Chapter 3131 A Threat?_1

Someone dares to compete with Yanhe Celestial for an item? This person must truly have no regard for his own life.

Although the voice seemed to be coming from an elegant room as well, the person did not seem to be aware that Yanhe Celestial attending this auction was considered an unprecedented event. It could be said that his presence here was already beneath his status.

And yet someone dares to compete with him? This is truly courting death.

"This is going to be interesting."

"Haha, I can't wait to see how this develops. Offending Yanhe Celestial usually doesn't end well."

People whispered among themselves with different opinions, but most were eager to see how this spectacle would unfold.

Unsurprisingly, a chill could be sensed coming from the elegant room where Yanhe Celestial was. It seemed as if even Dao Intent Inscriptions had begun to emanate from it, the sense of coercion and threat becoming more apparent.

"Your Excellency, you seem unfamiliar, but I don't care who you are. I just hope that if you know what's good for you, you'd give me, Yanhe Celestial, some face. This Danyang Red Snowflower is for my Lord of Dusk. So, from the moment this flower appeared, its name was already written upon it. I hope you can think clearly about this and avoid bringing calamity upon yourself."

With each word, Yanhe Celestial became more forceful, even using the title of Lord of Dusk to oppress the other party directly.

People shook their heads, feeling that there was no more fun to be had in this situation. With Yanhe Celestial using Lord of Dusk's name to pressure others, how could Yang Chen still dare to compete?

"56 million!" Yanhe Celestial casually increased the price by one million.

His true intention was all too clear: he only wanted to increase the price slightly to save face and snatch the item.

Ling Shuang and Chunyue looked at Yang Chen with trepidation and anxiety. "Young Master, this..."

"60 million." Yang Chen calmly offered his bid.

This time, he didn't let Ling Shuang and Chunyue speak but directly announced his price himself.

When his offer fell, there was an instant uproar in the venue.

"Is this person really seeking death?"

"This is too interesting. Yanhe Celestial is actually being shown up. This person really has no respect."

"Sixty million. Yanhe Celestial only dared to add one million earlier. This unknown expert is simply provoking him."

As the situation became more interesting, more people wanted to see what would happen next.

Yanhe Celestial's face turned livid with rage, his veins bulging and anger burning. He growled, "Fine, fine, fine. Your Excellency, you really want to bring misfortune upon yourself. 62 million!"

After grinding his teeth for a long time, Yanhe Celestial only managed to squeeze out this much Spirit Stones.

It should be noted that the Lord of Dusk truly wanted the Danyang Red Snowflower, but he only gave Yanhe Celestial 58 million Spirit Stones in the first place.

If Yang Chen didn't compete, Yanhe Celestial could pocket some extra Spirit Stones. But now that the price had been raised to this level, he had been the one to increase it.

Yang Chen, on the other hand, appeared nonchalant, still remaining calm. "70 million."

At his current level of cultivation, Taiyuan Pills were of little use to him, so he was not stingy about spending them.

Yanhe Celestial, on the other hand, clenched his fists, his anger almost driving him mad. His hand opened and closed repeatedly, a sign of his inner struggle.

After hesitating for a while, he finally growled, "Kid, I see you're determined to make enemies with me."

He also found it interesting that Yang Chen would dare to ignore his threats. This kid was truly courting death!

Yang Chen remained unmoved, saying, "If Daoist Friend really wants to compete, bid with Spirit Stones."

Driven insane by anger, Yanhe Celestial scoffed, "Hehe, Daoist Friend, I don't mind if you want to spend 70 million on this Danyang Red Snowflower. What I'm worried about is that after spending 70 million, you'll end up losing both your money and the item."

As Yanhe Celestial finished speaking, his voice disappeared.

Everyone could guess that he was clearly planning to attack Yang Chen.

After all, the Sky Shadow Market was a chaotic place where attacks were commonplace. As for those with backgrounds and connections like Yanhe Celestial, killing someone would be considered normal, and no one would dare to interfere.

"This person is really courting disaster."

Many people sighed and lamented, showing sympathy for Yang Chen's imminent plight.

Ling Shuang and Chunyue were also worried for Yang Chen.

Yang Chen could clearly understand the message, but he simply smiled and shook his head. It seemed that the chaos of the Sky Shadow Market was not a baseless rumor.

However, unfortunately for those who wished him ill, he still wouldn't back down.

Not saying a word was his best counterattack.

Lei Jie, who was between Yang Chen and Yanhe Celestial, could only pretend to be clueless and laugh foolishly, "Seventy million once, seventy million twice, seventy million three times."

"Since no one is competing, the Daoist Friend from Cui Xuan Pavilion will take this Danyang Red Snowflower."

"Chunyue, Ling Shuang, help me bring the item."

Chunyue and Ling Shuang quickly went down and obediently fetched the Danyang Red Snowflower.

When the treasure was retrieved, Yang Chen glanced at it and nodded slightly. With the Danyang Red Snowflower in hand, reaching the Peak of No-Boundary would no longer be a difficult task.

Having finished his thoughts, Yang Chen glanced at the other treasures that were up for auction.

Unfortunately, although these closing items were valuable, including an Emperor Divine Tool, they held little significance to Yang Chen, and he didn't pay much attention to them.

"Let's go." Yang Chen decided to get up and leave.

Chunyue and Ling Shuang thought Yang Chen was worried about Yanhe Celestial's retaliation and wanted to leave as soon as possible. Naturally, they followed closely behind him.

Yang Chen claimed his treasure, and after handing over the Taiyuan Pill, he left without delay, not lingering at all.

Many people noticed Yang Chen's departure and snickered to themselves, thinking that Yang Chen must be afraid of Yanhe Celestial's revenge and had chosen to flee hastily.

If everyone else noticed, how could Yanhe Celestial not? As soon as Yang Chen left the Chamber of Commerce, he immediately followed suit.

Yang Chen wasn't ignorant of Yanhe Celestial's stalking, but he remained outwardly calm as they left the Sky Shadow Market and headed towards a desolate mountain range.

Upon reaching this mountain range, Yang Chen gradually slowed down, "Fellow Daoists, having followed me for so long, isn't it about time for you to show yourselves?"

"Hmph, this place is not bad. Quiet and deserted,"

As he spoke, an old man with a goat-beard appeared, and by his voice, it was easy to tell that he was Yanhe Celestial, who had threatened Yang Chen in the auction house.

Two other people stood beside Yanhe Celestial. All three of them had Boundaryless Cultivation.

Chapter 3132 Lord of Dusk_1

Perhaps it was precisely due to the overwhelming number that Yanhe Celestial was so cold and self-confident earlier, sarcastically saying, "Killing someone here wouldn't be heard by anyone else, right?"

"Yanhe Brother, even if you killed this kid somewhere else, would anyone dare to speak out?"

"That's right. Nobody has interfered with anything that happened near the Sky Shadow Market for tens of thousands of years, hahaha."

These two Boundaryless cultivators exchanged smiles, not thinking that Yang Chen could make any waves in such a situation.

"Kid, I've told you before, the Danyang Red Snowflower is a treasure, but even if you spent 70 million on it, you might not get it. Don't end up with nothing, which wouldn't be good. But, I'm not an unreasonable person. If you give me the treasure and kowtow, hehe, I might spare your life." Yanhe Celestial squinted his eyes.

He certainly wouldn't spare Yang Chen's life. He just wanted to do this to vent his anger.

The situation had already terrified Ling Shuang and Chunyue, making them shudder all over.

Yang Chen was powerful, but he was just a Boundaryless cultivator; how could he contend with three Boundaryless cultivators at once?

Yang Chen, however, looked at the trio with a playful smile. Not anxious or impatient, he said, "You three also said earlier that this place is quiet and sparsely populated, right?"

"Indeed, so what?" Yanhe Celestial's smile gradually solidified, watching the hint of self-confidence on Yang Chen's face, and couldn't help but feel something strange brewing.

Yang Chen rubbed his wrist, "Nothing, I just wanted to tell you that I chose this place with a calm mind. As you said, doing things here won't be known by too many people."

The three of them couldn't help but laugh when they heard Yang Chen's implication.

However, Yanhe Celestial's veins bulged with anger.

"Enough, stop talking. If this kid really wants to die, just let him have his wish." Yanhe Celestial showed some inexplicable tension.

