

## Supreme MK 3211

### Chapter 3211 - Gifting the Seven-colored Colored Glaze Mine\_1

"Pasara Ancestor?" Yang Chen looked puzzled.

"When you were being hunted down, you must have felt like you were being watched by the Heavenly Eye all the time, right?" Lonely Mountain Ancestor stroked his beard.

"Exactly," Yang Chen said solemnly, "It seems that the Grand Abyss Palace has some way to communicate with the Heavenly Dao, and then open the Heavenly Eye to find me, the Junior!"

"You know quite a lot. Indeed, that's what happened," Princess Wenqi said gently, "It sounds simple, but it's extremely difficult to do. At least in these Ten Thousand Realms, our Divine Night Sect can't control most of the Heavenly Dao in the star domains, only the Grand Abyss Palace can. And the reason for that? It's the Pasara Ancestor, who is also a Chosen One who has cultivated to the Heavenly Extreme Realm and is the only Daozu who can be friends with the Heavenly Dao."

"He has buried his own Law seeds in the Heavenly Dao of many star domain interfaces. With these Law seeds, the descendants of the Grand Abyss Palace can communicate with the Heavenly Dao of various realms and consolidate their status. It's precisely because of this that the Grand Abyss Palace is much more famous than our Divine Night Sect and Heavenly Melody Mountain."

Upon hearing this, Yang Chen took a deep breath, "Is Pasara Ancestor in the Grand Abyss Palace now?"

He was worried that the Grand Abyss Palace would be detrimental to Zhang Xuelian, but if Pasara Ancestor were Zhang Xuelian's Master, his worry would be unnecessary.

"Pasara Ancestor has been in meditation for almost half an era, and no one could inherit the legacy he left behind until Zhang Xuelian arrived and perfectly inherited it. She's the only one who can use the Pasara Ancestor's truly amazing secret art," Princess Wenqi said softly, "Of course, even though the Pasara Ancestor is gone, you don't need to worry, your wife has a very special status in the Grand Abyss Palace."

Yang Chen recalled Zhang Xuelian's dream message to him.

Now it seemed that Zhang Xuelian had practiced the skills of the Pasara Ancestor in the Grand Abyss Palace, which could explain everything.

White Eyebrow Ancestor chuckled and shook his head, "Yang Chen, you're quite capable to marry such an excellent wife. What you mean is that you want us to bring Zhang Xuelian to the Divine Night Sect so that you two can reunite, right?"

Yang Chen nodded, "That's right."

White Eyebrow Ancestor stroked his beard, "Hahaha, we naturally want this too. If we can pull Zhang Xuelian into our Divine Night Sect, it would make everyone happy. Our Divine Night Sect also hopes to have such a powerful Chosen One, but the key is, will the Grand Abyss Palace let go so easily?"

"This..." When Yang Chen heard that Zhang Xuelian had inherited the legacy of the Pasara Ancestor just now, he knew that things wouldn't be so easy to accomplish.

Princess Wenqi said gently, "Of course, you don't need to be discouraged. We will do our best regarding Zhang Xuelian's matter, but success is not easy, and you should be mentally prepared."

"Okay!" Yang Chen nodded heavily.

"Do you have anything to say about the seven-colored colored glaze mine?" Lonely Mountain Ancestor asked.

"As for this seven-colored colored glaze mine, the Junior is willing to give it to the seniors present, but I would like to ask the five Daozu to allow the Junior to distribute these seven seven-colored colored glaze mines by myself," Yang Chen said, "To give to whom, it's entirely up to the Junior's decision."

The five Daozu, as well as the Heavenly Fate Realm Experts, never expected Yang Chen to come up with such a condition.

In an instant, the five Heavenly Extreme Realm Powerhouses looked at each other, nodded gently, and smiled.

They could easily guess what Yang Chen's move suggested.

Why?

Nowadays, many Heavenly Fate Realm Experts here have no good feelings for Yang Chen. Many even think that Yang Chen's joining the Divine Night Sect and subsequently causing the Divine Night Sect to offend the Grand Abyss Palace is a wrong choice.

Naturally, they have no good feelings for Yang Chen either.

But now that Yang Chen uses this trick to distribute the seven-colored colored glaze mines by himself, what will happen?

These Heavenly Fate Realm Experts who want the seven-colored glaze mine must find ways to please Yang Chen. In this way, there will naturally be no thought of targeting Yang Chen and harboring resentment toward him.

Yang Chen's move achieved multiple goals at once.

Not only easing the opinions of these powerful individuals towards him but also gaining their gratitude.

And for the five Heavenly Extreme Realm Powerhouses, they were naturally happy to agree. They were originally worried about who to give the seven-colored colored glaze mine to.

After all, giving it to someone and not giving it to someone else is a heartbreaking matter. Although the one who gets it is fine, the one who doesn't, won't there be a rift in their heart?

Now that Yang Chen decides, there's no need to worry about that. Whether or not they get the seven-colored colored glaze mine depends on their abilities.

Seeing that the other Heavenly Extreme Realm Powerhouses also had no opinions, Princess Wenqi said, "No problem, as long as you give these seven seven-colored colored glaze mines to the Heavenly Destiny Experts of our Divine Night Sect, we have no opinion."

Upon hearing this, Ye Fengyi couldn't sit still and quickly said, "This, Senior Wenqi, this is not acceptable. This seven-colored colored glaze mine is a precious treasure, and it can't be casually handed over to someone else's control!"

He had just spoken ill of Yang Chen and had always shown obvious hostility to Yang Chen. If it came to allocating the mine, would Yang Chen give it to him?

Princess Wenqi knew Ye Fengyi's predicament, but this was beyond her control.

Even if Yang Chen didn't give the seven-colored colored glaze mine to Ye Fengyi, it had nothing to do with her.

She calmly said, "Junior Sealing One, Yang Chen, my friend, obtained the seven-colored colored glaze mine only by relying on his abilities and not by anyone else's intervention. So how can he say that he handed it over to someone else for distribution? Since the seven-colored glaze mine is all from him, it is reasonable for him to distribute it."

The few Daozu now looked more and more approvingly at Yang Chen.

This seven-colored colored glaze mine was already rare. Normally, when the underground of Bi Shuangxing opened, it would be good to get one or two pieces. Even so, distributing them was very difficult, requiring those Heavenly Fate Realm Experts to compete for Merit Points.

Yang Chen was much better, producing eight pieces at once.

Upon hearing this, Yang Chen didn't hesitate and said immediately, "In that case, I will give one of these pieces to Senior Gu Jianchou."

Gu Jianchou was still thinking about how to use the fact that he saved Yang Chen to get a piece of the seven-colored colored glaze mine from Yang Chen.

But in the blink of an eye, Yang Chen had spoken, giving the seven-colored colored glaze mine to him!

Seeing the seven-colored glaze mine in front of him, Gu Jianchou was overjoyed and trembling, "Brother Yang Chen, how can I ever repay you for this?"

Yang Chen said, "When the senior saved me, he was willing to risk his life for me. I saw it all. It's only natural to repay this kindness with the seven-colored glaze mine."

Hearing this, many powerful people showed envy.

Gu Jianchou reluctantly accepted the seven-colored colored glaze mine, thanking Yang Chen again and again.

Chapter 3212 - Spirit Separation Ancestor Daozu's Arrival\_1

Many Powerful Ones couldn't help but feel envious and jealous at the sight, especially those who had spent countless years still unable to make any progress in the embryonic stage of the world. To them, even a single piece of the Seven-colored Colored Glaze Mine was as precious as their own lifeblood.

If they had known this earlier, they should have followed Gu Jianchou from the start.

However, back then, there were very few people willing to rescue Yang Chen. Only after Princess Wenqi tried her best to persuade them, Gu Jianchou agreed. Everyone else was reluctant to step into this muddy water.

Now, Gu Jianchou, who had been at a disadvantage, was reaping the benefits by getting a Seven-colored Colored Glaze Mine directly from someone else's hands.

Many Heavenly Destiny Experts had already made up their minds. After this matter was over, they would try to find ways to get to know Yang Chen better.

There was nothing to say about it; if they could get those seven Seven-colored Colored Glaze Mines from Yang Chen, it would be worth paying any price.

Only Ye Fengyi now wore an embarrassed expression on his face. Wouldn't he want to take a share of the Seven-colored Colored Glaze Mine himself?

But for him to ask for it, where would his face be? In an instant, he could only snort coldly, clenched his fists, and sunk into an anxious contemplation.

