Chapter 3241 The Reason for Hiding Strength?_1

"This Yang Chen is so incredible, how should we deal with him?" Other Heaven-separated Realm experts also began to worry.

King Ming Cheng stood with his hands behind his back: "On that day, Yang Chen killed twenty-eight Heaven-separated Realm experts in one breath. The main reason was that my Grand Abyss Palace didn't take Yang Chen seriously, and only sent some peripheral Heaven-separated Realm experts. Most of them were in the later stage of the Heaven-separated Realm, not very strong. On top of that, they were caught off guard, so it's reasonable that twenty-eight of them were killed. This time in the Heavenly Crystal Snake Spirit Tower, I will test this young man's strength to see how powerful he really is."

When the conversation ended, King Ming Cheng shook his sleeve and his expression became cold and frosty.

...

At the same time, Wind Emperor also left with a forced smile. After leaving, his expression was full of anger, and he went to investigate the matter of today.

What the people didn't know was that in a mysterious temple in the Desolate Snake Desert, Huan Ye Ming Wang was still controlling and paying attention to the every move of the Snake People Royal Family.

By his side, several Snake People Heaven-separated Realm experts were gathered. When they saw that their plan had failed and Yang Chen had killed them consecutively, their expressions changed.

"How, how could this be!"

"All six Ghost Kings have fallen, who exactly is this human?"

Huan Ye Ming Wang also said in a gloomy tone: "I want to know who this human is."

It was clear that the opponent's strength wasn't strong before, and even dealing with a Snake People Heaven-separated Realm was very laborious. It was precisely because of this that he arranged today's operation.

"This human is really interesting, deliberately hiding his strength. It seems that when he fought against the four Snake People Heaven-separated Realm experts before, he noticed that we were watching him in secret." Huan Ye Ming Wang said hoarsely.

"How, how could this be possible? We used the Heavenly Eye to spy on him, and he could still find out?" The other Snake People couldn't believe it.

"Hmph, anything is possible, it's just that you are ignorant. This human is very cunning. I originally planned to kill him with one strike, sending six Ghost Kings to annihilate them all. Even if it exposed some of the Ghost King's Qi, it wouldn't matter. But now it's different!"

Huan Ye Ming Wang's expression was furious: "We didn't kill him, and let everyone know that we, the Netherworld, interfered in this matter!"

This was the real reason for his anger.

Originally, he had a good game in his hands, and his biggest piece was his identity as a Netherworld person, secretly controlling everything without anyone knowing.

But now?

His identity has been exposed.

"What should we do now?" Other Snake People started to worry.

Huan Ye Ming Wang sneered: "This human's strength is formidable, killing six of my great generals in a row. If it weren't for my preparations, if one of them was soul-searched by him, he might have already killed his way here. But such an opponent is interesting. I originally thought that only King Ming Cheng

was a troublesome character. Now it seems that there is an even more troublesome role than King Ming Cheng."

After sneering, Huan Ye Ming Wang said coldly: "You don't need to worry about this human. Now we just need to wait quietly, and see what will happen in the Heavenly Crystal Snake Spirit Tower. I will deal with this human myself. In addition, you go investigate this young man and see what extraordinary things he has done before!"

...

The camera switched back to Yang Chen and the others.

Broken River and Dao Guangwang were now furious, and they gathered all the Snake People Servant Girls together.

These Snake People Servant Girls were now panicking and looking at Broken River and the other three, screaming in fear.

"Sirs, you, you!"

"Wind Emperor said that he did not collude with the Netherworld Ghost Creatures. We can believe that. But you explain to me why these Netherworld Ghost Creatures came right after your affairs ended? Tell me, isn't it your deliberate plan!" Broken River shouted.

These Snake People Servant Girls screamed: "Sir, we are being wronged. This has nothing to do with us. We don't know what happened."

These Snake People Servant Girls were pale and frightened. In an instant, they screamed, making people feel pity for them.

Broken River couldn't help feeling a little reluctant, but when he thought about how he was almost killed by the Netherworld Ghost King, his anger rose, and there was no mercy: "No? Hmph, do you think I would believe you?"

Dao Guangwang shouted: "Friend Gu, it's better to just kill them. Without them, we wouldn't have been so embarrassed when we fought the Ghost King."

To them, the lives of the Snake People were meaningless, let alone those of the Servant Girls.

But at this time, Yang Chen waved his hand: "The two of you should not be angry. The matter between us and those Ghost Kings has nothing to do with these Snake People Servant Girls. There are other reasons. I will explain this matter clearly to you. Just now, you three also asked me why I concealed my strength when I fought against the Heaven-separated Realm Snake People. I will explain it to you."

Hearing this, Broken River was stunned, not knowing why Yang Chen did so at the time.

However, since Yang Chen had already said so, they naturally had no reason to continue to embarrass the Snake People Servant Girls.

"Get lost." Broken River said angrily.

The Snake People Servant Girls were relieved and looked at Yang Chen gratefully, before quickly escaping from the scene.

Broken River's attitude towards Yang Chen was completely different from that towards the Servant Girls. Now the four sat down and said: "Brother Yang Chen, what happened that day?"

"The reason why I hid my strength was because... Our four were being watched by someone using the Heavenly Eye all the time." Yang Chen explained.

"What, how is it possible? The Heavenly Dao of the Nine Dragons World should be controlled by my Heavenly Melody Mountain." Broken River said in surprise.

Yang Chen said: "The Lingtian Array of the Nine Dragons World should also be controlled by Heavenly Melody Mountain, but hasn't the Ancient Dragon Pattern Flag been taken away?"

"This ..." Broken River and the others exchanged glances, unable to deny it.

"However, the method of communicating with the Heavenly Eye is supposed to be unique to the secret teachings of my Grand Abyss Palace." Madame Autumn Plum took a deep breath.

"In the vast universe, there is nothing impossible. Just because the Grand Abyss Palace has it, doesn't mean other forces don't. The Netherworld can use the Gates of Life and Death to control an interface and communicate with the Heavenly Eye. In my view, it might not actually be something impossible." Yang Chen explained.

Upon hearing Yang Chen's explanation, Broken River and the others gradually began to find it reasonable.

Chapter 3242 Yang Chen's Doubts_1

"So, this is indeed what happened. Those from the Netherworld used the Heavenly Eye to observe us, seeing us spending a romantic night with these Snake-People servant-girls. They found an opportunity and immediately took action!" Broken River angrily said.

"However..." Madame Autumn Plum suddenly wanted to say something, but hesitated for a moment.

Yang Chen knew what Madame Autumn Plum was worrying about, and said, "Daoist Autumn Plum, just speak. I've already set up a prohibition for protection around us. Even if the Heavenly Dao's words could penetrate in, they could only see us, but couldn't hear what we would say, and they couldn't penetrate the sound transmission between us."

True, people always act while heaven watches, but for those of their cultivation level, some things could still be achieved by deception.

Upon hearing this, Madame Autumn Plum breathed a sigh of relief: "Daoist Yang Chen has really considered everything thoroughly. In that case, I'll be frank. I still don't understand one thing. Are these Netherworld Ghost Kings not lying in ambush nearby? Otherwise, even if the Netherworld Ghost creatures use the Heavenly Eye, it's not possible for them to be here so quickly."

"It's a valid point. These Ghost Kings might have been hiding around here all along. If so, the Snake-People, including Wind Emperor, still might not be free from suspicion." Broken River thought carefully and was filled with anger.

Dao Guang Wang clenched his teeth and said, "I knew from the start that the Wind Emperor had ill intentions. Those who are not of the same race must have different hearts."

"Dao Guang Brother, don't be too hasty to judge this matter. Currently, it seems these Ghost King experts could take action decisively and efficiently. The Heavenly Eye is one means of communication and secondly, there must be someone inside the Royal Family coordinating with them. Otherwise, these Ghost Kings would not have been able to enter the Royal Family so quietly for such a long time. However..." Yang Chen said.

Broken River and the other two listened to Yang Chen's opinions.

"In my opinion, the intention of the Snake-People's Royal Family itself is to obey humans. However, as an entity, the Royal Family cannot guarantee its complete loyalty. Who can?", Yang Chen said.

