

Supreme MK 3151

Chapter 3151 Bi Shuangxing_1

In an instant, Lu Zhen and Ye Li's originally serious expressions turned into unnatural surprise, and their gazes fell on Yang Chen, filled with astonishment and disbelief.

"Brother Yang Chen, are you going to take on this task?" Lu Zhen frowned and said, "Junior Sister, although Brother Yang Chen is taking on this task, it is still an S-ranked task after all, and we cannot easily agree."

"Hmph, I knew you would be all rules and regulations and wouldn't easily agree. But I have a secret letter from my Master, just take a look at it and you will understand." Ji Yue Shuang had anticipated their reaction, waved her hand, and handed over the private letter given by Princess Wenqi.

Upon reading the letter, Lu Zhen and Ye Li couldn't deny its contents.

They didn't understand why Princess Wenqi would ask Yang Chen to do such an unreasonable act. They had seen his excellence, which was undeniable.

However, to have him confront Xuan Zhen of the Spirit God Royal Clan seemed too much to ask. For such a task, at least several characters from the Daluo Celestial Stele would be needed.

But despite their doubts, the deeper matters were beyond their control.

"Alright, since this is the case, let Brother Yang Chen complete this task. Be careful along the way. For the specific details, you can ask my Junior Sister; she knows more than both of us." Lu Zhen and Ye Li said.

Yang Chen bowed his hand and indicated that he understood.

Lu Zhen then handed over a light sphere. Yang Chen pressed his hand on the sphere, and through his soul, he quickly grasped the situation.

The task was not too far from the Taiyuan Star System and would take about two months to reach.

The incident occurred in Bi Shuangxing.

Millions of years ago, this star domain was undoubtedly human territory. However, as time went on, it was very possible for the star domain to change.

All heavenly disasters and the star domain itself could cause the domain to deviate greatly from its original position.

Bi Shuangxing was an example of this.

It had deviated so much that it was no longer human territory and had become mixed with the regions occupied by alien tribes.

As a result, Bi Shuangxing's situation became complicated. It wasn't human territory, nor was it territory of other alien tribes.

However, Bi Shuangxing contained some extremely important resources that humans couldn't let go of, and others were also interested in.

For a time, numerous alien tribes arrived in Bi Shuangxing, creating a chaotic scene. Countless tribes gathered, making the situation unmanageable.

And among them, the Spirit God Race was active.

Humans naturally couldn't easily let go of this place, so they poured a lot of forces into it. They just didn't want the Spirit God Race to benefit from it. However, they knew that they didn't have the upper hand when it came to Bi Shuangxing.

Of course, the alien tribes also knew that they couldn't easily provoke humans, so they just rampaged around in this domain. The highest cultivation level they sent was Heaven-appointed Realm, to avoid escalating the conflict and enraging humans.

Over millions of years, Bi Shuangxing became a special star domain. Numerous battles and clan conflicts took place here, making it a battleground of sorts.

Initially, the situation was still within human control until Xuan Zhen from the Spirit God Royal Clan arrived, making humans take the matter more seriously.

Xuan Zhen came to Bi Shuangxing, and no one knew what methods he used to subdue many alien tribes, seize resources, and kill human cultivators. Everywhere he went, he was invincible.

Of course, the Divine Night Sect couldn't tolerate this. The Spirit God Race was a huge threat, and humans had to think of countermeasures for their every move.

Someone had to deal with Xuan Zhen's actions, so the task was issued. Unfortunately, no one in the Realmless or Heaven-separated Realm dared to take it on easily.

The difficulty of an S-ranked task was extremely high.

"I took on this task, but unfortunately, my strength was still not enough, and I was no match for Xuan Zhen at all."

At this moment, Yang Chen had accepted the task orb and was discussing the specifics of the task with Ji Yue Shuang. When the matter was mentioned, she sighed softly, her eyes filled with anger and frustration from her own lack of power.

Yang Chen summoned the Spirit Leaf Flying Boat and said gently, "Miss Ji, let's board."

Ji Yue Shuang quickly boarded, her mouth slightly open: "Your Divine Weapon is really nice; traveling with it is no worse than the Formation Device my Master gave me."

The two of them took the Spirit Leaf Flying Boat and rushed towards Bi Shuangxing.

Along the way, Yang Chen asked Ji Yue Shuang about many things related to Bi Shuangxing. He had not only become familiar with the general specifics of the task but also with the details of it.

His only target was Xuan Zhen!

Time passed quickly, and two months later, Yang Chen was nearing Bi Shuangxing in the Spirit Leaf Flying Boat.

Meanwhile, Yang Chen was driving the Spirit Leaf Flying Boat while cultivating with his eyes closed.

Soon, Yang Chen suddenly opened his eyes, gazed ahead, and said, "Miss Ji, it seems that we have arrived at Bi Shuangxing."

Ji Yue Shuang looked down and smiled joyfully, "That's right, we're here."

However, after the smile, she quickly became serious: "Young Master Yang Chen, now that we have arrived at Bi Shuangxing, we must also be more careful. Although our Divine Night Sect and two other major forces have deployed a large number of troops here, the power of the alien tribes in this region is not much weaker than ours. When we land, we should contact our own people first."

Yang Chen nodded in agreement.

In Bi Shuangxing, there were not only Divine Night Sect forces but also forces from Heavenly Melody Mountain and Grand Abyss Palace who had entered this area due to the chaos caused by other tribes and the abundant resources.

Their aim was to resist the enemy together and gain some of the spoils of those resources.

This made Yang Chen even more curious about the special resources of Bi Shuangxing. However, since Ji Yue Shuang was not interested in the topic, she did not know much about it.

Ji Yue Shuang clapped her hands: "Leave the communication to me."

She took out a jade sphere.

When the jade sphere appeared, Ji Yue Shuang tapped it with a finger in mid-air, and it immediately shone brightly.

Immediately after, Ji Yue Shuang said, "Alright, no problem, our fellow Sect members will come to meet us soon."

As Yang Chen quietly waited, just as Ji Yue Shuang had said, after a brief moment, a group of people quickly flew out from the star domain, arriving in the universe starry sky above.

When the group saw Ji Yue Shuang leading the way, they were dumbfounded: "Junior Sister Ji, you... how have you come back?"

Chapter 3152 The Specialness of Bi Shuangxing_1

Among this group of people, most of them possessed Boundaryless Level strength, and the two leading them had already reached the Heaven-separated Realm. They were on good terms with Ji Yue Shuang, addressing each other as junior sisters.

However, that was exactly why they had worried expressions just now. Yang Chen could easily deduce that this was probably because Ji Yue Shuang had almost died at the hands of Xuan Zhen last time.

If it were anyone else, they wouldn't dare to set foot here anymore, and they, as senior brothers, would have peace of mind. But who could have predicted that Ji Yue Shuang would come again?

Ji Yue Shuang giggled and respectfully said, "Brother Han Bo, Brother Tian Yi, don't worry, I'm not here to give Xuan Zhen trouble this time. It's not me who's going to deal with Xuan Zhen, but this Brother Yang Chen."

"Yang Chen?" Han Bo and Lin Tianyi both looked at Yang Chen.

Yang Chen also gave them a friendly smile.

Han Bo and Lin Tianyi were both full of surprise, and their attitude towards Yang Chen was rather ordinary, as they had never seen him before. Even their smiles were only subconscious gestures.

"Brother Yang Chen, you are quite unfamiliar. Are you just entering the Divine Night Sect?" Both of them asked.

Yang Chen didn't know how to explain, so he said, "My status is quite special, but I should be considered a disciple of the Divine Night Sect."

Instead, Yang Chen just went along with the conversation, so as to avoid having to explain further.

"Did you take on this task to deal with Xuan Zhen?" Han Bo asked thoughtfully and nodded, then spoke with a frown.

Yang Chen respectfully replied, "Yes, I dared to take on this task. As for Miss Ji, she accompanies me here, as she has a lot of experience in this matter."

"Well..." Han Bo sighed helplessly, "Fine, since you've already accepted the task, we won't say anything else. You two, please come with us."

