"

Three fingers fell simultaneously, completely suppressing Yunxiao Law King.

Yunxiao Law King faced the suppressed force of the three fingers from Yang Chen, and the White Ape's body aimed at the sky, letting out an angry roar. Then it waved its giant arms, contending with Yang Chen's three Five Elements Sky-turning Fingers.

The two of them were at a stalemate in an instant, leaving only the roar of the giant ape in the sky and the glare of Yang Chen's water, earth, and fire powers.

However, three fingers falling together to fight against Yunxiao Law King still seemed difficult to suppress.

Yang Chen's face was already red, and more than half of his rule power was used, but he still couldn't suppress it!

"What a strong power..." Yang Chen took a deep breath: "It seems I have to use this finger."

Of the Five Elements Sky-turning Finger, he had only used fire, wood, water, and earth. Only gold was left, which he had never used.

It's not that he didn't want to use it, but there was no need. The gold finger of the Five Elements Sky-turning Finger is the most powerful one and is also used as Yang Chen's trump card.

Now, after three consecutive fingers failed to suppress, even if he used the wood finger, it would be difficult to achieve the effect.

It's still the gap between the hard powers. The quantity cannot make up for it. Only the strongest means can be used.

"Five Elements Sky-turning Finger, gold!"

When this finger fell, it was accompanied by a golden light coming from a distance. This golden light was like an endless suppressing force, instantly covering the sky and enveloping Yunxiao Law King's entire body.

Yunxiao Law King was able to hold on at first, but the next moment, he was so pressed by Yang Chen's finger that he could hardly get up.

Seeing this, Yang Chen knew that he steadily occupied the upper hand.

But at this moment, his expression changed instantly. A cold wind came from nowhere and turned into a cold sharp edge, piercing his right shoulder directly.

He was already on guard, but still couldn't detect it at the last moment!

Was it Yunxiao Law King's Tribulation Divine Body? What is this thing? The legendary fierce beast Taotie? Yang Chen's pupils shrank.

Chapter 3026 End of the Fierce Battle?_1

Taotie! A legendary fierce beast, considered the king of its kind. Its entire body is brutal and cruel, and it's extremely rare and hard to find in any realm.

Once found, it's almost always necessary to kill it. Otherwise, it's either you or it that dies.

The combat power of the fierce beast Taotie is extremely terrifying. Its natural body size isn't big, probably around the size of a person. However, it's agile and swift, moving silently, and has the ability to control the laws of devouring, destruction, and imprisonment.

Such a talent is more than just formidable. Even compared to the True Dragon Sky Phoenix, there's hardly any difference, not falling short in any aspect.

That's why Yang Chen's face revealed a horrified expression when he saw it.

Because now, Yunxiao Law King's Tribulation Divine Body transformed into this Taotie form. Moreover, the Taotie's body was covered with a dark light, completely enveloping its aura and appearance.

If it hadn't been for the sneak attack, even if Yang Chen carefully searched with his soul, it would have been difficult to detect any clues.

"This is..." Yang Chen's brows furrowed: "So that's it. No wonder, no wonder. I wondered why I was sneak attacked and never noticed it. Yunxiao Law King uses the laws of darkness to encase himself as a fierce beast Taotie, like this. It makes it hard for my soul to notice any abnormalities. Even with the naked eye, I can't detect anything. Yunxiao Law King really has some tricks."

Nowadays, Yunxiao Law King's Tribulation Divine Body is separated, one being the White Ape, and the other being the fierce beast Taotie.

After being sneak attacked by this fierce beast Taotie, Yunxiao Law King's White Ape body regained its breath. On the spot, Yang Chen's Five Elements Sky-turning Finger was unraveled, putting Yang Chen in a dangerous predicament.

The White Ape-like Yunxiao Law King coldly laughed: "Yang Chen, your strength is indeed impressive. Unfortunately, you've already reached your limit by now. Since that's the case, give up and accept your death."

When the conversation ended, the fierce beast Taotie disappeared from its original position.

At that moment of disappearance, Yang Chen had already sensed the coldness in the air.

"Such fast speed!" Yang Chen's expression turned cold.

However, when it comes to speed, it still falls short compared to him.

Yang Chen used his Space-Time Dao Intent and abruptly disappeared from his original location. In an instant, his figure flashed, reappearing above another part of the sky.

"Hmph, Kid surnamed Yang, don't you think your Space-Time Dao Intent is something I was not prepared for?" The White Ape-like Yunxiao Law King had already arrived above Yang Chen's spacetime teleportation spot, swinging his fist down with full force.