"So, Daoist Yang Chen means that there's someone with high virtue and prestige in the Royal Family, secretly plotting against us?" The three—Broken River, instantly understood Yang Chen's meaning.

Yang Chen nodded, "Yes, exactly. It was correct for Brother Gu to not pursue the Royal Family too much today. If we were to be too anxious to judge the right and wrong of the Snake-People's Royal Family now, it would be easy to startle the snakes. We can patiently investigate who is plotting against us."

"Yang Chen Brother is right. The enemy is in the dark, and we are in the light, we can't be too reckless," Broken River said with his hands behind his back.

The four of them discussed the matter, and the situation was much clearer.

"So, did Daoist Yang Chen choose to hide your strength because you knew we were being watched by the Heavenly Eye?" Broken River asked.

Yang Chen nodded, "Yes, I originally hid my strength to catch a big fish off guard, but I didn't expect that the person behind it would be so fiercely decisive."

Hearing this, Broken River and the other two couldn't help but feel embarrassed, their old faces flushed with embarrassment.

Although this was what happened, if it weren't for the fact that the three of them had been holding back too much, Yang Chen wouldn't have had to reveal his strength.

Yang Chen's disguise this time could have easily lured a big fish out.

At the same time, they couldn't help but admire Yang Chen's thoughtfulness. His concealment of his strength was indeed well-planned.

"When did Daoist Yang Chen discover that we were being watched by the Heavenly Eye?" Madame Autumn Plum asked, her beautiful eyes wide with surprise.

Yang Chen smiled faintly, "To be honest, I sensed it as soon as I entered the Nine Dragons World."

"What?!" Broken River couldn't help but be shocked.

Yang Chen said, "Don't laugh at me, but I developed this skill during my repeated encounters with the Grand Abyss Palace. The Grand Abyss Palace is extremely good at using the Heavenly Eye, so now when I'm targeted by the Heavenly Eye, I can almost instantly sense it."

Broken River and the other two couldn't help but feel a sudden realization, and at the same time, they envied and admired Yang Chen's ability to sense the Heavenly Eye. None of them had such talent.

"Anyway, we have to thank Daoist Yang Chen this time. For the matters ahead, we will still need Yang Chen Brother's help." Broken River said.

Yang Chen said, "Don't just rely on me, I'm still relying on everyone's kind words for my Slaughter God Spear affair."

"If that's the case, I won't be of much use to you, Daoist Yang Chen. In front of Master Absolute Yi Daozu, I can't speak much on your behalf. But there is one person who might be able to help you if you can find her." Broken River laughed.

"Who?" Yang Chen asked.

"It's Junior Sister Yue Fu, of course. Daoist Yang Chen may not be aware of this, but Junior Sister Yue Fu is the direct disciple of Master Absolute Yi Daozu. He dotes on her very much, and if she can put in a few good words for you, it would be more effective than what we can say." Madame Autumn Plum said with a smile.

Although the smiles of the three of them were a bit strange, Yang Chen became interested in Fairy Yue Fu.

Previously, his main goal was to find the Ancient Dragon Pattern Flag, while Fairy Yue Fu and the others were secondary.

Now, if Fairy Yue Fu can indeed put in a few good words for him, finding her becomes necessary.

"By the way, Daoist Yang Chen, who do you think is more likely to be the insider in the Royal Family?" Broken River asked.

Yang Chen wanted to bring it up, but upon careful thought, he decided not to say anything, "I'm not sure about this matter. We can only investigate further. For now, the top priority is to deal with the issue of the Heavenly Crystal Snake Spirit Tower."

"That's right, the Heavenly Crystal Snake Spirit Tower is the top priority now. We have to prepare carefully for the next three days." Broken River said.

Yang Chen just smiled slightly, and after discussing a few more points with the three, he simply waited for the three days to pass.

After returning to his residence, Yang Chen began to ponder.

In fact, he did suspect someone in the Royal Family of the Snake-People, which was the Crown Prince Mo Dao.

However, he didn't say it because his suspicion was a bit too arbitrary, and he couldn't just judge someone based on the odd look in their eyes.

Secondly, it was better to keep things under wraps in this situation.

"This Crown Prince Mo Dao..." Yang Chen thought silently, "If I can sneak near him without anyone noticing, I should be able to get some information. But his whereabouts must be heavily guarded, and there are many prohibitions. How can I approach him without making a sound?"

Chapter 3243 The Problem with Mo Dao (Ink Blade)!_1

Yang Chen pondered deeply in his heart.

Even though his skills were extraordinary, it was not easy to silently pass through multiple layers of restrictions and get close to someone.

The only certainty was his spacetime technique.

If the Crown Prince Modao was too arrogant about his restriction skills and did not pay close attention to his surroundings, then using his spacetime technique to pass through silently might work.

"But if I'm exposed, that would really alert the enemy. And if this Crown Prince is not problematic, it would be hard for me to explain." Yang Chen muttered to himself.

To act or not to act?

After a while, Yang Chen decided to take a risk and try.

First, he used the law protection to conceal the precise probing of the Heavenly Dao on him.

Then, he silently went out and headed towards the residence of Crown Prince Modao.

Upon arrival, Yang Chen indeed sensed the multiple layers of restrictions surrounding the area.

"So many forbidden array formations?" Yang Chen's expression turned cold, "If you didn't have something to hide, I wouldn't believe it."

These forbidden array formations were indeed ingenious, but they were futile under his spacetime techniques.

He reached his hand into the formation, unfolding spacetime law, and an opening appeared instantly. Yang Chen was then wrapped into it.

Afterwards, as Yang Chen entered the formation, the restrictions were instantly restored to their original state. From beginning to end, Yang Chen's actions were silent, without any trace of sound.

Immediately, Yang Chen passed through another layer of restrictions and finally arrived near Crown Prince Modao.

Upon arriving, there were even more restrictions.

"At this distance, if I attempt to advance further, I will still be discovered even if I have the spacetime law... Hmm? Got it!"

Yang Chen, as usual, stretched out his spacetime law.

Then, a small opening created by the spacetime law appeared.

Yang Chen sent his two souls through the small opening, reaching a corner near Modao.

"Hm?"

As soon as his soul entered, everything became clear in an instant. Yang Chen saw that, in the room protected by layers of restrictions, Modao was enjoying the service of a snake person servant girl. Their snake bodies entwined, it was obvious what the two were doing.

Yang Chen was not in a hurry, patiently waiting for the two to finish their tryst.

Because, wasn't this snake person servant girl one of those who had served in the Broken River?

The servant girl snuggled in Modao's arms and softly said, "Master, in the future, I only want to serve by your side, I don't want to serve those ugly humans again."

"Xiang'er, don't worry. After I finish my big plan, I will take you back." Modao smiled gently.

The servant girl named Xiang'er blushed instantly, extremely excited, "Thank you, Master."

Sharpness flashed in Modao's eyes and quickly disappeared, "Xiang'er, tell me, do those in Broken River have any suspicions about you? How did they let you come back?"

"They were suspicious of us before, but that human named Yang Chen seemed to have a soft heart, so he let us go. You don't know, master, I was so scared at that time, I thought I would never see you again in this life." Xiang'er acted coquettishly in Modao's arms.

Modao's eyes narrowed slightly, "So they still suspect you?"

"But I came back to you," Xiang'er said.

"Yes, as long as you're back." Modao spoke gently, "Xiang'er, remember, don't share these words with others, I only trust you."

Xiang'er nodded vigorously, "Xiang'er knows."

"Alright, you can go now," Modao said.

Xiang'er obediently got up and left.

But at the moment she turned around, Modao waved his hand and directly pierced through Xiang'er's body, making her eyes widen in disbelief.

She couldn't believe that her own master would attack her even until death.

Her body was completely torn apart, centering on the wound, and turned into nothingness.

Modao sneered, "With your body that has been defiled by humans, you thought you could marry me? Deluded. You don't even look at your own status. Xiang'er, if you want to blame someone, blame the fact that you knew too much. Even though the humans let you go, I can't let you off so easily."

Such a scene fell right before Yang Chen's eyes, who saw everything completely.

Seeing this, Yang Chen's lips curved slightly, his soul withdrew, and everything was clear in his heart.

Although he hadn't heard any useful information from the conversation between Modao and Xiang'er, he was certain of one thing - Modao was extremely suspicious.

