Chapter 3111 - Different Thoughts_1

Lu Fa Heavenly Venerate and the others finally understood and also sighed with emotion, realizing that Yang Chen was indeed extraordinary.

At least, they really couldn't traverse the Universe Stars like Yang Chen, and they had never even thought about it before.

The three of them looked at each other and immediately revealed a friendly smile: "So that's it, we thought Brother Yang Chen was from the Three Palace Powers."

"Three Palace Powers?" Yang Chen muttered, confused.

"Yes, after all, only the Three Palace Powers can cultivate a genius like Brother Yang Chen." White Eagle Celestial Venerate laughed heartily.

Yang Chen remained calm and smiled, saying, "Everyone is too kind."

In his heart, he wondered about the Three Palace Powers and what kind of forces those were.

"If Brother Yang Chen has any questions, feel free to ask us. Now that you've come to Yunhua Sect, treat this place like home. If you have any requests, please don't hesitate to mention them to the three of us." Lu Fa Celestial Venerate said gently.

Yang Chen didn't believe that these three people would be so kind to him for no reason, so they must have some plans for him.

It must be the benefits that maintain a relationship between people, but at this moment, these three people had no intention of mentioning what they needed him to do or help with. It seemed that their request was not an easy one.

Yang Chen wasn't in a hurry about this. If the three of them didn't say anything, he wouldn't rush to bring it up. Anyway, if it really was beyond his strength, he would never agree.

Lu Fa Celestial Venerate smiled kindly and said, "Since Brother Yang Chen dares to traverse the universe, you must have some understanding of your destination. We can help you see if this is your final destination."

"My goal is the Taiyuan Star System. I don't know if it's in this star system now." Yang Chen was momentarily surprised.

Lu Fa Celestial Venerate laughed, "Brother Yang Chen, you're in luck. This place is the Taiyuan Star System. This Star Domain Interface is called the Myriad Phenomena Realm, also known as the Myriad Phenomena Star. It is one of the forty-two star planes in the Taiyuan Star System."

Only then did Yang Chen breathe a sigh of relief, glad to have arrived at the Taiyuan Star System, avoiding a long and exhausting journey.

"Since Brother Yang Chen has come to this Myriad Phenomena Star for the first time, we have not been able to fulfill our duty as hosts, and I feel sorry for that. What difficulties did you encounter in the Myriad Phenomena Realm that you need our help for?" White Eagle Celestial Venerate asked casually.

Yang Chen sighed emotionally and didn't hesitate to share his problems: "When I entered the Myriad Phenomena Realm, I lost a friend and a few items. I don't know where they might have gone, but it is not easy for me alone to find them. I hope the three of you can help me get some information about them."

Hearing this, Lu Fa Celestial Venerate stroked his beard and pondered for a moment, "I heard from other seniors before that when entering a plane, it is indeed quite likely to encounter accidents and lose items if one cannot withstand the spatial turbulence perfectly. As for these items, I hope Brother Yang Chen can give us a brief description. From now on, you can leave the matter to us."

Yang Chen was overjoyed and did not hesitate to give a brief description of Murong Qi, Slaughter God Spear, and the lost Storage Bag he wanted to find.

Of these three items, the most precious was the Slaughter God Spear, which was his Life-bound Divine Artifact. These three people would have to be out of their minds to try and swallow it whole.

"So, it turns out to be an Emperor Divine Tool, a Storage Bag, and a close confidant of Brother Yang Chen. These are so important that we will do our best to help Brother Yang Chen find them," said Lu Fa Celestial Venerate solemnly.

"In that case, thank you to the three daoist friends." Yang Chen immediately expressed his gratitude, and didn't elaborate on the close confidant issue.

"Alright, White Eagle junior brother, you arrange a place for Brother Yang Chen to stay first. Give him the treasure land in the back mountain for cultivation as a temporary residence. Brother Yang Chen must be tired from coming all the way to Myriad Phenomena Star and needs some rest." Lu Fa Celestial Venerate ordered.

White Eagle Celestial Venerate quickly stood up to receive Yang Chen.

But Yang Chen was suspicious, the three people only helped him but didn't express their own requests in advance, which made him even more puzzled. Apparently, the matter these three people wanted him to help with was far from simple.

Now, White Eagle Celestial Venerate and Yang Chen left.

Lu Fa Celestial Venerate and his junior brother Bai Sheng Celestial Venerate also looked at each other, discussing the matter.

Bai Sheng Celestial Venerate knitted his brows, "Senior brother, why did you only help him with his tasks, and not mention our own? This Yang Chen is not an unreasonable person. It is only natural for people to help each other. If you keep hiding, I'm afraid it will scare the kid."

"You think I haven't considered that? The matter we want to do involves that Sir. It's not something we can decide lightly. And if we tell this kid upfront, he might think it's troublesome and refuse to agree." Lu Fa Celestial Venerate shook his head.

"However, we can't just help this kid for no reason." Bai Sheng Celestial Venerate said helplessly.

Lu Fa Celestial Venerate laughed, "At first, I thought the same way, but if you think about it, what have we sacrificed to become friends with Yang Chen? All he asked us to do was find three people, and even if we put in a lot of effort, it's still just manpower. How much does manpower matter? For us, either way, it's not a loss-making deal. Even if the transaction fails, do you really think Yang Chen achieved his strength at such a young age by accident? He must have an extraordinary background, and becoming friends with him is definitely the right choice."

"Moreover," Lu Fa Celestial Venerate spoke with an experienced tone, "once we succeed in one thing and need Yang Chen's help again, wouldn't the chances of success be much higher?"

Bai Sheng Celestial Venerate was slightly stunned, "Senior brother is really thoughtful. I just hope this kid called Yang Chen is not a heartless person who will leave as soon as he gets some benefit, and we won't have any recourse."

"If he's really the kind of person who takes advantage and runs away, then I wouldn't want to entrust him with something that important," Lu Fa Celestial Venerate smiled.

Bai Sheng Celestial Venerate understood instantly, nodded, and sighed softly, "Senior brother is indeed a master schemer. It's just not clear what background this kid has."

"To be able to attain such strength at such a young age, I can only think of that Sir. Unfortunately, Yang Chen's strength is still a bit weak, and he has not yet comprehended the Power of Laws. There's a huge difference between having and not having Laws. It's hard to say whether he'll be able to help us in the fight." A hint of worry appeared on Lu Fa Celestial Venerate's face.

Chapter 3112 - Sword Servant?_1

Yang Chen, under the guidance of White Eagle Celestial, temporarily settled down in Yunhua Sect.

As he settled down, Yang Chen became quite curious about the purpose of these three brothers, White Eagle Celestial and his friends. However, the three of them never mentioned this matter in the past few days.

But that being said, the three of them treated him very well, making Yang Chen feel a bit embarrassed.

He had tried to ask indirectly, but never got a definite answer.

This made Yang Chen not anxious, he decided not to ask if they didn't mention it. Anyway, they had to tell him sooner or later, and if it didn't meet his bottom line, he could leave.

Just like that, time flew by quickly, and a month passed.

It has to be said that coming to Yunhua Sect this time was indeed a wise choice for him.

Previously, he had been worried about various lost items, so he came to Yunhua Sect, but he didn't expect the conditions offered by these three brothers of Yunhua Sect to be quite good.

Just after a month, White Eagle Celestial came knocking on the door with a big smile and said, "Brother Yang Chen, I have found one of the lost items you were looking for."

Seeing White Eagle Celestial delivering such good news, Yang Chen was overjoyed, "What? Which item was found?"

White Eagle Celestial originally had his hands behind his back, but when he stretched out his hand, he magically produced a storage bag.

Upon seeing the storage bag, Yang Chen immediately understood what was going on.

"This is the storage bag I lost. Fellow Daoist White Eagle's abilities are truly great, helping me find this item. Thank you so much." Yang Chen was delighted.

White Eagle Celestial laughed, "Actually, it was not difficult. Most importantly, we had good luck. I sent someone down who found it in a high-end Chamber of Commerce auction in Tali Country. They were auctioning off some of the elixirs Yang Chen had stored in his storage bag, which even caused a stir in Tali Country. As for the elixirs, even I was tempted. However, after all, what matters are the treasures, and even though they were beautifully seductive, they were rightfully Yang Chen's property. So I personally went to investigate."

"I didn't expect it to be really related to Yang Chen's lost storage bag. Not long ago, the people of the Chamber of Commerce found the storage bag in an unknown place. Originally, they wanted to make a fortune from it, but it is unfortunate that they missed the chance since these items belong to Yang Chen. They simply failed in making a fortune." White Eagle Celestial explained everything without any omissions.