This punch came down, causing Yang Chen's whole body to tremble. Just as he was about to dodge with his Space-Time Dao Intent again, the fierce beast Taotie had already appeared behind him. It opened its bloody mouth wide and tore down, devouring all the space around Yang Chen.

"Yang Chen, now that your laws have been imprisoned by my Taotie clone, I want to see what you will use to teleport away." The White Ape Yunxiao Law King laughed heartily.

Yang Chen's pupils shrank, realizing that Yunxiao Law King had undoubtedly planned this scene.

Taotie possesses imprisonment and devouring laws abilities. Just now, when Yang Chen was attempting to teleport using spacetime, his laws were devoured by the Taotie, disrupting his teleportation.

Now that he cannot teleport through spacetime, how will he defend against Yunxiao Law King's attack?

At the critical moment, the self-confident expression on White Ape Yunxiao Law King's face turned into wild laughter, confident that Yang Chen would definitely be smashed into a pulp by his punch.

With a thunderous roar, the punch descended and echoed through all four directions, causing a lingering disturbance.

After the White Ape Yunxiao Law King's punch fell, he let out a triumphant laugh, thinking that Yang Chen had already died at his hands and that a great threat had been eliminated by him.

However, in just an instant, Yunxiao Law King's expression became difficult to maintain his happiness.

"What, where's the person?" Yunxiao Law King's pupils shrank.

Yang Chen was not under his fist's divine power but had already escaped from the most dangerous area just now.

He looked with his soul and suddenly detected Yang Chen's figure far away. As he gazed into the distance, he saw Yang Chen standing calmly from afar, unharmed and composed.

Even the injury on his shoulder had been dealt with and completely healed.

"You, how did you dodge that?" the White Ape Yunxiao Law King asked fiercely.

Yang Chen smiled slightly: "It seems you have to find the answer yourself."

"Good, good, good, Yang Chen, you really have some skills. The old man can play with you a little more. Tribulation Divine Body, go!" Yunxiao Law King tried to control the Taotie to directly bite Yang Chen.

However, when he attempted to control it, he found that around the fierce beast Taotie transformed by his Tribulation Divine Body, there was a solid layer of space confinement, making it unable to move at all.

"What!" Seeing the motionless Taotie clone, Yunxiao Law King was shocked.

"Don't bother looking. Your Taotie clone has been imprisoned by my Space-Time Dao Intent. Just now, when I tried to use spacetime to leave, your Taotie swallowed up most of my laws. It's true that your clone transformed into a Taotie has the ability to devour and imprison laws, but do you really think that my laws, founded on the strongest Dao Intent, can be devoured so easily by a mere fierce beast transformed from your Tribulation Divine Body?" Yang Chen coldly replied.

If it had been the true king-level ferocious beast Taotie, there wouldn't have been a problem.

But this Taotie was formed by the Yunxiao Law King's laws. Although it's real, its strength is based on Yunxiao Law King's law abilities.

Yunxiao Law King's law abilities want to devour Yang Chen's spacetime? It's still not there yet.

So, the moment the Taotie clone swallowed them, its body froze. Yang Chen then effortlessly imprisoned it, using spacetime to completely seal the Taotie. Now, Yunxiao Law King's clone is just a useless shell.

Now, only Yunxiao Law King's main body remains.

Seeing this, Yunxiao Law King felt half of his heart turn cold. As his Tribulation Divine Body was useless, how could he not be anxious? In shock, he shouted angrily: "Yang Chen, do you really think that without my Tribulation Divine Body, you're invulnerable to me!"

After saying that, Yunxiao Law King roared and was about to attack Yang Chen.

But Yang Chen's expression was cold as frost, looking down on Yunxiao Law King from above.

Nowadays, Yunxiao Law King's laws are nowhere near as powerful as they were at their peak, making it simple for Yang Chen to suppress him.

"Yunxiao Law King, it's over!"

Yang Chen waved his sleeve.

"Five Elements Sky-turning Finger, Wood, Water, Gold!"

With a rumbling sound, under the rolling sky filled with clouds, three consecutive rainbows opened up above the firmament.

Chapter 3027 King-level Plea for Mercy_1

These three giant fingers fell from the sky and directly targeted Cloud Highness Dharma King, who was in his White Ape form.

The speed of the giant fingers descending could only be described as fast. Cloud Highness Dharma King didn't have time to react and was hit hard.

"Break!" The Cloud Highness Dharma King roared furiously, his giant White Ape body struggling to try to shatter Yang Chen's three fingers.