Gu Jianchou was now laughing heartily, saying, "Fellow Daoists, today Yang Chen gave me this Seven-colored Colored Glaze Mine, and I, Gu Jianchou, will remember this kindness. In the future, if anyone dares to trouble Brother Yang Chen, I will be the first to object."

With these words, he declared that Yang Chen would have one more friend in the Heavenly Fate Realm in the future.

Gu Jianchou didn't often speak like this.

When the conversation ended, suddenly, a commotion swept through the sky, causing the expressions of Princess Wenqi and the five Daozhus to change slightly.

"Is there a Heavenly Extreme Realm Powerhouse wreaking havoc outside my Divine Night Sect? Who dares to be so bold!" shouted Princess Wenqi.

White Eyebrow Ancestor, who was in the center of the five, obviously had a higher cultivation level. His expression froze, and he shouted, "It's Ling Bie who has come. Hmph, he really came to our Divine Night Sect to hold us accountable. Lonely Mountain Junior Brother, you all go back first, Wenqi Junior Sister and I will deal with this matter."

"I'll leave it to you, Senior Brother." Lonely Mountain Ancestor said indifferently, "As for this Yang Chen, let's forget about what happened before, but after just now, I find him quite pleasing to the eye."

After speaking, the Lonely Mountain Ancestor disappeared without a trace.

White Eyebrow Ancestor grinned lightly, knowing his junior brother's temperament.

Although the other party spoke coldly and their personality was not very gentle, they were indeed discerning when it came to judging people. If they really found someone pleasing to the eye, they would definitely not hold back.

"Wenqi Junior Sister, let's go. As for the rest of you, disperse." White Eyebrow Ancestor said.

In an instant, those Heavenly Destiny Experts looked at each other, all turning their eyes to Yang Chen.

Yang Chen, however, quickly changed his gaze and cleverly said, "Senior Gu, this junior would like to visit your secluded dwelling with Miss Ji."

Gu Jianchou knew Yang Chen's intentions well - the kid wanted to use him as a shield to avoid those Heavenly Destiny Expert's pursuit first.

After all, in the current situation, being surrounded by a large group of Heavenly Destiny Experts would make it difficult for Yang Chen to decide who to gift the mines to, regardless of his cultivation level.

He immediately laughed, "Alright, you all follow me. Senior Brother will take you to have a look!"

With that, he led Yang Chen away, disappearing like a wisp of smoke.

...

At the same time, White Eyebrow Ancestor and Princess Wenqi also arrived outside the Divine Night Sect, their expressions frosty as they looked at the raging Spirit Separation Ancestor, who led a group of Grand Abyss Palace experts.

Princess Wenqi shouted sternly, "Spirit Separation Ancestor, what do you mean by coming to my Divine Night Sect? Do you want to make trouble with my Divine Night Sect?"

"It seems that your Divine Night Sect wants to make trouble with my Grand Abyss Palace! Princess Wenqi, White Eyebrow Ancestor, what do you mean? Yang Chen seems to have been saved by you." Spirit Separation Ancestor said coldly.

"That's right! However, my Divine Night Sect has no intention of going against your Grand Abyss Palace. I hope you can make this clear, Daoist Friend Ling Bie." White Eyebrow Ancestor said indifferently.

"This Yang Chen killed my brother Mo Wanchou. He is an enemy of my Grand Abyss Palace. Your Divine Night Sect saved the enemy of my Grand Abyss Palace. How can you say that you are not against my Grand Abyss Palace!" Spirit Separation Ancestor said with a chilling air.

Upon hearing this, White Eyebrow Ancestor's expression showed a hint of anger, "Daoist Friend Ling Bie, I only know that Brother Yang Chen's combat prowess is extraordinary. With his Heaven-separated Realm Cultivation Level, achieving such feats are truly commendable. Such a talent should be valued, and he can serve as an important force against foreign races, not fighting and being persecuted by his own people!"

Spirit Separation Ancestor looked at White Eyebrow Ancestor and said coldly, "White Eyebrow Ancestor, it's useless to tell me all this. Fighting against Foreign Races is your Shenyue Sect's business. All I know is that this Yang Chen killed my brother. Do the Divine Night Sect want to oppose my Grand Abyss Palace!"

White Eyebrow Ancestor was not an easy-going character, and he had endured the Grand Abyss Palace for a long time.

It was easy to talk about opposing external enemies, but how many truly talented people had the Grand Abyss Palace left behind?

They had either been captured by the Grand Abyss Palace or been sentenced to death by the Grand Abyss Palace, like Yang Chen. It was simply absurd.

"I think I've made my words clear enough. If Daoist Friend Ling Bie really thinks that my Divine Night Sect is no good, and insists that my Divine Night Sect is against the Grand Abyss Palace, then I have nothing else to say." White Eyebrow Ancestor said.

"Very well, it seems that you are determined to protect this Yang Chen." Spirit Separation Ancestor said coldly.

"Of course." Princess Wenqi said coldly.

"What if I tell you that I must kill this Yang Chen?" The Spirit Separation Ancestor asked in a low tone.

"You can try." White Eyebrow Ancestor said casually with his hands behind his back.

Spirit Separation Ancestor gradually exerted his pressure.

White Eyebrow Ancestor and Princess Wenqi didn't give in. After the pressure spread, they clashed with Spirit Separation Ancestor.

Spirit Separation Ancestor was furious, "Very well, it seems that your Divine Night Sect is determined to tear apart the harmonious relationship with the Grand Abyss Palace. In that case, I Ling Bie can only accompany you to the end."

But just as his words fell, a voice suddenly came from behind.

"Ling Bie, don't go too far."

When the conversation ended, the figures of two people appeared behind Spirit Separation Ancestor.

"Xuanyang Palace Master, Daoist Friend Fu Tiandi!" White Eyebrow Ancestor looked at the two and said calmly.

Xuanyang Palace Master spoke slowly, "White Eyebrow Daoist Friend, Princess Wenqi, don't take it seriously. The relationship between the Grand Abyss Palace and the Divine Night Sect remains unchanged as before. Ling Bie is too impulsive, and I, Xuanyang, apologize to you both on his behalf."

"Palace Master!" Spirit Separation Ancestor's anger had not subsided, and he gritted his teeth, "By doing this, where do you want me to put my face?"

"Where do you want me to put my face as a palace master when you act like this?" Xuanyang Palace Master sternly replied, "Ling Bie, just let it go for today's matter. If there's anything else, we'll talk about it later!"

Chapter 3213 - The Power of the World and the Magic Treasure\_1

Spirit Separation Ancestor was indeed furious in his heart, but he was clearer than anyone else about the importance of the person in front of him.

Despite his boundless prestige as a Spirit Separation Ancestor, he had to behave obediently in front of Xuanyang Palace Master.

Spirit Separation Ancestor could see that the arrival of Xuanyang Palace Master was not a joke.

He had no choice but to bow his head and say, "Fine, today, I will give Palace Master a face. However, there is a long way to go between Divine Night Sect and us, let's see what happens!"

When the conversation ended, he turned around and left.

On the other hand, Xuanyang Palace Master bowed his hand to White Eyebrow Daoist, "Brother White Eyebrow, Sister Wenqi, I apologize for the inconvenience."

The Xuanyang Palace Master did not say much, but left with Fu Tiandi.

Watching the two people leave, Princess Wenqi said gently, "Xuanyang Palace Master is indeed much more reasonable than Spirit Separation Ancestor. In this way, our Divine Night Sect and Grand Abyss Palace didn't create any conflict after all."

"There is no conflict indeed, but there is already a rift between our two sects. Try to suppress the news of today's incident as much as possible. Otherwise, if the foreign race person knows about it, they will definitely take targeted actions against us," White Eyebrow Daoist sighed lightly.

Xuanyang Palace Master was indeed reasonable, but it wasn't hard to see that he was just trying to prevent a battle between Grand Abyss Palace and Divine Night Sect, while still siding with Spirit Separation Ancestor in his heart.

Now the two forces had only avoided the worst possible situation.

"This Spirit Separation Ancestor will not easily let things go," White Eyebrow Daoist said.

"These people at Grand Abyss Palace never make long-term plans for the future of the human race," Princess Wenqi said bitterly.

...

As Spirit Separation Ancestor left, Yang Chen also arrived at Gu Jianchou's secluded cultivation place with Ji Yue Shuang.

"This is my secluded cultivation place," Gu Jianchou said with a cheerful laugh.