Previously, he hadn't really thought about luring the snake out of the hole when he stopped Broken River from killing Xiang'er and the other snake servant girls. Unexpectedly, he stumbled upon such a scene.

If he had killed Xiang'er at that time, it might not have been possible to find out anything about Modao.

Yang Chen rubbed his eyebrows, "The situation in the Nine Dragons World is becoming more interesting..."

He didn't hurry to leave, waiting quietly for Modao to depart. Once he had done so, Yang Chen leaped and used spacetime to silently return to his original residence.

By that time, three days had passed.

Just as Yang Chen returned, the three from Broken River had already come to knock on his door.

"Brother Yang Chen, the three days have passed, and the people from the royal family have arrived. It's time for us to set off," said Broken River.

Yang Chen got up and opened the door, "Alright, let's go."

When they came out, Crown Prince Modao had already arrived, seemingly one step ahead of Yang Chen.

Yang Chen breathed a sigh of relief, feeling lucky that he had not been detected.

Now, Modao had a peaceful smile on his face, showing no signs of suspicion, and said, "Follow me, my father the king is waiting for you at the royal palace."

"Alright, let's set off," Broken River agreed.

Modao led the way, and in the blink of an eye, they arrived at the royal palace.

Wind Emperor saw Yang Chen and the others approach and quickly put on a flattering smile, "Master Gu, you're just in time. King Ming Cheng has also arrived. We'll set off now to the Heavenly Crystal Snake Spirit Tower."

Broken River glanced at King Ming Cheng and the others, all twelve of the Heaven-separated Realm had gathered, and coldly snorted, "Wind Emperor, lead the way, I'd like to see what's so special about your Heavenly Crystal Snake Spirit Tower."

Wind Emperor laughed apologetically and led a large group of snake people, laughing cheerfully as he took Yang Chen and the others to the Heavenly Crystal Snake Spirit Tower.

This time, the Wind Emperor personally accompanied them, as he still remembered the incident of Fairy Moon Fu and the other six from Heavenly Melody Mountain disappearing.

If he didn't accompany them this time and something went wrong again, his entire snake race wouldn't be enough for Heavenly Melody Mountain's punishment.

Thus, a grand procession set off and quickly arrived at a tower coiled by a giant snake...

Chapter 3244 Wan Huaruo_1

This towering tower, meticulously constructed, has a purple color. Every inch of its tiles and bricks seems to be delicately carved.

Originally, with the arrogance of Broken River, King Ming Cheng, and others, they didn't care about the appearance of such small groups of snake people.

But when they came here, their attitude changed greatly.

Because upon close observation, they could find a mysterious and long-standing qi emanating from the Heavenly Crystal Snake Spirit Tower.

This qi is very mysterious, but it attracts all of them, as if there is something rare and precious inside the Heavenly Crystal Snake Spirit Tower.

"This Heavenly Crystal Snake Spirit Tower is interesting," Dao Guangwang and Madame Autumn Plum said calmly after examining it.

"We have arrived." At this time, Wind Emperor also smiled amicably and landed first. The other powerhouses also landed in front of the Heavenly Crystal Snake Spirit Tower.

As everyone landed, suddenly, the ancient pool in front of the Heavenly Crystal Snake Spirit Tower began to rumble and churn as if something unusual was happening.

Everyone had already noticed the pool water, but their attention had been drawn to the Heavenly Crystal Snake Spirit Tower. They hadn't been paying attention to the scene in the pool.

Now that the pool was showing unusual signs, everyone couldn't help but look over, not knowing what had happened.

In the pool water, a girl-like jade arm stretched out. After that arm, followed by splashing water droplets, a woman with a delicate and perfect figure, wearing a bright red dress, appeared in everyone's sight.

This woman appeared to be twenty-five or twenty-six years old, with a perfect figure. Her proud chest stood, and she was barefoot as she came out of the water. Everyone couldn't help but be amazed at her stunning beauty.

Everyone present had seen many beauties before, but someone like this woman was truly rare in the world.

With her beauty as one of the reasons, the key thing was the noble and elegant demeanor she exuded with every frown and smile, and the hint of allure within that elegance, which made one unable to resist the urge of desecration.

Almost all the men present had fleeting thoughts of desecration when they saw this woman, even Yang Chen.

Among the crowd, Mo Dao's reaction was the strongest.

Mo Dao looked at the woman with longing in his eyes, clenched fists, and a hidden craziness. However, he quickly concealed it.

Everyone inhaled sharply at this unexpected display, the most surprising thing being that this woman had two legs.

As they wondered, the red-skirted woman walked over with a twist of her waist and gave a soft and charming smile: "Brother Wind Emperor."

Wind Emperor also came out of his trance and then introduced amicably: "I forgot to tell everyone, this is the guardian of our Heavenly Crystal Snake Spirit Tower, Wan Huaruo."

Wan Huaruo smiled and said: "Huaruo has met all the Daoist friends present."

"The guardian of the Heavenly Crystal Snake Spirit Tower?" A few Sky Separation Realm experts unconsciously said the words, their eyes never leaving Wan Huaruo's body.

Wan Huaruo's cultivation had reached the high level of the Sky Separation Realm, and she had been cultivating for a certain number of years. With deep composure, she was not affected by the others' gazes.

"Since the beginning of the creation of the Heavenly Crystal Snake Spirit Tower, there must be a guardian to prevent mishaps. I am the first generation guardian, and I have been guarding it since then," Wan Huaruo said gently.

Yang Chen looked at Wan Huaruo, squinting his eyes.

This Wan Huaruo was probably not simple, and he rarely evaluated a person like this. The main reason was that this person gave him an extraordinary feeling.

It seemed that among the Ten Thousand Realms, even those small groups could hardly say whether some powerful characters would be born.

Like Xuan Jie, who had been cultivating in a realm for millions of years, there were not many.

"Lady Wan should also be a snake person, so why doesn't she have a snake body?" King Ming Cheng asked.

Wan Huaruo giggled: "In fact, the snake people are also humans, just with different bloodlines. Huaruo has just awakened her human bloodline. However, there are very few people in the clan who can do so; in countless years, only five people have achieved it."

"So that's how it is..." King Ming Cheng stood with his hands behind his back. If other snake people claimed to share the same bloodline with humans, he would definitely be unhappy. But it was different when Wan Huaruo said it.

He happily said, "Lady Wan, are you interested in joining our Grand Abyss Palace? I, King Ming Cheng, don't mind being a guide."

King Ming Cheng offered his goodwill immediately, and even as a guide, it was a great honor. After all, many Sky Separation Realm experts wanted to join the Grand Abyss Palace, but how many could actually succeed?

Everyone knew that King Ming Cheng was showing his goodwill to Wan Huaruo, and they couldn't help but sigh, muttering that they had lost their chances. With King Ming Cheng offering this opportunity, how could Wan Huaruo refuse?

But Wan Huaruo just smiled brightly and said, "Your Excellency, I appreciate your kindness, but I have been guarding this pool for countless years and have gotten used to it as my home. I really don't want to go anywhere else."

Hearing this, King Ming Cheng couldn't help but feel angry.

It was rare for someone to refuse his proposal.

But he could not bring himself to be angry at Wan Huaruo. Instead, he replied with a forced smile, "Alright, Lady Wan, you can think about it some more, and let me know if you change your mind."

Broken River sneered: "Mingcheng friend, Lady Wan has already stated her attitude once. What shamelessness. Lady Wan, we want to enter the Heavenly Crystal Snake Spirit Tower. Since you are the guardian, please tell us what's special about this tower. We intend to go to the top and retrieve the Ancient Dragon Pattern Flag."

King Ming Cheng felt humiliated and annoyed when Broken River scolded him angrily. However, now that he had heard Broken River's words, he regained his interest and stared at Wan Huaruo, waiting for her to speak.

Wan Huaruo smiled gently, "If you all wish to enter the Heavenly Crystal Snake Spirit Tower, Huaruo has no objection. When our Ancestral Founder left this tower, he never excluded humans from coming. He even said that humans and snake people are of the same race. However, I have to tell you that while I can guarantee the inheritance left by the Ancestral Founder in the Heavenly Crystal Snake Spirit Tower, I cannot guarantee the Ancient Dragon Pattern Flag's authenticity. At least, in the countless years I've guarded this place, those who tried to plot against it were eliminated by me."