But at his peak, it was already difficult for him to resist Yang Chen's three fingers, let alone now in his weakened state.

As Yang Chen's three fingers fell simultaneously, they directly pressed down like a mountain, making it impossible for the White Ape Cloud Highness Dharma King's shoulders to support. His body collapsed instantly.

Yang Chen took this opportunity to unleash the power of the giant fingers, holding the Emperor's Divine Artifact, God-killing Spear, and struck with his spear.

"Ten Thousand Miles Spear!"

The three fingers suppressed, Ten Thousand Miles Spear receded.

This spear was a life-taking one!

Cloud Highness Dharma King was in great difficulty resisting these three giant fingers. How could he resist Yang Chen's Ten Thousand Miles Spear now?

Hit by this spear, the body of the Cloud Highness Dharma King's White Ape was instantly pierced through, leaving a huge gash.

Blood gushed out, and the Cloud Highness Dharma King could no longer hold on. With a whimper, he roared and struggled, but could only be brutally pinned down by Yang Chen's giant fingers.

As for Yang Chen, he held the Slaughter God Spear and came above the body of the Cloud Highness Dharma King.

Now that Cloud Highness Dharma King was suppressed by Yang Chen's giant fingers, his body returned to its original form. As he looked at Yang Chen, his eyes were already filled with fear.

He had exhausted all his means and had no other choice. How could he not be afraid?

And Yang Chen? He was already above his body, holding the Long Spear, as if he was about to take his life. How could he not be scared?

"Yang Chen, you... you can't kill me. If you kill me, the battlefield will lack King-level powerhouses, and the balance of power will inevitably be lost. Then, the situation will surely get out of control." The Cloud Highness Dharma King roared.

Yang Chen didn't pay any attention to him and looked at the trembling body of the Cloud Highness Dharma King with disdain: "So, you're saying, it's okay for you to kill me, but I can't kill you, right?"

When the conversation ended, Yang Chen didn't explain any further. He thrust his spear directly through the air, intending to completely destroy everything about Cloud Highness Dharma King.

However, at that moment, two loud shouts came from the distant sky.

"Yang Chen, my friend, show some mercy. Can you give me and the others some thin face? Spare the Cloud Highness Dharma King this time. His top-level combat power is essential to the battlefield. You must not kill him."

Yang Chen listened to the voice, and his spear paused slightly.

He scanned the souls and found that the people who had come were none other than the Boundless Stage Experts who had been watching the show outside and had turned a blind eye to what had happened today.

Two King-level Powerhouses were coming from afar. When Yang Chen was surrounded, these King-level Powerhouses said nothing. Now that he had stepped on Cloud Highness Dharma King, these few King-level Powerhouses had come forward.

"Heavenly King, Sea of Angry King." Yang Chen narrowed his eyes.

When Cloud Highness Dharma King saw the arrival of these two King-level Powerhouses, he also showed happiness. Now that they had arrived, Yang Chen would not dare to kill him anymore.

He was a King-level Powerhouse, as long as he was there, he was a guarantee for the battlefield.

Heavenly King and Sea of Angry King quickly arrived, and when they saw Yang Chen suppressing Cloud Highness Dharma King with his fingers, they couldn't help but gasp.

Then, Heavenly King immediately stood up and played the good guy with a smile: "Yang Chen, grievances should be solved rather than knotted. As for today's matter, let's just let it go. Dharma King will definitely restrain himself this time..."

Yang Chen looked at Heavenly King, who was now playing the good guy, and sneered.

If it had been earlier, he would have been extremely respectful towards Heavenly King, but now?

"Heavenly King, I have a few questions for you," Yang Chen said coldly.

Heavenly King paused, not knowing what Yang Chen wanted to ask.

"When Cloud Highness Dharma King humiliated me, where were you?" Yang Chen said in a deep voice.

Heavenly King hesitated and had no retort.

"When King of Joyful Sounds and Cloud Highness Dharma King wanted to kill me in the Human's territory, where were you again?" Yang Chen said angrily.

To put it bluntly, these few King-level Powerhouses simply thought of Yang Chen as inferior to Cloud Highness Dharma King, so they hadn't stopped him.

Heavenly King was speechless for a moment, wanting to speak but not knowing what to say.

"Yang Chen..." Heavenly King tried to speak again.

"No need to say more!"

But Yang Chen coldly interrupted, his chilling voice: "Today, I will kill Cloud Highness Dharma King!"