Although the other two didn't know why Yanhe Celestial was tense, they all thought it would be easy to deal with Yang Chen.

"No problem, just follow Yanhe Brother's lead!"

As they spoke, the three of them attacked simultaneously, sweeping toward Yang Chen.

Ling Shuang and Chunyue knew that their lives would be in danger today. After all, they were Yang Chen's maids, and if Yang Chen died, they would certainly not survive either.

As their fates were sealed, tears began to fall from both of their eyes. They wouldn't beg for mercy, knowing it would be pointless. Besides, Yang Chen had treated them well. If anything, it was simply a cruel twist of fate!

But just when they thought their lives were at an end, they suddenly realized that the attack from Yanhe Celestial and the other two hadn't arrived.

Instead, they instinctively sensed a chilling wave coming from all around, enveloping the surroundings.

And then...

When Ling Shuang and Chunyue opened their eyes, they saw Yanhe Celestial and the other two completely immobilized.

"What?!"

Ling Shuang and Chunyue couldn't believe their eyes. The once lively Yanhe Celestial and the others, all Boundaryless cultivators, were now motionless, their eyes wide open, suppressed and unable to move.

Yanhe Celestial and the other two also couldn't believe it. In just an instant, as soon as a domain was unleashed and Yang Chen barely moved, they were left with no strength to fight back.

"What kind of expert are you?" Yanhe Celestial was already feeling somewhat panicked.

Yang Chen didn't show much emotion. Instead, with a wave of his hand, two Boundaryless cultivators died on the spot under the suppression of the domain.

Blood was everywhere, leaving only Yanhe Celestial alive.

Ling Shuang and Chunyue had their eyes widened in disbelief.

Boundaryless cultivators, just like that, fell?

How strong could Yang Chen be?

Yanhe Celestial gulped, his fear almost consuming his entire mind as he abandoned any thoughts of challenging Yang Chen, only yearning to stay alive within his heart.

He was scared, so scared that he howled for mercy, "Esteemed Sir, Esteemed Sir, I didn't recognize Mount Tai when I should have. Please don't kill me, please don't!"

Yang Chen coldly glanced at Yanhe Celestial.

Yanhe Celestial knew that things were going wrong; Yang Chen was already intent on killing him.

"If-if you kill me, Lord of Dusk will surely trace it back to you!" Yanhe Celestial roared.

However, as soon as his words fell, a flash of blood split his body into nothingness, and Yang Chen killed him on the spot.

Silence.

A moment later, all that remained was the death-like silence.

Ling Shuang and Chunyue were too scared to speak, looking at Yang Chen with newfound admiration in their eyes. They knew they were following a very powerful master.

Yang Chen walked forward with his hands behind his back, saying, "All right, let's go."

...

Killing three Boundaryless cultivators was merely a small episode for Yang Chen; he hardly cared about it.

After returning to his residence, Yang Chen resumed his cultivation. The essence of his cultivation was to restore his strength to its peak.

Using the Danyang Red Snowflower, he refined a recovery elixir specially tailored for himself.

With the materials on hand and his alchemy stage, it was not difficult to refine the elixir.

Yang Chen could easily do it.

After refining the elixir, Yang Chen immediately took it.

In less than ten days, his cultivation soared, going from the Late Boundaryless Stage to the Peak of No-Boundary!

In the Barren Black Hole, his Five Elements Dao Intent mysteriously broke through the Middle and Late Boundaryless Stages, reaching the Peak of No-Boundary.

The increase in the Five Elements Dao Intent directly enhanced his combat power unconditionally. He didn't even know how powerful he was.

It was also when his cultivation reached the Peak of No-Boundary that Yang Chen's soul suddenly sensed a few fluctuations.

"Hm? A Sky Separation Realm expert is coming, and it seems to be coming for me?"

As soon as Yang Chen became aware of this, a massive pressure fell from the sky.

"All right, since you know that this king is here, why are you still hiding inside? Do you really think these things can stop this king? Come out!"

The deafening sound echoed through the Spirit Emperor City, and everyone could hear it.

"It's Lord of Dusk!"

Ling Shuang, Chunyue, and other servants and maids were quite familiar with the appearance of Lord of Dusk, and they couldn't help but scream when they saw the person in the sky.

Lord of Dusk was one of the Sixteen Kings. How could he appear here and seemingly confront Yang Chen?

Chapter 3133 Indeed, You're Not Worthy_1

Yang Chen was not surprised that the Lord of Dusk had come to him. He would have been surprised if the Lord of Dusk hadn't come.

Although Yang Chen had picked a remote place to kill all of Yanhe Celestial, with the connections of the Lord of Dusk, it was extremely easy to trace the death of Yanhe Celestial back to him.

But he didn't plan on hiding it. As soon as the Lord of Dusk spoke, Yang Chen calmly rose into the air!

"You must be Lord of Dusk, Daoist friend." Yang Chen said with his hands behind his back.

"You know I am Lord of Dusk, but you dare to call me Daoist friend without the slightest etiquette. Are you worthy?" The Lord of Dusk said disdainfully.

Yang Chen gave a faint smile: "Lord of Dusk came here with such a fierce imposing manner, not intending to give me any face. It seems that there is no need for me to show any etiquette to you, Lord of Dusk."

"Hahahaha, I come here with such a fierce imposing manner, do you know why I do so?" Lord of Dusk said coldly.

"I know." Yang Chen didn't deny it.

Many onlookers saw this scene.

Lord of Dusk was well-known for his fierce reputation; no one was unfamiliar with him. Now he was here to make trouble for Yang Chen, who wouldn't be interested in such an exciting matter?

What was most important was that nobody knew who Yang Chen was, yet he dared to challenge Lord of Dusk with his boundaryless cultivation.

Did he not understand Lord of Dusk's strength and status? Even if Lord of Dusk killed Yang Chen here today, nobody would say anything against it.

Seeing Yang Chen being so bold, Lord of Dusk laughed and then said with killing intent: "Judging from your appearance, did you really kill Yanhe?"

"Yes, I did." Yang Chen responded with hands behind his back.

"Who is this kid that dares to kill Lord of Dusk's men?"

"Yanhe? Could it be Yanhe Celestial?"

"He killed someone and still dares to admit it. Is he not afraid of death?"

The onlookers, including Ling Shuang and Chunyue, thought Yang Chen had taken the wrong medicine. Would he be able to admit it? If he didn't admit it, there would be no evidence, and Lord of Dusk wouldn't be able to act, but Yang Chen still dared to admit it!

Hearing Yang Chen's words, Lord of Dusk's veins bulged, and he laughed angrily: "Well, well, you actually admitted it. In that case, I will give you a choice. One, hand over the Danyang Red Snowflower. Two, kneel down and kowtow five times, then submit to my subordinates, be branded as my servant, and become my dog. Or three, die!"

Yang Chen, after hearing this, laughed: "Lord of Dusk? You dare to say that? To be your subordinate, you... seem a bit unworthy."

Lord of Dusk wanted to take Yang Chen as his subordinate, considering that Yang Chen was able to kill the three Yanhe Celestials.

He knew Yanhe Celestial's strength, and the fact that Yang Chen could achieve this truly made him admire Yang Chen's talent.

However, Yang Chen still dared to refuse him, saying that he was not worthy.

Lord of Dusk burst into laughter.

All the onlookers in the Spirit Emperor City laughed as well.

As one of the Sixteen Kings, Lord of Dusk had shown his kindness by wanting to take Yang Chen as his subordinate, but Yang Chen still dared to say that he was unworthy? Was he really crazy?

Lord of Dusk laughed coldly now: "I'm not worthy? Hahaha, very interesting. It seems that I should take your life!"

When the conversation ended, Lord of Dusk was about to take action.

However, at this moment, suddenly a voice rang in Lord of Dusk's ear and throughout the entire Spirit Emperor City.

"Lord of Dusk, behave yourself if you don't want to die."

With this voice came a not-so-astonishing aura. Even for Lord of Dusk, it didn't bring much pressure.

But, he didn't dare to make any further move. Rather, he looked around and saw a woman leading several Sky Separation Realm experts as her entourage.

The woman was beautiful and elegant.

When Lord of Dusk saw her, his whole body shuddered: "Lady Ji, Lady Ji!"