Yang Chen and Ji Yue Shuang both stared in surprise. Gu Jianchou's secluded cultivation place looked incredibly dull with nothing there and completely empty, except for a few formations visible around the area.

"Senior Brother Gu, your place is too dull. There is nothing here, even for secluded cultivation. This place seems a bit inappropriate, doesn't it?" Ji Yue Shuang said bluntly, curling her lips.

Yang Chen also looked puzzled, feeling that this place didn't seem like a place for a cultivator's secluded cultivation.

Gu Jianchou laughed, "You little girl, what do you know? At my stage, there is only one kind of secluded cultivation place."

"Only one place? Where? Isn't it here?" Ji Yue Shuang was confused.

Gu Jianchou turned his wrist, and in an instant, a door opened from the void, emitting a dense world power.

Yang Chen was slightly taken aback, probably understanding what it was.

"Go in," Gu Jianchou waved.

Yang Chen and Ji Yue Shuang entered with curiosity and confusion.

As soon as they entered, Ji Yue Shuang and Yang Chen widened their eyes.

Because this place was a world with flowers, plants, trees, mountains, and waters. The scenery was beautiful, and the landscape was exquisite. However, compared to the outside world, it was still a bit too simple.

There was no presence of wind, clouds, sun, or moon here.

"Is this the world you created, Senior Brother Gu?" Ji Yue Shuang asked in surprise, as she seemed to know a lot.

Yang Chen had also figured it out, and this place was most likely Gu Jianchou's created world.

Because the feeling here was the same as when he went to the Mountain and River Destruction Map. There were mountains, rivers, flowers, and plants—it was a completely real world.

By now, he could be 100% sure that Hua Qingfeng at that time had reached the Heaven-appointed Realm Fetus and that the Mountain and River Destruction Map was the world embryo created by Hua Qingfeng!

"Sister Ji is right. Now you should understand that if I want to cultivate, I can do it in my own world. Why should I care about anything else?" Gu Jianchou laughed.

Yang Chen had doubts, "Senior Brother Gu... "

"Why are you still calling me senior? We are already brothers. Since you are of the same generation as Xiaoshuang, don't call me senior again; it will make it awkward," Gu Jianchou said.

Yang Chen smiled and changed his words, "Senior Brother Gu!"

"Alright, what do you want to say?" Gu Jianchou asked.

"Junior Brother doesn't know much about the Heaven-appointed Realm. Senior Brother Gu, where did all these mountains, waters, and everything else in your world come from? It seems that these things are not just simple decorations, are they?" Yang Chen asked.

He remembered things like the Bewildering Soul Mountain and the Spirit of Divine Sea in the Mountain and River Destruction Map.

At the time, he couldn't use their powers, so he set them aside. Now it seemed that those things were not just ordinary decorations.

Since he didn't know much about it, he naturally became curious and wanted to ask when he entered Gu Jianchou's world.

Now that Gu Jianchou had obtained the Seven-colored Colored Glaze Mine, he was in a good mood. Yang Chen asked, and he was naturally happy to answer, "How could these be decorations? They are all treasures that I have collected to use for defense."

"Collected treasures?" Yang Chen asked with confusion.

When Gu Jianchou heard this, he said, "Junior Brother Yang Chen, how much do you know about the Heaven-appointed Realm?"

"Junior knows next to nothing," Yang Chen answered.

"That's fine. Let me tell you about it today. The Heaven-appointed Realm is divided into three levels, which are completely different from the Heaven-separated Realm. Although the gaps between the early, middle, and late stages of the Heaven-separated Realm are large, they can often be made up for. But in the Heaven-appointed Realm, there is almost no way to make up for the huge gap between the early, middle, and late stages. It's like the difference between Nirvana Stage and Great Ascension Stage," Gu Jianchou explained.

"Is it because of the world?" Yang Chen asked.

"Exactly. Once a world embryo is created, it enters the Heavenly Destiny Realm Middle Stage. Without a world in the Early Destiny Realm, there is no world power, so how can one compare with the powerful ones of the Heavenly Destiny Realm Middle Stage?" Gu Jianchou explained.

"What is the world's power?" Yang Chen asked.

"A world created on its own has no world power. But once it is infused with the cultivator's own laws, it has the world's power. To put it simply, if you go to a Star Domain Interface, there will be Heavenly Dao, and the power of Heavenly Dao is actually one of the world's powers. You see, the world's power is very powerful," Gu Jianchou laughed.

Yang Chen gradually understood, "I see. So these mountains, rivers, and waters..."

"These mountains, rivers, and everything else in my world can be understood as the magic treasures of us cultivators in the World Stage!" Gu Jianchou said.

"Magic treasures?" Yang Chen was puzzled.

"When you reach the World Stage, the difference between the strengths of the world's power is crucial. Therefore, the strength of the laws cultivated before entering the World Stage plays a significant role. However, the World Stage not only compares one's own world's strengths but also these treasures and so on," Gu Jianchou explained carefully.

Chapter 3214 - Two Candidates\_1

Yang Chen listened carefully, not missing any details.

"This is also why Han Yi was so afraid of me before, but after reaching the World Stage, he dared to have thoughts of fighting me. Competitions at the World Stage are very complicated."

Gu Jianchou said, "This mountain was mined from an interface as the Heavenly Thunder Divine Mountain, which has a special thunder and lightning function. I brought it into my own world and nurtured it with the world's power. When I compete with enemies, the world's power unfolds, and this magic treasure will be like a weapon in my world."

Hearing this, Yang Chen began to understand a lot more.

The treasures inside the Mountain and River Destruction Map were also carefully sought out by Hua Qingfeng, and then refined into treasures within his world.

"This water is the Ancient Literary Holy Water I found in the West Jade Realm, and this sky-reaching ancient tree was..." Gu Jianchou spoke happily, opening up his heart.

Yang Chen listened with great fascination and couldn't help but ask, "So, does that mean that anything can be integrated into one's world for cultivation?"

"Exactly, everything in the world can be made into world treasures. Even a piece of scrap iron, if nurtured with the power of the world, might bring you unexpected benefits. Of course, this is just a saying. Any cultivator in the Heaven-appointed Realm would be extremely careful when looking for their own world treasures. Just like Yi Tian, who chased you down riding a white crane, the crane he rode was an extremely rare alien tribe. Its flying speed was as fast as lightning, and under the nurturing of the world's power, its speed reached an unimaginable level. Even I can't be sure that I can defeat him in a race. I really don't know how you managed to survive until now."

Yang Chen began to understand the mystery of the Heaven-appointed Realm.

Yang Chen chuckled, "It's just my luck. Does this mean that there's no limit to the number of world treasures that can be incorporated into one's world?"

"How is that possible? The number of world treasures that can be integrated into a world is limited. It's related to one's cultivation level and the intensity of their world power. The more numerous the Laws one cultivates, the stronger their world power. Those with strong world power will have an incredibly vast and huge world, so they can hold more world treasures."

Gu Jianchou raised his finger and said, "For example, I had cultivated three complete Laws in my early years, which made my world power much stronger than that of others. My world could hold three world treasures, which ordinary people couldn't achieve."

"Only three world treasures? But there are so many things in this world." Ji Yue Shuang couldn't help but ask.

Yang Chen was also puzzled.

He had previously thought that everything in this world was a world treasure, including the items within the Mountain and River Destruction Map, but now it seemed that they were not.

"Haha, how could there be so many? Only three are truly world treasures, and the rest, though nurtured by my world power, are more or less useful, but not really treasures," Gu Jianchou explained.

"So if they're not decorations, nor world treasures, what are they for?" Ji Yue Shuang asked with a curled lip.

"You little girl... How do you know that once you reach the later stage of the Destiny Realm, you can refine a few more world treasures? It's just a pity that I never made it to the later stage of the Destiny Realm," sighed Gu Jianchou.

"Haha, senior brother, with the Seven-colored Colored Glaze Mine that Yang Chen gave you this time, you will definitely be able to reach the World Life Stage with your foundation," Ji Yue Shuang said with a smile.

Gu Jianchou laughed and said, "If I can reach the World Life Stage this time, it's all thanks to Brother Yang Chen."

"I just lent a helping hand. Speaking of which, is the only difference between the middle stage and the later stage of the Destiny Realm the number of world treasures that can be refined?" Yang Chen asked again.