Yang Chen sighed, feeling that his luck was really good.

"Unfortunately, a few elixirs in this storage bag are missing, and they have been auctioned off. Our Yunhua Sect can't take them back either. If Yang Chen finds it inappropriate, Yunhua Sect can arrange to compensate you." White Eagle Celestial said.

At this moment, Yang Chen had checked the storage bag and found that there were indeed a few missing elixirs.

However, these were all small matters. How could he demand compensation from someone who had done him a favor? He said, "Thank you, White Eagle Brother, for helping me find my storage bag. I am already very grateful. This compensation is just a joke."

"Haha, since Brother Yang Chen doesn't mind, then I will take my leave. I won't bother you." White Eagle Celestial left after cupping his hands.

Now that he had the storage bag, Yang Chen secretly shook his head.

With his character, owing someone such a great favor was not good if he didn't repay it.

White Eagle Celestial had helped him so much that if Yunhua Sect needed his help, he couldn't reasonably refuse.

He still didn't know what exactly Yunhua Sect wanted him to help with.

But now, since he had the storage bag, there was no need to rush. The storage bag contained many precious elixirs.

With these elixirs, his return to his peak strength would be incredibly simple.

Yang Chen smiled with delight, opened the storage bag, took out the elixirs, and began refining them.

With the elixirs he had refined and treasured during his peak to help him recover, it was only a matter of time before he returned to his peak strength.

In less than ten days, his strength was perfectly restored to the Middle Boundaryless Stage.

His understanding of the laws had also fully returned.

Once again sensing the power of the laws, Yang Chen could finally breathe a sigh of relief.

With the laws understood, he had the qualifications to survive in the hands of King-level powerhouses. Only then could he truly exist within a realm, otherwise he would still feel uneasy.

In this way, another dozen days passed.

At long last, White Eagle Celestial couldn't sit still anymore and began to come again.

Yang Chen guessed that White Eagle Celestial must have had a purpose for coming this time. It seemed that their goal this time was the real deal.

"Daoist friend Yang Chen." White Eagle Celestial's smiling face appeared as he entered without any awkwardness.

"What brings Fellow Daoist White Eagle here?" Yang Chen asked amiably.

White Eagle Celestial, after hearing this, no longer concealed his intentions: "Brother Yang Chen, you must have guessed some of it. Our Yunhua Sect helped you this time, actually wanting you to help us in return."

"I understand, but I wonder how White Eagle Brother wants me to help?" Yang Chen said calmly.

White Eagle Celestial paused for a moment, then said, "Brother Yang Chen, do you know why our two senior brothers can't leave the great formation?"

"Why?" Yang Chen asked with a puzzled face.

"It's because deep underground of our Yunhua Sect, there is a secret place. We call it the Sword Tomb Land." White Eagle Celestial explained.

"The Sword Tomb Land?" Yang Chen was stunned.

White Eagle Celestial's smile was bitter, "Yes, the Sword Tomb Land. It's normal for Brother Yang Chen not to understand. I'll start from the earliest days. Countless years ago, our Yunhua Sect was founded by a man named Xiao Qingfeng. At his peak, our ancestor Qingfeng reached the Heavenly Extreme Realm and was unmatched in his sword techniques. Almost no one could rival him in sword dao."

Yang Chen narrowed his eyes, surprised to learn of Yunhua Sect's history.

"After the great tribulation, our ancestor directly turned his myriad sword laws into innumerable sword servants, along with his world, sealed under the mountain peaks of Yunhua Sect, leaving this great formation as a shelter." White Eagle Celestial explained slowly.

Yang Chen, however, was still puzzled, "Sword servants? What was the purpose of the ancestor turning laws into sword servants?"

"Since sword servants contain the ancestor's sword laws, if someone could defeat the sword servant, they would have the chance to comprehend the true essence of the ancestor's laws. This is the most

precious legacy the ancestor left for the future generations. Sadly, we, the younger generation, have been less than respectful to his legacy..." White Eagle Celestial shook his head.

Chapter 3113 - Divine Night Sect_1

Yang Chen couldn't help but smile secretly, unable to deny the fact that the younger generation of Yunhua Sect was indeed incompetent.

Their ancestors were at the Heavenly Extreme Realm, and if these juniors were a little more competitive, there should have been a powerful cultivator at the Heaven-separated Realm to watch over them.

But now, the most powerful cultivator in the entire Yunhua Sect was only at the Realmless stage. It was clear that the sect had fallen into decline.

However, the Taiyuan Star System was indeed astonishing. Even within a single plane, there existed powerhouses at the Heavenly Extreme Realm, which showed the strength of the Taiyuan Star.

After all, throughout history, there had never been any Heavenly Extreme Realm cultivators in the Lingnan Two Realms.

Although he thought this way internally, Yang Chen naturally wouldn't say it out loud. He appeared calm and composed as he consoled, "Times have changed, and even the most powerful dynasties will eventually collapse. White Eagle Brother, you don't need to blame yourself. This is just the cycle of rules, the flow of the Great Dao, which cannot be changed by one person's power."

"Brother Yang Chen's words are very reasonable, we should focus on the main issue at hand." White Eagle Celestial Venerate cupped his hands in agreement.

Upon hearing this, Yang Chen still had some doubts, "So, Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate cannot leave the formation core because of the Sword Servant World?"

"Exactly. This world was specifically created for our ancestor and after the ancestor's fall, this world should have gradually turned into a star domain interface, but it was sealed here, requiring a certain price to be paid. The price is that this unique Great Formation provides energy to the world separately. But to maintain the operation of this Great Formation is no simple task, it requires a huge amount of

Heavenly Materials and Earthly Treasures, as well as at least two Realmless powerhouses to garrison at the core of the formation day and night."

After saying this, White Eagle Celestial Venerate also sighed with regret, "This has also put our Yunhua Sect in a very awkward position for countless years. To be honest, there are almost no inheritors for this Sword Servant World. But if we give up, it would go against our ancestor's dying wish, so it's a difficult decision to make."

Now Yang Chen understood why the Yunhua Sect had declined.

If just maintaining the operation of the Sword Servant World required a large amount of materials and manpower, it would make sense for the Yunhua Sect to fall into decline.

"I have some ideas about this Sword Servant World. But why did you all look for me?" Yang Chen asked with a puzzled expression, "I don't know much about sword dao."

White Eagle Celestial Venerate chuckled, "Brother Yang Chen, you misunderstand. We asked for your help not just because of the Sword Servant World, but also because of another important person."

"Another important person?" Yang Chen was taken aback.

"Yes, this person comes from Divine Night Sect. I wonder how much Brother Yang Chen knows about the Divine Night Sect?" White Eagle Celestial Venerate asked.

"Divine Night Sect?" Yang Chen was slightly startled, "I don't know much about this power."

"Then Brother Yang Chen must be familiar with Grand Abyss Palace," White Eagle Celestial Venerate explained in detail.

Yang Chen nodded, "I am quite familiar with the Grand Abyss Palace."

"The Divine Night Sect is on the same level as Grand Abyss Palace," White Eagle Celestial Venerate said with a gentle smile.

Yang Chen was slightly taken aback, "On the same level?"

"Brother Yang Chen must be wondering why there's another power on par with Grand Abyss Palace in this world," White Eagle Celestial Venerate stroked his beard.

Yang Chen did not deny it and nodded, "That's right. Although my experience is limited, I am quite clear about the matters regarding Grand Abyss Palace. It's supposed to be the first power among the Ten Thousand Realms. Now, there's another Divine Night Sect on par with it, which is quite different from what I knew before."

White Eagle Celestial Venerate laughed heartily, "Brother Yang Chen, it's normal that you don't know about these things. Indeed, in the eyes of countless people and everyone in the Ten Thousand Realms, the Grand Abyss Palace is the first power and there are very few who can compete against it. But they don't know that behind the maintenance of order in the Ten Thousand Realms, making the Taiyuan Star System the core hub of the realms, it's not solely the credit of the Grand Abyss Palace."

"What do you mean?" Yang Chen asked, puzzled.

"In the Taiyuan Star System, there are three major powers. These three powers are the Grand Abyss Palace, Divine Night Sect, and Heavenly Melody Mountain. They are the three major powers of the Taiyuan Star System. It is rumored that these three powers used to be a part of a single power, but later separated, and also rumored that these three powers were formed by different forces from the Ten Thousand Realms gathering in the Taiyuan Star System. In short, there are many sayings about their origin."