"Lord of Dusk, Brother Yang Chen is right. Just because of you? You want to take him? You really are unworthy. You should be glad that I came early today; otherwise, you might be on your way to meet King Yan." The woman spoke coldly and bluntly.

However, at this moment, Lord of Dusk, who was still fierce just now, became honest and no longer dared to resist or retort.

Who was this woman? Other people might not know, but how could he not know?

She was a core disciple of the Divine Night Sect, and a famous disciple cultivated by the sect on the Great Luo Celestial Stele, Ji Yue Shuang!

You must never mess with the Great Luo Celestial Stele, because it represents the talents of an epoch. Even in a place like the Divine Night Sect, they would receive heavy cultivation.

When Yang Chen heard the voice and saw that Ji Yue Shuang had arrived, he also showed a smile on his face.

Ji Yue Shuang looked at him and responded with a faint smile.

"Brother Yang Chen, I apologize for the disturbance. Outside of the Divine Night Sect, there are inevitably some restless fellows who are blind and fail to recognize Mount Tai. However, don't worry. After entering the Divine Night Sect, such people who look down on others will no longer appear." Ji Yue Shuang finished speaking and gave Lord of Dusk a cold look.

Lord of Dusk knew that she was talking about him, but he dared not utter a word and could only force a smile on his face.

He was full of regret now. Who could have imagined that this unknown person would have such an identity, and that Ji Yue Shuang herself would speak for him? What kind of background would that require?

Ji Yue Shuang now smiled gently: "Young Master Yang Chen, my family master has agreed to help you find the person you're looking for and is very happy to let you enter the Divine Night Sect."

"Thank you, Miss Ji." Yang Chen showed a delighted expression upon hearing that Ji Yue Shuang's master had agreed to help him find someone.

"Enter the Divine Night Sect!"

Many people were shocked, especially Lord of Dusk, who had always dreamed of entering the Divine Night Sect but could never achieve it. Not to mention meeting Ji Yue Shuang's master, who was at the Heavenly Extreme Realm.

Ji Yue Shuang now smiled gracefully: "Young Master Yang Chen, let's not delay any further, let's go."

Yang Chen was about to get up when he suddenly remembered something: "Miss Ji, please wait a moment. I have two maids here who have been treating me well these past few days. May I bring the two of them into the Divine Night Sect as my maids without any trouble?"

Ji Yue Shuang blinked and smiled: "Young Master Yang Chen, there are countless beautiful maids with Nirvana Stage cultivation and pure beauty in my Divine Night Sect. Even if you want maids with Great Ascension cultivation, I can find them for you. There is no need to bring these two with you."

Upon hearing this, Ling Shuang and Chunyue, who had just regained some pride, couldn't help but show a dull expression on their faces.

Yang Chen cared about their feelings, which made them very happy and grateful. However, as Ji Yue Shuang had said...

Chapter 3134 Princess Wenqi_1

They wouldn't even qualify to be maids within the Divine Night Sect.

It was hard to imagine how high the entry threshold for the Divine Night Sect was. Even a gatekeeper, a maid, or a servant couldn't enter casually.

As Ji Yue Shuang said, even maids at the Great Ascension stage could be found for Yang Chen.

Why?

Because the Divine Night Sect had once openly recruited servants.

What was the result?

Knowing that they couldn't become disciples of the Divine Night Sect, those Great Ascension stage cultivators tried their best to enter the sect. They knew that once they joined the sect, their status would likely change dramatically.

Just as with their ideas of being maids outside the Spirit Emperor City of the Divine Night Sect.

They'd rather be an ordinary chicken in a big place than be a phoenix in a small place.

How excellent was Yang Chen to enter the Divine Night Sect? With such outstanding qualifications, would he even think about them again?

"It's just a habit. I don't like to change the people around me frequently. Just let the two of them accompany me." Yang Chen said with a smile.

Hearing this, Ling Shuang and Chunyue, who were originally disappointed, couldn't help but be stunned, almost unable to believe their own ears.

Yang Chen was really going to take them to the Divine Night Sect?

Ji Yue Shuang was also slightly surprised, and couldn't help but gain a new understanding of Yang Chen. She had thought Yang Chen was simply fond of beauties, so he had said those words. She hadn't taken it seriously.

It was normal for a man to be fond of beauties; it was just the way of the human world. She had cultivated for so many years and had long been indifferent to it.

However, it turned out that Yang Chen didn't seem to be what she thought.

It wasn't a difficult issue to solve. She said gently, "Since Young Master Yang Chen has made a request, let's make an exception and promote these two to be maids of the Divine Night Sect. What are your names?"

Ling Shuang and Chunyue excitedly reported their names.

"Ling Shuang? Chunyue? Good. Once you enter the Divine Night Sect, serve Young Master Yang Chen well. If you don't serve him well, there will be countless others waiting to take your place. I hope you understand." Ji Yue Shuang said coldly.

How could Ling Shuang and Chunyue not understand? They nodded earnestly, their eyes filled with tears, and said excitedly, "Thank you, Lady Ji, for giving us this opportunity. We will cherish it and serve Young Master Yang Chen well."

"That's good. Let's go." Ji Yue Shuang looked at Yang Chen again, and a gentle smile gradually appeared on her originally cold face.

Yang Chen nodded and followed Ji Yue Shuang directly towards the Divine Night Sect.

The Divine Night Sect was located at the Crescent Moon Summit of the Hundred Cities in the Shenyue plane.

This position symbolized the highest position and represented the status of the Divine Night Sect in this plane.

Many cultivators guarded the Crescent Moon Summit. The worst among them had reached the Boundaryless stage of cultivation.

Moreover, these Boundaryless stage experts seemed to be much stronger than those outside the Divine Night Sect when judging by their Dao Intent Inscriptions.

Among these Boundaryless cultivators, there were even some Sky-separating Realm experts.

Yang Chen couldn't help but feel a little surprised by this sight.

The Divine Night Sect was so powerful that even the guards included Sky-separating Realm experts. And these were just the guards, yet their strength was far superior to those of the same cultivation level outside the sect.

Seeing people approaching under the Crescent Moon Summit, these guards went forward to stop them.

However, upon seeing that it was Ji Yue Shuang who led the group, they immediately showed respect, "It turns out that Lady Ji has returned. We will open the Formation gate for you."

"Yes."

The people below responded quickly and opened the main gate.

Ji Yue Shuang maintained a slightly friendly demeanor towards the Sky-separating Realm guards, while her expression remained cold towards those Boundaryless cultivators, as if she were frosty.

With her sleeves fluttering behind her, she walked ahead and passed through the gate, entering the Divine Night Sect.

Upon entering the Divine Night Sect, a whole new sight unfolded before them.

Tall mountains and flowing water, magnificent and spectacular buildings floated in the air or appeared three-dimensionally within view. It was breathtaking and made one appreciate the divine craftsmanship of the Divine Night Sect.

Yang Chen was alright since he had seen various scenes over the years and could cope with them. However, Ling Shuang and Chunyue found it difficult to remain calm. Their eyes were filled with astonishment as they looked around.

"Sister Ji."

"Sister Ji!"

Many disciples of the Divine Night Sect came forward and respectfully called out to Ji Yue Shuang as their senior or junior sister. Obviously, they were all disciples of the Divine Night Sect.

However, with their reverence, it wasn't hard to see that Ji Yue Shuang's status among the Divine Night Sect disciples was still quite noble and not comparable to average disciples.

At the same time, many people had different expressions and attitudes when they saw Yang Chen walking so close to Ji Yue Shuang.

Yang Chen remained calm and followed Ji Yue Shuang closely behind.

The two, one in front and one behind, finally came to the foot of a peak in the Divine Night Sect.

"Lady Ji." An old man at the Great Ascension stage quickly greeted her with respect.

"Is my master free?" Ji Yue Shuang asked coldly.

"Princess Wenqi has been waiting for you, Lady Ji," the old man said with a gentle smile.

Ji Yue Shuang nodded, "That's good. I'll go up and tell my master, then. He San, you help me take care of our guests first. If the arrangement isn't good, I swear you'll pay for it."

He San quickly understood the severity of the situation and bowed, "I will make sure to arrange everything properly for the Young Master."

Ji Yue Shuang turned to Yang Chen and said, "Young Master Yang Chen, I'm going to find my master now and will come back later to get you."