Without hesitation, Yang Chen and Ji Yue Shuang followed their group and entered Bi Shuangxing.

As soon as he entered Bi Shuangxing, Yang Chen immediately sensed an atmosphere that was completely different from other Star Domain Interfaces. The entire Bi Shuangxing seemed to be filled with a high-density Heavenly Law.

It was as if the Heavenly Dao rules here were superior to those in other places.

Also, because of this, if one were to cultivate within this realm, the conversion and enhancement of laws would be much greater compared to the cultivation in other Star Domain Interfaces.

Moreover, it was not only the Heavenly Dao rules but also a lot of other things that Yang Chen couldn't quite put his finger on. He didn't ask too much about it while following Han Bo and the others for now.

Upon entering the realm, the group quickly settled in a massive city that was stationed here.

There were heavy guards in the city, and looking around, one could see many cultivators at the Nirvana Stage and Great Ascension Stage. As for Boundaryless Stage Experts, they could also be seen from time to time.

Han Bo and Lin Tianyi led the way in front of them, and as they passed by, many cultivators showed their respect and bowed their heads.

Eventually, Han Bo took Yang Chen and the others to a tower within the city.

This tower surprisingly had a soul-enhancing effect. When Yang Chen's soul was released here, he had an ability similar to 'looking from a great height'.

"This tower is called the Sky God Tower and is an essential part of our Divine Night Sect. In this area, it has a significant effect on enhancing the soul. With my Heaven-separated Realm cultivation, I can see all the resources within the vicinity of the Divine Night Sect in Bi Shuangxing. If there are enemies invading, we can be the first to discover them here. However, this tower is essential, and the higher floors are guarded by King-level powerhouses. I can only take you to the first floor," Han Bo said.

"Brother Han, didn't you take me to the third floor last time?" Ji Yue Shuang said with her mouth slightly open.

Han Bo glared at Ji Yue Shuang, causing her to swallow her words back down.

Han Bo had no patience for Ji Yue Shuang; she was his junior sister, so of course, he could treat her specially; but he didn't know Yang Chen well. It was possible that Yang Chen just came here to take a

look and would go back after witnessing Xuan Zhen's strength, so why would he take Yang Chen to a higher floor of the Sky God Tower?

Yang Chen, of course, could see through this and knew that these two people didn't trust him. He said with a faint smile, "It's no big deal. Senior brothers, you can just tell me more about this Xuan Zhen."

Seeing that Yang Chen was directly targeting the task, Han Bo's face showed a slightly more amiable expression.

"Since Brother Yang Chen is here for the first time, although you may have learned a lot from Junior Sister Ji, there are still many things for us to talk about from scratch. After all, Xuan Zhen's current target is vastly different from that of last time when Junior Sister Ji was here," Han Bo said, sighing mildly with anger when talking about Xuan Zhen.

Looking at the expressions of Han Bo and his people, Yang Chen could infer that they had probably also fought against Xuan Zhen but had never been successful.

Yang Chen smiled and said, "It's no big deal, just start from the beginning, Brother Han. The more I know, the better."

"Yang Chen, can you see the various mines from this tower?" Han Bo asked.

Yang Chen nodded, "Yes, I can. Are these mines the resources that various clans are fighting over?"

"That's right," Han Bo said.

"What exactly is the purpose of these resources? They have attracted so many foreign race people to compete for them," Yang Chen asked with curiosity.

Han Bo saw that Yang Chen was very interested in the subject and couldn't help but feel some admiration for him. Comparing with his impetuous junior sister, Yang Chen appeared to be more experienced and calm. He didn't rashly engage in a fight with Xuan Zhen, but instead sought to understand the surrounding environment first.

"Junior Brother Yang Chen must have felt it too that the Heavenly Dao in Bi Shuangxing is far beyond that of other Star Domain Interfaces. The shackles of the Heavenly Dao here are astonishing. It is to the point that we, who should have broken free from the Heavenly Dao at the Heaven-separated Realm, are encountering obstacles everywhere here. On the other hand, Boundaryless cultivators can perform better here," Han Bo explained.

"Is that so?" Yang Chen was astonished.

This was something Ji Yue Shuang had not told him.

Ji Yue Shuang also slapped her head, realizing that she had forgotten to tell Yang Chen about this matter.

"Indeed, otherwise we wouldn't be so troubled by Xuan Zhen, let alone being able to capture him," Han Bo said with a wry smile.

"So, if that's the case, can Boundaryless Cultivators compete against Heaven-separated Realm Experts within this plane?" Yang Chen asked with doubt.

What was the gap between Boundaryless and Heaven-separated Realm experts?

Boundaryless cultivators used Heavenly Laws, while Heaven-separated cultivators gradually broke free from the Heavenly Dao, using laws beyond the Heavenly Dao.

Boundaryless cultivators could not contend with Heaven-separated cultivators using the majority of the Heavenly Dao laws.

But Bi Shuangxing was different; the concentration of the Heavenly Dao here was astonishing, several times denser than in other realms, giving an advantage to Boundaryless cultivators.

"It's a bit of an exaggeration to say they can compete, but Heaven-separated Realm experts would find it difficult to easily defeat Boundaryless cultivators like they can in other realms," Han Bo explained.

Chapter 3153 Broken Cloud Mine_1

"When it comes to real combat, Heaven-separated Realm experts still have the upper hand, after all, only the Heaven-appointed Realm truly transcends the scope of Heavenly Dao. The Heaven-separated Realm is just in the process of detachment, and still many of their powers are within the scope of Heavenly Dao. For ordinary Boundaryless cultivators, the change might not be that significant, but for those who are good at using powerful laws, have strong strength, especially those Boundaryless cultivators on the Great Luo Celestial Stele, it's like a fish back in the water."

Lin Tianyi also agreed: "Xuan Zhen is an example. His strength far exceeds that of ordinary Boundaryless cultivators, and in Bi Shuangxing, he has a great advantage. Even we Heaven-separated Realm experts are helpless against him and have no solution."

As they spoke, Lin Tianyi and Han Bo sighed heavily, showing their helplessness.

It was only now that Yang Chen understood, and curiously asked: "What causes the unique environment of Bi Shuangxing?"

"No one knows, the universe is vast, full of wonders, and even Heavenly Extreme Realm experts may find it hard to fully understand, let alone us little cultivators. Everyone knows that it's the unique environment of this place that creates these amazing mining resources. Speaking of which, Brother Yang Chen, how many types of mineral resources can you see in this tower when you spread out your soul?" Han Bo asked with a smile.

Ji Yue Shuang interrupted from the side: "Senior brother, are you testing others again?"

Han Bo didn't speak, waiting for Yang Chen's answer.

Yang Chen closed his eyes, observed the surroundings, and said, "I can roughly see five kinds of mineral resources, they are black, brown, light green, blue, and transparent purple. Huh? No, there is a sixth kind. This sixth kind is earth-yellow. These six types of minerals all emit different rich auras, which is really amazing. I have never seen such magnificent minerals in other places before."

"What, you can see six kinds?"

Many Boundaryless cultivators nearby were greatly surprised.

"I was on the third floor of the Sky God Tower, and I only saw the third kind... "

"I had been to the sixth floor of the Sky God Tower and just faintly felt the fifth kind."

These Boundaryless cultivators talked with each other, feeling shocked. Knowing that Yang Chen was also a Boundaryless cultivator, he was in the first floor of the Sky God Tower.

Han Bo and Lin Tianyi were also surprised by their exchange of glances. If Yang Chen had not accurately described the color of these mineral types, they would have even thought that Yang Chen was lying.

But obviously, Yang Chen spoke very clearly, indicating that he could indeed see them very clearly.

"Brother Yang Chen, it seems that you have a good understanding of the soul aspect," Han Bo praised.

He didn't want to praise him, but keep in mind, even sitting on the first floor, he could only see the six kinds of mineral resources.

"What are the uses of these different colored mineral resources?" Yang Chen asked puzzled.

"They have various uses, and every one of them is extremely rare in the outside world. Let me give you an example: the black one has a residue cloud pattern on the mineral, so it's called the Broken Cloud Mine. You may not have heard of it, but it is also known as Nine Heavens Wind Thunder Iron, which you must have heard of," Han Bo said.