White Eagle Celestial Venerate sighed with emotion, "These details, however, are not important. What is important is that these three powers have reached an agreement: Grand Abyss Palace manages the outside world, Heavenly Melody Mountain manages the inner world, while Divine Night Sect secretly oversees the order."

"I can understand the inner and outer management, but what does overseeing order mean?" Yang Chen asked, puzzled.

White Eagle Celestial Venerate shook his head helplessly, "Brother Yang Chen, the chaos in the Ten Thousand Realms is unimaginable. In the end, the three major powers can only stabilize their human forces and prevent them from causing disturbances. But what about the forces of other races? It's a mess. While some can be controlled, the Ten Thousand Realms are so vast that the Taiyuan Star System can't manage everything."

Yang Chen was stunned, as this was completely different from what he knew before.

He frowned and said, "But I have heard that the Taiyuan Star System can manage the entire Ten Thousand Realms..."

"That's just a saying. In reality, the Ten Thousand Realms are so vast that the Grand Abyss Palace can only provide a deterrent to some forces and can't maintain complete control. This is not a secret. Telling you about it today doesn't matter," White Eagle Celestial Venerate said.

Yang Chen took a deep breath and sighed with emotion.

It seemed that he wouldn't fully understand the situation until he came to the Taiyuan Star System.

It made sense; if the Grand Abyss Palace really had such a strong influence, why would the Netherworld Spirit Gods cause so much havoc under their watch?

Especially the Sky Annihilation Ghost King who dared to put pressure on Gold Leisure True Person not long ago. This showed that the authority of the Grand Abyss Palace was not as terrifying as he thought and what the rumors proclaimed.

"So, in short, Grand Abyss Palace usually deals with matters within the human plane, while Heavenly Melody Mountain manages the affairs in the Taiyuan Star System region. As for the Divine Night Sect, they deal with the most troublesome issues, like planes that are too unstable due to foreign races. However, no matter what these three major powers do, they only usually announce their actions under the name of the Grand Abyss Palace. This is done to confuse the foreign forces that the three powers are actually unified," White Eagle Celestial Venerate said with a sigh.

"What about the actual situation?" Yang Chen asked.

"In reality? The three major powers are far from being united. Although they don't openly distrust each other, they are on the edge of suspicion. Mutual trust is far from their current relationship. They are simply bound together by their respective interests, which is why they are collectively called the three major powers, guarding the Taiyuan Star System and the core of human forces in the Ten Thousand Realms," White Eagle Celestial Venerate explained.

Chapter 3114 - The Isolated World_1

Yang Chen's thoughts gradually became clearer.

As for Bai Ying Celestial Venerable, he wanted to say more, but suddenly he seemed to realize that continuing would be inappropriate. So he coughed twice and said, "Alright, I only know this much. You don't need to take these things seriously, Brother Yang Chen. The survival of human forces is not something that we, the experts of the Boundless Stage, can decide. I just got carried away."

It was evident that Bai Ying Celestial Venerable realized he had explained a bit too much.

He smiled faintly and said, "Speaking of which, the respected one I mentioned earlier is from the Divine Night Sect. As for who this respected one is, when they arrive in a month, Brother Yang Chen will know. I don't know how to describe them, but after careful thinking, I can only use the words 'peerless elegance'."

Yang Chen felt mysterious but didn't ask more questions.

He asked with his hands behind his back, "What does this respected one have to do with the Sword Servant World?"

"This respected one, who has reached the Boundaryless Cultivation level at a young age, has been invincible all the way. However, they recently suffered a defeat and couldn't accept it. They tried every possible means to strengthen their cultivation level. This person happened to be a Sword Daoist, so they set their sights on the Sword Servant World of my Yunhua Sect," said Bai Ying Celestial Venerable with a bitter smile.

Yang Chen stroked his chin. If the Divine Night Sect was as powerful as Bai Ying Celestial Venerable said, even an expert of the Boundaryless Stage would be a huge existence in the eyes of the Yunhua Sect.

This was similar to how the Nirvana-Stage Heavenly River Venerable, from the Yunhua Sect, was above the two major clans of Yue City.

Bai Ying Celestial Venerable continued explaining, "Being a Sword Daoist with an unfathomable level of swordsmanship, I fear that even I and my three senior and junior brothers might not be a match for him. He has set his goal on the Sword Monarch King of the Sword Servant World, and demanded that we clear out the surrounding Sword Servants within a month. Right now, we are worried about the Sword Servants."

"Sword Servants and Sword Monarch King? What are their strengths?" Yang Chen asked, taken aback.

He was genuinely curious about who the genius expert of the Divine Night Sect was, making Bai Ying Celestial Venerable feel inferior, even stating that the three of them might not be a match for him.

It seemed that this person might be someone on the Great Luo Celestial Stele.

"As for Sword Servants, they are roughly equivalent to humans at the Middle Boundaryless Stage," Bai Ying Celestial Venerable said with a bitter smile.

"What!" Yang Chen couldn't help but gasp.

Bai Ying Celestial Venerable said helplessly, "These Sword Servants possess the power of laws, so they can naturally sweep through the Middle Boundaryless Stage at the very least. Moreover, they come from the power of laws of our sect's Ancestor Xiao Qingfeng, and the stronger ones, the Large Sword Slaves, can even sweep through the Late Boundaryless Stage."

"How many Sword Servants are there?" Yang Chen asked, puzzled.

Bai Ying Celestial Venerable sighed bitterly, "There are hundreds of them near the Sword Monarch King."

Yang Chen couldn't help but feel sorry for Bai Ying Celestial Venerable and his companions.

Encountering this treasure left by their ancestor, the three of them were truly in a predicament. Hundreds of Sword Servants were equivalent to hundreds of Boundaryless Stage experts, making them seem like insurmountable giants. Even if Bai Ying Celestial Venerable could comprehend the Dao meaning of Sword, they might not be able to do anything about these Sword Servants.

Yang Chen asked again, "What about the strength of the Sword Monarch King?"

"Capable of defeating ordinary Sky Separation Realm experts," Bai Ying Celestial Venerable said.

Yang Chen raised his eyebrows.

"Is this respected one from the Divine Night Sect really so powerful? Daring to challenge the Sword Monarch King, who is at a level comparable to the Heaven-separated Realm?" Yang Chen asked solemnly.

"Of course, this respected one is among the top ten existence on the Great Luo Celestial Stele. However, the Sword Monarch King lacks spiritual intelligence. So challenging it is much easier than challenging regular Heaven-separated Realm experts," Bai Ying Celestial Venerable explained. Yang Chen suddenly realized, no wonder, just as he thought, it really was the existence on the Great Luo Celestial Stele.

He now directly asked, "White Eagle Brother's intention is for me to help clean up these Sword Servants as well?"

"Indeed, with the three of us senior brothers joining forces, it is almost impossible to clean up these Sword Servants within a month. Even if we can't do half, Brother Yang Chen's participation adds some strength. If we can't clean them all, clearing half would still be acceptable in reporting back to the master," White Eagle Celestial Venerate's gaze fell on Yang Chen and tried to see if he agreed.

"The number of more than a hundred is a bit too much." Yang Chen furrowed his eyebrows.

White Eagle Celestial Venerate hurriedly said, "Brother Yang Chen can rest assured, these Sword Servants have no intelligence, so dealing with them is a little easier than ordinary Boundaryless Stage Experts. And with the four of us, as long as we take them out one by one, there will be no danger to our lives."

In fact, even if he had to deal with hundreds at once, with Yang Chen's current strength, it wouldn't be too much to fear. It's just that he wasn't desperate enough to risk everything for a Storage Bag he had found.

But now, there were fewer concerns.

Yang Chen said, "If that's the case, Yang Mou has no reason to refuse, the three of you have treated me fairly well, I will help you this time."

"That's great! There's no time to waste, Brother Yang Chen, come with me." White Eagle Celestial Venerate was overjoyed and secretly thought his eldest senior brother's strategy was good.

Now that Yang Chen had received some benefits, it was hard for him to refuse, since his Storage Bag had been found.

At this moment, Yang Chen followed White Eagle Celestial Venerate to the core of the Formation.

Just as the two arrived, Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate revealed their smiles, knowing that everything had been settled and were overjoyed.

"Senior Brother, Junior Brother, Brother Yang Chen has agreed to help us." White Eagle Celestial Venerate laughed.

"We are really grateful to Brother Yang Chen." Lu Fa Celestial Venerate cupped his hands.

"Brother Lu Fa, you are too polite. I am only returning the favor." Yang Chen said calmly with his hands behind his back.

Bai Sheng Celestial Venerate followed up, "In that case, let's enter the Sword Servant World first."

