

Supreme MK 3201

Chapter 3201 - Paying the Price_1

More than twenty Heaven-separated Realm experts, focused on assassinating him in his weakened state after the tribulation. All kinds of formations were gathered, and numerous strong people were attacking together. But in the end!

Even in his weakened state, he toyed with them, killing five Heaven-separated Realm experts one after another, breaking the formation with a single sword, and leaving calmly. The remaining twenty-plus Heaven-separated Realm experts could only stare helplessly and had no other options.

He couldn't imagine how to kill him now.

...

Yang Chen chose to leave because he didn't want to get entangled in this place any longer.

If he were to get entangled for too long, these experts might not be able to hurt him, but it would also consume him severely. Moreover, things might change in delay, so it was impossible to predict what would happen next.

After all, the strengthening of Ten Thousand Law Dao Embryo was time-limited.

At the moment, the top priority was to restore his cultivation level as soon as possible.

Leaving now, he rode the Spirit Leaf Flying Boat once again. But instead of heading to another star, he returned to Distant Earth Star again.

Without a map, it was best not to move recklessly forward.

Returning to Distant Earth Star was the best choice.

Moreover, he didn't intend to escape for too long. If those chasing soldiers weren't dealt with and taught a lesson to the Taiyuan Palace, they might think he, Yang Chen, was an easy prey.

Did they really think anyone could kill him, Yang Chen? Ridiculous!

However, before that, everything started with the restoration of his cultivation level.

For him, recovering his cultivation level was as simple as it could be. He entered Distant Earth Star, protecting himself with law protection, then went directly into the ground of Distant Earth Star, and began his own recovery.

Although his consumption during the Heaven's Tribulation seemed not much, he had actually activated the Ten Thousand Law Dao Embryo for a long time. The main focus of his recovery was on the Ten Thousand Law Dao Embryo.

When not in use, the Ten Thousand Law Dao Embryo was always in a dormant state.

Once activated, the Ten Thousand Law Dao Embryo would maintain its status for a certain period, which is not a long time. If he used it for too long, then the dormant state of the Ten Thousand Law Dao Embryo would last longer.

If he used it excessively, the Ten Thousand Law Dao Embryo might even go into sleep on its own.

Once the Ten Thousand Law Dao Embryo went to sleep by itself, it would be difficult to recover.

Moreover, the types of Law he strengthened.

Generally, strengthening only one kind of Law was not a big deal. But once he strengthened two or more Laws continuously, the consumption of the Ten Thousand Law Dao Embryo would become severe, and the activation limit might be accelerated.

This was also the reason why Yang Chen rarely changed the Laws to strengthen, usually only strengthening one kind.

Now thinking back on it, Yang Chen couldn't help but shake his head.

Although Ten Thousand Law Dao Embryo was terrifying, it still had many limitations.

Consequently, Yang Chen entered a long recovery period, during which three months quietly passed.

In these three months, the entire Law God Star vicinity was buzzing like a boiling pot.

News of more than twenty Heaven-separated Realm experts trying to kill Yang Chen and failing to do so somehow spread out, causing the name of Yang Chen to resound in all directions.

Many people initially had no good feelings about Yang Chen because of Taiyuan Palace. But now, with continuous news of Yang Chen escaping, even twenty-plus Heaven-separated Realm experts were unable to kill him, stirring up everyone's curiosity.

On the other hand, Taiyuan Palace was trapped in extreme anger.

More than twenty Heaven-separated Realm cultivators failed to kill Yang Chen, and Spirit Separation Ancestor Ling Bie's anger had completely erupted. He even increased the reward again, promising to pay a massive price for killing Yang Chen.

For a time, many people outside Taiyuan Palace were also interested in Yang Chen.

If killing Yang Chen could get such a reward, even if it meant risking their lives, it would not be an impossible task.

...

One month later, in the sky above the Distant Earth Star.

An old man with gray hair and a stern face was followed by numerous strong men, standing in the sky above a desert on Distant Earth Star.

Not to mention the old man with the stern face, the people following behind him had all reached the Heaven-separated Realm in cultivation. Among them, all participated in the previous pursuit of Yang Chen.

For example, Dark Night King and many other familiar faces that Yang Chen could recognize.

These Heaven-separated Realm experts were extremely respectful to the gray-haired old man.

Because they knew clearly that this gray-haired old man was a Heavenly Fate Realm expert.

Now, Dark Night King and the others obediently accompanied him, not daring to touch the meritorious service award for killing Yang Chen. They only hoped to kill Yang Chen as soon as possible, to solve this nightmare-like existence for them.

"Sir He Zhen, according to the Heavenly Dao guidance of Distant Earth Star, this Yang Chen is right here. Should we set up a formation around us first?" asked Dark Night King.

"No need, with this old man here, he won't be able to escape!" He Zhen coldly snorted and looked down: "Yang Chen? Hmph, I want to see how powerful you are, taste this old man's palm first!"

As He Zhen spoke, he immediately slapped down towards the ground below.

In an instant, the ground shook violently, and a large pit appeared, which grew larger and larger. If this continued, half of the interface might be destroyed!

Seeing this, Dark Night King and others couldn't help but shrink their pupils in amazement at the power of this Heavenly Fate Realm expert.

With just a bare-handed strike, it seemed like an entire interface was on the verge of destruction. No wonder Heavenly Fate Realm experts were brought into the universe starry sky for combat.

Fighting within the interface was simply too insignificant for Heaven-separated Realm experts.

Yang Chen also felt the power of the Heavenly Fate Realm's strike at the moment. If nothing unexpected happened, this was just an early stage Heavenly Fate Realm attack.

"What a powerful strike!"

Yang Chen's cultivation hadn't fully recovered yet, but it was almost back to its peak state.

Since these people were seeking him out, he had no choice but to fight back.

"Humph!"

Yang Chen let out a cold snort and also slapped out.

This palm was a giant palm that came from the ground, the Five Elements Turn Heaven Palm. It collided with He Zhen's strike.

Yang Chen was obviously at a disadvantage, and his palm was torn apart shortly after the collision.

However, He Zhen's palm had also lost much of its power. If it hadn't been blocked, half of the interface would have been destroyed by the strike. But now, it only created a deep hole in the ground.

Meanwhile, Yang Chen had already used Spacetime Flash to appear in the sky.

"Yang Chen, you should have made preparations to die early on for opposing my Taiyuan Palace," He Zhen said coldly, his eyes frosty. "You are not without talent, rest assured, I will leave you a complete corpse!"

Yang Chen looked at the group of strong men surrounding him, led by He Zhen, and said coldly, "You people, do you really think you can hunt me down, Yang Chen, without paying any price?"

Chapter 3202 - The God-Slaying Yang Chen_1

He Zhen sneered at Yang Chen's words and said disdainfully, "Yang Chen, my Tai Yuan Palace wants you dead by the third watch. Who dares to keep you until the fifth?"

Hearing this, Yang Chen shook his head.

"He Zhen, you'll soon know that the biggest mistake you made in your life is trying to chase and kill me, Yang Chen. If you want to kill me, you have to pay a bloody price," Yang Chen said without any fear, his words ice-cold against He Zhen.

This made He Zhen's anger rise even more. How could a mere Yang Chen, a kid who had just entered the Heaven-separated Realm, look down on him?

Preposterous!

"Yang Chen, today, with me here, do you think you can make waves? Just leave your life here for me obediently." He Zhen said as he attacked in an instant.

"Lord He Zhen, please show mercy. If you don't restrain your actions, I'm afraid this mere Distant Earth Star can't withstand your power," Dark Night King couldn't help but say.

"Hmph, don't worry about it. If this mere Distant Earth Star is destroyed by me, so be it. I'll take care of the consequences!" He Zhen didn't care at all and attacked with a wave of his hand.

Yang Chen shook his head in disappointment at He Zhen and the Tai Yuan Palace.

The Tai Yuan Palace had chased him down to this point, causing disasters that were no less terrifying than those brought by the heavenly calamities and earthly tribulations. Yet, these people from Tai Yuan Palace didn't care at all, thinking that it was all justified and there was nothing wrong with it.

However, if it were the people from the Divine Night Sect, their mindset would be different.

They would treat the alien tribes as enemies, and their own people would be there to protect and guard, at least not to bully and humiliate like they were doing now.

But talking about it now was obviously useless.