Gu Jianchou shook his head: "There's so much more to it than that. For a strong expert at the World Stage, the strength of their world treasures varies, not only in the strength of the treasures themselves but also in the time they spend nurturing them. Also, those at the middle stage of the Destiny Realm can't fully utilize the power of their world treasures, and only those at the later stage can do so. Moreover, the later stage is much stronger than the middle stage in many other aspects. You'll understand when your cultivation level is higher. There's no point in me telling you these things now."

Yang Chen knew that he shouldn't be too greedy. Gu Jianchou had already told him enough to digest for a while.

Knowing too much now might not be a good thing either. He could learn more about it later.

Gu Jianchou sighed, "All you need to know is that the gap between each of the three stages of the Destiny Realm is vast, and those at the Heavenly Extreme Realm are truly terrifying existences at the top of the entire universe. We, in the Destiny Realm, are nothing more than infants in front of those powerful ones in the Heavenly Extreme Realm."

For a moment, Yang Chen found it difficult to imagine, as the Destiny Realm strong experts already seemed terrifying enough in his eyes.

The Heavenly Extreme Realm was truly hard to fathom.

"Enough of that. With your talent, you'll reach my level sooner or later. Speaking of which, how do you plan to distribute the Seven-colored Colored Glaze Mine?" Gu Jianchou asked, "Do you have any ideas in your mind? If you want to exchange it for something, I can help you with some suggestions."

Yang Chen shook his head and said, "I don't plan to exchange it for anything."

It wasn't that he didn't want to, but he had planned to give away the Seven-colored Colored Glaze Mine. He had only asked for the distribution rights to avoid resentment, and asking people for treasures at this point would easily provoke their anger, which would go against his initial intentions.

Gu Jianchou nodded in approval at Yang Chen's words, then asked, "Then what's your criteria?"

"First, they must have good character. Second, they must be confident that my Seven-colored Colored Glaze Mine will help them reach the later stage of the Destiny Realm. After that, it's up to my feelings. If I don't like someone, I won't give them the Seven-colored Colored Glaze Mine," Yang Chen declared.

Gu Jianchou laughed excitedly, "I like your attitude! Yes, liking them is the most important factor. Why give away this treasure if you don't like them? As for your conditions, I do have two candidates. Like me, they are both desperate to enter the later stage of the Destiny Realm and are almost going crazy for it. If you give them the Seven-colored Colored Glaze Mine, they'll be grateful to you."

Hearing this, Yang Chen became interested, "Please tell me more, senior brother!"

Chapter 3215 - Powerful Ones Come Knocking\_1

Gu Jianchou spoke calmly, "These are Master Hong Luan and Master Ye Mei. The two of them are of the same generation as me and we have known each other for many years. I did not speak in their favor simply because of our private friendship. Indeed, their conditions truly meet the needs of our friend Yu Yangchen. If friend Yu helps them this time, they will definitely be grateful. Of course, the choices ultimately rest with you, Yu Yangchen. My words are just a lead, whichever one you choose if anyone dares to trouble you because of this, I'll be the first to object."

Upon hearing this, Yang Chen replied gently, "Thank you, Senior Brother Gu."

"It's nothing. I'll try my best to reach the World Life Period in the future. During that time, I might not be able to get out for a few years. When I exit my isolation, if you have any problems, feel free to find me. If I can help, I will not delay," Gu Jianchou sincerely spoke.

Yang Chen bowed slightly, "Since you said so, I will thank you first, Senior Brother Gu."

"It's a trivial matter," Gu Jianchou laughed.

Yang Chen continued to chat freely with Gu Jianchou.

During this time, he asked Gu Jianchou some questions about his World Embryo, and thereby acquired a deeper understanding of it.

Soon after, he returned with Ji Yueshuang and went to his own quarters.

On the way, he asked Ji Yueshuang about Murong Qi. After learning that Murong Qi was living well in the Shen Ye Sect, he was relieved.

Upon his return, Chun Yue and Ling Shuang were overjoyed, serving him zealously. After all, it was not easy for Yang Chen to come back.

After returning, Yang Chen began studying the Universe Destroying Map in detail.

With a leap, he entered the Universe Destroying Map!

Coming here again, Yang Chen compared it with the sensation he felt when he entered Gu Jianchou's world. He was completely sure that the Universe Destroying Map is indeed the World Embryo that Hua Qingfeng created.

"Senior Hua Qingfeng was indeed an unparalleled genius. He managed to cultivate to the stage of World Embryo in the Spirit Realm, where spiritual energy is sparse. Moreover, he researched this realm on his

own. If he had been nurtured in Shen Ye Sect or the Tai Yuan Palace, he could have broken through even further," Yang Chen mused.

Now as he looked around, observing every mountain, river, grass, and tree in this world, his perspective differed vastly from before.

"Senior Hua Qingfeng, you really left me quite the treasure," Yang Chen sighed.

For an ordinary Heavenly Fate Realm Cultivator, the World Embryo was undoubtedly a lifetime pursuit.

Having a World Embryo in front of them was something that many people couldn't even dream of.

Now he was in luck, a World Embryo had appeared before him. He didn't need to develop it from scratch. As long as he enters the early stage of the Heavenly Destiny Realm and stabilizes his realm, he could directly enter the World Embryo stage, saving a lot of time compared to ordinary Heavenly Fate Realm cultivators.

Moreover, it also contains World Treasures personally refined by Hua Qingfeng, which he could use completely for his benefit.

A ready-made treasury was in front of him, it was just a pity that he couldn't fully exploit its power yet.

"With my current abilities, I can't tell which is the World Treasure that Senior Hua Qingfeng left behind in this world," Yang Chen murmured, then dived deep into the sea.

He found the weapon spirit of the Universe Destroying Map.

The weapon spirit was still as dull as ever. It looked at Yang Chen, "You're here."

"Weapon Spirit, do you know that the Universe Destroying Map is actually a World Embryo?" Yang Chen asked.

"World Embryo?" The weapon spirit looked confused.

Upon hearing this, Yang Chen understood, "It's nothing. Continue your rest. I won't disturb you."

As he thought, Hua Qingfeng did leave the World Embryo before his death, but he didn't leave any information about this to the later generations. This Universe Destroying Map was a World Embryo.

The weapon spirit inside the Universe Destroying Map, which is supposed to be a weapon spirit, seemed more like a tool that Hua Qingfeng left behind as a disguise. To make people believe that the Universe Destroying Map was a rather peculiar treasure and had nothing to do with a World Embryo.

Hua Qingfeng was making pains to do so, foreseeing that at his forthcoming death, if he revealed that the Universe Destroying Map was the World Embryo that he painstakingly created, let alone the Spirit Realm, I'm afraid that the whole Lingnan Two Realms could invite mortal danger.

A World Embryo was enough to make many powerhouses go mad.

It was for this reason that Hua Qingfeng had to create a fake cover, letting people misunderstand that the Universe Destroying Map was a treasure, and not allowing anyone to associate it with the World Embryo. Even the weapon spirit inside it was a tool of this disguise.

In the end, Yang Chen was deceived.

"So the so-called Immortal Qi should be the World Essence left behind by Senior Hua Qingfeng," Yang Chen thought to himself.

The World Essence was a substance condensed by world powerhouses from World Power. Generally, no powerhouse would do this because condensing the World Essence was of no benefit, and instead would harm their vitality.

But the condensed World Essence was infinitely beneficial to the later generation.

If carried with oneself, it could enhance the understanding of the Taoist Intention, and even the understanding of the Laws. If refined, it could even enhance cultivation.

Yang Chen sighed with emotion, "Senior Hua Qingfeng tried his best to pave the way for the future generations before his death. It's a pity that no one in the Spirit Realm can reach his realm and understand his thoughts. Instead, they created Immortal Qi and spread rumors about Hua Qingfeng's ascension..."

Yang Chen smiled to himself.

Even he barely understood it and was still a distance away from Hua Qingfeng's realm.

"Huh?"

Yang Chen stood with his hands behind his back, sensing fluctuations from the outside world.

He could almost guess what was happening, "It seems that the Heavenly Fate Realm powerhouses have come looking for me."

With this thought, Yang Chen immediately left the Universe Destroying Map and sensed Chun Yue and Ling Shuang outside.

"Master, Master Yuan Yang wants to see you. He's already outside the door."

Yang Chen looked over and saw that Yuan Yang was already at his door, Chun Yue and Ling Shuang were unable to stop him. It seemed that if not for the last bit of etiquette, Yuan Yang would have barged in.

Seeing this, Yang Chen remained calm and waved his hand, "Please come in, Master Yuan Yang."

King Yuan Yang nodded gently and casually walked into the room.