Hearing this, many people gasped and looked at Wan Huaruo's sudden display of coldness, knowing that this woman was probably not to be trifled with.

"Besides, the Heavenly Crystal Snake Spirit Tower is not something easy to enter. In the countless years of our clan, no one has ever reached the top of the tower. The highest anyone has reached is only the ninth floor!" said Wan Huaruo.

Chapter 3245: King Ming Cheng Begins_1

"Which noble expert was the one that reached the eighth floor?" Yang Chen asked curiously.

He had previously heard Mo Dao and Wind Emperor mention that a snake person expert reached the ninth floor, their expressions full of admiration. It wasn't hard to guess that the difficulty of the ninth floor must be extraordinary.

Upon hearing this, Wan Huaruo glanced at Yang Chen and smiled. "To be honest, I don't mind if you all laugh, but the person who reached the ninth floor was me."

When the conversation ended, everyone was slightly surprised.

Wind Emperor laughed out loud, "Although I have some abilities, I can only reach the sixth floor. Compared to Sister Huaruo, I am ashamed."

Wan Huaruo spoke gently, "Brother Wind Emperor is joking, the Heavenly Crystal Snake Spirit Tower isn't a standard to measure one's strength."

Upon hearing Wan Huaruo's words, Wind Emperor had a bit of face-saving, but deep down, he was very aware of Wan Huaruo's strength.

Yang Chen also had a friendly expression and was able to tell that Wan Huaruo's strength level.

However, this did not deter the powerful people present. King Mingcheng, for example, only grew more inclined to conquer the tower. At least, no one believed that they'd be worse than a woman like Wan Huaruo.

King Mingcheng immediately said, "In that case, I'll take the lead and try this Heavenly Crystal Snake Spirit Tower and see what's so powerful about it!"

"Daoist Friend Mingcheng seems quite confident; it seems you have some certainty. However, according to the rules, before entering the tower, you need to pay respects to our snake people ancestor monument with three bows. After that, you'll take the Stone Snake test," Wan Huaruo explained peacefully.

Asking King Mingcheng to bow three times to the snake people's monument made him somewhat displeased.

But after all, it was a rule. Furthermore, with Wan Huaruo present, he didn't mind too much. He walked to the entrance of the Heavenly Crystal Snake Spirit Tower, where the snake people ancestor monument was.

The snake people ancestor had a half-snake half-human figure.

King Mingcheng bowed respectfully three times.

“Alright, I’ve bowed. Lady Wan, what is this Stone Snake Test you mentioned earlier? If we fail the test, will we not be allowed in?” King Mingcheng asked.

Wan Huaruo glanced at King Mingcheng’s insincere bows and shook her head, smiling. “The Stone Snake Test was a rule handed down by our ancestors. Before entering the Heavenly Crystal Snake Spirit Tower, you must strike the Stone Snake once. The Stone Snake will then spit out three types of spheres—stone, gold, and jade balls.”

“What’s the difference between these three balls?” one of the Heaven-separated Realm experts asked.

“If you can only hit out a stone ball, it means that you can probably only reach the first three floors. If a gold ball is spat out, it means you’re confident in breaking through the first seven floors. As for the jade ball, it means that you are confident in breaking through the seventh-floor and even higher ones,” Wan Huaruo replied with a smile.

“Is this test really that accurate without any deviation?” someone inquired.

“Almost no deviation.” Wan Huaruo replied softly, full of confidence.

Many of the Sky Separation Realm experts became astonished.

“What is the purpose of the Stone Snake Test?” Yang Chen asked.

“The Stone Snake Test is meant to let those with insufficient strength to know their limits and retreat. Each time the Heavenly Crystal Snake Spirit Tower is opened, a large amount of resources are consumed. If many people frequently come to challenge it, it would create a great problem for us, too. Thus, the Stone Snake Test saves us a lot of effort. Of course, you don’t have to believe it. You can try it for yourself even if the test doesn’t spit out ten balls. My snake people sect is very welcoming,” Wan Huaruo said gently.

King Mingcheng stepped forward and looked at the Stone Snake.

The craftsmanship of the Stone Snake was special. It looked like it was made of stone, but if you looked closely, you could see the exquisite details within the crystalline pieces embedded in the stone.

King Mingcheng slowly said, "If I were to destroy this Stone Snake with one strike, Lady Wan wouldn't blame me, right?"

"If Daoist Friend can do that, Huaruo would be more than happy," Wan Huaruo said, covering her mouth with a light laugh.

King Mingcheng gazed at Wan Huaruo's alluring smile and felt his heart flutter, his desire to show off increased.

"Alright, in that case, I'll make Lady Wan happy once." King Mingcheng suddenly gathered the Power of Laws in his palm and struck out.

He hit the Stone Snake with his full strength, without holding back.

As the palm struck, a storm swept, causing a turbulent force. The earth trembled slightly, and the wind blew in all directions.

The numerous powerful people present looked on, gasping at King Mingcheng's impressive display of strength. They had to admit that King Mingcheng's strength was remarkable. With that one strike, many Heaven-separated Realm experts had to ask themselves if they would be able to withstand his blow.

King Mingcheng was also very satisfied with his own strike, but the results left him disappointed.

His one strike, if wielded in all seriousness, could destroy nearly half of an interface.

However, now that it had collided with the Stone Snake, he found that it remained intact, without any damage.

Only a short moment later, the Stone Snake's mouth clanked, making a series of sounds as it spit out stone balls one by one.

The stone balls fell into the pool water with a splash, causing ripples.

Everyone looked and saw a strikingly vivid translucent jade ball.

Many experts from the Grand Abyss Palace looked pleased, believing that King Mingcheng would be able to reach the tenth floor in one go since he had hit out a jade ball.

King Mingcheng burst into laughter: "The Stone Snake spat out a jade ball, which means I have the ability to reach the tenth floor."

Wan Huaruo spoke softly, "I suppose I should congratulate you."

"Humph, Lady Huaruo, thank you for the congratulations in advance. I am confident in my own strength. Just wait for my good news, Lady Huaruo," said King Mingcheng, full of arrogance. He wouldn't back down that easily, and just like that, he directly entered the Heavenly Crystal Snake Spirit Tower.

Wan Huaruo didn't stop him, just gave a gentle smile. She only lightly waved her hand, and the pool water suddenly revealed several scenes.

The scenes seemed to be images inside the Heavenly Crystal Snake Spirit Tower.

However, these images only focused on the entrance to the next floor and didn't reveal what was happening with King Mingcheng inside the Heavenly Crystal Snake Spirit Tower.

"Can't we see what's happening inside the tower with King Mingcheng through this pool of water?" another Grand Abyss Palace expert asked.

“Daoist Friend should have his secrets. Without his permission, I naturally wouldn’t want everyone to see. However, with this image, you all can still roughly judge which floor Daoist Friend Mingcheng has reached,” Wan Huaruo explained.

Hearing this, the people of the Grand Abyss Palace had no objections. After all, if their trump card was revealed, it would be disadvantageous for them as well.

The images in the pool water appeared clear, and it didn’t take long to see King Mingcheng smoothly entering the second floor.

Chapter 3246 Yang Chen’s Outcome?_1

In the first few levels, boundaryless cultivation was enough to pass, and of course, it was not a problem for King Ming Cheng.

King Ming Cheng effortlessly passed the first three rounds, and the test was easy for him without much effort.

However, when it came to the fourth level, the difficulty increased slightly.

But still, King Ming Cheng didn’t encounter much pressure; it just took a bit longer than the previous three levels.

Overall, there were no major issues.

Just like this, King Ming Cheng effortlessly passed the fifth level without any obstacles.

But when he reached the sixth level, King Ming Cheng seemed to encounter difficulties and spent five times the usual time to barely pass.

Then, the time spent on the seventh level was even longer.

It took him a full eight days to get through the eighth level.

It was obvious that King Ming Cheng had exerted a great effort to barely pass the eighth level.

Afterward, he couldn't last long in the ninth level, and the pool water screen disappeared completely.

"What happened? Why did the screen disappear?" many powerful beings asked.