Yang Chen was surprised. How could he not have heard of the famous Nine Heavens Wind Thunder Iron?

This iron, back in the Southern Realm, was used by the Spirit King to cast his sleeping palace, as the legend goes. The remaining two pieces of Nine Heavens Wind Thunder Iron, one of which fell into his hands, were refined into the Slaughter God Spear, helping it to advance to Emperor Divine Tool.

Just one piece had such an amazing effect, which showed how powerful the Nine Heavens Wind Thunder Iron was.

However, at that time, he didn't know the origin of the Nine Heavens Wind Thunder Iron, only knowing that it was an extraterrestrial meteorite, but he hadn't expected it to have such a background.

Yang Chen thought that the Nine Heavens Wind Thunder Sword in his hand might have been made from the Nine Heavens Wind Thunder Iron, otherwise, the hardness and the name would not be so in line with the characteristics of the Nine Heavens Wind Thunder Iron.

"This Nine Heavens Wind Thunder Iron can be used for forging. Even if it's just one piece, it's extremely beneficial for an Emperor Divine Tool. If this iron is used to cast a palace's Formation, even Heaven-appointed Realm experts can't do anything about it. How amazing is that?" Han Bo sighed.

Yang Chen couldn't deny it and recalled the time when the Ling Wang's Sleeping Palace was made of Nine Heavens Wind Thunder Iron, as a result, the Ghostly Yin Spirits of the Netherworld were helpless against it.

"Apart from this Broken Cloud Mine, the other minerals also have their own unique effects. Some can be refined to help comprehend the laws, while others are useful for creating Formations and prohibitions, etc. Especially the most precious Liuli Mine, each piece contains extremely terrifying energy that can even help cultivators break through to the Heavenly Extreme Realm," Han Bo said.

"Liuli Mine? Which color mineral is that?" Yang Chen asked, puzzled.

"You can't see that one. This mine is hidden by our Human Race using Formation, and it is jointly guarded by the Heavenly Melody Mountain, Grand Abyss Palace, and our Divine Night Sect. Every 30,000 years, some Liuli Mines might be mined, and every piece has extraordinary value. We humans can only control one of these mines, with the others being controlled by other forces," Lin Tianyi said.

Yang Chen nodded, so this Liuli Mine could help cultivators break through to the Heaven-separated realm? It was extremely interesting, and no wonder Bi Shuangxing attracted the interest of foreign race people.

"Alright, with that said, we can now get to the main point. The existence of these minerals has almost become the resource that all groups on the Bi Shuangxing are fighting for. As long as they fight for these mineral resources, these minerals are likely to bring huge benefits to a group. Over the years, our Human Race has lost countless cultivators in the struggle for these mineral resources."

"Xuan Zhen, on the other hand, has repeatedly snatched our mining resources and then won over other foreign race people to follow their Spirit God Race, making them even stronger. Since we humans must put more of our power on the more valuable Liuli Mines, we simply can't spare enough manpower to deal with Xuan Zhen. Even if we put more manpower on it, we still can't do anything about him. That's the dilemma we are facing now. If we don't solve Xuan Zhen, it will be like having a leech on our body that will inevitably bite a big hole sooner or later," Han Bo said.

Upon hearing this, Yang Chen stroked his chin, and after a while, he said: "Which mining area has Xuan Zhen frequently attacked recently?"

"Xuan Zhen seemed to have left Bi Shuangxing some time ago, so he has been quiet for about half a year and hasn't acted again. Not long ago, he returned, and his actions were even bigger than last time, often harassing areas near the East City District. He has already taken two mining resource areas. If Brother Yang Chen really wants to take action now, I can arrange for you anytime. However, I must remind Brother Yang Chen in advance..."

Han Bo said solemnly: "Even Heaven-separated Realm experts have died at the hands of Xuan Zhen!"

Chapter 3154 Just Notify Me_1

"So, you better think carefully. In facing Xuan Zhen, there is always a possibility of death. If you don't want to die, be cautious. I think Brother Yang Chen is also talented. Doing other things within the Bi Shuangxing would be quite helpful to us humans. There is no need to deliberately look for trouble with Xuan Zhen. Although we don't have a more reasonable solution to deal with Xuan Zhen now, we don't want more people to die innocently." Lin Tianyi and Han Bo's expressions were serious.

Ji Yue Shuang looked towards Yang Chen, not knowing whether Yang Chen could understand the meaning behind their words. Xuan Zhen was truly terrifyingly strong.

However, Yang Chen couldn't help but laugh and said, "I still hope to meet Xuan Zhen first. Even if we don't fight, we could at least greet each other."

Han Bo and Lin Tianyi assumed Yang Chen's intention of greeting was withdrawing but trying to save face. They nodded, as if they understood his meaning.

But what they didn't know was that Yang Chen truly wanted to exchange greetings with Xuan Zhen.

They didn't know what Xuan Zhen's expression would be when they met again at Bi Shuangxing, after their short separation last time.

Han Bo said, "Alright, Junior Sister, you and Brother Yang Chen should rest in the city first. Tomorrow, I will send someone to take you to the East City District to scout and inspect the situation."

"No problem." Yang Chen and Ji Yue Shuang replied.

Han Bo waved his hand, signaling his men to arrange for Yang Chen and Ji Yue Shuang to go.

The residence couldn't be compared to the Divine Night Sect, but Yang Chen didn't care too much about it. He stayed here for two days, and on the third day, several wizened old men appeared at the door of Yang Chen and Ji Yue Shuang's residence.

"Lady Ji, Brother Yang Chen, I am Guo Huaian, the guide arranged by Sir Han Bo to take you both to East City District." The Boundaryless Elder showed a respectful attitude and waited sincerely.

Yang Chen and Ji Yue Shuang came out together and looked at Guo Huaian, nodding their heads.

Ji Yue Shuang's attitude towards these people with lower status had always been cold, while Yang Chen treated everyone equally.

"Thank you." Yang Chen cupped his hands in greeting.

Guo Huaian led Yang Chen and the other Boundaryless Experts to the East City District of the city.

Each city district had different directions, different mine resources, different garrison force sizes, and different targeted strategies.

Compared to other districts, the main garrison force in the East City were Boundaryless cultivators. As for Heaven-separated Realm experts, Yang Chen noticed a few, but their number wasn't substantial.

"This is the East City District. Brother Yang Chen, Lady Ji, if you both stand on top of this city wall, you will be able to see the mine resources in the distance. We are here to assist the two of you in fighting against Xuan Zhen of the Spirit God Race under the name of Sir Han Bo." Guo Huaian's expression showed a mixture of fear and sigh when he mentioned Xuan Zhen.

Yang Chen and Ji Yue Shuang stood on top of the city wall and gazed forward. Indeed, they could see a large number of mines in front of them.

And on top of the city wall, cultivators of different levels were garrisoned. Compared to them, Boundary-less Level cultivators were indeed the most elite force.

"Take me to the nearby mines." Yang Chen said.

"You follow me and keep up with Brother Yang Chen." Guo Huaian ordered.

Several Boundaryless cultivators followed closely, their attitude towards Yang Chen neither cold nor warm. Compared to Ji Yue Shuang, they fell far behind.

Even Guo Huaian was the same. Although Yang Chen treated him with more respect, he was still more cordial towards Ji Yue Shuang, addressing her as 'Lady'.

It was because they knew who Ji Yue Shuang's master was. As for Yang Chen, Han Bo hadn't singled him out, so their attitude towards him was naturally worse.

As for Yang Chen coming to deal with Xuan Zhen?

Even Ji Yue Shuang couldn't do it, so what was the use of Yang Chen coming here?

Now, Yang Chen led a few Boundaryless cultivators to the base of the city wall near the mines and began to walk around.

It had to be said that these mines of various colors genuinely caught Yang Chen's attention and made him quite interested.

"Can us cultivators also obtain these ores by any channel?" Yang Chen asked.

"As long as we make enough contributions, we can have a chance to get these ores. However, it is challenging. For cultivators like us, we have to work here for hundreds of years to exchange for some ores." Guo Huaian said truthfully.