When the conversation ended, Yang Chen's spear passed through Cloud Highness Dharma King's body. The power of the Slaughter God Spear was fully displayed, like countless sharp blades dispersing inside Cloud Highness Dharma King's body, causing him to tremble slightly before exploding on the spot, merging with the air, and turning into nothingness.

Yang Chen took action swiftly and fiercely, with savage dominance. In front of the two King-level Powerhouses, he personally killed Cloud Highness Dharma King.

Cloud Highness Dharma King couldn't believe till his death that Yang Chen would dare to kill him.

But this was the truth!

Cloud Highness Dharma King, a King-level Powerhouse, had fallen!

"I told you a long time ago, it's best not to mess with me!" Yang Chen said in a deep voice.

"Yang Chen, you!" Heavenly King's eyes widened, his teeth clenched in anger, his whole body trembling.

Yang Chen dismissed them with a wave: "The two of you, concerning today's matter, since you didn't interfere in the beginning, it's best not to interfere now. Otherwise, I'll consider you both enemies of mine."

Yang Chen calmly glanced at Heavenly King and Sea of Angry King, and walked away, planning to go and help the Ice and Fire Sky Phoenix and deal with the last King of Joyful Sounds!

Right in front of Heavenly King and Sea of Angry King!

This caused Heavenly King and Sea of Angry King to stiffen.

Sea of Angry King gritted his teeth: "Heavenly King, this Yang Chen is simply not putting us in his eyes. We must punish him severely! Let him know how big the world is!"

"Forget it. What can we do about this child right now?" Heavenly King shook his head: "As he said, we didn't intervene at the beginning. How can we intervene now? Since he doesn't want to give us face, we have no other choice. Yang Chen has the strength to kill a King-level powerhouse and has such a Demonic Beast as an ally. Do you really dare provoke him?"

Upon hearing this, Sea of Angry King shuddered and fell silent.

As Heavenly King said, when it came to Yang Chen's current combat power, they should have stopped him earlier.

Now the situation was set, and it was too late to hold back.

"If we have to blame, we can only blame ourselves for being short-sighted. In the early days, we turned a blind eye to this matter and let it go. We thought Yang Chen was a disposable pawn that we could discard at any time, but in fact, he is not a piece we can measure at all!" Heavenly King said with a bitter smile.

Chapter 3028 Jointly Suppressing the King of Joyful Sound_1

At the beginning, they had a laissez-faire attitude towards the matter.

In their eyes, even though Yang Chen had numerous merit points and a diligent performance on the battlefield, there was still a huge gap between him and Cloud Highness Dharma King!

As a King-level figure, Cloud Highness Dharma King still had a higher status than Yang Chen. It was for this reason that Cloud Highness Dharma King dared to act against Yang Chen without any inhibitions. But now, they had no choice but to take back such thoughts.

Yang Chen's strength had completely changed their foolish and naive thoughts.

Is a Realmless person bound to be weaker than a King-level one?

At the same time, Yang Chen also turned and left without looking back. He was well aware that Heavenly King and King of Angry Seas would not obstruct him on this matter.

At most, they would just show some superficial support at the beginning.

After all, when Cloud Highness Dharma King attacked him initially, these people did not care and only considered their own interests, being indecisive!

Would they interfere with him going after the King of Joyful Sound? The idea was simply ridiculous.

Now, as Yang Chen watched the Ice-Fire Heavenly Phoenix Bao Lu and King of Joyful Sound fight, he narrowed his eyes for a moment.

Bao Lu's current strength had recovered, and she was able to fight evenly matched with King of Joyful Sound, creating a balanced situation.

Four complete Laws were colliding in the sky above, making it a dark and chaotic scene.

Ice-Fire Heavenly Phoenix Bao Lu naturally controlled the two complete Laws of ice and fire, while King of Joyful Sound surprisingly controlled sound and sword!

Nowadays, King of Joyful Sound wielded a sharp sword. When the long sword swung, it was incredibly sharp, and each sword contained Laws. It was the manifestation of Swordsmanship Laws reaching the peak, with astonishing power.

In addition, each sword strike was accompanied by a large amount of sound waves. It was as if the Heaven Scourge Ancient Qin and Yang Chen's Death Omen Scripture had their own unique similarities.

However, King of Joyful Sound's sound wave attack method was obviously much more nimble than Yang Chen's. Almost every sword swing carried sound waves that were not to be underestimated.

It was very likely that even an unremarkable sound could form an offensive, launching a fierce attack on the Ice-Fire Sky Phoenix!