Wan Huaruo calmly replied, "Daoist Ming Cheng has failed in the ninth level and has left the Heavenly Crystal Snake Spirit Tower."

"How is it possible that King Ming Cheng ranked lower in this Heavenly Crystal Snake Spirit Tower than you?" Quite a few people in Grand Abyss Palace were unable to accept this.

Wan Huaruo was able to pass the ninth level, but King Ming Cheng only passed the eighth level and failed in the ninth level. Wasn't that worse than Wan Huaruo?

Wan Huaruo spoke softly, "This might be because I have guarded the Heavenly Crystal Snake Spirit Tower for many years. It does not mean that Daoist Ming Cheng is weaker than me."

Upon hearing this, a group of powerful beings in Grand Abyss Palace felt somewhat relieved.

However, Yang Chen noticed Wan Huaruo's extraordinary composure.

Wan Huaruo was humble, but it didn't mean she was weak. Was her superior performance in the Heavenly Crystal Snake Spirit Tower truly due to her guarding it for years?

Yang Chen secretly shook his head.

That was absolutely not the case.

This woman was quite mysterious.

But that had nothing to do with him. In all places, there were powerful beings. There was still much he didn't understand about the vast Ten Thousand Realms.

He was now more curious about the Stone Snake's test, which seemed quite accurate in predicting how far King Ming Cheng could go in the tower.

In an instant, Yang Chen became more interested in the Stone Snake, feeling that it was somewhat familiar as if he had seen it somewhere before.

At this moment, there was some movement at the entrance.

King Ming Cheng came out of the Heavenly Crystal Snake Spirit Tower with a dejected look on his face, having genuinely failed.

Upon seeing this, Broken River revealed a smile, feeling even more delighted.

King Ming Cheng's return was accompanied only by a sentence, "Sir, this Heavenly Crystal Snake Spirit Tower is indeed amazing. I have tried my best."

When the conversation ended, he returned to his original position, expressionless without any more words.

After all, the fact that he could not pass had caused him to lose face.

Broken River laughed, "Daoist Ming Cheng, it seems that you were too confident and couldn't pass this Heavenly Crystal Snake Spirit Tower."

King Ming Cheng sneered, "If Friend Gu is truly confident, why not try the power of Heavenly Crystal Snake Spirit Tower and see if you can surpass my result."

Broken River had only intended to mock King Ming Cheng, but was now challenged by him.

Feeling that the Stone Snake test didn't determine one's strength absolutely, he had the intention to try.

"Hmph, I will give it a try." Broken River stepped forward, first giving the same three bows, and then struck the Stone Snake with a palm.

Broken River's strength was also well-known outside. He was considered an old master, and almost all the three great factions were well aware of him.

As he struck the palm, a strong wind erupted, showcasing immense power.

However, the power was obviously weaker than King Ming Cheng's.

Moments later, the Stone Snake spat out a golden sphere, which fell into the pool water.

Many powerful beings in the Grand Abyss Palace sneered, "Master Gu doesn't seem to be that great, only getting a golden sphere."

The golden sphere merely represented the ability to reach between the third and seventh levels, which was far inferior in comparison to King Ming Cheng's jade sphere.

Seeing this, Broken River's eyebrows furrowed slightly with displeasure, as he didn't expect that he would fall short of King Ming Cheng in the Stone Snake test.

Yang Chen silently concluded that the so-called Heavenly Crystal Snake Spirit Tower's strength didn't necessarily play a decisive role, and Wan Huaruo's reassurance was just that.

Broken River was indeed weaker than King Ming Cheng. Wan Huaruo was indeed profound and unfathomable.

Broken River, of course, wouldn't believe in such an evil fate now. Seeing people ridicule him, he sneered and said, "Hmph, what Stone Snake test? Pretending to be mysterious, today I will break this rule."

After Broken River finished speaking, he stepped inside the Heavenly Crystal Snake Spirit Tower.

As for the Tower challenge, Broken River was struggling fiercely. But the result was the same as before.

About ten days later, Broken River emerged from the Heavenly Crystal Snake Spirit Tower with a heavy expression, having only reached the seventh level and failed in the eighth.

The test of the golden sphere was still accurate.

Many people laughed at Broken River as he emerged from the Heavenly Crystal Snake Spirit Tower. The people in the Grand Abyss Palace, including King Ming Cheng, laughed as well.

King Ming Cheng regained his face. Although he had not reached the top of the Heavenly Crystal Snake Spirit Tower, compared to Broken River, he was in a different league entirely.

Subsequently, King Ming Cheng felt even more satisfied with the result.

After Broken River returned, he became subdued, knowing that his achievement wasn't extraordinary, and didn't say much. Other people eagerly came forward in succession.

In the end, everyone got a golden sphere, and the results in the Heavenly Crystal Snake Spirit Tower were very poor. The fifth and sixth levels were common, and the seventh level was rare. There wasn't even a single person who reached the eighth level like King Ming Cheng.

This caused King Ming Cheng to laugh heartily. His achievements had made him feel disgraced earlier, but now, his position became unattainable and unreachable to others.

This alone proved the strength of King Ming Cheng, hardly allowing anyone to question it.

Moreover, it is worth mentioning that the golden sphere's test was flawless. All of them had failed before reaching the eighth level.

Many people gave up after getting a golden sphere, too lazy to waste any more time.

Finally, after about halfway through the testing, Yang Chen felt that it was about time and didn't want to waste more time. He said, "I'll give it a try."

Chapter 3247 Success, Tenth Floor_1

Seeing Yang Chen step forward, the expressions of many people in the Grand Abyss Palace became serious.

Many people were still unclear about Yang Chen's strength, but they knew that his past achievements were incredibly astonishing and not to be underestimated.

Now, as they saw Yang Chen step out, almost the entire scene turned their eyes to him.

Especially King Ming Cheng, who stood with his hands behind his back, observing Yang Chen. For a moment, there was a subtle pressure, but he soon snorted coldly.

With his accomplishments, so many Heaven-separated Realm cultivators couldn't break through, so how could Yang Chen? Absurd.

When Yang Chen stepped out, he glanced at Wan Huaruo, nodded slightly, and walked in front of the Snake Clan Ancestor's stele to bow three times respectfully.

His attitude was neither too humble nor too proud, not wholehearted, but not hypocritical either. After all, he and the Snake Clan Ancestor were complete strangers.

Now, when he came to the Stone Snake again, Yang Chen brewed his palm strength without any delay, and in a moment, a fierce palm strike was launched.

With this palm, Yang Chen compressed the power of his Five Elements Turn Heaven Palm within his palm.

Rumble!

Deafening noises echoed in all directions, lingering for a long time.

As dust rose in the air, Yang Chen narrowed his eyes and looked at the Stone Snake that he had just struck, feeling somewhat surprised in his heart.

He had felt, just now, that this Stone Snake seemed familiar, not because he had seen something similar elsewhere, but because the hardness of the Stone Snake reminded him of the Asura Soul Bodies.

Unbreakable and exceptionally sturdy.

However, he couldn't be sure at first.

But now, as he struck the Stone Snake, he found it strikingly similar to striking an Asura Soul Body, which genuinely surprised him.

He didn't think it was a coincidence. There must be some connection between this Stone Snake and the Asura Soul Body.

As Yang Chen was lost in his thoughts, the Stone Snake suddenly wriggled, spitting out a jade sphere.

The jade sphere rolled out, making a splash as it fell into the pool water.

Seeing this, numerous powerful people from the Grand Abyss Palace couldn't help but gasp. Yang Chen had achieved the same result as King Ming Cheng, spitting out a jade sphere.

Naturally, this made people extremely uneasy, for before, only King Ming Cheng had achieved such a feat. No one could surpass him.

But now, Yang Chen had done the same.

"It's also a jade sphere, just like King Ming Cheng," the three Broken River people rejoiced.

Indeed, it was the same.

But for Wan Huaruo, it wasn't that simple.

Was it really the same?

Wan Huaruo had been watching closely, and she could almost distinguish it very clearly.

Though the difference between the jade spheres was subtle, having observed for so many years, she knew very well that Yang Chen's strike just now was not on the same level as King Ming Cheng's.

This guy...

Wan Huaruo couldn't help but grow interested in this quiet character.