Yang Chen smiled slightly, "Master Yuan Yang, do you have any matters to discuss with me?"

Yuan Yang grumbled internally. He knew Yang Chen was playing coy.

He spoke slowly, "Friend Yang Chen, I came here for a purpose that you should be able to guess. I'm here for the Seven-Colored Glaze Mineral. If you can give me a piece, I am willing to pay a price for it."

Chapter 3216 - Meeting Luo Again!\_1

"Senior, I don't want what you're offering." Yang Chen said, "I am giving away this Seven-colored Colored Glaze Mine, not trading it!"

Hearing this, King Yuanyang was taken aback and couldn't help but ask, "Then what do you want? Do you want me to owe you a favor? That's not a problem. As long as you give me this Seven-colored Colored Glaze Mine, whatever you want me to do for you, I'm willing."

Yang Chen still shook his head.

This made King Yuanyang frown, "So, Yang Chen, my young friend, what do you want?"

Yang Chen smiled faintly and asked instead, "What do you think, Senior Yuanyang, would a junior like me want, given that I don't want any rewards or favors?"

King Yuanyang was at a loss and asked with knitted brows, "What do you want?"

"All I want is respect and attitude," Yang Chen said. "Although my cultivation level is indeed inferior to senior's, I don't owe anyone anything. This Seven-colored Colored Glaze Mine, which I obtained by risking my life, I don't want anything for it. But if I can't even get the basic respect, then does Senior Yuanyang think there's any need for me to give you this Seven-colored Colored Glaze Mine?"

King Yuanyang was momentarily at a loss for words, recalling how he had treated Yang Chen as a junior upon his arrival, but when did he ever show him respect?

Yang Chen didn't waste any more words and waved his hand, "Senior, please."

He thought that King Yuanyang should understand his meaning.

How could King Yuanyang not understand? But with great reluctance, he gritted his teeth and said, "Yang Chen, you are only at the Heaven-separated Realm. Yet, as a Heavenly Destiny Expert, why should I show you respect? We can sit down and negotiate again. This Seven-colored Colored Glaze Mine; as long as you propose the conditions, I can satisfy them!"

There was a hint of urgency in King Yuanyang's voice, but Yang Chen still waved his hand, "Chunyue, Ling Shuang, show our guest out!"

King Yuanyang shot Yang Chen a fierce glance and said angrily, "Fine, fine, fine! Yang Chen, you have guts!"

When the conversation ended, King Yuanyang left in anger.

Yang Chen didn't regret it at all.

He had already thought about these possibilities. If he didn't give it to them, it would inevitably anger these Heavenly Fate Realm experts.

But there was nothing he could do about it.

What was his original intention for giving away the Seven-colored Colored Glaze Mine? Since he was giving it away, it meant he wanted these experts to at least know to be grateful to him.

First of all, he had already traded these Seven-colored Colored Glaze Mines for the support of five Heavenly Extreme Realm experts in saving Zhang Xuelian. Using the mines to trade again would be shameful and repellent.

Secondly, he, Yang Chen, was a newcomer to the Divine Night Sect with a special status. If he demanded too much, it would inevitably arouse hatred from others.

Thus, he wanted nothing in return.

The only thing he wanted was to establish a solid footing in the Divine Night Sect, so the gratitude and support of these Divine Night Sect experts were essential.

However, if an expert who didn't even understand respect hoped for his gratitude, how could that be possible?

Yang Chen, without hesitation, declined the offer.

As he said, if he liked someone, he would give them something, but if he didn't like them, they wouldn't get anything!

Just like that, King Yuanyang left, and Yang Chen immersed himself in cultivation.

Not long after he began cultivating, a voice suddenly echoed in Yang Chen's mind.

This call made Yang Chen couldn't help but hesitate for a moment.

"Jingming Daoist?"

Yang Chen recalled the voice coming from the Inheritance Five Palaces.

He didn't know the reason why Jingming Daoist was looking for him, so he naturally didn't hesitate to enter the Inheritance Five Palaces.

After completing Jingming Daoist's conditions, the Inheritance Five Palaces had become his possession.

He had always carried this item with him.

As for the powerful beings within the Inheritance Five Palaces, he had almost released them all, leaving only Jingming Daoist.

When he returned to the Inheritance Five Palaces, Yang Chen saw Jingming Daoist and greeted him, "Senior Jingming, long-time no see. I hope you have been well."

"Yang Chen, I can't bear the title of 'Senior' anymore." Jingming Daoist laughed, "Lord Luo and I have witnessed your growth. We never thought that you could advance to the Heaven-separated Realm so quickly."

Yang Chen smiled and said, "Senior Jingming, you're joking. If it weren't for your care in the past, I might not have been able to achieve what I have today. By the way, why did Senior Jingming call for me this time?"

"It's not me who wants to see you, but Lord Luo," Jingming Daoist said.

Yang Chen was stunned before asking, "Lord Luo?"

"Yes, that's right. Brother Yang Chen, follow me," Jingming Daoist smiled faintly and led Yang Chen into the depths of the Inheritance Five Palaces.

Then, the scene changed, and they found themselves surrounded by darkness. Yang Chen and Jingming Daoist had entered Luo's world.

Now with his rich experience, Yang Chen could see that this place was indeed Luo's world.

However, he could sense that Luo's world was now in tatters, as if it had suffered great damage, and seemed on the verge of shattering at any moment.

To call it a world, it was no longer a complete one.

This reminded Yang Chen of Luo's words, that his world could hardly sustain any more lives.

Yang Chen could easily guess that Luo was indeed severely wounded, and had been injured by Yan to the point where it was difficult for him to rise again. He could only maintain his life with his own law.

Now, Luo was sitting beside a bonfire, showing a friendly smile when he saw Yang Chen arriving.

"Yang Chen, my young friend, we meet again," Luo said gently, his gaze fixed on Yang Chen.

Yang Chen retained his respectful attitude when he saw Luo again. He didn't know Luo's realm back then, but now he was well aware of it.

"Senior Luo, you wanted to see me?" Yang Chen asked.

"Yes, sit down," said Luo.

Yang Chen didn't hesitate and sat down.

Luo didn't beat around the bush and said calmly, "Yang Chen, you must have guessed that the reason I'm looking for you now is that you've become stronger, much, much stronger than before!"

How could Yang Chen not guess? Previously, Luo's only request was for him to do his best concerning matters related to the Netherworld when he could.

After that, he had been diligent in killing Netherworld Ghosts.

But that was all.

Luo never asked him to do too much, nor did he have the ability to do more.

Now, Luo was looking for him again, and Yang Chen knew that Luo had other requests.

Without rushing to inquire, Yang Chen patiently waited for Luo to continue.

"Alright, let's start from the beginning. Yang Chen, not surprisingly, Yan has set his sights on you," Luo said.

"How did Senior know?" Yang Chen was puzzled.

"Sky Annihilation Ghost King is one of the Heavenly Destiny Ghost Kings under Yan's command. When he was only at the Realmless level, he was taken in by Yan. Although his strength isn't strong, he is valuable because he can freely shuttle between ordinary interfaces as a Heavenly Fate Realm Early Stage expert. The moment he targeted you, it indicated that Yan had taken notice of you already. And since you slipped through his hands and killed the Seven Star Nether Lord, it would be strange if Yan hadn't noticed you!" Luo explained.

Chapter 3217 - Gates of Life and Death\_1

"Why didn't Senior tell me this earlier?" Yang Chen knew nothing about these matters; even if he had any guesses, he never thought that Yan had been targeting him already.

Knowing that such a character was targeting him, he felt chills in his heart.

"Yan will definitely take action against you, but by that time you had already come to Taiyuan Star System. I thought about it and decided not to tell you immediately. After all, if I told you too early with your strength at that time, it would only cause you fear and unease, which might not be good for your cultivation," Luo explained with a smile.

Upon hearing this, Yang Chen nodded. He knew that Luo must have had his reasons and didn't think much of it.

"What does Senior want me to do now that you have told me about this?" Yang Chen asked. "If Yan is targeting me, he won't give up easily, right?"

"Of course, he won't. He has been targeting you and must have known that you possess the Law of Life and Death. He will definitely have plans for you. Even if you are in the Taiyuan Star System, you cannot be sure that you are truly safe. Moreover, you cannot stay in the Taiyuan Star System for your entire life. there are two choices before you: first, wait for him to make a move; second, you strike first. Which one are you more inclined towards?" Luo asked.

Without even thinking, Yang Chen replied, "I choose the second one."