Yang Chen frowned upon seeing this.

King of Joyful Sound's strength was clearly stronger than Cloud Highness Dharma King's. Cloud Highness Dharma King had only comprehended one complete Ten Thousand Hands Law Path. As for the Laws of Darkness, he had only reached the Later Stage of the Law.

Compared to the two complete Laws, there was still a considerable distance.

Yang Chen shook his head secretly, feeling somewhat grateful to Ice-Fire Heavenly Phoenix in his heart. If it weren't for Bao Lu, it would not be easy to resolve these matters perfectly.

At the very least, if he were to fight King of Joyful Sound alone, their chances of winning would be fifty-fifty. The possibility of winning and losing was equal, not guaranteed.

If Cloud Highness Dharma King were added to the mix, he would definitely lose without a doubt!

Now, though King of Joyful Sound was powerful, Bao Lu was not to be underestimated either. Each of the two Laws of ice and fire had created great difficulties for King of Joyful Sound.

When the two of them fought, the surrounding area turned into an icy and snowy landscape.

Yang Chen stood on the side, not in a hurry to take action.

King of Joyful Sound had already noticed him, and his mere presence was enough to put enormous pressure on her. Moreover, the key point was there was no need to act except when there was a chance for a sure-kill!

He had to wait for a sure-kill opportunity!

King of Joyful Sound, of course, sensed all of this. Being besieged by Yang Chen and Bao Lu, she was anxious and could only think of Heavenly King and King of Angry Seas. She shouted, "Heavenly King, King of Angry Seas, are you willing to help me today? In the future, I will surely repay you generously!"

Heavenly King and King of Angry Seas, however, wore bitter smiles and pretended not to hear her.

It was a joke. They were not fools. If Cloud Highness Dharma King were still alive, they might consider it. But now that Cloud Highness Dharma King was dead, there was no need for them to offend Yang Chen and two King-level combat powers for the sake of King of Joyful Sound.

Furthermore, King of Joyful Sound's promise of rewards was vague. Upon reflection, they also realized there didn't seem to be anything on King of Joyful Sound's part that could make them risk their lives.

Seeing that the two of them were not responding, King of Joyful Sound felt a chill in her heart, knowing that the situation was extremely unfavorable for her.

Yang Chen looked at the silent Heavenly King and King of Angry Seas, his expression calm and unsurprised.

This woman should have known that there were consequences. When they targeted him initially, Heavenly King and King of Angry Seas did not speak up. Why did she think that now the situation had become about her, these two would stand up for her?

Yang Chen's lips parted slightly, and he seemed to have sent a sound transmission.

Bao Lu's body paused for a moment, received the sound transmission, then her mouth curved upward, and she slapped towards King of Joyful Sound!

With a soft grunt, King of Joyful Sound held a sharp sword. This precious sword was an Emperor Divine Tool. When it arrived, it swept towards Bao Lu on the spot.

With this sword falling, it was like a storm of swift winds and torrential rain, accompanied by endless sound waves.

Bao Lu transformed into Ice and Fire Phoenix, spitting flames of ice and fire from her mouth. The two collided, making it difficult to separate them.

As the two of them were locked in a stalemate, a huge finger suddenly appeared above the sky, suppressing down heavily. The finger landed directly on King of Joyful Sound's body, making her grit her teeth, knowing that it was Yang Chen who had made a move against her.

"A mere finger wants to harm me!" King of Joyful Sound wielded her sharp sword, and the sword suddenly split into 30,000 pieces. Each sword was extremely sharp and large, aiming to surround and attack the huge finger that Yang Chen had thrown down from the sky, chopping his finger into pieces!

This sword technique was incredibly ferocious, making Yang Chen, who was watching from the side, involuntarily gasp with cold air.

However, after breaking Yang Chen's giant finger, King of Joyful Sound would still have to face Bao Lu.

Bao Lu, unbeknownst to anyone, had already gathered a massive amount of Ice Flames in her mouth. As King of Joyful Sound severed Yang Chen's finger, the Ice Flames suddenly shot out.

Facing these Ice Flames, King of Joyful Sound's expression grew solemn, knowing that they would be difficult to deal with. Her sword split into 50,000 more, all of them carrying Laws, and they swooshed towards the Ice Flames.

A burst of light swords slashed, creating an overwhelming scene.

When King of Joyful Sound dissolved the Ice Flames, Bao Lu's figure suddenly appeared behind her.

"How did you do that?" King of Joyful Sound's pupils shrank, unable to believe that Bao Lu's speed could be so fast.