"May I know your name, Daoist Friend?" Wan Huaruo asked softly.

Yang Chen replied, "Yang Chen."

Wan Huaruo silently remembered the name and smiled, "Brother Yang Chen, please go ahead."

Yang Chen didn't hesitate, stepping forward and entering the Heavenly Crystal Snake Spirit Tower.

Upon entering the Heavenly Crystal Snake Spirit Tower, the world inside underwent a sudden change, filled with smoke and gunpowder.

However, everything looked the same in Yang Chen's eyes. What concerned him most was what kind of tests awaited him in this tower's world.

As he was astonished, he saw countless Stone Snakes crawling on the ground, hissing and slithering towards him.

"Stone Snakes?" Yang Chen stood with his hands behind his back, his expression unchanged.

The Stone Snakes didn't seem fast, so he swung a hand and struck directly at their bodies.

One by one, the Stone Snakes disintegrated under his hand.

After slaying these Stone Snakes, Yang Chen felt a little strange, but his expression remained unchanged as he rushed to the Second Floor.

Upon arriving on the Second Floor, there were more Stone Snakes than before, but their speed remained the same.

As for their defense, it was still completely resolved with one strike from Yang Chen.

Afterward, the Third Level, Fourth Level, Fifth Level...

Yang Chen went through them smoothly. These Stone Snakes didn't even stand a chance in his hands and were all killed with his extremely fierce methods.

Gradually, Yang Chen understood.

No wonder only those who didn't hide their strength could have their final results roughly inferred from the jade, gold, and stone spat out by the Stone Snakes outside the Heavenly Crystal Snake Spirit Tower.

It was because the Stone Snakes inside the tower were not a threat because of their speed. Their strength lay in their defense.

If you couldn't use an overwhelmingly powerful method to shatter these Stone Snakes, then even if they were slow, they would pose a threat to you sooner or later.

Keep in mind that the longer the delay lasts, the more Stone Snakes will spawn in the entire space. Once the number of Stone Snakes reaches a certain point, even if your other skills, such as agility and defensive ability, are strong, you will eventually be overwhelmed by the Stone Snakes.

Taking shortcuts was obviously a bit far-fetched.

So, the test of power by the Stone Snakes outside could almost determine which floor the cultivators could reach.

Just as Yang Chen realized this, he went straight ahead without holding anything back. With his swift and decisive methods, he went unimpeded all the way to the eighth floor.

When Yang Chen reached the Eighth Floor, many cultivators couldn't help but sweat nervously.

Among them, King Ming Cheng was the most nervous.

King Ming Cheng was becoming more and more at a loss. He knew exactly how much time he had spent and how many methods he had wasted reaching the Eighth Floor, almost giving it everything he had.

However, the time Yang Chen had spent to reach the Eighth Floor was almost half of his own, not to mention that Yang Chen seemed to be much more at ease.

Wan Huaruo was the only one who could observe the situation of Yang Chen inside the Heavenly Crystal Snake Spirit Tower.

"His strength is indeed formidable. He should be able to reach the same level as I have. I just don't know if he can surpass me with another layer." Wan Huaruo thought with genuine curiosity.

At this time, Yang Chen had already broken through the Ninth Floor and entered the final floor, the Tenth Floor, of the Heavenly Crystal Snake Spirit Tower, achieving the same feat as King Ming Cheng.

"This Yang Chen is really amazing..." Broken River muttered.

He had never known how strong King Ming Cheng really was and held some fear towards him. But now, it seemed that Yang Chen's strength was definitely no less than his.

Moreover, from Yang Chen's current momentum, it seemed that he would continue to break through and reach an even higher level.

Everyone present was experienced, and they wouldn't fail to notice this.

As expected, it was as they thought.

Ninth Floor, Yang Chen, one day!

Only one day! Yang Chen successfully broke through and entered the last floor, the Tenth Floor of the Heavenly Crystal Snake Spirit Tower!

Chapter 3248 Mysterious Giant Egg_1

Upon entering the tenth floor, the pupils of everyone present contracted, their hearts trembling, and they gasped in awe.

Apart from Wan Huaruo, who was the first to enter the tenth floor and ultimately failed.

Now, another man has successfully set foot in this domain.

Wind Emperor sighed with emotion, shaking his head: "Heavenly Melody Mountain and the Grand Abyss Palace, truly worthy of being the top human forces. In so many years of my Snake Clan's Heavenly Crystal Snake Spirit Tower, only Wan Huaruo has entered. Now that humans have come only once, someone has entered the tenth floor."

Many Snake people also sighed with emotion, while Crown Prince Modao had a gloomy face, not knowing what he was thinking.

Now, in the tenth floor, Yang Chen saw an ancient palace.

This palace was filled with the air of ages and dust, as if the dust had been here for countless years.

Golden light flickered in the palace, and treasures appeared every now and then. In front of the palace, a gigantic stone snake suddenly emerged from the soil on the ground.

There was only one stone snake, but its size was several times larger than the ones on the previous nine floors, hissing and flickering its tongue as if it were real.

Seeing Yang Chen, this stone snake directly attacked him, and in an instant, its snake body was about to wrap around Yang Chen to suppress him.

Seeing this, Yang Chen would not let it succeed so easily. With a flash, the Space-Time Law unfolded, and he dodged the stone snake's attack on the spot.

Then, Yang Chen's attack came down like a thunderbolt. A Five Elements Turn Heaven Palm fell from the sky, pressing heavily upon the giant stone snake's body.

This palm pressed the stone snake to the ground, but it did not destroy its body.

According to Yang Chen's past experience,

simply suppressing this stone snake would be of no use. It has to be killed, thoroughly destroying the ancient snake before victory can be achieved.

Before that, the more he delayed, the more stone snakes around him would appear.

Like right now.

Originally, there was only one stone snake in the entire scene, but in the blink of an eye, several small stone snakes jumped out from all directions, heading towards Yang Chen.

Yang Chen knew well that if he did not use his means to destroy the large stone snake, the smaller ones would multiply.

Seeing this, he hesitated no longer.

The Nine Heavens Wind and Thunder Sword rushed towards him with a whistling sound, striking the stone snake's body with a slash.

But with one blow, it was like hitting steel with an accompanying clang noise, sparks flying, but the stone snake showed no damage.

"What a sturdy body," Yang Chen's expression darkened. "In that case, let's try something else."

Yang Chen gathered several hundred Deathly Silent Black Winds from the distance, their hissing sounds approaching. These black winds immediately surrounded the stone snake and launched various attacks.

The stone snake was indeed suppressed by Yang Chen and struggled to move, but Yang Chen's various means only barely cracked its defense.

"It's so sturdy, only a little bit is broken, it's not enough, still not enough..." Yang Chen gritted his teeth, "It seems I have to show you the big guy."

When the conversation ended, Yang Chen clenched his fist.

"Way of Ten Thousand Laws Embryo, open!"

Strengthen the Five Elements, condense.

With the strengthening of the Five Elements Laws, Yang Chen's palm rolled like thunder, launching a new Five Elements Turn Heaven Palm. After being strengthened by the Ten Thousand Law Dao Embryo, the power was earth-shattering. With one palm strike, it hit the stone snake's body hard.

Boom boom boom ...

Although they couldn't see the scene inside the ancient pool from the periphery, they could sense the intensity of the battle through the images at the edge.

"What's going on?"

"Did we win?"

"Did Yang Chen fail or succeed?"

"Now I'm curious about what's inside the Heavenly Crystal Snake Spirit Tower."

Wan Huaruo also witnessed this scene. Others didn't know, but when Wan Huaruo saw Yang Chen's actions, each strike was utterly astonishing.

Especially when the thunderous strike just now landed, her pupils contracted: "Way of Ten Thousand Laws Dao Embryo? Is there hope now?"

She sensed very clearly that Yang Chen was using the power of the Way of Ten Thousand Laws Dao Embryo. If even the Way of Ten Thousand Laws Dao Embryo at the pinnacle of the universe couldn't succeed, she really couldn't imagine what else could kill this ancient snake within the heaven-separated realm cultivation level.

Now, as Yang Chen's palm fell, its momentum was earth-shattering.

When the palm completely swept down, even the numerous strong people outside the Heavenly Crystal Snake Spirit Tower were suddenly shocked!