He could only let these people know the severe consequences of angering him by paying a bloody price.

He Zhen's palm strike was indeed powerful, but it couldn't suppress Yang Chen's spacetime law, and it was still ineffectual.

If he wanted to suppress his spacetime law, it would take at least a world-embryo level to do so.

Yang Chen's spacetime law lightly twinkled and blinked, and in an instant, he had already appeared in another location.

Then, the Domain of Earth spread out.

"Ten Thousand Law Dao Embryo, open!"

"Enhance... Life and Death!"

The Life and Death Dao Intent was instantly strengthened, and it was the strengthened Life and Death Dao Intent that supported the Domain of Earth, which directly engulfed the entire scene with a Mount Tai-like pressure.

"What a heavy feeling."

"This pressure!!"

The hearts of these Sky Separation Realm Experts were shocked. Some of the stronger ones could still move freely within the domain, but the weaker ones struggled to move at all.

Yang Chen, on the other hand, didn't even bother to be polite.

"Deathly Silent Black Wind, go!"

The Deathly Silent Black Wind, now enhanced by the law of life and death, was no longer merely a series of black winds, but a series of black winds that could be discerned by the naked eye and engulfed the sky.

Wherever the black wind passed, there were constant screams.

"Break it... Ah, no, how can it be!"

The first two Heaven-separated Realm experts to face the Deathly Silent Black Wind fell on the spot.

This left He Zhen dumbstruck, and he once again pressed towards Yang Chen.

Yang Chen didn't even bother to pay attention to He Zhen's intentions. With a flash in his step, he disappeared from his original position, and then controlled the Deathly Silent Black Wind to cover the entire domain range. With the backed up domain, he aimed at as many as twenty Heaven-separated Realm Experts and began to suppress them.

His heyday was not a joke.

The black wind howled, and screams rose and fell.

Originally, there were more than twenty lively Heaven-separated Realm experts, but now they seemed to be trapped in a hellish asura battleground. Under this black wind, there was only powerless resistance!

Under the screams, three more Sky-separation Realm cultivators fell.

"Yang Chen, I will kill you!" Seeing Yang Chen killing one Sky-separated Realm cultivator after another in front of him, He Zhen couldn't hold back his anger and wished to skin Yang Chen alive.

He attacked Yang Chen again, but Yang Chen didn't bother to respond. In another blink of spacetime, he appeared in another place.

Was that Yang Chen's plan?

Heaven-appointed Realm?

Just now, when he had fought He Zhen for an instant, he knew that with his abilities, he might not be able to kill He Zhen, but winning against He Zhen was also impossible.

So, there was no need for him to fight He Zhen. He just needed to kill the other powerful people.

However, using only the Deathly Silent Black Wind and the Domain of Earth after the enhancement was not enough.

"Nine Heavens Wind and Thunder Sword, go!" Yang Chen separated his soul to control the Nine Heavens Wind and Thunder Sword and joined the battlefield.

Then, with another slap, he unleashed the Five Elements Turn Heaven Palm.

As the palm descended, the entire domain and the Deathly Silent Black Wind turned into an asura ground, engulfing all the Heaven-separated Realm cultivators. No matter how angrily He Zhen jumped around, no matter how furious he was, Yang Chen didn't care at all.

He only had one target.

Killing one to warn the others!

The earth-shaking palm fell from the sky, crushing the arrogance of these powerful people in conjunction with the Deathly Silent Black Wind and Domain of Earth.

The number of fallen experts increased more and more.

Soon, there were only eight Heaven-separated Realm cultivators left.

Then, in the blink of an eye, only four remained!

Then, three, two!

He Zhen's pupils seemed to be spouting flames, as more than twenty Heaven-separated Realm cultivators were killed alive by Yang Chen right before his eyes. As the proud Heaven-appointed Realm cultivator, where could he put his old face?!

"Lord He Zhen, save me!" The last Heaven-separated Realm cultivator had already been scared and panicked. Watching his fellow teammates fall one by one under Yang Chen's hands, he felt nothing but deep fear.

He didn't know what kind of godlike existence Yang Chen was, only that he couldn't resist this existence at all. With no power left, he could only seek help from He Zhen.

"Yang Chen, you dare!" He Zhen watched as the last Heaven-separated Realm cultivator tried to protect the last one with his furious attack!

But as Yang Chen's attack rolled over like thunder, he didn't give him a chance!

The last Heaven-separated realm cultivator died at Yang Chen's hands.

In an instant, the sky's air seemed to calm down, while Yang Chen stood high in the sky, covered in blood, like a god of killing!

His cold and wolfish eyes silently looked at the angry and sad He Zhen!

Chapter 3203 - Consecutive Slaying of Twenty-Eight Heavenly Exits!_1

Even now, He Zhen could not believe his own eyes, unable to accept that all this was real.

Although He Zhen himself was unharmed, all his subordinates had fallen, not one survived!

This battle would no longer be kept a secret, known to everyone.

He had originally thought that as a Heavenly Fate Realm Expert making a move, killing Yang Chen would be easy, but he never expected such a cruel outcome.

"Yang Chen!" He Zhen roared angrily.

He was truly enraged, striking out once again with a palm. In an instant, the entire desert turned into a sea of flames. Countless demonic hands appeared within the sea of flames, mercilessly grabbing towards Yang Chen.

With a wave of his hand, Yang Chen unleashed a large amount of Deathly Silent Black Wind.

Unfortunately, as soon as these fire hands touched the wind, they were at a disadvantage, as they were engulfed by flames and vanished without a trace.

Seeing this, Yang Chen knew that there was still a gap between him and this Destiny Realm expert, so he didn't linger any longer, leaping into the air and disappearing without a trace.

Watching Yang Chen disappear, He Zhen was furious but knew the answer deep down.

Just now, he couldn't do anything to Yang Chen, and now, he couldn't do anything to him anymore!

The result of the battle was utterly bleak!

...

After this battle, in less than three months, the news had spread throughout the Grand Abyss Palace, the Divine Night Sect, Heavenly Melody Mountain and other three major powers, as well as all surrounding forces in the Taiyuan Star System.

When this news spread, all the major forces were deeply shocked and scared by it.

What kind of monstrous and abnormal thing had Yang Chen done?

With his own power, he single-handedly turned the tide, resisted He Zhen, defeated twenty-eight Heavenly Leaving Realm experts, and left triumphantly!

It was well known that Yang Chen had some fame, but he was still far from Mo Wanchou, the Sky Extreme Realm Reincarnation.

But who could have imagined that it was just Yang Chen who first defeated Mo Wanchou, then went against the Grand Abyss Palace, and successively evaded the numerous pursuits of the Grand Abyss Palace.

Now, having slain another twenty-eight Heavenly Leaving Realm experts, he was practically provoking the Grand Abyss Palace again.

Do you all really think that I, Yang Chen, am someone you can just kill as you please?

At the same time, in the Frost Sky Taoist Nunnery within the Grand Abyss Palace.

Spirit Separation Ancestor stood with his hands behind his back, no longer as calm and composed as before, all that was left was an overwhelming rage.

"Worthless trash, a bunch of worthless trash. Han Yi, it seems like you really don't want to stay in this position anymore. So many powerful ones, chasing to kill a Yang Chen, were slain by Yang Chen instead. What use do I have for you!" Spirit Separation Ancestor scolded.

Han Yi now also wore an embarrassed look, bitter beyond words. With tearful eyes, he said, "Daozu Sir, this, this really has nothing to do with your subordinate. I originally thought that sending He Zhen to handle it would be enough and that I would only be needed to command from the rear. Who could have thought that this, this kid would have actually entered the Heaven-separated Realm, and his strength has grown greatly. I'm afraid that such a small force is not enough to use now, Daozu Sir. Give me a few more strong experts of Destiny Realm, and I guarantee to take Yang Chen's life!"

"Han Yi, do you really think that the Destiny Realm experts in our Grand Abyss Palace are worthless?" The Spirit Separation Ancestor snapped angrily. Han Yi could only bow his head.

"Ling Bie, you should have seen the improvement in Yang Chen's cultivation level and combat power since he entered the Heaven-separated Realm. It's not too late to stop now. Turn hostility into friendship, and take him as one of our own; it can only benefit the Grand Abyss Palace. You have to know that there are no eternal enemies in this world, only eternal interests." Fu Tiandi, who appeared at some point, stared at the Spirit Separation Ancestor and advised him.