Yang Chen had no objection and, in fact, was quite curious about this Sword Servant World and what kind of world it was.

After all, it was a separate world created by a powerful individual. He had heard of it before, but he had never seen it in person.

As he marveled at it, Lu Fa Celestial Venerate had already begun casting the spell.

The three of them were originally at the center of the mountain peak. But after Lu Fa Celestial Venerate cast the spell, the entire peak suddenly collapsed.

A black formation filled with intricate power, with lightning flashes interwoven, appeared before their eyes.

"This Formation is connected to the Sword Servant World. Let's go." Lu Fa Celestial Venerate jumped in.

Seeing that there was no problem with the Formation, Yang Chen also entered it.

Suddenly, the scene changed, and when it reappeared, Yang Chen felt as if he had entered an unknown world.

There were no real air, water, sky, clouds, sun, or moon. They all seemed like decorations, with a false appearance but no rules to follow within.

This made Yang Chen secretly frown. Stepping into a world created by a powerful expert for the first time, he felt as if he was back in the Mountain and River Destruction Map.

Chapter 3115 - Too Weak!_1

In the end, Yang Chen couldn't explain why he had such a feeling.

However, after some careful thinking, Yang Chen had some conclusions in his heart.

The similarity between this place and the Mountain and River Destruction Map was not a coincidence. But the Mountain and River Destruction Map was just a treasure...

This Sword Servant World, on the other hand, was a world - a world opened up by a Heavenly Extreme Realm powerhouse.

"Hmm, wait a minute." Yang Chen's pupils suddenly contracted as if he had thought of something.

According to the rumors about the Spirit Realm, the Mountain and River Destruction Map was created by Hua Qingfeng and infused with his own Immortal Qi. Later, Hua Qingfeng had ascended and left the Spirit Realm, his whereabouts unknown.

These things were actually just rumors. With his current perspective, the so-called ascension was just a rumor, and the Flying Immortal Realm was just a fabrication, not worthy of being considered true.

What's more, the key was that the Mountain and River Destruction Map was created by Hua Qingfeng.

It was neither a Xuan Tian treasure, nor the divine weapon of any species. It was not a Supreme Divine Artifact, King Divine Artifact, or Emperor Divine Artifact either.

So, what was it?

Now that this Sword Servant World and the Mountain and River Destruction Map have given birth to the same feeling, could it be that...

Yang Chen recalled everything about the Mountain and River Destruction Map, which could accommodate oceans and mountains, and suppress Peng Wanli within it!

"It seems that Hua Qingfeng's strength was even more extraordinary than I had imagined. After all, he had forced the King of Hell back to the Netherworld back then, and the King of Hell's strength... how

terrifying must it be? And, in the end, I know too little about the strength level of the Heaven-appointed Realm and Heavenly Extreme Realm."

Now, looking around, Yang Chen didn't miss any chance to observe.

The Sword Servant World was quite different from the Mountain and River Destruction Map. The main difference was the laws. The Mountain and River Destruction Map had no rules within the entire world, like a blank piece of paper.

But this Sword Servant World seemed even more solemn, as the whole world was filled with a law that ordinary people could easily recognize at a glance.

This law was the Sword Law.

This Sword Law constructed the entire world so that every step one took, one would feel deeply immersed in the ocean of swords.

Lu Fa Celestial Venerate walked ahead, and the four of them hadn't taken more than a few steps when they stopped.

Because there were people with intersecting figures standing boldly in front of them, their bodies were blue, wearing simple and ancient clothes. They seemed like humans but had dull, lifeless eyes.

These people floated in the air, holding a blue sword that matched their body color. Standing there, they seemed like sharp swords themselves.

"So this is a Sword Servant?" Yang Chen stared at them unblinkingly, trying to see some clues.

However, he didn't see any clues. All he saw was the thick, terrifying Sword Law.

This law was not simple.

"Yes, these are Sword Servants. The Small Sword Servants move around the periphery, and their strength is only at the mid-stage of Realmless. It is not difficult for two of us to deal with one. What we need to be careful of is the Large Sword Servant. The Large Sword Servant is much larger than the Small Sword Servant. Moreover, their patrolling area is much wider than that of the Small Sword Servants," said Lu Fa Celestial Venerate.

Yang Chen looked and found that these Sword Servants really held sharp swords and patrolled back and forth. However, their patrol range was limited, mostly just small circles.

As for the larger Large Sword Servants, he hadn't seen them yet.

"The two of us will form a group later, lure the Small Sword Servants out, and solve them one by one. We must be careful with the Large Sword Servants' patrol. If a Large Sword Servant approaches, retreat immediately and do not confront them. The strength of the Large Sword Servants is quite powerful. We have to gather the strength of the four of us to suppress them," Lu Fa Celestial Venerate said with caution.

White Eagle Celestial Venerate and the others knew about these things already, but the main purpose was to tell Yang Chen.

Yang Chen appeared very calm, with a slight smile: "I understand."

"Alright, let's not delay, we will form groups of two. I will team up with Hundredfold Junior Brother, White Eagle Junior Brother, you team up with Yang Chen. You two must not be too aggressive and act cautiously." Lu Fa Celestial Venerate looked at White Eagle Celestial Venerate, his meaning already very clear.

After all, Yang Chen's strength was only at the early Boundaryless Stage. The two of them had to be cautious when cooperating.

White Eagle Celestial Venerate naturally understood, and immediately cupped his hands: "Senior brother, rest assured, leave it to me."

Only then did Lu Fa Celestial Venerate relax his mind and went with Bai Sheng Celestial Venerate to lure out the Small Sword Servants.

White Eagle Celestial Venerate and Yang Chen together, said lightly: "Yang Chen, let's start. You have never dealt with Sword Servants before, so when we take action later, remember to listen to my commands. Although these Small Sword Servants have no intelligence, it is precisely because they have no intelligence or fear that they are difficult to handle without emotional fluctuations.

"I see," Yang Chen said gently.

Hearing this, White Eagle Celestial Venerate took a step forward, carefully lured a small Sword Servant over.

Indeed, these Sword Servants had low intelligence. Under White Eagle Celestial Venerate's cautious approach, they were quickly lured over.

As soon as the Sword Servant came over, it displayed fierceness and attacked with a sword. Accompanying it was the Sword Law!

White Eagle Celestial Venerate immediately summoned a light shield with a wave of his sleeve. When the light shield appeared, it contained the power of various laws. It was obviously his Life-bound Divine Artifact.

This Life-bound Divine Artifact collided with the Sword Servant's Sword Law and successfully blocked it.

However, White Eagle Celestial Venerate also seemed quite strained, retreating several steps while defending.

Seeing this, White Eagle Celestial Venerate yelled, "Yang Chen, I'll hold him off. You watch from the side and look for opportunities."

White Eagle Celestial Venerate didn't expect Yang Chen to be able to kill the Sword Servant, but only hoped that he could create some openings.

This made Yang Chen secretly shake his head. To be honest, these Sword Servants were difficult for Lu Fa Celestial Venerate and the other three to deal with. Every time they lured one out, they treated them as formidable enemies, as if they had encountered a terrible opponent.

But for him, it was a different story.

These Sword Servants, even if his strength had not yet recovered to its peak, would hardly arouse much interest.

Very weak, not worth a hit!

However, Yang Chen didn't have the intention to show off. He merely expanded his Domain of Earth a little bit.

In an instant, the previously unscathed Sword Servant, who had been attacking White Eagle Celestial Venerate with all its might, suddenly became stiff and slowed down on the spot.

"White Eagle Brother, I am skilled in a secret technique that can restrain people. Seize the opportunity!" Yang Chen said.

White Eagle Celestial Venerate was dumbfounded for a moment, unable to believe that the Sword Servant could be controlled so easily

Chapter 3116 - The Upgrade of the Nine Heavens Wind and Thunder Sword_1

Even though he couldn't believe it, the truth was right in front of him, and from his perspective, Sword Servant, who should have been difficult to be restrained, was now slow in action and full of flaws.

In this state, it was a piece of cake for him to defeat the Sword Servant. It couldn't be any simpler.

Could it be that Yang Chen wasn't good at anything else but happened to be proficient in some prohibitive methods?

White Eagle Celestial Venerate didn't think much of it at the moment, as there was no time for him to think about it. He immediately took action like a thunderbolt, piercing the Law with a hammer-like hit, surging like a tide, and sweeping towards the Sword Servant to suppress it.

White Eagle Celestial Venerate's methods were indeed rare and unusual; it was a highly strange Destructive Law. With a single heavy blow, the entire space seemed to be trembling, and the effect was even more remarkable.