"Is the attraction of these ores to you that great?" Yang Chen couldn't help but ask.

"Of course, these ores are all very useful. If they are sold, there will be Heaven-separated Realm experts paying high prices at any Star Domain Interface. Moreover, the most critical ore is the Liuli Ore, which can help us break through the Heaven-separated Realm." Guo Huaian said.

"So, many cultivators are here for the Liuli Ore?" Yang Chen asked.

Not every cultivator was from the Divine Night Sect. Many were peripheral members who used the sect's name but had a status far below Ji Yue Shuang's.

People like Guo Huaian and those he led were examples.

Yang Chen rubbed his eyebrows and asked, "Speaking of which, when was the last time Xuan Zhen attacked and caused havoc in this mine?"

"It was the Earth-made Mine here. This mine can produce some extremely rare Formations, which have been targeted by the Spirit God Race recently." Guo Huaian pointed it out for Yang Chen.

Yang Chen looked at the enormous black smoke mine in front of him. There were few cultivators guarding near the mine, and there were still some corpses and blood on the ground, along with a stench.

"Why is there no one guarding here?" Yang Chen asked.

"Well, Xuan Zhen couldn't completely conquer it last time and was deterred from this mine by the four Heaven-separated Realm experts stationed here. But this time, he will definitely come again. When that time comes, the mine will definitely be lost. It's better to focus our efforts on other mines." Guo Huaian said.

"So, you mean to give up here?" Yang Chen raised his eyebrows.

"That's right. This place can't be defended anymore." Guo Huaian said.

Seeing this, Yang Chen said seriously, "Brother Guo, bring the people here."

"Brother Yang Chen, what do you mean...?" Guo Huaian was slightly shocked.

"Since I'm here, I have to do something. Guard this mine well, when Xuan Zhen comes, just inform me." Yang Chen smiled.

Guo Huaian wanted to cry but said sadly, "Brother Yang Chen, do you know that if we move everyone here and if Xuan Zhen appears and wreaks havoc, how terrifying would the casualties be? You can't just say that you will be notified, but can you really solve everything after being informed?"

Chapter 3155 Long Time No See, Are You Well?_1

Guo Huaian's words were not yet clear, but the implied meaning was already obvious enough.

His intention was to ask Yang Chen how confident he was in dealing with Xuan Zhen.

If they won, that would be fine, but if they couldn't fight, the ones who would suffer would still be their garrison members here. Even if they could fight to a draw, they would still be worse off.

Not to mention fighting to a draw, at present, there is no cultivator among humans who can withstand Xuan Zhen for the time it takes for a cup of tea.>

Yang Chen could not help but frown upon hearing Guo Huaian's meaning, his displeasure apparent.

His concern about confronting Xuan Zhen was completely different from Guo Huaian's.

He was worried about whether he could intercept Xuan Zhen's path after identifying Xuan Zhen's location in the first place.

If the forces were scattered and Xuan Zhen rampaged in the mines, how could he lock on to Xuan Zhen and subdue the enemy at the first opportunity?

To accomplish the perfect interception, forces must be concentrated in one place, all guarding one position, waiting for Xuan Zhen's arrival.

Yang Chen's expression turned cold: "Brother Guo, just do as I say."

"This..." Guo Huaian clearly didn't trust Yang Chen much.

If Yang Chen had that ability, why not just garrison the front lines and turtle up at the rear?

But little did he know that it wasn't that Yang Chen didn't dare to be at the front line but had no way to appear there. If Xuan Zhen detected him so early on, he couldn't guarantee what choice Xuan Zhen would make.

How could Ji Yue Shuang not see Guo Huaian's thoughts? She was on Yang Chen's side and pouted, "Just do as he said."

"This... alright." Guo Huaian dared not listen to Yang Chen, but he dared not refuse Ji Yue Shuang's request, nodding his head reluctantly, worrying about his brothers' lives.

However, he had already thought that as long as Xuan Zhen arrived, he would order his garrisoned brothers to disperse, escape or retreat.

Facing Xuan Zhen was a matter of life and death, and they wouldn't be able to fight him, so why do such a foolish thing?

"Alright, Brother Guo, just follow my method, and then wait quietly for Xuan Zhen's arrival." Yang Chen said slowly.

"No problem." Guo Huaian didn't take Yang Chen's words too seriously but didn't want to upset him, so he just replied half-heartedly.

Yang Chen didn't care about Guo Huaian's attitude. They returned and stayed on the East City District wall for the time being.

Time passed, and although Yang Chen did not wait for the arrival of the Spirit God Race's Xuan Zhen, the East City District could not avoid all sorts of big and small incidents.

It seemed like some foreign races were causing trouble, and their abilities were diverse and strange, which made Yang Chen very curious.

However, Yang Chen didn't take these matters to heart, as he knew that his ultimate goal was Xuan Zhen.

Thus, he waited patiently for the opponent to appear.

Finally...

More than ten days later, Yang Chen sensed some subtle movements.

In the far distance outside East City District, an astonishing aura surged, revealing itself. At the same time, a huge man of the Spirit God Race appeared in everyone's sight.

This man from the Spirit God Race was none other than the Xuan Zhen that Yang Chen was familiar with.

Xuan Zhen's eyes were filled with murderous intent. When he arrived at the mine, he looked down below like a king.

At the same time, the numerous cultivators guarding the Earth-made Mine saw Xuan Zhen.

Just a single glance from Xuan Zhen made them all tremble with fear, unable to look straight at him, their fear coming from deep within their hearts.

"You humans are really interesting. I originally thought you would know better and roll away from here, giving up the ore resources. But I didn't expect you to dare to stay here. In that case, hand over your lives." Xuan Zhen spoke, his oppressive aura suddenly erupting.

Now he only hated humans. Kill, kill, kill, all of them!

He'd never had so much hatred before, all because of that man who had defeated him last time.

A group of Boundaryless cultivators faced the Boundaryless Xuan Zhen and had no sense of resistance. The moment Xuan Zhen's powerful aura dispersed, they all fled in panic.

They had heard from Guo Huaian that they should run as soon as they saw someone.

Yang Chen saw this situation very clearly and shook his head with a sigh.

He knew it was Guo Huaian's fault, sabotaging his grand plan. If these people had collaborated in resisting, the loss of life would have been minimized because he wouldn't have taken long to arrive at the scene.

Never mind, there was no time to worry about it now. It was time to intervene, or the current combat power of the East City District wouldn't be sufficient to handle Xuan Zhen.

In an instant, a group of Boundaryless cultivators scattered and fled, as Xuan Zhen sneered at the sight.

"Truly weak, this is what real humans are like." Xuan Zhen looked at the fleeing humans and his heart grew more wild.

He wanted to chase, to make these humans realize that his Spirit God Race was the strongest.

"Die!" Xuan Zhen struck out with a palm, and with a booming sound, a Boundaryless cultivator was killed on the spot under his powerful pressure.

Seeing this, the other Boundaryless cultivators became even more afraid and began to flee frantically.

"Sir Guo, Xuan Zhen is here, he's here!" A group of Boundaryless cultivators cried in panic as they were chased.

Upon seeing this, Guo Huaian's pupils shrank, and he started to run for his life, fearing Xuan Zhen would catch up.

But just as he was about to escape, two shadows streaked across the sky above, none other than Yang Chen and Ji Yue Shuang.

Seeing the two take action, Guo Huaian paused for a moment but still chose to withdraw, as he didn't believe that the two could defeat Xuan Zhen. After all, he still remembered the last time Ji Yue Shuang was defeated by Xuan Zhen within the time it took for a cup of tea to brew.

Now, in the midst of Xuan Zhen's pursuit, he sensed the arrival of an aura.

"Hmm?" Soon, Xuan Zhen sensed something and said in a deep voice, "Ji Yue Shuang? Hmph, you dare show up in front of me again, interesting. Last time, I let you escape, this time, stay put."

Having said this, Xuan Zhen licked his lips.

Ji Yue Shuang looked at Xuan Zhen with a hint of fear, but a strange courage compelled her to come here first.