The Spirit Separation Ancestor fell into contemplation once again upon hearing this.

Indeed, there were no eternal enemies in this world, only eternal interests.

Having chased and killed Yang Chen all the way from the Demon Sect, he had already done his utmost duty.

However!

"If I were to stop, where would I put my face?" The Spirit Separation Ancestor said solemnly, "Yang Chen must die. Han Yi, I will give you three more Destiny Realm experts in the World Fetus Realm to lend you a hand. Furthermore, the bounty has been increased to promise an Ancestral Divine Artifact to whoever kills Yang Chen. I want to see Yang Chen's head. If you have not succeeded yet, come and see me with your head, Han Yi!"

Upon hearing this, a hint of joy appeared on Han Yi's face. With three more experts from the Sky Separation Realm at the embryonic stage of the world, his chances would be greatly increased.

"Thank you, Lord Ling Bie!" Han Yi immediately replied.

Seeing this, Fu Tiandi could only shake his head lightly and let it go.

...

The camera shifted back to the Divine Night Sect!

Princess Wenqi and her disciple Ji Yue Shuang were kneeling face to face in the luxurious Great Hall.

"Master, Mo Wanchou was the one who bullied others too much. Yang Chen just killed him earlier. Why is the Grand Abyss Palace so insistent on hunting and killing Yang Chen? Can't our Divine Night Sect protect him?" Ji Yue Shuang bit her silver teeth and said, "As a disciple, I can't stand it anymore. The Grand Abyss Palace is utterly shameless. They can't contribute any strength to fight against the alien tribes, but they are great at stirring up trouble within their own ranks!"

Seeing Ji Yue Shuang like this, Princess Wenqi sighed helplessly; "Shuang'er, do you really think I don't want to save Yang Chen? It's just that Yang Chen killed Mo Wanchou of all people. Mo Wanchou is the sworn brother of Ling Bie Daozu, and it's easy to understand their deep relationship. But if Yang Chen doesn't die, where will Ling Bie Daozu put his face?"

It was a simple truth - if Ling Bie Daozu didn't kill Yang Chen, people would say that he didn't even care about his own brother's life.

At this age, what they valued most was face. If Ling Bie Daozu had nowhere to put his face, he naturally had to find a way to take Yang Chen's life.

"Just because of one's face, should Yang Chen die?" Ji Yue Shuang clenched her teeth in anger.

"Shuang'er, I know you have a good relationship with Yang Chen. But this matter involves Ling Bie Daozu. If our Divine Night Sect is to truly protect Yang Chen, it would be almost like openly challenging Ling Bie Daozu, Ling Bie Dao Respect, and even the Grand Abyss Palace. The Ruthless Beast Race and the Spirit God Race are just waiting for us humans to develop internal conflicts, so they can then take advantage of us. Tell me, what should I, as your master, do?" Princess Wenqi shook her head helplessly.

Ji Yue Shuang's eyes were filled with anger, but she clenched her fists and sighed in despair.

"Indeed, Yang Chen is outstanding, but he is not outstanding enough. In the end, we can only choose a more cautious option." Princess Wenqi said.

But just as her words fell, her King-level Guard immediately ran up.

"Princess Wenqi, something big has happened!" The King-level Guard had his eyes wide open in shock.

"What big thing?" Princess Wenqi asked with confusion.

The King-level Guard took a deep breath, "It's about Yang Chen."

"Speak, is that kid Yang Chen alive or dead now?" Princess Wenqi said.

Chapter 3204 - The Arrival of the Ultimate Kill_1

"Yang, Brother Yang Chen is still alive, and, he has already entered the Heaven-separated Realm cultivation level!" This King-Level Guard spoke solemnly.

Princess Wen Qi raised her eyebrows slightly: "Entered the Heaven-separated Realm? Could it be the result of his trip to Bi Shuangxing and obtaining Liuli Stones?"

"This, I don't know." The King-Level Guard scratched his head.

"Is there anything else?" Princess Wen Qi didn't pay too much attention, as for the geniuses on the Great Luo Celestial Stele, it would be strange if they couldn't enter the Heaven-separated Realm.

"Yes, it is rumored that Brother Yang Chen was besieged by He Zhen and twenty-eight Heaven-separated realm experts on Distant Earth Star not long ago. But after a fierce battle, Yang Chen left unscathed, He Zhen was also unharmed and had no problems. But the twenty-eight Heaven-separated Realm experts..." At this point, the King-Level Guard swallowed hard.

"What happened to the twenty-eight Heaven-separated Realm experts?" Princess Wen Qi was deeply puzzled.

"They all died!" The King-Level Guard said truthfully.

Princess Wen Qi gasped in shock, her eyes filled with disbelief.

Unable to sit still any longer, she stood up immediately, her mind still echoing the words of the other party.

He Zhen and twenty-eight Sky-Separation realm cultivators jointly besieged Yang Chen.

However, in the end, all but He Zhen perished.

"Is this true?" Princess Wen Qi asked.

"Absolutely true." The King-Level Guard replied without any deviation.

"Haha, well deserved, let those people from Grand Abyss Palace create trouble for themselves. With so many strong people not dealing with alien tribes, they insist on dealing with their own people. Who else do they want to kill besides themselves!? They are asking for it." Ji Yue Shuang felt quite relieved.

Hearing this, Princess Wen Qi took a deep breath with her hands behind her back: "Shuang'er, you should be grateful that Yang Chen has been working hard!"

Killing twenty-eight Heaven-separated Realm experts with one person's power was already demonic enough. Just based on this combat power alone, joining any of the Three Great Sects would be a matter of choice.

But the key point was not this, but that he killed these twenty-eight Heaven-separated Realm experts in front of a Heavenly Fate Realm expert.

This meant that Yang Chen's combat power limit was far more than just killing twenty-eight Heaven-separated Realm experts.

Yang Chen deserved their Divine Night Sect's protection!

...

Time passed quickly, and half a month later.

On Sirius, not far from the Taiyuan Star!

On a barren land, corpses were lying in various directions. If there were powerful people here, just by looking at these corpses, they would be able to tell that they were all Heaven-separated Realm cultivators when they were alive.

No one knew what had happened here!

How could there be such a tragic end for these dozens of Sky-Separation Realm cultivators, and who was responsible for it?

Looking around, there was only one young man sitting calmly above these corpses.

This young man was Yang Chen.

It must be said that the effect after his battle was quite significant. Killing twenty-eight Heaven-separated Realm experts in one breath caused the Grand Abyss Palace's pursuit of him to become somewhat restrained.

Perhaps it was also because they couldn't bear to let go; after all, even for the Grand Abyss Palace, the fall of dozens of Heaven-separated Realm experts was something they couldn't afford.

Experts in the Three Heavenly Realms are extremely rare resources.

So much so that months passed, and even though his appearance remained the same as before, no one dared to lay a finger on him even for a bit.

Even if there were some, they would only cautiously follow behind him.

These Heavenly Leaving Realm cultivators initially just wanted to test the waters. If Yang Chen really became aware of something, they would run away immediately.

But how could Yang Chen not be aware of it, he was just pretending not to know.

This also made these tails more rampant, from just a few at the beginning to more than a dozen later.

It seemed that they wanted to have a clearer understanding of his position.

Once the number of people reached more than a dozen, Yang Chen immediately launched his offensive without any more nonsense. After a storm, the dozen or so Heaven-separated Realm experts never expected that Yang Chen had already noticed them, and they all fell into Yang Chen's hands.

Yang Chen's appearance hadn't changed even now, as he sat there calmly.

Looking at the corpses on the ground, he waved his hand and collected all of them.

The reason he deliberately left these corpses was that he intended to use them in the future. After all, under his Rejuvenation Technique, these corpses could temporarily be combat power.

Unfortunately, the Rejuvenation Technique could only be used once on a corpse and was a one-time use.

After one use, it wouldn't work the second time. Otherwise, these corpses would be even more helpful.

"Ever since He Zhen chased after me last time, there has been no trace of him. Those Heaven-separated Realm experts don't dare to recklessly chase and kill me either, so it's been peaceful for now. I'm not used to the calm."

As Yang Chen frowned, he also knew that the current calm was probably preparing for the storms to come.