Already tightly restrained by Yang Chen, the slow-moving Sword Servant now appeared like a character to be slaughtered at will. In just an instant, it was crushed on the spot by White Eagle Celestial Venerate.

Splash.

After Sword Servant perished, the Laws transformed into a particle state, suspended all around the space, appearing quite bizarre.

When these particles of Law formed, White Eagle Celestial Venerate's face showed delight, and he eagerly went forward, scooping them up into the palm of his hand like collecting water.

Yang Chen was also very curious about what these Law particles were useful for.

Because White Eagle Celestial Venerate had mentioned earlier that these Laws could greatly benefit the comprehension of the Sword Law.

White Eagle Celestial Venerate now greedily looked at these Law particles, but soon realized that Yang Chen was next to him. He felt embarrassed and remembered that to defeat Sword Servant, Yang Chen played a vital role. How could he inappropriately take all the credit here?

White Eagle Celestial Venerate laughed awkwardly and said, "Brother Yang Chen, how about we split these Law particles fifty-fifty?"

Yang Chen stood with his hands behind him: "These particles of Law are nothing but fragments of Sword Law. I don't know how Elder Xiao Qingfeng managed to decompose them into such a state and made

them absorbable. However, I don't understand the Dao meaning of Sword at all, and I don't know if absorbing these Law particles would be of any use."

White Eagle Celestial Venerate heard this and shook his head, "It's a pity then, Brother Yang Chen. These particles of Law are only useful for those who have comprehension of the Dao meaning of Sword. If someone hasn't comprehended the Sword Dao Intent before, absorbing this Dao Law would have no effect, and it might even cause discomfort within one's body. The reason I am collecting these particles of Law now is only to lay some foundation for future generations."

Upon hearing this, Yang Chen chuckled and said, "I see. In that case, I don't need these Law particles. You can have them all, Brother White Eagle."

White Eagle Celestial Venerate was embarrassed and said, "How can we do that? Let's do this, Brother Yang Chen. These particles of Law can be easily collected, so let's take half each. As for how to use them, I'm sure you'll find a use for them in the future. This way, I can feel at ease."

Seeing White Eagle Celestial Venerate like this, Yang Chen didn't decline any further and said, "Alright, in that case, I'll accept them."

With that said, the two of them divided the particles of Law in half, sharing the spoils equally.

It's apparent that White Eagle Celestial Venerate's mood was high, as the Law particles seemed to have a significant effect on him.

Yang Chen, on the other hand, casually threw the particles of Law into the Demon God Tower.

However, just as he threw them in, Yang Chen's eyebrows raised slightly.

That was because he felt that the Nine Heavens Wind and Thunder Sword began to devour the Sword Law particles as soon as it touched them.

In no time at all, the Sword Law particles were completely devoured by the Nine Heavens Wind and Thunder Sword.

Yang Chen was taken by surprise and couldn't help but feel amused. What was the Nine Heavens Wind and Thunder Sword trying to do by devouring the particles of Sword Law?

He didn't think too much about it and didn't have time to observe the changes in the Nine Heavens Wind and Thunder Sword. When he came back to his senses, White Eagle Celestial Venerate had already lured another Sword Servant.

Just like before, Yang Chen quickly used his domain to suppress the Sword Servant, slowing its actions immediately.

White Eagle Celestial Venerate quickly attacked to help, killing the Sword Servant.

The two cooperated perfectly, with Yang Chen suppressing and White Eagle Celestial Venerate killing. In an efficient back and forth, they had killed as many as six Sword Servants.

White Eagle Celestial Venerate even felt like he was dreaming, unable to believe the truth.

Normally, even when he teamed up with his senior and junior brothers in groups of three, the hunting speed was never this fast.

If they truly had this kind of efficiency, how could killing a hundred Sword Servants in a month be difficult?

White Eagle Celestial Venerate became increasingly delighted and at the same time realized a terrifying fact.

From the beginning to the end, Yang Chen was able to suppress these Sword Servants effortlessly. And more importantly, was it true that he really just had a scant restraint ability, as he said, and had no other means to kill the suppressed Sword Servants?

How could it be possible?

At least, he felt that without him, Yang Chen could easily suppress and kill the Sword Servants, but without Yang Chen, he could not achieve the same casual attitude as when they first killed the Sword Servants together.

His presence was completely insignificant.

White Eagle Celestial Venerate felt more terrified as he thought about it, and when he looked at Yang Chen again, his eyes had subtly changed.

Although Yang Chen didn't reveal anything, it wasn't difficult for someone with his intelligence to guess that Yang Chen's strength was far from as simple as it appeared.

However, since Yang Chen didn't say anything, it wasn't appropriate for White Eagle Celestial Venerate to ask either, and the two continued to cooperate, taking turns fighting and killing these Sword Servants together.

In this way, several days later, Yang Chen and White Eagle Celestial Venerate had already killed twenty-one Sword Servants with impressive speed and efficiency.

In these few days, Yang Chen was also constantly feeding the Law particles to the Nine Heavens Wind and Thunder Sword and observing the results.

After observing, Yang Chen found it quite interesting.

He had heard that an Emperor Divine Tool, if nurtured and cultivated with materials, might advance to become an Ancestral Divine Artifact in the future.

Now, what delighted him was that after the Nine Heavens Wind and Thunder Sword devoured the Law particles, its power greatly increased, and its aura was completely different from before, much stronger than its original state as an Emperor Divine Tool.

If at first the Nine Heavens Wind and Thunder Sword's power came from Wind and Thunder, with the sword's existence being somewhat diluted, then, after absorbing and nurturing the Laws, the Nine Heavens Wind and Thunder Sword finally took on some of the appearance of a sword.

Yang Chen believed that when he used this sword again, its power would be greatly increased.

This made him start to have the desire to collect these Law particles.

However, just after killing dozens of Sword Servants, Yang Chen suddenly sensed a hint of danger.

"Hmm?" He spread out his soul, and suddenly heard some voices: "It's Lu Fa Celestial Venerate and the others..."

He found Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate, but their current state seemed to be not so good.

Chapter 3117 - His Dao Intent Inscriptions!_1

Because these two people were actually being chased and killed by Sword Servants!

Their appearances were extremely miserable, all of them sustained some injuries, and now they were fleeing desperately, panting heavily.

Seeing this, Yang Chen was quite curious and didn't know what had happened. After taking a closer look at their souls, he discovered that it wasn't ordinary Sword Servants chasing the two, but Large Sword Slaves.

What made these people afraid of the Large Sword Slaves was not just the number of them, but that there were as many as three.

Being chased by three Large Sword Slaves at once, the two were nearly scared out of their wits. They ran with their heads down, not daring to look back for fear that if they slowed down for a moment, their lives would be lost.

Yang Chen was the first to notice that White Eagle Celestial Venerate's soul was a bit inferior, but he quickly caught the movement as well.

Upon observing his two Senior and Junior brothers being chased by the Large Sword Slaves, he was visibly moved and exclaimed, "Not good."

"Junior brother, Brother Yang Chen, let's go, hurry!" Lu Fa Celestial Venerate shouted, extremely embarrassed.

White Eagle Celestial Venerate was also startled and hurriedly said, "Brother Yang Chen, let us go quickly."

It was a joke that even if the four of them joined forces, they had no hope of winning against the three Large Sword Slaves.

Each Large Sword Slave was enough to rival the four of them. The four of them could barely cope with two of them working together, but three? All they could do was run away in haste.

Yang Chen didn't really care about the Large Sword Slaves. In his opinion, no matter how powerful they were, they were at most ordinary No-Boundary Peak characters.

Compared to the Spirit God Realmless Peak he had fought before, which was not a rival at all, let alone Peng Wentian or Peng Wendao level existences.

But since White Eagle Celestial Venerate wanted to escape, he naturally did not waste any words and followed suit.

However, while the two of them escaped quickly, Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate were not so lucky.

Compared to ordinary Sword Servants, these Large Sword Slaves were more than a bit superior. If ordinary Sword Servants could be dealt with by using some tricks and cheats, then these Large Sword Slaves were like real swordsmen opponents, not giving them any room to take advantage of.

The speed of the Large Sword Slaves was slightly faster than Bai Sheng Celestial Venerate and Lu Fa Celestial Venerate. The most important thing was that the three Large Sword Slaves were chasing and killing without any intention of stopping. They were completely in close pursuit, vowing to kill the two of them here.

Lu Fa Celestial Venerate was fine; his speed could not be too far behind, and he could use some secret arts and forbidden techniques to flee all the way back to safety.