"Space-Time is everywhere!" Bao Lu giggled.

King of Joyful Sound suddenly realized that it was Yang Chen's Space-Time Dao Intent at work.

But it was too late to react. Bao Lu's Ice Flames directly sprayed onto her body.

King of Joyful Sound hurriedly used law protection, but it was already too late. As her body convulsed, a massive amount of ice had already begun to form. It was trying to freeze her alive on the spot and completely suppress her!

Chapter 3029 Sealing the Soul_1

However, what surprised Yang Chen was that King of Joyful Sound's methods were really profound. Under the attack of Ice and Fire Sky Phoenix's ice flame, he was not completely frozen to death.

One could see that there were still law-like sharp swords surrounding his body, which were ready to break the ice at any time!

Seeing this, Yang Chen also stopped being polite and holding his long spear, he instantly arrived above King of Joyful Sound.

"Domain of Earth, Suppress!"

The Domain spread out, combined with Bao Lu's ice seal, pressed King of Joyful Sound firmly on the ground, making it impossible for him to move!

Although King of Joyful Sound was indeed powerful, facing two king-level combat powers alone, his strength faded rapidly!

When he was frozen, his control over his body was greatly reduced to almost zero, with only the laws struggling to support him. Now that Yang Chen came to use the Domain of Earth, all he needed to do was suppress him a bit more, and everything would be resolved.

Now, King of Joyful Sound gradually calmed down, and there was no more movement in the ice seal!

Seeing this, Heavenly King and King of Angry Seas couldn't help but reveal a hint of surprise in their eyes. Seeing King of Joyful Sound being captured like this, they knew that they would have to change their attitude when facing Yang Chen.

Now, after completely suppressing King of Joyful Sound, Bao Lu also flashed through the air and reached Yang Chen's side.

Yang Chen didn't reply, but simply cast a heavy prohibition into King of Joyful Sound's body.

After that, Yang Chen calmly said, "Remove the ice seal, she is now under my suppression and can't move."

Bao Lu waved her wrist, the law dissipated, leaving only a layer of frost on King of Joyful Sound's body as the ice chunks completely shattered and fell apart.

King of Joyful Sound had already lost his color due to being frozen, and he gritted his teeth as he watched Yang Chen and Bao Lu encircle him heavily.

"Yang Chen, if you want to spare my life, name your conditions. If you don't intend to spare me, there's no need for politeness. If you want to kill or skin me, I'll leave it to your discretion!" King of Joyful Sound said coldly.

Yang Chen didn't expect King of Joyful Sound, a king-level powerhouse on the battlefield, to beg for mercy.

He didn't want to hear King of Joyful Sound beg for mercy either.

Looking at King of Joyful Sound's miserable appearance, Yang Chen shook his head and said, "King of Joyful Sound, your mistake is that you shouldn't be so self-centered."

"Yang Chen, why bother with idle talk? What, you dare not kill me? Don't hesitate to think about it!" King of Joyful Sound sneered.

Yang Chen listened to King of Joyful Sound's words, sneered, and found out why he was fearless for King of Joyful Sound!

Indeed, he dared not kill King of Joyful Sound.

Once King of Joyful Sound died, Hua Wanru would also face the state of having no body, and it would be very difficult for her to survive without a body!

He didn't want Hua Wanru to die either!

It was very difficult, almost impossible, to solve King of Joyful Sound while keeping Hua Wanru alive. As long as King of Joyful Sound's soul was harmed, Hua Wanru would have to die!

The same was true for Hua Wanru and Zhang Xue Lian.

As for the prohibition and seal, they were also impossible. The principle was no different from killing.

"King of Joyful Sound, do you really think that I can't do anything to you?" Yang Chen remained calm and said quickly.

King of Joyful Sound's body trembled slightly, which revealed his involuntary laughter when his body trembled.

"Yang Chen, what can you do? Anything you do to me, your sweetheart will face the same dilemma as me. You should be well aware of that." King of Joyful Sound said coldly.

Yang Chen's mouth curled up, "King of Joyful Sound, you should not have forgotten that I hold the power of spacetime, right?"

King of Joyful Sound was taken aback for a moment, but soon spoke disdainfully, "How long can your spacetime imprison me?"

"I can't imprison you for too long, but I can give this power to Hua Wanru." Yang Chen said slowly with his hands behind his back.

King of Joyful Sound's pupils constricted and said, "Yang Chen, you!!"

At first, she didn't think much about it, but now that she thought carefully, her delicate body trembled, sensing the horror!