After all, he didn't think the Grand Abyss Palace would let the matter rest.

With his current combat power, facing He Zhen, an early stage Heavenly Fate Realm expert, he could be fearless.

But if a World Fetus Realm expert arrived, he still had to be cautious. Otherwise, if he didn't do a good job, he might not be able to escape.

It should be known that last time he escaped from Han Yi's hands, the main reason was Han Yi's carelessness.

Otherwise, even if he used the Way of Ten Thousand Laws to enhance spacetime, he might not be able to escape.

"With my current strength, it's still somewhat insufficient to fight a Heavenly Fate Realm Early Stage powerhouse. As for the Middle Stage of the Heavenly Destiny Realm, the World Fetus Realm, running is the only option." Yang Chen shook his head helplessly.

This Star Domain Interface was not suitable for a long stay, so Yang Chen boarded the Spirit Leaf Flying Boat and flew away again.

Yang Chen didn't know that just as he boarded the Spirit Leaf Flying Boat and left, the scene of him leaving was perfectly recorded in a painting.

This picture was presented in the Universe Starry Sky, seemingly revealed by a secret art.

In front of the painting, four elders wearing Taoist robes were gathered, and Han Yi was among them.

"Hmph, Yang Chen is indeed clever, escaping from the Star Domain Interface again, it seems he plans to go to another Star Domain Interface. He is trying to use the law protection to block the Heavenly Eye and leave before the Heavenly Eye finds him, so as to repeatedly elude detection and prevent us from finding him through communication with the Heavenly Dao!" Han Yi said coldly.

"Unfortunately, this kid is clever in avoiding the Heavenly Eye to avoid us, but he doesn't know that there are plenty of ways to find him. Lord Qianhe's Ancestral Divine Artifacts are indeed useful, as long as there is one hair left from Yang Chen, we can accurately know his location. Although He Zhen didn't help much at that time, at least he collected one of Yang Chen's hairs when twenty-eight Heaven-separated Realm experts died last time!" An elder with yellow hair said with a hint of sarcasm.

Chapter 3205 - Gu Jianchou!_1

"Alright, let's not tease He Zhen anymore. He has no dignity left and has completely withdrawn from this chase. Let's not bring it up again. The four of us must work together to capture this Yang kid no matter

what." Han Yi said indifferently, "Brother Yi Tian, Brother Wu Shuang. Now that we know Yang Chen's location, what are your thoughts? Should we intercept him within the Universe Starry Sky, or..."

"Let the kid live a little longer. Last time, He Zhen destroyed half of Distant Earth Star, which angered the Grand Abyss Palace. He Zhen wanted to make a fortune out of it, but because of Yang Chen, he ended up completely punished. We'd better not commit the same mistake. It's difficult to stretch out our abilities within the interface, so we should kill him in the starry sky." The Heavenly Fate Realm Expert, known as Yi Tian, said indifferently from a distance.

...

Yang Chen didn't know about these things. Following the map, he had used the Spirit Leaf Flying Boat to flee to a nearby place called Ye Shuangxing.

Right now, his only choice was to use law protection, then dodge the Heavenly Dao and change locations successively.

As for his own escape plan, he currently had no clue. If he were forced to, he would have no choice but to use a risky strategy.

Of course, there was no need for that right now.

Killing Yang Chen wasn't an easy task.

Although he had entered the Heaven-separated Realm and his space-time law had evolved once again, becoming a complete law, Yang Chen knew the power of Grand Abyss Palace. Therefore, after entering the Heaven-separated Realm, he didn't relax at all, but instead he studied diligently, hoping to develop his own Dao Techniques based on this space-time law.

It wasn't easy to develop a new Dao Technique.

However, during this period of hard thinking, Yang Chen did come up with some new applications for the space-time law.

What kind of applications?

He could use his own understanding of Talisman Scrolls, inject his own space-time law into it, and then insert this scroll into a certain location.

As long as the scroll exists, even if he is elsewhere, he can communicate with it at any time and instantly return to the position of the scroll from any other location.

This technique was incredibly powerful, allowing him to shuttle back and forth within the Universe Starry Sky, saving countless journeys thanks to the space-time secret art.

Yang Chen believed that this was the mystery of the space-time law, which should have this power.

However, though this secret art seemed easy, it was actually very difficult to implement. He had this idea for a long time, but he didn't know how to realize it.

Later, using various materials and his own thinking, Yang Chen finally completed the Talisman's secret art.

Then, he named this scroll 'Liuli Talisman.'

The reason for this name was that the existence of this scroll required consuming a seven-color Luminous Stone!

The special energy in the Seven-colored Luminous Stone has a unique echo effect with space-time, which reminded him of the time he used the space-time protection at Mo Xin Lake.

The seven-colored Luminous Stone had an inexplicable power related to space-time, so that, by using the Seven-colored Luminous Stone in combination with various other materials, he could create something like this Liuli Talisman.

This also meant that this Liuli Talisman could not be mass-produced. Yang Chen had to spend the precious Seven-colored Luminous Stone to make only one.

"I'll keep this one for saving my life and bury it at the bottom of the Ye Shuangxing." Yang Chen said.

Luckily, he had enough Seven-colored Luminous Stones on him.

He had obtained four from the Meng E Clan earlier, and later gained another two at Mo Xin Lake. After killing Xuan Jie, he obtained three more.

Having spent one, he still had eight left!

Now, Yang Chen buried the scroll here, planning to cultivate for some time in this plane!

...

The scene shifted, as Yang Chen buried the scroll, far away in the Taiyuan Star System, a flying boat emerged.

No one dared to stop this flying boat because they knew that it belonged to the Divine Night Sect.

Moreover, on the flying boat, there was an even more famous figure.

There were two people standing on the flying boat, a man and a woman. One appeared middle-aged, while the other was young and beautiful.

Yang Chen would recognize this woman at a glance because she was none other than Ji Yue Shuang.

As for the middle-aged man standing next to Ji Yue Shuang, he had a clear gaze and a powerful aura, emitting a faint and astonishing energy.

Ji Yue Shuang was not afraid of him at all and pursed her lips saying, "Brother Gu, can you bring Yang Chen back by yourself? So far, I know that the Grand Abyss Palace has dispatched two Heavenly Fate Realm masters, Han Yi and He Zhen, to kill Yang Chen. What if you can't defeat both of them?"

Upon hearing Ji Yue Shuang's words, the man known as Brother Gu chuckled, "Junior Sister Shuang, do you know why Uncle Wen Qi has the confidence to send me alone, and still allows you, a little burden, on the boat?"

Ji Yue Shuang was indeed puzzled by Gu Jianchou's words.

She didn't know much about Gu Jianchou, only that when he was young, he was an extraordinary genius in the Divine Night Sect.

However, after entering the Heavenly Fate Realm, he disappeared for many years, and then remained stuck at the stage of the Heavenly Destiny Realm Fetus, unable to progress at all.

It seemed that he had been at this stage for a million years, with no results. This time he came out of seclusion because of the request from her master.

"Why?" Ji Yue Shuang asked, puzzled.

She knew that her senior brother was once a top genius in the Divine Night Sect.

"Because I'm very powerful," Gu Jianchou said with his hands behind his back and a faint smile.

"Really? How much more powerful are you than Han Yi and He Zhen combined?" Ji Yue Shuang blinked.

Gu Jianchou laughed out loud and said, "Do you know the gap between Han Yi, He Zhen, and myself when we were younger?"

"What gap?" Ji Yue Shuang asked, puzzled.

"Back then, I ranked fourth on the Great Luo Celestial Stele, Han Yi was not bad, ranking forty-second, while He Zhen didn't even make the list. Dealing with both of them would take just one hand from me." Gu Jianchou sneered, "Don't worry, Junior Sister. This trip to bring Yang Chen back shouldn't involve too many forces, as it's not very polite to the Grand Abyss Palace. But with me on the move, it's enough! It's been a while since I've exercised my skills!"

As the conversation ended, Gu Jianchou led Ji Yue Shuang and transformed into a flash of light, disappearing from sight.

Chapter 3206 - The Power of the Four Great Worlds_1

In the blink of an eye, another two months had passed.

Yang Chen had been cultivating in this Ye Shuangxing star for two months.

However, for him, it had only been two months, and if time were any longer, he would face the risk of being detected by the Heavenly Eye.