However, Bai Sheng Celestial Venerate was different. His speed was obviously a level lower. Under such pursuit and killing, he was quickly caught up by the Large Sword Slaves.

This scared Lu Fa Celestial Venerate to the core, and he wanted to save his junior brother but seemed powerless to do so.

Bai Sheng Celestial Venerate was running slower and slower, seeing that he could not escape, he shouted, "Senior brother, you go first, I will buy you some time."

Seeing this, Lu Fa Celestial Venerate's eyes turned red, recalling the years of camaraderie between senior and junior brothers, he roared, "Ah, junior brother, let's leave together."

When the conversation ended, Lu Fa Celestial Venerate gave up running away and turned around to fight the three Large Sword Slaves.

White Eagle Celestial Venerate clenched his teeth and said, "Senior brother, junior brother, I will help you too."

In the meantime, White Eagle Celestial Venerate joined the fight.

Seeing this, Yang Chen stood with his hands behind his back, feeling helpless in his heart. Although the three brothers were not very powerful, their brotherly bond was true. At this moment, they still did not abandon each other and persisted in their fight.

However, in the end, their strength was still lacking.

Even when the three of them joined forces, they could only barely hold their ground against the three Large Sword Slaves. They were still short of being able to trade blows perfectly.

At this rate, defeat was only a matter of time.

Furthermore, now that the three of them were deeply trapped, it would be difficult for them to escape from this.

Seeing this, Yang Chen shook his head gently. These three brothers really had such personalities that they couldn't help but save the lives of others.

Lu Fa Celestial Venerate and the other two were completely committed.

"Senior brother, junior brother, you guys..." Bai Sheng Celestial Venerate was touched by the fact that the two of them were fighting side by side with him.

Lu Fa Celestial Venerate gritted his teeth tightly, "The three of us brothers, if we die, we die together. At least I, as the senior brother, will not seek to survive! If we have any regrets, it is that the three of us brothers have not been able to lead the rise of Yunhua Sect and have failed our ancestors. With our deaths in this battle, who knows what will become of the Yunhua Sect in the future."

"Ah!" White Eagle Celestial Venerate let out a miserable scream, his protection law was broken, and his body was cut open with a wound.

Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate quickly tried to save him, but these Large Sword Slaves were not ordinary characters. The two were slightly distracted, and their protective law defenses were immediately broken on the spot.

This caused Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate's faces to change drastically. Now that their law defenses were broken, they could not save their junior brother, and they would both die here as well.

Are the three brothers really going to die a tragic death here?

However, just as the same question arose in the minds of the three, a terrifying domain suddenly opened up with an extremely powerful posture. Then, it covered the three of them, as well as the three Sword Slaves in front of them.

This unstoppable domain, at the moment it touched the three Large Sword Slaves, made their bodies stiff, and their movements became slow immediately.

This naturally gave the three of them a chance to escape.

"Is it Yang Chen?"

Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate were not sure who had helped them, but White Eagle Celestial Venerate was very clear, knowing that this was Yang Chen's domain.

However, to Yang Chen's surprise, he found it slightly more difficult to perfectly suppress these Large Sword Slaves with his domain.

There were too many of them, and this plane had no rules, so his domain was not as powerful as it was in the outside world.

Not to mention that his strength had not fully recovered to its peak yet.

As a result, the three Large Sword Slaves merely paused for a moment, and then immediately began attacking the three of them.

Seeing this, Yang Chen raised his eyebrows slightly, waved his hand, and invoked the Space-Time Law, instantly switching their positions with the three of them.

This greatly shocked Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate, who could not help but be amazed, "Yang, Daoist Friend Yang Chen?"

Yang Chen hadn't left, and he even saved them.

They all thought that seeing the situation was unfavorable, Yang Chen had fled. They didn't blame Yang Chen as it was indeed common human nature.

But now Yang Chen not only saved them, but his displayed strength was terrifying as well.

When Yang Chen's Qi completely erupted, the rampant Dao Intent Inscriptions reminded them of the peerless genius on the Great Luo Celestial Stele.

"So many Dao Intent Inscriptions, and it seems that they haven't fully erupted yet. What kind of character is Yang Chen? Could he be someone from the Great Luo Celestial Stele too?" Lu Fa Celestial Venerate's face turned pale.

Bai Sheng Celestial Venerate and White Eagle Celestial Venerate were both dumbfounded.

They had no time to think, as the Large Sword Slaves attacked, and they anxiously shouted, "Daoist Friend Yang Chen, watch out!"

Chapter 3118 - Ji Yue Shuang_1

Seeing this, Yang Chen appeared calm and composed, as if the three Large Sword Slaves were nothing.

It's not that he was arrogant, but these three Large Sword Slaves, which seemed like giant beings to Lu Fa Celestial Venerate and the others, didn't really pose any pressure to him.

If it had to be described, it could only be done in four words.

Fragile as a touch.

Yang Chen shook his head slightly. He had killed many demon-like powerful enemies from the Spirit God Race, so these few lifeless Large Sword Slaves were no threat to him.

Yang Chen took a step and spread his domain.

He didn't fully unfold the Dao Intent Inscriptions because it was unnecessary. To deal with these three sword slaves, what he had was more than enough.

These three Large Sword Slaves remained cold-blooded, with no fluctuations at all. Between the fluctuations, blue sharp swords in their hands were already sweeping towards Yang Chen.

Lu Fa Celestial Venerate and Bai Sheng Celestial Venerate didn't know what Yang Chen was going to do. With the means Yang Chen used to save people just now, it shouldn't be difficult for the four of them to escape.

But now Yang Chen was confronting the three Large Sword Slaves alone. Wasn't this just seeking death?

Yang Chen didn't know what the three were thinking. In his mind, he just wanted to kill the three Large Sword Slaves and take their Law particles to feed the Nine Heavens Wind and Thunder Sword.

With a wave of his sleeve, the spacetime Dao Intent was revealed on the spot.

"Imprison!" Yang Chen shouted.

These three Large Sword Slaves had no means of resistance under his spacetime control and were immediately imprisoned.

Then Yang Chen pointed his finger down.

"Five Elements Sky-turning Finger, Fire!"

A heavenly finger descended with absolute pressure, suppressing the three Large Sword Slaves below.

Now that the three Large Sword Slaves were expressionless and trying to break free, but they were helpless within Yang Chen's spacetime imprisonment.

The Five Elements Sky-turning Finger pressed down, directly crushing the three Large Sword Slaves with a domineering force.

Then, the three Large Sword Slaves were crushed by this finger without even being able to resist. They were completely shattered and turned into nothingness. They directly broke down into particles of Law.

As this scene unfolded, Lu Fa Celestial Venerate, Bai Sheng Celestial Venerate, and the others couldn't help but reveal shocked expressions. Blinking their eyes, they didn't even dare to believe what they saw.

Three Large Sword Slaves!

They were three Large Sword Slaves that they couldn't fight against. Had they been instantly killed so easily by Yang Chen?

Who on earth was this man?

Lu Fa, Bai Sheng, and the others couldn't help but swallow, knowing that they had to reevaluate Yang Chen. They had underestimated him even after an infinite overestimation.

Yang Chen smiled slightly after dealing with the three Large Sword Slaves: "How do the three of you plan to divide the Law Essence of these three Large Sword Slaves?"

"Since Brother Yang Chen dealt with them alone, we won't take anything. It all goes to Brother Yang Chen." All three of them, Lu Fa, Bai Sheng, and the others said.

Seeing this, Yang Chen didn't pretend to be modest and collected the Law Essence of the three Large Sword Slaves with a flick of his sleeve.

He didn't immediately feed it to the Nine Heavens Wind and Thunder Sword but decided to do an experiment when he got back.

Nowadays, Lu Fa and the others couldn't help but feel embarrassed when they looked at Yang Chen, feeling that his terrifying strength made it difficult for them to maintain their initial casual attitude.

Yang Chen smiled and said, "Don't be restrained, you three. The deal between me and you three still counts. By the way, Brother Lu Fa, Brother Bai Sheng, how did the two of you get targeted by these Large Sword Slaves?"

"Yes, senior brother, junior brother, how did you two meet three Large Sword Slaves at once? You know how difficult it is to deal with them." White Eagle Celestial Venerate said with a scared expression.

Lu Fa Celestial Venerate bitterly smiled and said, "Bai Sheng and I didn't expect this. We were originally hunting sword slaves, but who would have thought that the Sword Monarch King would start wandering around, and we just happened to bump into him. And there were three Large Sword Slaves guarding him. By the time we discovered it, it was too late, and we were chased all the way here by the three Large Sword Slaves."