He has never been the type to sit and wait for death. Instead of letting Yan make the first move against him, it would be better to strike first.

"However, even though my strength has increased greatly and I have reached the Heaven-separated Realm, I am still a far cry from opposing Yan," Yang Chen said helplessly.

"With your current strength, you have no chance of winning against Yan. His cultivation level had already reached Heavenly Extreme Realm when he fought against me long ago, and his current strength is even more unfathomable. There is no way you can win," Luo said with a wry smile.

"What should I do then?" Yang Chen inquired.

"Although Yan is powerful, many Heavenly Extreme Realm forces are watching his every move. He rarely takes action personally because he doesn't dare. Even if he does act, he relies on his subordinates, such as the Seven Star Nether Lord and Sky Annihilation Ghost King that he arranged before. If you want to counterattack, removing Yan's fierce fangs would also be a counterattack," Luo explained.

Yang Chen furrowed his brows for a moment, then said, "Senior, what's the point of simply killing a few ghost creatures? It seems rather meaningless."

"Of course, if you do that, it would just be too aimless. With your current strength, you can do something even crazier," Yan said with a smile.

Yang Chen was quite curious: "Crazy things?"

"Yes, very crazy things," Luo replied with a hearty laugh. "The Netherworld is able to continuously produce Netherworld ghosts by intercepting the souls that originally entered the reincarnation cycle. This means that cultivators and alien tribes who were originally destined to die naturally actually end up entering the Netherworld and working for it. This is an endless source of power that was originally intended as a bridge for Yama to maintain the order of reincarnation, but it has become the foundation for Yan's wild ambitions. Each time Yan conquers a Domain Interface, he plants a Gate of Life and Death there."

Yang Chen asked, "Gate of Life and Death?"

"Once the Gate of Life and Death is planted, the cultivators who die in this domain will go directly to the Netherworld and become souls under the control of the Netherworld," Luo explained.

Yang Chen had never heard Luo mention this before, but at that time, he was weak and there was no need for Luo to tell him these things.

"Yan has already planted Gates of Life and Death in countless Domain Interfaces. At least, around the Netherworld's core, hundreds of Domain Interfaces have had Gates of Life and Death placed within them, and they have all become part of the forces under his control. This has caused hundreds of Domain Interfaces to fall under the rule of the Netherworld, including those of humans and many alien tribes. In other words, all of these domains have become puppets of the Netherworld," Luo elaborated.

Yang Chen was slightly startled, "Why didn't the human powerhouses take care of this?"

"They can't. Do you have any idea what that area around the Netherworld, where thousands of Domain Interfaces are connected, is called?" Luo sighed. "That place is known as the Dark Flow Universe!"

"Universe?" Yang Chen was slightly surprised.

"Yes, it's another term for the Cosmic Starry Sky. Both terms mean the same thing. However, as time went by, the term 'Cosmic' came to be used to describe the entire universe, while 'Universe' is used to describe the seven large and small universes within the Cosmic Starry Sky!" Luo said.

Yang Chen was taken aback, "What are these seven large and small universes?"

"Among them, humans and numerous alien tribes occupy the two largest universes; the Spirit God Race and the Ruthless Beast Race, along with countless alien tribes, share three large universes; the Netherworld occupies one place; and the last one is called the Origin Land. These are the seven large and small universes. Before the Netherworld created the Dark Flow Universe, there were only six large universes," Luo explained regretfully.

Yang Chen took a deep breath, completely unaware of this before.

No wonder the Divine Night Sect had to frequently defend against external enemies. There were so many secrets in the Cosmic Starry Sky.

"The Dark Flow Universe was initially controlled by humans and several other alien tribes, but it was gradually eroded by the Netherworld. Due to the existence of the Gates of Life and Death, the Dark Flow Universe is impregnable. Numerous human powerhouses have been sent in, but to no avail. The solution is simple: just destroy the Gates of Life and Death and a Domain Interface can be liberated. However, destroying these Gates of Life and Death is not an easy task!" Luo shook his head heavily.

"Are you suggesting that I should try to destroy these Gates of Life and Death?" Yang Chen, rubbing his chin, could discern some of Luo's intentions from his expression.

"You guessed it right," Luo laughed. "Destroying the Gates of Life and Death can liberate a Domain Interface while also weakening the Netherworld's strength; it is the most straightforward way."

"After destroying the Gates, wouldn't the Netherworld just plant them again?" Yang Chen asked, puzzled.

"To plant them again, they would need tens of thousands of years. Rewriting the laws of life and death is not an easy task. If Yan didn't have Yama's methods from back then, he wouldn't have been able to do any of this," Luo said.

Yang Chen fell into deep thought. After a while, he said, "The Gates of Life and Death must not be that easy to destroy. Since humans and many alien tribes have tried and failed before, it means that there must be heavy defenses around these gates."

"Yes, that's natural. Even the less important ones are guarded by powerhouses in the Destiny Realm World Embryo Stage and Life Stage. The more important ones are guarded by Yan's trusted Heavenly Extreme Realm subordinates, and even Yan himself!" Luo explained.

Upon hearing this, Yang Chen, who had been somewhat tempted, shuddered for a moment, "Isn't this a joke, Senior? With so many strong beings guarding it, I'm afraid I wouldn't be able to break it even if I risked my life."

Chapter 3218: Luo Tian Scripture\_1

Luo said kindly, "I know it's difficult for you to do these things, but I never asked you to do them right now, just do whatever you can. And, I won't let you do them for nothing..."

"What does senior plan to give to junior?" Yang Chen glanced at Luo, and to be honest, if there was no reward, he really didn't want to do these things.

Destroying a gate of life and death would mean going to the Netherworld's lair and staking his very life on it. He couldn't afford to take such a gamble.

Even if he reached the Destiny Realm's level of cultivation, he wouldn't need to do such crazy things, would he?

"I knew that if I didn't give you some rewards, kid, you wouldn't easily take action. These are my tests for you. If you can remove more than thirty gates of life and death in the Hidden Flow Universe, I will give you the Jiyulotianjing created by Yan Luo himself back then," Luo said.

More than thirty gates of life and death?

Yang Chen gasped and didn't immediately agree, but asked, "Jiyulotianjing?"

"Yes, this Jiyulotianjing is a life and death secret created by Lord Yan Luo from the law of life and death. I believe you should be very interested," Luo said.

Yang Chen said, "I have a secret of life and death too, what is so special about this Jiyulotianjing?"

"You kid, you really don't know how to be afraid. Fine, I'll tell you, if Yan Luo dares to say that his understanding of life and death is second, no one in the whole universe starry sky would dare to claim first. Since you asked about the uniqueness of this Jiyulotianjing, I'll tell you, Jingming Daoist fell and his soul scattered, and I brought him back to life afterward, while preserving his intellect. Can your Reincarnation Scripture do this?" Luo said.

Yang Chen was stunned and then laughed, "My Reincarnation Scripture really can't do these things."

It's just a matter of comparing goods.

He originally thought that the Reincarnation Scripture was already powerful enough, but now when he compared it to the Luo Tian Scripture, the difference in efficacy became obvious.

"Our Lord Yan Luo, back then, his understanding of life and death could defy the heavens and rewrite the rules, directly creating a Netherworld out of it. Incorporating the dead souls into the Netherworld, the application of these laws is still far beyond your realm," Luo said gently.

Now listening to Luo's words, Yang Chen couldn't deny that Yan Luo's understanding of life and death back then was indeed incomparable to his own.

"Lord Yan Luo's Luo Tian Scripture, if learned by you, will definitely greatly enhance your strength. That is the secret created by Lord Yan Luo when he was at the peak of the Heavenly Extreme Realm, and you kid still dared to compare it with your Reincarnation Scripture," Luo shook his head helplessly.

Now Yang Chen became interested and said, "So if Junior removes the gates of life and death in thirty interfaces, will Senior give me the Jiyulotianjing?"

"Of course, but..." Luo coughed twice.

"What is it?" Yang Chen asked.

“But I only have the Life Scroll of Jiyulotianjing, and the Death Scroll is in Yan’s hands. If you can get the whole scroll, you can achieve greatness in the world. But... I can only give you one Life Scroll,” Luo said, not feeling embarrassed at all, stroking his beard and laughing.

Yang Chen was both amused and annoyed. After talking for so long, Luo could only give him a Life Scroll?

But even a Life Scroll is better than nothing. At least for now, what Luo told him even just having a Life Scroll would be enough!