Although he was not afraid of being pursued and killed by those Heaven-separated Realm experts, it did not mean that he could ignore the Grand Abyss Palace.

It was better to avoid the Heavenly Eye if possible.

"It's time to leave!"

Yang Chen murmured and decided to go to the next interface according to the map.

He took the Spirit Leaf Flying Boat and once again entered the Universe Starry Sky.

The starry sky was shining, and he could see the interface planets in the distance.

However, just as he had just left this Ye Shuangxing star and hadn't traveled far, Yang Chen suddenly smelled an unusual scent.

At first, he didn't take it seriously, but soon he found that the unusual scent was getting stronger and stronger.

He looked around but didn't notice anything.

Despite this, Yang Chen's expression became serious, and he suddenly changed his direction and decided to take a detour, no longer choosing this path.

It turned out that his choice was correct, but it was a bit late.

"Yang Chen, you're really sharp. You actually noticed our ambush!" A voice suddenly rang in Yang Chen's ears.

Immediately, Han Yi, and three other elders appeared in Yang Chen's field of vision from different directions.

Yang Chen's path was completely blocked.

This made Yang Chen narrow his eyes and look coldly at the four people around him.

"Four Heavenly Fate Realm experts, the Grand Abyss Palace really values me." Yang Chen said with his hands behind his back.

Han Yi said coldly, "Yang Chen, it's an honor to die in our hands."

Although he said that, he was still somewhat uncertain in his heart. They had set up this ambush to lure Yang Chen in and make it foolproof. Even if Yang Chen had space-time laws, they could still kill him.

But he never expected that Yang Chen would be so cunning and detect the crisis before stepping into this Sky-Roaming Net.

Now the position where Yang Chen is, is not the most perfect. They cannot completely restrict Yang Chen's spacetime techniques!

"Don't waste your breath, Han Yi. I will use my World to directly blockade Yang Chen's way out. You also unfold your Worlds and directly crush him until there is no space to move!" Yi Tian said solemnly.

As he spoke, the power of his World had spread. The rolling laws within the World's power made Yang Chen shiver involuntarily, causing him to retreat quickly.

If he entered the range of the World's power, he would fall into passiveness, and being killed by Yi Tian would only be a matter of time.

However, as he retreated, the other three Heavenly Fate Realm experts also unfolded their World Embryos.

Yang Chen was shaken, feeling that the space for his use was getting smaller and smaller. Everywhere was the World's power of these Heavenly Fate Realm experts, and he would have nowhere to go.

"How did they find me..." Yang Chen couldn't figure it out.

There was no time for him to think about it now.

He leaped and tried to escape through the cracks between the Worlds' powers.

However, just as he was about to do that, the four World Powers perfectly formed a space, completely sealing off his path.

Seeing this, Yang Chen gritted his teeth, knowing that it would be difficult to escape.

"It seems that I prepared this talisman just in time..." Yang Chen took a deep breath.

He had thought that there would be a chance to use this talisman, but he never expected it to be used so soon.

"Yang Chen, just accept your fate." Han Yi sneered as he saw Yang Chen struggling like a headless fly under the siege of various World Powers.

Yang Chen was undoubtedly doomed.

However, just as his words fell, Yang Chen said coldly, "Han Yi, killing me isn't that easy!"

As he spoke, a golden light flashed, and he turned into a luminous glaze light, disappearing completely.

This amazing scene of evaporating into thin air shocked all four Heavenly Fate Realm experts.

Han Yi and Yi Tian were all greatly surprised.

"How is it possible? How did he escape!" Han Yi's pupils shrank, and a hint of panic flashed in his eyes.

If Yang Chen escapes again, he's afraid that his life will be in danger.

Yi Tian, with his hands behind his back, said coldly, "For his spacetime technique to cross our spacetime, he must first pass through our World's power. However, it's a joke for this kid to try to cross our spacetime with his spacetime technique. Just now, it should have been another kind of spacetime technique. But just now, I sensed that he shouldn't have escaped far. Bring out Lord Qianhe's treasure again!"

Han Yi immediately took out the treasure, and the moment he used it, after a brief spell, Yang Chen's position was quickly revealed.

"How did this kid escape to Ye Shuangxing? Ahhh, it's infuriating, chase him! Yi Tian, I'll leave it to you this time." Han Yi looked at Yi Tian.

Without saying a word, Yi Tian walked forward and said sarcastically, "Don't worry, if this kid surnamed Yang escapes to other star interfaces, that's fine. But in this Ye Shuangxing star, he's still in the palm of my hand."

At the same time, Yang Chen also looked around and took a deep breath.

The effect was as he had expected, and he did return to the Ye Shuangxing star.

This talisman was really useful. Even though they were separated by countless distances in the Universe Starry Sky, it was still easy to cross.

Even facing the siege of the World's power, he was fearless.

Unfortunately, even with the Seven-color Luminous Stone, only one talisman could be made. The consumption of other materials was also huge.

Now that he had escaped back to the Ye Shuangxing star, Yang Chen didn't dare to hesitate and immediately jumped, heading in another direction.

He no longer dared to use the Spirit Leaf Flying Boat, but directly unfolded space-time laws and fled at full speed!

With this escape, Yang Chen understood that the situation was serious. His position seemed to be precisely detected by these people. Otherwise, just now, they wouldn't use the World's power to besiege him. It was clear that he had fallen into an ambush.

Fortunately, he didn't move forward, otherwise when the four of them used their World's power to form a range and completely surround him, he wouldn't be able to use spacetime to escape in the first place. Whether this Liuli talisman could work, would become an unknown factor.

"Grand Abyss Palace!"

Yang Chen was already filled with anger.

"I originally regarded the Grand Abyss Palace as the core of humanity, but I didn't expect it to be like this. Since you, the Grand Abyss Palace, are unkind to me, today, if I, Yang Chen, can escape, in the future, I will make you pay a blood price!" Yang Chen clenched his fists.

Now, he unfolded spacetime and continued to fly.

According to his understanding, these four Heavenly Fate Realm experts shouldn't be able to catch up with him immediately.

However, Yang Chen soon discovered that his thoughts were naive!

...

Some readers seem to have misunderstood. The Seven-colored Colored Glaze Mine is different from ordinary Liuli Mines. Ordinary Liuli Mines are used to advance to the Heaven-separated Realm, and Seven-colored Colored Glaze Mines are used to break through the World Life Stage.

Chapter 3207 - Gu Jianchou Arrives_1

Han Yi had not succeeded in catching him last time, partly because he didn't know his location and partly because Han Yi was not good at tracking techniques.

But just because Han Yi wasn't skilled, it didn't mean that the other three Heaven-appointed Realm Experts he brought with him this time weren't skilled either.

Yang Chen was now fleeing for his life, but he sensed a terrifying pressure coming from behind, closing in rapidly.

This made his heart shake as he glanced back to see, led by Yi Tian who was riding an oddly-shaped flying crane whose speed was almost like that of light.

Moreover, leading three other Heaven-appointed Realm Experts, their speed was still as swift as a thunderbolt, showing no signs of stopping, and they were almost catching up with him.

Yang Chen's pupils narrowed. His space-time law speed was fast, but that was only within the interface.

Now in the Universe Starry Sky, his space-time law was still too small, and compared to Yi Tian's methods, it was even more lacking.

His speed was nowhere near as fast as the other party.

Yi Tian, who didn't know what method he had used to catch up so quickly, sneered, "Yang Chen, although I don't know how you managed to escape to Ye Shuangxing, do you really think you can escape from the hands of us four old fellows? Stop with your wishful thinking. Brother Han Yi, I'll chase this kid; you all find a way to capture him! This distance should be almost enough."

"This distance is indeed almost enough. With the power of my World, I can capture this kid!" Han Yi's mouth curled up in a cold smile.

Seeing that the distance was close enough, Han Yi suddenly unleashed the power of his World, aiming at Yang Chen.

In Han Yi's World, there were all kinds of flowers, plants, and trees; these beings, as part of his World, were immediately manipulated by him, stretching out vines and such to imprison Yang Chen.

Yang Chen was well aware of the power of these Heaven-appointed Realm Experts' World, and as he saw the World unfolding and almost catching up with him, he gritted his teeth, "Way of Ten Thousand Laws Embryo, open!"