"So that's what happened. Your luck is terrible, running into the wandering Sword Monarch King. Supposedly, the Sword Monarch King rarely wanders around." White Eagle Celestial Venerate sighed.

Lu Fa Celestial Venerate also bitterly shook his head, but for the three of them, this was a blessing in disguise. Almost falling into danger brought them the connection with Yang Chen.

Lu Fa Celestial Venerate hesitated for a while, not knowing how to speak.

Yang Chen understood his intention and said calmly, "Brother Lu Fa, feel free to speak."

Lu Fa Celestial Venerate awkwardly said, "Brother Yang Chen, originally, with the three of us, it would be impossible to complete the task of clearing all the sword slaves around the Sword Monarch King. Initially, we didn't think bringing you along would make a difference, but now that you've demonstrated

your strength, we see hope in this task. I wonder if Brother Yang Chen could help us kill these Large Sword Slaves..."

Yang Chen naturally knew what Lu Fa Celestial Venerate meant. He had guessed it early on and calmly said, "Brother Lu Fa, I can help you with this. I can clear away the sword slaves around the Sword Monarch King, but there's one condition."

"Please tell, Brother Yang Chen." Lu Fa Celestial Venerate's attitude was gentle and respectful.

"I want 80% of the Law particles!" Yang Chen said.

Hearing this, Lu Fa Celestial Venerate didn't hesitate and immediately said, "Brother Yang Chen, I'll make the decision and give you 90%. Just leave 10% for us."

Seeing that Lu Fa Celestial Venerate was so sensible, Yang Chen didn't refuse, and laughingly said, "Alright, let's settle it like this. But there's one thing I'm quite curious about, I've always heard you mention a core disciple from the Divine Night Sect is coming. Who exactly is this person?"

"Alright, I originally planned to wait until this important person arrives before telling you, but since Brother Yang Chen is asking now, it's fine to tell you. This important person is named Ji Yue Shuang, and she's ranked in the top ten of the Daluo Celestial Monument. Actually, even my two junior brothers don't know much about this matter," said Lu Fa Celestial Venerate.

Yang Chen couldn't help but be stunned, "Ji Yue Shuang? Top ten on the Daluo Celestial Monument? Even a person of such status can be defeated? Was it by a powerful figure in the top few ranks on the monument?"

"What Brother Yang Chen doesn't know is that Ji Yue Shuang wasn't defeated by those geniuses in the top few ranks of the Daluo Celestial Monument. The top ten do have differences in strength, but the disparity is not too big. The one who defeated Ji Yue Shuang is a powerful person from the Spirit God Race's Royal Bloodline, Xuan Zhen!" said Lu Fa Celestial Venerate.

"Is the Spirit God Race so terrifying that even the top ten of our Human Daluo Celestial Monument cannot contend with them?" Bai Sheng Celestial Venerate exclaimed.

Yang Chen secretly stroked his chin, thinking it seems interesting. It turns out that the Daluo Celestial Monument only records the top fifty human powerhouses, and alien races are not included.

However, it's quite interesting.

Is it also related to this Spirit God Royal Clan's Xuan Zhen?

Chapter 3119 - Ji Yue Shuang Arrives_1

Yang Chen couldn't help but recall that day on the Tianyuan Star, the battle with the Spirit God Clan King-level powerhouse!

That Royal Spirit God seemed to be named Xuan Zhen too.

Yang Chen had to admit that Xuan Zhen was powerful, but he didn't expect that he had such a record, even the top ten existences of the Great Luo Celestial Ranking had been defeated by him.

Lu Fa Celestial Venerate sighed deeply when he heard Bai Sheng Celestial Venerate and White Eagle Celestial Venerate's question, "It can't be helped. The existence on our Human Daluo Celestial Ranking is already rare, as it is strong enough to compete with the high-grade bloodline of the Spirit God Race. Keep in mind that a high-grade bloodline of the Spirit God Race is already enough to crush many groups of the Ten Thousand Realms. It's already quite commendable that our human race can reach this step. As for the King of the Spirit God Clan, it's too difficult to win and is virtually impossible. Even the first few existences of the Great Luo Celestial Ranking can't do it. Our human race can only suppress the Spirit God Race with our numbers. In single combat, we humans can't compete against the King of the Spirit God Clan."

Bai Sheng Celestial Venerate was amazed, "So Lady Ji doesn't have to be so angry. Since even the first few of the Daluo Celestial Ranking can't do it, why should Lady Ji think of ways to enhance her strength and find us?"

Lu Fa Celestial Venerate said cautiously, "You don't know about this, but you must not spread the word. And Brother Yang Chen, you must keep it a secret too."

Yang Chen naturally understood the rules and nodded, "Of course."

Lu Fa Celestial Venerate slowly spoke, "It wasn't merely a defeat that Lady Ji suffered, but a complete rout. Lady Ji didn't last a cup of tea's time against Xuan Zhen. In the end, she relied on the protective treasure given by her senior to escape. Otherwise, I'm afraid she would have lost her life."

"How could the Spirit God Royal Clan be this strong? Is it also Realmless? How can there be such a huge gap?" White Eagle Celestial Venerate's pupils shrank.

"It's their innate advantage that we cannot even envy. Lady Ji's humiliation has cooled her heart, so in her anger, she urgently wants to enhance her strength and turned to us. If we don't handle this matter well, we will have to face Lady Ji's punishment." Lu Fa Celestial Venerate said with a wry smile.

After finishing speaking, everyone turned their eyes to Yang Chen.

Yang Chen smiled faintly, "Since I promised the three of you that I would help deal with these Sword Slaves, I will naturally keep my word."

"Brother Yang Chen must also be one of the existences on the Daluo Celestial Ranking, right?" Lu Fa Celestial Venerate suddenly asked.

Yang Chen saw that he had figured it out and did not deny it, saying, "That's right."

"If you were to meet Lady Ji, she would surely be very happy to be friends with Brother Yang Chen," Lu Fa Celestial Venerate revealed a surprised expression.

As they looked at Yang Chen, the attitude of the three Lu Fa Celestial Venerates changed.

It should be known that even if Brother Yang Chen was ranked lower, the existence on the Daluo Celestial Ranking is already rare. Coming from the Outer Domain and having Lady Ji as a friend, wouldn't Divine Night Sect value Yang Chen?

This is a big talent.

If Yang Chen could join the Divine Night Sect, his status would rise instantly. If they didn't treat Yang Chen as an ancestor and serve him well, they might regret it later when Yang Chen truly joined Divine Night Sect.

Bai Sheng Celestial Venerate and White Eagle Celestial Venerate also reacted quickly, treating Yang Chen with a smile on their faces.

Yang Chen felt helpless, but he remained as calm as ever.

He opened his mouth and said, "Everyone, time is of the essence. Let's hurry up and deal with these Sword Slaves."

"Of course, of course."

Bai Sheng Celestial Venerate and the others naturally wouldn't be polite and immediately followed behind Yang Chen with an obedient attitude.

Yang Chen walked ahead, and naturally didn't show any mercy to these Sword Slaves. He unleashed his true strength, no longer holding back.

With his strength, dealing with these mere Sword Slaves was as easy as cutting through butter. It was effortless.

According to Lu Fa Celestial Venerate, even with Yang Chen, a genius on the Daluo Celestial Ranking on their side, it would take at least half a month to handle everything.

However, Yang Chen's speed was even more terrifying than they had imagined.

These Sword Slaves were nothing in front of Yang Chen. Within three days, he had dealt with nearly a hundred Sword Slaves in his hands.

This included two wandering Large Sword Slaves, who were still no match for Yang Chen.

Apart from the Sword Monarch King, all the surrounding Sword Slaves were cleaned up by Yang Chen.

Such astonishing strength left Lu Fa Celestial Venerate and the other two dumbfounded, and they couldn't even begin to imagine Yang Chen's true capabilities.

After dealing with the Sword Slaves, Yang Chen returned to his residence and waited for the arrival of the Divine Night Sect powerhouse named Ji Yue Shuang.

In the several days before Ji Yue Shuang's arrival, Yang Chen continued to attempt to restore his cultivation level.

With his elixir on hand, his recovery went smoothly. Within a few days, his strength leaped to the Late Boundaryless Stage, recovering from the Middle Boundaryless Stage.

Just a step away from the Peak of No-Boundary, it wouldn't take much more time to recover his cultivation and bring it back to the Peak of No-Boundary.

While recovering, he did not give up his research on the Nine Heavens Wind and Thunder Sword.

He fed Law particles to the Nine Heavens Wind and Thunder Sword while observing its changes.