She knew that if she showed fear, the others would be even more scared.

To Xuan Zhen, defeating Ji Yue Shuang was easy, as she was not on the same level as him.

But just then, Xuan Zhen suddenly felt the arrival of a familiar aura behind him.

"Xuan Zhen, long time no see, hope you're well."

The familiar and terrifying voice made Xuan Zhen's body shudder violently.

Chapter 3156 Xuan Zhen's Fear?_1

Xuan Zhen even subconsciously felt that this must be an illusion.

How could the other party appear here? But when his eyes saw clearly, Xuan Zhen instinctively stepped back two steps, his eyes filled with fear.

The most feared thing still happened.

Yang Chen was standing right in front of him.

The only person who made him afraid and timid was standing in front of him again.

"It's you!" Xuan Zhen growled angrily, "Yang Chen!"

After returning, he investigated Yang Chen more thoroughly and learned Yang Chen's name and specifics.

Third Place in the Human Daluo Sky Ranking, Yang Chen.

As soon as Xuan Zhen appeared, all human cultivators of the same rank were afraid of him, and even Sky-separating Realm experts were terrified. But Yang Chen was an exception.

Others fear him, but he fears the other person.

Now that he saw the other person again, he tried to stay calm and sober. Because of this, he became more aware that he might not be a match for the person in front of him.

Such a sweaty expression on Xuan Zhen was also seen by Ji Yue Shuang, which made Ji Yue Shuang surprised and wondered what happened.

Considering Xuan Zhen's strength, he should confront Yang Chen when he sees him, but why is he so afraid now?

She knew that everything had to start from Yang Chen, the source of it all.

Yang Chen said with his hands behind him, "Xuan Zhen, I don't know if your strength has improved since we last met. I am standing here now, and you should want to get revenge on me."

After saying this, Yang Chen's mouth curled up, and the meaning of the provocation could not be more obvious.

Although he seemed provocative, his expression was subtle. The Domain, Dao Intent Inscriptions, and the Power of Laws had already spread out to try to kill Xuan Zhen completely.

His ultimate goal was to kill Xuan Zhen, not simply to greet him.

This was also why he let a group of people guard the mine entrance. As long as these people delay Xuan Zhen and attract his attention, he is confident of a fatal ambush, leaving Xuan Zhen behind.

However, Guo Huaian didn't trust himself and insisted on letting the group flee, making it all the more difficult for him to kill Xuan Zhen smoothly now.

Xuan Zhen was completely enraged by Yang Chen, with his veins exposed.

"Or is it, Xuan Zhen, that you still lack the confidence to beat me?" Yang Chen said with a faint smile.

Ji Yue Shuang was dumbfounded and thought to herself, "Could it be that Xuan Zhen has lost to Yang Chen?"

Xuan Zhen is furious now and wants to take action, but he suddenly calms down. The last time he summoned many Asura souls, he was still no match for Yang Chen.

Now he doesn't have many Shura roots under his control. What can he use to fight Yang Chen?

"Yang Chen, there will be a long time in the future, let's wait and see!" Xuan Zhen pretended to want to escape from here.

The look of fear on his face was clearly seen by everyone within a radius of tens of millions of miles who were watching this war.

"What's going on?" Guo Huaian and the others were dumbfounded as well.

If Xuan Zhen wanted to leave, Yang Chen wouldn't let him go easily.

"You want to leave?" Yang Chen's footsteps sped up, spacetime unfolded, and he tried to imprison Xuan Zhen directly and intercept him.

Xuan Zhen roared, "Yang Chen, if I want to leave, do you really think you can stop me?"

With that, he turned into a beam of light.

Yang Chen immediately used spacetime to chase him and tried to cut Xuan Zhen down on the spot.

Comparing the speed of his spacetime and the speed of light, it was easy to see who was faster.

He was unable to chase him last time, but this time was different.

Xuan Zhen suddenly changed color when he saw that Yang Chen's speed was not inferior to his own, and even more, superior. He was already flustered.

"Stop!" Yang Chen shouted harshly.

The next moment, the sky was rolling, and the colors disappeared in an instant. The five fingers that originated above the sky suddenly suppressed the area below.

The Five Elements spread, and the power of each one was strengthened by the laws of heaven and earth. The power of the Five Elements Turn Heaven Palm after being strengthened was even more terrifying than any other strengthened by the Boundaryless cultivators.

Xuan Zhen was completely panicked now. When facing Yang Chen's Five Elements Turn Heaven Palm, he suddenly discovered that Yang Chen had become stronger than last time.

"Suppress!" Yang Chen shouted.

But under the tingling scalp, Xuan Zhen suddenly revealed several illusions.

"What?" Yang Chen never expected Xuan Zhen to have this kind of move.

These dozens of illusions were completely transformed by his Law of Light, making it difficult to distinguish between true and false. At the same time, they went in dozens of directions, making it difficult for even Yang Chen to tell the truth from the illusion for a while.

Yang Chen could only use spacetime to chase and kill more than a dozen illusions in an instant, but the real body was obviously not among them, and had already escaped.

Seeing this, Yang Chen clenched his fists and sighed in disappointment.

The task that could have been completed at once now had to be postponed.

Nevertheless, this shocked countless cultivators in the entire East City District.

From afar, Han Bo and Lin Tianyi from the fourth floor of the Sky God Tower, who were originally not interested in watching Yang Chen, were able to see every fluctuation in the area with their souls covering it.

They saw the scene of Yang Chen scaring Xuan Zhen away so clearly.

No, to be precise, it wasn't Yang Chen scaring Xuan Zhen away, but Xuan Zhen being terrified and running away as soon as he saw Yang Chen.

They couldn't even imagine that, they just knew that Yang Chen himself seemed to be a great horror for Xuan Zhen.

Too many people saw this scene.

Guards from the high levels of the Sky God Tower, a few Heavenly Fate Realm experts who never appeared in the dark, and the cultivators in the East City District...

"I don't know how much trouble Xuan Zhen has caused for our mining districts, and now someone has scared him away?"

"This is incredible. Who is this young man and how could he scare Xuan Zhen like this?"

"Did he fight with Xuan Zhen before? Otherwise, why is Xuan Zhen so afraid of him?"

"Hahaha, seeing Xuan Zhen scared like this, I can die without regrets."

A series of doubts emerged in everyone's line of sight, making everyone curious about Yang Chen because of this battle.

How did the other party do it?

At the same time, Guo Huaian and the others also came back to their senses from being dumbfounded, and remembering the scene of Yang Chen scaring Xuan Zhen away, they knew that their East City District might welcome a formidable character.

"Quick, quick, follow me to pay respects to this, this Sir Yang Chen," Guo Huaian changed the way he spoke, leading a group of Boundaryless cultivators and Ji Yue Shuang to Yang Chen's side.

"Thank you, Sir Yang Chen, for your help in repelling this Xuan Zhen," Guo Huaian immediately flattered.

Chapter 3157 Ji Yue Shuang's Gift_1

Yang Chen didn't have a good impression of Guo Huaian, mainly because the other's action made him miss the opportunity to kill Xuan Zhen.

Such an opportunity was rare in a thousand years. Missing it, it would be difficult for him to kill Xuan Zhen again. How could he not be angry?

It was not easy to kill someone from the Spirit God Royal Clan.

Now, Ji Yueshuang's mouth was slightly open in shock. She marveled at Yang Chen's ability to frighten Xuan Zhen and was full of curiosity. "Yang Chen, have you met Xuan Zhen before?"

Yang Chen knew that he couldn't hide it, so he nodded and explained it without omission, "I indeed met Xuan Zhen before, and we even fought a battle."

Ji Yueshuang eagerly wanted to know the ins and outs of the matter: "Yang Chen, you must have won the last time you fought with Xuan Zhen, otherwise he wouldn't be so frightened. Where did you fight him? Please tell me."

Yang Chen saw that Ji Yueshuang was so interested that he had no choice but to tell her about his battle with Xuan Zhen on Tianyuan Star.