With the enhancement of Space-Time Dao Intent, his figure was like a bolt of lightning, once again accelerating, and escaping from the pursuit of the World's power.

Han Yi gritted his teeth in anger, "What? Damn it, this kid escaped again. How is that possible!"

"This kid has accelerated again. Well, well, well, he is quite interesting. If it weren't for this Moon-patterned Crane that I caught from the Slanting Moon Domain, I might not have been able to catch up with him." Seeing that Yang Chen's speed surpassed his own, Yi Tian momentarily felt humiliated, and immediately controlled the crane beneath him to chase after him with a whoosh.

Yang Chen's speed had not reached its limit just now, but Yi Tian had not revealed his true strength either. Riding on the Moon-patterned Crane, he didn't know what method he used, but his speed was now twice as fast as before.

Seeing this, Yang Chen couldn't help feeling horrified, not knowing what kind of existence this World's power was.

Although the Moon-patterned Crane itself seemed fast, it shouldn't be so absurdly fast. However, under the addition of Yi Tian's World's power, it seemed as if the crane was invigorated, with its speed increasing and almost catching up with Yang Chen's enhanced spacetime speed.

If this continued, it was only a matter of time before he was caught!

Yang Chen made another effort, but his speed had already reached its peak, and it was clearly impossible to add any more reinforcement.

Moreover, the activation time of the Way of Ten Thousand Laws Embryo was ultimately limited.

Yang Chen glanced back just as Yi Tian and Han Yi, who had just pulled away, caught up once again.

"Damn it..." Yang Chen frowned.

"Humph, where are you trying to escape to!" Yi Tian mocked.

Without saying anything, Han Yi caught up to Yang Chen in an instant and once again unleashed the power of his World. Like a demonic hand, it eroded and swept towards Yang Chen.

Upon seeing this, Yang Chen could only try to get away, but the World's power had already entered its covering range, making it impossible for him to dodge in time.

As he watched Han Yi's World's power, with flowers, plants, and trees reaching out for him like the hands of a reaper, Yang Chen had no choice but to strike back with a palm.

"Five Elements Turn Heaven Palm, go!"

This palm strike collided with the World's power, and after a thunderous rumble, it was shattered into nothingness as if striking stone with an egg, cleanly dissolved.

Yang Chen's pupils constricted, not expecting the gap between himself and a World Fetus Realm Expert to be so vast.

His attack, when met with the World's power, was utterly crushed without any suspense!

"Hmph, attacking stone with an egg, you're really stubborn. You won't shed tears until you see your coffin, come here!" Han Yi shouted sharply.

The next moment, Yang Chen only felt his body being completely engulfed by the power of Han Yi's World.

"Everyone, use your World's power to trap him too, I want to see how he's going to escape!" Han Yi ordered.

The other Heaven-appointed Realm Experts were certainly not vegetarians either, having already been supporting Han Yi since early on, otherwise, Han Yi wouldn't have been able to catch Yang Chen so quickly.

Locked in layers of World's power, Yang Chen was completely at the mercy of these Heaven-appointed Realm Experts.

Yang Chen knew that the situation had taken a terrible turn for the worse.

He was now inside the Worlds of these four Heaven-appointed Realm Experts, which was almost like entering their territory.

In someone else's World, his own rules and laws had no effect. How could he create any disturbance then?

Han Yi, with a cruel smile, said, "Yang Chen, you've really made me suffer a lot. Hahaha, now you've finally fallen into my hands, die!"

Han Yi manipulated the flowers, plants, and trees within his World, all of which went towards Yang Chen.

Yang Chen tried his best to use his own methods, but whether it was space-time, life and death, or the Five Elements, none of them had any effect.

Using all his strength, the Five Elements Turn Heaven Palm finally bombarded out, but it was devoid of the power it had outside the World's power, turning into a Five Elements Palm with only the size of ten feet, colliding with the flowers, plants, and trees.

Naturally, this palm was insignificant and was instantly torn apart. Yang Chen could only watch helplessly as the flowers, plants, and trees surrounded him tightly.

Just as he thought he was going to die, suddenly, a flash of light appeared out of nowhere, and then Yang Chen mysteriously disappeared from within the World's power.

"What, where is the man?"

"There's another World's power intervening, everyone be careful!" Yi Tian said solemnly.

At this moment, Han Yi also noticed that another World's power had infiltrated their World's power.

It was precisely the appearance of this World's power that successfully rescued Yang Chen.

This made Han Yi so furious that he almost wanted to roar in anger. He was already close to killing Yang Chen, but something unexpected had happened at this critical moment.

Han Yi and the other three looked into the distance, only to see a man and a woman, both standing in the starry sky.

These two were none other than Gu Jianchou and Ji Yue Shuang, who had rushed over from the Taiyuan Star System.

Chapter 3208 - Startling Retreat of the Four Great Heaven's Mandates_1

Yang Chen even thought that he would die here. After all, these four Heavenly Fate Realm experts were truly extraordinary in their means. Despite him having entered the Heaven-separated Realm, he was still a notch beneath them and completely outmatched.

Unexpectedly, someone had actually saved him.

Now that he looked up and saw the unfamiliar figure and the familiar Ji Yue Shuang, Yang Chen exclaimed joyfully, "Miss Ji."

Ji Yue Shuang's little face turned pale in fear, seeing Yang Chen nearly dying here. "Yang Chen, you scared me to death. I'm glad you're alright."

Yang Chen smiled, "Thank you, Miss Ji, for coming to my rescue. By the way, who is this gentleman?"

"This is senior brother Gu Jianchou. He is the Heavenly Fate Realm expert arranged by my master to come and save you. My senior brother is amazing; you can rest assured, you'll be fine this time." Ji Yue Shuang said with a grin.

Gu Jianchou's mouth twitched, feeling helpless.

He was indeed amazing, and he had full confidence in his strength. However, he had never expected that the Grand Abyss Palace would take Yang Chen so seriously that they had sent as many as four Heavenly Fate Realm experts to kill him.

No wonder this kid was so miserable. He even felt that it was not easy for Yang Chen to have survived until he arrived.

"Gu Jianchou!" Both Yi Tian and Han Yi narrowed their pupils when they saw Gu Jianchou, and then roared in a low voice.

Gu Jianchou, with his hands behind his back, looked coldly at the four of them and said slowly, "We are old friends. I hope you have been well. Speaking of which, the Grand Abyss Palace really went all out. Instead of putting their forces to deal with the alien tribes, they arranged four World Embryo Realm experts to deal with a junior who has just entered the Heaven-separated Realm. Doesn't it seem disgraceful?"

Looking at these four familiar faces, Gu Jianchou himself wasn't confident. Remember, these four Heavenly Destiny Realm World Embryo Stage experts were not a joke.

Even for the three great factions like the Divine Night Sect, such combat power was extremely rare.

Grand Abyss Palace had arranged four of them at once!

Honestly, he was confident about dealing with two or three of them, but four...

"Gu Jianchou, how dare you blame us? What do you mean, or do you represent the Divine Night Sect and want to go against our Grand Abyss Palace?" Han Yi said coldly.

Hearing this, Gu Jianchou sneered, "Han Yi, don't try to scare me with such words. It might work on the Heaven-separated Realm juniors, but do you really think I'm easily intimidated? Hmph, if you really want to fight, is the Divine Night Sect afraid of your Grand Abyss Palace?"

Han Yi's scalp tingled when he heard this. He didn't expect Gu Jianchou to be so adamant.

He yelled angrily, "Are you speaking on behalf of the Divine Night Sect?"

Gu Jianchou's eyebrows raised in anger. These people from the Grand Abyss Palace always threatened to break off their relationship. Did they really take the Divine Night Sect for pushovers?

"Han Yi, today, I saved Yang Chen on the orders of the Divine Night Sect's several Ancestors. However, we only saved him because we don't want to lose such a talent. We have no intention of going against the Grand Abyss Palace. Of course, if your Grand Abyss Palace insists on thinking this way, our Divine Night Sect has no other choice."

Gu Jianchou said slowly, "This Yang Chen, I am determined to protect today. You four had better watch out for yourselves!"

"Watch out for ourselves? Hahaha, Gu Jianchou, you really think highly of yourself. We've been chasing Yang Chen, and you say you'll protect him? Do you take us four as thin air?" Han Yi roared.