"King of Joyful Sound, it's over. Sleep under my spacetime domain!" Yang Chen pressed his palm onto King of Joyful Sound's head.

With her body trembling, a trace of fear appeared in King of Joyful Sound's eyes for the first time.

She was well aware that this was not a joke. Yang Chen really had a way to make her fall into a deep sleep and never wake up again!

At this moment, King of Joyful Sound only showed her fearful expression when a mysterious power flowed into her body, and when this power spread throughout her body, she lost all senses.

Her body collapsed completely.

Yang Chen pressed down on King of Joyful Sound, his spacetime Dao Intent converged, and sent her back to her original residence!

"What did you do to her?" Bao Lu didn't understand what had happened from the side.

Yang Chen slowly said, "I used spacetime to seal King of Joyful Sound's soul and left Hua Wanru's soul."

"How long can your spacetime seal hold King of Joyful Sound? It shouldn't be long, right?" Bao Lu asked in surprise.

Yang Chen smiled faintly, "I gave the spacetime power to Hua Wanru, allowing her to control it and seal King of Joyful Sound at any time. However, after King of Joyful Sound is sealed by spacetime, Hua Wanru won't be able to control her body in a short period of time, and it will take at least half a year."

"Can your spacetime power be given to others so easily? Why not give me some too?" Bao Lu was extremely excited and didn't hesitate to ask for it.

Yang Chen looked embarrassed at those words, glanced at Bao Lu, and coughed, "King of Joyful Sound's body still contains my essence power, which is why Hua Wanru can cooperate with it and use my spacetime power. Are you sure you want it too?"

Bao Lu didn't understand at first, but upon reflection, she realized that Yang Chen and King of Joyful Sound had done those unspeakable things, and they both had each other's essence in their bodies. Indeed, they could use each other's powers!

But first, they had to do it, do such things.

She couldn't just do something so disgraceful with him for the sake of gaining Yang Chen's power, could she?

"Shameless." Bao Lu cursed, "The matter is over, now there's nothing to do with me, this palace is leaving!"

"Aren't you staying for a few more days?" Yang Chen asked doubtfully.

"Helping you out here is already my great mercy. Stay for a few more days? No need. Yang Chen, we are destined to meet again!" Bao Lu just walked away without any hesitation, her body turning into a green light and disappeared on the spot.

She left quickly, but only she knew that the faster she left, the more she missed him.

Watching Bao Lu's casual departure, Yang Chen couldn't help but chuckle, feeling a bit helpless and slightly lost in his heart.

With the end of this storm, it was time for things to wrap up!

Chapter 3030 Another Yang Chen?_1

At the same time Yang Chen dealt with the two king-level powerhouses, in the distant Universe Starry Sky, an unknown planet's sky suddenly flashed like a meteor.

This flash disappeared, and it was clear that it was not a real meteor. When it landed, it could be seen that it was a group of human cultivators with unknown origins.

However, unlike ordinary cultivators, these human cultivators were all strong, able to effortlessly stand above the Universe Starry Sky and move at will.

Now that they have stopped here, if Yang Chen were present, he would definitely recognize one of them.

This person, wearing a white robe, standing with his hands behind his back, not angry but imposing, was none other than Spirit King, who was well-known to Yang Chen.

Spirit King was still the same as usual, but he wasn't the leader of this group. Looking ahead, the one in the front was a hunchbacked elder with white hair and crutches.

Although this hunchbacked elder seemed to have weak Qi and seemed to be at his last breath, the sharpness in his eyes was enough to show that he was not an ordinary mediocre character.

Now that they were here, the hunchbacked elder stroked his beard and said with a smile, "Daoist Spirit King, how much longer will it take to reach your Lingnan Two Realms?"

"Haha, it's less than a month's journey now. If Jin Lao wants to speed up, we may reach the destination in just a few days."

"Hehe, speeding up is not a problem. I've always been swift and decisive in my actions, not liking dilly-dallying. And actually, I'm really curious about this genius you've been boasting about from your Southern Realm, named Yang Chen, and what he's like." The hunchbacked elder said with a smile, but there was a hint of disbelief in his words.

Hearing this, Spirit King smiled slightly: "Jin Lao, you can rest assured that Yang Chen, although young, has great cultivation and talent that will surely satisfy you. At least in my eyes, with his aptitude, joining Taiyuan Palace should not be difficult."