Ji Yueshuang listened to Yang Chen's narrative of their confrontation on Tianyuan Star. She felt as if she was there and was even happier than when she won against Xuan Zhen herself.

"Last time I almost wiped out all of the Soul Asuras used by Xuan Zhen, and his main method is these Soul Asuras. Without them, it was almost impossible for him to beat me, so he naturally got scared and fled," Yang Chen said.

Ji Yueshuang didn't know what Soul Asuras were. She hadn't forced Xuan Zhen to use this method in their previous fight.

But it didn't matter now.

She clenched her fists, looking at Yang Chen with genuine admiration in her eyes.

She couldn't care less about her reserved appearance as a disciple of a major sect, and happily said, "Yang Chen, you're too amazing! Why didn't you tell me before? I've been worrying about you. I thought you wouldn't be able to beat Xuan Zhen, but I didn't realize that you had already won against him before."

Guo Huaian and the others were also secretly shocked. Although they had guessed it, they didn't expect that Yang Chen really had won against Xuan Zhen.

Yang Chen said, "Even if I had told Miss Ji earlier, you might not have believed me."

"How could that be? Yang Chen, I believe anything you say because we are friends," Ji Yueshuang patted Yang Chen's shoulder affectionately, like a senior sister to a junior brother.

Yang Chen smiled slightly, but at the same time, he was also a bit angry, "If everyone had the same trust in me as Miss Ji, then Xuan Zhen wouldn't have escaped from my hands."

After saying this, Yang Chen sighed heavily and left with a sweep of his sleeves.

Guo Huaian was embarrassed for a while, knowing that Yang Chen was talking about him.

He also regretted it deeply. If he hadn't given orders to his subordinates, perhaps Xuan Zhen would have been killed by now. He had missed a great opportunity as Xuan Zhen slipped away.

Even if there was a next time, he would have nothing to do with the credit.

...

As Yang Chen returned, he already anticipated that his deeds would attract a lot of attention, and people would inevitably come to inquire about his relationship with Xuan Zhen.

But he had already explained this to Guo Huaian, Ji Yueshuang, and others, so they could handle it.

Now he wanted to go into seclusion to figure out how to kill Xuan Zhen.

However, before he could seclude himself, Ji Yueshuang approached him cautiously and said, "Yang Chen, come with me."

Yang Chen looked puzzled. He didn't know what Ji Yueshuang meant, but he followed her into the room that Guo Huaian had prepared for him.

Yang Chen was confused, not knowing why Ji Yueshuang did this.

"Miss Ji, what is this...?" Yang Chen asked in confusion.

Ji Yueshuang's lips curved up, and she held out a light sphere, "Yang Chen, take a look at what this is."

Yang Chen looked at the light sphere without understanding. It wasn't until he touched it that he felt a jolt through his body. After understanding everything recorded in the light sphere, his heart was filled with astonishment.

"This, this!" Yang Chen couldn't believe his eyes, "Miss Ji, how could you give this to me now? I'd rather wait until the task is completed if it were to put you at risk of being punished by your master."

Ji Yueshuang giggled, "Yang Chen, you're overthinking it. My master asked me to give this to you."

"What? Senior Wenqi asked? Didn't she say it would be given to me after the task was completed?" Yang Chen asked, baffled.

Ji Yueshuang sighed, "Yang Chen, you really deceived my master. She didn't think you could beat Xuan Zhen, so her requirement for you was limited to facing Xuan Zhen bravely. If you were courageous enough to face Xuan Zhen, the task would be considered complete. This item should be given to you since it belongs to no one else. My master asked me to prepare it for you in advance. If you faced Xuan Zhen without fear, daring to fight to the death, then it should be yours. This has nothing to do with the sect or anything else, but only because you are a member of the human race."

Yang Chen was deeply moved and admired Princess Wenqi even more.

Needless to say, with such wisdom and thoughts, Princess Wenqi's ideas were much more commendable than those of others.

"But both my master and I didn't expect that you and Xuan Zhen would actually... Anyway, you have already met my master's requirements and even exceeded them. Naturally, I have to give you this item in advance. However, Yang Chen, I still hope you can kill Xuan Zhen completely. If you don't have the ability, I won't ask you to do it, but you do have the ability," Ji Yueshuang clenched her silver teeth, "If he doesn't die, it will be a catastrophe for our human race."

Yang Chen couldn't help but think that even Ji Yueshuang, a young woman, could elevate her perspective to the level of the entire human race when speaking. What reason did he have to refuse?

Moreover, he didn't intend to refuse in the first place.

By killing Xuan Zhen, he would also gain a lot of benefits. Why not?

"No problem, I promise you," Yang Chen replied.

"Great, I'll wait for the day you succeed," Ji Yueshuang grinned. If Xuan Zhen died, the resentment in her heart would be vented.

"In that case, I'll take my leave now," Yang Chen got up and left.

Ji Yueshuang didn't stop him.

Yang Chen quickly returned to his residence and locked himself in, entering a closed-off state.

As a result, many cultivators who came to find Yang Chen were stopped outside, including Han Bo, Lin Tianyi, and others.

Right now, Yang Chen was only concerned with the item given to him by Ji Yueshuang.

It was not something else, but the cultivation method of the Way of Ten Thousand Laws...

Chapter 3158 Heaven Non-Action Asura_1

This was also the reason for Yang Chen's excitement.

The method of using the Ten Thousand Law Dao Embryo, something he had always dreamed of.

If he didn't have the method to use the Ten Thousand Law Dao Embryo, the one he possessed inside his body would be useless, and even less practical than having a Tribulation Divine Body.

But now everything was fine, as the cultivation method was finally in his hands.

As Yang Chen delved deeper into the light sphere, he couldn't help but sigh and feel emotional.

"This light sphere records the experiences and methods of using the Ten Thousand Law Dao Embryo by the owners who were born during the several eras since the existence of the Divine Night Sect. Without this, I wouldn't know when I would be able to figure out how to use the Ten Thousand Law Dao Embryo."

At the time Yang Chen spoke to himself, he couldn't help but feel genuinely grateful to Princess Wenqi.

Although his relationship with Princess Wenqi was a fair trade, her attitude towards him was totally different.

In her eyes, she always treated him as a talented person, which was very different from the attitude of the King of Joyful Sound.

Yang Chen felt grateful in his heart, and now he focused more on the Ten Thousand Law Dao Embryo.

Upon further examination, Yang Chen gained a deeper understanding of the Ten Thousand Law Dao Embryo.

Just as he had initially understood.

The specific effect of the Ten Thousand Law Dao Embryo was strengthening.

The ability of the Ten Thousand Law Dao Embryo was to strengthen a kind of Dao Intent or Law within a short time. The process of strengthening was to infuse the Dao Intent or Law into the Ten Thousand Law Dao Embryo.

Afterward, the Ten Thousand Law Dao Embryo would manifest the infused Dao Intent or Law.

However, the infusion process was extremely complicated. Yang Chen had only entered this state by chance when he was in complete despair and had strengthened the Spacetime Dao Intent.

After strengthening, the Dao Intent's power would increase greatly, even becoming completely different from before.

According to the records of the powerful ones who once possessed the Ten Thousand Law Dao Embryo in the light sphere,

it was difficult for anyone to truly reach the limit of their understanding of Dao Intent or Law. The ability of the Ten Thousand Law Dao Embryo was to reach this limit and even surpass it, greatly changing the effects of one's Dao Intent and Law.

Yang Chen once used the strengthened Spacetime Dao Intent to escape from the pursuit of the Sky Annihilation Ghost King.

In the past, there were also people who strengthened the Dark Dao Intent, achieving the rewriting of the Heavenly Dao's Daytime and Night.

After strengthening, no one knew what would happen to the Dao Intent or Law.

This was also the part Yang Chen was interested in. As the owner of the Ten Thousand Law Dao Embryo, what would happen when he strengthened his Dao Intent?

His own Thunder and Lightning Dao Intent, Unyielding Dao Intent, or the Five Elements, Life and Death, and Spacetime?

And so on and so forth.

"Moreover, there are three levels of strengthening. Strengthening the Dao Intent is just the simplest first level..."