“Junior agrees to Senior’s conditions. I will do my best to remove the Gates of Life and Death!” Yang Chen said.

One reason was for the Luo Tian Scripture, and the other was for himself!

After all, Yan wanted to deal with him, and he had no reason not to fight back!

“Well, I’ll be waiting for your results!” Luo said with satisfaction.

Yang Chen didn’t linger any longer, and after discussing some things with Luo, he left.

When he returned, Yang Chen had already guessed the anxious scene of other powerful people trying to find him.

As he thought, the moment he came out, he heard the commotion outside.

“Is your Yang Chen still not done with his cultivation?”

“Hasn’t this Yang Chen finished cultivating yet? Is he trying to make things difficult for us on purpose!”

Yang Chen looked over and saw that there were not just one of the Heavenly Fate Realm experts guarding outside. Counting them, there were at least five Heavenly Fate Realm experts among them.

He smiled calmly and said, "Chunyue, Lingshuang, you come in first."

"Has Yang Chen finished his cultivation?"

"This kid has finally finished his cultivation!"

"We, the strong experts of the Destiny Realm, are waiting for a mere Heaven-separated Realm cultivator. What's going on!"

"Young Master!" Chunyue and Lingshuang quickly entered.

Yang Chen said, "Who are these powerful people in the Outer Sect? How long have they been waiting?"

Chunyue and Lingshuang said, "There are a total of four Destiny Realm people outside, they have been waiting for about three days."

"Only these four?" Yang Chen asked.

"Not really, there is also Elder Hongluan. She came earlier than these four Destiny Realm experts. Upon hearing that you were in cultivation, she waited outside without disturbing you. She said it wouldn't be too late to call her when you finish," Chunyue and Lingshuang said.

Yang Chen suddenly remembered Elder Hongluan whom Gu Jianchou introduced to him before.

"Is it her?"

Thinking of her respectful attitude, he naturally had no objection, "Let Elder Hongluan come in first."

Chunyue and Lingshuang quickly left.

“What does Yang Chen mean?”

“All seniors, please wait for a moment. My Young Master wants to see Elder Hongluan first. She was waiting outside earlier, all seniors need to have a first come, first served arrangement,” Chunyue and Lingshuang said.

The Heavenly Extreme Realm powerhouses all widened their eyes.

“What does this Yang Chen mean, us Destiny Realm experts have to queue to see him?”

“Is there no distinction between old and young anymore? Are we even in his eyes?”

Several voices of Heavenly Fate Realm Powerhouses scolded, among them, one voice was very familiar to Yang Chen, who turned out to be Ye Fengyi who had previously boasted about Yang Chen at the Round Moon Palace.

Yang Chen naturally heard the voices outside, ignored them, and waited for a while before seeing a young girl in red with a delicate appearance appeared in front of him.

As the woman entered the room and looked at Yang Chen, her bright eyes were as clear as water, and she smiled softly, “Young Master Yang Chen, I am Hongluan!”

“Please take a seat, Elder Hongluan,” Yang Chen said with a smile.

Hongluan smiled and said, “If Young Master Yang Chen doesn’t mind, you can call me Elder Sister Hongluan.”

“Since that’s the case, then I won’t hesitate,” Yang Chen smiled.

Now, Hongluan was very respectful and said, “Young Master Yang Chen, as for my purpose, you must have guessed a bit. My goal is for the Seven-colored Glaze Mine, I wonder...”

## Chapter 3219 - What Do You Think You Are?\_1

Yang Chen smiled casually and, without much thought, took out a seven-colored glaze stone and handed it to Honglian.

"This is a seven-colored colored glaze stone, please accept it, Senior Sister Honglian," Yang Chen said.

Elder Honglian was dumbfounded for a moment, her red lips and small mouth wide open, incredibly stunning.

She obviously had a hard time accepting the scene before her, staring at the seven-colored colored glaze stone, her eyes wide open, "Young Master Yang Chen, you... are you really giving me the seven-colored colored glaze stone like this? Without asking for anything in return?"

Yang Chen said, "I have said before that I am giving these to the seniors here and I naturally won't ask for anything in return."

"This..." Elder Honglian still couldn't believe it even now.

Yang Chen laughed and said, "Senior Sister Honglian, just speak whatever is on your mind."

Honglian giggled at this, "In that case, I'll be straightforward. At first, when I saw Young Master Yang Chen blocking so many Heavenly Fate Realm experts outside the door and not letting them in, I thought you had a strange temperament and that it would be very difficult to get a seven-colored colored glaze stone. But to my surprise, it turned out to be so easy."

"It's easy to say it's easy, but it's also difficult to say it's not," Yang Chen said.

"Why?" Honglian blinked her eyes.

Yang Chen said, "I'm giving away these seven-colored glaze stones, what am I seeking? Naturally, I am seeking respect. I, Yang Mou, do not owe others anything. If these powerful ones were to come and still act superior as if I should give these stones to you, what do you think, Senior Sister Honglian? Should I or shouldn't I give them this seven-colored glaze stone?"

He didn't hold back in his words, and they were clearly aimed at the Heavenly Fate Realm experts outside.

If they wanted to get the seven-colored glaze stones, they should at least show some proper respect. Now, they still wanted to act high and mighty. Would Yang Chen be easy-going, like dough?

"Senior Sister Honglian was willing to wait outside and was willing to address me as a fellow junior. What else do I need from Yang Chen? This alone is enough. Of course, the reason why I agreed so cleanly is partly due to Senior Brother Gu Jianchou. He has spoken highly of you." Yang Chen said.

Upon hearing this, Honglian's pretty face flushed, "This frivolous guy didn't say anything nice when we met, he actually talked about me behind my back."

Yang Chen looked at Honglian's flushed cheeks and knew that her relationship with Gu Jianchou must not be shallow.

He didn't inquire more about this matter, and Honglian also accepted the seven-colored glaze stone and said gently, "Junior Brother Yang Chen, if you need anything in the future, be sure to come to me. I don't dare say too much, but if you have your eye on any girl in the sect, I'll make sure to help you."

Yang Chen laughed, "Definitely."

Honglian left with a gentle smile.

As she left, the Heavenly Fate Realm experts outside couldn't help but stare with envy.

Who wouldn't be envious of obtaining a seven-colored glaze stone so easily? They had heard that King Yuanyang had come before but left empty-handed.

Seeing this, the few Heavenly Fate Realm experts looked at each other, not knowing who should go in first.

Finally, a white-clothed, white-sleeved, and scar-faced Heavenly Fate Realm elder entered the room.

As soon as he entered the room, he wasn't polite and sat down directly across from Yang Chen, and then said, "Yang Chen, I am Thousand Autumns True Person. I am a straight-talking person. I am indeed very anxious about the seven-colored glaze stone and waited outside. I spoke hastily and offended you. If Yang Chen Fellow Daoist is upset by that, Old Man here will apologize. As for the seven-colored glaze stone, I really need it. I have been stuck at the embryonic stage of the world for 3 million years without any progress."

Having said that, Thousand Autumns True Person couldn't help but sigh.

Yang Chen listened and didn't say much. He took out the seven-colored glaze stone and said, "senior, please accept it."

"This... Brother Yang Chen, are you really giving it to me?" Thousand Autumns True Person felt that happiness came too suddenly. Why didn't he and a group of Heavenly Fate Realm experts rush in earlier?

Because they knew very well that their actions at the beginning upset Yang Chen, and rushing in would be useless, as Yang Chen might not agree.

He didn't think too much and just wanted to try his luck. Who would have thought that Yang Chen really agreed?

"Senior lowered your face and said these things, which is really too much for the junior. Naturally, I should give this seven-colored glaze stone," Yang Chen said with a smile.

With these words, not only did Thousand Autumns True Person find a way to step down and get the seven-colored glaze stone, but he was also happy.

"Good! Good! Good! Brother Yang Chen, I won't say anything else. In the future, I will consider you a friend!" Thousand Autumns True Person laughed heartily, "I won't bother you any longer. Farewell!"

After all, there were still a few people waiting outside, so Thousand Autumns True Person didn't waste time. He took the seven-colored glaze stone and left.

After Thousand Autumns True Person left, the next one to enter the room was Ye Fengyi.

When Ye Fengyi rushed in, he kept a miserable face on, but once he entered, he cleared his throat and said with his hands behind his back, "Fellow Daoist Yang Chen, I admit that we did have some unpleasantness before. Today, I apologize to you."

Although he was apologizing, Ye Fengyi never looked Yang Chen directly in the eye.