Hearing this, several elders with different appearances and Qi standing behind the hunchbacked elder frowned and said, "Spirit King, your words are not correct. The admission conditions to Taiyuan Palace are extremely difficult, which you also know. You can't just raise the value of an unknown figure and lower Taiyuan Palace in exchange. I know you have the intention of recommending this Yang Chen, after all, he is from your Southern Realm. But our Taiyuan Palace is sacred and cannot be violated."

Spirit King frowned when he heard this. The strengths of the followers behind the hunchbacked elder varied. The weakest were Boundary-less Level, and the strongest had reached the height of the Sky Separation Realm Expert.

While he and the hunchbacked elder were both at the height of the Heavenly Destiny Realm, his strength was clearly inferior to the hunchbacked elder's. Therefore, even he was very respectful to the old man.

As for these Sky Separation Realm Experts, considering themselves as Taiyuan Palace people, they called him Spirit King in their mouths, but there was still some haughtiness in their words, treating him lightly.

Spirit King knew what these people were thinking. No matter how much he praised Yang Chen, they didn't take it seriously, thinking he was just a country bumpkin amusing himself.

The hunchbacked elder waved his crutch: "Enough, you all stop talking. It's normal for a plane to produce an excellent genius. After all, the geniuses of Taiyuan Palace come from different stars. It's just that the outstanding ones might not be so great. Daoist Spirit King, don't misunderstand. I am so interested in this Yang Chen because on the Daluo Celestial Monument, a dark horse emerged, named Yang Chen. It's just the same name as the person you've mentioned. That's why I'm so interested in this person. I'm really curious about the identity of this person with the same name."

Spirit King was also very interested in the Yang Chen on the Daluo Celestial Monument now. Although he knew that Yang Chen was outstanding, he didn't know how outstanding he was. Even he thought that Yang Chen and the Yang Chen on the Daluo Celestial Monument were not the same character.

Because it was too terrifying, the third place in the Daluo Celestial Monument was something everyone knew about.

"Alright, let's speed up a bit. The Netherworld has been wreaking havoc in various realms for too many years. It's better to solve it sooner rather than later..." the hunchbacked elder said solemnly.

When the conversation ended, the group once again transformed into a state of flashing meteors and disappeared without a trace.

...

During this time, the Southern Realm seemed to be calm, but there were earth-shattering changes happening secretly.

Firstly, the fall of the Dharma King led to the entire sacred district under his rule being plunged into fire and water. All the cultivators under the Dharma King's command were scrambling to take refuge under the Pinching King-level powerhouses to save their lives.

Because of the rumors, Dharma King had offended a mysterious figure and was tragically killed.

No one knew who Dharma King had offended, and those King-level powerhouses were tight-lipped about it.

It's worth mentioning that Daoming Tianzun, who was once not-to-be-trifled with as a true inheritor disciple under Dharma King, wanted to flee as soon as he noticed something was wrong. Unfortunately, he was blocked by several Boundaryless Stage Experts under Heavenly King's command, captured alive, and sent to an unknown place, vanishing without a trace.

As for King of Joyful Sound, he fell into a deep sleep, and the entire Three Flowers Sect became much more low-key without a trace.

Apart from that, there was the matter of Yang Chen.

Enlightenment Stage Experts and Nirvana Stage Experts couldn't find out much, but Great Ascension Stage and Boundaryless-level powerhouses could carefully observe some things.

That was, after Cloud Highness Dharma King was killed and King of Joyful Sound remained unconscious, Yang Chen's status rose rapidly. This rise in status came from the courtesy of other King-level powerhouses, as if Yang Chen had already reached a position on par with them.

This made many powerful ones notice the difference and naturally improved their attitude towards Yang Chen.

Yang Chen couldn't help it.

After killing Cloud Highness Dharma King, he had vaguely become a replacement for Dharma King as a King-level combat power of the human race.

Although he was unwilling, the other King-level powerhouses had already surrounded him in this position. Especially Heavenly King, who was even more decisive in his actions. He hadn't even given an order when Daoming Tianzun was sent before Yang Chen.

Regarding this, Yang Chen did not hesitate to wave his hand and kill him without explanation!

Daoming Tianzun couldn't believe it till his death that Cloud Highness Dharma King, a King-level powerhouse, would so easily fall from power.

And he, under Yang Chen's command, was also killed while desperately begging for mercy.

As for Yang Chen, his fall was well deserved!

After that, he temporarily accepted the good intentions of these King-level powerhouses, replacing Cloud Highness Dharma King as a new King-level combat power. This was also the reason why those King-level powerhouses were so respectful to him.