He knew clearly that if he didn't catch Yang Chen, there would be serious consequences. There was no way he would give up easily.

Gu Jianchou might not have the confidence to fight one against four, but now he knew that if he showed any sign of weakness and fear in front of them, they would only become more aggressive.

"Han Yi, it seems you have forgotten the humiliation of your youth when you fought with me. Well, it's alright. I have been in seclusion for so many years and rarely took action. It won't hurt to use you all as practice!" Gu Jianchou said lazily.

Hearing this, Han Yi's heart was shaken. He then said half-believingly and half-doubtingly, "Gu Jianchou, what are you bragging about? You might have been stronger than us during the Realmless and the Heaven-separated Realm days, but now that we have entered the Heavenly Fate Realm, the things we're competing for are no longer the same as before. You are also at the World Embryo Stage, just like us. Do you really think you have a chance to win one against four?"

Gu Jianchou laughed loudly, "Winning? I have never talked about winning when I fight. If you four really think it's easy to bully me alone, then I don't mind joining in. I may not be able to defeat you four, but to take down one or two of you doesn't seem to be that difficult. Which of you four is willing to sacrifice your lives?"

Hearing this, the four Heavenly Fate experts backed a little.

Although they were confident they could defeat Gu Jianchou, they knew his wild character. If they really angered him and he took one of them down, who would be willing to take on such bad luck?

Han Yi didn't hesitate. After all, he had no way out, but Yi Tian and the other two weren't so relaxed.

"Gu Jianchou is crazy. Let's leave this matter for today. He is protecting Yang Chen as the representative of the Divine Night Sect. After going back, just report the matter to the Spirit Separation Ancestor, and he will decide!" Yi Tian said.

Han Yi said coldly, "The four of us fighting with him, our chances of winning are great, what are you afraid of?"

"If you want to fight, it's up to you, brother Han Yi. We are only here to help you chase and kill Yang Chen, but we never said that we would help you deal with a Heavenly Fate Realm expert as well." The other two Heavenly Fate experts also said.

Han Yi felt like crying. They were so relaxed, but he was one of the main people responsible for this matter.

But now that the other people were unwilling to get involved, he had no choice but to say, "Fine, Gu Jianchou, I will relay your words and attitude today to the Spirit Separation Daozu. Let's go!"

With no other choice, Han Yi could only leave.

Seeing this, Gu Jianchou also breathed a sigh of relief.

Ji Yue Shuang's eyes widened with excitement, "Senior Brother Gu, you're amazing. You scared off all four by yourself."

"Amazing? You should be glad that your senior brother is a good actor. I never thought that the Grand Abyss Palace would send four Heavenly Fate Realm experts at once. Luckily, they didn't want to pay the price of chasing and killing Yang Chen, otherwise, I could only take both of you and run for our lives. And I'm not even sure if we can really get away." Gu Jianchou shook his head slightly.

Yang Chen was now extremely grateful, "Thank you, Senior Gu, for saving my life."

Gu Jianchou glanced at Yang Chen, "Kid, you really stirred up quite a storm during my seclusion. You even killed Mo Wanchou. But, I like it. Hahaha, you have the style of my youth. Alright, come with me, Yang Chen. The several Ancestors of the Divine Night Sect are looking forward to meeting you!"

Chapter 3209 - Saving One's Life, Deserving Compensation_1

Yang Chen naturally wouldn't refuse.

Given the current situation, the Divine Night Sect daring to rescue him represents their importance of him.

He has no reason to refuse.

After following Gu Jianchou, Ji Yue Shuang asked a lot about his escape.

Yang Chen didn't go into much detail but simply mentioned it lightly. Especially when it came to some powerful techniques, Yang Chen just glossed over them.

This has always been his style.

However, every time this was brought up, Ji Yue Shuang would be in awe and wonder how Yang Chen survived.

Even Gu Jianchou was intrigued, with his experience, he could naturally tell that Yang Chen wasn't telling the specifics. The danger involved would be even more profound than he understood.

So, Gu Jianchou led Yang Chen back on the way, and Yi Tian, Han Yi, and other four Heavenly Mandates returned to the Grand Abyss Palace to report the matter to Spirit Separation Ancestor.

The Spirit Separation Ancestor, upon listening to these words, was immediately engulfed in anger: "What... the Divine Night Sect dares to protect Yang Chen? Are you telling the truth?"

Han Yi was the most uneasy, while Yi Tian and others spoke honestly: "Ancestor Daozu, what we are saying is entirely true. This Yang Chen was really saved by Gu Jianchou. This represents the attitude of the Divine Night Sect. We just couldn't do anything..."

Hearing this, the Spirit Separation Ancestor's fury ignited: "Well, well, a good Divine Night Sect, they actually dare to not give me face. Hmph, I want to see what the Divine Night Sect wants to do. Prepare for me, I will personally go to the Divine Night Sect!"

...

At the same time when Han Yi and the others returned to the Grand Abyss Palace, Gu Jianchou led Yang Chen and Ji Yue Shuang back to the Divine Night Sect.

As the group returned, someone quickly came forward to greet them.

Gu Jianchou ignored them and led Yang Chen and Ji Yue Shuang deeper into the Divine Night Sect until they reached a place Yang Chen had never been before.

This place faced the Crescent Moon Summit, with the surrounding space seemingly void and extremely dreamy.

If one had to describe it, there was seemingly nothing here, yet everything seemed incredibly rich and full, as if everything was present. It seemed more like an independent space.

"What is this place..." Yang Chen asked in amazement.

"This is the Divine Night Sect's secret palace, the Palace of the Round Moon. Usually, not even Sky-separation Realm cultivators within the sect can set foot here. However, this time is an exception. The matters relating to you have caught the attention of many elders, so they had to personally see you." Gu Jianchou explained.

"The Palace of the Round Moon? Wow, I've only heard of it before, but I've never been here..." Ji Yue Shuang exclaimed.

Yang Chen was lost in thought.

He knew that the Divine Night Sect rescuing him couldn't be without reason; there must be a reason behind it.

Now, what the Divine Night Sect wanted him to do could only be seen by entering the Palace of the Round Moon.

"Because of your matter, the numerous powerful experts of the Palace of the Round Moon have been discussing for a long time. I was also disturbed and came out of seclusion because of this." Gu Jianchou said, "Of course, don't misunderstand. There are other matters to discuss this time. But your matter is indeed a significant one. It has attracted the attention of the Daozu ancestors."

After saying that, Gu Jianchou waved his hand, and suddenly, a bright red crack appeared on the Crescent Moon Summit.

The crack gradually transformed into a door.

Then, the three of them entered, stepping into a cold, frosty world.

There was a chilling atmosphere in this place, the surroundings seemed empty, with only a huge majestic palace standing ahead, grand and spectacular.

Gu Jianchou stepped in, followed closely by Yang Chen, and saw many terrifyingly powerful people within the palace.

Among them was the familiar Princess Wenqi.

Princess Wenqi sat there with her hands behind her, and next to her sat four others.

At a glance, Yang Chen could see that these four were all Heavenly Extreme Realm experts, emitting a terrifying aura that made people feel frightened.

Yang Chen knew that including Princess Wenqi, these five people were at the peak of the hierarchy within the Divine Night Sect.

Five Heavenly Extreme Realms!

Moreover, this might not even be all the Heavenly Extreme Realm warriors of the Divine Night Sect. After all, it was normal for some to be absent from the sect or not be present.

Below these five Heavenly Extreme Realms, there were many different powerful experts. They were all of various ages and dressed differently, but without exception, most of them had already reached the level of the Heaven-appointed Realm in their cultivation.

"Senior and junior brothers, the five Daozu ancestors, Yang Chen has been safely brought here," Gu Jianchou bowed and said.

At this moment, several divine spirits were already exploring Yang Chen, making him feel chills down his spine.

Every strong person here was far more powerful than him.

Yang Chen, who had seen a lot, bowed his hand for a moment: "The junior bows to all the seniors present."

Seeing Yang Chen so calm, the four Daozu sitting beside Princess Wenqi showed various expressions, but looking at Yang Chen, their expressions gradually eased.

"Junior Sister Wenqi, you're right, this Yang Chen does have some strength. Seeing us, he can still be so calm, his state of mind has indeed passed the test." Two Daozu nodded next to Princess Wenqi.