As the Law particles flooded in, the Wind and Thunder force of the Nine Heavens Wind and Thunder Sword, which had been remodeled by Yang Chen, became more and more weakened, gradually forming the shape of a flying sword.

Yang Chen intended it to be like this. Since he wasn't skilled in Wind, he decided to gradually erase the word Wind from the Nine Heavens Wind and Thunder Sword.

And focus on Lei and Sword.

When feeding these Law particles to ordinary Sword Slaves, the growth wasn't that significant, but as soon as they reached Large Sword Slaves, the growth immediately increased to a higher level.

Once several Large Sword Slaves' Law particles were fed, Yang Chen could feel that the power of the Nine Heavens Wind and Thunder Sword might be even greater than the Slaughter God Spear.

It wasn't strange either. This Nine Heavens Wind and Thunder Sword was once warmed by the Heavenly Fate Realm expert, King Shenwei, and had been handled by Peng Wentian and Peng Wendao, the two brothers. Now, it was being fed various Sword Laws by a Heavenly Extreme Realm powerhouse, and if it wasn't more powerful than the Slaughter God Spear, that would be strange.

However, this Nine Heavens Wind and Thunder Sword was his trump card, and it belonged to the instantaneous kill category. In comparison, the Slaughter God Spear was completely different. Unless it was a critical moment, it was better not to reveal it.

While Yang Chen was warming up the Nine Heavens Wind and Thunder Sword, the terrifying Dao Intent inscriptions suddenly descended from the Yunhua Sect sky with a fierce aura within a few days.

Yang Chen sensed it for a moment and knew that Ji Yue Shuang had arrived.

Chapter 3120 - Resisting the Sword Monarch King_1

He sensed a figure in pure black attire within his soul, the clothing adorned with speckles of color complementing the dazzling Dao Intent Inscriptions, making the figure appear as free and easy as a black peacock.

These Dao Intent Inscriptions were no less than 35,000 in number. A little bit of thought made it clear that this person was none other than Ji Yue Shuang of the Divine Night Sect.

"This Ji Yue Shuang is indeed extraordinary, her Dao Intent Inscriptions should be around 40,000. As I thought, she's part of the top ten in the Great Luo Celestial Stele." Yang Chen thought to himself.

Lu Fa Celestial Venerate and the two others didn't react as quickly. Ji Yue Shuang had already been standing in the sky for a while when they finally noticed, only when she released her Qi outward.

Lu Fa Celestial Venerate and the others trembled all over in fear. They promptly got up and hurriedly approached Ji Yue Shuang in mid-air, "Lady Ji, when did you arrive? You should have told us so we could have come to greet you."

"There's no need for that. I'm here for the Sword Servant World matter. Huh, does your Yunhua Sect have a fourth Boundary-less person?"

"Ah? This is our guest, Yang Chen Fellow Daoist." Lu Fa Celestial Venerate hastily explained.

Ji Yue Shuang didn't pay attention, and Yang Chen no longer hid himself. He hadn't been deliberately concealing his own Qi, and now that Ji Yue Shuang had discovered him, he didn't hesitate to get up and come to her.

Ji Yue Shuang glanced at Yang Chen, finding him seemingly ordinary and unremarkable at first glance, so she didn't pay him much attention. "Regarding the Sword Monarch King I talked about with you, you should still remember it. Open up the Sword Servant World now; my time is precious. I want to meet this Sword Monarch King right now. Of course, I'm not an unreasonable person. Once the Sword Monarch King is dealt with, I'll immediately give you your rewards."

As soon as they heard the mention of rewards, Lu Fa Celestial Venerate and the others revealed joy on their faces. They had been hoping to make use of this opportunity to advance, but never dared to bring it up.

Now, Lu Fa Celestial Venerate quickly led the way, maintaining a very polite demeanor, a smile on his face as he obediently opened up the Sword Servant World.

Once the Sword Servant World was open, Ji Yue Shuang entered without saying a word. As for Lu Fa Celestial Venerate and the two others, they helplessly shook their heads, made a gesture to Yang Chen to enter first, and then joined him inside.

Upon entering, Lu Fa Celestial Venerate anxiously looked at Ji Yue Shuang, unsure of her thoughts regarding the current scenery.

Ji Yue Shuang gracefully raised her eyebrows, looked around at the empty Sword Servant World, and smiled, "Interesting, I had originally asked you to help me clear out the peripheral Sword Servants. I didn't expect you to clean them all out for me, so there isn't a single Large Sword Servant left. Based on your strength, there's no way you could have done it without help from a powerful person."

Lu Fa Celestial Venerate saw Ji Yue Shuang's guess and scratched his head without covering it up, pointing at Yang Chen next to him, "Lady Ji, we have to thank Brother Yang Chen for his help. Yang Chen Fellow Daoist is also a genius from the Great Luo Celestial Stele rankings. Without his help, we wouldn't have been able to clear out all the Sword Servants." Lu Fa Celestial Venerate flattering and telling everything clearly.

Ji Yue Shuang's beautiful eyes turned towards Yang Chen, originally thinking that Yang Chen was just an ordinary person without any special features, so she didn't take him seriously.

But who would have thought that he not only helped Lu Fa Celestial Venerate deal with the Sword Servants, he was also a genius on the Great Luo Celestial Stele rankings?

"Your name is Yang Chen?" Ji Yue Shuang's phoenix eyes gazed at Yang Chen, looking him up and down.

Yang Chen didn't mind, and when she examined him, he unabashedly looked her up and down as well.

Ji Yue Shuang's looks may not be classified as breathtakingly beautiful, but her imposing presence and unique temperament were indeed more outstanding than her face. Forced to describe her, she was like a sharp sword, unwavering and resolute as iron.

"Yes." Yang Chen smiled.

Ji Yue Shuang narrowed her eyes, examining Yang Chen once more. It was easy to see that Yang Chen was indeed no ordinary person.

If it had been any other day, she would have surely paid more attention to a talent like him. However, today her target was only one—Sword Monarch King.

Defeating the Sword Monarch King, absorbing the Law, greatly increasing her strength, that was her main goal for today.

As for Yang Chen, she hadn't heard anything about him. She could recall most of the names in the top fifty of the Great Luo Celestial Stele, and presumed he was a newly-emerged powerhouse, likely at the bottom of the list, always in danger of being squeezed out, not worth the fuss.

"Thank you for helping to clear out the Sword Servants. If you want to visit the Divine Night Sect for tea, I can be your guide." Ji Yue Shuang said coldly, then stopped talking and looked straight ahead.

Yang Chen listened to Ji Yue Shuang's words without taking them to heart; Ji Yue Shuang's invitation seemed more like a casual remark, not to be taken seriously.

He was more curious about Ji Yue Shuang's strength, and how it compared to the Sword Monarch King.

After all, he had seen the Sword Monarch King when dealing with the Large Sword Servants before. This Sword Monarch King's strength was no ordinary feat.

In a short time, Ji Yue Shuang arrived in front of the Sword Monarch King.

At first glance, the Sword Monarch King's appearance didn't differ much from that of ordinary Sword Servants. But on closer inspection, it could be seen that he was wearing red armor. This armor, coupled with his majestic physique, made him stand like a monarch in the air, exuding an aura that was not to be trifled with.

When Ji Yue Shuang arrived, she stepped into the range of the Sword Monarch King's attack without any hesitation.

Feeling an enemy approaching, the Sword Monarch King's majestic gaze fell on Ji Yue Shuang, and then a sword swept directly towards her.

Seeing this, Ji Yue Shuang's expression remained unchanged. She drew her sword and countered with a slash.

Both Ji Yue Shuang and the Sword Monarch King used Sword Law, but the two different laws produced different styles when wielded by the two of them.

The Sword Monarch King's law was ruthless and sharp.

Ji Yue Shuang's Sword Law, on the other hand, was cold and decisive!

As their Sword Law collided, a violent turmoil erupted, causing Lu Fa Celestial Venerate and the others' eyes to blur.

Yang Chen also smiled, feeling the intrigue as the two great Sword Laws clashed. This was undoubtedly a visual feast.

The Sword Monarch King was indeed powerful; it was rumored that he possessed the strength of an ordinary Heaven-separated Realm, which was not false at all.

And Ji Yue Shuang, worthy of being in the top ten of the Great Luo Celestial Stele, fought against the Sword Monarch King, an ordinary Heaven-separated Realm fighter. After several bouts, she not only didn't fall short but even gained the upper hand!

Lu Fa Celestial Venerate and the three others sighed as they watched.

"So strong!"

"How did he manage to resist Heaven-separated Realm at the Boundary-less Level..."