The camera angle changed, and as Yang Chen looked at the stone snake and his own palm strike, his pupils contracted: "How is it still intact? How is that possible?"

However, just when he thought so, the intact stone snake cracked and crumbled at the moment.

Seeing this, Yang Chen sighed in relief. If even the Way of Ten Thousand Laws Dao Embryo couldn't solve it, he couldn't think of another way to pass the tenth floor.

It was precisely after the stone snake shattered, Wan Huaruo's delicate body trembled, and her beautiful eyes showed a brilliance beyond usual.

Meanwhile, Huan Ye Ming Wang, who was far away in a temple, also sensed the situation here using the Heavenly Eye.

"What a Yang Chen, actually passing the tenth floor. In that case, he should be able to obtain that treasure. Hehe, this treasure seems to be related to that mysterious group from a long time ago. With this treasure, I can definitely receive Lord Yan's reward when I return. As for now, let's just snatch the treasure first!"

When the conversation ended, Huan Ye Ming Wang stood up and disappeared on the spot as he moved quickly like the wind.

As for the current Yang Chen, after killing the stone snake, he stepped forward and entered the great hall.

"What exactly is in this great hall?" Yang Chen was getting more and more curious.

It was meaningless to set up so many barriers just for a heaven-appointed realm inheritance. After all, the heaven-appointed realm was not on the same level as the heavenly extreme realm.

Yang Chen even thought that this so-called Snake Clan Ancestor was making a fuss over nothing if it was just for an inheritance.

Now, as he carefully entered the great hall, Yang Chen looked around.

A secret manual, and a giant egg.

This giant egg was different from ordinary eggs, placed on the table like a dough kneaded into a lump, very strange.

Yang Chen was extremely curious about this giant egg because when he conducted divine soul detection, he could clearly sense an incredibly powerful life force within the egg!

This life force proclaimed the uniqueness of a group, at least humans could hardly have such vitality when they were young.

But now the giant egg didn't seem to have any powerful parts, and yet this life force was so strong that it made people tremble.

"This giant egg is quite weird..." Yang Chen shook his head: "Never mind, let's not worry about other things for now. At least for now, it's clear that the Ancient Dragon Pattern Flag being placed on the tenth floor is indeed a rumor!"

Chapter 3249 Wan Huaruo's Sound Transmission?_1

As he had suspected earlier, his journey led him to become even more certain of this fact.

If people in the Heaven-appointed Realm couldn't enter, trying to secretly get past Wan Huaruo's watchful eyes and enter here with the Heaven-separated Realm strength would be wishful thinking.

The Ancient Dragon Pattern Flag was just a cover. The person who deliberately led them here had other intentions in mind.

"These two items should be the most precious things in the Heavenly Crystal Snake Spirit Tower. Everyone who enters the Heavenly Crystal Snake Spirit Tower has them as their goal." Yang Chen said with his hands behind his back, "So, is the person who deliberately led us to the Heavenly Crystal Snake Spirit Tower after these two items?"

Under Yang Chen's careful observation, he first opened the secret manual.

Upon reading it, he found that the secret manual contained the inheritance secret art left by the Snake Clan Ancestor.

However, unfortunately, with Yang Chen's current perspective, he didn't find it impressive at all. Although there were indeed some good secret techniques inside, compared to the time spent cultivating them and the effects of the techniques themselves, they just weren't practical.

Of course, it's not that the secret manual was completely useless. It's just that it seemed unworthy considering the difficulty of the Heavenly Crystal Snake Spirit Tower.

"It's unlikely that these people's goal is the secret manual. It's meaningless to plot for its inheritance effect. So...are they plotting for this giant egg?" Yang Chen secretly wondered.

This giant egg was indeed strangely mysterious. Even with his current knowledge and experience, he could not determine its true nature.

Yang Chen shook his head and stopped thinking about it. He grabbed the giant egg with one hand and planned to store it in the Demon God Tower, leaving his Emperor Divine Tools to watch over it.

However, the moment he held the giant egg, Yang Chen hesitated.

"This thing is absorbing my laws?" Yang Chen was suddenly surprised. Luckily his laws were rich, or the speed at which the giant egg absorbed them would be too much for him to handle.

Yang Chen felt even more uncertain about the nature of this giant egg.

At the moment, there were only two items in the main hall. Aside from these two items, there was nothing else.

Yang Chen shrugged. Seeing no other items, he naturally didn't linger. He quickly got up and left.

When he left the Heavenly Crystal Snake Spirit Tower, numerous pairs of eyes were focused on him.

Everyone knew that Yang Chen had successfully passed the tenth floor of the Heavenly Crystal Snake Spirit Tower and obtained the inheritance treasure.

Especially the Wind Emperor, Crown Prince Modao, and Wan Huaruo. Their expressions were completely different when looking at Yang Chen now.

"I can't believe the treasure that my clan has been unable to obtain for so many years has been seized by a human, Brother Yang Chen. I really want to know what our ancestor left behind." The Wind Emperor sighed.

Modao looked cold. He quickly hid his emotions and returned to his usual calm demeanor.

At present, the people from the Grand Abyss Palace looked frustrated, grinding their teeth when looking at Yang Chen. After all, their rival had stolen the treasure before them, and no one would be happy about that.

"Yang Chen, did you find the Ancient Dragon Pattern Flag?" A man from the Grand Abyss Palace couldn't help but ask.

Yang Chen didn't respond. There was no need to respond to the people of the Grand Abyss Palace.

He returned to the crowd and exchanged a glance with Broken River and the others.

Broken River couldn't help asking. In order to avoid the public notice, he cleverly used sound transmission to ask the question privately.

"Brother Yang Chen, did you find the Ancient Dragon Pattern Flag?" Broken River and the other two people asked.

Yang Chen remained calm and replied indifferently, "No, we were deceived. The Ancient Dragon Pattern Flag is not in the Heavenly Crystal Snake Spirit Tower at all. The people who made us attempt the tower have other purposes."

"What!" Broken River and the others looked at each other in disbelief.

Although their expressions were somewhat displeased, none of the four could be seen revealing any emotions on their faces.

Watching them, the people of the Grand Abyss Palace were anxious and itching to know the answers.

Whether Yang Chen had obtained the Ancient Dragon Pattern Flag or not was now a mystery to them.

"Congratulations, Brother Yang Chen."

At this moment, Wind Emperor and Crown Prince Modao came forward, smiling: "Brother Yang Chen is truly extraordinary, actually obtaining the treasure left behind by our Snake Clan ancestor."

"It's just luck. Now that it's over, we can go back, right?" Yang Chen said.

"Of course!" Wind Emperor replied, "I will arrange it right away. Elder Huaruo, we'll take our leave first."

Wan Huaruo gave a faint smile, her gaze unintentionally resting on Yang Chen.

When Yang Chen was caught by Wan Huaruo's bewitching gaze, he originally didn't care, but a sound transmission from the charming woman suddenly rang in his mind.

Upon hearing the sound transmission, Yang Chen narrowed his eyes and glanced at Wan Huaruo, who pretended as if she hadn't said anything; she merely continued to smile and see them off.

This made Yang Chen feel even more puzzled, wondering about Wan Huaruo's intentions. However, he was also quite interested in this woman, so he didn't completely ignore her sound transmission, and kept it in mind.

Wind Emperor led Yang Chen and the others to return, keeping his thoughts about the Ancient Dragon Pattern Flag to himself.

Seeing that Yang Chen wasn't willing to talk about it, the Wind Emperor reluctantly gave up, knowing that asking would only make him look foolish.

And so, the group made their way back.

However, on their way back, a cold wind blew towards them. Yang Chen's extraordinary sense of smell detected something strange.

"Trouble, we're being ambushed." King Ming Cheng reacted quickly, immediately sensing the danger after Yang Chen.

At this shout, many of the powerful beings were startled. Instantly, numerous cold winds swept in, and countless ghostly Yin spirits jumped over from all directions.

The power of these ghostly Yin spirits varied. The weakest had already reached the Realmless, while the strongest had successfully reached the Heaven-separated Realm!

Among them, there were also Heaven-separated Realm experts from the Snake people.