Seeing this, Princess Wenqi smiled slightly, then looked straight at Yang Chen: "Yang Chen, I'm glad you're unharmed. Since you've come, I won't hide anything from you. Honestly, in today's vast universe, I'm afraid that only our Divine Night Sect has the power to harbor you. We completely offended the Grand Abyss Palace to save you. Why? Because we value your talents. Yang Chen, what choice will you make now?"

Yang Chen, without any hesitation, looked at Princess Wenqi's eyes and bowed, saying, "Junior Yang Chen, from now on, will serve the Divine Night Sect. Climb knife mountains, descend into seas of flames, all without frowning! Thank you, Senior Wenqi, and all seniors!"

These words came from the bottom of his heart.

The Divine Night Sect saving him was no small price to pay. What else could Yang Chen say?

In other words, his life was given to him by the Divine Night Sect, and in the future, he must certainly do everything he could to repay the Divine Night Sect.

He had to let the Divine Night Sect know that saving Yang Chen was the best decision they had ever made in their lives.

At the same time, he would also let the Grand Abyss Palace know that not killing Yang Chen was their greatest mistake!

"You don't need to thank us; you should thank yourself for defeating twenty-eight Heavenly Leaving Realm experts. This has allowed us to see the power and talent within you. Your strength should be used to fight against the alien tribes. If you fall now, it would be a real waste." Beside Princess Wenqi, an old white-browed man said with a smile.

Chapter 3210 - Seven Pieces of Seven-colored Colored Glaze Mine_1

This was the main reason they were willing to save Yang Chen.

Princess Wen Qi came to persuade them by relying on these factors. Their Divine Night Sect had always lacked talent in resisting alien tribes, and they were short-handed.

It would be a great pity if Yang Chen's excellent combat power were to fall now and not be able to join the Divine Night Sect against the alien tribes.

However, it was clear that not everyone thought the same way. At least, looking into Yang Chen's eyes, many Destiny Realm cultivators had less than friendly expressions. Even the five great Dao ancestors, not all of them had pleasant expressions when staring at him.

Whether he could bring enough benefits to the Divine Night Sect was clearly a matter of different opinions.

Yang Chen could see that, but his face remained expressionless as he cupped his hands and said, "Thank you, seniors, for your favor. If there is any task in the future, junior will do his best. However..."

"What do you mean, however?" Princess Wen Qi asked with a puzzled look.

"However, I have a condition that I hope the seniors will agree to for the juniors," Yang Chen added solemnly.

Princess Wenqi raised her eyebrows slightly.

Yang Chen seemed a little naive now. The Divine Night Sect's decision to have Yang Chen join had already come at a great cost. Even until the moment that decision was made, there had been many opposing voices.

It was just that Yang Chen had come now, and everyone had no choice but to soften their expressions. But, was Yang Chen being overly presumptuous by bringing up another condition?

This caused one Destiny Realm elder with a black beard to become displeased and say, "Yang Chen, are you having too high an opinion of yourself? Our willingness to save you is already a great favor to you. Now, are you trying to bargain with us, laying down conditions? What do you think you are?"

A Heavenly Extreme Realm powerhouse on the upper level, at the level of a Dao ancestor, also frowned, "Yang Chen, do you think that what you're doing is a bit too much?"

The black-bearded Destiny Realm elder said coldly, "I still disagree with Yang Chen joining the Divine Night Sect. If this boy joins the Divine Night Sect, he will be the worm that breaks the relationship between our sect and the Grand Abyss Palace!"

This made Yang Chen frown. He had expected that some people would object to his joining the Divine Night Sect, but he didn't expect them to be so blunt.

"Brother Gushan, Nephew Sealing One, don't be angry." Princess Wen Qi waved her hand, suppressing the anger of both Lonely Mountain Ancestor and the black-bearded Destiny Realm expert, Ye Fengyi.

After all, Yang Chen was someone she had decided to save, so it was natural for her to defuse the awkward situation.

"Yang Chen, Brother Gushan's words were not wrong. You are indeed exceptional, and young people should have high aspirations, but you must not take things for granted." Princess Wenqi said.

Yang Chen knew that bringing up conditions at this moment was indeed a bit inappropriate.

But he was prepared.

He said solemnly, "Junior is willing to offer several pieces of Seven-colored Colored Glaze Mine on my body in exchange. You seniors only need to do your best, I have no intention of making things difficult for you. Even if you can't fulfill the condition, I will have no complaints!"

"What? Seven-colored Colored Glaze Mine..." Several Dao Ancestors showed no changes in their expressions, but the looks on the faces of many Destiny Realm powerhouses in the room were quite different.

Even Gu Jianchou, who was next to Yang Chen, shuddered and looked at Yang Chen.

He, Gu Jianchou, had been stuck in the World Fetus Realm for a million years without making any progress. However, the Seven-colored Colored Glaze Mine could directly help cultivators in the Fetus Stage advance to the Life Stage.

Yang Chen actually possessed such a sacred relic!

If it weren't for his strong self-restraint for many years, he would be getting up and asking Yang Chen about the details right now.

Seeing so many Destiny Realm Powerhouses changing their expressions, several Dao Ancestors gave each other startled looks, feeling obliged to take this serious.

Seven-Colored Colored Glaze Mine was indeed rare. One piece could train a Destiny Realm Late-stage expert.

This was preparation for the Heavenly Extreme Realm, and they could not ignore it.

Only Ye Fengyi felt embarrassed, fearing that he would be taking advantage if he kept the Seven-colored Colored Glaze Mine. Since the Seven-colored Colored Glaze Mine would be given to the few Dao Ancestors for distribution later, he believed that obtaining one piece based on his achievements would not be a problem.

"I heard that you did obtain some Seven-colored Colored Glaze Mines underground in Bi Shuangxing before. Tell me, how many Seven-colored Colored Glaze Mines do you have? If there are only one or two pieces, your request may not be approved," the White Eyebrow Dao Ancestor said.

White Eyebrow Dao Ancestor asked what many people were wondering.

Yang Chen replied, "I have a total of eight pieces of Seven-colored Colored Glaze Mine on me. I will keep one piece for my use, and the remaining seven will be offered to the seniors present. As for the condition I just mentioned, you don't have to worry too much. Even if you seniors refuse, I will still give these seven pieces to you!"

Upon hearing Yang Chen's words, Princess Wen Qi and the Four Dao Ancestors couldn't help but admire him more.

Even many people who previously didn't have a good impression of Yang Chen had their expressions softened now.

Why?

This Yang Chen was quite clever.

He said that they didn't need to take his condition too seriously. However, by accepting the Seven-colored Colored Glaze Mine from him, would they be able to decline his request?

Moreover, Yang Chen was acutely aware that once he mentioned the Seven-colored Colored Glaze Mine, he had no choice but to hand it over, or he would offend everyone present.

So, whether he gave it or not, he had to give it.

But Yang Chen spoke so openly and honestly that it made people feel reassured, and despite the specific situation in front of them, many people's attitude towards Yang Chen improved considerably.

"Seven pieces, Yang Chen, do you know what seven pieces represent?" Lonely Mountain Ancestor said slowly, "I don't want you to lie about this."

Seven pieces of Seven-Colored Colored Glaze Mine meant a lot, a great deal.

Yang Chen knew that it would not be easy to convince these powerhouses, so he immediately took out the seven pieces of Seven-Colored Colored Glaze Mine with a wave of his hand.

The many powerhouses present were dumbstruck when they saw the seven pieces, knowing that they were indeed Seven-colored Colored Glaze Mines. Yang Chen had obtained seven pieces all at once!

"It's real, no doubt about it!"

"It's definitely real!"

"You kid, just tell us first, what exactly do you want us to do?" Princess Wen Qi asked with a light chuckle.

Yang Chen replied, "I have a wife in the Grand Abyss Palace. Her name is Zhang Xuelian!"

"Zhang Xuelian?" Princess Wen Qi was stunned. "Your wife is her?"

"What's wrong?" Yang Chen asked, puzzled.

"You two really aren't simple characters. This Zhang Xuelian is now a renowned figure in the Grand Abyss Palace. She has entered the top forty on the Great Luo Celestial Stele, and as a Chosen One, she is the only one who can inherit the mantle of the Pasara Ancestor. She's considered quite a prized asset in the Grand Abyss Palace now," Princess Wen Qi explained.