Yang Chen looked further down: "Most users of the Ten Thousand Law Dao Embryo are only at the first level. Only a very small number of powerful beings have advanced to the second level of usage. As for the third level, no one has ever achieved it throughout history."

Yang Chen couldn't help but ponder.

This second level was to strengthen the Dao Techniques!

Yes, strengthening Dao Techniques was more difficult than strengthening Dao Intent and required even more detailed steps. Very few people could reach this step.

As for the third level of usage of the Ten Thousand Law Dao Embryo, no one had discovered it yet.

However, all those who used the Ten Thousand Law Dao Embryo and reached the second level firmly believed in this idea that there was a third level. Only, no one knew what it was like.

"What is the third level like?" Yang Chen was deeply puzzled, "Forget it, don't think too much about it for now. The method of using the Ten Thousand Law Dao Embryo provided by the Divine Night Sect is indeed complete. The method for the first level is very detailed, but the second level is slightly vague. It requires me to slowly comprehend it. But these are minor issues."

Just like that, Yang Chen immersed himself in his cultivation for a while.

Meanwhile, his feats in the outside world also swept through the territory of the Divine Night Sect in an instant, and even the forces outside the Divine Night Sect were getting wind of it.

In recent days, many powerful beings from the city came to ask about the specifics of the matter, wondering why Yang Chen had forced Xuan Zhen to retreat.

Many powerful beings wanted to come to find out the truth.

However, Yang Chen's defeat of Xuan Zhen was no secret and was spread early by Ji Yue Shuang.

This information spread quickly, and many people became aware of it.

But this did not quench the desire of those powerful beings to see Yang Chen. Many people were even waiting for him to come out of seclusion, wanting to see what kind of person could scare Xuan Zhen away.

However, Yang Chen was in seclusion for a long time, and there was no sign of him coming out after several months.

At the time of Yang Chen's seclusion, the entire East City Mining Area was in a completely calm and quiet state. Not to mention Xuan Zhen's whereabouts, there wasn't even a single Alien Tribe intruder.

As for Xuan Zhen, he seemed to have disappeared. In recent days, there was no trace of him.

This situation made many people overjoyed, knowing that all of this was thanks to Yang Chen.

Yang Chen's appearance caused Xuan Zhen to not even dare to show his face now.

...

At the same time Yang Chen was in seclusion, in the territory of the Spirit God Race, Bi Shuangxing.

At present, Xuan Zhen was sitting in front of a stone statue, quietly waiting.

He had returned for a long time, but he had been waiting here for a long time, just to wait for the existence that could kill Yang Chen to appear.

He waited like this, time passing by, until finally, a person from the Spirit God Race emerged from the huge and majestic stone statue in a strange manner.

"Second Brother, have you connected with the Heaven Non-Action Asura yet?" Xuan Zhen saw the Spirit God Race man appear, and immediately spoke respectfully.

This Spirit God Race man was also in the Realmless cultivation level, but his cultivation level had not only reached the Half-step Heavenly Leaving Realm. The aura he emitted was even stronger than Xuan Zhen's.

"I've already connected with the Heaven Non-Action Asura. If you could have connected with it earlier, you wouldn't have been defeated so easily. You're such a useless piece of trash. You wasted so many Asura Soul Bodies," the Spirit God Race man called Second Brother said coldly.

Xuan Zhen said bitterly, "Second Brother, I didn't want this either, but who could have thought that the boy possessed a secret art for controlling souls, and all my Asuras were taken control of by him? Now he has even come to Bi Shuangxing. Second Brother, only you can subdue him. You possess the Heaven Non-Action Asura, which has a powerful soul body that isn't afraid of his Necromancy control. When that time comes, with the cooperation of the two of us, won't it be easy to kill him?"

Chapter 3159 Door of Reincarnation_1

"I heard about your situation from the other Elders inside. Hmph, otherwise, I wouldn't have come out to deal with your mess. As a member of the Spirit God Royal Clan, being beaten like this by a human, you have really disgraced our Royal Clan." The man from the Spirit God Race said.

Xuan Zhen, feeling guilty, could only bend down and plead: "Second Brother, this human is an exception."

"Exception? It's just that your cultivation isn't up to par. If the connection between you and Asura had been more in place, how could this person have taken advantage of you using soul-controlling secret art? In the end, it was just a self-justifying excuse for your weakness." The man from the Spirit God Race said in a low voice.

If anyone else had said this, Xuan Zhen would have been unhappy, but now he could only swallow it up.

"Alright, enough chitchat, my time is precious. Let's get straight to planning how to kill this kid. He's a threat to the existence of our Spirit God Race, so he must be killed." The man from the Spirit God Race said.

Xuan Zhen immediately bowed respectfully and said, "Second Brother, last time I encountered trouble near the Remnant Cloud Mine. If you accompany me this time and hide in the shadows, giving Yang Chen a fatal blow, this kid will surely die."

"Foolish, the Remnant Cloud Mine is near the East City District. This kid who forced you into this state and has the strongest Dao Intent wouldn't be so easily slain by me. To kill him, we must find a way to lure him out further and preferably make him let his guard down." The man from the Spirit God Race narrowed his eyes.

"Second Brother means..." Xuan Zhen nervously asked.

The man from the Spirit God Race gradually narrowed his eyes and quickly came up with a plan: "I got it, we can use the strategy 'the old drunkard's real interest is in the wine' and slowly lure him over."

When the conversation ended, the man from the Spirit God Race revealed his plan.

Xuan Zhen got excited in an instant, "Second Brother, this plan is great, let's follow your plan."

...

Time flies, and in the blink of an eye, a month has passed.

During this month, the stories about Yang Chen had spread far and wide, and the author of these tales himself, Yang Chen, had completely disappeared.

But a month later, some fluctuations suddenly appeared at Yang Chen's residence.

This caused many people who had been observing Yang Chen's residence to cast their gaze here, as they had been waiting for Yang Chen to come out, to see just what was special about this person.

At first, these fluctuations were small, but as time went on, They grew larger and larger.

A combination of life and death forces emerged in this area, and soon, numerous wailing ghost sounds were born from all directions.

"What's going on?"

"The souls who died in this battlefield but haven't vanished seem to have been awakened. They're all responding as if they're about to revive, right?"

"Impossible, these souls shouldn't have the ability to act on their own, but now they have such a terrifying vitality!"

"All these souls are responding, and the direction they are responding to is Yang Chen's residence. What kind of power is this kid controlling!"

No one knew what was going on, only that the source of this force came from Yang Chen.

It was this force that completely disrupted the entire East City District.

A large number of souls floated towards Yang Chen's direction.

At the same time, Yang Chen was inside his residence, surrounded by Yin and Yang forces that formed a Taiji pattern, which slowly rotated behind him.

Just as it rotated to a certain point, Yang Chen suddenly woke up.

"Huh?"

Yang Chen pinched his fingers: "Why are so many souls coming towards me?"

He himself didn't know what was going on. Just now, he was only trying to strengthen his Life and Death Dao Intent and the Law with the Way of Ten Thousand Laws.

Then, this result happened. One life and one death, as if opening the Gates of Life and Death, penetrating and becoming Reincarnation!

It was this aura of reincarnation that made the thousands of lost souls here find their way back, quickly floating here to enter the circle of reincarnation.

"What kind of power did I just use..." Yang Chen didn't know, and fell into deep thought.

What exactly did the Ten Thousand Law Dao Embryo bring to him?

Yang Chen's heart had waves of emotions, and without knowing the situation, he could only quickly stop using the Ten Thousand Law Dao Embryo.

The strengthening of the Life and Death Dao Intent came to a halt, and the reincarnation Yin-Yang pattern completely dissipated, as the fluctuations vanished. The souls that were in turmoil returned to their original positions.

The East City District was once again restored to peace.

"It's about time I came out too, I wonder what's happening in the outside world now, and whether Xuan Zhen has been causing havoc again." Yang Chen talked to himself.

He pushed the door open and walked out.

And just as he stepped out, several auras had already rushed to this place.

The first to arrive was none other than Ji Yue Shuang, who lived not far from Yang Chen and had always been concerned about his movements.