Yang Chen knew that there were steps to meeting Princess Wenqi. After all, meeting an expert in the Heavenly Extreme Realm wasn't something that could be done on a whim.

He gently nodded, "Got it."

With that, Ji Yue Shuang left, while He San wore an ingratiating smile and said respectfully, "Young Master Yang Chen, please follow me."

Ling Shuang and Chunyue looked at Yang Chen in awe, knowing it was him who made it possible for them to be treated so respectfully by the people inside the Divine Night Sect.

Yang Chen settled down for a while at the foothill under He San's guidance.

Ji Yue Shuang, on the other hand, went to the top of the peak. She soon arrived at the palace on the top and respectfully greeted, "Master, I have brought the genius with me. I wonder if you have any free time to see him?"

"Haven't I already said it? You can just take him around the place. Even if this young man is a genius on the Great Luo Celestial Stele, it would be his blessing for our Divine Night Sect to entertain him. There's no need for this palace to personally appear. You seem to think too highly of your friend." A slender figure appeared in the palace. From her silhouette and waterfall-like long hair, one could tell she was a stunning beauty that could overshadow the moon and shame the flowers.

Chapter 3135 Reaction Upon Seeing Yang Chen_1

She didn't turn around, but her back alone was enough to evoke endless imagination and speculation.

Ji Yue Shuang heard her master say this with a dry smile, knowing that her master didn't really take Yang Chen seriously.

Firstly, she hadn't met Yang Chen, and secondly, given Yang Chen's strength and age, it was indeed difficult to attract the attention of a powerful one at her master's level.

Ji Yue Shuang could only open her lips and, relying on her master's indulgence, dare to say again: "Master, but I have already told this friend, and I didn't boast about it. He is truly more outstanding than your disciple, and he is from another Star Domain Interface. If he joins my Shenyue Sect, I'm afraid it would be a fortunate thing for our sect."

"Absurd, more outstanding than you, yet born in a Star Domain Interface without power? Do you think I would believe that? I don't know which kid from Grand Abyss Palace came out to travel. Hmph, the disciples of that Grand Abyss Palace have idle days without anything to do, other than wandering

around in Taiyuan Star System. Once they leave Taiyuan Star System, they are almost like waste."
Princess Wenqi complained angrily.

Ji Yue Shuang knew that Princess Wenqi was biased against the two major powers such as Grand Abyss Palace, and she could only smile awkwardly now, not knowing what to say.

However, Princess Wenqi saw Ji Yue Shuang's expression and said with her hands behind her back:
"Fine, since you are so insistent on recommending this young man, I'm also somewhat curious about who he is. Bring him to me, and I'll see what he looks like. If he is really half as outstanding as you said, I wouldn't mind using my connections to help him with those small matters. But you have to promise me that you won't get too close to him, as he is not worthy of you."

"Thank you, Master! I understand." Ji Yue Shuang was overjoyed and laughed like a silver bell.

"You..." Princess Wenqi sighed lightly, full of helplessness.

"Master, I'll go down now..."

Ji Yue Shuang quickly took action, going down the mountain and looking for Yang Chen.

Yang Chen had only taken a short two-day rest, and Ji Yue Shuang had already found him and told him that Princess Wenqi had agreed to meet him.

He was overjoyed, of course. To be able to meet Princess Wenqi, he thought that his matters would be somewhat resolved as well.

The Slaughter God Spear was a must-find item for him, and as for Murong Qi, it was both his obligation and an agreement with someone else to send her to the Grand Abyss Palace.

With that in mind, Yang Chen and Ji Yue Shuang headed towards this peak together.

On the way, Yang Chen heard Ji Yue Shuang say that the peak was called Saintess Peak, a place where her master practiced in seclusion. On normal days, almost no one dared to disturb her except Ji Yue Shuang.

Yang Chen knew the importance of the opportunity and did not dare to neglect it, so as he climbed the mountain, he maintained a respectful attitude and dared not act recklessly.

In this way, he followed Ji Yue Shuang to the top of the peak and soon saw a snow-white palace standing above the snowy peak.

Ji Yue Shuang led the way, while Yang Chen followed behind them. The two entered the palace one after the other.

As soon as he entered the palace, Yang Chen felt a warmth as if spring was in the air, which contrasted sharply with the cold snow outside.

Yang Chen understood that this was Princess Wenqi's doing.

However, Princess Wenqi's initial approach was so gentle that it left him a little puzzled. Did she really think highly of him?

For a moment, Yang Chen relaxed a bit, but soon he shuddered, as if he had thought of something.

Strong wood is easily broken, while gentle water is hard to cut.

If these powerful ones had tried to suppress him with force, he would definitely have resisted. Even if he couldn't withstand the pressure, his willpower would never be destroyed. It was a man's dignity.

But what if these powerful ones approached him with a gentle, flowing demeanor?

He feared that he would immediately relax and then melt into their warmth, becoming completely complacent.

When Yang Chen thought about it, he secretly praised Princess Wenqi for her skillful tactics. Immediately after a shudder, he realized that he had already started to relax a bit, and quickly became serious and respectful again.

This caused a soft sound of surprise from a distance.

Then, a woman with long flowing hair and dressed in snow-white clothes, slowly walked out with a leisurely step.

Her graceful steps lightly touched the void, her clothes fluttering, full of immortal charm, like a fairy.

The picturesque eyebrows and eyes, with a gentle blink, seemed to add decoration, making people melt into it.

Yang Chen was shocked and couldn't help but be amazed. Could this woman be Princess Wenqi?

Her beauty surpasses that of Ji Yue Shuang by far, and it is not only her appearance that is beautiful, but also her temperament and realm.

Yes, a realm can also reflect a woman's beauty.

Ji Yue Shuang and her master fell far short in this regard.

This beauty was enough to suffocate those who were not as refined as Princess Wenqi.

Now, as Princess Wenqi gently stepped forward, her eyes fell on Yang Chen, and the soft flowing demeanor was truly warming others at all times, making it easy for people to have frivolous and relaxed ideas about her.

"You did indeed bring a friend who is somewhat extraordinary, at least at such a young age, he possesses a willpower stronger than yours. Alright, let's get to the point. Young man, what is your name?" Princess Wenqi asked gently.

Yang Chen couldn't see Princess Wenqi's cultivation level, which only made him more convinced that she was indeed a powerful person in the Heavenly Extreme Realm.

He immediately replied, "Junior Yang Chen!"

"Yang Chen?" Princess Wenqi initially didn't think much of it, but soon she seemed to remember something. She felt that the name Yang Chen was quite familiar, as if she had heard it somewhere.

Then, she rubbed her refined eyebrows, and after a sudden start, she remembered something: "Yang Chen? Are you sure your name is Yang Chen?"

Yang Chen awkwardly said, "Junior's name is indeed Yang Chen, and I can guarantee it."

"Then are you from the Lingnan Two Realms?" Princess Wenqi directly asked Yang Chen again.

Yang Chen looked astonished and then said, "How did Senior know that?"

Princess Wenqi laughed like a bell, then said in surprise and laughter, "Shuang'er, why didn't you tell me this friend's name earlier? If you did, maybe I would have tried to meet your friend sooner."

Ji Yue Shuang didn't know why her master made such a big fuss, she was completely at a loss and didn't know what happened.

Now hearing her master say this, Ji Yue Shuang could only smile bitterly and say, "Master, you didn't care about my friend's name at that time. Besides, I thought I had said everything I needed to say. The matter of the name was not that important."

She didn't expect that after saying so much earlier, her master had completely dismissed her words as boasting, not as important as Yang Chen introducing himself.

Yang Chen was puzzled at the moment and didn't know why his name caused such a big reaction in Princess Wenqi.

Chapter 3136 Inspecting the Order_1

Princess Wenqi had noticed the doubt on Yang Chen's face and couldn't help but become even more curious about him.

"Yang Chen, you seem a bit confused?" Princess Wenqi said.

Yang Chen didn't hide it and nodded, "Junior indeed doesn't quite understand."

Princess Wenqi showed a puzzled look, "Do you know your ranking on the Great Luo Celestial Stele?"

"Junior has heard that I seem to be among the top few on the Great Luo Celestial Stele, but as for the specifics, I don't know," Yang Chen shook his head.

After hearing this, Princess Wenqi knew the situation was more or less consistent.