Yang Chen could see through it and coldly said, "Senior Ye, please leave."

Hearing this, Ye Fengyi's face changed dramatically. He had not finished apologizing, and already he was back to his original ugly face, saying harshly, "Yang Chen, what do you mean? Old Man lowering my face to apologize to you is already giving you face. Are you deliberately targeting me?"

After all, Thousand Autumns True Person had just gotten the seven-colored glaze stone and left before him.

It was only after seeing this that he decided to grit his teeth and follow suit.

As long as he got the seven-colored glaze stone, even if he turned his back on Yang Chen later, what would it matter? At that time, his bowed head and loss of face would all be counted on Yang Chen's head.

Who would have thought that not only did he lose face, but Yang Chen also had no intention of giving him the seven-colored glaze stone!

For a moment, he roared out, accusing Yang Chen of deliberately targeting him.

Yang Chen said indifferently with his hands behind his back, "Senior Ye, if you insist on thinking that way, then there's nothing I can say. However, I think Senior Ye should examine his own attitude first before he apologizes. You haven't even looked me in the eye directly, and you're talking about apologizing to me? Are you really apologizing to me? I'm afraid that if I give you the seven-colored glaze stone now, you'll turn your back on me in a heartbeat. Unfortunately, I won't be giving this seven-colored glaze stone to you, Senior."

"You!" Ye Fengyi was furious, "Yang Chen, think carefully about the consequences of offending me!"

Yang Chen sneered, "Ye Fengyi, do you think too highly of yourself? I, Yang Chen, dare to offend the Grand Abyss Palace and even dare to kill Mo Wanchou and go against Spirit Separation Ancestor; tell me, what do you, Ye Fengyi, amount to?"

Chapter 3220: Admiring Oneself?\_1

Upon hearing Yang Chen's words, not only Ye Fengyi but also the powerful people outside the door were instantly awakened.

They hadn't thought so much before, they just felt that since they had reached the Heavenly Fate Realm of cultivation, how could Yang Chen dare not give them face?

After all, what would be the consequence of offending them? They could imagine!

However, they forgot what kind of person Yang Chen is.

He killed Mo Wanchou, offended Spirit Separation Ancestor and Grand Abyss Palace, and escaped. Would he be afraid of them now?

Their Heavenly Fate Realm is powerful, but when compared with the Grand Abyss Palace, you can immediately see who is stronger or weaker, who is higher and who is lower!

Ye Fengyi was now stunned by Yang Chen's words, and he didn't have any temper for a while. After a moment, he barely squeezed out a sentence and shouted, "Yang Chen, we'll see!"

When the conversation ended, Ye Fengyi had to let go and leave.

After Ye Fengyi left, the remaining two Heavenly Fate Realm experts couldn't help but reflect on themselves.

They thought about it, and they seemed to have no reason to show off their Heavenly Fate cultivation in front of Yang Chen.

They were both looking for someone to get the Seven-colored Colored Glaze Mine, and in addition, Yang Chen is not afraid of them at all.

In an instant, the two adjusted their attitudes and, like the previous Thousand Autumns True Person, apologized sincerely.

For them, it's just a short-term loss of face, and they can get the Seven-colored Colored Glaze Mine. It's a good deal.

Besides, Yang Chen doesn't seem to be the kind of unreasonable person.

Yang Chen is naturally not someone who likes to make things difficult for others. Now that he sees the two have apologized, he takes out the cool Seven-colored Colored Glaze Mine and gives it to both of them.

It is precisely after the two of them left that Yang Chen felt that he could be quiet for a while. However, who would have thought that Ji Yue Shuang would come looking for him soon after.

"Miss Ji, why have you come?" Yang Chen asked with a smile.

Ji Yue Shuang laughed like a bell, "My master has something to ask you, she asked me to call you over."

Hearing this, Yang Chen did not know the reason why Princess Wenqi was looking for him, and naturally he would not refuse, saying, "Well, Miss Ji, please."

The two went to the top of the mountain peak and found Princess Wenqi.

As always, Princess Wenqi was dressed in white, surpassing the snow. She stood upright, turned her body and met her eyes, saying, "You're here."

Yang Chen immediately bent over respectfully, "Junior pays respects to Senior Wenqi."

Princess Wenqi nodded gently, "Sit down."

Yang Chen and Princess Wenqi were not meeting for the first time, and they were already familiar with each other, so they were no longer polite. They found a quiet place with Ji Yue Shuang and sat down.

Yang Chen didn't rush to ask Princess Wenqi why she was looking for him. After all, he was a junior, and had to wait patiently for Princess Wenqi to speak.

Princess Wenqi had no intention of playing any tricks, and directly said, "Yang Chen, you should be able to guess one or two reasons why I came to find you."

"Is it because of the Slaughter God Spear?" Yang Chen asked after a little speculation.

Last time he left, the Slaughter God Spear had already received news, and this time it should have come to an end.

"That's right, I don't know how your spear managed to do it. It actually fell into the Wind Moon World." Princess Wenqi said.

"Wind Moon World?" Yang Chen was stunned.

Princess Wenqi smiled softly, "This Wind Moon World is the territory of Heavenly Melody Mountain, and it is the core territory of Heavenly Melody Mountain."

Yang Chen suddenly realized, and couldn't help but laugh and cry. His own Slaughter God Spear really didn't know how to save trouble. It fell into the territory of Heavenly Melody Mountain.

"When we found it, we only knew that the Slaughter God Spear was in the hands of Heavenly Melody Mountain. I was originally planning to let you go directly to Heavenly Melody Mountain to ask for it. However, recently Heavenly Melody Mountain suddenly sent a secret message!" Princess Wenqi said.

"Secret message? Could it be because of the Slaughter God Spear?" Yang Chen was puzzled.

"You're overthinking it. Even the information we investigated only knew that your Slaughter God Spear was in the hands of Heavenly Melody Mountain. Who actually held it is still unknown. How would Heavenly Melody Mountain know that the Slaughter God Spear is yours? However, this secret message is indeed related to you." Princess Wenqi laughed.

Yang Chen felt that this matter seemed a little strange, and couldn't help but say, "I really can't figure it out."

"It's not just you who can't figure it out, even I am a bit surprised. I have to say, you kid is quite blessed. This secret message is from Fairy Fu of Tianqu Mountain." Princess Wenqi said.

Upon hearing this unfamiliar name, Yang Chen was very surprised, "Junior doesn't seem to have any impression of having any encounters with this Fairy Fu."

"You don't, but Fairy Fu admires you." Ji Yue Shuang laughed happily.

"Admire?" Yang Chen was bewildered for a moment.

"What Shuang'er said is right. In Fairy Fu's original words, she has admired you since you killed twenty-eight Heavenly Leaving Realm experts. She hopes to meet you face to face, but you are like a hidden dragon, and being a woman, she is not suitable to come see you, so she hopes you can go to her. She will definitely not treat you unfairly." Princess Wenqi's mouth curled up, "Yang Chen, looking at this situation, this Fairy Fu seems to be very interested in you."

“Hee hee, the news that Yang Chen killed twenty-eight Heavenly Leaving Realm experts a while ago has already shocked the entire Taiyuan Star System. More than one person in Heavenly Melody Mountain must admire Yang Chen now. This Fairy Fu is really bold to express her intentions directly in a secret message. I feel that I am bold enough, but I dare not do this.” Ji Yue Shuang pouted.

Yang Chen is now confused and completely frightened. He can't help but say, “Senior Wenqi, who is this Fairy Fu, after all?”

He was inexplicably admired by someone, and he really didn't understand it.

“Fairy Fu, she ranks higher than Ji Yue Shuang, she is a genius from the previous generation of the Daluo Celestial Stele, and has entered the Heavenly Separated Realm for many years. She is quite famous in Heavenly Melody Mountain and has countless admirers, but she has always been indifferent and concentrated on cultivation for many years, rarely talking about romantic matters with others, let alone having contact with men from other sects.” Princess Wenqi said.

Yang Chen helplessly said, “Then this Fairy Fu is looking for me, I'm afraid there must be another attempt. I may not be able to handle it.”

“You don't have to worry. Since she is from Heavenly Melody Mountain, she has no reason to calculate against you. Moreover, as a woman, she has already said so much that you shouldn't be totally unresponsive. You can use this opportunity to find the Slaughter God Spear, and just meet her once. If you really get along with her, discuss marriage, and as for these things, our Divine Night Sect naturally supports you.” Princess Wenqi said.