Ji Yue Shuang looked at Yang Chen, sizing him up and down, only to feel that Yang Chen was completely different from before.

Where exactly was the difference, she couldn't put her finger on it.

"Yang Chen, did you... succeed?" Ji Yue Shuang asked in amazement.

Yang Chen smiled and nodded gently.

At the same time, several other auras arrived one after another, led by Han Bo and Lin Tianyi. Behind them stood Guo Huaian, who was in charge of the East City District.

"Brother Yang Chen, congratulations on your exit." Han Bo said with a grin, his attitude towards Yang Chen much changed from before.

Yang Chen saw the people coming and knew that it was all because of the incident when he scared away Xuan Zhen.

Thinking of Xuan Zhen, he couldn't help but ask, "Everyone, has Xuan Zhen caused any trouble during this time?"

Guo Huaian stood behind and laughed, "Sir Yang Chen, it's all thanks to you. Now, Xuan Zhen is too scared to come near our Divine Night Sect! Can you guess what happened? It seems that this guy went to cause trouble in the Grand Abyss Palace area some time ago, haha."

Hearing this, many people looked at Yang Chen with admiration in their eyes.

Little did they know that just by standing here, Yang Chen had scared Xuan Zhen away, which shows just how strong Yang Chen was.

But Yang Chen himself frowned, his expression becoming serious.

Although this incident made him look good, the core of the matter wasn't something to be happy about.

If Xuan Zhen really came to the Divine Night Sect, it would be easier for him to take action, but now that he has gone to the Grand Abyss Palace area, it would be more troublesome for him to deal with him.

His ultimate goal is to kill Xuan Zhen and then use his Spirit God Royal Clan's body to make a breakthrough after refining it.

Chapter 3160 United Against a Common Enemy_1

"If this Xuan Zhen really runs to the Taiyuan Palace, we shouldn't have any reason to intervene, right?" Yang Chen asked doubtfully, "Then my task..."

Everyone exchanged glances, and they couldn't help but laugh. Probably the only person who could chase and kill Xuan Zhen was Yang Chen.

Lin Tianyi sneered, "Taiyuan Palace knows about Yang Chen's affairs, and the fact that you scared Xuan Zhen away within ten breaths has spread throughout the entire human race. In theory, we can only help them when they actively ask for it. If we go directly to help, it would seem unreasonable. However, this matter is simple. If Xuan Zhen lays waste to Taiyuan Palace for a while, and they can't handle it, they will naturally ask for Brother Yang Chen's help."

Upon hearing this, Yang Chen was finally relieved.

Han Bo also laughed from the side, "Brother Yang Chen, now that you have come out of seclusion, if you have time, let's get together."

Yang Chen heard this, naturally could not refuse. He also knew that these people came to him as soon as he came out, looking up to him, so he agreed.

Han Bo and Lin Tianyi greatly improved their attitudes towards Yang Chen. When they were sitting with him, they talked very happily, asking about many things.

Yang Chen naturally noticed the meaning of Han Bo and Lin Tianyi.

With his combat power, he was extraordinarily precious in the entire Bi Shuangxing. The boundaryless cultivators in Bi Shuangxing were a unique existence.

Moreover, he could scare off Xuan Zhen, making his importance within the entire Divine Night Sect's forces on Bi Shuangxing even more significant.

However, Han Bo and Lin Tianyi knew that Yang Chen would leave as soon as he completed his task. If they wanted to retain him, they would naturally have to talk to him more.

Their intentions in the conversation were more about probing when Yang Chen would leave, if he would leave before the task was completed, and so on.

Yang Chen naturally knew this, but he didn't plan to linger in the Bi Shuangxing for too long, he was ready to leave as soon as he killed Xuan Zhen.

Xuan Zhen headed to the territory of the Taiyuan Palace, causing chaos and panic. Various powerful people were dispatched to deal with it.

However, dealing with Xuan Zhen was not easy. After several confrontations, many strong people were killed or injured.

As long as strong combatants were sent, Xuan Zhen would immediately flee without hesitation.

In this way, several mining areas around Taiyuan Palace had fallen successively, leaving Taiyuan Palace in a predicament.

With no choice left, Taiyuan Palace had to ask the Divine Night Sect for help, remembering that Yang Chen was the problem that had caused Xuan Zhen to directly cause trouble for the Taiyuan Palace in the first place.

When this news reached Han Bo and Lin Tianyi, the two of them laughed heartily and quickly found Yang Chen.

"Haha, Brother Yang Chen, it's done! The people from Taiyuan Palace have come to ask you for help." Han Bo laughed and said.

At Yang Chen's side was Ji Yue Shuang, who clenched her pink fist and hummed, "These Taiyuan Palace people finally know to ask for our Divine Night Sect's help? It feels great knowing they can't hold it together for just a few days."

"Hahaha, Junior Sister, you and I think alike. It's so gratifying to see Taiyuan Palace ask for our help." Lin Tianyi also laughed heartily, looking very happy.

Han Bo joked, "It's all thanks to Brother Yang Chen. He really helped our Divine Night Sect vent our anger. By the way, when do you plan to leave, Brother Yang Chen? In fact, you can just hang around with these Taiyuan Palace people. They usually make people angry, and there's no need to be polite with them."

Yang Chen said calmly, "That's not necessary. It's better to deal with Xuan Zhen as soon as possible to avoid changes."

He now had Xuan Zhen on his mind and didn't plan to target the others.

"If it's like this, that's good too. Brother Yang Chen has the final say, haha, let's go." Han Bo led the way.

"I'm going too, I want to see how Yang Chen defeats Xuan Zhen." Ji Yue Shuang followed closely behind Yang Chen.

Han Bo and Lin Tianyi didn't intend to take many people, but Ji Yueshuang was their junior sister, so they had to bring her along.

In a short time, the group arrived at Shi Ye City, the main city of Taiyuan Palace in Bi Shuangxing.

Shi Ye City is the core location of the human forces in Bi Shuangxing, with the most surrounding mining forces, led by Taiyuan Palace.

As soon as they reached the sky above Shi Ye City, two elderly people from Taiyuan Palace quickly greeted them.

These two elders had white eyebrows and white beards and had reached the cultivation level of the Heaven-separated Realm. As soon as they met, they warmly greeted, "Brother Han Bo, Brother Lin, you have arrived. May I ask which one is Yang Chen?"

Seeing the two so anxious and asking where Yang Chen was, Han Bo knew that the Taiyuan Palace forces must have been forced to desperation by Xuan Zhen in these days.

He laughed, "This is Yang Chen."

Yang Chen cupped his hands, "I've met the two seniors."

"Is this Daoist friend Yang Chen?" The two elders said with astonishment, looking somewhat surprised.

They thought Yang Chen was some boundaryless cultivator who had been cultivating for many years, otherwise, how could he defeat Xuan Zhen?

But now, they saw that he was so young.

Still, they could not deny his identity and immediately said, "Ah, this is Daoist friend Yang Chen, truly young and promising. Let's go inside and talk, everyone!"

As they spoke, the two elders welcomed the group inside.

On the way, Han Bo introduced the two elders to Yang Chen, who learned that they were high-ranking people from Taiyuan Palace, known as King Jin Jue and King Bai Ku.

Now entering the city, King Bai Ku and King Jin Jue treated them very well, serving good tea and wine, and welcoming them with smiles. Their attitude of asking for help was remarkably in place.

"Daoist friend Yang Chen, Brother Han Bo, let's cut to the chase. We all know that the existence of Xuan Zhen from the Spirit God Royal Clan is a threat to us humans. If we can't eliminate him, keeping him around will bring disaster, so we must unite against the enemy and eradicate him." King Bai Ku spoke righteously.

When these words were spoken, Han Bo and Lin Tianyi couldn't help but want to laugh.

Junior Sister Ji Yue Shuang couldn't help revealing a bit of a smile but managed to stifle it soon after.

These people spoke so gorgeously, but where was their righteous tone when Xuan Zhen was causing them trouble at the Divine Night Sect?

Now that Taiyuan Palace had trouble, they spoke such lovely words.