She laughed like a bell, "Then there's no mistake, Yang Chen, it's you. I didn't expect to meet you here. It's true that you don't know your exact ranking on the Great Luo Celestial Stele, because apart from the three Great Factions of Taiyuan Star System monitoring it, only a few other powers can provide updates on the Stele. Let this palace tell you, your ranking on the Great Luo Celestial Stele has risen to third place, which means your Dao Intent Inscriptions rank among the top three in the Ten Thousand Realms, human world, Netherworld, and some groups."

Yang Chen didn't take the ranking too seriously and gently said, "Thank you for informing me, senior."

Princess Wenqi waved her sleeve gently, "Don't thank me so soon, Yang Chen. To be honest, when Shuang'er asked me to meet you, I didn't plan to agree because I didn't see the need. But now I take back that thought. To be honest, from the moment you were born and started to stand out on the Great Luo Celestial Stele, our Divine Night Sect had already noticed you."

Yang Chen was slightly startled, "Senior knows a lot about junior?"

"Of course, us old fellows, more or less, know some things about you," Princess Wenqi said with a faint smile.

Yang Chen took a deep breath, not anticipating that he would be targeted by so many powerful seniors when he was in Lingnan Two Realms.

"As soon as you ranked third on the Great Luo Celestial Stele, our Divine Night Sect wanted to send someone to pick you up. Unfortunately, Grand Abyss Palace was one step ahead, and our Divine Night Sect could only give up. However, it seems that you haven't joined Grand Abyss Palace, and it's fate that brought you to Divine Night Sect now. Why not just join our Divine Night Sect? You can rest assured that as long as you join Divine Night Sect, whatever Shuang'er has, you will have."

Princess Wenqi looked straight into Yang Chen's eyes, "Even what Shuang'er doesn't have, you can have too. Moreover, the help you asked me for earlier, I can unconditionally agree to, even using the resources of the entire Divine Night Sect to help you, how about it!"

Yang Chen didn't expect the gentle Princess Wenqi to suddenly become as decisive as Ji Yue Shuang and start inviting him to join.

He was at a loss for how to respond for a moment.

Seeing Yang Chen hesitating, a hint of displeasure appeared between Princess Wenqi's eyebrows, but she soon shook her head, and gently said, "Yang Chen, you still have the Way of Ten Thousand Laws Embryo, right? However, I'm afraid you can't activate it at all, right?"

Yang Chen was suddenly startled, "How does senior know junior has the Way of Ten Thousand Laws Embryo?"

"There are no walls in this world that don't let out secrets. The words you've spoken have naturally been passed on to us," Princess Wenqi smiled.

Yang Chen couldn't help but recall that he had only mentioned these words to a few people in Grand Abyss Palace and the Dragon Clan in Dragon Palace.

It shouldn't have been possible for Dragon Palace, but the few people who were part of Grand Abyss Palace had managed to inform Princess Wenqi's ears, which was terrifying.

Princess Wenqi didn't seem to think her bait was enough and opened her mouth slightly, "Don't worry, when it comes to researching the Way of Ten Thousand Laws Embryo, our Divine Night Sect will only surpass Grand Abyss Palace and Heavenly Melody Mountain. This point, you can verify with anyone. If you want to unlock more and deeper levels of the Way of Ten Thousand Laws Embryo, Divine Night Sect is your best choice."

After hearing this, Yang Chen's eyebrows furrowed, and after a while, he smiled bitterly, "Senior Wenqi, it's not that junior doesn't want to agree with you, but there are some reasons why I have to refuse you."

"What do you mean?" Princess Wenqi's gentle atmosphere suddenly became more serious.

Yang Chen explained everything without any omissions, "Senior Wenqi, I am already married and my wife is currently waiting for me in Grand Abyss Palace. Once I resolve the issue of losing something, I have to go to Grand Abyss Palace to reunite with my wife. Therefore, I have to refuse you."

"So, you are planning to join Grand Abyss Palace." Princess Wenqi's eyebrows furrowed.

"I hope senior can understand," Yang Chen said solemnly.

Princess Wenqi couldn't help but feel annoyed, thinking how young Yang Chen was and why he had married so early. She had hoped to match her disciple with Yang Chen, thinking they were a perfect match since they ranked within the top ten and top three of the Great Luo Celestial Stele. Where else could they find such a good relationship?

But now that Yang Chen was already married, even with her good mental state, she was feeling quite upset.

As these thoughts crossed her mind, Princess Wenqi began to feel angry.

However, she quickly thought, "Yang Chen, if you don't join the Divine Night Sect, the help you asked for will be conditional."

"Please tell me, senior." Yang Chen had expected this.

It was better to have conditions; if he asked for help unconditionally, he would feel even more uneasy.

"Good, very decisive. In that case, this palace will give you a few options. If you want my help, you naturally have to work for the Divine Night Sect. Other things would be a waste of your talent, but there's one thing that isn't. That is the purpose of the Divine Night Sect since the past three eras."

"What exactly is senior talking about?" Yang Chen was confused.

"You must have heard that the main responsibilities of the three major powers of our Taiyuan Star System are: Grand Abyss Palace to the outside, Heavenly Melody Mountain to the inside, and our Divine Night Sect to regulate order in secret!" Princess Wenqi's eyes were clear as water.

Yang Chen nodded, "This, junior has indeed heard."

"The purpose of our Divine Night Sect's existence is to check the order of the Ten Thousand Realms, deter and rectify those foreign race persons who have nefarious intentions towards our human forces. Besides this, we also ensure the peace of the human world in the Ten Thousand Realms. This is something only our Divine Night Sect can do, as what Grand Abyss Palace and Heavenly Melody Mountain do in the Taiyuan Star System is just trifle matters."

When Princess Wenqi said this, her words suddenly became filled with indignation, and then she changed the subject, "Anyway, the task of rectifying the Alien Tribes is everywhere, and you can choose as many as you wish. As long as you complete enough of these tasks, I will naturally help you with whatever you ask for."

Chapter 3137 Mutual Trade_1

Yang Chen chuckled and shook his head. He thought that he had escaped such laborious work once he left Lingnan Two Realms and eluded the King of Joyful Sound.

Unexpectedly, after coming to Divine Night Sect, he was still doing hard labor.

But it didn't matter. Although they were both laborious tasks, Princess Wenqi's attitude was much better than the King of Joyful Sound's. He was not without ground for negotiation with her.

Now that Senior Wenqi had spoken, Yang Chen also said, "Senior Wenqi, if you want this Junior to help Divine Night Sect with these matters, the Junior can agree. However, just finding the lost items is not enough."

"What do you mean by 'not enough'?" Princess Wenqi squinted her eyes, knowing that Yang Chen would bargain.

Yang Chen said, "First of all, finding a person and a spear lost by this Junior is really simple for such a huge force as Divine Night Sect. Of course, it takes a lot of resources to find them, and the Junior naturally has to make a contribution as well. However, just before this, the Junior had already reached an agreement with Miss Ji to exchange Furious Sword King's law particles. Now that Senior Wenqi wants the Junior to do these things, the Junior doesn't mind, but Miss Ji's law particles..."

Yang Chen didn't finish his words, leaving them half-said.

Although he was not a calculating person, there had to be a reciprocity to things. The Furious Law particles were treasures, and he didn't mind asking for more.

Princess Wenqi glanced at Ji Yue Shuang, obviously not knowing about these things.

"The law particles of Furious Sword King? And you provoked Sword Monarch into rage mode? This is interesting. You are holding these particles, which means you killed the King. Shuang'er didn't tell me about this. Shuang'er, is this true?" Princess Wenqi said.

Ji Yue Shuang could only respond, "Yes, it is true."

"Humph, you little girl. Alright, since you and Shuang'er had a deal beforehand, then I was indeed excessive. You may also state your other requests. Since This Palace is an elder, I naturally won't treat you unfairly," Princess Wenqi said.

Yang Chen's expression was solemn and after pondering for a moment, he said, "Junior wants the method to use the Way of Ten Thousand Laws!"

Although he might join Grand Abyss Palace in the future, he didn't know if he would be able to obtain the method to use the Way of Ten Thousand Laws smoothly.

So, taking advantage of this opportunity to get it, he would not be polite.