If one were to count, there would be more than twenty Heaven-separated Realm beings. Their combat power wasn't far off compared to Yang Chen, Wind Emperor, and King Ming Cheng.

Many people's faces suddenly turned pale at the sight.

Snake Human Clan Tianwei Army and Yin ghost creatures mixed together was a force that no one had anticipated.

Who could have imagined that there would be so many Ghost King experts in the small Nine Dragons World?

When these Ghost Kings appeared, they smiled sinisterly and surrounded everyone.

"Bold bandits, daring to act in our Snake Clan territory. You're courting death!" Mo Dao didn't hesitate and charged forward, showcasing his courage.

However, this only made Yang Chen grow more suspicious. Others might be taken aback by this situation, but Mo Dao was the first to charge fearlessly.

"These Netherworld Ghost Kings are indeed aiming for the things I got. As soon as I came out of the vicinity of the Heavenly Crystal Snake Spirit Tower, so many Ghost King experts emerged. Are they planning to rob me by force?" Yang Chen said coldly.

Chapter 3250 The Trade of Huan Ye Ming Wang (Fantasy Night King of Hell)_1

By now, everyone had finally reacted.

Although they couldn't believe that a group of Ghost King Experts would appear here, the last time's surprise attack had already shown that the Nine Dragons World was extraordinary.

When these powerful ones reacted, they were all furious, "These Netherworld Ghosts dare to cause trouble in our human territories. They are courting death, kill!"

The experts from the Grand Abyss Palace, Heavenly Melody Mountain, and the Snake people joined forces and were not afraid of these Ghost Kings. The battle was intense, but they were not at a disadvantage.

However, at the beginning of the battle, it was true, especially King Ming Cheng, who fought fiercely and demonstrated his strength level.

However, as the battle continued, King Ming Cheng's strength seemed insufficient.

Not only him, but other cultivators also felt the same, as they had consumed a lot inside the Heavenly Crystal Snake Spirit Tower. How much strength did they have left now?

"Not good. These Netherworld Ghosts deliberately lured us into the Heavenly Crystal Snake Spirit Tower in order to consume our strength. Their sneak attack was planned long ago." King Ming Cheng's scalp tingled as he shouted.

Yang Chen watched the group of experts fight and looked around, searching and waiting.

He could feel that someone was secretly watching him, but they never showed themselves.

"Your Excellency, do you want to hide your head and tail forever?" Yang Chen said indifferently.

"Hehe, Yang Chen, you do have a keen sense. I had originally planned to launch another sneak attack on you in secret, but I didn't expect you to already be aware of me. But that's fine, I'll come out now. Besides, I should thank you for helping me obtain that treasure from the Heavenly Crystal Snake Spirit Tower."

A cold laughter fell, followed by the appearance of a huge Ghost King. Looking closely, it was none other than Huan Ye Ming Wang, who had been controlling the Heavenly Eye.

Huan Ye Ming Wang appeared here with a gloomy expression and an extremely powerful aura.

Yang Chen's gaze was sharp, and when he looked at Huan Ye Ming Wang, he suddenly showed a surprised expression.

"King of Hell, Emperor Level?" Yang Chen was quite shocked.

It should be known that Emperor-Rank Ghost Beings were still very rare, especially as one at the Heaven-separated Realm now appeared.

"It seems that the Netherworld is indeed plotting something big in the Nine Dragons World. Unfortunately, since I was able to take away what you couldn't, do you really think you can win against me?" Yang Chen said lightly with his hands behind his back.

"Haha, ridiculous! I just didn't want to fight a life-and-death battle with Wan Huaruo before achieving my goal. That's why I led you to the Heavenly Crystal Snake Spirit Tower. In your current state, having consumed a lot inside the Heavenly Crystal Snake Spirit Tower, do you really think you can beat me?" Huan Ye Ming Wang sneered.

Yang Chen remained calm, "You can try."

Huan Ye Ming Wang laughed wildly and suddenly made a move. With this move, a large amount of Ghost Qi is released, and ghost faces emerge from the Ghost Qi. Under the swirling Black Wind, people feel a chilling atmosphere.

Seeing this, Yang Chen immediately attacked with a Deathly Silent Black Wind.

Deathly Silent Black Wind was the best counter to these Ghostly Yin Spirits.

Yang Chen used multiple layers of Deathly Silent Black Wind to ramp up the attack and instantly collided with Huan Ye Ming Wang.

One, ten, several hundred!

Yang Chen originally planned to launch several hundred Deathly Silent Black Winds in one go, considering the strength of King of Hell. However, unfortunately, he had indeed consumed a lot in the Heavenly Crystal Snake Spirit Tower and was not in his heyday state.

As these several hundred Deathly Silent Black Winds fought against Huan Ye Ming Wang, his pupils shrank, revealing his surprise.

"Hmph, you really have some abilities. This thing actually makes me feel somewhat fearful. It seems to have a great restraining effect on our Netherworld Spirit Bodies." Huan Ye Ming Wang angrily shouted, as the Ghost Qi around his body had already been dissolved by Yang Chen's Deathly Silent Black Wind.

However, Huan Ye Ming Wang also had other means. With a flick of his wrist, a large amount of Law circulated, manifesting his Later Stage Heaven-separated Realm Cultivation Level.

His laws were obviously extraordinary. After a dazzling display of color, Yang Chen's Deathly Silent Black Wind was completely frozen in place.

"Hmm?" Yang Chen was slightly surprised.

His Deathly Silent Black Wind couldn't move?

He instinctively thought it was the Space-Time Law, as only his Space-Time Law had such miraculous effects.

"No, it's another kind of Law, Seal Law?"

Yang Chen secretly took a deep breath. The world is vast, and the Laws of Ten Thousand Things are extremely rare. There are some laws that he has never seen before, and this Seal Law is one of them. Such a rare and special Law was surprisingly controlled by Huan Ye Ming Wang.

Now, Huan Ye Ming Wang controls the Seal Law and directly seals the layers of Yang Chen's Deathly Silent Black Wind.

"Hmph, Yang Chen, did you really think you could beat me?" Huan Ye Ming Wang was full of confidence.

Yang Chen did not respond but waved his hand and directly controlled the Nine Heavens Wind and Thunder Sword to fly towards Huan Ye Ming Wang from behind.

With a fleeting speed, Yang Chen's Nine Heavens Wind and Thunder Sword targeted this opportunity.

Huan Ye Ming Wang naturally noticed this and tried to control the Seal Law to seal Yang Chen's Nine Heavens Wind and Thunder Sword in the same way.

However, Yang Chen wouldn't give him the chance. In that instant of sealing, he directly used the Space-Time Law to suppress it.

In this instant of suppression, Huan Ye Ming Wang obviously didn't expect it, and his whole body was frozen in place.

It was just a blink of an eye.

Huan Ye Ming Wang suddenly used some secret technique to escape from Yang Chen's Time-Space Suppression.

He had no time to seal Yang Chen's Nine Heavens Wind and Thunder Sword, so he only shook his body violently, creating wild winds that forcefully repelled Yang Chen's Nine Heavens Wind and Thunder Sword, and then he retreated several steps with a flash of his body.

Yang Chen looked at Huan Ye Ming Wang and could not deny that Huan Ye Ming Wang indeed had some skills. If it were someone else just now, they would have already died.

It seemed that to deal with him, Yang Chen had to use his true ability. However, he had consumed a lot of his Laws now and could not use the Way of Ten Thousand Laws.

He couldn't use his full strength, but Huan Ye Ming Wang was also not calm in his heart.

He quietly narrowed his eyes and glanced down below.

Fighting like this would indeed leave both sides wounded, which would not result in any benefits for him. His goal for today was simply to obtain the treasure.

However, Yang Chen's strength was really formidable. It was not easy to try to defeat him within the time that his companions were buying.

"Yang Chen, I really underestimated you. Very well, your strength is even stronger than I imagined. You can still force me into a tight spot in this state." Huan Ye Ming Wang sneered.

Yang Chen stood with his hands behind his back, calmly saying, "Huan Ye Ming Wang, whatever means you have, just use them."

Huan Ye Ming Wang replied lazily, "Yang Chen, I don't want to fight and kill. Fighting like this, you can't do anything to me, and I can't do anything to you. It's meaningless. How about we make a deal instead?"