Ji Yue Shuang's eyebrows raised, and seeing Yang Chen now asking for the usage method of the Way of Ten Thousand Laws, she realized that Yang Chen might really have it.

This also surprised her. What a genius with the Way of Ten Thousand Laws represents, she knew quite well.

It seems that only the possessors of the strongest Dao Intent will give birth to Way of Ten Thousand Laws.

Princess Wenqi was not surprised, as if she had already guessed that Yang Chen would say so.

She smiled sweetly and said, "You are indeed interested in this thing. In fact, you don't need to bother that much. If you join my Shenyue Sect, you won't have to do any tasks, and This Palace can also decide to give you the usage method of the Way of Ten Thousand Laws directly."

"Senior, please don't make things difficult for Junior," Yang Chen shook his head.

"You are quite infatuated, alright, I won't force you anymore. However, the method of using the Way of Ten Thousand Laws is a meticulous secret art derived from three eras of Way of Ten Thousand Laws' accumulations by our Shenyue Sect's powerful ones. If you were one of us, it would be fine to give you

this method. But frankly speaking, you are an outsider for now, and if you want it, be prepared for the conditions," Princess Wenqi was ready to make a big demand.

Yang Chen naturally smelled the terror of these conditions and shivered, then said, "Senior, please say it."

"I haven't thought about the condition yet, but when I think of it, I'll let you know. As for now, you should complete three tasks of B-level difficulty. Alright, you can go first. In a while, This Palace will let Shuang'er lead you," Princess Wenqi said.

Yang Chen nodded, and since he did not intend to join Shenyue Sect, there was no need for someone to send him off. He left and returned to his residence along the path.

After Yang Chen left, Ji Yue Shuang gasped softly, "Master, you are too harsh on him. To be honest, it's just a mere Emperor Divine Tool and a cultivator. With our Shenyue Sect's connections, it should be easy to find. Is it necessary to give him three B-level tasks to trouble him?"

"Trouble him? Do you think I'm doing this for no reason?" Wenqi, the princess, spoke meaningfully.

"Master's meaning is..." Ji Yue Shuang couldn't figure it out.

"That Yang Chen refused to join my Shenyue Sect, do you think I've given up on him? The old fellows of Grand Abyss Palace are only supposed to control the entire Taiyuan Star System, but they always strive to snatch geniuses from my Shenyue Sect. Now my sect's manpower is insufficient to regulate the universal order, and this time, this surnamed Yang intends to join Grand Abyss Palace? Well, this corner is determined to be taken by our palace." Princess Wenqi snorted.

Princess Wenqi said with a hum, "But if you want This Palace to dig a corner, you have to show enough strength. Assigning these three B-level tasks to him is just to see how he performs. Alright, you just lead him well and help him with the things he doesn't understand. Remember, treat him well and, if needed, you can get closer to him as well. Although it's just a preliminary observation, he is worthy of you."

Hearing this, Ji Yue Shuang's face turned red and she quickly said with a clear understanding, "Yes, Master, I got it."

With that said, she turned around and left.

Not long after Yang Chen returned to his residence, he saw Ji Yue Shuang following soon after.

At this point, Ji Yue Shuang came to Yang Chen's side, "Young Master Yang Chen, Master has already arranged everything properly, you can rest assured. As for the topic of tasks that my Master mentioned earlier, you don't have to worry about it. The Divine Night Sect is vast, and you are a guest. These days, I can show you around. Whenever Young Master Yang Chen wants to solve these tasks, we can do it then."

Yang Chen never liked wasting time. What needed to be done today would not be left until tomorrow. Now that he heard Ji Yue Shuang saying this, he showed a touch of gratitude in his eyes.

Immediately, he said, "Miss Ji's kindness is in my heart. However, I don't like dragging things on when I do business. Since I have been a guest at Divine Night Sect for quite a while and have already troubled Miss Ji, how can I bother you to take me around everywhere? Let's just start the tasks directly."

Hearing that Yang Chen was not interested in leisure, Ji Yue Shuang had no other choice but to say, "If that's the case, Young Master Yang, please follow me."

Yang Chen immediately followed behind Ji Yue Shuang, and for a moment, his heart was curious about how the Divine Night Sect planned the order of the ten thousand realms.

Chapter 3138 Taking on Tasks_1

Little did he know that he had never thought before that there were so many ways in the Taiyuan Star System, as well as the Ten Thousand Realms.

Now it seems that he was really ignorant.

That's why he was even more curious about what the Ten Thousand Realms looked like. And what roles did the Divine Night Sect, Grand Abyss Palace, and Heavenly Melody Mountain, these three giants, play in the Ten Thousand Realms?

As his thoughts lingered, Yang Chen couldn't help but ask a few questions, as he needed to understand clearly in advance before taking on the tasks later.

Ji Yue Shuang had a good impression of Yang Chen and didn't mind talking more.

"The doubts Young Master Yang Chen has are very normal. Let me put it this way, as long as it is a star realm outside of the Taiyuan Star System and there is a situation that cannot be handled, they will seek help from the Divine Night Sect. However, not many forces know the power of our Divine Night Sect, so most of them will choose to seek help from Grand Abyss Palace." Ji Yue Shuang said.

Yang Chen asked in confusion, "So are the forces of the Ten Thousand Realms of humans in chaos?"

Ji Yue Shuang sighed softly, "Although it might sound cruel and irresponsible to say so, Young Master Yang Chen, heaven is high and the emperor is far away. For example, some neighboring star realms, or the Taiyuan Star System, can maintain their order by our Divine Night Sect, Grand Abyss Palace and Three Great Factions, but if it is too far away, it will be difficult to control even if we want to get involved with the Three Great Factions."

Yang Chen couldn't help but think back to the Spiritual God Race attacking the Dragon Clan and the Netherworld attacking the Lingnan Two Realms.

It seemed that it was indeed so.

"Although the forces of our human race are the largest in the Universal Starry Sky, nothing is absolute. We humans cannot control the entire Universal Starry Sky. In this Universal Starry Sky, there are too many unknowns and alien tribes. These foreign race people have always harbored hostility towards the growth of human race, such as the Spiritual God Race, Netherworld, and the Ruthless Beast Race, all of which are restless groups,"

Ji Yue Shuang gritted her silver teeth with hatred: "These alien tribes, together with other smaller tribes, either openly or secretly, frequently provoke troubles, causing chaos in the order of the Ten Thousand Realms. And those stars who suffer from it naturally have to choose to seek help. For simpler matters, Grand Abyss Palace will step in with great righteousness, while for more complex ones, they will be handed over to our Divine Night Sect and we will take action."

Yang Chen listened to these secrets of the Ten Thousand Realms with mixed feelings.

It seemed that the so-called stable order was just a false impression, and the entire Universal Starry Sky was filled with undercurrents.

"If these troublesome tasks are handed over to the Divine Night Sect, won't the sect feel it's at a disadvantage?" Yang Chen asked with doubt.

"What's the use of knowing that it's a disadvantage? Don't laugh at me, Young Master Yang Chen. This rule was established by our ancestors in the most ancient times. At that time, the Taiyuan Star System was even more chaotic, and the chaos of the Ten Thousand Realms was relatively more peaceful compared to the Taiyuan Star System. Therefore, at that time the distribution was quite fair. But who could have thought that the chaos of the Ten Thousand Realms would be so overwhelming, 'non-earthly species, different hearts,' foreign race people are simply unable to settle down. But there is no use in regretting it, as the Divine Night Sect has sworn to take on this task, and we have to do it."

Yang Chen couldn't help but laugh secretly. No wonder Princess Wen Qi and Ji Yue Shuang were so resentful when they mentioned the Grand Abyss Palace, as they had taken the good tasks while their own sect suffered from the bad ones.

However, after all, these matters had nothing to do with the younger generation. Those geniuses of the Divine Night Sect who were willing to risk their lives to maintain the order of the Ten Thousand Realms were indeed worthy of admiration.

As they talked, the two arrived in front of a magnificent hall.

"This hall is called Fenghua Hall, where requests and needs from the Universal Starry Sky and the Ten Thousand Realms are brought in the first place. In this Fenghua Hall, our powerful seniors from the Divine Night Sect will specially sort out these tasks and then distribute them. For those tasks that are especially urgent, they will even be reported to higher-ups for special allocation." Ji Yue Shuang explained.

Yang Chen could see that not only were there complicated flows of people around, but also many miraculous formation devices that helped with the workflow which had opened his eyes.

"Sister Ji, what task have you come to take this time? Don't take the task from last time again, your uncle nearly died of fright." A round-faced fat cultivator passed by, holding a formation device emitting blue light while walking and talking.

"Don't worry, senior brother." Ji Yue Shuang said with a gentle smile.

She led the way, and soon they reached a high platform.

A black-robed and a white-robed elder guarded the platform.

From their aura, both of them had surpassed the Heaven-separated Realm and reached the Heaven-appointed Realm in terms of cultivation level.

Yang Chen couldn't help but admire the strength of the Divine Night Sect. He had seen more than one expert at the Destiny Realm since entering Fenghua Hall.

The round-faced fat man earlier was indeed a strong expert of the Destiny Realm. As for why he called Ji Yue Shuang his sister, it might be because her Master was Princess Wenqi of Heavenly Extreme Realm.

This seniority would be slightly higher in an intangible way.

"Sister Ji, you suffered a loss last time, why didn't you rest more before coming to Fenghua Hall again? We reminded you before that you shouldn't mess with that royal family of the Spiritual God Race without the power of several people. Even those experts of the Sky-separating Realm have to weigh the risks before taking on the task, yet you insist on taking it." The Elder in Black Robe stroked his beard, looking both indulgent and unwilling to reprimand her.

Ji Yue Shuang stuck out her tongue and said, "I was just too angry at the time."

"Alright, this time you have to listen to your senior brother. There's just a batch of requests from various realms that are not particularly troublesome. You should finish them according to your ability." The White-Robed Elder also spoke seriously.

"Lu Zhen Senior Brother, Ye Li Senior Brother, you two are wrong this time. The person who comes to do the task this time is not my Junior Sister, but someone else." Ji Yue Shuang explained with a grin, "This person's name is Yang Chen, who has other dealings with my Master. My Master requires him to complete several tasks within the Divine Night Sect before agreeing to help."

"Oh, did Wen Qi Senior Uncle mention what level of tasks?" Black-robed Lu Zhen asked with his hands behind his back.

"Three Class B Tasks!" Ji Yue Shuang said with a light smile.

Lu Zhen in the black robe squinted and said, "Sister Ji, you must be honest. You know it too. Even if it's a core disciple within our Divine Night Sect, they have to think carefully before taking on Class B tasks at their own level. Does this fellow Daoist friend really have the strength to complete all three?"

Ji Yue Shuang giggled, "You don't have to worry about that, senior brothers. Didn't a batch of tasks just come in? Let's take a look."

Lu Zhen and Ye Li exchanged glances, then took out several light spheres without caring too much about a foreigner taking on the tasks.

Chapter 3139 Various Tasks_1

Ji Yue Shuang looked at these light spheres, picked up one, and examined it before carefully explaining, "These tasks are divided into five stages, four of which are Grade A, B, C and D."

"What about the other one?" Yang Chen asked.

"The other one is the Superior-grade Task. This task is the most difficult. If the task level is set to this level, it basically means it is almost impossible to complete. I recently took a Superior-grade Task, and I almost lost my life on the spot. If it wasn't for the protective treasure given to me by my Master, I might not have made it back." Ji Yue Shuang finished speaking, with a lingering fear in her eyes.

Lu Zhen and Ye Li obviously adore Ji Yue Shuang. Upon hearing what she said, they couldn't help but scold, "How did we tell you at the time? We told you not to mess with Xuan Zhen, but you insisted on doing it. As a result, even Uncle Wen Qi scolded us. It's good that you're safe, or else we, your two senior brothers, might be guilty for a lifetime." Both Lu Zhen and Ye Li shook their heads.

Hearing this, Ji Yue Shuang clenched her silver teeth, "Xuan Zhen killed several of my subordinates, how could I ignore it? I am only sorry for not being able to fight against Xuan Zhen, letting him run rampant around Jinyang Star. If only I were strong enough to confront Xuan Zhen."

"Junior Sister Ji, you have to calm down. It is impossible for humans of the same Realmless level as the Spirit God Race to fight against Xuan Zhen alone. There are no Realmless cultivators in the entire human race that can win against him. It is good enough that you managed to escape alive. Just take it easy. Moreover, Jinyang Star is theoretically close to the territories of the Spirit God Race. Whether we should manage that area or not is very ambiguous. Fighting with the Spirit God Race there would be our disadvantage." Lu Zhen said.

"I was just saying that, mainly to help Young Master Yang Chen choose a task." Ji Yue Shuang explained.

Yang Chen gradually understood as he listened to their conversation.

So that's how the resentment between Xuan Zhen and Ji Yue Shuang originated.

Ji Yue Shuang now said gently, "These tasks are set according to the cultivation level when they are sent out. Boundaryless cultivation can only accept tasks labeled with 'for Boundaryless cultivators to complete.' So these Grade A, B, C and D levels are prepared for this level of cultivation. As for the Superior-grade task, its positioning is slightly ambiguous. In short, you definitely can't touch the Superior-grade tasks."

Ji Yue Shuang imparted her experience to Yang Chen. However, she thought about it again. Yang Chen only needed to complete three Class B tasks, so she might have gone too far with her explanation.

In an instant, Ji Yue Shuang quickly changed her words, "Alright, let's get back to the point. All these Class B tasks are contained in the light spheres. Young Master Yang Chen, you can find out by looking at them."

Yang Chen's hand was already on the light sphere, filled with curiosity.

Just like those cultivation methods, once his soul merged into them, he already knew the information sent by these light spheres.

"Jiang Wenxing, a Subsidiary Star Domain Interface of the Divine Night Sect, is one of the forces under the Divine Night Sect. Every year, it tributes the essence of the interfaces to the Divine Night Sect. There are three major forces in the Plane: humans, demonic beasts, and ancient beasts. However, in recent times, for some unknown reason, demonic beasts have gained control of the ancient beasts' power, launching an attack on humans, attempting to control the leadership of the interfaces. As humans are defeated, they have no choice but to seek help from the Divine Night Sect."

"The main force of this interface is the True God Realm and the Enlightenment Stage, with the highest combat power being the Boundaryless cultivation level."

Yang Chen couldn't help but think of his own Spirit Realm, and he didn't expect that there actually existed interfaces with similar combat power to Boundaryless. There wasn't even a Heaven-separated Realm.

"Also..."

"Di Fei Star, plagued by the Heavenly Tribulation of the Interface recently..."

"Tianyun Realm, being attacked by neighboring interfaces..."

At a glance, Yang Chen read through nearly a dozen tasks and came to understand them. He now knows what kind of tasks the Divine Night Sect was dealing with.

Indeed, the Ten Thousand Realms are chaotic, but just how big are they? He simply couldn't see it all.

In some interfaces, there are more than just human races. When other races rise up to challenge human status, they need to be dealt with by the Divine Night Sect.

Moreover, there is the invasion of interfaces. When the interfaces of other races invade the human interfaces, the Divine Night Sect has to handle it too.

Or disasters such as Heavenly Disasters and Earthly Calamities; or the Netherworld, Spirit God Race, and Ruthless Beast Race, which Ji Yue Shuang mentioned as causing the most trouble.

He saw the shadows of these three races among the dozen or so light sphere tasks.

"Brother Yang Chen, which one do you want to choose?" Lu Zhen and Ye Li, lacking the patience they had with Ji Yue Shuang, saw that Yang Chen had been watching for a while and began speaking.

Yang Chen stood with his hands behind his back, saying, "I'll choose Jiang Wen Realm, Tianyun Realm, and Gu Heng Star for these three tasks."

Of these dozen tasks, the difficulty level, in his opinion, isn't much different.

But the distance to the Divine Night Sect varies.

For Yang Chen, the closer the distance, the better.

"You can only accept one task at a time, Brother Yang Chen. Let's start with Jiang Wenxing. We will keep these other two tasks for you. You have to complete the first one before you can come to us for the second one," Lu Zhen said.

Yang Chen was not surprised, and said, "Alright, I understand."

Ji Yue Shuang softly said, "Young Master Yang Chen, going to other interfaces requires careful preparation. Now that you have accepted the task, it is best to get a map first."

Yang Chen was worried about maps, but he didn't expect the Divine Night Sect to be so well prepared.

Ji Yue Shuang led Yang Chen to a side hall of Fenghua Hall.

In this hall, maps were densely packed.

Yang Chen couldn't help but be amazed. After asking Ji Yue Shuang, he found out that the maps collected by the Divine Night Sect covered almost every corner of the Universe Starry Sky.

Almost every Star Domain Interface had a map recorded by the Divine Night Sect.

The map of an insignificant Jiang Wenxing was almost an effortless find.

After obtaining the map, Ji Yue Shuang instructed Yang Chen on some matters related to these tasks, so that Yang Chen wouldn't suffer any losses.

Yang Chen was naturally grateful for Ji Yue Shuang's kindness. He would remember how well she treated him. Although he knew that she had other motives, he would thank her for her help in the future.

In this way, Yang Chen rested briefly within the Divine Night Sect.

Over the course of these few days, Chunyue and Lingshuang had been serving him very attentively, even more than before. All this was because Yang Chen remembered them and brought them into the Divine Night Sect.

For such a great kindness, they might never be able to repay it in their entire lives. Whatever Yang Chen asked them to do now, they would certainly not hesitate.

In this way, several days later, Yang Chen left quietly, without anyone knowing or even paying attention to it.

Chapter 3140 Skyfire Male Lion_1

Following the map and utilizing the Spirit Leaf Flying Boat, Yang Chen, who had already had extensive experience navigating the Universe Starry Sky, found it much easier to cross the realms. It was not as difficult as it was at the beginning.

As long as he had the map and carefully avoided things like the Barren Black Hole, which even sky-separating and heaven-appointed stage experts would have to retreat from, there was nothing else to fear.

With the map clearly marked, Yang Chen easily dodged and traveled smoothly.

The Jiang Wenxing he chose was only a one-month journey away from the Divine Night Sect.

One month later, Yang Chen crossed the starry sky and quietly entered this plane.

According to the task description, the strongest person in this plane was only at the cultivation level of half-step Heavenly Leaving Realm and had not yet reached the Heaven-separated Realm. With his realm and cultivation level, it was easy for him to enter this plane without being noticed.

Yang Chen used his soul-searching technique, which he had already cultivated to the Third Layer of the Forbidden Divine Art, to explore the plane. He had a clear view of many locations within the plane.

After taking a look, Yang Chen gained a lot of understanding.

"There isn't much difference from what the light sphere introduced. The battle between humans and demonic beasts in this plane has completely erupted. However, compared to that, the demonic beasts have found a way to control ancient beasts? This is quite interesting. The demonic beasts seem to have the upper hand now, and humans appear to be struggling everywhere."

Yang Chen took a glance and roughly understood some things before disappearing from the spot in a flash.

Now, he needed to go to the eastern part of this plane to find the core location of the human forces in this plane, the Golden Yuan Sect.

With his Spacetime Dao Intent, it was simple for him to traverse within a plane. Two days later, he arrived in the sky above the Golden Yuan Sect and looked down.

The area around the Golden Yuan Sect was slightly less engulfed in the flames of war, but looking a bit further away, one could see that the iron hooves of the demonic beasts' offensive were about to spread here. Obviously, if the Golden Yuan Sect did not come up with a solution, they would sooner or later face the crazy attacks of the demonic beasts.

Yang Chen, who came to help, naturally skipped the pleasantries and directly released his Qi.

When his Qi erupted, the entire Jin Yuan Sect quickly reacted.

"Who's there!"

The half-step Heavenly Leaving Realm Ancestor of the Golden Yuan Sect quickly appeared, leading three Boundaryless Experts, and in an instant, they appeared in front of Yang Chen.

"Divine Night Sect reinforcement, this is the token!" Yang Chen took a glance at their cultivation levels and shook his head.

The cultivation levels of the four of them were all in the Realmless Stage, but their insights into the law and the number of Dao Intent Inscriptions did not seem to be many.

Even the half-step Heavenly Leaving Realm leader seemed somewhat weak in terms of Qi and was only slightly stronger than the Boundaryless cultivators of the Spirit Realm.

Without wasting words, he took out the token and placed it in front of several people.

Upon seeing the token, the faces of these Boundless Stage Experts changed when they looked at Yang Chen, and they immediately showed different expressions.

"Ah, it's a great person from the Divine Night Sect! We have been disrespectful for not greeting you from afar. We hope you will forgive us, Sir." The several Boundaryless cultivators immediately bowed and spoke, their attitudes extremely respectful.

Although they were also in the Boundaryless Stage, even the half-step Heavenly Leaving Realm leader was very respectful and even subconsciously showed a junior-status demeanor.

Yang Chen didn't expect that his identity from the Divine Night Sect would be so useful, but it was also true, as people like Ji Yue Shuang even received respect from Heaven-separated Realm Experts when they were outside.

Why?

One reason was their prestigious background; another was that Ji Yue Shuang was strong enough to confront ordinary Heaven-separated Realm Experts, so they naturally had to show some respect.

The No Realm cultivators introduced themselves one by one.

"Old man, I am the Ancestor of Golden Yuan Sect, Fu Shenghan. Sir, let's talk slowly inside." This half-step Heavenly Leaving Realm expert said with a flattery.

Yang Chen didn't hesitate and said calmly, "Alright, lead the way."

Fu Shenghan hurriedly led the way ahead.

As they entered the Golden Yuan Sect, Fu Shenghan quickly ordered his servants to serve good food and spirit fruits, fearing that he would offend Yang Chen.

Yang Chen didn't care about it and waved his hand, "Enough, there's no need for these formalities. I think we all are short on time, so let's get straight to the point. Who is the leader of the demonic beasts in this plane, and who needs to be dealt with?"

Hearing this, Fu Shenghan hesitated for a moment.

This made Yang Chen frown as he saw a bit of difficulty on Fu Shenghan's face.

"Daoist Friend Fu seems to have something difficult to say?" Yang Chen asked.

Fu Shenghan quickly laughed and said, "No, no. Sir Yang Chen is overthinking it. I was just thinking that since you've come a long way here, why not rest for a couple of days in our sect before discussing the matter of demonic beasts? Otherwise, wouldn't we make Sir Yang Chen too tired?"

Yang Chen narrowed his eyes, not giving any reaction.

With his wisdom, how could he not see that Fu Shenghan was not really concerned about him being tired, but was actually hiding something?

However, he didn't bother to ask more questions, as at least from his Lingxi Divine Pupil's perspective, Fu Shenghan and the others did not have any malice, but were indeed having some difficulties in speaking up.

He said, "Alright, I'll rest for a few days, and you can discuss and let me know later."

Fu Shenghan didn't expect Yang Chen to agree so readily and quickly laughed and said, "Sir Yang Chen, there's a treasure land in the Houshan of our Golden Yuan Sect, I guarantee you will be satisfied resting there..."

Fu Shenghan personally took charge of settling Yang Chen down.

Once settled, the other Boundaryless cultivators and Fu Shenghan found a place and began to look worried.

"Senior Brother Fu, Yang Chen is also just a Boundaryless cultivator. You're a half-step Heavenly Leaving Realm expert, surely you don't need to be so humble towards him?" The other Boundaryless cultivators were puzzled.

Fu Shenghan coldly said, "What do you guys know? This person may appear to be Boundaryless, but he's from the Divine Night Sect. He's extraordinary in terms of strength and is probably stronger than me,

plus one of you. You don't underestimate the disciples of the Divine Night Sect. Those Realmless cultivators who can join the Divine Night Sect and come here to help are definitely not ordinary people."

"But, even if he is from the Divine Night Sect and extraordinary in strength, our situation..."

As they said this, all of them looked dejected.

"Who would have thought that the people from the Divine Night Sect would arrive so quickly? With them here, how are we supposed to explain our situation to them?"

"Sigh, who could have imagined that the Skyfire Male Lion would actually advance to the Heaven-separated Realm? How are we going to explain this to Sir Yang Chen from the Divine Night Sect?"

"But if we don't say anything, sooner or later, people will find out."

Several Boundaryless cultivators argued with each other and were caught in a heated discussion.

Fu Shenghan waved his hand, "We have to tell him, but not just yet. I was afraid that if I said something just now, this Sir Yang would leave right away. In that case, our Golden Yuan Sect might not even last until the next Divine Night Sect reinforcements arrive."
